

# Shatter Jap Invasion Forces British Bombardiers Rule The Air

## Saturday Raid Said Worst Of Deadly Series

Troops Scattered Like Dust By Low-Flying Bombers And Fighters

By The Associated Press

LONDON—The RAF's monster seven-day offensive, in which between 6,000 and 7,000 planes have been used by day and by night, smashed to week-end climax with a third powerful night assault on Germany's industrialized Ruhr and a daylight sweep Saturday which perhaps overshadowed all the others over the doorstep of Hitler's Europe.

The Air Ministry news service said German army huts at a Normandy encampment were blown into the air at noon when Hurricane bombers with a Spitfire escort roared over at nearly ground level. They encountered no German fighters.

A few enemy aircraft were reported over the English south coast Saturday. Bombs were dropped but damage and number of casualties were declared small.

### Rule The Air

Hundreds of Britain's fighter craft appeared to rule the air over the enemy-occupied coast Saturday night as British fighters estimated that more than 3,000 bombers in the past week had dropped their destructive cargoes on cities of the Ruhr, beginning with Cologne.

There on last Saturday night, the Air Ministry said, photographs showed eight square miles of the most vital factory districts and thickly populated regions of that Rhineland city's 100-square mile area had been razed in a single holocaust caused by 1,130 bombers.

This area was eight times that which the Nazis counted to have burned out in London in their great fire raid of Dec. 29, 1940.

### Fires Still Burn

Fires in the Ruhr, lighted by the RAF's third strong attack of the week Friday night, still fed Saturday night on the factories upon which Hitler hoped to rely for his armies for mighty offensives.

This attack was not so great as that of Monday night when 1,036 bombers took for their targets the crowded retorts and blast furnaces of the Essen area in the Ruhr, but observers believed it was equal or almost equal to that of the following night when about 300 heavy planes participated.

### Small RAF Loss

Britain lost 13 planes in the night attack on the Ruhr, an indication of the scale at which the offensive was continuing, and this brought the total for the week to 113, around 3 per cent of the more than 3,000 engaged in nocturnal operations.

## Midland Pilots Buddies Of Tokyo Bombing Raiders

The American bombing planes' recent attack on Tokyo has come to have special personal interest for seven pilots at Midland Army Flying School with the discovery that among the raiding party led by Brig. Gen. Jimmy Doolittle were four of their former classmates at Kelly Field, who have received Distinguished Service Crosses for their part in the daring raid.

### Seven Pilots

The seven young MAFS pilots are First Lieutenants Joseph Beauclair, Fred F. Bronson, Carrol D. Gregory and Robert E. Martin and Second Lieutenants Lawrence O. Berglund, James E. Bishop and Frederick D. Colline. They graduated last July at Kelly Field with 143 other cadets in Class 41-E.

Lieutenants Berglund, Bishop, Colline and Martin have remained together ever since receiving their wings. They were first stationed at Brooks Field before being transferred to the Midland post.

Lieutenants Beauclair, Bronson and Gregory went to Barksdale Field from Kelly, rejoining their old classmates when they were ordered to MAFS.

### Were Decorated

The four members of the old Class 41-E who were honored for the Tokyo raid were Lieutenants Richard E. Cole, William G. Farrow, Richard Knobloch and J. Royden Stark.

## Assistant Police Chief Manning Gets Appointment To FBI Police Academy

Frank Manning

Midland Officer One Of Forty In U.S. To Receive Appointment

Franklin Manning, Midland's Assistant Police Chief, has been appointed to attend the National Police Academy at Washington. The course of training has been announced by officials of the Federal Bureau of Investigation. The City Council has agreed to give Manning a leave of absence from his duties here so that he may attend the school. Manning is one of 40 men in the United States to get the appointment, and possibly the only man, from Texas.

The FBI National Police Academy is a training school primarily for the purpose of training police instructors. The course of training offered in the Academy permits carefully selected representatives of local, county and state agencies to take a course of training in various phases of law enforcement, with special emphasis placed on methods of teaching and organization of police schools.

### Same Training As FBI Men

The National Police Academy continues through 12 weeks in each section, with those attending working from 8 to 12 hours six days per week. A regular staff of full time instructors is maintained for the courses. The staff is made up of instructors who have had actual practical experience in law enforcement work and who have received special training in a wide range of law enforcement duties. The students make full use of the regular facilities of the FBI, including equipment in the Technical Laboratory, Fingerprint Identification Division, the gymnasium, the classrooms, and the ranges. In short, the National Police Academy students receive the same training as the FBI agent. The student in the academy returns to his home town

## Stake Extension Test To Mascho Pool In Andrews

By Frank Gardner Oil Editor

Cross & Johnson, Odessa contracting firm, has staked location for an outpost test, 2,952 feet northeast of Mascho Oil Company of Midland No. 1 Sunoco-University, 178-barrel discovery pumper of the Mascho pool in Southern Andrews County.

The new try is the No. 1 University, 660 feet out of the southwest corner of the northwest quarter of section 23, block 10, University survey, Cities Service Oil Company farm-out to Cross & Johnson the entire northwest quarter of section 23, giving the Odessa firm rights to both deep and shallow production but retaining a one-sixteenth override. Drilling with rotary is scheduled to start immediately.

Skelly Oil Company No. 1-J University, a north offset to the Mascho discovery, is drilling below

(See OIL NEWS, Page 2)

## Avengers To Take Oath 12,326 Men To Enter Navy In Mass Ceremony

WASHINGTON (AP)—Secretary of the Navy Knox declared Saturday night that mass enlistment of 12,326 men in the sea forces Sunday would symbolize "this nation's grim determination to restore peace to the world by administering just punishment to those who have brutally and willfully transgressed all the laws of humanity."

Dubbed "Avengers of Pearl Harbor," the Navy Marine and Coast Guard recruits will be sworn in simultaneously in a radio ceremony at 1:25 p. m.

—Central War time—six months to the minute from the time Japanese bombers launched their raid on Pearl Harbor.

The ceremony will be broadcast by the Columbia Broadcasting System.

### 500 Groups

The recruits will be grouped in 500 recruiting stations throughout the country.

"They will enter the Naval service of their own free will knowing that their task will be hard and their danger great," Knox said. "They will take up arms and gladly fight because of a burning desire to remove forever the stain of a gratuitous insult to this nation's flag. They are splendid Americans all."

"But these avengers of Pearl Harbor are doing far more for us than merely offering their services for their country's cause."

"Their bright spirit will shine as an inspiration for us all to give our own best efforts to attain the common goal of victory. Surely with such an example before us, we will never let these men down."

### Nearly 1,000 Texans will join the Navy Sunday to avenge Pearl Harbor.

There will be a ceremony in Dallas for 208, Amarillo 86, and an unannounced number in ceremonies at Corpus Christi, Beaumont, Austin, Longview, Tyler, Abilene, Lubbock, Sherman, Fort Worth, Big Spring, Wichita Falls, Paris and Waco.

The Texas broadcast will come from Corpus Christi, at 1:25 p. m. Sunday, the hour of the Pearl Harbor attack, exactly six months ago.

## What Goes Up Must Come Down

Soldiers landing in a boat during night maneuvers in New South Wales, Australia were blown into the air as gellignite exploded unexpectedly under their trail craft. A photographer, 20 feet away, snapped this dramatic picture as the men fell earthward from the explosion-made waterspout 80 feet high. The men suffered more from shock than bodily harm even though their boat was destroyed. (NEA Telephoto)

## A Proclamation

Whereas, The United States is at War, and Whereas, The City of Midland annually holds a clean-up campaign, and

Whereas, It is the desire of the citizenship to salvage all useable waste materials, and to that end have combined a clean-up drive with a salvage campaign, therefore, by authority vested in me as mayor of the City of Midland, and in full accord with the known desire of all of our citizens, I therefore PROCLAIM the Week of June 7 — June 13 as

VICTORY CLEAN-UP, FIX-UP, PAINT-UP, FIRE-PREVENTION, SALVAGE WEEK, and, I do urge all citizens to cooperate actively with all committees in all efforts to clean and preserve our properties, and to salvage all metals and other unused but valuable waste to be used by our Nation in the successful prosecution of the war, to the end that our common enemies may be defeated.

Signed, M. C. Ulmer, Mayor of The City of Midland

## Light-Hearted Team-Up With Uncle Sam, When You Go See Rollicky Comedy, 'Three Dots With A Dash'

They're Behind 'Three Dots With A Dash'

Miss Jeanne Madden, Hollywood and Broadway star featured in "Three Dots With A Dash," Army Emergency Relief Fund benefit show to be presented in Midland Monday night by the enlisted men of Sheppard Field, flanked on the left by Mrs. Lewis E. Dayton and Col. H. B. Claggett, post commander. Mrs. Dayton, with Mrs. James Walsh, wrote three of the show's hit tunes. They're wives of Army Colonels.

## Melody, Melo-Drama Has 'Something' Will Bring Real Wallop

There's a convoy of sturdy olive-drab Army trucks rolling along the highways toward Midland. But no military secrecy shrouds their destination, for instead of troops these trucks are loaded with an evening's entertainment—the cast and sets for "Three Dots With A Dash."

A top-flight musical review, "Three Dots With A Dash" was produced entirely by the soldiers of Sheppard Field as their contribution toward the Army Emergency Relief Fund, to which the entire proceeds of the show are consigned.

Said Corp. Bob Sylva, former motion picture director, who is director of the show: "The presentation of 'Three Dots With A Dash' offers a light-hearted opportunity for patriotic civilians to team up with Uncle Sam to relieve the distress of financial worries of those left fatherless or husbandless by the present war."

In addition to the talented soldier-theatians, many of whom were professional entertainers before donning khaki, the 85-member cast features Miss Jeanne Madden, who has won acclaim on the stage, screen and radio, and who starred with Walter Huston in the Broadway success, "Knickerbocker Holiday." There is a colorful chorus of twenty-two lovely young dancing girls.

Built around the story of a pert and pretty young lady who persuades a pair of soldiers to smuggle her into an Army post, "Three Dots With A Dash" will be presented in Midland Monday night by the enlisted men of Sheppard Field, flanked on the left by Mrs. Lewis E. Dayton and Col. H. B. Claggett, post commander. Mrs. Dayton, with Mrs. James Walsh, wrote three of the show's hit tunes. They're wives of Army Colonels. (See THREE DOTS, Page 2)

## Bill Collins Named Vice-President Of State Association

AUSTIN (AP)—The Texas Chamber of Commerce Managers' Association concluded its annual convention here Saturday by elevating Grady Shipp of Longview to the presidency.

The group also urged that special attention be given to problems of a statewide nature which Governor Coke R. Stevenson pointed out as possible dangers from gasoline rationing in Texas.

Other officers chosen were Bill Collins of Midland, vice president; Sid Holliday of Galveston, secretary; Fred Shinkle of Alice, secretary; Fred Sulphur Springs, Oscar Jones of Conroe, Herman Brown of Cleburne, Paul T. Vickers of McAllen and Jerry Debenport of Odessa, directors.

Shipp succeeded Vickers in the presidency.

## Auto Tax Stamps To Go On Sale June 10

WASHINGTON (AP)—The five-dollar Federal automobile tax stamps will go on sale at post-offices and internal revenue collector offices on June 10.

The new stamp will cover the fiscal year beginning July 1 and will replace the existing stamp issued on February 1 and for which owners paid \$2.09.

## Momentous Victory In Making; Savage Blow Greeted Invasion Force

## Sink, Damage 13 To 15 Warships

Nimitz Praises Skill, Devotion Of Men Who Are Avenging Pearl Harbor; Invaders Met A Thousand Miles From Attack Objective

By Walter B. Clausen

PEARL HARBOR, Honolulu (AP)—United States armed forces have sunk or damaged 13 to 15 warships and transports of the repulsed Japanese invasion fleet at Midway Island and "a momentous victory is in the making." These include the sinking of two, and possibly three, aircraft carriers.

Admiral Chester W. Nimitz, Commander-in-Chief of the Pacific Fleet enumerated enemy losses Saturday night in

his third communique on the great and continuing battle in the Pacific.

"Pearl Harbor has now been partially avenged," Admiral Nimitz said.

"Through the skill and devotion to duty of their armed forces of all branches in the Midway area," the communique said, "our citizens can now rejoice that a momentous victory is in the making."

"It was on Sunday just six months ago that the Japanese made their peacetime attack on our fleet and army activities on Oahu. At that time, they created heavy damage, it is true, but their act aroused grim determination of our citizenry to avenge such treachery and it raised not lowered, the morale of our fighting men."

"Pearl Harbor has now been partially avenged. Vengeance will not be complete until Japanese sea power has been reduced to impotence. We have made substantial progress in that direction. Perhaps we will be forgiven if we claim we are about midway to our objective. The battle is not over."

"All returns have not yet been received. It is with full confidence, however, that for this phase of the action the following enemy losses are claimed: Japanese Losses: 'Two or three carriers and all their aircraft destroyed, in addition to one or two carriers badly damaged and most of their aircraft lost; 'Three battleships damaged and at least one badly; 'Four cruisers damaged, two heavily; 'Three transports damaged. 'It is possible that some of these wounded ships will not be able to

(See SEA BATTLE, Page 2)

The Japanese took Malaya, Singapore, the Dutch East Indies, the Philippines, and Burma, and seized Guam and Wake Island, the latter after an heroic resistance by a tiny band of Marines.

