

Battle For Singapore Rages

Churchill Wins Vote Confidence For War Conduct

Says United States Is Determined To Meet German Foes

LONDON — (AP) — The House of Commons, with but one dissenting vote, expressed confidence Thursday in the conduct of the war by Prime Minister Churchill after he told them the United States was determined to close with the German foe as soon as possible.

The vote was 464 to one. The presence of an AEF on soil of the United Kingdom—in Northern Ireland—represents the desire of the United States that her ready troops should establish battle contact as soon as feasible, the Prime Minister said.

In a 42-minute summation for his government, Churchill also indicated appointment of a British counterpart to the United States' chief of war production, Donald M. Nelson, and disclosed that Singapore had been steadily reinforced for a fight to the finish.

These were Churchill's high spots: "The AEF in the United Kingdom meets the wishes of the American people and leaders of that republic that the large mass of trained and equipped troops they have in the United States should come into contact with the enemy as close and as soon as possible."

War Production—In reference to appointment of Donald M. Nelson as chief of the War Production Board in the United States: "Some similar office, not exactly with the same scope but with similar scope, must be created here."

Singapore—"I cannot tell how the Johore battle or the attack on the island of Singapore will go, but there has been a steady flow of reinforcements for several weeks past."

Churchill's address followed debate in which further criticism of his government piled up, including that of Socialist Dennis Nowell Pritt, who asserted that "luke-warm supporters of Fascism in the government x x x are a very serious and anxious menace."

Protects Ireland

The Prime Minister said that the landing of the American troops in Northern Ireland—a part of the United Kingdom which shares a land frontier with Eire—"cannot do Mr. DeValera any harm, and it might do him good; it offers a measure of protection to Southern Ireland and Ireland as a whole which she would not otherwise enjoy."

Prime Minister Eamon De Valera has protested that the Americans landed in Northern Ireland without prior consultation of his government.

Turning to criticism of setbacks in the Southwest Pacific, Churchill said that if Britain had reduced her help to Russia, she would have been better prepared in Burma and Malaya.

"But," he added, "we did not make such a reduction and I believed that the vast majority of opinion in the House and country endorses our decision now even after the events in the Far East have taken place."

Churchill said that the battleships Prince of Wales and the Repulse, sunk off Malaya at the outset of the Japanese attack there, had been sent into action without air support against Japanese bombing "because there was no available aircraft carrier to accompany the two battleships."

First In Ireland

Pvt. Milburn Henke, 22, of Hutchinson, Minn., was the first soldier of the new A. E. F. to set foot on Irish soil as the first contingent lands to take over prepared bases. (NEA Telephoto).

New Commands Are Given Several High Air Force Officers

WASHINGTON (AP)—Major Gen. Frederick Martin, who was relieved of command of the Hawaiian Air Force after the Pearl Harbor attack, was given a new assignment Thursday in a general shakeup of the Army Air Forces.

Martin was made commander of the Second Air Force, with headquarters at Fort George Wright, Washington, which has responsibility for aerial defense of the vital northwest sector of the continental United States.

The Air Force shifts announced by Secretary Stimson, included:

Maj. Gen. Millard F. Harmon was shifted from command of the Second Air Force to duty as chief of the Army's Air Staff with headquarters at the War Department.

He had been acting chief of the Air Force combat command since assignment of Lieut. Gen. Delos C. Emmons as commander of the Hawaiian Department.

Brig. Gen. Carl Spaatz, chief of the air staff, was made chief of the Air Force combat command, the actual aerial fighting force of the Army. President Roosevelt had nominated him for promotion to major general. Col. Edgar P. Sorensen, assistant chief of the Air Staff in charge of materiel and supply, was shifted to director of bombardment aviation on the staff.

Col. Sorensen was succeeded by Col. Thomas J. Hanley, Jr., who until January 4 was executive officer of the First Air Force base command, Mitchell Field, N. Y.

Search For Sub Off Texas Coast

CORPUS CHRISTI — (AP) — Planes roared over Corpus Christi Thursday but Navy officials were silent on the progress of the hunt for the first enemy submarine sighted off the Texas coast.

Hitler Reaches Compromise With Military Experts

Sweeping New Gains Are Reported By Red Armies Against Nazis

By The Associated Press

Sweeping new gains by Russia's armies were reported Thursday as word circulated in London that Adolf Hitler, who five weeks ago ousted Field Marshal Gen. Walther Von Brauchitsch and assumed supreme command of the German Army, had reached a compromise with his generals because he was "unable to carry on without the aid of experienced strategists."

In ousting Von Brauchitsch, a few days before Christmas, Hitler declared his "intuitions" had led him "to reserve to himself personally all essential decisions" in directing the war.

The British Ministry of Information circulated extracts of an article in the anti-Axis German language newspaper Die Zeitung, published in London, declaring the Fuehrer now had changed his mind and that commands of the conservative Generals Von Bock, Von Rundstedt, Von Leeb and others "have been confirmed and they are now in charge of new armies."

The newspaper said the compromise was "equivalent to an admission on the part of Hitler" that he needed Germany's military brains to conduct the war. Hitler served as a corporal in the 1914-18 World War.

Amid steadily mounting reverses on the Soviet front, the German war machine appeared to be executing something of a comeback in North Africa.

British Middle East headquarters acknowledged that Gen. Erwin Rommel's Libyan counter-offensive, which had driven the British back 150 miles in five days, scored a new advance to within 16 miles of British-held Bengasi, on the Gulf of Sirte.

New Axis Threat
The British said Gen. Rommel's forces suddenly veered to the west and northwest in the last 24 hours after being stalled for two days in an eastward thrust. The new assault carried the Axis troops to Regima, inland and just east of Bengasi.

On the Russian front, Soviet dispatches reported a 93-mile advance by Marshal Semenov Timoshenko's armies somewhere on the southwest (Ukraine) front, along with the recapture of 99 populated places.

Russian naval dispatches declared in a summary of far north operations that Soviet submarines had been playing havoc with Nazi transports attempting to supply German forces above the Arctic Circle.

The dispatches said Red fleet submarines had sunk among other vessels, 45 troop and supply ships totaling 207,000 tons and declared that if Nazi troops in Finland and Norway were suffering from lack of food, clothing and ammunition, it was due to Soviet naval activities.

A British raid upon northwest Germany Wednesday night was officially acknowledged in Berlin with a statement that one raider was shot down.

There were some civilian casualties, an announcement said, and residential quarters were damaged. The British said Muenster, in Germany, Boulogne, in France, and Rotterdam, in the Netherlands, were raided. They said six bombers were missing.

American Generals Meet As "Yanks" Land In Ireland

Major Gen. James E. Chaney, left, commanding all U. S. forces on the British Isles, greets Maj. Gen. Russell P. Hartle as the latter arrived in a Northern Ireland port with the "2nd. AEF". Photo cabled from London. (NEA Cablephoto)

Sloan Field Soldiers Will Get Pay Saturday

Captain Fred Kob, finance officer at Sloan Field, told Rotarians Thursday at their meeting in Hotel Scharbauer that the enlisted men's payroll alone at the field Saturday will total approximately \$50,000.

The problems of an Army finance officer were explained by Captain Kob.

The officer explained that there are about 75 different rates of pay for Army officers and more than 200 rates of pay for enlisted men.

He also explained how commercial accounts are handled by the Army. All men in the Army's finance department are required to go to the Army's school for finance. The officer was introduced by George D. McCormick.

J. B. Harris, Midland high school senior, was the guest of the club at the meeting. He was introduced by Frank Monroe, high school principal.

Paul Barron, Addison Wadley and Ray Upham were appointed by President Tom Sealy to arrange the next program of the club.

Citizen? Well, It Will Be Well To Pay Your Poll Tax

Citizen? You ARE, are you? Can you vote? Sure you can, if you pay your poll tax! And, there are only a few hours in which to do that. You have the rest of Thursday, and Friday and Saturday. Better do that.

Some of us fretted a lot because our soldier boys on maneuver last summer had to use wooden guns, or make-shift equipment. Maybe we had better save our fretting until we do our own arming... arming for the exercise of our right to vote... by paying our Poll Tax!

If ever there was a time when every eligible voter should prepare to participate in his very own government to the fullest extent... THAT TIME IS NOW!

Citizen? Yes, if you pay your Poll Tax.

Saturday Only Visiting Day At Sloan Field

Saturday will likely be the only day for a long, long time in which the general public will have the opportunity to see Sloan Field. When the actual training program gets into full swing the visitors will be cut down to just those few who have specific business at the field.

As the largest field for training Bombardiers, and the first large Army post in the immediate area, Sloan Field is of special interest to everybody. Many have expressed the desire to see it.

Colonel I. Davies, in command, has extended a cordial invitation to all to drive through the field Saturday afternoon. He has arranged for all visitors to be guided through the area.

Visitors must stay in their cars, and must not bring cameras to the field as no camera will be allowed in the area. Visiting hours have been set to start at 1 o'clock and end at 5 o'clock, Saturday afternoon. All West Texans are welcome.

Allies Are Fighting Barbarism As Axis Strikes At Heart Of War Power

Anderson-Prichard To Drill Ordovician Test In North Pecos County

By Frank Gardner, Oil Editor
Anderson-Prichard, Oil Corporation of Oklahoma City will start operations on or before March 10 in a new 6,000-foot Ordovician wildcat test in Northern Pecos County, Walter R. Jarrett, West Texas and New Mexico division manager of the firm, announced here Thursday.

The test is in No. 1 Dean B. Gregg, 680 feet off the northwest corner of section 30, block 140, T. & S. L. survey. Location falls six miles west and slightly south of the Apco-Warner pool, which produces from Ellenburger, lower Ordovician, dolomite, and three and one-quarter miles southeast of Culbertson & Irwin, Inc., Midland, No. 1 Heiner, also an Ellenburger producer. Drilling contract has not yet been let.

Four miles northeast of the proposed Gregg test, Anderson-Prichard and No. 1 Mrs. H. E. Bowen, also seeking Ordovician pay, is drilling at 4,315 feet in lower Permian lime.

On the west side of the Apco-Warner pool, Humble Oil & Refining Company No. 2 W. T. Shearer et al is drilling past 5,303 feet in cherty dolomite of Ellenburger age. It topped the Ellenburger at 4,700 feet.

Gulf Oil Corporation and L. H. Wentz No. 2 L. H. Miller et al, Ellenburger strike in Northeastern Pecos, flowed 344.48 barrels of oil load and 105.40 barrels of formation water in 24 hours and continued testing. It still lacks 353 barrels of recovering all oil load. Total depth is 4,493 1/2 feet in granitic formation.

Magnolia Petroleum Company No. 1 Ella C. Price, Northeastern Pecos Ordovician project six miles east by northeast of the Gulf-Wentz discovery, is drilling below 3,636 feet in Permian lime.

Fullerton Running Pipe
Five and one-half inch casing is being run in Fullerton Oil Company No. 1 H. M. Wilson, deep Permian pool eight miles northwest of Shafter Lake in Northwestern Andrews County. Operators were satisfied that shutoff of bottom-hole sulphur water had been effected by plugging back to 7,290 feet from total depth of 8,005 feet when a drillstem test from 7,280-90 recovered only 120 feet of black water and mud. After casing has been cemented at 7,290 feet with 250 sacks it will be gun-perforated with four holes per foot from 7,210-90 feet, opposite the deep Permian pay.

Texas Pacific Coal & Oil Company is plugging to abandon its No. 1 Miller-Looney, Southwestern Borden County wildcat. The test had 3,000 feet of sulphur water in the hole from upper zones when drilling was halted at 3,936 feet in lime.

In Northwestern Dawson County (See OIL NEWS, page 5)

By DeWitt MacKenzie
Wide World War Analyst
Extension of the U-boat warfare in American waters, and the savagery exhibited in such attacks as that on the passenger liner Lady Hawkins which was sunk without warning with heavy loss of life, hold two vital lessons for the Allies:

1. We are fighting a barbarism which, if it can get its feet on our soil, will remanet the horrors which have been perpetrated in such invaded countries as Yugoslavia, Poland and China.

2. The Axis is striking hard at the very heart of the Allied war power—production and transportation. Those are the two fundamentals on which we have to win this war.

