

## Haskell Business Houses to Close Armistice Day

### Race Races and Football Game Feature Entertainment Events for the Day

#### HORSES ARE ARRIVING FAST

There will be plenty of race horses on the track for the three-day meet that starts on Friday. The track will be plenty of good riding. Graham is here with a fine horse, one of the best horses that can and will be another horse from the track that has demonstrated speed recently at Graham. He is fairly well known and never fails to give some way.

A beautiful mare belonging to Graham is here and will be a money maker. The second place at the Graham was their feature horse. The winner of this race was owned by Dan Wester. It is also among those presently championing at the track. The Haskell is here under the Pinchance and colors. This is the first at Graham and

known to many horse men. Queen Cup, recently from the track, will be a money maker. R. S. Hobbins, Oklahoma, is the one who states that Moore, one of the best horses in the southwest, is expected to be the class horse in which she starts. It is the Winnie May who took first at the Dallas Fair this year.

Her entries from Plainville which it is hard to get any one in charge seemed excessive about putting out in which may mean that some of the horses are Speck, Orphan Boy, R. S. Hobbins, Ruth Brittenham, and Queen Bess.

They have a chance to see a great race horse makes her debut on the track. She will be the first time she will be a barrier in a race and she is keenly interested in the race. She is being trained by one of the best trainers of the day. The race was more important than making the seventy-four horses. Fashion is a filly with a mean temper and legs. She has for her sire, Harry, Jr., whose sire was a dam, Gussie Sikes. Her mother was Harvest Mare. She is blue blooded filly's back on both sides to one of the best horses ever in the South. The filly is to be sold for a certain price to a certain race horse owner if she meets his expectations and it is expected that she will. There are other horses stabled at Fair and it is doubtful if any of them will be here at every meet.

#### PAY AUTO TAX UNTIL JAN. 1

Responsible owners of Haskell automobiles postpone the registration until after January 1. It will mean approximately a \$3.00 increase in the road tax on the Haskell county. The law has been brought about by the last Legislature and the counties 30 per cent charge made, in addition to the 17 1/2 per cent allowed here. The amount of the tonnage tax to be paid from \$3.00 to \$5.00. The law does not take effect until after January 1. If you have your money spent in Haskell until after January 1, you will have to pay the tax.

#### Baptist Colored Missionaries Hold Services Sunday

On last Sunday night the regular services at the Baptist Church were turned over to the colored people and were conducted by three colored missionaries, Rev. C. T. George, his wife and their adopted daughter, Maud. Rev. George was born in South America and his wife is a native of Texas. They have spent more than twenty years doing missionary work in Africa and while there adopted a tribal native girl whom they have educated and converted to the Christian faith. She is a living embodiment of the work these good people are doing in the foreign fields and certainly reveals the possibilities of what can be done with Christian money and Christian missionaries. Both Rev. George and his wife are cultured. Mrs. George having formerly been a teacher in the Negro College at Waco. The subject of the service was "The Mission Task in Africa" and besides bringing home in a dramatic manner the urgent need for more missionaries in foreign fields and more money to send them with, the service was also intended to stress the fact that the colored people can take the initiative in the work of helping their own people for the negroes in this country are reaching a stage of literacy and devotion to the Christian religion that entitles them to a hand in the enlightenment of the dark countries. The daughter, Maud, entertained in an original manner by singing songs in her native tongue and then singing them again translated into English. All the old-time negro spirituals such as "Swing Low Sweet Chariot" were sung. The missionaries plan to sail for Africa to take up their work again in the field late this year. It was a wonderful and inspiring service and the attendance was estimated at over a thousand people.

