

Artillery Fire Halts Japs

Red Leader Says Russians To Keep War Initiative

Predicts All Occupied Soviet Republics Soon Will Return To USSR

By The Associated Press Russia's President Michael Kalinin proclaimed Thursday that "the hour is near when all of the occupied (Soviet) republics will return to the family of the U. S. S. R. and declared the Red Army is now approaching the borders of White Russia, Latvia, Estonia and Lithuania.

"The Germans never will recapture from the Red Army the initiative which has been gained," Kalinin said, adding that Soviet troops had thrown the invaders back 175 miles in some sectors.

Kalinin's message, spread across the front pages of Soviet newspapers, said Adolf Hitler had sacrificed everything to realize his dream of capturing Moscow, as Napoleon did in 1812, and that he would pay still more heavily for it.

A Soviet broadcast reported Hitler had thrown several fresh divisions into the conflict, mostly of older classes.

Drive Continues Front-line dispatches said Russia's winter campaign, designed to cripple the Germans and break their spring offensive before it can get under way, was pressing steadily forward.

On the North African front, Cairo dispatches said it was believed that German spearheads had advanced within 50 miles of historic Tobruk, 80 miles west of the Egyptian-Libyan frontier after a 180-mile drive eastward from the Gulf of Sirte.

British headquarters said Imperial mobile columns and patrols were active "along the whole of our front" but gave no details, while an RAF communique reported British bombers pounded Axis forces east of Tunisia.

Tunisi is 8 miles west of Tobruk and 140 miles from the Egyptian border.

Mussolini Makes Claims Premier Mussolini's high command said Axis troops had swept beyond Derna, 95 miles west of Tobruk, and were "continuing to pursue the enemy eastward."

Coupled with the Axis resurgence in Libya, Moscow newspapers warned Turkey to "keep its eyes open" because Hitler "is up to something in the Balkans."

A Soviet commentator said Hitler planned to seize the Turkish-controlled Dardanelles as a gateway to the oil-rich Caucasus and the Eastern Mediterranean.

Russian war reports indicated the Red Army was pressing hardest in three salients—west of Moscow toward Smolensk; in the south central front between Kursk and Kharkov; and in the Donets Basin.

Mrs. Susie Noble Is Named Control Agent In Explosives Use

Mrs. Susie G. Noble, county clerk, has been appointed an explosives licensing agent for Midland County, and will cooperate with the Bureau of Mines, of the Department of the Interior, in seeing to the regulation of the use of explosives in this area.

The appointment is in line with plans of the Bureau to see that all who handle explosives are qualified to do so. The licensing is for the purpose of preventing explosives from falling into the hands of those not sufficiently reliable and experienced to be authorized to handle them.

Prevention of disasters, whether accidental or subversive, is the object of the new regulation. Regulation of the purchase, the sale and the use of all types of explosives will be far toward accomplishing this aim, it was declared by R. R. Sayers, director, in making the appointment.

License forms have not reached Mrs. Noble, but when they are available the public will be notified through the columns of The Reporter-Telegram.

Orders Work Started On Defense Houses

WASHINGTON (AP)—The Federal Works Administration Thursday ordered work started immediately on construction of 125 demountable housing units for non-commissioned officers and civil service workers at Sloan Field.

It also ordered work expedited in several other defense areas in Texas. A Memphis, Tenn., concern has been awarded a contract to supply 1,000 prefabricated dwellings to be used in defense areas in the Southwest, but whether these will come to the Sloan Field area was not indicated.

Youngest General

Laurence S. Kuter, army flier and assistant general staff, became the Army's youngest Brigadier General when he was temporarily promoted to higher rank. This was the first promotion from captain to brigadier general since the World War. (NEA Telephoto).

Housing Shortages In Defense Areas

WASHINGTON (AP)—A critical housing shortage is indicated in almost half of the nation's key defense areas, and residential vacancies were found to be below normal in nine-tenths of such areas, the Works Projects Administration reported Thursday.

The agency said it surveyed 237 defense areas and that in all except 25 the gross number of vacant family dwelling units was less than 5 per cent, the figure considered "normal," and in most cases less than half the vacant dwellings were habitable.

In 11 areas, the report disclosed, the vacancy ratio was less than 2 per cent, indicating a "critical" housing shortage.

The federal government now has under way programs calling for expenditure of approximately \$500,000,000 for housing facilities in defense areas.

Trucks Given Permit For Holiday Hauling

AUSTIN (AP)—The Railroad Commission Thursday served notice it would waive any regulations applicable to for-hire trucks when exceptions were necessary to defense needs.

The commission said further it would authorize deviation from a regulation which prohibits the movements of certain trucks on Sunday and holidays (pre-war orders designed to prevent highway congestion on peak travel days) when a request was filed by the Army or Navy or by truck operators providing application was "properly presented as being necessary in the national defense."

Most Dangerous Men In The World Hell From Heaven Cadets Soon Will Learn To Aim Bombs At Sloan Field

Sloan Field, the greatest bombardier training base in the world, boom-towned from barren Texas ranch lands in six short months, stands ready and waiting to move into high-gear operation when its first class of budding bombardiers arrives from reception centers.

Soon to this pool-table flat air-drome, ideally situated in the heart of wealth-rushing West Texas oil fields, will come clear-eyed young Americans to be transformed in twelve swift weeks from Aviation Cadets into bombardier officers, captains of hard-hitting Air Force combat teams.

Already Sloan Field here is teeming with officers and enlisted men, the behind-the-scenes operators of an organization planned with watch-works accuracy for the job of making Uncle Sam's bomb-droppers the best in the business.

Cadets will come to this bombardier college after a short period of pre-flight training at one of two huge replacement centers "kindergartens" of the Gulf Coast Air Corps Training Center, at Ellington and Kelly fields. Already equipped, they will swing immediately into the fast-moving training schedule of aerial and classroom work. Twelve weeks later they will have graduated, with commissions making them second lieutenants in the Air Corps as diplomats.

Pamphlet Raiders Scatter Leaflets In French Areas

Conquered People Are Given Message "The Yanks Are Coming"

WASHINGTON (AP)—RAF bombers, doubling as delivery boys for the U. S. A., are strewing occupied France with pamphlets by the millions, proclaiming the gigantic scope of America's war plans and conveying to a conquered people the implicit message: "The Yanks are coming."

Presidential Secretary Stephen Early made known the newest series of pamphlet raids Thursday and disclosed that the leaflet bombardment was particularly intense on the Brittany Peninsula.

The same ports and towns were the first to see the Doughboys a quarter of a century ago, and that maritime section of France would be one of the first likely theaters of action whenever the United Nations are ready to open a major invasion campaign to regain the continent.

Early, who reported that a total of 1,417,500 pamphlets had been dropped in the latest raids, said he had been told that operations to date constituted "the biggest pamphlet bombing job ever done." More than 2,000,000 leaflets were dropped in the initial raids a month ago.

Significant or not, the Brittany area was the first and only section to date to be blanketed with a new pamphlet—one which contains President Roosevelt's pledge that the United States will "put the weapons of war at the proper time into the hands of those men in the conquered nations, who stand ready to seize the first opportunity to revolt x x x."

Reconnaissance Corps Is New Hard-Hitting Unit Of British Army

LONDON (AP)—Organization of a tough, hard-hitting reconnaissance corps—the newest of the British Army's task forces—was disclosed Thursday in an official announcement which said the units have a "scale of armaments and degree of mechanization unprecedented in military history."

The reconnaissance troops function on land somewhat as commandos do against enemy coasts and are "just as tough."

But their roles are reversed. "The amphibian commando's objective is destruction first and information secondly. The reconnaissance man wants information first but, if necessary, is armed and ready for decisive operations."

One reconnaissance battalion is being assigned to each infantry division and "if possible the battalion will probe the enemy lines by cunning and stealth," said the official source.

RAILROADS INCOME SHOWS BIG INCREASE

WASHINGTON (AP)—The nation's class I railroads had an estimated net income of \$500,545,671 in 1941 which was more than two and a half times the 1940 profit, the Association of American Railroads reported Thursday.

In Southeastern Andrews, Texas Pacific Coal & Oil Company and Seaboard Oil Company No. 1-D Midland Farms Company is drilling below 1,545 feet in sand and rock.

Ordovician Exploration Drilling test was being run Thursday morning in Anderson-Pritchard Oil Corporation No. 1 Mrs. H. E. Bowen, Northern Pecos County wildcat two miles west of the Apco-Warner pool. Total depth is 4,978 feet in Ellenburger, lower Ordovician, dolomite topped at 4,917 feet. It is reported to have shown porosity in core pulled near total depth.

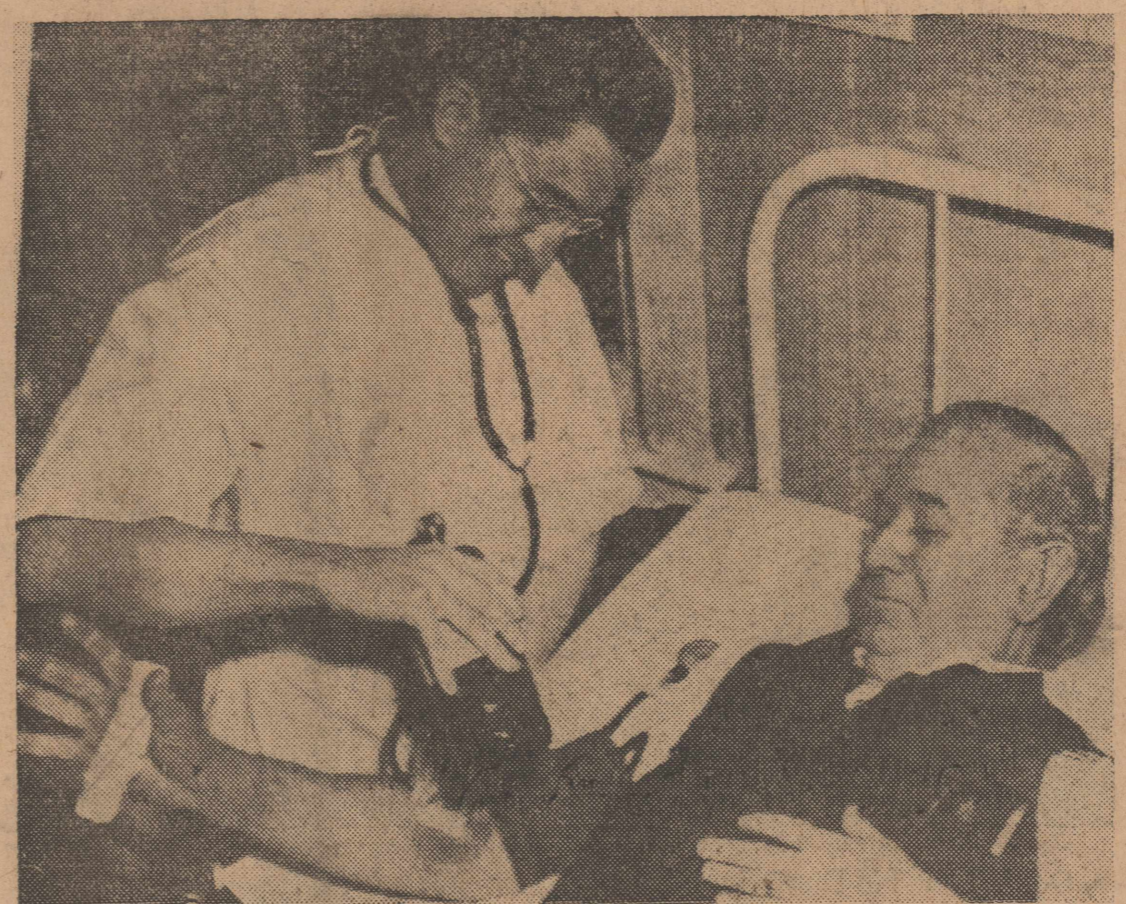

Gulf Oil Corporation and L. H. Wentz No. 2 L. H. Miller et al, Northeastern Pecos Ellenburger pool opener south of Gravin, flowed 350.88 barrels of fluid in 12 hours of which 129.66 barrels was water. It has been shut in for storage. Bottomed at 4,493 1/2 feet in pre-Cambrian, the well has recovered 213.30 barrels of new oil over and above lead oil lost in cavernous formation.

An Ordovician test six miles east by northeast of No. 2 Millar, Mag-nolia Petroleum Company No. 1 Ella C. Price is drilling at 4,375 feet in line, presumably still Permian. Moore-Olsen No. 2-C H. M. Hall, Western Crockett County Ellen-berger wildcat, recovered 180 feet of drilling mud and 700 feet of sulphur water when 45-minute drill-ling test was run from 6,873 to 6,977 feet, total depth. It now is shut down for orders pending analysis of Schlumberger log. The well topped the Ellenburger regionally high at 6,740 feet.

A projected 11,000-foot Ordovician test in Northeastern Ward County, Shell Oil Company, Inc., No. 1 Sealy-Smith Foundation of Galveston, is drilling at 8,482 feet, reportedly in lime.

Everything is in readiness at (See CADETS, Page 6)

Senator Connally Gives Blood

Senator Tom Connally, of Texas, gives his blood to the Red Cross plasma bank at the Old Naval Hospital in Washington, D. C. The surgeon is Dr. Frank S. Ashburn, USN. This great work of the Red Cross has helped civilians and soldiers alike back to health. These blood banks will be useful on battlefields where transfusions are needed to save the many wounded who must be operated on in the field. (NEA Telephoto)

First Acidization Increases Output Of Fullerton Well

By Frank Gardner Editor First-stage acid treatment, with 1,500 gallons, materially increased output of Fullerton Oil Company of California No. 1 H. M. Wilson, Northwestern Andrews County deep Permian discovery well, as it gauged 41 barrels of oil the first hour and 33 the second hour following the job. Flow was through a one-inch choke on 2-inch tubing, accompanied by 350,000 cubic feet of gas. Oil was diluted two per cent with sediment and acid residue at the start of the test. A second acid treatment, probably with 4,000 or 5,000 gallons, was due to be given the well Thursday morning.

On natural test through one-inch choke No. 1 Wilson had flowed 231 barrels of 40-gravity oil in 14 hours, with gas volume of 1,000 feet. Following the acid treatment it was allowed to flow into pits for one and one-half hours and into tanks for one-half hour before the gauging was commenced. Production is through 362 gun-perforations from 7,215-75 feet in 5 1/2-inch casing cemented at 7,285 feet. Bottom of hole is 7,280 feet, plugged back from total depth of 8,065 feet in line and chert. Location of the deep strike is 990 feet from the south, 1,650 from the east line of section 15, block A-32, public school land, eight miles northwest of Shafter, LaSalle.

A scheduled 3,500-foot Ordovician test in Southwestern Andrews, Phillips Petroleum Company No. 1-A University-Andrews, is shut down for repairs at 4,002 feet in lime.

In Southeastern Andrews, Texas Pacific Coal & Oil Company and Seaboard Oil Company No. 1-D Midland Farms Company is drilling below 1,545 feet in sand and rock.