Every cargo of war material which goes to the bottom of the sea in these crucial hours is a big victory for Hitler. Every ship which is sunk lessens our ability to transport supplies.

Greater Resources
And the moral of these lessons rather obviously is that it is only by a supreme effort of production and shipbuilding—the devotion of everything we have to this end—that the Allies can defeat the enemy. Everybody knows the Allies have by far the greater potential resources, but that won't do us any good if we don't get them into action—not a year hence, but now. That means total sacrifice and total effort on the part of every one of us.

This fresh Hitlerian assault on shipping is no flash in the pan. We must expect it to gather intensity with the improvement of the weather over the Atlantic. And to the depredations of the U-boats on both sides of the ocean is likely to be added a heavy air offensive against vessels in European waters.

Probably a secondary reason for the submarine campaign right now is to keep us from sending naval help to the Battle of the Pacific. There the Japs continue to press forward doggedly for their kill, despite their terrific losses in the Macassar Strait in ships and men.

Another Tareat
A fresh threat against the Allied positions was created Thursday when the Japanese launched a drive into Dutch West Borneo towards Pontianak. This city is only 400 miles from Singapore and some 500 from Batavia, capital of the Dutch West Indies. Establishment of fresh air bases here by the Japs would increase the pressure on the United Nations.

Meanwhile, it appeared that one of the great dramas of the World War was approaching—the attempt by the Japanese to capture the fortified island of Singapore itself.

Yankee And British Fliers Wipe Out 13 More Jap Warplanes

American Artillery Gunners Smash New Headlong Jap Assaults On Gen. MacArthur's Defense Lines

By Roger D. Greene
Associated Press War Editor.

The fateful battle for Singapore raged only 40 miles away in the jungles of southern Malaya Thursday, and as "zero hour" approached, the world awaited an answer to the mystery of the island stronghold's \$400,000,000 defenses.

In the Burma war theater, sharp-shooting, Yankee and British combat pilots scored another spectacular victory over Japan's airmen, wiping out at least 13 Japanese planes and possibly four more in a battle over Rangoon. Not a single loss was suffered by the Americans or British.

A British communique acknowledged that Japanese vanguards had advanced within 30 miles of Johore Strait, which separates Singapore Island from the mainland, but declared that bayonet-wielding Australians had successfully counter-attacked and inflicted about 200 casualties.

On the Malay east coast, other Japanese columns had apparently driven to a point 40 miles northeast of Johore Strait, with heavy fighting reported at Ulu Sedili.

Contact Jap Troops
British headquarters said Imperial defense troops were "in contact" with the Japanese central front spearhead near Layang-Layang, a town on the main Singapore railroad 30 miles above Johore Strait.

A mile-wide strip was being cleared along the strait in preparation for the battle of Singapore Island itself.

In the Philippines, a War Department bulletin said American artillery gunners smashed new headlong Japanese infantry assaults on Gen. Douglas MacArthur's defense lines in the Bataan Peninsula, inflicting bloody losses.

The War Department said United States heavy bombers carried out a third attack on the big Japanese invasion armada trapped in Macassar Strait, between Dutch East Borneo and Celebes Island, destroying an enemy transport and setting another transport afire. This apparently referred to action announced by the Dutch Wednesday.

"Two enemy fighting planes were shot down and a third damaged," the communique said. "Five of our bombers participated in the attack and all returned safely to their base."

Ship Losses
A Sydney (Australian) radio broadcast said 46 Japanese warships and transports carrying 25,000 troops had already been sunk in the seven-day-old battle of Macassar Strait.

United States compilations put the total at 36 Japanese ships sunk or damaged up to Wednesday.

As the hour of crisis neared, it remained to be seen whether the

(See BIRTHDAY BALL, page 5) (See WARFARE, Page Five)

WAR BULLETINS

MELBOURNE, Australia.—(AP)—Australian aircraft scored a direct hit on a Japanese battleship and probably hit another despite bad visibility in their third attack on Rabaul, New Britain, since the island port was occupied by the Japanese, an R.A.A.F. communique said.

WASHINGTON.—(AP)—Artillery of General Douglas MacArthur's durable little army in the Philippines has inflicted heavy losses and played havoc with Japanese infantry plunges at its flanks, said a War Department communique Thursday which also raised to at least 38 the number of enemy ships sunk or damaged in Macassar Straits.

BATAVIA, N. E. I.—(AP)—Japanese forces driving down the west coast of Borneo and the Japanese invasion fleet in Macassar Strait Thursday night appeared to be clearing the way for a major offensive against Java, heart of the Dutch East Indies and site of the United Nation's southwest Pacific supreme command.

BERLIN. (From German Broadcast) — (AP) — A dispatch from Tokyo declared the United States garrison at the fortress island of Corregidor in Manila Bay had been called up by radio Thursday to surrender to the Japanese commander on Luzon. The dispatch did not indicate that the Japanese received any reply.

ROME (From Italian Broadcasts) — (AP) — The Italian high command announced in a special bulletin that German and Italian troops Thursday morning entered Bengasi, chief port and capital of Cirenaica.

Special Cachet For Air Mail Letters Marking Opening Of Sloan Field Arranged By The Chamber Of Commerce

Marking the opening of Sloan Field Saturday afternoon, a special cachet sponsored by the Midland Chamber of Commerce will be placed on all airmail letters and covers received by it prior to Saturday noon. The airmail covers must be handled through the chamber of commerce office, according to postal regulations. The cachet will be applied and the covers placed in the mail Saturday afternoon.

Persons wishing to send out letters bearing the Sloan Field cachet are invited to leave covers at the chamber of commerce office in Hotel Scharbauer.

The date was set to correspond with the "open house" Saturday afternoon at Sloan Field when visitors will be escorted through the military reservation.

A total of 365 airmail covers from airport historians in practically every state in the union had been received at the chamber of commerce at noon Thursday. The event was

given nation-wide publicity through "The Aero Dedicationist," official publication of The Airport Historical Society. The cachet, sponsored by the Midland Chamber of Commerce, was prepared by Ralph J. Hickman, draftsman here for the geological department, Humble Oil and Refining Co. It was approved by Col. I. Davies, commanding officer at Sloan Field.

AVOID WRATH AND ENVY FOR YOUR OWN

SAKE: For wrath killeth the foolish man, and envy slayeth the silly one.—Job 5:2.

Production Boss

For a long time Americans in the know about our huge war job have been asking for one-man control of production in Washington.

In the past the overlapping duties and divided responsibilities that existed between the various agencies charged with directing the war program produced a great deal of inefficiency. Manufacturers often had difficulty getting the go ahead signal on work that they were prepared to do. Last minute changes in contracts caused countless delays. Alterations in the designs of weapons that had already gone into production slowed down the entire program. No man can serve two masters, yet somehow makers of war equipment often had to try to serve—not two—but half a dozen or more, all because no centralized authority existed.

President Roosevelt's decision to create a War Production Board with Donald Nelson at its head should help to eliminate this confusion. With one man in control the entire program should move more swiftly than ever before. It's an enormous job to adapt industry to total war production, but it must—and it can—be done. And Mr. Nelson's past performance in Washington indicates that he is the man to do it.

—Buy Defense Bonds and Savings Stamps—

It Never Will Be Missed

If they take the tin out of the pennies, as the Mint now plans to do, the chances are that nobody will be much disturbed. Personally, we didn't know there was any tin in a penny. As for taking all the nickel out of the nickel, and making that coin out of silver and copper, that will probably cause very little perturbation, either.

Unless people started calling the nickel a copper or a silver as a result of its new composition. Even so, the only kind of nickels people are likely to prove reluctant to take are wooden ones.

—Buy Defense Bonds and Savings Stamps—

And The Guns...

Back before the United States became involved in war, a month before that in fact, Congress ordered American merchant ships armed with anti-submarine gun. That was Nov. 17, more than two months ago.

If a single one of the many merchant ships recently sunk off both the Atlantic and Pacific coasts was able to reply to the attacks with gunfire, we haven't heard of it.

At the time Congress passed the act to arm merchant ships it was pointed out that there was a vast difference between decreeing the arming and getting the guns. How many ships have been armed we don't know, and it might be unwise to reveal it even if it could be known. All we're doing is calling attention to the fact that here is a measure decreed "way back even a month before we were in the war, and there are signs that it has not yet been possible to carry it out. It's not what Congress decrees or appropriates that counts; it's what you have on the line when the chips are down.

You just can't drill it into some people that there's a time to stop boring.

Trees cover one-fifth of the earth's surface—and we'd be satisfied if we had Hitler up every one of them.

It would be a streak of luck if you could convince your face that whiskers are out of style.

Committee Would Deny Senate Seat To Senator Langer

WASHINGTON (AP)—The Senate elections committee reported Thursday that Senator Langer (R-ND) was not entitled to a Senate seat because of "a continuous, contemptuous, and shameful disregard for high concepts of public duty." Asserting that the integrity of the Senate was at stake, the committee asked the chamber to deny membership of the former governor of North Dakota, and recommended that action be taken by a simple majority vote.

Recreation Council To Meet Friday

The Midland recreation council will meet at 9:30 o'clock Friday morning in the soldiers' recreation hall on N. Main Street, Mrs. R. M. Barron, chairman, announced. Everyone interested in assisting in the recreation work is invited to attend.

Texas Sailors Survive 31-Day Trip In Open Boat; Ship Torpedoed

WASHINGTON (AP)—A lifeboat bearing 13 American merchant seamen from a torpedoed steamer has reached a tiny South Seas island after a 31-day voyage over 2,500 miles of lonely sea—a cruel journey that ranks as an open boat epic.

The boat was one of two which set off when the 7,000-ton steamer Prusa, owned by the Lykes Brothers Steamship Line of Houston, Texas, was torpedoed 100 miles from Honolulu at 5:30 a. m., on Dec. 19.

The first boat (bearing the chief mate and 12 others) was picked up Dec. 27. Its occupants reported that Capt. G. H. Boy of Houston and 12 men were adrift in the second boat, headed for the Marshall Islands, and that nine men had been lost when the Prusa was torpedoed.

Every Time You Buy A Bond

Major C. J. Lambert, Administrative Officer At Sloan, Former Cavalryman

There is a legend in the Army that once upon a time a Major of Cavalry was inspecting his squadron and one unhappy wretch of the outfit got thirty days in the brig because the Major couldn't see the reflection of his golden oak leaves in the unfortunate's boots. There may be no truth to the story, but to the Army man the cavalry means "spit and polish" soldiering which can all be summed up by the famous words of Colonel "Johnny" Heard, who said: "Men in my outfit are soldiers, they live as soldiers, fight as soldiers, and by—they had better be at attention—and militarily correct when they're lowered in their graves." By the foregoing you may gather an idea of what the rest of the Army considers the horse soldiers.

And because of Cavalry's reputation as a strictly military outfit, there are many of Sloan Field's soldiers quaking in their boots and destroying any evidence of un-military actions with speed and celerity. The reason for the sudden enthusiasm for being military to the extreme, barracks are free of even one match stick, bunks made up just so, windows polished until they glitter like diamonds in the West Texas sun, is because one Major has quietly arrived at the field and after reporting to headquarters, was assigned the post of Administrative Inspector by the station commander. There are majors and majors, but this major happened to be a Cavalry Major so there is something to be heard in many quarters.

EDITOR'S NOTE: The Reporter-Telegram will add to the above a bit of vital information about the Major that may increase the woes of those who think that having a Major of Cavalry for Post Administrative Inspector is hard. In his hometown of Sigourney he has practiced law for the past twenty years.)

Boundary Dispute Between Ecuador And Peru Settled

RIO DE JANEIRO (AP)—Western Hemisphere solidarity was affirmed unanimously as Peru and Ecuador agreed to settle their 111-year-old boundary dispute in a triumphant wind-up of the Pan American Conference here Thursday.

The conclusion came in post-conference mediation of the Peruvian-Ecuadorian differences several hours after foreign ministers of the 21 American Republics had formally adjourned their sessions.

Major fruits of the conference were contained in 41 resolutions recommending severance of relations with the Axis, setting up joint military, economic and financial boards and otherwise covering virtually the entire field of Pan American relations.

