Snarling Big Bombers Snap At Japs

U. S. Airmen Seize Control Of Skies Over Far Pacific

By John M. Hightower.
WASHINGTON.—Snarling heavy bombers blasted three Japanese destroyers in the Solomons area Saturday while Army bombers furnished effective support to Allied troops battling in the mud of Southeastern New Guinea—testimony that United States air forces have established effective command of the skies over vital sectors of the Southwest Pacific war zone.

The Navy, reporting its attack on the three Japanese destroyers, chalked up one vessel sunk, one probably sunk and one damaged. Whether any American planes were lost was not disclosed.

Latest reports from General Douglas MacArthur's headquarters in Australia told of American medium bombers with Australian fighter escorts strongly supporting Allied troops battling Japanese units which had an uncertain foothold in the swampy Milne Bay region of Southeastern New Guinea.

The aerial attack on the Japanese destroyers occurred Thursday and indicated the progress made by American forces in a move to sever the enemy's supply lines to outposts nearest the Tulagi-Guadalcanal area. The communiqué indicated that Guadalcanal Island, since its occupation by the Marines, had been developed as a base both for the patrol planes which spotted the Japanese warships and for the Douglas dive bombers which hammered home the attack.

Loaded With Supplies. These were four destroyers in the squadron. The Navy said they "appeared to be loaded with supplies and equipment" for enemy patrols near the eastern end of Santa Isabel Island, which is about 25 miles northwest of Guadalcanal.

This report was made in a Navy communiqué summarizing the results of landing operations in the Solomons and declaring that the position of the American units in the Guadalcanal-Tulagi area "has been sufficiently well established to warrant the release of details of the action."

Mopping Up Operations. While reporting that mopping up operations against enemy units formerly well-entrenched in the area "have continued to date," the Navy also disclosed that "several small contingents of enemy troops have been landed on the islands which we hold, the largest landing having been made by 700 troops on Guadalcanal on August 21."

"Our positions have been bombarded by service craft and submarines and bombed by aircraft," the communiqué said, "but our losses as a result of these attacks have been small."

"Every attempt by the enemy to (Continued On Page Six)

Registration For School Starts Monday

Registration for all students who were not in attendance in the Midland Public Schools last year will begin Monday at 9 a. m. and continue through Friday, September 4.

All students living in the South Ward Zone, which is South of the Texas Pacific Railroad, and are to be in the first, second and third grades should report to Miss Mary Wilson, principal at South Ward.

All students living in the North Ward Zone, which is North of the Texas Pacific Railroad, and are to be in the first, second, third and fourth grades should report to Mrs. Alma Thomas, principal at North Ward.

All students that are to be in the fifth, sixth, seventh and eighth grades are to report to G. B. Rush, principal of Cowden Junior High School.

Freshmen, Sophomores and Juniors are asked to report to Frank Monroe, principal at the High School. All high school seniors are asked to check their credits and requirements for graduation any time during this week.

Must Present Credentials. All students should bring report cards or acceptable credentials with them when they report.

Youngsters beginning their school careers should report to the principal or their respective ward schools and bring their birth certificates.

Several new courses of instruction are to be offered high school students. The high school will require for graduation a course in Bible and religious education. This course was recommended by the Ministerial Association of Midland.

In keeping with the government's statement of education's vital role in the war program, school officials have expressed a willingness to teach any course which will assist in the war effort.

Pre-Flight Course. Miss Mattabel Downing of the high school faculty will instruct a course in pre-flight principles covering certain phases of aeronautics and meteorology.

If possible, a Reserve Officers Training Corps unit will be placed in the school system. The American Legion has been interested in working out a program.

Other officials have indicated that students who are actively engaged in certain phases of the training (Continued on Page 2)

Household Servants May Be Needed Pick County Cotton Crop

Midland housewives have been requested by farmers of the county to release their household servants to work in picking cotton, to solve the labor shortage problem, and save the good crop. Cotton picking time soon will be at hand, and farmers meeting to consider the labor needs have asked that when the time comes to start picking that households give their employees such time off as employees will spend in gathering the crop.

Another source of labor, imported pickers from Mexico, has been discussed, and the Mexican government has submitted a plan for hiring such labor. However, Midland county farmers object to the request that such labor be employed on an hour basis only, and have made a counter proposal that cotton picking be paid for at a pound rate, or on a day basis.

The petitions were formulated following a meeting called at the instance of Congressman R. E. Thomason, and presided over by James H. Goodman, state representative from this district. A committee was formed to handle the petitions, with Goodman as chairman and other members including G. A. Colquhoun, J. C. Miles, Carl Smith, Frank Dale and Bill Boman, Midland county farmers and stockmen.

Japs Refuse Safety For Red Cross Ship

WASHINGTON (AP)—Norman H. Davis, chairman of the American Red Cross, announced Saturday that the Japanese government had refused to grant safe passage for a neutral ship to carry food, clothing and medical supplies to American prisoners of war in Japan.

Hurricane Lashes At Gulf Coast Sections

HOUSTON (AP)—The Weather Bureau reported at 11:15 P. M. Saturday night that the hurricane now sweeping the coast had reached full force at Freeport with a velocity in excess of 75 miles an hour.

Work's a Circus to Yank Troops in India

This photo may look like a shot taken as the circus arrives in town. But the scene is India and the "workmen" are U. S. troops, stripped down in the tropical heat, erecting circus-like tents that will be their homes. (Movietone News photo from NEA. Passed by censor.)

Scrap For Scrap Hot As Challenge Starts Mighty Quick Action

Well, the feud is on, folks! Addison Wadley drove out Friday morning and gathered a lot of scrap metal and was kind of enthusiastic about it. Then, Paul Barron stole out late Friday, with a small truck and loaded up more than Addison gathered!

Then, he called Addison up, and drove around by Addison's home just to show off a bit!

Addison set up all night figuring out a campaign so Saturday he got hold of a big truck, called around, drove around, talked around and spotted and staked a real load of scrap metal!

Paul is not releasing any information on his strategy, but seeing Addison hitting the high places in a mad rush to take the honors away from him Paul did say that the scrap for scrap had just got started!

There are hints that both men are enlisting some fellows to help them, and that if there is a pile of scrap metal left in Midland County it will have to be nailed down . . . or one or the other of these fellows will get it!

In the meantime, scrap has been stacked in many parts of the city, following the Jaycees drive Friday, when those lively young girls, the Scrap Scoopers, helped them out by visiting every business house in the city, asking that an immediate search for scrap be made. Scores of merchants stacked the scrap on the sidewalks, and the gathering has been going on ever since . . . it is really adding up.

Percy Bridgewater stated Saturday that scores of farmers and ranchers had been by with all sorts of heavy metal scrap, and that the county stack is piling up in a hurry. Every farm and ranch in the county was contacted during the past few days, and community groups were organized and working winding up a thorough search of every acre of ground in Midland County.

Industrial users of heavy machinery have gathered a tremendous amount of metal scrap in Midland County, and an estimate of this (Continued on Page 6)

240,000 Texans Are In Nation's Armed Forces

AUSTIN (AP)—Mark up 240,000 Texans in the nation's armed forces. Reports to Governor Coke R. Stevenson from the Adjutant General's Department show 140,000 volunteers and 100,000 draftees as of Aug. 15.

Allies Swarming Nazi Rail, Factory Centers, Divert Drive On Reds

By Richard McMurray Associated Press War Editor.
The Russians stoutly held their lines before Stalingrad Saturday night and made new gains in their own offensive at Rzhev while their Allies were striking massive air blows on the German home front and keeping the treacherous Japanese busy in case they were contemplating a stab at the Soviet back.

The Red Army was counter-attacking on the Volga plains and stalling every German attempt to break through to the great industrial city and water artery. The Nazi speed in the Caucasus toward the Grozny oil fields and the Black Sea ports was slowed.

The Soviet counter-offensive 130 miles northwest of Moscow overran the Rzhev airport and the northern part of the city in close combat. The Germans grimly told of heavy Russian counter-attacks everywhere from Finland to Stalingrad.

Allied Air Drive. In Western Europe, the RAF and American flying fortresses intensified their attacks. The fortresses raided a German airfield in Belgium at Wevelghem and returned from their seventh assault without loss. The RAF by day attacked Ostend and Lille and the night before had assaulted Nurnberg and Saarbruecken with hundreds of bombers, setting great fires in war factories.

Only the Egyptian battlefront—expected momentarily to erupt in violent fighting—was quiet. In the Mediterranean, British submarines sank a large tanker and torpedoed a big supply vessel.

The field of decision was in Russia where the Germans were spending thousands of men and hundreds of tanks, planes and guns every day in determined assaults to crush the Red Army and gain their objectives before the cruel winter descends.

Red Armies Intact. Everywhere the Russian armies were intact, hitting back hard and showing new strength. North and south of Stalingrad the Russians were striking at exposed German flanks and the enemy hurriedly brought up two new divisions to fill the appalling gaps.

Some German units were encircled west of the city and to the southwest in the Kotelnikovski sector, the Russians said they had forced the enemy on the defensive.

A gasoline shortage was said to have stalled 700 German tanks on the Don front, and Soviet planes took a toll of the dry machines.

Embattled Cossacks south of Krasnodar were reported holding the Germans away from Novorossisk and Tuapse on the Black Sea and inflicting severe losses in the Caucasus Mountains. There was no further report of German gains toward the Grozny oil fields where armored trains had entered the battle, destroying 15 German tanks.

Nazi Claim Advance. The Germans said they had broken through Red positions in the Caucasus and were making progressive attacks on Stalingrad, a city tortured and partly burned by their merciless dive bombers. Heavy Russian attacks in the Kaluga, Rzhev and Lake Ladoga sectors were admitted, but true to form the Nazi communiqué said all were repelled.

The approach of winter—"the coming hard Russian winter"—was (Continued on page two)

Dutch, American Bombardiers Get Wings This Week

Dramatizing the full significance of the United Nations, stalwart sons of America and the Netherlands will march side by side Thursday to receive their silver bombardier wings at graduation exercises of the seventh and largest class of "Hell from Heaven Men" to complete training at Midland Army Flying School, world's largest bombardier college.

