

President Roosevelt Orders Cost Of Living Stabilized At Present Levels

Funeral Services For Clarence Scharbauer To Be Held Sunday At First Baptist Church

Clarence Scharbauer has gone down the trail. He would want no eulogies. A plain-spoken man, Scharbauer didn't hanker much for flowery sounding phrases.

To him supper at the chuck wagon after a hard day in the saddle meant more than a banquet

Roping, riding and branding held more allure for him than conducting his many successful businesses from a plush, swivel chair. He regarded himself as a cowboy, first, last and always. That is how he lived and that is how he died—out in the great plains of West Texas, the cattle country he loved, where he chose to make his home.

But he will be missed. Make no mistake about that.

Scharbauer died at 4 p. m. Friday in his penthouse apartment at Hotel Scharbauer. With him were members of his family, close friends and a number of his business associates. He had been seriously ill since last August. He was 63 years old.

Services At Church

Funeral services will be held at 3 o'clock Sunday afternoon at the First Baptist Church of which he was a member. Dr. W. R. White, president of Hardin-Simmons University, Abilene, will officiate, assisted by the Rev. Vernon Yearby, pastor of the church.

The body will lie in state at the church from 12:30 o'clock until the funeral services. W. I. Pratt, Addison Wadley, Elliott Barron and T. Paul Barron will be in attendance at the church.

Pall-bearers at the funeral will be Roy Parks, Leonard Proctor, Joe Crump, Foy Proctor, E. B. Dickenson, M. C. Ulmer, J. P. Butler, Ed Whitaker, Claude Duffey, E. P. Cowden, Harry Watson, Marion Flynn, George Glass, and Ralph Barron. Sing Favorite Hymn

Special music for the service has been arranged by Percy Mims who will sing "When They Ring The Golden Bells." Years ago Scharbauer requested Mims to sing this song at his funeral. Mrs. Joe Mims will be at the organ and hymns will be sung by a selected choir.

Interment will be in Fairview Cemetery. Ellis Funeral home has charge of the arrangements.

Messages of condolence poured into Midland after word of the death of the prominent West Texan was transmitted to the world. They came from persons in all walks of life. Among the scores of telegrams were messages from Governor Coke Stevenson, Congressman B. E. Thomson, Texas senators, legislators, banker, businessmen, capitalists, oil men, cattlemen and from persons whom the prominent rancher had befriended.

Among survivors of Midland's outstanding citizen are his widow, Mrs. Ruth Scharbauer, their son, Clarence Scharbauer Jr., a student at Texas A. & M. College; two sisters, Mrs. R. E. Rankin of Abilene and Mrs. George Elliott Sr. of Odessa; his aunt, Mrs. Phil Scharbauer; and a cousin, Arnold Scharbauer of the Five-Wells Ranch.

Junior Texas Ranger Commissions Will Be Given Midland Students In Big Scrap Drive, Starting Monday

All school students of Midland will be commissioned Junior Texas Rangers before they start their big scrap metal campaign here Monday afternoon.

Principal Frank Monroe of Midland High School, lieutenant colonel of the major campaign, announced the plan late Saturday. The commissions were authorized by Governor Coke Stevenson and Colonel Homer Garrison.

More than 2,000 scrap scoopers will take part in what promises to be the most systematic campaign staged in Midland in years. Organization of the drive has been completed by Clint Dumanan, Midland County scrap chairman, School Superintendent George A. Heath and Monroe.

Start Scrap Pile

The scrap will be piled on the vacant lot on Missouri Avenue across the street from The Reporter-Telegram. A mountain of scrap is the goal of the students.

At 1 p. m. Monday, students will leave their class rooms for the drive. At the conclusion of the afternoon's work each student must report to his teacher.

Clarence Scharbauer

world; the First National Bank of Midland, and Midland Fair, Inc. He owned the Scharbauer and Radio Station KRLH.

The bank was closed Saturday out of respect to its president. In West Texas and New Mexico he owned vast oil and ranch interests. Scharbauer ranches are located in Gaines, Dawson, Martin, Midland, and Ector Counties in Texas and in Lea and Chaves counties, New Mexico. Until confined to his apartment by illness, he visited one or more of his ranches almost every day.

In Ector County, he had vast oil interests, the Goldsmith pool being largely on Scharbauer land. Active In Civic Work
A past-president of the Midland Chamber of Commerce, Scharbauer has been a director of the organization since its formation. He was a member of the First Baptist Church, the Midland Rotary Club and the Midland Country Club. He has assisted financially in the erection of practically every church and civic building in Midland.

He was commissioned a colonel on the staff of former Governor James V. Allred and was known to many persons as "Colonel" Scharbauer. A rare democratic person who understood his fellow-men, Scharbauer preferred life in the saddle to the luxuries of the offices in his many business interests.

One of West Texas' greatest builders, he was born in Upper New York State August 18, 1878. He came to Midland with his parents when he was 10 years old and spent his life in this area, becoming one of the wealthiest and most influential citizens of Texas. He frequently remarked that he arrived in Midland with less than ten dollars which he had earned selling newspapers in Albany, N. Y.

He came here to join his uncle, the late John Scharbauer, who had migrated to Texas a few years earlier.

Attended School Here

Clarence Scharbauer attended Midland's public schools and then went to Baylor University. At the age of 17 years he took charge of the Five-Wells Ranch. From then on he was actively associated with the Scharbauer Cattle Company whose properties extend in all directions. (Continued on page two)

Army Forces Move To Oust Japanese From The Aleutians

By John M. Hightower
WASHINGTON. (AP)—American Army forces in the Aleutian Islands have advanced 250 nautical miles nearer Japanese bases in the North Pacific, the Navy announced Saturday and already have undertaken strong aerial operations against the enemy from their new positions.

The advance carried American forces a long stride west of Dutch Harbor, heretofore regarded as the main U. S. base for all operations against the Japanese held islands of Kiska, Attu and Agattu.

Cuts Flying Time

The new islands occupied—the Navy did not identify them specifically—are in the Andreanof group, mountainous segment of the Aleutians stretching about 240 miles between Sequam Pass on the east and Amchitka Pass on the west.

Army School's Improvements Almost Ready

Construction and installation of approximately \$2,500,000 worth of new buildings, runways and equipment at the Army Air Forces Bombardier School at Midland will be completed by about Nov. 17.

Brigadier General Isaiah Davies, commanding general announced Saturday. The new installations will boost the total cost of the school, already the world's largest bombardier college, to approximately \$8,000,000, the general said.

The new facilities permit a material increase in the number of bombardier cadets which may be trained here to blast the Axis objectives. Service More Planes
The new runways will accommodate all types of aircraft now in service, he said, while additional facilities along the flying line will permit a substantial increase in the number of planes now in use.

Most of the 43 units on the construction list already have been completed and occupied, he said. These include a new post office, finance building, and additional Quartermaster buildings, barracks and recreation and mess halls. Most of these buildings already are occupied by detachments of service. (Continued on page 3)

More Oil Regulation Laws Are Suggested

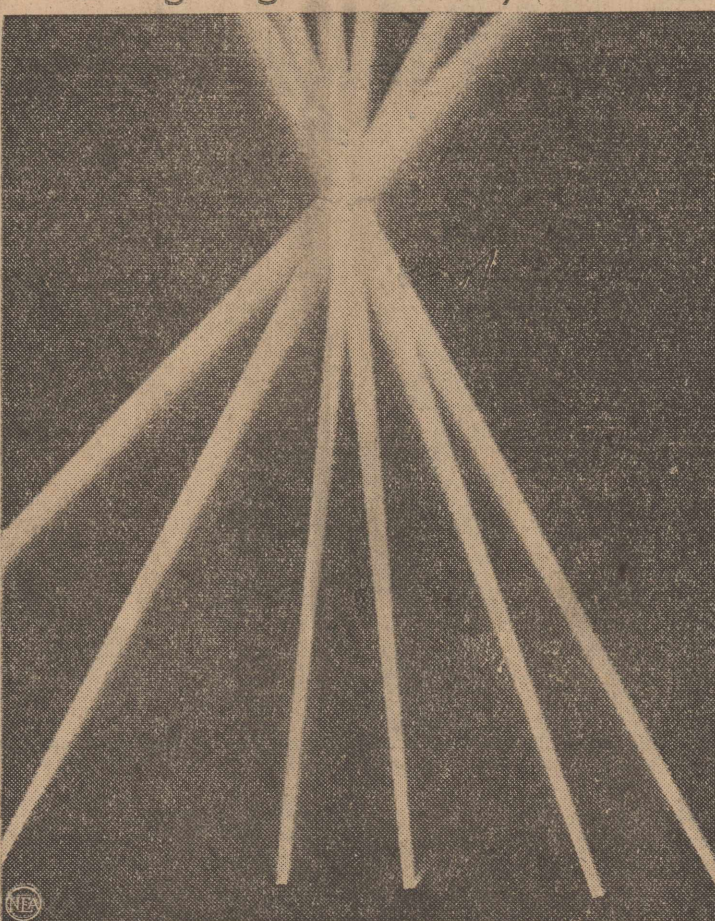

CHICAGO. (AP)—The Interstate Oil Compact Commission adopted Saturday a resolution proposing that all states producing oil and gas enact, in the interest of conservation, separate and distinct laws governing the drilling, production, transportation and marketing of those products.