Wool

BOSTON (AP) (USDA)—The market for domestic wools in Boston was quiet today. Occasional sales of graded French combing length fine territory wools were made at \$1.10-\$1.13, scoured basis. Graded one-half blood territory wools of good French combing length brought \$1.08, scoured basis. Graded one-half blood clothing wools brought \$1-\$1.03, scoured basis.

Midland Men To Induction Post

Several Midland County men have departed for induction into the U. S. Army under the Selective Service System.

Those going in the last call were: Comer Haynes, Chresten Julius Johnson, Harold Lewis Moore, F. C. Wheeler, Maurice William Kennedy, Clyde Morgan Glenn, Norman Lee Swain, Louis Allen Klebold, James Frank Sledge, Wilson Thomas Bush, Wallace Davis Jones, Walter Emery Lynch, John Slagle Davis, Arthur Gaylord Slocum, Jr., and John Pershing Caldwell.

Corp. Chaney is the nephew of Mrs. T. E. Bizzell and Will Chaney and a brother of Bobby Joe Chaney, Midland High Junior.

Kidney Misery & Backache Quickly Relieved By Hoyt's

A Run-Down Condition Due To Over-Active Kidneys And Sluggish Bowels Overcome By Hoyt's Says San Angelo Man

"For years I have suffered with constipation," states Mr. S. W. Wilson of 112 West 13th Street, San Angelo, Texas. "I have used everything

MR. S. W. WILSON

for relief without results. I had back pains and suffered kidney misery. I had to arise nights to relieve them. I was in a general run-down condition.

"Since taking Hoyt's Compound, I can say that I am better in every way. My bowels are regular, the pains have left my back and I do not have to arise nights. I feel stronger than I have for years and consider Hoyt's the greatest medicine I have ever found!"

Hoyt's Compound is recommended and sold by the City Drug Store and by all leading druggists in this area. (Adv.)

Bompardiars Win Two Divisions In G. G. Tournament

ODESSA (Special)—Heavyweight Bob Sprouse and Welterweight Lewis Johns kept 'em flying for the Sloan Field Bombardier boxing team in the Golden Gloves tournament Wednesday night by winning their respective divisions. All champions will go to the state tournament at Fort Worth in February, and state champs will go to Chicago.

Monahans fighters won three divisions of the tournament to take team honors, while Sloan Field and Big Spring took two divisions, and Odessa and Kermit one each.

Flyweight Champion Lalthton Lomux of Monahans was awarded the George Elliot sportsmanship trophy for the most outstanding fighter in the tournament. Dexter Jay, Midland bantamweight was the 1941 trophy winner.

Results with champions listed first:

Flyweight
Lalthton Lomux, Monahans, beat Wayne Harrison, Odessa (3).

Bantamweight
James Crain, Monahans, beat Ray McMinn, Monahans (3).

Featherweight
Gilbert Grantham, Kermit, knocked out Jack Smith, Monahans (1).

Lightweight
Woodrow Glover, Big Spring, defeated Bobby Barnett, Sloan Field (3).

Welterweight
Lewis Johns, Sloan Field, won on default of Skeets Gilbert, Grandfalls.

Middleweight
Lamar Stanford, Odessa, knocked out Cecil Moore, Sloan Field (2).

Class A Heavyweight
Doyle Stewart, Big Spring, beat Leroy Phillips, Sloan Field (3).

Light-heavy Weight
Albert Hanson, Monahans, had no opponent.

Class AA Heavyweight
Bob Sprouse, Sloan Field, had no opponent.

SOCIETY

Mrs. House Is Hostess For Club Bridge-Luncheon

Mrs. John House, 910 W. Kansas, was hostess to the Midweek Club, Wednesday, with a bridge-luncheon. Luncheon was served at small tables and afterward three tables of bridge were in play.

High score went to Mrs. Fred Wright and bingo award to Mrs. Fay Cowden.

Present were one guest, Mrs. Maud Leonard, former club member, and the following members: Mmes. J. M. Armstrong, W. L. Brown, Hugh Corrigan, I. E. Dan, Robert E. Nolen, Paul Oles, M. D. Selig, M. G. Ulmer, Wright, Cowden, Ed Warren, W. E. Wallace, and the hostess.

Mrs. Hodge Is Guest Speaker At Home Arts Club

Mrs. J. Howard Hodge was guest speaker at the meeting of the Home Arts Club with Mrs. John B. Mills, 912 W. Kentucky, Wednesday afternoon. In observance of the club's Federation Day, she spoke on the "General Federation and State Federation" and conducted a questionnaire on "Do You Know Your Federation?"

A nominating committee was named composed of Mrs. B. C. Girdley, Mrs. John Dunagan, and Mrs. Eula Mahoney.

The club endorsed the candidacy of Mrs. Hodge for president of the Eighth District.

A refreshment plate in Valentine motif was served.

Members present were: Mmes. Guy Breneman, John C. Dunagan, Marvin English, B. C. Girdley, I. E. Hood, Mahoney, T. R. Higginbotham, Ernest Neill, B. W. Rezer, R. S. Brooks, and the hostess.

Double Surprise Features Party Given By Four

A double surprise featured the party given by Mrs. Roy Frazier, Mrs. Walter Wingo, Mrs. Rhea Heath, and Mrs. Fred McPherson at the latter's home, Tuesday afternoon.

The occasion was planned as a surprise farewell party and gift shower for Mrs. Hoyt Burns who is leaving soon for a Georgetown hospital. But friends of Mrs. McPherson also surprised her with a house-warming shower.

Games were played and refreshments served.

Present were: Mmes. Eb Cain, Andy Brooks, Alice Paddock, Annie McLaughlin, Paul Brooks, Alice Holder, Dennis Waldin, Barney Hightower, Dona McPherson of Stanton, J. H. Boley of Sloan Field, Doyel Lester, Gene Shilburne, E. A. Shelburne, Katherine Shelburne, T. A. Pylant, and the hostess.

Gifts were sent by Mrs. Harold Hipps, Mrs. Archie Booth, Mrs. Day is, Mrs. Spratt, and Miss Laverne Spratt.

So You're Eating Differently Now? There's A War On

CHICAGO. (AP)—Remember the turkey hash that follows Christmas? And bone-soup the day after that? Well, that's not half a mouthful of what the little woman will be whipping up this year, and next, and maybe next year, when she really gets hep to the "food for victory" program.

Experts attending the annual conventions of the National-American Wholesale Grocers Association, the National Cannery Association, and a half-dozen allied groups, agreed American eating habits already are changing, and that more changes are in prospect.

This is not because of any undesirable food shortage (save in sugar) but because housewives already have become more discriminating in their selections, more "value-conscious". And it is assumed most Americans will be willing to eat at "the second table," after U. S. fighting men and their Allies get what they want and need.

The family's food-buyer today is reading labels to find out what she is getting, and planning meals that de-emphasize frills in favor of sturdy, stamina-building content. And she is learning not to throw away. Hereafter, if you find parsley on the filet of sole, it is probably there to eat.

"Women are more conscious of what they are serving their families," said Miss Marjorie Black, home economic director for the cannery association. "They are buying more than ever for value and the program we are emphasizing is value-buying. We are getting back to good, solid food, attractively served."

Defense Damsel and Delightful

Pretty patrol girl at La Guardia Field in New York is Charlotte Hoelderlin, who, as Civilian Defense volunteer, helps keep eye on plane passengers.

Stitch In Time Club Will Sew For Red Cross

Mrs. Everett Klebold, 938 N. Baird, was hostess to the Stitch in Time Club, Wednesday afternoon.

Time was spent in sewing and a refreshment course was served to: Mmes. Ray Bevell, Ellis Conner, Jimmy Lott, Noel Oates, Harvey Powledge, Randall Shelton, and the hostess, and one visitor, Mrs. C. H. Shepard.

The club will meet each Wednesday afternoon at 2 o'clock to sew and knit for the Red Cross. Next week's meeting will be with Mrs. Ray Bevell.

Club And Class Meet At Home Of Mrs. Wimberly

Mrs. W. W. Wimberly was hostess to a joint meeting of the Bluebonnet Club and the Baptist T. E. L. Class at her home on W. Texas Street, Wednesday afternoon.

Guests knitted, crocheted, and did fancy work and held an informal roundtable discussion on such work.

A refreshment plate was served to the following: Members, Mmes. J. F. Garber, S. T. Cole, Mary S. Ray, Brooks Pemberton, J. H. Barron, D. W. Brunson, W. F. Black, Mary Quinn, T. O. Midkiff, J. G. Arnett, T. C. Ratcliff, and the hostess, guests, Mrs. Fred Middleton, Mrs. Lankford, and Mrs. Slaughter.

Next meeting of the Bluebonnet Club will be with Mrs. D. W. Brunson.

Mrs. James Lupton Is Hostess To Double Foursome

Mrs. James Lupton was hostess to the Double Foursome Club at her home, 105 S. Marienfeld, Wednesday afternoon.

Mrs. Webb was a playing guest.

In the double foursome of bridge played high score went to Mrs. Owen Cochran and bingo to Mrs. T. J. Buchanan.

A refreshment course was served to Mrs. Webb and the following members: Mmes. P. D. Coughran, Houston Hill, T. Conger, L. C. Mills, Buchanan, Cochran, and the hostess.

Next Wednesday afternoon the club will meet with Mrs. Buchanan.

Fine Arts Club Hears Two Papers On Brazil

The Fine Arts Club met at the home of Mrs. Fred Wilcox, 1811 W. Holloway, Wednesday afternoon for a study of Brazil.

Mrs. Nelson Puett, program leader, presented the initial paper for the day on the "Historical Background" of Brazil.

This was followed by a paper by Mrs. Wilcox on "Brazil Today" in which were discussed the politics, the industries, and the enormous and scarcely-tapped resources of the country.

Mrs. J. Howard Hodge reported on the work of the educational committee on Defense Bonds and Stamps and Mrs. Wm. Y. Penn on the safety council.

Mrs. Dan Hudson will assist the educational committee in its survey of Mexican town.

Present were: Mmes. E. H. Barron, T. Paul Barron, L. G. Byerley, E. H. Ellison, P. H. Fuhrman, Hodge, George Kidd, Penn, A. P. Shirey, Paula Vogel, Hudson, Puett, and the hostess.

Informal Tea Honors Visitor

Mrs. H. S. Forgeron, 901 Cuthbert, entertained a small group of friends informally at tea Tuesday afternoon in compliment to her mother, Mrs. Samuel T. Alexander of Los Angeles, California, who is her houseguest.

Winter greenery and berries were employed in party decorations.

Mrs. James H. Chapple and Mrs. Leland Davison poured for guests who called between 3 o'clock and 5.

Mrs. Alexander will be here for several weeks and a series of courtesies is being planned in her honor.

Public Relations Officer To Speak

Lieut. Geo. Smith of the Public Relations Office at Sloan Field will address members of the Belmont Bible Class in a meeting at the home of Mrs. Gladys Holster, 600 North A, Friday afternoon at 3:30 o'clock. He will discuss "Recreation and the Morale of Men in the Army."

All members of the class are urged to attend.

METHODIST GROUP TO MEET

Spiritual Life Group of the First Methodist Church will meet with Mrs. J. W. Thorne, 1800 W. Texas, Friday afternoon at 2 o'clock.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Two Present Talks At Meeting Of The Progressive Club

Mrs. L. F. Caddell and Mrs. A. B. Cole, Jr., presented program talks at the meeting of the Progressive Study Club with Mrs. Harold E. Berg, 508 W. Storey, Wednesday afternoon. Mrs. Caddell spoke on "The Federation at Work" and Mrs. Cole on interior decoration.

Mrs. Sol Bunnell, vice president, presided. As chairman of the program committee, she also reported on programs planned for the year. Committee chairmen were named

at follows: Finance, Mrs. James Wilson, Jr.; constitution, Mrs. Frank Monroe; hospitality, Mrs. J. W. Hunt; telephone, Mrs. Russell Surlis, Jr.; welfare, Mrs. Joe Erickson.

Present were the following: Mmes. Bunnell, Cole, Kenneth Germond, Hunt, Geo. B. Ross, Surlis, C. E. Long, Wilson, and the hostess.

Next meeting will be at the home of Mrs. Cole, 504 Holmsley, at 2:30 o'clock, Wednesday afternoon, February 11. This will be an open meeting.

Mrs. Hugh Corrigan has as her houseguest her mother, Mrs. Mary March, and her nephew, Bob March, both of Duncan, Okla.

