

Stalingrad Still Stands Firm Bombers Drive Off Japanese Armada

Naval Unit On Way To Solomons

By The Associated Press
WASHINGTON — Army flying fortresses drove a Japanese force of battleships and cruisers away from the American-held sector of the Solomon Islands last Monday with a bombing attack which possibly damaged two of the battleships.

The action was announced by the Navy Saturday in a communique which clearly left open the possibility the powerful Jap fleet might return at any time for a renewal of the enemy's desperate efforts to wrest the strategic Guadalcanal-Tulagi area of the Solomons from American hands.

The communique also reported Army bombers had made fresh attacks on Jap installations on Gizo Island and at Rekata Bay—bases which the enemy presumably uses for offensive operations against Guadalcanal.

Land Fighting Slow
While land fighting in the Solomons slowed to minor skirmishes and sniping with reinforced Marines in firm control of their positions, the big Army bombers discovered the Japanese battle force prowling northeastward of Tulagi and roared in to the attack.

"Heavy anti-aircraft fire was encountered," the Navy said, "but possible hits on two battleships were reported. When last seen, this force was retiring to the north."
Jap Move In Doubt
There was no evidence to show the exact intentions of the enemy admirals in having such an armada (Continued on page six)

New Lexington To Hit Water Next Saturday

By The Associated Press
The new Lexington, namesake of the aircraft carrier lost in the Battle of the Coral Sea, will be launched next Saturday on schedule, the Navy said Saturday night.

The Lexington will be the second carrier launched since Pearl Harbor. The Essex prototype of a new class to which the Lexington belongs, entered the water at Newport News, Va., July 3. It will be some months, however, before these two new flat-tops can be completely fitted out and ready to join the fleet.

The new Lexington will be launched at the Bethlehem Steel Corporation's Fore River Plant at Quincy, Mass. Mrs. Theodore Douglas Robinson, who christened the other Lexington 17 years ago in the same yard, will give the new ship its name. She is the widow of a late assistant secretary of the Navy.

9---Count 'Em---9

Capt. John L. Smith of Lexington, Okla., Marine fighter pilot, shot down four Jap Zero planes in 15 minutes near Guadalcanal, boosting his nine-day total to nine enemy planes.

New Pool Opener In South Gains Holding Interest

By FRANK GARDNER
Oil Editor
West Texas oil activity at the week's close continued to be dominated by a prospective pool opener in Southern Gaines County, Texas.

Development, by counties, follows:
Andrews County
Neville G. Penrose of Fort Worth No. 1-A University, in the Fuhrman West pool of Southern Andrews, established natural potential flow of 121.68 barrels of 32-gravity oil per day, with gas-oil ratio of 750. It topped pay at 4,505 feet and drilled to 4,630 feet in lime.

Atlantic No. 1-C University passed up the regular 4,200-4,400-foot West Andrews pay and is drilling ahead at 4,528 feet in lime. Operators expect the Clear Fork-Wichita series of the Permian to come in at approximately 6,300-6,500 feet.

Atlantic No. 1-A Texu, Southwest Central Andrews wildcat and deepest test now drilling in West Texas, has passed 9,744 feet in lime and green shale. Presence of green shale indicates the well may be in or near the Simpson, middle Ordovician.

Phillips Petroleum Company No. 12 University-Andrews, three-quarter mile northwest outcrop to the Embur Ellen-bur, lower Ordovician, pool of Southwestern Andrews, presumably still was in the Simpson as it drilled to 8,015 feet in shale and lime. A southwest outcrop to the pool, Phillips No. 10 University-Andrews, is fishing, bottomed at 7,020 feet in dolomite.

Cochran County
Continental Oil Company No. 8-58 Carrie Slaughter Dean, on the Cochran County side of the Slaughter field, flowed at a daily rate of 1,208.83 barrels of oil after acidizing with 12,000 gallons in pay lime between 4,935 and 4,997 feet, the (Continued on Page 6)

Parity Prices Still Pressed By Farm Bloc

WASHINGTON (AP) — Republican backing for the price and wage stabilization bill became apparent in the Senate Saturday but farm bloc members considered renewing their fight for a new farm parity formula despite President Roosevelt's disapproval.

A caucus of 23 Republican Senators resulted in an announcement that they unanimously agreed the bill had been substantially improved by amendments in the Banking Committee but several indicated they definitely would support the measure when it reaches the floor Monday.

Senator Bankhead, (D-Ala.) was undecided whether to press for floor consideration of his amendment revising the parity formula to include the cost of farm labor. The committee rejected the proposal Friday. The existing parity formula does not take the farmer's cost of production into direct account.

Disuse Bankhead Plan
Leaders of farm organizations conferred with Bankhead and other farm state senators Saturday but were not in agreement on whether the Bankhead formula went far enough. An agriculture subcommittee will meet Monday morning before debate opens to consider possible amendments.

Meanwhile the House Rules Committee will decide Monday on procedure to be followed in considering the anti-inflation measure in that chamber, starting Tuesday. Leaders in both Senate and House expected to pass their respective bills by the end of the week and to be able to adjust any differences and complete Congressional action (Continued On Page Six)

Plan Compulsory Savings Program

WASHINGTON (AP)—A program which would force Americans to buy some \$15,000,000,000 worth of government bonds annually to aid in financing the war and controlling inflation may be laid before Congress after it disposes of the tax bill, it was learned Saturday.

Expected to involve either stiff increases in present and proposed taxes or the imposition of new ones, the program is to be worked out by a joint Congressional committee established by the revenue bill and directed to report by Dec. 1.

Working with this committee will be Secretary of the Treasury Morgenthau, who recently urged that Congress supplement present voluntary bond investments by levying against the amount of money individuals spend to provide a form of compulsory savings.

Chairman George (D-Ga) of the Senate Finance Committee expressed the belief that to be of any benefit in reducing the war deficit a compulsory savings program would have to produce between \$12,000,000,000 and \$15,000,000,000 yearly. He added that while taxation appeared the only feasible method of enforcing bond investments, there was some doubt that taxpayers could stand this additional burden on top of the high taxes they will pay under the new revenue measure.

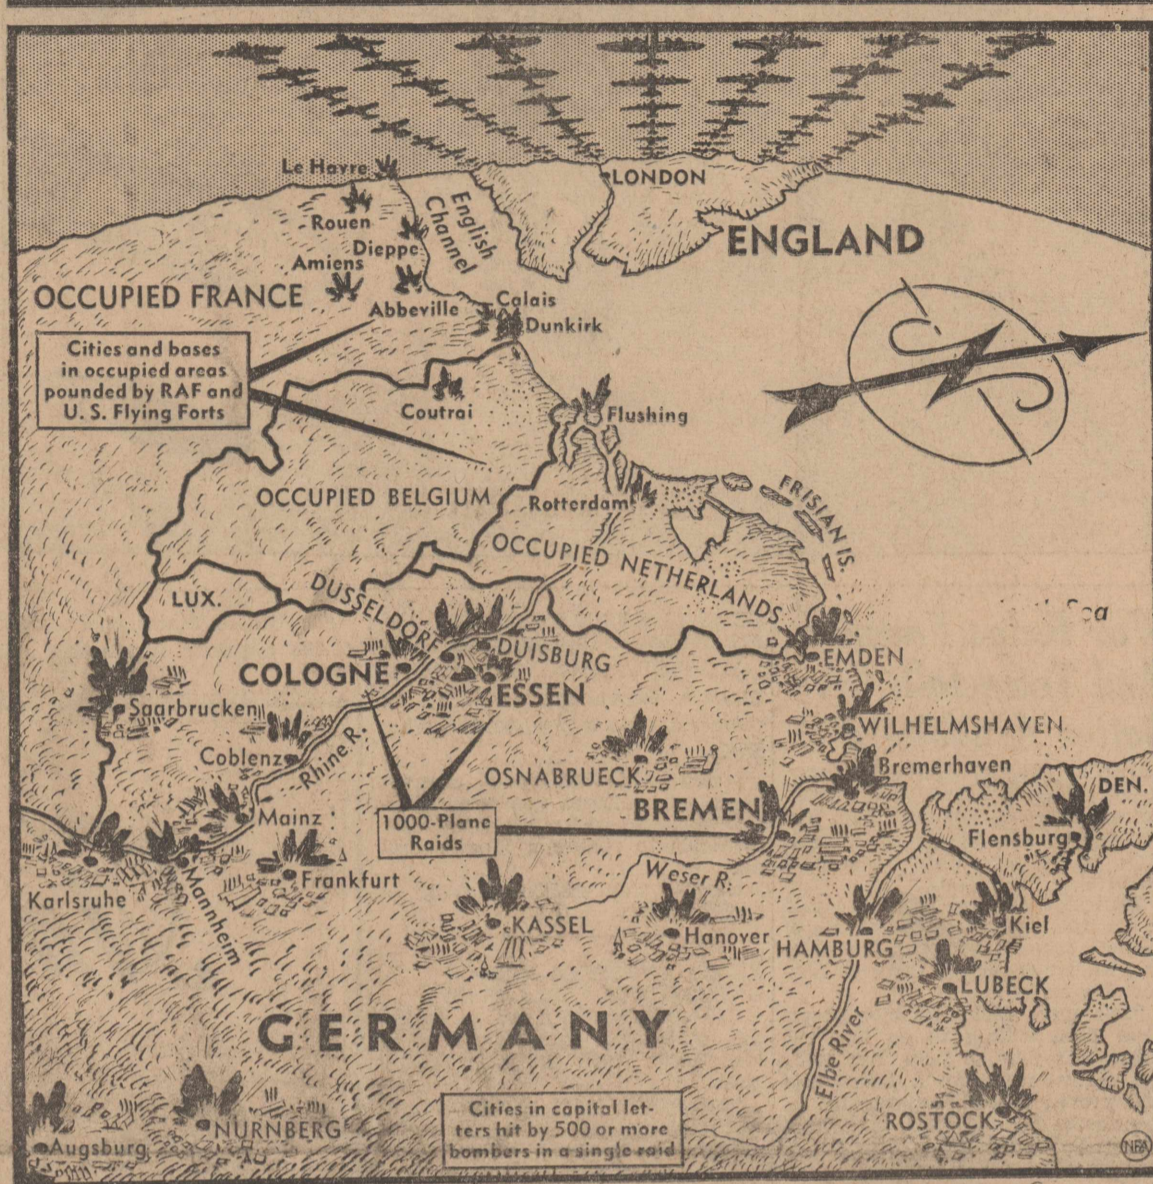

Mercury Takes Tumble 25 Degrees Saturday

A brisk norther blew into Midland about 2 a. m. Saturday, dropping the temperature 25 degrees by 2 p. m., when the wind slackened and the temperature started rising slowly. At 2 a. m. the reading was 78 degrees, and at 2 p. m. it was 53; but at 8 p. m. it had risen to 56.

The sudden drop hastened winter preparations throughout the region, but indications at midnight were the cold spell would be short-lived.

Midland had a very light rain for a short time early in the day; but north of the city there was a heavy downpour with heavy winds for more than two hours, beginning about midnight.

HITLER'S EYE VIEW OF BOMB-BLASTED GERMANY

From high above Berlin this might be Hitler's view of bomb-torn western Germany as the RAF winds up a successful summer of multi-plane raids with promise of even greater air assaults to come this fall and winter. The 1000-plane raid on Cologne May 30 touched off a series of day and night attacks that have blasted industries, railroads and air and U-boat bases in the two dozen German cities shown on the map. Joined in July by American airmen, the British stepped up their round-the-clock raids on the Nazi-occupied coast.

American Fliers Blast Jap Bases On Guinea Coast

General MacArthur's Headquarters, Australia (AP)—Flying fortresses set fire to a Japanese cargo ship off New Guinea, the Allied Command reported Sunday. The attack was geared with a continuation of heavy bombing and strafing of enemy bases at Lae and Buna on the northeastern New Guinea coast and on Buka Island at the northern tip of the Solomons.

For the third day, fighting in the jungles of the Owen Stanley mountains north of Port Moresby was at a minimum, being limited largely to activity by Allied patrols, the communique said.

Medium bombers and fighters raiding Lae failed to encounter any air defense, and all the planes taking part returned safely to their bases.

The bombers centered their attention on enemy dispersal areas, while the fighters strafed anti-aircraft and supply installations.

The assault on Buna was made by fighter planes ranging the trail to Kokoda. Japanese advance base on the northern slope of the Owen Stanleys. At Buna airdrome itself, a supply dump and a Zero fighter were set aflame and an anti-aircraft position was silenced. Along the Kokoda track, cannon and machinegun fire raked buildings, sheds and huts.

