American Tanks Go Into Action In African Area

Desert Battle Is Clouded As Both Groups Attacking

British Airmen Taking Heavy Toll Of German Tanks, Control Airways

CAIRO, Egypt. (AP)—Lieut. Gen. Neil M. Ritchie's British and American-made tanks, engaged until now in parrying the lightning jabs of the Germans toward Tobruk, have been thrown into a terrific counterattack in which much hard fighting remains before a decision can be expected.

This armored clash is being fought out West of Acroma, 15 miles southwest of Tobruk, and Knightsbridge, a desert track crossing 25 miles southwest of Tobruk named after a famous road junction in England.

A decision in the whirling desert tank battle probably will come within two or three days.

The Germans, who brought a limited supply of water with them when they struck at the British line at Ain El Gazala early Wednesday, have a difficult problem of getting supplies to the battle ground.

At some junctures, raiding parties have reached 50 to 60 miles beyond the outer British land positions but these have been repulsed.

The British said Saturday that a great number of Field Marshal Erwin Rommel's German tanks already had been destroyed but that conditions over the sprawling battlefield were so chaotic that it was impossible to make a sensible assessment of the situation as yet.

While this decisive action was being fought British mobile columns trained the desert smashing the fuel tanks, water trucks and heavy motorized machine shops upon which Rommel depends to keep his mechanized units in action.

Claiming air superiority which some observers placed at five to three, the British sent their squadrons of British and American planes on 200 bombing and machine-gunning sorties from dawn to dusk Saturday.

The RAF was using two planes new to the desert. They were the speedy Spitfire fighter and the American Kittyhawk fighter-bomber. The latter is a fast pursuit plane altered to carry batches of light bombs under the wings.

Harry Crockett, of the Associated Press, only American newspaper correspondent in the immediate battle zone, said the probing German columns which reached the El Adem-Sidi Barrani area south and southeast of Tobruk had been turned back to the west where the main force was engaged near Knightsbridge. Knightsbridge is about 15 miles west of El Adem.

Jaycees Of Area Open Convention

Jaycees of District Seven of the Texas Junior Chamber of Commerce opened their Spring convention at Hotel Scharbauer Saturday with an entertainment program.

Among features of the opening day's program were golf, bowling, movies, a barbecue and a dance. Clint Dunagan, president of the Midland Junior Chamber of Commerce, presided at the barbecue program at Cloverdale Park. Entertainment was in charge of Delbert Downing.

Morgan To Speak
Business sessions of the convention are scheduled at 9:30 a. m. Sunday at Hotel Scharbauer and Fred Morgan of Corpus Christi, president of Texas Jaycees, will address the delegates. Earl Bunkley, regional vice president, will preside. Other speakers on the program are Binford Arney, vice president of the national organization, and Tom Wingate and Howard Carrell, national directors.

Other officers of the Midland Jaycees are Taylor Cole and Frank Monroe, vice presidents; Cecil Waldrep, treasurer, and Bill Collins, secretary. Directors of the Midland organization include Joseph H. Mims, Ed Pritchard, Bob Baker and Downing.

Graves Of Veterans Decorated Saturday In Special Service

Many attended the Memorial Day services held late Saturday by the American Legion, when more than 75 graves of veterans of several wars were decorated with United States flags. Scores placed flowers on the graves of veterans and of others here, as the nation observed the day over a wider area than was ever before seen.

Bob Presten, commander of the local Legion Post, presided at the services, and made a brief talk. C. W. Kerr, Post chaplain, spoke briefly. A salute was fired by a squad from the Midland unit of the Texas Defense Guard, in command of Lieutenant H. C. Hammaford. The Colors were borne by G. C. Rahn and H. A. Palmer of the Legion, and under a guard of Privates Jones and Longino of the Guard. Taps was sounded by Glen Murray, Boy Scout bugler.

Big Army Show To Be At Yucca Theatre June 8

When a top-ranking Broadway star gives up promising bookings to take the lead in a show written, directed and produced by Uncle Sam's men in khaki, that's news; and in this case it's good news for the show-goers of Midland.

For that star is Miss Jeanne Madden, who co-starred with Walter Huston in the Broadway hit, "Knickerbocker Holiday," and she's heading the all-star cast of "Three Dots with a Dash," the Sheppard Field musical review which will play a one-night stand at the Yucca Theatre Monday night, June 8.

Every penny taken by the show goes to the Army Emergency Relief Fund, directly benefitting widows and dependents of men killed in America's far-flung battles.

Miss Madden heads a soldier cast which includes the cream of the Army's entertainment world, among whom are the director, Corp. Bob Sylvia, former Hollywood movie director, and Pvt. Jimmy Rogers-Kelly, ex-singer-pianist with Paul Whiteman's orchestra and featured entertainer at Reno City's famous Rainbow Room in New York.

Tickets will be available at the Chamber of Commerce and at the Scharbauer Hotel.

As hundreds of Midland citizens expressed an eagerness to see the show which will be here only one night, arrangements were made to stage it in the Yucca Theatre rather than the high school auditorium as originally announced.

Mascho Oil Company, No. 1 Sun Oil Company-University, discovered producer of the Mascho pool in Southern Andrews County, pumped 178.06 barrels of 31.9-gravity oil on official 24-hour Railroad Commission potential gauge, James A. Mascho of Midland, president of the company, announced here Saturday night.

Gas-oil ratio had not yet been computed but was estimated to be approximately 250. The well topped pay at 4,420 feet and is bottomed at 4,514 feet in lime, where it was given a 310-quart "dump" shot of nitro. The Mascho well is 660 feet out of the northeast corner of section 27, block 10, University survey.

It is slightly less than two miles northwest of the Emma pool but is producing from a separate, deeper pay. The discovery was drilled by Cross and Johnson, Odessa contractors, who became half-owners upon its completion. Under new "discovery allowable" rules announced Saturday by the Railroad Commission, the pool owner will be allowed to run 80 barrels of oil daily for a 12-month period.

Skelly Oil Company No. 1-J University, north offset to the Mascho discovery, is drilling below 2,300 feet in anhydrite and salt, while Magnolia Petroleum Company No. 1-28 University, an east offset, has passed 2,800 feet in anhydrite. The latter reportedly topped anhydrite at 1,740 feet.

Penrose Stakes Test
Neville G. Penrose of Fort Worth has staked location for a 4,600-foot rotary test one-half mile southeast of Fuhrman Petroleum Corporation No. 1, M. A. Thornberry, producer in the West Fuhrman pool of Andrews. It is his No. 1 University and is 614 feet from the north, 678 from the east line of section 3, block 10, University survey. Cities Service Oil Company farmed out to Penrose the entire northeast quarter of section 3 for drilling a well. Lease expires July 7 unless production is developed before midnight of that date. It is understood Siemoneit Drilling Company of Fort Worth will drill the well.

In the Bar M Ellenburger pool of Southern Andrews, recently opened by Phillips Petroleum Company No. 2 University-Andrews, the same firm's No. 3 University-Andrews is drilling at 3,510 feet in anhydrite and lime. Also headed for the 7,855-foot pay, Phillips No. 4 University-Andrews is drilling lime and anhydrite at 3,587 feet.

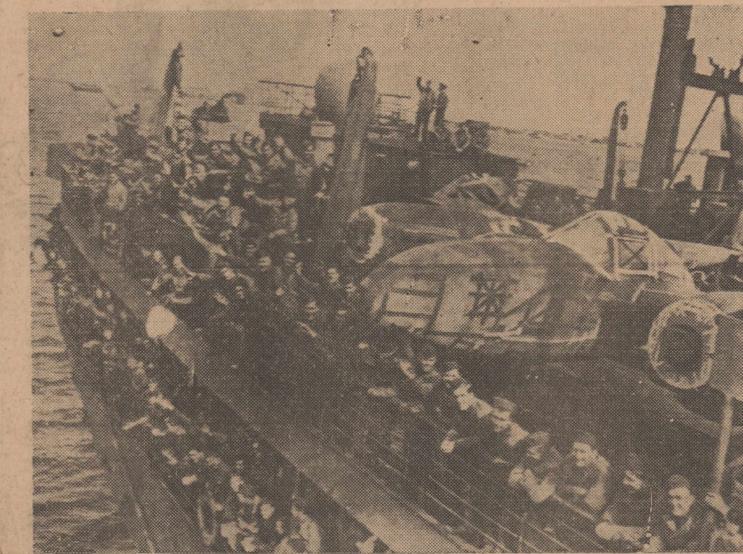

In the same general area, seeking to validate short-term leases by Permian production, Phillips No. 5 University-Andrews is drilling at 4,056 in lime and sand; No. 6 is drilling at 4,017, also in lime and sand, and No. 7 at 4,157 in lime.

Army Emergency Relief Campaign Is Planned Here

Bill Collins, manager of the Midland Chamber of Commerce, Saturday accepted the Midland County chairmanship of the Army Emergency Relief drive at the request of Gene Mattox of Brownwood, chairman of Section 9 of the Army's Eighth Corps Area. The campaign will be held during June.

A steering committee composed of Ralph M. Barron, chamber of commerce president, and James N. Ailanson and Paul McHargie, chairman of the military affairs and national defense committees of the chamber of commerce, was named by Collins to aid in the campaign. John P. Butler will serve as treasurer.

Captain R. B. Brown, special service officer at Midland Army Flying School, is in charge of Army Relief at the Bombardier College, and will work closely with the committee.

Section 9 is comprised of the following counties: Brown, Coleman, Runnels, Comanche, Mills, San Saba, McCulloch, Mason, Menard, Kimble, Midland, Glasscock, Upton, Reagan, Crockett, Sterling, Coke, Irion, Tom Green, Schleicher, Sutton and Concho. Military installations in the area include Camp Bowie, Eighth Army Corps Headquarters and Municipal Airport at Brownwood, and Flying Schools at Midland, San Angelo, Ballinger, Coleman and Brady. Offer Life Membership.

Life membership fee in the Army Emergency Relief is \$100, while members at large can contribute any amount. Contributions may be left at the chamber of commerce.

Funds are used for relief of families and relatives of soldiers, and each post will have its own section of the national organization administered by (See ARMY, Page 4)

Mexico Clears Deck For War Declaration

MEXICO CITY (AP)—The Mexican Senate cleared the deck for war on the Axis Saturday when it unanimously authorized President Avila Camacho to declare a state of war against Germany, Italy and Japan and then approved a bill to suspend constitutional guarantees and grant him extraordinary powers to mobilize the entire nation.

The Senate action, following the unanimous vote of the Chamber of Deputies Friday night, left Avila Camacho free to formally proclaim hostilities whenever he chooses. The vote on both measures was 53 to 0.

The Senate immediately adjourned at 5:24 p. m. after a session of nearly six hours during which the principle figures of the upper chamber denounced the submarine torpedoing of two Mexican tankers 16 days ago as a "cowardly crime" and praised President Roosevelt as the "champion of the ideals of liberty and democracy in the world."

The Senate clerk reported both approved measures would be returned to the Chamber of Deputies, the house of origin, to be transmitted as quickly as possible to the president.

