

Singapore Is Under Siege F.D.R. Approves Midland Housing Unit

125-Dwellings To Be Erected Here By U. S. Agency

Demountable Type Of Prefabricated Houses To Be Built Here

President Franklin D. Roosevelt took time on his sixtieth birthday to authorize the erection of 125 houses at Midland for non-commissioned officers and civil service workers at Sloan Field.

Telegrams to Mayor M. C. Ulmer and Bill Collyns, chamber of commerce manager, told of the President's order.

In a message to the mayor and Collyns, Senator W. Lee O'Daniel's secretary said:

"I have been advised by Division of Defense Housing Administration, the President has approved a unit of 125 demountable houses for the city of Midland."

Senator Tom Connally telegraphed: "Advise approval of 125 demountable units under Latham Act."

An Associated Press dispatch also told of the order and said the Midland houses would be constructed by the Federal Works Administration and that the houses would be the prefabricated, demountable type, several contractors said some of these houses are very attractive. Land Is Obtained.

On January 7, the Federal Works Agency announced the approval of 31 acres of land here as the site for the houses. The land is at the northwest corner of Illinois and H. Streets and an option on it has been obtained from the Midland Investment Company.

Original plans called for construction of 100 houses for married non-commissioned officers and 25 for civil service workers at the Bombardier College at Sloan Field.

Erection of the homes should start promptly now that President Roosevelt has approved the program.

Information from the Federal Works Agency's office in Fort Worth Saturday said homes built in the future for defense workers in Texas will be standardized.

This does not mean, however, that all will be alike. There will be one, two, and three bedroom units, but all will conform to some 25 or more standard plans which have been adopted by the Federal Works Agency.

Speed Up Construction These standardized plans, designed to speed up construction to meet emergency housing conditions created by the heavy population increase, have been approved by a special committee on defense housing standards. This action is expected to facilitate speedy preparation of working drawings for both permanent and demountable types of houses.

The plans will be made available to architects and housing authorities engaged in building the more than 70,000 homes authorized under the recent amended Latham Act, which provides \$300,000,000 for such construction.

Japanese Troops Retreat In China

CHUNGKING (AP)—Japanese troops were in full retreat toward Santon Saturday night after being defeated in a five-day battle with Chinese forces east of the city, an official Chinese communique said. "The Chinese Army is in close pursuit of the retreating Japanese," the announcement said.

WAR BULLETINS

SINGAPORE—(AP)—Jungle-weary British Imperials gave up the fight in Malaya Saturday, withdrew into the hot, tight little island of Singapore and prepared for a long and wasting siege in a desperate bid to hold this last inch of the Malay barrier until reinforcements arrive to reverse the tide of Japanese conquest.

BATAVIA, N. E. I.—(AP)—Furious battle on land, sea and in the air flamed Saturday between Dutch defenders of Amboina, the East Indies' second naval base, and a Japanese invasion force.

SINGAPORE—(AP)—Sultan Ibrahim of Johore said Sunday he would stay with his people "no matter what happens to me or may be said against me by critics far away from this troubled land."

NEW YORK—(AP)—The British radio said Russian submarines have sunk 43 enemy vessels totalling 170,000 tons.

15,000 West Texans Visit Sloan Field

Permian Basin Citizens Parade Through Giant Bombing College

Approximately 15,000 West Texans, in more than 4,000 automobiles, and representing every sector of the vast Permian Basin, paraded through Sloan Field Saturday afternoon, at the invitation of the commander, Colonel I. Davies, to get a glimpse of the nation's largest Bombardier College.

Ward And Gaines Counties To Get New Exploration

By Frank Gardner Oil Editor

Interest Saturday was claimed by new wildcat projects scheduled to be drilled in Ward and Gaines counties.

On acreage donated by D. C. (Doom) DeVito, Midland operator, Darby Petroleum Corporation of Tulsa will drill No. 1 University in Southeastern Ward County 660 feet from the south and 1,980 from the west line of section 19, block 16, University survey. Drilling contract will be let this week. The test will be carried to 3,500 feet unless production in the reef lime or sulphur water is encountered at lesser depth.

Out of a 963.85-acre block leased from the University of Texas at its land sale Nov. 14, DeVito assigned Darby the west half of the northeast quarter of section 18; the north half of section 19; the north half of the southeast quarter of section 20, all in block 16, University survey. DeVito also sold to Stanolind Oil & Gas Company lease on the south half of the northeast quarter of section 19. Location of the test falls three and one-half miles north and slightly west of the Spencer reef lime pool, in the discovery of which DeVito was instrumental, and one and three-eighths miles southwest of the Magnolia-Sealy (South) pool. Gaines Wildcat.

According to reliable reports, Fred Postelle, Odessa oil man, and M. S. Doss, Seminole rancher, will drill a 5,500-foot test in Southeastern Gaines County on land owned by Doss. Location probably will be in the center of labor 8, league 292, Lynn County school land, one and one-half miles south of the H. D. Mackenzies Lake. Nearest production is in the Cedar Lake pool of Northeastern Gaines, approximately 10 miles north by northeast of the new test.

Magnolia Petroleum Company No. 1 Lillian, Southern, Northwestern Dawson County test one and one-half miles northeast of Cedar Lake production, is drilling below 1,345 feet in red rock.

Gun-perforating of 5 1/2-inch casing cemented at 7,285 feet with 315 sacks is reported to have been started Saturday in Fullerton Oil Company No. 1 H. M. Wilson, deep Permian discovery well in Northwestern Andrews County. Operators had planned to perforate the pipe with four shots per foot from 7,210-80 feet, opposite the best pay zone. Hole is bottomed at 7,290 feet, plugged back from 8,095 feet to shut.

Thomason Sends His Congratulations On Opening Sloan Field

Midland citizens were congratulated Saturday, by telegram, by Congressman R. E. Thomason, ranking member of the House Military Affairs Committee, on the opening of Sloan Field. Unable to be present, Thomason expressed delight with the cooperation that the citizenship had given in handling many details from the time of the inception of the plan to the completion of the great Bombardier College.

His telegram said: "Very much regret important duties here prevent my being with you at opening of Sloan Field. Please extend my congratulations to all your civic leaders, Army officers, and the contractor for the fine spirit of cooperation that made possible the completion of construction in record time. Be assured of my interest and also my desire to assist in every way possible in making Sloan Field the outstanding Army Air School of the nation."

Big Navy Supply Bill Is Approved

WASHINGTON (AP)—A record \$26,495,265,474 naval supply bill won approval of the Senate appropriations committee Saturday, but before members had acted to prevent the transfer of any of the Navy's big fighting ships to other branches.

Because, members said, of reports that the administration planned to lease some war vessels to Latin-American countries, the committee voted to limit presidential authority over the transfer of ships to smaller types built under a \$1,000,000 allocation for emergency construction.

Midland Automobile Owners Buy 3,500 Federal Use Stamps

More than 3,500 Midland County car owners had purchased Federal Tax Stamps at the close of business Saturday, Postmaster Allen Tolbert said. Sale of the stamps was at a fast pace all day Saturday, which was announced at first as the final day of purchase.

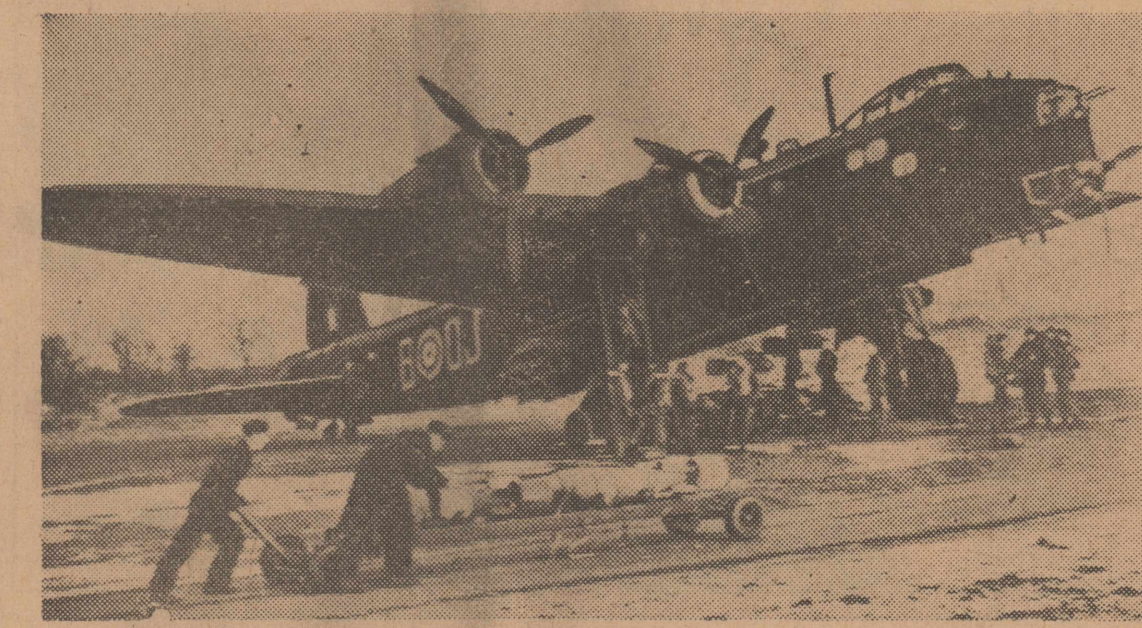

An announcement from Dallas Saturday stated that neglect to purchase and attach the stamp would be a fineable offense after Feb. 2.

Tanker Survivors Say Nazis "Bum Shooters"

HAMILTON, Bermuda (Passed By British Censor)—(P)—Thirty-four survivors of a British merchantman torpedoed Saturday were landed here by a United States Destroyer.

The crewmen said that after sending their torpedoes into their vessel the submarine tried unsuccessfully to smash the three lifeboats in which the ship's hands escaped.

"Flying Freight Train" Gets Death Load For Germany

Thomason Sends His Congratulations On Opening Sloan Field

Midland citizens were congratulated Saturday, by telegram, by Congressman R. E. Thomason, ranking member of the House Military Affairs Committee, on the opening of Sloan Field. Unable to be present, Thomason expressed delight with the cooperation that the citizenship had given in handling many details from the time of the inception of the plan to the completion of the great Bombardier College.

Martell McDonald Asks Reelection To District Post

"May I use this means of expressing my appreciation to all the people of Midland County, and of the district, for allowing me to have served you as District Attorney for the past three years," said Martell McDonald Saturday in making his formal announcement as a candidate for reelection. "I sincerely hope that the affairs of this office have been conducted in such a manner as to merit your confidence and respect for me as a public official."

"I am asking you to again elect me to this office, believing that my experience will better enable me to serve you; and, certainly, if again elected, I shall put every effort into carrying out the duties of the office."

McDonald, who was elected to the post three years ago, has just been named as a member of the interstate commission on crime, to act in advisory capacity to state and inter-state defense authorities. He was notified of this appointment by Governor Coke Stevenson, who stated that other Texas members are Homer Garrison, Austin; Ben Woodall, Marshall; S. J. Isaacks, El Paso, and Grover Adams of Dallas.

