## HUGE U. S. AIR ARMADA BEGINS AXIS SHIPS IN MEDITERRANEAN

### Europe Trembles In Fear Of Early Allied Invasion

#### Allied Chutists Set Up Bases In Norwegian Hills

LONDON—(AP)—Signs of increasing Axis invasion threats from the Balkan frontier to the Scandinavian peninsula were highlighted Tuesday by a roundabout report that Allied parachute troops had established a base in the Norwegian mountains and had sallied out in raids on Nazi-controlled factories.

The story came to London in Stockholm dispatches which said the Allied parachute base was somewhere in the Hardanger Vidna Mountain lakes area, an ideal district for an airbase and that it was equipped with a meteorological station.

The London Daily Press quoted the German radio as announcing that Nazi troops are hunting the parachutists, said to be British and Norwegian.

On the southern border of the Allied invasion arc, meanwhile, Italian Fascist Minister Alessandro Pavolini announced that Sicily, all the toe of the Italian boot, had become "a fortified outpost of the European continent itself against any and all attacks coming from the Mediterranean." Only Wednesday Italy announced a new mobilization law to be applied in event of invasion.

The Daily Mail said in a dispatch from Madrid that 350,000 tons of French shipping immobilized in Mediterranean ports since the German occupation of Southern France had been ordered sent to Genoa, Spain and ports in Sardinia and Sicily.

From Ankara came reports that military quarters there had received information the Germans were organizing an "Army of the Balkans" for defense against any infiltration into Southeastern Europe.

A brief Reuters report from Stockholm said without elaboration that the inner political tension in Spain never was so great as at present, adding "and it is not entirely due to the air raids."

The Paris radio announced that from now on persons charged with being communists and anarchists in France must accept court-designated attorneys instead of choosing their own. The same source also said that officials helping refugees and Jews to escape the German dragnet would get 10-year prison terms and be fined double the amount they collected from any one they helped.

**MEXICAN MINISTER ARRIVES IN MOSCOW**  
MOSCOW—(AP)—Luis Quintanilla, Mexico's first minister to Russia in 10 years, arrived in Kubyshyev by plane Wednesday and was greeted by Soviet foreign office officials and western hemisphere diplomats.

#### Halts Farm Draft

Colorado's Gov. John C. Vivian has prompted a showdown on the farm labor draft question by ordering a halt to induction of farm workers in his state.

#### Light Balloting Is Expected In School Election

A light vote is expected in Saturday's Midland Independent School District election.

None of the candidates for places on the school board has opposition on the ballot, and little interest has been shown.

Voting will be in the courthouse basement between 8 a. m. and 7 p. m. Saturday. J. M. White has been appointed election judge.

**Only Three Candidates**  
Percy Bridgewater, Russell C. Conkling and Percy Mims are the candidates for the three places on the school board. They completed their filings with Charles D. Vertrees, board secretary, and their names appear on the ballots.

Both Bridgewater and Conkling seek second terms. Mims seeks the place which Vertrees will vacate on the board. Vertrees has served two terms and did not file as a candidate for re-election, believing other citizens also should have the opportunity to serve on the board.

**Board Names Officers**  
The board elects its own officers. Members of the school board are elected for three-year terms. Hold-over members are L. C. Link, who is president of the board; Hamilton E. McRae, Mrs. D. C. Sivals and N. B. Larsh.

Mrs. Sivals and McRae have two years to serve and Link and Larsh a year.

**WEATHER**  
WEST TEXAS: Moderate temperature.

#### Reds Start New Drive

MOSCOW—(AP)—Overcoming the worst kinds of transportation difficulties, the Red Army struggled Thursday to increase the tempo of its offensives despite the bad weather.

In the Kuban valley of the Western Caucasus, the Soviet troops drove on from Anastesevskaya, one of the German's last good-sized bases on the eastern side of the Kerch Strait. The Soviet mid-night communique announced its capture Wednesday. The strait is but 42 miles from the town.

There was evidence along other sectors that the Russians, by their great effort at quick consolidation of their gains, were beginning to give the Germans fresh worries. The Nazi commanders had been confident that mud and slush resulting from the spring thaw would halt all operations. Now they are beginning to wonder if their wishes would come true.

**Activity Increases**  
The midday communique said that on the western front, after artillery duels, the Russians cleared the Germans from some positions although there was no material change in this front before Smolensk.

West of Rostov, activity increased as warmer spring weather made the area better for military operations, and Soviet big guns battered the German positions.

Anastesevskaya is only 10 miles from a road leading south to Novorossisk, the former Russian naval base on the Black Sea coast and principal supply center now for what is left of the Nazi Caucasus army. If the Russians can seize that road junction they could trap a sizeable German force in that area.

#### Quartermaster's Duties Explained

Duties of an Army quartermaster were outlined to Midland Rotarians Thursday, at their meeting in Hotel Scharbauer, by Major G. E. Naramore, quartermaster at the Midland AAF Bombardier School.

He said a "sincere effort" is being made to reduce waste at Army posts, especially in foods, gasoline, oil and rubber, and he explained Army rations and how they are issued.

All administrative vehicles of the Army are rationed on gasoline, he explained, and food rations must not exceed master menus.

Entertainment was provided by Mrs. Ann Vanhaman who sang and danced; Miss Alberta who played a piano selection; Roy DeWolfe who played accordion numbers. Roy was in charge of the program.

Percy Bridgewater, president of the school board, and Clint Lackey, board member, were nominating program committee members. They are Ray Upham and G. E. Rush.

**New Mexico Principals**  
Mrs. M. named principal of school for present year, said T. J. in

#### April 1: Who's the Biggest Fool Today?

Obviously, the man in the middle, although the others may qualify for near-top honors before the year is out. In case you don't recognize them, our artist has done a little April Fooling himself to show how this trio of characters might look if they disguise themselves to escape post-war retribution. Hitler's mustache, left, has been shaved and he has borrowed Mussolini's bald head. Mussolini, center, has Hitler's lip decoration along with Napoleon's forelock and a pair of glasses for good measure. Tojo has lost his mustache, too, and wears Hitler's hair.