Buka was visited by medium bombers in a nighttime attack under poor weather conditions. Returning pilots reported fires started but were unable to observe other results.

Two or three enemy raiders attacked Port Moresby, the center for Allied operations in the New Guinea theater, but the communique said the "bombs dropped harmlessly in an uninhabited wooded area."

WAACS Make Request For Lower Heel Shoes

KANSAS CITY, (AP)—Chic in her uniform, Mrs. Oveta Culp Hobby, the head woman of the WAACS, arrived for the American Legion auxiliary convention with the word that the girl-soldiers are making one request she never expected.

Civilians Moved As British Preparing European Invasion

LONDON, (AP)—A sudden shift of British bomber operations to extensive overnight mine-sowing in Nazi coastal waters was followed Saturday by announcement that civilians would be removed from an area of England facing the North Sea and a report that the jittery Germans are evacuating Belgian families from Ostend on short notice.

The British War Office announcement said all inhabitants would be taken from a "considerable area" staked out for military purposes in the East Riding of Yorkshire which is opposite the German naval stronghold in Heligoland Bight.

Several weeks ago a part of East Anglia facing the Netherlands and Belgium across the southern arm of the North Sea had been cleared of civilians and declared an exclusive military area.

No explanation was given in either case beyond the necessity of military purposes. Both areas, however, are a natural jumping off point for invasion of the continent.

Number Of Oil Wells In Texas Decreased

AUSTIN, (AP)—The Texas Railroad Commission reported Saturday that the number of wells in the state decreased by 68 from 100,275 to 100,206 during the week.

Total average daily allowable for the seven-day period was 1,437,830 barrels, an increase of 217 barrels over the previous week.

Oil well completions this week totaled 47 to bring the year's total to 2,496. Regular drilling applications numbered 75 with 18 dry wells plugged and no wildcats drilled. Sixty 37 applications were filed and 13 granted.

JAPS IDENTIFY ENEMIES

BERLIN (From German Broadcasts) (AP)—The Japanese Army and Navy commands at Shanghai have decreed all subjects of nations at war with Japan or which have severed diplomatic relations with Japan must wear a red arm band beginning Oct. 1.

Nation Must Utilize All Its Manpower

KANSAS CITY (AP)—American Legionnaires were warned Saturday by high ranking war leaders that the nation must utilize all its manpower to win over the Axis and if voluntary methods failed a system of compulsory service may come.

From silver-haired Paul McNutt, Director of the War Manpower Commission, came a broad hint at the opening session of the Legion's national convention that some sort of industrial conscription might come.

"America," he said speaking in a quiet voice, "is faced today with the urgent need to produce. Every worker, every man hour of every worker's energy, must be applied at that point which will help the war effort most."

"We are now seeking to obtain such ends as these by voluntary means. We are in this war to win and if that means discipline, we, the people, are ready."

Only a few minutes earlier Navy Secretary Knox told the veterans there must be strong unity on the home front to win and Undersecretary of War Robert P. Patterson said, "The time will come when we shall have broad national service legislation under which men and women may be assigned to industrial jobs."

Louis A. Johnson, former Assistant Secretary of War, and William P. Witherow, president of the National Association of Manufacturers, spoke of what might come after the war.

It was a convention dedicated entirely to major war problems. The Legionnaires pledged all of their time to seeing what can be done about speeding up prosecution of the war.

The color of yesteryears was forgotten and so were the parade and all of the fun-making that has characterized other Legion conventions. Only 15,000 came in sharp contrast to other years when as many as 100,000 attended.

More Signs In West Of Preparations For Opening Second Front

By FRED VANDERSCHMIDT
Associated Press War Editor
Stalingrad still stood Saturday night as an integral unit of ferocious Soviet defense after a 26-day battle of unceasing and destructive movement.

On the West of Europe there were multiplying signs that the Western Allies, in their careful plans for a second front, were neglecting no moment of the days of grace which are offered by the prolonged and valiant Russian stand on the Volga.

Unusual revealing dispatches from Moscow told a thrilling story of Stalingrad's unbending resistance to every trick in the German war kit.

In the 12-hour period preceding issuance of the midnight communique of the Soviet information bureau, the Russians acknowledged no important German gain whatsoever—either in the constant fighting through the outlying avenues and well-built houses of Stalingrad, or in the important struggle for a height which commands the heart of the city, controls important military crossings, and dominates the cliffs overlooking the Volga.

Strong Relief Attacks
Indeed, the Germans admitted that Russians from the north, probably some of the fresh and eager Siberian recruits which have come into the Stalingrad battle, had delivered strong relief attacks on a German position which was established in order to cut off the flow of supplies to the city.

Military history probably can relate no comparable conflict in which armies of such size—probably 1,000,000 men altogether—have been engaged for so long in a constantly mobile operation of attack and counter-attack on so small a terrain.

Stalingrad's wide, straight streets, its modern brick houses and factories and its strategic hills lend themselves superbly to such operations, and to such a defense as the Russians have perfected.

Suicide Grenader
Among the day's news from this scene of constant flame, explosion and pandemonium were these battle incidents:
A 5-hour battle for a vital height in which German tanks and tommy-guns, said by the Russians to have been disguised with Soviet uniforms and insignia, first gained positions on the slopes and then were driven out by resolute Red Army men.

In one short block in the streets leading to Central Stalingrad, 400 (Continued on page six)

GESTAPO EXECUTES GERMAN WHO CAN'T TAKE BOMBINGS

The German Gestapo extended its new series of executions in the German homeland to take in another one of the towns recently hard hit by RAF night raids. Seven Germans were executed in Frankfurt-Am-Main in high treason; previously 16 had been killed at Karlsruhe, one of the cities which has felt the weight of the new 4-ton British bombs. The conclusion was inescapable that morale has deteriorated sharply after the more recent raids.

Reservists Will Leave Here Tuesday Morning

Enlisted reservists, who are to return to El Paso, will leave Midland Tuesday morning. All are notified to meet in the draft board office, third floor of the courthouse, at 8 o'clock Tuesday morning.

The reservists will note that there has been a change in the hour, as the call was originally made for 7 a. m.

Ryans Close Hospital After Sixteen Years Of Happy Service In Midland

They stopped on a high hill, late in the afternoon, just east of Big Spring and looked out over the promised land... West Texas. They decided they liked the air, the view, the prospect ahead. So, they drove on into Midland.

They were a young doctor and his bride. He just out of his year of internship; she just completing three years as a student nurse. They were looking for a place to make their home... and to practice medicine. And, they stopped in Midland. In fact, stopped in style (for a day or two) eating a bowl of chili and living in a good room at the old Liano... until that \$12 cash with which they had arrived was whittled down!

Arrived Here In 1926
Yes, it was on July 1, 1926, that Dr. and Mrs. Wm. E. Ryan drove their car (on which there had been made a small down payment) up Wall Street to the old Liano corner... and unloaded all of their worldly goods, consisting, mostly, of some good books.

Then the fun began... good (Continued on Page 6)

Crisis In India

The monsoon season is ending in India. Japanese armies, poised on the border, are ready to spring into action. They count upon the anti-British disturbances, which are worse than censorship has told us, to expedite their conquest of that rich land.

To the Japanese, anxious to bring all of the East under their rule, India would be a prize hardly second to China. Many of us do not realize that, in addition to the natural resources of which we know, India has become the eighth industrial country of the world.

To the United Nations, already under terrific handicaps in our attempt to preserve democracy, the loss of India would be another awful blow.

Unless some settlement of the British-Indian controversy is worked out soon—if, indeed, it is not already too late—the task of saving India will be well nigh impossible.

On principle, Americans sympathize with the Indians and feel that they are entitled to their freedom. If India falls, because that freedom has not been granted, there will be an eruption of violent criticism of the British.

Before that happens, if it must, let us have in mind certain facts which, while they do not excuse British pre-war errors, are very pertinent now.

Most important is this: Whatever was true before the war, Great Britain can not turn India loose now.

India is not a nation, as we think of nations, nor are Indians a race. There is no unanimity on any single matter.

There are 562 Indian states, the largest with 16 million citizens. There are 24 languages, each spoken by as many as a million Indians.

Two Indians out of three are Hindus. One out of four is a Moslem. The two hate each other with an all-consuming hatred. While the Hindus greatly outnumber the Moslems, the latter are better fighters, and could prolong civil war for years.

The Hindus insist upon freedom of India as an entity. They would rule the Moslems by force of numbers. The Moslems insist upon a separate state, and will fight for it.

There is no way in which Britain now can turn India loose without provoking a war between these two major factions.

Presumably Washington has been exploring every possibility to find some compromise which would induce the Indians to defer settlement of this problem until after Japan has been beaten.

If such efforts fail, let's not be too hard on the British.

Ingots And Shapes

The layman is in danger of becoming confused, in all the discussion about steel output, if he ignores the big difference between ingot tonnage and the weight of finished plates, sheets, bars, pipe, wire, rails and other forms.

Here is the situation, in brief. The national capacity now is approaching 92 million tons a year. At the end of 1941 it was 88 million tons. That is the capacity to make ingots—steel in its crude form.

Presently we are turning out seven million tons a month. These seven million tons of ingots make only about five million tons of shapes. But we need nine million tons of shapes. So, with the world's greatest steel capacity, we are producing little more than half as much steel as we should have.

The steel industry privately questions this interpretation. It believes that if steel were more efficiently distributed, there would be little or no shortage.

That may be. But if, with the distribution we achieve, we lack the steel we need, then there is a steel shortage for all practical purposes.

Anxious Relatives

The parents, wives, brothers and sisters of Americans who were in the Philippines have been besieging every possible source for information whether they still are alive and, if so, where they are and what is their condition.

To these questions there is no answer, because the Japanese have not provided those lists of prisoners-of-war which humane peoples compile and transmit, through the Red Cross, as speedily and accurately as war conditions will permit.

This negligence or deliberate restraint emphasizes one difference between Japanese and Occidentals. We wage war to accomplish a purpose, good or bad, and regret the human suffering that becomes inevitable, and try to limit that suffering as much as possible. The Japanese wage a war of extermination. To them human suffering is not worthy of consideration, unless from it they obtain sadistic pleasure.

Apology For Politics

A New Jersey newspaper apologized editorially for inflicting local politics upon its readers in time of war, but pointed out that as the county forum the paper felt that it had a duty to democracy to keep its readers informed.

That is correct, sad as it seems. If there was a real issue of good government involved, then the citizens needed information in order that they might keep democracy functioning and keep it worth saving. If, as the newspaper believed, the battle was solely for political patronage and pelf, then it was the editor's duty to let his readers know the caliber of men those politicians were.

On The Home Front

War Helps Farmers And Townsfolk Get Better Acquainted

BOISE, Idaho, (AP)—The war, believes Idaho Agriculture Commissioner James B. Newport, "has just about removed the yawning gulf that always heretofore separated farmers and townsfolk."

That has resulted, Newport said in an interview, from the action of business men in supplying the farmer with much-needed labor to harvest his crops.

"The mere fact that city people have been willing to go into the fields this year to help, has given the farmer's morale a boost that has proved almost as valuable as the actual harvest work they have done," he explained.

THE IRONY OF WAR

BEND, Ore. (AP)—Sentimental regrets turned to pique just before that old captured German cannon, which has been mounted here these 20 years, left for the scrap pile. Someone scraped away some of the paint and discovered the weapon had been made in Derby, Conn., in 1902.

THIS CAT CHANGED THINGS

DENVER, Col. (AP)—You've heard of having a cat up the tree, Smoky, a Persian owned by Helen Rees, reversed the process. When Smoky refused to leave the base of tree for several days, Miss Rees investigated. Marooned in the branches was an unhappy porcupine.

WHISTLE WHILE YOU WORK

Albuquerque, N. M. (AP)—Complaints poured in to police that persistent whistling during early morning hours was disturbing sleep. Investigators found a cop directing traffic while a painting crew touched up street markings.

Twelfth longest river in the world is the Amur, with a length of 2,500 miles.

HERE IS A NEW TWIST ON POLITICAL CAMPAIGNING

SEATTLE, Wash. (AP)—Harold Stewart, Republican nominee for Congress, tried a new electioneering angle.

Listed in his \$483 outlay for campaign expenditures was a \$67 item for taking boys and girls to the berry fields to relieve a labor shortage.

Stewart won without making a single speech.

NIGHT SHOPPING BRINGS UNEXPECTED SALES RUSH

SAN FRANCISCO, (AP)—A downtown department store consented to experiment with night shopping hours.