Bank Employees Fail To Identify Suspect

MEXIA, Texas. (P)—Employees of the Prudential-Smith National Bank, which was robbed of \$20,000 Wednesday, failed Saturday to identify a suspect as one of the robbers and he was released.

Midland Sheriff's Posse To Invade Sloan Field Bombardier Area Sunday

Glimpse Of The Old West Will Be Given The Boys From Back East By Boys From Out West

Booted and spurred, 50 members of the Midland Sheriff's Posse will ride out to Sloan Field Sunday morning, to give the boys from 'back east' a glimpse of the old 'out west.' The posse will go by an old ranch road from its stables, and be met at the field and escorted through the Bombardier school.

Cadets, at least those 'un-Western' in origin, recently appealed to Bill Collyns, chamber of commerce manager, to trot out some cowboys, for they had expected to see hundreds of them gushing about the city on bronches, and were disappointed. So the Sheriff's Posse is riding to the rescue of the old West's glamor.

932 Letters Get Special Cachet Of Sloan Field

A total of 932 letters and covers bearing the special cachet marking the opening of Sloan Field were dispatched Saturday—899 of the covers bearing airmail postage.

The cachet was applied in the office of the Midland Chamber of Commerce, and the covers then taken to the postoffice for mailing. Chamber officials said it was the largest number of covers ever mailed at a similar event here.

Three hundred seventy-three of the covers were furnished by bona fide collectors—members of the Airport Historical Society—and the remainder were furnished largely by Midland citizens and Sloan Field personnel.

The covers were addressed to persons in 38 states and two foreign countries.

The cachet, sponsored by the chamber of commerce, was drawn by R. J. Hickman, draftsman in the geological department of the Humble Oil and Refining Co.

Crisis Reached In Battle Of Pacific

By Kirke L. Simpson Wide World War Analyst

The United Nations-Axis struggle is at a crisis on the Pacific Front almost as grave for the Allies as it was for England in that black June in 1940 when France fell.

Even so, the essential fact is that England weathered that storm. The fight little else stands today, stronger and better prepared to fight for freedom than ever before. It is the symbol of Hitler's greatest defeat. Not even his retreat in Russia yet has lost his significance.

Can besieged Singapore or the menaced Dutch Colonial Empire in the Far Pacific similarly survive against all the Japanese have done or can do? That is the dominant question.

John Burnett Is Safe In Tokyo, Hull Says

Mr. and Mrs. James A. Mascho received word Saturday that their son, John Burnett, who is a member of the American legation at Tokyo, is safe in the Japanese capital.

A message from Secretary of State Cordell Hull said his department "has received a telegram dated January 21 from the American Legation at Bern, Switzerland, transmitting a message from Burnett via the Swiss Legation at Tokyo sending 'love to his parents.'"

The telegram also said Burnett's return date to America is uncertain but he is "perfectly well and safe."

British Troops Quit Malayan Mainland

Jap Armies Sweep Down Peninsula; British Forces Evacuate Moulmein

By Bill Boni Associated Press War Editor

Japan's invasion armies, sweeping almost without check through 350 miles of steaming jungle, swamps and mountains, have driven to the very tip of the Malay Peninsula. And Saturday night, from Britain's commander in Malaya, came the announcement that:

"Today we stand beleaguered in our island fortress... our task is to hold this fortress until help can come, as assuredly it will come."

Red Troops Threaten To Outflank Southern Lines Of Nazi Army

In a smashing blow at German positions in the Lower Ukraine, Russian Army columns Sunday were reported to have driven 115 miles beyond Taganrog and thus threatened to outflank that southern keystone of the German lines.

The Russian Army newspaper Red Star said the spearhead of the penetration was Brestovoyia, 30 miles north of the Sea of Azov and halfway between Melitopol and Mariupol. It was apparent that the Russian thrust was aimed at trapping the Nazi divisions which retreated to Taganrog when they were blasted out of Rostov by the Russian counter-offensive.

Stubborn Fight On the basis of earlier reports, stiffening German defenses appeared to have braked the pace of the Russians' westward march. Berlin claimed Nazi troops with the aid of Italian, Rumanian and Slovak forces had inflicted heavy losses on the Red Army.

But the Soviet midnight communique, while conceding the Germans were putting up a "stubborn" fight, reported continued advances, and earlier dispatches announced recapture of 200 more villages in the rich Ukraine.

It was just north of the Ukraine, in the sector around Kursk, that the German high command reported severe losses inflicted in a counter-attack on several Russian divisions and armored units.

Losses Are Heavy However, as if to counter the Nazis' boast of the effectiveness of their allies in these operations, a Moscow report placed Rumanian losses on the eastern front at 200,000 and said Hungary had lost 20,000 of the 45,000 men she had contributed to the campaign.

The African battle, while apparently spreading out over an even wider range, also appeared to have struck a temporary lull.

In the air war British bombers scored hits on at least one ship in a German convoy off Holland's Frisian Islands and the newly-landed AEF in Northern Ireland had the war brought close to home when the RAF damaged a Nazi reconnaissance plane sighted over Ulster.

Navy Will Train 30,000 Pilots

WASHINGTON (AP)—The Navy Department announced plans Saturday night to turn out 30,000 pilots a year in what it called "the greatest aviation training program in naval history."

Facilities of four large universities will be leased, each university to become an "Annapolis of the air." The names of the four universities were not announced. One is located in the East, one in the West, another in the South and the fourth in the Midwest.

The announcement said that the new expanded naval aviation training program will be in operation "by May 1 or sooner, and applications for training are already being accepted."

Poll-Tax Payments Near Estimated Goal

Poll taxes paid in Midland County at nine o'clock Saturday night totaled 300. Payments mailed in were expected to run the total well over 3100, J. H. Fine, county tax assessor-collector, reported.

Must Get Reinforcements

Still weary, still looking for reinforcement, from somewhere they now must marshal fresh strength to withstand a concentrated assault by forces which from the very beginning have held superiority in planes, in tanks and in ships.

How Singapore will stand up against siege no one can predict. The heaviest weapons of this \$400,000,000 British Empire defense base were designed to guard the sea, approach to south, east and west, rather than for defense against an offensive from the north.

But during the weeks of Malayan warfare fresh gun emplacements, pillboxes and mortars have been thrown up along the shore of narrow Johore Strait, the winding strip of water that separates the island from the mainland and the last act of the withdrawing troops was to explode the single narrow causeway which spans the strait.

Evacuate Moulmein The British withdrawal was the blackest mark in a somber outline of the United Nations' position in the Pacific area.

To the north of this one major arm of the giant Japanese offensive, the British evacuated Moulmein, fabled Kipling city 100 miles across the bay from Rangoon, vital supply port at the start of the Burma Road.

Far to the east Japan thrust out another claw of the huge pincers grasping at the untold riches of the Dutch East Indies. A full-scale land, sea and air offensive was directed at the island of Amboina, site of the Indies' second-ranking naval base and in strategic position to command the Allied supply lines from Australia and the United States.

Fifth Front This was the fifth front the Japanese have opened in the Indies, and the Dutch command reported that fighting was "raging everywhere" while the defending garrison simultaneously sought to destroy all installations which might be of value to the enemy.

Australian reconnaissance planes reported the invasion fleet consisted of four transports with a protecting force of three cruisers and four destroyers, and the Dutch said a series of blasting air attacks preceded the major offensive.

British Freighter Survivors Arrive

AN EAST COAST CANADIAN PORT (P)—Thirty-two survivors of the crew of a British freighter, the latest victims in the German submarine war against Atlantic shipping, have been brought here after their ship killing 10 men.

They spent 18 hours tossing in an open life boat in the freezing cold of the North Atlantic before being picked up.

Our Strength In Truth

The American people ask no more than to be told the truth. They will not be content with less.

Three times in recent weeks, Uncle Sam has held up a mirror in front of himself and said, "There, old uglymug, how do you like THAT?"

MIRROR NO. 1 was the Truman report, which showed that our pre-war industrial production set-up with its dollar-a-year men, its persuasive methods, its half-measures, was not good enough.

MIRROR NO. 2 was the Senate Naval Committee report, which showed that shocking profits have been made on some contracts.

MIRROR NO. 3 was the Roberts report on Pearl Harbor, which showed childish-lack of co-operation between Army and Navy heads before Pearl Harbor, and complete miscalculation of the danger of attack with corresponding failure to prepare for it in the face of plain warnings.

We didn't like what we saw. None of us liked it.

What are we going to do about it?

First of all, the production setup has been changed; Donald Nelson has been given full charge and full authority to make it hum. The old half-way setup is already gone. The new all-out setup is already beginning to function. The warts should have been removed from this one already.

Second, the matter of war profits is up to Congress. The entire American people are agreed on this: Nobody shall get rich out of this war. It is up to Congress either to thin out the contract gravy or skim it off in taxes. Congress is working on this. It can't work too fast or too thoroughly.

Third, it is to be presumed that the shock that must have run through the whole Army and Navy command at the deficiencies that led up to Pearl Harbor more or less assures that the same mistakes won't happen again immediately. The appointment of supreme commanders in the Pacific war zones with full authority, and the new AEF in Britain, with all branches responsible to them, indicates that the danger of lack of co-ordination has been sensed and partially remedied.

That's good, but not enough. The whole military setup, and the whole habit of military thinking must be revamped to fit modern conditions, and that as quickly as possible without fatal confusion. Here again the revelation of the whole truth is of the greatest service.

A free people can function only by knowing the truth. The greatest possible service has been done by these three brutally frank reports.

We want to know the worst. It's when we've been told the worst that we start doing something about making it better.

There is no other way to deal with a free people.

Old Blut, New Boden

Far out in front on donation of blood for the Army and Navy-Red Cross plasma bank is Cleveland, where the thousandth pint of blood in 17 days was just given.

And that thousandth donor? Dr. F. S. Koppel, who left Germany as an enemy of Hitler and Hitlerism in 1933 after practicing medicine in Cologne for 18 years.

Hitler's slogan is blut und boden—blood and soil. Well, here is some good German blood being offered on a new and different soil to defeat the man who ranted of blood.

Not the blood, we believe here in America, but the cause for which it is shed; not the soil as such, but the use that is made of that soil as a home for free men.

Remember?

A few years ago when some American newspapermen were just discovering South America there were a lot of stories about President Vargas of Brazil. Admittedly a good deal of a dictator, he was, some of the writers added, practically a Fascist, and all too sympathetic to totalitarianism.

So comes the Rio de Janeiro conference to form a united front against the axis, and who stood firmest against the axis, who insisted most strongly on the most drastic action? Preident Vargas.

Thus we see again demonstrated the truth about South American politics. Latin America has dictators, but Latin America is patriotic and nationalistic. Even those rulers whose regimes fail to show up as 100 per cent democracies by the standard of American liberalism, are pretty sure to stand firm against foreign influence, and especially the subversive kind practiced by the totalitarian countries.

O'Daniel Works On Plan To Produce Synthetic Rubber

DALLAS (P)—Senator O'Daniel (D-Texas) and Dr. E. P. Schoch of the University of Texas Saturday undertook the first step in a plan to produce synthetic rubber out of natural gas—a plan O'Daniel envisioned as the blue-print for a multi-million dollar new industry for the Southwest.

