

Second Front Is Opened

British Trap Or Capture 100,000

'Only The Beginning Of Our Task,' General Montgomery Declares

By The Associated Press
CAIRO — Approximately 100,000 men of Marshal Rommel's Axis army of 140,000 were reported captured or pinned down in pockets far behind the swiftly moving African front Saturday as the British Eighth Army swept on toward the Libyan border after smashing the German armor in its second attempted stand. Disregarding the thousands of foot soldiers left in the dusky back-wash of the battlefield, Lieut.-Gen. Bernard L. Montgomery's British and American tanks tore into the disorganized flanks of their main prize—the battered remnants of the German armored divisions—west of Matruh in an effort to eliminate them entirely. They already had caught up with this fleeing force once and sent it into headlong harassed retreat a second time.

Montgomery spurred his men on to swifter pursuit of the enemy with the admonition that the "battle just won is only the beginning of our task." The British object apparently was to harry Rommel's men constantly so they could not rest or regroup their shattered forces.

Saturday's communique announced that the counted prisoners now totaled well over 20,000, and unofficial reports said six Italian divisions (an additional 80,000 men) were as good as under lock and key, for they had been abandoned without transport, food or water in the hasty Rommel flight at positions near the El Alamein line, 104 miles east of Matruh. The communique said these forces were being "mopped up." Among them were the Italian Bologna, Trieste, Trento, Brescia and Egoire divisions.

Capture 350 Tanks
The communique, giving no new estimate of destroyed Axis tanks, said a total of 350 had been captured. This apparently left only a few score tanks at the disposal of Rommel, who previously was reported to have lost 339 machines, captured and destroyed.

Four hundred guns and "many thousands of vehicles" also were in the British booty, but correspondents were not permitted to see them.

(Continued on page 3)

WEATHER

West Texas: Moderate temperatures.

Plans Complete For Gasoline Rationing Here

Plans are complete for registration of Midland County automobiles and motorcycles Thursday, Friday and Saturday at the schools here. All car owners should obtain immediately application forms from designated tire inspection stations or authorized garages or service stations. These should be filled out completely.

Proprietors of the garages or stations gladly will aid motor car owners in this task. The garages and stations now have the application forms.

On one of the three registration days, the motor car owner should take the application to the school which is designated to serve him. Where To Register
Motorists residing West of A Street and North of the T. & P. Railroad will register at Junior High School. Those residing North of the railroad and East of A Street will register at Midland High School. Motorists residing South of the T. & P. railroad will register at South Ward School.

Mexicans will register at the school designated to serve them. (Continued on page 3)

Right On The Button

This photo shows clearly why American bombardiers are exacting a terrific toll in their forays against the Axis. Members of the air committee of the Inter-American Defense Board inspect a target, at Midland Army Air Forces Bombardier School. The practice bomb, partially imbedded in the ground, can be seen at the left. Left to right: Col. Armando de Souza e Mello Arraioa of Brazil; Col. Juan Jones-Parras of Venezuela; Major Edwin Mendez Seta, Costa Rica; and Lieut. Col. Medardo Farias, Uruguay. (Air Corps Photo From NEA Telephoto.)

Russians Kill 1,800 Germans

MOSCOW. (AP)—The Red Army held its ground on all fronts Saturday, the 25th anniversary of the Russian revolution, and killed more than 1,800 Germans in Stalingrad, the Central Caucasus and the western front, the Soviet communique indicated Sunday.

The Germans continued to attack fiercely on the Nalchik plains at the foot of the 18,000-foot Caucasus Mountains, where the Russians threw two armored trains into the battle, but failed to gain. In Stalingrad they also threw their tanks and infantry against a Russian stronghold in several attacks, but the Red Army repulsed all the attacks and killed 700 Germans.

American Bombers Blast Nazi Base

LONDON. (AP)—United States heavy bombers smashed at the big German submarine base at Brest in a daylight attack Saturday and reports from France and Switzerland indicated the RAF had its big bombers out Saturday night for a new attack on Northern Italy.

The raid on Brest was made by Flying Fortresses and Liberators (Consolidated B-24) accompanied by RAF fighters. A communique said bombs were seen striking the target—the docks and submarine pens—but no details of the damage were given.

All the bombers returned safely, despite heavy anti-aircraft fire. The Air Ministry news service disclosed that RAF fighters and fighter-bombers had been busy during the day with a series of low-level sweeps over Belgium and Occupied France.

Seventeen freight engines were damaged or destroyed, the announcement said.

Navy Reports Big North Atlantic Duel

WASHINGTON. (AP)—A thunder-duel with depth charges, gunfire and torpedoes raged for days in the North Atlantic between a United Nations convoy and a pack of submarines, the Navy disclosed Saturday.

The Navy announced the loss of a Panamanian merchant ship but did not state whether others of the convoy were lost or whether any of the attacking submarines were sunk. The bitter battle was fought during September in a calm sea, "an unusual condition in those waters," the Navy said.

MacArthur's Men Occupy Goenough

GENERAL MACARTHUR'S HEADQUARTERS, Australia. (AP).—American combat troops are in action near Buna, vital Jap base on the North New Guinea coast, General Douglas MacArthur disclosed Sunday.

Simultaneously, General MacArthur disclosed that the Allies have occupied Goenough Island to the northeast of New Guinea, off Collingwood Bay, in an obvious flanking movement.

It was from Buna, in mid-summer, that the Japanese began a drive across tortuous trails of the Owen Stanley Mountains, which carried to within 32 miles of Port Moresby, Allied base on the South Coast, before it was stalled. Late in September the Allies began encircling and infiltration movements. (Continued on page 3)

Methodists Receive \$4,000 From Estate Of John Scharbauer

The gift of \$4,000 to the building fund of the First Methodist Church by the John Scharbauer Estate was announced at a breakfast in Hotel Scharbauer Saturday morning of fifteen members of the board of stewards who plan an active campaign immediately to raise funds to clear the debt on the new building.

M. C. Ulmer, chairman of the board of stewards, presided at the meeting and announced the campaign for \$11,000. With the gift from the John Scharbauer Estate, the debt was immediately reduced to \$7,000 which will be the goal of the campaign. Previously Gave \$25,000

Before his death, the late John Scharbauer gave \$25,000 to the church's building fund, making the total contribution \$29,000. The systematic canvass to obtain the \$7,000 will be started immediately with hopes that the goal will be reached before December 1. As soon as the debt is paid, plans will be made for a church dedication to service.

Members of the finance committee appointed to obtain the funds for the church are: Ulmer, the Rev. Carl Clement, C. L. Klapproth, George Glass, J. C. Miles, E. D. Richardson, N. G. Oates, Harvey Powledge, Roy McKee, Holt Jowell, S. M. Vaughan, J. W. Thorne, B. G. Crane, Chester Shepard and Bill Conner.

Invasion Armada Is Large Force

LONDON. (AP)—Possibly the greatest invasion armada assembled in Europe since the start of the war undertook the invasion of French North Africa Sunday in the first large-scale action in the European Theater in which the United States has participated.

A force of 24 warships, transports and freighters, followed by the great battleship Rodney and a heavy air escort were reported by the German news agency DNB to have left Gibraltar Thursday night.

A possibility that as many as four aircraft carriers accompanied the attack fleet was seen in Axis reports. German broadcasts said the Furious, the Argus, and another unidentified "flattop" had been observed in the harbor at Gibraltar and a later Vichy report said four carriers were seen there.

U. S. Forces Have Killed 5,188 Japs

WASHINGTON. (AP)—The Navy announced Saturday a minimum of 5,188 Japanese had been killed by U. S. forces in land fighting in the Tulagi-Guadalcanal area of the Solomon Islands since our occupation of positions in this area Aug. 7.

A communique said this figure was based on "an actual count of enemy killed in action" and did not include any estimates of Japs killed within their own lines by naval bombardments and aerial bombings.