Other recommendations approved proposed: That a conservation law governing the production of natural gas should have as its object taking gas at its source rather than at a market outlet. That each state should have a ratable taking law, such as is in effect in Kansas, and which provides that when the available production of gas from a common source of supply exceeds the market demand for gas from that source each producer shall take only such proportion as would permit each to produce approximately the amount of gas underlying the land on which the well is located.

Also recommended was the enactment of a common purchaser law providing that anyone purchasing and selling natural gas must purchase all gas offered for sale from a common source of supply and do buying of such as without discrimination against any gas producing field or any person offering gas for sale.

A fifth recommendation, intended as a conservation measure, proposed repeal of all laws giving operators the right to allow their wells to flow open while they determine whether the wells are gas producers or should be drilled deeper for oil.

Lieut. Robert A. Strauch Killed In Airplane Crash

First Lieutenant Robert Ashton Strauch, assistant technical instructor of the Army Air Forces Bombardier School here and son-in-law of Brigadier General Isaiah Davies, commanding general of the Bombardier College, was killed at 8:58 p. m. Friday when the single engine airplane he was piloting crashed 17 miles west of Oklahoma City, near the town of Union.

The flight was being made in connection with a ferrying assignment in which both Lieut. Strauch and Lieut. Barton L. Hunt, assistant operations officer here, were ordered to ferry two airplanes from the Army Air Base at Oklahoma City to Lamesa, Texas.

A board of officers has been appointed to investigate and determine the cause of the accident. Lieutenant Strauch was married last April 4 to Miss Virginia Davies, daughter of Brigadier General and Mrs. Isaiah Davies, in a ceremony which was one of the leading social events of the Midland season and was attended by relatives and friends from many sections of the country.

Won Architecture Honor
The 25 year old officer was the son of Mr. and Mrs. Bernard A. Strauch, of Champaign, Ill. He was graduated from the Urbana, Illinois High School in 1934 and obtained the degree of bachelor and master of science in architecture from the University of Illinois in 1938 and 1939. He began the practice of architecture in 1939 and was the winner of a certificate in the 1940 Beaux Arts Institute competition, one of the most coveted honors in American architecture.

He volunteered for aviation cadet. (Continued on page two)

Airmen From Texas Credited With 13 New Nazi Fighters

By The Associated Press
Fighting airmen from Texas—23 of them—rode flying fortresses which bombed a Nazi airplane plant and airbase in Northern France Friday, and shot down 13 crack German fighting planes to return to English bases without a loss.

They mixed in an air battle which broke out all over the sky before the planes reached their goal, and continued until they were back over the English Channel.

From Texas on the raid were Maj. Martin Crabtree, Decatur; Lieutenants William K. Benson, Sinton; Duke D. Cummings, Luling; Eli C. Jordan, Mason; Guy H. McMurry, Dublin; Frank M. Looney, Paris; James M. Hair, Gatesville; Emmett E. Cook, Fort Worth; Will S. Arnett, Madison; Edward M. Slack, Marfa; Otis E. Allison, Warren; Daniel P. Derrick, Fortson; William H. Red Steppes Resound With Tank Battles

By Richard McMurray
AP War Editor.

The bloody steppes between the Volga and Don resounded Saturday night to a great tank and infantry battle as the Russians pressed mightily down on the left flank of the 450,000 Germans besieging Stalingrad and in that ruined city the Red army painfully and slowly pushed the Germans back.

Indeed the Russian offensive northwest of Stalingrad was declared so effective that the entire German position was imperiled and the Red army was grasping eagerly for the initiative.

The Germans spoke only vaguely of reaching all their objectives—none of them named—and once again repeated their claims that Russian attacks north and south of the Volga industrial center had broken down.

Slow Nazi Drive For Oil
The Russians said the Germans were losing 2,000 to 3,000 men killed at Stalingrad daily. Moreover, the Russians said the German offensive within Stalingrad had been broken in hand-to-hand fighting.

In the Caucasus, the newest German offensive toward the Grozny oil fields already was reported slowing down because the defenders were taking such a heavy toll.

Australian troops on the other side of the world continued their successes in the jungle-clad mountains of New Guinea, rolling the Japanese back to within five of six miles of the crucial pass in the 7,500-foot Owen Stanley Mountains.

Byrnes Is Named As Director Of Economic Stabilization Program

By Richard L. Turner
WASHINGTON (AP)—President Roosevelt ordered wages, salaries, most food prices and all rents tightly stabilized at about their present levels Saturday and appointed Associate Justice James F. Byrnes of the Supreme Court to lead the battle against inflation. Byrnes resigned from the court to assume the post of Director of Economic Stabilization.

Within two hours, Price Administration Leon Henderson, who will work in conjunction with Byrnes, fixed emergency ceiling prices for butter, eggs, poultry and virtually every other previously uncontrolled food item. The order is effective for 60 days, after which a permanent, and probably lower ceiling will be imposed. The prices of such commodities were frozen at their highest level of the last five days—September 28 to October 2.

October 2.

Moreover, Henderson announced, he will take action within three days to control the rents paid for every apartment, residence or other dwelling unit in the country. The White House made public two letters to Henderson directing him to act immediately on both food prices and rents.

Issues Executive Order
At the same time Mr. Roosevelt issued an executive order covering Byrnes' sphere of activity under which:

Wage rates may not rise above the level at which they stood Sept. 15 nor drop below the highest point they reached between Jan. 1 and Sept. 1—unless the War Labor Board approves exceptions to correct gross inequities or to prosecute the war more efficiently.

Salaries of more than \$5,000 annually may not be increased except in the case of promotions to more difficult or responsible work, until Byrnes "determines otherwise." And no salaries may be reduced except to correct gross inequities or to prosecute the war more efficiently.

A qualified limitation of \$25,000 was imposed upon salaries after the payment of taxes. This is to be elastic to the extent that previous insurance commitments and fixed obligations shall be taken into account in applying the limitation.

West Texas Has Lost A Real Man

Midland mourns the loss of an outstanding citizen, Clarence Scharbauer, cattleman, oil man, capitalist, business man and an outstanding civic worker, known not only in his loved West Texas but throughout the state and nation.

His splendid work in West Texas never will be forgotten. It will go down in the pages of history of this vast empire, for Clarence Scharbauer was a builder. He had pride in what he did. He took an interest in everything advanced for the betterment of Midland and West Texas. He was a man of action.

As his fortune expanded, his service to Midland and West Texas expanded. Into scores of businesses, he poured his money and his efforts, always building—building Midland and the great empire of West Texas.

Some persons thought of him as an oil man. Some thought of him as a banker. Others knew him as a hotel man. But he preferred to be known as a rancher. Cattle, horses and sheep were both a hobby and a business with Scharbauer.

He gave of his time freely to persons of humble circumstances just as quickly as he did to financiers, big businessmen and professional men. He was one of the most democratic citizens of our great nation and preferred life in Midland to residence in any other city of the world.

West Texas has lost a true and trusted friend — A BUILDER.

The Draft Problem

If you are confused about the draft, and wish that somebody would make up his mind what is going to be done, then you can sympathize with Washington. The nation's capital is all in a dither as to where we should go from here.

In World War I we pulled some 4,000,000 men into the Army and took another 260,000 men into the Navy.

Before the end of this year, Draft Director Hershey says, we shall have in excess of 4,500,000 soldiers. The Navy and its land-fighting unit, the Marine Corps, are building up toward a goal of two and a half millions. Next year the Army wants enough men to build its aggregate strength up to around ten millions.

That means that by the end of 1943, if all goes well, we hope to have some 12,500,000 men in uniform. Obviously no such organization can be built without upsetting the civilian economy pretty thoroughly.

Up to now Selective Service has found most of its men in what might be called the "dispensable" classification— young, healthy, without dependents who would suffer unduly from absence of a breadwinner.

But we have about reached the bottom of that bin. Selective Service is going to have to begin taking men who are less "dispensable."

The burning question right now is which of two classifications should be drafted first: the 18-19-year olds, the bright-eyed youngsters who have not yet had opportunity to sprout their wings and enjoy the delights of young manhood, or even to complete their educations; or married men upon whom wives and children depend for the very bread they eat.

General Hershey says that from a million to a million and a half men must be taken next year from one group or the other.

Poor Gable

We are sorry for Clark Gable. There is no sarcasm in that remark. It is sincerely offered.

He has given up his enormous income to become a soldier. He seeks, we believe sincerely, to stand on his own feet as a man in the United States Army.