O'Daniel asked representatives of 30 Texas Power companies, who met with him and Dr. Schoch, to furnish estimates of their surplus electrical energy.

The conversion of natural gas into acetylene requires power; from acetylene central conversion plants—now yet built—synthetic rubber can be made to fill a shortage created by the war.

The new process of obtaining acetylene from natural gas—which abounds in the oil fields of the Southwest—is owned by the University of Texas, where Dr. Schoch is director of the bureau of industrial chemistry.

O'Daniel said he hoped Texas companies could furnish about 400,000 kilowatts for acetylene production, which, Dr. Schoch said, would mean about 240,000 tons annually from which could be made 100,000 tons of synthetic rubber.

Oil Stocks And Production Up

WASHINGTON (P)—The Bureau of Mines reported Friday stocks of domestic and foreign crude petroleum at the close of the week ended Jan. 27 totaled 247,704,000 barrels, a net increase of 1,497,000 barrels compared with the previous week. Stocks of domestic oil increased 1,576,000 for the week and foreign decreased 79,000 barrels.

Daily average production for the week was 4,311,000 barrels or an increase of 265,000 barrels compared with the previous week's level. Runs by wells averaged 3,885,000 barrels daily, compared with 3,723,000 barrels for the preceding week.

Cooperation Of All Citizens Is Asked By Price Administrator

DALLAS (Sp)—Patriotic citizens were called to aid the Price Control Administration today in guarding against unreasonable price increases in all lines.

Max L. McCullough, regional director of the Office of Price Administration for Texas, Oklahoma and Louisiana, warned that price inflation might be as serious an enemy on the "home front" as tanks on the battlefield, or submarines in the ocean.

"In World War Number One," he said, "the United States allowed inflation to get out of control. By that one defeat on the economic front, we might have lost that war if Germany had been a little stronger then. We must not make that mistake now."

McCullough's office is now set up to receive complaints from citizens of states in this region under the new price control law. Price ceilings already have been established on many manufactured articles, commodities and raw materials.

The new price control law permits Leon Henderson, the national administrator, to expand the list of price ceilings to many other commodities.

Security Company Is Formed At Sloan Field

A provisional Security Company, to perform all guard and military police duty for Sloan Field, has been formed, with Captain Pat R. Warren, provost marshal, the commanding officer, authorities at the Bombardier College of the Air announced Saturday.

The Security Company, which will begin operation Monday, has drawn its personnel from the ranks of Air Corps organizations. Guards have been carefully selected for military manner, alertness and high calibre character, and retain the same rank they held while in Air Corps squadrons. Promotions in the Security Company will be based on alert, soldierly discharge of duty.

The guards will actually remain in their parent organizations, but will be housed in separate barracks, and will be on special guard duty status.

Authorities said that the new company was formed for "the dual purpose of obtaining a more efficient system of military guard, and at the same time relieve the various organizations of the necessity of detaching men for temporary guard duty, with the consequent disruption in training."

Non-commissioned officers of the company will be stationed at Midland and Odessa to enforce civil and military law while soldiers are allowed off the post.

Defense Council For Monahans Is Named

MONAHANS (Sp)—Mayor E. R. Hill has named nine men to serve on a recently-created Municipal Defense Council, and has called a meeting of the unit to complete organization.

Members of the board, who will serve without pay, are Ray J. Keenan, Glenn L. Ratliff, Paul T. Carr, Dr. Sam C. Harrell, Rev. Leroy Smith, M. L. H. Baze, James A. Terrell, L. B. Fuller, and Cecil Hodges.

Start Campaign For Library At Monahans

MONAHANS (Sp)—Ward County Parent-Teachers Association and study club members are planning a campaign to obtain a tree county library, despite failure of a previous attempt.

A meeting of all interested persons will be held February 6 at the high school to discuss the proposal, and details concerning the procedure of presenting the plan to county commissioners will be worked out.

Committees from each Parent-Teacher unit and from many study clubs have been selected. PTA committees are as follows: Grandfalls-Royalty—Mrs. John Turmes, Mrs. Hart, Mrs. B. Black, Mrs. Johnston; Wickett—Mrs. G. C. McAuley, Mrs. A. Sprull, Mrs. E. L. Jernigan; Monahans elementary school—Mrs. J. C. Hogg, Mrs. W. R. Boys... You Made An Impression... Sloan Field, For The Ladies, Holds Sure Fascination Of Heart And Eye

By Kathleen Eiland
Sloan Field—a city set on a plain. That is the thought which first enters the mind in approaching the new Bombarrier College of the Air. To one who had not been near the site of the Flying School for several weeks, the view Saturday was a revelation. In the gray sky, a plane floats level-winged and serene.

Second thought is that the Army paintmaster knew what he was doing when he selected white paint with green trim and dull green roofs for those long, long rows of long, long buildings. What other colors could have been so attractive?

A trim sentry waves the visitors' car into the field and the Army city grows up around the sightseer. A long street leads to the flying line... acres and acres of concrete stretching out over the prairie, providing a landing field for Uncle Sam's warbirds.

Here and there at street intersections, a sentry stands, some serious-faced, some smiling with that boyish gaiety that is characteristic of the average young American, but all alert to what is required of them at the post of duty.

The visitor's car glides smoothly round the blocks of buildings and here and there one glimpses soldiers at work or clustered in groups to see the civilians drive by. They're typical of what one expects in a group of Americans gathered from the four points of the compass—some small, some large, some blonde, some brunette and some that intermediate type that is the product of the great melting-pot.

Third and lasting impression of Sloan Field... it is astonishingly large. The visitor rides and rides, past offices, past barracks, past hospitals, past the chapel where a plane tops the pretty little tower and where workers painstakingly shine the amber-tinted windows, on and on until one marvels at the wide-fung expense of the Post that is a city in itself.

At last the tour is over and smiling sentries and a gray-uniformed highway patrolman wave the sightseer on his way. One can look back and visualize again the multiple activities that go on in those rows of long buildings—can look back and see the Bombarrier College—symbol of America's defense to all dictators that be—fade back into that first view of it—Sloan Field, a city set on a plain.

Welders Strike On West Coast

TACOMA, Wash. (AP)—Welders began leaving Seattle shipbuilding plants Saturday after all the 1,180 welders in the Tacoma plant of the Seattle-Tacoma Shipbuilding Corporation had ceased work in a renewed inter-union dispute.

About 250 men, or two-thirds of the welding crew, left the Seattle plant of the Seattle-Tacoma Company plant at 1 o'clock while eight or ten left the Associated Shipbuilders' yards.

Dave Basor, executive secretary of the union, said dismissal of welders at the Boeing Aircraft Company here because they did not pay dues to the Aeronautical Mechanics Union was responsible for the Seattle walkout.

No welders had left their jobs at Boeing this afternoon. The Tacoma shipyard, one of ten in this area, holds more than \$100,000,000 in defense contracts and employs about 6,500 persons.

They Came, They Saw They Said Sloan Field Is Marvel, Good To Look At

Folks were here Saturday from all over the Permian Basin to take a peek at Sloan Field:

"Just over to see where these bombers are coming from," said Buck Kelton, foreman on the McElroy ranch in Crane, "for they are going to be practicing dropping bombs over in our pasture. This is some place." He had along his three young sons, Elmer, Myrtle and Bill, one of their chums, J. B. Rogers, and County Attorney Chas. H. Poet.

Little Jean Northcutt of Fort Stockton, who was with his parents, Mr. and Mrs. T. L. Northcutt, was disappointed because he didn't see some bombs dropped, but he surely decided on being a bombardier when he gets a few years older.

B. K. and Mrs. Buffington and little Miss Diane, and their guest, Mrs. Olive Hamlin, declared that Sloan was a surprisingly big "city for airman."

"This is a grand looking place," said Mr. and Mrs. Draper Hightower of San Angelo. The whole project is another proof that America really does things when it gets started.

"I see now what the wide open spaces are for," said T. W. Scarborough of Odessa, who soldiered at Fort Bliss away back in the Eighties.

"Couldn't believe that so much could be done in such a short time," said Homer Epley of Midland, "the whole thing is almost unbelievable." While Mrs. Epley declared that the spirit of friendliness of the men on duty was certainly fine.

"A grand place... and are we West Texans proud," said Mrs. N. E. Romans of Monahans, and Mr. Romans and their three children thought it would be a great place to soldier.

"My, this place is so much larger than one would dream," said Mrs. O. G. Rudy of Wink, "and these soldiers are mighty polite to have so many visitors asking so many questions."

"Wish I could ride with those bombardiers," said little Billy Jo Camp, who came over with his sister, Barbara May and their parents from Pecos, and grandmother, Mrs. Shipton Parke of Fort Stockton.

"Certainly is military, and a place where any American would like to serve," said Mr. Malone of Monahans, who, like Mrs. Malone, thought the field was a mighty big layout.

"West Texans are certainly proud of this great field, and then, it gives one an added feeling of security," said Mrs. Bertha Arnold of Wink.

"It is fine that they let us see this great place before they get right down to heavy training," agreed Mr. and Mrs. D. C. Sivals of Midland.

"Boy, I wish I was old enough to be a bombardier," said young Charles Hankins of Odessa, who brought his parents, Mr. and Mrs. Charles Senior and Mr. and Mrs. Grady Blythe along to see the great field.

"Well, it is certainly one fine place, and makes a fellow wish he was a bombardier," said Ralph Barron of Midland, who says that every time he sees the field it takes on greater significance.

"Well, they have certainly changed this place since I first saw it," said Clarence Scharbauer, who once herded cattle on the site, and who added that it was thrilling to think how many Japs those boys would "ride herd on."

Social Security Payments Increase

AUSTIN (AP)—Texas Social Security payments—and the number of persons receiving them—are increasing.

In February \$3,357,734 will go to the aged, the needy blind and families with dependent children.

Old age assistance warrants will be sent to 166,079 persons, a net gain of 2,169 over January's roll. The total payment will be \$3,206,966, an average of \$19.31 compared with \$19.23 in January, the previous peak.

Payments to the blind will total \$56,559, an average of \$33.02. This is 15 cents less than January's average. The blind payment is the only one below current levels. However, 281 recipients were added to the February roll.

Survivors British Ship Are Landed

NORFOLK, Va. (AP)—Survivors of the tanker Rochester, sunk off the Virginia Coast, disagreed after their landing here about the size of the attacking submarine but agreed that the German U-boatmen were "bum shooters."

The tanker, owned by the Socoy-Vacuum Company was struck by two torpedoes in broad daylight, killing three of the crew. The submarine then came to the surface and fired 13 shells, several of which missed their target.

Children eligible, increased by 2,729 to 4,546. These families will receive \$94,209, an average of \$20.72, compared with \$20.71 this month. The group represents 9,681 children.

Wade Doesn't Want Freshmen On Duke's Varsity Grid Team

By Frank B. Gilbreth
DURHAM, N. C. (AP)—Wallace Wade, who has never absorbed a bad licking in a quarter-century of coaching, would rather turn out a weak football team at Duke next fall than one composed partly of freshmen.