Values Of Yeast Bread Explained In Demonstration

"We should eat more yeast bread because soda kills vitamin B-1," Miss Alpha Lynn, county home demonstration agent, told members of the Rankin Highway Home Demonstration Club meeting Wednesday afternoon at the home of Mrs. R. C. Frazier. Miss Lynn made yeast for rolls and told various ways of using it in breads.

Mrs. A. W. Logsdon gave a demonstration on egg cookery.

"How My Family Should Get These Vitamins" was discussed by

Mrs. Chas. Lynch.

"Democracy in Everyday Living" was the subject of a roundtable led by Mrs. T. D. Jones, Jr.

Mrs. Dave Bizzell was appointed program committee chairman.

The club will order about 15 dozen rose bushes.

Present were: Mmes. D. M. Bizzell, E. D. Richardson, C. B. Reese, J. C. Miles, Albert Clements, W. B. Franklin, Logsdon, Jones, W. D. Rayburn, Miss Lynn, and the hostess.

Next meeting will be with Mrs. Miles.

A. W. Cherry, formerly of Midland, is recuperating after an operation in an Evansville, Indiana, hospital.

Finland's summer lasts only two to two and one-half months.

QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID

Free Book Tells of Home Treatment that Must Help or it Will Cost You Nothing

● SERIAL STORY

TAMBAY GOLD

BY SAMUEL HOPKINS ADAMS

MOM TRIES DOUBLETALK
 CHAPTER XXII

QURE another, a little before 11 Doc's roadster pulled up at the Feederia and he helped out Lolita. She was an eye-fall all right.

"Hello, Ma," she said.

She came over and kissed me. "How's trade, Ma?" she said.

"No complaint," I told her. "Pipe down on the Ma stuff. No need to spread the Baumer genealogy."

She gave me the wide eye. "I'm not ashamed of it," she said.

"Loren knows. I've told him."

"Loren, huh," I said.

"Sure," she said. "We're pals."

"It was you I came over to see, Mom," she said. "But the Wandos are right up my alley."

"How's that?" I asked her.

"I'm cast for Pocahontas in 'The Great John Smith.' Maybe Pocahontas was a Wando."

"Maybe I'm Queen of the May," I said.

"Well, she could be, couldn't she, Loren? Pocahontas, I mean."

"I'm afraid not," she said.

"What do I care!" she said. "If I play her for a Wando, who in Hollywood's going to know the difference?"

"Who, indeed!" Doc said. You could see he was getting a lot of fun out of Carnie.

"I like Loren's Wandos," she said. "He's going to lend me some of their gadgets to wear in my hair."

"Gorgetts," Doc said.

"You lay off him, Carnie," I said. "He's doing all right where he is."

A CANDID camera fiend popped out of cabin No. 6 and asked if she could take Miss Marquessa's picture with us two. It was okay by me. Doc wanted to duck, but Carnie wouldn't let him. While that was going on, I'd been figuring that it was up to me to be firm. So I said:

"Listen, Carnie. I'm glad to see you and all that. But after this, you crawl back onto your silver screen and stay there."

Doc said, "I don't think that's quite kind or fair, Mom."

"Get this, you two," I said. "I'm Mom Baumer. Carnie's Lolita Marquessa. She can't do me any good and I'd sure be poison for her business. From the time that slick press agent of hers digs up her flossy name and ancestry, I'm out of it. She's the daughter of a thousand Spanish grandees and what does that make me? A cake of Castile soap? No, thank you."

"You're not sore, are you, Ma?" she said.

"Why would I be sore?" I said. "I think you're a swell kid and you're doing a grand job. I'll always be there in the background if you need me."

"I know you will, Ma," she said. "You always were."

"If you'll excuse me," Doc said, "I'll step over and look up the gorges."

Before he was fairly out of hearing Carnie started in. "Where did you ever get him, Ma? I think he's divine."

"You always were one for being in the current," I said. "This is Hollywood's year to go brainy. Doc probably treated you like you were intelligent, because he hasn't got any other approach. So what happens? Right away you begin to figure that you're a submerged intellectual. Look out, gal! That way run lies."

Carnie laughed. "The same old Ma! But you've got to admit he's awfully good-looking."

"I took a gander over toward the stockade where Doc was coming out of the doorway, and by this-senthat, she was right! Why I hadn't caught it before I don't know. Maybe because I'd first seen him as the bearded wonder. As he came toward us, with that straight figure and easy swing, his serious face and steady eyes, he was a pretty swell-looking guy of his kind. Inside I was hoping that Carnie would lay off him. I knew he'd been hurt by Juddy and my Carnie was sure something to put a couple of skips in any heman's heartbeat."

SEVERAL days later I was fuming-gating Cabin Three. Juddy came over with the mail.

"Open it up for me," I told her. "I've got no secrets in my young life."

When I came out she was studying over some photos. The candid camera girl had kept her word and mailed back the prints.

"It was a nice job for an amateur. Of course, Carnie had made it easy for her. Doc turned out to be naturally photogenic, and I

showed something in the pose of Honest Old Mom. Juddy picked the best shot and said she was going to frame it.

"Is she really Spanish, do you think, Mom?" she asked me.

"What else would she be with that hair and eyes?"

"So she really came over with Loren oliver," she said. "He must have been a scream, explaining Wandos to a movie star."

"Maybe it wasn't all Wandos."

"What else would it be?"

"He's a man and she's a gal..."

She gave me the laugh. "Mom, you're ripped on your star boarder."

"Ask him yourself," I said. "He's coming over for his lunch now."

Juddy shook her head. Doc took a gander at the pictures.

"You gave her a whirl, Doc?" I said. "I hope your intentions are honorable."

Doc doesn't always keep up with me. He gawped. Then he stiffened up.

"I'm afraid I don't quite follow you," he said.

"This hot, Spanish blood," I said. "I wouldn't want to have any guest of Tambay get herself into trouble through you."

Juddy giggled. Doc's polite vocabulary slumped. "You're crazy," he said.

"She certainly fell for you," I said. "Didn't I see a letter in the mail yesterday with an L. M. monogram?"

"For Loren?" Juddy said, staring at him.

"A note," Doc said. "Thanking me for the Wando material. Why not?"

"No reason by me," I said. "But why did she ask me when your birthday comes?"

She hadn't, but what of it? Did I say she had? I was out to produce an effect on Juddy.

"You're liable to get a solid gold suitcase or something," I told him.

"Don't talk rot, Mom," he said.

I pushed it. "I'm giving you the real McCoy," I said. "You've made a dent like the Grand Canyon. How, I don't know. Maybe you talked to her like she has brains."

"So she has," he said. Juddy almost jumped.

I said, "That's what you made her believe. Naturally she was flattered. You've taken advantage of her youth and innocence—mental, I mean. You've seduced the poor girl's mind, Doc. One of these days, I wouldn't wonder, she'll be giving birth to an idea and you'll be the father of it."

Juddy snorted, though I couldn't tell whether it was disdain or amusement.

(To Be Continued)

Public Warned To Get Motor Stamps By Saturday Night

Less than one-half of the car owners of Midland County have purchased Federal Use Tax Stamps for motor vehicles, up to noon Thursday, and Postmaster Allen Tolbert stated that all car owners should recognize that stamps go off sale Saturday evening.

Cars cannot be driven on a county or federal highway without the stamp on Feb. 1 or thereafter, and a penalty has been set up for any violation of the law.

"It is very imperative that all drivers have these stamps," said Tolbert, "and we are keeping a special clerk at a special window to assure prompt service to the many who yet have to purchase the stamps. The window will be open from 8 a. m. to 6 p. m. Friday and Saturday."

"It should be fully understood," said Tolbert, "that we will not be allowed to sell these stamps after Saturday. That is the deadline. It will mean that those who do not have the stamps cannot drive their cars on the highways."

Oil News--

(Continued from page 1)

one and one-half miles northeast of production in the Cedar Lake pool of Northeastern Gines, Maxonia No. 1 Lillian Scanlan is drilling plug from 13-inch surface pipe cemented at 254 feet with 144 sacks. Total depth is 310 feet in red beds.

Dunigan Brothers & Brahaney No. 1 Alice Henard, Central Yoakum County wildcat several miles northwest of Plains, started making new hole with spudder Wednesday night. Rotary depth of 5,136 feet was corrected to 5,131 feet on cable-tool measurement after spudder was rigged up.

Deep Operations

Top of Ellenburger tentatively has been picked at 6,740 feet in Moore Exploration Company, Midland, and Olson Oil Company, Tulsa, No. 2-C H. M. Half, Western Crockett County wildcat. Coring was started at 6,765 feet and core pulled from that point to 6,783 feet. No description of the core has been released.

Operators are coring ahead.

Shell Oil Company, Inc., No. 1 Sealy-Smith Foundation, proposed 11,000-foot test in Northeastern Ward County, is drilling below 8,445 feet, reportedly in lime.

In Southeastern Ward, Stanolind Oil & Gas Company No. 1 H. L. Byrd, prospective wildcat discovery two miles west of the Estes pool and three and one-half miles south of the wildcat is coring at 2,315 feet. A core from 2,795 to 2,807 returned 12 feet, the top seven red shale and dolomite and the balance hard, gray, tight sand. The well had shown oil and gas on drillstem tests of the Yates sand zone around the 2,650-foot level.

Birthdays Ball---

who becomes a victim of infantile paralysis while in the service. Trustees of the National Foundation will issue regulations authorizing this expanded defense activity, O'Conner announced.

A March of Dimes under way in Midland schools raising additional funds to join proceeds of the Birthdays Ball in fighting infantile paralysis. Announcement of the results of the March of Dimes will be made when the campaign is completed, Tennis said.

Midland Man Indicted On A Federal Charge

COUNCIL BLUFFS, Ia.—A federal grand jury Wednesday indicted Jeff W. Jones of Midland, Texas, on a charge of interstate transportation of a stolen car.

Jones, described by the Federal Bureau of Investigation as a pseudo Royal Canadian Air Force officer, will be taken to Davenport, Ia., for arraignment, court officials said.

Non-Com School Opens Thursday For Defense Unit

A non-commissioned officers' school will be conducted by Company F, Midland, of the Texas Defense Guard, it was announced Thursday by Captain James H. Godman. All enlisted men who desire to take the course must register with company clerk, Edward C. Prichard.

The school will be held at each regular drill period, starting at 8:30 p. m., and lasting forty minutes. Classes will begin Thursday, January 29, and run through the entire month of February. At the close of the classes an examination will be held; after which non-commissioned officers for the company will be selected from the group.

Final examinations will be based on technical military knowledge, general efficiency, character and leadership ability.

Wire Tapping May Be Allowed FBI

WASHINGTON (AP)—Action to remove restrictions on the tapping of wires for counter-espionage activities was foreshadowed Thursday when President Roosevelt asked FBI Director J. Edgar Hoover to come to the White House to talk the situation over.

The Roberts report fixing responsibility for the success of Japan's attack on Pearl Harbor noted that inability of government agents to tap wires had been instrumental in contributing to the efficiency of Japanese spies in Hawaii. The Hoover-Roosevelt conference was a direct outgrowth of the findings of the Roberts commission.

Stephen Early, presidential secretary, said that legislation would be sought to broaden the limited powers of the FBI in the tapping of wires.

Early said he thought that within a week legislation would be introduced in Congress along lines of what Hoover thinks he needs. One such bill has been pending in the House for several months.

Democratic Leaders Urge All Texans To Pay Their Poll Taxes

AUSTIN (AP)—Appeals for Texans to pay their poll taxes have been issued by Democratic Party officials.

E. B. Germany of Dallas, chairman of the Democratic state executive committee, and Mrs. H. H. Weiner of Seguin, co-chairman, urged payment following a conference here with Governor Coke R. Stevenson.

Germany said he hoped citizens would pay their taxes and become eligible to vote.

Mrs. Weiner directed her appeal toward women especially. They pointed out that Saturday midnight is the deadline for payment.

"It is the patriotic duty of citizens to vote," Germany said. "If they want to preserve democracy, they must work for it."

Tires For Ranchmen And Farmers To Be Made More Available

AUSTIN (AP)—Governor Coke R. Stevenson was advised Thursday by the federal office of price administration of a broadened policy concerning tire rationing for farmers and ranchmen.