The results were unexpected, to say the least.

First, special police were called out to keep order.

Fifteen minutes later, the women's hosiery department reported it had sold out the entire line featured in the sale.

ARMY EXPANDS FAST. HAS FOUR MILLION MEN

WASHINGTON (AP)—Disclosure that the Army alone had expanded to 4,000,000 men was made Saturday by Major General James A. Ulio, the adjutant general, in a report on methods used for assignments of soldiers.

President Roosevelt had said 4,000,000 were under arms, but did not explain whether the figure included the Navy and other armed services.

SHE WANTED TO GET AN EARLY START IN SCHOOL

GREENWOOD, S. C. (AP)—Patsy Young put pencils and some gingerbread in her Mother Goose book and walked two blocks to school. Later in the morning Mrs. Young found Patsy in a classroom and persuaded her to return home. Patsy is just three.

More than 900 languages are in use on the continent of Asia, according to estimates.

The United States expends \$600,000,000 annually for health services.

Purple Heart Award For All Killed Or Wounded In Action

WASHINGTON (AP)—The Purple Heart, oldest American military decoration, is to be awarded to all Army personnel killed or wounded by enemy action, the War Department announced Saturday.

The award will be made posthumously to relatives of military or civilian personnel who meet death while serving in any capacity with the army.

RUBBER CONSERVATION DICTATED BY NECESSITY

OMAHA, (AP)—Measures taken to conserve rubber will be dictated by necessity and not to appease one group or area, or to hurt another, Rubber Administrator William M. Jeffers emphasized Saturday in a brief talk to 1,500 Omahans who welcomed him home at the airport here.

"Military needs must come first, essential driving will be second, then the rest of us will have to get along with what's left," Jeffers stressed.

FORGE RETIREMENT TO TRAIN AIR CORPS MEN

KANSAS CITY, (AP)—Retirement was sweet, admits H. D. Bartlett, 65, former machinist—but his conscience wouldn't let him enjoy it.

So back to work he went, after five years of pleasant inactivity, to help make skilled machinists of air corps recruits.

His salary is \$185 a month—in war bonds.

LEGION COMMANDER URGES LOWERING DRAFT AGE

KANSAS CITY, (AP)—American Legion National Commander Lynd W. Stambaugh of Fargo, N. D., in his annual report Saturday said that "we should make a clear recommendation to Congress" to lower the draft age to 18.

CHAMPION PIG RAISER'S FORMULA SURE WORKS

CHICAGO, (AP)—Richard Johnson, 18, who was named champion hog raiser at the junior market hog show and sale, says his formula for raising prize pigs is no secret. It is: "Give 'em all they can eat."

transferred to the United States Air Forces and returned to America as an instructor.

Brigadier General I. Davies, commander of the Midland Army Flying School, will award commissions, and Lt. Colonel J. K. Brown, Jr., director of training, will present to each graduate the wings of the Bombardier.

The oath of office will be administered to the new officers by Lieutenant Carl W. Allen, secretary of the training department. Chaplain Theodore Schoech will pronounce the invocation and the benediction.

ABILENE MAN KILLED IN CALIFORNIA CRASH

SAN BERNARDINO, Calif. (AP)—Lt. Ailo L. Baker of Abilene and Pvt. Howard B. Garlich of American Park, Utah, were killed Saturday in the crash of their Army training plane at Wrightwood, 20 miles from their Victorville base, while on a routine flight.

Centralize Control In War Production

WASHINGTON (AP)—Production Chief Donald M. Nelson, in another move to centralize control over war production in his own hands, Saturday drafted the chairman of the Army-Navy Munitions Board as one of his key assistants.

Following his selection of Charles E. Wilson, President of General Electric, as WPB's top production man, with authority over high Army and Navy officers, Nelson announced Ferdinand Eberstadt would leave the Munitions Board and join WPB Monday as vice chairman in charge of programs and scheduling.

Simultaneously, Nelson transferred James S. Knowlson, his longtime friend, from the duties Eberstadt will assume and announced that Knowlson would devote his full time to the "general task of integrating the American and British production and supply programs."

ONLY FIVE INCHES OF WATER TO BATHE IN

LONDON, (AP)—King George, the Royal family and everybody else at Buckingham Palace and Windsor Castle will bathe in no more than five inches of water from now on.

It is a part of Britain's fuel conservation plan in which the King is taking a leading part.

DUTCH MUST COOPERATE

LONDON, (AP)—Dutch industries and farmers were told Saturday night they must cooperate with the Nazis in the plan to colonize and develop Germany's conquests in Eastern Europe. Aneta, the Netherlands news agency reported.

Lewis Leads Brownfield Attack To Score 13-0 Win Over Midland Bulldogs In Grid Season Opener

A concerted drive of 83 yards and a 68-yard return of a punt, both by Deverelle Lewis, backfield captain, gave the Brownfield Cubs a 13 to 0 decision over the Midland Bulldogs Friday night on a wet gridiron.

Brownfield's game was built around Lewis' running and he lived up to his reputation of being a classy ball carrier. In fact, the Bulldogs had Lewis bottled up several times, but he kept driving with three or four Bulldogs hanging on.

Coach John Best's men opened the scoring in the second period from their 7-yard line and in 11 plays, sparked by the hard-running Lewis in seven of those plays, pushed across to pay dirt.

Brownfield's second marker of the game came after a 43-yard punt by Charles Kelly of the Midland Bulldogs to the Brownfield 32-yard line. Lewis again tucked the ball in and bested the field in a 68-yard sprint for the second Brownfield touchdown. Harold Dalton's kick from placement was good for the extra point.

Cubs Outrushed Bulldogs
Based on statistics, both teams were comparatively even in play. First downs were even with both teams garnering six. However, Brownfield out rushed the Bulldogs, 149 yards from scrimmage to Midland's 120. In total yards lost from scrimmage, Midland lost 66 and Brownfield 27.

Both Brownfield and Midland's offenses showed flashes of power and then bogged down in pay-off territory. Brownfield depended largely on a hard-running game to take advantage of Lewis' talents. Midland's attack was more diversified and mixed up spinners off tackle with end plays and a short passing attack.

Strong Kicking Duel
Midland won the toss and elected to receive. Ivan Hall took the opening kickoff on his own 12-yard line and returned to the 28. Hall, on an end sweep, carried the ball to the 43 for a first down. Here the attack bogged down and Kelley kicked to Brownfield's 10.

Brownfield and Midland were both unable to gain in two series of downs and resorted to a kicking duel.

At the start of the second quarter, Lewis and Murphy staged a 83-yard march from Brownfield's 17 for the first score. Midland recovered a Brownfield fumble on the Bulldogs' 38-yard line and with Kelly and Richards handling the ball, carried it to Brownfield's 35 before being forced to kick.

Midland kicked off to Brownfield at the start of the second half. Brownfield failed to gain in two plays and quick kicked to Hall of Midland who returned the ball 14 yards to the 24. Richards and Kelly made 11 yards in two plays for a first down. A line buck by Richards failed and both teams returned to a kicking battle as the wet field made footing underneath slippery. A light rain fell during the game.

Lewis Scores
Kelly had been spotting his punts outside the reach of the Lewis mob of the evening. However, Lewis grabbed a 43-yard punt in the third quarter and behind excellent blocking on the part of his teammates, ran 68 yards to score.

In the fourth period, Midland resorted to a quick passing attack which resulted in one 17-yard gain. Midland advanced into Brownfield territory twice more in the final period but incomplete passes stalled the attack.

Hall and Jimmy Watson were named co-captains for the Brownfield game.

Starting lineups: Brownfield Pos. Midland Stevenson End Watson Dalton T. Robinson Forbes C. McMillian Burnett G. Taylor Jones G. Roy Snodgrass T. Davidson Mason E. Lind Lewis E.H. Kelly Nelson R.H. Hall Greenfield F.B. Richards Murphy Q.B. Whitmire

SHREVEPORT SPORTS ARE BACK IN FINAL PLAYOFF
BEAUMONT, Tex. (AP)—The Shreveport Sports got back in the final round of the Texas League playoff Saturday afternoon by defeating the Exporters three to one. Beaumont now leads two games to one.

TEXAS U. LONGHORNS TRIM NAVAL AIR COMETS
AUSTIN, (AP)—The University of Texas overwhelmed the Comets of the Corpus Christi, Texas, Naval Air Station 40 to 0 at Memorial Stadium Saturday in a football season opener for benefit of Navy relief. Texas showed great speed and power, but looked weak in the air.

Slaughtering The Phils

Enos Slaughter of St. Louis pile-drives into home plate, knocking ball out of hands of Tom Livingston, Philadelphia catcher, to break up a 3-3 tie at Shibe Park. Cards wing on toward National League pennant by beating Phils, 6-3. Ken O'Dea is on alert in background.

Washington Senators Sweep Double-header
PHILADELPHIA (AP)—The Washington Senators swept both ends of a doubleheader with the Philadelphia Athletics Saturday, winning the second game 11 to 9 after taking the first game 8 to 3. The Senators pounded three Athletics' pitchers for 17 hits during the second game.

ROGERS HORNSBY SIGNED AS MANAGER CATS AGAIN
FORT WORTH, (AP)—Rogers Hornsby has been signed to a new one-year contract as business and field manager of the Fort Worth Cats, and the club is prepared to operate in the Texas League again next season, President Stanley A. Thompson said here Saturday.

GIANTS STOP STARS 10-7
SYRACUSE, N. Y. (AP)—Effectively bottling up high scoring John Kimbrough, the New York Giants walloped the Western Army All-Stars, 10-7, Saturday night in the soldiers' final game of their brief series for Army Emergency Relief against National football league clubs.

LUBBOCK DOWNS ODESSA
LUBBOCK (AP)—Lubbock's Westerners made one quick scoring thrust in the first three minutes of the game, and then spent the other 57 staving off Odessa rallies, to hand the Bronchos a 7-6 defeat on water-logged Tech field before 3,000 rained-out fans Friday night.

SWEETWATER WINS
SWEETWATER—Using second- and third string players generously through three quarters of the game, the Mustangs buried Mineral Wells' light Mountaineers under an avalanche of touchdowns, the score: Sweetwater 58, Mineral Wells 0.

PERSISTANCE WILL ALWAYS WIN WHAT YOU ARE AFTER
PHILADELPHIA (AP)—Jack Stewart, 21, has tried 16 times since Pearl Harbor to enlist in the Navy. On Dec. 3 he weighed 230. Yesterday he made 14—at 190. "I've been skating on the streets all night," he said, "and starving."

APPLE PICKING TIME
GETTYSBURG, Pa. (AP)—The president, faculty members and students of Gettysburg Lutheran Theological Seminary will don overalls Monday and help neighboring farmers harvest a bumper apple crop. Growers will pay them eight cents for every bushel picked.

Texas Steers And Georgia Bulldogs Show Great Stuff

NEW YORK (AP)—With flat-footed Frankie Sinkwich, who is as handy as a check from home, in the lineup the University of Georgia Bulldogs waited until the fourth period to score and defeat Kentucky, 7 to 6, in Saturday's top collegiate football game.

Kentucky counted following a Sinkwich fumble in the third period and the 10,000 spectators at Louisville thrilled to the possibility of the underdog Kentuckians polishing off the defending Southeastern Conference Orange Bowl champs.

That thrill, however, lasted only until Sinkwich Co., got underway in the final quarter.

Wisconsin, mystery team of the Big Ten, remained a mystery although winning from Camp Grant, Ill., 7 to 0, on a last period touchdown; George McAfee, once of Duke and the Chicago Bears, guided his Jacksonville, Fla., Air Station mates to a 20 to 7 verdict over Florida.

The University of Iowa counted in every period but was unimpressive in downing Washington of St. Louis, 26 to 7; North Carolina State and Davidson played a scoreless Southern Conference tie and Clemson gained experience in subduing Presbyterian, 32-13.

Texas Outstanding
Two teams, however, gave outstanding displays of power. Licat, Col. Bernie Bierman's Iowa Seawalkers, over whose "greenness" the former Minnesota mentor has been weeping for weeks, crushed Kansas, 61 to 0, with a 32-point scoring

Weatherman Gives Pennant Pursuing Cardinals A Rest

CHICAGO (AP)—The pennant-pursuing St. Louis Cardinals had another day of rest Saturday—a rest they really needed—when weather forced postponement of the first game of their all-important series with the Chicago Cubs.

As a result, a doubleheader will be played Sunday, starting at 1 p.m. (CWT). Manager Billy Southworth of the Cardinals stuck to his original schedule of using his ace right-hander, Morton Cooper, the 20-game winner, with Max Lanier his choice for the second game.