But the girls won't give him a chance. They have besieged him so, in Miami, Fla., that his living quarters had to be moved to a less accessible location.

It's all right to get a little thrill out of the lovemaking of an actor, but women in Miami are making fools of themselves. Says the Tampa Times:

"It is no wonder that some public figures are occasionally ill-tempered when they encounter idiotic women of the type that would hang around soldiers' barracks."

Scharbauer-

(Continued from page one)

from Midland. For years he was vice president and general manager of the famous cattle company and he became president last year following the death of John Scharbauer. He loved the cattle country. From boyhood, the cattle business with its life on the ranges held his interest. He didn't even maintain a desk in offices of his businesses.

Always actively interested in everything which would make Midland a better place in which to live, Scharbauer gave freely of his time and wealth for the betterment of the community. A man of action and vision, he was definitely interested in the building of West Texas, knowing that what was best for this great empire was best for Midland.

Aided Army Officials
When Army officials desired to locate the Air Forces Bombardier School at Midland, Scharbauer land was selected. Scharbauer said he had no desire to sell a foot of the land, but that if the United States Army wanted it, it could have it. Since, then the Army has acquired more of the land as the school increased in size. He worked closely with Army officials and Midland civic leaders to aid the Army in every way to establish the big training school as quickly as possible.

Perhaps his last appearance in public was September 13 when he attended the world's championship calf roping at the Midland Rodeo. Ill at the time, he remained in his automobile but enjoyed events on the program. As head of the Midland Rodeo since its organization, he aided in building it into one of the major western attractions of the world.

He was instrumental in arranging the calf roping event and western program last month for the entertainment of soldiers at the Bombardier College.

In August, Scharbauer went to Rochester, Minn., for medical treatment. Enroute home, he became ill in Fort Worth and remained in a hospital there for several days before returning to Midland.

Aided Many Businesses
Into scores of businesses he put his fortune and efforts, but he preferred to be known as a rancher and the cowmen always were his friends.

Many a man of the range had damp eyes Friday when news of Scharbauer's death spread through the city he loved and aided in building.

His body has been forwarded from Oklahoma City to Champaign, Illinois for funeral services and interment.

Yankees Shut Out For First Time Since 1926 Series

By Judson Bailey
YANKEE STADIUM. (AP)—The slashing speeding St. Louis Cardinals tore into the New York Yankees again Saturday for a 2 to 0 victory behind the magnificent pitching of Lefty Grove. White who shut out the mighty sluggers for the first time in a World Series since 1926 and put the Redbirds ahead two games to one in the current classic.

While the largest crowd in World Series history, 69,123, sat stunned by the sight of the Bronx Bombers being smothered, and then later welled up into great cheers for the spectacular fielding of the visiting National Leaguers, the Cardinals took control with a run off Spud Chandler in the third inning and scored another off Mavy Brewer in the ninth after Chandler had been removed for a pinch hitter.

Bewildered Yankees
 It was a stormy struggle with the beleaguered and possibly bewildered Yankees arguing time after time with umpires on close decisions at the bases on balls and strikes at the plate and on the fact that pitcher White early in the game was getting his signals from catcher Walker Cooper before stepping onto the rubber.

Although the two teams transferred the series scene from St. Louis here Saturday all evening, the Cardinals, the pressure throughout the contest was definitely on the Yankees and the Redbirds kept pouring it on.

Their victory, besides being the first whitewashing administered to the Yankees since Jess Haines pitched a 4 to 0 shutout for the 1926 Cardinals, also was the first time since that year that New York had trailed in a World Series except for the temporary advantage Carl Hubbell gave the Giants by winning the opening game in 1936.

San Angelo Hammers Bulldog's Line To Roll Up 33-7 Score Friday Night

Consistently hammering at the forward wall for long gains, San Angelo's Bobcats rolled up a 33 to 7 victory over the Midland Bulldogs Friday night at Lackey Field.

The Bobcats came to Midland with a reputation of having an exceptionally strong line from tackle to tackle and they proved it as they tore wide holes for their hard running backs.

Rathbone, Tuff and Maddox shared the ball carrying assignments for the Bobcats with Rathbone proving to be a most polished field runner.

Bulldog Passing Best
 The Bulldogs were outclassed in all departments of play and resorted to a kicking game throughout most of the contest, except for spurts of a passing attack which began clicking in the second half.

Rathbone, Bobcat back, was taken from the game late in the first half with a lung congestion and sent to the hospital. He reported back to the field before the game was over. McMillan, Bulldogs left guard, received a lip cut early in the game which required medical attention and kept him from returning to the game.

Two Regulars Out
 Midland was weakened by the absence of two regulars in the backfield. Billy Joe Stickney injured an ankle earlier in the week in practice. Just before game time, Marshall Whitmire developed a fever and high pulse rate and the team physician would not allow him to play.

San Angelo opened the scoring late in the first quarter when Jones, Bobcat right halfback, got behind the Bulldog secondary and took a 24-yard pass from Rathbone.

The first time Midland punted to San Angelo in the second quarter, Rathbone tucked the ball in and ran 75 yards through the entire Bulldog team. He duplicated in kind a few minutes later with a 72 yard jaunt to pay dirt. San Angelo's last score of the first half came when Jones intercepted a Midland pass on Midland's 34.

Score on Shovel Pass
 Midland kicked off to San Angelo to start the second half and on the third play, Tuff scampered 41 yards off left tackle.

Both teams battled without scoring for the rest of the second half. Midland's only score came on a short shovel pass, Richards to Hall, who reversed his field and scored in the end zone corner.

Midland rolled up 10 first downs, mostly on a passing game, to San Angelo's 7. The point which reflected in the team scoring was yards gained rushing, San Angelo having 290 compared to Midland's 76.

The game was played on a field damp from a short heavy shower just before game time.

Nix Sparks TCU To Win Over Arkansas

FORT WORTH. (AP)—Emery Nix carried Texas Christian University to a 13-6 victory over Arkansas in the opening game of the Southwest Conference football race Saturday, running and passing the Frogs to a dramatic touchdown in the final minutes.

Northwestern Nips Texas With Field Goal

EVANSTON, Ill. (AP)—Texas and Northwestern checked each other's offensive for more than three periods in Dyche Stadium Saturday, but Al Pick, reserve Northwestern guard, kicked a field goal from the 19 yard line midway in the last quarter to give the Wildcats a 3 to 0 decision before 43,000 screaming fans.

HASSETT OUT OF SERIES WITH A BROKEN THUMB

YANKEE STADIUM, New York. (AP)—X-ray pictures showed a fracture of the left thumb of Buddy Hassett, the New York Yankees' first baseman, it was announced after the World Series game Saturday with the St. Louis Cardinals.

Hassett was hit on the thumb by a pitch while trying to bunt in the first inning.

ABILENE TIES 7-7 WITH BRECKENRIDGE

ABILENE.—Abilene High School's footballers battled from behind in the third period Friday night to tie the Breckenridge Buckaroos, 7-7, then mustered up two goal line blockades in the dying minutes of the game to keep the score deadlocked.

Six Arrests Follow Work Or Fight Order

The work or fight program for able bodied men of Midland County is producing results.

T. D. Kimbrough, assistant county attorney who announced that idle men must go to work to aid the war program, said six vagrancy complaints had been filed by his office.

On promises from the men that they would obtain jobs and stay with them, sentences were held at a minimum, \$1 and costs, and to date all who have been brought into court have stuck to their new jobs.

The complaints were filed under terms of the vagrancy law.

"In view of our war effort, and the need for every able bodied man to either work or fight," Kimbrough said, "it is the patriotic duty of every American citizen to work whether or not the job is agreeable. Midland County farmers and ranchers still are faced with a shortage of workers."

City and County officers are co-operating with Kimbrough in the campaign.

BROWNFIELD DOWNS COLORADO CITY

COLORADO CITY.—Scoring at least once in every quarter, the Brownfield Cubs plowed under the Colorado City Wolves, 53 to 0, here Friday night.

Not once did the Wolves threaten the goal line of the visitors, who are making their debut in Class AA competition this season.

ODESSA BEATS LAMESA

ODESSA.—Odessa's Bronchos captured their opening District 3AA football game here Friday night by beating the Lamesa Tornados, 28-0.

The game was played on a field heavy from rain and the Bronchos didn't open up with their vaunted passing attack.

MONAHANS WINS

MONAHANS.—Pass pitching Bob Haynes paced the Monahans Green Wave to a 46-0 victory over Seagraves here Friday night. Monahans led in first downs, 16-7.

Congratulations to:

Mr. and Mrs. Claude Gasple of Stanton on the birth of a daughter, Helen Marie, in a Midland hospital Saturday.

Well, There's No Harm In Trying

WASHINGTON. (AP)—Rookie Policeman A. J. Costello charged James Butler with resisting arrest on a speeding charge. Butler testified that, far from resisting arrest, he even directed Costello to the nearest precinct station when the officer became confused.

