## Admiral Halsey Takes Command Of Forces In Solomon Operations

By Richard L. Turner  
WASHINGTON (AP) — The Navy removed Vice Admiral Robert L. Ghormley from the command in the Solomon Islands Saturday and gave to Vice Admiral F. Halsey, Jr., the task of directing the developing battle to hold American positions there against the Japanese bid to recapture them.

The change—the third South Pacific command shakeup of the war—came after a campaign which had cost the Navy three cruisers, five destroyers and five other vessels, and at a moment when the enemy was massing its forces for a powerful attack.

Ghormley's removal was announced without official comment, except that he would be assigned to other duties, the nature of which would be reported later.

Making it known that Halsey would take command, however, the Navy noted that he had conducted carrier operations in the South Pacific area last spring with distinguished success, and pointed out that he received the distinguished service medal last February for his raid on the Japanese-held Gilbert and Marshall Islands.

The Gilbert Islands, it developed Saturday, were the scene of another American raid recently in which an enemy destroyer and merchant ship were damaged and two small enemy patrol boats were sunk, all by gunfire. The American raiders also (Continued on page 3)

## Announce Daily Allowables For Texas Oil Wells

AUSTIN, (AP). — An average daily allowable of 1,306,000 barrels for Texas oil wells in November was indicated Saturday.

Railroad Commissioner Olin Culbertson said a November proration order being prepared by engineers probably would permit 21 general producing days, 23 in the Panhandle and 27 in preferred fields—those yielding high octane crude needed in the war effort.

The estimated average allowable complies with the Office of Petroleum Coordinator's November certification of 1,381,000 barrels and 1,465,150 barrels average daily allowable reported by the commission for the week ended Saturday.

Basic schedules for November will remain mostly unchanged from October, Culbertson said, but one less calendar day in November will make for some difference in average flow. The number of wells increased this week to 100,304, up 44 from last week.

## Soldier Sentenced To Hang For Murder Of Small School Girl

BASTROP, Texas, (AP)—A general court martial at Camp Swift Saturday sentenced Pvt. George S. Knapp to hang for the murder of Lucy Rivers Maynard.

Brig. Gen. Robert S. Spragins, court president, read the sentence to the impassive draftee from St. Paul, Minn., exactly 59 minutes after the court closed to decide upon its verdict.

Dunagan, Cole Attend Jaycee Meet In Amarillo  
Clint Dunagan, Midland Jaycee president, and Taylor Cole, vice-president of Texas Junior Chamber of Commerce, left Saturday for Amarillo to attend a regional Jaycee convention Sunday.

## All Enlistment Records Broken In Recruit Drive

All enlistment records at Midland AAF Bombardier School have been shattered during the current mechanic and technician procurement drive, it was announced Saturday at the world's largest bombardier school.

When the books closed Saturday for the week a total of 219 West Texans handy with tools had volunteered their services as mechanics and technicians to help the Air Force "keep 'em flying," and a full list of appointments had been booked with recruiting officers by additional applicants who want to enlist before the campaign closes Saturday night.

In line with the special offer made to men who volunteer under the terms of the mechanic and technician program, each of these men was handed a letter from Brigadier General Isiah Davies requesting that he be returned to duty at the Midland field following induction into the Army.

## Northwest Sterling Deep Wildcat Staked By Anderson-Prichard; New Tub Pay Well In Embar Flows Oil

By FRANK GARDNER  
Oil Editor  
Staking by Anderson-Prichard Oil Corporation of a 9,000-foot Ordovician wildcat test in Northwestern Sterling County and development of a steady flow by Phillips Petroleum Company No. 9 University-Andrews, Tubby pay discovery in the Embar area of Southern Andrews County, highlighted West Texas happenings Saturday.

Latest reports by counties:  
Andrews County  
Atlantic Refining Company No. 1-A Texu, deepest well now drilling in West Texas, has passed 10,462 feet in shale and lime of the Simpson, middle Ordovician. It is 12 miles northwest of the Embar area. Meanwhile, Atlantic is preparing to plug and abandon its No. 1-C University, section 24, block 11. University survey, at total depth of 6,800 feet in lime. It was unsuccessful in developing production in the West Andrews, pool's San Andres pay horizon and also failed in the Clear Fork, lower Permian.  
A new, third pay for the West Andrews-Embar district, already productive from the San Andres and the Ordovician, has been assured by Phillips No. 9 University-Andrews, which responded to 1,000-gallon acidization of the Tubby pay zone in the Clear Fork. After the treatment, the well was swabbed for 12 hours, then kicked off and last was reported flowing five barrels of oil per hour, plus 20 per cent drilling fluid. Oil is increasing as it cleans itself. Production is through 195 gun-perforations in 5 1/2-inch casing from 6,210-73 feet. No. 9 originally went to 8,174 feet in the Ellenburger, lower Ordovician, but was not tested in that zone. It is 660 feet out of the northwest corner of section 32, block 10, one-half mile southeast of Phillips No. 2 University-Andrews, discovery Ellenburger producer.  
Phillips No. 11 University-Andrews, extending Ellenburger production five-eighths of a mile west by northwest, flowed 131 barrels of oil in five hours after washing hole with 250 gallons of acid. It still is testing, bottomed at 7,865 feet in Ellenburger dolomite.  
The No. 10 University-Andrews plugged back to 6,460 feet from 8,120 feet, cemented 5 1/2-inch casing at 6,241 feet with 200 sacks and now is running tubing to test the Tubby pay zone. Operator was unable to (Continued on Page 2)

## Japs Die In Solomons Like Flies

A U. S. ARMY BASE IN SOUTH PACIFIC. (AP)—Japs are dying like flies on Guadalcanal as United States forces pound them on all sides in the five-day-old critical battle of the Solomons.

That's the story brought back by bomber pilots who returned from a mission there recently.

Captain Carl Wuertele of Denver said American land forces have advanced 16 miles up the beach, and that crafty Marine Corps jungle fighters caught a Japanese landing force of several hundred men and exterminated them on the beaches.

Americans have regained control of the air, the pilots said, and fighters now average better than one Jap fighter or bomber shot down each hour.

## Nazis Shift Offensive To The Black Sea

By Henry C. Cassidy  
MOSCOW (AP) — The Germans threw two freshly reinforced infantry divisions, eighty tanks and "large" air forces against Russian positions in Stalingrad Saturday, the Soviet midnight communique said Sunday, but after bitter hand-to-hand fighting the Nazis were thrown back with heavy losses.

