

Japs Seek China Knockout Seize French Islands, Senators Say

Fear Laval Is Planning Give Them To Axis

Back Stabbing Warned
Annally By Pepper, As
Congress Says 'Watch'

WASHINGTON (AP)—The British-French conflict over Madagascar provoked new Congressional discussion Thursday of the possibility of a United States move to seize French possessions in the Western Hemisphere to prevent their use by the Axis.

Chairman Connally (R-Texas) of the Senate Foreign Relations Committee advocated such action only if the Madagascar action led to a "shooting war" between United States and French forces, but Senator Pepper (D-Fla.), a committee member, urged immediate seizure.

"I think we ought to go ahead and take those French islands without dallying," Pepper told reporters. "We haven't got time to fool with the niceties with people who are stabbing us in the back."

The Florida Senator also declared the United States should inform Portugal and Spain that Axis use of their Atlantic possessions would not be tolerated.

Connally said at a press conference that he would advocate taking Martinique, French Guiana and all French possessions in the Western Hemisphere if there is any armed conflict with the French over Madagascar or any threat that any of these places in anywise would be used to help the enemy.

"If they are behaving themselves," he declared, "it would be just as well to let them alone. But I wouldn't take any chances, and if there was the slightest suspicion that they might be used to help the Axis, I'd say to seize them for protective purposes."

Anyway, Despite War Work, Texas To Get Heavy Word-Bombs

AUSTIN (AP)—Red-headed Dan Moody said Thursday he would take the stump in the forthcoming senatorial campaign in an old-fashioned speaking tour that will give the electorate a radio vs. stump campaign.

James V. Allred said he would not announce details of his campaign until after May 15, when his resignation as federal judge is effective. Sen. W. Lee O'Daniel's tactics were almost certain to follow the form of his three previous campaigns, in which showmanship played a major role. O'Daniel's original and best medium was the radio.

O'Daniel in Washington said he had no comment to make on Wednesday's twin-barreled announcement by the other two former governors that they would oppose him in the Democratic primaries for nomination to the full U. S. Senate term.

Prichard And Pratt Address Rotarians

New federal regulations on open accounts and installment buying credit were explained to Midland Rotarians at their meeting Thursday noon in Hotel Scharbauer by Ed Prichard.

"Discussing the rules, Prichard said many were merely new 'laws' to stop loop-holes in other 'laws.'"

"They simply mean," he continued, "that we must get down to business to prevent a jam later. We've a war to win and there must be sacrifices on everybody's part."

"After enthusiasm"

Need discussing extension of credit to new residents and soldiers, he urged Midland merchants to show men of the armed forces and all others that we appreciate their business.

Ily Pratt, club secretary, urged all Rotarians to attend the ceremony at 8 a. m. Friday on the courthouse lawn, honoring men of Midland County who will leave for military service.

"We need enthusiasm for getting the war won," Pratt said in a stirring plea to all citizens to attend the ceremony.

Midland Men Will Be Bid Godspeed On Way To Army

Around The BULLPEN

By Ray Camp

International introduction of West Texas' own great sport... the rodeo... was engineered by two Midland fellows... Spencer Jewell... and Billy Connell a couple of good cowboys... and they did a darn good job of it. It was back in 1905-06... they staged a full year of rodeos... in South America. First... to the two-and-a-half millions of Buenos Aires... second to Montevideo... capital of Uruguay.

Nowdays... when you see a rodeo in a foreign land... you will know that Spencer and Bill got it all started! For... the English syndicate... that invited them to come stage the first... and the natives of many lands who saw them in South America... sent word over the idea... and have helped spread it around the world.

Fact is... those Englishmen in Argentina... had been trying to get them to come back... just before war broke with Germany... and put them on a "real" rodeo again... just for old-times sake... and a good bit of cash! And... our guess is... they could easily have been persuaded... if war had not come... to go down and supervise another series... of great rodeos.

Down in Argentina... sorta thinking of buying a ranch... Spence and Billy couldn't find what they wanted. The Englishmen they talked to... about lands... liked them a lot... found out they were real cowboys... asked about roping and riding... and proposed that they introduce the rodeo... to Argentinians... and they did... and how!

And Spence got them... right here, mostly... including Clay McConagill... one of the world's all-time best riders... and a great rider... both of whom have since ridden over the Great Divide... and Ira Driver... now a businessman in Big Spring... Len (Red) Driver... living in Colorado... Wild Horse Hill... then of Carlsbad... and a negro... Nigger Pickett... now dead... who bulldozed stews with his teeth.

He took the whole posse... saddles, brooks... boots and spurs... to Argentina... from here.

(See BULL PEN, Page 4)

WAR BULLETINS

LONDON.—(AP)—British bombers in considerable force last night attacked Stuttgart, manufacturing center, and other targets in southern Germany, for the third successive night, it was announced Thursday.

LONDON.—(AP)—Prime Minister Churchill told the House of Commons Thursday that a protocol was being drawn up between the commanders in Madagascar and that the British fleet was expected to enter Diego Suarez harbor about 3:30 P. M.

MOSCOW.—(AP)—The Red Army, attacking across bogs on the Leningrad front, was reported Thursday to have driven a wedge between two German forces and encircled one Nazi detachment in an important sector west of the long-besieged city.

Songs, Lifting And Otherwise, To Cheer Men Leaving Friday

Singing of a few songs, lifting vigorous, happy songs, will be the keynote of the gathering in Midland Friday morning, when wives, parents and sweethearts gather to see Midland County men leave for the Army. The program will begin promptly at 8 o'clock, as the men must leave shortly after that for Fort Bliss by bus. The program will be held on the courthouse lawn, weather permitting, but it will be held in the district courtroom of the courthouse, if weather is bad.

Merchants of Midland were asked by the American Legion to display their flags in the proper places Friday, not later than 8 o'clock.

Wives will hear a lilted song sung for their special benefit, said Fred Wemple who has arranged the program, led by Dan Hudson, a veteran of the other war, who is reviving some songs of those other days for the occasion. Parents, likewise will have special music dedicated to them, and sung by all others of the gathering.

A red carnation will be pinned on each departing man, with the officers of the Legion Auxiliary handling this distribution of flowers furnished by the occasion by Midland florists, said Mrs. Hal Peck of the Auxiliaries.

Families of men going Friday, and of all men who have gone before, are urged to attend by Wemple, who pointed out that the War Department only this week encouraged such ceremonies, and that the city was taking this first opportunity to show its deep appreciation to the young men who are going out to the defense of the nation.

"We know that this is a time of grave concern," said Wemple, "and we hate to see our boys go off to war. But, let us show them that we, can face the war ahead with the same strength and cheerfulness with which they face it. Let us all be there... let us all bid them a cheerful farewell."

A brief program will be held, a gift made to each man as a token of the sentiment borne toward him, after which the men will leave for Ft. Paso.

Reeves Ordered To Fort Riley, Kansas

Second Lieutenant Robert H. Reeves of the local Texas Defense Guard, will leave Friday with the men from Midland County going to Fort Bliss, and will be transferred to Fort Riley, Kansas, where he will go into training as a Cavalry officer.

He has been one of the most active in the local guard unit, and has just received his orders to report to Fort Riley, the general Cavalry training school for the Army.

Appoint Military Affairs Committee

Personnel of the military affairs committee of the Midland Chamber of Commerce Thursday was announced by Ralph M. Barron, president, as follows: James N. Allison, chairman, Dan Hudson, M. C. Ulmer, D. W. E. Ryan, Tom Sealy, Harry Gossett, S. A. Debnam, Paul McHargue, D. H. Roetger, and John W. House.

More Power To The USO

USO is the friend men of the American Armed Forces find when they relax from their duties. The USO Club is a place where his uniform is a card of admission and an assurance of welcome whether he is in Australia, Iceland or at a camp in the United States.

Many Midland men in the Armed Forces have written home about the work of the USO and what it is doing for the men in uniform.

Among the letters is the following:

"I went out last night and had one of the most enjoyable times I've had in a long time. The squadron gave a graduation dance to the boys who finished school Tuesday, at the downtown USO club and it was really nice."

"Sgt. Phillip H. Auld, Sheppard Field, Texas."

Midland's campaign to raise \$2,344 for the USO starts Monday and it is the duty of every citizen to contribute his just share.

Amerada University RE Widens Barnhart Over Mile Southeast

By Frank Gardner
Oil Editor

The rapidly expanding Barnhart Ellenburger pool in Southeastern Reagan County has spread out one and one-quarter miles to the southeast by Amerada Petroleum Corporation No. 1-RE University.

On a 20-hour gauge through tubing choke varying from one-half inch to one-quarter inch the well flowed 332.58 barrels of fluid. Oil was diluted 14 per cent by sediment and acid water the last hour of the gauge. Testing continued, through a 24-64-inch choke on a 2-inch tubing. The well has a gas-volume of 515,000 cubic feet per day, giving it a gas-oil ratio of 1,950. It went to a total depth of 9,301 feet in Ellenburger, lower Ordovician dolomite and is producing through 150 gun-perforations in 5 1/2-inch casing from 9,173 to 9,223 feet. Two-inch tubing is set at 9,222 feet, with packer at 9,127. Cement inside casing was drilled out to 9,240 feet. The well has been washed with 250 gallons of acid and 500 gallons of mud acid, and also has been treated under pressure with 5,000 gallons of acid.

The same firm's No. 1-RE University is drilling at 6,496 feet in shale and lime, while its No. 1-RG University has reached 295 feet in lime. M. H. Reed No. 2-A University is drilling shale and lime below 6,655 feet.

Reeve's Ordered To Fort Riley, Kansas

Nearly three miles east of the south end of the Shilby pool in Southeastern Ward County, Jimmie O'Quinn and Ray Pool No. 1 in Nichols field 600 feet with oil in 12 hours after drilling brown sand pay from 2,399 to 2,406 feet and porous lime pay from 2,406 to 2,412 feet. It is drilling ahead at 2,414 feet in hard white lime. Operators later will shoot all pays.

One mile north of Darby Petroleum Company's discovery well in the Pyote pool of Ward, Magnolia Petroleum Company No. 1-60 George Sealy is drilling below 1,330 feet in red beds.

Magnolia No. 1 D. K. Glenn, scheduled Ordovician test in extreme southwestern Crane County, is building rotary derrick.

An Ordovician try in Northern Pecos County, Anderson-Prichard Oil Corporation No. 1 Charlotte Gregg Ogilvie et al is drilling at 5,204 feet in lime, possibly pre-Permian.

Phillips 1-A testing, Phillips Petroleum Company has drilled plug from 5 1/2-inch pipe, run tubing and now is testing its No. 1-A University-Andrews, Ellenburger discovery producer in Southwestern Andrews County. Total depth is 7,855 feet, the Ellenburger dolomite topped at 7,750. No gauges yet have been reported from the well.

Magnolia No. 1-11-37 B. B. Ralph, deep Permian producer extending Northwestern Andrews' Fullerton pool one-half mile west, is swabbing

In The Mouth Of Guns

"Corregidor has sounded its own story," said General MacArthur. "It needs no comment from me. It has sounded its story in the mouth of guns. Through the bloody haze of its last shot, I shall always seem to see the vision of its grim, gaunt and ghostly men still unafraid."

