

Monday-Goree District Votes More Than 4 to 1 to Pave Highway 30

L. N. Marrs, State Supt. of Schools Here Tuesday Will Bring Paving To Haskell County Line

Mains New School to Co. Trustees

The most interesting and important educational news item in Haskell County, Oklahoma, was the meeting of the Board of Public Instruction at the Courthouse Tuesday for the purpose of organizing the County Schools. State laws present and explained the school laws passed by the Legislature, and how they apply to the rural schools of the county. Marrs, taking up his address in the afternoon, he left for his home at 6 o'clock, which provided for the teachers salary for six months of making an appropriation for the local expenses as well as the new law making of the district to pay the salary of the principal who has advanced his grade in his home school to attend a high school in the district.

Marrs had a part in the meeting the day before Mr. L. N. Marrs, State Supt. of Schools, was in Haskell and Mr. R. Smith of Breckenridge, Oklahoma, was present. A luncheon was given by the ladies of the Church, compliments of the Haskell. Music was given by Misses Gaylen and Martha Lou Rogers.

The trustees in attendance were: L. N. Marrs, R. L. Rose, J. B. Nanny, Frank Underwood, J. B. Weaver, B. O. W. G. Hamilton, J. H. Kainer, B. A. Busby, K. Rose, R. E. McNeill, C. E. Hunt, R. J. Jetton, J. W. F. Force, A. D. Bennett, H. B. Cheek, R. B. Webb, W. D. J. U. Frazier, John Howard, Martin Arent, Emery Anderson, West, L. H. Mathis, J. J. Boedeker, J. J. Walker, H. M. West, M. L. B. O. Walker, C. H. King, C. H. Taylor, J. F. Redford, J. H. Simmons, E. M. Melton, A. M. Bird, D. T. C. Cole, J. E. Miller, J. Campbell, C. C. Capera, J. D. Anderson, Board of Trustees, J. Maps, P. C. Patterson, J. H. Medford and J. E. L. in attendance at the meeting.

From a reliable source it is learned that the school building of the Weibert School, which is in Haskell High School building, will be completed in the coming session. It will be that these two boys will play basketball during the summer.

James of Abilene, who was at the meeting at Fort Smith, was a pleasant visitor. He stated that he had been mentioned in a number of newspapers.

Rev. J. H. Jones of Abilene, who was at the meeting of the Board of Public Instruction, was a pleasant visitor. He stated that he had been mentioned in a number of newspapers.

