75 CENTS

## BBQ for Munday

Jason and Vera Beauchamp are shown preparing brisket for Monday's meeting of the Munday CISD. Beauchamp's is offering barbecue at a temporary location now, but will move downtown in October.

## 3 Knox County 4-H'ers qualify for Chute Out

DALLAS--Three Knox County 4-H'ers have earned a ticket to the State Fair of Texas here to participate in the 4 X 4 Chute Out sponsored by Anderson Bean. This event is a competition between the top 10 qualifiers from Texas, Louisiana, Arkansas and Oklahoma in barrel racing and pole bending, as well as two roping events. To qualify you must have placed in the top 10 places in each event of the State 4-H Horse Show held in each of the four states.

Qualifying from Knox County to represent Texas are sisters Kathryn and Bryanne Cude, daughters of Brand and Nancy Cude, as well as Callie Cude, daughter of Shawn and Keila Cude.

Knox County is very honored to have these three contestants qualify in this prestigious event. Good luck to each one.

## Dressing up downtown

Volunteers were busy painting windows at stores in preparation for 2014 Munday Homecoming

## Predictions of wet September correct

It appears the predictions of a wetter September have been correct as evident from all the recent rain and this rainbow from Saturday taken from near the St. Joseph's Church in Rhineland. Summer ended last Sunday and cooler temperatures are also on their way.

## Lions Club remains great asset to Munday

By SANDY KING

MUNDAY--Munday Homecoming would not be complete without the Munday Lions Club Fish Fry. Once again, the Lions Club will be frying up plenty of catfish on Friday at the Munday High School Gymnasium.

This event helps to fund several of their community projects throughout the year, which includes maintaining the down town park area, awarding two scholarships each year at MHS graduation, providing transportation and financial aid to the Texas Lions Camp at Kerrville for children with physical disabilities or Type I diabetes to attend summer camp and donating to other charitable organizations such as the Food Pantry, etc. Also, the community looks forward to their annual Pancake Supper and Broom Sale, which benefits the Caravan Sales for the Blind to help them help themselves.

The local Lions Club also works closely with the school system to provide eye glasses for any student unable to get them. Several years ago, a business manager here in Munday joined the club because he was thankful for the eye glasses he had received from the Munday Lions Club while in elementary school. This club is a member of Texas Lions District 2E-1 and because of that the club is able to provide the services of Leader Dogs for the Blind, Texas Lions Eyeglass Recycling Center and SightFirst, an aggressive global blindness prevention initiative.

The Munday Lions Club was char-

tered on March 30, 1953 and consisted of 30 members, which included Lamaine Blacklock, Winston Blacklock, R.L. Brown, Fred Broach, Jr. Don Combs, I.V. Cook, J.A. Choucair, W.C. Cox, Doris Dickerson, Bruce Edwards, J.D. Gillespie, E.L. Goolsby, J.D. Harpham, J.K. Jackson, H.J. Jungman, Elbert E. King, J.B. King, Troy Lindsey, E.B. Littlefield, Bill Morris, E.O. McClellen, W.C. Nance, G.C. Osborne, Huron A. Polnac, H. Doyle Ragle, Claud Rogers, Jr., J.B. Scott, H.E. Sharp, W.E. Vinson and Kamel Waheed. These gentlemen were business owners, farmers, farm related business owners, ministers, and other citizens with an interest in the success of this town. Because of their dedication and the desire of these individuals to support

## Republican candidates get checks from party

KNOX CITY--Jane Cansino, a member of the State Republican Party, passed out checks to the party's candidates who have opponents in the Nov. 4 general election in a rally here Saturday morning in the Bill Baker Auditorium at Knox City Elementary School

Included were: County Judge: Travis Floyd; Commissioner, Pct 1: Dan Godsey;

Commissioner, Pct 4: Nathan Urbanczyk; and County/District Clerk: Lisa Cypert. Augustine Rodriguez has no opposition as Justice of the Peace.

Skeet Workman of Lubbock spoke on "Why I am a Republican" and Charles Perry, the new state senator from District 28, attended.

## Knox Notes

Events are listed free of charge as a service by this newspaper for nonprofit groups, civic organizations, churches, schools and select community events. Listings should be submitted at least two weeks in advance and will run as often as possible through the date of the event. News staff does not guarantee placement of events. Emailed submissions are preferred to kcnewscourier@gmail.com.

### Purple Cloud Band fundraiser Saturday

MUNDAY--The Purple Cloud Band will be having a BBQ Brisket fundraiser meal from 11:30 a.m.-1:30 p.m. on Saturday. Brisket, sausage, beans, potato salad and all the trimmings will be served. All plates will be \$10. Dine-in plates will be served in the high school gym and take-out plates may be picked up in the high school cafeteria.

### Taste of Country scheduled Oct. 14

HASKELL--The Noah Project North will present Taste of Country from 5-7 p.m. on Tuesday, Oct. 14 at the Haskell Civic Center. Tickets are \$12.50 and on sale until Oct. 3. A limited number of tickets will be available at the door for \$15.

### Cemetery donations

MUNDAY--Shirley Smith is seeking donations to help with maintenance at the Johnson Memorial Cemetery. Send to her at PO Box 475, Munday, TX 76371.

## Knight of the Year

Bill Myers of Rhineland received the Centennial Knight of the Year Award at celebration for Knights of Columbus at St. Joseph's Church

## History of Goree School

By Joyce Greenwood

As settlers moved west from east Texas and points north toward the fertile lands of what was to become Knox County, many of them settled northwest of the present town of Goree. Named Goree for one of the prominent settlers of that era, small trading posts and houses soon dotted the landscape. School trustees were appointed for the district lying south of the Brazos River in 1888, and two wagons were sent to Albany to bring back lumber to erect a small, one room school building.

When the railroad came through Knox County, old Goree was too far away to facilitate trade, so in 1906, the town, along with the school building, was moved to the present site and renamed New Goree.

The class of 1911 was the first graduating class, shortly before the erection of a two story building. Before the completion of the new building, classes were held in a large tent. In 1912, the two story structure was complete and classes were extended from Grades 1-9 to Grades 1-11. The old two story building served Goree students until 1929 when a two story brick structure was built. Hefner School, to the north of Goree, housed Grades 1-9, transferring Grades 10 and 11 to Goree High School. 1929 was also the first year that students

graduated in caps and gowns.

In 1957, the top floor of the existing building was removed and a new Elementary wing and a cafeteria were added. Until the turn of the century, Goree was a thriving educational facility, excelling in athletic and academic competitions year after year. It is that Goree School that visiting alumni remember. As the economy waned and people moved away, there were fewer and fewer students until, in 2002, the last graduating class received diplomas, the Goree school song was sung for the last time and Goree School was no more. In 2003, Goree consolidated with Munday ISD, but the people's fears that they would be stored in their beloved building were not realized when Munday moved Junior High to Goree. In 2006, Munday closed the Junior High in Goree but retained possession of the gymnasium. Class rooms have been converted to guest rooms for visiting alumni and for special gatherings.

Goree exes will return to Goree Oct. 3-4 for their 18th three-year homecoming. Old friends will become reacquainted, some of the same childhood pranks will be related and---even though the sign proclaims that this is now Mogul country---the Wildcats will always be alive and well in the hearts of the former Goree students.