Graduation speaker will be Colonel Linus D. Fredericks, commanding officer of the huge new navigation school at Hondo, Texas.

Queen Sends Greetings. The men from Old Holland and the far-flung Netherlands Empire will hear a special message of commendation from their sovereign, Queen Wilhelmina. Many of the Netherlands cadets receiving their bombardier insignia have already met the foe in the desperate battles of the Lowlands and Java.

"We were beaten then for lack of trained men and equipment," said their commander, whose name was kept secret for fear of reprisals on relatives in enemy-occupied territory. "But with the aid of your great nation, we are going back to Holland and the East Indies to stay!"

General To Present Awards. Brigadier General Isiah Davies, commanding general of MAFS, will present the commissions. Many of the Dutch cadets will soon be training under Colonel Fredericks at Hondo.

Texas led all states in the number of cadets in the graduating class.

WEATHER. WEST TEXAS: Thunderstorms; little change in temperature.

WAR BULLETINS

WASHINGTON (AP)—The Navy announced Saturday night that Marine forces holding six islands in the Southeastern Solomons had annihilated or captured all Japanese troops landed on the islands to date.

NEW DELHI (AP)—Mohandas K. Gandhi's movement of civil disobedience appears to be spreading underground after three weeks of surface demonstrations.

CAIRO (AP)—United States medium bombers cooperated with British naval planes Friday night in an attack on the El Daba area in the Egyptian western desert while RAF bombers hit hard at Tobruk, it was reported.

CHUNGKING (AP)—Japanese forces in Kwangtung Province in South China are in flight before a new strong Chinese offensive 40 miles north of Canton, Chinese dispatches said Saturday night.

GENERAL MACARTHUR'S HEADQUARTERS, Australia (AP)—Japanese reinforcements have reached the Milne Bay area of Southeastern New Guinea and heavy fighting for that point is in progress, it was announced Sunday.

LONDON (AP)—American flying fortresses made their seventh raid on the Nazi-held continent Saturday night without suffering loss, following up the RAF's night attack with hundreds of bombers on Nurnberg and Saarbruecken.

Too Many Strikes

The National Association of Manufacturers has made a study of "strikes since Pearl Harbor," covering the first six months of 1942.

During that period the association learned of 21 consequential walkouts, involving from as few as 119 employees up to as many as 12,392. Most were short-lived. They cost, in six months, 7,176,344 man-hours, which is the equivalent of 3588 man-years.

That does not bulk very large in our man-power economy. It represents a minute decimal of 1 per cent of the men engaged in war work.

But we feel, with Mrs. Elinore Herrick, New York regional director of the National Labor Relations Board and one of the truest friends organized labor ever had, that "one strike in a defense plant is one too many, even though it may have been provoked by the employer."

We also agree with the National Association of Manufacturers that "the percentage of workers involved in strikes is not important. Where the strikes occurred is important. One-tenth thousandth of 1 per cent of all workers might paralyze the production of planes or tanks, if they struck."

Moreover, the figures compiled by the National Association of Manufacturers are not truly representative of the seriousness of the labor situation today. They have to do with strikes, and most labor disturbances which are delaying war production are not, formally strikes.

Eight hundred C.I.O.ers in Detroit, seeking higher wages took a four-day "vacation." There was no strike.

Twenty-nine C.I.O.ers in Trenton closed down two departments doing Navy work by refusing to move materials, in a pay dispute. There was no strike.

Thirty hoisting engineers slowed down work in five Rochester war plants because of "illness" which, their union agent said, could be cured by raising their 40-hour weekly wage from \$65 to \$70. There was no strike.

These are typical items out of a few days' news. They have their counterparts by the hundreds, everywhere.

Buy War Bonds And Saving Stamps

Welcome, Mrs. Roosevelt

It is encouraging to learn that, after these many years, the First Lady has paused to think about Communism.

At very long last, Mrs. Roosevelt has repudiated the idea that we can trust "an American group that, in turn, is controlled by Russia and Russia's interest." She makes it clear that one may "admire Russia and the wonderful fight that Russia is putting up," and concede that "Russia has a right to the kind of government that Russians desire to have," without allying one's self with the Communist Party in the United States.

Coming from Mrs. Roosevelt this constitutes powerful support for those who keep urging that if we can lick Hitler at all, we can do it in the American way.

Russians

(Continued from Page 1)

heralded by the Berlin radio which told of campaigns in the puppet states of Hungary and Rumania for heavy clothes for troops.

The huge fires set by the RAF at Nuernberg must have given pause to Hitler. There, his Nazi party had held its great pageants. More important, it housed many vast war industries.

Nazi Rails Destroyed
The British lost 30 bombers—a heavy price, but they said immense damage was done. The whole pattern of the RAF raids by night and the U. S. bombings by day made it clear that the Allies were striking at Hitler's Achilles heel—his railways and communications.

Overburdened and inadequately equipped even in peace time, the strain of war on the rails had been terrific. Now the disrupting intervention of the RAF and the USAF has added another heavy burden to German war transport.

Disrupting the transportation arteries is a real and present help to Russia, because it slows the flow of supplies to the Eastern Front.

Monahans Schools Open Classes Monday

MONAHANS—With all vacancies filled except those of public school musical teacher and physical education instructor, the Monahans Wickett schools will officially open Monday. The first day will be a regular school day since registration will be completed in a few hours.

Among the new faculty members will be: Miss Marietta Montgomery of Tahoka; G. M. Watson of Baltimore; Mrs. L. E. Grov of Monahans; Mrs. E. G. McClasson of Wickett; Miss Vondice Lewis of Monahans; and Mrs. Eddie Mae Bracey who will teach the colored school. Others are Miss Eugenia Harper of Lubbock; Miss Lorena Cowser of Wichita Falls; and Miss Margarette Price of Wickett.

where communication lines are long and tenuous. It paves the way for the opening of a second front, because only by rail can Hitler transfer enough troops and materiel from the East to the West to meet British and American invaders when they swarm over the beaches of Dieppe or some other continental town.

Keep 'Em Rolling

Movies To Spearhead Big War Bond Drive

In line with the recent statement by Secretary of the Treasury Morgenthau, the motion picture industry will be the spearhead of the September War Bond and Stamp drive, just as the retailers were the key force in the July drive. A billion dollar national sale is the target.

Every branch of the motion picture industry has been mobilized for the September campaign. Hundreds of cities will have bond rallies at which topnotch movie stars will appear in person.

Every theatre in Midland is in the drive; some 15,000 theatres nationally have enlisted.

Theater men will seek the cooperation of every other industry and organization in the city. No toner are theater sales of bonds and stamps to moviegoers to be stepped up, but all sales everywhere must be skyrocketed to hit the billion quota.

"Salute to Our Heroes" month is the title of the September drive. The slogan of the campaign will be "Buy A Bond To Honor Every Mother's Son In Service."

The movies launched their bond and Stamp drive May 30. During June, it is estimated, the sales mounted nationally to \$18,000,000.

"This is the people's war; \$5,000,000 moviegoers are the people; 15,000 theatres are the home-front frontiers from which we can shower bomb-buying bonds on the enemy," said St. Rabian, campaign director.

Autograph A Bomber
Every person buying a bond at a movie theatre during September will be given a postal card to address to the man in service in whose honor the bond is purchased—a salute from home to every mother's son in service. "I have just bought a War Bond and I was thinking of you when I did it," says the card which the theaters will supply and mail.

To every person buying a bond, a post card as described above of a card will be given for them to sign. This card to be sent to some aircraft plant and the name will be inscribed on a bomber. This is the public's opportunity to autograph a bomber that is going into action.

Mrs. J. Howard Hodge, chairman of Ladies War Activities Committee, is arranging for ladies to be in booth in lobby of Yucca Theatre at all times through September to sell bonds.

A color guard will be furnished by the American Legion.

The Rev. Hubert Hopper will deliver a short address from the stage at 9 p. m. Tuesday.

STANOLIND MOVES TO MONAHANS

MONAHANS—The Stanolind Pipeline Company this week was negotiating for use of the Norvell-Wilder Supply Company building here as office space. The complete office staff from Wink will be moved here within the near future, it has been reported.

Roping

(Continued From Page 1)

matched roping event was brought to Midland largely for the benefit of Army personnel stationed here and that it is up to Midland citizens to actively support the event by the purchase of tickets. Fifty per cent of the net proceeds from the attraction will go to the Army Emergency Relief Fund.

A number of Midland merchants have signified intentions of purchasing soldier tickets for distribution to the Army personnel.

It is hoped the ticket selling campaign may be completed in a day so the volunteer workers will not be kept away from their business any longer than absolutely necessary.

TO MAIL DEPENDENTS CHECKS
WASHINGTON (AP)—Checks for approximately 20,000 relatives and dependents of enlisted men in the Army covering first payment under the dependents allowance act will be mailed September 1, the War Department said Saturday. Another 10,000 checks will be mailed Sept. 5.

SPORTS-- BOMBER

They want to see it! "They" meaning officers and soldiers of Midland Army Flying School, who were sent to the bombardier college from other parts of the U. S. And "it" meaning "wild and woolly, wide-open Texas football!"

They have heard about this section, where to pass from behind your own goal-line is not uncommon and every tackle is made as if it were to end a war. If they like to see it rough and rugged and passes every minute, then happiness ahead sport lovers, if you can get some Friday nights and Saturday afternoons off from duty.

Last year Odessa high admitted enlisted men at students prices, which was reasonable enough in price. This year Taylor Rushing of O. H. S. assures us he will make every effort to continue that policy. Midland has not come in with an announcement yet but is expected to arrive a bulletin from Texas Tech at Lubbock, Texas, that Uncle Sam's men can watch Red Raiders for 55-cents per person. Wives too can go at that price. The ante on the Tech deal is excellent considering the Techsters take on some good ball clubs at Lubbock, including West Texas State, Oklahoma A&M, Baylor U., Texas Christian and Hardin-Simmons.