David Allen Is Jap Prisoner At Shanghai, China

David M. Allen of Midland is a prisoner of war in Shanghai, the War Department reported Saturday night to the Associated Press. He is one of 200 men captured at Wake Island and taken to Shanghai.

The War Department listed 23 Texans in the group, but 22 names are publishable only in the immediate region of their home cities.

Allen, gunner's mate on a United States war vessel, is a son of Mrs. Minnie Allen, and the husband of Irene Allen, both of Midland.

Sixteen Officers Promoted, MAFS

Promotions of 16 second lieutenants at the Midland Army Flying School to the grade of first lieutenant were announced Saturday at the bombardier college.

Those now entitled to the silver bars are: Lieutenants Lynn J. Hewitt, Dale S. Seeds, Robert H. Martin, James B. Crain, Carroll D. Gregory, Lloyd R. Turk, Jack Blackwell, Ronald W. Bookman, John W. Linsley, Jr., George W. Smith, Richard W. Stillwagon, Jesse A. Truwin, Russell R. Duvall, Ernest F. Peschau, Jr., Milton R. Knight, and Bertha L. Hunt.

The gigantic struggle on the approaches to Kharkov flickered to its end Saturday amid the blood and wreckage of bitter battles. Both sides said it was over. The Russians officially labeled German claims of victory and "annihilation" as "fantastic" and revealed that from the first the Kharkov offensive was designed only to divert German troops from an impending blow at Rostov.

RAF Bombers Hit Paris Factories

LONDON (AP)—Squadrons of RAF bombers taking advantage of a full moon struck at the German war machine Saturday night with a strong attack on factories in a Paris suburb, a smashing assault on a convoy apparently destined for the far northern front and raids on occupied ports.

In the most spirited raids in weeks, the Germans sent approximately 50 bombers against England but authoritative reports said slight damage was done and several raiders were shot down.

Topping the attacks was a heavy raid on an important group of factories at Gennevilliers, 10 miles from the midst of Paris, where, the air ministry said, the Gnome-Rhone aero-engine works, the former Goodrich Rubber works and other plants are being used by the enemy to produce war materials.

Twelve Ships Sunk In Gulf Sub Drive

NEW ORLEANS (AP)—Axis submarines which made their first reported appearance in the Gulf of Mexico May 6 subsequently sank 12 ships and killed 194 seamen in waters controlled by the Eighth Naval District with headquarters here.

Two other ships were badly damaged and were towed to port. Approximately 350 seamen escaped in the various attacks in which one bold sub commander brought his craft to within a mile and a half of the mouth of the Mississippi River to sink a large cargo vessel and crash a torpedo into the expensive jetty that holds the river to its channel as it meets the Gulf.

Thousands Of Texans To Join Navy June 7

DALLAS (AP)—Thousands of young Texans will be sworn into the United States Navy Sunday June 7—six months to the hour after the first Japanese bombs fell on Pearl Harbor.

Lieut. L. H. Ridout, Jr., officer in charge of the Dallas recruiting district, Saturday announced plans for the Navy ceremony.

At 1:55 p. m., Central War Time, Naval officers will swear in the Texas recruits as part of a nationwide program.

The Dallas district includes Parley, Tyler, Sherman, Longview, Waco, Dallas, Fort Worth, Wichita Falls, Amarillo, Big Spring, Abilene and San Angelo.

Child Victim Of Accident Friday, Greenwood Area

Marvin Henry Raggett, 3-year-old son of Mr. and Mrs. Oswald Raggett, 12 miles southeast of Midland in the Greenwood community, was injured fatally Friday when he fell from a car and was run over. The accident occurred at the family home, the child falling from a rear door. He died in a Midland hospital about 6 p. m. Friday.

Interment was made Saturday afternoon near the Greenwood Church, with the Rev. J. W. Arnett officiating.

Survivors include the parents, a sister, Essie Aulena, aged 5 years, and Mr. and Mrs. O. H. Raggett and Mr. and Mrs. W. T. Bryant, grandparents, all of Midland County.

WAR BULLETINS

LONDON.—(AP)—The Germans were reported Saturday to be working on the theory that parachutists dropped from foreign planes had a hand in the attempted assassination of Reinhard Heydrich, Hitler's "protector" of Bohemia and Moravia, as the Gestapo speeded its vengeance executions of Czechs to a total of 62, putting to death 44 during the day.

WASHINGTON.—(AP)—Sumner Welles, undersecretary of state, expressed belief Saturday that the United Nations, once they have won the war, should establish "an international police power" to maintain peace.

HOUSTON.—(AP)—The Houston volunteers, 1,000 fighting youngsters who have vowed to avenge the Cruiser Houston, boarded special trains for a Naval training Station Saturday night after a resounding sendoff from between 200,000 and 250,000 yelling Texans.

MELBOURNE, Australia.—(AP)—The Allied air force attacked the Japanese-held seaplane base at Tulagi, in the Solomon Islands northeast of Australia, Friday night, destroying fuel supplies, wharves and nearby buildings and leaving fires visible for 80 miles, it was announced.

John 1:4.

Confusion Worse Confounded

Washington is a very, very busy city. Everybody there, with unimportant exceptions, is working night and day to put over the most gallant war program ever conceived. Officials, like their subordinates, are harried and weary. It is understandable that at times they should become careless or temperamental or both.

Conceding this, and all that it implies, nevertheless we must reiterate and emphasize that Washington's public relations are deteriorating so rapidly as to constitute a menace to public morale.

The last time this was pointed out, using the gasoline rationing tragi-comedy as illustration, President Roosevelt blamed the press. He said the correspondents' two-to-five gallon a week prediction was a guess—intelligent, perhaps, but nevertheless a guess. The fact was that the prediction came from a source in the Office of Price Administration which proved to be accurate. The ration started at three gallons.

Harold Ickes and Leon Henderson, with their statement that rationing would be less rigorous than predicted in news stories, were made to look more than a little foolish. So was the President, with his attempt to blame the press.

This now is history. It should not be revived but for the more recent and more harmful flurry over optimism about military operations. The Army and Navy joined in a statement which startled the better-informed observers with its cheerfulness. The secretary of state said that the war might be over sooner than we expected, without saying whose expectations he had in mind, or how pessimistic they had been.

These things were timed, presumably by accident, to coincide with reports of correspondents released from internment in Germany and Italy, who told about the internal difficulties confronting Hitler and Mussolini.

Then "a high official," Secretary Hull and finally the President had to dash cold water on the public, so that we wouldn't consider the war already won.

One who follows these situations closely can not escape feeling that the self-contradiction in the government's news "policy" arises from confusion of goals.

Everybody, from the President down, is anxious to keep us at fever heat in the production, financing, recruiting, fighting programs. Therefore we must not become too optimistic. But also being very human and not at all unpolitical, they want to appear to be doing a splendid job of armament and of fighting, so we are not permitted to know about the very black spots that exist.

Soon—very soon—a decision must be made. Shall we win this war, or make and save reputations? Is armament more important, or the autumn elections?

—Buy War Bonds And Savings Stamps—

More Than A Gesture

A declaration of war by Mexico against Germany is no meager gesture. Although her army now numbers only around 75,000 men, whose training appears to the observer inferior to that of our pre-war national guard outfits and whose equipment is scanty, the southerly neighbor can be extremely helpful.

The zone of belligerency against Hitler would be made unbroken from the North Pole to and through the vital Panama Canal, including the islands of the Caribbean. Thus there would remain no haven for Axis spies, saboteurs and propagandists; increased control could be exercised over spots physically suitable for secret Axis flying fields.

Barrymore Went Out With Smile On Lips

HOLLYWOOD (P)—John Barrymore made his exit from life as he had made thousands of exits from the world's stages—smiling, and anxious for a new adventure.

As he lay dying, before he lapsed into his final coma, he turned to brother Lionel Barrymore and gasped:

"This is wonderful. What a wonderful place . . . Barrymore lived life . . . every split second was an exciting experience" . . . but he had no fear of dying.

"When my time comes, I want to go like my uncle, John Drew. He died like a gent. His death truly was artistic."

The Great Profile died broke . . . broken financially and in health. Only his great heart kept him alive from last November, when liver and kidney ailments nearly ended his life, until Friday night.

At John's bedside when he died was one relative, Lionel, himself not well and using crutches, because of a fractured hip. Also present were his author friend, Gene Fowler, and artist John Decker.

Funeral rites probably will be conducted Monday. Lionel said there would be a simple, private service in the chapel of Calvary Cemetery.

West Texas Crudes Down For Past Week

WASHINGTON (P)—The Bureau of Mines reported stocks of domestic and foreign crude petroleum at the close of the week ended May 23 totaled 253,423,000 barrels, a net decrease of 779,000 barrels compared with the previous week. Stocks of domestic oil decreased 509,000 barrels for the week and foreign crude decreased 270,000 barrels.

Daily average production for the week was 3,599,000 barrels or an increase of 115,000 barrels compared with the previous week's level. Runs to stills averaged 3,393,000 barrels daily, compared with 3,484,000 barrels for the preceding week, last week being the lowest figure reported since about the first or 1940.

Stocks of crude petroleum and change from previous week (in thousands of barrels) included:

Reduce Allowables In New Oil Fields

AUSTIN (P)—An order of the Texas Railroad Commission announced Saturday the allowable of wells in new oil fields but extends from six months to one year the time under which wells must operate under the order.

Allowables, based on depths of producers, were fixed as follows, effective June 1.

1,000 feet, 20 barrels; 1,000-2,000-40; 2,000-3,000-60; 3,000-4,000-80; 4,000-5,000-100; 5,000-6,000-120; 6,000-7,000-140; 7,000-8,000-160; 8,000-9,000-180; 9,000-10,000-200; 10,000-11,000-220; 11,000-12,000-240.

The regulation applies to wells in each new field discovered after the effective date of the order to such wells for a period of one year from the completion of a discovery well, providing that not more than five wells have been drilled and completed in a field. It is not applicable to wells receiving a new field allowance.

Bomber Sinks Sub Wednesday

SAN JUAN, Puerto Rico (P)—Four bomb hits, two of them "dream shots" from an altitude of only 50 to 100 feet, sent an enemy submarine to the bottom in four minutes of action off the Vichy French Island of Martinique early Wednesday, the Tenth United States Naval District announced Saturday night.

The announcement apparently was an official confirmation of what was witnessed by hundreds of watchers from the shore of the British West Indies Island of St. Lucia where the United States has a base.

Many Midland Young People Return Home

Many Midland young people are returning during the past week, and some are yet to return, as colleges and universities close their spring terms. Several of the boys are enlisting in the various branches of the armed service, and some will return to their schools for summer courses. Many, however, will remain in Midland for the summer, and return next fall to continue their college work.

Aldrich Estes, Roy Parks and Buster Cole returned Thursday night from Texas Tech, and likely will spend the summer here. Joe Conkling came in Saturday from Oklahoma University. Sandy Brown, grandson of Mrs. Sanders Estes, came in from Peacock Military Academy.

Billy Noble, Peyton Anderson, Freddie Pae Turner, Cletus Hines, and several other are due in from the University of Texas. Wendell Williams from Rice, and Jack Hurt from SMU, are planning to return in a few days. Woodrow Adams, from TCU, has joined the Navy.

