## Willkie Is Appointed Special Representative Of Roosevelt

### GOP Head To Tell Of War Effort

WASHINGTON (AP)—President Roosevelt said Friday Wendell L. Willkie, who opposed him for the presidency on the Republican ticket in 1940, was going to the Near East and Russia to tell those countries the truth about the American war effort and the unity behind it.

The President told a press conference that in addition to Russia, Willkie's itinerary would include Egypt, Arabia, Palestine, Syria, Turkey, Iraq, and Iran.

Will Talk With Officials  
The best thing to call him, Roosevelt said, is a special representative of the President, since he will carry letters not only to various Americans but also to officials of other countries, including Premier Stalin of Russia.

In each country, the President said, in replying to a question as to Willkie's specific mission, his principal task will be to tell them the truth, reporting to them if the Axis won, and if the United Nations won.

### Roosevelt Tells U. S. Department Heads To Refrain From Debate

WASHINGTON (AP)—Declaring heads of some government agencies were talking too much, President Roosevelt Friday directed all government administrators to refrain from public debate of controversial questions of policy and to stop criticizing each other in such controversies.

Roosevelt said such airing of divergent opinions in the public press were being seized upon and exploited by enemies of the United Nations.

### W. Lee O'Daniel Is Confident As Ends Campaign

COMMERCE (AP)—W. Lee O'Daniel Friday headed down the home stretch in his Senate runoff race against James V. Allred, confident that "we will show them under Saturday so deep they'll never come up."

He emphasized that he was "not alarmed a bit about winning the election."

But he pleaded for a heavy turnout of his adherents "because every additional vote you give your common citizen senator will give me power and prestige in Washington to get things done you want done."

He closed with a radio talk in which he denied charges of isolationism which he said his opposition had made against him.

The senator departed at Marshall from his usual speech scoring "Communist leader racketeers" to make a few remarks about pensions.

There he said he favored old age pensions of \$45 a month while his opponent wanted to pay only \$30.

### Election Judges Are Named For Saturday

Voting boxes will be open Saturday from 8 a. m. to 7 p. m. for casting ballots in the Democratic runoff. The usual five voting places will be open in Midland County, with No. 1, in the courthouse, presided over by Mrs. Gladys Tolbert; No. 2, at the Stokes school, by C. Flowers; No. 3, at the Stephenson school, by J. L. Franklin; No. 4, at Warfield, by W. M. Stewart; and No. 5, at the old Presbyterian church building in Midland, by J. Homer Epley.

There were 80 absentee votes cast by county voters, giving the county the largest absentee vote in a runoff for the past ten years.

### Oil For East Coast To Get All Tank Cars

WASHINGTON (AP)—Petroleum Coordinator Harold Ickes Friday prohibited railroad delivery of automobile gasoline in 20 states in the Middle West and Southwest in a move to release an estimated 5,000 to 7,000 tank cars for supplying the East.

The order is effective Aug. 24. The states brought under the ban were Texas, Louisiana, Mississippi, Alabama, Oklahoma, Arkansas, Tennessee, Kentucky, Missouri, Kansas, Nebraska, Iowa, Illinois, Indiana, Ohio, Michigan, Wisconsin, Minnesota, North Dakota and South Dakota.

Gasoline will flow freely in Texas, said Colonel Ernest O. Thompson Friday. "Tank cars are not even needed in Texas. We have been hauling by truck and will continue to do so. Refineries are so thoroughly spread throughout the state that truck hauling will continue. There will be no need to ration gasoline in Texas."

The order prohibiting railroad delivery of automobile gasoline in the Midwest and Southwest will create no serious transportation problem in most of the 20 states involved, said industry observers at Tulsa Friday. "Oil companies have anticipated this order and are ready to deliver all gasoline needed by truck."

Deputy Coordinator Ralph K. Davies said it "remains to be seen" whether rationing of petroleum would be made necessary in those states as a result of the order.

He added that the diversion of additional tank cars would not aid the East's gasoline rationed motorists since the railroad cars would be (Continued on Page 2)

### Amerada Starting Two Offsets To Extension Well In Barnhart Area

By FRANK GARDNER  
Amerada Petroleum Corporation is starting diagonal southwest and southeast offsets to its No. 1-RG University, 526-barrel natural producer which recently extended three-quarter-miles southwest the Barnhart field, in lower Ordovician, pool of extreme Southeastern Reagan County.