Replying to a telegram by the Governor, which declared the situation serious in Texas, Frank Bane, the price administration, said trucks were eligible for new tires if used for the following purposes:

1. Hauling feed and water from farm to farm to feed livestock.
2. Hauling produce, livestock, milk et cetera from farm to market but not to the ultimate consumer.
3. Transporting farm products but not to the ultimate consumer.
4. Contracting at will for transporting farm products provided any other use of the truck must be stated in application.
5. Hauling feed, salt, et cetera from market to farm.

Farm trailers also were made eligible if used in transporting farm products but not to the ultimate consumer.

Mark McGee, state rationing administrator, said farmers would be able to obtain tires for new automobiles if the automobiles were used to pull trailers.

Public Warning Room in France

Answers To Cranium Crackers

1. Hank Greenberg is in the army; Bob Feller in the naval reserve.
2. Bud Ward, amateur golf champ, joined the Army Air Corps at Spokane, Wash.
3. Jimmy Stewart was advanced from corporal to second lieutenant.
4. Coach Emerson "Spike" Nelson of Yale resigned to join the U. S. engineer corps, and Bernie Bierman, of Minnesota, major in the Marine reserves, was ordered to report for active duty.
5. Philip Wilkie, son of Wendell Wilkie, joined the naval reserve.

Tragic days for fallen France—and cold ones. Sign of the times is this one over entrance to a public warming place—the reception room of a local inn at Fontenay-Sous-Bois. France has a coal and clothing shortage.

Warfare--
 (Continued from page 1)

great Singapore fortress—originally built as an "impregnable" defense bastion against attack by sea—may have become out-moded under modern conditions of aerial warfare.

Meanwhile Japan's invasion forces launched a new two-pronged drive into Dutch West Borneo, sharply threatening the chief city of Pontianak.

Pontianak lies 400 miles east across the China Sea from Singapore and about 500 miles northeast across the Java Sea from Batavia, the Dutch Indies capital.

Dutch Meet Resistance

Official dispatches said Dutch troops were continuing stubborn resistance against other Japanese forces which landed earlier at Balikpapan, big oil port in East Borneo, and near Kendari, on Celebes Island.

Celebes lies across the narrow Macassar Strait from Borneo.

On the Malay front, a British spokesman indicated that hard-fighting Imperial troops were still holding their lines intact, with no important changes overnight, amid heaviest Japanese pressure.

British airmen, outnumbered but ever dangerous, gave what aid they could to the Australian, British and Indian forces engaged on the zone which ran roughly from Bengali, 40-odd miles northwest of Singapore, to the town of Jema Luang, 55 miles above the naval base.

Big Naval Battle

A naval battle off Endau, 85 miles above Singapore, in which two British destroyers spurned the odds and sank a Japanese destroyer and damaged another in a flotilla of three destroyers and a cruiser was announced by the British admiralty.

The British Far East Command arranged for the erection of pill-boxes to supplement the work of heavier guns in the defense of Singapore Island against a crossing of Johore Strait, which separates Singapore from the mainland.

So Sum Club Sews For Red Cross In Meeting Wednesday

Celebration of Mrs. James G. Harper's birthday was the high point of the meeting of the So Sum Club with Mrs. Terry Elkin, Wednesday afternoon.

Sewing for the Red Cross occupied the group which voted to give the materials and finish the quilt upon which the club is working.

Refreshments were served to one new member, Mrs. Barney Grafe, and the following other club members: Mmes. S. M. Vaughan, B. F. Haag, R. J. Kelly, Harper, W. L. Pratt, Addison Wadley, N. B. Larsh, W. M. Schrock, E. C. Hitchcock, and the hostess.

Next meeting will also be at Mrs. Elkin's home.

FEMININE FANCIES

By Kathleen Eiland

Another reason we know that spring is nearly here: The display of chicken feeders, brooder stoves, and similar equipment for raising chickens featured in a store window. And anybody who thinks that the raising of chickens in mass production is a simple thing just hasn't had any first-hand experience with it.

The poultry raiser of today has come a long way from the days when Grandmother pencil-marked a setting of eggs, put them under a hen, and waited for nature to take its course.

Tinted glassware has never been one of our favorites. But the big shell-shaped glass plates in delicate pale shades of blue, pink, and green that we've seen recently shake our allegiance to the crystal ware. These are such lovely, fragile-looking things.

Seems queer to see red shoe polish, after all these years of buying black or white, brown or neutral. But we suppose that if milady chooses some of the bright red slippers that are being shown now, the red polish is logical.

And speaking of the slippers—we'd recommend them for any case of war blues, whether of war bride or girl-friend-left-behind.

Don't know whether it is the effect of the war work being done by women with the resulting demand for more comfort in footwear or just the continuance of a trend begun last season or the season before—but we note that low heels are as numerous as high ones in the shoe displays.

For which, having the kind of feet we do, we give thanks. And the low-heeled shoes have accomplished the near-miracle of looking definitely smart as well as comfortable.

FRIDAY
Belmont Bible Class will meet with Mrs. Gladys Holster, 600 North A Street, Friday afternoon at 3:30 o'clock.

Women's Golf Association will have its weekly luncheon at the Country Club, Friday at one o'clock. Mrs. J. H. Longabaugh and Mrs. P. H. Liberty will be hostesses.

Red Cross workroom in the Old Heidelberg Inn will be open Friday morning from 9 o'clock till 12 and Friday afternoon from 1:30 o'clock till 5. All women are urged to assist in the work.

Children's Service League will meet with Mrs. Robert Dewey, 1210 W. College, Friday afternoon at 2 o'clock.

SATURDAY
Trebble Glee Juvenile Music Club will meet at Watson's studio, 210 W. Ohio, Saturday morning at 9:30 o'clock.

Story Hour will be held in the children's library at the courthouse, Saturday morning at 10 o'clock.

League of Women Voters will meet on the third floor of the courthouse, Saturday morning at 10:00 o'clock.

There will be no Minuet Club dance Saturday night on account of the President's Ball earlier in the week.

Midland County museum in the courthouse will be open Saturday afternoon from 2:30 o'clock until 5. The public is invited.

Dance at soldiers recreation room from 8:30 to 11:30 Saturday night, limited to soldiers in uniform and Corps Club members. Corps Club members wishing transportation are asked to call hostesses. The affair will be informal and there will be no dates. No civilians.

Wives Of Sloan Men Will Be Employed

Wives of enlisted men at Sloan Field will be offered places as waitresses in the new cafe opened by the Post Exchange, it was announced Thursday through Lieutenant James L. Duke, exchange officer.

Many of the men at the field are married, and the opening of these positions for their wives will make it possible for more of them to bring their families to live in Midland.

The new cafe is open to both military and civilian personnel at Sloan.

Navy Blacks Out Corpus Christi

CORPUS CHRISTI (AP)—Corpus Christi was blacked out Wednesday night at the order of Capt. Alva Bernhard, commandant of the Naval Air station here.

The order came after a submarine was sighted off the Gulf Coast from Port Aransas.

Radio stations KRIS and KEYS went off the air Wednesday night. Officials of the stations said they were ordered by the Third Inspector Command to suspend broadcast.

Parachute Department Opens At Sloan Field

A Parachute Department now is in operation at Sloan Field, with Lieutenant Foster L. White in charge. The department will inspect and care for the parachutes which will be used by Sloan Field personnel in the course of training at the Bombardier College.

Aircraft and warships went on a hunt for the first enemy U-boats to menace the Gulf Coast. Captain Bernhard said the undersea craft were "doubtlessly German."

No More Tea At Teas Of Austin Federation

AUSTIN (AP)—Sugar rationing notes: The Women's City Federation of Austin has decided to discontinue serving tea at monthly teas held in connection with art exhibits.

Woman Sent To Prison For Poisoning Husband

CROSBYTON, Texas (AP)—Mrs. Nancy Lucille Edge, 49, was found guilty of poisoning her physician husband, Dr. C. L. Edge, and sentenced to five years in prison by a district court jury Wednesday night.

Captain Laffer Will Speak In Monahans

Captain Glenn L. Laffer, public relations officer at Sloan Field, will make the principal address Monday night at a community rally in Monahans.

The program will be held at the Monahans high school auditorium.

Midget Reduces

TRYON, N. C. (AP)—The "Tryon Daily Bulletin," said by its publishers to be the smallest daily newspaper in the world, is to be even smaller. The war-time scarcity of paper has caused it to reduce its size from sheets 8 1/2 by 10 inches to 8 1/2 by 10 inches.

Is there a perfect coffee for you? Certainly!

Maybe you just haven't found it yet—the blend that suits your taste exactly.

If not, you certainly owe it to yourself to try Del Monte Coffee. Especially if it's flavor you're after. For you know how famous Del Monte is for flavor—in any food!

Isn't it worth a trial?

Two grinds—Regular and Drip Packed in both cans and glass—but always Del Monte Quality!

Extend Time For Purchase Of War Risk Insurance

A 120-day extension of time in which men in the service will have the privilege of buying national service insurance has been allowed, the privilege now running to April 19, 1942, it was announced at Sloan Field Thursday.

The original law stated that all men must apply for the insurance within 120 days after entering the service. Many men passed up that opportunity, but, since the beginning of actual war, calls have increased and the law has been amended to allow an extension of the time.

250 Missing From Ship Sunk By Sub

SAN JUAN, Puerto Rico (AP)—An Axis submarine appeared Thursday to have inflicted the heaviest loss of life in enemy forays off United States waters with 250 persons, including Americans, dead or missing in the torpedo sinking of the Canadian liner Lady Hawkins.

Only one boat-load of 71 survivors was accounted for from the ship which sank Jan. 19 so suddenly that even an urgent call for help could not be sent.

Seventeen survivors are Americans, 12 from St. Joseph, Mo.

Another Fireside Chat Probable Next Month

WASHINGTON (AP)—President Roosevelt expects to tell the nation by radio about the progress of the war effort around February 22 and the White House said Thursday that by that time "it is quite possible he will have things of importance to say."

Presidential Secretary Stephen Early disclosed Mr. Roosevelt's intention to speak. He said that the White House had been receiving many requests that the Chief Executive make another fireside chat to the country "to dissipate poisonous and troublesome rumors and insofar as possible to give the country a clearer and better understanding of the war and all that it involves."

He said the President did not feel that the present was a very good time to talk to the people but thought late next month would be more propitious.

Air Liner Plunges In Sea; All Are Saved

RIO DE JANEIRO (AP)—An air liner carrying Enrique Ruiz Guinazu, foreign minister of Argentina, and other delegates home from the Rio De Janeiro Pan American conference fell into the sea Thursday, but all aboard were saved.

Ruiz Guinazu suffered a chest injury. The accident occurred as the plane was taking off from the Rio De Janeiro airport.

Don't miss this... **waffle syrup supreme**

You can't imagine anything more tempting on a cold morning—or evening, than waffles covered with this sizzling hot combination. You'll say the blend of ham and KARO flavors is super-delicious! Fix some tonight!

SYRUP SUPREME

1 slice (about 1 lb.) ham
1 1/2 cups KARO (blue label) 1/2 cup water
2 tsp. prepared mustard 1/4 tsp. cloves

Cut ham into cubes. Place in frying pan, brown. . . Combine KARO, water, mustard, cloves. Pour over ham. Continue cooking over low heat until ham is cooked. Serve hot over waffles.

When you serve KARO syrup with waffles, pancakes or French toast, you're serving extra food energy. For KARO is rich in Dextrose, food-energy sugar.

Midland Downs Andrews 42, to 23

Charlie Kelly Is Spark Plug Of Revived Bulldogs

Featuring a one man scoring machine in Charlie Kelly, the Midland High Bulldog Casers soundly whipped Andrews High 42 to 23 in a practice basketball game at the Midland gym Wednesday night.

Opening the first period with a crisp shot, Kelly put Midland in the driver's seat which he held throughout the game. Moore tied the score at 2-all midway in the period, but again Charlie Kelly dropped a crisp shot through to keep the Bulldogs in the lead. Woolan of the Andrews squad whipped in a free toss, Jimmy Watson of Midland a field goal and Woolan a basket to end the first frame with the score 6 to 5, Midland.