No figure of American dead in the Solomons was given. Destroy 369 Enemy Planes
The Navy communique also said that during the month of October alone, 369 enemy planes were destroyed by U. S. Forces in the South Pacific area, which includes not only the Solomons but surrounding islands in that section of the ocean. The figure 369 compares with a total of 529 planes which the Navy has reported destroyed in successive communications throughout the Solomons operations.

At a press conference, Secretary of Navy Knox recently said Japanese losses were more than five times as great as American losses which could indicate that American losses to date may have been as great as 1,000 men.

General Attorney For Sun Oil Company Dies

DALLAS. (AP)—Thomas Lewis Foster, pioneer Texas lawyer and general attorney for the Sun Oil Company, died at his home here Saturday. Funeral services will be conducted here Sunday.

Powerful American Force Lands On Mediterranean And Atlantic Coasts Of Africa; British Aid

BULLETIN

ALLIED HEADQUARTERS IN NORTH AFRICA (AP)—American soldiers, marines and sailors from one of the greatest naval armadas ever put into a single military operation swarmed ashore Sunday on the Vichy-controlled North Africa shore before dawn, striking to break Hitler's hold on the Mediterranean.

Tall, decisive Lieut. Gen Dwight D. Eisenhower, supreme commander of the huge forces involved in the operation, worked throughout the night directing the first great American blow at the Axis.

Included in the forces were crack combat troops, rangers, air borne units, and some of the cream of America's airmen.

By The Associated Press.

WASHINGTON — Powerful American expeditionary forces are landing on the Atlantic and Mediterranean Coasts of the French Colonies in Africa in the first big-scale offensive of the war under the Star Spangled Banner.

An announcement of the action obviously aimed at winning complete domination of the dark continent and reopening the Mediterranean Sea for the United Nations in conjunction with the victorious British drive westward from Egypt, was made in a simultaneous announcement Saturday night by President Roosevelt and communique from the War Department.

The White House statement said the purpose of the move was two fold:

1. To forestall an Axis invasion there which "would constitute a direct threat to America across the comparatively narrow sea from Western Africa."
2. To provide "an effective second front assistance to our heroic Allies in Russia."

Gauge Tubb Pay Wells In Ward, Andrews Areas

By Frank Gardner

Editor
Further gauging of Tubb pay wells in Andrews and Ward counties featured West Texas developments as the week closed.

Latest reports, by counties:

Andrews County
Atlantic Refining Company No. 1-A Texu, Southwest Central Andrews wildcat and the Permian Basin's deepest active test, halted drilling at 10,693 feet in dolomite and chert, and is running electrical log. It topped the Ellenburger, lower Ordovician, at 10,575 feet but showed 1,300 feet of sulphur water on a 65-minute drillstem test from 10,575 to 10,639 feet. Velocity survey also is due to be run. Results of the electrical log will determine whether the well will be abandoned or plugged back for test of upper zones.

Phillips Petroleum Company No. 22 University-Andrews, one and one-quarter mile north end of the Embur-Tubb pool in Southern Andrews, flowed 54 barrels of oil and 306 barrels of fresh water in 24 hours ending at 6 a. m. Saturday. Testing continued through open tubing, with packer set at 6,295 feet. The well's production is natural and originates from the Tubb zone of the Clear Fork, lower Ordovician. Total depth is 6,325 feet in dolomite.

A Tubb pay prospect, Phillips No. 10 University-Andrews, is moving in cleanout unit after a tamped shot of 300 quarts of nitro from 6,300 to 6,442 feet. Hole is bottomed at plugged-back depth of 6,479 feet. Also seeking Tubb pay, the same firm's No. 31 University-Andrews is drilling at 6,284 feet in dolomite.

Crane County
Atlantic No. 1 Margaret L. Barnsley, short southeast outpost to the Sand Hills Ordovician pool, is drilling at 4,955 feet in lime.

Magnolia Petroleum Company No. 1 Nellie M. Tucker, direct northeast offset to an Ordovician strike in Southwestern Crane, still was believed in Permian as it drilled to 5,280 feet in lime.

Gaines County
Shell Oil Company, Inc., No. 1 D. N. Leaverton, 7,500-foot deep (Continued on page 3)

Thus the Axis had an emphatic answer to its attempts to "fish for information" by broadcasting accounts of heavy Allied troop convoys escorted by warships mustering at the Rock of Gibraltar in recent days.

The troops apparently were some of those which have been concentrated in the British Isles for some time, itching for action as they went through the final stages of their battle training, for they were commanded by Lieutenant General Dwight D. Eisenhower, commander-in-chief in the European theater whose headquarters had been in Britain.

The White House and the War Department did not disclose specifically at what points the troops were pouring ashore but the French Colonies in North Africa, from West to East, are Morocco, which has both an Atlantic and Mediterranean shore, and Algeria, and Tunis on the Mediterranean.

Landings also presumably were being made in the French West African colonies, including Senegal, whose capital of Dakar lies only 1,807 miles across the South Atlantic from the bulge of Brazil.

The announcement gave no details of the composition of the troops and their equipment, for obvious military reasons, but said they were equipped with "adequate weapons of warfare" and that they would, "in the immediate future, be reinforced by a considerable number of divisions of the British Army."

Troops Are Fully Equipped
There was no doubt that the expeditions were made in heavy force with tanks, artillery and all the accoutrements of modern warfare for this new and promising phase of the conflict. The offensive far surpassed in weight the American invasion of the Solomon Islands in the South Pacific undertaken just three months ago this day.

Announcements of the landings was timed to coincide with the actual debarkation of the troops on their destinations at 8 p. m., Central War Time, and was made only after a reassuring message from Roosevelt's own lips had been broadcast to the French people, asking for their aid to rout their own enemies.

British Forces Aid
The landing, the announcement said, was being assisted by the British Navy and Air Forces, and "it will, in the immediate future, be reinforced by a considerable number of divisions of the British Army."

DR. PAUL L. BOYNTON IS COLLEGE PRESIDENT
NACOGDOCHES. (AP)—A recognized psychologist, Dr. Paul L. Boynton, was inaugurated president of Stephen F. Austin College here Saturday. He succeeded Dr. A. W. Birdwell who resigned Sept. 1.

WAR BULLETINS

THIRD ARMY MANEUVER HEADQUARTERS LOUISIANA (AP) — Lt. Gen. Lesley J. McNair, commander of all Army ground forces in continental United States, Saturday announced a far-reaching intensification of combat training operations which will ready divisions for battle in 35 weeks, a sharp cut from present operations.

WASHINGTON (AP) — Lieut. Gen. Dwight D. Eisenhower assured the French in North Africa in a proclamation that the Allies "only objective is to defeat the enemy and to free France."

CAIRO (AP) — American fliers have shot down 45 enemy planes against a loss of six of their own in the Middle East since Oct. 1, Maj. Gen. Lewis H. Brereton's Headquarters announced Saturday night. In addition, the announcement said, the Yanks have seriously damaged an uncalculated number of tons of enemy shipping and knocked out a number of tanks and other motor vehicles.

DETROIT (AP) — The War Labor Board arranged a truce Saturday in a jurisdictional dispute between the Mechanics Educational Society of America and the rival United Automobile Workers (CIO) and the society ordered an immediate end to a wave of sympathy strikes that closed 15 war-vital tool and die plants.

WASHINGTON (AP) — The Office of War Information said Saturday this country could meet its manpower problem "without sweeping away the high standards which the United States has set up to protect working men and women."

For Sufficient Reasons

Americans dislike taxes, but aren't afraid of taxes. If
onerous taxes will help to win this war, and to avert in-
flation now, and to alleviate the pains of postwar re-
habilitation, Americans will pay just as long as there is
anything with which to pay.

The newest tax schedules are the heaviest in history in
this country. They are so heavy that they hurt, already,
and still they are not heavy enough.

But our squawk is not against the impact of heavier
taxes. It is against their destructive herogeneity and un-
scientific absence of co-ordination and cohesiveness.

We protested about the manner in which Congress
was defied and the courts straight-armed out of the pic-
ture. And now, reverting, we note one other important
phase of Economic Director Byrnes' salary and wage
limitation order:

It is not primarily a win-the-war measure. It is not at all a
revenue-producing measure. It is, more than anything else,
a share-the-wealth project.