### Bombardier Graduates Hear Talk By Colonel John Kenny

Graduates of the world's largest bombardier school here Thursday heard one of the pioneers of aerial bombardment declare "You are going to be key men aboard the greatest aerial armada ever launched."

The speaker at graduation exercises for the newest group of "Hell from Heaven Men" to receive wings and commissions was Colonel John P. Kenny, commanding officer of the Midland AAF Bombardier School. With a background of more

than fifteen years devoted to the study and development of modern precision bombing, Colonel Kenny was one of the "original four" who set up the Army Air Forces' first bombardier training school at Lowry Field, Colorado. He since has played a prominent part in the development of the vast present-day bombardier training program of the Army Air Forces.

"You are going to be a part of a bombing force which will blacken the skies over Germany and Japan," he told the new bombardiers.

"You are going to take part in lessening against the enemy a tonnage of bombs beyond even the wildest dreams of the killers in Berlin and Tokyo."

**Only A Sample**  
"Today's bombing raids," he added, "are only a sample of what is to come. New and far greater bombing planes are even now in production, and the rate of that production is constantly increasing. The bombs are ready, and you may be the luck of one of you to loose the bomb which bears the name of Adolf Hitler, or the Japanese characters that spell Hirohito."

Pointing out that the Nazi strategy of terror has added such words as "Quisling" and "fifth columnist" to the vocabulary of war, Colonel Kenny said graduates of Midland and other Army Air Forces schools "are teaching Hitler, and all the men of ill will, a word that stands for such strategy of terror as they could never imagine."

"That word," Colonel Kenny declared, "is 'bombardier.'"

"Today you become bombardier officers in the United States Army Air Forces. Today you take your places among those men who are making it their business to determine the shape of the future."

"The bombardiers are swinging the weight of this war in favor of America. You are the men whose added striking power, as deadly as anything known today, can hit the Axis powers where it hurts most."

**Value Of Bombardiers**  
"Today, the major blows on every fighting front are being struck by the bombardiers. In the Bismarck Sea, American losses were twelve men. The Japs lost 15,000 troops and an uncounted number of ships' crews. Such a tremendous victory could only be achieved by precision bombing. Such a victory could be accomplished by American bombardiers."

"We are fond of our country. Let us give it all we can for a better world. The air is our ally."

### Nazis Digging In North Of Gabes

By The Associated Press  
Allied headquarters disclosed Thursday that an armada of nearly 100 U. S. Flying Fortresses, the largest single force of its type ever massed, has begun smashing at Axis ships off Southern Sardinia in what appeared to be an attempt to wreck an enemy "Dunkerque fleet" for escape from Tunisia.

The Fortresses, escorted by strong formations of Lightnings, struck Wednesday at the Sardinian port of Cagliari and three airdromes, hit five merchant ships and 21 smaller craft, spread acres of fire across industrial targets, damaged or destroyed 57 aircraft aground and shot down 14 enemy fighter planes on a mission from which every raider returned.

Gen. Sir Bernard L. Montgomery's Eighth Army patrols began preliminary skirmishes against a line of Rommel's rear guards newly dug in about 24 miles north of Gabes on the coastal highway north to Sfax.

Military sources here said the line was about 12 miles north of newly-captured Oudref, flanking the coastal highway north to Sfax and well above the Gabes bottleneck.

**Junction Near**  
To Montgomery's left, United States armored units from the command of Lieut. Gen. George S. Patton, Jr., pushing eastward in the El Ghataria Pass area encountered deep mine fields which made progress difficult, but the junction with the Eighth Army appeared near.

British and French infantrymen pushed forward in the sector of Sedjenane, itself 40 miles southwest of Bizerta. The Tebouna line, overlooking Sedjenane and the Mateur-Tabarca road from the south, was captured by a British battalion of the First Army after a series of eight bayonet charges. Making good progress east of Sedjenane, the First Army has captured much enemy war equipment, a communique said.

"The Rome radio said in a broadcast recorded in London that the battle of Tunisia was approaching a climax. The announcer said it was probable that "the British First Army and the American Army in their turn will soon assume tasks of no less importance than those of the Eighth Army."

Bizarre Story Of Wife-Swapping Is Bared In Court

INDIANAPOLIS—(P)—An innocent petition for the support of children filed recently in Marion County Superior Court revealed Thursday a wife-swapping agreement rivaling an old Balzac tale for frankness.

Completes Training

Lt. Phil J. Yeckel of Midland has completed the officers' training course in the Marine Corps at Quantico, Va., and now is at Hartford, Conn., taking an eight weeks course in flight engineering.

Republicans Ask Limit To Tenure For Presidents

WASHINGTON—(P)—Republicans angled Thursday for Democratic support preparatory to introducing in the Senate a resolution proposing a constitutional amendment limiting a president's tenure in office to two four-year terms.

As a prophet, G. Wells must be taken seriously. As a prophet, he is inclined to take in too much territory, like the barfly who announced his ability to lick any son-of-a-gun in the world and discovered that he was boasting to John L. Sullivan.

Wells expresses a profound conviction that "the newspaper is as dead as mutton and that it will never come back." We have no equivalent authority as to the English journals, but we suggest—too late, of course—that the author should have consulted the 1943 Editor & Publisher Year Book before he committed himself in such sweeping terms.

In the United States our "dead as mutton" newspapers enjoyed the greatest circulation in their history, capping an unbroken year-by-year advance that began in 1938. As 1942 ended, morning and evening newspapers were selling more than 43,000,000 copies daily. This represented an increase of 3,400,000 over their pre-war total.

That does not suggest anything resembling death. It would seem to indicate enormous vitality, particularly since many newspapers, to meet skyrocketing costs, found it necessary to increase sales prices.

It is Wells' idea that after the war we shall dial NEWS on our telephones and "listen then to a summary of what has been happening in the last two or three hours."