"That doesn't mean, necessarily, that Duke wouldn't go along with other colleges if the majority favored changing the eligibility rules so that freshmen could fill the gaps in war-depleted squads.

But Wade personally thinks it would be a mistake.

"It's true there's going to be a dearth of football material because of the war," said Rose Bowl Wallace. "But there are more important things today than winning football games."

Here are Wade's reasons for not liking the freshman idea:

1. The kids need a year of conditioning before they're ready for the varsity squad. Otherwise, they're more likely to get hurt.

2. Freshmen have a hard enough job simply becoming acclimated to college life. Enough of them flunk out as it is.

3. Because of the war, most colleges are trying to graduate students in a hurry. This means freshmen will take additional studies, and football would cramp their school work.

DIPHENYLAMINE IS UNDER FEDERAL CONTROL
DALLAS (AP)—J. B. Joyce, acting manager of the Priorities field office, said Saturday an order affecting Southwestern stockmen would go into effect Sunday, placing all supplies of diphenylamine under complete allocation control.

MacArthur's Soldiers Capture Jap Prisoners

WASHINGTON (AP)—General MacArthur reported Saturday that in addition to holding off the Japanese, his forces have been taking some prisoners.

After a 48 hours lull, during which the enemy made ready for another large scale assault, there has been "sporadic fighting," he advised the War Department.

Determined efforts to infiltrate the Bataan Peninsula defense line were rebuffed, and in the course of these actions the prisoners were taken. As for a number of days past, there was virtually no enemy activity in the air, he said.

McKENNEY ON BRIDGE

America's aCard Authority

Last year the Southeastern Sectional Championships, held at Coral Gables, Fla., established all new attendance records. This year the tournament will be held at the same place March 12-15, and should be even larger, as so many cities are conducting games to send their winners to the event.

While northerners have heretofore won most of the championships in this tournament, now that the southern players have

made such a good showing in the Nationals at Richmond, I would not be surprised to see most of the Southeastern titles go to the south this year. Of course the outstanding bridge player of 1941, Mrs. A. M. Sobel of New York, will be there to defend one of her many titles.

Mrs. Sobel gave a good demonstration of her skill in handling the pastebards in the hand shown today. Sitting South, she ducked the first trick. With only 11 tricks in sight and no possible play for a 12th but a squeeze, it was necessary to give up one trick at once to set the stage.

West led another spade and Mrs. Sobel was in. The five clubs were cashed. On the fourth, West let go a diamond, and so did dummy. East let go a heart. On the fifth club everybody discarded diamonds. The next lead was a diamonds to the blank ace.

North cashed the king of spades, on which East and South discarded hearts. A low heart to the king but Mrs. Sobel in, and when she cashed the king of diamonds, West was squeezed. He alone held a heart stopper but he could save it only by discarding his last spade—whereupon dummy would let go the low heart and win the heart ace and the eight of spades.

Had West chosen to hold diamonds instead of hearts at trick six, Mrs. Sobel would simply have reversed her play of the red suits and developed the same squeeze.

TAMBAY GOLD

BY SAMUEL HOPKINS ADAMS

ARRIVAL OF KENT

CHAPTER XXIV

"HEND—not the bird Juddy was married to!"

"Sure," he said. "She was married to me. And I was married to her. We married each other."

"Why did she marry you?" I was trying to get an angle on him.

"I was handsome, rich, and popular," he said. "Still am, for that matter."

"You're telling me!"

"I'm going to tell her. Though I don't guess it'll get me anywhere."

"So that's what brought you to Tambay," I said.

Juddy was in a clinch with her first-of-the-month accounts.

"Hello, darling," Henderson Kent said.

"Hendy! How did you get here?"

"You wrote me, didn't you?"

"Yes. Telling you not to come."

"Well, I put the reverse English on it."

"You always did. Now that you're here, what can I do for you?"

"To begin with, you might save me some money."

"That's a new slant for you. How?"

"By inviting me to sleep in your large and moldy mansion instead of one of Mom's small and lonely cabins," he said.

"Not a hope, Hendy. I'm a respectable divorced lady. Or aren't I? Didn't you get the divorce?"

"Some such process. But you didn't. So I'm not your husband, but you're still my wife. Anyway, if that isn't the status, I can easily get my high-priced lawyer to prove that it ought to be. It's easy to call off a divorce."

He looked her over. "Not sore are you, darling?"

"More at myself than at you. But I'd rather you didn't stay here."

"You can't throw me out. Can she, Mom? This is a public hostelry. I'd yell for the police. How about joining me for dinner?"

"Sorry, I've got a dinner date."

"With Angel Todd?"

Juddy frowned. "How did you know that?"

"Intuition. He can come, too. I'm here to buy Todd. C. O. D., F. O. E., on the hoof."

"Still buying 'em, Hendy?"

"You can't make me mad," he said. All of a sudden I realized why Juddy had shaken him. Nothing would ever make him mad. Nothing would ever stir him up.

"Come along and I'll get you settled," I told him.

ANGEL spotted the millionaire rolling stock as he turned in at the mansion gate.

"Trade must be looking up, honeybunch. Who owns the silk-lined freight car?"

"Brace yourself, Angel," she said. "My late husband." It was no news to Angel that she'd had a husband; she owned up to him after he passed the Am. Eth. exam.

"What is he after, then?"

"You."

"Say that again and say it slow."

"It's you he's hunting. He's building up a pro football organization. He's come to buy you for cash."

"How's he fixed?"

"All the money in the world. Hold out for your price. He'll pay anything for what he thinks he can't get. I ought to know."

"I guess that about fixes it for us, honeybunch," he said.

The drinks were beginning to tell on our swell visitor. "Lemme tell you," he said. "There's just one thing wrong with Juddy."

"Skip it," I said. "You're talking out of turn."

"She's too damn serious," Kent said, and for a minute he was serious, himself. "You never know how she's going to take things. You might think she's a fluff, because she's so pretty. Don't fool yourself. Aren't you serious, Juddy?"

"Sometimes."

"There you are!"

"You can't scare me," Angel said. "After we're married, we're going to move so fast she won't have time to be serious."

Juddy frowned. "How did you know that?"

Juddy didn't say a word. She had been looking from one to the other of the two lads with an expression that didn't seem to me to quite fit the occasion. If I had been Angel I wouldn't have liked it. He didn't even notice.

"Am I right, Mom?"

I ducked. "Life is real, life is earnest," I said. "If you don't believe me and Henry W., try running a camp on a shoestring."

"Give that old gravedigger another drink," Kent said. "Then let's all have dinner on me right here and now."

Juddy sent Angel home early. She sat around for a while, sort of lifeless and dispirited, until I told her she'd better go to bed.

Maurie Sears got out the injunction. Doc packed his suitcases.

"My theory is that Tambay's through with that bird, Mom," she said.

My theory was that maybe she'd have to theorize again.

Who should hit the Federler for lunch but our old friend, Sheriff Mowry!

"Let's level, Sheriff," I said. "What's about this bridge?"

"I'll take influence to stop it, Ma'am," he said.

"Suppose it does go through. What does that get you?"

"I'm in the contracting business. We'll handle the dirt."

"I guess the other way is easier for all parties," I said. "Twenty-five per cent?"

"Twenty-five per cent," he said, "and right reasonable."

Seeing he had us by the slack, I thought so, myself. But Juddy was something else again. She was feeling pretty cocky over booting Doc out. Let 'em all come, she'd take 'em on, one by one, another up. Three-four evenings we spent in footless arguments, and then, passing the stockade one morning, she heard something that took some of the starch out of her jumpy. It was the old familiar chatter of the shovel.

"What's that?" she said, goggling.

"That," I said "is Prof. Loren Oliver of the Department of Amerind Ethnology, Welliver University, digging a couple of Wandos for dinner."

"He can't," she said. "I can have him arrested. We've got a court order."

"He's got a newer and better one. So what do you do about that? Don't you growl at me, Jane Ann Juddon."

She was making noises in her throat, like a kitten does when it's mad.

Floating Orange Crate Is "Tip-Off" on Sub

AT AN ATLANTIC PORT. (AP)—How an orange crate, floating on the sea, provided the "tip-off" that helped the American tanker Pan Maine to out-manuever an enemy submarine, was told Saturday by the tanker's second mate when the vessel docked at safe port.

Second Mate Melvin Hays of Baltimore, 32-year-old former Navy radio operator, related that during his watch on the bridge wing during the afternoon of Jan. 27, he sighted the crate off the starboard bow, and, upon training a telescope on it, detected a submarine's periscope nearby.

"It (the periscope) was about a mile away crossing our course, and making about one to three knots," said the third officer of the 7,236-ton Pan Maine.

"As soon as I saw it, I sounded the general alarm signal, gave the engine room a standby signal and put the wheel hard left to change our course."

When the alarm was sounded, Radio Operator Joseph Caronna, 20, of New Orleans, leaped from his bunk and in quick succession there crackled from his sending set an SOS and an SSS—the signal for "submarine attack."

Hays, who declared he was certain he had seen a periscope, said that if it had been closer, he would have given orders to ram the submarine, but he added that the submarine was far enough away "to get us before we could ram it."

"We didn't see it again," said Hays as he told how the tanker, veering sharply in her course, slid away under a light haze.

Bulldogs Rally, Down Sweetwater 25-20

Move Into Sixth Place Tie With Two Victories

Midland High's super-sparked capers made it three wins in a row Friday night by downing the Sweetwater Mustangs 25 to 20 in a 3AA game at the Midland gym, and moving into sixth place tie.

Coming into the game at the start of the second period with Sweetwater leading 5 to 2, Billy Jo Stickey was the difference in the two clubs from there on. Hanging up a total of twelve points for a good night's work, Stickey carried off scoring honors with next high man being Young of Sweetwater with seven.

Blowing the game open in his usual manner of a field goal was Charlie Kelly of the Bulldog five, but so tight was the Mustang defense in the first period that Midland failed to make addition to the opener. Sweetwater chalked up five points when Young made a toss, and Gill and Flanagan a basket each. Having been held from the starting lineup due to recent illness, Bill Stickey started his three quarter "blitz" on the second quarter tip-off with a bucket for the Bulldogs. Marion Flanagan of the Ponies chipped in a field goal, and Ivy made a toss to put Sweetwater on the long end of the 8 to 4 score. Bill Stickey teamed up with H. G. Bedford, and with Jimmy Watson Charley Kelly, and Bill Wells feeding the ball in, they sank two baskets each to end the period at 12 to 8, Midland.

Jimmy Watson came to the front after fighting the length of the court to score a field goal as opener of the third frame, but Young matched it with a basket, and Fitzgerald bucketed another to move the Mustangs closer to the lead. Charlie Kelly put things in their proper places by scoring a toss and a basket, and Stickey added a toss to push the Bulldogs' lead to a comfortable size. Gill and Fitzgerald rounded up the third period scoring for the Mustangs with a toss and basket respectively, but back came Stickey to get the last laugh of the quarter with two tosses for the Bulldogs, making it 20 to 15.