The second stanza opened as did the first with Kelly making two points. Moore sunk a basket for Andrews, but keeping that never ending stream of balls going through the basket, Kelly started the Bulldogs to moving away with a basket and a free throw. Bill Wells added a field goal, Kelly another goal, and the night's defense artist, Jimmy Watson, dropped in two points to make the half-time score read 18 to 7, Andrews having scored only 2 points during the period.

The third period found Bill Wells opening the scoring with a basket for the Bulldogs, but Andrews' Moore came fighting back shortly with one to match it. Just to get things started right, Charlie Kelly dropped in a basket, Moore a goal for Andrews, Wells a goal, Moore a goal, but Bulldog ace, H. G. Bedford put up one that Andrews couldn't match by scoring two field goals before anyone had a chance to stop him. Trying hard to match Bedford's performance, Moore scored a goal, Charlie Kelly a goal, and Moore a goal and a free toss to end the quarter with Midland still out in front, but this time by 30 to 18.

Back to finish the game in his own way, Kelly opened the final heat with a goal to which H. G. Bedford and Bill Wells added a goal each. Little scored a toss, Moore a

Coach Bill Chandler of Marquette is awed by contrast between sophomores Jack Dentinger, 6-6, and Dick Collettine, 5-4, roommates and center and forward, respectively, on Hilltopper team.

Hilltopper and a Half

Games With Army Slow To Get On Preferred List

ATLANTA (AP)—It looks like light fare for football teams of Army and Navy posts next fall, unless they organize their own leagues. Most Southern gridiron powers are sticking to collegiate foes.

Although smaller schools like Mercer University at Macon, Ga., Howard College at Birmingham and the University of the South at Seawane, Tenn., have abandoned football, members of the Southern and Southeastern conferences show little inclination to fill open dates with service games.

Withdrawal of Mercer left Georgia's Orange Bowl champions without an opening game, but Dr. W. O. Payne, faculty director of athletics, said:

"I think we will try to find collegiate competition. Of course, if we cannot do so, we might consider a service game later on."

Coach Frank Thomas of Alabama, 1942's Cotton Bowl champion, scheduled Mississippi Southern College after Howard College withdrew. He said this gave Alabama nine games, but if any other opponents discontinued football, service teams would be considered.

South Carolina in the Southern Conference, and independent Xavier of Cincinnati, were the only schools reported actively seeking games. Coach Rex Enright said South Carolina hoped to book an opening game with Fort Jackson Sept. 19 and another game with Camp Croft Oct. 10. Both Army posts are in South Carolina. Xavier's athletic director, Clem F. Crowe, said he had open dates Oct. 10 and 31 and hoped to fill one with a service game.

Florida, Clemeon and William and Mary were considering the possibility of service teams as opponents, but none had reached definite commitment.

Washington U. Coach Likes Block-Tackle

SEATTLE (AP)—Coach Ralph (Pest) Welch, the big fellow who was fired as University of Washington freshman football coach in December and rehired in January as head man, will concentrate on the fundamental rock-'em and jolt-'em system of play.

"Blocking and tackling are the two big words in my football book," responded the former Purdue all-America back to the question of what style of offense his Washington varsity would use next fall.

"If a team can block and tackle, and I really mean the rock-and-pound sort of blocking and tackling, the offense will go whether the team is using the Notre Dame, single wing, T-formation or the punt formation styles.

goal, and Sealy a goal for Andrews, and from there on it was Kelly rounding the game in with three more baskets for a Bulldog grand total of 42 points against 23 for Andrews.

Charlie Kelly went ahead of the field for high score honors with 23 points, and Moore of Andrews coming second, having 15.

"B" SQUAD WINS

The Midland B squad made it a clean take for the night's performances by rolling over the Andrews B 20 to 15, with every reserve on the squad playing as much as a quarter. Little Billy Richards lead the Midland attack with 16 points for high score, while Roberts was high for Andrews with 5 points.

Box score:

Midland	fg	ft	pt
Wells	4	0	2
Bedford	3	0	0
Kelly	10	3	1
Waston	2	0	2
Stickney	0	0	4
Daugherty	0	0	1
Andrews	fg	ft	pt
Moore	7	1	2
Little	0	1	2
Roberts	0	0	0
Tom	0	0	0
Zimmerman	1	0	0
Woolan	1	1	0

Sports Roundup

By Hugh Fullerton, Jr.

NEW YORK (Wide World)—Jackie Conn, Billy's kid brother, is about to start a ring comeback at the ripe old age of 19. He has been working on a farm and reports he is packing 198 pounds of muscle which makes us wonder whether it would be better for Billy to become a farm hand or to teach Jackie to fight. Couple of Oregon colleges are going to try

Hugh Fullerton, Jr. putting the basketball derby officials in Crow's nests behind the backboards and giving them loud speakers to explain their whistle tooting. Linesmen, who won't be on the court, will call out-of-bounds.

Today's Guest Star
John Mooney, Salt Lake Telegram: "Since athletics are falling in line significantly with the defense bond and stamp buying program, why wouldn't it be the patriotic attitude for some of those well-known proselyting institutions to pay off their athletes in bonds and stamps instead of scholarships and tuitions?"

Service Dept.
Marshall Wayne, who won the Olympic diving championship in Berlin, is a lieutenant in the Third Photographic Squadron. He says he hopes to dive on Berlin next time from something higher than a 33-foot tower. Five Texas Army establishments, Brooks, Randolph and Kelly fields, Fort Sam Houston and Fort Duncan, will enter teams in a southwest service roller derby tournament in March. Joe Guyon, Jr., former Catholic U. grad and son of the old Carlisle star, is about to become the first American Indian to fly for the U. S. Navy.

Shear Nonsense
Hitting hard for more colorful reporting, the Washington Post recently described a gal wrestler as "a bustlebound blonde." Tommy Fitzgerald of the Louisville Courier-Journal claims the eastern colleges shouldn't have trouble finding reserve football material next fall—not with all those subs off the coast. And Jack Troy of the Atlanta Constitution thinks the war may cut so heavily into reserve material that they'll be calling them "curtail backs."

Hot Stove Warmup
Judge Landis has asked Pacific Coast league officials for the files of the case of expectorating Eddie Mayo vs. Umpire Ray Snider, which was supposed to have been settled when Mayo was restored to good standing. Jack Zeller says if Dick Wakefield can hit, he'll have a job with the Tigers but Piedmont League scribes wonder if Jack and Del Baker won't weaken when they see Dick try to field a ground ball. When Lou Boudreau was in Cleveland for the Jeff Heath dinner, he ducked the brass hats and collected a bunch of the players for a barbering session in his room. Ted Gullic writes Milwaukee club bosses that he had a "disappointing" hunting season. He bagged only 401 pheasants instead of the usual 500. Just like a ball player—complaining about his average.

March Of Progress

MEXICO CITY (AP)—Machine warfare has penetrated the Mexican military academy. Graduating cadets used to receive a diploma and a sword—now they get a diploma and a .45 calibre automatic pistol.

Many Visitors At Crane Eastern Star Initiation Service

CRANE (Sp)—The deputy grand matron, Beulah Betsy Hoback, of Lamesa, presided at a recent stated meeting of the Crane Order of the Eastern Star. A large number of out-of-town guests attended to see the initiation ceremonies. A buffet supper was served.

Among the visitors were: Myrtle Weatherby of Kermit; Mrs. J. H. Hankins, Tulsa; Mrs. Mae Westfeldt, Kermit; Lillian Morris, McCamey; Viola Talley, Big Lake; Mr. and Mrs. O. D. Smith, McCamey; Mr. and Mrs. W. O. Mayes, Sandhills; Mr. and Mrs. E. Craft, McCamey; Ona Bittenbaugh, Cora Heath, Arlis Candler, and Leona Roberts of Andrews; Marjorie Cox, McCamey; Mr and Mrs. H. H. Talley, Big Lake; Laura Ferguson, San Angelo; Lee Locks, Sandhills; Bonnie Stamford and W. H. Caudle, Andrews.

Many Government Positions Open

Men qualified in aviation, orthopedics, lithography, photogrammetry and topography are being urged by the U. S. Civil Service Commission to apply for examinations announced this week and open until further notice. No written tests are required.

Trainee junior inspectors in aeronautics, who are paid \$2,600 a year, will be given a training course by the Civil Aeronautics Administration and may progress to inspector positions paying from \$3,200 to \$5,600 a year. Young flyers, 21 to 30 years of age, who have had 4 years of appropriate technical experience in aeronautics may apply if they have a current commercial pilot's certificate of competency; or if they have completed the Civilian Pilot Training Secondary and Cross Country courses and also have a civilian pilot's certificate of competency; or if they have graduated from a flying school of the Army, Navy, Marine Corps, or Coast Guard and had active service. College study may be substituted for part—and in some cases, all—of the technical experience.

Bracemakers, shoemakers and leatherworkers, linemen, and skillful generators, orthopedic mechanics will be appointed as a result of the examination for Orthopedic Mechanics. The salary is \$2,000 a year. Persons 25 to 53 years old, who have had 5 years of appropriate experience in orthopedic work within the past 10 years, are eligible to apply.

The examination for Lithographic Artists and Mechanicals, \$1,440 to \$2,000 a year, is open to skilled workers and students in lithography. Nine months' general experience in lithography required, and for all but the junior grade, additional specialized experience. Appropriate defense training courses and technical or college study may be substituted for the general experience. The age limits are 18 to 53 years.

The commission has reissued the examination announcement for photogrammetric and topographic engineering aids. The Junior Grade (\$1,440 a year) has been added. Positions paying from \$1,440 to \$2,600 a year now included in the examination. Appropriate civil engineering education, including some work in the optional branch is required. The provisions for substitution of training and study for the experience prescribed have been liberalized. Applications will be accepted from otherwise qualified students if their courses will be completed within 4 months of filing.

Civilian Workers For Pearl Harbor Needed

Civilian workmen are needed at Pearl Harbor, and the Civil Service Commission is taking applicants. Transportation will be paid by the government, and good living accommodations are available. No dependants may accompany the men. Men having qualifications in the trades listed below are urged to contact Frank Smith at the Midland post office immediately. Positions open include: Boilermaker, blacksmith, iron chipper and calker, cooper, electric cranesman, pneumatic drillers, ship and shop electricians, forgers, instrument makers, loftsmen, machinists, ordnance mechanics, plumbers, and insulators, radio mechanics, riggers, and shipfitters.

Hogan Shoots For Crosby Tourney Win

RANCHO SANTA FE, Calif. (AP)—Little Ben Hogan, who's never won it, hopes to break up Siammin Sam Sneed's monopoly on Bing Crosby's Rancho Santa Fe golf tourney this week.

As final practice firing resounded over the course, 135-pound Hogan was the center of attraction. He has gathered in the major portion of prize money along California's fast fading 1942 winter tournament trail. He won the \$10,000 Los Angeles Open, the San Francisco Open and was a runnerup in the Oakland Open.

Mrs. Ida M. Morris Is Ward Explosives Agent

MONAHANS (Sp)—Mrs. Ira M. Morris, county clerk, has been named explosives agent for Ward County by the Bureau of Mines of the Department of the Interior. The agent will have charge of issuing permits for the use of explosives in the county.

Roeser To Direct Drive For Scrap Metal And Rubber

FORT WORTH—Charles F. Roeser, Fort Worth, general chairman for District Three of the national petroleum co-ordination set-up today was named chairman of the Texas Mid-Continent Oil and Gas Association drive for collection of scrap metal and rubber in the oil industry.

Charles F. Roeser

Roeser, in accepting the chairmanship, extended the drive to cover not only Texas, but also all other states of District Three, including Louisiana, New Mexico, Arkansas, Mississippi and Alabama.

"The collection of the scrap of the oil industry is too important to confine merely to Texas," Roeser said. "I am therefore enlarging our drive to cover all six states of District Three, and am asking the Texas Mid-Continent to co-ordinate the campaign over this entire area through its affiliated organizations."

The collection of oil field scrap iron, steel, aluminum and rubber will be re-used in making field goods which are vitally needed to supply the additional oil and find the new reserves called for by the Nation's victory program.

"Also, it can prove to be of benefit to our industry in its efforts to drill new wells and make the other expansions which the increased demands upon our industry make necessary. Some of this scrap doubtless will be re-used in making field goods which are vitally needed to supply the additional oil and find the new reserves called for by the Nation's victory program."