Costello denied it. "All right, then," said Butler's attorney, "if you're so sure of precinct locations, suppose you tell us where Precinct 14 is located." Costello hemmed and hawed and finally told the court he "hadn't got that far in the book yet."

Everybody in court howled with laughter. "There isn't any Precinct 14 in Washington. The jury admonished several times to stop laughing, didn't have to leave the box to find Butler not guilty."

Whirlaway Gets Back Horse Laugh At Alsab

NEW YORK. (AP)—Whirlaway had his horse laugh on the Alsab cheering and chowder society Saturday.

Getting revenge for the half-nose defeat he was handed by Alsab in their match race two weeks ago, little Mr. Big Tail trounced the Sab by three quarters of a length in the 23rd running of the Jockey Club Gold Cup at Belmont Park, picked up an \$18,350 pay check and became the first horse in all turf history to win more than a million dollars.

Pitt Panthers Humble Southern Methodist 20-7

PITTSBURGH. (AP)—Pitt's Golden Panthers, flashing the old Pitt power at times, surprised even Panther partisans by trouncing SMU 20-7 Saturday before a crowd of but 15,000.

Sparked by Bill Dutton, a piston-legged halfback, the Panthers took the play from the favored Mustangs almost completely. They scored in the first three minutes and clinched the decision with a two-touchdown explosion in the third quarter.

LAST QUARTER DRIVE BRINGS RICE VICTORY

HOUSTON. (AP)—The Rice Owls in a furious last-quarter offensive scored two touchdowns which gave them a 27-14 victory over powerful Louisiana State Saturday.

 troops which arrived on the field some time ago.

More Barracks Built
 The new officer's cafeteria has been in operation three weeks, and new barracks for officers are almost ready for occupancy.

Barracks have also been constructed for another school squadron.

Utility, yard and shop expansion also has been carried out in ratio to the building program. The post engineering office already has occupied larger quarters, while carpenter, plumbing, electric, paint, sheet metal and auto repair shops as well as warehouses and equipment sheds have been completed.

More Medical Buildings
 An additional ward and barracks give the medical detachment necessary facilities in the expansion. Enlarged automotive facilities such as wash and grease rack structures are also finished and in use.

Three large buildings which will be used for student training have not yet been completed, it was said, but work is proceeding satisfactorily. These will release additional hangar space along the flying line for airplane maintenance.

Other phases of the expansion program, such as a dust control plan, clearing of land, grubbing, and grading are also in progress.

McCAMEY WINS FROM FORT STOCKTON ELEVEN

MCCAMEY.—McCamey's Badgers scored three touchdowns in the first half here Friday night and then coasted along to defeat the Fort Stockton Panthers 18 to 2 in a game that was ended by moisture.

Mrs. D. E. Payne of Carlsbad, N. M., returned home Friday after spending the last week with her mother, Mrs. D. A. Wall, and sister, Mrs. Yates Brown and family.

Texas Aggies Down Tech Raiders 19-0

COLLEGE STATION. (AP)—The mighty Texas Aggies, humiliated by defeat last week at the hands of Louisiana State, surged back Saturday with a three-touchdown attack in the first half and then coasted in with a 19 to 0 victory over the Texas Tech Red Raiders.

British Asked To Darn As A Weapon Of War

LONDON. (AP)—New and vital weapon of war is the darning needle. The Board of Trade is appealing to all women to economize on clothing coupons by using darning and mending needles as much as possible.

SWEETWATER WINNER
 SWEETWATER.—Graham fought stubbornly to hold a 7-6 lead enjoyed at the half in Friday night's game with the Mustangs but succumbed to a vigorous ground and passing attack by Sweetwater in the last half, the Mustangs winning 27-7.

During the World War I, "underground newspapers" published in Belgium proved one of the most important factors in fostering opposition to the German occupation.

McKENNEY ON BRIDGE

By William E. McKenney
America's Card Authority

In pair events the runner-up position is the most pathetic, because you realize the opportunities you missed to win. But in the knockout team-of-four, the runner-up position is an enviable one. You had to go through the field, knocking out team after team, and even though you lose in the final round, you still feel that you accomplished a lot. The team of E. N. Marcus and Charles Harvey of Boston, Jay Feig of Brooklyn and Sam Katz of Newark, could well be proud of

their record of finishing runners-up in the world championship Masters team-of-four contest.

Marcus, president of the Cavendish Club of Boston, is a veteran tournament player and certainly did all he could on today's hand to pull his teammates toward victory.

On the first lead (Marcus North) won the king of spades with the ace. He cashed the ace and king of trumps, then led the ten of diamonds and let it ride when East did not cover. Next he cashed the queen of spades, the ace and king of diamonds, discarding his spade, and ruffed out dummy's last spade. Then he led a trump, and the defenders found that they could win only one club trick.

These Squirrels Feel War's Food Shortages

BEAR MOUNTAIN, N. Y. (AP)—Birds, squirrels and chipmunks of Bear Mountain State Park are suffering food shortages because of the war.

Thousands of additional tourists from New York City have visited the park this year. Travel restrictions caused them to come here rather than more remote places.

The visitors tramp through deserted orchards, eating apples and peaches that ordinarily form a major part of the bird and squirrel diets.

Jumper Costume

You're reminded of little Lord Fauntleroy by this picturesque jumper outfit... especially if you will make the slim fitting jumper of velveteen or light wool crepe and the blouse with its ruffled collar of sheer white cotton. It is easy to hop into this outfit, too. Both blouse and jumper button down the front.

Pattern No. 8270 is in sizes 4, 6, 8, 10 and 12 years. Size 6 years jumper requires 2 1/2 yards 39-inch material, blouse 1 1/2 yards.

For this attractive pattern, send 15c in coin, your name, address, pattern number and size to The Reporter-Telegram Today's Pattern Service, 211 W Wacker Drive, Chicago.

But Madam—Don't You Like Anybody?

ST. JOSEPH, Mo. (AP)—A lady with a glint in her eye and an out-thrust jaw went into an Eighth Ward polling place and demanded a ballot. With vigor she scratched out every name on it. "I wanted the satisfaction of voting against every one of them," she said as she slammed the door after her.

He Finds Wasps Burn And So Do House Roofs

LEAVENWORTH, Kas. — Harry Coblets squeezed into the attic to destroy some wasp nests by using blazing rags on the end of a stick. The nests ignited. Coblets started for a bucket of water but he wedged into the attic opening. By the time firemen arrived they found the wasps destroyed—along with part of the roof.

Eddy County Field Activity Leads Southeast New Mexico Development

HOBBES, N. M.—Activity in the Square Lake and Grayburg-Jackson districts of Eddy County paced the week's developments in Southeast New Mexico.

The Grayburg-Jackson pool gained three starts and a new producer. Roland Woolley staked No. 2-A Arnold 1980 feet from the north and east lines of section 26-17s-30e. Skelly Oil Company located No. 1 Beulah V. Lynch 1980 feet from the north and 660 feet from the east line of section 27-17s-30e. Western Production Company is starting No. 5-C Burch 660 feet out of the southeast corner of section 19-17s-30e.

Aston & Fair No. 2-I Arnold Grayburg-Jackson producer in section 26-17s-30e, flowed 60 barrels of oil in two hours through 2-inch tubing set at 3172 feet. It topped pay at 3172 feet, drilled to 3250 feet in lime and was shot with 200 quarts of nitro.

Three more producers were credited to the Square Lake pool. The largest of the trio, Barney Cockburn No. 8 State, section 36-16s-30e, flowed 90 barrels in eight hours through open 2-inch tubing hung at 2722 feet after a 120-quart shot from 2953 to 2982 feet. It logged first pay at 2955 feet and is bottomed at 3025 feet in lime.

The same operator's No. 12 Etz, section 35-16s-30e, flowed 85 barrels in 12 hours through open tubing upon completion at 3204 feet. It first was shot with 100 quarts from 3035 feet to bottom, then re-shot with another 100 quarts from 2984 to 3035 feet. Pay top was called at 3030 feet.

Evarts Drilling Company No. 5 Grier, section 31-16s-31e, was gauged at daily flow of 13 barrels through open 2-inch tubing set at 3166 feet with packer at 2840 feet. It entered pay at 3229 feet, reached total depth of 3256 feet and was shot with 180 quarts from 3150 feet to bottom.

A wildcat test three miles north of the Square Lake pool, Premier Petroleum Corporation No. 1 Mrs. Laura C. Stablein, is drilling below 1.225 feet in anhydrite. Base of salt

SERIAL STORY OF BRIGHTNESS GONE BY HOLLY WATTERSON

CHAPTER XXI
VANISHED DREAM

CANDACE was lucky enough to find Dr. Patterson in his office. He pushed forward a chair for her. "How are you, Miss Bech? What can I do for you?"

She said directly, unwilling to waste any of his time, "Dr. Patterson, I've come to ask you please to take me off the Harper case."