Cellar and pits have been dug at the firm's No. 1-RI University, the diagonal southwest offset. It was staked 684 feet from the north and 696 feet from the west line of section 7, block 46, University survey.

The southeast offset, Amerada No. 1-RH University, also has cellar and pits completed. It is 679 feet from the north and 2,086 feet from the east line of section 7, block 48.

The Barnhart pool, which produces from the 9,000-9,200-foot level, is second in depth in West Texas only to the Monahans pool of Northwestern Ward County, which boasts of Ellenburger production below 10,082 feet.

### Gaylord Employees Are Big Buyers Of War Bonds, Stamps

War Bond sales are running more than 12 per cent of the weekly wages paid to employees of the Gaylord Construction Company in Midland. The firm, builders of the new Midland municipal airport, and at the same time building additional facilities at the Midland Army Flying School, employs a large number of men on the two jobs.

"Several of the men are putting at least 25 per cent of the wages into bonds every week," said C. Westbrook, general superintendent, "and all have done well in buying these government bonds. A good many buy a bond per week, while others buy more or less; but nearly all buy. We are proud of their record."

The Midland municipal airport is fast nearing completion, but the work at the Midland Army Flying School is apt to take longer. Captain R. G. Kirk, United States Army Engineer in charge of the municipal port construction, has just returned from Marfa, where he helped to get some construction underway there for the Army post expansion. He will remain in Midland until the airport is completed.

### Conquering Power Of American Bombardier Revealed By Dieppe Attack; German Air Power Badly Crippled

(By The Associated Press)  
LONDON—The clipped wings of the German air force in Western Europe was rated by British observers Friday as the first big dividend of Dieppe.

Allied mastery of the air, they asserted, is complete beyond challenge, not only over Britain and the Channel but even deep into enemy territory itself.

The Americans' biggest share was in the roof of some 1,000 planes the Allies kept over the Dieppe battle zone. Their battle score in this was five casualties against three probable victories.

"After receiving reports of our lads' behavior under such difficult circumstances," said Brig. Gen. Frank O. D. Hunter, commander of the U. S. fighter command, "I know damn well they'll take care of themselves. They fly and fight like veterans."

"The bombardiers of the flying fortresses already have a reputation for bull's-eye marksmanship."

These commentators, whose identity could not be disclosed, said this was proved by the extraordinary show of Allied airpower Thursday, with virtually no opposition and (Continued on page two)

### Roosevelt Warns Enemy Nations

WASHINGTON (AP)—President Roosevelt warned enemy nations in a formal statement Friday of "fearful retribution" to come for what he called their "barbaric crimes" against civilian populations in Axis-occupied countries.

The chief executive issued his warning after Secretary of State Hull had given him a communication from the Netherlands ambassador and the Yugoslav and the Luxembourg ministers calling attention to Nazi slaying of hostages.

De scribing these acts of desperate men, and promising that they would result in fearful retribution, the President said the government of the United States had been receiving information on Axis atrocities from numerous sources and would welcome more.

Will Use Evidence  
When the United Nations achieve victory, he asserted, it is their purpose to make appropriate use of the amassed evidence.

The time will come, Roosevelt said, when the guilty persons will have to stand up in courts of law in countries they now are oppressing and answer for their acts.

Asked at his press conference whether he could commit the people of ravaged countries to acting through courts of law once "they get a chance" at their oppressors, the chief executive admitted probably he could not do so, but said he was expressing a hope that judicial processes would prevail.

### Red Cossacks Kill German Parachutists

(By The Associated Press)  
Bayonet-charging Russian troops were reported Friday to have slaughtered all but a few Germans who stormed across the Don River before Stalingrad for the second time in 12 hours, and Soviet dispatches declared the invaders had suffered another setback in bloody fighting south of the great Volga steel city.

In the Western Caucasus, Soviet dispatches said hundreds of Nazi parachute troops descended on the steppes at the approaches to Novorossisk, Black Sea naval base, only to be cut down by Kuban Cossacks. Warships of the Soviet Black Sea fleet left the Novorossisk base more than a week ago.