The new attack, launched after fresh troops were brought in to replace nearly 10,000 which the Russians said they had killed in two days, was directed at the factory district in the northern part of the battle-torn city.

Fighting Continues  
The heaviest enemy losses were in a southern sector of the Stalingrad front where one Soviet formation was said to have killed 7,000 men, destroyed 57 tanks, 100 guns and 26 planes. The Russians also captured 150 German tanks which had been disabled in previous engagements and were being used as firing positions.

Heavy fighting was continuing both northwest of Stalingrad and south of the city.

Further south in the Caucasus, the Russians were on the defensive both in the Mzozdok area and along the Black Sea.

The communique said, however, that all attacks were repulsed and the positions remained unchanged. Previous reports said that because of wintry storms and cold weather at Stalingrad the Germans had shifted some of their weight into the Caucasus. They were reported to have crossed a "water-line" southeast of Novorossisk in a push along the Black Sea.

## Designate Wednesday As Sugar Day Here

As the canning season is about over, Midland County's war rationing board has decided to pass on all future sugar applications.

The board believes the heavy demand for canning sugar is about concluded and it now can handle applications quickly.

Hereafter, all applicants for canning sugar will appear before the board between 9 a. m. and 12 noon Wednesdays, for hearing. The board has reserved Wednesday to hear the applicants.

## Men Who Wish To Serve In Army Here Must Sign Up Soon

All men who desire to enlist as mechanics or technicians at the AAF Bombardier School here under the present arrangement whereby they can be returned for service here, must complete their enlistments by midnight Saturday, officials at the world's largest bombardier college said.

A number of letters to assure return of the men to the Midland post have not been returned and officers cautioned persons who received them that they are good only until Saturday. All persons who received the letters have been instructed on necessary procedure.

## Bombshell On Germany

If all the RAF bombs dropped on Germany since the war began were rolled into one, the explosion would undoubtedly be terrific. The map shows how hundreds of raids, each with hundreds of bombs, have hammered the Reich's western industrial areas since September, 1939. Some cities hit by relatively few raids have experienced greater destruction than others with larger numbers of attacks because of the great forces of bombers used by the RAF in recent months.

## Allied Fliers Open Up In Middle East

By Edward Kennedy  
At An Advanced Striking Base Of The Allied Air Forces In The Western Desert, Egypt. (AP)—United Nations airmen, letting go with everything they had when the British Eighth Army struck with their offensive against the Axis desert army, seem to have gained the upper hand quickly in the first phase of the fighting.

The air offensive really began four days before the land forces cracked through the Alamein line.

The strategy of the terrific attacks on the enemy's air fields—to knock out as many planes as possible—appears to have given the Allies initial command of the air.

U. S. Planes In Force  
This is the first North African campaign in which the United States air forces have been participating with a full array of fighters, medium and heavy bombers, flying with the RAF, the South African and Australian air forces.

When the land attack started, the air forces switched from the preliminary phase of concentration on enemy air fields and went directly for the Axis armored formations, supply lines, communications and troop formations.

Night bombers were active in co-operation with the artillery when the way for the land move was opened by the heaviest shelling yet seen in the desert.

When the first flight of day bombers crossed the front line at dawn they saw infantry already moving through gaps in the Axis defenses.

More Co-ordination  
Allied fighters generally outnumbered the planes the Germans and (Continued on Page 2)

## RAF Blasts At Italian Objectives

LONDON, (AP)—A large force of RAF Lancaster bombers made the first British daylight attack on military objectives in Milan, Italy, Saturday, it was authoritatively stated here early Sunday, several hours after the Vichy news agency charged British bombers had machine-gunned a town in the unoccupied zone of France.

The RAF in its newest assault, a 1,200-mile round trip affair, thus was carrying on without intermission its new campaign against the traffic and industrial centers of Northern Italy. On the last two nights the British have heavily bombed Genoa, Turin, and Savona. Home Of Bomber Works

## Ferry Planes To Africa By Thousands

LONDON (AP) — United States and British aircraft by the thousands have been delivered to the Middle East during the past two years over a 6,000-mile ferry route across equatorial jungle and desert from West Africa.

The Air Ministry, in lifting the secrecy from one of the greatest jobs yet done by the United Nations, disclosed that the service which started on the basis of two or three convoys a week now operates daily with a negligible loss in planes and personnel.

Stream of Aircraft  
Bombers, transports and fighters all make up the stream of aircraft moving to the front with fighters carrying extra fuel tanks for the longer hops.

Starting from a great, still expanding West Coast assembly base, each journey takes 24 hours' flying time, exclusive of stops at landing fields where engines are checked and planes refueled.

A tremendous job of pioneering and organization has changed the once perilous trips into fairly routine journeys along a route spotted with many emergency landing fields and provided with good meteorological service.

United States and British civilian air companies have contributed to the ferrying operations while natives by the thousands carved intermediate landing areas from dense jungles.

## Arrange Jaycee Banquet Program

The program for the junior chamber of commerce banquet in the educational building of the First Methodist Church at 7:30 p. m. was announced Saturday by Curt Inman, chairman.

"The Jaycees" will be the subject of an address by Delbert Downing, a past-president of the organization.

Ralph Utley, band director at the Midland high school, will play several numbers on the violin and on other instruments.

A pantomime, "Mellowdrammer" will be presented by Midland High School students under the direction of Steve Briggs, director of speech.

Will Honor New Members  
Sam Spears will lead the group singing. Inman will be the toastmaster.

The banquet will honor new members of the organization and members of the winning side in the membership campaign staged in September. Clint Dunagan, Jaycee president, will introduce new members and guests.

More than 75 Jaycees, their wives and guests, are expected to attend the function. Members are urged to call Ray Gwynn, attendance chairman, before noon Monday advising him as to the number of guests.

WEATHER  
West Texas: Intermittent drizzle and colder.

## Battle For Control Of Mediterranean Is Developing Furiously

By Don Whitehead  
CAIRO, Egypt. (AP) — The British Eighth Army cracked through German Marshal Erwin Rommel's Alamein line before dawn, front line dispatches said Saturday night, after opening the long-expected Allied offensive with the aid of a sea of a roaring fleet of new type American-made light warships and American airmen in the thick of the desert battle.

What is likely to be the decisive battle for the Mediterranean was started with the Axis forces of Marshal Erwin Rommel Friday night in the light of full moon when Gen. Sir Harold Alexander's Allied Army moved forward along the front 80 miles west of Alexandria.