Chinese Lose Big City To Invaders

CHUNGKING, CHINA (P)—The Chinese officially announced Saturday night that bomb-ruined Kihwa had been abandoned to the Japanese after bitter fighting which saw more than 1,000 enemy soldiers wiped out with hand grenades thrown by fired remnants of the city's defenders in a final close-quarter engagement.

The Chinese high command declared the main body of its troops had been withdrawn from Kihwa, provisional capital of Chekiang province in Eastern China, Thursday morning at 7 a. m. but some soldiers remained in Kihwa in an effort by the Chinese to launch an attack from both sides as the Japanese entered.

Bernard Baruch Advisor On New Ordnance Board

WASHINGTON (P)—Bernard Baruch, chairman of the War Industries Board in the last war, took his first official job in this one Saturday as adviser on the Army's \$30,000,000,000 ordnance program.

The War Department announced that Baruch and three industrial leaders would serve as a voluntary advisory staff to Major General Levin H. Campbell, Jr., who Sunday becomes Chief of Ordnance.

The others are K. T. Keller, president of the Chrysler Corporation, President Benjamin F. Fairless of the United States Steel Corporation and Louis H. Brown, head of the Johns-Manville Corporation.

Texas Coastal Area Gets Blackout Rules

SAN ANTONIO (P)—Indication that the entire Gulf Coast region will be placed under dim-out restrictions for the protection of Allied commerce was contained in a proclamation made public Saturday by Lieut. Gen. Walter Krueger.

Restrictions and orders covering the control of artificial lighting will be promulgated in due course, Lieut. Col. W. C. DeWare, public relations officer of the Southern Defense Command, said.

All counties bordering the Gulf Coast in Texas, Louisiana, Mississippi, Alabama and Florida, and border counties in New Mexico and Texas, are in this command's jurisdiction, which also includes Oklahoma, Tennessee and Arkansas.

In Land "Down Under" Anti-Submarine Wizard Named To Direct Clean-Up

MIAMI, Fla. (P)—The Navy called Saturday upon one of its ace anti-submarine fighters to take command of the critical Gulf-Caribbean Sea frontier where the Axis torpedo toll now exceeds a ship a day.

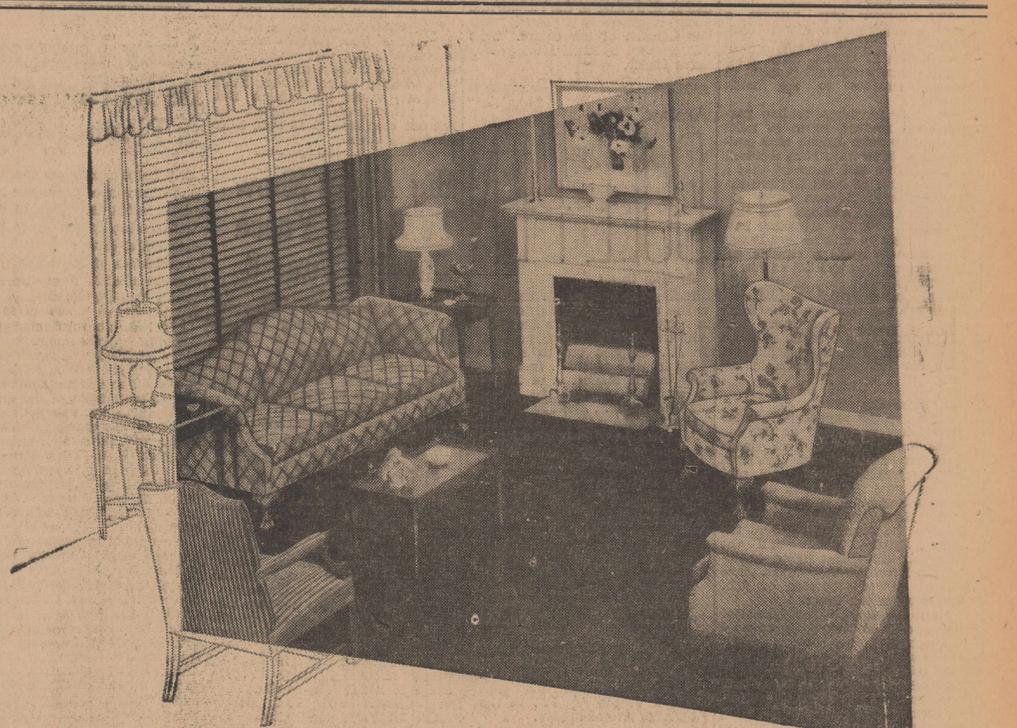

At Washington, the Navy Department announced appointment of Rear Admiral James Lawrence Kauffman as head of the Seventh and Eighth Naval Districts and all sea areas from Jacksonville to the Coast of Mexico.

Kauffman will come here from Iceland, where as commandant of the Naval operating base he has played a major part in beating the submarine menace in the North Atlantic.

He received the Navy Cross for World War service as commanding officer of the U. S. S. Jenkins which was "engaged in the hazardous duty of patrolling the waters infested with enemy submarines and mines and escorting and protecting convoys of troops and supplies."

The Navy announcement said Kauffman was transferred "to provide more effective prosecution of the anti-submarine campaign in the Gulf of Mexico area." His command area also will include the northern part of the Caribbean Sea where Nazi raiders have been active lately.

MAFS--Prop Wash

It's said that in the spring a young man's fancy lightly turns to thoughts of love--or to the nearest swimming pool. Soldiers at Midland Army Flying School have been provided a pool for the summer, but as far as love is concerned, they'll have to shift for themselves!

However, it's been a week of parties, furloughs, and marriages for MAFS men in their spare time. Turning out bombardiers is a job that takes hard work. So, when the "dogfaces" at the field have a chance to relax, they RELAX!

Spring landscaping seems to be in the air, or rather on the ground when the ground isn't in the air. Squadron areas are popping up here and there covered with fuzzy promises of grass, and it's rumored that one squadron has even purchased a lawnmower. All of the "outfits" boast of their "lawns" to be, some even go so far as to put it in print.

83rd Air Base Squadron
The 83rd is indebted to Mrs. Lee Criswell, of Odessa, for having generously given the squadron not only a supply of Bermuda grass but also three young sycamore trees to help out in the landscaping of the area. The trees, in full leaf, have been planted before the Day Room, and the grass is now being set out in the area yard under the supervision of Staff Sgt. Kenneth E. Ritchie. Members of the squadron are doing after-duty volunteer work on the new lawn and the shrubbery.

Five men have blossomed out with P. C. stripes in the last week. They are Franklin I. Branton, John N. Eskridge, Craig A. Shaw, Avery South and Barker Tunstall, Jr.

Back in the fold after furloughs with the home folks this week were Staff Sgt. John A. Thomas, Sergeants Glen D. Hicks and Rayburn McKee, Corporal Robert R. Sautter and Privates Furlyn L. Hodges, Richard J. Knox, Earl C. Parker, Wendell Shannon and Harold E. Scuffham.

Among those who will probably miss out on the squadron party this coming week because they are due to take off on furloughs are Staff Sgt. Otis J. Riley, Sergeants John P. Bomar and Roy R. Warren, Corporal Albert Rutledge, P. F. C. Rayburn E. Thomas and Lloyd L. Welch and Privates Paul Aguilard, Raymond Callis and Edward L. Lovelless.

487th School Squadron
The squadron's picnic Friday proved highly successful and was enjoyed by all. Squadron officers and guests who attended the affair under the trees of the park east of

An Open Letter To Our Customers

Dear Customers:

The Office of Defense Transportation has issued an order curtailing local delivery services as a means of conserving transportation facilities and equipment.

The order (General Order, Office of Defense Transportation, No. 6) prohibits special deliveries and "call-backs" and limits the number of deliveries.

Effective June 1, 1942, local carriers are forbidden to make any special deliveries except to hospitals and the armed forces of the United States.

As of the same date, the order prohibits call-backs made in a second attempt to deliver shipments on the same day or make collections and forbids carriers to make more than one delivery to any one person in a single day. However, if deliveries to one person are so large as to require more than one vehicle, they may be considered as a single delivery.

We earnestly ask your cooperation with respect to this order. Our mutual compliance with this order will be a valuable contribution to the war effort.

We wish to express our appreciation for the business with which you have favored us in the past and solicit your future patronage.

Yours very truly,
Southern Ice Company, Inc.

Life Spans Seven Wars, Dies At 104

CHATFIELD, Minn.—Mrs. Eunice J. Brooks, whose life span included five of America's seven wars, died Saturday at the age of 104. She was ten when "Remember the Alamo" sent U. S. Soldiers against Mexico, 23 when the Civil War began, 60 when "Remember the Maine" was the battle cry of the Spanish-American war, 76 at the start of World War I and 101 as World War II began. Her husband, to whom she was married in 1860, died in 1922.

over the fact that Staff Sgt. Richards hit the ball in Monday night's game for the first time in three games.

The Medical Detachment had another marriage this week. Private First Class Jerry J. Singley was married to Miss Fontella Hatfield of Meade, Kansas.

The Medics wish to take this opportunity to thank the Goldsmith Drug Store for their contribution of magazines.

There were three men returned from furlough this week. They are Tech. Sgt. Robert T. Adams, Pfc. James W. Talbot, and Pfc. Raymond C. Kurtenback.

Ordinance
Amid a scrambling for stripes, the enlisted men of this detachment received a total of 95 promotions this week. The individual promotions are too many to list but notice should be given to some of the bigger jumps in grade such as those of Tech. Sgt. Lester K. Stout from the grade of sergeant, Sgts. Frank W. Schobert, William H. Hale, Joseph Campo, Charles O. Hiphint, and Melvin Waxell from Pfc.; and Sgt. Dixon P. Kirk and George E. Milner from private, specialist fifth class; Pfc. Nicholas Hollis, Pvt. Emil G. Bickner, Thaddeus J. Bierowka and Douglas W. Newling were among the twenty-two privates and Pfc.'s who were promoted to the grade of Technician fourth class.

In connection with this promotion list comes to ear a certain rumor that "buck privates" want to take over the barracks rooms, since they now feel outnumbered by the non-coms!

The baseball game on Tuesday evening was forfeited to the home team by our worthy opponents of the 491st School Squadron. At the end of the first inning when the score stood at 7-1 a dust storm blew by and was no doubt the deciding factor, since their team claimed they couldn't see a thing. However, the Ordinance "dust eaters" felt right at home as many of them spent their working days in dust dump.

The members of this organization have informally voted to make a 100 per cent subscription to the projected G. I. swimming pool in Midland, according to a tentative plan set up by the Special Service Section.

491st School Squadron
The squadron honored the following corporals with promotions to sergeant: K. W. Beasley, R. E. Craigo, E. T. Milekiski, S. E. Moreland, M. R. Newman, C. W. O'Dell, T. J. Purison, E. W. Thompson, H. Mace, C. T. Brown, L. Demos, V. R. Moore, J. P. Murray, P. M. Nigro, R. L. O'Neal, E. W. Smith, R. N. Stanford.

There was great rejoicing in the orderly room when Porky Loring returned from furlough to find himself a corporal. No one dares to speak to him now above a whisper.