This is entirely possible. If the telephone company needs a bit of needling about establishing such a service newspapers might encourage and assist them. A telephone bulletin news service might do exactly what radio news bulletins have done—whet public appetite for news of the day.

Many newspaper publishers suffered most of the pangs of death when the radio began broadcasting news. They feared the lightning speed of this "competitor". It developed, however, that the radio was a newsboy crying headlines and telling listeners why they should rush out and buy papers.

The daily newspaper has its faults, individual and collective. The wise editor never lets a day pass without seeking to better his service to his readers. Nevertheless, there is no medium of news distribution that can rival the newspaper for combined speed, accuracy, completeness and impartiality.

Does this sound boastful? Sorry, but it's how we feel. —Buy War Bonds And Savings Stamps—

Every Hand Counts

The committee on manpower of the Petroleum Industry War Council has outlined a constructive plan for every oil company to inform employees as to the part each individual company and the industry is taking in the war program. Employees should be made aware of the fact that oil is an essential war industry and is so classified by the Selective Service Bureau of the War Manpower Commission and by the Petroleum Administrator for War.

Petroleum is the lifeblood of mechanized war. Airplanes, tanks, jeeps, trucks, submarines and battleships are fueled and lubricated with petroleum. All butadiene for rubber, toluene for explosives, asphalt for runways, and the impetus of petroleum is self evident.

It is brought home to the gauger at some faraway pump station that the data which may be gathered from the crude oil stream line are of the utmost importance.

In advocating this harvest, Crouch said, "the thought is not to deplete the nation's wildlife or in any way delve into the breeding surplus of game every year, and this year it will be approximately the same as last."

A survey of the nation's game departments last year showed a total of 255,404,055 dressed meat garnered from the most abundant such as rabbit.

feet in lime, with no shows logged.

Carter Walton Reaming

Amon G. Carter et al No. 2-C J. B. Walton et al, section 1, block B-3, public school land, prospective Eilenburger, lower Ordovician, discovery in the Keystone Permian pool of North Central Winkler County, early Thursday was reaming core-hole at 9,278 feet.

Operator plans to ream to 9,311 feet, after which Schlumberger electrical survey may be run. Present total depth is 9,316 feet in dolomite, 99 feet in the Eilenburger. Last drillem test, from 9,285 to 9,316 feet, under an 1,110-foot water blanket, resulted in flow of water in eight minutes, and 15 million feet of gas at the end of 15 minutes. Allowed to flow 30 minutes, the well then was turned into tanks and gauged to 1.2 barrels of distillate in one hour. At the beginning of the one-hour test, gas was 10 million feet, and at the end had increased to 11 million feet.

At present status, the Carter well may be said to open a big gas and distillate area. It probably will be carried deeper into the Eilenburger section, where oil may be encountered. Some of the old-time Permian Basin oil men may recall that when the discovery Eilenburger well of the Big Lake field of Reagan County was drilled in 1926 it flowed gas and water-white distillate for a long period, then started making high-gravity oil which gradually increased in percentage until it made a good oil well, without further deepening.

Four miles farther west, Magnolia Petroleum Company No. 30 State-Walton is drilling at 10,254 feet in hard sand of the Simpson, middle Ordovician.

Chief Of Wildlife Bureau Advocates Big 'Game Harvest'

CHICAGO—(P)—W. E. Crouch, chief of the division of game management, fish and wildlife service, estimates if American hunters this year killed as much game as last year, it would be "enough meat to feed an army of 5,000,000 men for 45 days or thereabouts."

The wild meat, however, is not intended to go to the armed forces but for the nation's dining tables.

"In advocating this harvest," Crouch said, "the thought is not to deplete the nation's wildlife or in any way delve into the breeding surplus of game every year, and this year it will be approximately the same as last."

He said a survey of the nation's game departments last year showed a total of 255,404,055 dressed meat garnered from the most abundant such as rabbit.

Witnesses Being Subpoenaed For Divorcee's Trial

TULSA, OKLA.—(P)—Defense counsel for Mrs. Ella B. Howard, Fort Worth divorcee, subpoenaed its first witness Thursday after announcing it had located F. G. Eastman of Chicago into whose room Mrs. Howard ran after the fatal shooting of Mrs. T. Karl Simmons, 55, widely known horsewoman.

Marvin Simpson of Fort Worth, attorney for Mrs. Howard, said Eastman would testify for the defense.

After the fatal shooting in Mrs. Howard's room at the fashionable Mayo Hotel a week ago, Eastman told Deputy Sheriff Burnis Brown that "Mrs. Howard ran down the hall to his room, crying: 'A woman is trying to kill me.'"

Meanwhile County Attorney Dixie Gilmer planned to question a second maid at the Simmons home.

Gilmer questioned a negro maid employed in the Simmons home Wednesday night after meeting with what he termed a "lack of cooperation" from Simmons. Marvin Johnson, attorney for Simmons, declared that the situation "was strictly a misunderstanding by the county attorney."

Gilmer has subpoenaed the maid, known only as Irene, as a state witness in Friday's preliminary hearing for Mrs. Howard.

Nazis Digging --

(Continued from Page 1)

Red Star said that Rommel was in serious danger, adding that "our Allies possess sufficient power and battle means to squeeze the ring of their troops around the Italian and German units and exterminate them."

It was officially announced that the Axis lost 31 aircraft in combat Wednesday with the Allied North African Air Forces, while 12 Allied planes failed to return.

American Warhawks supporting U. S. ground troops in the El Guetaria Pass area destroyed 10 enemy planes for a loss of one of their own.

The Flying Fortress-Lightning assault upon Cagliari, 140 miles north of the Axis-held naval base of Bizerte, crippled a major port for the dispatch of both planes and ships to the armies of Marshal Rommel and Col. Gen. Jurgen Von Arnim.

Air Forces Active

In the Gafsa sector (held by United States troops of Lieut. Gen. George S. Patton, Jr.) Allied forces continued their attacks on the enemy and made progress," it said. "Our armor was engaged, but their advance was hindered by minefields."