Meanwhile, the Navy and Air Forces were taking a terrific toll of Japanese ships, and men—the battle of Macassar Straits, the battle of the Coral Sea, submarine forays, the exploits of the motor-terpedo boats, made the enemy pay heavily.

Military experts say, however, that for the territory which Japan has gained, islands rich in the rubber and oil which she needs for her war making, the enemy losses may not be disproportionate.

## WAR BULLETINS

NEW YORK.—(AP)—The British radio said Saturday night the United States Navy's defeat of the Japanese off Midway "obviously adds up to one of the greatest sea victories of the war. The American forces engaged have earned the gratitude of the world," said the commentator. "We send them congratulations from London."

ALLIED HEADQUARTERS, Australia.—(AP)—An Allied plane has destroyed another Japanese submarine, General MacArthur's headquarters announced Sunday.

CAIRO.—(AP)—The British Eighth Army has wrenched armored superiority from the Germans on the Libyan Desert and with their sky-ruling air force is hammering ceaselessly at the foe in a supreme effort to erase the threat to Suez.

MOSCOW.—(AP)—In a sudden eruption of warfare in the Baltic, Stormovik dive-bombers of the Soviet fleet air arm have sunk 10 German vessels, nine of them transports, in assaults up three convoys and on a Nazi naval base, the Moscow radio announced Saturday night.

## To Save Rubber

If we lived under a dictatorship, dedicated to unflinching efficiency in the conduct of this war, no automobile would be permitted on the streets without specific permission of a transportation control board.

Thus far we have found only one man with pretensions to authority who disputes that an acute emergency exists because of our rubber shortage. He is Elliott E. Simpson, an independent rubber dealer. His views have been given publicity through congressional committees before which he has testified as an expert.

It may be that we are all out of step but Simpson. There may be an average of 500 pounds of scrap rubber per family lying around, awaiting reclamation. The preponderance against Simpson's opinion is so great that we are convinced he is deluded on the subject.

If every insider except Simpson is correct, then our national stock of rubber is not enough to service the military establishments and provide for the transportation of war workers and war goods, and permit civilians to continue driving to the theater, to stores, to the beach, to the golf links and the tennis courts, to ball games, to bridge parties, to their country homes.

Conceding that hard-working men and women require diversion and exercise, we are coming face to face with the necessity of choosing between two evils.

For the relatively limited time we shall need to win the war against the Axis, is recreation or war production the more essential?

The best available figures indicate that if all the tires we have were to be used exclusively for war purposes, they could be stretched far enough to outlast Hitler and Hirohito.

Unfortunately they now are being wasted at the minimum rate of about 45 miles' wear every week in the east, and even faster in the western areas, not affected by gasoline rationing.

A hard-boiled dictatorship would not permit this waste.

Such a dictatorship would take the tires from everybody who does not drive his car for war purposes.

We do not believe such a course will or perhaps should be followed in this democracy. Our restraint is due principally to fear that such a program would be fumbled—that chiselers would chisel while the patriotically cooperative held the bag.

But if rubber continues to be wasted as it is now, even a democracy may be driven to adopt some modification of this plan.

## All Hands On Deck For Victory

Many times queries have come from Midland citizens as to what they can do to help win the war. Each resident now has a definite assignment.

Plans have been completed for Midland's Victory Clean-Up, Paint-Up, Fix-Up, Fire Prevention and Salvage campaign which opens Sunday and continues for a week.

All metals except tin cans and thin sheet metal are wanted. All old household rubber is needed. Gather up your metal, rubber, rags and other salvage material. City trucks will collect the salvage. Proceeds from its sale will go to the city recreation council which operates the Soldier's Center.

In rural districts, the scrap will be concentrated at school houses and county trucks will collect it.

Here is your chance to do something in the drive for victory. Let every citizen do his part.

—Buy War Bonds And Savings Stamps—

## "Three Dots With A Dash"

Cooperating 100 per cent with Midland in its Army Emergency Relief fund campaign, the Army will stage its play, "Three Dots With A Dash"—at the Yucca Theater Monday night.

Soldier written and soldier produced, this play has been and other cities. Following the show, orchestras of Sheppard's other cities. Following the show, orchestras of Sheppard Field and the Midland Army Flying School will provide music for a dance at Hotel Scharbauer. The show ticket admits to both the musical comedy and the dance.

All proceeds go to the Army Emergency Relief fund for distribution among needy dependents of America's fighting men.

If all 1200 tickets are sold, Midland will have obtained its quota for Army Relief. The Army is doing its part to aid Midland. Let's see that every ticket is sold.

—Buy War Bonds And Savings Stamps—

It's always hard for anyone who is crooked to keep a straight face.

Three fishermen stranded off the Florida coast used their shirts for a signal. There are times when it isn't smart to keep your shirt on.

You never know how well off you are until you are not.

A lot of drastic steps will be taken this summer—many of them on the dance floor.

## Hollywood's Wonder Boy!

Acting is only part of Mickey Rooney's life. Not content with being Hollywood's Number One box office star, he's also a song composer, with five published songs to his credit, leads his own band, has a football team, and writes short stories in his spare time... The most versatile performer on the screen... expert at drama, comedy and pathos... In M-G-M's new musical, "Babes on Broadway," which opens at the Yucca today, he not only acts, dances and sings, but impersonates Carmen Miranda, Harry Lauder and Richard Mansfield... Success hasn't changed him one whit... He says his most serious aim in life is to be a film director... That's Mickey Rooney—Hollywood's wonder boy!

## Sea Battle--

(Continued from page 1)

reach their bases. "One of our carriers was hit and some planes were lost. Our personnel casualties were light."

"This is the balance sheet that the Army, Navy and Marine forces in this area offer their country this morning."

In his communique Friday Admiral Nimitz said it was too early to claim a major Japanese disaster. His statement Saturday night that "substantial progress" had been made in the direction of reducing Japanese sea power to "impotence" indicated that the repulse of the powerful enemy task force was fast resolving itself into a disaster for the enemy.

The assault on Midway, regarded here as Japan's first major move to occupy the Hawaiian Islands, crumpled with greater damage and casualties to the troop convoy and battlefleet than the Japanese inflicted in their peace-talk cloaked attack on Pearl Harbor.

The Japanese invasion force, far from surprising the defenders of Midway, was engaged in battle before its advance raiding force could soften the defenses of the tiny westernmost bastion in the Hawaiian group, and before its troopships could come close enough to even attempt a landing.

Just as in the battle of the Coral Sea, this invasion force was hit more than 1,000 miles from its probable ultimate objective—Oahu Island.

On the face of official reports the conflict appears so far to have been a spectacularly and fiercely fought series of engagements with Japanese airmen fighting like savages and machine-gunning American airmen as they floated downward in parachutes or bobbed on the surface of the sea in rubber boats.

Admiral Nimitz gave no indication how the battle was progressing Saturday night.

That the smashing blows dealt by United States forces were regarded in Washington as a complete victory for America was indicated in a message sent to Admiral Nimitz by Admiral Ernest J. King, commander in chief of the United States Fleet. The message read:

"The Navy, Marine Corps and Coast Guard join in admiration for the American Naval, Marine and Army Forces, who have so gallantly and effectively repelled the enemy advance on Midway, and are confident that their comrades in arms will continue to make the enemy realize that war is hell."

## Manning--

(Continued from page 1) to make use of his teaching, while the agents go into service for the FBI.

Manning is Midland boy. Manning is a Midland boy, born at 410 East Kentucky Street 26 years ago. He is a graduate of Midland High, and was a figure in the athletic activities while attending high school. Except for two years when he lived in McCamey, Manning has been in Midland most of his life.

He attended the Randolph Field course in 1937, and joined the Police force here in 1938.

He was motorcycle officer here for three years, and at that time was the only policeman in uniform. He was promoted to captain of traffic early last year, and served as acting Police Chief for the last 4 months in 1941. He was then appointed Assistant Police Chief, the position which he now holds.

Frank is a graduate of high school, of Randolph Field Police Training Course, of the Texas Police Academy at Austin, and has attended numerous civilian defense courses in West Texas. He has now received appointment for a training school which tops the list in the United States—FBI National Police Academy. It is a distinguished appointment, and all Midland is proud to see Manning receive it.

## Advance By Some, Profit Taking In Other Markets

NEW YORK (AP)—Steels, utilities and scattered specialties extended the advance in Saturday's stock market but many leaders were stalled by profit taking.

The Associated Press average of 60 stocks was up .1 of a point at 35.8, its best level since March 5, and on the week showed a net gain of 1.2 points, biggest weekly jump since January. It was the fourth successive daily advance in the composite. The ticker tape loaded frequently in the short session but there was activity enough to lift volume to 192,760 shares, largest for any Saturday since May 9. It compared with 131,630 in the previous Saturday session.

In the losing division were Santa Fe, American Can, Du Pont, Union Carbide, Allied Chemical, United Aircraft, International Harvester, and Montgomery Ward.

## To Re-Form County Rationing Boards

FORT WORTH (AP)—A plan for reorganization of the county rationing board of Texas on a panel by state OPA Director Mark McGee to aid them in handling their added functions of price control and consumer relations.

McGee said each county would have a board consisting of not less than three nor more than 12 members, and that counties of larger population might have several such boards according to geographical needs. The boards will be divided into panels of three members, with each panel handling one phase of the rationing, price control, and consumer relations program.

As an illustration, he said one panel might handle general commodity rationing, a second food rationing, a third price control, and a fourth consumer relations. Matters of policy will be decided by the entire board.

To be known as war price and rationing boards under the expanded setup, each board will be headed by a chairman, doing away with county rationing administrators in counties where they exist.

## Oil News--

(Continued from page 1) 4,080 feet in anhydrite, while Magnolia Petroleum Company No. 1-26 University, an east offset to the pool opener, has passed 4,100 feet in lime.

Humble Oil & Refining Company No. 1 H. O. Sims et al, deepest active test in Andrews, is drilling lime at 6,825 feet. It is in the northwest part of the county and is scheduled to go to 7,500 feet. More than 12 miles farther east, Magnolia No. 2-11-37 E. B. Ralph estate, short northwest outcrop to the Fullerton deep Permian pool, had reached 5,090 feet in lime.

**Martin County Deep Wildcat**  
Magnolia No. 1 Earl B. Powell, Southeastern Martin County wildcat seven and one-half miles north of Stanton, Saturday was drilling at 2,075 feet, reportedly in red beds. Top of anhydrite, if encountered, was not announced. The project is headed for 7,700 feet for a test of deep horizons.

George P. Livermore, Inc. No. 1 J. O. Jones, in the Cedar Lake pool of Northeastern Gaines County, swabbed a rated 292.16 barrels of 29-gravity oil per day following a 96-quart shot in pay zone from 4,775 to 4,800 feet, total depth.

Bruce C. McKague of Midland No. 1 J. H. Goodpasture, Eastern Hockley County wildcat five miles southeast of Levelland and 10 3/4 miles northeast of the Slaughter field, is drilling in salt at 2,580 feet. Anhydrite top has not yet been announced by operator.

In southwestern Hockley, Western States Gasoline Corporation No. 13-A Mallet Land & Cattle Company, Slaughter field well flowed 836.80 barrels of oil, plus 2.2 per cent water, per day after acidizing with 8,500 gallons at 5,021 feet in lime. In the Northwestern Terry County sector of the field, Honolulu Oil Corporation No. 3-4 DeVitt flowed 2,155.76 barrels a day following treatment with 10,000 gallons at 5,035 feet. On the Cochran County side of the Slaughter, Devonian Oil Company No. 20-A-10 Duggan was acidized with 12,500 gallons at 5,016 feet and made 1,667.04 barrels per day.

Perforating 5 1/2-inch casing with 100 shots from 4,715-40 feet, opposite the Cambrian sand, proved fruitless as Skelly Oil Company No. 2 Virginia W. Crockett swabbed dry through tubing, showing neither oil nor water. The well, in the south part of the Apco-Warner pool in Northern Pecos County, now is swabbing out oil load after re-perforating casing with 80 shots from 4,885 to 4,705 feet, opposite the Ellenburger, lower Ordovician, pay zone of the pool. It went out of Ellenburger into Cambrian at 4,719 feet and is bottomed at 4,769 feet in sand and dolomite. Casing is cemented two feet up from total depth.

Five miles west of the Apco-Warner pool, Anderson-Prichard Oil Corporation No. 1 Charlotte Gregg Ogilvie et al has drilled unchanged to 6,540 feet in lime and shale.

An Ordovician wildcat in Southwestern Crane County, Magnolia No. 1 D. K. Glenn, is drilling at 1,275 feet in broken anhydrite, lime and sand.

Amerada Petroleum Corporation No. 1-RF University, in the Barnhart Ellenburger pool of extreme Southeastern Reagan County, is drilling at 8,070 feet in lime and shale. The same company's No. 1-RG University is making hole below 5,449 feet in shale and lime.