Ordovician Exploration Drilling test was being run Thursday morning in Anderson-Pritchard Oil Corporation No. 1 Mrs. H. E. Bowen, Northern Pecos County wildcat two miles west of the Apco-Warner pool. Total depth is 4,978 feet in Ellenburger, lower Ordovician, dolomite topped at 4,917 feet. It is reported to have shown porosity in core pulled near total depth.

ALIENS: Germans, Italians, Japanese Must Get Identification Certificates At Once

The Department of Justice today warned all aliens of enemy nationalities to take note of the following facts:

- 1. Aliens of German, Italian, or Japanese nationalities who are 14 years and older who have not fully acquired United States citizenship must apply at post offices for Certificates of Identification.
- 2. Applications must be filed at the nearest first or second class or county seat post office in the period February 9 through February 28, 1942.
- 3. Printed instructions for filing applications are now available at all post offices.
- 4. When applying for Certificates of Identification, aliens must have their Alien Registration Receipt Card and three unmounted photographs of themselves, size 2" x 2", printed on thin paper, showing applicants front view without a hat.
- 5. Postmasters will be glad to lend assistance to aliens of enemy nationalities who need advice or information.

Urges More Supplies Be Sent To Russia

WASHINGTON (AP)—Increased deliveries of military supplies to Russia were urged Thursday by Senator Pepper (D-La.) as Republicans joined with Democrats in seeking to expedite final congressional approval of a measure extending \$500,000,000 in financial aid to China.

Voting approval of the proposed China loan, Pepper told reporters this country also ought to do everything it could to speed up the transfer of war materials to Russia so the Soviets would be as well prepared as possible for the promised Nazi spring offensive.

WAR BULLETINS

MOSCOW.—(AP)—Soviet guerrilla detachments Thursday were reported to be creating wholesale panic behind the German lines as the Nazi armies sought to throw up fortifications and attempted counter-attacks in many sectors of the front.

LONDON.—(AP)—The Admiralty asserted Thursday several Italian submarines had "paid the ultimate penalty" after having been sent to help the Germans' submarine campaign in the Atlantic.

WASHINGTON.—(AP)—The Senate passed and sent to the White House Thursday a measure making \$500,000,000 in financial aid available to China, the fund to be administered by the Secretary of Treasury under direction of the President.

WASHINGTON.—(AP)—The Senate completed legislative action in five minutes Thursday on a \$26,495,265,474 Naval supply bill.

LONDON.—(AP)—The British Admiralty announced the submarine Triumph had been lost.

Planes Save Big Ship From Subs

NEW YORK (AP)—An American passenger ship arrived Thursday after a thrilling escape from three Axis submarines which made crash dives when a patrol plane appeared on the scene while the unarmed ship was trying to ram one of the U-boats.

Although the captain of the liner (her name was withheld by the Navy) refused comment on his attempt to ram the undersea raiders, crew members said the U-boats were sighted on the surface last Sunday afternoon shortly after the vessel left a West Indies port.

"They crash-dived when the plane appeared and one of them was so close he passed under the ship," a crew member said.

ALIENS: Germans, Italians, Japanese Must Get Identification Certificates At Once

The Department of Justice today warned all aliens of enemy nationalities to take note of the following facts:

- 1. Aliens of German, Italian, or Japanese nationalities who are 14 years and older who have not fully acquired United States citizenship must apply at post offices for Certificates of Identification.
- 2. Applications must be filed at the nearest first or second class or county seat post office in the period February 9 through February 28, 1942.
- 3. Printed instructions for filing applications are now available at all post offices.
- 4. When applying for Certificates of Identification, aliens must have their Alien Registration Receipt Card and three unmounted photographs of themselves, size 2" x 2", printed on thin paper, showing applicants front view without a hat.
- 5. Postmasters will be glad to lend assistance to aliens of enemy nationalities who need advice or information.

Urges More Supplies Be Sent To Russia

WASHINGTON (AP)—Increased deliveries of military supplies to Russia were urged Thursday by Senator Pepper (D-La.) as Republicans joined with Democrats in seeking to expedite final congressional approval of a measure extending \$500,000,000 in financial aid to China.

Voting approval of the proposed China loan, Pepper told reporters this country also ought to do everything it could to speed up the transfer of war materials to Russia so the Soviets would be as well prepared as possible for the promised Nazi spring offensive.

Singapore's Big Guns Rake Jap Transports

Heavy Movement Of Enemy Troops Progressing In Johore State; Lull Reported In Battle Of Philippines

By Roger D. Greene Associated Press War Editor Japan's siege armies still hesitated to gamble on a direct assault against Singapore amid flaming artillery duels across the mile-wide Johore Strait Thursday, while Japanese warplanes again attacked the big Dutch Naval base at Soerabaja, Java, and Port Moresby, New Guinea.

Pursuit Planes Attack Japanese

WASHINGTON (AP)—U. S. Army pursuit planes attacked a greatly superior force of Japanese bombers and fighter planes in Java, shooting down one enemy bomber and one enemy pursuit ship, the War Department announced Thursday.

One American plane is missing. The American planes were P-40 fighters, and they were firing in indication that planes of this type piloted by American Army fliers, had reached the Netherlands East Indies.

Bombers Attack Hospital Ship

MELBOURNE, Australia (AP)—A hospital ship carrying wounded American soldiers and nurses from the Philippines to an Australian port was attacked nine times in one day by Japanese bombers and fighter planes which "came over like swarms of flies," it was disclosed Thursday.

One of the wounded soldiers said that the raids took place Jan. 8, but that "all the wounded were cheerful and declared their only wish was to get well and have another crack at the Japs."

Dr. McCallie Tells Rotarians Chinese Never Be Conquered

Dr. H. D. McCallie of Odessa told Midland Rotarians at their meeting Thursday noon the Chinese "never have been conquered and never will be."

In the address, the Presbyterian minister who spent 20 years in missionary work in the Orient, said China has the oldest civilization, it is still going strong and will be going strong when many other nations in the world are gone.

He recalled many Chinese inventions and described Chinese as a peaceful people and asserted they have never waged an offensive war.

"They are democratic in many ways," he added, explaining that their industries are controlled by guilds which are government controlled.

Raymond Mann, son of the Rev. W. R. Mann, entertained with several piano selections. Clarence Scharbauer, Jr., was the club's guest from the Midland High School and thanked the Rotarians for their policy in honoring students.

Guests includes the Rev. Tom Murphy of Odessa, the Rev. Lowry Walker of Lovington, N. M., and the Rev. Hubert Hopper of Midland. T. Paul Barron was chairman of the program committee.

Remington Arms Will Have Large Production

WILMINGTON (AP)—Donald F. Carpenter, vice president of the Remington Arms Company, told a Congressional committee Thursday that his company, at capacity, would be producing more ammunition in a six months period than the country's entire production for World War No. 1.

State Has Largest Cash Balance Ever

AUSTIN (AP)—The state of Texas has a cash balance of \$78,892,488, largest in its history, Treasurer Jesse James reported Thursday.

The general revenue fund, however, had a deficit of \$30,880,933. The Confederate pension fund, which for many years was in the red, also had a balance of \$488,184. "It will never again have a deficit," James said.

When There's A Mind, It's The Captain's One-Two-Three! Help-Help-Help!

LONDON (AP)—The Free Dutch newspaper Vrij Nederland Thursday offered the following as fresh evidence of "the regimentation of the German mentality":

A seaman aboard the Dutch submarine which sank the German U-95 was amazed to see the U-boat commander and 12 other survivors swim away from their craft "in perfect formation."

None uttered a sound, the Dutch seaman said, until the commander gave the order.

Then, all together, they cried for help.

In the Indies, a Dutch commander reported that despite violent bombing attacks the spirit of his troops "remains like red peppers and we will be indomitable."

Four-engine Japanese flying boats attacked Port Moresby before dawn, dropping 30 bombs and blazing away with cannon and machine-gun fire in the second raid there in three days.

Port Moresby is the capital of Papua, in Southeastern New Guinea, 300 miles from Cape York, Australia.

An N. E. I. communique acknowledged fires were set and material damage inflicted in the Japanese assault on Soerabaja Thursday morning, following up Tuesday's initial raid in which 70 or 80 Japanese sun bombers with a strong fighter escort attacked the vital base.

The Japanese claimed they had shot down or destroyed on the ground 85 planes in Tuesday's raid. The Dutch admitted "very considerable" losses in aircraft.

Other developments in the worldwide conflict included: The German high command asserted that Nazi U-boats operating off the Atlantic Coast had sunk six more merchant ships totalling 47,000 tons, including a 15,000-ton ore ship.

Burma—The British acknowledged that Japanese patrols had crossed the lower Salween River at a number of points, creating "the threat of a west thrust against Rangoon, the Burmese capital."

British artillery had previously held the Japanese at bay on the east bank of the Salween, forcing the invaders to turn north instead of swinging around the Gulf of Martaban for a drive against Rangoon.

The British also acknowledged that Japanese forces had captured (See WARFARE, Page 5)

## Two Fronts

The United States must fight on two fronts. First, there is the military front. American soldiers, sailors, airmen are fighting and dying in the Pacific. They are living up to the highest traditions of this nation's military history. They must be given the finest battle equipment in the world, and they must be given it in lavish quantity. All the resources of this nation, human and material alike, must be used to that end.

Second, there is the home front. We have said, time and again, that we are fighting to defend and perpetuate freedom. That is true. But the defense of freedom at home, as on the war front, demands more than lip service. It demands straight thinking from all. It demands a people who will look squarely at the facts, no matter how unpleasant they may be. It demands the kind of national toughness that knows precisely what we are fighting for, and that will permit nothing to stand in the way of victory on the home front no less than the military front.

We will, of necessity, demand and accept a large measure of economic dictatorship during the war. Whether that dictatorship ends when the war ends, will depend upon the resolution and the understanding of the American people. The future of this country and our kind of government is in the balance. The people will decide which way the scales are tipped.

The free enterprise system is at stake in this war. Upon the maintenance of free enterprise all the other freedoms—freedom of press, freedom of speech, freedom of religion—hinge and depend. Anything which weakens and emasculates free enterprise is the enemy of the nation. We cannot have an ever-expanding bureaucracy and have efficiency. We cannot allow non-defense spending to go on unchecked and expect to avoid economic collapse. We cannot punish industry and expect it to be able to do its utmost.

There is nothing dramatic about these statements. They are simply homely truths. The winning of this war—and the winning of the peace that follows—will depend on how well the American people understand them.

There has never been such unity as this country has at present. Every American stands solidly behind the President in the pledge to wage war until international gangsterism is destroyed. The spirit of the nation is one of grim, uncompromising determination. But let all remember that the home front is as vital to war and to the perpetuation of our way of life as the battlefield. There will be subversive influences on both fronts. Only an awakened, aware people can prevent their depredations.

We fight for freedom. And we must fight for it all the way—fight for it here in America, no less than in the broad reaches of the oceans and the lands beyond.

## This Scrap On Our Hands

Five hundred pounds of scrap rubber are needed for every medium tank. A battleship may contain as much as 9,000 tons of scrap metal. Ten thousand tons of waste paper will be needed this year to make ammunition containers alone. Three miles of copper wire go into a modern bomber.

Facts like these make it clear why we Americans must begin to save materials as we never have before. Government officials say that salvage operations will play an important part in winning the war. Our industries are expanding at such a rate that they will need vast quantities of scrap to keep them going full blast, making weapons, and it's up to us to see that they get it.

Salvage campaigns are being organized throughout the country to gather material of this kind. Every one of us can help in these collection drives. Every one of us has scrap of some sort that he can contribute. If you've been saving things just in case they might come in handy, they might come in handy now for Uncle Sam. And if you have not been saving, now is the time to start.

## The Mean Woman

We're glad we're not in the Department of Agriculture. The department has just broadcast to the world that the American woman is in bad shape. Instead of being a Venus five feet-six in height, with 35-inch hips and 25 inches around the waist, she's positively dumpy, a mere five feet-three in height, with 38.82 hips and 29.15 inches around the waist. This dumpy-sounding average was obtained from measurements of 14,698 women in seven states and the District of Columbia.

The department refers to her as "the mean woman," which will be an understatement when she reads the figures.

### Democrats Plan Big Fort Worth Dinner

**By The Associated Press**  
A Texas Democratic Dinner at Fort Worth February 23 will replace Jackson Day dinners of peacetime years, Myron Blalock, Texas national committeeman, announced in Washington after consulting with Mrs. Clara Driscoll, state national committeewoman.

The Fort Worth dinner will be for the whole state, it was announced. Raymond E. Buck, Fort Worth attorney, accepted chairmanship of the dinner. He said Democrats will be asked to contribute towards the national funds, and those contributing \$25 or more will be issued invitations to the dinner.

### Archery Club To Become Member National Group

The Midland Archery Club met at the home of Mr. and Mrs. E. W. Vanderpool, 1804 W Texas Avenue Wednesday night, with 14 members attending.

The club voted to launch steps toward becoming an affiliated member of the National Archery Association in the near future. A male shoot was planned between Midland and Houston-Bowman on March 1st if the weather is favorable. The Midland club will hold a shoot at its range, and Houston-Bowman will hold one at its range on the same day. Scores will be mailed by each team, thus determining the winner by the exchange.

A weiner roast is to be held at the Midland range next Sunday afternoon.

### Soviet Nations Soon To Be United Again

**MOSCOW (AP)**—President Michael Kalinin in a message to the Soviet people Thursday proclaimed that "the hour is near when all the occupied republics (of Russia) will return to the family" of the Soviet Union.

Closer and closer each day, he said, the Red Army is approaching the borders of White Russia, Latvia, Estonia and Lithuania. "Every day," he went on, "more occupied places in the Ukraine return to their country (Russia)." His message, spread across the main pages of the newspapers, said that although the Germans were fighting for every inch of ground the Russians had driven the invaders back as far as 175 miles in some places.

### CADET IS KILLED

**PHOENIX, Ariz. (AP)**—Homer W. Goode, 26, Army Air Corps Cadet, was killed Wednesday night in the crash of his training plane near Luke Field.

**By The Associated Press**  
Going into the Army, buddy? Maybe, then you better brush up on the latest in the lingo the lads are using in the camps. This glossary may help you:

Army brat—officer's daughter; Army banjo—shovel; belly robber—mess sergeant; Bible—Army regulations; battery acid—coffee; blisterfoot—infantryman; boodle—cakes, candy, sweets; bowlegs—cavalryman; bootroll—squad tent; bubble dancer—dish washer; bunk fatigue—sleep; buzzard—chicken.

China clipper—man on kitchen police duty; goldbrick—duty shirker; glamor boy—selectee; gold fish—salmon; grass—saled; hashburner—cook; Holy Joe—Chaplain; strictly cut plug—feeling fine or well pleased; slightly draped—a couple of sheets in the wind of inebriation; sacked—plastered.

Scandal sheet—the payroll; sand and dirt—salt and pepper; serum—liquor; six and twenty tootsie—a girl who makes a flying cadet so heedless of time that he returns late from weekend leave, thereby incurring six demerits and 20 punishment tours.