The Cubs will send Lon Warneke, the 'ol Arkansas hummingbird, to the mound for the first game and Claude Passeau for the second. Warneke, former Cardinal, requested the pitching assignment in hope of upsetting the Cardinals, just as he did the Brooklyn Dodgers to start the Bums in their tailspin out of the National League lead 10 days ago.

BIG SPRING TAKES TAHOKA
BIG SPRING—Showing burst of power on the ground, the Big Spring Steers overwhelmed the Tahoka Bulldogs, 18-0 here Friday night.

Missouri also gave a good accounting of itself and indicated it was ready for the defense of its Big Six championship by trimming Fort Riley, Kas., 31 to 0. In a completely all-college encounter, Xavier spilled Butler, 21 to 14.

Walters Pitches Reds To 4-3 Win Over Pittsburgh

PITTSBURGH (AP)—Bucky Walters pitched Cincinnati to its second straight victory over the Pittsburgh Pirates, 4-3, Saturday although he was touched for ten hits, two more than Pittsburgh's rookie Bill Brandt allowed the Reds.

The score R H E Cincinnati 100 200 010-4 8 2 Pittsburgh 002 000 001-3 10 1 Walters and West; Brandt and Phelps.

Mel Ott Hits Homer As Giants Beat Braves 7-6
BOSTON (AP)—Mel Ott hit his 28th home run of the season with the bases loaded in the seventh inning Saturday to furnish the New York Giants with enough margin to nose out the Boston Braves 7 to 6.

The score R H E New York 010 001 500-7 9 0 Boston 000 000 030-6 9 2 McGee, Adams, Hubbell and Danning; Tost, Sain, Earley, Lamanna, Johnson and Lombardi.

Dodgers Squeeze Back Into Winning Column

BROOKLYN (AP)—The Dodgers showed faint stirrings of life Saturday but only faint—as four walks in the 11th inning enabled them to defeat the Phils 5 to 4 and climb within two and one-half games of the idle St. Louis Cardinals in the National League.

Seldom have the Phils looked more futile than in the closing stages of the fray. After passing up repeated opportunities to win, they tossed the game away when the veteran St. Johnson issued three straight passes after two were down in the 11th.

The score R H E Philadelphia 120 010 000-4 14 0 Brooklyn 130 000 001-5 7 1 Melton, Nahem, Johnson and Livingston; Davis, Casey and Owen.

LAMESA BEATS SNYDER
LAMESA—Lamesa's Golden Tornados of District 3-AA had a full night handling the Class A Snyder Tigers in the second football game of the season here. The Tornados won, 6-0 on a 60-yard first period drive.

CHOOSE THE NAVY PICK YOUR JOB

Here's your chance to qualify for the job where you can do the most for your country—and for yourself

EVERY true American wants to fight for his country. Every red-blooded American can fight for his country. But to do a real fighting man's job, the kind of job that will win this war, your Navy needs men—trained men—men who can hold responsible posts.

Free—training worth \$1500

If you qualify for one of these schools, you will get free training worth \$1500 or more in the first year alone. Training in your chosen trade, working with the world's finest equipment. Training

RATINGS YOU MAY WIN

Rating badges, consisting of eagle, chevrons and specialty mark, are worn on the sleeve between the shoulder and elbow. Your specialty mark indicates your job. Number of chevrons indicates your grade.

LOOK WHAT THE NAVY OFFERS YOU
1. A chance to serve your country.
2. Clean, healthy life.
3. Good food—and plenty of it.
4. Good pay—up to \$138 a month.
5. Free clothing—\$133 worth.
6. Free medical and dental care.
7. Travel...adventure...thrills.
8. Opportunity to be an Officer.
9. Training in nearly 60 trades.
10. Future success in civil life.

That will fit you to do a better fighting job now... fit you to land a better peacetime job after the war is won. This new book also tells you the pay you will get. How you get your first promotion—and an increase in pay—after approximately 2 months, upon completion of recruit training. How you can advance up to \$138 a month by the end of your first enlistment. How you can get extra pay for special duties—up to 50% above your regular base pay. And it describes the new allowances for men with dependents.

Finally, it lists all the requirements... the physical examination you will take... the papers you will need when you apply for enlistment.

Now, in one handy book, you can find all the information you need to help you decide exactly how you want to serve your country and where you can best fit in to make your service count the most.

If you want to fight for American

freedom, if you want to join the thousands of red-blooded men who are doing big things for their country and for themselves, don't wait. Ask for "What Kind of Job Can I Get in the Navy?" today.

Your copy is waiting for you right now at the nearest Navy Recruiting Station. Call, write or phone for it. There's no obligation. But don't delay! Remember—there's no time to lose if you want to choose.

Men in aviation get real action!

McKENNEY ON BRIDGE

By William E. McKenney
America's Card Authority

The word amateur, in connection with bridge, is really a misnomer. All bridge players are amateurs. However, the American Contract Bridge League has a rating system by which Master Points are awarded.

♠ Q J 5	♥ 9 7 4
♦ K Q J 10 7	♠ A 9 8 6
♣ 10 2	♥ K 7
♠ K 7 4	♦ A 10 8 2

ed to the winners and runners-up of various tournaments. A player having ten Master Points or more is called a Master and is not eligible to participate in the amateur events.

Mrs. Clementine Van Slochem demonstrates in today's hand that it takes expert bridge to win the amateur title. Holding the South hand, she played low from dummy on the opening lead and won the trick with the ace. Although she could have won with the jack in dummy, she wanted to save both honors there for a sure re-entry to the hearts.

The next move was to lead hearts and force out the ace. East could do no better than continue spades. West won and tried to desperate shift to the queen of clubs, but the king forced the ace and South's jack won the next round. As the diamond king was picked up, the defense won no more tricks.

Eighth Service Command Move To Dallas Verified

SAN ANTONIO. (AP) — Maj. Gen. Richard Donovan, Commander of the Eighth Service Command, has been informed by Lt. Gen. Brehon Somerville, Chief of the Services of Supply, War Department, that the order transferring headquarters of the command from San Antonio to Dallas will stand.

Gen. Donovan also was informed the Southwestern Division Engineer's Office, ordered some months ago to move from Dallas to San Antonio, will remain in Dallas.

The game of basketball was invented in 1891 by James Naismith, an instructor at the YMCA College at Springfield, Mass.

For Large Sizes

8262
36-52

Your weight is scarcely noticed while your friends exclaim "what a smart dress" when you wear this trim, young, shirtwaist frock. We have simplified it for home sewing. The yokes keep the shoulder line firm, below them are the gathers which permit full freedom through the bodice.

Pattern No. 8262 is in sizes 36, 38, 40, 42, 44, 46, 48, 50 and 52. Size 38, short sleeves, takes 4 1/4 yards 38-inch material.

For this attractive pattern, send 15c in coin, your name, address, pattern number and size to The Reporter-Telegram Today's Pattern Service, 211 W Wacker Drive, Chicago.

Study the Fashion Book for home sewing inspiration. Styles in it are for children and adults, sizes 1 to 52. Order your copy today, 15c. A catalogue may be ordered with a 15c pattern for 25c plus 1c for postage.

Legion Will Fight Neglect Of Child

KANSAS CITY. (AP) — The American Legion has opened a new front—a campaign against child neglect in time of war.

Its child welfare commission is ready to tell the organization's national convention, opening Saturday, that the mistake of forgetting the child in the last war must not be repeated.

The commission's report shows a distressing picture of physical and mental defects among youths called to the colors, particularly those who were between the ages of 7 and 12 in the first World War. The Selective Service records, L. A. Williams of Seattle, chairman of the commission, said, show that of the first 2,000,000 men called to arms more than 900,000 were rejected. He added that the rate of rejections for men between the ages of 31 and 36 was nearly twice as great as those between 21 and 25.

Stimson Reports On Army Health Record

WASHINGTON. (AP) — Secretary Stimson has reported that the health of the Army in this country was better than ever before during war time, with fewer men admitted to hospitals or confined to quarters than last year.

"During 1941 and thus far in 1942, the death rate has been the lowest in Army history, excluding overseas and battle casualties," the War Secretary told a press conference. "This experience is more remarkable considering the rapid expansion of the Army."

Veneral disease is less than during the World War, with the syphilis rate the lowest in Army history.

More than half of the deaths of personnel in this country resulted from such causes as traffic accidents.

The diamond is the hardest and most imperishable of minerals.

Cactus Purchased By Wallace, Well Known Cafe Chef

The Cactus Cafe has been purchased by J. H. Wallace, one of Texas' best known chefs, and he and Mrs. Wallace will operate the business.

Wallace for seven years was chef of the Blackstone Cafe at Kilgore, one of the state's best known establishments, and then was for three years a partner and chef of the Masters Cafe of Odessa. Mrs. Wallace has been associated with him through these years as greeter, cashier, and general assistant.

The Wallaces moved to Midland last week and their son, Donald, has enrolled in the high school. Their other children are in college. "We are believers in just good foods, especially good steaks, good seafoods and fine pastry," said Wallace, "and coffee is our around-the-clock specialty."

Added Vaudeville Feature

Captain "Fuzz" Plunkett and his trained seals are an added vaudeville feature with the Harley Sadler Show.

Parity Prices-

(Continued from Page 1)

by the Oct. 1 deadline set by the President.

Parity Feature In Draft
Extended debate may result in the Senate from another Bankhead proposal, accepted by the Banking Committee, establishing a floor of 90 per cent of parity under important farm commodities through government loans. The present loan rate is 85 per cent. Senator Taft (R-Ohio) declared the amendment was counter to the general aim of the bill and would force prices upward. Senator Danaher (R-Conn.) estimated it would raise the cost of food by about \$65,000,000 a year.

Other Senators indicated they would insist on a more specific directive to the President concerning wage levels. They talked of attempting to restore an amendment rejected by the committee which would establish as a guide the "little steel" wage formula which provided for increases of not more than 15 per cent over the Jan. 1, 1941, level to match higher living costs. The bill directs the President to issue executive orders by Nov. 1 stabilizing wages and farm prices at Sept. 15 levels, as far as practicable.

Naval Unit-

(Continued from page one)

in this area. Since their ships apparently lacked aircraft protection, they may have been maneuvering to join with a force of aircraft carriers and possibly transports for an early onslaught against the American Solomon or they may have been making a reconnaissance in force.

Few Small Skirmishes

As for land fighting on Guadalcanal, where the primary enemy objective is recapture of the airfield, the Navy said it had lured since Sunday night, being confined to minor patrol activity, sniping and "occasional skirmishes between small enemy units and U. S. Marines."

"Supplies and reinforcements have reached our forces," the communiqué said.

The U. S. Department of Agriculture planted 75,000,000 trees in the country during the spring of 1941.

Congratulations to:

Mr. and Mrs. Ernest Neill on the birth of a daughter in a Midland hospital Thursday. The baby has been named Iris Lynn.

MIDLAND HARDWARE & FURNITURE CO. welcome these new arrivals and requests their parents to call by our store, and receive a welcome gift for them. (Adv.)

Ryans Close-

(Continued From Page 1)

friendly folks trying to get acquainted, and with a long time between patients . . . and it took a lot of crackers and milk to make that daily bowl of chili a balanced diet! But the coffee shop owner had "kinda took a shine" to those folks and he proposed one day that they should buy a meal ticket . . . and pay him later. And, he had some ready takers! (And it was that same afternoon that a banker stopped the young doctor and invited him to place his account!)
Things Start Happening
Two things happened, however, in quick succession. The ill fortune of others became the opportunities of the young people, and two most difficult and urgent cases were brought to them within a few days of one another . . . and both cases were successfully carried through. Friends became numerous, and soon the earnest young couple were as busy as they could be.

But being busy was nothing new to either, for both are children of preachers and had never seen a surplus of money, so were thrifty and hard working. Both had largely worked their ways through school and college, and once they had completed were ready to take up their chosen work and keep on being busy. So that was their program when they hit town . . . and a few weeks later that young medic marched into that banker and opened an account . . . and he has that bankbook today, showing a good solid \$20 balance for a day or two!

Give Friends All Credit

"Friends have done everything for us," they say. And the doctor recalls that a friend at a railroad shop in Dallas gave him a job in the roundhouse on late afternoon and Saturday, and all summer long during four years of high school. And, that same friend and the Dallas Rotary Club saw him through Baylor Medical College and the year as an interne. He has since tried to help someone as that friend did, and he has been a most enthusiastic leader in Rotary work because he believes the organization has done a great work. He "hopes" he can "live long enough" to help someone else or others even as he was assisted in reaching his goal in studying medicine.