In Northwestern Reagan, Argo Oil Corporation No. 1 J. F. Nunn has progressed to 2,815 feet in anhydrite and shale. Farther southeast in Reagan, Rowan Drilling Company No. 1 Duwain E. Hughes is drilling in salt and shells at 1,550 feet.

**Business Women Elect Officers**  
CORPUS CHRISTI (Spl)—Mrs. Florine Carney of Port Arthur was chosen president elect of the State Business and Professional Women's Club Saturday.

Other officers chosen were Dr. Mattie Lloyd Wooten, Denton, first vice president; Mrs. Jane B. Johnson, Dallas, recording secretary; Mrs. Helen Maddux Crockett, San Angelo, corresponding secretary, and Miss Pauline Hatzenbeuler, Tyler, treasurer.

## Three Dots--

(Continued from page 1)

"Dots with a Dash" is a riot of fun and frolic, moving swiftly from one hilarious situation to another.

Tuneful as well as funny, "Three Dots with a Dash" is studded with sure-fire melodies, songs written especially for this soldier-production. All in all, in the words of one critic, "It's a show that has everything."

Following the performance here Monday evening, there will be a dance at the Scharbauer Hotel, with orchestras from Midland Army Flying School and Sheppard Field staging a school of music.

Tickets may be purchased, while they last, at the Hotel Scharbauer cigar stand and at the Chamber of Commerce offices in the Scharbauer Hotel. Every seat in the theater is a reserved seat.

## Personals

Mrs. Dorothy Williams of Douglas, Arizona, and Mrs. Frank Luther Blower of El Paso are guests of Mr. and Mrs. Ed Whitaker.

Mrs. Bill Buck of Fresno, Calif. is here visiting her mother, Mrs. M. J. Allen, and other relatives. She is the former Miss Mittie Lee Allen.

The Rev. Hubert Hopper, pastor of the First Presbyterian Church, will leave Sunday night for Kerrville to attend the synodical conference for young people until June 19.

Mrs. J. L. Greene has gone to Llano to get her son, Jimmie, who is ill with the mumps. He has been visiting in the home of Mr. and Mrs. Chas. Brown. Betty Jo Greene went with her mother.

Miss Georgia Bryant and Miss Bee Ground are spending the weekend in Jal, N. M.

Mrs. L. C. Nieur from Linden, Texas, and Mrs. T. C. Mott of Marshall, Texas, are visiting their sisters, Mrs. G. E. Buffington and Mrs. B. H. Smyers.

Mr. and Mrs. Bill Countiss, Mr. and Mrs. Floyd Countiss, and Mr. and Mrs. King and Miss Alpha Lynn have gone to Balmorhea on a fishing trip.

## Evangelist

Rev. H. L. Walker of Oklahoma arrived Sunday to begin a two-week evangelistic series of sermons at the Assembly of God Church. He will preach daily at 9 P. M. at the church, which is located at 510 South Baird Street. Rev. John Wharton, pastor of the church will assist with the services.

# Yankees And Brooklyn Win By Shutouts, Increase Leads

### Curt Davis Shades Lee In Mound Duel As Bums Edge By Cubs For Win

CHICAGO (AP)—Curt Davis shaded Bill Lee in a tight mound duel Saturday as he pitched the Brooklyn Dodgers to a 2-0 shutout over the Chicago Cubs for his fifth straight victory and his eighth of the season.

With the second and third place teams, St. Louis and New York, bumping into a postponement, the triumph boosted Brooklyn's National League lead to seven games.

Davis, who has lost only once this season, scattered seven hits in compiling his third shutout of the year, while Lee yielded eight blows, three of them in the second inning when the Dodgers pushed over their first run.

The Cubs got a runner to third base in the first, fifth, seventh and eighth innings but never were able to break through the Dodgers defense for a tally.

The Score R H E  
Brooklyn 010 000 010—2 8 0  
Chicago 000 000 000—0 7 0  
Davis and Owen; Lee and McCollough.

### Rip Sewell Hurls Win For Pirates Saturday

PITTSBURGH (AP)—Rip Sewell hurled a three-hitter Saturday to give the Pittsburgh Pirates a 3-1 victory over Philadelphia. The Phils only run was a homer in the fourth by Nick Etten.

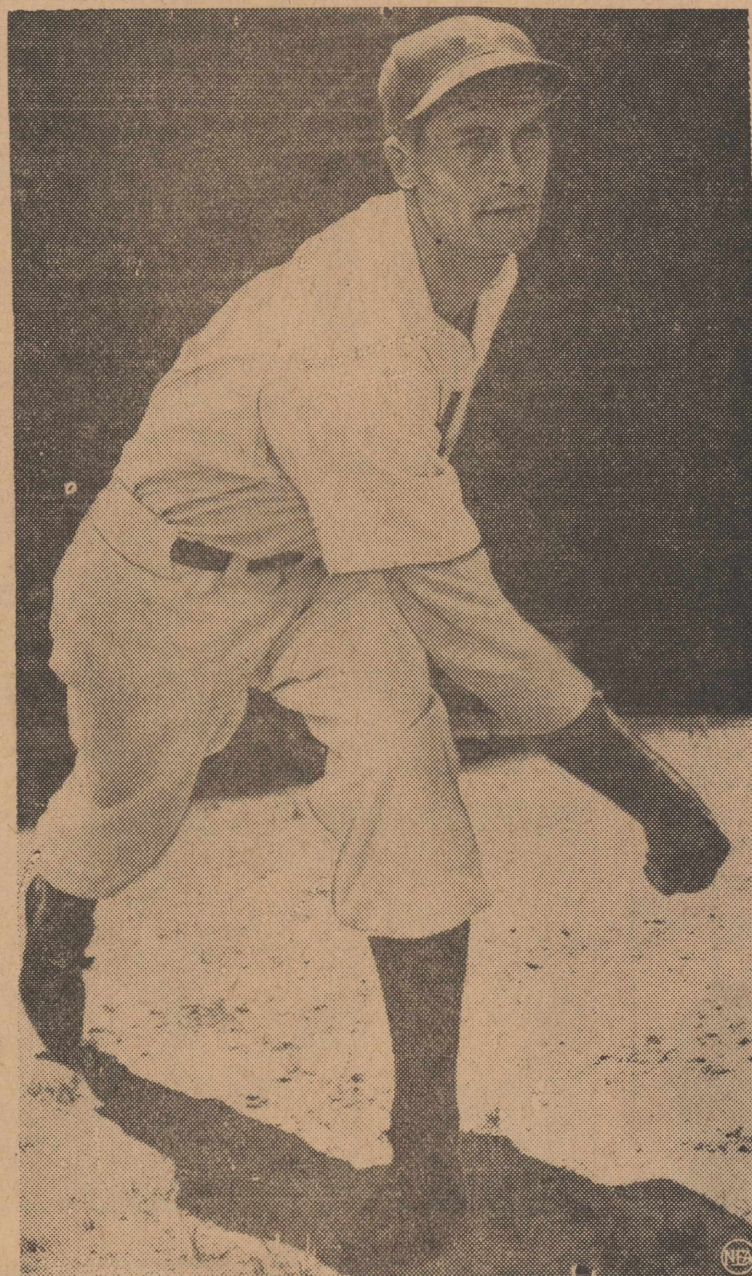

The Score R H E  
Philadelphia 000 000 000—1 3 1  
Pittsburgh 000 210 000—3 8 0

### Three Red Players Hit Homers To Beat Boston

CINCINNATI (AP)—The Cincinnati Reds hammered the Boston Braves with home runs Saturday for their third straight victory in the six-game series, 8 to 2. Bert Hass, Bucky Walters, and Frank McCormick each hit a homer with a man on base.

The Score R H E  
Boston 000 000 000—2 7 0  
Cincinnati 022 002 200—8 11 0  
Tobin and Lombardi; Walters and Lamanno.

### Davis Of The Dodgers

Curt Davis carries a stellar role for the Brooklyn Dodgers in the pitching end of the game. He has won eight and lost seven this season, his latest win a 2 to 0 shutout over the Chicago Cubs.

### Red Ruffing Hangs Up 250th Win As Allows Indians Only 4 Hits

NEW YORK (AP)—Charley (Red) Ruffing, dean of the New York Yankee pitching staff and winner of more games than any other major league hurler, reached the 250 mark Saturday when he tossed a fancy four-hitter at the Cleveland Indians for a 3-0 shutout.

Joe Gordon helped the Yankee righthander become the first active pitcher to win 250 games and boosted his own hitting streak to 22 consecutive contests by driving in all the runs on a first inning double with the bases loaded.

The victory was the sixth of the year against two defeats for Ruffing, who had won 244 games and lost 210 in 18 previous seasons with the Yankees and the Boston Red Sox.

The Score R H E  
Cleveland 000 000 000—0 4 0  
New York 300 000 000—3 8 0  
Dean and Denning; Ruffing and Resan.

### Tigers And Senators Split Double Header

WASHINGTON (AP)—The Washington Senators collected 12 hits to defeat Detroit 11 to 3 Saturday for an even break in a double-header. The Tigers won their first game 9 to 3 behind Tommy Bridges four-hit pitching.

The Score R H E  
Detroit 103 011 021—9 16 1  
Washington 000 102 000—3 4 1  
Bridges and Tebbetts; Zuber Wilson and Early.  
The Score R H E  
Detroit 010 002 000—3 8 4  
Washington 010 132 400—11 12 0  
Manders, Newhouser and Parsons; Hudson, Cathey and Evans.

### New Eddy Strike Shuts Down For Orders At 3,570

HOBBS, N. M.—A new pool opener in Eddy County Saturday was shut down pending orders from operators on method of completion.

The discovery well, Culbertson & Irwin, Inc., Midland, Tex., and Sam Sanders, Artesia, No. 1 H. M. Vandagriff, halted drilling at 3,570 feet in lime. It probably will be shot with nitro. Main pay was encountered in sand from 3,326 to 3,343 feet and hole filled 200 feet with oil the first 12 hours after it was struck. At 3,577 feet the well had 2,200 feet of oil in the hole which was swabbed down, later filling back up at an estimated rate of one barrel per hour. No. 1 Vandagriff is in the center of the southwest quarter of the northeast quarter of section 6-19s-31e, two and one-half miles southwest of the Shugart area.

Russell & Beckham, drilling contractor from McCamey, Tex., are rigging up machine at Culbertson & Irwin and Universal Consolidated Oil Company of Los Angeles No. 1 Hale permit, new wildcat two and one-half miles southwest of the No. 1 Vandagriff. Location is in the center of the southwest quarter of the southeast quarter of section 11-19s-30e.

E. Orcutt and associates' No. 1 Newman-States, Eddy wildcat five miles northwest of Carlsbad and in section 16-21s-26e, temporarily is delayed while fishing for tools at total depth of 753 feet in shale.

In Eddy's Square Lake pool, Sanders Brothers No. 4 Etz, in section 34-16s-30e, gauged natural flow of 215 barrels of oil in 12 hours through a 3/8-inch choke on 2-inch tubing swung at 2,800 feet. It topped main pay in sand at 2,983 feet and is bottomed at 2,984 feet.

Also at Square Lake, Barney Cockburn No. 5 Etz, in section 5-16s-30e, was shot with 100 quarts of nitro from 3,001 to 3,051 feet, total depth, and flowed 125 barrels per day through open 2-inch tubing set at 2,615 feet. It topped oil sand at 2,965 feet.

Two and one-half miles south of Lovington in Lee County, Neville G. Penrose, Fort Worth, will drill No. 1 State, a wildcat test in the center of the southeast quarter of the southeast quarter of section 22-16s-36e.

In the Maljamar pool of western Lea, Maljamar Oil & Gas Corporation No. 9-A Mitchell, section 19-17s-32e, was completed for natural flow of 50 barrels in three hours at a total depth of 3,999 feet in lime.

# Sports Plants

### By Shorty Shelburne

The slant I get on the baseball race in both major leagues is that it will be Brooklyn's Bums against New York's Yankees in the World Series. Just a duplicate of last season—except in the series. The Bums will make it a tighter fit in the series, and out of the hat I pick them to win. Did I hear someone say that I am a little early with my predictions?

Well, chum, you figure it out for yourself. The Yankee's Tiny Bonham is sitting on the flag pole with more wins than anyone thought he would have before the season started—and he is still going strong. Shutouts are nothing new to Bonham. He takes them in stride against the best of opponents. Besides that Bonham is backed by half dozen more hurlers that are topping the list. The Yankees are making a race track out of the American League just as they did last season. Why? They have pitchers, hitters, and fielders—and how.

"Any old bums you want to trade or sell today,"—words from Larry MacPhail. The Dodgers have bought, traded for, and signed any number of baseball players who were considered as has-beens by other managers. That's the reason I pick the Dodgers to repeat this year. They have a seasoned club—boys who really know the game. Durocher is one of the shrewdest managers in the business. He knows how to make 'em play the game for keeps.

I would say that the Dodger pitching staff is slightly weaker than that of the Yankees, but with just a couple of breaks they could win a world championship over the New Yorkers. The Dodgers have plenty of hitting power, and, after all, boys, that's what brings the runs in.