Here's the dates of the Lubbock football games (distance is about 150 miles)

- Sept. 26—West Texas State
 - Oct. 10—Okl. A&M.
 - Oct. 17—Baylor University
 - Nov. 7—TCU
 - Nov. 21—Hardin-Simmons.
- Schedules of Midland and Odessa highs will be announced later.

BOMBSIGHTS . . . Add tough breaks for MAFS . . . Lt. Eino Sarkkinen being cut from the Eastern Army All Stars' football squad . . . The Easterners are in the third week of training and show signs of a winning outfit . . . The squad strength was cut to 55 men . . . The backfield looks like: George (Bad News) Cafego, ex-Tennessee tailback; Lt. Leonard Goffman, Tennessee, fullback; Sam Bartholomew, another Tennesseean; and Pvt. Jack Wilson, ex-Baylor U. ace . . . In the line is Jack Russell, formerly of Baylor . . . and Al Kelly, Cornell All-American . . . Say goodbye, at least for awhile to Spruce Keen, who is now Lieutenant Keen . . . He was civilian physical ed. instructor at MAFS since March . . . Keen has gone to officer's school at Miami Beach . . . The well-liked physical ed. tutor hopes to come back to this station if that be possible . . . He has plans for this station as regards the cadet conditioning program . . . And would like to carry them on out . . . The gadgets are now without a physical education instructor with Keen's leaving Saturday . . . His assistant, Gene Winters . . . was sent to Enid Oklahoma Flying School . . . Good luck both . . . And with special best wishes of the return of Keen after his officer training period.

Army All-Stars Meet Washington Redskins
LOS ANGELES (AP)—The Army has made the Redskins bite the dust before, and maybe it can do it again, but in advance of Sunday's football season opener between Maj. Wallace Wade's Army All-Stars and the Washington Redskins of the pro ranks the service boys look like second best.

A crowd of from 80,000 to 100,000 is expected to swell the Army Relief Fund. The magnet seems to be "Singin' Sammy" Baugh, the greatest pass thrower in football but the Army will field a starting lineup of All-Dixie talent and thousands of transplanted Texans are all set to let go with a long series of blood curdling whoops.

Yankees Give In To Cleveland Indians
NEW YORK (AP)—Roy Weatherly led the Cleveland Indians to a 6-5 victory over the New York Yankees Saturday, collecting five straight hits as the Tribe handed Ernie Bonham his fifth pitching defeat against 17 triumphs.

Cards Slash Dodger's Lead, Beat Phils 5-2
ST. LOUIS (AP)—The battling Cardinals slashed the Brooklyn Dodgers' lead to four games Saturday as Mort Cooper registered his seventeenth victory of the campaign, 5 to 2, with the Philadelphia Phils the victims.

PROMOTED TO CAPTAIN
MONAHAN'S—Lieutenant R. W. Blodgett, son of Mr. and Mrs. W. S. Blodgett of Wickett was promoted to the rank of captain at Camp Berkeley recently. He is the third Blodgett son to attain that rank.

TO ALL LEAGUE BOWLERS

Our alleys have just been resurfaced and have passed all requirements of the American Bowling Congress. Get in shape, come and bowl a few games as the Fall and Winter leagues will start soon.

Free Classes Gas Engine, Mechanics, Carpentry Arranged By Midland War Board; For Non-School Men, Women

Mechanical and woodworking courses will be offered free by the Midland High School this year to men and women 17 years of age and over who are not already enrolled in high school. The classes have been arranged at the request of the chairman of the War Manpower Commission, as a step to solving the double problem of preparing workers for war plant and service jobs, and for maintenance of equipment in civil enterprises.

Midland County War Board is sponsoring the courses, and members have requested that all those interested contact Frank Monroe or Harlan Howell at the high school as soon as possible, as the courses must start within a few days. Enrollment will close Saturday noon, Sept. 5, but it is best to enroll earlier if possible.

Courses To Be Offered
 Courses to be offered include three general subjects: the first in operation, care and repair of tractors, trucks, automobiles, including both gas and Diesel engines; the second, in metal work, including simple welds, tempering, drilling, shaping, and general machinery repairs; and third, woodworking, including plain carpentry. Other courses may be offered later, if there is enough demand.

The courses will last 10 weeks; the auto mechanics, metal work, and woodwork courses requiring 15 hours per week for 10 weeks; and the farm machinery group requiring nine hours per week for a minimum of 10 weeks. Class periods

Washington Wins 4-1 Over Detroit Tigers

WASHINGTON (AP)—Washington evened a two-game series by defeating the Detroit Tigers 4-1 here Saturday. Bobo Newson was the winning pitcher while Tommy Bridges was the victim. It was the Tigers' last appearance in Washington for the season.

The Score	R H E
Detroit	100 000 0-1 8 1
Washington	300 000 10x-4 9 2

Bridges, Manders and Riebe; Newson and Evans.

Wagner Wins Twelfth Game Of The Season

BOSTON (AP)—Charley Wagner won his 12th game of the season Saturday as the Boston Red Sox took advantage of the generosity of White Sox pitcher Lefty Jake Wade to beat Chicago 4-2.

Chicago	000 200 000-5 6 1
Boston	040 000 00x-4 6 0

Wade, Dietrich and Turner; Wagner and Conroy.

Come on, you men 17 to 50 LET'S BLOW THE RATS OUT OF THE OCEAN!

DO THEY THINK we're going to stand by while they menace our free government, torpedo our ships, kill our men, set our women and children adrift in lifeboats?

Not as long as there are Americans who are ready to stand up and fight for their rights and their freedom!

We've taken plenty. Now we're ready to start dishing it out. We're getting the ships. We're getting the guns. We're getting the "ash-cans"—those deadly depth charges that can blow a sub clean out of the ocean.

What we need now is men. We need YOU! How about it? It's your war. And you know you're going to be in it sooner or later. Why not choose the Navy—now—while you still have the chance?

What the Navy offers you

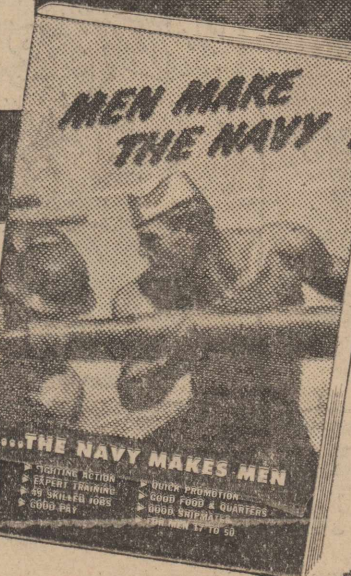

In the Navy you can do a real man-size job for your country—and for yourself. You'll go places, do things, meet people. You'll lead a rugged outdoor life that will build you up physically. You'll help make history!

With Navy training you'll have the chance to become an expert in radio, aviation, electricity—dozens of top trades that fit you to do a better fighting job now . . . fit you for a better civilian job after the war is won.

You'll get good pay, quick promotion. Your first pay increase comes after approximately 2 months, upon completion of recruit training. By the end of your first enlistment you can be making up to \$138 a month, plus allowances. And that pay is all yours because your food, quarters, uniforms, dental and medical care are free.

Most important of all, you'll be doing a job you can be proud of. A job your family, your friends, your country can be proud of—the biggest job ever offered any American.

Do you know what these men are doing? They're getting ready to fire an "ash-can" from the Y gun of a destroyer to knock the daylight out of a Nazi submarine. Those submarines that are coming right up to our shores to sink American tankers and kill American men. Are we going to let them get away with it? Not when we have enough red-blooded men firing enough of these "ash-cans." Come on, give us a hand! Enlist today!

GET FREE BOOK TODAY!

If you're 17 to 50 and in normal health, your job is waiting for you right now. Take it today. Go to the nearest Navy Recruiting Station and ask for your free copy of the 48-page illustrated book, "Men Make the Navy." It gives you all the facts you need to decide—how to enlist...what to do...what you get...requirements...everything you want to know. Call, write or phone today for "Men Make the Navy."

McKENNEY ON BRIDGE

By William E. McKenney
America's Card Authority

Today's hand proved a good study in the question of when to exit.

After taking the opening lead, East studied the dummy and decided that a shift to diamonds was too risky. Instead he led a second heart, both as an exit and to increase his chances of making a trump trick. Declarer ruffed in dummy, led a low trump to the ace, ruffed off his third heart, led dummy's last trump to the king,

♠ J1075	♥ Q92

♣ AQJ87	♥ J942
♠ Q1053	♦ A864
♥ K106	♠ J942
♣ 10952	♥ K6

W N E S

♠ AK643
♥ J97
♦ 43
♣ 43

Duplicate—None vul.

South	West	North	East
1♠	Pass	3♦	Pass
2♣	Pass	4♠	Pass

Opening—♥3. 29

and then led another trump to force out East's good nine-spot.

East exited with the fourth heart, which South ruffed. A club finesse went to the king and East led a diamond. But this was one exit too many. Declarer took his ace, cashed the last trump, and West was squeezed in the minor suits.

The first heart exit by East was a fine play, the second was indifferent, but the final exit was a bad mistake. As East is defenseless now in clubs and diamonds, the stage is all set for a squeeze unless West has the ace of diamonds. Declarer's bid and play certainly indicate that he has this ace. East must return a club, forcing dummy in the lead prematurely, so that South cannot lead his last trump.

Officers Will Wear Insignia On Collar

WASHINGTON. (AP) — The War Department has announced that army officers no longer will wear insignia of their rank on the shoulder loops of their shirts or field jackets, because the insignia interferes with the use of gas masks, carbines, and other military equipment.

The insignia will be placed on the collar of the shirt where the letters "U.S." are now displayed, and also will be worn on the garrison cap. When officers wear the service coat, they will continue to display the insignia on the shoulder.

Jumper And Blouse

8248
6-14 yrs.

Getting little sister ready for school? Here is a style both you and she will agree on for the new wardrobe. She'll like it for its dashing originality, the suspender topped skirt with its contrasting shirt will please her immensely—and you'll like it for its practicality. The blouse buttons down the back, may be made with either of two necklines.