The final stanza opened with a double-foul and Stickey opened the scoring with his toss which was matched by Flanagan's toss. Watson sank a goal for Midland, Young a goal for Sweetwater, Stickey a goal for Midland, and Young a goal for Sweetwater and the game was all over with the score at 25 to 20, Midland.

Sweetwater's B squad edged out Midland's B 18 to 13 in the opening game of the night's card.

Maybe He Works In Uncle Sam's Mint

HAGERSTOWN, Md. (AP)—A plant official approached a laborer during a defense stamp drive but the laborer turned a cold shoulder to requests that he buy a stamp.

"But I'll take a bond," the workman added.

"What denomination?" he was asked. "A \$5,000 one will be about right," he replied. He got it.

3AA Again Has 4-Way Tie At Top

Four teams of district 3AA are back into the tie for first place. Lamesa and Big Spring were the prize targets for Abilene and San Angelo respectively Friday night. Abilene flew over Lamesa 24 to 17, while San Angelo had trouble downing Big Spring 33 to 31. These four teams should feel like old pals reunited now that they are back in the four-way first place tie that they have composed most of the season.

Down in the Permian Basin Odessa and Midland stretched their win streaks by whipping Colorado and Sweetwater respectively. Odessa had little trouble with the lowly Colorado Wolves, winning 38 to 16, while Midland came from behind to stop Sweetwater 25 to 20.

Archer Club To Meet Wednesday

The Midland Archers will hold their regular monthly meeting at the home of Mr. and Mrs. E. W. Vanderpool, 1804 West Texas Ave., Wednesday evening at 7:30 o'clock. A movie on arrow release will be shown. All members are urged to be present.

Bill Coghill Heads Monahans Golf Club

MONAHANS (Special)—Bill Coghill was elected president of the Monahans Golf Club for 1942 at a session of the new directors. H. T. Lenox was named secretary-treasurer.

Directors are Coghill, Lenox, Ira Hadler, Dr. H. H. Wilson, Grady Kidd, Tom Pence, and Jim S. Williams.

Harry Lavagetto Joins Air Corps

NEW YORK (AP)—Leo Durocher, who piloted the Brooklyn Dodgers to the National League pennant last year in his third season as manager, signed a new one-year contract Saturday and learned about the same time that his regular third baseman had enlisted in the Naval Air Corps.

President L. S. MacPhail couched his announcement of Durocher's signing as a player-manager with the disclosure that Harry (Cookie) Lavagetto had joined the Navy. Although terms were not disclosed, best estimates seemed to be that Durocher would receive about \$22,500 for this year.

Johnny Dawson Leads Crosby Golf Tourney

RANCHO SANTA FE, Calif. (AP)—Shattering par by six strokes with a sensational 66, Amateur Johnny Dawson, of Hollywood, put the powerful professional ranks in the shade Saturday to lead the field at the halfway stage of the sixth annual \$5000 Bing Crosby 36-hole golf tournament.

Drapper Johnny, so-called uncrowned king of the nation's amateurs, shot nine hole scores of 32-34 for the par 36-36 Rancho Santa Fe course, leaving the star foursome of defending champion Sam Snead, Crosby, Ben Hogan and Bob Hope to entertain the huge gallery with hilarious performances — and not such good golf.

Three-time winner Snead shot a 34 on the first side, but his putter went haywire from the twelfth green on and he staggered in with a 43 for 77.

Hogan failed to land in the top bracket, too, being two over going out but rallying with a 33 on the trip in for a 71.

One stroke back of Dawson was professional Leland Gibson of Kansas City, with a 67.

Texans Will Move Clocks Up Feb. 9

By The Associated Press
Texans voluntarily are bracing themselves to meet a quiet revolution which comes into their lives Feb. 9 when, by a simple twist of the wrist the sun is made to rise and set one hour later.

On that date, at 2 a. m. local time, daylight-saving time will have arrived. The repercussions, though not violent, will be felt from Brownsville to Farwell, from Texarkana to El Paso.

The change-over is mandatory only for federal offices and for common carriers. For all others—states, cities, private businesses—the hour leap-ahead is voluntary. From all sections it appeared Texas was getting on the bandwagon.

Aside from wanting to do whatever the government thinks will help win this war, the feeling seemed to be summed up in a comment from Bryan.

"We will be on daylight saving time whether we want it or not," prophesied City Manager W. W. Scott. "The communities which do not act under this federal legislation will be an hour behind those that do, which will be the great majority."

Daylight saving works this way: At 2 a. m. Feb. 9 clocks will jump ahead to 3 a. m. If that's inconvenient save it until a more pleasant hour after sun-up) this brings the sun up an hour later, around 8:22 a. m. and down at 7 p. m. instead of 6. Thus the government hopes to save some millions of watts of electricity, on the assumption that people used to retiring at 10 p. m. will continue to do so.

D. W. Dewald was discharged from Ryan's Hospital Saturday.

Monahans Points For Thin-Clads' Season

MONAHANS (Special)—Although basketball and boxing seasons are still in full swing, Monahans coaches, Roger Cundiff and Milton McClesky already are planning for the track and field season.

Doing a little long-range forecasting, Cundiff predicts Monahans again this year will have a better than average team which will make a bid for outclassing the record of last season's outstanding Green Wave squad. Practice will get underway the third week in February.

Only two lettermen are missing from the 1941 squad which copped first place in four of the six meets it entered. But the two, "Big Bill" Andrews and Clinton Brewer, have left holes in the weight divisions which will be hard to fill.

Blackie Hamilton will lead the Wave thinclads in the dashes, and Turner and Kelly will again handle the hurdle work. John Doyle will be relied upon again in the 440 run and Howard Summers in the mile event. On Albert Hanson will go the burden of gathering points in the high jump, discuss, shotput and 880-run divisions.

The Green Wave last season won the Midland Invitation, Barnhart Relays, 7-A Invitation (at Monahans), and the Ward County meet here. They placed second in the Cactus Relays at Iraan and in the district meet at Fort Stockton.

Midland Flying Club To Have Contest

The Midland Flying Club will hold a "Model Plane" flying contest at a spot one-half mile from town on the Cloverdale road Sunday afternoon, beginning at 1:30.

Club officials have announced that several entries have been received for the contest.

Prairie Lee Pupils Visit At Courtney

COURTNEY (Sp)—Students above the fifth grade in Prairie Lee School visited the elementary physical education classes of the Courtney school recently.

The visit was concluded by basketball and other games between the two schools' teams.

Frame Gardens Are Demonstrated

Frame garden making and planting was demonstrated at three of the adult homemaking groups the past week. The meetings were as follows: Wednesday morning at the home of Mrs. W. F. Hejl; Thursday morning at the home of Mrs. Fred McPherson; and Thursday afternoon at the home of Mrs. A. C. Moore.

Miss Alpha Lynn, county home demonstration agent, was present at two of the meetings and gave helpful suggestions on gardens in general as well as helping with the planting.

Mrs. Thelma Gilbreth, leader for the groups, reported that the demonstrations were well-attended and had inspired many of the members to have gardens.

No Water Shortage
Singapore's defenders announced they had food stores sufficient to hold out in a long siege. Reserves have been built up for months and, while the Japanese claimed capture of a mainland water reservoir which supplied the island, there are two more reservoirs on the island itself. Thus it appeared there was no immediate danger of a water shortage such as forced the early capitulation of Hongkong.

Elsewhere in the Pacific there was only scattered action. The Japanese, striking by air at numerous points in the Indies, also sent 11 planes over Australian New Guinea in a daylight raid and announced that earlier in the week they had sunk six ships and damaged or fired five more at Padang, on the west coast of Sumatra.

Australian bombers attacked Japanese-held Rabaul, the capital of New Britain, for the fourth time, and scored hits on at least one ship.

MIAMI (AP)—Sir Marlboro, Mrs. J. Etlinger's six-year-old horse which runs his best on grass, defeated ten other veterans at Hialeah Park Saturday in the Miami Beach Handicap, the nation's richest turf course race. The favorite at \$6.40 for \$2 took the \$4,710 first money by three lengths.

Free Spanish Texts For Texas Schools

AUSTIN (AP)—Texas—Through thousands of children enrolled in its elementary schools—may forge a language barrier into a lasting link of friendship and understanding with Spanish speaking nations.

For the first time in history the state will distribute free to grade school conversational Spanish texts beginning Feb. 2.

A total of 75,000 volumes is available and more will be purchased when the demand justifies.

FDR's Guest Flings Aside His Crutches

NEW YORK (AP)—Flinging aside his tiny crutches, 4-year-old Gerry King took a few faltering steps Saturday in the kitchen of his home following his return from a luncheon date with President Roosevelt at the White House.

Victim of infantile paralysis, the tow-headed youngster had spent two and a half years on a hospital bed. In the excitement of meeting the President, his mother said, he walked a few steps then—something he had never done before.

His performance Saturday was a duplication of his White House feat.

SOLDIERS NEED "COMFY" CHAIRS

Overstuffed chair and settees of the type that permit comfortable lounging are needed at the soldiers' recreation hall.

Midland citizens who have such furniture will donate for use there are requested to communicate with some member of the recreation council.

The District Interscholastic League spring meet will be held in Midland April 10 and 11, it was decided Saturday at a meeting in Odessa of the executive committee. Both independent and rural schools of the 20 counties of the area will participate in the two-day meet, which includes competition in both literary and athletic events.

Tennis and volleyball, and one-act play competitions will be held on the first day, Friday, April 10; and the remainder of both literary and athletics events will be held on Saturday.

Committeemen who met in Odessa Saturday included Murry H. Fly of Odessa, Howard E. Stoker of McCamey, Leland Martin of Crane, G. R. Rush of Midland, John Prude of Rankin, Pauline McMurrey of Midland, and Mr. Spain of Odessa.

Supt. George Heath of Midland, director general of the district, was out of the city and unable to return for the meeting. He was represented by Frank Monroe, high school principal.

The committeemen were guests of Fly at a luncheon.

Southwestern Track Exposition In March

FORT WORTH (AP)—The Southwestern Exposition track and field meet, one of the largest and oldest athletic carnivals in this part of the country, will have its twentieth renewal here on March 20-21. R. D. Evans, veteran director said "We feel that such athletic affairs are needed more than ever now."

Miss Adean Dyess And Corlis White Wed At Fort Dix

Announcement has been made here of the marriage of Miss Adean Dyess of Midland, daughter of Mr. and Mrs. A. J. Dyess of Fluvanna, Texas, to Private First Class Corlis M. White of Richmond, Indiana.

The wedding was solemnized in a single ring ceremony January 16, in the home of a Justice of the Peace, at Fort Dix, New Jersey.

The bride wore a black faille street dress with black patent accessories.

Mr. and Mrs. John Ingram were attendants for the couple.

After a week at Fort Dix, Mrs. White and Mrs. Ingram, who was Miss Vera Webb until her wedding several weeks ago, returned to Midland. On the return trip, Mrs. White visited her husband's mother in Richmond, Indiana, and Mrs. Ingram visited her husband's parents in South Bend, Indiana.

Mrs. White graduated from high school at Fluvanna and attended a beauty school in Fort Worth. She came to Midland two years ago and is employed with the American Beauty Shoppe, where she will continue her work.

