Fire Dept. To Serve Hamburgers

Caprock Jamboree Set For Saturday, July 1

If you are ready for some good, wholesome entertainment, mark your calendar for Saturday, July 1, and make plans now to attend the Caprock Jamboree. Weather permitting, performances will begin at 7:00 p.m. underneath the newly-completed community shelter on the south lawn of the Briscoe County Courthouse in

Silverton. Regardless of the weather, the show will go on. In case of rain, the show will move to the County Show Barn in Silverton.

Silverton Fire Department will be serving mesquite-grilled hamburgers and homemade ice cream as a money-making project.

Local and area talent are being solicited to call and make reservations to be a part of the program. All kinds of talent are needed. It has been suggested

that each group practice whenever and wherever, then on show night be prepared to perform for 30 minutes. Even if you don't have a group or band and only want to sing (or whatever) one or two songs, you will be welcome to participate.

If you would like to be part of this program, call John Francis at 806-847-2619. Only those who have made reservations before noon on Friday, June 30, will be part of the program, so hurry and get your group together and make the call for reservations.

Everyone is invited to come and listen and encourage the talent. The Silverton Fire Department will have a concession stand for your food and drinks. Be sure to bring your lawn chairs and plan to stay as long as you like. It is hoped there will be enough groups to entertain until 11:00 p.m.

A.R.B. to Hear Protests Starting on July 6

Taxpayers in the Briscoe County Appraisal District will have an opportunity next week to protest values proposed for their property for local taxes. The district's appraisal review board (A.R.B.) will begin hearing taxpayer protests on Thursday, July 6.

After the A.R.B. concludes its hearings and approves final property values, local governments will use these values to assess property taxes to property owners for 1989.

The A.R.B. is a group of citizens who live in the appraisal district and are appointed by the district's directors. Their responsibilities are outlined by the Texas Constitution, which requires that property be appraised equally and uniformly and that exemptions and productive valuation are properly granted.

Property owners appear before the A.R.B. and may protest any of these seven specific actions of the appraisal office:

- *the appraised or agricultural value of the property;
- *unequal appraisal of the taxpayer's property compared to other property in the district;
- *inclusion of the property on the appraisal records;
- *denial of a partial exemption, such as a homestead exemption;
- *denial of agricultural-use, open-space or timber productivity valuation;
- *identification of the taxing unit or units in which the property is located;
- *determination that the taxpayer is the owner of the property; and
- *any other action of the appraisal office that adversely affects them.

Carlye Fleming, chief appraiser for the district, outlined the steps for a property owner to file a protest. First, the property owner must file a written "notice of protest" with the A.R.B. This must be filed before the ARB can hear a taxpayer protest.

Official forms for a notice of protest are available at the appraisal district office. "A letter from the taxpayer also is acceptable," Mrs. Fleming said, "as long as it identifies the property owner and the property which is the subject of the protest and indicates dissatisfaction with some decision or action of the appraisal office."

Each protesting taxpayer may offer evidence or argument either in person or by filing an affidavit with the A.R.B. Taxpayers should be aware that the A.R.B. has no authority over tax rates or taxing unit spending and will not hear protests of those matters.

The A.R.B. will schedule hearings as property owners file protests and will inform them of the time, date and place of their individual hearings before the scheduled appearance date. Mrs. Fleming said that protest hearings will be held one day and that the A.R.B. expects to approve the final appraisal roll on July 17, 1989. State law requires the A.R.B. to review and approve the appraisal records by July 20.

The State Property Tax Board has issued a pamphlet called "Taxpayers' Rights, Remedies, Responsibilities," available at the Briscoe County Appraisal District office, which explains how to prepare and present an appeal to the A.R.B. For a copy, contact the appraisal district staff at the courthouse or call 823-2161.

Fourth of July to be Celebrated Here Tuesday

The Briscoe County Activities Association has made plans for a community celebration of the Fourth of July, with a variety of activities planned at the ball-park-showbarn area in Silverton.

This will include the regular Game Night activities and lots of plain old-fashioned visiting.

The food committee will open the concession stand at 6:00 p.m. to sell brisket sandwiches, iced tea and chips. Cake and homemade ice cream will be sold separately.

Mrs. Ruby McWaters pieced and Mrs. Ruth West quilted a beautiful quilt, and the BCAA will take donations of \$1.00 from each person interested in owning this item. From the donation receipts, a lucky winner will be chosen at the rodeo in August. The quilt will be on display at the Fourth of July activities.