Perhaps the United States is ready for sharing the
wealth. Possibly in the midst of a terrible war, when na-
tional unity is most vital, is the ideal time for inaugurat-
ing this social experiment that couldn't get a foot inside
the door until it donned the anti-inflation, help-win-the-
war mask.

We do not believe so. We think redistribution of
wealth is something that should be done, if at all, on its
own merits, if any, and not in time of total war.

Inflation is not going to be cured by withdrawing
the \$180,000,000 a year which this measure will cut off.

The war is not going to be financed with that \$180,-
000,000—would not be even if this were a tax measure.

All that will happen is that a relatively few men and
women will have to finance current expenses, in excess
of \$25,000 a year, out of investment returns or by liquida-
tion of capital investments.

Don't worry about the few wealthy people who will
be affected. Worry, rather, about what is happening to
the incentive system which has made America great, to
the constitutional government which has made America
free.

—Buy War Bonds And Savings Stamps—

Good Going

When William Jeffers was lifted out of a railroad
job and made rubber administrator, we weren't too cer-
tain about the wisdom of the selection. Now he has started
pitching and already he has two strikes against our
skepticism.

He pitched the first when he told a hostile congres-
sional committee that he was going to perform his diffi-
cult task to the best of his conscientious ability, and let
politics be hanged. He tossed over the second when he
jumped on misleading reports that there would be tires
for all by the middle of November.

Worrying about pressure group politics and ignoring
misleading errors were chiefly responsible for the muddle
into which rubber drifted B. J.—Before Jeffers.

It's strange how many children become hard of hear-
ing when the leaves begin to fall.

WAR QUIZ

1. This flag—bottom band of
blue, middle white, top red—is that
of a European country with a fab-
ulous colonial empire. Country
has fallen victim to German ag-
gression. What country?

2. If your com-
pass course is 270 degrees, in what
direction are you going?

3. What is a route order in the
Army?

Bombardier College
Receives More Men

Several contingents of newly en-
listed men arrived at the Midland
AAF Bombardier College Friday and
Saturday.

Some of the men were enlisted
under the recent drive for special-
ists in the Air Forces where they
will be given the opportunity to be-
come mechanics and technicians.

Congratulations to:

Mr. and Mrs. C. M.
LaDuque on the birth
of a son in a hospital
here Friday.

Mr. and Mrs. L. B. Gardner on
the birth of a daughter in a Mid-
land hospital Saturday.

MIDLAND HARDWARE & FUR-
NITURE CO. welcomes these new
arrivals and requests their parents
to call by our store, and receive a
welcome gift for them. (Adv.)

Midland Jaycees
Plan War Bond
Sales Campaign

An intensive program to promote
the sale of War Bonds and Stamps
in Midland is planned by the Mid-
land Junior Chamber of Commerce.
The plan is in line with a major
program of the national organiza-
tion. Frank Monroe is chairman of
the bond and stamp sale committee
of the Midland unit.

A committee composed of Mon-
roe, Al Boring, the Rev. Hubert
Hopper, Russell Howard, Taylor
Cole, R. E. Scott and Bill Collins
met Friday with President Clint
Dunagan to map details of the
campaign. Charles Klapproth, Mid-
land County chairman of the war
bond committee, conferred with the
group.

To Contact Workers
An effort will be made to obtain
10 per cent bond purchase pledges
from every salaried person in Mid-
land. Pledge cards and 10 per cent
buttons have been ordered.

A "Give Bonds for Christmas"
campaign also is planned.

Possibility of establishing and
operating one or more "Bond Shel-
ters" in downtown Midland on Sat-
urdays is under consideration by
the committee.

Definite plans will be submitted
to Jaycees at their meeting Friday,
Dunagan said.

Forecast Sentiment
For General Retail
Sales Tax In 1943

WASHINGTON (AP)—Administra-
tion economic chief forecast
that sentiment for a general retail
sales tax would be much stronger
in the new Congress which organ-
izes in January.

This appeared to be the only
prediction in the economic field
upon which these government ag-
ency leaders agreed.

A sales tax, if it materializes,
either could be added onto all exist-
ing taxes or substituted for some
of the heavy income taxes recently
enacted. The war budget to be
presented to Congress in January
may influence this decision.

Women Are Wanted For
Post Office Positions

Applications will be accepted
from women for employment in the
Midland Post Office. The pay is 65
cents an hour and positions are for
the duration of the war if services
are satisfactory.

Applicants should not ask for per-
sonal interview. They may obtain
form 97 from the clerk at the civil
service window, fill out and return
it at the earliest possible date. The
application will be reviewed and if
an applicant is selected, she will be
notified to appear for a personal
interview.

with two British captors, after he was captured by British armored
forces. His tank had been knocked out by heavy fire from British
lines. This photo was passed by the censor and radioed from Cairo to
New York. (NEA Radio Telephoto).

Midland Men Will
Attend WTCC Meet

A number of Midland citizens,
including Mayor M. C. Ulmer, vice-
president of the West Texas Cham-
ber of Commerce; R. M. Barron,
chamber of commerce president;
Hamilton McRae, Midland's assist-
ant director in the WTCC; and
Bill Collins, chamber of commerce
manager, expect to attend the
meeting of the executive board and
referendum committee of the West
Texas Chamber of Commerce in
Arlington Tuesday. The group will
leave Monday.

Mayor Ulmer will preside at the
luncheon-meeting Tuesday and will
take an active part in the business
sessions. Collins is a member of the
referendum committee.

Personals

Mrs. Sara Dorsey, Mr. and Mrs.
Mark Dorsey and Allen Dorsey of
Goldsmith left Saturday for Vic-
toria, Texas, where they will at-
tend the graduation exercises of
their son and brother, Cadet Ed
Dorsey.

Merle Farrens, who has been vis-
iting his brothers and sister-in-law,
Mr. and Mrs. Harold Farrens and
Lt. Don Farrens, has returned to
Bakersfield, California.

Miss Betty Ruth Farrens has re-
turned to Long Beach, California,
after visiting with her brothers and
sister-in-law, Mr. and Mrs. Harold
Farrens and Lt. Don Farrens.

Lt. Don Farrens, who graduated
from the Midland AAF Bombardier
School Thursday, will report for
duty in Florida after a visit with
his parents, Mr. and Mrs. P. H. Far-
rens at Fort Collins, Colorado.

Stimson Discourages
Soldiers' Answering
Good Will Letters

WASHINGTON (AP) — Secretary
of War Stimson explained the Army
discouraged soldiers from answer-
ing letters from unknown corre-
spondents because such correspond-
ence afforded an easy method of
espionage.

A number of correspondence clubs
have been organized in good faith
to write letters to members of the
armed forces, and many persons
were unable to understand the War
Department's opposition.

"Striking up acquaintance with
soldiers through good will organi-
zations is one of the oldest tech-
niques of espionage," Stimson said.

Bombardier Chapel
Has Sound System

With the recent installation of a
complete sound system in the Post
Chapel at the Midland AAF Bom-
bardier School, Chaplain Theodore
G. Schoeck announced Saturday
that it now will be possible to an-
nounce all services on Sunday with
a brief program of cathedral chimes
and bell ringing from the chapel
belfry.

The sound system consists of a
loudspeaker, which is installed in
the belfry and an amplifier and au-
tomatic phonograph turntable,
which are located in the balcony of
the chapel. Recordings of cathedral
chimes and bells will be broadcast.

In addition it is planned to pre-
sent daily half-hour broadcasts of
classical and semi-classical music
from the Chapel. These broadcasts
will be from 12 to 12:30 noon and
5:30 to 6 p.m.

Chaplain Schoeck, who aided in
the installation of the chimes, said
there was a need for sacred and
semi-classical records, either as
loans or gifts. They will be handled
with care.