He groaned. "Not you too, Miss Bech," he begged ruefully. "I trusted you to see me through this, even though all the others fell by the wayside. You've managed worse patients for me before. You really mean you're giving up on this one?"

Candace said, "Yes," firmly. "I'm sorry, Doctor." Dr. Patterson sighed. "You mean it, I see. Whatever is the matter with all you big strong girls that you can't manage a frail old woman?"

She saw that his eyes were twinkling. She said, "I can manage her all right, but there's—there's a complication, Dr. Patterson. That grandson of Mrs. Harper's. He's—he's—" Indignation choked her. "He's been sending me things right along—to the place where I live, though I don't know how ever he learned where it is—boxes of flowers that I threw out until I decided that was just wasteful since he wouldn't know whether I'd thrown them out or not, tons of candy, and, lately, clothes. Intimate things. I've had the nuisance of sending them back—"

"His approach is pretty bad, eh?" Dr. Patterson asked gravely. But he was amused, she saw. It wasn't funny. She said with distaste, "Yesterday afternoon when I went off duty the Harper chauffeur was waiting for me. Mrs. Harper sometimes sends me on errands in the car and I thought it was something like that, something she'd forgotten to mention to me. I started to get in the car. 'Where to?' I asked Jackson. He was grinning. 'That's up to you, Miss, this year is your cah.' I noticed the initials on the car then, 'C. B.' Jackson didn't seem to see anything odd about

the affair; Mr. Duffy had sent him, he said, and I gathered that sort of thing happens quite often."

DR. PATTERSON threw back his head and laughed. A great hearty bellow that threatened to choke him. "It's not amusing to me, Dr. Patterson," she protested stiffly. He sobered gradually. "No, I know it isn't," he admitted contently. "But I've seen the boy; and the thought of that pin-feathered youth, with the approach of an old roue!" He threatened to go off again. "You'll admit that part of it's funny, won't you?"

Candace felt herself relaxing a bit. "I suppose it is, sir." She held out the box to him. "He slipped this in my pocket just now. I left word at the house that all packages are to be refused so now he's doing it this way. I wish you'd open it, Dr. Patterson, and then return it to him for me."

It was from a jeweler, all right. The jeweled clip winking up at him from its box made Dr. Patterson whistle. "You see what I mean," Candace said. "I do indeed."

"If he'd only use some sense," Candace said, exasperated. "If only he'd pick on a different type of girl. Or a younger girl—" "You're how old now?" Dr. Patterson asked. "Almost 24, sir."

Dr. Patterson nodded gravely. "Elderly. Very elderly." He sat back in his chair to consider her. "Man trouble," he said, "the minute you get out from under the wing of that big cousin of yours. The minute he lets you out of his sight." He chuckled. "He doesn't get much time these days to check on you, does he? Between his work, and making plans to get married?"

Married! Peter planning to be married? Shock and surprise made her feel stupid. She said after a minute, lamely, "I don't see Peter very often. As you say, he's pretty busy."

Dr. Patterson felt from her expression that he had unwittingly betrayed a secret. He said, embarrassed, "That's right, you wouldn't see him often, would you? Most of the patients he would see are special. He has a lot of the people from down in the Hollow, I hear. He's a fool. But a glorious fool. The world would be a finer place if there were more like him."

He rose briskly. "I'll talk to SHE came away from there thoughtfully. So Peter was going to be married! She wondered where, in his frantic rushing between Clinic and the Hollow, he could have found time to meet a girl, to fall in love. Peter wouldn't have sense enough to marry a girl who would help him with money or connections, he'd love some hard-working nurse probably, someone as poor as himself.

What was it Dr. Patterson had called him? "A glorious fool." That described him exactly. They'd marry, her thoughts ran on, and his wife would scrimp and scrape while Peter slaved down in the Hollow and other less able men walked off with the plums of easy, well-paying cases; but they'd be happy working together, they'd be in love.

Students Get Gold Stars At Meeting Robyn Music Club

At the initial meeting of the Robyn Music Club at the Watson School of Music, Nadine Clements and Mary Dell Dillon presided at the attendance card when twenty-five students of the school were awarded gold stars for being promptly present.

The new officers, Patsy Riley, president; Patsy Chariton, vice-president, and Rita Jo Sturkie, secretary, presided at the meeting. Students responded to roll call by giving a musical term and its definition. Birthday greetings were given Nadine Clements.

Following the business session a violin solo, "Marilyn, My Marilyn" was presented by Juanita Jones. Glenda McNeal presented a piano solo, "Ring Sweet Bells" by Birbro, Dorothy Preston, a piano solo, "Mazurka" by Chopin, and Patsy and Peggy Riley, a violin and piano number, "Ah, I Have Sighed to Rest Thee" from "Il Trovatore". "Aida March" by Verdi, a piano number, was presented by Norma Jean Hubbard.

The group discussed the Federation of Music Clubs to be held in Odessa Oct. 17. The Robyn Music Club will present three selections at the federation.

Civic Theater Will Meet At Courthouse

Details of organization and membership of the Midland Civic Theater will be discussed at its regular monthly meeting Monday evening at 8 o'clock in the county courtroom.

Plans for the forthcoming membership drive will be arranged at the meeting, and plans for an open house to acquaint men in service with members of the local dramatic group will be discussed.

The program for the evening, under the supervision of Mrs. Susie G. Noble, will be a pantomime presented by the high school dramatic interpretation class under the direction of Steve Briggs, high school speech teacher. A theatrical quiz, which will be open to those present, will follow the program. Winners of the contest will receive prizes.

More Stenographic Positions Are Open

A new examination for all stenographer and typist positions in federal service in Louisiana and Texas, as well as Washington, D. C., was announced Saturday by Frank A. Smith, secretary of the U. S. Civil Service examiners board here.

The positions to be filled the junior stenographer, \$1440 a year; senior stenographer, \$1620; junior typist, \$1260; and senior typist, "Washington only", \$1440.

Applications for the Washington positions must be at least 17 1/2 years old. Dictation must be taken at the rate of 50 words per minute to qualify for the junior stenographer position, and typists must be able to type at least 35 to 40 correct words per minute.

The field examination for Louisiana and Texas is open to both men and women, with 16 years as the minimum. Applications are not desired from any person engaged in war work, unless the position for which they are applying will employ higher skills than their former position. Full information and application forms for the examination may be obtained at the post office.

If you're tired of taking it... DISH IT OUT WITH THE NAVY

Let's give the Japs their half of the ocean—the bottom half! Talking won't stop the Japs. These Navy guns will! But they need men to man them—red-blooded Americans from 17 to 50 who aren't going to let any Nazi or Jap tell them where to get off. Read this message and find out what you can do about it—right now!

WE'RE GETTING the ships. We're getting the planes. We're getting the guns. What we need now is some more red-blooded men.

All over the world Navy men—Americans just like you—are performing the sort of deeds that make history, deeds that make you proud to be their countrymen. They're out there day and night—on the Atlantic, on the Pacific. They're fighting for you—for your home, your family, your freedom, your country. They need your help. How about it? Are you going to stand by and let them do your fighting for you... or are you going to jump in and help them finish this job of cleaning up the Nazis and Japs?

Sooner or later, you're going to be in this war. So why not be fair to yourself? Why not look into the Navy now? Get the facts so you can

make up your mind while you still have the chance to choose.

The Navy offers you a man-size job that carries a man's reward. It offers you a rugged, healthy, outdoor life. It offers you action, adventure, travel. It offers you the chance of a lifetime to become an expert in the trade of your choice.

Free training in a trade

Radio, aviation, electricity, engineering—these are but a few of 49 skilled trades in which the Navy may give you free training. Training that will fit you to do a better fighting job right now—fit you to land a better peacetime job later.

You get good pay in the Navy. Your first increase comes in approximately two months, upon completion of recruit training. By the end of your first enlistment, you can be making up to \$138 a

month, plus allowances. Promotion is rapid. More than 50% of Navy men are Petty Officers. You can be one of them!

The Navy gives you \$133 worth of uniforms, three good meals a day, clean, comfortable quarters, the finest of medical and dental care—all free. And it gives you responsibility. You play an important part on a team where every man is important.

If you are 17 to 50 and in normal health, don't waste another day. Choose while there is still time. Have a friendly talk with your nearest Navy Recruiting Officer at once. Ask him for your copy of the book that tells the whole exciting story—"Men Make the Navy." And then join the thousands who have stopped talking about it and have started to do their part to keep America free.

Area OPA Clinic Held In Midland

Appealing to businessmen to study and abide by OPA regulations, Tom Murray, senior price and merchandising specialist of the OPA regional office at Dallas, conducted a special OPA clinic at Hotel Scharbauer here Friday afternoon.

The clinic was sponsored by the Midland Chamber of Commerce and the Midland County War Price and Ration Board, in cooperation with the Vocational Business Education Division of the State Department of Education. Bill Dupree, representative of the Department of Education, accompanied the OPA official to Midland.