Yeah, it looks like the scene of the World Series will not change this year—just be staged in the same places it was last season.

### Pro Football Angle

The Pittsburgh Steelers of the National Football League are working on a scheme to keep the boys in suits next fall.

"Our plan," explains owner Art Rooney and coach Bert Bell, "is to have most of our players take jobs in defense industries around here and practice and play football for us until such time as they are drafted or enlist. Some scheme will have to be worked out of course, for taking time out for the team's games away from home. That's the first idea that has been released on the football situation, but there are bound to be many more before long. Football is going to take the rap from Class B through professional during the next season. Most high schools don't make enough money out of the game to charter buses or hide trains, and it is out of the question to use school buses in most places. Class AA football will probably make the grade—but I sort of feel sorry for B Class teams.

It's Charley, not George, who does things around the Michigan State Athletic establishment. Athletic Director Ralph H. Young pinned a note on the department mail box. It read, "Charley, spe me." Young figured it would bring Coach Charley Bachman of the football squad. Before Bachman arrived, Charley McCaffree of the swimming team, Charley Schmitter—fencing tutor, and Charley Ball, coach of the tennis squad, appeared to inquire what was wanted.

### Just To Be Different—Good Though

Baseball players, ordinarily the most superstitious of athletes, apparently have no qualms about the number 13. Four National League pitchers wouldn't allow any other numerals on their uniforms. Kirby Higbe of the Dodgers won 22 games last season dressed that way. Mort Cooper of St. Louis, Claude Passeau of Chicago and Luke Hamlin of Pittsburgh are other members of the 13 club. . . . Big Spring of the West Texas-New Mexico League needs to outfit its entire club with number 13s. They are still having tough luck. Headline recently in the Big Spring newspaper: "Big Spring Still In Groove." The score was Clovis 8, Big Spring 1. I guess you get just as accustomed to losing as you do to winning.

### Gafford Leads In Hale America Go

DALLAS (AP)—A blazing putter melted par on the Brook Hollow course for Raymond Gafford Saturday as the tall, bronzed Fort Worth professional set the pace in the first 18 holes of the sectional Hale America qualifying with a two-under 68.

Gafford was sinking them with reckless abandon, showing two for 20 feet each, one for 18, a couple of twelves and a six-footer as he registered five birdies, going out with a 35 and rolling home with a 33.

Ralph Morgen, Tyler professional, and youthful Tyrell Garth, Beaumont amateur, were next in line as 20 golfers battled for the three qualifying places from this section.

Morgan registered a 72 and Garth had a 73. George Scott of Odessa shot an 81.

They will play 36 holes Sunday to determine the trio to play at Chicago June 18-21.

### Beaumont Has Good Reason To Lead In Texas League Race

DALLAS (AP)—It requires only a cursory glance at the averages to see why Beaumont's Exporters are away out in front in the Texas League race.

They are tops in batting with a team average of .282, they have four players—Walter Evers, Dick Wakefield, Anse Moore and John Lipon—among the 300 hitters, J. P. Wood and Evers lead in runs, Evers and Wakefield in hits, Bill McClaren in doubles and Stub Overmire and Clarence Gann in pitching.

Averages through June 3, released Saturday by the Texas Statistical Bureau, show Evers as the top league batter with .383, five points ahead of Henry Ballinger of Shreveport, while Wakefield is third with .364.

In pitching Joe Berry of Tulsa has the best percentage record—7 victories and 1 defeat. But Overmire has won the most games—9 while losing 3, and Gann has won 8 while dropping two.

### White Sox Take Red Sox By 3 To 1 Score

BOSTON (AP)—The Chicago White Sox defeated the Boston Red Sox 3 to 1 Saturday behind the four-hit pitching of Orval Grove, who was found for a single, double, triple and home run. Don DiMaggio poked his fifth homer of the season as lead-off man in the first inning.

The Score R H E  
Boston 002 000 100—3 10 0  
Chicago 100 000 000—1 4 1  
Grove and Tresh; Hughson, Butland and Conroy.

### Lowly Athletics Stop St. Louis In 6-5 Tilt

PHILADELPHIA (AP)—Knocking Eldon Auker and Lloyd Hamling out of the box, the Philadelphia Athletics defeated St. Louis, 6-5 Saturday, avenging their 1-0 loss to the Browns in a 16-inning encounter Friday night.

The Score R H E  
St. Louis 000 100 400—5 13 0  
Philadelphia 022 200 000—6 13 1  
Auker, Hamling, Biscan and Hayes; Wolff, Besse and Wagner.

### ESCAPE FROM GLUE WORKS

BOSTON (UP)—When Fred S. Cullen, a San Diego, Cal., aircraft worker, died he left three acres of land in Deerfield, N. H., complete with home, barn, shed and furnishings to the Animal Rescue League of Boston to be used as a rest home for aged horses.

# Alsab Is 'Shut Out' Relief Fund Enriched

### Son Of Equipoise Wins "Second Big One" In A Breeze

NEW YORK (AP)—Equipoise's Chocolate Baby, stretch-running Shut Out, put a strangle hold on the championship of the three-year olds Saturday by adding the ancient Belmont stakes to his Kentucky Derby triumph—and once more making Alsab "holler uncle".

Topping off a Belmont Park program from which War Relief benefited by an estimated \$125,000, Ekky's sturdy son poked his way in front a half a mile from home and let Al Sabbath's Chicago hope chase him all the way to the judges by three lengths.

He had fun, under a smashing, heady ride by wise Eddie Arcaro, because Alsab was a 2 to 5 shot in this one and all but a few of the crowd of 29,812 customers figured "The Sab" had it at his mercy.

A \$9-to-\$2 shot Mrs. Payne Whitney's colt was caught in the good time of 2:29 1/5, only four-fifths off the track record in picking up a \$44,520 pay-check for this third jewel of the triple crown and, with his Derby "salary," Shut Out boosted his bankroll for a year-and-a-half of racing to \$136,197.50.

State Racing Commission Chairman Herbert Bayard Swope estimated that the United Service Organization would get \$125,000. Since nearby Jamaica race track had pledged to match Belmont's contribution, it looked like quite a "bundle".

Except for Alsab and Shut Out, any resemblance between the others in the Belmont field and top-flight stake horses was purely coincidental. J. M. Roebing's Lochinvar came up third, five lengths back of Alsab and eight in front of William Woodward's Trierarch. The latter was trailed home by Walter Chrysler's Ramilles. H. L. Lunger's Half Crown and Mrs. F. Ambrose Clark's Top Milk.

the needed 260th point by converting 100 Rating Points.  
Sitting North in today's hand, Dr. Ecker certainly had to take his life in his hands to make the contract. The opening lead was spades. Ecker began to cash his diamonds, but discovered at once that West held a stopper. How could the contract be made? Even if the clubs were solid, dummy would have two losers. Ecker decided that he would have to trust to the queen of clubs to drop in two leads. He boldly cashed his third top diamond, discarding the seven of spades. Then he led a heart and finessed the queen. Had the finesse lost, the defenders could have picked up the queen of spades and cashed their whole suit, besides the diamond jack. But happily the finesse won, the club queen dropped, and dummy lost merely the queen of spades on the thirteenth trick.

## State 4-H Club Agent To Speak Here June 10

Assistant State 4-H Club Agent, J. W. Potts, will speak at a meeting in the Midland County court room June 10 at 9 p. m. It has been announced by County Agent Ira O. Sturkie.

It is urged that all 4-H Club and Future Farmer Club boys and farmers and ranchers attend the meeting.

## Two Piece Frock

8193

We predict a busy season for this young two piece frock—will look well in suburbs, it will serve for summertime travel and will be a boon for city life! Tunic top has soft, roll-back collar gracefully pointed, is a flattering length and carries a pair of smart pockets. The skirt is young with its pleats across the front and back. Grand for washable cottons such as seersucker, pique or poplin. A good style, too, for dark linens.

Pattern No. 8193 is in sizes 12, 13, 14, 15, 16, 18 and 20. Size 14, with short sleeves and requires 3 1/4 yards 36-inch material.

For this attractive pattern, send 15c in coin, your name, address, pattern number and size to The Reporter-Telegram and The Reporter-Telegram's Pattern Service, 211 W Wacker Drive, Chicago.

It is easy to find all the styles you would like to sew for yourself and all your family—sitting comfortably at home, looking at the smart summer edition of the Fashion Book. All sizes from 1 to 52 are represented in the variety of styles this catalogue shows.

Pattern 15c, Pattern Book 15c, One Pattern and Pattern Book, ordered together 25c. Enclose 1c postage for each pattern.

## New Hours For Ration Board Here Announced

Office hours for the Midland County Rationing Board effective at present are as follows: 10:00 a. m. to 12:00 noon Monday through Saturday, 3:00 p. m. to 5:00 p. m. Monday through Friday. Applications for automobiles, tires, tubes, and retrofits will be accepted for every day at the above hours. For emergencies at other hours call G. M. Shelton, chairman of the Midland County Rationing Board, at number 1065.

Applications for War Ration Book One, and for sugar for home canning will be taken on Wednesday, Thursday and Friday only. The office will be closed on Saturday afternoon.

## All-Time Building Record For Texas;

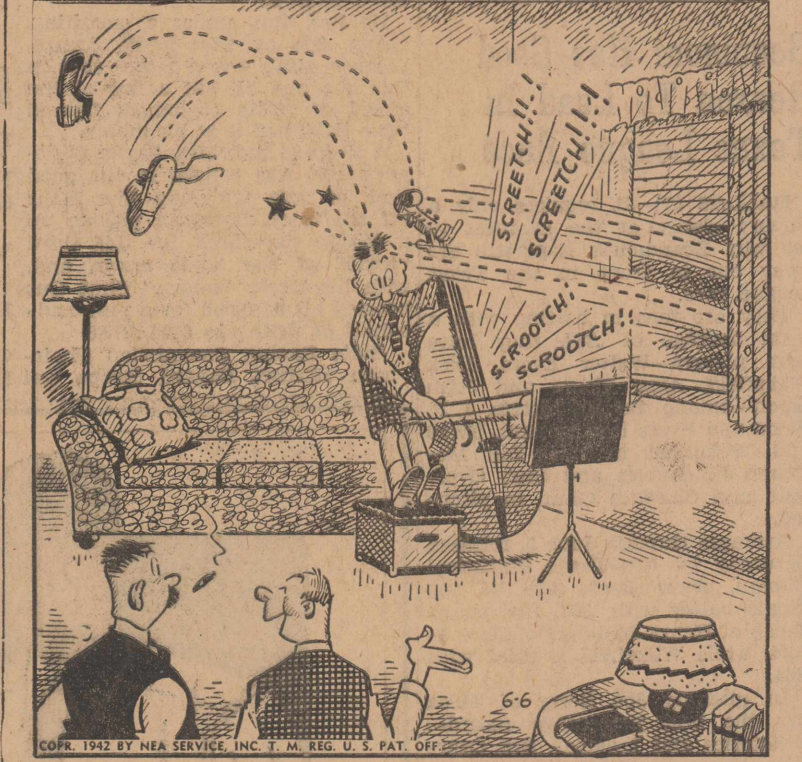

By The Associated Press  
Texas Construction set Saturday that Texas construction set an all-time record in May with \$78,741,556 in building permits issued, of which \$66,766,000 was of a conserved military type of work.

Galveston led all Texas cities in permits issued during the week, with a total of \$102,052, while Corpus Christi ranked second with a total of \$86,845. In third place was Dallas, with \$53,725.

Cities Reporting WEEK YEAR  
Galveston \$102,052 \$1,710,817  
Corpus Christi 86,845 3,563,795  
Dallas 53,725 4,270,256  
Fort Worth 52,738 5,529,902  
Houston 21,000 10,439,305

There was a total of 8,565,000 head of cattle on Canadian farms on the first of June, 1940.

# MAFS--Prop Wash

A stirring flight went out from Midland Army Flying School last week to the 2,000 bombardiers of the RAF for their part in the "greatest air raids in history," the blitzing of Cologne and Essen. In an order of the day last Tuesday, Brigadier General Isiah Davies declared:

"Let us take new inspiration from their brave and effective aerial raids in the hope that soon we may truly be brothers in arms in the fullest meaning of the word."

Another bright magazine article on the largest bombardier college in the world was born here last week. This time it's Esquire, which sent down one of its crack feature writers, Robert W. Marks, to tell the world about MAFS. "And I'm telling it," he said after a two-day survey on ground and in the air, "that it's the bombardiers who have the weight of victory on their shoulders."

Promotions left an unusually heavy trail of smoke--cigar smoke--at the field. Sports and furloughs were other matters that kept the boys busy--in addition, of course, to routine duties.

**97th Material Squadron**  
Bond sales in the squadron are going higher and higher after getting off to a slow start, according to Pfc. Harold Denis who is handling sales.

Captain Allen M. Floyd, Squadron Commander, is well pleased with the rapid increase in the number of men buying bonds in the past few weeks. The Captain said there are enough for everyone and hopes that more will enter into the fold as bond holders.