Staff Sgt. Dale Smith has been trying to borrow enough money to purchase cigars to give out in honor of his recent promotion.

The 491st Softballers did themselves proud the other night in a ball game in Midland, even though they lost to the crack ball team of the First National Bank.

Mrs. A. Kalich, pretty wife of the first sergeant, left a path of fluttering hearts when she paid a special call on the squadron last Wednesday.

One keyhole reporter states that Staff Sgt. Fred Hamra, the pride of the 491st, is overjoyed about his recent promotion. Sgt. Hamra says he is still going to prove that two can live as cheaply as one, come June.

Staff Sgt. John Conover, in charge of the landscaping detail, will have the squadron area shortly a botanical thing of beauty. Great strides have been made recently due to the capable gardening of Privates Stone and Takanan.

Station Hospital
The Medics took their first game of the city league play in Odessa Monday night by an eight to two count. The game was played with the Goldsmith team of Odessa.

The ball players from the hospital were all just thrilled to death

Truck Regulations Detailed; Postpone Dates Take Effect

DALLAS—Changes in the four general orders for conservation of trucks and tires have been announced by the Office of Defense Transportation.

In announcing the changes, ODT emphasized that the determination to achieve the objectives of the orders has not been relaxed.

Such changes as were made, ODT said, have been approved only to give the industries affected additional time to work out their own plans for attaining the objectives of the orders.

In the major changes announced, the ODT:

1. Postponed from June 1 to July 1 the effective date of a provision of a provision of Orders 3, 4 and 5 prohibiting the operation of trucks in over-the-road deliveries unless loaded to 75 per cent of capacity on the return trip.
2. Extended jurisdiction of the local delivery order to 25 miles beyond the corporate limits of the municipalities.
3. Extended to July 1 the effective date of Order No. 6 with respect to trucks primarily equipped for the transportation of bulk liquids.

Postponement of the return load provisions of Orders No. 3, 4, and 5 means that until July 1 trucks engaged in over-the-road operations may return empty to the point of origin, if there is no cargo available for transportation on the return trip.

This provision was postponed, ODT explained, to allow industry more time in which to work out practicable programs for return loads and mileage reduction in their operations. Truck operators were urged to continue without letup their preparation for such programs.

In the provisions setting up the 25-mile limit on local deliveries, the order provides that retail deliveries made directly to the consumer beyond this limit are to be considered as local deliveries.

Order No. 6 has been further clarified to permit a local carrier to make an additional delivery on the same day to the same point if the commodity to be transported required the use of a vehicle exclusively adapted for the transportation of such commodity.

Under another clarification, Order No. 6 permits one delivery a day for any one point of origin to any one point of destination.

Prices were good, and sales were brisk, with all offerings taken Thursday at the regular weekly sales at the Texas Cattle Sales auction. The Golladays, T. A. and B. W. were the largest sellers on the market, turning a lot more of animals fedout on their own feed right here in Midland County. Among the heavy buyers were Marcus Gist, Ben Keele, Tab Marchant, J. D. Poe, Walter Mathis, and many others taking a good volume of stuff.

Making sales were J. B. Arnett, Claude Barrington, A. G. Bohannon, A&M Packing, Lenton Brunson, O. C. Campbell, G. W. Crowley, Shelby Davis, B. C. Day, Joe Dodson, Herman Dunn, Tom Elrod, Ike Etheridge, B. C. Girdley, George Glass, Carl D. Glaze, B. W. Golladay, T. A. Golladay, R. R. Hale, R. L. Henson, Harvey Hilger, A. Hodges, W. L. Jones, G. K. Kelly, T. Lindsey, Mrs. T. F. Lineberry, M&M, Walter Mathes, J. C. Miles, J. D. Perryman, C. E. Porter, Earl Ray, A. Salese, L. T. Sledge, Jimmie Smith, J. A. Stroud, T. Thompson, Jim Tuttle, B. W. White, H. C. Whitmore, J. Wilmoth, and C. L. Brecheen.

Buying at the sales were the A. & M. E. M. Bulsterbaum, Conner Brothers, G. T. Crawford, Doran Produce, Shelby Davis, T. E. Bizzell, Herman Dunn, J. P. Francis, Marcus Gist, T. A. Golladay, R. L. Henson, W. L. Jones, Ben Keele, D. O. Lawson, G. I. Madison, N. W. Madison, Austin Stockyards Co., Walter Mathis, J. D. Poe, Fred Ratliff, M. G. Richey, J. A. Stroud, J. E. Wallace, and others.

Trials Three Negroes In Police Shooting Here Set For Monday

Trials of I. W. Watson, Melvin Hudson, and Clyde C. Allen, Midland negroes charged with assault and intent to kill Policemen Glen Hudson and Joe Pierce here May 17, are set for Monday in District Court.

Each of the negroes was indicted on two separate counts, one for assault and intent to kill Hudson and one for assault and intent to kill Pierce.

Hudson was wounded painfully in the arm and shoulder by shot from a shotgun. Pierce received serious eye injuries when the windshield of the police car in which the officers were riding was shattered by a bullet from a small rifle or a pistol, spraying small bits of glass into his eyes. Police Chief Lon H. Tyson and Police Sergeant Charles Atkins also were in the car at time of the shooting.

Odessan Decorated For Bravery In War

Lieutenant Robert F. Watson of Odessa Saturday was awarded the Distinguished Flying Cross for extraordinary achievement in daring airplane fights, it was announced by the War Department Saturday night, and reported by the Associated Press.

He was among a long list of Texan men who have written their names among the great heroes of the nation and of the world.

Camouflage Is Subject Of University Classes

BURLINGTON, Vt. (U.P.)—The University of Vermont plans to devote much time to war-time camouflage at this summer's session.

Three departments—geology, art and psychology—all will attack the problem from different angles. Geologist E. C. Jacobs hopes to find minerals from which chemists can extract colors.

The art department will devote itself to the problem of concealment and the psychology department will try to fool the mind by fooling the eye.

Veteran Dog Fancier Selects War Canines

BRISTOL, R. I. (U.P.)—Dr. Howard W. Church of Bristol, widely-known dog fancier, now is picking champions for Uncle Sam.

For years it was Dr. Church's duty to select the blue ribbon winners at dog shows throughout the East. Now he is selecting volunteers for the first canine company in this war.

Dog selections must be between 9 and 15 months old, of the shepherd, airdale or doberman-pinscher breed. They will be trained at Montclair, N. J., for service as sentries or messengers with troops.

Promotions, Changes In Guard Personnel As Army Calls Men

Several members of the local Texas Defense Guard, unit, Company F, have joined the United States Army, and others have been shifted to other defense work, bringing on several changes in rank and position within the company, it was announced Saturday by Captain James H. Goodman.

Richard Knox has been promoted from First Sergeant to a Second Lieutenant; Sullivan S. Carr has been made First Sergeant; Privates First Class George T. Abell and Ben L. Crites have been made Sergeants; John A. Sewell, J. B. Livingston, Johnson T. Hemmingway, and Floyd L. Carraker have been made Privates First Class.

Sergeant Romy C. Ferguson, Corporal Edwin G. Kent, and privates Francis M. Flournoy, and Floyd O. Rhoden have been given honorable discharges as they have entered the United States Army.

Recruits in the company during the past week include Doyle E. Bynum, William B. Brown, Martin Goddard and Donald P. Samanie.

and started two new tests. Its No. 9-B Mitchell, section 19-17s-32e, entered pay at 3,578 feet, drilled to 3,725 feet in lime and flowed 120 barrels a day, natural, through 2-inch tubing set at 3,512 feet.

The firm is rigging up on No. 10-A Mitchell, 1,980 feet from the north and east lines of section 19-17s-32e. Its 11-B Mitchell, 1,980 feet from the south and east lines of the same section, is drilling below 250 feet in red rock.

New Pool Opened In Eddy County; Wildcat Staked

HOBBES, N. M.—Opening of a new pool in Eddy County two and one-half miles southwest of production in the Shugart area topped late developments in Southeast New Mexico.

The discovery well is Culbertson & Irwin, Inc., Midland, Tex., and Sam Sanders, Artesia, No. 1. H. M. Vandagriff, in the center of the southwest quarter of the northeast quarter of section 6-19s-31e. It logged pay in sand from 3,326 to 3,343 feet, filling 200 feet with oil the first 12 hours. At last reports it was drilling ahead at 3,447 feet in lime, carrying 1,700 feet of oil in the hole. Gas volume is meager but may be sufficient to flow the well after the pay sand has been shot.

No. 1 Vandagriff originally was drilled to 860 feet by George Bobb, Midland, who temporarily abandoned it, later turning the well to present operators for deepening.

Wildcat Starting
Machine is being moved to a new wildcat two and one-half miles southwest of the Vandagriff discovery. It is the Culbertson & Irwin and Universal Consolidated Oil Company of Los Angeles, No. 1 Hale permit, in the center of the southwest quarter of the southeast quarter of section 11-19s-30e. Operators have a five-section block around the well. Drilling contract has been let to Russell & Beckham, McCombs, Texas.

Eddy's active Square Lake pool registered one new producer and one start. Sanders Brothers No. 4 Evans, section 4-17s-30e, made a natural flow of 65 barrels of oil per day through 2-inch tubing swung at 2,720 feet. It topped pay at 2,930 feet and is bottomed at 2,980 feet, plugged back from 3,456 feet in lime.

Maljamar Pool
In Square Lake, Barney Cockburn located No. 8 George Etz 1,990 feet from the north and west lines of section 35-16s-30e.

 that you have arrived, and I can imagine, to myself, Uncle Bud saying, "Spence, we have been waiting for you to leave life's range and come over here to lead us on our early morning drives, as we go out into the Milky Way to cut out a few of those stars. We have to catch old Underbit this morning, for I have been taking care of your old favorite horse for you."
 And I can hear John M saying, "Catch old Streak for me. I have been taking care of him for old Rec, but he has not showed up, so

I guess I will give the old horse a little exercise this morning, it will do him good, and keep him in running order for Rec when he does come."
 Then, Rorie will say "Catch me old Babe D. I'll hang around the wagon here until you boys get the herd together, then I'll look them over."
 And Uncle Bud will say "Catch old Red Bird for me, and I'll ride around until the drive comes in, then I'll see how you boys have worked the herd."
 Spence, I know you are sitting erect in the saddle, with your reins clasped tight in your left hand, your feet securely in your stirrups, your right hand near your rope in case any of

the herd makes a break into the wrong trail. And, that you are pushing on to the roundup of the Last Roundup, and as the drive comes into the great Roundup Ground, you will see falling in along the drive, all the old hands we worked with in the long ago.
 And before the drive is over we will all drop in along at our old trail places, so I hope you will speak a good word for all of us old Waddies, and tell the Great Range Boss to kindly overlook our shortcomings, for while we worked the range here we were just humans, you know. But we all love to again be cowboys, working any range He may select for us over there.
 Spence, you have joined the drive