Postpone Chamber Of
Commerce Board Meet

Postponement of the November
meeting of directors of the Midland
Chamber of Commerce from Mon-
day night to a later date was an-
nounced Saturday by Ralph M.
Barron, president. The postpone-
ment is due to the fact that sev-
eral members of the board are ex-
pected to attend the meeting of
the executive and referendum boards
of the West Texas Chamber of
Commerce in Abilene Monday and
Tuesday.

More boys are born normally in
the world each year than girls.

"A War Message To The Banks of America"

"The success of one of the most vital of our country's war ef-
forts is in your hands.

"To date, your unstinted contributions to the United States War
Savings Bond program have been magnificent. You have been
doing a proud job. What you did even before the outbreak of war
has become one of the finest testimonials to our Democratic Way.

"That over 14,000 commercial and savings banks—without a
cent of compensation—voluntarily launched a great and success-
ful drive to sell War Savings Bonds is a glowing tribute to the
quality of the patriotism of America's financial institutions."

H. MORGENTHAU, JR.,
Secretary of the Treasury

The above message was recently sent to all banks. We appreciate this official
recognition of the war work being done by America's banks.

Texas Longhorns End Baylor Bears Goal-Line Stands

AUSTIN. (AP). — Texas took over first place in the Southwest Conference football race Saturday as Baylor's Golden Bears came to the end of their tether, hobbled by a Longhorn team that laughed at the Bruins' vaunted goal-line stands.

The score was 20-0 with the Orange rolling up a touchdown in the second period, another in the third and the final midway of the fourth quarter.

The Baylor team that eleven times stopped Texas A. & M. and Texas Christian inside its 20-yard line was no match for the driving Longhorns who smashed to 256 yards through that hitherto unyielding Baylor forward wall. The Bears were held to 21 yards.

Mrs. Burwell Boudreaux and Mrs. Ray Morrow and daughter, Cula Lee, of Alpine are visiting Mrs. Burwell Boudreaux and Ray Morrow.

Wave Of Upsets Fails To Disturb Georgia, Georgia Tech, Ohio State, Boston College And Notre Dame

By Herb Barker NEW YORK. (AP). — Wisconsin's football surge through the Big Ten came to an abrupt halt Saturday but a new wave of upsets failed to disturb such other national leaders as Georgia, Boston College, Georgia Tech, Notre Dame and Ohio State.

Wisconsin, making a serious bid for the Western Conference crown and boasting a record marred only by the tie with Notre Dame, invaded Iowa City and bowed to Iowa's hard-fighting Hawkeyes, 6-0, before a crowd of 32,700.

A pass from Tommy Farmer to End Bill Burkett gave Iowa its touchdown and the Hawkeyes successfully fought off every Wisconsin attempt to retake the lead. Iowa's triumph, coupled with Illinois' 14-7 conquest of Northwestern, left the Big Ten race in a triple tie among Iowa, Illinois and Ohio State, with Wisconsin and Michigan just a half step behind.

Meanwhile, the two southern gridiron powerhouses, Georgia and Georgia Tech, moved steadily along the unbeaten trail. Georgia routed Florida 75-0, as Frankie Sinkwich scored two touchdowns and passed to end George Poschner for two more, Georgia Tech, paced by Davey Eldridge who scored three times, buried Kentucky under a 47-7 count.

Boston College, the unquestioned Eastern leader and a prime contender for national honors as well, had no trouble with Temple and pounded out a routine 28-0 victory. A sell-out crowd of 76,000 jammed Yankee Stadium in New York and saw Notre Dame's Irish slowly overpower Army's good team and earn a decisive 13-0 victory, field scoreless for two periods, the Irish sent Dick Creevy across for their first touchdown in the third quarter and then counted again in the closing minute on a pass from Angelo Bertelli to George Murphy.

Ohio State, beaten a week ago by Wisconsin, turned on the heat Saturday and crushed Pitt, 59-19, despite the exploits of the Panthers' Dill Dutton who scored two touchdowns and passed for a third.

Missouri, Texas and undefeated Tulsa gained commanding leads in their respective conference games. Missouri spotted Nebraska an early touchdown and then rolled up four touchdowns to win, 26-6, and virtually clinch the Big Six crown for the second year in a row. Texas, led by Roy McKay, Ken Matthews and Jackie Fields, routed Baylor, 20-0, and gained sole possession of the Southwest Conference lead.

Texas' first team took a strange hold on the Missouri Valley Conference championship by rolling over Oklahoma A. & M., 34-6, but the Cowboys had the satisfaction of being the first to score on the winners.

Upsets Are Numerous Upsets were the rule, rather than the exception, in the East where Penn., Syracuse, Fordham, Holy Cross, Princeton and Yale, all of them favorites, were spilled. A crowd of 74,000 at Philadelphia saw Penn.'s powerful machine held in check by Navy which scored on a pass from H. A. Hamberg to Ben Martin and then held on to win, 7-0. Syracuse could not overcome the state college jinx and lost to Penn State, 13-13. Louisiana State trounced Fordham 26-13 as Stuber Harris paced the Southerner's attack. Cornell whipped Yale 13-7.

Columbia bowed to Colgate, in a "basketball" thriller, 35-26; Harvard invading the Midwest, was no match for Michigan's Wolverines and went down 35-7.

Indiana sprang a surprise in the Midwest by beating Minnesota, 7-0, on Billy Hillenbrand's pass to Pete Pihos in the closing minutes. Oklahoma swamped Kansas State, 76-0, in a Big Six game as Kansas beat Washington of St. Louis, 19-7, in a non-conference test.

In the Far West, Oregon sprang one of the season's biggest upsets by upsetting U. C. L. A., 14-7, as Tommy Roblin rammed over the clinching touchdown in the fourth quarter. Mickey McCardle led Southern California to a 2-7 conquest of California; Stanford walloped Washington, 20-7; and Oregon State ran up a 33-0 count on Montana. Washington State turned back Michigan State, 25-13.

Hike Potato, Onion And Turkey Prices WASHINGTON. (AP)—Stores got permission Saturday from Price Administrator Leon Henderson to increase the price of potatoes, onions and turkeys.

These and a number of other foods were placed under temporary price "freezes" October 5. Saturday's order is the first of a series designating permanent price controls.

For the housewife, Henderson said, the effects of the order, some of which probably will be noticeable within a week, will be:

About one cent a pound increase on Maine potatoes, but probably no change on Western potatoes, about one-half cent a pound increase on onions; no material change on turkeys during the holiday season but about a three per cent increase in February.

We specialize in serving private parties, large or small, in our private dining rooms.

Second Front

(Continued from page one)

number of divisions of the British Army." White House Secretary Stephen Early called a special press conference to make the formal announcement. He said it was issued in the name of President Roosevelt, with simultaneous communiques coming from the War Department and in London.

The announcement said the landing was to prevent an enemy invasion which, if successful, would "constitute a direct threat to America" across the comparatively narrow sea from Western Africa.

"This combined Allied force," the announcement said, "under American command in conjunction with the British campaign in Egypt is designed to prevent an occupation by the Axis armies of any part of Northern or Western Africa, and to deny to the aggressor nations a starting point from which to launch an attack against the Atlantic Coast of the Americas."

The formal White House statement also said the landing "provides an effective second front assistance to our heroic Allies in Russia."

The President's statement went on to say that the French Government and people had been informed of the purpose of the American expedition and had been assured "that the Allies seek no territory and have no intention of interfering with friendly French authorities in Africa."

The government of France and its people and the French possessions, the announcement continued, have been requested to cooperate with and assist the American expedition "in its effort to repel the German and Italian international criminals, and by so doing to liberate France and the French empire from the Axis yoke."

Without specifying the exact points where the powerful American force had disembarked, the announcement said the expedition "will develop into a major effort by the Allied Nations and there is every expectation that it will be successful in repelling the planned German and Italian invasion of Africa and prove the first historic step to the liberation and restoration of France."

Simultaneously with the official presidential statement, the White House made public a Roosevelt radio recording which was broadcast Saturday night to the French people by shortwave from Washington and London.

The President delivered the message in French. An English translation said: "Help us where you are able, my friends, and we shall see again the glorious day when liberty and peace shall reign again on earth."