#### OFFICERS ARREST 66 PERSONS IN RAID

In a raid last Friday night Sheriff Al Cousins and his deputies, assisted by Chief of Police Welsh and his men, arrested 63 negroes and 3 white men when they swooped down on a gambling resort on the Broach farm in the northeast part of the county. The resort has been running in full swing for some time and many unsuccessful attempts by other officers have been made to raid the place. This time the trip was secretly and carefully planned and the officers got by the pickets by approaching with all lights out. So quickly was the attack made that only a few succeeded in getting away. The resort has all the facilities for a good time for the patrons, being equipped with a piano, phonograph, lunchroom and dance hall, besides the regular gambling rooms. In the big excitement guns galore were gotten rid of and so were many hip flasks, and thirteen cars were not claimed by their owners when they were found to contain guns or whiskey. The officers brought the entire round-up to town where they were lodged in jail. The negro found in charge of the place has been turned over to the district court charged with running an open gambling resort, which is a felony. John Roberts, colored, is in the custody of the county officers charged with carrying concealed weapons. The balance were charged with vagrancy and loitering and most of them have paid the heavy fine assessed. The law enforcement department of the county and city deserve much credit for this raid and have announced their intention of running all the gambling and booze-peddling out of the county.

**Christian Church Board Meeting.** The Board of the Christian Church met last Sunday and tendered an unanimous invitation to Rev. G. R. Forrester to continue as pastor of the church, with a substantial increase in salary. Brother Forrester is expected to announce his decision soon. Lynn Pace and Clyde Grissom were elected new members of the Board at this meeting.

#### Eleven o'Clock

#### INDIANS MEET MERKEL HERE FRIDAY MORNING

On account of a conflict with the races at the Fair Park on Friday afternoon, the football game to be played between the Haskell and Merkel High School teams will be played Friday morning at 10 o'clock. The game will be one of the major Armistice Day attractions and many visitors as well as all the local fandom are expected to see the game.

#### Postoffice at Foard City Burglarized Saturday Night

The postoffice at Foard City, eight miles southwest of Crowell, was robbed last Friday night when burglars entered the building and took what money they could find. The amount of the loot was \$19, consisting of dimes, nickels, and pennies, which were taken from a cigar box. Entrance to the building was gained by prying boards off a window. Postmaster M. L. Owens was first to discover that the building had been entered when he went to work Saturday morning. Sheriff Campbell was notified of the burglary and went to the scene Saturday morning but found no clue that will help to locate the guilty parties. The postoffice at Foard City has been robbed a time or two before this, it is reported, in years past.—Foard County News.

### IN FLANDERS FIELDS

In Flanders fields the poppies blow  
Between the crosses, row on row  
That mark our place, and in the sky  
The larks still bravely singing, fly,  
Scarce heard amidst the guns below.

We are the dead—short days ago we lived,  
Felt dawn, saw sunset glow,  
Loved and were loved; and now we lie  
In Flanders Fields.

Take up our quarrel with the foe,  
To you from falling hands we throw the torch—  
Be yours to hold it high.  
If ye break faith with us who die  
We shall not sleep, though poppies grow  
In Flanders Fields.

(Written by Lt. Col. Dr. John McCrae, of Montreal, Canada, during the Second Battle of Ypres. The author's body now lies buried in Flanders Fields.)

#### Two Well-Known Singers To Be Here Sunday

R. E. Jordan and Walter B. Seale, representing the Vaughan Music Co., will sing at the morning services of the First Baptist Church Sunday Nov. 13 and at the Rule Baptist Church in the afternoon. Mr. Jordan is well known here, having been here several times with the Vaughan Quartettes. Mr. Seale is recording baritone for the Vaughan records. He is also a noted soloist. Everyone is invited to hear them.

#### NEWS OF INTEREST FROM OVER WEST TEXAS

(West Texas C. of C.) Stinnett—A big free barbecue which will be attended by United States Senator Earle B. Mayfield and other men of prominence will celebrate the arrival of the Rock Island Railroad into Stinnett here November 15. This road is now being built from Amarillo to Liberal, Kansas; rails reached city limits of Stinnett October 23. All towns and communities of the North Panhandle will send large delegations. Excursions are already being arranged by Amarillo and Liberal, Kansas.

Burk Burnett—Formal opening of the new Inter-State Free Bridge across Red River, between Texas and Oklahoma, was celebrated here November 5. Officials of the West Texas Chamber of Commerce participated in the affair. The bridge was erected at a cost of \$380,000.