A broadcast by the Morocco radio which was recorded in London by The Associated Press said that the Axis rear guard in the El Guetaria area southeast of Gafsa was now withdrawing in an effort to reach the main forces.

Much enemy material was reported captured by the British.

Bombardier --

(Continued from Page 1)

a \$75,000,000 aircraft carrier, the investment is a wise one." No April Fooling

There was no April fooling in the huge bombardier training center Thursday as Army Air Forces schools in Midland, San Angelo and Big Spring simultaneously graduated large new classes of the deadly "Hell from Heaven Men."

Bombardiers who won their bars and silver wings included 33 men from Texas.

Although now fully schooled in the secret U. S. bombsight, these aerial Axis blasters will receive still further training before they put their devastating skill to work against the Nazis and the Japs.

Some will join pilots, navigators and gunners for schooling as aerial combat teams. Many will be assigned to navigation schools, where they will receive complete training as aerial navigators, and will become "double threat" members of the combat teams. Others, selected on the basis of specialized qualifications, will remain at the bombardier schools as instructors for future "lords of the bombsight."

During their twelve weeks of intensive schooling, these newly-graduated bombardiers have received what experts have termed "the finest bombardier training in the world." Through supervised diet and specialized physical education programs, they have been groomed to the pink of fighting trim. They have been psychologically toughened for a job that requires steel nerves and complete emotional stability.

In classrooms, in huge training hangars, and in the glass "greenhouses" of bombardier training planes, they have learned the art of bombardiering from the ground up and from the sky down. They have already dropped approximately 200 bombs each. They have already had experience equal to forty actual combat missions.

Several hundred parents, relatives and friends of the new bombardiers attended the graduation exercises of class 43-5 at the post theater.

Diplomas were awarded by Colonel Kenny, and bombardier wings were presented by Lieut. Col. John D. Ryan, director of flying.

Capt. Carl W. Allen, secretary of the department of training, administered the oath of office to the new lieutenants. Chaplain Theodore Schuch gave the invocation and benediction. Selected musical numbers were played by the post band, under the direction of Master Sgt. Thomas Marcell.

Many butterflies never eat at all during their lifetime.

VOLUME SPECIAL

Pennsylvania Town Fears Land Collapse

PISTON, Pa.—(P)—Residents of this northeastern Pennsylvania anthracite city of 18,000 were on the alert Thursday after a section of land sank several feet in another of mine subsidences that has damaged more than 100 homes, wrecked a high school building and forced a war plant temporarily to close.

An area 50 by 75 feet in a city park dropped late Wednesday, snapping a gas main and cracking the foundations of 12 nearby homes.

SPAIN CELEBRATES END OF CIVIL WAR

MADRID—(P)—Spain celebrated the fourth anniversary of the end of the civil war Thursday and all the shops in the country closed to permit full participation in a program of parades, speeches, bull fighting and funmaking.

MRS. SIDWELL IS ON HIGH SCHOOL FACULTY

Mrs. Ernest Sidwell, who has been teaching in the Mexican school, has been transferred to the Midland High School faculty to teach mathematics, succeeding Miss Matabel Downing who was called to active duty with the WAVES.

## Crowley-Englert Wedding Vows Read In AAF School Chapel

In a ceremony performed Wednesday morning, Miss Dorothy Crowley, daughter of Mrs. Sarah Crowley of Lock Haven, Pa., and Cadet William Englert, son of Mr. and Mrs. William Englert of Woolrich, Pa., were united in marriage at the Midland AAF Bombardier School Chapel. Chaplain Cosmas Dahlheimer read the wedding vows.

The bride wore a blue tailored dress with brown accessories. Her corsage was of iris, Mrs. E. T. Felts of Mississippi, matron of honor, wore a blue dress with blue accessories and a gardenia corsage.

Mrs. Englert, mother of the bridegroom, also attended the wedding, and her dress was a Navy blue suit with a corsage of yellow rose buds.

### Receives Commission

Cadet E. T. Felts of the Midland AAF Bombardier School was best man.

Mrs. Englert is a graduate of Immaculate Conception in Pennsylvania. Before coming to Midland she was employed with the New York-Pennsylvania Company.

Cadet Englert was graduated from Lock Haven High School, and previous to entering the Air Forces about a year ago, he was with the Woolrich Woolen Mills. He received his commission as a second lieutenant in the Air Forces with Class 43-5 at the Midland Bombardier School Thursday.

The bride will return to Lock Haven Sunday.

## Mrs. Clint Dunagan Has Charge Of Home Arts Club Program

Mrs. Clint Dunagan was in charge of a program on children at the meeting of the Home Arts Club Wednesday at the home of Mrs. B. W. Stevens, 1109 West Indiana.

Mrs. Dunagan spoke on "Bringing Our Youngsters Into the Community," and Mrs. Ernest Neill discussed "Character of Children." "It's the Best in the World" was the topic of discussion by Mrs. Marvin English.

Mrs. Guy Breneman was appointed delegate to the federated clubs in Odessa, and Mrs. Eula Mahoney was named alternate. The club voted to contribute to the Penny Art Fund.

Refreshments were served to the following members, Mmes. Richard Brooks, Eula Mahoney, Breneman, N. W. Bigham, Dunagan, A. A. Jones, Paul Wilson, Marvin English, Neill, Ray Howard, T. R. Higginbotham and the hostess.

## Mrs. Byerley Attends PTA Meeting In Dallas

Mrs. L. G. Byerley, state vice president of the Texas Congress of Parents and Teachers, is attending the Texas Congress conference in Dallas. She also will be state representative for the 11th District Conference at Texas City April 6, 7 and 8.

### Ration-Right

Lovely Iona Massey sets the pace for the modern American woman beset by shortages. Doing her shopping by bicycle to save gasoline, she also wears bright-red, knee high cotton ribbed socks because of their comfort and easy care. These socks, originally designed for sports wear, have been adapted to many uses by busy housewives because of their long-lasting qualities.