Everyone is invited to be making plans to attend the Fourth of July celebration in Silverton this year!

Disaster Designation Sought for Farmers

Judge Jimmy Ross has requested that Governor William P. Clements designate Briscoe County as a disaster area to benefit farmers.

In the letter to the governor, Judge Ross said that a drought prevailed here from January 1, 1989 until the middle of May when hail, high winds and heavy rains raked the area several times, destroying most of the cotton crop.

June 1, the County Food and Agricultural Committee met and organized, discussed the situation and filled out forms. Attending this meeting were County Extension Agent Curtis Preston, ASCS Chairperson Earlyne Hutsell, SCS District Conservationist John Crowell, FmHA Representative Becky Via and Judge Ross.

"We don't know what will result from this request or exactly what benefit it may have for our farmers, but we considered this the first step to take toward getting relief from an unfortunate situation," Judge Ross said.

Jack, Brenda and Holly Beth Gaskins of Seagraves spent Saturday night with Elton and Lanita Cantwell. On Sunday evening, Anthony and Doris Woody and their children, Kyle, Tressa, Alison and Elizabeth, came and stayed overnight with the Cantwells. They returned to their home in Houston on Monday. Doris Woody is the former Doris Cantwell, who lived in Silverton and attended Silverton Schools until 1975.

Max Weaver was pictured Tuesday morning in the cottonfield located just west of the home of his parents, Mr. and Mrs. Lem Weaver, just across the street from the Silverton townsection. This cotton was planted in May and is one of the more attractive stands remaining in the Plains portion of Briscoe County. Weaver acknowledges that it is smaller than it should be, but adds that they had to replant at Brice and also were replanting milo just south of this field.

**Briscoe County Jail
Restoration Launched**

A group of interested Briscoe Countians met Monday evening, June 26, to begin the process of selecting a board of directors and a museum committee. The purpose of this effort is to establish the Briscoe County Jail as a historical site.

Volunteers for labor and maintenance will be a determining factor of the success of this undertaking.

dist Church.

Survivors include his wife; a daughter, Donaleta Garrison of Silverton; a son, Cecil Seaney of Kent; three sisters, Evalee Chives of Exeter, California, Annabelle Patterson of Stockton, California, and Mattie Hay of Valley Home, California; five grandchildren, 14 great-grandchildren and five great-great-grandchildren.

Pallbearers were John Wyatt, Wayne Nance, Terry Bomar, Bill Strange, Mikel Griffin and John McCammon.

The family suggested memorials to the Silverton Cemetery Association or to the First United Methodist Church.

The idea of restoring the historic old jail was well received among the citizens attending from Quitaque and Silverton.

The discussion presented the placing of three-dimensional maps of the landmark in Quitaque and Silverton.

Committees were organized to restore the three-room building. Everyone is invited to become a part of this restoration.

Plans were discussed and targeted for a grand opening during the Briscoe County Celebration in August.

In meeting this deadline, a clean-up day was scheduled for Saturday, July 1, beginning at 9:00 a.m.

Everyone is urged to claim and pick up their personal belongings from the courthouse attic. There is a need for early photographs of the jail and courthouse. These will be displayed in the restored building.

Purpose of the restoration of the Briscoe County Jail site will renew the early history and memories of the Briscoe County pioneers, and bring into focus the past with the present for coming generations.

**King to Present
Kite-Flying
Demonstration Here**

Gary King of Buffalo Beano Company in Lubbock will be presenting a kite-flying demonstration in Silverton on Saturday, August 12, between the parade and barbecue during the Briscoe County Birthday Celebration.

These are big, beautiful, expensive kites that are sold at Buffalo Beano, and this is a feature of the celebration that should be enjoyed by young and old.

The kite-flying will last for about an hour to an hour and a half, and will be on the courthouse square if there is enough room to do it there.

**German Festival
To be Held July 8**

The Nazareth German Festival will be held Saturday, July 8.

A German Sausage Dinner and all the trimmings will be served from 4:00 until 7:00 p.m. Prices will be \$5.00 for adults and \$3.50 for those under 12.

An arts and crafts show will be held from 2:00 until 8:00 p.m.

A remote control airplane show will be held throughout the day, with T-shirts and kites for sale.

A dance from 8:30 until 12:30 p.m. will feature the Maines Brothers Band.

**B.C.A.A. Had
Regular Meeting
June 22**

Briscoe County Activities Association met June 22 and made plans to mow around the show-barn Monday night. July 4th is Family Fun Night. Starting at 6:00 p.m., brisket sandwiches, chips, tea, cake and ice cream will go on sale. There will be lots of games and activities for those of all ages. Everyone is invited.