Thalia—This Foard county town has joined the ranks of affiliated West Texas Chamber of Commerce towns. Substantial memberships were subscribed on a recent visit of the regional organization's field man, who was accompanied by Mack Boswell of the Crowell Chamber of Commerce.

Shallowater—This farming community of some 250 people claims the ginning record for the plains country this season. One thousand four hundred bales have been ginned here, more than any other town on the plains. Affiliation was made recently with the West Texas Chamber of Commerce.

Pampa—Work on the proposed railway from Pampa to Cheyenne, Oklahoma, is expected to start early in 1928. The line was offered through a proposal made by Frank Kell, Wichita Falls, capitalist and president of Clinton & Oklahoma Western railroad.

Memphis—Business interests of Memphis, Childress, Quanah, and Chillicothe have employed an expert to conduct rural organization work in Hall, Hardeman, and Childress counties, with special stress on dairying.

Hamlin—Hamlin now has four rural mail routes which cover an area of 228.59 miles. Weatherford—The local feed manufacturing mill here is having a record business. Demand for corn has been so great that carloads have been ordered from northeast Texas. The mill grinds corn and grains into feed for cattle feeders, dairymen, and poultry raisers of the section.

Ovalo—A harmonica band has been organized here and will feature community entertainment programs.

Bradshaw—Farmers of this territory, including those from Lawn, Ovalo, Oak Lawn, Guion, Shep, Moro, Cedar Gap, Cedar Creek, Iberis, and other communities south of Abilene, were given opportunity to attend a terracing school at Tuscola the first week of November. The school was conducted by J. R. Masterson, Taylor County Agent. A similar meeting was held in Merkel at an earlier date.

Quannah—Quannah was the scene of one of the most unique city celebrations ever held in this section November 4 and 5 when a tribe of Comanche Indians came from their Oklahoma reservation to re-bless Quannah, which was named in honor of their chief's father Quannah Parker. President R. W. Haynie of the West Texas Chamber of Commerce was initiated into the tribe and made a white chief. Manager Homer D. Wade and Publicity Manager E. H. Whitehead were also in attendance at the Harvest Moon Fete.

#### R. J. Reynolds Recovering From Operation

R. J. Reynolds, who was operated on for appendicitis at the Baptist Sanitarium in Abilene last week is recovering rapidly according to reports received here and is expected to return home in a few days.

#### THREE GALA DAYS OF ENTERTAINMENT

The business houses and gins will close all day Friday (Armistice Day) in order that their employees may celebrate one of the greatest days in the world's history. Armistice week is gala week for Haskell and plenty of things to do and see have been provided for everybody. The theatres and carnival running full blast, a race meet for three days and a football game Friday morning gives everyone something to do every minute of the time. Not since 1919 has Haskell been financially able to take on the carnival spirit and step out and have a real good time. The whole county is doing it this year and evidence of the fact is seen in the crowded stores and sidewalks and car-lined streets. Haskell is in the center of the most prosperous section of the entire state this year which is sufficient excuse for gaiety and celebration in the harvest season. During the three day celebration, there will be attractions to please everyone—make your plans to attend.

#### PRISONER ESCAPES JAIL AT ROCHESTER

The following is taken from the Rochester Reporter: "Our efficient constable, D. P. Bell, arrested a man Saturday night for transporting intoxicating liquor, confiscated his automobile and locked him up in the city jail. Shortly afterwards someone broke the lock of the jail and liberated the prisoner. Mr. Bell has not yet located him, but still has his car, together with a pint of corn whiskey, \$1.31 in money and a pocket knife. A short while after the prisoner was liberated Mr. Bell arrested another man and sent him to the county jail at Haskell. He gave a thousand dollar bond in one case and \$100 in another case, the charge for one offense being for trying to bribe an officer and the other for drunkenness. "The Reporter heartily commends Constable Bell for his vigilance and loyalty to his duty in trying to keep peace and order. Let every good citizen stand behind him in his efforts to keep disobedience to the law to the minimum."