"Vive la France eternelle!" The President asked the French: "Do not obstruct, I beg of you, this great purpose."

Roosevelt declared that he spoke to the French "one who was with our army and navy in France in 1918" and held all his life the deepest friendship for the French people.

"No two nations exist," he said, "which are more united by historic and mutually friendly ties than the people of France and the United States."

Americans, with the assistance of the United Nations, Roosevelt added, were striving "for their own safe future as well as the restoration of the ideals, the liberties, and the democracy of all those who have lived under the Tricolor."

"We come among you to repulse the cruel invaders who would remove forever your rights of self-government, your rights to religious freedom and your rights to live your own lives in peace and security."

"We come among you solely to defeat and rout your enemies. Have faith in our words. We do not want to cause you any harm."

"We assure you that once the menace of German and Italy is removed from you, we shall quit your territory at once."

"I am appealing to your realism, to your self-interest and national ideals."

Bulldogs Prepare For Lamesa Battle

Midland's Skinny Little Iron Men have only two more days to polish their gridiron attack for the Lamesa contest Armistice Day.

Coach Gene McCollum has a full schedule of practice booked for both Monday and Tuesday, with some scrimmage on the program. New plays are being studied.

Plans are being made to take the Midland High Band to Lamesa for the game and a number of Midland fans plan to make the trip.

Freshmen Defeat Bullpups 7 To 6

Midland High School's Freshmen defeated the Junior High School Bullpups 7 to 6 in a fast football game here Friday night.

The Freshmen gained their score in the second quarter when George Edwards intercepted a pass and ran about 35 yards for a touchdown. A pass, John Larsh to James Rice, added the extra point.

Gauge Tubb Pay-

(Continued from page 1)

Pernian wildcat four miles southwest of the Wasson field, halted coring at 6,456 feet after recovering ten line with no shows and drilled ahead to 6,515 feet in lime, where it now is preparing to change shale-shaker.

Pumping gauge will be started Monday at The Texas Company No. 1 J. Bay Robertson, intermediate Pernian discovery in Southern Gaines. The well has been inactive for some time while lime was laid to a Magnolia trunk.

Pecos County Continental Oil Company No. 1 J. H. Claybrook, scheduled 5,600-foot Delaware test in Western Pecos, is drilling at 1,730 feet in anhydrite.

Phillips No. 1 Dan C. Auld, scheduled 8,500-foot Ordovician try in Southeastern Pecos some 29 miles southeast of Fort Stockton, is drilling in shale at 6,534 feet.

Seeking a short shaft extension of Ordovician production in the Abell field of Northern Pecos, Humble Oil & Refining Company No. 1 Tom R. Parker of Midland, et al, is drilling Pernian lime past 4,512 feet. It is averaging more than 100 feet of new hole per day.

Humble's 3,000-foot Ordovician test in Western Scurry, the No. 1 W. T. Newman, nine miles north-west of Snyder, is drilling at 7,319 feet in lime and chert. It probably is in the Strawn, lower Pennsylvanian.

Stirling County Ohio Oil Company No. 1 L. T. Clark, 8,000-foot Ordovician wildcat in extreme Southeastern Sterling, was to start drilling plug Saturday noon from 13-inch o. d. casing cemented at 238 feet with 200 casks. Total depth is 295 feet in red rock.

A 9,000-foot Ordovician test in Northwestern Sterling, 15 miles northwest of Sterling City, Col-Tex Refining Company No. 1 W. N. Reed et al, is rigging up rotary.

Ward County Shell No. 2 Sealy-Smith Foundation, Tubb pay discovery in the Monahans Ellenburger pool of Northeastern Ward, failed to flow when opened through tubing following a 16-hour shut-in period to build up pressure. However, it started flowing after one run of the swab and flowed for five hours to pits, showing an average out of six per cent sediment and water. Turned into tanks for three hours ending at 7:30 a. m. Saturday, following a 16-hour shut-in period to build up pressure. However, it started flowing after one run of the swab and flowed for five hours to pits, showing an average out of six per cent sediment and water. Turned into tanks for three hours ending at 7:30 a. m. Saturday, following a 16-hour shut-in period to build up pressure. However, it started flowing after one run of the swab and flowed for five hours to pits, showing an average out of six per cent sediment and water. Turned into tanks for three hours ending at 7:30 a. m. Saturday, following a 16-hour shut-in period to build up pressure. However, it started flowing after one run of the swab and flowed for five hours to pits, showing an average out of six per cent sediment and water. Turned into tanks for three hours ending at 7:30 a. m. Saturday, following a 16-hour shut-in period to build up pressure. However, it started flowing after one run of the swab and flowed for five hours to pits, showing an average out of six per cent sediment and water. Turned into tanks for three hours ending at 7:30 a. m. Saturday, following a 16-hour shut-in period to build up pressure. However, it started flowing after one run of the swab and flowed for five hours to pits, showing an average out of six per cent sediment and water. Turned into tanks for three hours ending at 7:30 a. m. Saturday, following a 16-hour shut-in period to build up pressure. However, it started flowing after one run of the swab and flowed for five hours to pits, showing an average out of six per cent sediment and water. Turned into tanks for three hours ending at 7:30 a. m. Saturday, following a 16-hour shut-in period to build up pressure. However, it started flowing after one run of the swab and flowed for five hours to pits, showing an average out of six per cent sediment and water. Turned into tanks for three hours ending at 7:30 a. m. Saturday, following a 16-hour shut-in period to build up pressure. However, it started flowing after one run of the swab and flowed for five hours to pits, showing an average out of six per cent sediment and water. Turned into tanks for three hours ending at 7:30 a. m. Saturday, following a 16-hour shut-in period to build up pressure. However, it started flowing after one run of the swab and flowed for five hours to pits, showing an average out of six per cent sediment and water. Turned into tanks for three hours ending at 7:30 a. m. Saturday, following a 16-hour shut-in period to build up pressure. Written by the Journalism Class and the Press Club of Midland High School

Janice Pope Chosen Editor Of Catoico

Janice Pope has been selected editor-in-chief of the 1942 Catoico. Midland High School yearbook.

On the editorial staff are Charlie Kelly, sports editor; Charles Raripugh, snapshot editor; Fred Wemple, art editor; Robert Walker, assistant art editor; Gisama Graham, class editor; and Orilla Mae Osborne, club editor. Frances Palmer and Bobbie Jean Gibbons will be typists. Miss Ethel Harkins, junior English teacher, will sponsor the yearbook.

News Of Former Midland Students

Bob Preston Jr. spent part of last week in Lubbock visiting Hugh Corrigan III. Emily Jane Lamar student of T.S.C.W. is spending this weekend in Dallas. Lt. Billy Noyes visited in Midland last weekend. Roger Sidwell, 1941 graduate of Midland High School visited school Tuesday. Pauline Wingo, Martha Preston, and Lou Nell Hudman spent last weekend in Dallas at the Baptist Student Union Convention. Marjorie Ann Monaghan former student, and a sophomore in T.S.C.W. Denton, was a nominee for Aggie Day Sweetheart. Doris Lynn Pemberton is pianist for the orchestra in T.C.U. Sergeant E. J. Bagsdale, who is stationed at Lubbock, visited in Midland last Sunday. Mary Nell Wolfe, who is attending San Angelo Junior College, spent the weekend in Midland. Mrs. Buster Malone, formerly Sylvia King, left Thursday evening to join her husband in Washington.

Students Join Jr. Red Cross

Junior Red Cross memberships in high school last week totaled 365 and students donated \$28.57. Three Advisory rooms reported 100 percent membership — senior rooms are sponsored by Miss Fannie King and Miss Emma Robinson and the junior room is sponsored by Miss Cora Lee Morrow. Homemaking girls who in a charge of the enrollments in the advisory rooms were: Albertine Webb, Rosie Lee Hart, Vera Williams, Eileen Eiland, Jean Russell, Dorothy Rose Otho, Frances Palmer, Virginia Counts, Betty Jean Graham, Faye, Shelburne, Wanda Lee Tindle, Joann Williams, Rose Beth Shirey, Tommie Jean Newsome, Juanita Easley, Frances Umberson, and Mary Simmons. Student have given 28 pocket sized books to be placed in kits for the soldiers. These will be distributed by the Junior Red Cross. Mrs. E. Chapman, chairman of the membership committee of the Junior Red Cross in Midland, reported in assembly Wednesday that four-fifths of the funds would be left in Midland for the Junior Red Cross work.