Advices from advanced air bases Saturday night said Allied airmen already appeared to have clear-cut superiority in the air space even before the outset of what doubtless will be a tough, bloody struggle.

Navy Opens Bombardment  
Joining with the Army and the Air Force to make the attack a three-element, all-out offensive, naval forces of Britain's powerful Mediterranean Fleet timed a slanting bombardment of Rommel's advanced seaside base at Matruh, 90 miles to his rear, with the forward surge of guns and tanks.

Reports from Alexandria, British naval base, described these as sleek, speedy "Mediterranean Greyhounds" which dashed close inshore—so close they could see planes over the inland landing fields and poured round after round of shells into Axis installations.

Catching the enemy unawares, the seacraft met with no response from shore batteries and escaped a three-hour aerial bombardment later without casualties and with only minor damage to one boat, it was announced.

Edward Kennedy, Associated Press correspondent at an advanced Allied air base, said pilots returning at dawn from an all-night blasting of the enemy's air bases and concentrations saw the British (Continued on page 3)

## More Troubles For Errol Flynn

LOS ANGELES, (AP). — More trouble piled up Saturday for Errol Flynn, the film buccaneer.

Already accused of raping two 17-year-old girls, faced with a husky repair bill from a furnace explosion which caused an estimated \$5,000 damage in his palatial home Friday night, the actor Saturday was named defendant in a civil suit for \$62,500 damages.

The plaintiff is Eric Costa, butler for hress Barbara Hutton, who sued Flynn and the latter's secretary-stand-in, James Fleming, for injuries assertedly received last June during a fight at the actor's birthday party.

## Capt. Rickenbacker Is Still Missing

HONOLULU, (AP). — Three days of intensive search by all available Army and Navy sky and sea forces failed to uncover a trace Saturday night of Captain Eddie Rickenbacker, American war ace of World War I, and the crew of a big army plane that disappeared over Hawaiian waters.

Searchers hung their hopes on finding Captain Rickenbacker and his crew of perhaps nine men, floating on life rafts that the plane carried. This type of aircraft sinks quickly. But aviators in the Pacific war have been picked up from similar rafts weeks after their planes have gone down.

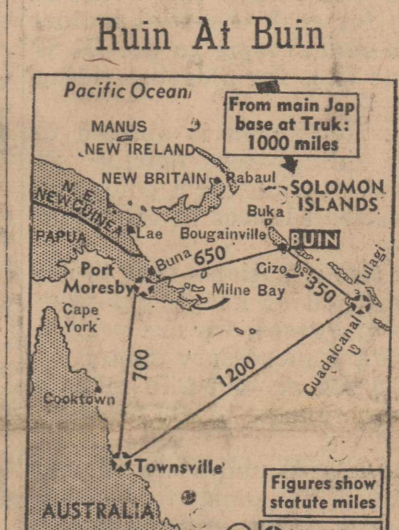

## General MacArthur's Headquarters, Australia. (AP) — A large Jap seaplane tender was believed destroyed at Rabaul, New Britain, by Allied bombers, the high command announced Sunday.

WASHINGTON (AP) — The Army has asked the frosted food industry to produce approximately 50,000,000 pounds of quick-frozen vegetables from the 1943 crop for soldiers in the continental United States, the War Department announced.

WASHINGTON (AP)—The Army postal service said Saturday that 4,986 sacks of United States mail bound for American armed forces in the British Isles had been lost in the sinking of a United Nations cargo ship.

STOCKHOLM (AP) — A special bulletin issued in Copenhagen early Sunday said King Christian X, who was injured last week when he fell from a horse, had taken a sudden change for the worse and was in a serious condition.

ALEXANDRIA, Egypt (AP) — The British Mediterranean fleet heavily shelled the Axis-held port of Matruh, on the Egyptian coast, Saturday and returned safely to port after beating off Axis planes for three hours.

Ruin At Buin  
Buin, concentration point for Jap forces attacking Guadalcanal, has been blasted by U. S. and Australian bombers. This enemy base is located at the southern end of Bougainville Islands in the Solomons.

Don't Expect Too Much
It would be easy to draw too much encouragement from Leon Henderson's plan to provide tires for passenger automobiles.

We can't win, because we won't have the weapons to win, unless we provide tires for such essential motoring. That is what Henderson is endeavoring to do. He is not deliberately trying to provide tires for pleasure riding in any of its forms.

Unintentionally, of course, Henderson is obliged to try to supply tires for pleasure riding—for driving to bridge parties, to the golf course, to shop for a couple of spoils of thread, to view the autumn leaves in the country.

That is the tragedy of the tire situation—that in the effort to find some workable method of keeping passenger cars operating for essential purposes, we are permitting so much pleasant but quite unnecessary motoring, by granting A cards, each good for around 240 miles a month, to persons who do not need to drive at all.

Unless the synthetic program gets under way faster than it now promises, Henderson is not going to succeed in the task he has set himself. His boards can grant certificates to all. But certificates make poor tires on any kind of road. They will be only as good as the supply of rubber with which to honor them.

Italians were able to put into the air but bombers were forced to run a gauntlet of heavy anti-aircraft fire over enemy positions. This is expected to diminish as the main German anti-aircraft guns, the famous dual purpose 88-millimeter fast-firing cannon, are forced to turn their attention toward the attacking tanks.

It still is too early to say exactly how the attack is going but it is apparent that more Allied strength than ever before is being thrown at the German-Italian lines and with greater effort and co-ordination.

Manpower Problems In Europe

S.E. New Mexico Oil Fields Share In New Activity

HOBBS, N. M.—Field activity this week in Southeast New Mexico was distributed between the Square Lake and Jackson pools of Eddy County and the Salt Lake pool of Lea County.

Danger Oil & Refineries, Inc., completed both of the new Jackson producers. Its No. 8-B Turner in section 20-17s-31e gauged natural flow of 240 barrels of oil per day through open 2-inch tubing set at 3,424 feet, with packer at 3,415 feet.

The No. 9-B Turner, in the same section, flowed 140 barrels a day on natural test, through open 7-inch casing, from pay between 3,473 feet and 3,485 feet, the total depth.

In the Square Lake pool Continental Oil Company No. 3-36 State, section 36-16s-30e, topped pay at 2,960 feet, halted drilling at 3,025 feet in lime and was completed for natural flow of 60 barrels in 17 hours through a 1 1/2 inch choke on 2-inch tubing set at 3,021 feet.