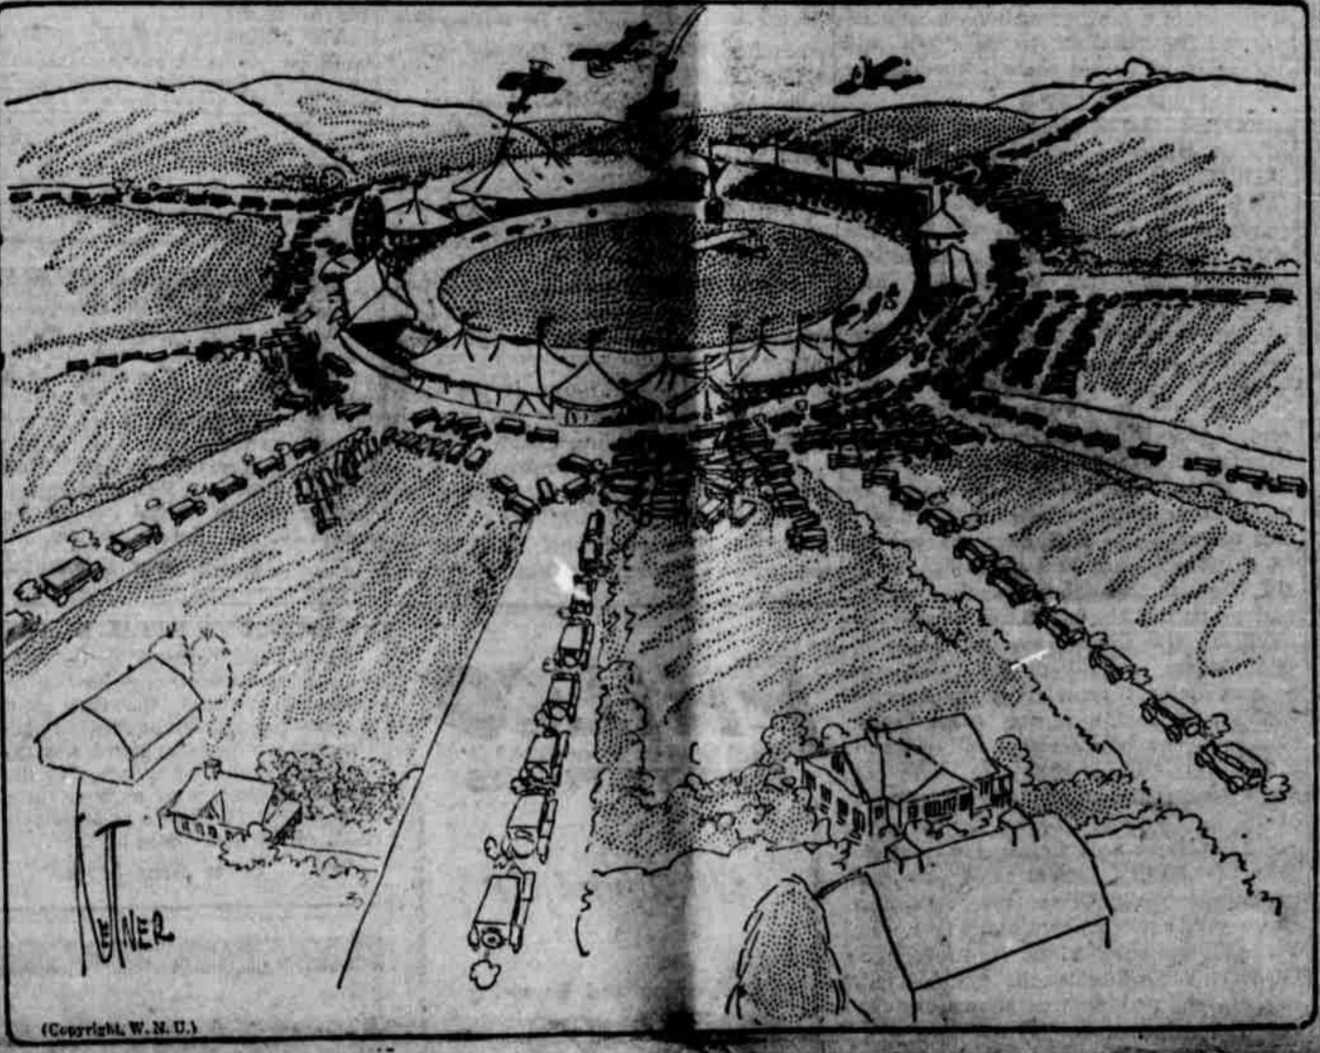

FACULTY OF HASKELL SCHOOLS 1927-28

The personnel of the faculty of the Haskell Public Schools for the coming session has been announced by Superintendent J. Horace Bass to be as follows: High School—M. B. Lebo, Haskell; J. O. Dodson, Cooper; L. K. England, Commerce; Elaine Mills, Commerce; Mrs. Ed. Sprows, Haskell; Miss Mary Alston, Dallas; Miss Clarine Brannon, Commerce.

Grammar Schools—Mrs. J. Horace Bass, Haskell; Mrs. L. E. Ballard, Haskell; Mrs. B. B. Covey, Haskell; Mrs. M. D. Crow, Haskell; Mrs. Scott W. Green Jr., Haskell; Mrs. John V. Davis, Haskell; Miss Lela Welsh, Haskell; Miss Roella Chrisman, Gatesville; Miss Clabaugh Duke, Gustine; Miss Dolly Chambers, Abilene; Miss Mary Patterson, Georgetown; Miss Maybelle Taylor, Haskell; Miss Clough, and Miss Manley.

The assignments have not been completed but will be given in full with short biographies of the instructors at a later issue.

FIRST BALE OF COTTON IS BROUGHT IN MONDAY

Haskell's first bale of cotton from the 1927 crop arrived in town Monday afternoon, and was ginned by the Farmers Gin Company. The bale was brought in by O. H. Andreas, farmer living about five miles south of town on the C. D. Grissom farm. The bale weighed 385 pounds, and was sold to Siegel & Bizzell of this city, who paid 10c per pound for the staple, a total of \$38.50. It is probable that Mr. Andreas will also receive a premium on the bale which will add materially to the amount received for the bale.

Late Monday afternoon the second bale of the season was brought in by W. L. Davis, but the cotton was not ginned until Tuesday morning. This bale was also ginned by the Farmers Gin, and weighed 451 pounds.

On Wednesday morning, Joe Grant brought in the first bale of picked cotton of the season. From his 1330 pounds of seed cotton he received a bale weighing 470 pounds. The cotton was exceptionally good grade, according to J. A. Gilstrap of the Farmers Gin, where the bale was ginned. It is likely that Mr. Grant will receive a premium for the first picked bale.

A committee was appointed Tuesday for the purpose of arranging for a premium for the first bales of the season, which will probably be done today (Wednesday).

APPORTIONMENT OF \$15 PER CAPITA MADE

Schools of Haskell county benefited \$5,107 by the decision last week of the State Board of Education that the 1927-28 per capita school apportionment should be \$15.00.

The scholastic population of Haskell county is 5,107, according to Miss Minnie Ellis, county superintendent. As the apportionment is \$15 higher than last year, it brings the increase to Haskell county.

The total of State Aid available for Haskell county schools during the next session is \$76,665. Of this sum, \$12,285 will go to the Haskell schools as the scholastic population here is 819. Rural schools of the county will receive state aid for 2,904 scholastics, a total of \$43,560, with the other independent school districts receiving the \$15 per capita apportionment on the following number of scholastics: Rule, 482; Rochester, 389; Sagerton, 201; Weibert, 179; and O'Brien, 163.

Dodson to Direct H. H. S. Athletics Coming Season

It will be of interest to the boys who are now thinking in terms of football to know that Mr. J. O. Dodson of Cooper, Texas, has been secured to direct the major sports of the high school during the year. Mr. Dodson comes from Cooper where he has directed athletics very successfully for the last three years. He is a high school and college letter man in both football and basketball and should know both theory and practice of these two major games.

In addition to coaching, Mr. Dodson will teach science and mathematics in the high school. Supervisors from the department of education report that as a teacher he is one of the strongest in the state. He will receive the B. E. degree during the summer and will report for duty soon afterwards.

As the date of the opening of school has been set up one week this session, it is doubtful if more than one week of pre-season training will be given the candidates for football.

ANTI-ROAD MEETING HELD SATURDAY

At a meeting held at the Courthouse Saturday afternoon by citizens from all parts of the county, an Anti-Road Bond Organization was formed, electing the following officers: T. E. Ballard, chairman; and Lynn Pace, secretary-treasurer. Several hundred dollars were raised during the meeting to pay the expenses of the organizations campaign which will be waged until election time, in opposition to the Road Bonds.