Pattern No. 8248 is in sizes 6, 8, 10, 12, and 14 years. Size 8 years jumper takes 1 3/8 yards 35 or 39-inch material, short sleeve blouse 1 1/8 yards.

For this attractive pattern, send 15c in coin, your name, address, pattern number and size to The Reporter-Telegram Today's Pattern Service, 211 W Wacker Drive, Chicago.

Plan your sewing to make the most of your time and your budget! Select all the patterns for your needs in the fall fashion book, our latest catalogue of styles. 15c per copy, or it may be ordered with a 15c pattern for 25c plus 1c for postage.

MOSQUITOES BLITZ BAND CANCELLING MUSICALS

KELLOGG, Minn. (AP) — Slide trombone players squirmed in their seats and the "oompa" tooter twitched — mosquitoes, hordes of them.

The insects attacked with such viciousness that members of the village band fled their open air stand on the run, forcing a cancellation of the weekly musicals.

RESTRAIN KAISER COMPANY

CLEVELAND (AP) — The Kaiser Co., Inc., headed by the West Coast shipbuilder, Henry J. Kaiser, and a Cleveland concern were restrained by a federal court order Thursday from further alleged violations of OPA price ceilings on steel.

Direct investments by United States business concerns in foreign properties at the end of 1940 amounted to approximately seven billion dollars, according to the Department of Commerce.

National Farm Loan Group To Hold Meet

Shareholders of the Midland National Farm Loan association will meet at 2 p. m. Saturday in the IOOF Lodge hall in Midland.

Principal business of the meeting will be the election of directors to fill expiring terms, Ben Carpenter, secretary said.

Government Clamps Down On Taxi-Cab

WASHINGTON. (AP) — The government clamped strict regulations on the taxi-cab industry Saturday in order to save tires, gasoline and vehicles.

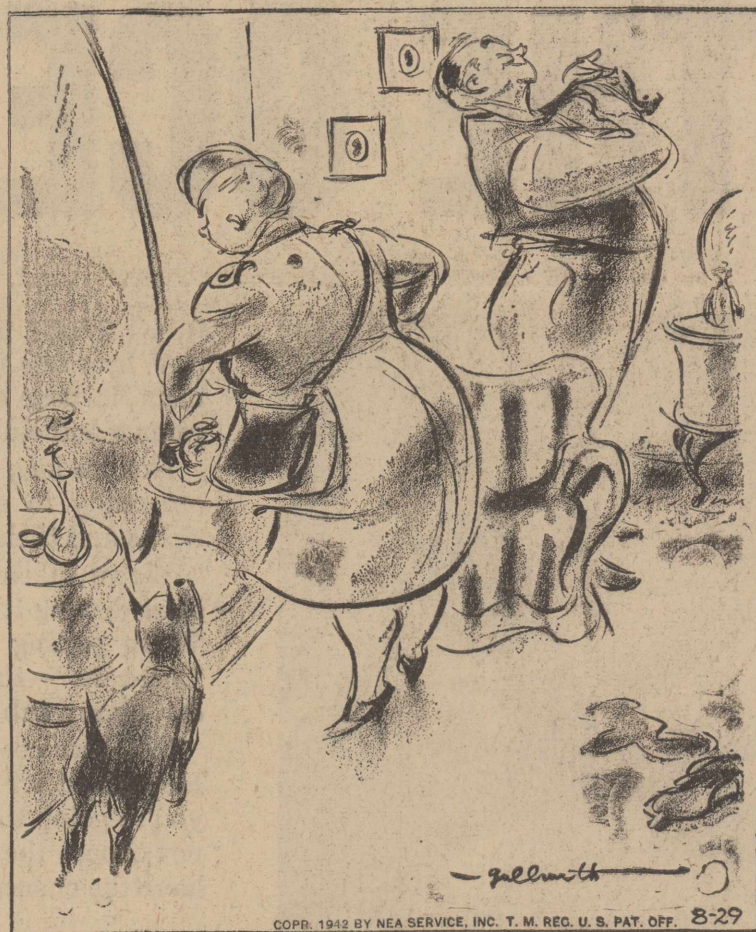

The order, effective, September 1, forbids cruising for the purpose of picking up passengers; prohibits a driver using his cab for social or recreational purposes, and prohibits the making of commercial deliveries of property.

FUNNY BUSINESS

"He's always talking about the SMALL fish that got away!"

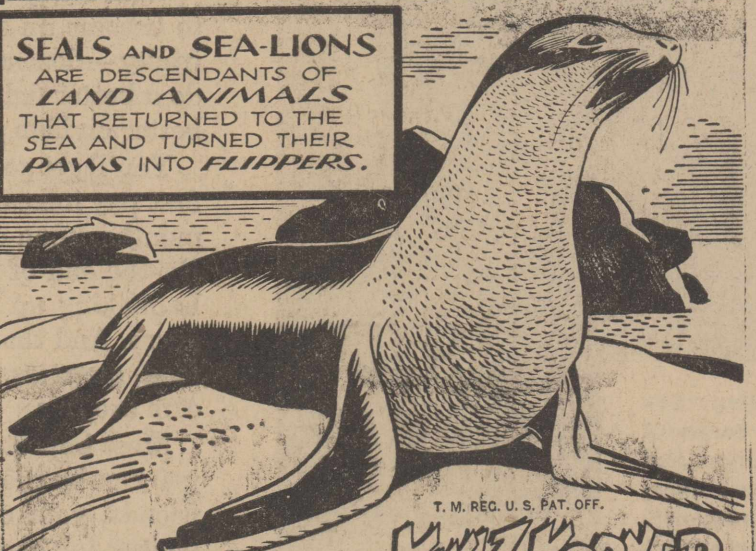

SIDE GLANCES

"You men can't seem to keep your eyes off women in uniform, but what I'd like to know is why so many of them laugh."

QUART

Big Cash Crop Harvested At Weekly Texas Cattle Sales; Fine Offerings

More than 75 families of the immediate territory had one of the best cash crops of the year in Midland this week at the regular Texas Cattle Sales livestock auction. More than 100 received good-sized checks, a lot of them very handsome ones, as a heavy offering of good stock pushed through the ring at fine prices. The sales pens have been doubled, but still they were crowded this week, as Midland markets continue to gain in prestige for regional sales.

Some Big Buyers

J. E. Kuykendall of Amarillo was the heaviest buyer of the sale, taking some choice stuff out to the North Plains for further feeding. Tab Marchant was the heaviest seller, and one of the heaviest buyers. Other high sellers were Arthur Judkins and Gene Harwell; and other big buyers included M. D. Ecker, The A. & M. Packing, Mike Ralph, C. L. Reiger, and others.

Many Sold

The big selling group included Earl Binyon, L. A. Brunson, C. W. Calhoun, Edna Calhoun, A. C. Caswell, E. A. Chaney, O. C. Collins, Bill Conner, Perry Craddock, Shelby Davis, G. F. Dunn, Claude Edwards, J. Franklin, Marcus Gist, Carl D. Glaze, George Glass, Tom Glenn, Fern Gatell, L. O. Griffith, and Cliff Hazlewood. Mrs. Leonard Hodges, Roscoe Hazelwood, Hernandez, Lee Herring, Gunn, W. H. Hill, B. H. Hull, Willis Hull, Butler Hurley, Mrs. Lynch King, Lester Linney, Tom Lynch, J. E. Kuyken-

dall, Frank Midkiff, Herd Midkiff Midland Farms, J. C. Miles, Bill Nix, D. E. Pace, Earl Ray, C. B. Reese, Lee Robertson, W. J. A. Seagan, L. T. Sledge, C. C. Thomas, J. A. Tuttle, Bill Wilson, W. H. Wilson, C. O. Welch, Bob White, Mrs. Melvin Wilhelm, and others.

Other Buyers

Other good buyers, besides those mentioned above, were J. B. Abbott, Clyde Berry, L. A. Brunson, R. A. Cooke, Perry Craddock, Robert Curry, P. B. Davenport, B. C. Day, Elledge, L. E. Floyd, D. Griffith, Charley Hall, P. B. Hamlin, W. M. Hutton, H. L. Hoover, Ben Keele, D. O. Lawson, Lindsay, J. C. Miles, J. B. Northcutt, and Luther Prichard, Earl Ray, W. H. Ross, Fern Tatum, C. E. Vaughan, G. T. Richey, B. W. Pendleton, and others.

New Appointments On Ward Rationing Board

MONAHANS. — Murray J. Howze, Monahans attorney, was named chairman of the Ward County War Price and Rationing Board, replacing Rollins T. Harris who resigned. J. H. Miller, who has been serving on the rationing board from Barstow, resigned his position Wednesday. Mrs. Rollins T. Harris was officially appointed chief clerk of the Ward County War Price and Rationing Board. She replaces Mrs. Almar Hansen who has resigned.

...UNCLE SAM'S "HELL FROM HEAVEN MEN"—THE ARMY'S BOMBARDIERS—SPEND 12 WEEKS IN NOSE OF BOMBERS AT MIDLAND, TEXAS, LEARNING HOW TO "EDUCATE" THE AXIS WITH OUR SECRET BOMB-SIGHT!

U. S. Airmen—

(Continued From Page 1)

recapture his lost positions has resulted in the complete annihilation or capture by U. S. Marines of all troops that have landed."

71 Jap Planes Lost. The communique also disclosed that at least 71 Japanese planes of various types had been destroyed in the fighting to date, boosting the total from 69 disclosed in earlier communique, but there was no new information on either enemy or American warship and transport casualties.

The six islands which the Marines now hold and on which they had overcome all major opposition by noon August 10 were named as Guadalcanal, which has airfield facilities which the Japanese had almost completely developed; Tulagi, with its magnificent harbor; and the adjacent islands of Gavutu, Tanabango, Makambo and Florida.

Situation Well In Hand. The communique said that as of August 10, major opposition had been overcome only on portions of Florida island but other sections of the Navy report indicated that the situation there was now well in hand.