## Weather Whys

**Q:** Sometimes you hear the weatherman refer to the "jet stream." What exactly is it?

**A:** The jet stream is one of the most influential forces of weather known, says Brent McRoberts of Texas A&M University. "The jet stream is a river of air that flows high above the earth, usually between 20,000 to 40,000 feet, and its true extent was not discovered until World War II when pilots

made frequent trips across the vast Pacific Ocean. The core of the jet stream is a fast-moving wind current that blows west to east in the Northern Hemisphere around the Earth and it can range from speeds of 90 to more than 250 miles per hour," says McRoberts. Winds in the jet stream are stronger during the winter months because that's when the temperature contrasts between the Equator and the North Pole are greater -- the greater the surface temperature, the bigger the contrast."

**Q:** How does the jet stream affect the weather where I live?

**A:** The strength of the jet stream enables it to push weather systems from one area to another, thereby greatly affecting the weath-

er where you live, making some places stormy and giving others extended periods of fair weather, McRoberts adds. Because the jet stream winds are greatly affected by mountains and oceans, their movement is not always a uniform west to east direction. "They often contain arcs or dips, creating what meteorologists call troughs and ridges. Since the jet stream usually separates warmer air to its south, extended spells of warm or cold weather can be caused by jet stream patterns, too. There is still a lot of research being done on the jet stream, but we do know that it may stretch for thousands of miles around the world, but it is only a few hundred miles wide and usually no more than a few miles thick."

## Op-Ed Securing Texas landowners' private property rights

By Leslie Kinsel, TSCRA Legislative and Tax Committee chair, with Laramie Adams, TSCRA director of public affairs

Since the Texas and Southwestern Cattle Raisers Association (TSCRA) was established in 1877, one of the association's top priorities has been to represent landowners by working to preserve and protect private property rights. This goal remains vital today as we monitor issues that could adversely affect the important rights held by ranchers and agricultural producers as stewards of our nation's land.

TSCRA has recently been monitoring a new rule proposed by the Railroad Commission of Texas, in the wake of the 2013 Denbury case. This new rule attempts to clarify how oil and gas pipeline companies can obtain "common carrier" status when applying for a permit to operate a new pipeline.

Essentially, a pipeline operator transporting oil (or certain other products) "to or for the public" is a common carrier, and is thereby granted the right and power of eminent domain. This critical power carries with it the authority to seize private land for the pipeline right-of-way.

Currently, pipeline companies seeking the eminent domain rights of a common carrier merely register with the Railroad Commission by checking a few boxes on a T-4 permit application. Under the new proposed rule, pipeline companies would be required to submit documentation supporting their claim to be a common carrier, and the commission would have 45 days to review applications.

While the proposal may sound like a step in the right direction, TSCRA doesn't believe it addresses many of the key issues landowners face when pipeline companies decide to lay pipe across private land. In fact, the new rule only adds paperwork to the current common carrier registration process.

TSCRA submitted comments to the Railroad Commission regarding the rule proposal. TSCRA stated that the revised T-4 application should include an acknowledgment from the applicant pipeline that they understand and agree the permit to operate a pipeline does not give a company the authority to utilize the power of eminent domain to acquire private property for its pipeline.

In other words, the Railroad Commission, in granting a permit, would not make a determination whether the pipeline is or is not in fact a common carrier. That question is far too important for a routine application review. Landowners need to retain their crucial right to contest in a court whether or not a planned pipeline is truly for a public use.

However, the right to make a court challenge is only meaningful if the landowner has timely notice of a pipeline project. TSCRA's comments stressed that pipeline companies seeking a T-4 permit should be required to give potentially affected landowners actual notice by first class mail within 10 days of the application. The notice should describe exactly how the pipeline could affect the landowner's property. Additionally, the commission should adopt objective routing standards, similar to those used by power lines.

Lastly, it should be clear that an individual T-4 permit can apply to only one distinct pipeline or gathering system. If a company receives common carrier status for one pipeline project, it does not automatically give them the power of eminent domain for another project.

It is TSCRA's hope that the Railroad Commission of Texas will seriously consider our comments before adopting the new rule proposal. Ranchers and agricultural producers have always been stewards of the land as they work to provide an affordable, safe and abundant supply of food worldwide. We must make certain their private property rights are respected so they can continue doing what they do best. TSCRA will continue monitoring the Railroad Commission's rule proposal and strive to keep our members informed.

Leslie Kinsel and her husband Dan operate ranches in south and central Texas and are active members of the Texas and Southwestern Cattle Raisers Association. Leslie has served as the chair of the TSCRA Legislative and Tax Committee since 2013, and she previously served as the vice chair of the committee for four years.

## Benjamin News

Gladene Green

There's not much happening around here today—at least that I'm aware of. Biggest topic of conversation is the cooler weather and the nice showers we had last week. And those of us who are former "Munday-ites" are busily preparing for Homecoming 2014. Lots of folks will return to Mogul Land for the all school reunion, the class parties, and lots of visiting. The registration begins Friday, and I'll be there. I hope to see you there, too.

Still encouraging news on Mike Young and his sister, Deanne Lamb. He is still feeling fair—some days better than others. And she's doing ok—still having therapy daily and is hoping to be able to return home sooner than first thought. Of course, she's ready but knows she needs to stay as long as they (doctors) feel is necessary.

Betty Bohannon is having a few health problems. The doctor has not diagnosed her problem specifically, but she doesn't feel well at all plus she's bothered by allergies, and that aggravates the problem even more. She's on some medication, so maybe that will help her.

Josh Brumley fell while playing Sunday and cut his arms on some broken glass on the ground. When I talked to his grandmother, Betty Bohannon, he was at the emergency room, and she was quite sure he would have to have stitches. Josh is about 10 years old.

### Here 'N There

Michele and Jimmy Barrientez are making progress toward getting their new home moved in. As of Sunday, half of it was here, and I suppose that if it doesn't rain, the other half will be here shortly. They are putting it east of the school and south of her mom's (Janet Reed) house. Shouldn't take long to get it ready for occupancy once it is in and anchored down. They have their home on the cemetery road for sale.

The ball games between Benjamin and Paint Creek Thursday night were postponed due to the rain. Junior high and high school were both scheduled to

play. This week's games are with Patton Springs here Thursday. Junior High plays at 5:30, and High School at 7. I congratulate Knox City on their win over Jayton Friday night and mourn with Munday over their heartbreaking loss to Quannah. We'll see how they do Saturday night against the Memphis Cyclones.

Benjamin High also has a volleyball team, and this week's games include Hawley there Tuesday at 6 pm and with Moran here Saturday at 10 am. Support our athletes every chance you get. It's wonderful to have these teams playing once again.

Pam Duke and Carol Dickson were in Ft. Worth during the weekend to attend a quilt show. Pam and Carol own the local Front Porch Quilts store here in Benjamin.

I just talked to Mary Young, and she was telling me she had received word of the death of her cousin, Tim Ward. Tim lived in Colorado Springs, Colorado and passed away in a Denver hospital Sunday night. He had been diagnosed with leukemia sometime back. He leaves his wife and three children and lots of other relatives and friends. Funeral services are pending at this time.

The Historical Commission will have the Adolph Bayers Showcase on Saturday, October 18, 2014, at the local museum. Adolph lived at Gilliland and was well known for his handmade bits and spurs, as well as other things. His daughter, Frances, will be there and will speak at 10 am and 2 pm. The Showcase will begin at 10 am and last until 6 pm. Refreshments will be served at the museum and a barbecue meal will be served at the Ex-Students Building at noon. It should be an interesting event, and everyone is invited to come and enjoy.

We have new residents in town. They are Trace and Amanda Novak and their little girl, Hayden. They live in the house where the Woolleys lived, which is owned by the Spike Box Ranch. Trace is employed by Spike Box. We welcome them to Benjamin and hope they enjoy living here.