The bridegroom, son of Mrs. Gertrude White of Richmond, attended school there and afterward went to business college. He is a member of the 197th Coast Artillery and was stationed at Midland for the searchlight maneuvers last fall.

Children's League Works For Red Cross

Sewing on Red Cross layettes and knitting on Red Cross sweaters were chief features of the meeting of the Children's Service League with Mrs. Robert Dewey, 1210 W. College, Friday afternoon.

Present were: Misses Walter Collins, Burton Atkinson, Fred Cassidy, Vaughn Maley, Ed Reichardt, R. L. Blunden, W. T. Schneider, Ralph Hilling, Jr., J. E. Dickinson, John M. Pitts, a new member, Mrs. John Colvin, and the hostess.

January Bride

Mrs. W. T. Averitt, Jr. was Miss Walter Fay Cowden until her marriage at Wichita Falls, Saturday, January 24.

Preparations Are Being Made For Post Wedding

Four fellow-officers of the bridegroom at Sloan Field will be ushers when the Post's first wedding takes place in the chapel at the "Bombardier College of the Air", next Saturday. They are Lieuts. Vincent J. Capobianco, Robert Cheatum, John R. McCray, and John P. Titus.

The wedding will be that of Lieut. Charles E. Baldwin, Jr., son of Mr. and Mrs. Charles E. Baldwin, Sr., of Petersburg, Virginia, and his college sweetheart, Miss Sue Stevenson, daughter of Mr. and Mrs. W. C. Stevenson, of Pittsburgh, Pennsylvania.

The Rev. Hubert Hopper, pastor of the First Presbyterian Church here, will read the ceremony.

Mrs. Frank Miller will play the nuptial music.

The bridegroom-elect and his fiancée met while he was attending Maryville College, Maryville, Tennessee, where he graduated last June with the degree of bachelor of science. He enrolled as an aviation cadet at Scott Field, Illinois, last July, graduated from the cadet communications course, December 5, and received his commission on January 7, 1942. He is assigned to Sloan Field communications office.

Both Miss Stevenson's mother and her father, who is chief engineer for the Carnegie-Illinois Steel Corporation, will attend the wedding.

The chapel will be decorated by Fred Fromhold, Midland florist.

Lieut. Smith Is Guest Speaker At Belmont Meeting

Lieut. Geo. Smith of the Public Relations Staff of Sloan Field was the guest speaker at the meeting of Belmont Bible Class with Mrs. Gladys Holster, 600 North A Street, Friday afternoon. He discussed the life in the Army camp and the recreation and morale of the Army men.

Single Ring Service Unites Midland Couple

Miss Glenna Jones And John Lee Stoops Are Married At First Christian Church With The Rev. Pickering Officiating

Repeating their vows in a single ring ceremony, Miss Glenna Jones, daughter of Mr. and Mrs. J. Roy Jones and John Lee Stoops, son of Mr. and Mrs. O. M. Stoops of Albuquerque, New Mexico, were married at 7:30 o'clock Saturday evening, in the First Christian Church. The Rev. John E. Pickering read the service in the presence of the family of the bride and a few friends of the couple.

* Miss Frances Jones, cousin of the bride, was maid of honor and J. C. McClure, Jr., was best man.

The bride wore beige and brown for her wedding costume. Her silk jersey dress was designed with the new longwaisted effect, a full skirt, high neckline and three-quarter length sleeves. The full length wool coat was of beige and brown plaid.

The veiled hat was of brown straw with beige trim and brown bag, beige shoes, beige-and-brown gloves completed the ensemble. Her flowers were a corsage of white gladiolus.

The maid of honor wore a green-and-beige frock with brown accessories, with yellow rose corsage.

Prizes of Defense Stamps were presented to Mrs. J. M. Speed, Sr., for high score for club, to Mrs. J. R. Martin for second high for club, to Mrs. J. P. Rickman for bingo award and to Mrs. V. P. Neissl for high score for guests.

Members attending were: Misses P. F. Bridgewater, Russell C. Conkling, Hugh Corrigan, R. B. Cowden, John Dublin, Chas. L. Klapproth, Martin, Speed, Fred Turner, and the hostess.

Miss Stoops has spent most of her life in Midland and has been educated in the Midland schools where she is a member of the Senior Class of this year. She plans to complete her school work. She is a band majorette and a member of the "Caticoco", high school annual staff. For three years she was a member of the pep squad. She is also active in Endeavor work at the First Christian Church.

The bridegroom is a graduate of Albuquerque High School and attended the University of New Mexico. He has been in Midland a little more than a year and is employed in the offices of the Tide Water Associated Oil Company.

Mr. and Mrs. Stoops will make their home here.

The Q. V. V. Club met Wednesday at the home of Maxine Stewart. A committee was selected to meet with the Junior Q. V. V. Club.

Refreshments of bottled drinks, sandwiches, and cookies were served to Marilyn Sidwell, a former member who has recently returned from the Virginia Intermont College, Eula Ann Tolbert, Jo Ann Proctor, Joyce Strong, Bobbiv Wood, Kathryn Francis, Jean Noble, Charlotte Kinsey, Margaret Ann West, Betty Kimbrough, Sue Shepard, Emily Lamar, and the hostess Maxine Stewart.

The next meeting will be held next Tuesday at 4:00 at the home of Joyce Strong.

Home Making Club Has Skating Party

The Home Making's social committee planned a skater party followed by a winter feast for Friday, Jan. 21, but after the teachers discussed the entertainment they suggested to the club that since there was a fire shortage it would probably be better to change the entertainment to one in which no cars were used. After having their attention brought to this crisis, the club voted 100 per cent for a skating party. At 5 o'clock 32 girls met at the Roller Rink and enjoyed themselves by skating for two hours. During the rest period Marie Allen presented a special skatina act and ice cream and sandwiches were served for refreshments. Miss Iva Butler, foods instructor, and Miss Jeanne Loan, clothing instructor, were the chaperones.

Coach Dow Presents Jackets To Midland's 13 Lettermen

Assistant Coach Lwood Dow presented the football jackets to 13 lettermen of the Midland Bulldogs in assembly Wednesday morning.

Coach Dow said, "I am proud to present these boys with their 'M's', they have all really worked to get them." Coach Dow explained that some of the things the boys had to do to get their jackets were pass three subjects, study the signals, and play a certain number of quarters. Coach Dow stated, "Our boys always fought with all they had; the other teams were just bigger and more experienced. It sometimes takes a braver boy to play on a losing team than on a winning one."

The boys who played their last year of football and received their jackets were: E. G. Foster, a three year letterman, Jack Noyes, Ben Sevier, and Lefty Leftwich. The boys that will be back next year are Charlie Kelly, Gene Estes, Red Roy, Buddy Davidson, Billy Richards, Jimmy Watson, Pete Lee, Marshall Whitmore, and Junior Bird.

The reserve lettermen were Billy Joe Stickey, Keith Graham, Garrett Arnett, J. B. Harris, and Bill Chancellor.

Mr. Monroe presented assistant Coach Dow his jacket.

Model Airplane Winners Of Contest Sunday Will Receive Airplane Rides Given By Club

Mrs. Sidwell Leads A Panel Discussion At P. T. A. Meeting

Parent Teachers Association met for the first time this year in the auditorium of the high school at 3:30 Tuesday to hold a panel discussion on "Citizens Are The Products of The Homes From Which They Come."

The discussion was led by Mrs. Ernest Sidwell. Those taking part were Mrs. W. Earl Chapman, Mrs. Byerley, Mrs. William Y. Penn, and Mrs. D. R. Carter. Topics discussed by the attending members were "Ideals To Be Instilled," "Choice of Friends," "Good Citizenship," "Dominance in the Family," "Obedience," "Training for Leadership," "Vision," "Exhibitionism," and "Honesty."

The regular meeting in February has been postponed because of a joint meeting for all P.T.A. organizations at which time Dr. Gray C. Meyers and Mrs. Meyers will speak.

The Model Airplane Contest will be held Sunday afternoon, February 1, at 1:30, one mile out on the Cloverdale Road, 30 to 40 are expected to enter the contest. Anyone with a model plane is eligible to enter. The judges will divide the contestants into junior and senior divisions so that the boys from North Ward and Junior High will not have to compete with more advanced students. There will be six classes of planes. Awards of ribbons will be given after each contest. Judges will be from the Midland Flying Club. First place ribbon winners will be given free plane rides by members of the Midland Flying Club.

Mr. R. C. Ferguson, Model Airplane Club sponsor in Midland High School, stated that the public is invited to attend.

The third period typing class sat in bewilderment Friday morning as Dorothy Rose Otho whispered to Mrs. Dow who looked surprisedly at Dorothy and said, "Go ask Miss Butler." A moment later Dorothy returned, gathered up her books, and as she went out the door, smiled and said, "Since I have the measles, I'll be seeing you in about two weeks!"

The tardy bell rang. At that instant Betty Shockley stepped into home room, breathed a sigh of relief, and said, "Miss Miley, now may I go shut my locker?" The laugh of the home room—echoed down the halls.

Mr. Tennis urged all to help if possible.

Frank Troseth played a clarinet solo, "Atractite," accompanied by Johnny Bizzell. A trombone solo, "The Cascades Polka," was played by James Kerr accompanied by Peggy Anderson. Joe Haygood played a saxophone solo, "Kitten Scampner," accompanied by M. A. Armstrong.

A committee of five teachers and Mr. Frank Monroe selected eight seniors Wednesday to be in the "Who's Who Among High School Students in Texas—1942."

On the basis of scholarship, sportsmanship, extra-curricular activities, leadership, and character, they selected Elma Jean Noble, Sue Shepard, Joyce Strong, Allen Wemple, Roy Long, Elsie Mae Kimrey, Johnny Bizzell, and Eugene Jones. The names of these eight students will appear in a book published by The American High School Educational Association. Their honors, hobbies, and major subjects will be given in brief sketches.

Club boys on the program were Pete Williams, Charles Roripaugh, and Ralph Vertrees who showed and explained the model airplanes built by Bobby Wood, Pete Williams and Charles Roripaugh. A racer of Billy Graybeal's was also shown.

Jo Ann Proctor sang "Wings Over America" and the girls' sextet sang "Spirits of the Air Corps."

Billy Graybeal was the master of ceremonies.

McMurrey Names Cast For Junior Play "Reserve Two For Murder"; First Class Play With Mystery Plot In 6 Years

The junior play, "Reserve Two For Murder," has been cast by Miss Pauline McMurrey, speech teacher and dramatic coach of Midland High School. Those she has selected are: Kathryn Hanks as Helen Smith; Jimmie Walker as John Randall; Jackie Theis as Mrs. Naomi Edwards; Glenn Murray as Detective Mike Kennedy; Mildred Jones as Mrs. George Thurston Allen; Alberta Smith as Mrs. Ingelritz; Billie Walker as Eloise; Bobbie Wilson as William Russell; Douglas McElish as Sam Lee; Gene Hayes as Dr. Martin Edwards; Doris Martin as Miss Martha Gregory; Glenn Parrot as Patrolman Schultz; Harold Chancellor as Ivan Strange; and Fay Doris Douglas as Sally Lynch.