West, ever looking for better range, and a better place to camp the wagon. You have gone over the Western hills and only a few of your old Buddies are left here; but it is only a few days now until the rest of us will join you in that drive. I'll miss you until then, for we have thrown a few flowers under each other's feet, we have shared the same food, slept under the same blanket, and yet remained friends for half a century; so to me it is always a beautiful thought to think of you.
 Spence, in life we had just about the same friends and just about the same kind of enemies, and I feel like if you get charge of the wagon, under the Great Range Boss, you will speak a good word

for old Bob, for I sure want to make that last Roundup with your wagon. I know you will eat good beef around your wagon, you will furnish the boys with good horses, and when that last Roundup is complete, and the Herd is worked, I hope for us the best wishes of the Great Boss.
 So, Spence, Rec and I will be coming by your camp soon now, throw some good fat ponies in the pasture for us, not too wild, for we fellows are not as frisky as we used to be. And tell the old JAL, the 84's and the HAT boys that the rest of us will soon throw in our cut and mounts, now, and remember to speak a good word for us fellows who are late getting to the wagon. We have not much more work to do

(Continued from page 1)
 The drive in Midland will be started with the "Three Dots With A Dash" Army musical comedy, Monday evening, June 8, with all proceeds going to Army Relief. A canvass for funds will not be made if the quota is reached through the sale of tickets to the stellar musical attraction.
 The particular business and object of Army Emergency Relief is to collect and hold funds to relieve distress of personnel of the Army of the United States and soldiers' dependents, without regard to the de-

gree of relationship of such dependents, including dependents of retired or honorably discharged or decreased personnel. Army Emergency Relief is used to supplement the welfare activities of the Red Cross.
 Army Emergency Relief is under the control of a board of managers consisting of a president (the under secretary of war), two vice-presidents (the assistant secretaries of war), the executive director (Maj. Gen. William N. Haskell), the national secretary (Col. Trubee Davidson, Air Corps), the national treasurer (Ord Preston, Union Trust Co., Washington, D. C.), and nine members appointed by the president of Army Emergency Relief.

The company's No. 8 University-Andrews obtained full recovery of cores from 4,255-68 and from 4,260-79 feet, showing a little oil and gas in dolomite from 4,276-78. It is drilling ahead at 4,300 in hard dolomite.
Atlantic Refining Company No. 1-A University, in the West Andrews Permian pool, is drilling at 3,620 feet in anhydrite and lime. The No. 1-B University-Andrews has drilled to 2,385 feet in salt. It topped anhydrite at 1,440 feet, at a point said to be normal for the area. Fullerton Oil Company No. 5 H. M. Wilson, short southeast out-

post to the Fullerton deep Permian pool in Northwestern Andrews, is drilling below 720 feet in red rock. A quarter-mile northwest extension test, Magnolia No. 2-11-37. B. B. Ralph estate, is drilling past 3,970 feet in anhydrite.
Thirteen miles to the west, Humble Oil & Refining Company No. 1 H. O. Sims et al is drilling at 6,447 feet in Clear Fork, lower Permian. It is headed for 7,500 feet or production in the Fullerton horizon, which pays off from 7,000 to 7,300 feet.
Shows Delaware Oil and Gas J. E. (Gene) FitzPatrick and Fred Hyer, both of Fort Worth, No. 1 T. B. Pruitt, wildcat test in Northwestern Ward County, topped Delaware sand at 4,847 feet and now is

shut down for orders at 4,858 feet in sand, where it reportedly bailed some free oil. Plans of operators were not announced. The well has topped Delaware black lime at 4,814 feet and logged a showing of gas at 4,820 feet. Showing of oil and gas was picked up in lime sand from 4,820-58 feet, total depth.
In the Shipley Permian pool of Southeastern Ward, James H. Snowden et al No. 5-A Wristen Brothers, pumped and flowed 328.6 barrels of 35-gravity oil per day upon completion at 3,007 feet. It had a gas-oil ratio of 625. The well entered pay at 2,480 feet and was acidized with 4,000 gallons. It was in the process of completion for several weeks.
In Southwestern Crane, between

the Sand Hills Ordovician pool of Crane and the Abell Ordovician pool of Northern Pecos counties, Magnolia is preparing to spud its No. 1 D. K. Glenn, a deep pay project.
Abell Producer Magnolia No. 3 C. W. Francisco farm, in the Abell field, was completed at 5,920 feet for a daily potential flow of 41.28 barrels of 36.4-gravity oil, plus 55 per cent water. It was acidized with 5,000 gallons in pay dolomite topped at 5,830 feet. Gas-oil ratio was 350.
Anderson-Prichard Oil Corporation No. 1 Charlotte Greg Ogilvie et al, deep test in Northern Pecos, is drilling unchanged at 6,166 feet in Simpson, middle Ordovician, line.

In the Barnhart pool of Southeastern Reagan County, productive from the Ellenburger, lower Ordovician, M. H. Reed et al No. 2-A University is preparing to drill plug from 5 1/2-inch pipe cemented at 9,071 feet. Total depth is 9,172 feet in Ellenburger lime.
In the same pool, Amerada Petroleum Corporation No. 1-RF University is drilling at 8,184 feet in shale and lime. The firm's No. 1-RG University has passed 4,798 feet, also in shale and lime.
As an east offset to its No. 1 Mrs. Clara Couch, producer in the Clara Couch pool of Crockett County, Humble staked No. 1-B Couch, 3,300 feet from the north, 590 from the west line of section 100, block GG, W. M. Brewer survey.

tournament. Here is an example of real expert technique displayed in the Vanderbilt Tournament by Lee Hazen, who this year achieved his second victory in this event.

After winning the opening lead with the ace of spades, Hazen (South) finessed the heart queen. He then laid down the ace of hearts, but West trumped and led a trump, to forestall the cross-ruff.

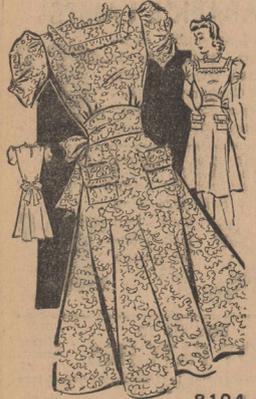

There were not sufficient trumps in dummy to ruff all of the losing hearts, so Hazen set the stage for a squeeze. He won the trump lead in his own hand, ruffed a heart, then ruffed a spade to get back to his own hand to ruff another heart. West made a fine play by discarding a trump. Now came the crucial play. Dummy led the queen of spades. East covered and South ruffed. This play transferred the adverse spade stopper to West, under dummy's eighth spot. As Hazen held the seven of hearts over East's king, a double squeeze developed when Hazen cashed the rest of his trumps.

Midland County Added To Martin-Howard Soil Conservation District

Midland County has been added to the Martin-Howard Soil Conservation District, it has been officially announced. Landowners of the county held an election for the annexation earlier in the month which carried by a wide majority.

Farmers and ranchers may become cooperators with the district by making application for assistance to any of the district supervisors or to offices in Midland, Stanton, or Big Spring.

Officers in the organization include: E. T. O'Daniel of Coahoma, chairman; Gordon Stone of Stanton, secretary; M. L. Koonce of Lenora; Earl Heald of Ackery; and R. L. Warren of Big Spring as supervisors.

Policeman Joe Pierce Returns From Dallas

Joe Pierce, Midland policeman, has returned from Dallas where he has been for eye treatment. Pierce suffered eye injuries in a shooting in the negro section of Midland May 17. A bullet shattered the windshield of the police car in which Pierce and three other officers were riding, spraying small bits of glass in Pierce's eyes.

June Allowables Above OPC Order First Two Weeks

By The Associated Press, AUSTIN — Maximum average daily allowable of 1,249,788 barrels of crude oil for the first 15 days of June was authorized in a state-wide oil production order issued Saturday by the Texas Railroad Commission.

Engineers estimated actual production would be 1,186,299 barrels, five per cent under the allowable, which would be 117,689 barrels in excess of the Office of Petroleum Coordinator's recommendation for production of all petroleum liquids in Texas.

Texas now produces 101,879 barrels daily of condensates and distillates, flow of which is not regulated by the commission, and the overall output of petroleum liquid thus would be 1,288,178 barrels a day, or 219,578 more than certified by OPC.

In announcing the new schedule Commissioner Jerry Sadler said the commission had received authorization from Harold L. Ickes, Federal Petroleum Coordinator, to regulate condensate and distillate production and a commission order, effective July 1, would result in substantially less flow of these liquids which the OPC now classifies as "crude petroleum oils."

Under the state law the commission cannot regulate distillate flow. The authority from Ickes came through wartime emergency powers vested in the federal government.

The average daily crude allowable of 1,249,788 barrels effective June 1 compared with average allowable of 1,272,600 for the week ended Saturday.

The 15-day June order stipulated five non-producing days, June 1, 6, 7, 13 and 14. An order for the last 16 days of May included only three shut-in days.

Wichita Falls Man Heads Southwest Gas Ration Board

DALLAS (AP)—The appointment of J. Bryan Miller, city manager of Wichita Falls, to head the fuel-rationing division of the Office of Price Administration for a six-state area was announced Saturday by Max McCullough, OPA regional director.

McCullough said the veteran city manager "was drafted for the most important post in the OPA office here—that of directing head of the gasoline-rationing division."

Miller has been instructed to recruit a personnel for the gasoline rationing program for use "if and when the gasoline rationing program is put into effect in this region," McCullough added.

This OPA region embraces Texas, Louisiana, Arkansas, Missouri, Kansas and Oklahoma.

West Texas Farmers Face Critical Labor Shortage, Appeal To Nelson

MONAHANS (Sp)—Farmers of three counties of the Pecos Valley wired Donald M. Nelson, production chief, that unless the critical labor shortage in this section is remedied within a short time they will be forced to plant under the SXP long-staple cotton and plant feeds. The farmers, meeting in Monahans, advised Nelson that the labor shortage is becoming more acute daily and that the lack of laborers already is being felt.

Approximately 22,000 acres of the Egyptian-type long staple cotton are planted in Ward, Reeves, and Pecos counties, it was estimated. Introduced in this area only within the past few years, the long staple has proved a good producing crop and the government has been asking farmers to plant all available acreage to the cotton.

Faced with a serious shortage of help to care for and harvest their crops, farmers of the three counties met here to discuss the situation and to form an organization to work toward a solution. The association was named the Tri-County Farmers' Association.

Mr. Simon, manager of the San Pedro Land and Cattle Company at Fort Stockton, was named president of the association. Walter Burkholder of Barstow was elected vice-president, and W. T. Posey, Pecos County agent, was elected secretary. Two representatives from each county were named on the board of directors.

Directors are W. C. Wray and J. C. Wilson, Reeves County; Allen Tipton and Mr. Strickland, Pecos County; and Charlie Miller and John Dorr, Ward County.

The association plans to make a survey of the labor situation in the three counties to determine the number of workers needed at the present time and to secure estimates of the number expected to be needed for picking the cotton.

Enough workers are not now available to chop the cotton in this area, the farmers declared. One landowner with 800 acres planted

CHAPTER XVII

MacDOWELL was in the act of putting away a quick one in the cocktail lounge when Talcott found him. "Halsey?" MacDowell grunted. "Sure I see him. He's in his cabin. Got one all to himself. I went by there just a minute ago and knocked and he yelled at me to go away. He's got himself locked in."

"What?"