## Miss Wuerth Is Bride Of Cadet

Miss Virginia Wuerth, daughter of Mrs. J. Wuerth of Hartford, Conn., and Cadet Alexander Glau-del of the Midland AAF Bombardier School, were married Tuesday afternoon at the post chapel. Chaplain Theodore G. Schoech performed the ceremony.

The bride wore a white two-piece dress with black and white accessories. Her corsage was of orchids. Mrs. Ralph V. Glenn of Cisco was maid of honor. She wore a black two-piece dress with black accessories and a corsage of yellow tea roses.

Ralph V. Glenn of the Midland Bombardier School was best man, and Sgt. Jess Kellerman furnished organ music during the ceremony.

The bridegroom is the son of Mrs. Sarah Pinalles of Mahanvy City, Pa.

## Educational Lecturers To Speak At Joint Meeting Of PTA

A joint meeting of the Midland Council of Parent-Teachers Associations will be held at 8 p. m. Friday in the high school auditorium.

Dr. and Mrs. Garry Cleveland Myers, educational lecturers from Austin, will be principal speakers, using as their topic "Our Children In These Times."

Rayon materials should be pressed on the wrong side with a moderately hot iron on a well-padded ironing board for best results. Never allow iron to become overheated.

## Miss Bender And Cadet Gleason Marry In Chapel

Miss Alveda Bender of New Hampton, Iowa, became the bride of Cadet John D. Gleason of the Midland AAF Bombardier School in a ceremony read Thursday morning at the post chapel by Chaplain Cosmas Dahlheimer.

Miss Jean Anne Gleason, sister of the bridegroom, was maid of honor. A. H. Bender, brother of the bride, served as best man.

Cadet Gleason received his commission as a second lieutenant in the Air Forces at the Bombardier School Thursday.

Following the wedding, a breakfast was held at the Cadet Mess with Captain Robert G. Schaefer as master of ceremonies.

The guest list included the wedding party and Captain Schaefer, Chaplain Dahlheimer, Major C. E. Bissell, Mrs. Paul McDonald, Mr. and Mrs. C. D. Gleason, parents of the bridegroom, and Cadet John Graham.

## Ox-Joints Are Tasty Lot When Braised And Served Very Hot

To many of today's homemakers ox-joints are a cut of meat new on the counters since the "share the Meat" plan began.

But the country's foremothers, ox-joints are a fine, old ingredient for some of the richest, most flavorful soups and braised dishes they can serve. Hotels and swank restaurants also are next to the fact that ox-joints can be served smartly and tastily.

While they have bone, ox-joints have a goodly amount of meat, both of which contribute to soups and to casserole dishes. To make them tender, ox-joints need long, slow cooking. Ask the meat man to separate the ox-tails at the joint, using a knife. Wash in three or four waters.

Some recipes for tasty dishes using ox-joints and other less-familiar cuts are as follows:

- Braised Ox-Joints With Vegetables**
- 1 ox-tail
  - Flour
  - 2 teaspoons lard
  - 1 cup water
  - 1 cup canned tomatoes
  - 1 teaspoon salt
  - 1/8 teaspoon pepper
  - 1 teaspoon celery salt
  - 4 whole cloves
  - 1 bay leaf
  - 3 cups sliced carrots
  - 2 small onions, chopped
  - 1/2 clove garlic
  - 1/4 cup sliced turnips
  - 1/4 cup peas
  - 1/4 cup lemon juice

Cut ox-tail in short lengths, roll in flour and brown in 1 tablespoon lard slowly. Add water, tomatoes and seasonings; simmer about 2 hours or until tender. Brown carrots, onions, garlic and turnips in 1 tablespoon lard 3 to 4 minutes; add to meat and cook 1/2 hour longer. Add peas and lemon juice the last 10 minutes of cooking. Serves 4-5. Serve tomato sauce with it, if desired.

- Lamb Neck Slices**
- 2 lbs. lamb neck slices
  - 2 teaspoons lard
  - 1 cup water
  - 1 teaspoon salt
  - 1/8 teaspoon pepper
  - 3 medium onions
  - 3 potatoes
  - 6 small carrots
  - 6 large stalks celery
- Brown neck slices in hot lard. Add

## Coming Events

### FRIDAY

Red Cross workroom in the Old Heidelberg Inn will be open from 9 until 12 o'clock.

Red Cross surgical dressings room on the third floor of the courthouse will be open from 9 until 12 o'clock and from 1 until 4 o'clock.

The Glenn Walker Royal Ambassadors of the First Baptist Church will meet at 4 p. m. at the educational building.

The Belmont Bible Class will meet at 2:30 p. m. at the educational building of the First Baptist Church.

Children's Service League will meet at 2 p. m. at the surgical dressings room on the third floor of the courthouse. After work there, a business session will be held at

the home of Mrs. R. L. Blunden, 2011 West Brunson. The WFMS of the Church of the Nazarene will meet at 2:30 p. m.

### SATURDAY

The Robyn Music Club will meet at 10 o'clock at the Watson School of Music.

Midland County Museum will be open from 2:30 until 5 o'clock.

Treble Clef Music Club will meet at 1 o'clock at the Watson School of Music.

Officers and their wives will be entertained with a bingo party at 9 p. m. at the Officers' Club of the Midland AAF Bombardier School.

The regular monthly meeting of AAUW will be held in the form of a luncheon at the Cactus Cafe at one p. m. Call Mrs. Russell Farmer for reservations.

Keep gas consumption low by starting boiled foods to cooking quickly, then reduce heat, after boiling begins. Also, use only as much water as is actually needed.

## Auxiliary Members Feted With Luncheon By Mrs. Hubert Hopper

Mrs. Hubert Hopper entertained the executive board of the Presbyterian Auxiliary Wednesday with a luncheon at her home, 1210 West Missouri.

A training class was conducted by Mrs. W. P. Knight, president. She was assisted by Mrs. Richard Peters and Mrs. John Richards. Duties of the officers were discussed.