Attack On Australia May Be Next For Japs

Lost War Plane, Found By Father Of One Of Dead

LOS ANGELES (AP)—G. B. Burns, who vowed he'd never rest until his son's body was found, has discovered wreckage tentatively identified as that of an Army transport which carried Maj. Gen. Herbert A. Dargue and several other Army men to death Dec. 12.

Burns, from Spokane, Wash., came to Southern California last weekend to search for the body of his son, Lieut. Homer C. Burns of Hamilton Field, Calif., co-pilot of the Dargue plane, with him came Lieut. Burns' widow, a brother and sister-in-law. The Army had sought in vain for the craft.

After five days of skirting over treacherous trails in rugged, snow-covered mountains they came upon the wreckage at dusk Wednesday night.

The location was kept secret until Army officers could reach the scene Thursday and post guards.

Burns reported immediately to Army Air Force officials. He said he found a belt which he identified as his son's. He saw one body and scattered clothing. He did not probe the wreckage, leaving that to the Army.

Aboard the plane when it left Phoenix, Ariz., the morning of Dec. 12 for Hamilton Field near San Francisco were:

Gen. Herbert A. Dargue, of Washington, D. C., Commander of the First Air Force.

Col. Charles W. Bundy, General Staff, Washington.

Col. George W. Ricker, General Staff, Washington.

Maj. Hugh F. McCaffery, Mitchell Field, L. I.

Capt. J. O. Leavitt, listed as the pilot.

Lieut. Homer C. Burns, co-pilot.

Staff Sgt. Stephen Hoffman, March Field, Calif.

Pvt. Samuel J. Van Hamm, March Field, Calif.

Attack On Australia May Be Next For Japs

ALLIED HEADQUARTERS, Australia (AP)—An ominous increase in Japanese naval activity around New Britain and the Solomon Islands was reported Thursday, with the Allied bomber command swiftly counteracting with high explosives on this developing threat to the all-important American-Australian supply routes.

A headquarters communique, noting the Japanese warships near Bougainville in the Solomons, Australia or an encircling move to seize the screen of islands east of this continent.

These developments emphasized the continued danger menacing Australia, although headquarters reported diminishing Japanese air pressure on Port Moresby, vital Allied outpost on the south shore of New Guinea.

Observers expressed belief that the lessening of aerial attacks upon Port Moresby was direct evidence of the hard blows dealt Japanese airdromes at Lae, on the northeast coast of New Guinea, and Rabaul, New Britain.

In contemplating the possibility of a new Japanese thrust observers took into account the fact that the fall of Corregidor had made Manila Harbor available to the enemy as a new base of operations and released men and equipment for duty elsewhere.

Bicycle Tags Are Expected Here Soon

Publication of Midland's new bicycle ordinance has been postponed pending the arrival of metal tags which will be issued to bike owners when they register.

City officials expect the tags to arrive soon. The ordinance is effective following its publication. It regulates bicycle traffic in the city, conforming with state regulations for the cycles.

Australia, Alaska To Be Prepared; Russia And Hawaii Get Set

Supply Line To Australia Will Be Attacked, As Japanese Decide On Which Point To Hit; United Nations Face Great Losses All Areas

WASHINGTON.—(AP)—Flushed with their conquests in Burma and the Philippines, the Japanese war lords were expected by military strategists to turn in full fury on China in an effort to knock out that potentially powerful United Nations force.

As the war in the Pacific entered on its sixth month, these military experts pointed out, however, that the headlong rush of the Japs had carried them to a point where they might turn in any of several directions. Their only reasonably sure course will be an attempt to cut the supply line to Australia.

11,574 Are Lost In Manila Forts

WASHINGTON.—(AP) The War Department announced Thursday that approximately 11,574 Soldiers, Sailors, Marines and civilians presumed were captured by the Japanese on Corregidor and the other Manila Bay Forts.

The estimate was based on reports received up to April 15, a communique said, and did not take into consideration casualties which might have been suffered in the last three weeks.

The total included 2,275 Naval personnel, 1,570 Marines, 3,734 American Soldiers, 1,280 Philippine Scouts, 1,446 Soldiers of the Philippine Commonwealth Army, and 1,269 civilians including civilians and individuals not otherwise classified.

The communique was issued at a press conference by the Undersecretary of War, Robert P. Patterson, who said that Lieutenant General Jonathan M. Wainwright, commanding the American-Filipino forces, presumably was among those captured.

"The following organizations comprised the garrisons of the harbor defenses: Hq. U. S. forces in Philippines; Hq. Philippine department; H. and Hq. Battery, harbor defenses of Manila and Subic bays; 59th Coast Artillery; 60th Coast Artillery (anti-aircraft); 803rd Engineer Battalion, aviation; 724th Ordnance Company, air base; 693d Ordnance Company; 91st Coast Artillery (PS); 92nd Coast Artillery (PS); Navy personnel: 4th Marines; 1st Coast Artillery (Pa); 2nd Coast Artillery (Pa); Philippine Army Air Corps, and 1,269 civilians.

Register 10,958 For Sugar Rationing Books

Midland had registered a total of 10,783 War Rationing books in the individual registration for sugar quotas through 6 p. m. Wednesday. Registration will be completed Thursday from 3 to 9 p. m. when a skeleton force of registrars will be on duty at the various registration places.

Supt. George A. Heath urged that all persons who possibly can, register between 3 and 6 p. m. Thursday so that all registrars will not be forced to remain at registration places at night.

Out of the 10,958 applications for sugar rationing books, only 195 have failed to be issued due to lack of necessary information. Most of that 195 are expected to present the proper credentials and obtain rationing books Thursday.

Registration places in Midland are: Junior High for people living north of the railroad and west of A Street; North Elementary for people living north of the railroad and east of A Street; South Elementary for people living south of the railroad in Midland County except rural districts where a school is maintained; Mexican School for Mexicans; and Colored School for colored people.

Lee Petroleum Head Dies In San Angelo

HOUSTON (AP)—Charles Vernon Lee, 63, president of the Lee Petroleum Corporation of San Angelo and brother of the late T. P. Lee, and W. E. Lee, prominent Houston oil man, died Thursday in a Houston hospital. He had lived in San Angelo since 1927.

Survivors are his wife, Mrs. Merle Lee of San Angelo; three daughters, Mrs. Dorothy Jones, Miss Mary Lee of San Angelo, Mrs. Margaret Volkman of Bernard; one son, Leslie Lee of San Angelo; a brother, Humphrey A. Lee of Murfreesboro, W. Va., and two grandchildren.

Funeral arrangements will be announced later.

Sound Advice

The call to service has touched your way of living. It probably never will be quite the same again. Either your close ones or the close ones of friends in your circle already have moved out.

- 1. The first thing to do is accept this. Do not fight it.
- 2. The second thing to do is to determine a course of action to meet the circumstances. This good advice comes to us in the publication "Caps and Lower Case," of Jaggars-Chiles-Stovall, Inc., Dallas. It also lists some very worthwhile suggestions, which follow:
 1. Make up your mind to accept what comes as bravely as you will the boys who sign up.
 2. Undertake a few hours of war production or service that will make you a part of the fight.
 3. Look on cheaters and self-seeking people or firms with contempt, but do not let them or their acts throw you off stride.
 4. Rise cheerfully to each day, do tasks efficiently, enjoy relaxation, visit with friends, live above normal instead of below it.
 5. Write regularly and often to those in service who expect to hear from you.
 6. Determine and determine now to make yourself a help to the nation's effort instead of a hindrance. Taking that attitude is the first step.

Do these things and you will be doing your part in this world emergency.

Let's Get The Job Done!

A year ago business executives at annual meetings were asking themselves: "What's ahead for America?"
This year we have the answer—WAR.
And this war is the most colossal and destructive conflict the world has ever known. America has one single job ahead—TO WIN THIS WAR.
How long it will take and what price we must pay, no one can say. We do know that we are fighting for our liberties and we face the danger of losing them.
War challenges our country's man power, its productive power and its basic institutions.
Production is the main job immediately ahead for business. Planes, guns, tanks, ships, food and equipment must be kept rolling to armed forces of the United Nations scattered throughout the world. America has the biggest job in its history to do. Let's get it done.
—Buy War Bonds And Savings Stamps—

Looking Ahead

We think primarily of oil as something that lubricates machinery and fuels engines. We think primarily of coal as a source of energy for industry and as a heating agent.
But these two natural resources are capable of other jobs as well—jobs which are important to this nation in wartime and peacetime alike.
The oil industry will supply the basic ingredient for the manufacture of artificial rubber. Now that we have lost our supply of natural rubber, the synthetic product must be developed with maximum speed. The oil industry, therefore, is going to have a great deal to do with keeping our military machine running—and, in time, in supplying rubber for civilian use. The oil industry likewise is the producer of toluene, which is the basis of TNT. So the bombs which blast our enemies have their start in the oil industry's wells and refining plant and laboratories.
From coal, we obtain one of the miracles of this age—plastics. There are plastics which are stronger than metal. There are plastics which are flexible and easily handled. There are plastics which are suitable for airplanes, motor cars, and a thousand and one other things. And plastics are essential to the war effort.

Oil and coal represent the development of American natural resources at their best. These industries are always looking ahead, in search of new processes, new worlds to conquer. They will play a major part in winning the war. And they will play a leading part in the peacetime world of the future.

—Buy War Bonds And Savings Stamps—
You can always trade the present for a brighter future, if you are willing to pay the difference.

The stenographer down the street says that most months are like safety pins; they're safer when closed.

You do not have to tell the world what your character is. It speaks for itself.

The difference between good luck and bad luck usually is the frame of mind you happen to be in.

Ramming: Doughty Russians' New Air-Fighting Technique

A new kind of aerial warfare is being fought high in the skies over Soviet Russia today. No longer is a dog fight between enemy planes over when both sides run out of ammunition. Red Air Force pilots have worked out three systems of attack, sketched above, to knock out Nazi bombers after all ammunition has been fired.

The "Clip and Run," least dangerous to the attacking pilot, but one of the most difficult to maneuver, involves making slight contact with enemy's wing or tail with attacker's own wing.

Simplest, but most dangerous to attacking pilot, is the "Cracker-Upper." This attack is a direct ramming of the enemy ship.

The "Buzz-Saw" is one of the surest, requires consummate flying skill. In this gun-less attack, fighter pilot noses up behind enemy, slices vital part of enemy fuselage—stabilizer and rudder, for example—with his propeller.

Soviet pilots have used all three systems with excellent results, losing few of their own planes. Success depends on pilot's skill in dropping away from rammed enemy plane a split second after contact, thus avoiding becoming tangled up in falling enemy wreckage.

Select Workers For USO Campaign Which Starts Here Monday

Plans for Midland's USO War Fund campaign were nearing completion Thursday as team captains and workers were organized for the whirlwind drive to raise \$2,344.20.