The squadron now ranks third on the field in number of bonds sold with well over the \$2,000 mark. We salute these men who are now on the honor roll of bond sales and hope more will soon make the honor roll list.

Let's put our squadron on top. It's All Out on the Offense, Fellows.

lows. Come on, Let's Go! More Bonds, More Planes and More Victories. Why Wait? Buy Your Bonds Today!

Sergeant Wendell Jones is now wearing his First Sergeant stripes, but the box of cigars has not appeared yet. Flash--Word has just reached us that Sgt. Jones has just bought the cigars.

Corporal Leon Belkin has decided to give up bowling, at least for a while. He can't seem to win when he gives forty pins before the game starts.

Corporal Daniel Corrigan is happy now that his subordinates do not outrank him.

**493rd School Squadron**  
Baseball Brew: Orchids to Lt. Francis J. Moore, who attends every game to see our boys play ball. The 493rd team is still fighting for the League lead, and are determined to cop the championship. Last week our sluggers went to town with home run homers going to Sgt. Nicholson, Sgt. Ara, Sgt. White, Sgt. Haplin, Corp. McCreary and Pvt. "Double H. R." Yurkowsky. Nor can we forget S/Sgt. Swan and Pvt. McCann whose consistently excellent pitching has enabled us to reach the top. Pvt. Joe "Flash" Nidowicz reached his peak in the game with the Medicos last week by coming up with 13 perfect assists from the "hot corner," and then clouting in two runs to call it a day.

Sgt. Cherry, our dapper and versatile manager, extends an open challenge to any baseball team in Midland. Come on, you Midland Men!

**Typists:**  
Pvt. John Valentino--New Jersey with a Texas droll. Corp. "Zeke" Shaw--All wings and no rudder. Pfc "Supply" Schmidt--Hollywood in Midland. Sgt. Owen Scott--a S. W. Texas sandstorm dressed up.

Pvt. "Jackson" Vescei--All wind surrounded by nothing. Corp. Hal Reichardt--Downwind Jackson. Sgt. Bob Woodridge--a whip cracker with a long whip.

**Famous Remarks:**  
Pvt. Frank Briggs--"Got 2 nickels for a dime?" S. Sgt. Roman Pedrazine--"I'm next on the ping pong table." Pvt. Ralph Venerable--"Hello Goodbuddy." T. Sgt. Arthur Dula--"Don't slam that door!" Pvt. Joe Mayes--"!!!" "S&!!!"

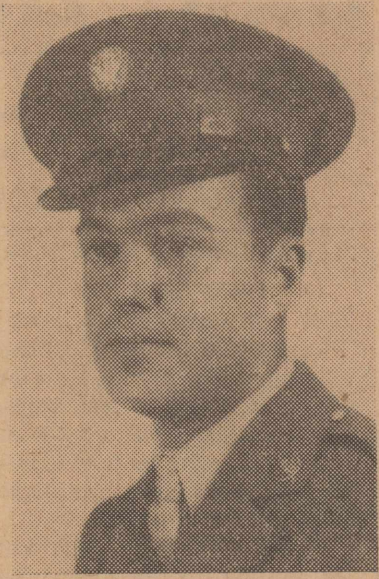

Did You Know That--

Corp. Ralph Boys, Pvt. Sol Schwartz and Pvt. Pete "Yurky" Yurkowsky are now Midlanders? Pvt. Harry Soloway is still "sweating it out" in the Day Room? S. Sgt. Earl Pate is bowling 172 and getting better? Sgt. Bill Osborn thinks sex is something that comes after five?

Help! Help! The 493rd is now organizing a Cowboy Band and urgently needs a mandolin or banjo-mandolin, as well as an harmonica in the key of C or G. If you have one for loan or sale please contact First Sgt. Ray Lips of this squadron.

Smoke clouds gathered around our Squadron area as thousands of cigars were distributed by the newly promoted Sergeants and Corporals, too numerous to list here. More clouds are predicted soon.

## Is Promoted

Corporal J. E. Turner, 33, of the 348 Materiel Squadron, 23rd Air Base Group, Airport No. 2, at Lake Land, Florida has been promoted to the rank of Sergeant. Sgt. Turner, son of Mrs. J. E. Turner of Midland, has been in the service four and a half months.

Keep pitching men!

Det. 852nd. Ordnance Service Co.

Various Officer Candidate Schools have heavily raided our ranks this week as Corp. Henry W. Niskanen, Sgt. (T) Walter F. Bakolan and Corp. Francis X. Kenny were ordered to the Ordnance Officer Candidate School at Aberdeen Proving Ground, Maryland. In addition, Sgt. (T) James M. Kalbach, Jr., better known as "Chicken Face," left Thursday on twelve hours notice for the Chemical Warfare Officer's School at Edgewood Arsenal, Maryland. This rush order very neatly lifted out of his hands a three day MORE 6 . 6 . 6 . 6 . 6 . 6 pass which was due the date of his departure . . . However, Kalbach had no comment to make in this regard--he was too busy getting ready to leave . . . As an outfit we congratulate these four men and wish them the best of luck in their new work.

Sgt. (T) Leonard E. Harmon added by his "yard gang" for the preparation of the detachment area are planting of grass . . . A welcome sight indeed, as in addition to further beautification, the grass will keep some of the Texas top soil from settling on our beds each time a breeze blows . . . There is a question about the cooks of our Mess Hall are not content merely with scrambling our breakfast eggs, but must in addition strangle and mutilate each egg beyond recognition . . . Sgt. Walter M. Heymann of the Ordnance Office finally donned his khaki uniform--quite a shock indeed as he is usually seen in fatigues only . . . going formal now, Sgt?

Missed this week was Lt. John W. Linsley who spent a few days in the Station Hospital . . . "glad to see you back, sir" . . . Among those on leave: Lt. Walter L. Wheaton, Range Officer, who is visiting his home in Lamont, Iowa . . . Corp (T) Frank Beltran "artiste excellent" who just has to see Los Angeles and his Hollywood girl friends . . . Incidentally a detailed report is requested on your findings, Frank . . . A quick recovery is wished for the mother of Pvt. Harlan Garrett, who was called home this week to Manchester, Ohio . . . Sgt. Frank M. Schobert had a special reason to hurry to Grand Ridge, Illinois, as it is rumored he has a strong belief in that old myth that two can live as cheaply as one . . . We are wondering . . .

Sgt. (T) Albert C. Sloan also is on furlough visit to Fort Worth . . . Soon furlough-bound will be 1st Sgt. Joseph Motylinski who will visit New York City and Jersey City, better known as "Hague Town," New Jersey . . . that visit to N. Y. C. sound particularly interesting and it may produce some excellent candid shots as Sgt. Motylinski is very good indeed with his camera . . . The organization was this week recipient of a silver trophy award-

## EFFECTIVE MONDAY, JUNE 8th

### TWO DELIVERIES DAILY

11:30 A . M. 5:30 P . M.

And due to the fact that many of you overlooked the regulation of

#### LOCAL DELIVERIES

May we remind you that the Office of Defense Transportation issued an order curtailing merchants deliveries in this respect:

#### MERCHANTS CANNOT

Make any special deliveries, except to hospitals and the Armed Forces of the United States.

#### MERCHANTS CANNOT

Make any call backs in case the delivery could not be effected on the first attempt.

#### MERCHANTS CANNOT

Make more than one delivery a day to any one person.

We trust that the above is self-explanatory in it's brevity, and as a means of conserving transportation facilities and equipment, our valued customers will be happy to co-operate in this emergency to keep America . . . Keeping on.

(Dunlap's Successors)

# KENWOOD BLANKETS

10.50 to 13.50

1942 Blankets at 1941 Prices

They're Limited! Buy Several!

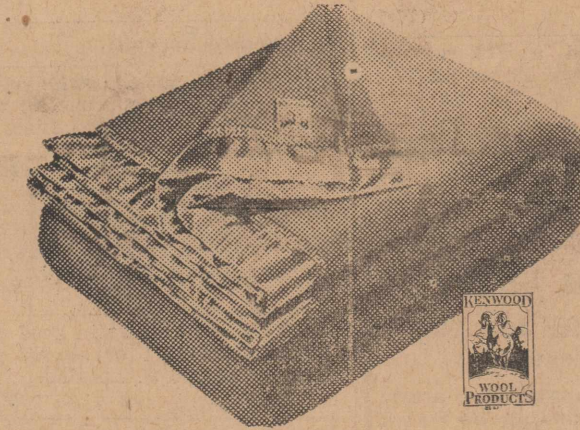

Kenwood Mills has delivered our quota of their famous all wool blankets at an early date. We were forced to take them now or not at all. At this early date you may choose from only sixty six blankets at last years prices and it would be wise for you to select your winter needs now as we will be unable to get any more of these this year.

## KENWOOD "ARONDAC"

Here's sensational news for those who know blanket values. Kenwood has made its popular Arondac better than ever, yet the price is the same as last year. A new binding of rayon satin ribbon with a striping in diagonal weave. A beautiful, big, warm blanket that affords real sleeping comfort. Size 72 x 84. Only 20 to offer.

\$10.50

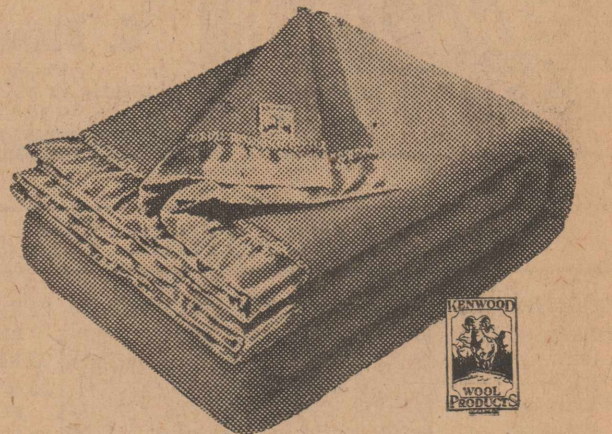

## KENWOOD "STANDARD"

Long a prominent member of the Kenwood Blanket family, the Standard is one of the blankets on which Kenwood's reputation for quality and sleeping comfort has been built. It's long, thick nap and supple, pliant weave are as characteristic of Kenwood as the label itself. Size 72x84. Only 20 to offer.

\$13.50

## KENWOOD "FAMOUS"

Famous for its beauty, its warmth, its years of satisfying service, this is the finest blanket under the Kenwood label. Selected long-fibred wools make possible a deep, soft, fluffy nap that provides luxurious warmth, and skillful weaving gives the Famous a warmth without weight. Size 72x90. Only 38 to offer.

\$16.50

## PURREY BLANKETS

Purrey Blankets by Nashua are 6 ft. wide and 7 1/2 ft. long made purely of Purrey rayon and wool, scientific tests prove them to be warmer than many brands of blankets selling at twice their price. They are treated to prevent moth damage and available in colors of: Mayflower, Yellow, Peach, Blue, old Rose, Dusty Rose, Green and Opalesse. Also Opalesse with all the above color trims. Size 6ft.x7 1/2ft. Only 68 to offer.

\$6.45

### RECOMMENDED AS BOY'S CAMP PHYSICIAN

Barney Grafa, Jr., son of Mr. and Mrs. B. G. Grafa of Midland and now a senior in the Baylor School of Medicine at Dallas, has been recommended by Dean Moursund of Baylor to serve as doctor for several hundred boys at Camp Crockett near Grandbury, Texas, this summer. The camp will be in session until August 1.

### BOY SCOUT EXECUTIVE TRANSFERRED EAST

Stanley Mate, Boy Scout field executive of Howard, Martin, and Midland counties for about three years, has been promoted and transferred to Winchester, Virginia, where he will be in charge of the Boy Scouts.

### Vacation Bible School To End Friday

The vacation Bible school now in progress at North Ward will close Friday of this week with exhibits on display Thursday morning. The public is invited to see the display.

Woodworth will be done this week with Mrs. Felix Stonehocker and Mrs. J. H. Bartley instructing.

On Friday George Gibson lectured and showed pictures on Egypt. Intermediates visited the Catholic Church.

### Miss Pattison And Sergeant Seybold Are Married Here

Sergeant Lyle A. Seybold of Midland Army Flying School and Miss Percelene R. Pattison were married at the parsonage of the First Christian Church, Saturday evening.

The Rev. John E. Pickering officiated at the ceremony which was attended by a few friends of the couple.

The bride is a graduate of Midland High School.

### Increase In Oil Stocks Past Week

WASHINGTON (AP)—The Bureau of Mines reported this weekend stocks of domestic and foreign crude petroleum at the close of the week ended May 30 totaled 255,023,000 barrels, a net increase of 1,600,000 barrels compared with the previous week. Stocks of domestic oil increased 1,578,000 barrels for the week and foreign crude increased 22,000 barrels.

Daily average production for the week was 3,877,000 barrels or an increase of 278,000 barrels compared with the previous week's level. Runs of stills average 3,522,000 barrels daily, compared with 3,393,000 barrels for the preceding week.