Miss McMurrey said she has not set a definite date for the play but plans to give it in about three weeks in the high school auditorium.

Clarence Scharbauer, high school senior, was found to be a very successful basketball referee. Last Tuesday night he officiated the "B" team game between Colorado City and Midland.

The high school basketball team has received new shoes. They came in last week.

Coach Dow will be head track coach this spring. The track team will really have something to work for, to defend the District and Regional track titles. The returning lettermen will be Ivan Hall and Charlie Kelly.

Thirteen Bulldogs received their jacket awards Friday morning in assembly. The jackets are leather with a purple "M".

Players receiving jackets were Bill Richards, Red Roy, Jimmy Watson, J. W. Leftwich, E. G. Foster, Jack Noyes, Junior Bird, Buddy Davidson, Charlie Kelly, Ben Sevier, Marshall Whitmore, Gene Estes, and Pete Lee.

The lettermen that will be back again next year will be: Backs, Richards, Kelly, Whitmore, Hall, Wheeler; ends, Watson, Davidson, Lester and Bird; tackles, Lee and Roy.

Dow Starts A New Way To Grade At Mid-Term

Typing paper was being pulled out of typewriter, and students were complaining about using so much paper, Thursday. All this was because of the announcement Mrs. Dow made Thursday morning to her classes telling of the new way she is to grade the daily exercises. She is giving papers with one mistake an A, two mistakes a B, three a C, and four a D, and papers with more than four mistakes will not be accepted.

Humorous Incorrect Answers On Exams Cause High School Teacher To Mark

A slight drop of the grading pencil, a decided chuckle, a quick jab on the paper possibly making an F, was the experience of many high school teachers here last week while grading test papers.

Below are examples of these careless errors made by students causing their instructors to stop and wonder.

Mrs. Dow, typing teacher, asked the number of letters in the English alphabet and received numbers from seven to forty-five.

Question: Define the Northwest Passage.
Answers received: A strip of surveyed land in Canada.

Miss Gladys Pinson stated she received quite a blow when she saw the following examples of a student's negligence:

Question: Name the principal seaport of England.
Answer received: Tokyo.

One student theory for the name of the trail a saw leaves was "a dusty trail."

Mechanical drawing students were asked to name the two units of linear measure. Foot and feet were the two one student submitted to his teacher.

A new phase on stage production was introduced by one dramatic student when asked the following: "What is the term 'freeze' in acting?" Answer received: "The actor is to stay frozen until the director indicates it is time to unfreeze."

Spelling errors were in evidence also on these papers, sponsors reported.

Below are a few of the most common:

annolates—Annapolis
innerufer—interfere
Indepndes—Independence
Albher—Alabany
Bunion—Bunyan.

To become president one student offered the requirement of one's having a naturalized birth.

Of course, there are several reasons for these examination errors. Have you any suggestions on how to solve them.

Students Witness New Way To Enroll

Students in this high school witnessed a new experience Tuesday—that or re-registering at mid-term. The purpose of this program, Principal Frank Monroe stated, is to give the second period to band students and to offer students an opportunity to change courses and teachers. He also added that this was to the advantage of the new students enrolling here.

Study Your Daily Lessons And Don't Cram Many Low Grades On The Final Paper

Weighed and found wanting—A's? If you were, now is the time to start thinking about not letting it happen again; not only thinking about it but doing something about it. Just think—all those minutes and hours of cramming and worrying that come before tests and exams can be saved when a student determines to study his daily lessons. Most of those students who detest school are the ones who fail to get anything from their classes merely because they do not study as they should. Weigh yourself according to common sense—will you be found wanting?

Bulldog 5 Breaks Basketball Season Seige Of Bad Luck By Four Straight Wins; Lwood Dow Will Coach Track

The Bulldogs pulled one out of the fire Tuesday night and dropped Colorado City into the district cellar. Trailing Colorado City by 3 points and only a minute to play, Bedford tossed in a free throw then sank a long field goal to tie the game, 17-17. The game ended a six, so an overtime period was played. The Bulldogs had a good chance of winning on free throws, four by Stickey, and two by Watson, but they missed all six. The overtime period ended 17-17, and another was played. This time the Bulldogs were not to be denied; they worked the ball around, then Wells passed to Kelly, and Kelly sank a field goal ending the game, Midland 19, Colorado City 17.

The "B" teams of the two schools played the curtain raiser with Midland winning 35 to 17. Bill Wells was the high point man with 14.

Midland and Andrews played a game Wednesday night with the Midland cagers winning handily, 42 to 23. Charlie Kelly went on a scoring spree, accounting for 23 of the Bulldogs' tallies.

Mr. Raush, athletic director and science teacher, has been chosen as basketball coach. He succeeds Dewey Johnson who resigned to be on Uncle Sam's flying forces team.

During exams last week the Bulldogs lost two games, to Lamesa 19-38, and San Angelo 26-38.

Clarence Scharbauer, high school senior, was found to be a very successful basketball referee. Last Tuesday night he officiated the "B" team game between Colorado City and Midland.

The high school basketball team has received new shoes. They came in last week.

Coach Dow will be head track coach this spring. The track team will really have something to work for, to defend the District and Regional track titles. The returning lettermen will be Ivan Hall and Charlie Kelly.

Thirteen Bulldogs received their jacket awards Friday morning in assembly. The jackets are leather with a purple "M".

Players receiving jackets were Bill Richards, Red Roy, Jimmy Watson, J. W. Leftwich, E. G. Foster, Jack Noyes, Junior Bird, Buddy Davidson, Charlie Kelly, Ben Sevier, Marshall Whitmore, Gene Estes, and Pete Lee.

The lettermen that will be back again next year will be: Backs, Richards, Kelly, Whitmore, Hall, Wheeler; ends, Watson, Davidson, Lester and Bird; tackles, Lee and Roy.

Have You Had Your First Aid Lesson?

Have you helped your country's National Defense program by taking your First Aid lesson? First Aid Courses are the lessons learned by individuals to administer aid to the injured person before the arrival of the physician. Below are several helpful hints when those unexpected mishaps occur:

1. Keep calm.
2. Keep the person warm.
3. Do not move the person around until a careful investigation for broken bones is made.
4. Do not let the person see or know how bad he is injured.
5. Use good common sense in case you are not sure what to do.
6. Avoid crowds gathering around the scene.
7. To avoid strangling do not give the individual any liquid.
8. Make the patient comfortable.
9. Be sure nothing is done that will cause the injured to worry further.
10. Send some one to call a physician.
11. Proper notification to the injured person's family would be an act of thoughtfulness.

Seniors To Write Patriotic Themes

Students in English IV classes have been asked to write an essay on "Why I Am Proud I Am an American" by the local D. A. R. chapter. The essay will be judged and a prize awarded in assembly Feb. 17 to the winner. Mrs. Lambers, State D. A. R. Regent, will be the guest speaker that day.

News Of Former Midland Students

Hugh Corrigan, student of Kemper Military School, is recovering from the mumps.

Frank Nixon, former pianist in Midland High School, presented a piano concert in the Fine Arts building at the University of Texas last week.

Frances Guffey, former McMurry student and member of the Wah-Wah Tea Set Corps, is now employed at Sloan Field.

Carolyn Oates was initiated into the Press Club at McMurry a week before Christmas and has now become a member of the "War Whoop" staff.

Montez Downey, one of the Blue-bell nominees of the University of Texas, is home between semesters.

Buster Cole, Roy Parks, and Buf-ton Estes from Texas Tech spent last week-end in Midland.

Maxine Hughes and Mary Lou Hoskins visited school Thursday. They are students of TSCW, home between terms.

Billy Wyche left Friday to enroll in Schreiner Institute.

J. R. Dublin, sophomore at N. T. A. C., visited school Friday.

Who's Who-Cecilia

Cecilia Long, popular freshman, was recently selected as freshman favorite. She is 13 years old, has blue eyes and long blonde hair. Cecilia's hair reaches to her waist and she declares she is going to cut it off Charlie Kelly, Gene Estes, Red Roy, Buddy Davidson, Billy Richards, Jimmy Watson, Pete Lee, Marshall Whitmore, and Junior Bird.

The reserve lettermen were Billy Joe Stickey, Keith Graham, Garrett Arnett, J. B. Harris, and Bill Chancellor.

Mr. Monroe presented assistant Coach Dow his jacket.

Warm Sunny Days Finds Tennis Courts Full

The past week has had so many warm and sunny days that it has caused a traffic jam on the high school tennis courts. Every evening after school there has been an average of about 30 to 40 students playing tennis. Cracking joints and blistered faces resulted from their playing. Some of the students warming up on the tennis courts likely to come out for the tennis tournament are Bill Wells, L. C. Neatherlin, Jo Ray Murray, Betty Kimbrough, Gerald Nobles, Clarence Scharbauer, Elma Jean Noble, and Alberta Smith.

Blue And Silver Are The Colors Of Senior Class

Blue and silver were chosen for the class colors, and the rose as the flower by the senior class in a meeting Monday. Students voted on the persons they wanted to invite for commencement speakers. They also voted as to whether they wanted the same diplomas as last year or new ones. The majority voted in favor of new ones.

Miss Smith announced that the PTA would sponsor some sort of entertainment for the seniors in the near future, as they had had more mothers present at PTA meetings than any other class.

Gerald Nobles, class president, announced that the last order of senior rings would be sent off the middle of next week.

"Life Goes On" . . . Spring, '42

THIS "Life goes on" costume for spring 1942 has a neutral beige camel's hair cape, lined with cheerful red, which is designed to wear with evening dresses at resort or country club as well as with suits and with the traveling dress shown here. The three-piece ensemble is one of a collection of New York creations which Uncle Sam's Coordinator of Inter-American Affairs has just sent to a National Fair in Guatemala, to get Central Americans better acquainted with their northern neighbors. The dress is cinnamon colored Alpaca shantung. This carefully coordinated three-color costume typifies the pretty-but-practical trend in new wartime fashion.

At Your Library

New fiction and non-fiction: A Lady Goes to Hollywood, by Helen Partridge: "The casual adventures of an author's wife in the much misunderstood capital of filmland."

The Timeless Land, by Eleanor Dark: The story of the first five years of English settlement in Australia, and of the black people whose life and culture and natural gaiety were so cruelly destroyed in that short time. The story is a dramatic one.

Pistols For Hire, by Nelson C. Nye: A tale of the Lincoln County war and the West's most desperate outlaw, William (Billy the Kid) Bonney.

Scum of the Earth, by Arthur Koestler: The story of the plight of

refugees when France collapsed. Mr. Koestler was in the midst of the events he describes.

Hitler Cannot Conquer Russia, by Maurice Hindus: "Hitler cannot conquer Russia . . . for the privations and the heartaches the Russians have endured over the past twenty-five years have tempered them for the life and death struggle in which they are now engaged."

Emigres in the Wilderness, by T. Wood Clarke: The romantic and little-known stories of the well-to-do French families who fled to this country when their lives were imperiled by the Revolution and Napoleon, are told in this book.