Prospect cards were prepared and ready to go to the campaign's executive committee.

Supplies will arrive in a few days, John W. House, district USO chairman, said and everything should be in readiness for the kickoff breakfast at Hotel Scharbauer's Crystal Ballroom at 7:45 a. m., Monday.

All out war effort means production, it means sacrifice, but it means, first, all out aid to the fighting men. To give them that aid is the pledge and determination of the USO, leaders of the campaign said.

Ask All to Cooperate
Monday morning the USO launches a nationwide drive for \$2,000,000—the money needed to provide aid and comfort and moral support for the millions of men serving in our armed forces here and overseas. The cooperation of every citizen is asked in the campaign.

Last year the USO raised more than \$14,000,000 with which it established 432 clubs and initiated 655 total operations. Since Pearl Harbor and the resultant speed-up in mobilization, the challenge to the USO has been twofold. To increase the volume of USO work, without sacrificing its high standards, the campaign goal must be met promptly.

Work Must Increase
Brigadier General F. H. Osborn, chief, special service branches in charge of morale, recently said.

"USO has risen magnificently to meet both the prewar and war emergencies of our armed forces. It has given living evidence to the American soldier and sailor that his own people at home are thinking of him and care about him. The volume of USO's service must increase as hundreds of thousands more men put on the uniform; as soldiers and sailors everywhere speed to the outposts of a nation at war."

Pilot Rescued After Plane Lost At Sea

MELBOURNE (AP)—A Royal Australian Air Force pilot is recovering in a hospital after spending 12 days without food on a rocky barrier reef where he sought refuge when his plane crashed in the sea.

The pilot gained the reef by swimming seven miles through shark-infested waters while clinging to an air cushion. Three companions drowned.

The lone survivor was without water until the fourth day on the reef, when rain filled small depressions in the rock. He finally was spotted by another plane, which sent assistance.

Building Bans Do Not Forbid Repair Work

Construction conservation order L-41, put into effect April 9 by the War Production Board, is an assurance to America's millions of farmers to its home owners, store and factory owners that they can keep their buildings in sound condition by performing needed repairs and maintenance construction.

So reports Joseph Mason, eastern editor of the American Builder magazine. He said the new order, coming after a period of rumors and uncertainty, was welcome news to the thousands of small builders, building material dealers and suppliers.

"Preliminary publicity on the new order gave many people the false impression that the American building industry was silenced for the duration," Mason said. "Fortunately, this is not to be the case. The government realizes, as the building industry has long maintained, that deliberate neglect of homes and factories would, in effect, hamper our war effort."

Four Types Permitted
"An analysis reveals that it allows four major types of construction without permit or restriction anywhere in the country.

"1. It does not limit or restrict the cost or extent of repairs and maintenance necessary to keep a home, farm, store, factory or other building 'in sound working condition' or to restore working condition 'when such portion has been rendered unsafe or unfit for service by wear and tear, damage or other similar causes.' All such repairs and maintenance may be conducted without permits.

"2. It provides that new residential construction to the amount of \$500 in any one year may be undertaken without permit. New agricultural construction to the amount of \$1,000 in any one year is also permitted, while all other construction, including commercial, industrial, recreational, institutional, highway, roadway, sub-surface and utilities construction, whether privately or publicly financed, is permitted as long as its cost does not exceed \$5,000.

Priorities Are Available
"3. It provides for reconstruction or the restoration of residential construction damaged or destroyed after Dec. 31, 1941, by fire, flood, tornado, earthquake, act of God or the public enemy.

"4. The order permits and encourages with priority assistance the private construction of defense houses, and other structures, and the conversion and alteration of houses in defense areas.

These provisions answer the questions of the home owner who wants to repair his front porch, repaint his house, insulate or apply a new roof or fire-resistant shingles. He can undertake such repairs and maintenance without permit and in any amount, according to the order as issued. If he desires to build a garage or fix up his basement or attic, he may do that, too, provided such new construction costs no more than \$500 in any one year."

Collier's Magazine Publicizes MAFS

Prominent mention of the Midland Army Flying School and the part it is playing in the training of bombardiers for the Armed Forces is given by Collier's magazine in its issue for May 16 in the article "Our Fighting Men."

After explaining that the work of bombardiers will be given more publicity, the article points out their importance and continues:

"Careful learning the art of bombing deep in the heart of West Texas, where the Midland Army Flying School is scheduled to become the largest bombardier college in the world, are referred to officially as Hell From Heaven Men, Lords of the Bombsight, and the 'Most Dangerous Men in the World.'"

Should Not Draft Boys Under 20, Is Plea Of Educator

AUSTIN (AP)—President Homer P. Rainey of the University of Texas Monday condemned drafting of university students and faculty members, asserting the government was taking the nation's supply of trained manpower at its source.

"I don't think the government should take boys under 20 for the armed services," he said in an interview.

Advocating requisitioning of "everybody who can help in this fight to the death," the head of the South's largest university urged a selective draft that would classify individuals according to potential abilities.

Draft authorities, he said, should consider a man's training as well as his physical condition before sending him to the Army.

"The educators of the nation want the newly-created War Manpower Board, headed by Mr. McNutt, to classify and allocate manpower on the basis of a man's usefulness," he stated.

The government should stop drafting students and faculty of the nation's universities, President Rainey maintained, because "we can give these students technical

Flint Will Manage Penney's Cisco Store

Austin Flint, for the last two years assistant manager of the J. C. Penney Store in Midland, departed Wednesday for Cisco, Texas, where he will be manager of the Penney store.

Flint came here from Harlingen. He joined the Penney organization ten years ago in Fort Worth.

Flint was taking the war effort training valuable to the war effort if they will leave them in the universities.

When the government drafts students and faculty members, it deprives the nation of its supply of trained manpower at the source, the educator declared, pointing to the loss of 2,000 students this year at the university.

Price Regulations To Be Explained At Big Spring Meeting

The new maximum price regulations will be explained to merchants of this area at a meeting in Big Spring, the Office of Emergency Management at Dallas announced Thursday.

The session will be held in the Big Spring auditorium at 8 p. m., Tuesday. The plan of price ceiling operation will be explained in detail to all retailers who attend the session. Price ceilings are effective May 18.

The meeting is designated especially for retailers and full opportunity will be given them to ask questions and obtain answers concerning provisions of the new regulations.

Ford Rush Is With Grand Ole Opry Unit

Ford Rush, the emcee of the Grand Ole Opry unit of the Camel Caravan which will perform at Midland Army Flying School Saturday, was born in Columbia, Mississippi, and is a showman in his own right.

Ford is the Ford of the famed radio act of Ford and Glenn, for many years topflight radio stars and recording artists.

Ford was one of the organizers of the WLS Barn Dance and is the featured high sheriff of the WSM Grand Ole Opry.

Beta Sigma Phi Installs New Officers

Officers for the new year were installed by Beta Sigma Phi in a meeting in the private dining room of Hotel Schreiber, Wednesday evening. They are: Miss Alma Heard, president; Miss Maedele Roberts, vice president; Mrs. T. H. Stringer, recording secretary; Mrs. John H. Porter, corresponding secretary; Mrs. Riley Parr, treasurer; and Mrs. Cecil Waldrep, reporter.

Mrs. S. R. McKinney, Jr., retiring president, conducted the installation.

Each member took part in a program of describing personalities.

Plans were discussed for a cadet dance which the sorority will sponsor May 16.

Sewing Club Meets With Mrs. Oates

Knitting and sewing occupied members of the Stitch in Time Club meeting with Mrs. N. G. Oates, 610 N. Main, Wednesday afternoon.

At tea time a refreshment plate was served to the following members: Mrs. Ray Bevell, Everett Klebold, Ellis Conner, Jimmie Lott, J. R. Shelton, and the hostess.

Next meeting will be with Mrs. Bevell, May 20, at 3:30 o'clock.

SOCIETY

Mrs. Leggett Speaks To Modern Study Club

"Eating for Victory" was discussed by Mrs. L. W. Leggett as program speaker at the meeting of the Modern Study Club with Mrs. Fred Turner, 1705 W. Missouri, Wednesday afternoon. Vitamins and the correct preparation of foods were the phases of the subject. A round table discussion was held.

Mrs. John W. Skinner, program leader, introduced the speaker.

The club elected two new members, Mrs. Bob Booth and Mrs. W. W. Phillips.

The group also voted to give a prize for the soldiers at the recreation hall at next Tuesday's gathering.

Present were: Meses. Geo. T. Abell, M. T. Hartwell, Leggett, L. C. Link, J. E. Low, Lamar Lunt, Tom Sealy, Skinner, D. H. Turner, Geo. Vannaman, J. M. Devereux, and the hostess, all club members, and a guest, Mrs. Warren.

TALL GALS WANT BETTER FIT

PHILADELPHIA (UP)—The newly-formed "Six-foot-club" has asked Philadelphia Women's Apparel dealers for clothes "to fit us." The club has only women members, but men, provided they are six feet, two inches tall, are invited to join.

Mrs. M. J. Allen Hostess To Class

Mrs. M. J. Allen was hostess to the monthly social and business meeting of the Methodist Wesley Bible Class at the home of Mrs. Stacy Allen, 720 W. Storey, Tuesday afternoon. Mrs. Stacy Allen was cohostess and Mrs. Felix Stonehocker assisted with the entertaining.

Roses and other flowers decorated the house.

A flower relay race was a feature of the afternoon and a questions-and-answer game was played. Tuesday was the birthday of Mrs. M. D. Johnson, Sr., member of the class and mother of Mrs. Stacy Allen. She was presented with a white birthday cake. The class sang "Happy Birthday" and she was presented a gift of a pin from the members.

The class gave a vote of appreciation to Mrs. Mollie McCormick who gave Venetian blinds for the classroom in memory of her mother, Mrs. Nancy Vest, who was the oldest member of the Wesley Bible Class at the time of her death about three years ago.

Attending were: Meses. H. M. Reigel, Johnson, John Picke, W. A. Black, Jack Wilmoth, Fannie Barrett, Parr, T. A. Fannin, E. B. Patterson, Nettie Crawford, J. M. Hughes, Mary Lou Snodgrass, Mollie McCormick, the hostesses and Mrs. Stonehocker.

Next meeting will be the second

Society Calendar

FRIDAY
Red Cross workroom in the Old Heidelberg Inn will be open Friday morning from 9 o'clock until 12.

Belmont Bible Class will meet with Mrs. Thurman Pylant, 1311 W. Ohio, Friday afternoon at 3:30 o'clock.

Home nursing course for the Women's Bible Class of the Church of Christ will meet at the home of Mrs. Addison Young, 604 N. San Angelo, Friday afternoon at 3 o'clock.

Women's Golf Association will have its weekly luncheon at the Country Club, Friday afternoon at one o'clock.

Children's Service League will meet with Mrs. W. T. Schneider, 2000 W. Brunson, Friday afternoon at 2 o'clock.

Lucky Thirteen Club will meet Friday afternoon at one o'clock with Mrs. W. N. Cole, 700 N. Marienfeld, to sew for the Red Cross.