Private conferences for those needing assistance on price ceiling regulations were held, followed by a general meeting which was attended by approximately 75 persons from Stanton, Odessa and Midland. Addison Wadley, administrator of the Midland County War Price and Ration Board, presided at the meeting.

Enforcement Starts

Stating the "honeymoon" now is over, Murray informed his listeners it is now time for enforcement. He said the OPA regulation does have teeth and will be enforced.

Murray discussed the necessity of price control and explained how the plan operates. He compared present prices with inflationary prices during World War I.

New regulations covering firms supplying services were discussed in detail, along with the general maximum price regulation. The meeting was informal.

Oklahoma Chivalry In Reverse Action

TULSA, Okla. (AP)—Every evening a couple of middle-aged businessmen walked several blocks beyond the principal setting-on stations so they could board a bus ahead of the crowds. Once in their choice seats, they conversed earnestly, avoiding glances at the women standees. But the women concocted a plot. They walked a few blocks beyond where the men boarded the bus, then when the two businessmen got on the women arose, tapped them on the shoulders and offered them seats. The fellows declined but the women persisted in standing beside them throughout the homeward journey.

Headed For War--Or Something

"OR SOMETHING" MEANS NEW "ESCAPIST" BONNETS IN STYLE SHOW WITH WAR WORKERS' HATS

By NEA Service

These are the times when a girl has a frightful yen to "get away from it all," and no one knows it better than Lilly Dache, the modiste famed for the style-setting whimsicality of her always original hats. But Lilly also knows that thousands of women are engaged in deadly serious war work. So Lilly smartly divided her new winter collection into two parts—a group of "Escapist" bonnets and a series of good-looking and very practical hats for women in war factories. Some of them are pictured here. Typical of the "have-fun" escapist conceptions are the two above.

The "Victorian Topknot," left, is compounded of mauve pink felt, trimmed with coiled velvet fuselia, topped with blue, pink and black birds' breasts and finished with eyebrow tickling fringe in blue.

Get it? Next "hat" is an evening topknot of real hair (that matches your own) garnished with beads, little jewels and ribbons. Down-to-earth is the head-covering at right. Designed for aircraft plant workers, it is of non-inflammable plastic that hugs the head with a safety-first smoothness. The tightly woven snood imprisons stray wisps that might get caught in a machine.

First Baptist WMU Series Of Meetings Close

The last of a series of WMU week of prayer meetings for Baptist state missions at the First Baptist Church was held Friday with several talks on the subject, "Mission Challenges."

The program was opened with a song, "Oh Zion Haste," led by Mrs. Charles Ward. Mrs. Vernon Yearby was at the piano. Mrs. R. O. Collins led the prayer. The devotional was given by Mrs. C. M. Dunagan.

Mrs. S. M. Erskine discussed "The Rural Church Problem," Mrs. J. R. Wright, "Defense Workers," and Mrs. H. S. Collings, "Other Groups of Foreigners."

A collection was taken for state missions, and the meeting was closed with a song, "Onward Christian Soldiers." The meeting then adjourned to the young people's department where the Buckner Orphan's Home luncheon was held with Mrs. Bob Preston in charge.

The tables for the luncheon were laid in "V"-shape with American and Christian flags for decoration. Dahlias decorated the room.

Reports Are Read
 After the group sang "Star Spangled Banner," "God Save the King," and "Onward Christian Soldiers," a reading was given by Mrs. L. L. Beville. Mrs. Ray Hyatt gave a talk on her trip to Buckner Orphan Home.

Mrs. Collins was in charge of the business session where the following chairmen made quarterly reports: Mmes. W. L. Simmons, educational chairman; S. L. Alexander, service chairman; Bob Preston, benevolence chairman; S. M. Erskine, missions chairman; and Bill Epley, periodicals chairman.

Those present included Mmes. Collins, Alexander, J. R. Wright, A. W. Wyatt, Charles Ward, Leon Amett, R. D. Monkress, C. W. Ramsey, Fred Wycoff, Wren, Brunson, W. L. Simmons, Bob Preston, C. M. Dunagan, B. C. Girdley, J. M. White, E. W. Cowden, O. R. Phillips, George Grant, Ray Hyatt, L. L. Beville, W. H. Hall, George Phillips, Frank Monroe, J. B. Ellis, Russell Howard, J. F. Garber, J. C. Dunagan, R. O. Walker, Boyd of Houston and Erskine.

Miss Kidwell And H. G. Phillips Are Married Saturday Evening

Bride Of Officer

Miss Boerne Kidwell, daughter of Mr. and Mrs. O. L. Kidwell, 805 East California Street, and Corporal Harvey G. Phillips, son of Mrs. Minnie McCuin of Houston, were married at the home of the bride's parents Saturday evening. The Rev. Vernon Yearby performed the double ring ceremony.

The altar and home were decorated with gladioli and chrysanthemums.

The bride, who was given in marriage by her father, wore a blue suit with a blue off-the-face felt hat to match. Her accessories were black and she carried white gloves. Her corsage was of white orchids tied with silver ribbons.

She had as her attendant, Miss Louise Whitson, who wore a gold wool-jersey dress with a black felt hat, and black and green accessories to match. Her corsage was of gardenias. She carried out the old tradition of something old, something new, something borrowed and something blue.

Sgt. James C. Liles of Paris, Texas, who is stationed at the Army Air Forces Bombardier School here, served as best man.

Reception Is Held
 The bride graduated from Odessa High School and is employed at the Southwestern Bell Telephone Company.

The bridegroom was graduated from Sheppard High School at Houston. He is stationed at the Army Air Forces Bombardier School here.

Immediately following the wedding a reception was held at the home of the bride's parents. Mrs. Pad Kidwell poured punch and Mrs. Milton Kidwell served the wedding cake after it had been cut by the bride and groom.

The table was laid with an English lace table cloth. A bouquet of rosebuds formed the centerpiece.

Those attending the wedding besides the parents and attendants of the couple included, Sgt. Paul Flaughner of Big Spring Flying School, Corporal Tommy Boston, Sgt. Frank T. Aiguier, Jr., Evans B. Day, Mal Kidwell, Misses Maudie Reising, Sue Lewis, Marguerite Lee, Venoy Parr and Eva Barton.

The couple will reside at 421 West Missouri.

Bulldogs Meet Mustangs Oct. 9 In Sweetwater

The Sweetwater Mustangs, winners of two non-district games are the bulldogs' next opponents in a game to be played at Sweetwater Oct. 9. The Mustangs, having beaten Mineral Wells, 58-0, and Brownwood, 33-0, are the favored team to win the district again this year.

Seniors Discuss Plans For Catoico

The possibility of having a Catoico this year was the topic of discussion at the seniors' second meeting Tuesday. Superintendent George A. Heath, Principal Frank Monroe, Miss Ruth Carden and Miss Ethel Harkins presented their views. Several members of the senior class also gave their opinions.

The above students are responsible for the publication of the "Bulldog," weekly school news publication of Midland High School. Left to right, they are: Martha Jane Preston, exchange editor; Billy Walker, associate editor; Norma Jean Stice, editor-in-chief; Dick Banks, sports editor; and Kathryn Hanks, associate editor.

Teachers Choose Helpers To Aid In Scrap Drive

Advisory rooms completed organization Thursday for the city-wide scrap drive Monday afternoon. Teachers were appointed captains by Principal Frank Monroe and they appointed lieutenants, sergeants and corporals from advisory groups to aid them. The city has been divided into seventeen districts, each advisory group having one district. Monroe stated that he hoped the students would gather the scrap as quickly and systematically as possible.

Music Corner

The Junior Civic Music Club organized Monday. The numerous musical organizations of the school, under the supervision of Mrs. De Lo Douglas, have begun work on new songs. The girls quartet is working on "Battle of Jericho" and "Rosita". The boys quartet is singing "Drink to Me Only With Thine Eyes" and "El Capitan March". The trio is working on "Villa" and "Pep Song", and the Choral Club is learning "Sancta Maria" and "Snow".

To Present Program

Earl Lockman, international famed escape artist and noted American magician, will appear in the High School auditorium Wednesday, Oct. 7, at 2 o'clock according to an announcement by Principal Frank Monroe.

Girls Remodel Old Dresses To Help Save For Defense

The second year clothing girls are now remodeling garments, Miss Jeanne Logan, clothing director, stated. The girls are taking old garments and making new blouses, sleeves, collars, or what ever is needed to make a new garment for sister, mother, or themselves. These made-over garments are now quite a fad and are also patriotic. Many prominent people have asked that everybody wear old and made-over clothes. Two of the girls have taken old costumes and are now making attractive broom stick skirts and blouses.