Donations will be accepted on a quilt to be given away at the rodeo in August.

A special called meeting has been set July 13 at 8:00 p.m. to plan rodeo activities.

we can get this decision overturned."

**Sarpalius Outraged
At Court Decision**

U. S. Representative Bill Sarpalius said his outrage at a Supreme Court decision legalizing the desecration of the flag has led him, along with a bi-partisan coalition of congressmen, to introduce an amendment to overturn the decision.

"Wednesday's Supreme Court decision was an insult to every patriotic American," said Sarpalius, D-Amarillo. "To take the First Amendment to our Constitution and say it protects flag burning is nonsense. That's warped reasoning."

The Supreme Court, in saying flag burning is protected under First Amendment free-speech rights, leaves Congress no choice but to introduce a constitutional amendment overturning the decision, Sarpalius said.

"I've been talking with members from both parties, and everyone agreed an amendment is the best way to deal with this pitiful decision," he said. "There's no grandstanding here. We're dead serious about sending this amendment to the states."

Sarpalius said all agreed to draw the amendment carefully to avoid infringing on other First Amendment rights.

"No one wants to step on the First Amendment; it's critical to many of the freedoms we enjoy," he said. "This amendment makes it clear that we're not for weakening freedom of speech. We just don't want people going around destroying the flag."

Sarpalius began his assault on the Supreme Court ruling Thursday during a speech on the floor of the House. In the speech Sarpalius chided the court for trying to make law rather than

interpret law.

"I've been amazed at a lot of the things I've seen in my six months in this House," he said in the speech. "But, nothing has shocked me more than the action that was taken by our supposedly conservative Supreme Court."

He said the court's decision was specifically insulting to American soldiers who fought for flag and country.

"Just across the Potomac is Arlington Cemetery, and there lies the bodies of thousands of lives that were sacrificed for this symbol (the flag)."

"And now, we're saying it's legal to burn this symbol of justice, freedom and opportunity for all people?" Sarpalius said. "I urge every American to fly their flags proudly to show the Supreme Court how they feel until

4-H Members Reminded That it Is Record Book Time Again

All 4-H members and their families are reminded that it is time to put together a record book of 4-H accomplishments in project work, leadership and community service.

Record books are entered by project category in three age divisions—Junior I, Junior II and Senior. A 4-H record book includes all of a youth's learning experiences throughout his years in 4-H.

County winners in each division advance to district competition in Lubbock July 18. District winners in the senior division are eligible for state judging. State winners earn a trip to National 4-H Congress in Chicago.

A 4-H record book is required

for the county Gold Star award. Senior 4-H'ers who want to apply for this award must contact the Extension Office at 823-2131 for application procedures by July 7. The record book and application materials are due July 14.

The County Extension Agents are available to help 4-H'ers and their families with record books. A 4-H'er needs the help of his/her family to complete this task. Forms and record book cover are available from the Extension Office.

Call the Extension Office by Friday, July 7, to let them know the category in which you will enter a record book. All books are due no later than July 17.

Comings And Goings

Mr. and Mrs. D. McElmurry of Taft, California recently spent ten days visiting the Welch family here. Herchel Vaughan of Hollis attended Mrs. Welch's birthday reception, as well as Mr. and Mrs. Luther Vardell of Clovis, New Mexico and others from out of town.

Mr. and Mrs. Berton Hughes had the pleasure of having their daughter-in-law, Judy Hughes, and granddaughter, Amy, from Waco here for a visit from Monday until Wednesday of last week. They visited the Wayland Baptist University campus while here.

Perry Thomas was surprised by his son, Don Thomas of Wichita, Kansas, for Father's Day. Don spent last week visiting with relatives and old friends. He was here for his dad's hip surgery on June 23, and returned home June 26.

Perry Thomas has been a patient in St. Anthony's Hospital for hip replacement surgery. He is recovering very well and should be returning home soon.

County 4-H Fashion Show Is Monday, July 3

The County 4-H Fashion Show will be held Monday, July 3, at Silverton High School with judging beginning at 4:00 p.m. in the library. The public is invited to the fashion show at 6:00 p.m. in the auditorium.

The fashion show is an optional activity of the 4-H clothing project. The 4-H'ers model garments they have made or bought

as a part of their project experience and are judged on their appearance, poise, posture, fit, and construction ability.