Open house will be held at the soldiers recreation center, 213 N. Main Street, Friday evening at 8 o'clock. Midland citizens are invited to attend the "get-acquainted" get-together for soldiers and civilians.

Van Cummings and Virginia Ann Dunagan will be presented in joint piano recital at the First Christian Church, Friday evening at 8:15 o'clock by Mrs. Lee Cornelius. The public is invited.

SATURDAY
Story Hour will be held in the children's library at the courthouse, Saturday morning at 10 o'clock.

Treble Clef Juvenile Music Club will meet at the Watson Studio, 210 W. Ohio, Saturday morning at 10 o'clock.

Play Readers Club will have its annual tea, Saturday afternoon at 3:30 o'clock at the home of Mrs. Wm. Y. Penn, 806 W. Storey. Mrs. B. K. Buffington will read "Junior Miss" by Fields and Chodorov.

Mrs. LaForce Reads Odets Play For Club

Final arrangements for the annual tea to be held at the home of Mrs. W. Y. Penn, Saturday afternoon, were made by members of Play Readers Club meeting Wednesday afternoon with Mrs. Robert Muldrow, 1908 Holloway.

Mrs. W. Watson LaForce read the day's play. She chose for presentation Clifford Odets' "Waiting for Lefty" which deals with labor problems.

Present were two guests, Mrs. Reese Cleveland and Mrs. E. A. Culbertson, and the following members: Meses. J. Howard Hodge, W. T. Schneider, Elliott Barron, Charles Klapproth, B. K. Buffington, Wm. Y. Penn, J. M. Hawkins, Fred Fuhrman, LaForce, W. B. Stowe, Fred Wilcox, and the hostess.

Miss Hilda Vogel, daughter of Mrs. Paula Vogel, was among students of Stephens College, Columbia, Mo., who attended a performance of Maurice Evans and Judith Anderson in "Macbeth" in St. Louis last Saturday. She is a junior at the college.

Spring Flowers Set Theme For Tachies Party

Spring flowers were the seasonal theme featured in appointments when Mrs. J. W. Hunt and Mrs. Elwood Turrentine entertained for members of the Tachies Club and a trio of guests with a bridge-luncheon at the Log Cabin, Wednesday afternoon at 1:15 o'clock. Roses and cornflowers were used on the tables and favors were corsages of daisies and cornflowers.

Tallies for the two tables of bridge played after luncheon were also in

HAVE TO STAY DITCHED

JEFFERSON CITY, Mo. (AP)—State highway patrol cars no longer carry tow chains. The reason: the highway patrol no longer can afford to tear up its cars pulling people out of ditches.

cornflower design. High score went to Mrs. Geo. Byrne, second high to Mrs. Chas. Canfield, and bingo to Mrs. C. L. Chase.

Guests were Mrs. Byrne, Mrs. Chase and Mrs. Robert Sedgwick.

Members present were: Mrs. Canfield, Mrs. James Wilson, Miss Anabel Youngblood and the two hostesses.

Mrs. Harvey Herd and Mrs. Linehan will be hostesses for the next party.

Home Arts Club Presents Playlet

Mrs. Richard Brooks was in charge of the program when Home Arts Club met at the home of Mrs. John B. Mills, 912 W. Kentucky, Wednesday afternoon.

A playlet, "Mother Buys a Bond", was presented with parts read by Mrs. B. C. Girdley, Mrs. Mills, Mrs. Marvin English, Mrs. Ernest Neill, and Mrs. Ivan Hood.

A refreshment course was served to those named and the following other members: Mrs. Eula Mahoney, Mrs. B. W. Reeser, Mrs. John Dunagan, and Mrs. G. W. Brenneman.

Dance At Soldiers Center Canceled

There will be no dance at the soldiers recreation hall, 213 N. Main, Saturday night, sponsors have announced.

The affair was canceled because of the Camel Caravan entertainment troupe to appear at Midland Army Flying School Saturday.

Belmont Class Meets Friday

Belmont Bible Class will meet at the home of Mrs. Thurman Pylant, 1311 W. Ohio, Friday afternoon. The meeting will be at the usual hour, 3:30 o'clock.

Congratulations to:

Mr. and Mrs. Allen C. Heard on the birth of a daughter Tuesday. The baby has been named Connie Sue.

MIDLAND HARDWARE & FURNITURE CO. welcomes these new arrivals and requests their parents to call by our store, and receive a welcome gift for them. (Adv.)

"Tastes like More!"

Your family is going to ask you to repeat these grand peaches and pears---as desserts, salads, in cobblers and pies, and grilled with meats. And you'll like the way they fit your budget, too!

Bull Pen-- (Continued from page 1)

And the fun began! For the famous pampas gaucho... the native Argentine cowboy... promptly challenged the Texans... so the sport... for itself... and for the competitive element... was an immediate hit... in Buenos Aires.

And... so the great sport grew... and seven shows were staged in a great arena stadium... in Buenos Aires... in the course of about 10 months. Then... Montevideo claimed them... so they went over to the Uruguayan capital. But there... they staged their last show... for late in the day on which they staged that rodeo... a revolution broke out... and the American Consul came to see them... advised leaving at once... as they were to be conscripted by Uruguay federal army... as soldiers for the political party then in power... which seemed to be needing men... plenty of them... if that revolution was going to be quelled!

So ended the adventures of "Midland cowboys"... and so began... the international rodeos... especially popular in South America... Australia... and a few other spots... where there are horses and cattle and men who love the great out-of-doors.

Over in the Midland County Museum... you'll find some photographs of Spence... and Billy... and all the rest. And you'll find them interesting.

Hold Everything!

"Nothing's wrong, sir—they're doing that it was just house cleaning!"

Oil News-- (Continued from page 1)

oil load and acid water after treating with 2,000 gallons through 275 perforations in 5 1/2-inch casing from 6,950 to 7,015 feet.

Fullerton Oil Company No. 3 H. M. Wilson, north of the discovery well, is clearing out after acidizing with 8,000 gallons at total depth of 7,205 feet in line.

Humble Oil & Refining Company No. 1 H. O. Sims et al, scheduled 7,500-foot test 13 miles west of the Fullerton pool, has passed 4,778 feet in line.

SERIAL STORY FRANTIC WEEKEND BY EDMUND FANCOTT

TWO CAREERS CHAPTER XX

THE simplest happening, the commonest occurrence, can change the course of one person's desires and delineate his dreams. That happened to Nigel. That glimpse of Peggy in the half-light of the room, her bright face alive with animation, her slimmest accentuated by the bulk of the chair in which she sat, long legs dangling over the arm, was a revelation to him.

In that one moment Nigel realized that Fay's fascination for him had been an intense young man's natural reaction to flawless beauty, but that he didn't want a girl like Fay. Not really. He didn't want someone already grown up, someone who had been everywhere, had everything, whose beauty was fundamentally serene and quiet.

He wanted—yes, he was sure of it—someone like Peggy, a half-child, half-gamine creature who was wide-eyed and excited about living and who couldn't believe that it held everything for her. He wanted a stimulant, and wasn't she? In flashback he saw her again as she was that morning on the island, and remembered how completely easy he had been with her, how casually they had talked, how natural and frank she was. He looked at her dark hair framing her face, studied the expectant intensity of her green eyes, and contrasted this mood with the gay and sunny one of the morning.

"I'm in love," thought Nigel. It was with surprise and some relief that he realized that his restlessness of the afternoon and evening had been because he wanted Peggy with him, every moment, and she hadn't been. "What a fool he'd been not to know his own mind until it opened for him with this glimpse of her in the moonlight room!"

The noise of his footsteps wakened Peggy from her dreaming. "Nigel!" she cried, eager to tell someone how thrilling her dreams had been. Then she restrained herself, but the excitement in her voice had been mistaken by Nigel for pleasure at seeing him.

"I've got an idea," he said. "Let's down for a moonlight swim." She jumped off the arm of her chair. It was just what she needed to work off some of her excitement.

"Yes, let's," she laughed. "At that moment Baldy came back into the room lighting a fresh cigar, and with an indefinable air of having arranged the affairs of the world. He couldn't live without managing somebody or something, finding himself much better at arranging other people's lives than his own. He had also found it more profitable in the long run.

Baldy saw the two standing near the window and crossed to them swaggering with assurance. "It's all O. K. honey. Benny'll give you a break. Chorus line first, and then a trout. Twenty-five per on my say-so and start in Monday week."

Peggy pushed Nigel ahead of her lest he hear too much. "See you in the morning, Baldy," she said. "And thank you. You're wonderful."

"O.K.," said Baldy, "and don't forget Fay."

THE night was warm. Nigel and Peggy lay on the wooden wharf under the moon. The water below was still and back a glass-like surface.

Peggy lay on her back looking up into Nigel's eyes. He was stretched the opposite way, his head over Peggy's looking down at her. He was resting on his elbows, his hands were free to play with Peggy's hair.

Nigel had just told her that he was in love with her and he had not found it hard to say. He waited hopefully for an answer. Peggy studied his face. Brown eyes, nice eyes, the nicest eyes she had seen. Everything happens at once, she thought. It was too bad for Nigel but she had made up her mind to go on the stage. She felt a satisfying sense of power.

But the first touch of her cool lips on his broke his restraint, and in a swift rush of emotion his hands crushed her lips to his. Peggy struggled, thrusting him.

Myra shook her head. "There's only one thing wrong with that argument. I know Peggy, and if I'm not mistaken there is more to it than a gleam in her eye." "Fay spoke: 'This is the first I have heard of it. What is Baldy doing, what has he done?'"

These are the important dates to remember. Every retailer and wholesaler is automatically licensed to do business with this new order, and every new store will be automatically licensed. Stores which do not abide by the price regulations may have their licenses taken away by court action—in other words, be put out of business—for as long as a year and be fined \$500 plus a year's imprisonment. That's the worst that can happen.

Will It Work Is Question?

WASHINGTON.—The big question on the new general maximum price schedule announced by Price Administrator Leon Henderson is, "Will it work?"

The obvious answer is, "It's got to work!" even without ceilings on wages and farm products, which the farmer-labor government now running these United States refuses to plaster on the lat-like skeleton of the country's wartime economic structure.

There will be heartbreaks, confusion and fights in and out of court, getting "the price control machinery set up. This is unquestionably the most drastic order ever slapped on the American people and their free economy. If it works, everything will be almost done. If it doesn't work, the economic and political kickback will be terrific.

The patriotic duty of every citizen—consumer, retailer, wholesaler, manufacturer or producer—is to make every possible effort to see that it does work. This is the supreme test of whether a democracy can prevent runaway inflation, refrain from chiseling and cheating, bootlegging and back market merchandising.

Neighbors To Enforce: Enough columns of type, enough words have been spilled to leave everyone a little confused as to what this over-all price ceiling plan will do, and how it will do it. That uncertainty should disappear as the plan is given careful study.

paid clerical help later, but not immediately. Their functions will be to receive and file statements of prices and then to exercise ordinary administrative judgment on the conduct of their neighbors and their neighborhood stores.