"Sure. Maybe he's scared. Maybe he don't like the idea of gettin' a shiv in his back. Come to think about it, neither do I!"

Talcott ordered a brandy and seltzer and thought about Halsey's strange actions, and at the same time listened patiently to MacDowell's effusive complaints about the size of their stateroom. The combination didn't help his nerves. He was about to pull away when he saw Martha Swenson.

Copping in from the corridor entrance, she was, and she acted lost. She stood hesitant and would have turned away except that she saw him, and the confused look passed from her face. They met half-way and Talcott held a chair for her. "You'll sit down and have a drink with me, won't you?" he asked.

"I must confess," she smiled sadly, "that I have not much money in my budget for drinks."

"My dear young lady! Forget your budget. You'll very quickly learn that in America it's the man who pays."

"An' pays," MacDowell grunted as he flopped down. "Where's your pal, the blond tornado?"

"Miss Paterson is unpacking. She has so many nice things, so much clothes—" She sighed. "I had them once too. I will have them again. In New York my uncle had made arrangements for me to get a job. Not a very beeg job, but a beginning."

"The drinks arrived and Martha Swenson lifted hers thoughtfully. "I would like to make a toast," she said. "Let us drink to the future."

"Amén," Talcott sighed. That was something to drink to, all right. Strange how you could go along for so many years with nothing much happening to you and then bang! everything happened at once.

Corporal Turnesa Meets Sam Snead In Finals Of PGA

By Gayle Talbot
ATLANTIC CITY (AP)—The Little Soldier did it: Corp. Jim Turnesa of Fort Dix, N. J., sixth son of a golfing family, defeated the great Byron Nelson of Toledo, on the 37th hole at the Seaview Club to qualify to meet Sammy Snead Sunday in the finals for the Professional Golfers Association Championship.

How the swarthy, out-of-practice little fighting man did it must remain one of the great mysteries of the fairways. On the 36th green Nelson one of the world's greatest and most dependable players, needed to sink only a one-foot putt to defeat Turnesa. You could have sunk it nine times out of ten. But Nelson missed.

And then, on the first extra hole, Nelson sliced his drive out of bounds and permitted his tenacious rival to win the match with a par four.

Snead, does a top-notch fair play apart like Nelson did Saturday. The soldier simply didn't know when he was licked. He was three down after the morning 18 and still one down starting the final nine. With two holes to go he was two down. Yet he won both and went on to victory.

Snead shot some of the best golf of his life in defeating Jimmy Demaret of Detroit, 3 and 2, and going into his third PGA final. Sam has signed up with the Navy and will be inducted early next week, so his duel with Turnesa Sunday will be a battle of the services.

Snead's putting bordered on the sensational. He had nine one putt greens on the morning 18 holes in shooting a three under par 69 and planting Demaret three down.

Champion Yanks Make Seven In Row As Win Two From Washington

NEW YORK (AP)—The New York Yankees took both ends of a doubleheader with the Washington Senators Saturday, winning the nightcap, 6-4, after taking the opener 5-1 and boosting their latest streak to seven straight triumphs. Spud Chandler went all the way in the second game for his sixth win against one defeat, while the Yanks came from behind with a four-run rally that knocked Steve Sundra out in the sixth inning.

The Marquis of Queensbury rules are out when U. S. Navy Flyers swap blows with Tojo and Jerries—and naval instructors think the time to learn is now.

At Athens, Georgia, an estimated 7,500 men a year will be taught to be tough—and live. The Japs and the Nazis don't play by rules, boys, master the Japs and Nazis, to be ready to end anything started by the enemies.

Guided by a staff of boxing and wrestling instructors, the men will be given a double-dose of study in self-preservation. They'll start with wrestling, progress to hand-to-hand fighting, and round out with judo. They'll master all of the holds ever heard of, and in turn they'll Club at Cle Elm, Washington, ask-That's the ticket, Americans. You can't practice sportsmanship with thugs.

Softball Chatter

Things are coming along nicely for the Women's Softball League here. WPA Recreation Supervisor Truett Fulcher has asked your writer for a list of players, and has indicated that he will take steps to help get the league underway soon.

Two more names have come in for the players' list, Mrs. Margaret Durkin and Mrs. J. H. Beley. We are getting close to the forty mark, girls. It looks like there is due to be an organization meeting this week.

Another Motorcycler

Sports Slants carried a squib last week stating that Lew Jenkins was original in choosing motorcycles to ruin his fighting career. But it seems that he wasn't the only boxer who had a yen for motorcycles.

A letter from Jimmy Merritt of Stanton states that Young Stripling, a heavyweight of the top flight division several years ago, was quite a motorcycle enthusiast—so much so that he died from injuries suffered in a wreck of a motor. Thanks to Merritt for the slant, giving us two guys who went motorcycle crazy.

Don't sniff the next time you hear the one about catching a bird by putting salt on its tail. Counter with this one about the cow:

The Cascade Golf and Country Club at Sle Elm, Washington, asked Washington State College what to do about cows grazing on its greens and fairways.

Dean Edward C. Johnson of the school's college of agriculture replied: Feed a nice, obscure, nearby shady spot, and place drinking water and salt there.

P. S.: It worked.

Polo Games At San Angelo

Cecil Smith, one of Texas' greatest polo players, is to perform in San Angelo Sunday. Smith has played on a number of American teams which competed in Mexico City and other foreign countries.

It is expected that at least one Midland player, John Dublin, Jr., will attend the meet, although most of the boys have not accepted invitations.

Real West Texas Sport

The real West Texas sport will get a nice showing in Pecos Sunday, when many noted ropers and riders will meet in matched roping contests.

The events, sponsored by the Pecos Sheriff's posse, will start at 2 p. m. Ropers scheduled to compete include: Jim Espy of Fort Davis and Sonny Edwards of Big Spring—roping eight calves each; Walton Poage of Rankin and Joe Welch and others.

Buck Jackson, colorful announcer, will spiel the contests.

Ewell Leads Penn State To Track Meet

NEW YORK (AP)—Paced by their negro running and jumping star, Barney Ewell, Penn State's Nitany Lions rewrote the Intercollegiate A. A. A. Track and Field book Saturday as they added the outdoor crown to their indoor championship at Triborough Stadium.

With Ewell reeling off his third straight triple in a climax to a brilliant college career, the Pennsylvanians piled up 25 1/2 points to outdistance the best athletes of the east and a small representation from the mid-west and south.

Market Wise Out Runs Whirlaway

NEW YORK (AP)—Lou Tufano's Market Wise won the Suburban Handicap at Belmont Park Saturday before a New York record crowd of 61,993.

Warren Wright's odds-on favorite, Whirlaway, made his usual run from last place to finish second. Mrs. Parker Corning's Attention was third.

Market Wise ran the mile and a quarter under Basil James' riding in 2:01 4/5, well off the 2:00 record set by Whisk Broom in 1913.

The victory was worth \$27,000 to the "Ciderella Horse." He returned his supporters, \$10.40, \$3.70 and \$2.80 across the board. Whirlaway was \$3.10 for place and \$2.40 for show. Attention paid \$3.20 for show.

Army Expected Turn Thumbs Down On Any Of Joe Louis' Bouts

WASHINGTON (AP)—The Army has about decided it's time Joe Louis Barrow learned to fight more effectively with rifle and bayonet as well as his renowned fists.

The heavyweight champion probably soon will be ordered transferred to a replacement training center or to some other post to complete his basic military training, it was learned authoritatively.

And at least until this military training is completed, there would be no ring appearances for any purpose but the Army's.

The effect of the decision is to rule out the plea by Promoter Mike Jacobs that the Brown Bomber be permitted to make a commercial appearance to raise money to meet a \$17,000 income tax payment due June 15.

In the approximately four months Louis has been officially enrolled as Private Barrow, he has fallen far behind the military progress by others who were inducted about the same time. They were given a routine but stiff course of basic training at replacement centers lasting 13 weeks. Even so Louis' week was promoted to corporal.

Softball League To Resume Play

Play will be resumed in the Midland Softball League Monday evening at 7:45 after a four day recess. Playing nights have been designated as Monday, Tuesday and Wednesday nights of each week.

The Midland Army Flying School Bombers are sharing the league lead with Safeway after the first week of play, both having won two and lost nine. Ace pitcher Pete Halford has hurled both wins for the Bombers, allowing only one hit in the first game and three hits in the last. He struck out fifteen batters in seven innings against Piggly Wiggly last Monday night. Safeway has chalked up one win over White's Auto team, and one game was won on forfeit from the MAFS Mechanics.

Other Standings

Piggly Wiggly and the First National Bank teams have won one and lost one each, while the MAFS Mechanics and White's Auto teams have failed to win.

All teams will see action again this week, but all against different opponents. The schedule, as made up by WPA Recreation Director Truett Fulcher, has every team meeting the others two times.

Detroit Tigers Option Fuchs To Beaumont Club

DETROIT (AP)—The Detroit Tigers announced Saturday night that Pitcher Charley Fuchs, victim of a seven-run inning Saturday against the Chicago White Sox, has been sent on option to Beaumont of the Texas League. He is to replace Les Mueller, who recently left Beaumont to enlist in the Army.

Bombardiers And Major Art Goebel Framing Up On Those Wily Japanese

Ace Pilot Knows Japan Where MAFS Army Men Want To Unload Cargo

Now that Major Art Goebel has reported for duty at Midland Army Flying School, the world's largest bombardier college, hopes are soaring high in the breasts of the budding "Hell from Heaven Men," who are being groomed for Uncle Sam's all-out aerial offensive against the Axis.

where the bombardiers expect to get in some telling blows in the not-too-distant future.

Maybe He Does
"Why, I'll even bet he knows where Shangri-La is," one of the bombardier cadets said.

If the Major does know the location of the mythical base from which his old friend, General Douglas MacArthur, based the first raids on Tokyo, he isn't telling. But he's ready and willing to impart all of the information at his command to the youngsters, who are now mastering the bombsight in anticipation of combat operations over the far reaches of the Pacific.

Distinguished Flyer
Winner of the Distinguished Flying Cross and holder of several coveted cross-country and cross-ocean flight records, Major Goebel came to Midland Army Flying School from Morrison Field, Florida, where he was assistant personnel officer for that sector.

Goebel first hit the headlines in 1927 with the famous Dole Pineapple Derby from San Francisco to Honolulu. Here's how the story of that aerial epic goes:

High over the blue and then peaceful Pacific Art Goebel sped his powerful J-5 Wright-motored Travel-Air plane toward Honolulu. And Goebel Went.

His radio came in: "Army Air Corps directing speed flier Art Goebel—you are on course, go ahead, Goebel!"

Goebel went. That was in 1927, and Art Goebel set his plane down in Honolulu from San Francisco in 26 hours and 17 minutes to win the Dole Pineapple Air Race. He gave credit to the Air Corps. So efficiently did the Air Corps direct his flight that Goebel was not one mile off course when he landed, a distance of 2,467 miles over open ocean.

He says he could make the distance in 8 hours easily in one of the pursuit planes the Air Force are using now.

Oddly enough the Major was in Japan on a goodwill tour when he was notified by President Calvin Coolidge that the Distinguished Flying Cross was waiting for him at home. That was in 1928. He returned to the states to receive that honor.