In breaking the hold of the Japanese on this strategic area which could control supply lines to Australia and may eventually serve as a jumping off place for further American offensive action, the Marines captured large quantities of ammunition and supplies, and

equipment which the enemy had been using in development of a major naval base.

Eye Witness Story. Concurrent with the release of the communique, the Navy issued the first account of actual fighting ever supplied by the Marines' new corps of combat reporters, this eye-witness story being written by 2nd Lt. H. L. Marillat, of Washington. He reported that when the initial surprise attack on the Tulagi sector opened with a Naval bombardment, "to the Japs on Guadalcanal and Tulagi it must have seemed that hell had broken loose."

In another release, Maj. Gen. A. Vandegrift, commanding the Marine forces in the area, stated that American casualties "while severe, were less than at first believed and by no means disproportionate to the results achieved."

Argo Announces New Wildcat In Lea County, N.M.

By FRANK GARDNER
Oil Editor

HOBBS, N.M.—Wildcatting in Lea County, Southeast New Mexico, gained impetus Saturday when Argo Oil Corporation announced it soon will start a 3,800-foot test.

The well probably will be designated No. 1 State and location will be staked 660 feet out of the southeast corner of section 20-20s-35e.

This falls four and one-half miles east by northeast of the Lynch pool and six miles northwest of the West Eunice pool, in what is called the "Shilo" area.

Skelly Oil Company, with considerable acreage in the area, is donating \$3,000 dry hole money to Argo. Stanolind Oil & Gas Company is purchasing, subject to the well, the southeast quarter of section 19, the northwest quarter of section 28 and the northwest quarter of section 32, all in township 20 south, range 35 east, for \$5,000.

A scheduled 8,500-foot Ordovician test in the Langle Permian pool of Southeastern Lea, R. Olsen Oil Company and associates No. 1 Langle, is reaming hole at 2,880 feet. Present depth is 2,910 feet in lime. The wildcat is 660 feet out of the southeast corner of section 11-25s-37e.

Tops Solid Lime. Ohio Oil Company No. 1 State-Don McCormick, wildcat in extreme Northeastern Lea, topped solid lime at 4,220 feet and is drilling ahead below 4,475 feet in lime. Elevation is 3,956 feet. The test is 660 feet out of the northeast corner of section 26-8s-37e. Carl B. King Drilling Company has the contract.

George P. Livermore, Inc., No. 1 Maxwell-State, Lea wildcat 660 feet out of the northwest corner of section 26-15s-34e, 10 miles west by northwest of Lovington, is drilling unchanged below 4,930 feet in lime.

The Square Lake pool of Eddy County added another large natural producer in Barney Cockburn No. 6 George Eiz, section 35-16s-30e, which flowed 374 barrels of oil per day through 2-inch tubing hung at 2,980 feet. It topped main pay at 3,003 feet and drilled to 3,004 feet in sand.

In Eddy's Grayburg pool, Dandiger Oil & Refineries, Inc., No. 7-X Turner "B", section 17-17s-31e, flowed 120 barrels a day through open tubing after acidizing with 1,000, then with 4,000 gallons in pay lime from 3,365 feet to 3,447 feet, the total depth.

Boy's Cowboy Dreams Come True In Real Life. BROADUS, Mont. (AP)—Back in Milwaukee in 1933, nine-year-old Orville Carlson used to dream of being a cowboy.

Now cowboy Carlson, at 18, has finished in the money at three Montana rodeos and he's doing all right as a horse wrangler.

He arrived last spring.

Ordovician—

(Continued from Page 1)

barrels of load oil. It then was swabbed in and flowed by heads 25 barrels of load oil through tubing in seven hours. The well still was swabbing and flowing at last reports. The discovery is displacing the lead with its own oil and has sufficient volume of gas to maintain a flow after it has been cleaned out. It is producing from the McKee horizon of the Simpson, middle Ordovician, and cored best pay sand from 6,137-40 and from 6,164-66 feet. Location is 660 feet out of the east corner of section 20, block 1, H. & T. C. survey.

In the Sand Hills Permian pool, Magnolia No. 16 P. J. Lea was completed for natural potential flow of 314.04 barrels of 35.2 gravity oil per day, with gas-oil ratio of 494. It topped pay at 4,330 feet and is bottomed at 4,508 in lime.

The Texas Company No. 1 G. C. Fraser-TXL, Northeastern Crane deep wildcat, is drilling at 5,980 feet in lime and sand.

Dawson County. Ray A. Albaugh No. 1 T. L. Higginbotham, in the extreme northern part of the county, is drilling past 2,206 feet in red beds.

Top of anhydrite, if encountered, has not been announced by owner Gaines County.

Shell Oil Company, Inc., No. 1 D. N. Leaverton, 7,500-foot deep Permian test in Northwestern Gaines, is drilling at 3,717 feet in red shale and anhydrite.

In Southern Gaines, Texaco No. 1 J. B. Robertson drilled out cement plug to 6450 feet and now is balling to test for water shut-off.

On the Gaines side of the Wasnon field, Continental Oil Company No. 5-43 G. M. Langdon responded to acidization with 12,000 gallons by flowing a rated 1,034.32 barrels per day from pay between 4,936 feet and 5,900 feet, total depth. Oil is 34.5-gravity and gas-oil ratio 353.

Pecos County. Ten miles southwest of Ramacy in North Central Pecos, Magnolia No. 1 Alan Robertson is drilling below 5,586 feet in Permian lime.

M. D. Bryant et al No. 1 J. A. McDonald, Northeastern Pecos wildcat, remained shut down at 5,000 feet pending negotiations to deepen. It reportedly logged base of the Permian at 4,775 feet and was not in the Ordovician at 5,009.

Phillips No. 1 Ada C. Price, deep test 29 miles southeast of Fort Stockton, still is reaming hole preparatory to setting 13 3/8-inch casing. Total depth is 1,950 feet in lime.

Seury County. Humble Oil & Refining Company No. 1 W. T. Newman, 8,500-foot Ordovician test nine miles northwest of Snyder, is drilling lime at 3,106 feet.

Ward County. Shell No. 2 Sealy Smith Foundation, deep Permian test in the Monahans Ordovician pool two and one-half miles northeast of Monahans, is drilling lime below 3,620 feet.

James H. Snowden et al No. 7-A Written Brothers, in the Shipley Permian pool of Southeastern Ward, pumped and flowed 186.8 barrels per day, natural, upon completion at 2,602 feet. It topped pay at 2,466 feet. Oil tested 33-gravity and gas-oil ratio figured 350.

Winkler County. Shell No. 1 W. D. Blue estate, 8,500-footer seeking Ordovician pay in extreme Eastern Winkler, is reaming at 2,932 feet. Present depth is 3,106 feet in anhydrite.

Yoakum County. Texas Pacific Coal & Oil Company No. 36 Ruth Bennett, in the Wasnon field, was acidized with 10,000 gallons in pay lime from 5,200-64 feet, total depth, and flowed at the rate of 589.76 barrels of 33.4-gravity crude per day. Its gas-oil ratio is 714.

LAST CALL

It's the last call for our customers at these wonderfully low prices. You have only SIX MORE DAYS to buy these bargains. Saturday night September 5th we will close the doors on Tom Hurt Men's Wear forever. We have had several opportunities to sell this stock of fine values to Stock Buyers, but would not do so, as this stock was purchased for Midland and Midland trade territory and we are determined it should go that way. For the convenience of those who can not get hereby six o'clock we are staying open until NINE P. M. all next week. Saturday, our last day, we will remain open until a very late hour.

There are still good assortments of fine wearing apparel in the store. You will take a great loss if you fail to shop our store during the last Six Days.

Tax—

(Continued From Page 1)

for individuals through bond purchases might be considered with the proposed new levy.

The treasury was understood to have suggested a somewhat similar gross income tax on corporations to replace the capital stock and declared value excess profits levies which the committee voted out of the bill Friday for an estimated revenue loss of \$75,000,000.

As outlined previously by Chairman George (D-Ga.), this would embody the assessment of a small percentage tax against the gross receipts of a business, after certain specified deductions for labor and materials costs.

Several committee members said it appeared obvious to them that unless the treasury proposed some alternative, there was going to be an almost overwhelming demand for enactment of a sales tax.

A Prize — Or Was It? SOUTHWARK (AP) — Six pairs of honest-to-goodness silk stockings as the prize awarded the winner of the stay-at-home holiday beauty contest at this London suburb but the lucky gal had to give up 12 clothes coupons.

Four Grandfalls Boys One Family Now In Service

MONAHANS — Wallace E. Snelson, son of Mr. and Mrs. Luke R. Snelson of Grandfalls, volunteered for service with the Army last week, but it wasn't anything new to his parents. He made the fourth son of the Snelson family to enter service besides one who is employed in a bomber factory.

The other four sons are: Pvt. Roy Snelson who is attached to the Quartermaster detachment at Fort Bliss, Master Sergeant John Snelson is in the Ordnance Department there; Sergeant Morris Snelson is stationed at March Field, California with the Army Air Corps, and F. R. Snelson is helping build bombers in the North American Aircraft Factory at Dallas.

Wallace is going through recruit drill at Fort Bliss at present.

The Snelson family is really going all out for victory, having possibly the largest number of members of one family in service from Ward County.

Scrap—

(Continued from Page 1)

will be released early next week. It runs into hundreds of tons.

"Thank you for the folks for their fine work," said Clint Dunagan, county salvage chairman. "Ranchers, farmers, merchants, men, women and children in the residential areas, all have done fine work. They will keep at it until there is not a scrap of scrap left."

"And, you might drop a hint to some of these fellows that Paul took Mrs. Paul and Charles with him when he went out trying to beat Addison's record. We wouldn't say so, but we kinda suspect that he wouldn't have done so well if they hadn't been along!"

"RIO ROLLICKER" HAS EVERYTHING — SAN FRANCISCO, California — The "Rio Rollicker" is a new dress creation that serves as everything from a play suit to an evening dress. The ensemble, made of colored cotton satinet, combines a swim suit, rumba-tiered skirt, and little bolero jacket, to make it a regular week-end wardrobe within itself.