Henderson also pays a tribute to the part the retail merchants have played in supporting the 130 specific price schedules which the Office of Price Administration has issued this far. Retailers have done their part in making the wholesalers observe the maximums previously imposed, and for that reason the Office of Price Administration anticipates no great problem in policing or enforcing the ceilings imposed on retail stores.

Five Big Dates: Every effective immediately, every seller is ordered to preserve for inspection his records and his books to show maximum prices charged in March.

On May 11, these maximum March prices became the future maximums for wholesalers, producers and manufacturers which can happen.

On May 18, maximum March prices become the future maximums for retailers, and every item sold must bear a tag or shelf mark showing this ceiling price.

By June 1, every dealer in cost-of-living commodities must file with the local War Price and Rationing Board a list of all his maximum prices, and thereafter on the first of every month file a list of prices on commodities newly offered for sale within the preceding month.

Woman of Tikhvin, Russia, wasted little time removing German sign "occupied," in Russian, from house after Soviets drove out Nazis.

Shower Is Courtesy Of Firemenettes For Mrs. Beauchamp

Mrs. Marvin Beauchamp was honored with a pink-and-blue shower when the Firemenette Club met with Mrs. Newel Beauchamp at her home on S Fort Worth Street, Wednesday afternoon.

Spring flowers decorated the house and the party plate carried out the nursery colors.

Present were: Mrs. Marvin Beauchamp, Mrs. W. P. Prothro, O. E. Read, E. D. Fitzgerald, Bill Klatt, J. L. Tidwell, Jim Walker, T. A. Cole, Harvey Kiser, W. T. Beauchamp, and the hostess. Sending gifts were Mrs. Joe Roberson and Mrs. Grady Brown.

Firemenettes will meet next Wednesday afternoon at 3 o'clock with Mrs. Marvin Beauchamp, 900 S Weatherford.

Cuba Subject Of Club Program

Cuba was studied at the meeting of the Woman's Wednesday Club for which Mrs. Geo. Glass was hostess at her home, 911 W Texas, Wednesday afternoon.

Mrs. R. C. Conkling, club president, read Mrs. C. W. Chancellor's paper on Cuba, stressing the history of the land and descriptive data. Bill Chancellor showed pictures in keeping with the subject.

Mrs. Conkling presided at the meeting at which the following other members were present: Mrs. Andrew Fasken, James H. Goodman, M. R. Hill, Clyde Cowden, O. E. Holt, R. L. Miller, Erie Payne, Robert M. Turpin, M. C. Ulmer, W. G. Whitehouse, and the hostess.

FEMININE FANCIES

By Kathleen Eiland

Wonder what it would be like to be one of these miracle-minded people such as correspondence courses advertise who never forget a face and three years afterward can recognize and remember the name of some one seen casually in a railway station or restaurant? As for us, we are continually finding ourselves embarrassed because we have confused Mrs. So-and-So whom we met once six months ago with Mrs. Thus-and-So whom we met three weeks ago. Both being admirable and likable persons, we hope they don't mind but we mind the way in which our memory lets us down.

Now if people wore their personalities as their distinguishing features instead of just eyes, hair, noses, and mouth shapes for identification, we'd wager we'd always know them. We often get so interested talking to a person that we entirely forget to notice whether eyes are pansy-purple or steel-gray, whether hair can properly be called blonde or if it is medium brown and such similar things. But we always remember whether that person has a warmly-attractive personality or a cool reserved one, whether he is gracious and courteous, pre-occupied, or downright rude (rarely that, we've found), whether he has ideas and experiences that are fascinating or rather humdrum—in fact, whether his (or her) personality is what we'd term interesting or just another human being.

Whoever said "The proper study of mankind is man" knew what he was talking about. There is nothing more fascinating than meeting a person who has intelligent, definite, worthwhile ideas on life and living. And nothing in the world more stimulating and happiness-making than to find someone whose mind and whole personality clicks with one's own.

Life would not be worth living without friends.

Two Will Present Piano Recitals

The joint recital to be presented by Van Cummings, son of Mr. and Mrs. P. C. Cummings, and Virginia Ann Dunagan, daughter of Mr. and Mrs. John C. Dunagan, Friday evening at the First Christian Church is not a brother-and-sister event but it might aptly be called a "twin" concert.

Both the young musicians are 12 years old; both are graduating from junior high school this month; and both began studying under Mrs. Lee Cornelius, teacher of piano, four years ago.

The two will play compositions from the masters as well as the moderns.

The public is invited to attend the program which will open at 8:15 o'clock.

JAMESON STRETCHED TO JOIN U. S. NAVY

OKLAHOMA CITY (AP)—Joe Jameson has one quality the Navy admires: perseverance. Eighteen months ago Joe tried to enlist. He wasn't tall enough and besides he was only 15 years old. Time would take care of his age. Meanwhile he was determined to increase his height to 62 inches, the Navy requirement.

He attached an automobile inner tube to the foot of his bed, another to the head of it. He fastened his head and feet to the tubes so that they stretched and pulled him while he slept. "It didn't work," said Joe. "I couldn't sleep." Just after his 17th birthday, he reached a height of 62 1/2 inches and the Navy accepted him.

She Pours Her Money

THIS little pitcher has style. Mark Cross designed it and it's done in eleven different shades of faillé silk. A metal ring closes the bag, which is fitted with change purse, mirror and comb.

Baby Teeth But A Fighting Heart

Herbert Hale, 13-years-old, was discharged from the Great Lakes Naval Training Station, after it was discovered he still had baby teeth. Hale enlisted at Akron, Ohio and gave his age as 17. (NEA Telephoto)

Old Age Assistance Checks Go To More

AUSTIN (AP)—A record number of Texans will receive old age assistance checks this month.

The Department of Public Welfare announced that 172,324 checks totaling \$3,374,649 and averaging \$19.58 will be mailed Friday, Saturday, Monday and Tuesday.

Rolls for May gained 2,419 recipients above all losses from death and ineligibility compared with 1,643 the previous month.

The number of blind persons to receive aid increased from 2,816 in April to 2,999. Average grants of \$22.89, totaling \$68,661, will be distributed.

Aid to dependent children rolls continued to show the highest increase. A total of 2,986 families was added to the rolls, bringing the April figure of 9,643 families to 12,629 this month.

Colored Men Leave For Army Induction Soon

Colored men, including three volunteers who will leave Midland for induction into the Army Saturday, have been announced by the draft board.

Volunteers include Raymond Jackson, Clarence E. Wilburn, and Horles Sillas. Draftees are Timmie Moreland, George McAfee, Joe C. Kimble, and two transfers, Tommie Barrett and Melvin B. Daniel.

Robert Lee Bogar has been transferred to another draft board for induction.

New Baby Born, Father Rushes Back For Card

SECAUCUS, N. J. (AP)—A father registered his family for sugar ration books and was back within an hour demanding another book.

He had become a father again while signing up. The board telephoned the hospital to learn the new arrival's weight, height, color of hair and eyes, and gave the proud father another book.

METAL FOR MUNITIONS

LONDON (AP)—Gates and railings collected by the Works Ministry from 69 boroughs in the London civil defense region can now be said to be "in action," having produced 30,000 tons of metal for munitions.

COLLECTS AUTOGRAPHS ON HER HANDKERCHIEFS

MCLEANSBORO, Ill. (UP)—Mrs. George W. Hogan, McLeansboro, boasts an autograph collection of more than 2,000 names—all of them on individual handkerchiefs.

Most of the signatures are in pencil and the hankies are dipped in a vinegar solution to preserve the writing. Then they are placed in cellophane envelopes to prevent them from getting dirty. Mrs. Hogan's ambition is to obtain the signatures of President Roosevelt and the King and Queen of England. She has been collecting eight years.

Tidy Habits Are A "Must" In War Time

By Alicia Hart
NEA Service Staff Writer

The be-all of efficiency in personal care—a wartime MUST—is to avoid neglect. Many misguided women seem to think it's patriotic to let their little problems go till really large, time-consuming efforts are necessary to overcome them.

So keep to your established standards of attractiveness.

If you are accustomed to controlling your weight, get on your scales every single day and as soon as you've gained one pound,

take steps to lose it. One is a simple matter, but losing several pounds requires persistent application of effort and planning.

The woman who keeps her hair in perfect condition, brushing it regularly and treating it to a hot oil shampoo about once a month, will not suddenly discover a harvest of dandruff which calls for, and usually gets, repeated treatments lasting several hours each.

APPLY SAME ROUTINE TO SKIN

The same thing goes for skin care. If you notice a few pores on your nose are enlarged, get a jar of mask and use it once a week. That takes a few minutes.

If you waited until practically every pore became definitely larger, you'd be in for protracted reconditioning techniques.

Similarly, your wardrobe's efficiency increases with systematic attention and timely action. Catch up the hem which is about to fall

—you can do that in three minutes—and you "save" a half hour's job later. It is far easier, far quicker, to keep a wardrobe in excellent order than to put it back in order after weeks of neglect.

Worry of FALSE TEETH

Slipping or Irritating

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug store. (adv.)

HATS OFF to a GOOD SOLDIER

MOTHER'S DAY—MAY 10th

The home is the very backbone of American Democracy and Mother is its first line of defense. In her quiet way, she is working harder than ever and we salute a good soldier with this bouquet of big values in fine foods. They prove that every day is "Mother's Day" to shop and save at Wes-Tex... to save money... to save time... to save steps. Shop here today and see how easy and economical it is to fill your entire food order at one time and in one place.

Jack Simpson To State Meet

Midland Tennis Ace Takes Place Of Sick Champion

Midland High will be represented in the State Interscholastic League Meet at Austin Friday and Saturday. It took a little misfortune on the part of an El Paso boy, but Midland is represented.

Jack Simpson, Midland High's ace tennis player and winner of boys' singles in district and runner-up in regional, left for Austin Wednesday night where he will play his first match in state competition Friday. An El Paso High boy won regional championship over Simpson, but could not attend the state meet due to illness.

Nothing New To Simpson

State meet competition is not a new thing to Jack Simpson. He and a partner won the Arizona high school boys' doubles last year. Besides high school competition, Simpson has played against some of the best tennis players in the Southwest.

He has advanced from the Midland elimination tournament to the state meet with only one loss. He won the right to enter district meet by taking elimination matches in a breeze. In the district meet, no one could stop him, so he entered regional. He advanced to the finals in the regional tourney, and there lost a very close decision.

Simpson is definitely one of the best high school tennis players in the state, and has a chance to go far toward winning the crown. He is Midland High's only representative in the state tournament.

HERE I AM— WHERE AM I?

ADA, Okla. (AP)—Mrs. Ewell O. Tabor, of Kilgore, Texas, paid an unannounced visit to her two brothers and a sister who live together in an apartment here. Arriving in the middle of the night, she slipped silently into the apartment, crept through the darkness until she stood directly over a bed and then screamed: "Stick 'em up." It was a good thing Mr. and Mrs. Nobel Lyde had a good sense of humor and no gun. 'Twas the wrong apartment!