Stocks of crude petroleum and change from the previous week (in thousands of barrels) included:

Grade	May 30	May 23
Arkansas	3,078	Dec 12
Kansas	8,078	Dec 114
N. Louisiana	4,754	Dec 347
G. C. Louisiana	8,900	Dec 313
New Mexico	6,870	Dec 309
Oklahoma	48,390	Dec 235
East Texas	23,443	Dec 1,254
West Texas	23,453	Dec 208
G. C. Texas	26,453	Dec 669
Other Texas	24,176	Dec 948

## Miss Marguerite Bivens, Bride-Elect Of J. H. Fine, Complimented At Party Given In Home Of Mrs. Ralph Guyger

Members Of Sorority Present Gifts At "Daisy Party"

Miss Marguerite Bivens, daughter of Mrs. S. P. Park, whose marriage to J. H. Fine, son of Mrs. Sallie Fine, will take place June 14, was complimented with a "daisy party" for which Mrs. Ralph Guyger was hostess at her home, 1411 W. College, Friday evening.

Wee flower pots shrouded in green paper and containing miniature bouquets of daisies, phlox, and larkspur used singly and in clusters as "pot plants" lent a novel and effective note to house decorations. Bowls of yellow and white daisies, larkspurs and other blossoms were also employed at vantage points.

Mrs. M. D. Johnson, Jr., read a poem about the bride. After games had been played, Mrs. Guyger read fortunes for some of the guests including the bride-to-be. She was told to investigate a huge yellow daisy whose petals concealed gifts of silver from the members of Beta Sigma Phi sorority of which she is past president and an active member.

The daisy theme was repeated on the party plate with its mints in daisy form.

Invitations in the shape of a daisy were issued to: The honoree, Misses Maedele Roberts, Alma

## Mrs. Virginia Jeffers Becomes Bride Of Sergeant Irwin G. Peterson

Mrs. Virginia Jeffers of Midland Army Flying School were married quietly at Monahans on Tuesday, June 2.

Mrs. Peterson has lived in Midland for several years and is proprietor of Virginia's Novelty Shop.

## Service League To Join Cookie Corps

Sewing on summer layettes was done by members of the Children's Service League meeting with Mrs. Robert S. Dewey, 1210 W. College, Friday afternoon. The group also voted to have three sets of tonsils removed and to join the Midland County Cookie Corps.

Present were: Mmes. Burton Atkinson, R. L. Blunden, John M. Hills, Cooper Hyde, T. S. Jones, Vaughn Maley, the hostess and her sister, Miss Miggs Corbett of Phoenix, Arizona.

Heard, Dorothy Newbery, Wilma Ruth Holman, Roselle Girard, Mmes. Tom Potter, Jimmy Walker, John A. Porter, Cecil Waldrep, T. S. Stringer, Mmes. Johnson, S. R. McKinney, Jr., Riley Parr, Frances Stallworth, L. C. Link, Foy Proctor, S. P. Park, Sallie Fine and W. I. Pratt.

## Senior League Has Picnic At N. G. Oates Home

The Methodist Senior League had a picnic in the yard of the N. G. Oates home, 610 N. Main, Friday evening.

Wiensers were roasted at the fireplace and served with accompaniments. Games were played and recorded music was a feature of the evening.

Present were: Miss Frances Gurfey, Miss Cherry Newsom, Miss Carolyn Oates, Bob Phelps, Miss Louise Ward, Al Enlow, Miss Nita Johnson, Bob Barrow, Mr. and Mrs. Van Ed Watson, Miss Marian Newton, Harold Wagner, Mrs. Beth Prothro, Ivan McKinster, Mr. and Mrs. Jack Keene, Miss Ruth Thompson, Doyle Bynum, Miss Colleen Oates, Eddie Cook, Miss Alberta Smith, Mrs. Johnny Carter, Gordon Watson, Tatchel Smith, Miss Virginia Guffey of Texon, Paul Bowman, Ed Domreis, Grant Vaughan, W. G. Hanks, Miss Jayne Tidmore, Clyde Nickle, Red Swinford, Dub Brown, Joe Barber, Billy Bob King, Mr. and Mrs. Horace Newton, Mr. and Mrs. Noel G. Oates.

## Seventeen Attend Weekly Story Hour

Five stories were told by Mrs. O. J. Hubbard at the weekly Story Hour in the children's library at the courthouse, Saturday morning.

Seventeen boys and girls were present including: Adell Blackman, Ann Wells, Elizabeth Ann Galligan, Doris Britton, Cecil Ray Wells, Patsy Lou Tisdale, Jackie D. Tisdale, Sue Johnson, Russell Howard, Orman J. Hubbard, Jimmy Madison, Edward Clifton Madison, John Blackman, Allen McCree, Nancy Booth, John Clifford Wilcox and Dorothy Ann Berry.

## Goodlooking Wartime Styles

Even utility dresses must be smart in England these days. The above models are creations of the royal dressmaker, Norman Hartnell. The one at the left is called, "Dad's Girl," and the other, "Horn Pipe."

## Coffee Courtesy For Mrs. Hill, Recent Bride

Honoring Mrs. J. E. Hill, Jr., Mrs. J. E. Hill, Sr., and her daughter, Mrs. W. M. Collie, were hostesses for a coffee at the Hill home, 1208 W. Illinois, Friday morning from 10 o'clock until 11. Mrs. Hill, Jr., is the former Miss Jo Beth Fudge whose marriage to Mr. Hill took place May 30 in Oklahoma City.

Garden flowers, with white predominant, were used in house decorations.

White Regal lilies and blue salvia were on the coffee table where Mrs. N. W. Abighan poured for guests. About 50 women called.

## Mrs. Googins Is Hostess To Luncheon At Club

Mrs. David Googins was hostess for the weekly luncheon of the Women's Golf Association at the Country Club, Friday.

Members and guests attending were: Mmes. Phil Yeckel, John House, Dan Hudson, Left Olson, Smith, S. P. Hazlip, M. G. Ulmer, O. B. Holt, John Cornwall, H. S. Forgeron, A. B. Cather, James H. Chapple, Essie Stafford, Bob Woods, Curt Inman, R. C. Tucker, Fay Cowden, Wright Cowden, Googins, J. M. Armstrong, Foster Scheimpf, Keen, Cary P. Butcher, Harris Eastham, and Miss Lula Elkin.

Mrs. House won the door prize in the afternoon's games. Mrs. R. H. Henderson will be hostess to next Friday's luncheon.

## Cap Rock Directors Honored At Barbecue At Stanton City Park

STANTON (Sp.)—O. B. Bryan, superintendent of the Cap Rock Electric Cooperative, Inc., gave a chicken barbecue Thursday night at the city park to which the directors and their families of the Co-op were invited. Those present were: Judge and Mrs. James T. Brooks, Big Spring; Mr. and Mrs. Cantrell, Big Spring; Miss Arah Phillips, Big Spring; Mr. and Mrs. Lee Castle, Knott; Mr. and Mrs. O. B. Bryan and children; Mr. and Mrs. Maurice Kaderli, Mr. and Mrs. Wiley Clements, Mr. and Mrs. French Gray, Mr. and Mrs. J. D. McCress and daughter, Kathlene, Owen Ingram, Mr. and Mrs. Riggs Shepperd, Merkel.

Shepperd was the secretary of the Cap Rock Electric Cooperative, Inc., when the line was first inaugurated, retaining that position up to last year when he was made superintendent of the REA line in the Merkel section of Taylor County.

## Federation Honors Newcomers At Coffee

Kilowatt Cane

Boon for blackout-bothered pedestrians is this plastic, illuminated cane. Loreta Hynes, Chicago model, shows the unbreakable walking stick, also useful as a club.

## Large Attendance Reported At Affair At Soldiers Center

In courtesy to women who are newcomers to Midland, the City-County Federation entertained with a "get acquainted coffee" at the Soldiers Center, 213 N. Main, Friday morning from 9:30 o'clock until 11:30. About 200 women attended.

Roses, larkspur and gailias decorated the hall.

Mrs. Hal C. Peck, president of the Federation, greeted guests at the door.

Mrs. O. J. Hubbard, first vice president, Mrs. Louis Thomas, second vice president, Mrs. Geo. Kidd, secretary, and Mrs. Fred Fuhrman, treasurer of the Federation, were in the houseparty along with presidents of various Federated Clubs and department chairwomen.

The refreshment table was laid with a Venetian pattern cloth with a floral arrangement of larkspur and roses in a silver container.

Pouring were: Mrs. James H. Goodman, Mrs. Geo. Vannaman, Mrs. C. L. Chase, Mrs. Roy Parks, and Mrs. John B. Mills.

Mrs. Frank Miller presented piano selections during the calling hours.

Mrs. Clara Hood Rugel, supervisor of the center, was present and showed visitors the kitchen and other features provided for entertainment and convenience of the soldiers.

"We feel it really was worthwhile to have so many women attend," Mrs. Peck said in discussing the coffee.

## Storage Of Food Studied By Club

The storage of food was the subject of study at the meeting of the Cotton Flat Home Demonstration Club at the home of Mrs. Bill Countiss, Thursday afternoon.

Mrs. Johnie Graham told how to construct a dry cellar.

Miss Alpha Lynn gave a demonstration on canning pineapple and pineapple juice, using Karo syrup.

Mrs. Ray Byerley was in charge of recreation.

Refreshments were served to: Mmes. Floyd Countiss, Sr., Byerley, Roy Collins, O. D. Bevel, Graham, Floyd Countiss, Jr., Jeff King, Miss Lynn, and the hostess.

The club will hold its next regular meeting June 18 at the courthouse in Midland.

## IN CHARGE OF DEVOTIONAL

Calvary Baptist Church will be in charge of devotional services over KRLH at 8:15 o'clock each morning from Monday through Friday.

## Mr. and Mrs. Stice Honor Cecil Craft At Lawn Barbecue

Mr. and Mrs. O. W. Stice complimented Cecil Craft who is leaving in a few days for the Navy with a lawn barbecue at their home, 605 W. Kansas Street, Friday night.

Mr. Craft has been employed at the Cash and Carry Grocery for several years.

Present were: The honoree, Mr. and Mrs. John Ragsdale and daughter, Mr. and Mrs. Willie Houtt and son, Joe, Mr. and Mrs. Alvin Roberts, Mr. and Mrs. Elmer Schultz and son, Don, Mr. and Mrs. E. M. Bryant, Jimmie Wadkins, Homer Nance, and the host and hostess.

## Stanton Girls In Homemakers Class

STANTON (Sp.)—A summer school of the Future Homemakers' club started last week with Miss Betty Savage, who was the home economics teacher in the Stanton school the last term, as director.

Group project work will be carried on in the school each week and individual projects will be carried on by girls at their homes. The girls will receive 1/2 credit toward graduation and grade points. An achievement day program will be held in July and projects will be exhibited. Group projects will include tie-dyeing, block printing, construction of simple home nursing apparatus, improvement projects for the school laboratory, and some Red Cross sewing. Care of poultry, planning and having a garden, canning, construction of summer wardrobe, yard improvement, care of children, painting and redecorating rooms in the home are some of the projects that have been chosen by the girls.

Following is the list of girls starting the work: Eulene Anderson, Ida Belle Gibson, Martha Newman, Mary Ellen Newman, Charlie Frances Matthews, Ann Eastland, Cathryn Avery, Mary Ellen McKaskle, Verla Anderson, Betty Zimmerman, Joyce Clardy, Marion O'Brian, Anna Lou Anderson, Vesta Mae Chandler, Marie Davenport, Billie Jean Cathey, Evelyn Leonard, Vivian Leonard, Joyce O'Brian, Beth Rowden, Rosa Lula Cross, Johnnie Ruth White, Maurine Hopkins, Jean Haggard, Claude Winter, Yvonne Atchison, Virginia Castleberry, Christine Mims, Betty Ruth Koonce, Norris Lee Chesser, Billie Anderson.

Due to shortage of tires one class a week has been planned. It will be a full-day class and the girls from neighboring localities will share in their transportation to the school. Also as a terminating event the girls plan to present a Victory Carnival later in the summer.

Miss Frances Farnham of Odessa, member of the Midland school faculty, is spending the weekend here as guest of Mrs. Geo. Phillipus.

Starts Monday, June 8

## Committees All Set; Drive Will Save All Scrap Metal For War

Midland's Victory Clean-Up, Paint-Up, Fix-Up, Fire Prevention, and Salvage campaign, opens Sunday.

Mrs. Hal Peck is general chairman of the drive. The move is to be county-wide, with all civic clubs, the City of Midland, Boy Scouts, Mustang Boys, 4-H Club and Future Farmer Club boys and Girl Scouts cooperating. The object of the drive is to clean-up, fix-up, and paint-up the town, and at the same time gather up all scrap metals, rubber, and rags which will be turned over to the proper sources for use in the war effort. Fire Prevention will be given a big boost when all this is completed.

## Dunagan Heads Salvage Drive

Clint Dunagan has been appointed chairman of the Salvage Committee, and he has appointed committees to effect the drive in various parts of the county.