Eddy Wildcat
McDannald & Williams No. 2 Grier, Square Lake well in section 30-16s-31e, also was completed naturally, flowing 60 barrels daily through open 2-inch tubing set at 3,116 feet. It entered main pay at 3,040 feet and drilled to 3,141 feet.

Premier Petroleum Corporation No. 1 Mrs. Laura C. Stablein, Eddy wildcat three miles north of the Square Lake pool, in section 15-16s-30e, is drilling below 2,291 feet in anhydrite.

Conoco No. 3-7 Brooks, section 7-20s-33e, in the Salt Lake pool of Western Lea, was completed on pump for natural production of 99 barrels daily from pay between 2,975 feet and total depth of 3,025 feet in lime.

Three miles west by southwest of the West Eunice pool in Lea, C. J. (Red) Davidson of Fort Worth and J. C. Clower of Eunice No. 1 Shell-State, wildcat in section 20-21s-34e, is drilling below 3,325 feet in sand and lime. With elevation of 2,751 feet it logged base of salt at 3,595 feet.

Argo Test
Six miles northwest of the West Eunice pool and four and one-half miles east by northeast of the Lynch pool, Argo Oil Corporation No. 1 Shilo-State, Lea, wildcat in section 20-21s-35e, is drilling past 800 feet in red beds. It encountered two biters of shallow water per hour from 580 to 590 feet in sand, and hit a hole full of water in sand from 615 to 625 feet. Ten-inch pipe was set through water sand.

George P. Livermore, Inc., No. 1 Maxwell-State, Lea wildcat 10 miles west and slightly north of Lovington, has been abandoned at total depth of 6,308 feet in lime and anhydrite. It topped the Goriotta sand at 6,085 feet. The duster was in section 26-15s-34e.

In extreme Northeastern Lea, Ohio Oil Company No. 1 State-McCormick, section 36-9s-37e, topped the Goriotta at 5,651 feet and halted drilling at 5,658 feet in sand. It is being plugged back to 4,995 feet preparatory to acidizing and testing oil shows in the upper horizon.

R. Olsen Oil Company and Atlantic Refining Company, scheduled 8,500 foot Ordovician test in the Langie Permian pool of Southeastern Lea, is drilling below 5,964 feet in lime. It is in section 11-25s-37e.

Cochran County
Anderson-Prichard No. 8 Neal, in the Slaughter field, rated daily potential flow of 345.60 barrels of 32-gravity oil, with gas-oil ratio of 602-1, upon completion at 4,996 feet. It was shot with 50 quarts of nitro and acidized with 20,000 gallons in pay zone topped at 4,903 feet.

Crane County
Atlantic Refining Company No. 1 Margaret L. Barnsley, on the southeast edge of the Sand Hills Ordovician field in Western Crane, recovered 70 feet of gas-cut drilling mud, with no oil, when a one-hour drillstem test was run from 4,127 to 4,210 feet, in the Tub pay zone. Drilling ahead, it logged a break at 4,213 and started coring at 4,216 feet. Coring had progressed to 4,228 feet, at last reports.

Several miles west of the Sand Hills district, Gulf Oil Corporation No. 1 W. A. Estes, an Ordovician wildcat, is rigging up today. Headed for the Ordovician in Southeastern Crane, Gulf No. 1-A Dawson is drilling past 1,795 feet in anhydrite and red rock.

Four Major Teams Lose Undeclared Football Status

By Herb Barker NEW YORK (AP)—Illinois, North Carolina, Washington and Brown fell off football's undefeated list Saturday as Ohio State's Buckeyes, the nation's No. 1 ranking team, continued their victorious sweep along with most of the other leading gridiron favorites.

Illinois, after hanging up four successive triumphs for his new head coach, Ray Elio, finally came a cropper against Notre Dame which came from behind twice to earn a 21-14 decision before a crowd of 43,000. Geared for Angelo Bertelli's passes, Illinois found itself outplayed along the ground with Bertelli, Jerry Cowling and Corwin Clatt all going over for touchdowns.

North Carolina caught Tulane on the rebound from the Georgia debacle of a week ago and the Green Wave pounded out a 29-14 victory engineered principally by the veteran Tulane back, Lou Thomas.

Brown was victim No. 3 of Princeton's surprising Tigers who simply don't know when they are beaten. The Tigers, who had beaten Navy and held powerful Penn to a draw, removed Brown from the unbeaten ranks in summary fashion, 32-13.

Washington was soundly beaten by California's twice-beaten Bears, 19-6, as Jim Jurkovich returned to duty in the Bears' backfield. But there was no stopping Ohio State. Paul Brown's Buckeyes, led by Paul Sarringhaus and Gene Fekete as usual, trounced Northwestern 20-6 to gain undisputed possession of first place in the Big Ten.

Michigan, picked by many to challenge Ohio State most seriously for conference honors, was rudely upset by Minnesota's reviving Gophers, 16-14, in a bitter duel fought before 55,000.

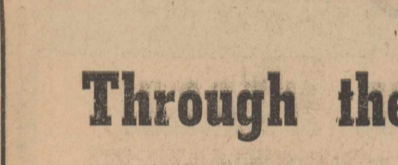

Rounding out a brilliant program in the Midwest, Iowa's Hawkeyes tripped Indiana, 14-13, after a great individual duel between Tommy Farmer of Iowa and Billy Hillenbrand of Indiana; Wisconsin maintained its undefeated status in a 13-0 conquest of Purdue and Michigan State chalked up an upset triumph over Great Lakes, 14-0.

Rolling along unbeaten along with Ohio State and Wisconsin were Army, Boston College, Syracuse and Penn State in the East; Georgia, Georgia Tech and Alabama in the South, and Texas Christian in the Southwest.

Midland Bulldogs Lose Close Game To Big Spring Steers By 19-14 Score

By Harold R. Farrens With both teams driving on scoring thrusts in a nip and tuck gridiron battle, Midland's Bulldogs lost a 19-14 decision to the Big Spring Steers here Friday night. It was the first District 3-AA win for the Steers and the third district loss for the Bulldog eleven.

SMU Stages Upset; Beats Corpus 21-6

DALLAS (AP).—Wayne Shaw, a red-headed fireball led a rejuvenated Southern Methodist football team to a stunning 21-6 upset over Corpus Christi Naval Air Station Saturday.

Shaw, who has been injured most of the season, transformer a heretofore-weak Mustang team into a well-clicking unit with his skittering runs off tackle and his unerring southpaw passing.