Shell Expanding To Meet Rubber And Fuel Needs

The Shell Union Oil corporation, through president R. G. A. Van Der Woude, has announced that preliminary figures indicate earnings in 1941 of \$21,300,000. From that amount it is proposed to deduct \$4,000,000 for special reserve, leaving net earnings of \$17,300,000. The reserve will be used against the properties, plant and equipment account.

"The net income," said Van Der Woude, "before making this special provision, is equal to \$1.63 a share on the 13,070,625 shares of \$15 per value common stock, and compares with \$1.05 a share on common stock in 1940. Early in 1941 the 5 1/2 per cent preferred stock was redeemed in full. The above earnings are after providing for \$9,900,000 federal income taxes, as compared to \$3,800,000 in 1940.

Shell is now constructing several large projects for production of war material, and is discussing with the government the erection of a plant which will produce thousands of tons of butadiene annually, an ingredient of synthetic rubber. A plant of this character, built last year, is now producing several thousands of tons per year. Toluene plants are likewise being built or planned.

"Mr. Van Der Woude also said that Shell is working on new plants for the manufacture of high octane gasoline," said H. J. Kemler, West Texas manager. "This will increase Shell's already large output of this essential aviation fuel by nearly 70 per cent, and will represent a major addition to the nation's supply of this fuel."

Judge Drane Will Open District Court Monday

MONAHANS (Sp)—Judge J. A. Drane will open the February term of 109th District court here Monday and will hear a full docket of civil and criminal cases. Criminal charges are to be heard in the third week.

Gilbert Wallace Grad Of Army Radio School

MONAHANS (Sp)—Pvt. Gilbert Wallace, son of D. T. Wallace and Mrs. Opal Wallace of Monahans, has been graduated from Scott Field, Ill., radio university of the Army Air Corps. Wallace will be assigned soon to another post where he will be in the communications division.

Army Chapel At Sloan Is Example Of Democracy In Action; Impressive Structure Is A Welcome Haven For All Creeds

A clear-cut example of Democracy in action is the Army Chapel, where all may assemble and worship according to the dictates of their own creed, instead of an ersatz religion set-up, founded and controlled by the State.

And the key man in the Army's religious, moral and spiritual life is the Chaplain, whose counterpart is found in few, if any, other great military systems of the world.

For on the Chaplain's shoulder lies the burden of seeing that each man has the opportunity to worship

as he pleases, that proper moral and spiritual guidance be given to those with problems, that regular services are carried on for men of different denominations, and that each man gets help if he needs it in adjusting himself to the difference between civil and military life.

A Chaplain has not yet been appointed for Sloan Field, but it is expected that the appointment will be made in the next few days and that the "Holy Joe," as Chaplains are affectionately called, will soon report. And when he reaches the

"Bombardier College of the Air," he'll find everything set-up and ready to go.

Sloan's Chapel, seating around 400 persons, is completed and ready for regular services to begin. The building is constructed in the same general style as most other army buildings, but it does have a steeple and bell. On the interior the building is finished with wall board, resembling huge blocks of stone, and the woodwork is stained a walnut color, so that in the soft light that streams through the stained-glass

Nothing Could Be Any Fairer Than This

CAMP DAVIS, N. C. (AP)—Seen anyone with a pay telephone station? Well, you might notify the Camp Davis signal officer who posted this notice:

"Will the person or persons who inadvertently appropriated pay phone from wall of recreation hall for souvenir, please return telephone. Coin box may be kept as a personal memento. Telephone is urgently needed. We have a number of customers waiting for service."

windows in the afternoon, the inside of the building sometimes resembles an old English monastery.

How Not To Do It

BROOKLYN, N. Y. (AP)—Throwing money away cost a Brooklyn man another \$5. He was fined for disorderly conduct when he stood on a street corner flinging paper money into a crowd. Previously the man had been arrested for playing policeman at a busy intersection.

But No Shillelahs?

BALTIMORE (AP)—Police received enough strange weapons from enemy aliens, following nationwide orders, to start a museum. Among the 1,003 articles handed in were: three ancient sabers; a sword cane, a rifle carried by a German soldier in the Franco-Prussian war.

Sloan Field Boasts Largest Ordnance Company In The Army; Indicates Something Of Importance Of Field

BUSY WAR WORKERS combine fresh and canned foods for quick house dinners.

Handles Bombs For Practice; Picks Up Duds From Targets

To the experienced soldier the best indication that Sloan Field will undoubtedly be the largest bombardier training base in the United States Army, is the fact that it is the station of the largest Ordnance Company in the Army. At most air fields Ordnance work is taken care of by a small detachment, seldom by an entire company.

The Ordnance Department is the branch of the Army that is entrusted with the designing, procurement, servicing and issuance of all the weapons of warfare used by the armed forces. Although, numerically speaking, it is one of the smallest branches of the Army, Ordnance operates one of the largest schools in the Army to train its personnel in the highly technical work that it does. The school is located at Aberdeen, Maryland. The 437th Ordnance Company (Aerial), the Sloan Field company, has many graduates of the Aberdeen school.

Captain Kenneth A. Mack, commander of the 437th, is a graduate of the Ordnance Officers School, and before coming to Sloan Field assisted in the forming of the Eiling Field Ordnance Company and Ordnance set-up at that station.

At Sloan the Ordnance Company's principal duty is the loading and delivery to the Air Corps of the thousands of practice bombs that will be dropped by the bombardier cadets. The practice bombs are a duplicate in outward appearance to the regular 100 pound demolition bomb, and have a sand load with a four pound black powder spotting charge. When the bombs arrive at the field from the manufacturer they are empty and are loaded and stored by the Ordnance company until they are needed.

Another duty of the company will be the destruction of duds on the bombing range. A small percentage of the bombs will fail to explode when they hit the target, failure is usually due to some mechanical imperfection in the bomb, but sometimes failure is caused by an inexperienced bombardier dropping a bomb that is not armed.

It may surprise some people to know that air bombs can be dropped thousands of feet and not explode when they strike the ground. On each bomb is a little gadget that, unless the bombardier intends otherwise, prevents the bomb from exploding. Occasionally the bombardier forgets to operate the proper control that causes the bomb to "arm" or, in other words, become explosive, and the Ordnance Company has another duty to destroy.

Still another duty of the company at Sloan will be the maintenance of the arms used in post defense and police work. For such work the company maintains a small arms department which can do nearly everything from tightening a loose screw on a gun to building a complete rifle.

When the 437th arrived at the field a sergeant with a long string of service stripes on his left arm was heard to observe: "That's the most Ordnance man I've seen in one bunch in my twenty years in the Army, and from the looks of things this field is going to be the pappy of all bombardment schools."

Hosiery Reclaiming Is Planned For South

ATHENS, Ala. (AP)—"Reclaimed," not entirely a new word with respect to tires and rubber, brings news in connection with stockings.

The idea started at Athens college where a third of the students had worked their way through school by operating a hosiery mill. Then came the shortages, which meant there wasn't any work in the mill.

To furnish work for students who couldn't go to school unless they earned their way, Dr. E. R. Naylor planned a campaign to ask for worn-out silk and nylon hose. The hose will be "back-wound" into good thread for knitting new stockings. He estimated that no matter how badly the stockings were damaged, more than half the silk or nylon could be reclaimed.

New Demand Is Seen For Social Workers

NEW ORLEANS (AP)—A great increase in the demand for social workers as a result of the war is seen by Dr. Elizabeth Wisner, dean of the Tulane University school of social work.

"Already numerous social workers from Tulane University have gone into defense or wartime jobs," she said. "It was during the last war that social work received its impetus as a profession, and the problems created by this war probably will cause a great upswing again."

Dr. Wisner, a former medical social worker with the American Red Cross, said morale problems among men in the Army, which were among the greatest social workers had to deal with before the war, should virtually disappear now.

Movies Now Aiding In Nabbing Pickpockets

MEXICO CITY (AP)—Movie-goers here can look over the pictures of the city's most notorious pickpockets and sneak thieves now while they wait for seats at a super-production. The police force, which posts pictures of a new cast of characters every week in the movie lobbies, put this notice under the photographs: "Possibly this criminal is beside you now. Be careful!"

Horse Thieves Are Still Being Hanged, But Now All In Fun

PHILADELPHIA (AP)—The Union Society for the Detection of Horse Thieves and the Recovery of Stolen Property held an annual luncheon—and a hanging.

This Montgomery County organization is 130 years old and numbers 300 members. Until 40 years ago when the automobile began chasing the horse off the road, it was a serious organization. Its membership includes the county's most prominent citizens, descendants of the founders who organized when horse stealing, next to murder, was the most serious of crimes.

The modern hangings, of course, are mock ones and this year's scheduled victim was Senator James J. Davis, but when he was unable to attend, the society picked on Leroy Miller, local radio entertainer.

Guest of honor at this year's hanging was Harold G. Hoffman, former Governor of New Jersey. He was met at the railroad station by a stagecoach provided by the society to take him to the Melrose Riding Academy, Melrose Park, scene of the celebration. On the way, Miller held up the coach and stole one of the horses. The society's "riding committee" set out in pursuit and soon apprehended him.

Judge Vincent A. Carroll, of Philadelphia, dispensing with the usual trial on account of the cold weather, declared the prisoner guilty. Just as the noose was put about his neck and thrown over a beam, somebody announced lunch and the execution was forgotten.

Loosen Up Thick Choking Phlegm of BRONCHIAL ASTHMA!

Spend 45c today at Taylor Drug, Palace Drug, City Drug Store, or any drug store for a bottle of Buckley's CANADIAN Mixture (triple acting). Pour yourself a teaspoonful, let it lie on your tongue for a moment, then swallow slowly. Feel its instant powerful effective action spread through throat, head and bronchial tubes. Start at once to loosen thick choking phlegm making breathing easier.

No claim is made that Buckley's is a cure for Chronic Bronchitis or Asthma but sufferers often find Buckley's CANADIAN Mixture (the largest selling cough medicine in all Canada) starts right in to quiet coughing spasms and loosen up that choking phlegm which seems to clog the tubes and make breathing difficult. It helps many to get a better night's rest. (adv.)

McKENNEY ON BRIDGE

By Wm. E. McKenney
America's Card Authority

One of the largest and most important of the sectional championship events is the Eastern, which will be held in New York Feb. 28 to March 8. The Eastern open pair event still holds the all-time record for one event—172 pairs.

In 1935 this event was won by Harry B. Raffell and Melville Alexander of New York, and the late Louis H. Watson and myself finished in second place. I recall

that after one hand that Louis played, I said, "Why didn't you take that heart trick when they offered it to you, Louis?" And he replied, "Beware of the Greeks bearing gifts. If I had taken that heart trick, I would have lost the contract."

Here is the hand. The first trick was won by Louis' diamond jack over the nine. He then led clubs, forcing out the ace on the third round, on which East discarded the deuce of spades.

In response to this slight indication, West shifted to the eight of hearts. After some consideration, Louis played the jack from dummy. East cleverly played the queen and, after further thought, Louis let him hold the trick.

East led a low heart in the hope that South had a doubton and West three hearts, but the lead was won by dummy's ten. After cashing the clubs, Louis led the queen of spades, let it ride to the king, and thus set up a ninth trick.

Had he taken the first heart, he could not have cashed nine tricks before letting West in with the king of spades, whereupon another heart lead through dummy would have ruined him.

Season's Brightest

8116

You'll mark the day when you first wear this frock with a red letter—because it will be a day when you'll feel outstandingly well dressed! For here is one of the most flattering dresses ever designed to make matronly figures look slim and youthful! You'll find every feature helpful—the side bodice sections which improve your bustline, the vestee effect which achieves trimness through the waist—the crisp collar which finishes the neckline so jauntily.

Pattern No. 8116 is designed for sizes 36 to 52. Size 38, short sleeves, requires 4 5/8 yards 35-inch material, 3/8 yard contrast material for collar.

For this attractive pattern, send 15c in coin, your name, address, pattern number and size to The Reporter-Telegram Today's Pattern Service, 211 W. Wacker Drive, Chicago.

Study the new Fashion Book for inspiring ideas on home sewing. This complete catalogue shows all of our new styles for spring. Send for your copy today.