Skirt patrol—search for feminine company; slipping the clutch—talking or criticizing too much; sky scout—Chaplain; soft money—paper currency; spin in—go to bed; street monkeys—members of the band; sweating—anticipating (a letter, for instance); throw the book—maximum punishment; up the pole—on the wagon.

Sugar report—letter from girl friend; swank—soldier's best clothing; short circuit—between the ears—mental lapse; tiger meat—beef; see the chaplain—stop grunting; blind flying—date with a girl you've never met; barracks, 13—guard house.

### Anti-Knock Inventor Gets Science Award

**CHICAGO, Ill. (AP)**—The Chicago section of the American Chemical Society has awarded its 1942 Willard Gibbs medal to Dr. Thomas Midgley, discoverer of tetraethyl lead and chairman of the Society board.

Midgley is vice president of the Ethyl Gasoline Corporation, Kinetec Chemicals, Inc., and the Ohio State University Research Foundation.

He was cited for "discoveries which are outstanding both from the standpoint of pioneering in new fields and from the standpoint of commercial importance."

The Society said he invented the "Midgley indicator" for studies of high speed internal combustion engines and developed "a whole series of chemical anti-knock agents culminating in the discovery of tetraethyl lead."

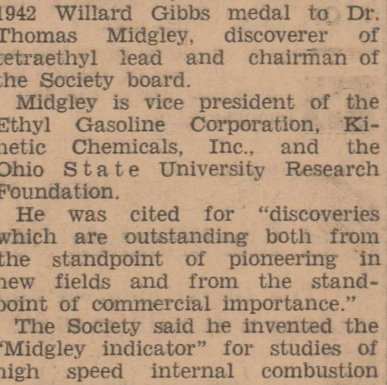

"He also has contributed largely to the knowledge of rubber and methods of synthesizing rubber," it said. "He was associated with the important developments connected with the recovery of bromine from sea water."

Midgley was born in 1889 at Beaver Falls, Pa. He received a mechanical engineering degree from Cornell University in 1911. He has been awarded previously the Society's Priestly medal and the Perkin medal of the Society of Chemical Industry.

### Even Eat Onions Now That Hoyt's Aids My Stomach

"I Tried Almost Every Medicine Without Relief," Says Texas Lady; "Then Hoyt's Compound Banished Stomach Misery."

"Thanks to Hoyt's Compound, I no longer have aches and pains, headaches or kidney misery," declares Mrs. J. W. Hubbs, 1321 Third Street, Wichita Falls, Texas. For 26 years I had acid indigestion, torpid liver, kidney and bowel distress, gas, belching and bloating. It felt like a solid lump formed in my stomach. I had muscular aches and pains, and had to arise often each night.

MRS. J. W. HUBBS

"I tried Hoyt's Compound, and now I am able to eat any kind of food, even onions, without indigestion, gas and bloating. What a relief it is. My liver is functioning properly, and I don't have to get up at night. I hope others, too, will get this relief!"

Hoyt's Compound is recommended and sold by the City Drug Store and by all leading druggists everywhere. (Adv.)

### Cranium Crackers

#### CLOSEUP ON CLOTHES

There'll be some changes in our clothing habits, not because some stylist dictates them, but because of the war. Get on your clothes horse and ride up with the answers to these questions:

1. Tailors and government officials have suggested what radical changes in men's suits?
2. The rubber shortage threatens to take what women's garment off the market?
3. What has limited importation of tweeds, lace, linen and kilts from what countries?
4. If men's trousers are made smaller at the bottom and remain the same at the top will they be bell-bottomed, peg-topped or full-blown?
5. Importation of what goods much used by women was curtailed before the war began?

#### Answers on Classified Page

### Had That Pre-Occupied Stomach Ache, Eh What?

The only complaint one soldier at Sloan Field's great new bombardier training base here has about the "chow" is that the meals are too generously proportioned.

Showing up at the infirmary one afternoon with a stomach ache born of too many second helpings, he told the doctor:

"I think it's an occupational disease."

### EVEN EAT ONIONS NOW THAT HOYT'S AIDS MY STOMACH

"I Tried Almost Every Medicine Without Relief," Says Texas Lady; "Then Hoyt's Compound Banished Stomach Misery."

"Thanks to Hoyt's Compound, I no longer have aches and pains, headaches or kidney misery," declares Mrs. J. W. Hubbs, 1321 Third Street, Wichita Falls, Texas. For 26 years I had acid indigestion, torpid liver, kidney and bowel distress, gas, belching and bloating. It felt like a solid lump formed in my stomach. ## High Octane Gas, Synthetic Rubber Supplies Surveyed

Successful carrying out of the nation's war effort will require maximum production of all grades of aviation fuel and synthetic rubber and all owners of plants producing products vital to their manufacture have been requested to give information as to the largest quantities of these products they can produce. N. C. McGowen, chairman of the Natural Gas and Natural Gasoline committee for Texas, Louisiana, Arkansas, Mississippi, Alabama and New Mexico said following a meeting of this committee in Houston.

"In order to assure the greatest possible production of all grades of aviation gasoline, and also for production of synthetic rubber, it is essential that there be maximum production of those products which are necessary in their manufacture such as butane, isobutane, and isopentane," Mr. McGowen stated.

"Existing and proposed natural gasoline extraction plants, cycling, pressure maintenance and repressuring plants are prime sources of butane, isobutane and isopentane, and should be so constructed and operated as to facilitate the recovery of these elements in as large quantities as possible."

Owners of plants manufacturing these three components of aviation gasoline and synthetic rubber, whether as products or by-products, are being requested to increase their production to the maximum quantity economically possible. Persons or companies planning new plants have been requested to design and construct these plants so as to make the greatest use of scarce materials and to provide for the most efficient extraction of these vital elements. Butane, isobutane, and isopentane are produced in liquid form and shipped to refineries making aviation gasoline where they are blended with gasoline refined from oil, the resulting product having an octane rating far above that of average motor fuel.

The committee has established offices at 801 Melle Esperson Building, Houston, Texas, and has mailed questionnaires to all owners of plants in this district. It is expected that these questionnaires will be filled out and returned immediately so that the committee may have this information available for the office of Production Coordinator for National Defense.

**HELPS PREVENT COLDS From Developing**

At the first sneeze, sniffle or sign of nasal irritation, put a few drops of Vicks Vapo-rinol up each nostril. Its quick action aids nature's defenses against colds. Follow directions in folder.

## Tachies Club And Guests Meet For Bridge-Luncheon

Nosegays of red sweetpeas and white blossoms were favors marking table places when Mrs. J. Harvey Herd and Mrs. Chas. Canfield were hostesses to the Tachies Club with a bridge-luncheon, Wednesday, at the Chicken Tavern in West Midland.

The Valentine colors and theme were emphasized with tallies in keeping.

Four guests were present—Mrs. H. E. Berg, Mrs. W. S. Brumage, Mrs. S. L. Parham, and Mrs. Clifford Cool.

Defense stamps were awarded to Mrs. Elwood Turrentine for high score, to Mrs. Chas. Canfield for second high, and to Mrs. Brumage for bing.

Members present were: Mmes. Jimmie Brooks, Sol Bunnell, J. W. Hunt, C. M. Linehan, W. B. Robinson, Turrentine, and the hostesses. Mrs. Hunt and Mrs. Linehan will be hostesses at the next meeting.

## Wednesday Club Hears Two Speak On Double Program

A double program was presented at the meeting of the Woman's Wednesday Club with Mrs. R. L. Miller, 911 W. Michigan, Wednesday afternoon. Program speakers were Mrs. O. B. Holt and Mrs. J. M. DeArmond.

Mrs. Holt gave a general informative paper on Ecuador and Colombia, including references to the churches and cathedrals of the lands.

Mrs. DeArmond's discussion of Venezuela laid special stress on the life of Bolivar, the Liberator. She also gave a brief review of "Young Man of Caracas," which is just now attracting wide comment.

The club elected Mrs. E. C. Conkling delegate, and Mrs. Ernest Sidwell alternate, to the district Federated club conference at Big Spring.

The group was urged to support the Victory Book campaign to donate reading matter for use of soldiers.

Mrs. Clyde Cowden was present as a new club member.

Present were: Mmes. Conkling, DeArmond, Andrew Faskan, George Glass, M. E. Hill, Cowden, Holt, M. C. Ulmer, W. G. Whitehouse, C. W. Chancellor, Sidwell, and the hostess.

## Stitch In Time Club Meets With Mrs. Ray Bevell

Stitch In Time Club met with Mrs. Ray Bevell, 1006 W. Kentucky, Wednesday afternoon, members spending the hours in knitting and sewing.

Present were a visitor, Mrs. C. H. Shepard, and the following members: Mmes. Ellis Conner, Everett Klebold, Jimmie Lott, Noel Oates, Harvey Powledge, Randall Shelton, and the hostess.

It was decided to meet every other week instead of each week. Next meeting will be with Mrs. Jimmie Lott, 501 W. Texas, February 18, at 3:30 o'clock in the afternoon.

## Mrs. James Smith Reviews Book At Club Meeting

"Mr. and Mrs. Cugat," the entertaining story of a happily married couple was reviewed by Mrs. James T. Smith at the meeting of the Junior Woman's Wednesday Club, with Mrs. Van P. Welch, 706 W. Storey.

Present were one associate member, Mrs. E. I. Bailey of Toledo, Ohio, and the following active members: Mmes. W. M. Blevins, Allen Cowden, Wright Cowden, W. P. Z. German, Jr., Don Oliver, Frank Miller, John C. Ratliff, Smith, H. L. Straghan, Jr., Louis Thomas, H. M. Bayer, Hugh West, and the hostess.

## Cub Club To Sell Defense Stamps

Cub's Pack 6 met in regular monthly meeting at the scout hall Wednesday, with plans being launched for the selling of defense stamps.

Booths will be opened at Scharbauer Hotel, Petroleum Building, First National Bank, and the Crawford Hotel. Club mothers Greene, Coplin, and Trees will assist in the sale campaign.

Stanley Mate, field executive of Boy Scouts of America awarded wolf badges to Clifford Trees, Billy Secor, and Billy Joplin. New members registering were Allen Olson, Jerry Donwebb, Neal Adams, Alex Oates, and Don Alfred Ellett.

Metal will conduct heat away from the hand so rapidly in the Arctic that the hand is burned.

During 1939, the U. S. Coast Guard saved lives or assisted distressed vessels in 9,383 instances.

## Greasewood Club Meets At Home Of Mrs. Will Long

Greasewood Club met with Mrs. Will Long, Wednesday, and studied "Planning and Preparation for Food Needs of the Family."

They were advised to use a baking powder containing a fruit acid so that it will not destroy vitamin B in the food.

Mrs. C. C. Collins made a tossed green vegetable salad of: 1/2 head lettuce, 1 1/2 green pepper, 2 celery stems, 3 medium tomatoes, and salt and pepper to taste. This is to be served without dressing on a glass plate garnished with green lettuce leaves and with asparagus tips. French dressing may be used if desired.

A covered dish luncheon was served.

Present were two visitors, Miss Alpha Lynn, county home demonstration agent, and Mrs. Charlie Hout, and the following members: Mmes. Warren Skaggs, Collins, J. C. Franklin, Travis Burrow, Arthur Judkins, T. O. Midkiff, and the hostess.

The club voted to do some Red Cross work.

## Waffle Supper, 42 Party Are Courtesy For Veinte Cinco

Miss Ruth Tidmore entertained the Veinte Cinco Club with a waffle supper at her home on Country Club Drive, Wednesday evening at 8 o'clock.

Games of 42 were diversion for the evening with high score going to Mrs. Alvon Patterson and low score to Alvon Patterson. Prizes of defense stamps were awarded.

The invitation list included: Messrs. and Mmes. Charles Patterson, Alvon Patterson, Jesse Barber, Jr., John W. Rhoden, Jr., Ernest Nance, and Marvin Douglas, Miss Margie Harwell, Miss Brittle Neill, and Leo Zeisner and Grant Vaughan.

The club will meet with Mr. and Mrs. Rhoden next Wednesday evening.

### FRIDAY

Spiritual life group of the Methodist Church will meet with Mrs. S. H. Hudkins, 1200 W. Indiana, Friday afternoon at 2 o'clock.

The Needle Club will meet with Mrs. J. L. Sumrall, 311 W. Pennsylvania, Friday afternoon at 3 o'clock.

Belmont Bible Class will meet with Mrs. A. B. Stickney, 707 W. Tennessee, Friday afternoon at 3:30 o'clock.

Country Club members will have a supper and bingo party at the clubhouse, Friday evening at 7:30 o'clock.

### SATURDAY

Story Hour will be held in the children's library at the courthouse, Saturday morning at 10 o'clock.

Treble Clef Juvenile Music Club will meet at Watson Studio, 210 W. Ohio, Saturday morning at 9:30 o'clock.

Midland County museum in the courthouse will be open Saturday afternoon from 2:30 o'clock till 5. The public is invited.

Dance in the soldiers' recreation hall Saturday night from 8:30 till 11:30 o'clock, limited to soldiers in uniform and Corps Club members. Corps Club members wishing transportation are asked to call hostesses. The affair will be informal and there will be no dates. No civilians.

## Mexican Theme Chosen For Party Appointments

The Mexican theme was carried out in tallies and table decorations, even in serving trays, when Mr. and Mrs. Owen Cochran were hosts to members of the Double Foursome Club and their husbands with an evening party Wednesday at their home, 521 W. Wall. Refreshments were served in buffet style.

The evening was spent in bridge games with high score for women going to Mrs. L. C. Mills, high score for men to J. K. Davis, and bingo award to F. E. Melear for men and to Mrs. Melear for women.

Playing guests were Mr. and Mrs. Melear, Mr. Davis, and Miss Bette Krauss.

Members and husbands present were: Messrs. and Mmes. P. B. Coughran, Houston Hill, L. C. Mills, James Lupton, T. J. Buchanan, and the host couple.

Next week the club will meet with Mrs. Buchanan.

## Mrs. Campbell Entertains For Cactus Club

Acacia and sweetpeas were used in room decorations when Mrs. J. Wray Campbell complimented the Cactus Club with a dessert-bridge at her home, 1306 W. Ohio, Wednesday afternoon.

Mrs. F. E. Curtis was the only guest.

High score in the afternoon's bridge games went to Mrs. R. Chanslor and bingo award to Mrs. Robert Cox.

All club members were present including: Mmes. Chanslor, Cox, Jas. R. Day, Wallace M. Ford, Merle Fulton, S. H. Hudkins, J. A. Tuttle, and the hostess. Mrs. Chanslor will be hostess to the next meeting.

## Alathean Class Has Covered Dish Luncheon At Church

Mrs. B. C. Girdley and Mrs. J. O. Vance served as hostesses when the Alathean Class of the First Baptist Church had a covered dish luncheon Wednesday at the church.