Hospital Her Idea

So the enthusiastic young couple found plenty to do in Midland, and in 1930 built the first unit of Ryan Hospital Clinic, to which additions have been made to its present size. "It was all Mrs. Ryan's idea," he declares. "She drew every plan, and she knew how to build it, and she did. She thought of everything, and this fine plant is all hers." And, all the time she was helping him with his work; she was his first office nurse. In fact, it was her idea that they should come West, for she wanted more freedom than could be offered by settling down in a city to practice, as they could have done in Dallas. So, West they came. They are leaving Midland. They expect to return when the war is

New Pool-

(Continued from page one)

total depth. Oil is 31.5-gravity and gas-oil ratio 1.308.

Magnolia Petroleum Company No. 15-C Mallet Land & Cattle Company, also in the slaughter field, rated daily potential on pump of 219.24 barrels of 30.5-gravity crude, plus .56 per cent water. It topped pay at 5,010 feet and drilled to 5,055 feet in lime, where it was acidized with 4,500 gallons.

Crane County

Magnolia No. 1 Nellie M. Tucker, direct 1,320-foot northeast offset to the same firm's No. 1 D. K. Glenn, Simpson pool opener in Southwestern Crane, is preparing to drill plus from 13 3/8-inch surface pipe cemented at 217 feet. Total depth is 460 feet in red beds.
A short southeast extension test in the South Sand Hills Ellenburger pool of Western Crane, Atlantic No. 1 Margaret L. Barnsley, is rigging up rotary.

Skelly Oil Company No. 1 E. R. Richardson, Ordovician project in Southeastern Crane, remains shut down at 5,064 feet in lime. Engines have been trucked to Odessa for overhauling.

Gaines County

Shell Oil Company, Inc., No. 1 D. N. Leaverton, scheduled 7,500-foot four and one-half miles southwest of the Wasson field in the northwestern part of the county, is drilling below 4,930 feet in lime.

Texaco No. 1 Robertson, showing for the opener of a deep Permian (Holt pay) pool in Southern Gaines, then blew up the tank with a well-aimed explosive before he died.
Nazis Save Manpower
Through all this the dark shapes of German dive bombers loitered constantly over the city, leisurely dropping tons of bombs. And in the outskirts the main German masses were regrouping for attack in great strength.

That this will be an operation of extreme caution was evident from the Germans' own admissions that they were now guided by the principle of saving manpower. According to Soviet propaganda office figures, which in the circumstances must be accepted with reserve, the Germans have lost 1,300,000 in dead alone in Southern Russia.

Again, Saturday, news of the "second front" which Russia so urgently requires was buried deeper than ever in the requirements of military censorship.

over and his duty with the Army is complete. Here where their three children were born and reared; here where their friends reside, they hope to "settle down" again, "out West, where we belong and have been so happy."

They have closed their hospital and have gone their way for the duration of the war. He is a major in the Medical Corps; she plans to be with him so long as his duties are where she may be with him. Their three children already are gone to school; William Jr. back to Culver Military Academy, little Miss Quincey Belle to St. Mary's Hall in San Antonio, and young Charles Stewart to Moye Military Academy at Castroville.

And, all leave hoping that before many months they shall stop on that high hill east of town and get out and enjoy the prospect and breathe the fine air . . . and come on back to Midland . . . and home.

SERIES DUCATS SOLD OUT — The St. Louis Cardinals' office announced Saturday night a complete sellout of reserved seats for the World Series.

More Signs-

(Continued from page one)

corpses in field grey were found in the neat front yards of the workers' dwellings, after a day of sea-saw battle.

A Soviet grenadier who lay in a ditch until the caterpillar treads of a German tank were above him, then blew up the tank with a well-aimed explosive before he died.

Miss Ruth Bevill And Cadet Walker Are Wed Here In Church Ceremony

Miss Ruth Odette Bevill became the bride of Cadet Robert Luther Walker Saturday afternoon at 5 o'clock at the First Baptist Church of Midland, with the Rev. Vernon Yearby reading the vows. Miss Bevill is the daughter of Mrs. O. L. Bevill, 100 South I Street. Cadet Walker is th son of Mr. and Mrs. J. T. Walker of Midland.

Mrs. Hobby Will Address Women's Clubs Convention

AUSTIN.—Two War Service Forums, one to be directed by Mrs. Oveta Culp Hobby, director of the WAACS, and the other to be led by Mrs. John L. Whitehurst, president of the General Federation of Women's Clubs, will feature the convention here of the Texas Federation of Women's Clubs November 10-12.

Due to war restrictions, the convention will be greatly "streamlined" and geared entirely to the TFWC war-work program, election of officers, and routine business necessary to the function of the 70,000-member organization, according to Mrs. J. W. Walker, president, who made the official convention announcement.

"The shortened time of the convention session does not mean there will be any lack of interest in the convention program proper," Mrs. Walker said. "It simply means there will be fewer formalities and more serious business accomplished."

For the first time in several years there will be no contested offices this year in the Texas Federation. Candidates are Miss Ethel Foster, Sterling City, president; Mrs. Florence Johnson Scott, Rio Grande City, first vice-president; Mrs. J. C. Cunningham, Fort Stockton, second vice-president; Mrs. Ira D. Sykes, Houston, secretary; and Mrs. Theron J. Fouts, Denton, treasurer.

County Health Problems Discussed At Meeting

The executive board of the Midland County Health Council met Friday to discuss the immediate public health problems in the county.

The council appointed Mrs. J. M. Hills to contact all PTAs of the city and to urge them to recommend to the school board that a certificate of immunization be required of all children entering Midland schools.

Members present included: Mmes. D. A. Jordan, chairman of the health council, Hills L. C. Thomas and Addison Young.

Graduate Of Waco High

Miss Bevill is a graduate of Waco High School and attended Central City Commercial College at Waco. She has been a resident of Midland for two years, and is active in social and civic affairs. She is employed at the Union Oil Company.

Cadet Walker, who is stationed at MAFS, has been a resident of Midland for many years, having graduated from Midland High School where he was active in school affairs. He attended North Texas Agricultural College and the University of Texas.

Following the wedding ceremony the couple left for a short honeymoon trip.

MAFS Officers Have Frontier Night Party

A Frontier Night party was held at the Officers Mess at MAFS Saturday night with Lieut. Dan Hudson in charge.

The party was in 1849 manner with sawdust scattered on the floor, and typical signs decorating the place.

Officers' wives came dressed in 1849 style costumes.

Six-shooters were checked at the gate.

Civic Music Club To Have Initial Meeting Of Year

The Civic Music Club will have an open meeting at 8 o'clock Tuesday night at the North Ward School.

Mrs. Lee Cornelius, president of the club, announced.

The entire program for the year has been made out by the chairmanship of Mrs. Frank Miller. Personalities in music will be the study for the year.

Country Club Members Have Social Affair

A dinner and bingo party was held Friday evening at the Country Club for all club members. About fifty members were present.

Social Is Held For Primary Department

A social for the primary department of the Calvary Baptist Church, sponsored by Mrs. R. C. Frazier of the department, was held Friday afternoon on the church lawn.

BABY BORN TO SKIPPERS

Mr. and Mrs. H. E. Skipper have been informed of the birth of a granddaughter, Molly Frances, in a Dallas hospital. The parents are Mr. and Mrs. Roy B. Skipper.

NEW JEWELER HERE

Roben J. Fulton, jeweler in Goldthwaite, has accepted a position as jeweler with Inman's Jewelry here. He will begin duties Monday.

WOOLY-LIKE winter cottons, important fall-winter 1942 fashion trend, make the warm-looking clothes pictured here, and these five garments are apt candidates for any campus or weekend wardrobe. The well made, slim slacks suit, shown at left, is composed of cotton clan plaid trousers, cotton covert jacket lined with the same plaid, covert waistcoat. All are good companions to either of the two pieces which form the second costume, shown at right. Tailored shirt, and slim culottes which look like a skirt.

Escondida Club Meets At Harry Adams Home

The Escondida Club met at the home of Mrs. Harry Adams, 606 North Marientfield, Friday afternoon for its regular meeting.

Mrs. D. H. Griffith won high score with Mrs. S. S. Stinson winning bingo. Mrs. R. E. Young won the guest prize.

Refreshments were served to the following members: Mmes. Griffith, J. L. Greene, Butler Hurley, Peck Cunningham, Stinson, O. L. Wood and the hostess.

Ladies Luncheon Held At Country Club Here

Woman members of the Country Club held their weekly luncheon at the club Friday.

Members present included: Mmes. Tom Sloan, John House, Joe Crump, Payne Cowden, Milton Unger, P. H. Liberty, M. C. Ulmer, George Glass, Payne Holt, Ed Warren, Waller Smith, P. H. Yechel, Leif Olson, S. P. Hazlip, J. P. Ruckman and Frank Cowden.

BOB PRESTON RETURNS FROM VETERAN HOSPITAL

Bob Preston has returned from several weeks spent in the Veterans Hospital at Wichita Falls and is much improved in health.

Red Cross Notes

Ernest Boyd has been instructing a class in standard first aid at the Midland Army Flying School and its members have had the final examination and are awaiting their certificates.

An advanced class will be started at MAFS about October 1. All who are eligible are invited to attend. To be eligible one must have completed the standard course.

S. C. Dougherty's first aid class at Stanton has completed the sixth lesson, and Miss Bertie Sexton's first aid class will soon be taking final examinations.

In the near future a nutrition class will be organized with Mrs. A. P. Shirey and Miss Alpha Lynn instructing. Announcement of the time and place of meeting for this class will be made later.

Mrs. Tom Potter's home nursing class meets each Monday and Thursday. Next Monday will be the third lesson. Anyone interested in taking this course may still enroll, but after Monday evening there can be no more additions to this class, so if you have not had home nursing this is an opportunity to join a class. It meets at the county courthouse.

The regional meeting will be held October 4. Watch this newspaper for further details of this meeting.

Did you hear the radio talk by Mrs. E. H. Walmsey on accident prevention? Mrs. Walmsey will give the second of this series of three talks at 11.30 a. m. Monday.

The Diesel engine was developed in 1892.

Miss Mary Krider; Cadet Boggis Wed At MAFS Chapel

Miss Mary Rosabel Krider, daughter of Mr. and Mrs. James Albert Krider of Cleveland, Ohio, and Cadet William Melick Boggis, son of Mr. and Mrs. Robert Parsons Boggis of Cleveland, were married at the MAFS Post Chapel Saturday evening at 8 o'clock with Chaplain Dalheimer reading the vows. The bridegroom is stationed at MAFS.

The bride, who was given in marriage by her father, wore a white crepe dress trimmed in her grandmother's Duchesse lace veil.

Her attendants were Miss Blanche McKnight and the groom's sister, Miss Jean Boggis both of Cleveland. Miss McKnight wore a yellow dress and carried a bouquet of peacyard gladioli. Miss Boggis wore a blue dress and was carrying a bouquet of yellow gladioli.

James Dunn of Corpus Christi and Douglas Elliot of Houston were the bridegroom's attendants.

The altar was decorated with white chrysanthemums on either side of the burning white candles.

Following the wedding, a reception was held in the private dining room of Hotel Scharbauer.

The large white wedding cake was centered with a small bride and groom. The dining room was decorated with white chrysanthemums.

The couple will be at home at 705 North Marientfield.

Miss Hawkins And Pfc. C. R. Moore Wed

Miss Theda Bara Hawkins and Pfc. Charles Ralph Moore both of Washington, D. C., were married Saturday afternoon by Justice of Peace B. C. Girdley. Miss Hawkins is the niece of Mr. and Mrs. Charles R. Hawkins of Washington, Moore is the son of Mr. and Mrs. A. Moore of Richmond, Virginia.

The bride attended high school at Indianapolis and the bridegroom finished John Marshall high school in Richmond, Virginia.

Pfc. Moore is stationed at MAFS. The couple will reside in Midland.

Frills For Evening

Wilson Folmar designed this beautiful dinner gown, and it took the eyes of onlookers, particularly men, at the formal opening of the dressmaker's 1942 collection. Soft black velvet is draped loosely—which minimizes the figure more effectively than an all-over-tight fit—above and below the snug waistline. Square yoke with frill at round neck and the large frills at wrists are fine organdie, edged with narrow lace.

Personals

T. E. Bizzell has gone to Mineral Wells.

Mrs. Susie G. Noble has returned from Austin.

Mrs. Ray Heath left Ryan Hospital Saturday morning.

Mrs. Louise Winner left Ryan Hospital Saturday.