Pattern 15c, Pattern Book 15c, One Pattern and Pattern Book, ordered together 25c. Enclose 1c postage for each pattern.

It's A Problem To Cook When So Many Unexpected Guest Arrive

Housewives who call down the wrath of heaven upon erring husbands who unexpectedly bring guests home for dinner would, if they knew the facts, be filled with mute compassion for the Army mess officers and sergeants, who have the job of making certain that their soldiers are well filled and fed.

For example, Second Lieutenant Donald D. Lettow, mess officer at "The Bombardier College of the Air," and his assistants are never quite certain how many hungry mouths they'll be called on to fill, since Sloan Field is now nearing completion and troops are arriving almost daily.

The big problem, according to Lieutenant Lettow is to provide enough food, and yet not have any waste or excess perishable goods, since each man is allotted just so much a day for food, and any waste cuts down on each man's rations.

However, a noble solution has been found to the problem, and it seems to be working perfectly. Since soup, in most any form, is a favorite with many enlisted men, a large quantity is brewed up for each meal, and generally it's all consumed. Even if a whole division should drop in unexpectedly sometime, there'd soon be enough soup to go around since it would be possible to make 200 gallons in each of the mess halls at one time.

The soldiers, at meal time, pass into the mess hall, pick up silverware, plates, and cups and pass through the line" where the food is dished out, cafeteria style, by the cooks and "K. P.s." After the meal waste or excess perishable goods, each man carries his own plate to the wash rooms, scarpes the refuse

"Now here's one that will let people know you still have some of your own!"

SIDE GLANCES

into a can, and passes the china in to be washed.

At most Army posts soldiers use large aluminum platters that are separated into sections so that the various foods keep from mixing together, since most of the men like to have the "vitales" piled high, but as yet only heavy china plates are in use at Sloan. Instead of easily broken glasses, the soldiers use heavy cups for their beverages.

It requires six cooks, two butchers and two bakers, all using the most modern equipment, including automatic "potato peelers" to man each mess hall. Since the mess hall is open at night to feed the guards, the cooks work a shift of 24 hours and are then off for 24. However, in order to get breakfast ready for consumption by 6:00 each morning the cooks have to leave their beds around 3:30 each morning.

Cooks are assisted by "K. P.s," furnished the kitchens by the various squadrons. Each man in the organizations, except the non-commissioned officers, works in the kitchen when his turn comes around.

Red Ryder

Freckles And His Friends

Washing dishes, via "China Clipper" (automatic dishwasher), scrubbing mess tables, benches, and floors 'till they shine, setting tables, and helping the cooks prepare the meals is the lot of the KP.

Boss of the cooks, bakers, butchers and KP's is the mess sergeant, who appropriately is named Tech. Sgt. Edward COOK.

It's his job to keep everything running smoothly in the kitchens and the dining rooms, to purchase supplies, to help prepare menus, and to oversee the preparation of all foodstuffs.

Where the average housewife cooks in terms of pounds and dozens, the mess sergeant figures it by the hundreds of pounds, and by the gross.

For example, in a typical day, it takes 600 pounds of potatoes, 600 pounds of bread, 500 pounds of meat, 1000 half-pints of milk and proportionately huge quantities of sugar, coffee, butter, syrup, and fresh vegetables to feed the men at Sloan Field soldiers get the best of food, here's a typical menu—

University In High Gear For War Duty

ATLANTA (U.P.)—Emory University has been placed on a wartime basis with a year-round scholastic program stressing national defense subjects.

President Harvey W. Cox of the Atlanta school has issued an open letter to the 1,500 students and 27 faculty members on "Emory's part in the war."

He announced that for the duration of the war, the Emory faculty will go on a 12-months schedule. In every division of the university, including medicine, the summer quarter will be the same as any other semester, to enable students to complete a four-year course in three years.

Among special courses which will be offered are first aid and fire protection, elements of radio circuit construction, glass blowing and ballistics; geography, public opinion and propaganda; Portuguese and Latin American relations.

The Emory medical unit of the first World War has been reorganized and is ready to serve wherever needed.

Editor Envisions Union Of All American Nations

SCHENECTADY, N. Y. (U.P.)—Don Alberto Rembao, editor of the South American newspaper, La Nueva Democracia, envisions a federal union of the Americas, which he said would be the "international experiment of the ages."

Abolition of all tariffs and of all immigration and passport laws and compulsory study of Spanish and Portuguese in the United States, and of English in South American countries, are part of Don Alberto's plan for a Pan-American union.

Speaking on inter-American relations at Union College, Don Alberto said that one of the simplest things the people of the United States could do to increase inter-American friendship would be to give up their monopoly on the name "Americans."

He said the people of the other 20 American republics are as much Americans as the people of this country, and they are annoyed when they are referred to as "Latin Americans, Ibero-Americans, etc."

Quartermaster Corps Helps Design War Uniforms For Women

Women of the United States going into uniform for any phase of war work will want no feminine furbelows and frills, the designer of such clothes in the Quartermaster Corps of the Army believes.

He is L. L. Freedman, member of a family of clothes designers active for three generations at Rochester, New York, the masculine style hub of the nation.

The uniform of the soldier in the Army of the United States is only one item standardized by this office for purchase by the War Department. But the wide experience and well functioning facilities for creating new uniforms already developed by the Corps has led Civilian Defense and other governmental agencies to ask for designing aid from this branch of the War Department.

"When we have been asked to design uniforms for civilian or Air Corps women workers, we have proceeded on the assumption that these women want this type of clothing very much like that used by men in the same activity," explained Mr. Freedman.

"We have tried to incorporate in the women's uniforms the clear cut lines, the simplicity of jacket and sleeve length used by the soldier. In fact, some of the women's uniforms appear as a youth's edition of the masculine uniforms worn in the specific branch of the service they are helping. We try to design the feminine outfits so that they may be identified by the traditional clothing worn by the men in the same jobs. Since modern warfare has introduced so many new civilian services for women, we may expect

to see many new uniforms to fit those functions.

"In designing functional clothes for women—such as the new working uniform for the Army Nurse Corps—ease of movement as well as good looks must be considered. The American woman is the outdoors, active type. Her clothes must be planned with that as the primary consideration.

"United States fashions for women today, are the best this nation has ever known, in my judgment. The reason for this is the efficiency and artistic eye of the American designer. This country, instead of Paris, is now planning women's clothes here, and these designers understand the kind of lives our women lead."

The genesis of a uniform for the Army and its branches involves research as well as designing and production. Any fundamental change of uniform, such as the color, for instance, would require the approval of the Secretary of War. The people of this nation feel about the soldier's uniform very much as they do about the flag of the land.

Once an idea for a new item of soldier-clothing is born or such a requirement arises, the research begins. All kinds of information about the material, trimmings, wear and the experience of a similar type of garment, is sought far and wide in books, current periodicals both domestic and foreign, and by personal interviews. When the sample is finally made up after the research proves the original idea feasible, much time is spent by the clothing technicians in considering it before giving final approval. Considerations involved in this procedure are field service, how the proposed item launders and dry cleans and other laboratory tests.

New Army Nurse Uniforms Are Fashionwise

Uncle Sam has recognized officially that styles in women's dress change with the passing decades by recently approving one of the smartest looking functional uniforms in the country for the members of the Army Nurse Corps.

These working outfits are supplemental to the handsome new dress uniforms now being worn by the nurses when off duty from Army hospital stations. The white ward uniform and the horizon blue seersucker dress for more prosaic duties have just been made into sample form and will not be ready for issue for several weeks. The design is the work of the Standardization Branch of the Quartermaster Corps and the Army Nurse Corps and comes as a complete change after years of the old uniform which harks back to the early nineteenth centuries.

The last ward uniform for the Army nurse was put into the government issue about the time the flapper era was in full swing. This uniform was lacking in styling of any sort except for two knife pleats from shoulder to hem, both back and front. It was a square, loose dress that depended on a lowered belt to give it any semblance of form but it was regarded as the last word in uniform chic at the time it was adopted.

The new uniforms have gained in functional efficiency as well as appeal. They are built to allow plenty of freedom so necessary in the care of a patient and the skirts have five panels to give a fitted width. The waist line is normal, with plenty of fullness around the back under a yoke fitted across the shoulders.

Opening all the way down the front, the new uniform is easy to put on. Large metal fasteners are used for closing the skirt, and the blouse uses buttons. A deep hem is provided to permit lowering if necessary and the entire garment is designed to give a perfectly fitting uniform for the individual nurse, something that could not be done with the outmoded design.

The white poplin uniform will be copied in blue seersucker for the heavy work to be done by the nurse in her line of duty. This thick, narrow striped seersucker has all the washing advantages of the weave usually seen in the shops but it

Urges Prisoners Give Blood For Wounded

CHICAGO (U.P.)—Organization of the nation's prison inmates to a system of blood donors for wounded soldiers, sailors and civilians is urged by the Central Howard Association, prisoners' and parolees' welfare group.

The association said that many prisoners and parolees are anxious to serve the nation, but are prevented from enlisting in the army and navy.

"In view of the patriotic impulse expressed by many prisoners and ex-prisoners, and the fact that they are usually denied military service, a prisoners' blood bank would provide a channel through which they could serve the country," the association said.

"They are willing voluntarily to contribute blood gratis to an organization which will process the blood so that the blood plasma, or powdered blood can be made available to the army or navy medical corps, the Red Cross, and others needing blood because of the war."

appears to have more strength and good looks than the fabric used for civilian consumption.

Nurses with the American troops in Iceland have been remembered, too, by the Quartermaster Corps. An adaption of the parka furnished the soldiers on cold climate assignments is being considered for the nurses. This will be made up of water repellent poplin and lined with a pile fabric made from alpaca. Research on the nurses' parka was done at the American Museum of Natural History in New York City, with garments from the Byrd Polar Expedition collections as the sources of information.

Blackout Curtain Should Be Made Of Old Materials

WASHINGTON (U.P.)—Householders should make their blackout curtains from materials already on hand, according to OPA Consumer Division.

Two factors are cited for this request—to avoid a sudden expense to the home owner and to prevent needless drain of the country's supply of textile goods.

The division has formulated the following suggestions for blackout curtaining.

Do not try immediately to buy material for blackout curtains. Ascertain whether you will need them at all. Constant areas may be required to blackout nightly, but all-night, every-night blackouts over the entire country probably never will be required.

If you need blackout curtains, look over drapes, that may be adapted. Go through trunks and chests for blankets, quilts, bedspreads, rugs, carpets, dark oilcloth and slip covers.

Remember Ventilation

Put the cloth through a test. To be acceptable, it must admit no light when held before a lighted electric bulb.

All windows in the house or apartment need not be curtained. In many British domiciles one room is used exclusively during blackouts.

In hanging blackout curtains, remember that you need ventilation.

Navajo Indians On Civil Defense Duty

WINDOW ROCK, Ariz. (U.P.)—The 50,000 Navajo Indians on their vast Northern Arizona reservation have been organized for a Civilian Defense program, it was announced here by E. R. Fryer, superintendent.

Defense committees for 15 communities will be formed. In addition, there will be a district defense committee organized for each of the 20 land management areas.

A central defense council headed by Superintendent Fryer will coordinate and direct activities of the community and district groups. Contact will be maintained with the state defense councils of Arizona, Utah and New Mexico.

British experience indicates windows should be left partly open and curtains should be constructed accordingly.

Venetian blinds are not alone sufficient to black out a room, but closed and covered with dark material they will suffice.

Use of black or dark blue paint to cover windows may fit some situations, but it is not recommended for the average householder.

Keeps Him Healthy, Says Barefooted Boy

DETROIT (U.P.)—Russell Allen, 26-year-old Detroit die-maker, has a theory about health and he practices it.

Nightly, winter and summer, Allen can be seen leading a pack of curious onlookers down Detroit's streets. What his followers are curious about is why Allen is barefooted.

"I've been doing it for years," he tells them. "It's natural. Shoes aren't natural."

The husky Allen says that only two years ago physicians said he was a sickly specimen. Then and there he took his shoes off and left them off.

"And I began eating foods that hadn't been processed," Allen says. "Natural fruits and vegetables, understand—no pasteurized milk, which is unnatural. I also like raw beef, only I don't eat much meat."