A steering committee was appointed to handle the campaign, composed of T. E. Ballard, Lynn Pace, Joe Lee Ferguson, C. W. Shelly and Joe Cloud of Rule, who will in turn appoint a chairman in each precinct in the county.

Among the business transacted, the following resolution was passed: "To the Voters of Haskell County."

In pursuance to a called meeting held at the Courthouse, on Saturday August 13th, by the Anti-Bond Voters of Haskell County it is the sense of this meeting that we ask the voters of Haskell County to refrain from signing any pledge card or any obligation of any kind, but to keep themselves clear and untrammelled in any way and be able to go to the polls on the 17th of September and vote their sentiments as free American citizens." Signed by the local committee, Joe Lee Ferguson, T. E. Ballard, Charlie Shelly, Lynn Pace, J. P. Pinkerton.

The bond issue in the Monday-Goree district in Knox County, to pave Highway No. 30 from the Baylor to the Haskell County line through Monday and Goree carried in Monday's election by a majority of more than 4 to 1. The vote in the district being 671 for the bonds, to 158 against according to the unofficial count, received Tuesday morning by the Free Press over the telephone from the Monday Times.

Monday, the banner box of the county turned in a majority of 465 to 15, almost 30 to one. Goree did almost as well voting 189 for to 14 against. The results of this election complete the arrangements for a hard surface road from Oklahoma, to the Haskell County line on the north. Bonds have been voted in Knox, Baylor and Archer Counties and Wichita County already has the road paved.

INTERESTING NEWS CONCERNING FAIR

The Fair Catalogue

But for a few additions and changes that are to be made, the Annual Premium Catalogue of the Haskell County Fair would have come from the press this week ready for distribution. The Department Directors are spending much time and thought in an effort to offer every possible inducement to enlist the undivided support and cooperation of every individual of the three counties, Haskell, Knox and Throckmorton. These Directors are anxiously seeking the one person in the three counties who is most deeply interested in each of the sub-divisions of the several departments. For instance, Mr. T. A. Pinkerton, Director of Live Stock, wishes to get in touch with the man who is most interested in hogs in order that he may appoint him as Superintendent of the hog division. The same is true of every other Department Director. If you know of those who can fill these places, you will please get us in touch with them.

Better Baby Contest

It is hoped at his time that a better baby contest may be held in connection with the fair this year. Why not? We take great pride in our hogs, poultry, cattle and farm products and are doing everything within our power to improve them. Yet, our children are the greatest asset we have.

Auto Races

Indications at present point to the greatest race program in the history of the Fair. Our track is now four years old and holds some of the best records of any dirt track. Drivers throughout the entire county know of our track and are anxious to compete on it.

Pony Show

Many of our boys of the three counties have Shetland ponies of many colors and types and will be glad to learn that plans are under way to include the ponies in our exhibit. Boys, begin now to groom your pony for the show.

Farm Exhibits

With the three counties competing, it is expected that more room will need to be provided for exhibiting the products of the several communities. Indications are that we are to have very keen competition in part of the exhibits. The nice prizes that are being offered in this line should attract the attention of every community.

Think the fair and talk the fair and help to make it the best.

CITY PURCHASES ROAD MAINTAINER

The City Council last week purchased an Austin Motor Grader, one of the latest machines built by this company, for the purpose of keeping up the streets of Haskell. A deal was also made, whereby Wayne Perry, former State Highway engineer of this district, was employed by the city to look after the maintenance of the city streets.

Mr. Perry assumed his duties Thursday of last week and has been busy all week on the city streets with the new machine, and the marked improvements which he has made have been the subject of much favorable comment.

Home Demonstration Agent to Meet With Women of County

Miss Matilda Gunn of Austin, Texas, who is our county home demonstration agent, accompanied by Miss Myrtle Murray the district home demonstration agent will arrive in Haskell August 31. Miss Gunn will take up her work Sept. 1. At Miss Murray's request the Haskell County Federation of Women's Clubs, the Magazine Club and Harmony Club will sponsor a get together county wide meeting in the district court room Sept. 2, at 3:00 o'clock. Every woman in the county is cordially invited to attend this meeting.

The county home demonstration work will be discussed thoroughly and clearly so that every woman will understand the work. The county demonstration agents are doing the greatest work being done by women in our state today. Come to this meeting and let's get acquainted with Miss Gunn, our demonstration agent and with each other.

NEW SUPERVISOR Elected BY BARBOOSE HOME

Mr. and Mrs. J. Horace Bass moved down from Monday on Monday of this week and will reside in the M. H. Hancock home in the north part of town. Mr. Bass can be reached by telephone on any day or may be found at the high school building in the morning.

Mr. and Mrs. Dave Perry and Mr. H. H. Johnson are expected to arrive in Haskell from their home in the State of Texas.

Home Demonstration Agent to Meet With Women of County

John R. Hutto, former resident of Haskell, and superintendent of the Haskell county schools, was in the city Monday on business. Mr. Hutto is making his home in Abilene, and is connected with the West Texas Baptist, which is published in that city.

Brother of Haskell Man Elected Representative

In the primary election held in Hinds County, Mississippi, August 2nd, S. B. Key, a brother of our fellow townsman W. P. Key was elected Representative from that county.

Mr. Key received a majority of votes over his three opponents in the race, with a total of 31,428 votes being cast, of which number he received 15,992.

Mr. W. A. Barber and daughter Elizabeth of Haskell were guests in the home of Mr. and Mrs. J. H. Perry during their recent visit.

COUNTY TAX LEVY ASSESSED AT 64c

The 1927 Tax Levy for the county was computed Saturday by the Commissioners' Court, the general levy for the county being assessed at 64c, based on an assessed valuation of property of \$9,000,000 made by Tax Assessor Mike B. Watson.