Volunteer leaders have worked with 4-H'ers in the county in a variety of clothing-related topics. The group toured the Texas Tech Textile Research Center in Lubbock to learn how natural and synthetic fibers are made into fabrics. They also completed a comparison shopping activity to learn how to make wise consumer decisions about clothing purchases.

Project leaders are Bena Hester, Dorcas Garrison, Cathey Weeks, Martha Cavitt and Margie Pinkerton.

The 4-H'ers are reminded that their entry forms are due in the County Extension Office by noon on Friday, June 30.

The 4-H program is open to boys and girls in the third grade to 19 years of age regardless of race, socioeconomic level, color, religion, handicap, or national origin.

Many Injuries Result From Fireworks Use

An average of 10,525 fireworks-related injuries per year were treated in hospital emergency rooms nationwide during the period 1985-1988, according to the United States Consumer Product Safety Commission (CPSC). The number of injuries reported in this manner has doubled since 1974, when 5,000 injuries occurred.

In 1988, almost 50 percent of the reported injuries happened to youngsters under 15 years of age. Half of the reported injuries consisted of burns, according to CPSC. These statistics do not include the number of injuries which were not treated or those which may have been treated in doctors' offices. The careless use of fireworks results in a significant amount of fire damage each year as well.

For instance, in 1987, fire departments in Texas reported 621 fireworks-related fires to the State Board of Insurance, State Fire Marshal's Office through the Texas Fire Incident Reporting System (TEXFIRS).

These fires resulted in about \$662,652 in property damage. Currently, about 321 fire depart-

ments protecting more than 70 percent of the state population submit data to the TEXFIRS.

The State Fire Marshal's Office, a division of the State Board of Insurance, is responsible for the licensing and regulation of the manufacturing, sale and storage of fireworks in Texas.

Paul T. Wrotenbery, chairman of the State Board of Insurance, joins State Fire Marshal Ernest A. Emerson in offering the following major rules for a safer Fourth of July:

*Many towns and communities have ordinances that regulate the possession and use of fireworks. If you aren't certain about laws affecting fireworks in your area, contact your local fire protection or law enforcement authorities for information.

*Use only fireworks which are legal for sale or use. Federal law bans fireworks that contain more than 50 milligrams of explosive charge.

*Designate a responsible adult to ignite fireworks. Never give fireworks to children. Most fireworks injuries are caused by misuse, and mainly by children under 15.

*Read the instructions. If you don't understand the instructions, don't take a chance by lighting the firework.

*Never experiment with fireworks. Don't take fireworks apart or mix anything with the contents. Never make fireworks at home.

*Ignite outdoors. Light fireworks only in a clear area away from houses and flammable materials (dry brush, gasoline cans, etc.).

*Allow enough room for proper functioning. Never ignite fireworks in glass or other

containers.

*Keep a safe distance away from the fireworks ignition area and be sure that other potentially dangerous objects are out of range before lighting fireworks.

*Never handle fireworks that have malfunctioned. Do not try to relight them or pick them up. Douse them with water instead.

It is vital that parents enforce these rules for the sake of the health and lives of youngster, because it's the young people who are most often the victims of accidents involving fireworks.

Letter To The Editor

Dear Editor:

Beef is back. That's good news to those of us who enjoy eating beef, whether it's a lean, tender steak; a convenient, flavorful roast; or a burger with all the trimmings. It's also good news to those of us who are beef producers.

Beef is big business. The beef industry is the single largest segment of American agriculture with sales of cattle and calves accounting for about 22 percent of total receipts from farm marketing. In Texas, cash receipts from farm marketing. In Texas, cash receipts from cattle and calves totaled \$4.9 billion in 1988. And every dollar of cattle sales directly generates an additional \$5 to \$6 of business activity in the farm supply and food businesses.

There's an important reason why beef is back. Beef producers became part of a new era in the beef industry on October 1, 1986, when the national beef checkoff program began. Through the checkoff, beef producers invest one dollar per head of cattle sales in a program which funds beef promotion, education and research at both the national and state levels.

June 27, 1989 marks the 1,000th day of the national beef checkoff program—1,000 days of solid progress for us in the beef industry. The result is a better, more nutritious and enjoyable product for consumers and improved profitability for the biggest single sector of the agricultural economy.

Sincerely,
/s/ S. M. True

HAPPY FOURTH OF JULY!