Host Of Top Horses Move To Pimlico For \$70,000 Preakness Saturday

Devil Diver, Shut Out, Also All Have Chance As In Kentucky Derby

By Harry Grayson
NEA Service Sports Editor

BALTIMORE.—The \$70,000 Preakness, around the hairpin turns and down the long stretches of historic Pimlico, May 9, is as wide open as was the Kentucky Derby.

Seven horses are conceded good chances—the Greentree pair of Shut Out and Devil Diver, Alsab, Valdina Orphan, Requested, Colchis and Sun Again.

Fourteen are expected to start.

Others which checked in from the Kentucky Derby are Fair Call, Dogpatch, the imported Hollywood, Apache and Furry Manah.

Colchis, Bleu d'Or, Ramilles and Air Current are Preakness entrants which did not go to Churchill Downs. Mrs. Alice F. Sherman thought enough of American Wolf to pay \$1500 to make him a supplementary entry, April 15.

Walter P. Chrysler's Bleu d'Or is doubtful. He pulled up lame after chasing Ben F. Whitaker's Requested to the Wood Memorial record at Jamaica.

He would gallop as an entry with Ramilles, which has not run to his two-year-old form.

There is a strong possibility that the Valdina Farm's Valdina Orphan will go this trip without being coupled with Hollywood, which disappointed Jockey George Wolf as well as Owner Emerson Woodward in the Run for the Roses.

Stick To Devil Diver

Maj. Louis A. Beard, who runs the works for the Whitehays, and others attached to the Greentree Stables still lean to Devil Diver, which ran sixth in the big number in Louisville, although Mrs. Payne Whitney has now undeniably a fine colt in the winner, Shut Out.

If Sarge Swenke is ever going to race Alsab into winning condition, the brave son of Good Goods Winds Chant should be fit for the Preakness. Alsab cannot go on being so close without seeing.

Mrs. Albert Sabath's charger is making his ninth start of the year after having gone to the post 22 times in capturing the juvenile championship of 1941.

The mile and three-sixteenths of The Preakness suits Valdina Orphan much better than the mile and a quarter of the Derby.

Requested's Derby effort was too bad to be true.

Iceman Wolf told R. Sterling of Colchis, that he and Mrs. Clark, owner of Colchis, that he and Mrs. Fasken.

Roy Tolyan and Mrs. Chester Blackford were admitted to Western Clinic Thursday.

Andrew Frank Fasken, infant son of Lieut. and Mrs. Murray Fasken of Fort Bliss, El Paso, is the guest of his grandparents, Mr. and Mrs. Clark, owner of Colchis, that he and Mrs. Fasken.

The Baseball Standings

By The Associated Press
Mr. Big among all the pitchers in the major leagues this year seems likely to be Ernest Edward Donham of the New York Yankees. "Tiny" is perfectly cast for the part, because he stands 6 feet 2 and weighs 215 pounds. He won the first four games of the spring, three by shutouts, and Wednesday he subdued the Cleveland Indians 3-0 to return the Yankees to the pinnacle of the American League.

The huge righthander was just another guy in a corset until he stepped to stardom in the last World Series by browbeating the Brooklyn Dodgers on four hits in the final turbulent game at Ebbets Field.

Has Recovered

Since then he has recovered from his lame back, cast off the brace he wore in struggling to a mediocre 9 and 6 record last season, and has become one of the glamor boys of the 1942 pitching parade.

It took Donham only an hour and 24 minutes to mesmerize the Indians in one of the quickest nine-inning games of the season. He was matched against Jim Bagby, who technically had become the leading pitcher in the big leagues by winning five games without a defeat, and the way the big Californian smothered the Tribe into helplessness was heartless.

The Indians' five singles were spread into a more different interval, and only one Cleveland runner reached second and none went beyond.

It was Cleveland's fourth straight loss after winning 13 in a row and dropping the Tribe into a tie for second with the Boston Red Sox, who nosed out the Chicago White Sox 3-1.

Lyons Loses Duel

The latest game was a stirring pitching duel between old Ted Lyons and Joe Dobson, each of whom allowed six hits. Lyons could cope with all the Red Soxers except Bobby Doerr, who hit a home run in the eighth and another with one on the tenth to account for all Boston runs.

Hale America Open Has 1,163 Entries

PHILADELPHIA (AP)—The Hale America Open golf tournament—arranged to replace the National Open—may be abandoned because of lack of entries.

Big Ed Dudley, president of the Professional Golfers' Association, disclosed Thursday only 1,163 players have entered the tournament scheduled to be held at Chicago the week of June 8.

"This is the biggest all-out victory tourney—outside of our PGA competition at Seaview, N. J., later this month—that has yet been arranged for the benefit of the Army-Navy Relief fund," Dudley declared. "There should be at least 5,500 entries instead of only 1,163."

Hitler Would Be God, And He Is To The Young People Of Germany

By DeWitt MacKenzie
Wide World War Analyst

There are many indications lately of discontent in Germany, the latest being the report (unconfirmed but from a responsible source) that some of Hitler's generals have notified him that if his 1942 campaign in Russia fails they will try to institute a plan of their own calling for "abolition of the Nazi system."

Naturally the question arises as to how much of a hold Nazism has on the German people in this connection. Frank D. Roosevelt has put his finger on a vital point with the observation that it will require many years after the war to educate German youth to understand that democracy is better than Hitler's theory of racial superiority and hatred for other peoples.

Depend On Youth

"That certainly is true, and it will represent one of the greatest of the post-war problems. But it also is a matter of immediate moment, since Hitler is depending heavily on the support of young Germany to pull him through.

The manner in which the young German mind has been Hitlerized since the Fuehrer assumed control nine years ago is one of the phenomena of our time. So thoroughly has he been drilled by intensive training that Nazi youth sees only one goal—supremacy of the German race.

Hitler has become the supreme being for these young folk. To vast numbers of them he is literally another Messiah and has come to take the place of the god of their fathers, Fagan Structure.

And throughout this pagan structure runs the awful spirit of brutal militarism. Might is right, and the Germans are the supreme race to which the rest of the world must bow.

Both boys and girls, young men and young women, have become so fanatical that many of them are quite willing to lay their lives on the Hitlerian altar. Youth is ready to undertake "suicide" tasks if Hitler will it, and the girls, both married and unmarried are carrying out the Fuehrer's teaching that their mission is to bear sons to wage war for Germany.

This amazing regimentation has been achieved through officialdom getting hold of the little children and forcing their minds into the Hitlerian channel, without permitting any other influences to intervene. This scheme of monopolizing the young mind is one of the reasons Hitler's war on the churches, which have fought to keep from surrendering all training of the children to him.

Youth Rules

With the young folk thus regimented, such discontent as there

State Funds Increase, Though It Is In Debt

AUSTIN (AP)—Although the state had a general fund deficit of \$28,930,585 at the end of April it wasn't exactly broke.

The treasury reported total cash on deposit in 116 state funds of \$75,302,387.

PERSONALS

Mrs. W. L. Cook was admitted and Oscar Lay was discharged at Ryan's Hospital Thursday.

Roy Tolyan and Mrs. Chester Blackford were admitted to Western Clinic Thursday.

Andrew Frank Fasken, infant son of Lieut. and Mrs. Murray Fasken of Fort Bliss, El Paso, is the guest of his grandparents, Mr. and Mrs. Clark, owner of Colchis, that he and Mrs. Fasken.

Sportpourri

The Jamaica Track's luncheon for sportscasters, staged with the idea of getting more radio publicity, almost resulted in a boycott instead.

Only one of the word slingers won on the pines that day. Young Jim Bagby reports that his poppy didn't tell him about pitching. He says all he learned from Jim, senior, was how to throw a screwball and that the way to learn how to pitch was by experience. . . . When Nell Ovale, former U. of Washington track captain now a cadet at the Corpus Christi, Tex., Naval Air Station, was timed in 9.2 seconds for a 100-yard dash recently, officials decided 9.4 would be a more reasonable time. But they say it wasn't because they didn't believe their eyes but because there was a slight wind at his back.

Today's Guest Star

Jesse Linthigum, Baltimore Sun: "We learn that Ted Seepkowski is a \$50,000 find and Shag Shaughnessy is said to have placed that kind of a ticket on him. Gosh, Shag is careless spending the major league's money."

FORMER MIDLAND PHYSICIAN VISITOR

Dr. and Mrs. R. R. Jones, houseguests of Mr. and Mrs. Carl W. Covington, went to San Angelo Thursday, house-hunting. Dr. Jones, former Midland physician, is a lieutenant in the Medical Corps of the Air Corps and will be stationed at Goodfellow Field at San Angelo. The couple will go there as soon as housing accommodations are secured. Dr. Jones sold his clinic at Pasadena, Texas, when he went into the Air Corps.

Man Who Once Wore Corset Pitches Yankees Back To Tops In American

Buck Newsom Blanks Tigers, When Mates Hit Them All Over The Lot

By The Associated Press
Mr. Big among all the pitchers in the major leagues this year seems likely to be Ernest Edward Donham of the New York Yankees. "Tiny" is perfectly cast for the part, because he stands 6 feet 2 and weighs 215 pounds. He won the first four games of the spring, three by shutouts, and Wednesday he subdued the Cleveland Indians 3-0 to return the Yankees to the pinnacle of the American League.

Boudreau Doesn't Hope To Win Flag; Just End In The First Division

NEW YORK (AP)—Lon Boudreau, Cleveland's leading juvenile, had no illusions about his Indians winning the American League flag, even before the Yankees slapped the Tribe out of the leadership Wednesday.

"It was nice winning those 13 straight," smiled the 24-year-old manager, "but we didn't quite expect to keep that up. Our goal still is to finish in the first division."

The Indians wound up in a tie with Detroit for fourth place last year.

"You see," he continued, frankly, "we're not what you would call a balanced club. Our pitching isn't too strong and we're not very fast. After all, you can't lose a pitcher like Bob Feller without feeling it, can you? But in some ways we're a better team than last year—better spirit and hustle, anyway."

Jim Bagby, Jr., who had won his first five starts and was about to try, unsuccessfully, to make it six, spoke up emphatically:

"It's a lot better ball club," affirmed the son of the man who pitched 31 victories for Cleveland back in 1920. "Last couple of years I've lost over 20 games by one-run margins—1-0, 2-1 and like that. I won't lose many like that with this team, not with Heath and Fleming hitting the way they are now. I only won nine all last year, and I'm not pitching a bit better, so it must be a better team."

LONDON TEACHERS WARN STUDENTS

LONDON (AP)—The Board of Education has urged school teachers to warn their pupils not to touch glass bottles, metal balls and tubes in fields, ditches, and empty houses, as they might contain explosives.

JUDGE FAILS TO SEE THE FUNNY SIDE

BECKLEY, W. Va. (AP)—From now on the Rev. Dan Carey may expand his newspaper reading to sections other than the funny pages.

Arrested on a charge of driving without a proper operator's license, he told Judge Oppie Hedrick he didn't know the license he had was outdated.

"Ignorance of the law is no excuse," asserted the judge. "Don't you read the newspapers?"