The 1927 levy shows a reduction for the county of 9c, compared with last year, the 1926 levy having been 73c, which means a saving to Haskell county taxpayers of nearly \$9,000 in taxes this year on general levy.

In Precinct No. 1, the road bond levy was reduced from 35c in 1926 to 30c for this year, a reduction of five cents.

Chevrolet Truck Caravan to Visit Haskell Monday

According to P. A. Womble, manager of the Bell-Moore Chevrolet Co., local dealers for the Chevrolet, a motor truck caravan composed of twenty-five Chevrolet trucks will visit Haskell next Monday.

The caravan, which started in Dallas and will visit every section of the state, will arrive about 11 o'clock Monday morning. The remainder of the day will be spent here, with the caravan resuming their schedule Tuesday morning.

Mr. Womble states that included in the caravan will be every type of standard truck bodies and cabs manufactured, ranging from the light delivery truck to the heaviest commercial truck bodies, and a complete motor fire truck, consisting of the latest equipment for fire fighting, bumper, chemical tank, hose, etc. Plans are under way now, Mr. Womble says, for a demonstration of the bumper while here, for the benefit of the local firemen and city officials.

A number of the officials of the Chevrolet company are accompanying the caravan, which is the first of its kind to be staged in this section. Motor races will be staged around the caravan, and the afternoon will be devoted to demonstrations of the different types of trucks.

Mr. and Mrs. D. C. Bradley spent the week-end with relatives and friends in Haskell and Tinsler.

Mr. and Mrs. L. F. Murrell and family of Abilene, Oklahoma, spent the week-end in Haskell.

HE DOESN'T BELIEVE IN ADVERTISING

There was a man who said that he did not believe in advertising. He is a married man. When he was young and gay he had a sweetheart. She became his wife. He is happy now. But why and how did he get her? He advertised. Not in magazines or by joining a "Lonesome Club." But he advertised just the same. He "showed off" at picnics; did stunts of physical skill where she could see him. His trousers were always pressed when he went a-courting. His tie was of the latest hue and pattern. He talked of big brave things in her presence. He told her of a little home they would acquire, and how it could be done on his salary. By the time she answered "Yes" she knew what he was, she knew all about him, who he was, where he was and what he was worth financially and morally. By his "advertising," her attention was directed to him, she knew all about him, and she was convinced of his value. She simply "answered his ad." Both are happy now, and both have profited by the transaction. He simply "let her know what he had to offer." Advertising is simply letting the world know what you have to offer. Newspaper advertising is the best way to do it. Advertising in the HOME PAPER is the BEST PARTICULAR WAY of doing it.

MECHANICAL COTTON PICKERS TO BE TESTED AT STAMFORD

Cotton picking machines are to be given a test in the cotton fields surrounding Stamford this fall. 25 machines are to be brought here and the tests will be conducted by the manufacturers, with the assistance of John Tarlton Agricultural College. Professor Rich, a member of the faculty of John Tarlton, was here from Thursday of last week to Monday of this week, signing contracts with farmers for picking their cotton. He expects to sign up 20,000 acres for the tests but was called away Monday before completing the list. About 12,000 acres have been secured and he will return later to complete the list. Under the agreements made with the farmers, the current price for hand picking will be charged and if at any time the farmer thinks the picking machine is damaging the stalk or is not getting a good sample the contract will be cancelled and the machine withdrawn from the field. No big claims are being made for the cotton picking machine. It has not been placed on the market and will not be offered for sale here at this time. The machines are simply being brought here for a test. However, if the machines come up to expectations they will pick the cotton as well as human hands and will not damage the stalk. The Stamford Chamber of Commerce is co-operating with the manufacturers of the machine and John Tarlton

College in arranging for the tests. The project will bring some thirty people to Stamford and if the machines prove successful will help the farmers in solving the picking problem during the rush season. Students of John Tarlton will operate the machines. Farmers will be asked to furnish teams to draw the pickers but will be paid for the use of their teams.—Stamford American.

INTERESTING NEWS FROM PLEASANT VALLEY COMMUNITY

At present the farmers are busy gathering their maize. In this part of the county it is very dry and if it does not rain in a few days the farmers will begin gathering their cotton the last of this month. The Pleasant Valley school building has been repaired and repainted and is ready for school to begin. Rev. Call added an interesting talk to Brother Lellards sermon Sunday morning. Miss Velma Chitwood returned home Friday from Midway where she has been visiting her aunt and uncle, Mr. and Mrs. Fauncey Graham. Mr. and Mrs. Paul Green and son Hugh, who left this community last fall for Brownsville have returned to this section. Mr. and Mrs. J. C. McGuire and son Darrel were visitors in Vontress Sunday. Friday night August 12, Rev. Read began a Baptist revival at Pleasant Valley school building. Each and every one is cordially invited to attend the night and day services for the next week.