German Attempt to Reach Sea  
Dispatches said several hundred sky troops were annihilated in a two-hour battle west of Krasnodar. German troops and large infantry forces also were reported attempting to break through the Northwest Caucasus foothills to the Black Sea Coast.

A bulletin from Red Army headquarters said Russian infantrymen and tank crews, battling to hold the bend of the Don as a final barrier before Stalingrad, "almost completely annihilated an enemy group which crossed the river."

"More than 500 Germans were killed," it said.

The fighting centered in the Kletskaya-Kalach region, 50 miles west of Stalingrad. Other Nazi forces which crossed the river Thursday were said to have been completely wiped out.

### Circle Bar Has Sold Five Thousand Sheep

Three thousand lambs were sold to a Northwest Texas buyer, and 2,000 old ewes to Otto Drake of San Angelo Thursday by the Circle Bar Ranch, John Dublin and Blonnie Hall. Delivery on the lambs will be made October 1, and on the ewes about October 15.

Sales of lambs have been very active in the region for the past few days.

### WAR BULLETINS

LONDON (AP)—Six of Germany's new Focke-Wulf 190 fighters were destroyed or damaged over the North Sea Friday by a flight of eleven U. S. Army Flying Fortresses, the U. S. Army Headquarters in Britain announced.

LISBON (AP)—A report from Algarve Province Friday night said a fierce naval and air battle was raging off Cape Saint Vincent, the southwest tip of Portugal.

LONDON (AP)—British bombers attacked a German convoy off the Dutch coast, scoring hits on three ships, the air ministry announced Friday. All the British planes returned safely.

CHUNGKING (AP)—General Chang En-To, a divisions commander on the southern Shantung front, was ordered arrested Friday by the National Military Council on charges that he attempted to desert with all his troops and organize his own "anti-Japanese shock army."

MOSCOW (AP)—Red Star reported Friday that Adolf Beck, German agent for 14,250 acres of Leningrad province farm land, had been killed by guerrillas. The army paper's story said his assistants also were slain, his office was burned and farm machinery intended for Germany was seized.

ROME (From Italian Broadcasts) (AP)—The Italian high command announced Friday the repulse of repeated British air attacks on Axis shipping in the Mediterranean, reporting that the vessels had reached their destination safely.

VICHY, Unoccupied France (AP)—Paris police announced Friday that Madeleine Larzin, French woman condemned to death last month as instigator of a food riot, had escaped while being transferred to Rennes prison.

FOLKESTONE, England (AP)—Two German planes bombed and machine-gunned the streets of a small southeast coast town at noon Friday, hitting a theater and some other buildings. A number of casualties resulted.

### Enemy Masses Naval Forces For Counter Blow Against Marines

By Roger D. Greene  
Associated Press War Editor  
Giant U. S. Army flying fortresses were reported launching a big attack on Japanese warships off the Solomon Islands Friday as the enemy apparently moved to strike back at American Marines now occupying at least three islands in the southeast of the 900-mile-long archipelago.

A British broadcast indicated the attack was developing and said details were being awaited.

Previous reports from New Zealand had said the enemy was massing naval forces for a counter blow against the Marines in the Tulagi area.

Meanwhile, Imperial Tokyo headquarters asserted a small force of American troops effected a landing at dawn Aug. 17 on Makin Island in the Gilbert Islands, 2,400 miles southwest of Hawaii, but were "repulsed completely" by the Japanese garrison.

Report Not Confirmed  
The Japanese report, unconfirmed elsewhere, said the landing party consisted of about 200 troops.

Seized by the Japanese at the outset of the war, the former British-owned Gilbert Islands lie on the Equator, just below powerful enemy bases in the Marshall Islands and 1,100 miles northeast of the Solomon Islands.

Such a raid presumably would be little more than a Commando thrust to test out the enemy's defenses.

In the 16-day-old battle of the Solomons, Gen. Douglas MacArthur's air scouts searched the vast island-dotted South Seas in quest of Japanese naval activity amid reports that the enemy was massing new strength for a counterblow against U. S. Marines in the Tulagi area.

Start Mopping Up Work  
A Navy communique announced the Marines now were engaged in mopping up remnants of Japanese garrison troops on islands "recently captured" at the eastern end of the 900-mile-long archipelago.