Q.V.V. Meets With Shirley Culbertson

The Q. V. V. Club met last week at the home of Shirley Culbertson. The club voted to meet twice a month. Refreshments were served to the following members: Ann Ulmer, Mary Ellen Midkiff, Phoebe Lewis, Billy Ann Hill, Mary Ruth Bizzell, Joan Stanley, Cecilia Long, Ann Porterfield, Orilla Osborne, Helen Jean Russell, Mickey Joan McDonnell, Ellen Eastham, and three pledges: Marjorie Barron, Betsy Nolan and Montia Jo Glass.

During Lockman's numerous world travels and experiences he has acquired the world's most formidable collection of handcuffs and legions. Some of these date back to medieval times. In later years Lockman became acquainted with Harry Houdini and Joseph Kolar. This association meant much to Lockman as an escape artist. Bound and tied—by a committee from the audience—with ropes, locks, chains and regulation handcuffs, Lockman will quickly free himself. Mail bags, strait jackets and restraints of all kinds are used to prove "Locks Don't Lock Lockman."

Fire-Prevention Scheduled This Week

Fire Prevention Week is scheduled for October 4-10, according to a proclamation by Governor Coke Stevenson. Texans are being urged to be more observant of fires, since the restoring of fire damages will be a serious matter during the war. Sophomore and senior English students will make posters and write themes in class this week on the subject of fires.

Stice Heads Bulldog For The Coming Year

Norma Jean Stice has been chosen editor of the "Bulldog" for the year. Others selected for the staff are: associate editors, Billie Walker and Kathryn Hanks; exchange editor, Martha Preston; and sports editor, Dick Banks.

This staff was chosen last Tuesday by the sponsor, Miss Ruth Carden, who stated that she had a difficult job making the choice and had to limit her selection by the qualifications of grades, ability, and reliability. Week before last, the members of the journalism class "tried-out" for positions on the staff. Reporters and typists are: Mary Frances Carter, Betty Lou Ward, Eddy Cooke, Christine Martin, Melba Tingle, and Nadine Harris. Several of the students have had previous newspaper experience. Martha Jane Preston and Kathryn Hanks were members of the Press Club last year. Dick Banks worked on a paper at Brownfield before moving here, and Eddy Cooke was sports editor of the "Lions Roar" at Ozona.

News Of Former Midland Students

Mary Lee Snider is attending Howard Payne College in Brownwood. Hugh Corrigan, a student in Texas Tech, spent last week-end in Midland. Virginia Lands, former Midland student, who has been in a Dallas hospital for the last few weeks, is reported to be slightly improved. Harold Chancellor, former editor of "The Bulldog," is news and feature writer on "The Pup Tent," published by students of New Mexico Military Institute at Roswell, New Mexico. Bobbie Wood, 1942 graduate, was recently the subject of a feature story in "The Toreador," Texas Tech publication. Bobbie is the only girl who has ever been enrolled in Tech's mechanical engineering department in its 25 years of existence.

Here And There On The Campus

Miss Robinson told a shorthand class to transcribe some words she had given them. Janice Pope, not quite understanding, asked, "Do you want us to transcribe them into English?" Last Friday night, just before the Midland and El Paso game, a telegram went buzzing along the wires to the home of Belva Jo Knight. It read as follows: "To Mrs. Belva Jo Knight—Arrived safely. Play tonight at 8. Just thought I would let the family know everything was O. K. Love, Charlie." Last but not least COLLECT 76¢! Alas it wasn't from Charlie, but none other than Buddy Davidson and Johnny Guy McMillan of whom one claimed when asked who he was, "Oh, Mrs. Knight is my stepmother!"

O.C.A. Club Meets With Jo Ann Blair

The O. C. A. Club met in regular session Saturday, Sept. 26, at the home of Jo Ann Blair, 1008 W. Louisiana.

A short business meeting was held. The afternoon was spent playing records.

The house was decorated with roses. Punch and cookies were served to the following members: Faye Doris Douglas, Bobbie Jean Gibbins, Glenna Graham, Belva Jo Knight, Elaine Hedrick, Kathryn Hanks, Alberta Smith, Norma Jean Stice, Martha Jane Preston, Billie Walker, Jackie Theis, two guests, Loyce and Joyce Milford, and the hostess.

Pledges Are Chosen By Sub-Deb Members

The Sub-Deb Club entertained twelve guests with a picnic last Tuesday at the home of Mr. and Mrs. B. C. Girdley. Pictures were made for the scrapbook. Hot dogs, cold drinks and cookies were served. At a meeting of the club last Wednesday with Eva Barton, new members were elected. They were: Barbara Brown, Dorothy Wolcott, Anne Tucker, Phyllis Chancellor, Marcella McClure, Gloria Goddard, Patsy Pope, Grace Baker, Sammie Lee Gard and Mary Gertrude Bray. A committee, including Elaine Hedrick, chairman, Gina Stolte and Margaret Mims, was appointed to draw up a constitution.

Is It True What They Say About VITAMINS?

VITAMIN A
For normal vision. Scientists say it's important for a long healthy life. An extra Vitamin A is stored in your liver. Vitamin A helps to keep your skin soft and your eyes sparkling. Some of the Vitamin A content is lost when butter is cooked; it is entirely destroyed in frying.

VITAMIN C
Ascorbic Acid helps keep your teeth and gums healthy and your body agile and young. Helps to strengthen the walls of the tiny blood vessels. Vitamin C is rapidly destroyed by heat and oxidation except in acids.

VITAMIN B
Whets the appetite, steadies nerves and gives vim and vigor. Must be taken every day; the body does not store much of it. Deficiency symptoms — Retards growth, loss of appetite, nervousness, constipation, reduced well-being.

VITAMIN K
Is very important. You would bleed to death if it weren't for Vitamin K. Occurs in associates with Vitamin C.

VITAMIN E
Necessary for healthy muscles. Essential for normal reproduction and normal functioning of the pituitary and thyroid glands.

VITAMIN D
For strong straight bones. Is essential to the proper utilization of calcium and phosphorus. Store Summer Sunlight in your tissues to carry you through the cold months. Cooking results in appreciable loss of this vitamin.

VITAMIN G
Helps one to look youthful. Helps to halt early senility and give you vigor. Sometimes associated with Vitamin B. Cooking results in no appreciable loss to this vitamin.

THE COOK AND THE VITAMINS

The vitamins that really count for you are those that reach the platter through the kindness of the cook. Sunshine travels some 90,000,000 miles to make growth possible. Animals work industriously to store vitamins in meat and dairy products. And then, a dozen feet from the dining room table, enormous quantities of vitamins come to an untimely end on the kitchen stove. Yet the rules for preserving vitamins in the kitchen are extremely simple.

1. Cook in small quantities of boiling water. (Use liquids in saucers, soups, stews, etc.) (B is not destroyed by ordinary cooking but does dissolve in water).
2. Cook as short a time as possible.
3. Cook vegetables and fruits whole when possible.
4. Cook vegetables and fruits with skins on as often as possible.
5. Avoid use of soda! Destroys many vitamins.
6. Serve fruits, greens and vegetables raw as often as possible.
7. Prepare chopped fruit and vegetable salads just before serving.

Your Newspaper Takes You To New York Fashion Shows, Football Games, World Series

NEW YORK'S fashion openings are pretty important news to every American woman, war or no war. Only a handful of women can attend these showings in person. Yet you were among them. You were at the previews because The Reporter-Telegram's fashion reporters were among the few guests.

So, even though you may live hundreds of miles from Manhattan, you know that the big fashion news for this war-fall and winter is suits. And

you know that suits are going to be distinctive and gay—as gay as the fancy of top-flight designers can make them. Like the one pictured here.

This year Americans are working longer and harder than ever before. War work comes first, and there's less time to go places and see things. And yet you do get around. The sports and amusement pages of The Reporter-Telegram turn your living room rug into a magic carpet to whisk you to the places you can't get to so often this year—to the world series and football stadium, to the theater and the movies.

This week newspapers all over the country are celebrating National Newspaper Week. As you read through The Reporter-Telegram, stop for a minute and ask yourself what life would be like without a free press.

Returns To Midland

John D. Matthews of El Paso has returned to Midland to begin work as educational and musical director of the First Baptist Church. He was educational director of the church for several months, but left here about 18 months ago to take a similar position with the First Baptist Church of El Paso. He resigned that position to return to Midland.

Red Cross Notes

Ten Red Cross workers, including 13-year-old Mary Neil Moran, made the honor roll during September. They are: Mrs. E. H. Walmsley, 59 hours; Miss J. Guly, 42 hours; Mary Nell Moran, 42 hours; Mrs. Barbara Wall, 37 hours; Mrs. R. R. Russell, 37 hours; Mrs. Henry Locklar, 36 1/2 hours; Mrs. C. F. Henderson, 35 hours; Mrs. Fred Middleton, 32 hours; Mrs. L. A. Monroe 30 hours; Mrs. Mae Simmons, 28 hours.

Knitting thread now is available at the Red Cross workroom for three Navy helmets; army scarfs, sweaters and gloves. Wednesday, there will be a need for women cutters at the workroom. A quota of petticoats for girls is on hand which should be completed before gas rationing goes into effect, as it might word a hardship on some of the workers to get to the workroom.