**Men's Bible Class Entertains.** The Men's Bible Class of the First Christian Church paid off an old promise and entertained the women of the church with a sumptuous banquet last Wednesday night. About eight were present. R. E. McDonald, a singer well known in Haskell sang several beautiful numbers and Rev. M. B. Harris, pastor of the First Christian Church of Stamford made an interesting talk. He was followed by a few words from Rev. Forrester and several others. L. D. Ratliff acted as toastmaster and under his guidance a most interesting evening was enjoyed by those attending.

#### All Haskell Gins to Close Armistice Day

All the Haskell gins will be closed on Armistice Day. In circulating the petition to close last week, those having it in charge did not have time to see all the ginners, hence their names did not appear on the list published last week. The following gins will be closed: Duncan Gin Co., Davis & Mitchell, Sanders & Crawford, M. F. Spurlock, Farmers Gin Co., Haskell Electric Gin. The following firms, whose names were also omitted from the list last week, will be closed: Dixie Service Station, R. F. Pitman, Haskell Motor Co., Mack's Service Station.

**PECAN SHOW TO BE HELD AT EASTLAND**

Development of the pecan orchard in all of its phases will be discussed by prominent State and National pecan authorities November 18th at Eastland. At this time the semi-annual meeting of the Brazos Valley Pecan Grower's Association will be held. Speaking will begin at 10:00 a. m. registration at 9:30. D. C. Glenn of Granbury is president and L. D. Shoemaker is secretary of the organization. Prof. S. W. Bilsing of the A. & M. College will discuss "Pecan Insect Pest Control;" Frank J. Willman, "Developing the Native Pecan Grove;" Oscar Gray, "Starting a Successful Pecan Orchard from Nursery Trees;" Ross R. Wolfe, "Improved Varieties Best Adapted to Our Territory." Among others of note to appear on the program are: J. A. Evans, W. M. Peters, L. D. Romberg and J. P. Rosborough. Senator H. P. Brelsford of Eastland will deliver the welcome address.

One feature of the day will be the "Question Box" in which pecan growers are requested to place questions which they would like to have answered or discussed. Speakers will attempt to cover these points. These meetings are open to any who may be interested and owners of pecan timber are urged to attend.

The Association meets twice a year and in a different County each time. The object being to make the programs available to people throughout the pecan growing area of the Brazos valley. It is hoped that a large number of local people will make plans to attend this fall meeting at Eastland on Friday the 18th of this month.

Of added interest will be the Pecan Show to be held in connection. Premiums are offered on quart jars of pecans from the 1927 crop. The list covers several of the more common commercial varieties, named varieties of natives, natives unnamed, largest natives, natives showing greatest shelling percentage, with emphasis being placed on natives worthy of propagation. Many trees in this section are producing pecans of such value as to justify their use in propagating other timber and this show will help to bring prominence to such unrecognized nuts. An early start in selecting specimens for exhibit is advisable due to the limited yield this year.

**Baptist T. E. L. Class Meeting**

About thirty members of the T. E. L. Class gathered in the home of Mrs. T. J. Arbuckle last Thursday afternoon in a business and social meeting.

The president, Mrs. K. D. Simmons, took charge and the business was soon disposed of.

The social hour was thoroughly enjoyed. Little Jeraldine Conner read, "Busy Housewives".

As it is nearing the Thanksgiving season the ladies were asked to name some of the blessings they were thankful for. There were many expressions of thanks for this great class and splendid teacher, Mrs. Whiteker.

We had a lively time answering the twelve questions about women of the Bible. Most of us resolved to study our Bibles more.

Just before being served hot chocolate and wafers, each lady gave her dollar to help pay our class pledge on the new pastorium and told in poetry how she earned this dollar. Many had clever rhymes. We especially enjoyed Mrs. D. Scott's, printed below:

"The indebtedness on our pastorium is great. And the T. E. L. Class says 'This debt we must help to eliminate' So to a party each one must bring. One dollar to help do this thing. Money—have I none. Something must be done— So while my husband is sleeping. Into his pockets, my hands go creeping.

For a dollar I must have. To give to my Sunday School pals. Now ladies, don't misunderstand. And think, I have broken a command. For no wrong have I done. My husband and I are one."