The morning was spent in sewing for the Red Cross at the workroom. Luncheon was served at the church at noon. Table centerpiece was of red, white, and blue flowers with red candles in blue holders.

About 14 were present.

## This KING of All Cough Mixtures Acts Like A Flash

The king of all cough medicines—Buckley's CANADIOL Mixture—has been used for years in over 70 per cent of Canada's homes. Fast working, triple acting Buckley's Mixture quickly loosens and raises phlegm lodged in the tubes—clears air passages—soothes rasped raw tissues, one or two sips and worst coughing spasms cease. You get results fast. You feel the effect of Buckley's instantly.

Compounded from rare Canadian Pine Balsam and other soothing healing ingredients Buckley's CANADIOL Mixture is different from anything you ever tried. Do get a bottle of this great Canadian cough medicine today at Palace Drug Store or any good drug store on our standing guarantee of satisfaction or money back—(adv.)

## Food For Victory Loans Available In Midland Area

Food for Victory loans, with which greater numbers of low-income and small farm operators may increase food and feed production for home consumption and the market, are now available through the Farm Security Administration, U. S. Department of Agriculture.

Announcement that funds are immediately available and that application for loans are being received here, was made by Oscar M. Fowler, rural rehabilitation supervisor for the FSA in Midland County, who received the "full speed ahead" orders from Regional Director Wilson Cowen at Amarillo.

The liberalized lending program does not affect present FSA borrowers. However present borrowers may, if the need is present, obtain loans to meet increased food goals for war-time needs.

In addition to bringing additional numbers of farm families into the group now being served in this section, Farm Security plans to help producers form cooperatives to market their products. This may be done by establishing pick-up and delivery routes in the rural areas.

Among purposes for which the

new Food for Victory loans will be made are purchase of feed, seed, fertilizer, tools and renting equipment and workstock power necessary in production enterprises; purchase of material for fencing, building shelters for livestock and equipment for production. Loans are available also for participation in group ownership of workstock and power equipment; purchase of cows, heifers, calves, pigs, other livestock and chickens.

Farm wives will be interested in knowing that these Food for Victory loans may be made to eligible rural people for the purchase of materials and equipment for the construction of food storage.

Persons eligible for Food for Victory loans are tenants, low-income

owners-operators, and part-time farmers with small farms, employed in non-industrial off-farm work, who can make a contribution to national defense needs, either by supplying more of their own family needs or by contributing to national marketable supplies.

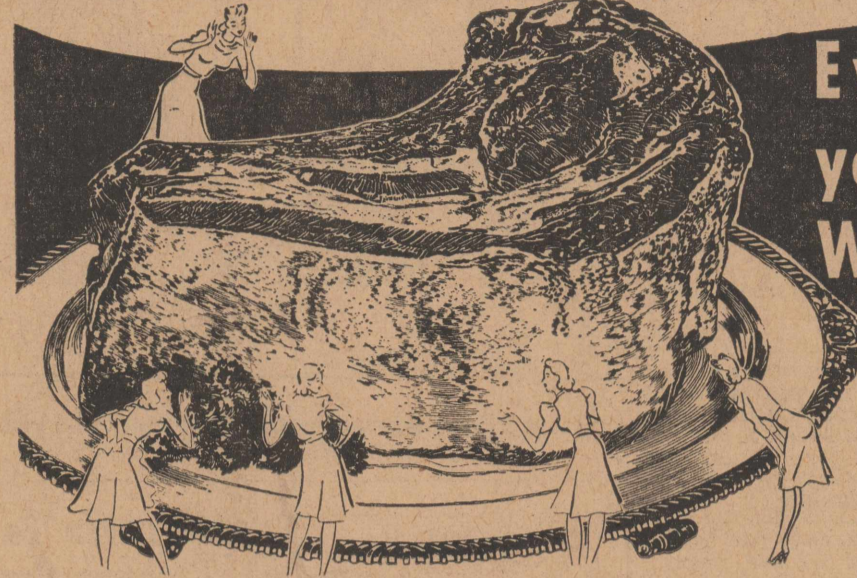

Producers who do not own their own places will be required to obtain from one to five year leases, depending upon the term of the loans. Simplified farm and home plans will be required for all borrower-families.

"Our greatest effort toward increasing the necessary food and feed to win the war and write the peace," Mr. Cowen wrote, "will be made with our present and future standard borrowers. Farm Security has a

responsibility of aiding these standard borrowers to obtain a share of the increased demand for food, thus giving some protection to their already small and precarious share in the total national income.

"Our second greatest effort," said Cowen, "toward increasing food and feed production will be with the rural families below the economic levels ordinarily aided through standard loans. These families, in many instances, can be aided to produce food to an extent which they have never before achieved."

Farm families in Midland County who believe they are eligible for assistance through the Farm Security Administration, are urged by Fowler to contact him soon at his office in the County court house at Midland.

## Every cut and every time— you get your BIGGEST MONEY'S WORTH OF MEAT at Safeway

Give your family the right nutrition every day—put meat on your table! Safeway's unique *Guaranteed Meats* plan means more for your meat money. Our meat experts buy only the "better-eating" grades of meat. These choice meats are prepared with special care, and delivered to Safeway markets in just the amounts expected to sell right away. Unless you're pleased—every cut and every time—your money back!

### Answers To Cranium Crackers

Questions on page 2

1. Tailors and officials have suggested making men's suits without vests and with less material in the trousers.
2. Women's girdles may not be manufactured because of the rubber shortage.
3. War has limited importation of tweeds from England, lace from Ireland and France, linen from Ireland and kilts from Scotland.
4. If men's trousers are made smaller at the bottom and remain the same at the top they will be peg-topped.
5. Importation of silk from Japan was curtailed before the war.

### Citizens Urged To Buy Auto Tags Now

Don't wait until the last day to buy your 1942 automobile tags. It may prove to be very delaying! The State Highway Department requires every automobile owner must display a certificate of title and the 1941 license receipt before 1942 automobile plates may be purchased.

Any disorder in the certificate of title will prevent anyone buying the new plates until it is corrected. People waiting until the last day, should they not possess the required credentials will be delayed in getting the plates. All automobile owners not possessing a certificate of title should go to the county tax assessor-collector's office in the court house and make inquiry about obtaining them.

### Texas Mercury Prices Set By Administration

WASHINGTON (AP)—The Office of Price Administration Wednesday fixed maximum prices on mercury at levels lower than the prevailing market.

The ceiling, effective immediately, sets maximum base prices for prime virgin mercury produced in California, Oregon, Washington, Idaho, Utah, Nevada and Arizona at \$191 a 76-pound flask at point of shipment, and \$193 for mercury produced in Texas and Arkansas.

### Bryant Drury Promoted At New Army Air Field

PERRIN FIELD—Private Bryant H. Drury, Jr., a former resident of Midland, Wednesday was promoted to the rank of Corporal at the first Army Air Corps Basic Flying School to be activated since declaration of war.

Assigned to the 86th Air Base Squadron (Sp), he is the son of Mr. and Mrs. Bryant H. Drury, Midland.

### Firemen Extinguish Blaze Thursday

Firemen extinguished a blaze at 710 N. Main Thursday morning, when a garage caught fire. No estimate of the damage was available.

### Flint Enlists In Army Air Corps At Victoria

Harold Flint, who has been unit manager for the C. I. T., with headquarters in Midland, has gone to Victoria, Texas, to enlist in the United States Army Air Corps. He left Midland Wednesday.

### GRADUATE NURSES TO MEET THURSDAY NIGHT

Graduate registered nurses will meet at the home of Mrs. W. E. Ryan, chairman, 909 W. Storey, Thursday evening at 7:30 o'clock. Committee reports will be given. All graduate nurses, whether professionally employed or not, are urged to be present.

### VISITS SISTER

Mrs. Tom Kirkham and two small sons, Jimmy and Tommy, of Borger, are visiting her sister, Mrs. W. L. Sutton. They arrived Wednesday night and will be here until Sunday. The Kirkhams formerly lived here where he was assistant manager of the theatres.

### SERIAL STORY

## TAMBAY GOLD

BY SAMUEL HOPKINS ADAMS

COPYRIGHT, 1941, NEA SERVICE, INC.

#### TWO DEFENDERS CHAPTER XXVIII

IT was then that Juddy laughed out loud. It was a queer spot for a laugh. Or was it? There was something sort of triumphant about that laugh.

Maurie Sears went crazy. "Good God, Juddy!" he yelled. His voice dropped to a snarl. "You dirty coward! You've got her there to save you hide."

"That's a lie, Maurie Sears," I said. "Mom, too!" He sort of gasped. But his thought was all for my pal. "You can't stay there," he said, like a man praying. "You can't... my sweet... Oliver, if you're a man you'll give her to me."

Juddy said, "He can't. I won't go." Maurie whirled around to face the mob. It was inching forward. "Men, there are two ladies in here."

"Let 'em get out. Nobody wants to harm the gals." Doc's voice snapped. "Keep back, there. No further!" Maurie warned him. "I said in Doc's ear, 'Ask 'em for 10 minutes to confer on it.'"

He passed it to Maurie, and Maurie put it to the crowd and reported back that they'd stand for five minutes; no more. Back in the darkness a voice was hooting. "Where's those fatwood torches?"

I touched Old Swoby on the shoulder. "Take your coat and pants off," I told him. "I shucked my clothes and got him into them. There was some hay in the corner to fill out the proper curves. Lucky I had on the old, floppy bonnet I usually wore around the camp. That would pretty well hide his face."

I made him walk across the floor a couple of times to get the right gait. Then I called Dolf. He figured to be the best part of the disguise, being a famous figure in the locality, and everybody knowing he was my watchdog. While I was walking Swoby I outlined what he had to do and prayed God he could do it.

"It's simple," I said. "The only question is whether you've got the guts to carry it through."

"Then I go," he said. "I'm afraid, yes. But I go." "Atta boy!" I patted his shoulder. "Wait till I speak my lines, then walk out there like you was in a hurry but not too much of a hurry. Beat it for the woods."

Juddy didn't answer. Maurie was hurrying up and down, now, trying to be everywhere at once. There were scattering shots again. I couldn't see him now. Somebody yelled.

"My God! They've got Sears!" "Who did it?" "One of those rats in there."

THE low mutter went through the crowd and got deeper and savager, like nothing human. It went down my spine like dripping

The crowd gave me a hand. "It's Mom Baumer! In person." "Howdy, Mom." "Make mine a pork barbecue with coffee."

"Say it, Mom." "I suppose you birds are thinking it's you that are getting me out of here. You couldn't get me out with a cable; I'd see you in hell first. But—well—you all know my little stunk. I gave a yank on the leash and Dolf stuck his nose out. 'I reckon I'd better take him out, as he's in a hurry. O. K. by you?'"

"Sure, Mom!" By the laugh I got I knew it was going all right. "You get your big dogs out of the way." Those bloodhounds didn't fit into my plan at all.

That struck them as good sense. They shut the hounds in the woodshed.

I ducked back, handed the leash to Old Swoby, jammed the bonnet down over his ears, and gave him a shove. I figured that nobody in that bunch was going to interfere with a skunk who was in a hurry.

Old Swoby was good. He waved his hand and scuttled for the nearest thicket. As he left the crowd heard the voice under the bonnet say, "Thanks, gents. Back in five minutes."

That's what they thought they heard. Juddy and Doc nearly threw a fit. I never told 'em that I'd done a vaudeville turn as a ventriloquist when I was on the stage.

It looked like everything was going to be O. K. Old Swoby would have time to reach the woods. The bloodhounds wouldn't be after him this time. But I wasn't too easy in the old mind when I tried to figure what would happen when they found the game had slipped them.

The moon backed into a cloud. I got the impression of a lot of movement going on outside. The firing started up again. I let off the old pump-gun out the back window, by the way of warning.

From what I could make out, Maurie Sears was doing his best to hold them. He called: "Mom! Juddy! Are you coming out?"

Juddy didn't answer. Maurie was hurrying up and down, now, trying to be everywhere at once. There were scattering shots again. I couldn't see him now. Somebody yelled.

"My God! They've got Sears!" "Who did it?" "One of those rats in there."

THE low mutter went through the crowd and got deeper and savager, like nothing human. It went down my spine like dripping

ice. I knew then it was life-and-death now for Doc anyway, if they thought he fired the shot.

A bunch of them came out of cover and carried something toward the house. Doc opened the door enough for a look-see. Nobody was coming our way. Doc said:

"Juddy!" She went over to him. "This may seem a queer time to say it. But I don't want you to think that I cheated you."

She put out her hands to him. "Oh, Loren!" she said. He held out his arms. She came into them as if she belonged there. But it wasn't what she expected.

He swung her out through the door and barred it behind her. She turned and beat at the heavy logs like a crazy thing until some young chaps ran up and dragged her away. They looked to me like Welliver boys. O. K. We'd have some friends in the crowd when it came to a showdown.

"I'd do the same to you if I were big enough," he said. Everything was so quiet outside we could hear them calling from bush to bush.

"Is he dead?" "As good as. They got him through the lungs."

"I'd hate to be the guy that did it."

"That rat Oliver done it. I seen him draw a bead through the window." That was Bixie Groff.

"Get the fatwood. We'll burn him out and string him up."

"Come on, fellas." That was Bixie again. "What the hell we doodlin' around for? Let's get him."

"Shoot that guy, Doc." I said. "I'm holding my shots," he said. He kind of laughed. "Come over here and give me a kiss, Mom, and then get out of here. You're no use to me now." What I answered him didn't take much time. "Don't be vulgar, Mom," he said and laughed again.

The torches began coming then, curving through the air and landing on all sides, but most of them short. One rolled under my window and I doused it with a pail of water. Another one, near the corner, I couldn't reach. Smoke began to come up.

Those brave, bloodthirsty lynchers weren't taking any chances with their precious hides. They were possum hunters; burn 'em out and pop 'em down. The smoke was thickening when I heard the prettiest music that ever blessed my old ears. It was the police siren. Two cars came in on the high jump and four husky young cops tumbled out.

(To Be Continued)

### LIVESTOCK

PORT WORTH (AP)—(USDA) —

Cattle 1,400; calves 700; mostly steers and yearlings slow; steady; cows fully steady; bulls steady to weak; slaughter and stocker calves mostly steady although plainer stockers dull; good to choice fed steers and yearlings 10.25-12.00; medium fleshed heaves 8.50-10.00; common sorts down to 7.00; beef cows 6.85-8.90; canners and cutters 4.50-6.75; bulls 6.50-8.75; fat calves 7.50-11.50; culls 6.50-7.35; stocker steer calves 12.50 down.

Hogs 2,200; mostly 15-25c higher than Wednesday's average; top 12.25; bulk good and choice 100-290 lb 12.00-10; good and choice 160-175 lb 11.25-90; garbage hogs selling at 50c discount; packing hogs steady to 25c higher, mostly 10.50-75; stocker pigs steady at 9.25 down.

Sheep 1,800; all classes fully steady; spots on lambs 25c higher; woolled fat lambs 11.00-50; yearlings 9.00-50; 2-year-old wethers 8.25; aged wethers 6.25-7.00, including fall horn wethers at 6.25; feeder lambs mostly 9.00 down.