To Attend Institute
In order that the ladies, who have been working, may attend the one-day institute being held in Midland Tuesday, the workroom will be closed that day. A large attendance from surrounding towns is expected. The institute will be held in the educational building of the First Methodist Church beginning at 9 a. m. Luncheon will be served in the building at noon, and the sessions will close at 4 p. m. Instructions will be given on home service, disaster preparedness and junior Red Cross phases of the Red Cross work.

Mrs. John M. Hills, president of the Children's Service League, announces the league is working in collaboration with the Red Cross workroom in soliciting old clothing of all sorts. A request has been made for old clothes not in use to be brought to the Red Cross workroom where they will be sorted and distributed by the Children's Service League. All cases will be investigated by the league, but it was decided that the Old Heidelberg Inn, where the Red Cross workroom is located, would be a more central location for collecting and distributing the clothing.

A Texas farmer of Stamford planted an acre of maize last Spring and dedicated it to the American Red Cross. Income from that acre is earmarked for the Red Cross, the first cutting netting \$12.

Proclamation

By The
MAYOR OF MIDLAND, TEXAS

TO ALL TO WHOM THESE PRESENTS SHALL COME:

WHEREAS, the prevention of fires is of vital importance to the success of the nation's war effort; and

WHEREAS, the production of materials is essential to the prosecution of the war by our nation is taxing the capacity of industrial plants, and curtailment of production because of fire becomes a menace to our own safety; and

WHEREAS, war production has made it necessary to stop the manufacture of many lines of civilian goods, including building materials; and

WHEREAS, throughout its history the State of Texas has suffered loss of lives and property due to fire; and

WHEREAS, statistics on fire losses reveal that the cause of fires, to a large extent, can be controlled by intensive education and intelligent law enforcement; and

WHEREAS, due to the national emergency during time of war, the safety of human lives, and in the interest of sound economy, it is the patriotic duty of every citizen in Texas to aid in the prevention of fires;

NOW THEREFORE, I, M. C. Ulmer, mayor of the City of Midland, Texas, hereby proclaim the week of October 4 to 10, 1942, as

FIRE PREVENTION WEEK

in Midland, All citizens, and particularly civic, school, Civilian Defense and other local organizations are called upon to emphasize the danger of fire and to encourage the adoption and enforcement of fire prevention measures in an effort to lessen the disastrous consequences of fire.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the official seal of the City to be affixed hereto.

M. C. ULMER
Mayor of Midland

Will Speak Here

Miss Helen Semmerling, administrative assistant on the staff of the National League of Women Voters, will visit Midland next Friday and Saturday. At a luncheon at the Hotel Scharbauer on Saturday she will speak to the Midland League on "War Service." The meeting is open to the public. Miss Semmerling went to Washington in 1940 after serving six years at Illinois League of Women Voters' Headquarters in Chicago. She was graduated from the University of Chicago, where she majored in political science and has taken graduate work in economics.

Chamber Of Commerce's Fire Prevention Committee Plans Elaborate Program For City

Fire Prevention Week, as proclaimed by national, state and city leaders, begins Sunday and continues through Saturday.

The observance in Midland this year is the most thorough and far-reaching ever scheduled, with practically all civic and service organizations, churches and schools cooperating in the nation-wide program.

Fire Prevention Week this year takes on added significance due to the all-out war effort. President Roosevelt, in his proclamation, appealed to the nation to safeguard its resources against destructive fires. He stressed the danger of sabotage and called upon government and private agencies—in effect upon all citizens and all organizations—to prevent fires from hindering the war effort.

Mayor Issues Proclamation

Citizens of Midland are called upon by Mayor M. C. Ulmer in a proclamation to take an active part in the nation's observance of Fire Prevention Week.

The program here was planned by the fire prevention committee of the Midland Chamber of Commerce of which Clint Myrick is chairman. Other members are Frank Prothro, Luther Tidwell, Claude O. Crane, Delbert Downing, Vesta Deaton, Laura Jesse, George Heath and the Rev. Hubert Hopper.

Ministers of Midland churches Sunday will stress the importance of fire prevention from their pulpits, and a full week of activities will be launched Monday in the school system.

Williams Speaks

Fire Prevention Week activities were launched Saturday night at the high school auditorium when Frank Williams, instructor and field representative for the state firemen's training school at Texas A. and M. College, discussed chemical fire fighting methods and explained proper handling of incendiary bombs. Fire Chief Tidwell presided at the session.

The Rev. Hopper will deliver an address on fire prevention over radio station KRLH at 10:30 a. m. Monday. Other broadcasts will be presented during the week.

Fire drills, talks, poster and essay contests will be staged in schools. Superintendent George A. Heath and Fire Marshal Frank Prothro will direct the program.

Special programs dealing with fire prevention will be presented at meetings of the Business and Professional Women's Club, Lions Club and Rotary Club. Miss Jesse will be in charge of the program at the B&PW meeting; Downing, Lions Club; and Crane, Rotary Club.

Frank Williams of College Station was the speaker on the fire prevention program at the Junior Chamber of Commerce meeting Friday.

The program also is being stressed by Midland County Air Raid Wardens and by the entire Civilian Defense organization.

Inspections in the business and residential sections are planned, with Boy Scouts in charge.

The Midland Chamber of Commerce is enrolled in the Inter-Chamber Fire Waste Contest, a national, organized fire prevention movement sponsored jointly by the U. S. Chamber of Commerce and the National Fire Waste Council.

Fire Prevention Week first was proclaimed by President Wilson in 1920, to include the date of October 9, the anniversary of the Chicago fire. For 30 years prior to that time, fire prevention was observed annually as Fire Prevention Day.

Who's Who-Belva

Belva Jo Knight, recently chosen drum major of the Midland High School band, performed for the first time Friday night when the Bulldogs played the San Angelo Bobcats.

An "old timer" in Midland, Belva has lived here since she was seven months old. Since entering high school she has been called two nicknames, "Beegie" and "Sugar". When Belva was asked her hobby, she mischievously replied, "chasing boys."

She also collects Indian jewelry. Swimming and twirling take up most of Belva's spare time. Football is her favorite sport. But Belva is the happiest when she is wearing a blue sweater to match her blue eyes and eating tuna fish sandwiches.

Choral Club is her favorite subject and Mrs. De Lo Douglas her favorite teacher. She especially dislikes telegrams under false pretenses.

Belva was an attendant of the high school queen in 1941, reporter of her class in 1941-42, and major-ette in 1941. She is a member of the O. C. A., Sub-Deb, Fiddle Dee Dee, and Screwball clubs.

Belva plans to take a post graduate course and go away to college later.

Golf Club Members Have Luncheon

Junior Music Club Has First Meeting; Elects Graham Pres.

Monday, September 28, the Junior Civic Music Club was organized under the supervision of Mrs. De Lo Douglas and Mrs. W. P. Robinson. Officers were elected. They are president, Glenna Graham; vice-president, Elaine Hedrick; secretary, Belva Jo Knight; treasurer, Kathryn Hanks; historian and reporter, Janice Pope. The club is to meet the third Tuesday of each month at 7:30 in the North Ward auditorium.

Committees were appointed by Glenna Graham to select a name and purpose for the club, draw up a constitution and bylaws, and make ready a program for the October meeting. Thirty had signed up Monday and Mrs. Douglas urges more to join it possible.

This club is a town organization and will be federated with the state and national organizations. The age limits are from 13 to 18.

Spelling Taught In Advisory Classes

Students of Midland High now are being taught spelling every Monday afternoon in their advisory rooms. The words used in the tests are taken from the Ayres spelling list which is composed of 606 words frequently misspelled by students, as determined by scientific tests. The grades from the tests are added to the English grades.

How Future Farmers Can Help Win War Is Main Topic At District F.F.A. Meeting

The theme of talks made at the district meeting of the Future Farmers of America Club held here last Tuesday was "Co-operation to Win the War."

Dixon Manley, state president, said: "The war cannot be won without shells, guns and food. There are 48,000 FFA boys helping the war at the present. These boys are also aiding in the scrap drive."

W. E. Williams, area supervisor, stated that "FFA boys have to produce more food than ever before. We have a war to win and it is up to us to win it."

At the meeting there were four voting delegates from each chapter in the district.

Chapters and boys attending included: Garden City; Leonard Bran, Jay Cunningham, Tony Joe Willehe, Tommy Morgan, Gene Cox, Derwood Ratliff, Donald Cox, Leonard Hanson, C. G. Parsen, superintendent of the schools, and Marvin Scott, advisor.

Grandfairs: Bill Cox, Norman Stapp, Kenneth Donnel, John Henry Tystar and Harold Wand, advisor.

Stanton: Harry Poindexter, Doyle Blackford, Layman L. Baker, Morris Barnes, Frank Hennington, Bobby Jo Hill and C. C. Morton, advisor.