## The 501

# Dying to Look Fatter

Infamous Procrustes insisted everybody had to fit his iron bed. If you were too tall, you got chopped off. If you were too short, you got stretched. Ouch either way.

He gave us the adjective "Procrustean," meaning "enforcing uniformity or conformity without regard to natural variation or individuality: a fixed Procrustean rule."

Leaping from Greek mythology to reality, consider computer graphics. Procrustes could have cropped, chopped, stretched and otherwise changed images of his enemies (I don't think he had any friends) with just mouse clicks and cursor drags. Nobody would have gotten hurt -- at least not physically.

Given his sadistic nature, it's for sure he would have made everyone look worse.

Sometimes I think Procrustes reincarnated has been handling certain obituaries -- not for this newspaper but for one that shall remain unnamed. His approach:

If the picture doesn't fit the space, no problem. Just stretch it.

Unfortunately, the deceased usually gets stretched sideways. In a country where obesity prevails, most of us, me included, don't need to be horizontally stretched for what's likely to be our last picture in the paper.

Do those who craft such obituaries, putting pictures with texts, really have a sadistic streak? Probably not. They must be slapping images carelessly into fixed templates and letting their design programs play Procrustes. Shame on them.

But maybe I'm being too hard on Procrustes. To his credit, he stretched

people lengthwise (my preference) but never compressed them if they were too tall for his rigid iron bed. He just did some chopping.

Are you wondering what Procrustes did if someone came along who fit the bed? It never happened. He had two beds, different in length. He made sure to match each victim to the bed that didn't fit.

So, you get the picture. Whatever you looked like when you came his way, you didn't look like afterward. Eventually, as with all good myths, Procrustes got his comeuppance. Theseus came along and, whack, fit Procrustes to a bed. Justice. I'm not sure what this means for anyone who distorts an obituary picture, but I like to think it means something.

Incidentally, it's not just human beings who get their images deformed via computer graphics. So do some animals -- notably livestock advertised for sale. A serious cattleman told me he can't tell if an animal is worth buying when the image in question has been manipulated. I'm guessing bodies get shorter and legs get longer or maybe the opposite, depending on what's in vogue carcass-wise.

Or maybe the animals get reshaped by accident when someone simply does not know how to guard the proportions of the original images -- someone like the obit picture mangler.

Either way, when an image that's supposed to represent reality gets deformed, truth takes a hit. We should wince, particularly when it happens in an obituary.

Thoughts to ponder:

Frames and spaces should fit pictures, not vice-versa. Beware tyrannical templates and other such Procrustean devices.

Beware columns that are always exactly 501 words and dashes.

## Now Here's a Tip

By JoAnn Derson

• Use club soda on a damp rag to wipe down your stainless-steel sink. It will help bring back the shine.

• "My mother swears by wrapping her feet in a vinegar-soaked rag once a week to soften calluses. She does this before her bath, and uses a pumice stone to rid her heels of hardened spots on the skin. It seems to work for her, so I thought I would pass it on!" -- C.D. in Colorado

• "Peppermint is a wonderful cure for indigestion. To make a

quick peppermint tea, use a rolling pin to smash three to four peppermint candies. Add them to a glass of water and microwave for a minute and a half. Stir to melt the candies completely, and drink slowly." -- G.L. in California

• "With schools back in session again, I would like to encourage dads to come and visit their child's classroom. We have lots of volunteers, but never as many as we need. We love for dads to be involved. I have been a teacher for many years, and although fathers have become much more involved than they used

to be, we still need their presence in the classroom." --- T.L. in Illinois

• "Save on children's clothes by buying after-season. Summer and winter clothes can be purchased a size or two ahead for next to nothing." -- M.M. in Idaho

• For a little extra visibility in the basement, try applying glow-in-the-dark or reflective tape on the edges of the stairs.

## To Your Good Health

By Keith Roach, M.D.

Diet Can Cut Risk of Prostate Cancer

DEAR DR. ROACH: Do you believe that lycopene, which is found in certain foods such as cooked tomatoes, can help prevent prostate cancer? -- C.R.O.

ANSWER: Lycopene, a vitamin A-like substance found in tomatoes and watermelons, was indeed thought to help prevent prostate cancer. Unfortunately, further studies failed to support this. What has been shown more substantially is that a diet of fresh fruits and vegetables helps reduce risk for and even helps treat prostate (and other) cancer. So it may be that lycopene by itself isn't enough, but that all the different healthy substances found in fruits and vegetables are. This diet certainly reduces risk of heart disease as well.

The booklet on the prostate gland discusses enlargement and cancer. Readers can obtain a copy by writing: Dr. Roach -- No. 1001, Box 536475, Orlando, FL 32853-6475. Enclose a check or money order (no cash) for \$4.75

U.S./\$6 Can. with the recipient's printed name and address. Please allow four weeks for delivery.

DEAR DR. ROACH:

About four years ago I bought a vibration machine. I'm a 64-year-old female with major back issues, but I can exercise on the vibration machine with no problems. In fact, when I went in for my last bone density check, my bone density had increased over 14 percent! My doctor said it was unbelievable.

I understand that many retirement homes may have this machine. My ultimate wish would be that hotels would all put one in their exercise room! Ten minutes on the machine equals 4 miles of jogging. -- L.J.

ANSWER: Vibration machines have been around for years, but the data supporting them is patchy. Some studies have found that they do not improve osteoporosis; others show a slight improvement. Many studies have shown an improvement in low back pain and in strength. The machines are generally safe, but they can cause injuries, especially in the elderly.

Although vibration machines can improve fitness, I don't believe that 10 minutes on an exercise machine gives you all the benefits of 4 miles of jogging. Bone density levels show a lot of variation, so a single large increase doesn't always mean a sustained gain.

I think it's too early

to recommend vibration therapy as a standard treatment for osteoporosis. It may have a role for people who are unable to do other kinds of exercises.

DEAR DR. ROACH: I have a white patch called vitiligo. My doctor is giving me Protopic, but I do not see much improvement. Can you advise me? I am afraid of this advancing. -- G.L.

ANSWER: Vitiligo is a loss of color in the skin. It can affect people of any skin color, and likely is due to the body's destroying its own cells -- in this case, the cells that make the pigment for the skin.

Vitiligo often progresses slowly. Tacrolimus (Protopic) is effective in about 90 percent of people treated for two months, according to one study. Steroid creams and ultraviolet light also are used. It may be worthwhile to look for other autoimmune diseases, such as thyroid disease.

Dr. Roach regrets that he is unable to answer individual letters, but will incorporate them in the column whenever possible. Readers may email questions to ToYourGoodHealth@med.cornell.edu. To view and order health pamphlets, visit www.rbmamall.com, or write to P.O. Box 536475, Orlando, FL 32853-6475.

# New players step up again as Greyhounds romp, 56-16

By James McAfee

The Knox County News-Courier

JAYTON—New players stepped up and made plays again when they had to as the Knox City Greyhounds improved their record to 3-1, pulling away to a 56-16 victory over Jayton here Friday night.

“Opponents can’t just focus on one player because every one of them is capable of making a big play,” said Coach Charles Steele. “That is the reason we have been so successful.

“Offensively, we manhandled the line of scrimmage with Zach Rodriguez, Ryan Heard, Krys Campos, Sheldon Baty and Freddy Martinez. These guys did a tremendous job blocking in the running game that produced two 100-plus yard rushers. When your running game is working, then you can throw the ball when you want. That is why we were able to throw four touchdown passes.”