Neither team scored in the first period, but early in the second Shaw and mates began operating. From the Naval 43, Shaw tossed a beauty to end Sid Halliday that advanced to the Naval 20. Clarence McMinn, sub Mustang back, passed to Shaw who twisted and ran to the Navy's 11 and Red Malley bucked it over. Green converted.

TCU Frogs Keep Win Record Intact

PENSACOLA, Fla. (AP)—Quarterback Emery Nix, 175-pound football dynamo, passed for two touchdowns to led the unbeaten, untied Texas Christian Horned Frogs to a 21 to 0 victory over the Pensacola Naval Air Station before a crowd of 5,000.

The Frogs also received plenty of aid and comfort from 154-pound Dean Bagley, reserve quarterback, whose 34-yard punt returned preceded the second touchdown drive and was a constant threat to the Navy the entire time he was on the field.

Sweetwater Still 3-AA Contender

ABILENE.—That question of whether Sweetwater has another championship contender in the making was answered Friday night at the high school stadium by the Mustangs themselves.

The defending titlists ran and passed their way to a decisive 27 to 7 victory over the Abilene Eagles, keeping their football slate clean for the season.

The win left Sweetwater tied for first place in the District 3AA standings with the San Angelo Bobcats and the Odessa Bronchos.

(Continued From Page 1) forces already pouring through a gap they had made in the German and Italian lines. It was evident, however, that the anti-fighting heavy tanks and anti-tank guns had not yet been joined, for Rommel's tanks were seen rushing up to meet the attack. The Eighth Army, bigger and better equipped than ever before, thanks to the pouring in of American material and manpower, attacked the heaviest artillery barrage ever seen in the desert, he said. There was no definite word yet that American troops actually were participating, but American tank crews were known to have been in readiness for some time after initial combat experience, and it was not likely that they would be left out of a battle in which all available strength must be made to count. Gen. Sir Harold Alexander, new commander in the Middle East and his field commander in Egypt, Lieut. Gen. B. L. Montgomery, whose cool weather and moonlight nights when the desert is virtually as light as day to set in motion their mixed forces of British, Americans, South Africans, New Zealanders, Indians, Poles, Fighting French and Greeks. Back of the lines were imposing American establishments for the repair and servicing of war machines.

Admiral Halsey-

(Continued from page 1) struck at the nearby Ellice Islands with unannounced results except that no strong enemy forces were encountered. Naval officers described the operation as probably reconnaissance raid intended to determine whether enemy forces were gathering in those islands for a drive upon the Solomons, 975 miles away. The communiqué said no new action had been reported from the Solomons.

Remove Another Admiral: Some Naval officers warned that to link Gormley's removal from command with recent reverses in the Solomons would be purely speculation. They mentioned the possibility that having taken the positions now held by the American forces, Gormley might be assigned to offensive duty elsewhere with the task of defending the islands turned over to Halsey. Another change removed Vice Admiral William S. Pye as commander of a task force in the South Pacific and replaced him with Vice Admiral Herbert P. Leary, who had commanded naval forces under General Douglas MacArthur. Pye was ordered to Newport, R. I., as president of the Naval War College.

Texas Beats Back Rice Owls 12 To 7

HOUSTON. (AP) — Rice's boys in blue rallied in the closing minutes Saturday to scare the daylight out of Texas but two touchdowns in the first half stood up and the Longhorns took their second straight southwest conference football victory 12-7.

Texas scored in the first and second quarters and didn't allow the Owls a single first down. At halftime the crowd of 28,000 was reconciled to an easy Texas victory. Then things started happening. Rice drove to a touchdown with a magnificent surge with five minutes to go and was menacing the Texas goal line again at the finish.

Baylor Bears Nip Texas A&M By 6-0

WACO. (AP)—Almost too many times to count the Texas Aggies knocked at Baylor University's door Saturday. The same number of times the door was barred. Baylor had two scoring chances, cashed in on one and that was the football game: Baylor 6, Texas A&M 0.

Nine times A. and M. threatened. But fighting goal line stands, fumbles, and one penalty set the Aggies back on their heels. Baylor toot A. and M. by surprise early in the fourth period, passing the ball from their own 20 to A&M's 11.

Membership Of Girl Scouts Shows Large Increase

Membership in the Girl Scout national organization has increased 5,565.2 per cent in less than twenty-five years, Mrs. A. P. Shirley, of the Midland Girl Scout Council announced.

At the end of 1917, Mrs. Shirley said, the Girl Scout national organization numbered 12,812 registered members, and at the end of August this year that figure had grown to 725,830 members. Both totals, she said, include adult volunteers as well as girl members.

Approximately 125 Scouts and adult leaders comprise the Midland organization. "The present membership is the highest in the thirty-year history of Girl Scouting and includes a gain of more than 55,000 since the beginning of the year," Mrs. Shirley said. "This increase in membership is particularly significant at this time because, despite wartime dislocation of families, demands of other interests and a host of other factors, it demonstrates forcibly that Girl Scouting is recognized as a powerful factor for community good—both for the community and for the girls who are participating in its program."

Full Year's Training For 18-19 Age Youths

WASHINGTON (AP) — Working toward final passage of the teen age draft bill, the Senate voted 62 to 6 Saturday to require local draft boards to defer from military service essential farm workers for whom no replacements had been found.

Adoption of the amendment came after the Senate had voted, 39 to 31, to override President Roosevelt and amend the bill to require a full year's training before any 18 and 19-year-old selectee could be sent out of the United States for combat duty.

## Frank Troseth Is Elected President Of Honor Society

At the first meeting of the year, Frank Troseth was elected president of the National Honor Society last Tuesday. Jackie Theis was chosen vice president, Norma Jean Stice secretary, and Colleen Oates, treasurer.

Members sent a gift to Marshall Whitmore, who is ill in a Galveston hospital. Marshall was initiated as a junior member last year. New members will be chosen soon. Grades made this six weeks and last semester will be considered in determining scholarship, one of the four requirements for membership.

## Here And There On The Campus

Billie Walker, Jean Martin and Bill Gano were attending the carnival in Odessa and as they passed a tent, a man took one look—then called out, "Bring your wife and daughter right in; have their fortunes told."

In a Midland grocery store M. L. Alexander was asked to call a taxi and since the telephone was near the water fountain—M. L. calmly put his ear to the fountain and turned on the water!

Elstien and learn! Steve Briggs said posture was the way you sit and stand, definitely not something the cows graze on!