Guns! Grit! Glory!

Japs paid dearly when they attacked Wake Island. Heroic Marine garrison hurled sudden death back at Jap planes raiding the strategic isle. Grim and thrilling days of the siege are told in "Wake Island," Paramount dramatization today at the Yucca Theatre. In set are Brian Donlevy, Walter Abel, Robert Preston and Macdonald Carey.

Briggs Picks Cast For Junior Play; Bray Heads List

The final cast for the Junior play, "The Very Light Brigade," has been chosen by Steven Briggs, director. Members of the cast include Peggy Richardson, a young girl with big ideas, Mary Fern Bray; Ruth Richardson, Peggy's adoring mother; Wanda Jean Girdley; Bruce Richardson, Peggy's ambitious father; Burvin Hines; Marion Hazlip. Mr. Richardson's sister, Nellie Brunson; Georgia Brown, the mayor's daughter; Fatsy Warren; Viola Saunders, the editor's daughter; Theresa Jane Stringer; Spike Tanner, Peggy's boy friend; John Mertz; Lt. Bill Sparks, of the U. S. Air Force; Calvin Campbell; Private Ed Clark, U. S. Army; H. G. Bedford; Lt. Ned Barrows, U. S. Marines; Bill Elkin; Jake Brooks, the sheriff; William McReynolds; Virginia Luck, a magazine writer; Billie Marie Benedict; Kate Smith, also magazine writer; Louise Edwards; Ted, a photographer; Fred Wemple; Jimmy, and interior decorator; Max Allen. "The Very Light Brigade" is now being rehearsed and will be given soon after Thanksgiving. This play is a new comedy hit.

Bulldog Kennel

The Lamesa Golden Tornadoes, with a record a half notch better than the Bulldogs, will be hosts to the Midland team, Wednesday. The Tornadoes have tied the Big Spring Steers and won one game from Snyder, 6-0. All other games played by the Lamesa team were lost by lopsided scores. These games were: Lamesa 7, San Angelo 47; Lamesa 0, Brownfield 21; Lamesa 7, Odessa 14; Lamesa 6, Sweetwater 21. Reports from Sweetwater are that the Tornadoes gave them the scrappiest game they have been in this season. Less than in the Sweetwater game played last Friday, used a spread formation, with the end and two half backs playing about ten yards to the right or to the left. The Tornadoes have Reeves, a speed merchant at half back and an excellent passer. Taylor, playing tailback. With previous records about even, the tussle between the Bulldogs and Tornadoes should be an evenly matched contest. The Bulldogs will go on the field, Wednesday, with no injuries except Billy Jo Stuckney, who still has a slight knee injury.

Each Class Elects Three Girls Representatives In Queen's Race

In class elections last week 123 girls were chosen candidates for queen of the 1943 Catoico. Nominees from the senior class to be contestants are: Belva Jo Knight, Janice Pope, and Otella Elynt. Chosen to represent the juniors in the race for queen are: Mary Fern Bray, Allyne Kelly, and Ann Vannaman. Sophomore candidates are: Cecilia Long, Shirley Culbertson, and Gloria Goddard. The three freshman girls in the race are: Charlotte Clendennen, Virginia Dunaagan, and Betsy Nolan. Balloting will close December 4 and the girl having the highest number of votes will be crowned queen in a ceremony held in January. The six girls ranking next highest in number of votes will be attendants to the queen at the coronation. Students may cast votes for the candidates of their choice by buying annuals, and by having their pictures made for the class sections. Purchase of an annual entitles a student to 300 votes. A picture taken the first week of the contest, until Nov. 13, gives 400 votes; the second week, Nov. 14-20, 300 votes; the third week, Nov. 21-29, 200 votes, and the last week, Nov. 28-Dec. 4, 100 votes. Sale of annuals will close on November 20, and no orders will be taken after that time. Principal Frank Monroe states. Miss Ethel Harkins and Miss Helene Milley, Catoico sponsors, will be in charge of the contest.

School Clubs Meet Thursday During Activity Period

The Dramatics club met Thursday afternoon. Billie Walker, vice-president, presided in the absence of Faye Doris Douglas, president. Steve Briggs, the sponsor announced that the cast for three one-act plays would be selected soon. A radio skit is to be given some time next week in assembly. The Spanish Club, under the sponsorship of Miss Nell Marie Riley, met in room 204 during activity period Thursday. Plans for the future are to study more about Latin American countries and their relationship to us. After the business meeting, the group sang Spanish songs, namely "Amapola," "La Cucaracha" and "En el Rancho Grande." President, Rose Beth Shirey presided. The Press Club wrote headlines for the paper and read other high school newspapers. Plans for initiation of new members were discussed in the home-making Club meeting. New members will be initiated Monday, Tuesday, and Thursday of next week. Installation of the officers will be Thursday at the regular meeting.

Music Corner

Charles Funk, Gene Hays, Frank Troseth, and Penny Mertz, members of the boys' quartet, and Jackie Theis, Helen Horn, Margaret Mims, and Peggy Anderson, members of the girls' quartet sang at the Midland Rotary Club meeting Thursday. The girls' quartet sang several numbers at the Midland Civic Theatre meeting Monday night. Mrs. De Lo Douglas's music classes have been studying a score of the opera Boris Godounov by Moussorgsky. Jim Turpin, former Midland High student obtained this musical score in New York. It was published in London, and is written in Russian, French, and English. The music IV class has been studying myths the last week. Jim Watts is practicing low bass for the boys' quartet. Thursday was the deadline for the band members to turn in reports about talking their cars to the game at Lamesa, but if any other than band members is going and has room for another person it would certainly be appreciated if they would ask a band member to go along. Something new is being taught to the first and second period band members, a course in harmony. This course starts with the fundamentals of music and, later branches out into chord construction, musical notation, and simple counterpoint. Frank Troseth, clarinetist, is back with the marching band; he has been out several weeks following an operation. Thursday afternoon the glee club and band practiced together on a surprise number which they will present at the next victory concert.

Red Cross Scrap Books Constructed

The English classes of Midland High School have been requested by the Red Cross to make 10 scrap books to be used in Army hospitals. The students were asked by the English teachers to bring clippings including jokes, cartoons, poems, sports pictures, theatre, music, and science articles to paste in the books during classes.

Your Loved Ones Want A PHOTOGRAPH of You

HELPING BUILD WEST TEXAS

Know Your Faculty

Need no introduction to her many friends in Midland High School, brown eyed Miss Frances Farnham made her initial appearance Monday in the halls of Midland High School to teach sophomore English. Miss Farnham came to High School from Junior High where she had been teaching for six years. She was pianist there. She received her degree from Oklahoma Baptist University. Since her home is near Odessa, Miss Farnham doesn't have so far to go to visit her family. Her favorite sports are swimming and football. When asked if she liked High School, her reply was "uh-huh!"

Who's Who—Frank

Frank Troseth is a 16 year old, tall, blonde, and blue-eyed senior. He is active in the musical department of Midland High School, being a member of the band, the A'Capella Choir, and the quartet. He is assistant band director to Ralph Utley. In clarinet soloing he has won two first places in the state, and a second place in national. His favorite pastime is music. He is active in scout work. Frank declares he likes all his teachers and subjects but simply hates turnip greens. He belongs to the National Honor Society. He was elected as a junior member last spring. This fall he became president of the society. Frank plans to attend Greges Business College in Chicago this summer and major in business administration.

WHY SPEND MILLIONS —

Millions of dollars are spent annually and thousands of men devote innumerable hours to provide the people of this nation with pure, wholesome, healthful food, milk and water.