The Navy said a Japanese destroyer or cruiser had been set afire by Allied aircraft and declared that bombardments by enemy planes, destroyers and submarines had inflicted (Continued on Page 2)

### Allred Continues Attack On Record Of W. L. O'Daniel

BEAUMONT (AP)—The signal for "cease firing" was almost at hand for the senatorial runoff campaigners but James V. Allred kept up his shooting Friday at what he calls Roosevelt-haters, common citizen millionaires and "my opponent"—W. Lee O'Daniel.

The final leg of a journey over Texas the last three weeks took him to Liberty, Cleveland, Conroe and Houston. In those places and by radio he will have his last chances to carry his message that the greatest issue now facing Texas is winning the war, supporting the President to the hilt, succoring agriculture, little businessmen and protecting labor from exploitation.

Allred charged that "no one x x x has been found to say that my opponent is not an isolationist."

### Chuck McAdams Gets Life Scout Award

Chuck McAdams of Troop 51 will receive the life scout award at the Boy Scout court of honor at 8 p. m. Friday in the county courtroom. Captain David Koelstra of the Royal Dutch East Indies Air Force who now is stationed at the Midland Army Flying School, will address Midland scouts at the court.

J. P. Butler, chairman of the court, arranged the program.

Merit badges will be awarded the following scouts: Jack Cox, Lou Hartwell, Charles Hunter, Jerry Jordan and McAdams, all of Troop 51; and Tony Howard, Troop 52; and Billy Holcomb, Troop 54.

Jerry Jordan will become a fir class scout.

## Mrs. Charles Word Compliments Club, Guests At Bridge

Mrs. Charles Word complimented members of the Delta Dek Club and two guests with an afternoon bridge Thursday at her home, 1203 W. College.

The guests were Mrs. Roger Davis of Cincinnati, Ohio, and Mrs. C. J. Lambert.

High score in the games went to Mrs. Sol Bunnell, second high to Mrs. Davis, and bingo to Mrs. Don Albers.

A refreshment course was served to the guests and the following members: Mmes. Albers, A. L. Barr, Eric Bucher, Bunnell, Miss Frances Ann Davis, and the hostess.

Zinnias decorated the house.

Mrs. Albers will be hostess to the club next time.

## Pierce Brooks Will Win Rail Post Race

Dallas, Aug. 21: The unanimous declaration of Texas voters is "Pierce Brooks will win the race for the unexpired term of Railroad Commissioner."

PIERCE BROOKS

Throughout Texas everyone is discussing and approving the qualifications of Pierce Brooks.

In these times of stress it is of vital importance that a man of ability be a member of the Texas Railroad Commission, and coherent with this unanimous decision Texas will go to the polls on August 22, cast their votes for Pierce Brooks, the business man, to be their war-time Railroad Commissioner.

Brooks polled more than 64,000 plurality votes over his nearest opponent in the July primary. In 1940 Brooks polled 420,000 votes. "We'll finish the job we started in 1940," declare Texas voters.

Brooks stated: "I want to thank the voters of Texas for their continued consideration and support. I will faithfully and conscientiously serve as a member of the Texas Railroad Commission."

**Navy Wants More Men From Midland**

In the U. S. Navy's campaign to enlist at least 6,000 men during August and September, in which campaign Midland County has been assigned a quota of 20 men, two men have been enlisted from this county, Lieutenant L. H. Ridout, Jr., officer in charge of the North Texas recruiting district, announced Friday.

"Many counties are reaching their quotas, but the report from this county is far from encouraging," said Lieutenant Ridout. "He was confident, however, that the various civic groups and committees aiding in this tremendous drive for recruits would redouble their efforts to aid in procuring men for naval service."

He was also confident that the quota of 6,000 men from the North Texas district would be reached and expressed his thanks to all persons and organizations actively engaged in this campaign.

Harvey Childress, minister of the Ogden, Utah, Church of Christ and former minister of the Midland Church of Christ, will hold a revival meeting here, opening Sunday and extending through Sunday, August 30.

Services will be held at the regular hours, morning and evening, Sunday and at 8:30 p. m. each weekday night. The public is invited to attend the services which will be held at the church on San Angelo Street.

Mr. Childress was minister of the church here for two years, leaving about two years ago for California where he worked a year. The Midland church has sponsored his work in Ogden since January, 1941.