Bible Plants for American Gardens, by Eleanor Anthony King: "You can reach back to Bible times, through two thousand springtimes when you plant a garden. More than one hundred flowers and vines, trees and shrubs, vegetables and herbs, fruits and nuts are mentioned in this book, most of which can be cultivated in outdoor and indoor gardens."

First Ladies, by Kathleen Prindiville: The stories of the mistresses of the White House (will interest girls from 14 to 16).

An Introduction to Television, by C. J. Hylander and Robert Hardig, Jr.: Television is still a science in progress. To know its story converts a mysterious and sometimes incomprehensible invention into a lively story of applied science, and gives everyone, young and old, a background of understanding that will clarify future developments that are sure to come.

Secret History of the American Revolution, by Carl Van Doren: An account of the conspiracies of Benedict Arnold and numerous others, drawn from the secret service papers of the British headquarters in North America, now first examined and made public.

That Day Alone, by Pierre Van Paassen: Myriad characters, famous and humble, little-known incidents of history—pass through the pages of this book by the author of "Days of Our Years" (also in the library).

They Speak for a Nation: letters from France, edited and with an introduction by Eve Curie, Philippe Barres and Raoul de Roussy de Sales.

A Treasury of Gilbert and Sullivan. The words and the music of one hundred and two songs from eleven operettas, edited by Deems Taylor.

My India, My America, by Krishnalal Shridharani: This book does for India what the books of Lin Yutang have done in explaining and making China live. The author is a Hindu writer and scholar—a disciple of Gandhi, a pupil of Tagore—who, for the past eight years, has lived, traveled and studied in America. It is not a book which analyzes the current events of India so much as it presents today's India in the light of its long history, its arts, its philosophy.

Feeding the Family (4th edition), by Mary Qartz Rose: "This famous book on diet and health is a complete and accurate guide to the proper feeding of both individuals and family groups; it is readable, and the advice is practical . . ."

This Business of Carving, by Bill Rhode: This is a book on how to carve meat, poultry, and fish properly—that is, tastily, economically, and with the least effort.

Tally-Ho! Yankee in a Spitfire, by Arthur G. Donahue (The personal story of a Minnesota farm boy who was the first American to see combat with the RAF in the summer of 1940).

YVONNE FAIN

MIDLAND BOY FINISHES ANTI-AIRCRAFT COURSE

Second Lieut. John W. Thomas, Jr., has graduated from the Anti-Aircraft Artillery course of the Coast Artillery School at Fort Monroe, Va. He is the son of Mr. and Mrs. J. W. Thomas of Midland.

Ranking 4-H Club girl of Midland County for 1941 is Yvonne Fain, daughter of Mr. and Mrs. Earl Fain of Valley View. The title of Gold Star Girl was bestowed upon her by a judging committee, considering her accomplishments in home making and her contribution to the family living.

In her club work, Yvonne specialized in poultry and bedroom improvement. She cared for the family's poultry flock.

In her bedroom demonstration she added a new bed with springs and a home-made mattress, built a new clothes closet, and made a new dressing center. The room was also ceiled and re-papered.

But the energetic young club-worker's efforts did not stop there. She helped gather the \$250 worth ofokra sold by the family and also assisted in gathering peas for sale.

Fourteen-year-old Yvonne is an eighth grade student in Valley View School.

The Judge, A Man Who Had A Great Insight

GREENBORO, N. C. (AP) — A dream-eyed young man drawn for jury duty told Superior Court Judge Wilson Warlick that his mind was not on the subject at hand because he was to be married next day. "Excused from duty," said the judge. "And you also may need the time to get money for necessary expenses."

Fire Department Used To Be No. One Choice

Ambition among 9-year-old boys in The Boys Club of New York is to be an aviator. In a survey 42 per cent showed they want to be pilots in the armed forces. Seven per cent want to be baseball players and six per cent favored the football field. Joe DiMaggio was the boys' No. 1 hero, chosen by 63 per cent. Joe Louis ran second with 13 per cent.

Garden Club Will Hear Two Speak

Lieut. Hall of Sloan Field will speak to the Midland Garden Club in its meeting at the courthouse Thursday morning at 10 o'clock, telling what is needed in the way of shrubs and other plantings for the bombardier college grounds.

The club has made a large order for roses, 50 of which will go to Sloan Field. Anyone having trees, shrubs, or roses they wish to donate to the field is asked to call Mrs. Geo. Kidd, Mrs. Dewey Jordan, or Mrs. L. W. Leggett and the contributions will be collected.

R. O. Walker, Midland nurseryman, will also discuss pruning shrubs and roses.

North Grayburg Pool In Eddy Is Hotspot Of New Mexico Activity As Producer Gauged, Four Start

HOBBS, N. M.—The recently discovered North Grayburg pool of Eddy County remained the hotspot of Southeast New Mexico oil activity as it added another producer and gained locations for four tests, one a semi-wildcat.

The semi-wildcat is Flynn, Welch & Yates No. 4-B Gissler, staked 660 feet from the north and 1,980 feet from the east line of section 8-178-30E. The same firm has abandoned its No. 3-B Gissler, 330 feet out of the southeast corner of section 8-178-30E, about one mile southeast of the new test.

No. 3-B Gissler logged only light shows of oil in lime from 2,694 to 2,702 feet and was abandoned a failure at total depth of 3,267 feet in lime.

Sanders Brothers No. 2 Leonard, North Grayburg well in section 34-168-30E, was completed for daily production of 98 barrels of oil, flowing through open 2-inch tubing swung at 2,910 feet. It had been shot with 150 quarts of nitro from 2,955 to 3,000 feet. Pay was topped at 2,957 feet and total depth is 3,014 feet in lime.

Stakes Pair In the pool, Etz Oil Company located No. 1-E A. N. Etz 660 feet out of the southeast corner of section 25-168-30E. A. S. Woolley staked a pair of locations. His No. 1-H McEntyre is 660 feet out of the northwest corner of section 3-178-30E and the No. 2-H McEntyre 660 feet from the north, 1,980 feet from the west line of the same section.

Two producers were completed in the original Grayburg pool. The larger, Etz Oil Company No. 5-A Humble Oil & Refining Company-State, in section 16-178-30E, flowed 40 barrels of oil per day through 3/8-inch bottom-hole choke on 2-inch tubing set at 2,090 feet. The well topped pay at 2,090 feet and is bottomed at 2,125 feet in red sand. It was shot with 120 quarts from 2,095 feet to total depth.

Verne L. Arnold No. 3-B Arnold, Grayburg well in section 26-178-30E, flowed 27 barrels per day through open 2-inch tubing following a 40-quart shot from 3,245 to 3,255 feet, four feet off bottom. It logged first pay at 3,249 feet and tubing is set

at 3,191 feet.

New Semi-Wildcat

A semi-wildcat in the Red Lakes-Artesia district of Eddy has been staked by D. C. Saikin and H. F. Oliver as the No. 1 Shoffelbarger-State, 1,650 feet from the north and west lines of section 6-188-28E.

Allan Hargrave and Harris G. Eastham, both of Midland, Texas, completed their No. 2 Hargrave in the Barber pool of Eddy for natural production of 192 barrels per day on pump. The well, located in section 15-208-30E, logged pay lime from 1,620 to 1,633 feet, total depth.

Paul B. English No. 1 Jones wildcat in section 24-198-31E, south of Eddy's Shugart area, pumped 60 barrels of oil on 14-hour natural test, bottomed at 2,475 feet in sand, and has pulled tubing and rods. It topped oil sand at 2,461 feet.

A wildcat northwest of Carlsbad in Eddy, Stroup, Yates & Flynn No. 1 Hartz-State, section 16-218-23E, is drilling unchanged below 2,500 feet in lime.

Western Gas Company No. 1-X Combust, test in the Lynn area of Lea County, gauged natural flow of 120 barrels of oil in 24 hours through a one-eighth inch choke on 2 1/2 inch tubing set at 3,576, three feet off bottom. It topped lime pay at 3,500 feet. Location is 1,940 feet from the north, 660 feet from the east line of section 35-238-36E.

Wildcat Active

Richmond Drilling Company of Midland No. 1 State, wildcat in Eastern Lea, is drilling past 4,240 feet in anhydrite. Log of the well shows it to have encountered top of anhydrite at 2,130 feet, top of salt at 2,945 feet, base of salt at 3,180 feet, top of Yates sand at 3,230 feet, first frosted quartz grains at 3,350 feet and top of brown lime at 3,400 feet. Elevation is 3,754 feet. The test is 1,980 feet from the south and 660 feet from the east line of section 5-168-38E.

Prexy Wilson and associates No. 1 Saunders, Southern Lea wildcat six miles west of the Jal pool, last was reported drilling at 2,656 feet in anhydrite. It is 660 feet from the southeast corner of section 11-258-35E.

In Chaves County wildcat territory, Brewer Drilling Company and associates No. 1 State, section 15-148-29E, is drilling below 1,640 feet in anhydrite and gypsum. Harry Steinhilber No. 1 Headley, section 26-148-29E, had reached 3,570 feet in anhydrite and lime.

Stocks Finish Month With Small Declines

NEW YORK (AP)—The stock market Saturday finished a fairly good month and a rather spotty week with negligible declines the rule for leading issues.

That the mild reversal in the short session was not more pronounced, considering the somewhat pessimistic war news from Singapore and Africa, was viewed by analysts as highly encouraging.

Only the lightest kind of selling appeared at any time although the direction was modestly downward from the start. A smattering of favorites managed to emerge with plus signs.

WOOL

NEW YORK (AP)—No trading took place in wool top futures Saturday. Certified spot wool tops closed 127.9 nominal.

Cotton

NEW YORK (AP)—Cotton futures market took it on the chin Saturday for the second time this week. Prices broke \$1.90 to \$2.85 a bale as a result of President Roosevelt's ruling that government-owned stocks of grain and cotton would be released to war production agencies.

The decline swept the market as much as \$8.15 a bale away from the 12-year highs scored earlier this week.

Index Shows Increased War Demands For Oil

TULSA (Sp)—The IPAA index covering the petroleum statistical position for the month of January 1942 was released Saturday and reflects increased war demands for oil.

IPAA INDEX JANUARY, 1942 1934=100

Category	Production	Stocks	Average Price	Demand	Stocks	Tank Car Price
Crude Oil	134	112	78	83	95	111
Motor Fuel	155	132	163	150	80	109

Based on data from U. S. Bureau of Mines, American Petroleum Institute, and National Petroleum News. Seasonal adjustment for motor fuel demand and stocks. Current month data as follows: stocks and prices, beginning of month; crude oil production, average 4 weeks ending middle of month; motor fuel demand, estimated for month.

The figures on which the chart is based as compared with January 1941, follows:

IPAA Index (1935-36-37-100)
Jan. 1942 1941

Crude Oil Production 134 112
Stocks 78 83
Average Price 78 83

Motor fuel Demand 155 132
Stocks 163 150
Tank Car Price 109 80

As shown by the chart and the above figures, both motor fuel demand and crude oil production have increased about 22 points as compared with last year. Crude oil stocks have declined slightly while gasoline stocks have increased 13 points over January 1941.