Mrs. Bill Means of El Paso is visiting Mr. and Mrs. Ray Howard.

Mrs. G. J. Sevier and Mrs. Paul Martin have gone to Fort Worth for a visit.

Mrs. Glenn McCoy and baby were dismissed from Ryan Hospital Saturday.

Mrs. R. T. Leeper and baby were dismissed from Ryan Hospital Saturday morning.

Mrs. E. C. Adams of Odessa has been taking a rental census in Midland for the last three days.

Mrs. Murry Faskin and baby from Fort Bliss are visiting in the home of Mr. and Mrs. Andrew Faskin.

Clarence Scharbauer, Jr., left Saturday for College Station where he will enter Texas A&M College.

Robert and Tommy Nolen, sons of Mr. and Mrs. Robert Nolen, left Saturday for College Station where they will enter Texas A&M College.

Mr. and Mrs. Allen Tolbert have returned from San Antonio where they took their daughter, Eula Ann, to enter Incarnate Word College.

Mrs. L. E. Pemberton and Mrs. Frank Dehman are spending the week-end in Fort Worth where they have taken Doris Lynn Pemberton to enter T. C. U.

Kenneth Williams, son of Mr. and Mrs. Ross Williams, and James Mims, son of Mr. and Mrs. Percy Mims, will arrive Sunday to spend a week's vacation with their parents. They are attending Texas A. & M. College.

The polka, principal Bohemian dance, was adopted by society in 1835 at Prague.

Inez Whiteaker Is Honored With Lingerie Shower

Honoring Miss Inez Whiteaker who is to be married to Willie Gehrlin of Lubbock Sept. 27, Miss Rita Whiteaker was hostess to a lingerie shower and open house at her home, 502 South Terrell, Friday evening.

Mrs. Jack Cline, cousin of the bride-to-be, greeted guests. Miss Whiteaker presided at the guest book. The house was decorated with dahlias.

The color scheme used was pink, blue and white. The napkins were pink and the doilies were white. The favors were small brides in pink and blue frocks with "Inez and Willie" and the date of the wedding written on them.

Refreshments were served to Mmes. J. G. Wright, W. A. King, O. W. Roberts, Troy Seago, C. M. Bird, Mark Whiteaker, T. H. Whiteaker, Jack Cline, Misses Ruby Harrington, Johnnie Mae Collier, Lora Fay Scharbrough, Mildred Everett, Iva Grace Collier, Mmes. Gene Smyres, W. E. Raney, T. W. Bryant and the hostess.

Mrs. Hazel Krapf Elected President Of T. E. L. Class

Mrs. Hazel Krapf was elected president of the T. E. L. Class of the First Baptist Church at its meeting Thursday at the home of Mrs. S. Watson Miller, 710 North Main.

Other officers elected were Mrs. T. O. Midkiff, vice-president; Mrs. S. Watson Miller, vice-president; and Mrs. J. H. Williamson, secretary, treasurer and reporter.

A refreshment plate was served to the following members: Mmes. V. Z. Wren, Midkiff, J. G. Arnett, Williamson and the hostess.

Girl Scout Court Of Honor Set For Friday

Celebrating the first anniversary of the Midland County Girl Scout Council, a Girl Scout court of honor will be held in the auditorium of the North Ward School at 7:30 p.m. Friday. Mrs. A. P. Shirey is chairman of the council.

Scouts will receive advancements awards and merit badges, and Brownies who have been affiliated with the organization for a year will be extended full membership as Girl Scouts.

Public is invited. The public is invited to attend the court of honor, with parents of all Girl Scouts urged to be present.

Handicraft work of the members will be on exhibit following the program.

Midland Girl Scouts have been active in defense work during the last year, assisting in the salvage campaign and picking up nails in the streets and alleys. They also participated in the War Bond and Stamp parade in July. Mrs. E. S. Ferguson, member of the council, said an even more active defense program for Girl Scouts is planned for the coming year.

Alaithan Class Makes Plans For Season

Plans for the coming year were made at a called meeting of officers of the Alaithan Class of the First Baptist Church Friday. Mrs. J. E. Hill, president of the class, called the session.

Officers who were elected at a meeting earlier in the week include, besides Mrs. Hill, Mrs. Percy Mims, first vice-president; Mrs. Frank Cowden, second vice-president; Mrs. Ralph Barron, third vice-president; and Mrs. A. W. Wyatt, secretary and reporter.

Home Cleaning Is Demonstrated By H.D. Club Members

The feature of the Cotton Flat Home Demonstration Club meeting held recently at the home of Mrs. Bill Countiss was home cleaning. Mmes. Bill Countiss, Floyd Countiss and Jeff King gave demonstrations on the cleaning of felt hats, silk, rayon and wool dresses.

Mrs. Ray Byerley was in charge of games and entertainment.

Mrs. Floyd Countiss gave a report on a rummage sale which the club sponsored. Proceeds of the sale will be used to buy five soldier's kits.

The club will have a tea at the assembly room in the courthouse November 2.

Refreshments were served to the following: Mmes. O. D. Bevill, Byerley, Floyd Countiss, Roy Collins, Tom Moore, Johnnie Graham, King and the hostess.

THE BULLDOG

Written by the Journalism Class of MIDLAND HIGH SCHOOL

New Students Enrolling From Colorado, Oklahoma, New Mexico, And Texas Points Total 60; 15 Are New In Senior Class

Of the sixty new students who attended some other school last year fifteen are Freshmen. They are: Mary Elizabeth Arnett of Odessa; Edwin Allan Benedict, Grand Falls; Bobby Joe Brown, Olney; Robbie Jo Bush, Stanton; Bryant Clark, Big Springs; Pat Garner, Fort Worth; Bill Guffey, Big Lake; Carl Harris, Butler, Oklahoma; Billie Jean Jones, Odessa; Lavonne Verna Massey, Ingram; William Eugene Morrow, Big Spring; Mattie Lee Parks, Bloomington; Dorothy Ann Reising, Lamesa; Sammie Ray Timmons, Stanton; and William Blake Young, Odessa.

Sixteen are Sophomores. They are: Jean Brown, Galveston; Norma Conley, Monahan; Ramona Fern Dickey, Houston; Rex Gerald, Bryan; Edna Mae Gentry, Odessa; Joyce Milford, Munday; Loyce Milford, Munday; Charles Nichols, Lubbock; James Orman, Colorado City; Lynn Packer, Cisco; James Edward Rice, Andrews; Garrett Sindorf, Kermit; Betty Jo Smith, Wichita Falls; Betty Jo Sowersby, Odessa.

New Teachers In MHS Have Varied Hobbies Ranging From Airplane Model To Golf

Thirteen new teachers have been added to the Midland High School faculty this year. They come from all parts of the state to teach Midland High students.

The commercial teacher is Miss Emma Robinson from Anson, where she taught last year. She received her degree from Texas State Teachers College. She has no particular hobby except helping high school students.

The Spanish department is directed by Miss Nell Marie Wiley, who taught last year in Andrews. She graduated from Texas Tech and her home is Lubbock. She likes all sports, especially cycling.

Miss Mattabel Downing is teacher of second year math and aviation. She taught last year in Moran, her home. Miss Downing has a very interesting hobby of collecting advertising pencils. She also does anything about airplanes. Miss Downing said "when I was traveling I spent most of my time stopping at various airports."

The Junior English department is headed by Miss Mary Ethel Harkins of Sweetwater. She taught there last year in Newman High School, but she spent this past summer teaching in El Paso High. Miss Harkins received her B. A. at T. C. U. and her masters at Texas University. Among Miss Harkins' many hobbies her favorites are photography, swimming, bridge, and horseback riding.

Mr. Stephen T. Briggs of Abilene heads the speech department. He was formerly the speech director of Stanton High School. Mr. Briggs received his degree from Hardin-Simmons. He also teaches two classes of English. His favorite hobby is play directing, and is a member of the Midland Civic Theatre Club.

Miss Lillian Borgquist, of Richfield, Utah, is Mr. Monroe's new secretary. Miss Borgquist also teaches two periods of typing. She

Aviation Course Draws Interest Of 21 Students

Aviation, a new course taught by Miss Mattabel Downing, is drawing the interest of many students. This course offers the groundwork instruction for a civil pilot. There are 21 regular students and two graduate students. The class is building model airplanes in order to learn more about the construction of real ones. Students who have taken this course and wish to enter our armed forces as pilots can get their wings with only a few hours of flying. Students who have finished this course and reached the age of twenty may take the federal examination, and be ground instructors in C. A. A. schools, without flying.

Upon finishing this course students may qualify for the civil pilot training rating. This course offers one college entrance credit. The aviation class meets the first period in the morning. Miss Downing says she and the students will welcome visitors at any time.

Who's Who-Gina

Virginia Stolte, better known as "Gina", is a sixteen year old Senior and the hold-over pep leader for the 1942 football season.

Virginia started to school at Midland High School in September, 1941, and only a few weeks later was elected

Junior pep leader. Having moved here from Waco, where she was a pep leader for two years at North Jr. High, she was already an old hand at the job. Virginia is in seventh heaven because football season has started. Attendance at out-of-town games may be difficult but Virginia plans to attend every one of them possible. She is really happy about all the girls coming out for pep squad because the competition will be stiff.

Swimming and dancing are Virginia's version of a good time. Collecting photographs of her friends is her hobby. She has about twenty-five. When asked her pet aversion Virginia emphatically answered "liver". Her favorite subjects are mechanical drawing and physical education.

Virginia plans to attend Texas Tech next year, although she is advertising A&M now with her A. M. C. and insignia of the Signal Corps pin.

When asked how she liked Midland, Gina's enthusiastic reply was, "I wouldn't move back to Waco for anything, even if I did live there fifteen of my sixteen years."

The science department is directed by Miss Edna Dudgeon of Tahoma. She taught science in Plainview last year making her fifth year. She attended S. W. T. S. T. C. in San Marcos, and Texas Tech, Miss Dudgeon's hobby is science. She says she had rather be in a science laboratory than anywhere else she knows.

Mr. John Mashburn of Colorado is head of the laboratory of industries. Mr. Mashburn was head of the Gov. Voc. of C. C. C. in Estes Park last year. He attended Greeley State, in Greeley. His hobby is collecting coins.

Here And There On The Campus

Jo Ann Blair had written Faye Doris Douglas a note. Faye replied on the back of Jo Ann, so after receiving it Jo Ann turned the note over—looked disgusted, and said, "Huh, I was reading my own note." Mr. Briggs, giving the definition of conversation, said, "It is a contribution from two people. One person certainly doesn't do all the talking."

"Not unless it's a woman," volunteered Don Morgan.

In seventh period study hall on the second day of school, Miss Miley was calling roll and everyone was responding with a "Here! I'm here!" so she just asked that they raise their hand. Bunky Smith was the next called and he promptly replied with "Here!" Miss Miley, surprised, asked "Can you raise your hand?"

Thelma Jo Brown was kidding Billie Walker and pretending she didn't know what a post-office and mail were so she asked, "What is mail?" Frances Palmer promptly replied, "It's things Billie runs after!"

Labonne Weaver asked Betty Shockley what she would say if she saw a head floating around in the water. Betty's snappy comeback was, "I ain't got nobody, now!"

Calendar Of Coming Events

Monday—Freshman Class Organization.
Tuesday—Junior Class Organization.
Wednesday—Assembly.
Thursday—Sophomore Class Organization.
Friday Assembly; Football game at El Paso.

The ukulele is of Portuguese origin, developed and popularized by the Hawaiians.

Colleen Oates Elected President Of Seniors

Colleen Oates, president of last year's junior class, was selected by the seniors as their president for the coming year. Officers elected were: Vice-president, Robert Wheeler; secretary, Kathryn Hanks; treasurer, Ivan Hall; reporter, Charlie Kelly, and sergeant-at-arms, Marshall Whitmore.

Other nominations were: For president, Janice Pope, Robert Wheeler, Kay Rogers, and Ivan Hall; vice-president, Belva Jo Knight, Jackie Theis, Martha Preston, John Sindorf, Elaine Hedrick, and Johnny McMillan; secretary, Johnny McMillan, Janice Pope, Martha Preston, and Faye Doris Douglas; treasurer, Buddy Davidson, Glenna Graham, and Johnny McMillan; reporter, Elaine Hedrick, Billie Walker, and Jack Dyson; sergeant-at-arms, Bill Jones. Miss Ruth Carden had charge of the election and other senior advisory teachers were present to help count the votes.