NOTICE OF BOND ELECTION

The State of Texas, County of Haskell. In the Commissioners Court of Haskell County, Texas. On this the 9th day of August, A. D. 1927, the Commissioners' Court of Haskell County, Texas, convened in regular session, at the regular meeting place thereof in the Courthouse at Haskell, Texas, all members of the Court, to-wit: Jesse G. Foster, County Judge; J. S. Abarnatha, Commissioner of Pre. No. 1; R. B. Guess, Commissioner of Pre. No. 2; T. C. Gordon, Commissioner of Pre. No. 3; L. C. Philips, Commissioner of Pre. No. 4; being present, and among other proceedings had by said court was the following: There came on to be heard and considered the petition of Jas. F. Cadenhead and 552 other persons, praying that an election be ordered in said Haskell County, for the purpose of determining the following proposition: Whether or not the bonds of said County shall be issued in the sum of One Million Five Hundred Thousand (\$1,500,000.00) Dollars, for the purpose of the purchase of district roads and the further construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes or in aid thereof, throughout such County, and whether or not an ad valorem tax shall be levied upon the property of said County, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and, It appearing to the Court that said petition is signed by two hundred and fifty resident property taxpaying voters of said Haskell County; and, It further appearing to the Court that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Haskell County, and, It further appearing to the Court that the following road district in Haskell County, Texas, has heretofore issued road bonds under the provisions of Chapter 2, Title 18, Revised Civil Statutes of Texas, 1911, as follows: Road District No. 1; Bonds originally issued to the amount of One Hundred

and Fifty Thousand (\$150,000.00) Dollars, dated the 1st day of November, A. D. 1911, numbered consecutively from one (1) to one hundred and fifty (150), inclusive; of the denomination of (\$1,000.00) each, aggregating the sum of \$150,000.00 due and payable serially as follows, to-wit: \$2,000.00 on the 1st day of March A. D. 1928, and \$8,000.00 on the 1st day of March of each and every year thereafter up to and including the year 1943, and \$8,000.00 on the 1st day of March during the years 1944 to 1948 both inclusive; and bearing interest at the rate of five (5) per centum per annum, interest payable semi-annually; of which amount of said issue of bonds there is now outstanding and unpaid bonds numbered 41 to 150, both inclusive, of the denomination of \$1000.00 aggregating the sum of One Hundred and ten Thousand (\$110,000.00) Dollars. It is therefore considered and ordered by the court that an election be held in said Haskell County on the 17th day of Sept. A. D. 1927 which is not less than thirty days from the date of this order, at which election the following propositions shall be submitted:

Whether or not the bonds of Haskell County, Texas shall be issued by the Commissioners' Court of said County in the sum of One Million Five Hundred Thousand (\$1,500,000.00) Dollars, for the purpose of the purchase of district roads and the further construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes, or in aid thereof, throughout such County, as follows:

FIRST: Bonds aggregating the sum of One Hundred and Ten Thousand (\$110,000.00) Dollars, to be issued for the purpose of the purchase of district roads in said County, and which bonds shall have the same dates of maturity, bear the same rate of interest, and have similar options of payment as the bonds heretofore issued and now outstanding against Road District No. 1 of Haskell County, Texas; and

SECOND: Bonds aggregating the sum of One Million Three Hundred and Ninety Thousand (\$1,390,000.00) Dollars, to be issued for the purpose of the further construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes, or in aid thereof, throughout such County, and maturing at such times as may be fixed by the Commissioners' Court of said County, serially or otherwise, not to exceed forty years from the date of said bonds, and bear not more than five per cent interest per annum, and

THIRD: Out of the said sum of \$1,390,000.00, the Commissioners' Court of Haskell County, Texas, hereby propose and agree to set aside for the purpose of building lateral roads, the approximate amounts to the following three precincts, as hereinafter set out, the said amounts to be computed accurately according to the taxable values of said precincts as shown by the tax rolls for the year of 1927: Commissioners' Precinct No. 2 the sum of \$73,000.00; Commissioners' Precinct No. 3, the sum of \$48,000.00; Commissioners, Precinct No. 4, the sum of \$18,000.00.

And, whether or not an ad valorem tax shall be levied upon the property of said County, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity. The said election shall be held under the provisions of Chapter 3, Title 22, Revised Civil Statutes of Texas 1925. All persons who are legally quali-

ed voters of this State and of this County, and who are resident property taxpayers in this County, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words: "For the issuance of bonds and the levying of the tax in payment thereof."

And those opposed to the proposition to issue the bonds shall have written or printed on their ballots the words: "Against the issuance of bonds and the levying of the tax in payment thereof."

The polling places and presiding officers of said election shall be, respectively as follows:

Mr. J. U. Fields Honors Mrs. Hardy Grissom With Brilliant Reception
 One of the most brilliant and elaborate affairs ever given in Haskell was the formal reception given by Mrs. J. U. Fields in her home last Friday afternoon from five until seven o'clock honoring Mrs. Hardy Grissom, well known in Haskell and this section as an outstanding society and club matron, who has moved with her family but recently to Abilene. Two pages, Master Hugh Mack English and Wallace Parish attended the guests from the pavement to the porch where Misses Anita Grissom and Maurine Couch escorted them to entrance where greetings were given by Mrs. F. T. Sanders. Introductions to members of the house party who formed two receiving lines, were begun by the hostess when she presented the honoree, Mrs. Hardy Grissom and out of town guests, Mrs. M. H. Hagaman and J. M. Whites of Ranger; Mrs. C. D. Kelly, Grandbeck; Mrs. D. L. Stephens, Anson; Mrs. J. H. Graves, Anson; Mrs. H. E. McWhirter and Mrs. R. B. Cannon, Dallas; Mrs. C. D. Westbrook, Rule and from Haskell, Mesdames John V. Davis, Richard Sherrill, W. H. Marshburn, C. L. Lewis, R. R. English, Bruce W. Bryant, H. M. Smith, Courtney Hunt and John A. Couch. The entire reception suite was elaborate with baskets of flowers in rose and lavender, which denoted the color tones in all appointments and menu. From a punch bowl hollowed out of a large block of ice, Miss Mae Fields ladled punch. The dining room table was a

thing of beauty, two candles in silver holders were diagonally across from each other and in the center of the table was a large basket of astors and carnations and trailing fern, to the right of which stood a silver pheasant, the table also bore silver baskets of extra olives. Mrs. Elam Parish Presided over Misses Brucile Bryant and Frances Grissom who served plates of cream in grape cluster mold on natural grape leaves, Angel food cake squares and olives. From the dining room the guests were privileged to visit the State President's office, where Miss Dulin Fields presided and there examine any or all files and records. One hundred and twenty-five guests responded to this lovely social courtesy honoring one whom all of Haskell are loath to give up to Abilene, and left cards in the silver basket held by dainty little Miss Josephine Parish.