**FEMININE FANCIES**  
By Kathleen Eiland

We've been hearing much lately of the WAACs. Have you tried to imagine what one looks like? Whether she's little or big, blonde or brunette, and her age?

Well, here's the composite picture of one based on the records of the first 444 women in the training school at Fort Des Moines.

Behold the WAAC: Age, 26; height, 5 feet 4 inches; weight, 132 pounds; complexion, brunet; home, might be any one of the 48 states or Philippine Islands or Puerto Rico, or Alaska; has a college education; is unmarried.

Well, she sounds husky enough, and intelligent enough to make a success of anything she starts—whether it is WAACing or whatever.

Something new in the way of scrapbooks strikes a new high in convenience. The front cover which is topped with cork (that's what it looks like, at least) is adorned with cutout letters spelling "Scrap Book".

Just below is a narrow pocket containing a pair of scissors whose O-shaped handles form the double in the "Book". Unique idea.

Made to order, we say, for those of us who have to hunt despairingly over the house for the scissors whenever we get ready to work up a scrap book.

The same line of cork-cover accessories includes telephone books which carry a pencil as an extra touch of utilitarianism.

During work hours Uncle Sam's soldiers may be strictly devoted to war and its attendant details. But when they get ready to sing, they choose songs that aren't about war.

At least the majority of their favorites are not war lyrics according to the records of one store in town that sells music. They select things like "Sleepy Lagoon" and "Idaho", "Jingle, Jangle, Jingle" and "One Dozen Roses" along with the more war-like songs.

Rather a nice commentary on the essential interests of the men we think. Fighting is a task to be done but not the thing in life to live for as it may be to soldiers of some nations.

## CAN TEXAS DEMOCRACY "TAKE ON" THE ANTICS OF THE REPUBLICAN SHOWMAN FROM KANSAS?

Tomorrow, Saturday, the Democracy of Texas will be called upon for a momentous decision. Literally we ask the question above. With his "Hill-Billy" antics the Republican Showman from Kansas has so far ridden a wave of political favor that is all the more surprising for the reason that his antics have been almost his sole appeal for his high preferment. His recognition in Washington is no more than a laugh, and for that reason there is really no occasion to comment upon his Out-of-Harmony attitude toward the Administration and the fact that he would be a stumbling-block to America's War Effort for his influence does not extend beyond his vote. He is a member of the Wheeler, Nye & Co. Isolationists and with them voted against the bill to extend the time of service of selectees just before Pearl Harbor.

Let not the Democracy of Texas fail to remember that the Republican Showman from Kansas voted for Hoover against Roosevelt in 1932, and that he has carried, always, the Republican vote of the state; nor would we forget that, except around Fredericksburg where the influence of Admiral Nimitz is felt, he has been almost solidly, backed by German influence and German vote, which has always been predominantly Republican, and that he is thus supported to the would-be defeat of an unsullied Democrat—a man strong in intellect, dignified, virile, and calculated to add unshackled strength to a war that must be won that mankind may not be enslaved.

Let it not be forgotten that the Republican Showman from Kansas has been and will be supported by the dominant influences of certain Big Businesses. Cast about in Midland, if you will, for your facts; go wherever Big Business extends its tentacles and you will be amazed at the array of fallen dignity that is atune to his "Hill-Billy" antics.

Will the Democracy of Texas support a Republican Isolationist tomorrow, one who is out of harmony with the supreme effort of our country in this time of tragedy? It doesn't look possible. The Republican Showman from Kansas was born and raised a Republican in Republican Ohio, and was a member of the Republican party in Kansas. If he even calls himself a Democrat today, he does so for reasons of personal expediency alone, for no possible change of heart may be deduced from any fact of his life.

Tomorrow, instead of a clown, it is your privilege to choose an untarnished Democrat, a man of dignity, a man fitted to stand in high places, a man who stands shoulder to shoulder with Civilization, with his country, with his people to unninge the grip of savage Molochs that would ravage and enslave you and yours. It is your privilege, a privilege that should thrill you as an act of loyalty and of patriotism and as your bit at this time in promoting the success of the World's greatest effort.