In the green band initiation, a bottomless bowl and an egg beater were used to beat an egg on Henry Scott's head. This should be a good housewife hint! In a waiting thirty minutes for his dinner, Douglas McClain gave a long sigh and uttered, "Well, food is nice to have at dinner."

## News Of Former Midland Students

Jim Turpin, graduate of '41, has returned to Midland from New York, where he has been studying voice.

Jack Nobles left Thursday for Lubbock to be inducted into the army.

Patsy Collins is enrolled as a freshman in Howard Payne College, Brownwood.

Spencer Collins, a senior in College of Mines at El Paso has been named as one of the eighteen students for Who's Who in American Colleges and Universities.

Joe Conkling has joined the Coast Artillery and will leave Monday for his assignment.

Emergency Food Shelf On Display Today. A food shelf for war time emergencies is on display with the flower show in the municipal auditorium.

The shelf was set up Friday afternoon by Francis Palmer, Patsy Tull, Otella Flynt, Jimmie Kathryn Kendrick and Dorothy Rose Otho under the direction of Miss Iva Butler.

The food was furnished by the Garden Club, which sponsors the show.

## Music Corner

The Midland High School band paraded Friday afternoon. Friday night at the half of the Midland-Big Spring football game, the band and drill squad presented a stunt. The drill squad formed a ship and the band formed an anchor and played "Anchors Aweigh." The drill squad went into a formation of an airplane, and marched down the field, and the band formed a "v" and played "Stars and Stripes Forever."

The band drill squad had early morning practice every day last week. The drill squad majorettes have new gold and white satin uniforms. Wanda Lou Steele, the drill squad mascot, paraded on the field for the first time Friday night.

Ralph Wiley is organizing a dance band for the coming year.

## Personals

Mrs. Delbert Downing substituted for Mrs. De Lo Douglas, Thursday.

Bobbie Gibbons is spending the weekend in Hobbs, New Mexico. Jackie Theis is spending this weekend in Belton, visiting her sister, Marthann Theis, who is a sophomore in Mary Hardin-Baylor.

Belva Jo Knight and Marcella McClure spent last weekend in Carlsbad, New Mexico, where they visited the caverns.

Patsy Butcher visited in Roswell, New Mexico, last week. Mrs. De Lo Douglas is spending the weekend in San Angelo.

Junior Music Club Has First Meeting. The Junior Music Club of Midland met Tuesday night in the auditorium of the Christian Church.

A short business session was held, after which a program on four great composers was presented. Sketches on the lives of Frederick Chopin, George Frederick Handel, Johann Sebastian Bach, and Edward MacDowell were presented by Martha Jane Preston, Kathryn Hanks, and Ann Vannaman. Sharon Lee Cornelius, Virginia Ann Dunagan, Elaine Hedrick and Billie Ann Hill presented piano solos. The girls quartet sang "A Wish."

About thirty members and guests were present. The next meeting will be held the third Tuesday of November at the North Ward School.

Future Farmers Hear Jim Baker At Meeting. Jim Baker, dairyman, spoke to the Future Farmers Thursday afternoon on the need of more dairies in the United States because of the vital need for more milk and butter for our armed forces.

He told the F.F.A. boys of the importance of the cleanliness of dairies. Kelly Lewellyn, president of the Midland Chapter, presided.

## Hall Leads Fours Games; Kelly And Watson Co-Captains

Co-captains of the Bulldog team of this year have been chosen, just before each game, by Coach Gene McCollum. Ivan Hall has been selected co-captain for every game.

Ivan, known to the school as "Slick," plays the wingback position and has lettered three years. Other co-captains have been: Jimmie Watson, one-year letterman and playing end, was selected for the Brownfield, El Paso, and Sweetwater games; and Charley Kelly, another one-year letterman, who is staying an extra year in high school to play football. Charley started the season at the fullback position, but changed to end position when Marshall Whitmore became a victim of paralysis. He was co-captain of the San Angelo game.

Sophomores Rate First In Attendance. The sophomore class, as a whole, headed the list of the attendance and promptness record for high school the last six weeks. Freshmen ranked second in percentage of attendance; seniors held third place, and juniors last.

Miss Emma Robinson's advisory group had the best senior attendance, Miss Gladys Pinson's advisory group had the highest freshman attendance, Miss Ethel Harkin's advisory group had the highest junior attendance, and Miss Edna Dudgeon's advisory group had the highest sophomore attendance.

Miss Kathryn Francis has been elected treasurer of the Freshman class at SMU. She is a 1942 graduate of Midland High School.

FIREMEN CALLED TO GIN. Firemen were called to the Farmers Cooperative Gin Saturday afternoon to extinguish a blaze in a bale of cotton. Damage was small.

The 1940 census listed 125,000 Japanese in the United States. California had more than 90,000.

## Red Cross Notes

Mrs. Tom Potter's home nursing class was completed last week with seven members finishing. The women were: Mrs. M. D. Cox, Mrs. Hollis Roberts, Mrs. R. N. Skinner, Mrs. Ray Howard, Mrs. Frankie Morgan, Miss Iva Butler, and Miss Maedelee Roberts.

Ernest Boyd has been teaching two classes in advanced first aid at the Midland AAF Bombardier School. Thirty-four men have finished the course and will receive their certificates soon.

Mrs. Eual Donovan and Athel Cole's advanced first aid course has been completed and members will receive certificates soon. The class in standard first aid which was taught by Mrs. Fred Wilcox and Mrs. Fred Fuhrman, had 14 graduates.

The Negro girls will receive standard first aid certificates. A class for students in the Negro school will start soon with T. M. Wright instructing. This class will be for students under 18 years of age.

Women are urged to come to the work room and get a few of the slips that are cut and ready to be finished—otherwise, Midland chapter is going to fall down on sending its quota of these garments to refugees. Won't you help this week—just a few hours?

Soon there will be a need for quilts—Get your quilts out from their hiding place and let's get these quilts finished in record time, please.

Listen to KRLH Monday morning at 11:30 o'clock—Mrs. Walmsley will bring you another message on Red Cross. Also on Tuesday at 9 o. m. Mrs. Fred Wilcox and Mrs. Homer Eply will be heard over KRLH.

IS ELECTED TREASURER. Miss Kathryn Francis has been elected treasurer of the Freshman class at SMU. She is a 1942 graduate of Midland High School.

## Fall Flower Show Will Be Staged At New Municipal Auditorium Sunday

Under sponsorship of the Midland Garden Club with Mrs. I. E. Daniel as general chairman, assisted by Mrs. J. E. Hill, the annual Flower and Vegetable Show will be held from 1 p. m. to 10 p. m. Sunday at the new Municipal Auditorium.