"I mostly read the funnies," "Well, try reading the front page now and then—\$10 and costs."

Hitler Would Be God, And He Is To The Young People Of Germany

By DeWitt MacKenzie
Wide World War Analyst

There are many indications lately of discontent in Germany, the latest being the report (unconfirmed but from a responsible source) that some of Hitler's generals have notified him that if his 1942 campaign in Russia fails they will try to institute a plan of their own calling for "abolition of the Nazi system."

Naturally the question arises as to how much of a hold Nazism has on the German people in this connection. Frank D. Roosevelt has put his finger on a vital point with the observation that it will require many years after the war to educate German youth to understand that democracy is better than Hitler's theory of racial superiority and hatred for other peoples.

Depend On Youth

"That certainly is true, and it will represent one of the greatest of the post-war problems. But it also is a matter of immediate moment, since Hitler is depending heavily on the support of young Germany to pull him through.

The manner in which the young German mind has been Hitlerized since the Fuehrer assumed control nine years ago is one of the phenomena of our time. So thoroughly has he been drilled by intensive training that Nazi youth sees only one goal—supremacy of the German race.

Hitler has become the supreme being for these young folk. To vast numbers of them he is literally another Messiah and has come to take the place of the god of their fathers, Fagan Structure.

And throughout this pagan structure runs the awful spirit of brutal militarism. Might is right, and the Germans are the supreme race to which the rest of the world must bow.

Both boys and girls, young men and young women, have become so fanatical that many of them are quite willing to lay their lives on the Hitlerian altar. Youth is ready to undertake "suicide" tasks if Hitler will it, and the girls, both married and unmarried are carrying out the Fuehrer's teaching that their mission is to bear sons to wage war for Germany.

This amazing regimentation has been achieved through officialdom getting hold of the little children and forcing their minds into the Hitlerian channel, without permitting any other influences to intervene. This scheme of monopolizing the young mind is one of the reasons Hitler's war on the churches, which have fought to keep from surrendering all training of the children to him.

Youth Rules

With the young folk thus regimented, such discontent as there

Rabe Says Wichita Falls Club To Sell

ALBUQUERQUE, N. M. (AP)—Neal Rabe, business manager-player of the Wichita Falls Spudders, said Thursday a definite decision probably would be reached on plans to transfer the club's West Texas-New Mexico League franchise to another Texas city.

Negotiations were in progress with baseball men in El Paso, former member of the defunct Arizona-Texas League. An undisclosed city, presumably in West Texas, also is under consideration.

Rabe said a lack of interest in Class D baseball in Wichita Falls prompted negotiations to move the franchise. He added that "if it's either move or fold up."

We, the Women

By Ruth Millett

If you're single and want to go on seeing a lot of your friends who have married and started homes and families, here are a few rules to follow:

Memorize their houses room by room so that when you walk through the front door you can exclaim, "Why you have a NEW desk since I was here last time." If you don't notice, they'll call your attention to

it. But that makes them think you aren't as observing as you might be. If you don't know anything about children, memorize a chart telling you roughly when small try are to get teeth, when they are expected to sit up alone and when they usually start walking. They'll think you and downright ignorant if you ask, "Has he begun to crawl yet?" about a four-month-old baby, even though you've never been around a small baby in your life. Admiring The Baby Is A "Must" A good rule to follow is to admire the baby extravagantly (you can't put it on too thick) and show sur-

prise at everything the baby is doing. "But he's awfully young to be cutting teeth" is the thing to say, even though you know all babies get teeth at about Junior's age. Don't just say, "Sweet" when you hear about the garden. Ask to see it—even if you are so slightly acquainted with vegetables in the growing stage that you think farmers pick potatoes on bushes. Be sympathetic when the servant problem comes up. That's the trivial problem—and don't forget it. You say what do you get out of all that effort. Well, you'll be asked to come again to admire your friends'

TIN IN THEM THAR MILLS

LOVELOCK, Nev. (AP)—Small nuggets of tin discovered in placer gold mining operations have set prospectors off to hunt for the veins where the precious war metal may be found "in place." Reports of tin deposits have been current in Nevada for years, but no discoveries warranting commercial mining have been found.

house their children, their garden and listen sympathetically while they tell you how hard it is to get and keep a maid.

HOSPITAL NOTE—DON'T LINGER

OAKLAND, Calif. (AP)—Hospitals here are trying to shorten the length of their patients' stay, to be better equipped for war emergencies. It is hoped to cut the average from ten to nine days, largely by dismissing maternity cases earlier than usual.

Private institutions are running virtually at capacity, owing partly to increased population springing from defense factories and partly to hospital service plans.

Surprise Treat

Strawberry Bavarian pie is special surprise treat for the son home on leave from the service.

No Ingredients Wasted In Tasty Dessert Recipes

By Mrs. Gaynor Maddox
NEA Service Staff Writer

Even on Mother's Day, the wartime rule is "waste no food." Whether mother herself prepares the Mother's Day menu for her son in uniform home for the day, or whether the young daughter of the house does the cooking, neither sugar nor shortening nor any ingredient must be wasted.

The following recipes belong in the "no waste food" cookbook.

Strawberry Bavarian Pie
One package strawberry fruit-flavored gelatin, 1 1/2 cups hot water, 1/4 cup sugar, dash of salt, 2 tablespoons lemon juice, 2 cups strawberries, crushed, 1 cup heavy cream, 1 baked 9-inch pie shell.

Dissolve gelatin in hot water; add sugar, salt, and lemon juice. Chill until cold and syrupy. Add strawberries. Fold in cream, whipped only until thick and shiny, but not stiff. Chill. When slightly thickened, turn into cold pie shell, chill until firm. Garnish with whipped cream, if desired.

Note: One box quick-frozen strawberries, thawed, may be substituted for crushed strawberries in this recipe. Omit sugar.

JELLY TARTS

(10 Servings)

Pastry: 2 cups flour, 1 teaspoon baking powder, 1/2 teaspoon salt, 2/3 cup shortening, 6 to 8 tablespoons ice water.

Filling: 2/3 cup currant or strawberry jelly.

Pastry: Sift together dry ingredients; cut the shortening into two flour with a pastry blender or two knives until it is the size of lima beans. Add the water slowly, mixing it into the pastry mixture just enough so it will hold together.

Roll out the dough on a floured board. With a round pastry cutter, about four inches in diameter, make 20 circles. In 10 of these circles cut out an inside circle about one inch in diameter. Place the pastry circles in two-quart metal dishes, and bake in a hot oven (425 degrees F.) about 10 minutes.

When the pastry is cool, place a teaspoon of jelly in the center of each plain pastry round, and top with a pastry round in which the center was cut out.

MENU

BREAKFAST: Sliced fresh pineapple, dry cereal, half bran muffins, coffee, milk.

LUNCHEON: Toasted peanut butter sandwiches, cabbage and apple salad, raisin cookies, tea, milk.

DINNER: Poached fillet of fish, egg sauce, parsley new potatoes, asparagus, strawberry Bavarian pie, coffee, milk.

Reopen Old Mine Sealed By Blast

PORT ROYAL, Pa. (UP)—On the night of June 10, 1901, two black-damp explosions rocked a coal pit across the Youghiogheny river from Fitz Henry and brought death to 18 miners.

Today, workmen are exploring the old diggings, removing tools by the men when the blasts occurred, and preparing to reopen the pits after 41 years of idleness. A belated search for the body of John Peoples, of West Newton, even is under way. For it is believed his remains are in some unexplored part of the shaft.

The deserted mine is being re-opened because of the war emergency.

Mrs. Franklin D. Roosevelt's father called her "Little Nell." He died when she was nine years old.

There may be delays on faraway calls Mother's Day

We just won't be able to handle long distance calls to points more than 200 miles away without some delays next Sunday, Mother's Day. With so many thousands of men away from home on such a special occasion, traffic jams are as inevitable on our lines as on crowded highways.

Please call earlier or later
We operators will do everything possible; we'll all be on duty, handling every circuit the engineers can give us. But we should be able to give you much better service if you can arrange to call Friday, Saturday, or Monday evening after 8:30 p.m. instead of Sunday—or if you can call as early as possible on Sunday, before 9:30 a.m.

Call by number, please. If we can't get your number on the first try, and must call back to you, please keep near the telephone where you can be found easily.
Those are just ways to help us be of more service to you. We'll be doing our best, and we hope we may have your patience and understanding. Thank you!

SOUTHWESTERN BELL TELEPHONE COMPANY

McKENNEY ON BRIDGE

By William E. McKenney
America's Card Authority

Syracuse, N. Y., has been officially designated as the site of the 1942 fall tournament. It will give me great pleasure to renew bridge battles there with several of my old friends. One of them is Pat Murphy, newly elected president of the Central New York Bridge Association.

I recall a rubber bridge game

in which Pat and I were partners. He was sitting South and made a bid, which although difficult for me to interpret, nevertheless resulted in a good score. He opened with one heart and I responded with two diamonds. His raise to three diamonds puzzled me.

This raise of a minor suit, in place of a heart rebid or a bid of no trumps, is very rare. Was he asking me to bid three no trump if I could stop the black suits? Was he temporizing in the hope that I could now show neutral heart support?

I decided that, in any event, the bid showed his top tricks were mainly in diamonds. We might have 10 solid tricks in the red suits. I could not gamble on no trumps, so I bid three hearts. Pat went to game, which was made through the fortunate split in hearts.

CALIFORNIA SETS RECORD IN WAR WORK

SAN FRANCISCO (P)—Spurred by war needs, California set new high records in 1941 in producing two strategic minerals. They are cement for construction, and quicksilver for bomb detonators.

High Waisted

The high waisted style in children's dresses is never failing in its appeal! Here is the high waistline in a pert, cheerful dress for little girls—matched with an adorable sun bonnet and practical panties! You'll use this pattern again and again for your own little girl's frocks—and then your neighbors will borrow it for their children! Your daughter will enjoy wearing this frock with its flouncy, full skirt, puffed sleeves and gay ric rac braid.

Pattern No. 8175 is designed for sizes 2, 3, 4, 5 and 6 years. Size 3 years dress takes 2 3/8 yards 35-inch material, bonnet 1/2 yard and panties 3/4 yard.

For this attractive pattern, send 15c in coin, your name, address, pattern number and style to The Reporter-Telegram Today's Pattern Service, 211 Wacker Drive, Chicago.

MIND Your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. Should a girl going to a fraternity house party on the week-end of a football game learn the college song most often sung at rallies?

2. Should she familiarize herself with the names of at least the outstanding players on the team?

3. If she doesn't know anything about football, should she try to learn something about it before the day of the game?

4. When there is a college or

fraternity dance following a football game, do the girls usually wear to the dance the sports clothes they wore to the game?

5. Should a girl who is the weekend guest of one student ignore him for a more attractive fraternity brother?

What would you do if—
 You are a boy who is writing to invite a girl back home to your college for the week-end of an important football game—
 (a) Send her a railroad ticket?
 (b) Expect her to buy her own ticket?

