A world which used to call Turkey "the sick man of Europe" today finds itself with a raging fever, and Turkey almost the only country with a normal temperature. To the next phase of the world-wide conflict Turkey, sitting astride the road to the lower Caucasus, to Iran and India, to Syria and the Near East, may hold the key. The recent appeal of Dr. Victor G. Heiser, well-known medical authority, for a Home Nutrition Guard of the "fifteen million women-folk who prepare the food for the men in the nation's factories" emphasizes the fact that today's war effort extends to all fronts.

Dr. Heiser, who is medical consultant to the National As- mixed force of 7,000 Germans and sociation of Manufacturers, points out that "the stamina of those industrial workmen is the absolute measure of our national stamina to support our seapower, airpower and land forces.

The Mission of the Holy Spirit

The baptism of the Holy Spirit was the fulfillment of the prophecy of Joel, who, 800 years before the advent of Christ, explained what this outpouring of the Spirit would accomplish: "And it shall come to pass in those days, that I will pour out my spirit upon all flesh; and your sons and your daughters'shall prophesy, your old men shall dream dreams, your young men shall see visions: And also upon the servants and upon the handmaids in those days will I pour out my spirit. And I will show wonders in the heavens and in the earth, blood, and fire, and pillars of smoke. The sun shall be turned into darkness, and the moon into blood, before the great and terrible day of the Lord come."

McKENNEY ON BRIDGE

By Wm. E. McKenney America's Card Authority

Literally millions of people meet every afternoon for a foursome at bridge. At many of these little parties, each player puts up a quarter and the winner for the afternoon takes the dollar. I want to urge all bridge players to continue their afternoon games, but the hostess of the day should secure a defense savings stamp as the prize. Thus

this great game of ours will continuously aid in the defense of our

And talking about defense, here is an example of brilliant defense that came up at one of these afternoon bridge parties recently. On the opening lead North won the jack of hearts with the queen. He saw that if both minor finesses should lose, he would be in trouble. He decided to give up a trick to the king of clubs at once, waiting to develop the diamonds until West was void of hearts. North led the four of clubs and East played the

East led the king of hearts, which was allowed to hold. Now East saw that it was useless to continue the suit. He took the only chance by shifting to spades, and the brilliant part of the defense was the way both East and West picked out the right spades to play. East led the four, dummy ducked and West won with the king.

West could read from the low lead that East held either the jack or ten, and he false-carded in case it was not the jack. He returned a low spade. How could the declarer guess the situation? He naturally played low, and East's ten-spot ruined him.

Bulldogs Play Abilene High

Seek First 3AA Win Tonight In Abilene Tussle

The Midland High Basketball squad left at 2:30 Friday afternoon for Abilene where they will engage the Abilene High Eagles in a district 3AA cage game Friday night.

The Midland team will be seeking its first win in conference play having lost three previous engagements. Still hopeful, Coach Dewey Johnson's boys will rely on tight defensive play to hold the taller Eagle squad's score down. Principal offensive threat of the Bulldogs will be Copper Daugherty, who was hitting the basket accurately in Thursday's workout.

Coach Johnson carried the following nine boys on the trip: Bill Wells, Billy Jo Stickney, Copper Daugherty, H. G. Bedford, Jimmy Watson, Charlie Kelly, L. C. Netherland, Frank Troseth, and Willie