Cooking Charts with 6 Famous Cooks

(Approved by the Domestic Science Department, Perfection Stove Company)

SOUPS AND THEIR SERVICE

Editor's Note: This is the first of a series of special cooking articles by 6 famous cooks, running exclusively in this paper. One of the finest aids to good digestion is a good soup. Most Americans neglect this healthful dish. The French, noted for their good cookery, are expert soup-makers, and make innumerable savory, tempting varieties. Eventually, it is said, every meat and vegetable finds its way to the French soup pot. Soup is really a messenger. It tells the stomach to get ready for the meal to come, and gets the digestive juices to working.

MISS BELLE DE GRAF

Light Soups with Big Meals
Bouillions or clear soups, piping hot, are best to serve with big meals. Where soup is the main course, heavy cream or meat-vegetable soups should be served.

Coppas Tomato Soup
1 quart stewed or canned tomatoes
1 carrot cut fine
1 onion cut fine
1 cup celery cut fine
1 green pepper shredded
1 cup corn
1 teaspoon peppercorns
1 teaspoon salt
1/2 cup white pepper
Put all ingredients into a saucepan and simmer about half an hour; strain and reheat. Pass grated cheese or add 1 tablespoon to each serving. This makes a hearty dish.

Washington Chowder
Washington chowder is almost a meal in itself. Add a simple salad and dessert for a well-rounded menu. The recipe is given by Miss Margaret Allen Hall, nutrition specialist, Battle Creek College of Home Economics.
3 medium sized potatoes
1/2 small onion
1 cup stewed tomatoes
1 cup milk
1/2 cup water
1 teaspoon salt
1 cup corn
1 cup cream
Slice the onion and cook with the potatoes in the boiling salted water. When tender, add the tomatoes and corn and bring to the boiling point. Heat the cream and milk and add to the vegetables just before serving. (1/2 tablespoon milk and two tablespoons melted butter may be used in place of one cup of cream.)

Cucumber Soup
An unusual way to prepare cucumber soup is given by Mrs. Sarah Tyson Woodson, the Philadelphia cooking authority.
2 large cucumbers
1 cup water
Cover and simmer 15 minutes.
Add a quart of milk and two tablespoons of cornstarch, measured in a little cold water. Stir until it boils. Add two tablespoons cream and season to taste with salt and pepper when serving.

Cream of Celery
Miss Rose's celery soup is simple to prepare, too. Chop the enough celery to make a pint (1 cup). Cook for 15 minutes in a

Peasant butter soup, especially liked by children, and good for invalids, is made by adding 1 tablespoon peasant butter to each cup of white sauce.

Personal Service
When entertaining formally, the table will be set with service plates. Serve the soup in bouillon cups on soup plates with saucers under them.

Drink from Cups
When clear soups are served in bouillon cups, it is permissible to drink from the cup after tasting it or a spoonful. The soup is always dipped from the back of the plate. The little bowls put out to sip, dip any spoon away from the soup. They are always replaced especially on cool days. Work them into your menu card. Don't forget it.

Warm liquid before speaking, too will get more food.
Wash the soup bowl's inside with cold water.

The modern oil stove is a great saver of time and energy. It is simple to use, and it cooks so fast that it is required in every kitchen. And the heat is so easily controlled.

This white sauce is the basis for cream soups. Use the following proportions:
1 tablespoon flour
1 tablespoon butter
1 cup liquid (milk or stock, or a combination of the two)

Melt butter and stir in flour gradually. Stir constantly until foamy. Add liquid slowly, stirring all the time to prevent lumps. Bring to the boiling point.

Make white sauce in a double boiler to prevent scorching.

Suggested Soups
With the white sauce base many soups can be made. For potato soup, add 1/2 cup mashed potato and a small onion for each cup of white sauce.

Good cream of tomato soup is made by heating separately 1/2 cup of tomato for every cup of white sauce. Add a teaspoon of soda to tomatoes to prevent curdling. Bring white sauce to the boiling point, stir the tomatoes into the white sauce.

Peasant butter soup, especially liked by children, and good for invalids, is made by adding 1 tablespoon peasant butter to each cup of white sauce.

THE STATE OF TEXAS
County of Haskell, ss. I, the undersigned, County Clerk of said County, do hereby certify that the following is a true and correct copy of the original of said document as the same appears in the files of said County Clerk's office.

You are hereby commanded to summon Bertha Bischofshausen and Bruce Bischofshausen (sometimes called Bruce Bischofshausen) a Minor, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the nearest County where a newspaper is published to appear at the next regular term of the District Court of Haskell County to be held at the Court House thereof, in Haskell, on the fourth Monday in September A. D. 1927, the same being the 26th day of September A. D. 1927, then and there to answer a petition filed in said Court on the 17th day of August A. D. 1927 in a suit numbered on the docket of said Court No. 3841, wherein Richard Bischofshausen is Plaintiff and G. W. Bischofshausen, Wilfred Bischofshausen, Margaret Booth, C. S. Booth, Antonia Cox, Owen W. Cox, Rose Bischofshausen, and Wilburn Bischofshausen, Laverne Bischofshausen, and Wilfred Bischofshausen Minors, and Bruce Bischofshausen (sometimes called Bruce Bischofshausen) a Minor and Bertha Bischofshausen are defendants and said petition alleging that the plaintiff and defendants are the joint owners in fee simple of 616 acres of land out of the Northwest corner of the East half of the Thomas Dye Owings League and Labor Survey No. 111, Certificate No. 3921-4022, Abstract No. 337, Patented to the heirs of Thomas Dye Owings on 16th of July 1898, by Patent No. 529, Vol. 17, and situated in Haskell County, Texas. And that said Bruce Bischofshausen a Minor, is the owner of a one-twelfth undivided interest in said 616 acres of land by inheritance from his father Curt Bischofshausen, deceased. And that said Bertha Bischofshausen owns or claims a life estate in the one-twelfth undivided interest as the sur-