Pleasant Service — You appreciate it all the more these hot days — so come in — relax and refresh in our air conditioned comfort. Be cheerily waited on — to your taste — and at reasonable prices.

Military Theme To Be Featured At Meeting Of Church Organizations In First Methodist Church On Monday

Using the Armed Forces as its theme, the Fifth Monday Organization will meet at the Methodist Church Monday afternoon at 3:00. The organization's Methodist members will act as hostesses for the occasion.

Chaplain Theodore G. Schoech of the Midland Army Flying School is to be the main speaker. His subject will be "Religion—A Vital Equipment of Our Soldiers." Mothers and wives of men in the Armed Services are extended a special invitation to attend.

Soldiers on Program

Mrs. George R. Grant, president of the organization, will preside at the meeting. Mrs. Lewis F. Caddell will speak on "Unity in Service." Others appearing on the program are two men from the Bombardier College—Sergeant Cecil Moore who will sing a special number and Corporal Donald Gillet who will accompany him at the piano.

Special welcome to all new residents of Midland is given, and all ministers of the city are invited to attend.

A tea hour in the educational building will follow the program. Mothers with small children are reminded that attendants will be on duty in the church nursery.

DAUGHTER IS BORN TO KIMBERLINS IN EL PASO

Corp. and Mrs. Robert Kemper Kimberlin, Jr., are the parents of a daughter born at William Beaumont General Hospital in El Paso Aug. 26, according to word received here Saturday. Mrs. Kimberlin is the former Miss Wanda Casey of Midland and Odessa.

Corporal Kimberlin, formerly of Midland, now is stationed in South Carolina.

Expect 400 Baptists At Union Conference

DALLAS—Four hundred Baptist students from forty Texas colleges and universities are expected to attend the annual state Baptist Student Union Conference meeting at the Lone Star Camp at Irving, Texas, September 4-9, according to J. W. Bill Marshall, Dallas, State Baptist Student Union secretary.

Among the two hundred and fifty speakers, conference leaders and students on the program are Chester Swor, dean of Mississippi College, Clinton, Mississippi; Mrs. Jessie Burrall Eubank, nationally known youth leader, former head of the department of Religious Education, Stephens College, Columbia, Missouri, and contributing editor of the National Geographic Magazine; William Hall Preston, South-wide Baptist youth leader of Nashville, Tennessee; and Dr. E. D. Head, president of the Southwestern Baptist Theological Seminary, Fort Worth.

Miss Mehn Guest of Mr. Mrs. Berte Haigh, Miss Clairal Mein of Oxnard, California, arrived this week to visit her uncle and aunt, Mr. and Mrs. Berte R. Haigh.

New Slimmer Silhouette Result Of Wartime Fabric Conservation

Thanks to Uncle Sam, gadgetry in fashion is gone—simplicity is here to stay—not only for the duration we hope—but for good. The ruling for fabric conservation around which the fears of the fashion world centered for so many months, turned out to be a blessing in disguise. Because the new silhouette evolved from this famous government ruling is a simple, slim, figure-flattering silhouette that is wholeheartedly welcomed by American women. Never before have clothes been so wearable, so casual, so precisely what every American woman likes and looks best in—and for which she formerly had to hunt. Very largely if not completely responsible for this new slim silhouette, the ruling was definitely the electric shock fashion needed. Quickly and firmly it stripped fashion of all its frills and furbelows which in reality were extremely bad taste and not at all flattering, and put the accent on good basic design rather than on "gingerbread." Most important, the ruling will save about 100 million yards of cloth a year for the war program.

Fashion Not Regimented

Very definitely "simplification and not regimentation" is the goal of the new government fabric rulings. Instead of stifling fashion, it will stimulate it and act as a strong incentive to our skilled American designers who can and will create beautiful new wearable clothes that conform to these rulings. The streamlined slim silhouette is here to stay for the duration. Skirts will be slimmer, there'll be less pleats in them, but what's one pleat more or less when the saving in fabric, multiplied by millions, means thousands of uniforms for our fighting men? Revised is the shorter, more feminine jacket—intensely figure-flattering as it is young and wearable. As for your beloved classic tweed jackets, they're shorter, too—and twice as smart because they're ever so much trimmer and emphasize your best figure lines. Shortest of all is the mess jacket, very brief and jaunty. Newest of all is the boxy jacket, just about wrist length or shorter—and simply marvelous over the new slimmer skirts.

Peg-Top Silhouettes

With a big bow to the War Production Board, dresses have been made beautifully simple—sleek and sophisticated as they are wearable and flattering. A new silhouette all our own, it features all-important peg-top draped lines or peg pockets, tremendously important because they balance off perfectly the new narrower hemlines—and camouflage hiplines beautifully. Other vital fashion points upon which Uncle Sam smiles are upon draped skirt fronts, some moderate, some exaggerated. Shirred front pleats and apron effects also are well within the new rulings. Because of its great popularity, the coat dress is noted in many versions, newest of which is the "envelope" coat dress which features soft self sash from either side front waistlines, thus conserving slide fasteners vital to our war effort! Practical as it is figure-flattering, too, this "envelope" sash makes the dress adjust-

able to any waistline. Drawstring waistlines are also noted in the conservation of slide fasteners. The dordel that all America loves is favored for Fall with wartime fashion news noted in their pert peg-top pockets, new narrower hemlines. Noted in both casual and dressy types it's the velvet dirdnd that will go dancing with our men in uniform this Fall—and the brighter the dirdnd the better!

Government approved Fall fashions and aren't they wonderful? The smooth suit has a 24½ inch jacket, a gored skirt of 58½ inches and patch pockets simulated by stitching. The casual box coat with fluffy fur collar is designed along straighter lines to conserve fabric.

REVIVAL MEETING TO CLOSE SUNDAY

Harvey Childress, minister of the Ogden, Utah, Church of Christ, will close a revival meeting at the Church of Christ here Sunday evening. His sermon for the Sunday morning services is "Co-operating in Service," and Sunday night he will preach on "Who Should be Baptized."

MIDLAND DRUG (Cosmetic Dept.)

Penney Stores Go Far Beyond Bond And Stamp Quota

The J. C. Penney Company's 1609 stores, whose 4% July quota for War Stamp and Bond Sales was \$1,200,000.00, turned in the staggering total of \$8,422,553.85—or almost 25% of its merchandise sales!

The important of this achievement was acknowledged by a telegram of commendation from Secretary of the Treasury Morgenthau, who took particular note of the tremendous scope of the Company-wide publicity program which made these results possible.

While the Company average amounted to about 25% of its total July sales, individual stores and individual states turned in far greater percentages than that. In Tennessee, for example, the Company's 23 stores made 68% of their entire sales in War Stamps and Bonds.

The largest amount in War Stamps and Bonds were sold by a store which is by no means one of the Company's largest—Yakima, Washington, where \$166,658.95 worth moved over the store's counters into the purses and pockets of thrifty American patriots.

From all over the country came stories of the energetic competition between stores and states and districts. Penney employees made it their chief concern to sell Bonds and Stamps — and they sold them with might and main, to customers, friends, and everybody else who came within range of their super-salesmen and women.

There was a lot of friendly rivalry, which inspired unique and often amusing stunts that worked successfully. Celebrities were drafted to act as Masters of Ceremony at the bond

Big Bonnets Back This Fall

selling in San Francisco, a whole plate glass window was removed, a microphone installed, and the selling began briskly under the exciting management of movie stars Kitty Carlisle and Jack Haley. The first bond sold was a \$4,000.00 one, which went to a Hong Kong evacuee.

Father Sons Sell
In Des Moines, bonds were sold in the Penney store by the war-famous Patten family, father and 8 sons, all of whom are serving in the Navy, and 8 of whom are survivors of the Lexington sinking. Navy Lieutenant Eddie Duchin, famous orchestra leader, attracted crowds to the War Bond booth in the Omaha J. C. Penney store. Abbott and Costello were pressed into service by the Denison, Iowa store, where they did a thriving bond business with crowds of their fans.

The manager of the J. C. Penney store in Albany, Georgia, now serving with the armed forces, bought the first War Bond sold in the Hollywood store. In La Crosse, Wisconsin, an attractive employee of the Penney store was pushed around town in a wheel-barrow, from which she sold "Stamperchiefs" made of four quarter stamps. Each purchaser then had an opportunity to push

the wheel-barrow along until another purchaser was found.

The town of Red Wing, Minnesota invested in a \$30,000 block of bonds, requesting that credit for \$10,000 worth of these be added to the local Penney store's sales.

Captain Wheelless Sells
Captain Hewitt Wheelless, who bombed six Jap transports in the Philippines, bought a bond in the Amarillo, Texas, Penney store. Top single sale was a \$100,000.00 bond sold by a 68-year-old salesman in the Cortland New York store, who remarked: "I figured I couldn't get shot for trying." The inspiring results of these efforts indicate more than whole-hearted interest on the part of the Penney Company and its associates—they prove, beyond a doubt, that America is ready, to the last man, woman and child, to do its part to win the war.

By NEA Service
Hats are really hats again—and all because of the rubber shortage.

Last year's wispy chapeaux needed a firm anchor of elastic to keep them in place. But now that elastic is out, you'll be wearing generous, fitted models like the creations shown here.

Modern as a power dive is the down swoop of this hat by Erik (above left). It's black felt with velvet ribbon band and bow.

From John-Frederic comes the black velvet helmet (center) with a band and great bow of fuchsia tulle. Green sequin balls adorn the bow.

Another John-Frederic model (above right) is this big bonnet of dark green felt, trimmed with bright red grosgrain ribbon and a curled speckled stick plume.

Cadet Class Of MAFS Honored With Dance

Midland's Country Club ballroom, decorated in a patriotic motif of red, white and blue, was the setting Saturday night for a graduation dance honoring cadets of class 42-12 of the Midland Army Flying School.

Streamers were draped from chandeliers, and pairs and baskets of flowers were placed about the ballroom to add color for the occasion. In keeping with the military theme, silver wings were placed over the ballroom doors.