Christian Abila gained 108 yards on 11 carries, scoring two touchdowns, and Elias Nevarez ran for 103 yards on 17 carries, adding one touchdown. Anthony Estrada completed 6 of 9 passes for 160 yards, throwing two TD passes to Sheldon Baty, who also caught another touchdown pass from Krys Campos. Baty finished with 96 yards on four catches. Heard caught three for 80 yards and a six-pointer.

“Defensively, we started off slow and let them score a couple times early,” Steele added. “Then we finally settled in and played better. We had the bend but don’t break mentality and made the plays in the

red zone.”

Sam Schnable led the Greyhounds’ defensive effort with 14 solo tackles.

The two touchdowns mentioned by Steele allowed the Jaybirds to grab the lead, 16-14, early in the second quarter. The difference was a missed PAT kick by Rodriguez, who finished the night with 4 of 8. The Greyhounds scored first on a 24-yard Estrada-to-Baty pass and again on a 15-yard Nevarez-to-Heard pass.

The Greyhounds then ran off 20 unanswered points, scoring on a one-yard run by Nevarez and a 42-yard run by Abila. Then just like in the last two games, Baty took a 13-yard scoring pass from Estrada in the final seconds of the half.

The Knox City defense held Jayton scoreless in the second half while Baty caught a 28-yard pass from Campos, Estrada returned a fumble 39 yards and

Abila found the end zone from five yards out to round out the scoring.

The Greyhounds will play host to the Northside Indians before a homecoming crowd Friday night. As part of the homecoming activities, Knox City High School will recognize its Football Sweetheart, Football Hero, Band Sweetheart and Band Beau.

The Knox City junior varsity suffered a 41-26 setback at the hands of the Paint Creek varsity last Thursday. Offensive standouts were Jaylon Roberson and Brady Hawkins. Defensive standouts were Abel Sandoval and Zack Overmyer. O’Brien Junior High lost to Jayton, 40-2.

# Knox City High names class favorites, officers

For the News-Courier

KNOX CITY—Knox City High School has named its class officers and favorite boys and girls for the 2014-2015 school year.

Adian Silva and Leighton Pepper were selected as the senior class favorites. Officers include: Silva, president; Andrea Lynn, vice president; Pepper, secretary; Kinslee Cox, treasurer; and Zach Rodriguez, reporter.

For the juniors, Justin Thomas and Sadie were the class favorites. Sheldon Baty was selected president, joining him will be Ryan

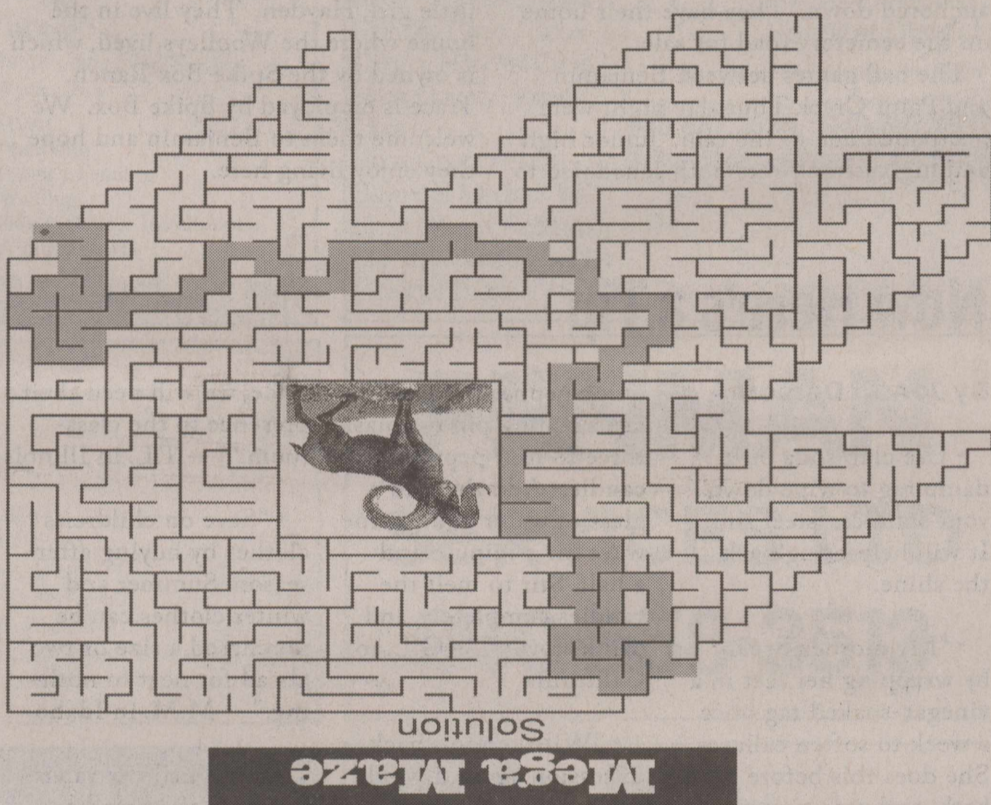

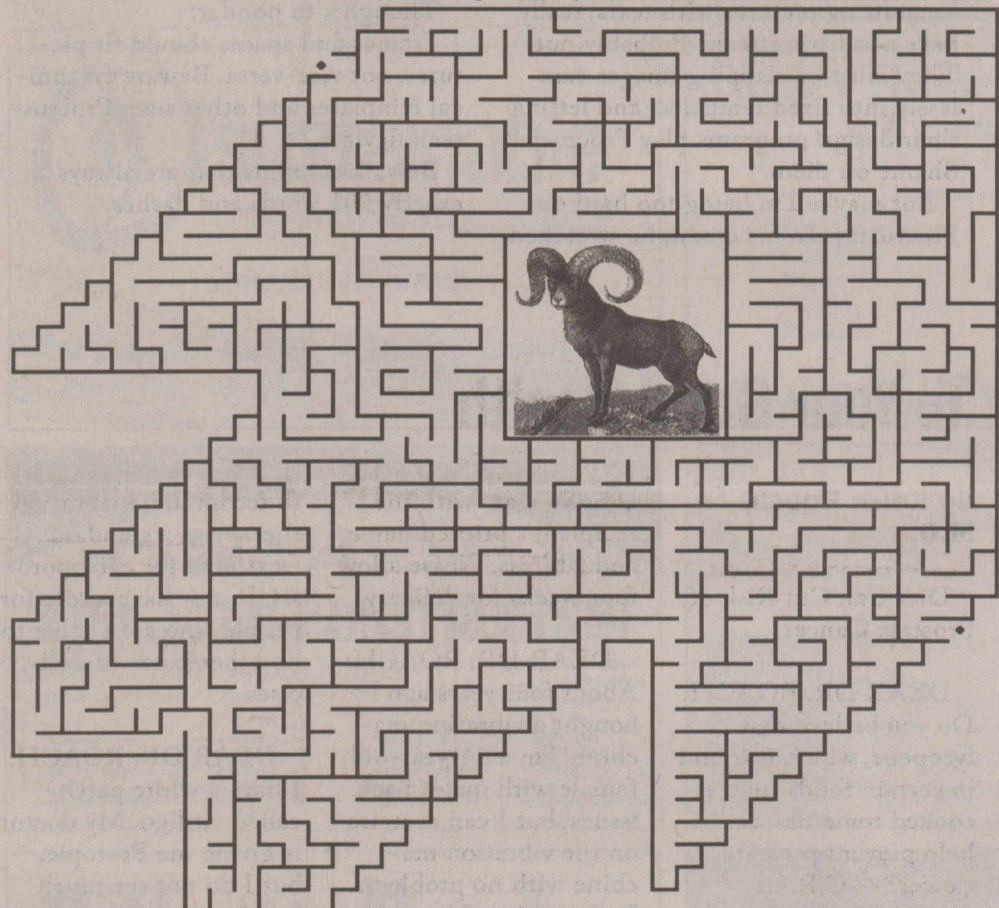

Heard, vice president; Donovan Stallings, secretary; Kylie DeVille, treasurer; and Cayce Camp, reporter.