judgment for partition and division of said land and premises; and that the Court determine the interest in said land that is owned the plaintiff and defendants in this suit, and whether said land is susceptible of fair equitable partition between the respective owners thereof; and that Commissioners be appointed to partition said land, and that writ of partition issue; and for possession of that portion that by judgment of the Court may be ascertained and declared to be the property of the Plaintiff; and for such other and further relief special and general, in law and in equity that he may be justly entitled to.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness, Estelle Tennyson Lee, Clerk of the District Court of Haskell County. Given under my hand and the seal of said Court, at office in Haskell this 17 day of August A. D. 1927.

BOY SCOUT CAMP CLOSED LAST WEEK

The Boy Scout Camp, Camp Tonkawa, closed in a blaze of glory with a registration of more than 200 scouts from every scout council in the Chisholm Trail Area Council, with the exception of Ballinger, Santa Anna and Cross Plains. It was a great camp with real scouting going on at all times and indications point out a big fall camp and a larger 1928 camp.

All scouts registered and in good standing have been invited to participate in the Lindbergh Celebration, Abilene, September 26th, the only restriction being that the scout be registered up to date and in full uniform.

Lindbergh is a Boy Scout having recently been honored and awarded membership as a member on the Honorary Board.

Let us all get ready and make possible 1000 boy scouts in Abilene September 26.

SCHOOL SANITATION OF MUCH IMPORTANCE

Get the school ready for the children and the children ready for school, is the plea made by Dr. J. C. Anderson, state health officer, to county and city health officers, school officials and parents.

"Now is the time," Dr. Anderson stated, "for school officials to give consideration to the renovation of school buildings, and for parents to give consideration for the commencement of the school term. Conservation of health should be given first consideration in any school program, and health cannot be conserved in insanitary surroundings. Neither can children with physical defects make any progress in school work."

School officials are charged with the responsibility of attending to the sanitary phase as much as any other part of school management. In small towns and rural districts, oftentimes, school sanitation is neglected. County and city health officers can give valuable assistance by calling attention in their respective districts to the need of school sanitation, and by giving necessary instruction.

The requirements for school sanitation are: safe water supply; sanitary toilets; clean school grounds; proper ventilation and plenty of light. In schools where well water is used, a pump should be installed, and the well top made of impervious material that will not permit the entrance of surface water. A well should be located on higher ground than toilets and 100 feet or more from them.

"For schools without sewer connections, chemical toilets properly operated are desirable, but if not available, then provision should be made for approved pit privies. Plans for such closets can be obtained by writing the State Department of Health, Austin."

Why Printing Estimates Seem To Differ

Sometimes you receive a wide range of quotations on what is apparently the same piece of printing.

All printers probably figured on the same paper and size, but they differed on the one thing you could not exactly specify—QUALITY.

Each quoted on his particular quality. It is this difference, the style, design, taste, workmanship, that gives personality to printing and governs the price at which printers sell the products of their plants.

MAN AND THE BUGS AND WORMS
 Once more the fight between man and the bugs and worms is on: in truth this fight stays on. These natural enemies never close the doors of Janus temple or declare a moratorium. Man is prone to strut his stuff as a warrior. He invades the jungles and kills the elephant and the tiger, he drive the mighty dinosaurs from the earth, he goes into the deep and drags out the alligators and the hippotami, but in the fight with the lowly bugs and worms man has never left the field with a single victory written upon his brow.

Life itself is a fight against and a fight from bugs and worms. It begins

at the cradle, but it does not end even at the grave. While the human tribe are yet in the cradle with the dews of innocence upon their brows, the flies and mosquitoes come to murder sleep, and parasites attack the internal economy, calling for huge draughts of nauseous vermifuge. But the bugs and worms are not content to inflict pain and scatter disease. They stalk through the fields and turn crops of great promise into worthless weeds. Man never whips these natural enemies and never get away from them. A company of hornets can stampede the greatest army man ever organized, and a dozen bed bugs can drive him from the finest mansion in the land. The chinch bugs and the green bugs can starve the human family and the boll weevils and boll worms can reduce him to nakedness.

The enmity of the bug and worm families toward mankind is not only deep-seated, but in the application of the enmity the bugs and worms are ingenious and acquainted with strategy. They never destroy anything man doesn't need. All over the land are fields of Johnson grass, cockle burrs, etc., but no bug or worm over molests these. The cut worm plows through the garden and slays the beans and peas, but never molests the horse weed or parsley. When apples were worthless, no insect bothered them and the yield was so great that they rotted in the orchards. When apples became valuable, the worms came to destroy the fruit and the scale to kill the trees. Before people cared for tomatoes no insect preyed upon them but now the tomato grower must watch his vines as the government watches his currency if he gathers any fruit. I am confident if

Dreaded Aches, PAINS Disappeared

"My health had been poor for ten years, before I took Cardui," says Mrs. Anna Cronin, of Rockport, Ind. "I was lifeless and 'no account'. I dragged around day after day, every move an effort, and never feeling the joy of being well."