**CLUB BOYS WIN FREE TRIP TO CHICAGO**

Twenty agricultural club boys will attend the sixth National Club Congress at the International Livestock Show November 25th to December 2nd at Chicago, Illinois, advises Sterling C. Evans, State Boys' Club Leader, Extension Service, A. & M. College of Texas.

This was made possible by the Santa Fe-Chicago Trip Contest which closed November 1st in which one boy from each of nineteen counties touched by the Santa Fe Railroad was given a free trip covering all transportation, meals and lodging for one week at the International Livestock Show.

The successful contestants were determined by the best records of one project of livestock, poultry or corn, which reached the committee by midnight November 1st.

The Armour Packing Company of Chicago also gave one free trip to the boy making the best record as a Baby Beef Club member. The records were submitted to a committee composed of W. H. Darrow, Editor Extension Publications; E. N. Holmgren, Extension Service Poultry Husbandry and Fred Hale, Livestock Specialist of the Experiment Station.

The boys winning the trip over the Santa Fe were as follows: Vernon Smith, San Augustine County; Ray Dickerson, Shelby County; Allen Rigler, Hale County; Albert Novak, Brazoria County; Webb McEver, Hill County; Henard East, Deaf Smith County; Joe Cotropia, Brazos County; Alton Dunks, Harris County; Zack Jones, Tom Green County; J. L. McAdams, Jr., Liberty County; Jack Ramsey, Brown County; Ernest Bennett, Johnson County; Jack Peace, Lamar County; Sandy W. Berry, Tarrant County; Vernon Lewis, San Saba County; Bob Regers, Ochiltree County; Ralph Ferguson, Rusk County; Ewell Smith, Jefferson County; Lowell Stoker, Scurry County; and Harold Smalley, Lubbock County.

These club boys will gather in Fort Worth November 25th and will leave over the Santa Fe railroad for the International Livestock Show at Chicago.

**These Nine Years!**  
Nine years have passed. We have forgotten much since the days when troop-ships slipped quietly down New York Bay before dawn. Hatred, jealousy, suspicion—all are gone these nine years—forgotten.  
But we can never forget the legions that marched into the East, singing "Mademoiselle from Armentieres."  
Bayonets and Liberty Bonds, reparations and the submarine terror happily are now only history.  
But "the Boys"—the singing, laughing, swearing, fighting "Boys"—they will remain in our hearts forever.

**ARMISTICE DAY**  
MEN and nations forget. Wounds that were deep, wounds festered and rubbed with the salt of hate, have healed in the sunshine of a new day, scars that were thought ineffaceable are vanishing as the years pass on. Once more men and goods travel the seas where sailed the grim destroyers, and the plow turns ever deeper the buried hatreds of the greatest war. And it is well that we forget.  
But let us not forget those who, when the nation called in those stormy days, were the first to answer. So we join today in paying silent, due, reverent homage to Our Glorious Dead.

## Sunday School Party.

The Fiddis, Berean, Glad Girls and Senior Intermediate Sunday School classes of the First Baptist Church with their teachers enjoyed a masked Halloween party at Bledsoe's Lake Thursday night October 27. The grounds were made spooky with jack o'lanterns, skeletons and Halloween motifs. The place was haunted with spooks, ghosts and witches, hideous cries were heard from every where. One was afraid to venture out in the dark.

The bath houses were made into various "Chambers of Horror" and fortune telling booths.

Ghosts of the past were seen walking among the trees. Each class did a stunt and the most enjoyable was the "Medicine Show" by Mr. Conner's class. A Hindu Magician furnished quite a lot of amusement.

Next came the roasting of weiners over the bon fire. Bread, pickles, apples, doughnuts and black coffee was served with the weiners to about seventy-five young people of the Baptist church and a number of special guests.

## Magazine Club.

The Magazine Club held its regular meeting Friday afternoon in the Club rooms. Dark red Chrysanthemums were used in profusion throughout the rooms.

The Intermediate G. A. met Monday Nov. 7. They had a very good meeting. There were eleven present.