How OPA control and operation since the spring of 1941 has held down prices in various commodity groups is shown in this chart, based on figures released by the Office of Price Administration. Biggest price increases have occurred in fields free of control.

### TWO YEARS OF U. S. WAR SPENDING

In the first two years of America's intensive war effort spending has jumped out of the millions class into the billions. Top chart shows how total appropriations, contracts and expenditures have jumped from near zero when France fell to present high marks. While 214 billion dollars have been appropriated for war spending only 129 billions have been contracted for and 39 billions actually spent in the July, 1940-July, 1942 period. Bottom chart shows daily rate of expenditures, now at nearly 200 million dollars a day. Figures from War Production Board.

### OPA To Control Sale Of Houses If Need Be

WASHINGTON (AP)—The Office of Price Administration served notice on landlords in defense rental areas that the government was prepared to control all sales of rental dwellings if necessary to force compliance with rental ceilings.

Paul Porter, deputy OPA administrator in charge of rents, said many landlords were forcing tenants to purchase the homes which they now rent, accepting promissory notes for down payments, and requiring monthly "installment" payments well above the rent now being paid.

Sales contracts in these instances are tightly drawn, Porter said, making it possible for persons selling the houses to recapture them on slight provocation. Rent regulations prohibit evictions unless the owner of the property wishes to occupy it himself, or wishes to sell it.

Mrs. Tyson Midkiff was in town Thursday from the ranch near Rankin.

### Whitlow Wyatt Pitches Dodgers To Another Win, Gives Giants One Hit

(By The Associated Press)  
The Brooklyn Dodgers still have a little matter to settle with the St. Louis Cardinals before they will be ready for the World Series, but their ace right-hander, Whitlow Wyatt, is as fully prepared for the October classic as he can ever hope to be.

Wyatt, who never has pitched a no-hit game in his dozen years around the major leagues, came as close as possible without actually achieving it Thursday when he let the New York Giants down with one blow as the Dodgers triumphed, 2-1, in a twilight-arc light game.

His only mistake was in trying to throw a fast one past big John Mize, who demonstrated that he has recovered from a recent injury by parking the ball behind the center field score board for his 29th home run in the top half of the second inning.

The Dodgers scored their two runs in the same inning.

In compiling his 15th victory against only four defeats, Wyatt fanned six, walked none, and, aside from Mize, didn't allow a man to get on base except in the fourth when Mickey Witek reached first on an error and Mel Ott was hit by a pitched ball.

The victory, opening an important four-game series, lifted the Dodgers' National League lead to seven games over the Cardinals, who were idle.

In the only other National League game, the Cincinnati Reds snuffed a six-game losing streak and crept up on the third-place Giants by turning back the Pittsburgh Pirates, 5-3.

Johnny Vander Meer pitched six-hit ball for his 14th win and missed a shutout when Vince DiMaggio blasted a three-run homer in the eighth.

The Boston Red Sox, refusing to concede the American League flag to New York's front-running defending champs, walloped the Yankees, 7-4, and rounded out a four-game series with three triumphs.

Jim Tabor, who hit a pair of two-run homers in leading the Sox to victory the previous day, homered with two mates aboard Thursday.

At the other end of the junior circuit, the Philadelphia Athletics took a doubleheader, 9-2 and 6-1, in their cellar series with the Washington Senators.

The Chicago White Sox came from behind with six runs in the fifth inning to stop the St. Louis Browns, 8-5, in a night game.

**Oklahoma City Bells Lead Semi-Pro Games**  
WICHITA, Kas. (AP)—The upstart Oklahoma City Bells knocked the two-time defending champion, Enid, Okla., out of the 1942 national semi-pro baseball tournament Thursday night.

They did it with a three-run spurt in the eighth, winning 10-7, after a six-run rally in the seventh had tied the score.

Still in the running are the Waco, Texas, Dons; 1941 runners-up, their 8-4 defeat Thursday night by the Fort Riley, Kas., CRTC Army nine was their first loss.

The Talladega, Ala., Bemistons eliminated the Portland, Ore., Bollermakers 7-3 in the third game of the night.

**This Catfish Would Make Good Submarine**  
ATHENS, Ala. (AP)—Dee Hill is telling how he landed a 300-pound catfish after fighting it for two days and a night.