Ira O. Sturkie, Harlan Howell, and Oscar Fowler have been appointed to handle the details of the drive in the rural districts. Letters have been mailed to every Midland County farmer and rancher asking him for an estimate of the scrap he has on hand. A card is enclosed in each letter which the farmers and ranchers will return to the committee. 4-H and Future Farmer Club boys are to contact people in the rural districts about the condition of scrap they have. Any piece of machinery or metal which must be dismantled before it can be transported will be dismantled by the boys. The scrap is to be concentrated at the school houses in the various communities, and county trucks will pick it up.

Supt. George A. Heath, head of the Boy Scouts in this district, has been appointed to head the drive in Midland. The Scouts are to make a house to house canvass of the town, contacting housewives to see how much scrap material can be expected from each place. The scrap is to be placed in the alleys, and city trucks will pick it up and

## Not Penance—A Hobby

**NEW YORK**—Kitchen police is not always the soldier's penance—witness this picture of Sunday night supper in the making in a USO club where servicemen choose to do the cooking, but with a girl in the kitchen. Newest stunt in what has become an institution in many of the 432 USO Clubs, officials here report, is for the soldiers to prepare food of exotic inspiration. In Tullahoma, Tennessee, a soldier whose father has been chef to the Italian royal family, concocts an Italian meal such as rationed Italian only dream of now. In the same clubhouse, there's a soldier of Russian descent who hands out a borscht and a shashlik which always pack the dining room. USO expects the institution to spread right along as the organization spreads. About 500 new clubhouses are scheduled to open this year-end.

## Midland County Farmers Making Big Gain In Food Products, In War Work

Small farm and ranch operators in West Texas are proving that they can contribute very materially to winning the war and at the same time help themselves to gain a permanently useful place in the nation's economy.

This was the point of a report on the war effort made this week by Oscar M. Fowler, county supervisor for the Farm Security Administration. He said this is particularly true of the low-income farm

and ranch operators in Midland County.

Citing records compiled in Washington, the county supervisor said that of all the increases of principal foods required by the Department of Agriculture, low-income operators participating in the Farm Security program in the South and Southwest will produce from one-fourth to one-half of the total.

**Some Midland Gains**

In Midland County, Fowler said, the 1942 farm plans for Farm Security borrowers show that they have increased their gardens to fifty per cent, their egg production by 129.806 dozens, their milk and milk products by 25 per cent and their hogs and other meat supplies by 25 per cent.

"The Food for Freedom program," said Fowler, "presents an opportunity for low-income farm families to participate in the war-winning program, and the Farm Security Administration's special Food for Freedom loan program enabled them to increase their operations to help feed this and the other United Nations during the war."

"Farm Security's Food for Freedom loans, in addition to the regular rehabilitation loans," he continued, "also enabled many farm families to make adjustments in accordance with feed resources, housing and equipment for handling the increased enterprises, and the increased poultry, livestock and garden programs."

**Eat Own Produce**

Fowler said his agency is warning its borrower-families against selling the products they may need at home for proper nutrition. This might be a temptation, he explained, because prices for these products may be higher than in the past several years.

"With sufficient financial and supervisory help, low-income farmers in Midland County and over the nation are proving that they can contribute an important share of the increased food production needed to win the war and write the peace. However, the FSA encourages its borrower-families to protect their own diets and health before marketing any of the produce they raise this year.

"This precaution is being taken," he concluded, "because each individual must safeguard his own health if we are to make this a nation of strong people."

transport it to the proper place.

The town is to be divided into sections, and each troop of scouts will have a designated section to cover. William Coleman is head of Troop 54, L. E. Hood is head of Troop 53, I. E. Hord is head of Troop 52, and Martin Neal is head of Troop 51.

It has been decided by officials that the Boy Scouts will canvass the north side of town, and the Mustang Boys will canvass the south side. I. E. Hood is working with Heath in directing the campaign.

**Clean-Up, Fix-Up Division**

Mrs. John M. Shipley has been appointed chairman of the Clean-Up committee. Named to assist Mrs. Shipley were Mrs. Walter Wingo, Mrs. Foster Schenck, Mrs. Ralph Barton, Mrs. L. G. Mackey, Mrs. D. L. McKibbin, Mrs. B. K. Buffington, Mrs. Ed Whitaker, and Mrs. C. L. Whigham.

Girl Scout troops are to cooperate in the Clean-Up, Fix-Up part of the Victory Campaign. They are to pick up nails in the streets and at other places that they are found. The Girl Scouts will not make a house to house drive, but will pick up nails or tinfoil anywhere they are called.

Mrs. Robert Turpin and Mrs. Charles Neer head of the Junior High Girl Scout Troops, Mrs. Russell Ford and Mrs. W. G. Clarkson head of the Brownie Troops at the North Ward School, Mrs. J. C. Williamson heads the Brownie Troop at South Ward, and Mrs. Wheaton heads the Senior Girl Troop.

Mrs. L. W. Leggett has been appointed to call the secretaries of all Midland's women clubs, and the secretaries in turn will call all club members and tell them of the drive.

The city is to be mobilized into one vast unit with all citizens working at once for one purpose—VICTORY.

**Fire Prevention Division**

The Fire Prevention part of the campaign is under the direction of Fire Chief Luther Tidwell, and will be carried out by the Fire Department. Fire Hazards will be pointed out, and suggestions will be made on how to cut down hazards.

The Victory Campaign is to contain metal, rubber, and rags picked up will be hauled to the Co-Op Gin where it will be separated properly and sold. Except in cases of extremely large quantities, the scrap is to be donated. Money received through the campaign will go to the City Recreation Fund.

Main things needed in the way of scrap are metals, tin cans and sheet metals not included, rubber not especially tires, but old household rubber, and rags. These materials are needed badly in the war industries, and it is definitely a move toward Victory to donate all one possibly can.

Governor Coke Stevenson impresses the importance of Fire Prevention and the Victory Campaign, saying "The health of our citizens and the preservation of property from destruction by fire is of vital importance to our nation as an important part of its Victory program."

Whether in wartime or peacetime, clean-up is an essential feature in making homes and farms safe.

All out, Midland County, let's make this the best Victory Campaign in Texas!

### Summer Lingerie News: Triple-Duty "Skimpies" Use Them For Playsuits, Nightshirts, And Underwear

By Marguerite Young  
NEA Service Staff Correspondent  
NEW YORK—American women accepted WPB-slimmed suits and dresses, all right, but when it comes to underwear and night clothes—well, the gals just can't get them too short and scant.

Sheer sawed-off pajamas... a one-piece which can go as sleep-suit or playsuit or blouse and pants... slips that serve as bra also... these tell the story. They are the outstanding new summer styles.

And, Fifth Avenue stores which first feel public demand report that the popularity of these "skimpies" is such that probably they will appear in flannel in the fall. It's the big, new trend.

Not that you can't have your floor-length nightgown to slumber in if you wish. Those are there—well within the WPB regulations. In fact, right along with the sweeping desire for shorties goes a strong loyalty among customers to soft, full nightdresses.

Most popular night garment in one store, for instance, is a very long, full-sleeved summer nightie. It's made of finest batiste, gaining in softness each time it's washed, and has a dainty eyelet lace edge, a round peasant-like drawing neck.

#### THE ONE-PIECER TAKES OVER ON CAMPUS

The batiste gown calls attention to the continuing predominance of cotton fabrics for summer coolness.

But, gowns often are snipped to the knee. The knee-length grandfather's nightshirt, introduced in

Here's a study in opposites—a one-unit outfit that does double duty as a sleepsuit or playsuit, right, and an old-fashioned night gown of sheer white batiste. The one-piece outfit can be worn under a street costume during an air-raid.

manish cut last fall, is back again, and prettier, with ruffles at neck and wrist. Sides are slit and the sleeve has an action pleat. Patriotic-and-then-some night costumes appear in broadcloth and rayon, in tailored and curvesome versions. Most typical of the trend is one with a top which could double as a blouse. For sleeping, the blouse is worn outside. Pink and white striped sheer cotton make it. The trouser ends several inches above the knee.

A terrific future on college campuses is predicted for the one-piece. It is a blitz-worthy thing: slip it on, and then slacks or skirt, and you're down cellar, or wherever you shelter, in no time. Coin-dotted in green or white, it has a blouse top with a bow at the neck. College girls are buying this garment with alacrity now. They say it will summer as playsuit and as their sleeping garment and later will be their one garment under knee-length slacks and under suits.

Which is symptomatic of a decided tendency on the part of the customers to reduce the number of their undergarments. Maybe it's just for summer comfort. But, buyers say maybe it will go on in fall, too.

#### AHEAD OF UNCLE SAM

Fastest-moving article in one department, for instance, is a jersey all-in-one that is very like the teddy bear of World War 1, only this is better looking. It has a camisole top, pretty under sheer blouses, and the bottom is long and full enough to meet stockings and sub for a slip. And, no two pieces to rumple at the middle. One-piece garments of this kind are, in general, gaining importance quickly.

In the same trend, there is a slip with crossed bands of artificial rubber in back, which is worn without bra. There is of course no actual shortage of bras in the stores. Some of the customers, it seems, are ahead of their Uncle Sam.

### Stanton Methodists Complete Payments On Church Building

STANTON (Sp) — The Stanton Methodist Church debt was cleared last week, the final payment being made possible by a gift of \$2,540 from the church national board. The property is one of the best of the region, permanent in construction, and attractive and modern in arrangement.

Among the officials of the church are S. D. McWhorter, chairman of the Board; W. C. Houston, secretary-treasurer, and B. T. Hill, T. E. Mashburn, W. T. Colwell, J. S. Lamar is superintendent of the Sunday school; Mrs. Nobye Hamilton is teacher of the young people's class. Rev. A. A. Kendall is pastor of the congregation. The church was started in 1929, and completed a few months later during the pastorate of Rev. J. B. McReynolds.

### Midland Ration Board Issues Tires, Tubes

For the period of May 15 through June 4, the Midland County Rationing board issued 51 tires (new), 95 retreads, and 52 tubes, all classes included. A total of 45 truck tires (new) and 55 truck retreads were issued, while 6 passenger car tires (new) and 40 passenger car retreads, were issued. Thirty-eight truck tubes and 14 passenger car tubes have been granted.

No tires or tubes for tractors were issued during the period.

It's good etiquette, in Ceylon, for a hostess to greet guests with poems made up for the occasion.

The Home stake mine at Lead, S. D., is the largest producing gold mine in the United States.

## Coming Events

### MONDAY

### Blackout Belt

Belt with battery-powered fore-or-aft light, shown at Chicago blackout show, makes it safer for cyclists or hikers to hit the road during blackouts or dark of night.

### Youth Problem Is Outlined By Dean Texas University

AUSTIN.—Youth problems of the post-war period will be among the most difficult and important facing America and the world, in the opinion of Dean T. H. Shelby of the University of Texas Division of Extension.

"The importance of this problem is indicated when we consider that it was the youth movement under bad leadership after the last war that brought power to the European dictators and made possible the catastrophe," Dean Shelby declares. Speaker at recent graduation exercises at Goose Creek High School, the dean reiterated: "We simply must not neglect this all-important matter in our post-war planning and it is not too early to begin preparation for that emergency."

The program for youth as outlined by the Education Policies Commission appointed by Pres. Roosevelt, and the several studies of the American Youth Commission bring into clear relief the youth problems of the pre-war era, Dean Shelby said.

"One cannot study these reports without coming to the conclusion, first, that secondary education must be revised both as to materials used and as to the methods and techniques in the direction of adaptation to youth interests, and needs in a post-war world that will not much resemble the pre-war world; and, second, that the state and local authorities must provide guidance—education, social, economic and spiritual—and satisfactory employment for youth."

The local community, aided by the State, should take greater responsibility for guidance while the youth is in school, and for service in getting him adjusted to jobs when school days are over, the University official said. He suggested that such a program should be supported in part by federal funds, but declared it should not be under federal control.

### Good Will Contributions Of Texas U. In Annual

AUSTIN.—Contributions of the University of Texas to Latin-American good will are featured in The Cactus, school annual which was released to students before their departure from the campus at the end of the 1941-42 long session.

The book, edited this year by Jack Brookshire of Beaumont and George Leonard of Navasota, detailed the work of the Latin-American Institute, the good neighbor broadcasts from Radio House on the University campus, and pointed out interesting features of South and Central American nations in its continuity.

### Sunday School Classes Picnic

Mrs. Geo. A. Kroenlein and Mrs. C. S. Longcope entertained their Presbyterian Sunday school classes of five and six-year-old children with a picnic at Cloverdale Park, Thursday evening.

Hot dogs, marshmallows, and other picnic dishes were served.

Children attending were: Martha Sue Hubbard, Stewart Hollingsworth, Mary Willis, Donald Fritz, Alvin Loskamp, Robert Patteson, Anna Bess Doyle, Ellen DeChicchi, Jackie Simpson, Donald Dickinson, Kay Longcope, Charles Longcope, Virginia Kroenlein, and Sylvia Kroenlein and Edmund Longcope.

### Methodist Brotherhood Class Has Steak Fry

The Men's Brotherhood Class of the Methodist Church was entertained with a steak fry at Cloverdale Park, Wednesday evening.

Ross Carr, assistant teacher, M. C. Ulmer, who has been named teacher, and the Rev. W. Carl Clement, Methodist pastor, made talks. Games were played and Geo. Glass showed colored pictures of hunting trips.