The invitation list included Mmes. Knight, Peters, W. H. Gilmore, R. M. Jones, L. C. Link, R. A. Doran, P. R. Pattison, Ray Poole, J. M. Devereux, D. M. Secor, C. O. Fredregill, L. G. Byerley, Laura Hitchcock, Andrew Fasken, Y. D. McMurray, Butler Hurley, M. T. Hartwell, Arthur Knickerbocker, Nelson Puett, J. B. Richards, Hollis Roberts, and J. M. Caldwell.

Baptist Convention Is Debt-Free

Executive Secretary W. W. Melton (extreme left) looks on as Treasurer R. A. Springer (extreme right) gives to Paul Danna (seated) the Texas Baptist Convention's check for \$33,000 and receives in return the last note marked "paid in full." Dr. George J. Mason, executive secretary of the Baptist Foundation of Texas, and former Convention treasurer (second from right), and Mrs. LeVerne Tuttle, bookkeeper, are shown witnessing the transaction.

Diversified Occupations Course Is Aid To Students With Steady Jobs

Practical assistance in the type of work in which they are employed is received by students in the diversified occupations class at the Midland High School. Sixteen students, each of whom now is employed, are enrolled for the work. Under the direction of Jack Mashburn, the students are given aid in better adapting themselves to the type of work they have selected. Types of business in which the class members are engaged include the petroleum industry, dry goods store, grocery store, photography, lumber yard and electrical appliances and related work.

**Works Out Studies**  
Because of the wide range of subjects, Mashburn does not attempt to give instruction in the various types of work. Instead, he works out references and subject matter for the students to study and outlines work which may aid them. This entails a lot of research on the part of the teacher, however, who must keep abreast of the subjects in the specialized course.

North Wales is said to produce the world's best slate.

Broadcast by: Mary Lee Taylor, Apr. 1

6 medium-sized, unpeeled potatoes (2 1/4 lbs.)  
4 cups boiling water  
1/4 cup finely cut onion  
3 tablespoons meat drippings, ham or bacon fat  
1/2 cup vinegar

2 tablespoons water  
3 tablespoons sugar  
2 teaspoons salt  
1/2 teaspoon pepper  
1 1/2 cups shredded, raw carrots  
6 tablespoons diced, sweet pickles  
1/4 cup Pet Milk

Cover and cook potatoes about 20 minutes, or until tender, in boiling water. Drain and cool. Cook onion slowly for 5 minutes in meat drippings. Add vinegar, water, sugar, salt and pepper. Heat to boiling. Let stand in warm place. Remove skins from potatoes, then cut into thin slices. Put potatoes in bowl with shredded carrots and diced pickles. Pour vinegar mixture over vegetables and mix lightly. Then add milk and mix gently until vegetables and dressing are well blended. Serve at once. Serves 6.

Garnish with tomatoes if desired.

### G. A.'s Have Program On "The Five Loaves"

The Junior Girls' Auxiliary of the Calvary Baptist Church met Wednesday at the home of their councillor, Mrs. Hoyt Burris, 708 South Lorraine, for a program on "The Five Loaves."

Two songs were sung and Mrs. Burris read John 6:5-14 after which she led in prayer.

Kathleen Harwell discussed "Loaf of Prayer"; Kathryn Morrow, "Loaf of Money"; Wanda Smith, "Loaf of Talent"; Virginia Brooks, "Loaf of Time"; and Joyce Brown, "Loaf of Personality."

Laverne Wingo presented a poem, "A Prayer For Our Villages."

Members attending included Melodee Burris, Wanda Smith, Kathleen Harwell, Kathryn Morrow, Virginia Brooks, Doris Nell Hightower, Eunice Roby, Joyce Brown, June Pyle, Laverne Wingo and Helen Flatlers were visitors.

### Potatoes Become Key Wartime Food

Old-fashioned chocolate potato cakes

Potatoes provide energy, that very important vitamin C, and other vitamins, iron, some protein, bulk and alkalinity. They are not rationed and can be grown locally almost everywhere. For these reasons they are a key wartime food.

The potato cakes given below are stick-to-the-rib food, not fluffy affairs. They make a fine luncheon dish.

#### Idaho Potato Pancakes

Six medium Idaho potatoes, 1 cup milk, 5 tablespoons flour, 1 teaspoon salt, 1/4 teaspoon pepper, 2 eggs.

Make a thin batter of the milk, flour, salt, pepper and beaten eggs. Peel and grate the potatoes. Drain well and add to batter. Drop by spoonfuls onto hot skillet, greased with bacon fat or shortening. Fry brown and crisp and serve with spiced apple sauce.

The chocolate potato cake is a substantial dessert featuring a combination of potatoes and chocolate.

tainains shouldgs and milk of pre regarded family in the menu. If your Chocolate Potatoes divide the recipe One cup shortening, 2 cups sugar, 4 eggs, 4 squares chocolate, melted; 1 cup mashed potatoes, 1 cup milk, 1/2 cup flour, 3 teaspoons baking powder, 1/2 teaspoon cinnamon, 1/2 cup walnuts, chopped.

Add walnuts, chopped. Beat the shortening and sugar together, add the eggs, one at a time, and beat thoroughly after each addition. Blend in melted chocolate and warm mashed potatoes gradually. Sift flour with other dry ingredients and add alternately with the milk to make a smooth batter. Add chopped walnuts and pour into well greased pan 8x8x2 inches. Bake about 1 hour in moderate oven, 375 degrees F. Cool, cut in squares and dust with powdered sugar.

### Baptist Convention Pays Off All Debts

DALLAS—The Baptist General Convention of Texas has paid the last dollar of its indebtedness, Dr. W. W. Melton, Dallas, executive secretary, has announced. A check for \$33,000 handed by Treasurer R. A. Springer to Paul Danna, Baptist layman and banker, brought to a successful conclusion the victory debt paying campaign launched by Dr. Melton a year ago, when the debt stood at approximately \$400,000. Ten years ago this convention indebtedness was \$2,000,000, not including the debts of Texas Baptist

### France Of 1943 Is In Three Sections

By The Associated Press Like ancient Gaul, the France of 1943 is divided into three parts—but the process of reunion may soon begin. For although the home-land and a few territorial fragments are under the close control of the Vichy-Axis hegemony, the principal parts of the empire are loyal to either the Fighting French led by Gen. Charles De Gaulle, or the North African command of Gen. Henri Giraud—and the two generally are in agreement. While these have not yet been paid in full, substantial progress has been made.