Angel Rodriguez and Kassie Moya were the choices as sophomore class favorites. Named as officers were: Hailee Cox, president; Amy Harrington, vice president; Kenlee Lambert, secretary; Tyler Harvey, treasurer; and Kate Baker, reporter.

For the freshmen, Jordan Ruiz and Brooke Jones were named class favorites. Officers will be Carson Lewis, president; Jones, vice president; Kallyn Martin, secretary; Clayton Richardson, treasurer; and Rebecca Rodriguez, reporter.

# Homecoming Queen Candidates

One of these girls will be crowned 2014 Homecoming Queen Saturday night during halftime of Munday vs. Memphis game.

Photo by Janet Dillard

Special to the News-Courier

MUNDAY—The 2014 Homecoming Queen will be crowned during halftime of Saturday's football game between Munday and Memphis.

Representing the freshman class is Miss Kristen Kuehler, the 15-year-old daughter of Bryan and Konnie Kuehler of Rhineland. Since starting high school just a few short weeks ago, Kristen has been involved in varsity volleyball and is a member of the Purple Cloud Marching Band. Kristen is also a member of the Future Farmers of America and the Knox County Chapter of 4-H. Kristen was elected reporter of her freshmen class and was also voted class favorite. Kristen's community involvement includes being a member of the competitive dance team and a volunteer for Keep Munday Beautiful. Kristen is an active youth member of St. Joseph's Catholic Church, and competes in major livestock shows. Her hobbies include dance, stock shows, and hanging out with family and friends.

The sophomore nominee is Miss Bergen Waters, the 15-year-old daughter of Shannon and Heather Waters of Munday. While in high school, Bergen has been a member of the cross country team, played basketball, and competed in girls golf. She has also been a student athletic trainer for the past two years. Bergen has been an active member of the FFA program where she has competed in various competitions. Bergen's community activities include being an active youth member of the Believer's Chapel Church and helping with Keep Munday Beautiful. Bergen is also active in the competitive dance team. Bergen's hobbies include dancing and spending time with family and friends.

Miss Taylor Thompson is the 16-year-old

daughter of Trey and Ronda Thompson of Munday, and she represents the junior class as its homecoming queen nominee. Taylor has been active while attending Munday High School. Her activities include running cross country, playing basketball, and golf. Taylor was a cheerleader her freshmen year, and qualified for regional in golf her sophomore year. As a sophomore, Taylor was inducted into the National Honor Society. Her community involvement includes being an active member of the Believer's Chapel youth group and a dancer for the competitive dance team. She has been involved in CLIC, Community Life Involvement Council, for the past two years as well. Golf and spending time with family and friends is what Taylor enjoys for hobbies.

The senior class is represented by Miss Raci Dillard, the 17-year-old daughter of Robert and Janet Dillard of Rhineland. While in high school, Raci has lettered in volleyball, cross country, basketball, golf, and track. She has received all-district honors in volleyball and basketball and has advanced to the state meet in track. As a junior, she was named to the all-state volleyball team. Raci is a three year member of the National Honor Society, four year member of Student Council, and a four year member of the Purple Cloud Band. She has also competed in UIL Academics while at MHS, earning a bronze medal at the state academic meet as a junior. She has been a cheerleader for three years and a student athletic trainer for one year. Raci has been an officer for her class each year and was voted class favorite as well. Raci is an active member of St. Joseph's Catholic Church youth group, CLIC, and volunteers as a religious education helper. If Raci has free time, she can be found relaxing with family and friends, sleeping, or watching television.

# Moguls' Got Talent program set for 1:30

Special to the News-Courier

MUNDAY—As part of the 2014 Munday Homecoming, the Moguls' Got Talent program is scheduled at 1:30 p.m. at Munday High School.

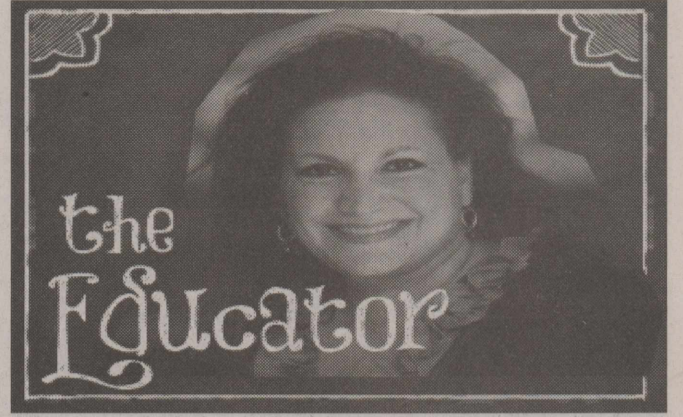

Program chairs Karen Longan, Kacy Longan Latham and Kandis Longan Stephenson report that they are honored to have Mona Choucair, professor at Baylor University in Waco, and Salwa Choucair Lankford, a freelance writer and editor from San Antonio, to deliver the keynote address.

The Master of Ceremonies will be Lane Murphy, news editor of the Baylor Magazine in Waco.

"Our homecoming committee is very proud that three of Munday High's most revered alumni have agreed to bring the program," Karen Longan said.

Exes will also be treated to a variety of talent acts from ex-students and their families. Included will be Stan Decker, Cody Edington and Sammy Alcalá. The Movement Space dance students will also perform along with a band that reunites Kevin Smith, Craig Paylor and Junior Andrade.

Rian Dillard and Jose Gonzalez, from the Class

MONA CHOUCAIR

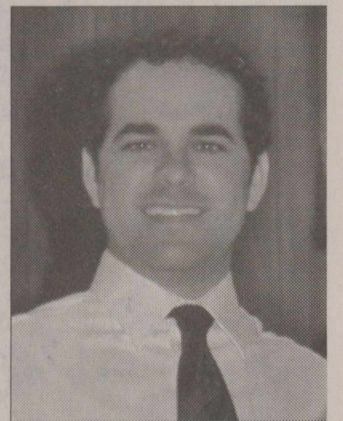

SALWA CHOUCAIR LANKFORD

of 2011, will present the parade awards and the Coming Home Queen candidates.

Working back stage will be MHS crew consisting of Katelyn Brown, Elizabeth Gulley, Mariela Kuehler and Kandance Lowrance.

"The program will offer a great time of fun, fellowship and entertainment," added Karen Longan. "Make plans to be there."

LANE MURPHY

# State football title headlines news from past four years

By James McAfee  
The Knox County News-Courier

MUNDAY--What's been happening in our home town since the last reunion? Well, the biggest cause for celebration, of course, was the Munday Moguls winning their third state football championship, scoring a 42-14 victory over the Tenaha Tigers at the Cowboys Stadium in Arlington back in December, 2012 to claim the Class 1A, Division II title.

Chris Blackburn, publisher of Blackburn Media Group, wrote that if history is the ultimate judge, the 2012 Munday Moguls will be considered one of the greatest 1A teams in Texas High School Football history.

A look at the road to the title game offers evidence as Munday romped to impressive wins, beating Windthorst, 68-7; Stamford, the eventual Class 1A Division I champs, 34-27; Albany, 55-28; Bronte, 48-0; Holliday, 49-7; Perrin-Whitt, 62-6; Petrolia, 67-0; Muenster, 45-10; Era, 82-0; Electra, 73-0; Wink, 63-34; Hamlin, 66-13; Albany, 55-13; and Wellington, 48-6.