JULY 4TH CELEBRATION

Freedom

You can't see it. You can't buy it. You can't have it and don't think much about it. You don't even know what it is. It's not something you're likely to get without a struggle. If you lose it, it's almost impossible to get it again. If you haven't thought about freedom lately, now's a good time to think about it. July 4, 1776 is what freedom is. And freedom is what America is. We've fought for it. We've nurtured it for 200 years. Now let's celebrate it.

Arthritis Foundation Expands Services with Toll Free Number

The Arthritis Foundation, Northwest Texas Chapter, recently announced the installation of a toll-free number to give people throughout the Chapter easy access to arthritis information and services.

"There are approximately 462,000 people in the 102 counties we serve, who have arthritis," said Marty Cook, Executive Director. "We hope this new toll-free number will make arthritis information and help as accessible in Lubbock, Midland or Dalhart as it is in Fort Worth, where the Chapter office is located."

The Northwest Texas Chapter presently provides public and patient education programs, the Arthritis Self Help Course, Arthritis Aquatics Program as well as free brochures on specific types of arthritis, treatment programs and how to cope with the disease.

The Northwest Texas Chapter was recently assigned the responsibility to provide programs and services to many counties in the former West Texas Chapter. Development plans are underway to provide direct patient services in those 72 counties. Organizing support groups for people with arthritis is one of the top priorities. The Chapter is seeking volunteers to attend a one-day Support Group Leaders' Training to be held in Lubbock this summer. An Arthritis Self Help Course is designed to give people with arthritis the knowledge and skills needed to take a more active part in their treatment program.

The Northwest Texas Chapter also publishes a quarterly newsletter that provides current information on arthritis, tips to

make living with the disease easier and other articles of interest to people with arthritis and their family members.

For more information on arthritis, support groups or other services, contact the Northwest Texas Chapter by calling our toll-free number, 1-800-283-7733, or write: 3145 McCart, Fort Worth, Texas 76110.

The Arthritis Foundation is the only voluntary organization devoted exclusively to finding the answer to arthritis. The Arthritis Foundation supports research efforts that have yielded more effective ways to treat arthritis symptoms. In addition to supporting research, the Arthritis Foundation provides programs and services for people with arthritis, that seek to improve the quality of their lives.

The Arthritis Foundation depends on funding from memberships, private and corporate donations, as well as bequests. Through the many services available from the Chapter, people with arthritis receive help for today, and more importantly, hope for tomorrow.

STATEMENT OF NONDISCRIMINATION

Swisher Electric Cooperative, Inc. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, sex, national origin or on the basis of handicap, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color, sex, national origin or on the basis of handicap, in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants in the conduct of the operations of this organization.

Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D. C. 20250, or the Rural Electrification Administration, Washington, D. C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complaints will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations.

D.P.S. Challenges Texas Motorists

The Director of the Department of Public Safety has challenged Texas drivers to show that the DPS traffic death estimate for the long July 4th period is far too high.

"The DPS Statistical Services bureau has indicated that as many as 52 persons could be killed on Texas roadways during these hours," Colonel Joe Milner said. "But the number will be lower if more drivers will slow down, avoid drinking alcohol and use a well-known safety precaution—seat belts."

Col. Milner mentioned that the July 4th period will include the weekend before Independence Day.

"The DPS Public Information Office will conduct the traffic fatality count for 102 hours, beginning at 6:00 p.m. Friday,

June 30, and continuing until midnight on Tuesday, July 4," he said. "As before, we'll be keeping this count with the assistance of local law enforcement agencies along with DPS troopers and communications personnel."

The final count for the 1988 July 4 period, which was 78 hours in length, totaled 32 fatalities.

Col. Milner said as part of his agency's "Operation Holiday," additional troopers will be deployed to help minimize the risk of driving on all roadways in rural areas.

Traffic fatality totals for Texas will be tabulated and released three times daily from the DPS, at 10:00 a.m., 3:00 p.m. and 8:00 p.m. The first report will be made at 10:00 a.m. Saturday, July 1.

Application Being Taken For Home Weatherization

Applications currently are being taken for the Panhandle Community Services Weatherization Program. This program provides free weatherization of low income homes, with emphasis on homes of elderly and handicapped individuals.

With many of the elderly on fixed incomes, personal comfort and overall physical well being often are set aside in order to save on utility bills. Weatherization can reduce the cost of utility bills up to 30 percent, allowing these individuals to live in a better home environment.

Money to provide for this free service is a result of a fund for energy conservation by the state and federal government. There are some basic qualifications, for instance, incomes per year: a one-member family income must not exceed \$7,475.00 and two-member family is not to exceed \$10,025.00.