Every Garden Club member is expected to enter flowers, grown in her yard. Members of garden clubs in Odessa and Stanton also have been invited to enter their produce and flowers here.

Committees for the show follow: Classification and floor arrangement: Mrs. E. R. Osburn, Mrs. E. H. Davidson, Mrs. John Redfern and Mrs. J. L. Greene.

Publicity: Mrs. R. M. Jones and Mrs. W. M. Cones.

Properties: Mrs. Ralph Geisler, Mrs. Walter Cremin, Mrs. Butler Hurley and Mrs. A. P. Shirey.

Corsages: Mrs. Dewey Jordan, Mrs. N. B. Winter and Mrs. J. W. Thomas.

Finance and hospitality: Mrs. J. H. Roberts, Mrs. R. M. Jones, Mrs. E. Vanderpool, Mrs. C. S. Longcope, Mrs. H. E. Berg, Mrs. Frank Stubbeman, Mrs. J. G. McMillian and Mrs. E. H. Davidson.

Band Will Entertain  
Music will be furnished by the Midland High School Band during the afternoon.

The show will be in military style with the "V for Victory" theme displayed throughout exhibits. A "V" made of various flowers will hang on the wall which faces the entrance door.

A decorated corsage booth, at which women will be on hand to present corsages to women guests, will be one of the many features.

With Mrs. George Abell in charge, and Mmes. J. B. Ellis, Herbert Hemphill, Willard Phillips and Hubert Hopper assisting with the arrangements, a military wedding altar, with all the trimmings, has been erected as a replica of the Midland AAF Bombardier School chapel altar. A military bridal reception table topped with a three-tiered wedding cake, will be a part of the features. The Christian and United States flags will stand by the altar.

Display Tables  
A "V"-shaped table, which covers a large portion of the main floor of the auditorium and which carries out the military theme, will be filled with fruit and vegetable displays.

A food shelf for war time emergencies has been prepared by members of the foods classes of Midland High School, under the direction of Miss Iva Butler.

Among the many other feature arrangements is the flower tender's shop which was prepared by Mrs. Frank Aldrich.

Along the walls, shelves have been built to display bouquets of flowers grown by Garden Club members.

An admission fee of 25 cents will be charged for adults at the show. Enlisted men and school-age children will be admitted free. Proceeds of the show will be used to aid in refurbishing the Soldier Recreation Center.

## Black Notes And Blue Harmony

THREE blue tones are harmonized in the jacket dress modeled by Ann Sheridan, left. The slim skirt and body of the jacket are of the darkest shade, while the sleeves and yoke are of powder blue. The pale blue collar and bow of the blouse are worn outside the collarless jacket. The trim black broadcloth suit worn by Joan Leslie, right, is designed by Orry-Kelly. Its shorter jacket and pencil-slim skirt are within WPB-restriction bounds, and a narrow band of black, white and gold braid points up the jacket's lines. The pompadour hat is decorated with loops of black velvet ribbon.

## Miss Burton And Cadet Morris Wed At Post Chapel

Before an altar lighted with candles and decorated with gladioli and fern, Miss Alice June Burton, daughter of Mrs. Anna Burton of Holdenville, Okla., and David H. Morris, son of Mrs. Elizabeth Morris of Austin, were married Friday evening at the Midland Bombardier School. Chaplain Theodore Schoech performed the ceremonies.

The bride, given in marriage by Edwin H. Lanford, wore a powder blue wool crepe dress with black accessories. Gardenias were her corsage.

Miss Anne L. Graves III was maid-of-honor, and she wore a brown wool crepe dress with a gladioli corsage.

Daniel W. Johnston was best man. Mrs. Morris is a graduate of Holdenville High School and attended Higbee's Business College.

The bridegroom attended the University of Texas. The couple will reside in Midland.

national titles this fall will remain in that city. My partner that evening was H. Loomis Murray.  
The first two tricks were won by the ace and queen of clubs. Murray (South) then led a diamond to the king, and came back with the three of hearts. A finesse of the eight lost to the nine. West led the jack of clubs, forcing the king, East and South discarding spades.  
The jack of hearts was led, and when East covered, Murray ducked. East led a diamond, South won with the ace and cashed three good hearts. A double-squeeze developed, and Murray won the rest for a top score of four-odd.

## Mail Your Letters Earlier . . . PLEASE

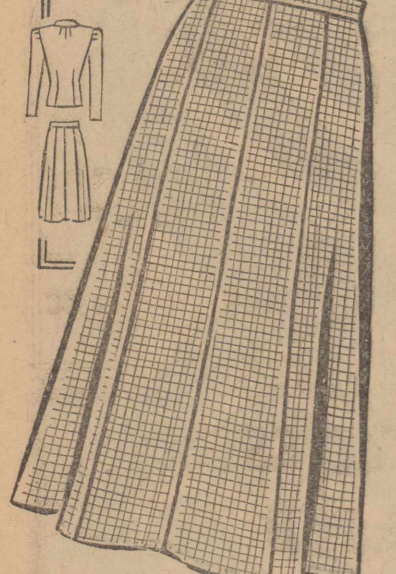

Postal officials Saturday urged all Midland citizens to mail east-bound letters earlier. Yes, the earlier the better for the correspondent and for employees at the post office.  
Train No. 6, eastbound, effective Sunday, is scheduled to depart at 9:12 p. m., instead of 9:45 p. m.  
Effective Sunday, letter pouches at the post office will be closed at 8:37 p. m. for the eastbound train. As the peak of the postoffice's rush comes after 7 p. m., postal officials urge all citizens to mail their letters as early as possible.  
Under the new Texas and Pacific schedule, Train No. 7 will depart at 9:45 p. m., instead of 9:15 a. m., and Train No. 11 at 11:58 p. m., instead of 11:40.

**• SERIAL STORY**  
**PLAY BY PLAY**  
 BY PAUL DAVID PRESTON  
 COPYRIGHT, 1942, NEA SERVICE, INC.

THE STORY: Blythe Miller, suspicious, follows a stranger to the apartment of Nancy Hale at Lincoln Field. Nancy is a pretty young widow of a soldier, and was brought to the field with her young son, homeless and penniless, after being hurt in an auto accident. She falls in love with Duane Hogan, cadet pilot and a star of the football team coached by Blythe's father, Pop Miller. Blythe also loves Duane and is jealous. But she also becomes curious and frightened when she hears the stranger offer Nancy \$1000 to give Duane and another player sleeping pills before the next football game—and hears him make a threatening remark about her father.