Dee Paul led the way offensively, rushing for 263 yards with three touchdowns of over 50 yards, while L.J. Collier led the defensive effort, returning an interception that gave Munday a two-touchdown lead, 28-14.

Munday offensive lineman Logan Graves summed up the feelings of his teammates, remembering how as seventh graders they saw Munday win a state title. "It means everything to us," he said. "That's what we've been looking for our whole high school career, working for it every year. Just finally getting that gold around your neck, it's a great feeling."

It was sweep revenge for the Moguls as a year earlier they came out on the short end of a 52-28 score against the same Tigers in the state finals. The difference? Coach Patrick Corcoran noted the Moguls didn't make them earn points in 2011, but did in 2012, especially holding them scoreless in the second half after a 14-14 halftime score.

Corcoran indicated he was proud of the Munday defense in the second half, giving credit to Coach Ronny Lowrance's game planning.

Just five games into the 2013 season came the heartbreaking news that Lowrance, 45, had suffered a heart attack and died, leaving behind an insurmountable legacy as an educator, coach, mentor, colleague and friend.

Robert Dillard, Munday CISD superintendent, said: "The students' love for him was outstanding and he was living his dream by coaching in his hometown."

Lowrance was a member of the 1984 Munday team that won the state title with a 13-0 win over Union Hill and on the coaching staff during another 15-0 run to a state title in 2007 by beating Bremond, 28-6.

After a 1-4 start in 2013, the Munday football team rebounded to advance to the playoffs before being eliminated in the area round, 28-21, in double overtime by the Iraan Braves.

The Mogulettes volleyball team of Coach Kim Kuehler enjoyed a successful four seasons, too. They were unbeaten champions in district all four years, advancing to the regional quarterfinals in 2010, the regional tournament in 2011 before losing to eventual state champion Water Valley and to the area round the last two years. Current senior Raci Dillard earned all-state honors in 2013.

Among the other things that happened, based on a look thru the older News-Courier papers dating to November 2012 and the memories of longtime residents include:

The Pack Rat store, which offered everything under the sun, was sold to Molly and Chris Moore.

Beauchamp's BBQ opened a roadside place with plans to move downtown in October.

The Munday Courier closed its doors and then was combined with the old Knox City News to become the Knox County News-Courier.

The Little Red Hen Bakery & Cafe closed its doors.

Osborne's shut down its store, but Todd Meers, the manager, re-opened as Meers Mercantile. He's in the process of re-modeling now.

Casablanca moved to its downtown location.

The first Community Thanksgiving meal started in 2010, hosted by the First Methodist Church with other churches providing helping hands, and will continue later this year for the fourth year, feeding more than 500.

Wayne Speer became the minister at the Munday Church of Christ.

The PowerPak 4 Kids Backpack Program started, distributing sacks of food to children who might otherwise go hungry on the weekend.

## Homecoming Schedule

### Friday, Sept. 26

- 4 p.m.—Munday Mogulettes vs. Woodson, Goree Gym
- 5-7 p.m.—Early registration, Munday High School
- 5-7 p.m.—Fish fry hosted by Munday Lions Club
- 8 p.m.—Pep rally, Phillip McAfee Track
- 9 p.m.—12—Street party, downtown park

### Saturday, Sept. 27

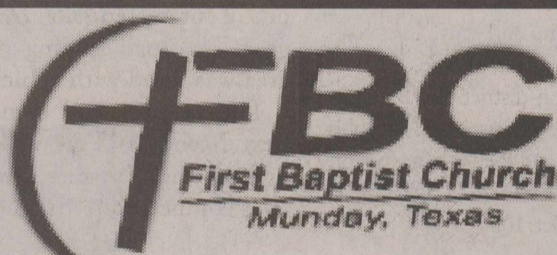

- 7:30 a.m.—5K run, Charles Baker Memorial Park
- 8 a.m.—noon—Registration continues, Munday High School
- 8-30-10 a.m.—Coffee and light breakfast, Munday High School
- 9 a.m.-1 p.m.—Memorabilia, Munday High School
- 10:30 a.m.—Parade downtown

# Munday dominates Quanah, but falls short on scoreboard

By JAMES McAFEE  
The Knox County News-Courier

MUNDAY—In a wild-scoring battle where the total offense exceeded 1,000 yards between the two teams that Texas Football Magazine called as potential Class 2A dark horses in the race for state titles, the Munday Moguls came out on the short end of a 42-40 score as the Quanah Indians scored 16 points in the last six minutes here Friday night at Scruggs Stadium.

The Moguls dominated action for most of the night, rolling up 410 yards on the ground and 160 yards through the air, but untimely penalties and a late lost fumble that gave the Indians a short field ultimately allowed the Indians to escape with the victory by inches—the difference between Munday not converting a fourth down in the third quarter and the final two-point attempt by Quanah.

The game ended when Temerick Reagins caught a screen pass from Alfonso Nunez near the Indians' 40 and almost went all the way before being stopped six yards short. A 36-yard Nunez-to-Bryan Castorena pass had allowed the Moguls to reach the Indians' 21 a few plays earlier, but a holding call and a sack forced them back to the 45 as the final seconds were ticking off the clock.

The two teams had different approaches on handling extra points. The Moguls' Diego Reyes split the uprights after the first four touchdowns, but missed the fifth try and had the sixth blocked by what appeared to be an Indian dangerously close to being off sides. The Indians, meanwhile, went for two points each time. Clay Robertson, returning to action as quarterback after shoulder surgery, converted three of six, two with passes and the deciding two-pointer when he had to run when no receivers were open and just barely reached paydirt.

Robertson connected on 20 of 30 passes for 356 yards and six touchdowns with Cory Bodine catching eight for 193 yards, including four for touchdowns, and Mayson Leija catching five for 83 yards and two touchdowns.

Nunez and Day'veon Dockins carried the offensive load for Munday, rushing for 175 and 134 yards, respectively and three touchdowns each. "We executed just like we wanted to do," said Coach Patrick Corcoran. "We played hard and it came down to a play here or there where we just did not make it happen."

Corcoran does believe the Moguls are better than they were at the same time last year. "If we keep doing what we're doing, we're eventually going to grind people out," he told the Wichita Falls Record News.

Quanah scored first as Robertson took off left in what looked like a run, but pulled up to find a wide-open Bodine for a 48-yard scoring pass. The Munday defense stopped the Indian pass receiver short of the end zone on the two-point try.

After rare defensive stops by both teams, Nunez accounted for 48 of a 52-yard drive, scoring from 25 yards out to tie the game and Reyes' PAT split the uprights for a 7-6 lead.

After an exchange of lost fumbles, Quanah regained the lead on a 15-yard pass from Robertson to Mayson, getting a break when an earlier third down pass was wide of its mark, but Munday was called

for pass interference. The two Indians paired up to add the two points, making it 14-7.

The Moguls tied it up, moving 72 yards in 13 plays with Dockins going the last six yards and Reyes making the PAT. The drive was kept alive when Reagins outjumped a pair of defenders for 21 yards on a fourth and 20 to set up first and goal at the Quanah 6.

Following a three and out by Quanah, Munday stayed on the ground to cover 58 yards in nine plays, climaxed by Nunez finding room to go the final five yards. Reyes' PAT put Munday ahead, 21-14 at half-time.

The Moguls took the second half kickoff and marched on the ground into the red zone, apparently on their way to increasing the lead, but Nunez was stopped inches short of the end zone on fourth down.