Bulldogs Will Play Austin In El Paso Friday

The Bulldog squad, with one game played, turns its attention this week to the Austin High game with El Paso next Friday. Looking over the record, we find that Midland has been twice defeated by Austin High.

This year with a fast squad, the Bulldogs are out to beat the El Paso team. Boys who earned "M's" last year are: Jimmie Watson, Junior Byrd, Red Roy, Buddy Davidson, Marshall, Whitmore, Ivan Hall, Charlie Kelly, and Bill Richards.

This fall there are thirty-five boys coming out for football, with six freshmen, and several new boys working out for the first time. The main squad is composed of lettermen and boys with "B" team and junior high experience. Coach McCollum will probably take about twenty boys with him to El Paso.

Other girls who tried out before the voting Friday were Eva Barton, Jo Ann Blair, Faye Doris Douglas, Doris Martin, Isabel Morehead, Janice Pope, Alberta Smith, Martha Jane Preston, and Billie Walker from the senior class. Junior contestants were Otella Flynt, Jo Ray Murray, Elsie Schlosser, and Patsy Warren.

Virginia Stolte who was elected last year and who will be chief yell leader, had charge of the program and introduced the girls.

Parts Of Building Remodeled During Summer Vacation

Students of Midland High School, on Sept. 8, noticed not only the changes in teachers and students, but also the changes in the building.

The book room and Mr. Monroe's old office have been combined, making not only an office for the principal, but an office for his secretary.

Room 101, formerly Miss Smith's math room, and Mr. Heath's office, have been made into one.

The library, 202 to all students, has been combined with Miss Miley's advisory room. The study hall on the 3rd floor has been made into two advisory rooms.

Food Classes Work On Nutrition Program

Miss Iva Butler, sponsor of the foods department, has announced that the girls in the classes are working on foods that will aid in the nutrition program, stressing the aim—U. S. Needs Us Strong.

Knitting, and the making and filling of kits for the Red Cross, will be part of the girls' duties. They also plan to aid the Junior Chamber of Commerce in collecting metals.

The foods classes are approximately as large as last term, having enrolled two sections of the first year class, one section of the second year, and one section of the third year.

O.C.A. Club Elects Hanks President

The O.C.A. club with Billie Walker as hostess met for the first time this season Friday, September 11, and elected the following officers: President, Kathryn Hanks; vice-president, Faye Doris Douglas; secretary, Norma Jean Stice; treasurer, Belva Jo Knight; reporter, Colleen Oates; parliamentarian, Glenna Graham.

A course in parliamentary procedure will be conducted by Glenna Graham.

Refreshments were served to eleven members and two visitors, Loyce and Joyce Milford. The club adjourned to meet Saturday September 28 with Joe Ann Blair.

News Of Former Midland Students

Jimmy Pickering left Wednesday morning for Texas Christian University at Fort Worth.

Pauline Wingo, student at College of Marshall, Marshall, writes home that she is enjoying school very much.

Gerald Graham recently passed an examination for the Naval Air Force.

Bobby Gene Stephens is taking his naval training at the Naval base in San Diego, Calif.

Ben Sevier, Tommy and Bobby Nolan will leave September 23rd for A&M.

Wallace Jackson, 1940 graduate, left for Abilene Christian College Monday to enter his junior year.

Goodrich Hejl, 1939 graduate, has joined the Air Corps.

Jack Noyes, A&M freshman, will arrive home Sunday for a week's vacation.

Roger Stidwell has passed his examination for the air corps and is working for a local oil company while waiting for his call to training.

Graduates who have visited school recently include: Frank Wade Arrington, Albert Leggett, Elma Jean Noble, Emily Jane Lamar, J. C. Hejl, Cedric Ferguson, Allen Wemple, and Maxine Stewart.

Albert Leggett will enter Baylor Medical College this fall.

J. B. Harris will attend Texas Tech at Lubbock.

Nettie Echols left Friday for nurses training at Jefferson Davis in Houston.

New Commanders For 3 MAFS' Squadrons

Three training squadrons and one training group at Midland Army Flying School have new commanding officers Saturday as the result of the transfer of many officers to the new bombardier schools at Big Spring and San Angelo.

Capt. George E. Brown now commands the First Training Squadron, while Capt. Wilson E. White is in charge of the Second. Capt. Charles E. Corbin heads the Third. Major William W. Wainsome continues as C. O. of the Fourth. The Third Training Group is now directed by Major Donald K. Bennett.

Master Sergeant To Be Second Lieutenant

Master Sergeant Carmel A. Mixon, chief clerk of the Midland Army Flying School's department of training, will be commissioned a second lieutenant in the Army of the United States, effective October 1.

Sergeant Mixon, a native of Manor, Texas, is the son of Frank M. Mixon, well-known dairyman of that area. He is a graduate of Waco High School.

Mixon's commission comes after seven years of service in the regular army. He enlisted at Fort Sam Houston in 1935, and has been assigned to the Air Forces for the last four years.

Following a six weeks course at the Officers Training School in Miami Beach, Florida, Mixon will report for duty to Midland.

Bombshell

VIRGINIA DALE is one of Fred Astaire's dancing partners in Irving Berlin's "Holiday Inn," the Paramount musical funfilm with Bing Crosby, Marjorie Reynolds and Walter Abel, which starts today at the Yucca Theatre. There's a Berlin hit tune for almost every important holiday in the year!

CRUDE OIL PRODUCTION IS DOWN DURING WEEK

WASHINGTON, (AP)—The Bureau of Mines reported Friday stocks of domestic and foreign crude petroleum at the close of the week ended Sept. 12 totaled 244,671,000 barrels, a net decrease of 2,271,000 barrels compared with the previous week. Stocks of domestic oil decreased 2,408,000 barrels for the week and foreign crude increased 137,000 barrels.

Civilian Employees Urgently Needed At Army Flying School

Lieut. Andy Byron, civilian personnel officer at Midland Army Flying School, Saturday announced that he anticipates filling a number of stenographic, typist and other vacancies about October 1.

Thirty-nine jobs are open, he said, and these include 27 under clerk-typists, at \$1,260 per annum; one multigraph and one multilith operator, at \$1,440 per annum each; and 10 colorless male junior janitors, at \$1,200 per annum. Clerk-typists should be female, minimum age eighteen years. The same qualifications hold for the multigraph and multilith operators.

No applications will be received at Midland Army Flying School, Lieut. Byron emphasized.

"The Civil Service Commission is sending Lawrence T. Lee to assist in this recruiting program," Lieut. Byron said. "Lee will be in the Midland Post Office from 9 a. m. to 4 p. m. on Tuesday and Wednesday. Lee will interview applicants, furnish necessary application blanks and conduct non-competitive individual examinations for all positions."

He repeated that no calls, personal or telephone, will be received at Midland Army Flying School regarding these jobs.

There's an ART to Cooking Vegetables can be tasteless—lacking in nourishment... or they can be a tempting delicacy that's brimful of health-building vitamins and minerals. Meats, too, can be dried-out shrunken sinews... or savory, juicy muscle-building foods. Yes—there's an art to cooking... and the emphasis today is on "waterless" Gas cooking of vegetables to retain their flavor and save valuable vitamins and minerals. Oven roasted meats also shrink less, retain their nutritional properties and flavor when cooked the low temperature Gas way. And more... you also save Gas... a vital fuel for America's War Effort. WEST TEXAS GAS CO.

Advance West Texas As Ideal Place For Grain Alcohol Plants

Letters urging full consideration of West Texas as a site for several of the proposed plants for production of grain alcohol for rubber making purposes, as recommended by the Baruch committee, Saturday were mailed by the Midland Chamber of Commerce to Senators Connally and O'Daniel, Congressman Thomason, and William Jeffers, rubber coordinator.

The Baruch committee, among other things, recommended: (1) that facilities be set up for production of 100 million gallons of grain alcohol for rubber making purposes; (2) that plants be located near the grain producing areas; (3) that units should preferably be operated under control of local groups, and (4) that units be accessible to water transportation.

Oppose One Clause

The recommendations, with the exception of No. 4, fit in perfectly with recommendations offered by the Baruch committee by the West Texas Chamber of Commerce on September 4. The Midland Chamber of Commerce is in full accord with the arguments offered by the regional organization. Both organizations oppose the "accessibility to water transportation" clause, the Midland chamber pointing out that such a recommendation would work to the disadvantage of West Texas, the state and nation's greatest grain producing section, and calling attention to other advantages which would more than offset the water transportation advantage.

West Texas produces 80 per cent of the state's total and 40 per cent of the nation's total grain harvested from sorghum, and could, by using undrained acres, produce a much larger per cent without affecting the agricultural balance of the territory. West Texas also leads in wheat production. The letters point out that West Texas has the grain sorghum and offers ideal advantages for grain alcohol production facilities.

The letters were signed by R. M. Barron, president, and M. C. Ulmer, chairman of the public affairs committee.

Boy Scouting Will Be Expanded, Field Man Added To Force

Jack Hodges, Boy Scout executive who has been in charge of a large area in West Texas has been assigned to Midland and Ector Counties after October 12, in a new move of expansion developed for the Buffalo Trail Council. Plans were completed Friday night when the executive committee of the Council met in Midland.

Rex Palmer, now attending the national Scout training school in New York will come into the council October 12 to take over the Western half of the territory which Hodges has been serving. He will direct the work in Ward, Winkler, Loving and Reeves counties.

Chas. E. Paxton, president of the Council; Spurgeon Gaskin, executive secretary, and T. P. Johnson and Al Jordan, all of Sweetwater, were in Midland for the Friday night meeting. Others of the committee here were Tom Pickering, Paul Moss, Sam Copeland, O. D. Albright and Hodges, all of Odessa; Glen Ratliff and Rev. Homer Akers, of Monahan; W. F. Wren of Snyder, Midland; met at the meeting were George Abell, Guy Brennehan, Dewey Jordan, Ivan Hood, and Rev. Hubert Hopper.

HOLLYWOOD PEASANTS: COLORFUL OLD-WORLD MODES ARE POPULAR WITH FILM STARS FOR OFF-THE-SET-WEAR

HOLLYWOOD—Slacks seem to be running a poor second to colorful peasant costumes in Hollywood this season as the movie gals, in their off-screen home lives, go feminine with a vengeance. Some say it's a reaction to wearing so many uniforms in screen roles these days, but others of a more matter-of-fact turn of mind give credit for the impetus to Doris Dudley. When Doris arrived from the Broadway stage for a leading part in "The Moon and Sixpence," she brought dirndls and such by the trunkful. She is shown at right in a casual, around-the-house dress which has a slightly flared skirt of soldier-

blue and a fitted top of bright red. Blue velvet ribbon is drawn through the embroidered shoulder straps. Above, left, Doris is shown in an outdoor costume of scarlet skirt with suspenders of multi-colored braid that match the skirt hem. The white blouse is cross-stitched in scarlet, and the petticoat, of course, is supposed to show. Tiona Massey set the conversation buzzing at a recent war-charity premiere when she swept in wearing the white wool cape shown above, right. It is embroidered in scarlet and black, with a yoke of the same pattern.—DEE LOWRANCE.

District F.F.A. Meet To Be Held Here, As Boys Plan Programs

State and district supervisors of the Future Farmers of America will meet in Midland September 29 with officers of several clubs in this district, to plan in detail for the food growing program for the year. The boys have entered into a new phase of work for the year, the aim being to grow the greatest amount of livestock and of farm products, as a contribution to the war effort.

Midland County boys have adopted a much expanded program. Two classes are operating through the high school, under the direction of Harlon Howell. Projects of some of the boys were published recently in The Reporter-Telegram. Since that date, other boys have decided on their programs.

Among the additional boys who have set up their goals are Bill Anderson, Jerry Bohannon, Jack Dyson, George Anderson and Ernest Locklar, who will raise a calf each; James Merrell, Charles Welch, Kelly Lewellen, Edward Franklin and Bill Walker will raise pigs; Jack Dyson and Bill Baldrige will raise chickens; and James Merrell, Earl Branch, Bill Baldrige and J. S. Patton will raise lambs. L. C. Whately will feed and market a mare and a colt.

The first practical typewriter was invented in 1867 in Milwaukee.

Coming Events

MONDAY

The Episcopal Auxiliary meets at 3:30 o'clock at the home of Mrs. J. N. Allison, 1606 West Texas.

Red Cross workroom in the Old Heidelberg Inn will be open from 9 until 12 o'clock.

Mrs. Tom Potter's Home Nursing class will meet at the courthouse Monday evening from 7 until 9 o'clock.