Near 200,000 Attend Memorial Day Games

NEW YORK (AP)—Major league baseball provided holiday entertainment Saturday for a total of 197,820 paying fans and uncounted hundreds of Service Men who were admitted free.

Both circuits played a full schedule of doubleheaders with the American League drawing 105,795 customers and the National League 92,025.

Largest crowd of the day was the 43,330 paid at New York's Yankee Stadium, where the world champions took both games from the Washington Senators.

Federation Will Honor Newcomers At Coffee Friday

The City-County Federation will have a coffee Friday morning from 9:30 o'clock to 11:30 at the Soldiers Center, 213 N. Main, honoring new women of Midland.

All women who have moved here during the last year or two are extended a special invitation by Mrs. Hal C. Peck, Federation president, to attend and become acquainted with other women of the city. All Federated club women are also urged by Mrs. Peck to attend and meet the newcomers.

The hospitality committee for the occasion includes Mrs. J. Howard Hodge, chairman, Mrs. Paula Vogel, Mrs. W. P. Knight, and Mrs. John Dublin.

Children Will Present Parish Festival Here

A parish festival will be held at St. George Catholic Church, Sunday evening, beginning at 7 o'clock. The program will open with the crowning of Donna Mae Kelly, as queen of the parish children. She was elected to the queenship by the children.

Bobbie Ward and Peggy Riley will be maids of honor to the queen.

Following the coronation, a maypole dance will be given on the church lawn by: Marion Sevier, Toya Chapple, Joan Monroe, Betty Duffy, Joan Tom, Ginger Lee Baker, Caroline Schaefer, and D'Aun Floyd. Other children in blue capes will assist.

A procession into the church will be led by Jimmie Fitzgerald and Gilbert Sevier as flag bearers. Gerzy Geisler will be crown bearer and Gene Floyd train bearer.

Within the church, Queen Donna Mae will crown the Virgin Mary and other children will offer flowers.

Following will be a solemn blessing and dedication of the church flag and the American flag by Chaplain Dahlheimer of Midland Army Flying School.

The church service will close with a solemn benediction by Father John J. O'Connell, pastor of St. George's, assisted by Father Julian of Big Spring and Father Walters of Stanton.

Afterward a picnic lunch will be served on the church lawn and, when darkness falls, the children will give an entertainment in the parish hall.

Wives Of Enlisted Men To Form Club

A club for wives of enlisted men of Midland Army Flying School will be organized at the Soldiers Center, Tuesday morning at 10 o'clock. Mrs. Clara Hood Ruel, supervisor, has announced. All wives of enlisted men are invited to attend.

After the organization a new leather work class for enlisted men and their wives will be opened. Supplies are available at nominal cost.

Wallace Wimberly To Present Pupils In Two Programs

Wallace Wimberly will present his piano pupils in two programs Monday at the First Baptist Church.

Younger pupils will be presented in recital at 5 o'clock in the afternoon and older students in recital at 8:15 o'clock in the evening. The public is invited to attend both programs.

Children taking part in the afternoon program will be: Bill Aldrich, Duane Abell, Lynn Abell, Billy Wayne Branch, Ann Cleveland, Dianne Debnam, Jean Ferguson, June Hazlip, Eugene Hejl, Mary Fay Ingham, Dorothy Jean King, Berneal Pemberton, Mary Martha Stivals, Rita Jo Sturkie, and Dorothy Turner.

Older students who will present the evening's recital are: Jerry Jordan, Marle Barber, Dorothy Lynn Butler, Virginia Countiss, Helen Girdler, J. C. Hejl, Lou Nell Hudman, Charlotte Kinsey, Allyne Kelly, Beth Osburn, Bob Spencer, Anne Tucker, Orilla May Osburn, Mary Katherine Graham, and Roy Long.

The programs will consist of varied compositions, ranging from patriotic numbers to the work of such composers as Chopin.

Coke Party And Shower Courtesy For Mrs. Hallman

As a farewell courtesy to Mrs. Fred Hallman who is leaving to make her home in California, Mrs. Hugh Walker was hostess for a coke party and handkerchief shower at her home, 403 W. Storey, Friday evening at 6:30 o'clock.

Mrs. A. J. Bedford and Mrs. Clint Lackey assisted the hostess.

Cokes and mints were served to: The honoree, Mmes. Ray Livesay, Cecil Waldrep, T. H. Stringer, James N. Allison, W. B. Robinson, Ross Carr, Bedford, Lackey, Miss Marguerite Bivens, and the hostess.

Westside Club To Meet Once Month

Members of the Westside Home Demonstration Club will cooperate in the Cookie Corps now being organized to provide refreshments for the enlisted men at the Soldiers Center. It was decided at a meeting of the group at the home of Mrs. J. A. Mead, 309-W Florida, Thursday afternoon.

Decision was also made to combine the two monthly meetings of the club, in the interests of rubber conservation, and to meet for an all-day session and covered dish luncheon at the assembly room in the courthouse on the second Thursday of each month. The two programs for the month will be presented, one in the morning and one in the afternoon.

The study program was in charge of Mrs. S. L. Alexander and was on "The Neighbors to America." Taking part in the discussion were Mrs. Alexander, Mrs. O. R. Phillips, and Mrs. Mead.

Others present were: Mmes. I. O. Sturkie, J. D. Webb, V. L. Feazell, and C. O. Welch.

Take A Tip From Belmont Race Track: High Crowns Are Tops In Hat Styles

Crowns up and crowns to the fore is the big new hat style, and here's Sally Victor's representative bloused crown—like a sawed-off stovepipe. It's raspberry-color suede.

Crack Designers Launch The New Trend

John-Frederics nods the eye on the crown even when the brim becomes important too. This is a gaucho-crown, in chartreuse, shaped and creased with Latin cowboy spirit. The Spanish motif is repeated in the big bonnet's romantic mantilla-like black lace veil with provocative jet drops.

By NEA Service

NEW YORK—Crowns coming up! That's the new summer hat bulletin from Belmont Park racetrack, where socially prominent racegoers sample styles and jell them. This makes summer hats much more important than in recent seasons.

Expect more of it by fall. For the new trend literally changes Madame's head lines. For several years, now, smartest hats have been little nothings like the Duchess of Windsor's famed calots, which merely called attention to a lady's hairfix. Now, instead, look!

Something which covers the head and pins attention on the top of the costume.

John-Frederics, Lily Dache and Sally Victor did it. With the help of WPP-inspired style which set clothes silhouettes for the duration but left hat designers utterly unrestricted.

Those three designers showed new summer hats with a hint of fall in their lines to the Belmont Park crowd—and the crowd sat up and noticed.

American women everywhere will be noticing soon. For these same three noted designers have got together in something called the Millinery Fashion Inspiration, Inc., and they will henceforth sell models to manufacturers. Wherefore, by late summer, women everywhere will be able to buy at bud-

Lily Dache's contribution to the news-making Belmont Park track's hat display has a sugar-loaf brim, crushed the long way. The designer patriotically employs nonessential string instead of essential felt.

get prices the originator's styles that used to have tags edging right up to three figures.

The romantic gaucho hat with big, creased crown was accented. Likewise the sugar-loaf crown, which goes like a conoidal hill. And the high, stovepipe-like crown, here tall and clean-cut, there sawed off and even bloused.

Patriotically, the originators voluntarily introduced substitute materials, notably cotton organdy and horsehair instead of straw; chenille, suede and string instead of felt.

Art School Will Open Here June 8

The art school to be conducted by Mrs. Leola Freeman of El Paso and scheduled to open June 1 has been postponed until June 8, it has been announced.

An exhibit of Mrs. Freeman's paintings will be displayed here this week, exact date to be arranged later.

Michael McElroy, Irish watercolor artist, who was to be here for the school, will not be able to attend.

The Palette Club is sponsoring the school as a non-profit project.

Artists of Midland or nearby communities interested in attending may call Mrs. Robert M. Turpin, phone 1346 for details of fees and lessons.

Four Churches Will Sponsor Two Weeks Vacation Bible School From June First Through June 12 At North Ward Building

A two weeks vacation Bible school will open Monday, June 1, and continue through Friday, June 12, sponsored by the Christian, Episcopal, Presbyterian, and Methodist Churches.

The school will be held at North Ward building and sessions will be from 8:30 o'clock to 10:30 o'clock on the five school-day mornings of the week.

Mrs. Geo. Kidd will be registrar and all children from 4 to 15 years of age who are interested in the work are invited to attend.

Mrs. A. P. Shirey will be in charge of publicity.

Mrs. Hugh Gilmour will be music director, assisted by Misses Alberta Smith, Doris Lynn Pemberton, and Lucile McHargue.

Superintendents of recreation will be Mrs. S. P. Hall and Mrs. C. H. Shepard.

Superintendents and staffs of the various departments include: Beginners, Mrs. W. Carl Clement; superintendent, Mrs. Marvin McCree; Mrs. Geo. Yannaman, Mrs. C. S. Longcope, Norma Jean Stice, and Matilda Abbott, teachers and workers.

Sorority Will Sponsor Dance

The Army Dance Band will play for dancing.

Alpha Club Disbands For Summer Months

Alpha Club disbanded for the summer months following a bridge-luncheon at the home of Mrs. Geo. Todd, 507 W. Storey.

Roses and other spring flowers decorated the rooms.

Two tables of bridge followed luncheon with high score going to Mrs. James N. Allison, second high to Mrs. Cecil King, and bingo to Mrs. Geo. Bennett.

All club members were present including: Mmes. Allison, Bennett, G. L. Bradshaw, Roy Downey, A. Kickerbocker, King, C. E. Pritchard, and the hostess.

Officers Wives To Have Coffee-Bridge

Wives of officers of Midland Army Flying School will hold one of their semi-monthly meetings at the officers mess at Midland Army Flying School Tuesday morning at 10 o'clock.

A coffee hour will be held followed by games of bridge.

Belmont Class To Meet In Morning

Mrs. H. M. Reigle taught the lesson from the first chapter of Judges at the meeting of Belmont Bible Class at the Methodist educational building, Friday afternoon.

Mrs. F. M. Barrett offered the opening prayer and Mrs. Nettie Crawford the closing prayer.

It was decided that henceforth the class will meet at 9 o'clock each Friday morning at the educational building.

Present were: Mmes. Crawford, Barrett, Reigle, Margaret Parr, W. M. Craft, and Gladys Holster.

Lieutenant McCall And Bride At Home After Wedding Trip

Lieutenant and Mrs. Jack O. McCall are at home at 800 N. Pecos, following a honeymoon trip to Carlsbad, New Mexico, and Galveston, Houston, San Antonio, and Austin. Mrs. McCall is the former Miss Mary Jane Harper, daughter of Mr. and Mrs. James G. Harper of Midland. Lieutenant McCall is the son of Mr. and Mrs. J. N. McCall of Redlands, California.

The couple was married at 8:30 o'clock on the evening of May 21, in the Post Chapel at Midland Army Flying School, with Chaplain Theodore G. Schoech officiating.

The bride wore a frock of printed linen with tan accessories.