"At times, I had a dreadful ache across my back, and my sides hurt me. I worried along, sometimes hardly able to leave my bed, but the demands of a growing family had to be attended to; so I would get up, do what was absolutely necessary, and then lie down again."

"One day, someone suggested Cardui to me. I took it for several months, and all the time I was growing stronger, and less nervous. My aches and pains finally disappeared."

"That was two years ago. My improvement has been permanent. The good health, which followed the taking of Cardui, is still with me, so do not hesitate to recommend it to my friends."

man could make Johnson grass, Russian thistles and other pests profitable crops; the insects would soon inaugurate a campaign of destruction that would drive these pests from the earth. As this is written worms from the great theme of conversation in this section, and people are worried over this insignificant insect. The great cotton fields are veritable flower gardens pointing their white and crimson bugles at the sun. It would seem that we have old hard times on the run, and be glittering on the hillside and in the that soon the lights of prosperity will valleys. But what will the worms do? Human life is a battle against bugs and worms, from the cooing babe to hoary age; even when weary of the

fight and man goes to the hours from whence no traveler returns, the worms encamp about his remains and eat his flesh and bones. And so proud, man, the crowning work of the Creator, is conquered and consumed at last by the horde of insignificant bugs and worms.

SWEETWATER SUNDAY

The Haskell ball team journeyed to Sweetwater Sunday for a game with the Sweetwater locals, and were defeated in a hard-fought game by a score of 5 to 4. Until the eighth inning, it looked as if the locals would defeat Sweetwater, but a score in the eighth gave them a one-run lead which the Haskell players were unable to overcome.

The box score and summary of the game is given below:

STAMFORD BOY KILLED IN FALL FROM TRAIN

(Stamford American)

Houston Griggs, age 21, of Stamford, a member of the local company of the National Guard, died in a Houston hospital Wednesday morning at 7 o'clock of injuries received in a fall from the troop train on which the guardsmen were en route to the encampment at Palacios last Saturday night.

Griggs was found on the railroad right-of-way some distance out of Houston early Sunday morning. He was unconscious and was clad only in his underwear. Up to Tuesday morning, he had only gained consciousness for a few minutes once or twice and had relapsed into unconsciousness without being able to tell just what had occurred.

There is considerable speculation in Stamford as to whether the young

man fell from the train while walking in his mind whether he met with some kind of foul play. His relatives here say it seems strange that he could have fallen from the Pullman car on which the troops were traveling. They also mention that he left Stamford with something over \$100 in money on his person. From the meager reports received here it seems that he was not missed from the train until a check was made Sunday morning. He was found by a train crew some five hours after the train on which he was riding had passed.

The Stamford guard unit, commanded by Capt. E. V. Hardwick, and Lieut W. G. Swenson, left here aboard a special Pullman at 5:30 o'clock Saturday morning. At Waco, the Stamford car was made up as part of a special troop train for Palacios.

BURGLARS BREAK INTO POSTOFFICE AT ELBERT

The postoffice at Elbert, in Throckmorton county, was burglarized some time Monday night of last week, presumably right after a hard rain which had fallen in that section early in the night.

No money was taken, as efforts to open safes proved futile. A typewriter, two packages and several dollars worth of stamps were taken.

The postoffice is located in the general merchandise store of Roy Copeland and entrance was gained by removing a pane of glass from a window. The burglary was first discovered Tuesday morning by Mr. Copeland when he came to open the store.

The sheriff at Throckmorton was immediately notified and officers from that place went over at once, but no trace of the culprits was found. From all indications officers believe the theft to have been the work of amateurs. The safe had been battered with a hammer in an attempt to open it.

Postal Inspector J. W. Liseman of

Abilene was notified, and spent several hours in Elbert Wednesday investigating the burglary.

METHODIST TEAM DEFEATS POST 16-11

The Methodist team defeated Post Tuesday afternoon in the regular scheduled tilt at Fair Park with a score of 16 to 11. The game resembled a track meet from the viewpoint of base running by both teams, but was heartily enjoyed by quite a few spectators. In the first inning the Methodists scored six or seven scores to one by Post, and it seemed that the game was to be one-sided from the start. However, Post came back and gained a two score lead which they held until the fifth. Miller, pitching for Post, was relieved by Overton in the sixth. Atkinson went the route for the Methodists on the mound.

On last Friday the Christian team with Lain doing mound duty, defeated the Post team with a score of 9 to 4. Overton, pitching for Post, did some fine work, as did Lain for the Christians, with errors on both sides accounting for most of the scores.

For Friday's game, the Baptist team will play the Christians, in what promises to be a hard-fought session, as both teams are playing excellent ball.

Mrs. Olivia Mays in Northern Markets

Mrs. Olivia Mays of the Mays & Co. Dry Goods Store, left Monday morning for St. Louis where she will purchase the fall stock for the store. The Mays store is the newest enterprise in the dry goods line in Haskell and they have built up quite a trade in the few months that they have been in business.

Are We a Nation of Spenders or Buyers?

There are persons, of course, who "throw their money to the winds." There are "free spenders" and those who "don't know the value of a dollar." Every community in America has at least a few wayward sons.

But we cannot properly be called a nation of spenders. We are a nation of industrious, progressive folks, whose buying power is tremendous and we certainly do exert that power.

In this community as elsewhere, we keep our money pretty much in circulation. But we are buying—not wastefully spending. We are investing in homes and their equipment, in clothing and food, in health and the comforts of life.

The greatest aid to such wise use of money is the newspaper, with its group of advertisements. Folks who consistently read the ads and follow their advice—are not inclined to waste their earnings. They readily learn the wisdom of exchanging their funds only for those things that bring them genuine happiness.