Given new life, the Indians moved 99 yards, scoring on a Robertson-to-Bodine pass. Robertson's pass on the PAT was incomplete, leaving the Indians trailing 21-20.

The Moguls wasted little time to increase the lead to 28-20 as Dockins escaped for 43 yards, but the Indians quickly answered on a 57-yard Robertson-to-Bodine pass. Robertson slipped to the turf on the PAT, leaving the Indians on the short end of a 28-26 score.

Taking over at their 37 after the kickoff, the home town fans celebrated as Zac Huffman broke free for an apparent 63-yard romp to the end zone. However, it was wiped out by a holding penalty. Ten plays later early in the fourth quarter, Nunez went the final six yards, but the PAT was no good, leaving Munday up 34-26.

When a fourth down pass came up a yard short for the Indians at the Munday 29, the Moguls increased the lead to 40-26 with 6:26 left on a 10-yard run by Dockins, making a cut at just the right time to reach the end zone. Nunez converted one fourth down try to set up the TD. The PAT try was blocked.

Sixty-three seconds later, the Indians narrowed the deficit to 40-34 as Bodine, making a nice double move on the defender to get open, caught a 29-yard pass from Robertson and then caught another pass for the two points.

Munday needed to take some time off the clock and move toward an insurance score, but the one thing it couldn't do was turn the ball over and give Quanah a short field. However, that's what happened as the Indians came up with a loose ball at the Munday 41.

While it appeared Bodine might have pushed the Munday defender to get space, there was no flag and he scored on a 19-yard pass from Robertson to tie the game. When he could find no receivers open on the PAT, Robertson had to make a run for the end zone. He was met by a defender at the one, but managed to get the nose of the ball across for the two points to give the Indians the lead for the first time since the second quarter with 1:29 left.

The Moguls didn't give up and drove into position to regain the lead, but ran out of time.

The Moguls wind up non-district play Saturday with a homecoming game against the Memphis Cyclones, off to a 1-3 start, and then take a week off before going up against District 7-2A/Division II favorite Hamlin at home Oct. 10.

The Munday runners found plenty of running room in rushing for 294 yards against Quanah

# Munday runners win own meet as Salinas runs personal best

By JAMES McAFEE  
The Knox County News-Courier

MUNDAY—With three runners finishing in the top 10, Munday managed to edge Haskell for first place in the Munday Invitational Monday afternoon at Lake Creek Country Club, scoring 53 points as compared to 58 for its neighbor school.

Janie Salinas ran a personal best of 11:55 to capture the gold while Myca Flowers and Karla Taylor placed sixth and ninth with times of 13:46 and 13:54, respectively.

Other members who ran included Jenna Wedertz, Kathy Cude, Raci Dillard and Kayla Taylor.

Coach Corey Stephenson was happy with the performance as might be expected. "It's always nice to win your own meet," he said. "It's been a few years since that happened. It's also good in that it gives the girls some success that might get us over the hump."

Stephenson said last year's race was cancelled, but he was pleased with the turnout of interested friends and families this year. The road leading to the clubhouse area was filled with vehicles.

The runners will compete at Crowell next Monday. "This will give us a good luck on the course that will host our district competition," Stephenson added.

JANIE SALINAS

# Hawley, Albany battle for first in District 6-2A

Hawley and Albany, sporting 4-0 and 3-0 marks, will battle Saturday to determine sole possession of the lead in the District 6-2A volleyball.

Hawley scored wins over Woodson and Benjamin while Albany beat Benjamin and had an open date Tuesday to set up the show-down.

Meanwhile, Munday got back into the race, improving to 2-1 with a win over Knox City, which dropped to 1-3.

Benjamin saw its record drop to 1-2 in district play as it lost 25-10, 25-17, 25-7 to Hawley on Tuesday night after the earlier set-back to Albany.

### District 6-2A volleyball

# Mogulettes capture win over Houndettes

By JAMES MCAFEE

The Knox County News-Courier

MUNDAY—The Munday Mogulettes started and finished strong to score a 25-18, 21-25, 25-20, 25-13 District 6-2A victory over the Knox City Houndettes here Tuesday night at the Munday High Gym. The victory improved the Mogulettes' district record to 2-1 while the Houndettes fell to 1-3.

The Mogulettes jumped off to a 19-9 lead in the first set. The Houndettes cut the margin to five on two occasions, but eventually couldn't overcome the early deficit.

The Houndettes, behind Leighton Pepper, responded by taking an early lead in the second set before falling behind by as many as five points. Then they tied it at 14-14, 15-15 and 16-6 before jumping ahead and staying there.

The third set went back and forth on pretty even terms and the teams were again tied at 16 before Raci Dillard gave the Mogulettes a lift for an edge down the stretch.

Nine straight points to start the fourth set left no doubt about the outcome as the Mogulettes seemed to get added incentive as the football team entered the gym and increased the volume of yells. Coach Kim Kuehler said the boys' support certainly gave the girls a big lift.

"If we play relaxed, we can take care of things," she added.

Meanwhile, Knox City Coach Brenna Hoegger felt her young squad made too many mistakes and seemed to be playing scared, especially late in the contest when they fell behind.

On Saturday, the Mogulettes battled back to overcome Childress in five sets, 19-25, 23-25, 25-13, 25-9, 17-15 in a non-district contest. Dillard registered five aces and 12 digs while Mari Vegas had a pair of aces and 37 assets. Kuehler was pleased with the play of freshmen Myca Flowers and Kristen Kuehler, who combined for 14 blocks.

Meanwhile, the Houndettes scored a district victory over Moran.

# Benjamin students win essay contest

BENJAMIN—Benjamin Vanderpol and Caleb Barrientez were recognized as essay winners for high school and junior high students, respectively in a Voice for Democracy contest conducted by the Veter-

ans of Foreign Wars.

They received \$150 checks from Jason Doren at a recent Benjamin PTO meeting.

## Knox Museum

### Adolph Bayers Showcase set Oct. 18

BENJAMIN—The "Adolph Bayers Showcase" will be presented by the Wichita Brazos Museum here on Saturday, Oct. 18. The doors will be open from 10:00 a.m. to 6:00 p.m., for this one-day show.

Guest speaker, Frances Hamm, daughter of Adolph Bayers, will be speaking at 10:30 a.m. and again at 2 p.m.

Refreshments will be served at the Museum

during the show. There will also be a barbeque sandwich lunch offered from 11:30 a.m.-1 p.m. at the Benjamin Ex-Students Building.

Local and family collections of this master spur and bit maker from Knox County will be on display for everyone to enjoy.

For more information call 940-459-2229, Tuesday through Thursday from 1-5 p.m.

### NOTICE OF APPLICATION FOR FLUID DISPOSAL WELL PERMIT

Hunt Oil Company, 1900 North Akard Street, Dallas, Texas 75201-2300 has applied to the Railroad Commission of Texas for a permit to dispose of saltwater or other oil and gas waste by injection into a porous formation which is not productive of oil or gas. The applicant proposes to inject fluid into the Ellenburger and Cambrian formations in the S. B. Burnett Estate Lease Well No. Y-98A. The proposed disposal well is located 17 miles southeast of Guthrie, Texas in the Anne Tandy (Strawn) Field, King County, Texas. Fluid will be injected into strata in the subsurface depth interval from 6050' to 6650'.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Environmental Services Section, Oil and Gas Division, Railroad Commission of Texas, P.O. Box 12967, Capitol Station, Austin, Texas, 78711-2967. (Telephone 512/463-6792)

From Page 1

to our town and area.