### WOOL

BOSTON (AP) — (USDA)—The Boston wool market continued active today. Fairly large quantities of foreign grown wools were moved. Fine Australian 65/70s wools of average to good length brought mostly \$1.03 to \$1.07, scoured basis, including the duty. Scoured South American wools were in good demand. Domestic scoured and pulled wools were moved in fair quantities but sales of domestic greasy horn wools were limited to small quantities needed for immediate use.

# Women IN Defense

They aren't wearing military uniforms and dashing about in ambulances on emergency drives, but women in Midland are carrying on a variety of defense work.

It hinges around a multiple-focus of Red Cross work, first aid study, educational work promoting the sale of defense bonds and stamps, and the building up of home defense in health by means of better nutrition and health care.

## Registration Day To Be School Holiday

AUSTIN (AP)—February 16, the third selective service registration day, is an official statewide school holiday.

## MIND Your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below.

- 1. Should a woman remove her gloves as soon as she is seated at a table in a hotel?
2. Does a man remove his hat in an elevator of a hotel if women are in the elevator?
3. Does a man remove his hat while walking through a hotel lobby?
4. Does a woman remove her gloves when shaking hands?
5. Where does a woman keep her gloves and purse when dining?
What would you do if—
You, a woman, check your coat in a dressing room in a hotel—
(a) Tip the attendant?
(b) Don't tip for the service?

- Answers
1. Yes.
2. Yes.
3. No.
4. No.
5. In her lap.
Better "What Would You Do" solution—(a).

## 3rd Generation Grange Head

WILTON, N. H. (U.P.)—Raymond Batchelder, 25-year-old Hillsboro county farmer, is the third generation of his family to serve as Advance Grange Master.

## TEXAN BRANDS AUTO TIRES

GLADEWATER, Texas. (U.P.)—H. R. Shockley, manager of the city water department, is taking no chances of having his auto tires stolen.

British Columbia ranks second in mineral production among the provinces of Canada.

Italy has 2,485 motion picture houses with a total seating capacity of 1,063,800.

## We, the Women

By Ruth Millet
Here is a creed for every woman, be she housewife or career girl. My country is at war—so it needs me. It needs every bit of help I can give. So I will:

- Take on some kind of voluntary defense work.
Work harder at whatever job I hold down, whether it is the kind of job that brings in a pay check or is running a household.
Write to at least one young man who is in the armed forces.
Go to fewer bridge parties.
Learn the fundamentals of nursing.
Walk whenever the distance is not too long.
Think longer than I used to before making a purchase.
Put my savings, however small, into defense bonds.
Cut my entertaining down to having friends in for simple meals followed by an evening of conversation or cards.
Read with deeper interest the front pages of my newspaper.
Economize in many painless ways.
Accept philosophically any sacrifices I have to make of commodities the service men need.

## WISH FOR A GUN

Think quite a while before throwing anything away.
Spend more time reading informative articles.
Be even more annoyed than usual by silly women.
Look with scorn on the man or woman who crabs about his lot.

## Patriots, Hold Your Tempers

CHICAGO (U.P.)—Dr. David Rotman, director of the Psychiatric Institute of Chicago's Municipal Court, claims that it is unproductive to lose your temper because vital energy is consumed by fuming and fuming and by magnifying personal problems.

## TEXANS GET IT STRAIGHT

AUSTIN, Tex. (U.P.)—The original musical score of the 17th century play, "Les Bourgeois Gentilhomme," was translated by two members of the Romance Languages Department for the University of Texas drama production, March 7.

Carriages in England during the reign of Queen Elizabeth were called "whirligigies."

## Minister To Speak

The Rev. Lowry Walker, pastor of the Livingston, N. M., Presbyterian Church, will speak at the First Presbyterian Church here Thursday night on "Why Foreign Missions."

## "Best Friend" Kissing Is Risky

SAN JOSE, Cal. (U.P.)—Superior Judge Williams has catalogued as a "cruelty" that is sufficient to justify divorce the kissing by a wife of her husband's best friend.

## WEATHERMAN AT WAR

STATE COLLEGE, Pa. (U.P.)—A course in meteorology, designed to fill the war-time need for trained weather observers, has been instituted at Pennsylvania State College.

## Ring Up Another For Andrew

LOSCHART, Tex. (U.P.)—Andrew Cyphers, Caldwell County negro farmer, is not kidding when he says he is the father of one big, happy family.

## Blackbeard, famous pirate of the early 18th century, is said to have had 13 wives.

## CAN'T KEEP GRANDMA IN HER CHAIR

She's as lively as a youngster—Now her backache is better
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

## Seek Financing For Texas Rubber Plant

DALLAS (AP)—Financial support for the establishment of a synthetic rubber industry in Texas is being considered at a meeting in Houston Thursday.

## "Be Prepared," Bank's Motto

PITTSFIELD, Mass. (U.P.)—The Berkshire County Savings Bank is ready for any eventuality. Within the building are gas jets for use if electricity fails.

## The harmonica was invented by Benjamin Franklin.

## TWO PERSONS KILLED IN AUTOMOBILE COLLISION

DALLAS (AP)—Richard Burnett, 21, of Greenville and Mrs. Maria Dahlmann, 33, of New York were killed in an automobile collision, 18 miles east of here, Wednesday midnight.

## He Should Be Able To De-Venom A Jap

The Army is noted for its ability to check a man's experience and put him in the job he's best suited to handle, but one new recruit at this "Bombardier College of the Air" left classification experts squirming like a lobster in the frying pan.

## Sunday School Class To War

SOUTH PARIS, Me. (U.P.)—Fourteen boys who attended a Sunday school class together and were members of the same Boy Scout troop, now are listed in the U. S. military services.

## STUDENTS ARE REAL COPS

DURHAM, N. H. (U.P.)—Seven University of New Hampshire seniors are working as deputy police officers here. Upper classmen interested in police work get actual experience in law enforcement.

## Men, Women Over 40 Don't Be Weak, Old Feel Peppy, New, Years Younger

Take Orestin. Contains general tonic, stimulants often found after 40—by bodies lacking iron, calcium phosphate and Vitamin B. A doctor writes: "I did so much for patients, I took size Orestin. Special introductory offer. Orestin Tablets cost only 25c. Start feeling peppy and years younger, this very day. For sale at all good drug stores everywhere—in Midland, at Midland Drug.

## QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID

# Bulldogs Wham Stanton Cagers 42-20

## Kelly, Bedford Shine As Stanton Fails To Click

Midland's Bulldogs revived their win streak Wednesday night in the high school gym, when they stopped the top flight Stanton Buffaloes, winners of fifteen games this season, in a one-sided 42 to 20 basketball game.

Watson opened the scoring midway in the first period after tight defensive play had been waged by both clubs during the initial minutes, and Wendell Thomason of the Buffaloes tied the score at 2-2 shortly making Stanton's most serious threat of the game. Charlie Kelly, who made himself a standing threat throughout the game, started Midland to moving away with a field goal and Jimmie Watson added a basket, Bill Stickney finished the quarter off with two free tosses for the Bulldogs bringing the total to 8-2.

A slight comeback by Stanton, when Thomason scored a bucket, marked the opening of the second quarter, but three of the Midland boys jumped on the band wagon and it was neck and neck for scoring during the period. Stickney scored a goal for Midland, Glen Bunch a loss for Stanton, Bedford a basket for Midland, Wendell Thomason and Jimmy Mashburn a goal each for the Bison, and Charlie Kelly scored a toss to end the first half at 15 to 9, Midland.

Midland showed the true markings of a great club during the third stanza, when they soundly whipped the Buffalo squad out of the running.

Bedford opened the pay-off with two field goals, to which Stickney added one and Charlie Kelly added three before the Stanton boys could count. Thomason and Bunch scored a basket each for the Buffs to break the Bulldog scoring streak momentarily, but back came Kelly with one basket and H. G. Bedford with two more. Wilson of Stanton ended the period with a field goal. The score stood at 33 to 15, Midland.

Making the final struggle to gain the lead, flashy little Thomas Heaton of the Buffaloes opened the last heat with a field goal, but it wasn't a drop in the bucket up-side the fury that Midland let loose when Billy Richards dumped in a basket and a toss which were followed by a basket by Wells. Heaton fought back weakly with a free toss, and gained a two point helper from his team mate, Bunch, but it was Kelly and Richards ending the game with a basket each. Final score tallied 42 to 20 with the Bulldogs on the long end.

A very good word goes to both Bill Wells and Jimmy Watson for the great part they played by setting up scores and brilliant defensive play to make the win possible for the Bulldogs.

Charlie Kelly topped the field for scoring honors with a sparkling 15 points, while Glen Bunch was high for the Buffaloes with seven points.

The unbeaten Stanton B squad kept its record untouched by leading the Bulldog B from start to finish in a 38 to 27 curtain raiser. Dwain Henson, Stanton's little money-player, sparked throughout the battle of the B squads, scoring from all angles and positions on the floor, to take scoring honors with 14 points. Billy Richards was high for Midland with 11 points.

Box score:

	fg	ft	pf
Midland	7	1	1
Kelly	7	1	1
Bedford	5	0	1
Wells	1	0	1
Stickney	2	2	0
Watson	2	0	3
Dagherty	0	0	0
Richards	2	1	2

Marjorie Williamson finds Japanese mug splendid target for archerettes at Pasadena, Calif., Junior College.

### Sports Roundup

By Hugh Fullerton, Jr.  
NEW YORK — (Wide World) — Suggestions noted: Jesse A. Linthicum, sports ed. of the Baltimore Sun, would like to see something more done about getting basketball referees off the court. . . It was tried out in Oregon a few days ago and still thinks it would help a game that needs help in some sections. . . On the other side, Herb (N. Y. Post) Allen suggests that if New York referees were put in coops above the blackboards, Pat Kennedy would drop through the hoop oftener than the ball. . . Dan Parks of the Olean (N. Y.) Times with reported success. . . Linthicum advanced the idea five years ago. Herald votes for the extension of his plan of having every basketball team devote one game to national defense with admission payable only in defense stamps.

#### Hostility Highlights

Yesterday's crack from Tusculoosa, Ala., at Vanderbilt athletics resulted in some smoking rejoinders—and this corner apparently helped warm things up by neglecting to mention that six games in which the Commodores were accused of getting rough were the Bama-Vandy clashes. . . Chancellor O. C. Carmichael pointed out that Vandy's foreign language requirements were dropped only as a war measure for "superior students," and court coach Norman Cooper says Jack Jenkins was his only player to get the bounce for roughness. That was in the Alabama game and he hasn't been fouled out of any other. Seems certain, though, that any future roughness won't be regarded as unnecessary.

#### Today's Guest Star

Banjo Smith, Columbia (S. C.) Record: "Elizabeth Ryan, the veteran red-head who won 19 Wimbledon championships, says women tennis players would do fine if they'd just learn to use their heads. This probably makes the first time you've ever heard tennis compared to automobile driving."

#### Service Dept.

Harry Hurst, Montreal lightweight, has applied for enlistment in the RCAF. His manager says he hasn't been fighting well because he was worrying about not being in uniform. . . Lift a stein for dear old CCNY—The Beavers have three Steins in the service. Jerry, 1938 grid captain, is in the Army Air Corps; his brother Harry, 1939 leader, has joined the Navy and Stan, track and cross country manager, is in the Army. . . The aerial game apparently had its attractions for Ken Kavanaugh of LSU and Buddy Elrod of Mississippi State, who used to catch passes in football. Both are in the Air Corps now. . . Headline: "Harp on Ft. Riley Squad" . . . Well, Ben Sheridan is one old Notre Dame boy playing there.

## Tony Zale Out To Stop Conn And Big Talk

CHICAGO (AP)—Tony Zale, world's middleweight champion slammed his training paraphernalia into grip sacks Thursday and departed for New York with murder in his heart.

The usually modest Zale, who rarely boasts of his fighting ability, was scorched. He had taken to heart the statements credited to Billy Conn shooting from Pittsburgh that he'd start swinging at Zale for keeps, even before crawling into the ring together to fight for important dough in Madison Square Garden a week from Friday night.

"Who does that Conn think he is?" Zale asked. "Why doesn't he save all that energy until we get paid for it. He'll need it, I'm telling you. Joe Louis slowed him down so much that he had a tough time licking a couple of very ordinary heavyweights in the last six weeks. I know I can outhit him and I think he knows it, too. He's no super boxer. He can be tagged. Joe Louis proved that."

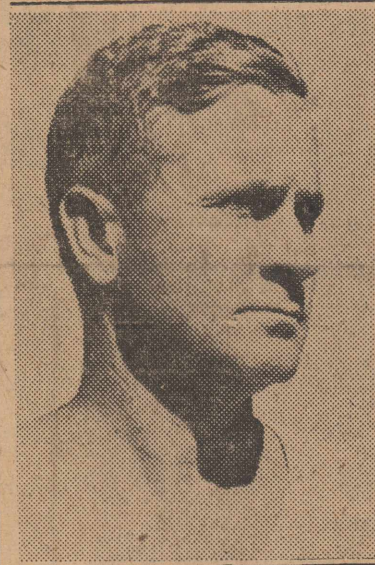

The 160-pound titleholder boomed defiance at Billy-the-Kid from Pittsburgh, swearing that he'd knock out the No. 1 heavyweight contender. He figures he can spot Conn 10 or 12 pounds and still win.

He pointed to his engagement with George Abrams, heretofore recognized by the New York Athletic Commission as champion before Zale caught up with him. Abrams used all his boxing mastery to outpoint Zale in the early rounds, but the Gary, Ind., man of steel finally connected with his brutal sledges to the ribs to come on and triumph.

## Jack Sisco Named Line Instructor For Grid Clinic

DENTON, Texas. — Selection of Jack Sisco, North Texas State Teachers College grid mentor, as one of the four coaches to serve on the staff of the world's largest coaching school, to be held at Abilene, Aug. 3 to 8, is a tribute to his popularity among high school coaches over the state.

JACK SISCO

Sisco was chosen to instruct in line play at the tenth annual high school clinic of the Texas High School Football Coaches Association—not merely by officials' choice, but on the basis of the votes of the member high school coaches over the state. On the same basis, Marty Karow, assistant coach of Texas A&M, will be backfield tutor. Two other outstanding coaches are yet to be named as head instructors. There are approximately 300 members of the coaches' association. Annually between 300 and 500 members of the association hear the nation's leading college coaches explain the various rules of football play. The school is climaxed by an all-star game between the North and South. Sisco will serve as one of the coaches for this game.

## Rice Noses Out East Texas Lions

COMMERCE (AP) — East Texas State's Lions, leaders in the Lone Star Conference, forced Rice to come from behind to win Wednesday night, 36 to 34.

A crisp shot by Jim Middleton, East Texas guard, would have tied the score in the last few seconds, but the toss was ruled illegal.

There never was more than three points difference in the score.

Homer Fuller of East Texas was the scoring leader with 12 points. The runner-up in this department was Rice's great Bob Kinney.