Saturday morning at 7:45 the G. A. will meet at the Baptist church and from there they will go to the English Park on a sun-rise breakfast.

Monday Nov. 14, they will meet at the church for a shut-in.

Monday Nov. 20 they will have a social meeting at the home of Mrs. Lebo.

## INTERESTING NEWS FROM BUNKER HILL COMMUNITY

Bunker Hill is still alive even though you are not hearing about her.

The pastor of the Baptist church here, Rev. A. S. Homes of Aspermont preached for us Saturday night, Sunday morning and Sunday night. He will be back again the first Sunday in December.

The school started Monday. The members of the faculty are the same as that of the past year. Mr. W. C. McKenzie, principal, Misses Vinita and Vesta Baker, assistants. The school began with a total of sixty scholars and has been increasing since that date. We feel sure that this school has as yet not reached its highest stage.

The Vernon B. Y. P. U. rendered their program at Bunker Hill Sunday evening. Group Captain No. 1, Jimmy Campbell, had charge of the program; which proved to be very interesting with a quartet at the conclusion consisting of Samantha Hardwick, soprano; Nannie Hardwick, alto; Barto McIntyre, tenor and George Turner, bass.

There will be Sunday school next Sunday morning at 10:30. Be there.

## AMERICAN PEOPLE NOT HARD-BOTTLED, ASSERTS POSTMASTER-GENERAL NEW

**Postmaster-General New Scoffs at "Pessimists" Who Insist That Friendship and Brotherly Love Are Things of the Past.**

Have the American people become "hard-bottled" and calloused, subordinating friendship, neighborliness, and the social graces and amenities characteristic of a former day to the mad scramble for the almighty dollar?

Postmaster General Harry S. New does not think so. So strongly does Mr. New feel on the subject that, in a message to Greeting Card Manufacturers gathered from all parts of the United States for the Convention of the Greeting Card Association in session at Atlantic City, he pointed to the thousands of greeting cards going through the mails each year as an argument against those who insist that the age of commercialism and the "devil take the hindmost" precept of modern business has struck a death blow to the happy customs and ideals that once stamped us as the most hospitable of all nations.

In his message to the Greeting Card Association Postmaster General New takes exception to the plaints of those who feel that human beings in general, and Americans in particular, are less friendly and neighborly than in former days, and that men and women nowadays are too centered in their own activities to bother about friends and neighbors. He added:

"The number of greeting cards sent through the mails has increased tremendously from year to year. This is the very best argument that can be advanced against those pessimists and agitators who maintain that there is no spirit of comradeship, friendship or brotherly love left in the hearts and minds of the American people. There is not an anniversary, a holiday, or a public event of one kind or another that is not remembered by the dispatch or receipt of

Postmaster General Harry S. New

thousands of greeting cards. The country, instead of going backward in this respect, is advancing from day to day and from year to year."

The Greeting Card Manufacturers were told by R. W. Hicks, secretary and treasurer of the association, that the American people spent more than \$50,000,000 during the past year in remembering with greeting cards their friends and relatives on birthdays and special occasions, and on such anniversaries as Easter, Thanksgiving, Fathers' and Mothers' days, Christmas and New Year's.

A poll of delegates representing the entire country revealed Christmas cards, Easter cards and valentines and Mothers' Day cards as the four "best sellers" among greeting cards, with men as the heaviest purchasers of valentines.

The association unanimously adopted a resolution congratulating Postmaster General New on the efficient handling of the mails and the sincere co-operation of the Post Office Department with business throughout the country during his administration.

**Simmons-Morris.**  
Miss Kyrene Simmons and Mr. G. R. Morris of Munday were married at the home of the bride's parents, Mr. and Mrs. K. D. Simmons Sunday morning October 30th, at 9 o'clock, Rev. H. R. Whatley, pastor of the First Baptist Church, officiating. Only the immediate family and a few friends were present at the ceremony.  
The bride is a very popular member of the younger social set, and has lived in Haskell practically all her life.

The groom is in the employ of the West Texas Utilities Company at Munday and is well known here, having at one time been connected with the McNeill & Smith Hardware Company of this city.