AND THEN SPREAD DISEASE THROUGH CARELESSNESS

If the dishes, glasses, cups, silverware, or any of the utensils used in the preparation and the serving of food are improperly or poorly cleaned, they may harbor the germs of the very diseases which all of the previous careful procedures have aimed to prevent. In many cases this negligence may be a violation of established, written law.

WEST TEXAS GAS CO.

SOCIETY

Mrs. Hodge To Be Installed Eighth District President At Convention

Mrs. J. Howard Hodge will be installed as president of the Eighth District of the Texas Federation of Women's Clubs at the 45th annual state convention of Texas Federation of Women's Clubs at Austin November 10-12.

Mrs. J. W. Walker, president of the Texas Federation, said "this convention has been approved by the Federal Government, the war service program of the federation being considered essential to the war effort."

Other Midland women who will attend the convention are, Mrs. James H. Goodman, state chairman of the American citizenship department; Mrs. Hal C. Peck, eighth district representative for the state board of trustees and delegate from the City Federation; Mrs. Roy Parks, delegate from the Fine Arts Club and appointed board member; Mrs. Louis F. Caddell, delegate from the Twentieth Century Study Club and the eighth district war service chairman.

The theme of the convention is "Education For Democracy's Victory."

STANTON SCHOOL HOURS CHANGE

STANTON — Starting Monday, Stanton schools will change their time of starting and closing. The opening hour will be 10 a. m. and dismissal 5 p. m. Two days will be given for Thanksgiving. The school will not observe Armistice Day, as Stanton high school classes will be dismissed Friday, so the faculty can care for gasoline rationing applications.

Lt. J. E. Hill, Jr. who recently graduated from the Lubbock AAF School now is stationed at Tarrant Field, Ft. Worth.

Women's Auxiliary Completes Week Of Prayer Programs

Mrs. D. M. Scott spoke on "The Home Mission Emergency Fund," at the meeting Friday which climaxed a Week of Prayer and Self-Denial programs of the Women's Auxiliary of the First Presbyterian Church. Thirteen members attended.

The theme of the week was "That They All May Be One."

On Monday, Mrs. A. Fasken spoke on the topic, "Thanksgiving." The scripture reading was from Psalms 75:1, 95:1-16, 100. Thirteen members attended.

"Rededication" was discussed by Mrs. L. G. Eyerly at the Tuesday session. The scripture reading was taken from Acts 1:4-8 and Philippians 2:13-15. Nine members attended.

Wednesday, eight members heard Mrs. Richard F. Peters tell of the "Extension" of the home mission work, and "The Great Opportunities Challenging Our Church Today."

The topic discussed by Mrs. K. S. Ferguson at the Thursday program was "sustentation." She discussed the Indian, Negro, the foreign language groups, and the mountain folk. Twelve members were present. Offerings were taken for the emergency fund of the church.

Dance Is Held At Officers Club
A dance for officers of the Midland AAF Bombardier School and their wives was held at the Officers Club Saturday evening. Music was furnished by the Hell From Heaven Swingsters.

VISITING IN ABILENE
Mr. and Mrs. J. W. Pace are spending the weekend in Abilene visiting their daughter, Wilene, a student in Draughon's Business College.

Dinner Honors New Members Of Beta Sigma Phi

Six new members of the Beta Sigma Phi sorority were honored and initiated at a formal dinner Thursday at the private dining room of the Hotel Scharbauer.

The honorees included Misses Faye Powers, Ruth Smith, Nita Gothard, Eleanor Wood, Janice Watts and Lee Johnson.

The sorority colors, gold and black, were favored at table decorations of black vases and bowls filled with yellow chrysanthemums and roses.

Place cards bore the Beta Sigma crest. A three course menu was served to the new members and the following: Misses Maedelee Roberts, Roselle Girard, Wilma Ruth Holman, Dorothy Newberry, and

Mmes. J. H. Fine, Ralph Guyer, John Porter, Tom Potter, T. H. Stringer, Riley Parr, S. R. McKinney Jr., and Cecil Waldrep.

Party Honors Girls Auxiliary At Home Of Mrs. H. Burris

With the Girls Auxiliary of the Calvary Baptist Church as guests of honor, Mrs. Hoyt Burris entertained with a party Friday evening at her home, 708 South Lorraine. Mrs. Walter Wingo, Mrs. Leonard Jones and Mrs. Roy Frazier were co-hostesses.

The Thanksgiving theme was used. Sandwiches were in the shape of pumpkins and favors were of pumpkins and nuts. The napkins had turkey designs.

Present were Clara Joy Webb, Melodece Burris, Laverne Wingo, Evelyn Esley, Anna Beth Graham, Doris Williams, Kathleen Harwell, Willa Mae Baker, Wanda Smith, Lois Shelburne, Mildred Baker, Kathryn Morrow, Mary Virginia Padgett, Opal Scrivner, Betty Jean Graham, Jo Ann Esley, Imogene Smith, Nancy Jo Booth and Irene Harwell.

Volunteer Workers To Serve Each Day At Soldier Center

One hundred and eighty Midland women have volunteered to serve with the hospital committee of the Soldiers Recreation Center, the group announced Saturday, and assignments of workers are being worked out.

Members of the hospitality committee are Mmes. Jack Rettig, Ernest Sidwell, Louis Link, Guy McMillan, Joe Mims, Ben Rogers, M. R. Hill, E. H. Davidson, Andy Faskin, Bob Hill, Y. D. McMurray, Chapple Davis, Phil Scharbauer, A. C. Hefner, H. C. Wheeler, L. G. Lewis, Richard Gile, William Penn, and L. W. Leggett.

Volunteer workers who will be on duty next week from 1:30 to 4:30 p. m. each afternoon follow:

Monday — Mrs. Holt Jewell and Mrs. O. B. Holt.

Tuesday — Mrs. J. Howard Hodge and Mrs. John Dunagan.

Wednesday — Mrs. Charles Sherwood and Mrs. Leo McLaughlin.

Thursday — Mrs. Otis Ligon and Mrs. George Kidd.

Friday — Mrs. John P. Butler and Mrs. Eugene Russell.

Saturday — Mrs. Eula Mahoney and Mrs. J. A. Maschlo.

Mrs. W. P. Collins Elected Class Mother

Mrs. W. P. Collins was elected class mother of the Belmont Bible Class at its meeting Friday at the educational building of the First Baptist Church.

Mrs. W. G. Attaway taught the lesson.

Members present included Mesdames Roy Long, Collins, Leo Baldrige, W. M. Craft, R. Chanslor, Margaret Parr, T. M. Barrett, H. E. Skipper, Attaway, Gladys Holster, E. M. Hays, and W. L. Sutton.

McKENNEY ON BRIDGE

By William E. McKenney
America's Card Authority
Richard L. Frey of New York, who had dropped out of tournament play for a while, returned to bridge competition this year. With A. Moyse, Jr., he won the Eastern States open pair championship, and later Frey was one of the world championship Masters team-of-four winners.

I happened to kibitz Frey and Moyse when they played the hand shown today. Frey sat South and Moyse North. Every other North and South pair in the room played the hand at seven hearts, which

of course goes down one trick, as there is no way to avoid losing a diamond. However, Frey was keenly alive to the possible advantage of playing an equally-split suit as trump, instead of the unbalanced suit. As a result, he was able to discard dummy's losing diamond on one of his good hearts.

This is a little trick that players will often find written in. There may be a choice between playing the contract in a suit we know is distributed 5-3, and one distributed 4-4. It generally pays to play the hand in the 4-4 suit, as the 5-3 suit will provide valuable discards.

Sweden Believed Leader In Unionized Labor

STOCKHOLM (AP)—More than a million members are enrolled in the Swedish Federation of Labor. The 3,000 trade unions in Sweden now have as members 23 per cent of the nation's population between the ages of 15 and 65 years, this percentage being the world's highest, it is believed. Practically all of the wage-earners in industry and transportation have been absorbed into unions, and if the farm laborers and forest workers become affiliated, a maximum membership of 1,200,000 is foreseen.