On-site home evaluations are conducted by a PCS representative of qualifying homes. Work

on the home is conducted by a subcontractor. Individuals who could benefit from this program or know of someone who they feel might be in need of assistance are encouraged to contact a weatherization representative.

For information on the program or guidelines, please contact Flo Shuffin, (806) 647-3244, or Gene Abbott, Panhandle Community Services, 1605 West Seventh Avenue, Amarillo, Texas 79106, 1-800-727-2778.

Caprock Camera Club's monthly competition has produced honors for five Snappy Shooters and three Camera Clickers prints. First place in Snappy Shooters went to Jimmie Hunter, with "Just Before Sundown"; second place was won by Elton Cantwell, "Time Worn"; Lanita Cantwell captured third place with "Sliding", and honorable mention went to Christeen Gilbert for "Yellow Blooms" and "Backside Beauty". Randy Stark placed first in Camera Clickers with "Sunset Fishing," and won second with "Nutty Eater". Wilburn Leeper finished in third place with "Up You Go."

The first receivers of telephone calls cried out "Ahoy-ahoy" rather than the later greeting of "hello."

Motorists Increase On Texas Highways In Summer Months

Fourth of July is nearing and the middle of summer vacation means not only will Texas motorists be taking to the highways, but a lot of visitors also will be entering Texas. With the increase in the number of motorists on the highways, the possibility of having an accident also increases.

Major Vernon Cawthon, Regional Commander of the Texas Department of Public Safety, stated, "That this combination can be deadly, if motorists do not take certain precautions over the Fourth of July holiday."

"Before traveling you should insure your car is in good working condition including necessary equipment to help in case of a break down, such as a good spare tire. Long trips should be well planned, allot ample time for traveling, be well rested and take frequent breaks," said Major Cawthon.

Do not mix drinking and driving. It not only could cost you big fines, jail time and loss of your driving privileges, but the cost could be as high as your life.

Always be watchful of other motorists. All too often, simple mistakes can lead to traffic accidents. Be courteous by displaying good driving habits that you expect others to display. Remember that courtesy can be contagious.

Insure that everyone in the vehicle is properly secured and that all loose items are in the trunk. During a collision, any loose object could be a potentially dangerous weapon.

To help insure your safety this Fourth of July holiday, drive friendly and obey all traffic laws. It is the Texas way!

A HAT WOULD BE SO MUCH COOLER!

She must go to the native market for her physical needs. The straw hat would be so much better than the old scarf tied and knotted about her head. Sweet, cool air could come through that straw and that would feel so wonderful in this heat!

Where does she go for her spiritual needs? Is there a church on the island? Does she know that she will be told about a great God there who will help her, guide her, and refresh her?

How fortunate we are in this country that there is a church in every community. Spiritual help, refreshment of soul, fellowship and love awaits all who enter her doors. We invite you to attend Church this week.

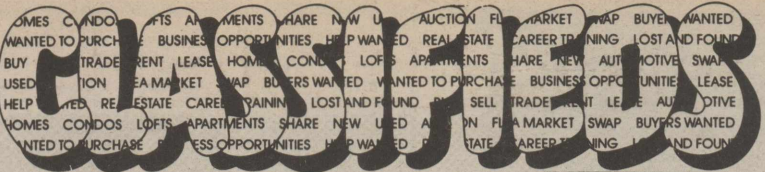

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Cards of Thanks

Everyone has been so thought-ful during my illness. Your many telephone calls, the cards, the visits, the food which was brought to the house — all of your many kindnesses have reminded me of the caring and concern of the people of this community. I appreciate your love and prayers.
Zelda Dudley

A special thanks to all who made my 90th birthday a day to remember the rest of my life, to all who called at my party at the bank, to all who have sent me word if they had known about it they would have been there. The phone calls were appreciated from a sister and a brother who were unable to attend due to illness. Was so glad to have a cousin and a 92-year-old aunt from Lubbock. Others who came long distances were appreciated, as well as all of the old friends and the granddaughters who made and served the refreshments.

To my dear children, who planned all, to Wilma and Mac for coming from California, and the 107 who registered. I have received 57 nice cards, among them one from President and Mrs. Bush; also nice gifts. Eight of my seventeen great-grands were there.

All was very much appreciat-ed.

Mrs. Mabel Welch and family

We wish to express our appreciation to each of you for your many acts of kindness during the extended illness of our beloved father and grandfa-ther, George Seaney. Thank you for your expressions of concern, your prayers and your visits to him.