The Munday Lions Club lost its last charter member with the passing of R.L. (Bob) Brown on Aug. 30, 2013 after proudly serving 60 years as a Lion.

Kenneth Baker recalls how he joined the Lions Club. "In December 1965, I was on the tax equalization board at the old City Hall with Charles Hogset and

Munday, this club has remained a great asset

Paul Pendleton. Charles ask me to go to Lions for lunch. I enjoyed the good food and fellowship and became a member on Jan. 1, 1966. At the time, we were meeting at the Yarbrough Hotel. Later we moved to the WWII barracks building until the housing project and community center were constructed. In the early days, you were to wear the Lion's club pen at all times. If a member were to knock on your door at night and you didn't have on your pen- you were fined 10 cents!"

## Non-pesticide termite treatment now available in Texas

Developed over years of Texas A&M testing, Polyguard Products, of Ennis, Texas introduces **TERM Particle Barrier**, the first and only Texas termite treatment not classified as a pesticide.

EPA classifies the **TERM Particle Barrier** as a "device". The concept is simple - quartz particles are carefully sorted and sized to an exact combination. Particles are too large for termites to move, and too small for them to crawl between. The particle barrier simply blocks entry, causing termites to forage elsewhere for food.

**TERM Particle Barrier** can be installed by Polyguard authorized pest management professionals on the outside perimeter of existing or new homes and schools, as well as in both traps and wherever plumbing penetrations come through the slab. No building should be built without this particle barrier, as it blocks most places where termites enter structures. **TERM Particle Barrier** should dramatically reduce the need for pesticides.

EPA Establishment # 89537-TX-1

For more information, visit: [www.ParticleBarrier.com/prba](http://www.ParticleBarrier.com/prba) Call **Don Steiler (281.217.2965)** or Polyguard (214.515.5000)

## Mac's Views

With the Munday Homecoming scheduled this weekend, it's a time for a lot of folks still living here and a few who have ventured off since graduating to revisit the good old times when they were back in school, reuniting with old friends and remembering some who have gone on.

ExaLee Smith passed along that Emma Jean Sahadi Sanders, who now lives in McAllen, had emailed that she was coming back to Munday for the first time since 1958 and couldn't help but open Pandora's Box about her memories living in a boarding house that now is the Lee House Bed and Breakfast. "I remember looking out the window every morning and watching the older kids walk to school," she wrote Smith. "I had the biggest crush on Sandra Stubblefield's oldest brother, Hilton. OMG he was so handsome." Welcome back, Emma.

Smith is working hard on setting up memorabilia at the school, getting assists from Angela Hicks, Karen Longan and Sanders. "I think the exes will enjoy the look at history," she said. Smith added that a picture of the girls basketball team that went to state for four years (1922-1925) will be on display for the first time. Many others have worked hard getting ready for the reunion, but my "hat's off" to Smith for all her contributions.

Smith also passed along a clipping from the 1950s of a Glenn Shelton "The Hired Hand" published in the Wichita Falls paper that provided a look at the early history of Munday. Shelton wrote, "Munday, TX must be a swell little town. Otherwise, I'm sure 'Uncle John' Terry, with his nomadic spirit, would have pulled up stakes long ago. But he has lived in Munday more than a half century and has enjoyed every bit of it." Terry commented, "The town has changed physically, but people here are just as neighborly as ever, just as good as ever."

Based on almost two months here myself, I would have to agree with Terry on the second part!

Looking back at the start of Munday as most here already know, it began as two separate towns, East Munday and West Munday, a 1,000 yards apart. A Methodist minister came up with the novel idea of bringing the two towns together, convincing those in the East to help the others in the West to make the move.

How times change over the decades I thought it might be interesting to pass along a story my wife heard at one

of her sorority meetings about a group of young girls and how things changed over the years. It might hit close to home for some of us guys, too. It sounds like it pertains to a larger city near the ocean.

As 15-year olds, they agreed to meet at the Dairy Queen as they only had \$6 between them and usually several of the cute football players were likely to be there.

Ten years later, now 25, the same friends discussed dinner plans and agreed to meet at the Flying Fish because it had free snacks and there were always lots of cute guys there.

Ten years later, now 35, they agreed to meet at the Flying Fish because the salads were good and it wasn't too far away from the gym where they could work out if they wished.

Ten years later, now 45, they agreed to again meet at the same restaurant because the portions were bigger than at other places and the waiters always teased them.

Ten years later, now 55, they agreed to again meet at the same restaurant because the prices were reasonable, fish was good for cholesterol and it had windows that opened (in case of hot flashes).

Ten years later, now 65, they agreed to meet at the same restaurant because it had early bird specials and the lighting was good.

Ten years later, now 75, they agreed to meet at the same restaurant because the food wasn't too spicy and it was handicapped accessible.

Ten years later, now 85, they discussed where to meet and finally agreed to try out the Flying Fish because it sounded nice and they had never been there before.

This and that In today's world, it was about time. The Royal and Ancient Golf Club voted to open membership to women, following the lead of Augusta National several years ago.

One of my golf writer friends was on the short end of a vote to allow Scotland its independence from Great Britain, failing by a 55-45 percent margin this past week.

I'm sorry to hear that the Air Force will no longer require officers to omit "so help me God" from their appointment oaths.

Guess it sometimes pays to air your gripes. It appears the Texas Alcohol Beverage Commission is withdrawing a plan to allow the sale of alcohol at gun shows.

The current oil boom has helped generate an extra \$1 billion for the state's Permanent School Fund.

In closing, I hope to get Direct to set up service so my television is working in time for this week's Ryder Cup. Don't be surprised if the U.S. pulls off an upset!

### THEY'LL DO IT EVERY TIME

FAMOUS LAST WORDS—"I JUST WANT A FRIEND—I'M NOT LOOKING FOR A HUSBAND."

### BY AL SCADUTO

## 5 Farm Bureau members recognized

Recognized at the Knox County Farm Bureau Convention were (left to right): Dorothy Myers, Romain Stubbs, Louis Baty, Walter Hertel and Billy Kinnibrugh.

RHINELAND--Knox County Farm Bureau is reliving a bit of history this month as its search concludes for the longest tenured member. Efforts were made by each county across the state as it searched for the member with the deepest roots.

For more than 80 years, members have been dedicated to the organization and Farm Bureau wanted to recognize those longtime members.

Five members were designated by the Knox County Farm Bureau in this search and each of them received a certificate at its annual convention here Tuesday night.

They include: Louis Baty, a member since January 1954; Romain Stubbs, a member since April 1954; Dorothy Myers, a member since June 1957; Billy Kinnibrugh, a member since November 1957; and Walter Hertel, a member since October 1958.

Texas Farm Bureau will recognize the top 25 longest tenured members in the state based on the submissions by the counties. Each will be presented a plaque.

The Longest Tenured Member Award winner will receive a special memento, plaque and recognition at the 81st TFB Annual Meeting in Corpus Christi.

## Walker captures Abilene Open

ABILENE—Mark Walker of Hurst wasn't thinking about records. He just wanted to post a win on the Adams Pro Tour after settling for second the previous week in San Angelo.

He did just that, firing a final round six-under-par 66 at the Abilene County Club Fairway Oaks course to finish at 23-under 265 to take the Young Life Abilene Open title. He took home a check for \$16,200.

Walker finished two strokes in front of Alex Moore of Dallas and Andrew Lundry of Baton Rouge, LA, tying the tournament record set earlier by Travis Hurst.

"When I had the lead, I just started getting too conservative to beat any tournament records," he explained his plan to hit fairways and play to the fat parts of the green on the closing nine.