FIRE TRUCK FINDS SELF COMING FROM A FIRE

WILLIAMSVILLE, N. Y. (AP)—The Williamsville fire truck was about to answer an alarm when it backfired and caught fire. Damage was slight.

Durable Suit

8298
34-48

This is the kind of suit which can be the backbone of a wardrobe limited to "fewer, but better" clothes. It takes day long wear beautifully... all it needs for perking up is a fresh dickey or a different blouse. Another virtue is that it is a young fashion—designed for larger sizes!

Pattern No. 8298 is designed for sizes 34, 36, 38, 40, 44, 46 and 48. Size 36 suit takes 4 1/4 yards 39-inch material.

For this attractive pattern, send 15 cents, plus 1 cent for postage, in coins, with your name, address, pattern number and size to The Reporter-Telegram Today's Pattern Service, 211 W Wacker Drive, Chicago.

See the Fall Fashion Book's wide variety of smart patterns—before you wind up your fall sewing campaign. Send for your copy today, 15c. Order it with a 15c pattern for 25c plus 1c for postage.

Railroad's Buffalo Becomes Extinct

OMAHA (AP)—For 85 years the Union Pacific railroad bridge over the Missouri river was adorned on the western end by a giant buffalo head to symbolize the west, and on the eastern end by a large bas relief, whose design of a plow, an anchor and steam hammer symbolized eastern industry.

But no more, for the historical pieces, cast in 1887 by Etienne Favy of New York City, are to be salvaged for their high copper bronze content. The buffalo head, 7 1/2 feet high, is estimated to contain 2,400 pounds of bronze, the bas relief 1,000 pounds.

The oldest tune in the world is said to be that of "For He's a Jolly Good Fellow." The words, however, are modern.

Nineteenth Visit Is Made By Stork

LOOK HAVEN, Pa. (AP)—The stork made his nineteenth call at the home of James Roy Hill 48, paper mill worker, and Mrs. Hill, 42, bringing a boy.

The attending physician, Dr. T. E. Teah, announced there will be no bill for medical services if he is called on to deliver No. 20.

"Next one," he told the beaming father, "is on me."

MINERS' DEMANDS BRING SHORTAGE OF BURROS

KINGMAN, Ariz. (AP)—The old burro train has been revived to bring lead ore out of the Hualapai mountains for war purposes. J. H. Hoffman, mine superintendent, said he had difficulty finding enough burros nowadays trained to pack ore.

At one time, Lloyd's of London insured a California avocado tree for \$30,000 against fire and frost.

FUNNY BUSINESS

"It's our roomer—he had paid a week in advance and he won't leave!"

SIDE GLANCES

"Those shell-rimmed glasses are only camouflage! She pretends to be intellectual, but I notice every time she goes to the library she manages to walk home with a date!"

PLAY BY PLAY

BY PAUL DAVID PRESTON

EMERGENCY CHAPTER XXV
PROBABLY in deference to Coach Pop Miller and his hopes for a championship victory this week, the commandant at Lincoln Field had given each football player who wanted it a three-day leave from duty.

He went straight to Pop's office, waded through the 20 or 30 men crowding around there. Promptly he was introduced to a brusque stranger named Loumann.

He couldn't get Blythe at home. And at Pop's office all he could hear was a wild hubbub of masculine voices. Whoever answered just said, "She ain't around."

HE and Heavy Underwood had fun for two hours trying out some new gadgets on a training ship. Heavy was not as quick at mathematics or at aerodynamics in general as Duane, and the full-back tutored the center.

dues wanted to know. "No foolin', hurry! I'll—I'll make it up, you Nazis!"

"Where's Blythe Miller?" Duane broke in. "Where is she?"

"Where's Bly? Pop, where's Bly?" Hogan roared a bit now.

Next moment he heard two short, terrorized shrieks from a girl. And then—Bang!

Roosevelt County, New Mexico, Gets New Wildcat Test

HOBBS, N. M.—Expansion of Southeast New Mexico's wildcat play was evident Saturday when Malco Refining Company, Inc., announced location for a 5,000-foot test in Southeastern Roosevelt County.

The new wildcat is the No. 1 Bilberry, 660 feet from the south and 1,980 from the west line of section 1-78-37e, several miles west of the Texas line.

In extreme Northeastern Lea County, Ohio Oil Company No. 1 State-McCormick, wildcat in section 36-98-37e, has moved off rig but still is being tested by owner. On a representative four-hour period late in the week it flowed 7.8 barrels of fluid, of which 1.85 barrels was heavy black oil, 31 barrels sediment and the balance salt water. Flow was through open tubing against 625 pounds casing pressure, with gas volume of 250,000 to 500,000 cubic feet per day. The well is bottomed at 4,933 feet, plugged back from 5,658 feet where drilling was halted seven feet below the top of the Glorietta sand. The lime zone was acidized with 5,000 gallons after plugging back.

Lea Duster
A wildcat failure for Lea was seen with the abandonment of C. J. (Red) Davidson of Fort Worth and J. C. Clower of Eunice No. 1 Shell-State, in section 20-318-34e, three miles west by southwest of the West Eunice pool. It struck sulphur water in lime from 4,115 to 4,130 feet, the total depth, which rose 1,800 feet in four and one-half hours.

R. Olsen Oil Company and Atlantic Refining Company No. 1 Langlie, scheduled 8,500-foot Ordovician test in the shallow Langlie Permian pool of Southeastern Lea, is drilling unchanged at 6,383 feet in lime. It is in section 11-288-37e.

In the Square Lake pool of Eddy County, Max Coll and Carper Drilling Company No. 1 State, section 36-168-30e, was completed for natural flow of 100 barrels of oil per day from between 3,010 and 3,050 feet, total depth. Carper No. 2 Teller-State, in the same section, flowed 72 barrels a day after shooting with 160 quarts of nitro in pay zone from 2,900 to 3,134 feet.

A three-mile north outpost to the Square Lake pool, Premier Petroleum Corporation No. 1 Mrs. Leuca C. Stabbin, logged slight showing of oil from 2,875 to 2,880 feet in lime and drilled ahead below 3,062 feet. It is section 15-168-30e.

Dean Cox Is In Charge Of Meeting

Dean Cox conducted the meeting of the Glenn Walker Royal Ambassadors Friday at the First Baptist Church.

Mrs. S. L. Alexander discussed "The Knights of Deceit" and assigned the boys the project of constructing magazine racks for the distribution of literature.

Billy Crites and Y. E. Brown presented a program on the Southern Baptist Victory Program.

The Rev. John Abbott, state missionary among the Mexicans told of many of his experiences among Mexican boys.

Present were: Billy Crites, Allen Olson, Wayne Hughes, Frank Allan Roberson, Clarence Long, Dean Cox, Y. E. Brown, Mmes. S. M. Erskine, S. L. Alexander, Mr. Abbott and the Rev. Vernon Yearby.

Man, It's Ann!

Hollywood likes them savage—especially if they are like blond, green-eyed Ann Savage, newcomer to films.

Shower Honors Mrs. Don Hyatt

Honoring Mrs. Don Hyatt, who was Miss Jean Davis before her recent marriage Mrs. Ira Proctor was hostess to a miscellaneous shower at her home, 1407 West Ohio.

Each guest presented the honoree with their favorite recipe. Gifts were presented and coffee and cake were served.

The invitation list included Mmes. Jean Harwell, C. F. Wheeler, Ira Cole, Price Davis, Walter Lynch, Bois Eldson, George Grant, Ray Hyatt, Roy Jones, T. P. Davis, W. E. Lynch, W. M. Bloss, Jake Hyatt, A. G. Davis, and C. O. Fuller, and Kenneth Wheeler.

Rev. Kendall Will Be Army Chaplain

STANTON — Rev. Arthur A. Kendall, pastor of the First Methodist Church, received word to appear in Washington for his final examination into the Army as chaplain. He left Saturday for Washington.

Chester Jones Is Promoted To Sergeant

Chester Jones of Midland who recently was promoted to sergeant in the Coast Artillery now is stationed in New York City.