Approximately 400 guests danced to the music of the "Hell From Heaven Swingsters" from the Midland Army Flying School.

At the request of the cadets, the Beta Sigma Phi Sorority acted as hostesses for the evening, assisted by Mrs. L. C. Link and Mrs. W. I. Pratt. Each of the hostesses wore wristlet corsages of defense stamps.

Receives Award

Yvonne Fain of Valley View received the gold-star award at the annual Home Demonstration and 4-H Club encampment.

In Charge

Miss Alpha Lynn, Midland County Home Demonstration agent was in charge of the fifth annual encampment held at Cloverdale Park Thursday-Friday.

MRS. EMMA G. PETERSON WILL VISIT IN MIDLAND
Mrs. Emma G. Peterson of Spokane, Wash., will be the houseguest of her son and his wife, Mr. and Mrs. Irwin G. Peterson. Peterson is a technical radio operator at the Midland Army Flying School and is a graduate of Scott Field, Ill. His wife is the former Virginia P. Jeffers.

Mrs. Peterson is traveling from Spokane by plane and is due to arrive in Midland Sunday for a week's visit. On her return trip she will fly by way of Chicago and New York to buy merchandise for Alexander's, a large Spokane specialty shop for women for which she is manager and buyer.

CHRISTIAN EVENING SERVICES
Young people who are returning to college will have charge of the Sunday evening services at the First Christian Church. Billy Noble, TCU student, will preside; and Bill Hall, ministerial student at TCU, is to preach on "Mine". Miss Martha Jane Lowe will sing a solo.

SCHOOL TO OPEN
Prairie Lee School is scheduled to open for the new term Monday, August 31.

Fifth Annual Home Demonstration And 4-H Club Girls Encampment At Cloverdale Declared Big Success

Home Demonstration and 4-H Club women and girls closed their fifth annual encampment at Cloverdale Park Friday evening after a successful two-day meeting.

Miss Alpha Lynn, Midland County home demonstration agent, said about 200 people attended the encampment. Miss Ruth Perrine, Midland County child welfare worker, substituting for Miss Dosca Hale, extension specialist in child development and parent education, conducted a discussion on the "Social Problems That Originate From the Home."

Causes For Truancy
She said "90 per cent of truancy cases with which welfare organizations come in contact develop from the lack of love and affection of parents toward their children and a condition of insecurity of childhood." She asked for the cooperation from rural people in providing foster homes for children who are idle and neglected in the city.

Mrs. J. E. Wallace, Mrs. Nell Stanton and Mrs. J. C. Bradley, home demonstration club women from Prairie Lee, built a vegetable mound using carrots, rutabagas, cabbage, parsnips, beets, Irish potatoes and turnips. On a layer of dry strip cane the ladies placed the vegetables in pyramid form and then put strip cane on them and covered them with moist sand. Next they put a pipe in the top for ventilation, covering it to prevent water from getting to the vegetables in the mound. The mound will be opened in November to see if the vegetables are still quality products. Food in the mound is enough to supply a family of five for one week.

Nadine Manning of Warfield was in charge of the after-supper program presented by the 4-H Club girls at the encampment.

Yvonne Fain Receives Medal
Yvonne Fain was presented with a gold star by Miss Lynn in recognition of her achievements in the 4-H Club. She was the highest ranking 4-H Club girl in Midland County for 1942.

Billie LaGene and Velda Dee Pigg played a guitar duet, and Ned Watson played two guitar solos. Alice Louise Midkiff reported on accomplishments of 4-H Club girls in 1942, compiled from scores turned in by girls at the encampment. Mrs. Bennie Bizzell, sponsor of the Valley View 4-H Club, concluded the program, leading the group in singing.

A 4-H Club girl, in order to attend the campment must make 300 points. They earned most of their points from food preparation, food production, and food preservation.

50 Spend Night
Fifty club girls and women spent the night in the park and were served breakfast by the 4-H Club girls.

Mrs. J. M. White Friday led the devotional. A recreation and get-acquainted period followed and games were played and informal social gatherings were held.

Miss Lynn held a formal meeting on the subject of "Sharing With

Children the Responsibilities of Making Decisions for Themselves.

"Parents should be responsible for child behavior when danger is involved, but leaving other matters for the child," she said.

Mrs. C. C. Cobb demonstrated Kraft making and Mrs. Dora Barnes demonstrated cleaning of hats and dresses.

Mrs. T. D. Jones, Jr., and Mrs. Bill Counts reported on the home demonstration convention at Fort Worth last week. Mrs. W. T. Forehand summarized the high-points of the encampment and expressed an appreciation of cooperation of A. B. Cole for the use of the park.

All clubs of the county were represented at the encampment. In addition, representatives were present from Warfield and Stokes and from Martin County.

"The general feeling of the people when leaving the encampment was that it was the best of the four held previously," said Miss Lynn.

Clint McFarland Visits Friends Here
Clint MacFarland, news editor of The Reporter-Telegram until he enlisted in the Army Air Forces last January, is visiting friends in Midland. McFarland now is stationed at Patterson Field, Ohio.

CHRISTIAN EVENING SERVICES
Young people who are returning to college will have charge of the Sunday evening services at the First Christian Church. Billy Noble, TCU student, will preside; and Bill Hall, ministerial student at TCU, is to preach on "Mine". Miss Martha Jane Lowe will sing a solo.

SCHOOL TO OPEN
Prairie Lee School is scheduled to open for the new term Monday, August 31.

Red Cross Notes

We need some help at the work-room—there are still several blouses for refugees to be finished and quilt blocks to be cut. Won't you help?

We expect the material for the kit bags just any day now, and know every one will be glad to donate the fittings for one or more of these bags for the Armed Forces.

The Home Nursing Class taught by Mrs. L. A. Absher is progressing rapidly. Thirty women are taking this course. The class is filled now, but other classes will be started later.

Miss Verona Lambert is teaching a nutrition class evenings for Army officers' and enlisted men's wives and civilian personnel of MAFS. This class has an enrollment of 23.

Don't forget if you have a vanity or dresser which you can donate to the Red Cross, call Mrs. A. N. Hendrickson at 2050. Also the Surgical Dressings department will need several chairs and tables for use in the class which we expect to start soon.

There is a place and a job for everyone in our Red Cross service. Mrs. W. E. Swanson of Stamford, Texas, was one of the busiest American Red Cross knitters of World War I, to whom every stitch was a link to her three sons in service. Unable during this war to knit, Mrs. Swanson sees to it that every volunteer in the Jones County production center is refreshed, getting ice-water from a cooler secured and maintained by the solicitation of this veteran volunteer.

Jones County Chapter is also proud of its class of 30 Stamford negroes who are completing a course in home nursing. Midland Chapter will begin a class in first aid for colored folk next month.

Listen in on KRLH Monday morning, 11:30 and each Monday same time for another Red Cross message. Mrs. E. H. Ellison will be the speaker.

Rev. A. W. Smith Is New Baptist Pastor

The Rev. A. W. Smith of Penwell has accepted the call as pastor of the Calvary Baptist Church. Mr. Smith and his family will move to Midland by September 6, the date he is to preach as pastor of the Midland church.

Mr. Smith is the second minister to serve as pastor of the Calvary Baptist Church. He succeeds the Rev. McPherson, now a chaplain in the Armed Forces.

Children's Service League Aids Red Cross

Members of the Children's Service League met Friday afternoon in the home of Mrs. Ralph Fitting, Jr., at 605 W. Cuthbert.

It was revealed at the meeting that due to the fine response made as a result of recent appeals for assistance, the work of the organization will be able to continue. Two tonsillotomy cases also were reported.

The group voted to help with the local Red Cross sewing. Members present for the meeting were: Mmes. R. L. Blunden, Fred Cassidy, Robert Dewey, John M. Hills, Cooper Hyde, and the hostess.

PICTURES THROUGH FOG

Aerial photographers can take pictures of a city which is so blanketed by fog and smoke that it cannot be seen from the air, by means of films that are sensitive to infra-red rays.

MAFS---Prop Wash

'Twas the week before payday
And cash was so low
You could buy 20 sergents
For the price of a show.

And in the organizations among the corporals, pfc's, and plain buck sergeants, oh yea, techs and masters:

491st School Squadron
The men of the 491st have been taking a very active part in the various post activities. The Keglers, led by First Sergeant Kalich, of the newly activated 866th, are now in third place in the Post Bowling League and expect to wind up in first place before the season is completed.

At a recent Pite Nite Corp. Joseph E. Hamel and Corp. Zeke Zimmerman put on a fast three-round bout with no casualties of a serious nature resulting to either. Pfc. Hank Goodman also put on a good show for the spectators and rapidly finished off his opponent.

It appears that there is potential championship boxing material in the 491st. Several of the men in the squadron are set to be heard from in future boxing matches.

Sergeant Frank G. Wilmes, who until recently was staff sergeant in the Engineering Office, has been promoted to first sergeant of the 491st and is now ably performing his duties as usual.

All men in the squadron who have known former Tech. Sgt. Lewis E. Vick were pleased to learn that he had received a commission as second lieutenant in the Army of the United States. Lieut. Vick is now attached to the 491st as assistant engineering officer.

Tech Sergeants Mason P. Hutto and Owen A. Hill were promoted to master sergeants on Aug. 15, 1942. Master Sgt. Hutto is the new line chief of the squadron.

Pvt. Walter J. Chilcote was recently called home by the sudden death of his brother, George Chilcote, of Pittsburgh, Pa. We extend our sympathies to Pvt. Chilcote and his family.

Corporal Herbert W. Stielau, who has been working as a clerk in the orderly room for the last several months, recently left for officers candidate school at Miami Beach. He has written us advising us that he is being kept very busy there and says you really have to be on your toes all the time if you expect to complete the training course successfully. There are now four former members of the squadron at this school and two who recently graduated and received commissions as second lieutenants.

Pfc. Irving Grossman, who until recently was a member of the 491st, has been transferred to cadet headquarters at San Antonio.