She is well known in Midland, having been reared here. After graduating from Midland High School, she attended Texas State College for Women at Denton. At the time of her marriage she was employed at Midland Army Flying School.

The bridegroom received his degree from Washington State College. He is a member of Sigma Chi Fraternity. He came to Midland February 23 and is a first lieutenant and bombardier instructor with the Third Training Squadron at Midland Army Flying School.

Bride-Elect Is Honored With Series Of Parties

Miss Beulah Crow Feted At Courtesies

STANTON (Sp)—Saturday evening at 8 o'clock, Mrs. B. A. Purser, Mrs. Morris Zimmerman, Mrs. Earl Burns, Mrs. Chuck Houston, Mrs. Jim McCoy and Mrs. Leo Turner complimented Miss Beulah Crow, bride-elect of Glendon Ragland of Modesto, California, with a gift shower at the home of Mrs. Purser.

The house party, all in evening dresses with matching shoulder corsages, were: Miss Beatrice Crow of Garden City, a cousin of the honoree, Johnnie Lou Burnam, Miss Lora Belle Crow, sister of the honoree, Mrs. P. M. Bristow II, Miss Mary George Morris, Miss Josephine Houston, and Mrs. Pay McDaniell, a sister of the bride-elect.

A short program was as follows: "Toast to the Bride", Miss Mozelle Pinkston; piano solo, John Harward; vocal solo, Nora Allene Purser, accompanied by Mrs. P. L. Daniell; piano solo, Sarah Jean Haislip, Mary George Morris gave several popular piano numbers during the evening.

The gifts included silver, hobnail glass, and numerous other articles. The gifts were brought in a wagon with a trailer and the cards bore the slogan, "California, Here I Come".

Punch and cookies were served from a lace-laid table. Miss Crow is a young business woman of Stanton, having owned and operated the Crow Beauty Shop for seven years. She will leave Sunday for San Francisco, California, where she has relatives. There she will be met by the groom and their plans now are to go to Reno, Nevada, for the marriage ceremony.

This was the culmination of a series of parties which have been given honoring Miss Crow; first was an informal picnic given at the park in Big Spring at which time the closest friends were notified of her approaching marriage to a man she had known since grade school years when both attended school at Rule, Texas.

Included among those attending the shower and those sending gifts were: Mrs. Anne Crow, Lamona; Mrs. Helen Tracy, Lamona; Mr. and Mrs. L. B. Hedrick, Misses Edline and Bobby Peters; Mmes. A picnic supper was served on the lawn and the club presented the honoree with a service for four in Fiesta ware. Those present were: Mmes. Leo Turner, Herma Clements, Earl Burns, Vernon De Berry of Odessa, D. Rogers, and Misses Johnnie Lou Burnam, and Lora Belle Crow.

MRS. STRAUB HAS BREAKFAST IN COMPLIMENT MISS CROW Friday morning at 7 o'clock, Mrs. Albert Straub honored Miss Beulah Crow with a breakfast at her home.

The guests were The honoree, Mrs. P. M. Bristow II, Miss Josephine Houston, Miss Mauverine Davenport, Mrs. Leo Turner, Miss Lora Belle Crow, Miss Rose Ellen Gibson, and Mrs. Earl Huston.

It is interesting to note that two of the women who are on the Honor Roll this month are out of town visitors who are giving part of their time to knitting. These two are Mrs. H. C. Cornwall of Chort Hills, New Jersey, and Mrs. Bell Hawley Jaquith of Los Angeles, both having eighty hours. The other names appearing on the Honor Roll are: Mmes. C. G. Cooper, 45 hours; Geo. Ratliff, 45 hours; R. O. Walker, 45 hours; Fred Middleton, 44 hours; Wade Heath, 42 hours, and Clyde Cowden and M. T. Hartwell, both with 40 hours. The number of hours are smaller this month due to the fact that knitting is the only type of work that has been done.

Mrs. A. L. Gilbreth who is teaching two Red Cross nutrition classes will begin a third class Monday night at 8 o'clock at the Junior High School building. All women who desire this course are asked to be present. This is a prerequisite course to the canteen course that will be offered soon. The other classes which have been in progress for the past weeks will finish next week.

NO FIFTH SUNDAY MEETING OF GROUP There will be no Fifth Sunday meeting of the Interdenominational Young People today, it was announced Saturday by Raymond Mann.

Andre Maurois was a very wise man, we've decided, when he wrote, "To think out a bridge and design it, this is comparatively easy. A man is alone with his drawing paper. But when he is building a bridge he must reckon with chains that give, pulleys that snap, workmen that mutiny. . . . What a true understanding of life and the difficulties it puts in the way of fulfillment of one's plans! It is a fascinating thing to plan a bridge (we suppose, though we never tried it) or anything else from a dinner party to some social service project. One thinks through to exactly the result he wants and puts down what he thinks is necessary to achieve that result. Then he starts out building his bridge. And he finds, usually, a dozen, maybe a hundred obstacles, some small, some large, obstructing the smooth flow of accomplishment. The chains give, the pulleys snap, perhaps the workmen mutiny—or he finds the equivalent of these in a dozen other difficulties. It is then that the stamina of the builder is proved. If he gives up, if he decides he'll plan another bridge, easier built, then mere difficulties are defeating him. But when he clinches his teeth and puts brain and hand to work to solve and uproot and overcome those difficulties—when he refuses to be beaten because the way to success is difficult—then he has the true heart of the builder or of any other creator—and he will win through to the reward of the man who sees grow up beneath his hand the child of his brain. Is there a greater joy for mankind we wonder? Yes, a wise man was this Andre Maurois who knew that accomplishment is not an easy thing.

Things we like: Navy and white dotted dresses which look so cool perked up with white collar and cuffs; colognes with a spice base; romantic, dream-inspiring names—Balalaika, Rangoon, Mandalay, Bataan; ruffles on summer dresses; white shoes that are mere wisps of sandals; hair-ribbons, which somehow turn any woman into a little girl again; poetry and still more poetry.

METHODIST WOMEN HAVE PICNIC More than 20 women went to Cloverdale Park, Friday evening, for the picnic sponsored by the three women's classes of the adult department of the Methodist Sunday school.

A picnic supper was served.

Credit Business Regulations To Be Discussed

Government credit regulations will be discussed and questions concerning the new law will be answered at an open meeting of representatives of Midland business firms in the Crystal Ballroom of Hotel Scharbauer at 8 p. m. Tuesday.

The meeting is sponsored jointly by the Midland Chamber of Commerce and the Retail Merchants Association. Ralph M. Barron, chamber of commerce president, will preside, and C. Ed. Prichard, manager of the Retail Merchants Association, will lead the discussion on credit regulations. M. C. Ulmer, who this week returned from the Texas Bankers convention, will assist in the discussion.

The new credit regulations affect all business firms doing credit business regardless of the type of merchandise sold, and each business house is urged to have one or more representatives at the meeting.

Violations of various phases of the new regulations due to lack of knowledge of the new law have been reported and several merchants requested that a meeting be held so that all might have a full understanding on the regulation which goes into effect June 1.

Thompson Supports Intercoastal Canal

DALLAS (P)—Col. Ernest O. Thompson, chairman of the Texas Railroad Commission, is going to Washington to confer on the bill to complete the intercoastal canal across Florida, he said in a statement issued here Saturday.

Thompson said he was making the trip at the request of Chairman J. J. Mansfield of the Rivers and Harbors Committee, author of the bill.

The Railroad Commission Chairman pointed out that completion of the canal would provide a safe water route for the transportation of oil and other Texas products to the East.

He estimated the total cost of the canal across Florida and the extension of the canal from Corpus Christi to Brownsville, together with the building of a temporary pipeline across Florida, at \$144,000,000. "It will save its cost in 15 months on oil and gas line transport alone."

Eighty thousand carrier pigeons were used by Great Britain during World War I.

We, the Women

By Ruth Millett
 In the list of qualifications for women who will be taken into the women's Army there is no mention of a sense of humor being essential. Nevertheless, it's a quality needed by a girl who wants to join up. For it's going to take America some little time to get used to having women in the Army. Where the idea is still new, it's going to call for a lot of razzing. "Taking it" may be one of the feminine volunteers' hardest jobs.

That uniform, for instance. It's likely to inspire whistles for a while, until its novelty has worn off.

And, families aren't going to take the girl volunteer quite as seriously as they take their sons who are getting into uniform. Can't you just hear kid brothers all over the country saying, "Cut it out, Sis. Ever since you started wearing that uniform you have been trying to act like a top sergeant."

COMEDIANS WILL GO TO TOWN

For a while every other humorous cartoon will have a girl in uniform in it, and radio comedians will get their laughs at the expense of the women's Army.

That's the way it will be for a while, and the girl whose sense of humor isn't as broad as her mind is high won't enjoy it.

So, if you can't take a little kidding, young ladies, you had better stick to teaching school or working in a beauty shop.

At least you had better wait until the country gets used to having its women as well as its men in uniform. It won't take long. And, when the laughs have subsided, the wonder will probably be that we never had women uniforms and all in the Army before. That's the way it is whenever women try something new.

Hero Award Received By Father For Son

DAYTON, O. (AP)—A father received the distinguished flying cross Saturday in the name of his son, a member of the crew who crashed their bomb-laden airplane into a gravel pit rather than endanger civilians.

The youth was aviation Cadet Earl W. Ray, of Dayton, navigator. He and three other men died Jan. 1 near Mitchell Field, N. Y. The plane was carrying four 300-pound demolition bombs when one motor failed over a populated district. They could have bailed out, but they glided into the pit, where the explosion could hurt no one but themselves.

New "Traveling Glamor Kit" Makes An Ideal Gift For The 1942 Bride

June brides are traveling to wed, this year, and their first homes are all temporary residences—hence, the bride's cosmetics trousseau, often wrapped up in a travel kit which keeps beauty aids conveniently together.

By Alicia Hart
 NEA Service Staff Writer.

Fifth Avenue salons and fine stores throughout the country have travelers' toilette sets, each wrapped up in a pretty kit, wherein everything stays put. What righter gift for this year's June bride? It will be handy on her wedding trip and at other times, especially if she is married to an Army or Navy man being shifted about the country.

One celebrated house has a surprisingly modest-priced yet complete summer treasure kit containing skin and cleansing cream, eye lotion, perfume, foundation, samples of rouge, eye-shadow, two face powders—even toothpaste.

Lobster Trim

A lifelike red lobster, very much like the one made famous not so long ago by the Duchess of Windsor, is the only trim on Jane Frazee's white wool one-piece suit. In common with all-loose-fitting shorts this year, this suit has a skirt front.

Summer School Starts Here Monday Morning

Summer school will start in Midland Monday with classes meeting from 7:30 a. m. to 12 noon daily, it was announced by officials Saturday.

Miss Merle Smith is to teach mathematics; Mrs. Gladys Tolbert will teach elementary classes, and G. B. Rush will teach sciences. All classes are to meet at the high school building. Students who wish to attend summer school are asked to report to any of these three teachers.

Teachers Attend Summer School. It is expected that twenty-two teachers of the Midland schools will attend summer school at various colleges of the state. Several of them will receive masters degrees.

Many other teachers will spend the summer vacation in their respective home towns, while some will remain in Midland.