Mr. and Mrs. Morris will make their home in Munday. The Free Press joins their many friends in extending congratulations and best wishes.

### Building Quality into Used Cars

Unusual facilities for reconditioning automobiles make possible the high value found in our dependable used cars.

In the first place, we can tell exactly what needs to be done to a car without long and expensive experimenting. Our mechan-

ics are thoroughly competent — and, working with special tools, they accomplish a given task in the minimum time. Furthermore, we use only genuine parts for replacement purposes.

As a result, our reconditioned cars simply cannot be matched for value.

## CLUB BOYS WIN FREE TRIP TO CHICAGO

Twenty agricultural club boys will attend the sixth National Club Congress at the International Livestock Show November 25th to December 2nd at Chicago, Illinois, advises Sterling C. Evans, State Boys' Club Leader, Extension Service, A. & M. College of Texas.

This was made possible by the Santa Fe-Chicago Trip Contest which closed November 1st in which one boy from each of nineteen counties touched by the Santa Fe Railroad was given a free trip covering all transportation, meals and lodging for one week at the International Livestock Show.

The successful contestants were determined by the best records of one project of livestock, poultry or corn, which reached the committee by midnight November 1st.

The Armour Packing Company of Chicago also gave one free trip to the boy making the best record as a Baby Beef Club member. The records were submitted to a committee composed of W. H. Darrow, Editor Extension Publications; E. N. Holmgren, Extension Service Poultry Husbandry and Fred Hale, Livestock Specialist of the Experiment Station.

The boys winning the trip over the Santa Fe were as follows: Vernon Smith, San Augustine County; Ray Dickerson, Shelby County; Allen Rigler, Hale County; Albert Novak, Brazoria County; Webb McEver, Hill County; Henard East, Deaf Smith County; Joe Cotropia, Brazos County; Alton Dunks, Harris County; Zack Jones, Tom Green County; J. L. McAdams, Jr., Liberty County; Jack Ramsey, Brown County; Ernest Bennett, Johnson County; Jack Peace, Lamar County; Sandy W. Berry, Tarrant County; Vernon Lewis, San Saba County; Bob Regers, Ochiltree County; Ralph Ferguson, Rusk County; Ewell Smith, Jefferson County; Lowell Sto'ker Scurry County; and Harold Smalley, Lubbock County.

These club boys will gather in Fort Worth November 25th and will leave over the Santa Fe railroad for the International Livestock Show at Chicago.

## STAMFORD NEGRO PAIR FOUND WITH THROATS CUT

The lifeless bodies of Susie Miller and M. D. Brownlee, both negroes, were found in the Miller woman's home in Stamford with their throats cut, Sunday night about 10 o'clock. An open razor was clutched in Brownlee's right hand and officers are of the opinion that he killed the woman and then slashed his own throat, but are also working on the theory that a third person is implicated.

**MERKEL GAME TO CLOSE HOME STAND OF INDIANS**

Local fans will probably have the last opportunity to see the Haskell High School Indians in action at home Friday forenoon when they tackle the Merkel High School team. With the exception of the Stamford and Abilene games all the games of the season have been staged here and it is likely that the two remaining games will be staged away.

The conference middle will be cleared after Friday so that Haskell, being a runner-up, will have to meet Anson for the second time to determine the championship for this district. This game will not be staged at Haskell as the teams have already met here once and Anson could not be expected to return here this season.

Be at the Fair Park Friday forenoon to cheer the valiant Indians on to another victory. In many ways the Indians have had a wonderful season. At times they have played unbeatable football and Friday should be one of the "on" days.

"I had suffered with indigestion for 6 years," says Mr. H. C. Dove, R.F.D. 4, Channing, S. C. "I had gotten to the place where I could hardly eat a thing—everything hurt me. I had soothing spells and fell off 20 pounds. I was in a bad fix.