Hill said he caught the big fish on a line strung across the Elk River. He tied two cedar posts on each end of the line, followed the posts until the fish gave up a mile and a half after entering the Tennessee River.

### Shreveport Gets Closer To Leader With Indian Win

(By The Associated Press)  
Second-place Shreveport crept up on the Beaumont Exporters Thursday night, by winning 7-0 against the Oklahoma City Indians while the Shippers, leading the Texas League by three games, were being nudged out by Tulsa, 2-0.

The Dallas Rebels lost a 2-1 decision to the Missions at San Antonio in the only other game of the day. The Fort Worth at Houston contest was postponed.

The Sports scored eight straight wins by beating the Indians at Shreveport. Ralph Hamner pitched a two-hitter to win his sixteenth victory of the season, fanning every man in the line-up once and striking out nine.

At Beaumont the Exporters were helpless against the hurling of Chambers, who distributed eight hits so effectively that they didn't mean anything to the Beaumonters. Tulsa scored its sole run in the fourth inning.

**Wakefield Is Texas League Top-Notcher**  
HOUSTON (AP)—Dick Wakefield, the \$51,000 beauty who graduated from Michigan University to the Detroit Tiger farm system, Friday began paying off dividends on the Tigers' huge investment.

Wakefield Friday was named the most valuable player of the Texas League by sports writers.

The Beaumont rightfielder is leading the league in hitting, over the .350 mark, leading in number of hits, in two base hits and second in runs scored.

Wakefield received 51 points. Hank Oona, Fort Worth's star pitcher who was converted from an outfielder early in the season, was second with 27 votes. Earl Caldwell, veteran Fort Worth hurler was next with 21. Paul Dean, staging a fine comeback with the Houston Buffs, was next with 15, and Doyle Lade of Shreveport trailed with 10.

U. S. Army pilot explains intricacies of flying American-built bomber in combat to Russians at field "somewhere in Near East." After brief course of instruction, Red aviators ferry planes to fighting front. (Passed by censors.)

### Naval Air Base Football Schedule Includes Most Southwest Leaders

CORPUS CHRISTI (AP)—The U. S. Naval Air Station here must be figuring on becoming uncrowned champion of the Southwest Conference this fall.

The flyers open the season Sept. 19 with the University of Texas at Austin. The critics are predicting Texas and Texas A&M will battle it out for the title.

NAS makes it unanimous by playing A&M at Corpus Christi Oct. 10. Sept. 26, the Flyers take on Rice Institute at Houston. Rice, you know, is expected in most quarters to give the Aggies and Texas their most trouble.

Down for Oct. 24 at Dallas—as soon as certain formalities are carried out for a definite announcement—is a game with Southern Methodist University, another tough one.

Texas Christian University ranks with the first division teams, you say, and NAS hasn't got a game with the Frogs. Well, the Flyers take care of that by playing Pensacola Naval Air Station twice, at Corpus Christi Oct. 31 and at Pensacola, Fla., Nov. 14. Texas Christian, you see, has a game with Pensacola, so that ought to give a good comparison between NAS and TCU.

**Baseball As Dallas Rebels Now Play It**  
DALLAS (AP)—Baseball as it is played by the Dallas Rebels of the Texas League:

There's a catcher in center field, a pitcher in right field, and the left fielder has to pitch every four or five days.

Sales, losses to the Armed Forces and injuries have cut the squad to eleven—and four of them are pitchers.

Home games, though, aren't so bad. Three young fellows who have to work daytimes can help the team at night home games.

### Fortunes Of Allies Still Rest In Big Battle For Caucasus

(This column, conducted as a daily feature by DeWitt MacKenzie, Wide World War Analyst, is written Friday in MacKenzie's absence by Glenn Bebb.)

Winston Churchill's dramatic travels and the magnificent adventure of Dieppe have relegated the war in Russia to smaller headlines this week but has done nothing to alter the fact that the one major front remains that along the Don and in the Caucasus foothills. There is the one place that the fortunes of all the United Nations are in the balance, where tremendous decisions affecting not merely the duration of the war, the cost of victory, but the question of victory itself are in the making.

Comparatively the other fights are training bouts—preliminaries. There is nothing preliminary or tentative about the battle of the Don. It is make or break for keeps for the two greatest armies in the world.