But there was much ado along the defensive line, notably by the Ryser, Harry Thompson and Middleton of the Lions, and Placido Gomez and Chet Palmer of the Owls.

Ann Burned A Hand, So George Invites Her Out

HOLLYWOOD (AP)—The George Brents are eating out Thursday night (maid's night out) because Ann Sheridan doesn't know how to pick up a hot pan.

Ann, the happy bride, cooked dinner for George last Thursday evening. Brent said he loved it. But next morning the studio ordered Miss Sheridan to stay out of the kitchen. Picture making was held up 30 minutes while makeup men concealed burns on Ann's hands.

## Amateurs-Pros Play In Western Warm-Up Event

PHOENIX, Ariz. (AP)—Eighty-eight amateur golfers paid \$5 apiece Thursday for the privilege of teaming with a like number of professionals in a best-ball 18-hole event which serves as a warm-up for the Western Open starting Friday.

The entry fees go into a pot to provide a financial incentive for the men who make their living on the links.

Most of the amateurs are Arizonans and winter visitors who welcome the opportunity of playing with goldfom's greats, but there are a few who can shoot with the best of the money boys. Johnny Dawson of Hollywood, for instance, winner of Bing Crosby's recent tournament at Rancho Santa Fe. He went around the course Wednesday in 69, two under par. He is paired with Herb Bowers, Globe, Ariz., pro.

And there is Ellsworth Vines, tennis pro and golf amateur, who plays with Lee Ray Garrett, Beaumont, Texas.

THUMBS UP FOR BONDS AND STAMPS! This war poster, illustrating how Americans can help the air forces to victory, is being displayed in the windows of 500,000 of the Nation's retail stores where Defense Stamps—in denominations from 10 cents to \$5—are being sold. This is one of a series of human-interest posters being prepared to remind the public of its part in the war effort.

## Women Bowlers Win Honors In Panhandle Open

Midland's Budweiser Bowling team, sponsored by Dunagan Sales Co., turned in quite a spectacular score card in the Women's State Panhandle Bowling tournament at Amarillo last Friday and Saturday, winning fourth division in top flight bowling competition. The team, composed of Mrs. E. B. Dozier, Mrs. A. R. Beals, Mrs. W. C. Mitchell, Mrs. R. C. Crabb, and Mrs. J. G. Bird, won 11 of a possible 1 places in the event.

Results for members of the team besides the 4th place:  
Mrs. J. G. Bird won 1st place, class B, all events, and 4th place, class B singles.  
Mrs. E. B. Dozier won 1st place, class D, all events, and 1st place, class D singles.  
Mrs. A. R. Beals won 5th place, class C, all events.  
In class C doubles, Mrs. Bird and Mrs. R. C. Crabb won 2nd place, and Mrs. E. B. Dozier and Mrs. A. R. Beals won 3rd place.  
Mrs. Mitchell and Mrs. Bert Gill won 3rd place, class D, doubles, 2nd place, class D singles, and 2nd place, class D, all events.  
Bowling in such top flight competition as is to be found in a State event, fourth place is considered good. Midland's bowling recognition will be upheld by repeated performances such as these.

#### FDR POSTPONES MEET WITH LABOR LEADERS

WASHINGTON (AP)—The White House said President Roosevelt had postponed until Friday the first of his heart-to-heart conferences with CIO and AFL leaders.

#### EPISCOPALIANS TO CONTINUE WORK IN PHILIPPINES

JACKSONVILLE, Fla. (AP)—A policy of continuing church work in the Philippines and Japan despite the war was declared here Thursday by the Episcopal Church through its house of bishops.

## Pvt.'s Report Unheeded

Pvt. Joseph L. Lockard of Williamsport, Pennsylvania, who reported planes approaching Pearl Harbor on Dec. 7. Pvt. Lockard reported to a lieutenant but his report went unheeded, and the Jap planes proceeded on to Pearl Harbor to wreck the ships and planes of the Navy and Army which lay at anchor in the harbor. (NEA Telephoto)

The following presidents of the United States were Free Masons: Washington, Monroe, Jackson, Polk, Buchanan, Johnson, Garfield, McKinley, Theodore Roosevelt, Taft and Harding. President Franklin D. Roosevelt, also is a member.

## Warfare--

(Continued from page 1)

Paan, 30 miles above Moulmein. A military spokesman said the British command intended to hold Rangoon "at all costs, but if Rangoon should go, it would not mean the end of Burma or of the Burma Road."

Bomb Rangoon Japanese raiders twice bombed Rangoon before dawn Thursday morning. A German broadcast said the Rangoon radio station was destroyed.

Stressing the gravity of the situation in Burma, gateway to India and back-door route of China's war supplies, the Chinese newspaper Ta-kungpao declared:

"Although Chinese troops have been steadily pouring into Burma, they thus far have not received orders to attack the enemy. This is regrettable."

Dutch East Indies — A Dutch communiqué reported that the commander and part of the Dutch garrison at Balikpapan, Japanese-occupied oil port on the east coast of Borneo, had escaped through Japanese lines and that fighting was still continuing in the area.

Singapore — Japanese warplanes renewed high level, dive-bombing and machine-gunning attacks on the island's 750,000 populace and pounded shipping in the harbor. RAF Hurricane fighters intercepted a large formation of Japanese raiders over Singapore itself and destroyed one, probably shot down another and damaged a third.

#### Death Toll Mounts

As the death toll mounted, with 41 killed and 138 wounded in Wednesday's attacks, Singapore's ranking air warden urged authorities to tunnel hills around the city to provide "shelter for the poorer Asiatic community who have no protection."

The present Japanese objective in Burma is the city of Martaban, across the swift-flowing Salween River from Japanese-held Moulmein. But the withering fire laid down by British artillery and Indian riflemen, combining the width and depth of the Salween, deflected the Nipponese attack.

A Frenchman, Leon Scott, made an unsuccessful attempt to record sound in 1855, 22 years before Thomas Edison's experiment succeeded.

Black-out paint on the out-of-doors side of window glass is more effective for a complete black-out than inside painting, which creates reflective glare.

## Seamen in Masks

Arctic visitors protect faces of British seamen from icy blasts encountered as they speed aid to northern Russian ports.

## Cadets--

(Continued from page 1)

Sloan Field. Trim green and white barracks, spotless from shower room to window pane, will house the cadets. Mess halls, shining with scrubbed floors and polished metal will feed them. An ultra-modern theater is showing the latest films; the post office is open for business; coffee is brewing in the post cafe; in the post exchange "general store" shelves are bulging with stock; recreation buildings, classrooms and offices are hives of activity; on the flying line huge hangars, the "big-tops" of the Air Corps, stand with doors gaping wide.

From Sloan Field will come the most dangerous men in the world, the "Hell from Heaven" men, the bombardiers.

The show is ready to start.

### MUSTANG BOYS' CLUB COLUMN

At 7:30 Saturday morning, those boys who made the "Band Wagon List", will leave for the Sand Hills. They will return about 5 p. m. Plenty of new kinds of fun has been planned. Just the Curio Special, and the Sand Hog scramble would alone be enough to write home about. The Club will furnish all the hot beans and huns you can eat. Boys who wish to bring a few extra nick-nacks to eat, may do so. Also may bring a skillet and more junk and try their hand at cooking, just for the ducks of it. Boys may take out and hike to their hearts' content. The truck will be at Mustang club promptly at 7:30 for these Band Wagon boys.

Also, boys 15 years old who made the Band Wagon list, may use the Senior Club Rooms this month.

A good time was had at the club meeting Wednesday night. Mr. Fuller and a flock of boys staged a snappy touch-football scramble under the new lights on the big field north of the building. About 70 boys attended the meeting.

Mr. Hyde, our Krazy-Kraft director, is out because of sickness, and the boys are hoping that he will soon be back with us.

Watch for the weekly Mustang picture show and also for the only professional clown in Midland County who will put on some good laughs for the Musties this winter.

Special Flash: Where does a carpet tack actually weigh a ton, and where, if you dropped a thin dime on your foot, you'd never walk again?  
—NUFF SED.

# Conquered People Are The Worst Threat To Hitler Plan

## Texas Teachers Are Quitting For Army

AUSTIN (U.P.)—The need for more teachers in Texas is so urgent that some schools may have to curtail programs.

Miss Miriam W. Dozier, secretary of the teachers' appointment committee at the University of Texas, announced that in December there were more than 2,200

calls for teachers, almost 100 per cent increase over December, 1940. Some schools "desperately" need instructors, with a few asking for as many as eight new teachers, she said.

Commerce, mathematics, and science teachers are in greatest demand, although there is a shortage of English, history and physical instructors. Hundreds of teachers went into defense work before war was declared, and the exodus increased when hostilities broke out, said Miss Dozier.

## Palmetto May Serve As Cork Substitute

JACKSONVILLE, Fla. (U.P.)—With foreign imports of cork cut off by the war, a substitute made of the pulp of the palmetto is being developed in Florida and is expected to take the place of cork in many important war needs.

Called "Palmetex," the synthetic cork is said to have most of the

qualities of corkboard. It is suitable, say its creators, for low temperature insulation, life preservers, floats, rafts, buoys, acoustical and air-conditioning materials, gaskets, pipe insulation, building and roof insulating board, bottle cap linings, and various types of containers. Its cost is said to be much less than cork.

Palmetex was developed jointly by B. E. Moses, a Mississippi attorney, and Charles Schuh, Brook-

lyn-born chemist with long experience in the plastic industry.

A plant in Palmetto, Fla., is processing the palmetto pulp. The finished products are being turned out at a plant in South River, N. J.

The palmetto is little more than a nuisance plant. It is growing wild on millions of acres of Florida land, which will yield an average of 25 tons per acre. The Palmetex Corporation plans to harvest about 4,000 acres a year.

## Texas Oil Company Officials Fingerprinted

Inaugurating the Texas Company's policy of cooperating with the F. B. I. by fingerprinting its more than 25,000 employees, two Texasco executives have their prints taken with other employees at the company's New York offices. Photo shows, left to right: L. C. Hackel, fingerprint expert; M. Halpern, Vice-President and General Manager, Refining Department; Marion Stuart, record clerk; James Tanham, Vice-President, and C. B. Martin, Personnel Department. Arrangements are being made whereby approximately 200 employees of the company in the West Texas New Mexico area may be fingerprinted in the immediate future, according to L. F. Shiplet, District Superintendent, Producing Department.

## Defeat Of Hitler Still First Need In Winning War

By DeWitt MacKenzie  
Wide World War Analyst

Tales of woe pouring out of the Nazified Europe that Adolf has built probably represent, when viewed in the aggregate, a greater danger to the Fuehrer than the devastation which is stalking the ranks of his armies amidst the white drifts of the Russian Steppes.

The over-night news carried a fresh crop of developments which emphasize the chaos into which the unhappy continent has sunk. With each succeeding day we get more vividly the picture of a Germany which is still powerful but which stands as an island in a sea of disaster and despair.

This means Heri Hitler is driven to wage war against more than armed forces. He is fighting to keep from being engulfed in this growing chaos himself. And that's a bit of encouragement for the Allies.

No wonder Andrei Malyshev, Communist party spokesman, declared Tuesday in Kuzbysk that Russia "will not give Hitler the pleasure of mauling war in the Far East." The Muscovites are going to stick to the number one conflict which is going so amazingly well for them.

In an effort to rush troops, equipment and supplies to the Russian front to meet this Bolshevik menace Hitler Tuesday again restricted civilian railway travel throughout central Europe because of the great shortage of rolling stock. And that's only part of the story of the railways, for all the countries which have hitched their wagons to Hitler's meteor are short of coal and oil.

Your attention is particularly directed to the shortage of oil, which isn't new but is vitally important. As so often mentioned in this column, one of Hitler's greatest dangers lies in the increasing oil shortage. Without it he couldn't carry on, either in war or in industry.

The story is the same throughout much of Europe. There is a shortage of coal and oil and metals—in fact, of virtually all vital supplies. Worst of all, the food shortage is rendered more grave by disrupted distribution.

You undoubtedly read the further news from Greece Tuesday, telling of the starving people who prolong their pitiful lives by eating grass and weeds—folk without any fires to help them through the coldest winter in twenty years. The situation in Greece is exceptionally bad, of course. But hunger and privation are widespread throughout the continent.

Small wonder then that the peoples in Nazi bondage are revolting against their overlords. You see it in France, Norway, Czechoslovakia, Poland, Yugoslavia, Holland—in short, wherever the heavy hand of Hitler rests.

In calling attention to this situation it isn't my purpose to create a wave of optimism—though we are entitled to take encouragement from it—but to help clarify the status of the war. It can be seen now necessary it is to strike hard at Hitler now as his difficulties increase and not give him any chance to recover, or to use his still great strength against some weak spot.

This, of course, explains the problem of the Allies in finding quick reinforcements for the battle of the Pacific. Still, it doesn't mean the Japs are to be given their heads to run wild, as witness the announcement today by Generalissimo Wavell that American and British are sending "great reinforcements."

## Big Remodeling Program Started To Help Defense

By Richard Kendrick  
United Press Staff Correspondent

CHICAGO (U.P.)—Expanded war production since United States' entry into the war has intensified the need for rehabilitation of both industrial and residential property, according to the National Association of Real Estate Boards.

In a recent survey covering 248 cities, the association found that 92 per cent of all defense areas require modernization of old dwelling units, while 53 per cent feel the need for reconditioning industrial facilities. Usable industrial space exists in 76 per cent of the cities.

Remodeling of old structures, both industrial and residential, is considered by the association as an economic shortcut to increased war production by which both critical materials and present real estate values can be conserved.

Home Builders Seek Aid

Although government officials have given assurances of financial aid for any industrial rehabilitation found necessary for the war effort, such aid is still being sought for reconditioning old dwellings by the Home Builders Emergency committees in which the association is cooperating.

War-time restriction on sale of new automobiles and tires, it was found, has put a sudden demand on dwellings near defense areas or on existing transportation lines.

In view of this problem, the association's committee on housing and blighted areas will meet in Washington next month to find ways and means for rehabilitating older residential neighborhoods as a war-time source of needed dwelling units.

## Army Dental Corps Is Warring On Bad Teeth

CHICAGO (U.P.)—From Puerto Rico to Alaska, the U. S. Army Dental Corps is being equipped to war on bad teeth.

Describing the corps' unprecedented expansion in the January issue of the Journal of the American Dental Association, Capt. Elsworth K. Kelly said \$1,395,293 had been spent for dental equipment and supplies since July 1 and the personnel increased from 267 to 2,900, excluding hundreds of hygienists, assistants and non-professional aids.

"Every hospital constructed for Army cantonments includes a dental clinic housed in a separate building, with 15 chairs for small and 25 for large concentrations," he said.

Kelly said an eight-chair dental clinic had been designed for new Air Corps fields under construction and that clinics at permanent station posts in Puerto Rico, Panama, Hawaii and Alaska have been expanded.