### WPB Representative To Visit Midland

Norvell W. Harris, representative of the district office of the War Production Board in El Paso, will be in Midland Thursday, April 8, to confer with persons needing assistance on WPB priority matters. Appointments for conferences may be made by calling the Chamber of Commerce. Harris plan soon to thresh out existing differences. France, until 1939, had the second largest colonial empire in the world.

### Personals

### Committee Continues Check On Pay Rates

AUSTIN—(AP)—With raises developing that keep the Department of Public Welfare's special House committee on Public Welfare planned to continue last year's investigation of old age assistance Thursday. When the House committee's investigation it was announced that the increase but less than the lay-off salaries were week the committee's grants were broadened to include this more efficient work's authority was made a study of the administration.

### Hearing Scheduled On Winkler Lease

AUSTIN—(AP)—Notices of hearing by the individual oil fields. They include announced Thursday, April 12, to determine whether Monday Oil Company's application to water Abilene lease should be granted. VISITS HERE W. D. Currie, visiting his daughter, Mrs. J. Homer Epley, of Abilene is here RETURN HOME Mrs. H. Hilt, Hilton Jr., have a month's visit with her mother, Mrs. Jesse Blagwell, in Marfa. MEAT RATION PLANNED FOR MAY

OTTAWA—(AP)—The Canadian government will be two and a half cents a week per person each to go into effect down to two cents a ration system early in May. WASHINGTON—(AP)—The state legislature has passed a bill to create a state education commission to study the State Education Commission's report on the state of education in Texas.

### Norris Sentenced To 436 Years In Prison

FORT WORTH—(AP)—A life sentence plus a term of 436 years in the penitentiary Thursday hung by a district judge on a grocery store robbery last Dec. 27.

He pleaded guilty to a charge of robbing the Worth Food Market of approximately \$11,000 in checks and \$5,000 in the store. His brother, Gene Paul, is also under indictment in the robbery.

### Agency Is Studying Oil Price Problem

WASHINGTON—(AP)—Representative Beckworth (D-Tex.) has received word that the Petroleum Administration for War is studying the over-all crude oil price problem with a view of making a definite recommendation when the survey is completed.

The OPA, Beckworth said he learned, has not swerved from its contention that a general crude price advance is not justified at present but is giving the matter "serious thought and study."

### Livestock

FORT WORTH—(AP)—Livestock: Good to choice fed steers and yearlings 14.50-16.00; package of fed steers averaging 1,085 lbs. 15.50; bull prices 10.00-13.50. Good and choice fat calves 14.00-15.00; best stocker steer calves sold up to 16.50; top heifers brought 16.00. Stocker and feeder steer yearlings 10.50-16.00; some two-year-old stocker steers sold at 14.50 down.

Most good and choice butcher hogs averaging 195-300 lbs. 14.90-15.00; good 155-190 lb. averages 14.00-15. Packing sows 14.00-50; stocker pigs 13.50 down. Choice 4-H club lambs up to 15.35 with most choice shorn lambs with No. 2 pelts at 14.75-90. Medium to good shorn lambs 13.50-14.00; few spring lambs up to 15.00.

### IT'S CIRCUS TIME

SARASOTA, Fla. — (AP) — The Ringling circus headed for New York Thursday and the opening of its 1943 season at Madison Square Garden April 9.

### Geologists Protest Basin's Low Rating

Members of the West Texas Geological Society, in a meeting Wednesday night in the county courtroom, voted to protest the low rating assigned the West Texas-New Mexico Permian Basin by the Civil Coast-South Mid-Continent Divisional Committee of the American Association of Petroleum Geologists in its survey of oil discovery prospects based on: 1. War market, 2. Depth, 3. Wildcat chances.

The West Texas society's protest will be read at the AAPG convention in Fort Worth, April 7-9. Fred H. Wilcox, president of the group, announced the election of O. R. Champion as South Permian Basin AAPG representative. Champion, district geologist here for Seaboard, will succeed C. D. Ver-trees, head geologist at Midland for Conoco, after the Fort Worth convention. Thirty-two members were present.

### ODT RULES AGAINST BUS USE BY BALL CLUBS

WASHINGTON—(AP)—Special buses may not be used for transportation of baseball teams during the coming season, the Office of Defense Transportation has ruled.

### PROBATION HEARING SET

AUSTIN—(AP)—A statewide probation hearing to receive testimony upon which to base the May oil order will be held April 16 in Fort Worth, Chairman Beauford H. Jester of the Railroad Commission has announced.

### IS YOUR CHILD A NOSE PICKER?

It may be a sign of bowel worms! And these roundworms can cause real trouble! Other warnings are: uneasy stomach, nervousness, itching parts. If you even suspect roundworms, get Jayne's Vermifuge today! JAYNE'S is America's leading proprietary worm medicine; used by millions for over a century. Acts gently, yet drives out roundworms. POST TOASTIES

By OREN ARNOLD Copyright, 1943 NEA Service, Inc.

Jimmy answered, "Fly-by instruments but well on the course."

"No. But I want to save your life more!" Jimmy barked.

"So what, Jimmy Carr? I won't do it!"

The others were listening, enthralled. Plane Number 7 spoke up. That was big Ed Bryan.

"Miss Pat, you take and command. Certainly no male pilot in this strange kite tail would have dared act like pretty Pat was acting!"

BUT, then, a man is a man, and a girl is a girl; the armies of the world will always have to take the difference into consideration. Especially, no doubt, if the individuals are in love.

"Jimmy, I won't go back!" Pat declared. "We have got to prove things to the crowd back in Phoenix!"

"You've got to save your life! And these Superstition crags are—"

"I'm not afraid! I've been checking my instruments. We are up 12,200 feet, and I'll bet I know exactly where we are, Jimmy."