**Russian Reports Heartening**  
Friday's Moscow communique is one of the best for many days. It recites the usual list of battlefields where thousands of men are dying without any of the all too frequent admissions of retreat. But it would be a mistake to draw too much encouragement from a single day's record. Only Thursday midnight the Russians had to report a damaging series of setbacks: Partial survival of a German force that had crossed the Don above Stalingrad; south of Krasnodar "our troops were forced to withdraw to new positions in one sector"; the Germans advanced somewhat southeast of Pyatigorsk. Only in the Kotelniokovski sector, where the southern claw of a Nazi pincer is reaching for Stalingrad, did the stubborn defense continue wholly successful.

**Stalingrad Symbol Of Victory**  
Stalingrad has become the symbol of victory in this campaign. There is no blinking the fact that this great industrial city and communications center, whose sentimental value to the Russians is almost as important as its strategic importance, is in serious peril. The tremendous battle for its possession, already nearly a month old, goes forward in an obscurity little relieved by the communiques—either Russian or German—but the broad outlines of the struggle have been made manifest.

From the northwest Marshal Fedor Von Bock, having conquered most of the Don Bend, is engaged in a titanic effort to force a crossing of the river only 40 miles from the city. From the southwest another powerful armored and infantry force is attacking from the Kotelniokovski area. The Russian admission that not all the enemy who crossed the Don have been wiped out is ominous.

**Compared With Leningrad Siege**  
Stalingrad's hour comes just as her sister city of the north completes her first year of one of the great sieges of history. It was a year ago Friday that Hitler's guns took Leningrad under bombardment and the siege lines were drawn about the former capital of the czars. Russians and their Allies ask fearfully whether the city of Stalin can take its place beside the city of Lenin in the list of heroic last ditchers. The answer must be tinged with grave doubts. The city on the Volga, has none of the formidable natural barriers that have helped save the city on the Neva.

Meanwhile many questions bearing on this turning point in human affairs haunt an anxious worldwide public. The answers to most probably are as elusive to their leaders as to the rank and file. What of Marshal Timoshenko's reserves? Does the abandonment of so much of the Caucasus and its wealth in oil mean the Red leader is trading territory for time while he holds to his primary objective, preservation of the Red Army as an intact fighting force? How far has Russia's striking power been diminished by terrible losses of men, of industrial strength, of food producing lands? Can Allied aid be sufficient to keep the Russians fighting effectively until the Americans and British are ready? Will winter come in time and will it, in the more southerly climates into which Hitler has now penetrated, be as stout an ally to the Russians and all of us as it was a year ago?

**Sports Roundup**  
By HUGH FULLERTON, Jr., World Sports Columnist  
NEW YORK.—Looks as if the two All-Star teams will have to play all the Army's "big league" football this season. . . Thursday's order cancelling competitive football for the Air Corps Technical Training School not only wiped out the Keebler Field program, which looked like the most ambitious of them all, but it provided a hint as to what may be going on in other branches. . . Maybe you noticed that Camp Lee, Va., scheduled several good college teams then called the whole thing off to concentrate on intra-camp sports.

### American Airmen, Planes Superior To Nazi, Says German In U. S. Army

NEW YORK (AP)—United States Army and Air Force training and American warplanes are far superior to Germany's, in the opinion of Staff Sergeant Paul Otto Young, who four years ago was a lieutenant in the German air force.

Young, who took out first citizenship papers when he came to this country in 1938, was drafted in April, 1941. Despite his request for assignment in a combat unit, he is on duty with the Medical Corps at Camp Stewart, Ga.

He hopes when his final citizenship papers come through he may be able to transfer to a fighting unit, preferably one that would see action on the European front. He has a little bet on with a couple of men in the German Luftwaffe that someday they'll meet in combat in France, but he thinks it probable they have already been killed.

**Training Better Here**  
Young says emphatically that United States training in the Armed Forces is "by far better" than that in Germany.

"The flying capacity of American machines is far superior," he added. "German machines are worn out in no time."

"A combination of things" led to his decision to get out of Germany. He said he "saw how things were going and didn't like it." For instance, in Paris once, he saw a motion picture of the bombing of Spanish cities during the civil war there. Those films were one reason he decided to get out.

He managed to obtain official permission to leave for other countries as a student in research.