**BLYTHE IS DISILLUSIONED**  
 CHAPTER XIII  
 BLYTHE MILLER thought the world would surely explode. This drama, here on the stairs, just couldn't be! It was like a lurid novel. Or a Class B epic down on one of the side street third-run movie houses. It wouldn't have surprised her if some orchestra had started mood music behind scenes, as on the radio; or if everybody had suddenly broken it and laughed, as the cadets did when they got to clowning.

But no, this was real! Blythe knew all too surely that Nancy Hale and the brassy-voiced gent upstairs there were characters not from a story but from real life. One of them had just finished his main speech and cued the other. She waited breathlessly for Nancy's response.

"It came slowly. 'You mean,' Nancy remained calm, however, 'that you... want me to... treat you right? You just say the word now, and we'll start with this grand and no questions asked, see?'"

Suddenly Nancy answered him. "All right," she said, still cool. "For a moment the brassy gent became expansive. 'At-t-t-t-t's the girlie!' He chuckled and patted her shoulder. Then quickly he turned grim. 'But no monkey business, sister! We'll see if I don't give you the rest pills, see. Give 'em to you now. Five o'clock Wednesday me and a pal come here, you fix it so we can hide and watch what you do. We can sell in half an hour, these pills

make 'em lazy, see? . . . You get me?'"

"Yes," said Nancy.

"At's a girl! You put us—you got a closet, eh? Clothes closet, and we can still watch? Okay then, everything's jake, see. You got the dough Wednesday night, before we leave. No harm done. Nobody ever know it. You can salt the money down, scatter it, do what you like. Sure. Later—you and me, huh? Sure, baby. Don't forget, 5 o'clock Wednesday. Slip us in."

He broke off with a low laugh of victory and Blythe saw he would start back down. She heard Nancy say "All right" more; heard the word with quick, stabbing horror, then silently fled.

If Blythe had been in mental turmoil yesterday, she said to herself, she was nearly insane now.

Sobbing quietly, but hysterically, she scooted along the privet hedge, past the taller shrubbery and through the first tunnel that led to the top of the stadium.

Up there nobody was in sight, here in the middle of Monday morning. She fled without reasoning about it. She just knew she couldn't go back to Pop's office and wait for the business call, or be there when Nancy Hale came in. Too much inside herself was like a hurricane. She had been snooping and—in common with most snoopers—heard only something which built distress.

The great stadium yawned in its emptiness now like some gigantic dragon. At least it seemed terrifying to Blythe. Everything, in fact, seemed horrifying. Nancy Hale. That brassy man. The war. Life in general. . . .

She was half running along a row of seats, climbing as she ran, without direction. She came alongside the press box. Against the stadium, the booth was cozily small, like an attic nook or a ball closet to which a scared little child might run and hide. Blythe ducked in. Sure enough, the cold wind was off her in here. The glassed room, touched by November sun, was even warm. In a moment she was leaning on the reporters' long front table, crying in utter abandon.

That complete breakdown lasted a quarter hour or so, then hebbed away. The isolation here atop the stadium had been a blessing, and as tears can be, the complete give-way to them had been needed relief. Presently she was sitting erect, staring down at the limbered field and breathing normally again. But her despondency

was deeper than ever—and more bitter.

So friendship, sacred to decent folk, had been made a bloody sacrifice.

"THAT'S what it amounts to," Blythe whispered, thinking audibly. "Exactly that. . . I tried to be Nancy's friend. I knew Duane did things for her in every generous way. . . . And Norman, too. The whole team, in fact, took her and Scooter in. Pop befriended her. Everybody did. Picked her . . . picked her literally out of the gutter! . . . Saved her life, gave her a new start in a new home. And. . . And. . ."

Afraid she would start crying again, Blythe ground her teeth in sheer anger. Anger at Nancy and at the sardonic, sneering things Fate can do.

She ceased trying to put all the pieces of her puzzle together. Still missing were the parts about Pop's anger in his office last week when she surprised him. Still unanswered were questions about that fat envelope in his desk. She had definite hunches now—she "thought" she knew! But she would have to reason all that out later, or solve it in another way, perhaps by going frankly to Pop himself when he should again be well and out of bed.

It was incredible! Nancy, pretty as a picture, sweet as pie. Turning traitor like—like—no, worse than Benedict Arnold! Benedict Arnold at least did what he thought was right, history shows. He still risked his life fighting even though for America's enemy in that distant day.

But Nancy Hale had listened to the lure of money and nothing else. And this same Nancy was the girl who had made a fool of Blythe. Not only had she sought Blythe's friendship, she had sought to win the man Blythe loved, and had the temerity to ask Blythe's help in winning him! It was altogether the cruelest, most damnable piece of business Blythe had ever encountered, she told herself anew.

Expose Nancy? . . . Go quietly and tip off Pop, and the Lincoln Field authorities, and the downtown police? . . . Set a trap for her and the sneaking gamblers who offered the thousand dollars? "Certainly!" Blythe whispered, vehemently, alone there in the high press box. "It's only justice! She has it coming to her. Let Nancy Hale be exposed! And then—and then"—she was beginning to sob again—"and then maybe Duane Hogan will come to his senses!"

### Newsreel Shows Bombardier Here Blasting Hirohito

Bombardiers of Midland AAF Bombardier School hit old Hirohito smack on the schnozola in the current issue of Metro-Goldwyn-Mayer's "News of the Day" newsreel which begins showing at the Yucca Theatre Sunday.

The sequence, which shows the precision bombing of a giant replica of the imperial ignoramus' buck-toothed pan, was filmed at the world's largest bombardier college recently by John Bockhorst, veteran cameraman who says he took quite a liking to the place during the July Fourth bombing of miniature Tokyo and just had to come back for another movie shot.

The giant face of Hirohito, 125 feet in diameter, was laid out on one of the school's south targets by Lt. James F. McClure, Jr.

A B-18 bomber salvaged 20 bombs onto the target and all of them hit not only on Hirohito's pan, but right

### Barber Gives Casing In Scrap Campaign

Bob Murray, a barber at the Bombardier College, Saturday donated ten joints of 8-inch casing to the scrap campaign and believes he may have donated as much scrap metal as any barber in the nation.

He sent word to friends to pull the casing out of a well near Croft and give it to the scrap scoopers.