Several weeks ago all men were notified to turn in their raincoats to the supply room. It was understood that these raincoats would not be needed, since it didn't rain in West Texas. During the last few weeks these coats would have been very useful since, though it doesn't

rain, the dew becomes exceptionally heavy now and then.

Sergeants who were recently promoted are having their pictures taken at the photo lab, and we understand that they will be sent to the boys' home towns. We suspect that Sgt. Loring would like to have his sent to his girl's home town instead of his own. He is now carrying on a rapid-fire correspondence with a girl in Carrizosa. We don't know exactly what his plans are, but we have our suspicions, especially when he gets that dreamy, far-away look so frequent—perhaps it's only the collection sheet that he has on his mind.

487th School Squadron
The 83rd Base Headquarters and Air Base Squadron won a softball game from the 97th Materiel Friday night in Odessa. In the Friday evening papers both of Midland and Odessa the 487th School Squadron challenged the winner of the game to a contest to decide the real field champions.

So far the 487th has not heard a word from the winners of Friday's game. Two things can be concluded from this apparent lack of interest: Either the 83rd is waiting until the 487th gets a bunch of its players transferred to other fields before the 83rd can work up the courage to take on the 487th, or the 83rd is just plain, flat scared to put up its own trophy against the two that the 487th has won in previous tournaments.

The 487th vigorously and vociferously claims that the title of "Field Champion" does not rightfully belong to the 83rd until the 83rd has proved itself worthy of that high honor by defeating the 487th on the playing field. If this does not arouse the true American fighting spirit in the breasts of the members of the 83rd, may they always hang their heads in shame when they view their trophy, which should be stealthily displayed in some obscure corner of the day room.

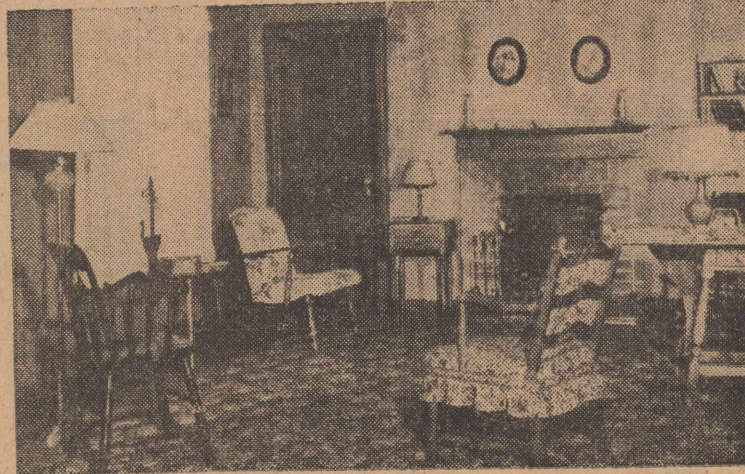

83rd Base Headquarters and Air Base Squadron
The old 83rd's invincible softball team, under the guiding genius of Corp. Ed Szymanski, is now looking for new worlds to conquer and wondering if there are any teams in near-by airfields that are worth the trouble of challenging. Though the boys feel that they have cleaned up on MAFS nicely, they wish it to be known that if the reasonable weather holds out, they will be glad to remain in training by practicing with any other squadron on the field that believes it might be able to organize ten men into a semblance of a team. This offer includes all the obstreperous and boastful organizations that may have made extravagant claims about their prowess on the diamond.

Corp. Szymanski emphasizes that although the 83rd is an extremely busy outfit, it will be able to find time now and then for such practice and welcomes any reckless groups that may care to step forward. As Corporal Edward S. Back has succinctly stated: "I guess the boys would have time for an Indian summer warm-up season if they could find any team worth playing with. Of course, it would be sort of an 'after the ball is over' game, but I guess we could spare the time."

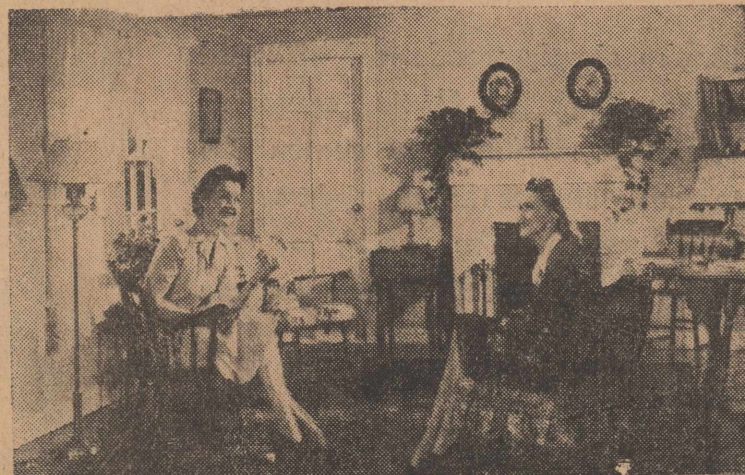

SERGEANT P. M. KING TO OFFICERS' SCHOOL
FORT BLISS, TEXAS.—Selection of Sgt. Phillip M. King of Midland by a board of officers to attend the Signal Corps Officers Candidate School at Fort Monmouth, N. J., was announced by the Public Relations Office here. The young man was chosen because of his outstanding service and the qualities of leadership which he has exhibited as an enlisted man.

At the end of three months intensive training, if he successfully completes the course, he will be commissioned a second lieutenant in the Army of the United States.

New Paint Modernizes Old Rooms

Above, a typical living-room whose faded wallpaper calls for first-aid treatment. Decoration has a definite "Gay Nineties" flavor. Below, a single coat of Kem-Tone, new miracle finish, applied directly over wallpaper and brickwork, results in a new modern room.

Transformation of old-fashioned parlors into gay modern living-rooms now takes only a matter of hours and can be achieved at surprisingly little expense, thanks to

V-Mail Service Is Increased, Public Asked To Cooperate

V-Mail service has met with quick approval by the public, the Post Office Department has reported, and the facilities for increasing the service have now been installed. This type of mail is handled by a photo process, with films sent by plane to foreign-service units, where the films are again printed as letters. This type of mail goes to the British Isles, Australia, India, Hawaii and other points. Such service for Iceland and other points is expected soon.

Every pound of weight which can be saved on air transport overseas means that that amount of weight in vital military material can be sent. The government, however, sends all V-Mail at once, whereas other types of mail may be delayed due to bulk.

V-Mail letter sheets have been distributed to all postoffices, and have been provided all men overseas. Private firms and individuals have also been permitted to reproduce the letter sheets; and stationery stores soon will be supplied.

The public is urged by the government to use this service in writing to men outside the continental United States, thus aiding in saving bulk and weight of letters, and save time in making delivery.

the introduction of a new miracle finish, now being shown locally, that can be put on right over old wallpaper without the bother and mess of first removing the paper. The new paint comes in a wide range of modern pastel shades, any one of which will hide all but the most violent wallpaper designs with a single coat.

The new paint Kem-Tone, which was made possible through developments in the synthetic resin field, has many unique properties never seen in any other wall finish. For one thing, it comes in paste form and is reduced to brushing consistency by adding two quarts of water per gallon; yet it dries within an hour, and after a short curing period is even more washable than a great many oil-paints. What's more, Kem-Tone is completely lacking in the common paint odors, and a room which is Kem-Toned in the morning, is ready to be lived in that same evening.

In addition to covering wallpaper, Kem-Tone may be used on brick, plaster, wallboard, and surfaces previously painted with oil or casein paints. Because of its one coat coverage, ease of application, and cutting down of clean-up operations, Kem-Tone also reduces painting costs considerably, yet because of its plastic base, it is one of the most durable flat finishes known, as was proved by two years of comprehensive tests.

Fall Hats Reach Many New Heights

With no government restrictions or regulations on hats, the designers have gone "all out" in their effort to create the nevest looking, fashion-right hats for this Fall. Hats are really back on the head—a flattering, appropriate hat gives a woman that well-groomed, costumed look that is impossible to achieve with just a bow or flower tucked in her hair.

Berets Are Back

This season's beret is quite different from the classic little beret from years past. The Fall 1942 beret comes in almost any fabric, in tailored, sports or dressy styles and in sizes from a very small one that perches over one eye, or never still straight on the head, to a large profile-revealing style.

The Forward Silhouette

The forward tilted hat has a distinctly new look about it and is the perfect complement to all the suits that will be worn this Fall. This forward silhouette is created by dip-in-front brims, by eyeliner berets and by brimmed hats worn forward. High crowns are news in both over-the-eye and back-of-the-head hats. Many of the crowns are draped, stitched or sculptured with ribbon and feather trims. Some of the tall crowns are draped or crease into give a soft, dress-maker look and many of them have quill or feather trim for added height.

Rayon Hose Become Test-Tube Miracle

Gone are the days when rayon hose were baggy, shiny, ill-fitting—worn not at all by women of discriminating taste. However, thanks to the miracle of test-tube ingenuity, rayon hose have acquired beauty and wearing qualities to make them take their rightful place among the different types of hosiery!

The new rayon hose are really flattering. They're sheer, dull-textured and with the proper care—will give you highly satisfactory wear.

Launder With Care
Rayon hose offer much to the modern woman of fastidious taste. It is extremely durable when completely dry. However, since it is weakest when wet—great care must be taken in laundering, preferably as follows: Wash your rayon hose after each wearing, as soon as you take them off. Use only mild soap suds and lukewarm water—cake soap rubbed into your hose will weaken the fibres. Dry over a smooth rod, away from sun or heat, after squeezing gently in a towel and allow from 24 to 48 hours for complete drying.

Another very interesting feature of rayon is that it does not soil readily—due to the smoothness of the fibre from which it is woven. They may be had in a full range of rich colors, which are dyed to retain their permanence.

Join the Navy, sail the high seas, and help cut our nation's enemies off at the knees.

Church Of Christ To Have Revival Meeting

Bill Gipson will open a revival meeting at the Southside Church of Christ Sunday morning to continue for several days. He will preach Sunday morning at 11 o'clock, and at the regular night service. Daily throughout the week he will preach at nights.

Don't kick about taxes—Join the Navy and help sink the Axis.