## British Holding Inland Route In African Conflict

CAIRO (U.P.)—Roving British armored columns fought on the offensive northeast of Msus Tuesday in a dogged effort to hold the inland shortcut which dominates the bulging North African shoreline while the fourth Indian division slowly retreated through the Gegal El Achdar coastal range.

The British Middle East command said this division was under heavy pressure of enemy forces which apparently had been reinforced. The extent of the withdrawal was not given, but Monday this division was said to be just east of Slonta, about 240 miles from the Egyptian border and 100 miles northeast of Bengasi.

(The Italians said they had passed Cirene, ancient seat of Greek culture, just to the north and slightly east of Slonta.)

Msuu is 80 miles south of Slonta and slightly east. Thus while giving way along the coast, the British were endeavoring to hold their positions on the inland route along which they have twice slashed in previous campaigns to cut off Bengasi.

Business Rents Stable

Regarding available space, it is significant to note that the survey revealed the same cities which have older industrial structures available for reconditioning also have old dwellings on hand for modernization.

The survey showed that larger cities, 75 per cent with a population of 500,000 and over, feel the need for rehabilitation of industrial space most sharply.

Regionally, the report "no more industrial space available," comes most often from New England and from the Central Atlantic region.

Statistics released by the association revealed that rents of single-family dwellings and heated apartments in most regions have risen considerably. North Central and Southeast regions were exceptions.

Rental values of business property and office buildings have remained stationary in a great majority of the cities in every region.

## Race Cyclists Now Being Used By Army

SPRINGFIELD, Ill. (U.P.)—J. E. "Buck" Kidd, motorcycle racing promoter, said today the U. S. Army is filling a vital need for hard-riding motorcycle riders with star performers from the racing circuit.

Tough, daring, experienced riders to handle the Army's estimated 30,000 cycles are scarce, he said, and the government is drawing heavily upon the racing fraternity.

Some of the best competitive riders will miss next summer's races, including the championship Illinois State Fair events Aug. 23, due to mounting Army enlistments, he said.

Kidd's son, Jim, is a staff sergeant in the 106th motorized cavalry at Camp Livingston, La. He was awarded this rank, highest for non-commissioned officers, seven days after enlisting.

"American riders haven't been able to buy a motorcycle for 15 months," he said, "but when the war is over this country will be a motorcycle-minded nation."

He said the motorcycle may be the "answer to petroleum coordinator Harold L. Ickes' prayers" because the stock cycle gets 65 miles to the gallon.

## Plan Preservation Of Naval Hero's Home

BURLINGTON, N. J. (U.P.)—The little brick house in which Capt. James Lawrence, one of America's great naval heroes, was born in 1787, will be purchased by the State of New Jersey and maintained by the state commission on historical sites.

Lawrence gained immortality in defeat. In June, 1813, his ship, the Chesapeake, was defeated in a desperate battle with H. M. S. Shannon. Mortally wounded, Lawrence uttered the words, "Don't give up the ship," as he was being carried below decks. The phrase has become a byword, typifying the spirit and tradition of the Navy.

# McKENNEY ON BRIDGE

By William E. McKenney  
America's Card Authority

Yesterday I explained the system of responses to an opening two-bid as advocated by Al Weiss, a strong New York player. His system also requires that if a player opens with a suit bid of one, and if he actually holds the normal requirement of two and one-half tricks, he must treat any jump response by his partner in the same way he

AK9	AK983	A5	K76
7542	AK3	Q74	862

Duplicate—None vul.

South	West	North	East
1 ♠	Pass	2 ♠	Pass
2 ♠	Pass	3 ♠	Pass
3 ♠	Pass	4 ♠	Pass
5 ♠	Pass	7 ♠	Pass
7 N.T.	Pass	Pass	Pass

Opening—4. 5

would treat an opening two-bid by him. In other words, a two-bid inaugurates the showing of controls for slam purposes, and so does the jump take-out of a one-bid.

Today's hand is cited by Weiss as an example under his system. North's bid of two hearts says, "Partner, respond just as you would if I had opened the auction with two hearts—provided of course that you have not made a psychic bid."

South's bid of two spades guarantees the ace. North now bids three diamonds to give South a chance to show the diamond king, if he has it, by a raise to four. Lacking any kings, South would bid three no trump, but he is able to bid three spades to show that king. North bids four clubs to find out about the queen.

South's five hearts now says several things. First, I don't have the diamond king you asked about. I do have a heart support. I do have the club queen, or I would not have jumped.

North knows that South had the club ace for his opening bid, since he did not have the diamond king. He can see that he can discard his losing diamond on the king of spades. So he bids the grand slam. In duplicate South goes to seven no trump.

**Play Clothes**

With this one pattern you can outfit your youngster with as fine a set of play clothes as the most pampered child in the world could own! The pattern includes a smock—full cut, fitted through the shoulders, topped with a round collar and appliqued with two bright red apples, which turn out to be pockets—overalls of sturdy proportions and very brief rompers—these again to be appliqued with the cunning pockets. Decidedly on invitation to start sewing at once, isn't it?

Pattern No. 8120 is for children of 2, 3, 4, 5 and 6 years. Size 3 smock, 1 3/8 yards 32-inch material; overall 1 1/8 yards, romper 7/8 yard. Appliques 4 x 12 inch piece plus 4 x 10 contrast. 2 1/2 yards ric-rac for rompers.

For this attractive pattern, send 15c in coin, your name, address, pattern number and size to The Reporter-Telegram Today's Pattern Service, 211 W Wacker Drive, Chicago.

Study the new Fashion Book for inspiring ideas on home sewing. This complete catalogue shows all of our new styles for spring. Send for your copy today.

Pattern 15c, Pattern Book 15c. One Pattern and Pattern Book ordered together 25c. Enclose 1c postage for each pattern.

# Iron Essential To Feminine Nutrition

By Mrs. Gaynor Maddox  
NEA Service Staff Writer

Everyone needs iron, but women need more of it. Physicians say the incidence of iron deficiency anemia is high in women, not very common in men.

The body takes iron from foods we eat and puts most of it into red blood cells. This iron is then used by the cells to carry oxygen from the lungs to all parts of the body. To do this important oxygen-carrying job, nothing can take the place of iron and without iron the tissues will not be healthy, the body will not work efficiently.

Experts agree that most women do not eat enough iron-rich foods. When the small supply is further reduced by every infection, even a mild cold, and every accidental loss of blood, even a slight cut, women are pushed nearer to or over the edge of iron deficiency that may result in a permanent iron deficiency anemia.

**IRON-RICH FOODS**

Because so many of the foods in the average diet have a very small amount of iron, foods which are rich sources of this mineral should be included in each day's meals. These foods in order of the richness of available iron—that is, the iron which the body actually absorbs and puts to use are: beef liver, dark molasses, oatmeal, dried apricots, eggs, whole-wheat, raisins, parsley, lean beef, oysters, cabbage, mutton, lettuce and spinach.

**BAKED APPLES**

Six apples, 2 tablespoons pure dark molasses, 2 tablespoons sugar, 1/8 teaspoon cinnamon, 1/2 cup raisins, butter.

Core apples and set in baking pan. Mix together molasses and sugar, mild cold, and every accidental loss of blood, even a slight cut, women are pushed nearer to or over the edge of iron deficiency that may result in a permanent iron deficiency anemia.

sixth of the mixture in the center of each apple and a bit of butter on top. Cover bottom of pan with water and bake in hot oven of 400 degree for 35 to 45 minutes. Serve hot or cold, with cream if desired.

**IRON-RICH MENU**

**BREAKFAST:** Fruit juice, whole grain cereal, toast, coffee, milk.

**LUNCHEON:** Cream of spinach soup, vegetable salad, baked apple, tea, milk.

**DINNER:** Vegetable juice cocktail, lamb stew with vegetables, mixed green salad apricot tapioca ginger cookies, coffee, milk.

**ASTRONOMERS SAY...** THE STARS ARE KEPT SHINING BY THE TRANSMUTATION OF HYDROGEN INTO HELIUM, A PROCESS WHICH RELEASES RADIANT ENERGY

Did "Talkies" become the rage in Hollywood in 1925, 1928, 1933 or 1935?

ANSWER: About 1928.

NEXT: The value of astronomy in war.

**NICKELS GO INTO BONDS**

EAST ST. LOUIS, Ill. (UP)—J. W. Crompton, a triant officer, broke up a 28-year-old collection of nickels to purchase a \$25 defense bond. He paid for the bond with 375 Liberty head nickels, all that remained in a collection he started in 1912. He said the rest of the nickels were spent for Liberty bonds in the first World War.

He had a lunch of lamb stew with vegetables, mixed green salad apricot tapioca ginger cookies, coffee, milk.

Workers in City Hall basement said they couldn't hear it.

**RAID ALARM FIZZLE**

BALTIMORE (AP)—Maybe they need a new needle—or a louder recording—but Baltimore's air raid whistle atop City Hall hardly scared the pigeons in its first test.

The widely-heralded alarm—a recorded whistle stepped up by a battery of loud speakers—came at noon, and:

Workers in City Hall basement said they couldn't hear it.

**COSTLY MISTAKE—BUT ALL ENDS WELL**

CADIZ, O. (P)—Mrs. Joseph Gage Persons a block away said they heard something that sounded like "the whistle from a tea-kettle".

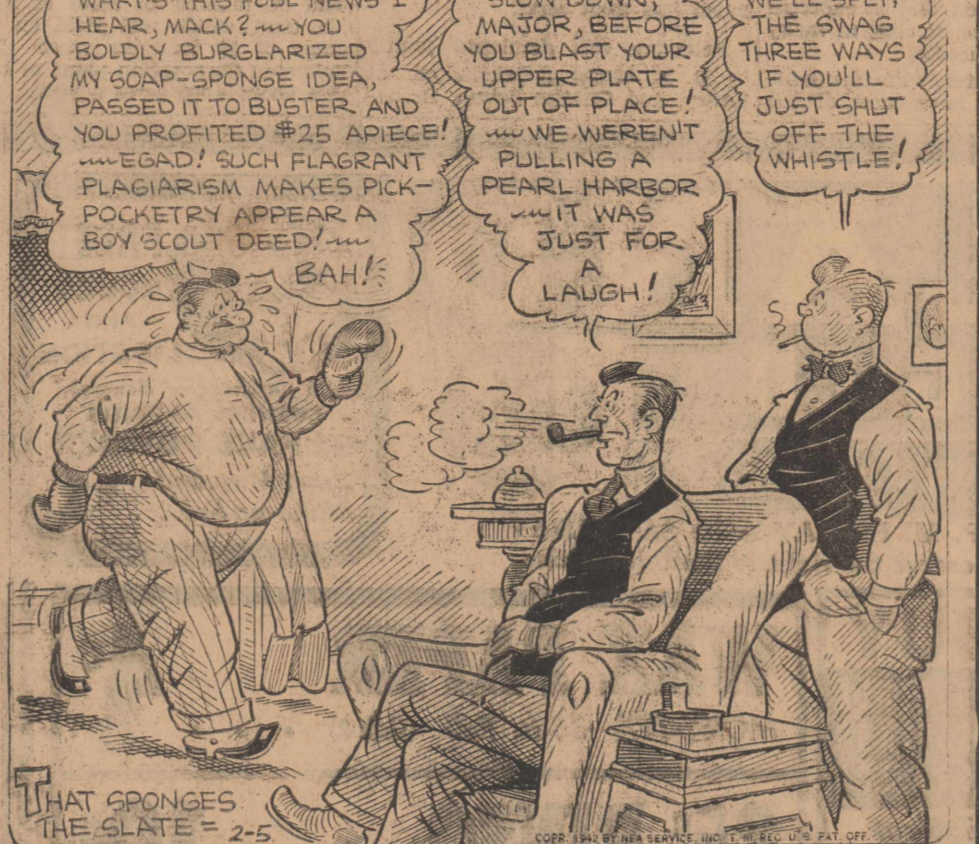

Hundreds of persons telephoned, jamming switchboards, to inquire if the test had been called off.

Civilian Defense officials said the wind was blowing too hard.

They're planning further research into noise-making apparatus.

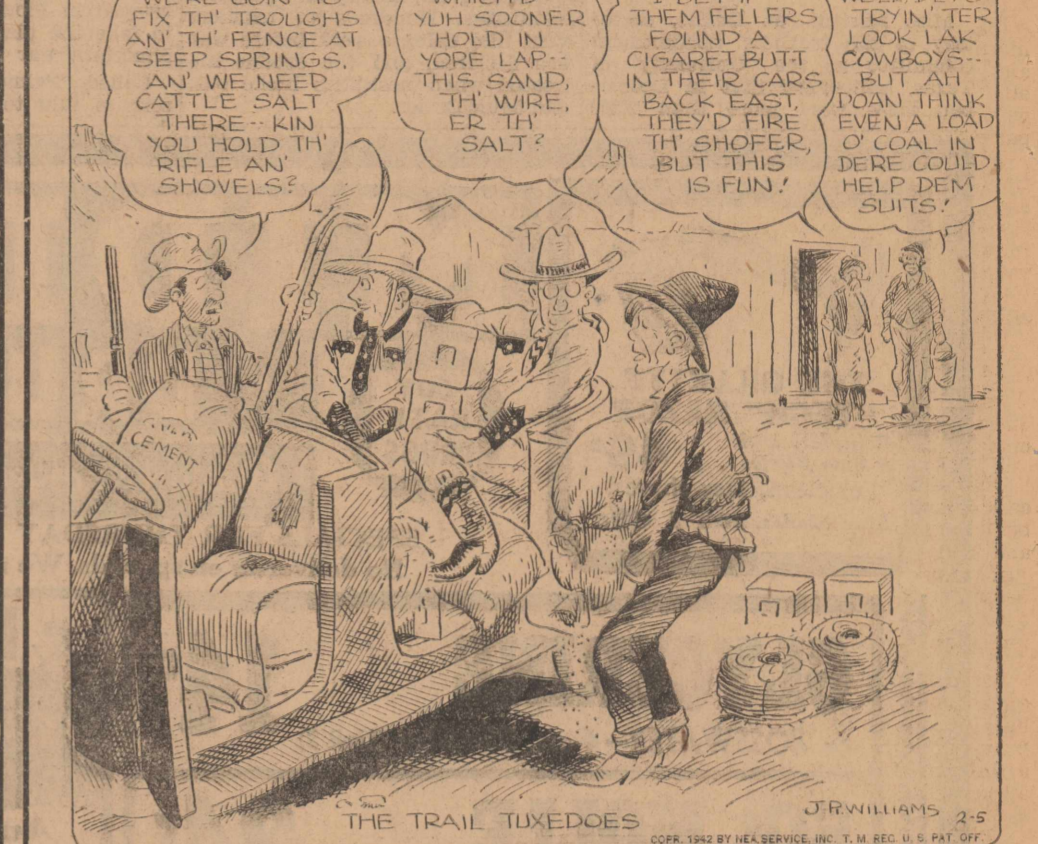

Mrs. Gage drove back and searched the street where the purse was discarded. Then she made house-to-house calls until she reached the home of A. W. Albright, who returned the purse. He found it in the street.