All Calvary Baptist WMU Circles meet at 3 o'clock Monday. Katherine Shelburne Circle meets with Mrs. Hoyt Burris, 708 South Lorraine. Mildred Smith Circle meets with Mrs. C. E. Bishop, 201 East Dakota. Mildred Cox Circle meets with Mrs. Leonard Jones, 1104 South Lorraine. Virginia Circle meets with Mrs. C. R. Scribner, 1313 Griffin.

The Rhijnhart Circle of the First Christian Church meets at 3:30 o'clock at the home of Mrs. S. P. Hall, 1004 West Tennessee. The Young Matrons Circle meets at 3:30 o'clock with Mrs. A. L. Barr, 305 North Big Spring.

The Presbyterian Auxiliary will meet at 3 o'clock at the First Presbyterian Church for Bible study.

The Methodist Circles will meet as follows: Mary Scharbauer Circle meets at 3:30 o'clock with Mrs. Stacy Allen, 720 West Storey. The Laura Haygood Circle will meet with Mrs. George Vannaman at 3:30 o'clock at her home on 719 West Louisiana. Belle Bennett Circle meets at 3:30 o'clock with Mrs. C. H. Shepard, 601 North Big Spring. Winnie Prothro Circle meets at 3:30 o'clock at the educational building.

Viola Holt Bible Class of the First Methodist Church meets at 2 o'clock at the educational building.

A First Aid Class for colored women will be taught by Mrs. Fred Fuhrman and Mrs. Fred Wilcox at the Old Heidelberg Inn at 8 p. m.

Children's Service League will

War Bond Sales At Bombardier College Expected To Double

Immediate intensification of the War Bond drive at Midland Army Flying School to boost annual sales above the \$500,000 mark was announced today by Brigadier General Isaiah Davies.

Officers, men and civilian employees are now purchasing bonds at the rate of \$300,000 per year, he said.

The General said he hopes that the \$500,000 goal can be reached within the next 30 days and urged all personnel of the bombardier school to increase their monthly bond allotments at once.

Lieut. Leslie J. Byron is bond sales officer for the post. He and his assistants have been conducting a personalized campaign, calling upon every member of the command.

meet at 2 o'clock with Mrs. Cooper Hyde, 314 South L.

A Girl Scout Court of Honor will be held at 7:30 p. m. Friday at the North Ward School.

SATURDAY

Midland County Museum will be open from 2:30 until 5 o'clock.

In Stuart days it was the custom to put a piece of toast in the wine-cup to give the liquor better flavor; hence the English phrase "drinking a toast."

FSA To Make Loans To Small Farmer In Food Increase Plan

The Farm Security Administration will begin at once to make small loans that will make the small farmer self-supporting from the standpoint of food production, and possibly enable that farmer to make a contribution to the food supply of others.

"Every activity of the Farm Security program will be considered on the basis of its contribution directly to the food for freedom program," said Oscar M. Fowler, rural rehabilitation supervisor in the Midland office. "The agency has the responsibility for giving the needy low-income farmer a chance to participate efficiently in the nation's war effort. With our help he can make a valuable contribution to America's food production program."

"We have instructions to begin making loans immediately and to attempt to help the greatest possible number of farm families. With the prospect of serious food shortages the nation must depend on the small farmer to utilize their full labor and skills if the nation is to win victory," said Fowler.

Midland county farmers may obtain complete details about the loan

Fred Waring Dedicates Program To Bombardiers

Fred Waring, the noted orchestra leader, will dedicate a portion of his "Pleasure Time" program to the bombardiers of Midland Army Flying School on Wednesday, September 23.

The dedication is being made, Waring said, in response to a number of requests from the bombardiers, especially those who will be graduated next Thursday. The program can be heard at 6 p. m. next Wednesday in this area over Station KWFT, Wichita Falls.

Secretary Ickes Will Address Oil Meeting

TULSA—Harold L. Ickes, Secretary of the Interior and petroleum coordinator for war, will address the Independent Petroleum Association of America at its thirteenth annual meeting, Frank Buttram, Oklahoma City, president of the association, said.

The meeting will be held in Wichita, Kansas, October 19, 20 and 21.

Alexander the Great forbade his soldiers to wear beards, to avoid an advantage to the enemy in hand-to-hand fighting.

program through Fowler, whose office is on the third floor of the courthouse.

Cotton Bowl Will Do Business Jan. 1

DALLAS. (AP)—The Cotton Bowl will probably do business as usual next Jan. 1 but it is likely to be a service team facing the Southwest Conference Champion instead of a college aggregation.

Dan D. Rogers, president of the Cotton Bowl Athletic Association, announces a meeting of the directors here Sept. 29 for the purpose of deciding whether the annual classic will be held. Indications are strong that it will be voted to continue the game.

Under a rule adopted at the last meeting of the Southwest Conference, the football champion of the conference automatically becomes the host team in the bowl game.

Police Ask "Show Go On" In Case Of An Air Raid

AUSTIN. (AP)—The department of Public Safety has recommended that the "show go on" in large outdoor public assemblies, such as football games, in case of an air raid.

In a defense bulletin directed to sheriffs and chiefs of police, Homer Garrison, Jr., director of the Department of Public Safety and chairman of Defense Police Mobilization, suggested that every effort be made to prevent dispersal of crowds in such emergency.

In another bulletin, Garrison recommended against use of civilian defense insignia on automobiles on the grounds that it would lead to abuses.

The United States produced an estimated apple crop of 126,000,000 bushels in 1941.

They're Trucking For Uncle Sam

By NEA Service

You don't have to be a tough hombre to drive a truck. If you don't believe it, just take a look at the attractive young women in the picture above.

They're lined up in Detroit for a last-minute check-up before ferrying their fleet of 37mm. gun carriers to an Army post. And they're just a few of the many Detroit wo-

men who have left their office jobs and housework to carry the freight for Uncle Sam.

"Teamsterettes," they're called. And the International Brotherhood of Teamsters discloses that they are driving not only gun carriers, but jeeps, ambulances and other Army vehicles to their destination. A seasoned male driver usually leads the caravan, and the last vehicle, also, is usually driven by a man.

But the girls who make up the rest of the motorized file were, at last reports, doing all right.

front-seat drivers to disprove the old gags that had to do with women at the wheel. In fact, several companies who have lost men to the armed services are planning to hire women in their place.

Thus far the powder-puff brigade has helped to deliver some 500 Army vehicles from Detroit's factories to their destination. A seasoned male driver usually leads the caravan, and the last vehicle, also, is usually driven by a man.

But the girls who make up the rest of the motorized file were, at last reports, doing all right.

Eddy County Gets Wildcat North Of Square Lake Pool

HOBBS, N. M.—Featuring developments in the Southeast New Mexico oil region was the staking Saturday of a wildcat three miles north of the prolific Square Lake pool in Eddy County.

Premier Petroleum Corporation will drill No. 1 Mrs. Laura C. Stab- lein, 600 feet from the north and 1,900 from the east line of section 15-16s-30e.

In the Square Lake pool, Max Coll and Carper Drilling Company, section 36-16s-30e, is drilling below 300 feet in anhydrite. It was staked 1,980 feet from the north and east lines of the section.

New producer for the same pool has been completed by Flynn, Welch & Yates as the No. 1 Grier, in section 31-16s-31e. It flowed 35 barrels of oil per day through 2-inch tubing hung at 3,051 feet after shooting with 40 quarts of nitro from 3,000 to 3,098 feet. Pay was topped at 3,080 feet and hole is bottomed at 3,098 feet, plugged back from 3,170 feet in lime.

Proves Disappointing
Ohio Oil Company No. 1 State-

Don McCormick, Northeastern Leona County wildcat 660 feet out of the northeast corner of section 36-9s-37e, proved a disappointment when it swabbed two barrels of fluid hourly, 15 per cent oil and the balance salt water and sediment, after acidizing with 3,000 gallons at 5,000 feet in lime. Operators are reported preparing to deepen the well.

A scheduled 7,000-foot test 10 miles west by northwest of Lovington in Lea, George P. Livermore, Inc., No. 1 Maxwell-State, is drilling at 5,342 feet in lime. It switched over from rotary to cable tool at 5,257 feet after cementing 7-inch casing at 5,185 feet with 1,000 sacks. It had drilled and cored porous, oil-stained lime between 5,231 and 5,257 feet. Drilling ahead with cable tools, it logged water at 5,297 feet, corrected by steel line measurement from 5,300 feet. A slight showing of oil was picked up from 5,322 to 5,325 feet. The well logged 200 gallons of salt water in four hours from 5,337 to 5,342 feet. Location is 660 feet out of the northwest corner of section 26-16s-34e.

R. Olsen Oil Company and Atlantic Refining Company No. 1 Langle, scheduled 8,500-foot Ordovician test in the shallow Langle Permian pool, is drilling past 4,155 feet in sand. It is 660 feet out of the southeast corner of section 11-25s-37e.

Berthod Schwartz, a German monk, is generally considered to be the inventor of firearms.

State Prisons Are In Full War Production

WASHINGTON. (AP)—America's prisons have gone into war production in a big way, the War Production Board reported Saturday. WPB said about 100 prisons in all states, which own industrial equipment and land valued at \$6,000,000, now are turning out war goods ranging from airplane castings and bomb parts to paint brushes and camouflage cloth.

James R. Day Coast Artillery Officer

James R. Day has been appointed a second lieutenant in the Coast Artillery and has left for Paris, Tenn., where he will train with the balloon barrage unit of the Coast Artillery.

Mrs. Day went to Paris with him. Lieutenant Day came to Midland about 8 years ago as a geologist with the Amerasia Petroleum Corporation in this area, after having been with the corporation for two years in the San Angelo area.

NEW GLIDER SCHOOL TO USE COLLEGE BUILDING
DENTON. (AP)—With plans completed for the location of a glider training center in Denton, North Texas State Teachers College has turned over to the Army Aviation Command its new men's dormitory, Chilton Hall, for the duration.

Selective Service Rules Interesting To All Registrants

The Texas Selective Service System will give full cooperation to the recent action of the War Manpower Commission to increase the urgently needed war production of copper, critical non-ferrous metals and lumber within this state, General J. Wait Page, State Director of Selective Service, announced today. He said:

"The War Manpower Commission has called for uninterrupted production and maintenance operations in all non-ferrous metal mining, milling, smelting, and refining, and all logging and lumbering activities carried on within the states of Arizona, Colorado, Idaho, Montana, Utah, Wyoming, California, Nevada, Oregon, Washington, New Mexico and Texas.

"Pursuant to a directive received from National Selective Service Headquarters in support of this objective, Texas local boards have been instructed to reclassify out of Class 11-A or Class 11-BK into a class immediately available for service, or out of Class III-B into Class II-A, subject to the usual rights of appeal, any registrant who leaves a production or maintenance occupation in any of these activities without presenting satisfactory evidence to his local board that his separation did not adversely affect the war effort.

This order, General Page pointed out, permits a worker to change jobs so long as that change, in the opinion of the registrant's local board, does not adversely affect the war effort and that by changing he can increase production.

General Page emphasized in this connection that no classification is permanent and that the Selective Service regulations make it mandatory that each classified registrant report to his local board in writing, within ten days, any change in his occupational status.

COFFEE AND DOUGHNUTS TO BE SERVED TO CLASS

Coffee and doughnuts will be served, starting at 9:30 a.m. Sunday by the Men's Scharbauer Class, on the mezzanine floor of the Hotel Scharbauer. The class will start promptly at 10 o'clock.

WAAC Uniform

—Photo By U. S. Signal Corps

Demonstrating the new cotton summer uniform for WAAC officers is Bettejane Greer. Like other soldiers' outfits, the uniform is khaki in color. The cap is made of cotton twill or gabardine. Uniforms for the Women's Auxiliary Army Corps are made and designed by the Quartermaster Corps.

YOU MAY NOT BE ABLE TO FIGHT...

BUT YOUR DOLLARS CAN!

Today, Americans are dying so that America — your free America — can live. The men in our armed forces are out there fighting every inch of the way . . . fighting for your right to the freedom for which this nation stands . . . freedom the Axis hordes would take away! Our fighting men need more planes, more tanks, more guns . . . they must have more and better weapons than our enemies have, if America is to smash through to Victory! We can . . . we will . . . we must provide them.

WAR STAMPS AND BONDS give each one of us an opportunity to help win the war . . . an American way to find the billions needed for Victory. Every Stamp and Bond you buy will help our boys at the front . . . and keep the skies over America clear of Axis raiders. And remember, your government guarantees that your money will come back to you with interest, as much as \$4 for every \$3 when Bonds are held to maturity. Send more of your fighting dollars out to win the war! Give our boys in uniform a hand!