Answers
 1. Yes, or she may feel left out when the song is sung.
 2. Yes.
 3. Yes.
 4. Yes. They usually go, directly from the game.
 5. No.
 Better "What Would Do" solution—(b)

FUNNY BUSINESS

"We teach our collectors not to take no for an answer!"

SIDE GLANCES

"I'd hate to be in your shoes, speaking to that graduating class—their parents all know you were expelled from the eighth grade!"

THIS CURIOUS WORLD

A GENERAL RAINFALL OF ONLY ONE INCH OVER THE STATE OF ILLINOIS WOULD AMOUNT TO OVER FOUR BILLION TONS OF WATER.

WEST BEND, WISCONSIN, IS FARTHER EAST THAN BIG BEND, WISCONSIN, AND BIG BEND IS SMALLER THAN WEST BEND.

WHERE WOULD YOU FIND MARTINGALES, HAMERS AND SURCINGLES?

ANSWER: On a horse's harness. A martingale is also found on ships.

Purple Heart Awarded To U. S. Army Crash Victims

NEW DELHI, India (AP)—Awards of the order of the Purple Heart Wednesday disclosed the death of nine U. S. Army airmen in a crash in India April 2 as they were taking off to attack the Japanese Navy.

Those on whom the medal was bestowed posthumously for "extraordinary fidelity and essential service" were:

Major Norman H. Llewellyn, aide to Maj. Gen. Lewis H. Brereton; Captain Elmer Parsel, Second Lieutenant Duke Paul, George Harkness and Raymond B. Sprang, Sergeant Raymond Gregor, and Privates Willie T. Stokes, Owen B. Knox and James C. Paunoff.

Views War As Character Aid

NEW YORK (UP)—The war will shake education out of its rut and give it new impetus as a character builder, Dr. James Madison Wood, president of Stephens College, Columbia, Mo., said on completing a tour of eastern junior colleges to observe their reaction to the war program.

"Most of the junior colleges are following the advice of Brig. Gen. Lewis Hershey and continuing their programs at a normal pace," said Dr. Wood.

Home Training Boosted

"The difference will be in emphasis," he pointed out. "The junior colleges won't concentrate on just accumulating credits. With the great emotional and industrial upheaval of this war, emphasis will be placed on functional education.

"More than ever before educators will realize the importance of training boys and girls for the useful tasks of life.

"War emotion will drive us to a new appreciation of the home as the social unit of democracy. At Stephens we are increasing the courses that train young women for greater usefulness in the home."

Yugoslavian Guerrillas Get Ready For Big Drive On Invaders As Soon As Allied Pressure Is Increased

Yugoslavs offer this picture as evidence of the indignities the German invaders have inflicted on their country. It is described as a typical scene of church looting—with the priest helpless watching Nazi soldiers pack up chalices, altar pieces, sacred plates—everything of value. Germans guessed wrong when they figured Yugoslavia's people would submit after government capitulation.

By NEA Service Anyone who wants to could probably send Adolf Hitler into a fit of the screaming meemies just by going up behind him and suddenly yelling "Guerrillas!"

The Russian guerrillas on one flank and the Yugoslavs on the other have been nipping and slashing at the Nazis like hunting dogs bringing down a wild pig.

And now Gen. Draja Mihailovitch and his wild-fighting Chetnik irregulars appear ready to undertake a real offensive from their mountain strongholds in Yugoslavia. For more than a year they have been thwarting the Germans, driving the Italians half wacky on the eastern shore of the Adriatic, diverting much-needed Axis divisions from the vital Russian front.

BIG OFFENSIVE COULD STYMIE HITLER

A real offensive by Gen. Mihailovitch could seriously gun up Hitler and Co.'s schemes for a drive to the east, to Turkey and the rich oil fields of Iraq and Iran and on to a junction with the Japs in India.

In connection with the looked-for Yugoslav offensive, a military commission from that country is now in the United States, working out plans for United Nations support of a Balkan campaign. An

Graduation GIFTS

You will find a complete and unusual collection of gifts for the graduates at...

MIDLAND INDIAN STORE 206 W. Texas

effort is being made to increase the flow of supplies which Britain and Russia have managed to smuggle in to Mihailovitch's indomitable Chetnik forces.

So far Mihailovitch's hit-and-run war has been a military miracle of resourcefulness. He has trained in guerrilla warfare the thousands of courageous peasants—women as well as men—who joined him to augment the remnants of the regular Yugoslav army. Fighting largely with captured weapons, they have blown up bridges and fortifications, waylaid patrols and sentries, attacked isolated sectors of the occupying armies, disrupted communications, burned commissaries, and generally carried on extensive sabotage.

Maybe it's just Yugoslav humor, but they do say that the latest example of the guerrilla general's resourcefulness is that he is fueling captured armored vehicles with gasoline obtained in exchange for Italian prisoners. The Italian army is said to be paying him from one tin of gasoline for a private to 50 tins for a colonel.

Unit after unit of Hitler's army has been sent into the mountains to ferret out Mihailovitch and his Chetniks. Each time, they have been beaten and driven back. Soon after a recent report from Stockholm that Mihailovitch had been captured, the exiled Yugoslav government in London received assurance that the general was not only still at large, but that he was raiding German garrisons less than 130 miles from the occupied capital of Belgrade.

MASS EXECUTIONS TOUGHEN RESISTANCE

The Germans' mass executions in reprisal seem only to have strengthened the Yugoslav patriots' resistance. When Mihailovitch learned that the Nazis had captured his wife and children, along with those of 14 of his generals, he sent this reply:

"I intend to carry out the fight against the Nazi oppressors until death, or until they are driven from the soil of Yugoslavia."

This is the spirit that Hitler has to fear from all the conquered nations of Europe. And it is this spirit, translated into action that can seriously interfere with his immediate plans. For the season of intensive fighting finds the troublesome Yugoslav army in a decidedly better position.

Grid Coach Banks On Wrestler

LAFAYETTE, Ind. (UP)—Elmer Burnham, Purdue football coach, figures he has one man in his forward wall that won't take a whole lot of pushing around on the grid-iron next fall. He's Frank Rugsieri, who has gone through a dual meet season undefeated and recently won the Big Ten heavyweight wrestling championship.

General Draja Mihailovitch

CURFEW CALLS CHICKS TO BED

CLAY CENTER, Kas. (AP)—Harlan Perrill had trouble getting his baby chicks to sleep until he tried the curfew method, using his son's French horn. The chicks perversely instead of going to bed at 8 p. m. instead of going to bed at 8 p. m. as Perrill wanted them to do. But he noticed that they always dashed for the brooder house when a train whistled nearby. So at 8 p. m. he blew a couple of toots on the French horn; the chicks headed for the roost and Perrill nonchalantly locked them in.

HUNTERS BECOME MINUTE MEN

ALAMEDA, Cal. (UP)—Chief of Police Vern Smith organized a "minute men" corps of 100 expert marksmen drawn from the city's deer hunting population for use in repelling possible Japanese raids or shooting down parachutists.

Thrifty Tips for the Homemaker

HAVE you been envying the dainty befringed dressing tables that decorate the luxury boudoirs in the movies? They can be achieved easily and thriftily at home if you make sewing a hobby. Two old packing cases and a board to join them are all you need for a foundation. Cover the top with fabric or enamel paint. Then with about three yards of candy-striped cotton, printed voile or organdy, you can stitch up a glamorous dressing table skirt for as little as a dollar.

A vigorous daily brushing is an ideal beauty treatment for your hair; but you can't expect this ritual to achieve glossy locks unless you use a clean brush. Your hair brush will thrive on the weekly shampoo that hygiene demands, if you use mild Swan soap to make rich, creamy suds. Always rinse your hair brush several times in cold water. Wipe all water off the handle and back; place on a bath towel with bristles up to dry in the sun.

Is heavy furniture making deep indentations in your carpet? First aid

treatment for bringing the pile back to normal is to apply a hot iron on a damp cloth to the spots; then brush the pile to its normal position. The same treatment may be used on both the face and back of the carpeting to prevent curling at the corners.

When you're washing booties, jackets and caps for Baby, it's smart economy to stretch them gently as the chubby youngster grows bigger. Swan soap is grand for Baby's laundry. This new white floating soap is as mild and pure as the finest imported castile and so inexpensive you can afford to use it for general household duty as well as Baby's special needs and your own beauty treatments. Always rinse knitted garments in tepid water. Squeeze the water out gently and pat out the garment to the slightly larger measurements you desire. Dry on a bath towel.

Breakfast perfection will never be marred by wasteful cracks in the soft boiled eggs if you'll add a pinch of salt to the boiling water before you pop in the eggs.

Historic Military Unit Is Reorganized

PORTLAND, Ore. (UP)—Cavalry troop A, one of Oregon's most historical military units, is ready to pick up where it left off in 1917. The unit, formerly commanded by the late Gen. George A. White, has been reformed under the Oregon state guard and will be led by Major H. C. Tobin, U. S. Army, retired.

The state guard has announced plans for organization of additional cavalry troops at Pendleton, Burns, Baker, Salem and Klamath Falls, Ore.

MARBLES SCARCE, SO PLAY FOR KEEPS

WINNIPEG (AP)—War has finally hit the school yards and back lots. Winnipeg importers of agates and glass allies, which come from Germany and Japan, have not brought in stocks for more than a year and with the stocks exhausted Junior will have to get along on last year's winnings. Theoretically, dealers said, the number of marbles in circulation should remain more or less consistent—merely changing hands.

One 10-year-old marble shark admitted having about 500. This, he claimed, was not hoarding, just a case of good marksmanship last year.

Busy Bee Loafed on Job

GREAT FALLS, Mont. (UP)—The traditional busy bee let Montana apiculturists down this year by producing only 10 per cent of the state's

"Shanghai Gesture" At Yucca Friday

Dangerous drama and emotions build up the relationship between Gene Tierney and Victor Mature in Arnold Pressburg's film version of the famous stage play "The Shanghai Gesture," beginning Friday at the Yucca Theatre.

The Suez Canal, opened in 1869, was thirteen years in construction.

Praise Boston's Siren System

BOSTON (UP)—First of its kind in the nation, Boston's co-ordinated system of compressed air-operated air-raid warning sirens and loud speakers serves as a model for other cities.

Operated on a radio principle, the siren-speakers can transmit warnings or spoken messages to Boston's 800,000 residents over a system of 21 installation at strategic points throughout the city. Work is now being completed to enable a single broadcaster to send messages from a central point over the entire system or over any number of loud speakers desired.

Has Auxiliary System

Effective range of siren-speakers is about three-quarters of a mile each although in some instances the signals have been heard above the city noises at greater distances. Costing \$1,500 apiece, the horns are installed in groups of four at some locations while at other sites a single unit has proven adequate.

Completing its comprehensive air-raid alarm system, Boston has created an auxiliary system utilizing about 70 church bells and factory whistles.

KNEW HIS TRADE

DENISON (AP)—The public relations staff at Perrin Field was disturbed because a private from Kentucky listed his occupation before enlistment as a "still operator."