### Lively Luncheon Also Can Be Time-Saving

By Mrs. Gaynor Maddox  
NEA Service Staff Writer

Mothers who do Red Cross work or who spend busy hours with Civilian Defense activities must plan children's luncheons that will be quick to prepare yet delicious and well-balanced.

Vegetables and eggs, cottage cheese and peanut butter, thick soups which can be made in the morning, kept in the refrigerator and heated for luncheon, are suitable for such luncheons. Whole-wheat bread and milk play a large part in children's nourishment, too.

Quick-frozen vegetables are great time savers and also make tender and richly vitaminized luncheons. However, they must be cooked carefully in order to preserve all their values.

#### NEST OF CARROTS AND PEAS WITH POACHED EGG

(Serves 4)  
Four fresh eggs, 1 box (12 oz.) quick-frozen carrots and peas, butter, salt and pepper.

Drop entire box of quick-frozen carrots and peas in 3/4 cup briskly boiling water. Bring just to a boil, and boil 5 to 7 minutes, or until just tender. Drain if necessary. Season with salt and pepper and butter. Use any water that is left for soups or sauces.

Arrange bed of hot vegetables attractively on the plate. Top with lightly poached eggs. Serve with buttered whole-wheat bread and a tall glass of milk. That's a balanced meal prepared in less than 10 minutes.

#### POTATO AND ONION SOUP

(Serves 4)  
Two cups left-over mashed potatoes, 1/2 cup chopped onions, 1 teaspoon butter, 1 pint milk or 1 cup water and 1 cup evaporated milk, salt, pepper and chopped parsley.

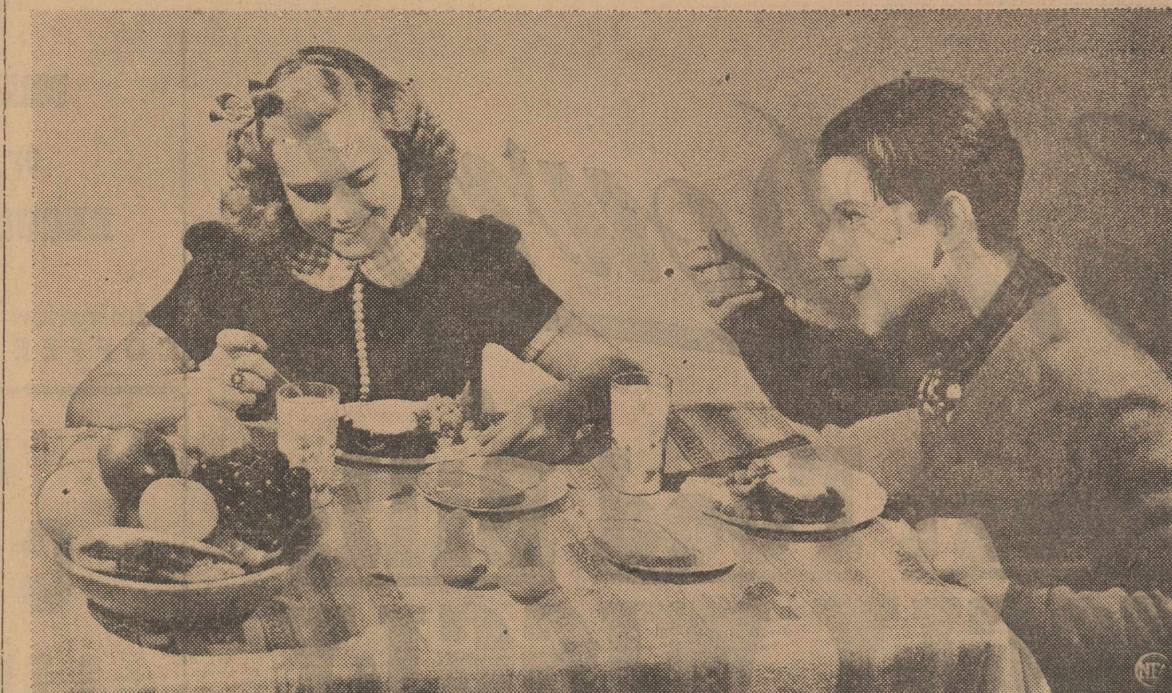

Chop onions fine. Heat butter in pan and cook onions about 3 minutes. Add potatoes and mix well. Slowly add the liquid and simmer until the mixture is smooth. Cook over low fire for about 10 minutes. Season well. If too thick, add more liquid. Season with salt and pepper and a dash of nutmeg, if desired. Just before serving, add 1 tablespoon chopped parsley. Serve in bowls with toasted whole-wheat bread strips.

#### CHOPPED MEAT PATTIES

(Serves 4)  
One pound chuck steak, ground, salt and pepper, 4 thin slices salt pork or bacon.

Season meat. Form into 4 flat cakes. Wrap salt pork or bacon around each cake and tie with string. Broil under very hot broiler for about 5 minutes on each side.

### Give The Youngsters Simple, Body-Building Foods

Poached egg on quick-frozen spinach, other vegetables, are well-balanced luncheon for these youngsters.

Serve with quick-frozen spinach.

#### MENU

BREAKFAST: Orange juice, oat-

meal, popovers, jelly, coffee, milk.

LUNCHEON: Potato and onion soup, toasted whole-wheat strips, apple-pleasure, cookies, tea, milk.

DINNER: Tomato juice, chopped

meat patties, French fried onion rings, mashed potatoes, mixed green salad, squash pie, coffee, milk.

### Women Say Slacks Help To Victory

By Rose Williams  
NEW YORK (AP) — The ladies have shelved vanity for Victory. They've gone pants-wise and are pulling them on, one leg at a time, for action. Not the gay, cruise variety, either, but dark, serviceable trousers, geared for heavy duty and greasy spots.

Most of the large department stores here already have noted a huge increase in the sale of slacks. Some have doubled their expected sales.

"We're getting orders from all parts of the country," a buyer of women's sportswear reported. "And they all ask for the same thing. Something dark, practical and durable."

Shirts For Dress Occasions  
As a matter of fact, one department store buyer hinted skirts may eventually give way to trousers for the duration, except for dress occasions. With the anticipated premium on wools, silk and hosiery, it is small wonder the girls have found trousers more than a Marlene Dietrich whim.

Every day women are taking over jobs heretofore done by men. They find the freedom of trousers unbeatable, even if the lines are less flattering to the figure.

Several high schools already have voted slacks in for class wear. Others are following the lead and once the ball is rolling, it's hard to stop.

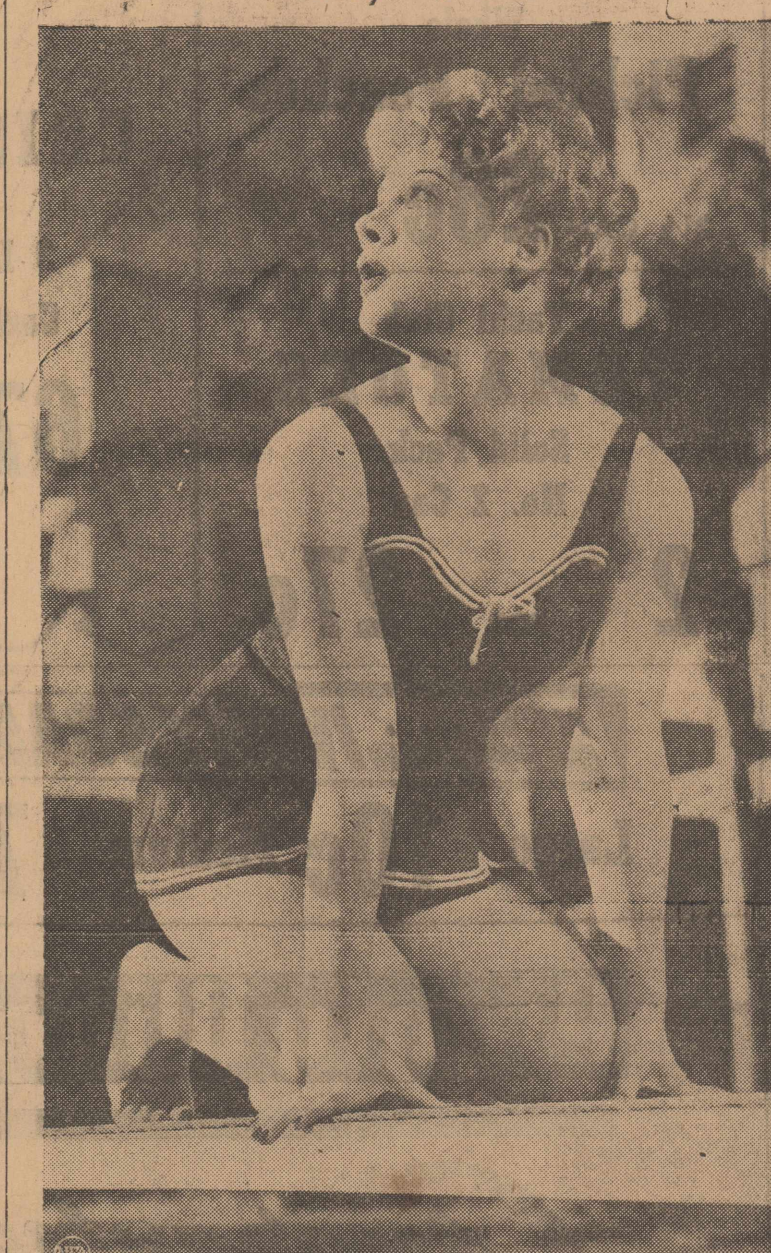

A New Jersey high school started it all when its Board of Education approved slacks for class wear. It happened that Miss Annette James, physical education instructor, had been coming to school in slacks. That was all right until she decided to wear the fire-engine red numbers. That started a cause celebre, resulting in the subsequent vote of approval from the school board.

Rules Slacks More Modest  
Cornelius J. Westervelt, president, said that "slacks are not only practical for women . . . but more modest."

Sporadic outbursts of male disapproval have been noted, as in the case of Edward Yazjian, 19-year-old New York high school senior, who appeared in class in his mother's skirt in protest to be-troused girls.

Out in Racine, Wis., a group of high school boys wore skirts to classes as a protest to girls' slacks until the chill winds sent them scurrying for their trousers. Now they don't care "what the babes wear."

### Pretty Percher

Beautiful Betty Hutton, who once improved the scenery in Detroit, looks before she leaps into a pool in Hollywood where she's causing most men to look three or four times, and is headed for stardom after wowing them in "The Fleet's In."

### MIND Your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. If in traveling you have a reservation for an upper berth should you have the seat facing forward?
2. Is a tip of five cents sufficient to give a boy who shines your shoes in a barber shop?
3. If you are using a traveler's check to pay for hotel accommodations, when do you sign it?
4. Is 10 cents enough for a man to tip for checking his hat and coat?
5. If a man is accompanying a woman in a street car does he enter first?

What would you do if—  
You are traveling by coach on a train and would like to sit in the chair car—  
(a) Sit in the car without asking?  
(b) Ask a trainman if the car's accommodations are for second-class passengers?  
(c) Stay where you are?

Answers  
1. No. The person in the lower berth has the seat-facing forward.  
2. Yes.  
3. As you pay. Never ahead of time.  
4. Yes.  
5. Yes.  
Best "What Would You Do?" solution—(b) or (c).

Blackouts Trim Book Demand  
PACIFIC GROVE, Cal. (UPI)—Circulation of books at the public library dropped 1,500 volumes in December under the figure for the same month in 1940, presumably because of blackouts. Librarian Joseph Belloli reports. Blackout curtains and emergency facilities are to be installed in the cellar now.

### The Three-To-One was The Best Dream

BECKLEY, W. Va. (AP)—Navy Recruiting Officer John Anthony Jr., became a firm believer in dreams when several came true, but he hopes the one he had the other night was all a mistake.

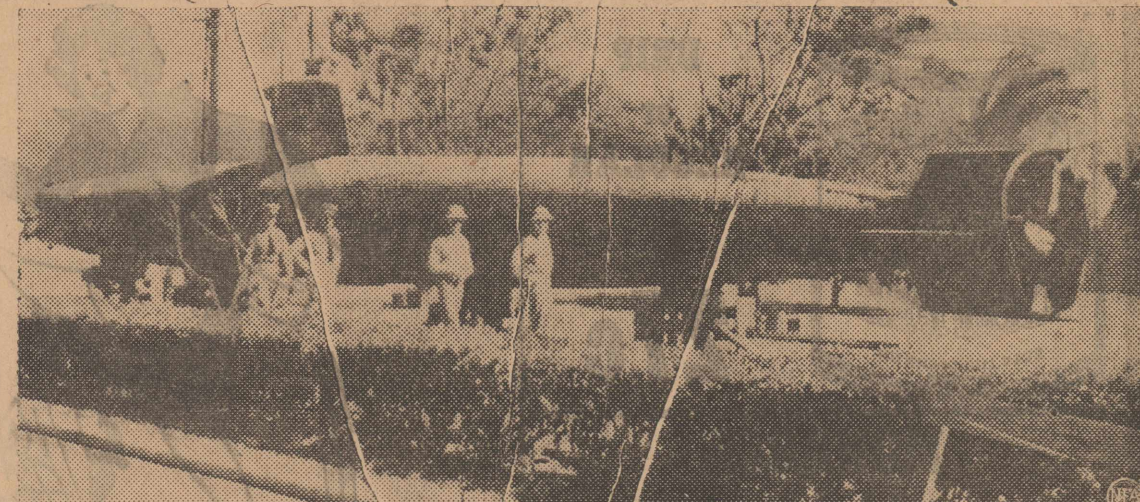

His faith in dreams was established a number of years ago when he dreamed he saw a certain horse win a race. He bet on that nag next day, and it paid off three to one.

Later, while he was on duty in the Pacific, he dreamed that Japan and the United States had gone to war, "but for some reason I couldn't understand at the time I was far away, wasn't in it."

When the war came he was here on recruiting duty. The belief was strengthened when he dreamed he would be sent to Charlotte, N. C., "where I started from"—and was.

The dream he's worried about is one in which he saw himself taken prisoner by the Germans in an Atlantic sea battle.

### Strange Fish (Mounted) Among Uncle Sam's Trophies

Waikiki waters yielded this two-man U-boat, part of Jap trap at Pearl Harbor. Cargo of "suicide sub," captured before it could do dirty work: two torpedo tubes.

### Simple Gadget Solves Gas-Light Blackout

BALTIMORE (AP)—Walter E. Bartholomew, a Baltimore gas-light tender with an inventive turn of mind, has found a solution to Baltimore's biggest black-out problem: How to turn out 17,000 individually-operated gas street lights when the air raid warning sounds.

Civilian defense officials, prepar-

ing for the city's initial blackout test in mid-February, had ordered metal hoods which would be lowered over each lamp.

Bartholomew's plan calls for a wire extending from the automatic timing device to within easy reach of an air raid warden. The light can be turned off or on in three seconds.

Cancelled was the order for 17,000 hoods.