"I read of Black-Draught and decided to try it. I do not believe that I would have been living today had it not been for Black-Draught. I had gotten to where I only ate milk and crackers, but after taking Black-Draught I began to eat and gradually got my appetite back. I gained in weight and felt better. **THE OLD HEN COMING TO THE FRONT**

With more than a billion dollars per year to the credit of the business she creates, the old hen of America now stands third in the branches of the live-stock industry. So says Dr. John R. Hobart, of the United States Department of Agriculture.

She accounts for about 16 per cent of the total value of all livestock and products for the year 1926, and only the dairy industry with 40 per cent and the twine industry with 22 per cent rank higher.

The Doctor reminded his hearers, in his address to the convention of veterinarians, that the poultry industry and their diseases were important because the American hen is responsible for more than one-third of the world's supply of poultry and eggs. The American hen, collectively, lays at the rate of 760 eggs a second, or two million dozen a year.

R. J. Reynolds, who was operated on for appendicitis at the Baptist Sanitarium in Abilene last week is recovering rapidly according to reports received here and is expected to return home in a few days.

The bodies of Susie Miller and M. D. Brownlee, both negroes, were found in the Miller woman's home in Stamford with their throats cut, Sunday night about 10 o'clock. An open razor was clutched in Brownlee's right hand and officers are of the opinion that he killed the woman and then slashed his own throat, but are also working on the theory that a third person is implicated.

## U. S. Breaks All World's Records For Quality and Mileage of Roads

THE United States has far surpassed every other road building record set by other nations from Imperial Rome to Modern France," said J. S. Helm, President of the Asphalt Association, New York, in addressing a conference of Paving Technologists on October 11th, in that city, preparatory to the Annual Paving Conference in Atlanta, during the week of November 28th. "Twenty years ago the total amount of money spent on highways in the United States was less than \$75,000,000; today it is over \$1,200,000,000. Then we had less than one mile of road out of every twenty miles surfaced with anything but mother earth; today we have over 400,000 miles of surfaced highways, or nearly one mile out of every five outside of municipalities. In the single year of 1925 our engineers surfaced some 44,000 miles of highway—a length almost as great as the combined length of all of the Imperial highways of Ancient Rome and 50% greater than the entire mileage of "The Routes Nationales" of France.

Thomas H. MacDonald, Chief of the U. S. Bureau of Public Roads, who will be the principal speaker at the Sixth Annual Asphalt Paving Conference at Atlanta, Ga., Nov. 28-Dec. 2, 1927.

"One of our real problems," said Mr. Helm, "is due to the fact that automobiles have increased in number faster than our amazing road building progress. Some 22,000,000 automobiles or 85% of the world's supply are now using the highways of the United States and the overflow must move out on the secondary roads to relieve the congestion on main routes. Some of these roads have already been made dustless and smooth by an economical use of asphalt, but the work must be undertaken on a vast scale. Another of our present day tasks is to save our 400,000 miles of macadam and gravel roads from destruction and to salvage the \$2,500,000,000 investment by using these roads as foundations for new and modern asphalt wearing courses. This is an economic crime to tear up these old roads and thus lose the very genuine value they have as foundations."

Thomas H. MacDonald, Chief of United States Bureau of Public Roads, who since 1919 has directed the huge national road building program of the Federal Government, and who will be the principal speaker at the paving conference, will emphasize the important administrative policies of the Federal Road Bureau and the measures which are expected to prove effective in solving the problem of

salvaging our existing highways and taking care of the great mileage of secondary roads.

Hugh W. Skidmore, president of the Chicago Paving Laboratory and President of the Association of Asphalt Paving Technologists, will preside at the opening session on Paving Research, on November 28th. At this session distinct advances in paving technology will be brought out.

Adaptation of city types of pavement, such as are exemplified by the beautiful pavements of Fifth Avenue, New York; Michigan Boulevard, Chicago, and the famous Black Base pavements of Denver, to country highway conditions will be explained at the Engineering Session. Col. Woolsey Fennell, State Director of Highways of Alabama, is chairman of the Engineering Committee.

The conference, which is made up of state, city and county engineers and officials; paving contractors, manufacturers and producers, is the sixth of the series, the 1925 and 1926 conferences having been held in Detroit, Michigan; and Washington, D. C.; respectively.
