Germans Threaten Red Naval Bases

Reds Are Retreating

Tank-led German troops were reported imperiling the Red fleet's Black Sea naval bases at Novorossisk and Tuapse deep in the Western Caucasus Tuesday, while in the North a Vichy broadcast asserted that fighting was in progress within Stalingrad's defense

The broadcast said there were indications that the Germans would shortly launch a general assault on the great Volga River industrial

road to the vast Baku oil fields, were advancing en Mozdok and Ordzho-Admit Retreat

Mozdok lies about 380 miles northwest of Baku and 70 miles above the important Grozny oil center. Ordzhonikdze is 50 miles southwest of Grozny.

Soviet dispatches acknowledged that the Red armies were falling back from the burning Maikop oil fields and that separate German columns were within 60 miles of the Novorossisk and Tuapse naval bases as the invaders spread out through the northern foothills of the Cau-

Beating The U-Boats

It is not necessary to have access to any secret statistics to realize that as of today, and as of any tomorrow soon enough to be significant, the United Nations are losing the battle of the Atlantic.

That fact is inescapable in the light of official statements that Axis submarines, mostly German, are sinking our vessels faster than we can replace them.

Considering also the official concessions that we never had enough shipping space for the war job, the only sane conclusion is that a bad situation is steadily becoming worse.

This could mean that we shall lose this war. It may mean just that, unless we show a little of that American imagination and initiative of which we love to boast.

How can we beat the U-boats, solve our shipping headaches, and get to the fighting fronts those supplies which are useless while they lie around factories, warehouses and piers?

Obviously there are three methods, and no more. The first is to reduce the submarine toll. Thus far every effort in that direction has failed.

The second is to build even more ships even faster than our astounding successful current program is doing. And where shall we get the raw materials in time?

The third is to cast tradition to the winds, climb out of the deep rut we are in, and beat German initiative with American ingenuity and initiative by carrying our car- "losses" he refers to both men and goes where the submarines can not even see them-much

Defrost Your Refrigerator Regularly for-Better Food Preservation Faster Freezing

Your Electric Refrigerator must work harder to keep food cold and to freeze ice cubes when the freezing unit is covered with a heavy coating of frost.

Defrost your refrigerator regularly and save money and time, both of which are highly important in these days of wartime economy.

For Better and More Efficient Operation of Your Electric Refrigerator, Follow the Suggestions Listed Below:

Defrost your Electric Refrigerator at least once a week, and oftener if frost collects rapidly. Your refrigerator should be defrosted when as much as 1/4 inch of frost collects on the freezing unit.

Let warm foods cool before putting them in your refrigerator. This saves current and also keeps frost from accumulating so fast.

Keep foods in covered dishes of wrapped in waxed paper. They keep better, and the covering retards the loss of moisture which adds to the accumulation of frost on freezing

Call a competent Electric Refrigerator serviceman when your refrigerator doesn't work properly. Prompt attention to the first symptoms of trouble may save you

as they are on the battlefield, but Tuesday. the distinction is sometimes a help

to understanding what happens.

The actual West player in today's hand opened the four of day's hand opened the four of the distriction is sometimed to make satisfactory gains and generally are in good flesh.

diamonds. Dummy played the jack, forcing the ace. East switched to a trump and dummy won with the jack. Declarer then cashed his king of diamonds, two black aces, and made six more trump tricks by

West blamed himself for not guessing the club opening, which would have established a club trick before the declarer could set up the king of diamonds. But that is tactical accident that he cannot foresee

West was certainly at fault, however, because he disregarded without reason a strategical principle. South has bid two suits. North has denied spades and supported hearts West has strong spade stoppers This situation cries for a trump lead, to protect West's spades by limiting the trumps in dummy available for spade ruffs.

West's holding of three low trumps assures that his lead will not kill any trump holding in East's hand that is not dead anyway.

If West makes his proper lead of a trump, declarer can do no better than to lead a diamond to the jack at once. East wins and leads a second trump. Now let the declarer find a way to make the contract.

The first known Christmas greeting card made its appearance in 1842; the original is now in the British Museum.

The mountainous Caucasus Isthmus, slightly smaller than Mon-tana, contains 16 separate states of the Soviet Union.

town, have you, Penny?" he asked.

never been that far west."

BY GLORIA KAYE

THE STORY: Wealthy Penny Kirk has returned from Paris to Kirktown to learn something about the great steel mills she owns, and the people who work in them. She gets a job as waitress, under the name of Penny Kellogg, and on her first day sees a fight between a mill worker and the Castro gang, gamblers who prey upon the workmen. Jim Vickers, local newspaper editor, joins the fight. Penny has met him before in Paris, but he doesn't recognize her.

Dallas Moves To Fort Worth, But Loses Two Games

BY THE ASSOCIATED PRESS
The Dallas Rebels may not have established a record, but they must be pretty close to it. They lost their 19th straight game Monday night and almost pushed the bottom out of the Texas League.

The Rebs are so unpopular at home that the fans won't even turn cut to boo. So Monday night's twin bill, scheduled for Dallas, was transferred to Fort Worth. The result was a double victory for the secondplace Cats, 5-2 and 2-0.

Hank Oana won his twelfth game of the season in the opener, and in the nightcap Lefty Joe Winfield, ordinarily a relief hurler, pitched a

At Beaumont the top-dog Shippers proved they still had everything under control by defeating the Houston Buffs, 8-1, in the third of a four-game series. Clarence Gam scattered seven hits to win his 14th game of the season.

Shreveport set down San Antonio 2-0 for the second consecutive triumph over the visitors. The contes resolved itself into a pitching duel between Ralph Hamner of the Sports and Syd Peterson of the Missions. Trent's homer and strategic

single helped the Sports win.
The Oklahoma City Indians took apart their neighbors, the Oilers, at Fulsa, scoring a double win, 7-5 and 6-1, to jeopardize Tulsa's hopes of climbing into the first division. Manager Clay Touchstone of the Indians heid the Oilers to two hit in the second game. Larry Lamp rich, former Tulsan recently acquir ed by Oklahoma City, collecte three hits in as many times at the plate and drove in three runs.

BLONDE'S BLESSED EVENT

Football Time Draws Closer For Bulldogs

A sweltering sun bearing down in true August fashion and the thermometer hovering in the high nineties are not very suggestive of football weather, yet the gridiron season is just around that proverbial corner

According to Texas Interscholastic League rules, football practice for high school gridmen officially begins September 1. On that date which falls on Tuesday this year the Midland Bulldogs will be issued their equipment and receive in-

structions on practice schedules. The Bulldogs will have a new coach this year, Gene McCollum. who comes here from White Deer. Coach McCollum is not entirely new to the boys, however, for he coached through the spring train-

Attended Coaches School

McCollum has just returned from sponsored by the Texas High School Coaches Association. Coach Frank Leahy of Notre Dame and Coach Wallace Butts of Georgia were among the visiting notables on the staff of instructors.

It's too early yet to predict the prospects of the Midland team, but with seven lettermen returning, Coach McCollum has a nucleus

around which to build his squads The seven lettermen are: Robert Wheeler, Ivan Hall, Marshall Whitmire, and Bill Richards in the backfield; Jimmy Watson and Junior Bird, ends; Red Roy, tackle. Between forty and fifty other boys are expected to report for than to prove to her husband that practice on September 1.

Charles Gibbs Laid She saw her husband leave for San Diego, Calif., Monday to go To Rest In Midland