A quartet of soldiers sang selections. The men decided to accept the challenge of the Sweetwater Brotherhood class in a contest. Approximately 80 men attended.

### Belmont Class Has Lesson From Judges

The second chapter of Judges was taught by Mrs. H. M. Reigle at the meeting of the Belmont Bible Class at the Methodist educational building, Friday morning.

Prayer was offered by Mrs. H. E. Skipper at the opening of the meeting and by Mrs. W. L. Sutton at its close.

Present were: Mmes. F. M. Barrett, Reigle, Sutton, Skipper, W. P. Collins, Margaret Parr, and A. C. Moore.

Next Friday morning the class will meet at the same place and time.

A young blue whale adds weight at the rate of 220 pounds daily.

There are approximately 500,000 wool growers in the United States.

### Demonstrations In Canning Now Being Presented For Groups Of Women And Four-H Club Girls

Pineapple is being canned by nutrition and home demonstration club women and girls in Midland County now while prices prevail which permit economy.

Miss Alpha Lynn, county home demonstration agent, and Mrs. A. L. Gilbreth, adult home making teacher, are cooperating in the canning and sugarless cooking projects.

The goal of the work is that everyone who wants to can may have the information necessary.

Mrs. Gilbreth has given demonstrations on pineapple in her classes and will follow with demonstrations on canning non-acid foods.

Consumers who have registered may obtain sugar for canning or preserving fresh fruits for their own use in an amount of one pound to 4 quarts of finished canned fruit and one pound each year per person for use in preparing preserves, jams, jellies, or fruit butters.

In no event may an individual or family unit be permitted more sugar than is necessary to can the quantity of fruit which the board thinks is reasonable.

Following is the recipe being used by Mrs. Gilbreth and Miss Lynn in preparing the pineapple. It is de-

signed to preserve the vitamins in the fruit.

**Canned Pineapple**  
Wash the pineapple carefully. Slice and peel, using a fork to hold the fruit firm against the board and cutting down on the peeling. Core and cut into wedges, pack into containers, fill with hot syrup, heat in uncovered jar in boiling water 10 minutes, seal, and process in hot water bath 20 minutes.

Make syrup by adding 2 cups of water to the peels and core and boiling five minutes, crush, and drain. To each 3 cups of liquid add one cup sugar or one cup of Karo plus 1/4 cup of sugar. Bring to boil.

A demonstration on the canning of pineapple will be presented Wednesday morning at 9:15 o'clock on the third floor of the courthouse. All women interested are invited to attend.

Plans are in progress to use the school lunchrooms at Prairie Lee and Valley View on designated days as canning centers for the convenience of those who do not have cookers. The county cookers and the school equipment will be used for these "canning bees."

More vegetables are being raised in the county this year than at any other time in the last 10 years, Miss Lynn estimated.

### Preserving Food For Victory

A training group in canning is pictured above as Mrs. A. L. Gilbreth, adult home making teacher, demonstrated the canning of pineapple to one of her classes, assisted by Miss Alpha Lynn, county home demonstration agent. From left to right are: Miss Lynn, Mrs. Louis Wallace, Mrs. J. R. Norris, Mrs. A. C. Moore, Mrs. Fred McPherson, and Mrs. S. A. Debnam. Mrs. Gilbreth and Mrs. A. P. Shirey, not shown in the picture, were also in the group.

### Western Art Is More Stimulating Than That Of East, Declares El Paso Artist Who Is In Midland To Conduct School

Art should not be photographic but should convey a mood, declares Mrs. Leola Freeman, El Paso artist, who is in Midland for a month and will conduct an art school here. She practices what she preaches in this respect as her paintings notably convey a mood or feeling.

Mrs. Freeman, who studied and painted in the East before returning in 1930 to El Paso, her girlhood home, believes that art in this region is more stimulating than that in the East and says that Western artists are leading the art schools.

She plans to give four lessons a week for three weeks in the art school which is scheduled to open Monday if the class can be organized by then. She will give an intensified demonstration and lecture course in the first two or three lessons and then guide and supervise the students in applying these principles. Each will be expected to paint one or more pictures. Lessons will be from 9 o'clock in the morning until 12 noon.

Instruction will be given in oil, pastels and water colors as desired and in portrait work, landscapes, and still life.

**Pictures On Display**  
A collection of Mrs. Freeman's works, together with some water colors of Michael McElroy, Irish water color artist who was prevented from coming to Midland because of illness, and three paintings by Vera Wise of the College of Mines at El Paso, may be seen at the Palette Club studio on N Colorado Street. The exhibit opened Thursday but Sunday is planned as the chief day with the studio open to visitors from 10 o'clock in the morning until 12 and again Sunday afternoon from 2 o'clock until 7. The public is invited to attend.

A picture of storm clouds, poplars in the wind, and one human figure seeking shelter is one of the popular paintings in the exhibit. Also included is a portrait of a Mexican woman which was shown at the Texas Centennial and the companion portrait for which, that of a Mexican man, was purchased by Col. John Perkins, who formerly lived in Midland. Other portraits, landscapes which display a love of color, and still life paintings are shown from Mrs. Freeman's brush. Studied in East.

Tiny, with big blue-gray eyes and gray curls above a mobile face, Mrs. Freeman has a personality that makes itself felt in her vigorous, forthright discussion of art. She studied at the Pennsylvania Acad-

emy of Fine Arts in Philadelphia and under Lloyd Freeman, well-known portrait painter of Knoxville, Tennessee, whom she married. She also studied in Washington, D. C., and painted and exhibited in the East before her return to Texas. She has four children.

Anyone interested in attending the art school may contact Mrs. R. M. Turpin, phone 1346, for further information.

The Senate-House conferees also were reported to have decided to send back to the House a Senate-approved amendment requiring for the first time that soil conservation payments be added to marketing returns before farmers receive parity payments on crops.

### School Efficiency Is Measured By Value Of Subjects To Students And Effectiveness Of Teaching, Midland School Officials Told

In a report on the Midland School system, the State Department of Education asserted "A school's efficiency is not measured by the number of credits it holds, but rather by the value of the subjects to the students and the effectiveness of the teaching."

The report, signed by S. M. Melton, deputy superintendent of District No. 13 of the state department, recommended that the "school authorities re-examine the subject offerings in the light of modern trends and needs."

"Midland seems to be top heavy on credits, having a total of 55," Melton wrote in the report to the state department.

He also recommended that the physical education program include high school juniors and seniors. The report suggested the Midland superintendent's office be rearranged to afford some degree of privacy and freedom "from almost constant interruptions."

Another recommendation calls for more room in the negro school.

Copies of the state report have been received by L. C. Link, president of the school board and George A. Heath, superintendent of Midland schools.

**Commends Administration**  
The work of classifying and accrediting the public schools of Texas is under direction of the state committee composed of 21 members representing the elementary and secondary schools and colleges of the state. This committee, by establishing educational standards, determines the conditions upon which high schools are classified and accredited and is interested in encouraging schools to attain these standards and in certifying those that have attained them so far as to facilitate the transfer of students to any other school or college.

The regulations as prescribed by this committee are administered by the State Department of Education through high school supervisors. In the visit of the supervisors and in their reports to school authorities, recommendations are offered in the spirit of cooperation and helpful suggestions, with the earnest desire that all school authorities will join with the State Department of Education in its efforts to maintain necessary standards of secondary education in Texas.

In order that the schools may be

properly certified it is essential that minimum requirements be met.

Commending the Midland schools, Melton said "there is evidence of progressive school administration." "The child accounting and business accounting have been greatly improved this year," he continued, "and the library plans and improvements are to be commended."

**Twelve Stanton Men Going To Army Camp**

**Harry Hines Enters Race For Congress**  
DALLAS (AP)—Harry Hines, independent oil man and former member of the State Highway Commission, Saturday announced his candidacy for Congress from this district to oppose Rep. Hatton Summers.

Hines, former resident of Wichita Falls, has maintained his residence here the last seven years.

**Arrest White Russian, Held As Enemy Agent**  
PROVIDENCE, R. I. (AP)—Anastase Vonsiatsky, prominent White Russian, was arrested here Saturday night by agents of the Federal Bureau of Investigation.

Dean R. Morley, special agent in charge of the Providence FBI office, said Vonsiatsky was wanted on a warrant sworn out at Hartford, Conn., charging "conspiracy to violate the federal statute on communication and transmission of information known to be used to the injury of the United States or the advantage of a foreign agent, and in furtherance of this conspiracy of paying on July 12, 1941, to John Doe the sum of \$2,800."

### Couple Married At Presbyterian Manse

Cadet Charles H. Michael of Cincinnati, Ohio, and Miss Evelyn Brasher of Atlanta, Georgia, were married late Saturday afternoon at the Presbyterian manse.

The Rev. Hubert Hopper officiated.

### Surplus Wheat Plan Still Argued, Will Resubmit To House

WASHINGTON (AP)—A conference committee failed to agree on an amendment to the \$600,000,000 farm appropriation bill permitting the government to sell surplus wheat for livestock feeding at about 83 cents a bushel and decided Saturday to return the measure to the House.

Senate adoption of the amendment, involving an indirect check on the price of grain, had furnished the administration with at least a tentative victory over a badly split farm bloc but conferees said that victory now was threatened seriously.

The House previously had voted to bar the sales of government-held wheat and other grains for livestock feeding at less than full parity a computed price intended to give a farm product the same relative purchasing power it had in a past period, usually 1909-14.

The Senate, after controversy,

### MAFS Swingsters Have Hot Dance Band; Fine Group

The Hell from Heaven Swingsters, the dance band group from the band of the Midland Army Flying School, which has been showing a fast-growing popularity in the few weeks of its existence, will be a major unit in the battle of the bands Monday night in Midland. This will be a feature of the dance at the Scharbauer Hotel ballroom, following the showing of "Three Dots And A Dash," the Sheppard Field flyers' production.

The Swingsters were assembled as strictly a dance band, and Master Sergeant Thomas Marcell has trained the group especially for the modern dance. In several appearances in Midland and Odessa, the group has become very popular. They have expressed the wish to become acquainted with the citizenship, and to cooperate with groups that wish to dance.

And, so that folks may be more easily acquainted with these boys, the names of the group include

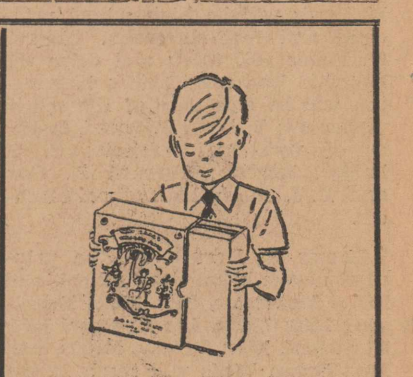

### Emmens, MAFS Private, Promoted, Transferred

Pvt. Merrill L. Emmens, son of Mrs. Josephine Emmens of Ashland, Ohio, and now at Midland Army Flying School, has been notified by the War Department that he is to be commissioned a second lieutenant. He is to report in the near future to Fort Monmouth, N. J.

Emmens was inducted at Camp Perry, Ohio, in April and was assigned to duty at this world's largest bombardier college. He studied electrical engineering at Ohio University and worked as a radio engineer at Wright Field, Dayton, O. He attended high school in Midland.

The director, Master Sergeant Thomas Marcell; tenor saxophone, Corporal Gonzalo Puchi; first saxophonist Corporal Vincent De Luca; third saxophonist Corporal William Hayes; fourth saxophonist Private Walter Kassis; first trumpet Sergeant Willard Johnson; second trumpet Corporal Robert Mayhew; third trumpet Sergeant Ray Had-dox; trombonist Sergeant Emil Blissette; piano Corporal Fred Lybarger; string bass Private Dominek Bonelli; and drums Corporal Maxy Henry.

Three Famous Classics Come To Life In TONY SARG'S Treasure Book

Alice in Wonderland, Treasure Island, and Rip Van Winkle all bound into one great book, 9 x 11 1-2 x 2 1-2 inches thick. The book is not alone a Treasury of art and literature brought within the understanding and scope of any child but it is a veritable wonderland of ingenious action and novelty. The front cover depicts a scene from "Treasure Island." The whole panorama really comes to life with the turning of a little wheel. The waves roll, the ship rocks, a man overboard bobs up, sharks raise their hungry snouts above the water. And so on all through the book. Price \$2.00.

THE BOOK STALL Scharbauer Mezzanine

### Washington Rubber

If you have difficulty in understanding the chemistry lesson in all this synthetic rubber talk, you're normal. Over-simplifying, the process goes something like this... Basic material is ethyl alcohol, which can be made from starch grains or sugar or synthetically from ethylene gas, a petroleum by-product. In the case of sugar, yeast is added to dilute solutions, a ferment sets up, and the resulting mash is distilled to produce alcohol... The alcohol is converted into butadiene, which is a gas that can also be obtained from petroleum... Butadiene has the property of polymerization, which means that one molecule can build on another until you form a solid... When styrene, a substance which can be obtained either from coal or petroleum products, is introduced with butadiene, the two substances condense or polymerize to form rubber... Simple, isn't it.