"That's not the point, Patsy! Your life must—"

"The radio was dead! Lightning, thunder, all the mysterious phenomena of a mountain storm had engulfed them. Communication was impossible now.

The men on that flying kite tail strained to look back. Would the spunky girl in Number 10 actually cut loose?

She would!

Even as they looked, Pat dipped her plane. It was her last signal. Next moment she dropped the tow line!

Appalled now, every man stared back and down at her ship. For a few seconds it was a tumbling, floundering bit of white, a sheet, a handkerchief, tossed in the blackness. Then, as if in an ocean of water, it faded into the roaring storm.

(To Be Continued)

### MCKENNEY ON BRIDGE

By William E. McKenney  
America's Card Authority

Do you remember that little black book of Harry Fishbein's I told you about? Here is a hand that he put in the book the other day, which he called "the hand of the year." It was played at his Mayfair Bridge Club in New York.

I am showing you only the North and South hands to begin with. The East and West hands are shown at the end of the article. The contract is six spades. What is the one thing you must guard against?

Naturally, if the trumps were split evenly, there would be nothing to the hand. With four trumps on the left and freak distribution, you might not make the contract. But with four trumps on the right, regardless of the distribution, you can make the contract if you make the right play after winning the opening club lead. What is that right play?

Well, if you decided to lead anything but the small club, ruffing it in your own hand, you can't make the contract. Now look at the East and West hands. When you play the ace of spades, you get the sad news that the West hand is void of spades. Cash the queen of hearts and then lead diamonds. East trumps the second diamond. Now if he leads a club, you will be able to discard a losing diamond and ruff in dummy. If he leads a heart, you discard a losing diamond and win in dummy with the king of hearts, returning the ace. East will trump but you can over-trump, pick up the last trump, and you then have a good trump in dummy. Ask your friends about this hand, and see how many of them will trump the small club at trick two. Following is the balance of the hand:

West hand: Spades, none; Hearts 9 7 4 3 2; Diamonds J 4 3 2; Clubs Q J 10 9.

East hand: Spades J 9 8 2; Hearts J 10; Diamonds 5; Clubs K 8 7 4 3 2.

### WPB 'Wonder Boys' Tell Rancher To Delay Lambing Season Until Favorable Weather

WASHINGTON—(AP)—Representative Flannagan, Democrat, Virginia farmer, has reported to the House what he called the latest suggestion of the WPB "wonder boys."

"An Idaho sheep rancher, he said, applied for permission to buy can-vas to build lambing pens, and the WPB gave him this answer:

"It is impossible to give you visas for such a large amount of lambing pens. As an alternate, your lambing that you postpone until more favorable weather."

Even then, Flannagan didn't make sense. "If you change the law," he said, "necessarily you will have to change the mating season. Is there anything wrong with my reasoning so far? If there is, let me know, because I need guidance. Now having been raised on a farm I knew that sheep mated at a certain season."

Joshua, he agreed, stayed the laws of nature by commanding the sun to stand still. But, he added, "I do not believe the wonder boys have close enough contacts with the good Lord to cause him to hearken to their voices."

### Cobra Plant Needs Little Rationed Meat

SALT LAKE CITY—(AP)—Anyway, M. D. Naylor's pet uses less rationed meat than many others.

It's a cobra plant, and it's living on meat particles only until insects return later in the spring. Then its leafy traps will gather their own food.

**SLIGHT ERROR**  
 TULSA, OKLA. —(P)—He's paid more than \$1,000 for birth affidavits, and meanwhile has been forced to give up a \$150-a-week naval base job in San Diego. Juell Reed Ford complains—  
 All because a Pasadena, Calif., court clerk 42 years ago wrote Ford's birth certificate: "Jewell-female."  
 Ford said he will ask the county court to establish the fact he's a man.  
 North side of a room is always the honor side among the Chinese, and the host always sits there, facing south.

EPISCOPAL MENS CLUB HAS INFORMAL MEETING  
 Club enjoyed a dinner-meeting in the Hauer Coffee Shop evening.

## NOW! Every Car Owner Can Have His TIRES RECAPPED

No Rationing Certificate Required

The object of this new order is to encourage car owners to have their tires recapped before they are unfit for further use. This is the best way to conserve America's greatest rubber stockpile—the tires that are now on the nation's cars.

For Longest Mileage and Guaranteed Quality  
**INSIST UPON Firestone**  
 FACTORY-CONTROLLED RECAPPING

Drive in and let us inspect your tires. We will tell you whether or not your tires need recapping. If they do, we will gladly recap them the Firestone Factory-Controlled way.

Swimmer

Alice Marie Dorman Is Chinning Champ

Girl chinning champion of the Midland Junior High School is Alice Marie Dorman of the sixth grade. Alice Marie is able to "chin" the bar at least 15 times.

Film star Esther Williams, former swim champ, models new swim suit of cotton, made stretchable by double-lock stitch and inner lining.

Training Camp Briefs

By The Associated Press. BLOOMINGTON, IND.—Bucky Walters, the Cincinnati Reds pitcher who sprained an ankle the first day of training, is beginning to be a bit more active after a long rest period. Those four hotel walls were beginning to jump at me," he said.

WALLINGFORD, CONN.—Beginning Thursday, the Boston Braves plan to hold all their workouts outdoors, regardless of weather. Manager Casey Stengel blames the soft soil in the Chaut school cage for three injuries on his squad.

MEDFORD, MASS.—The Boston Red Sox wind up drills in the Tufts College cage Thursday, then head for their opening exhibition game in Brooklyn Saturday. Bobby Doerr, whose first workout was a good one, insists he'll be ready to start at second base.

FRENCH LICK, IND.—Chicago's Cubs and White Sox squared off Thursday for the second of their "this one doesn't count" spring training games. The Sox wrote a familiar fable to the first clash when Rookie Frank Kalin clouted a two-run homer off Lon Warneke in the last of the ninth for an 8-7 decision.

ASHBURY PARK, N. J.—Charlie Keller and Bill Knickerbocker, two late arrivals in the New York Yankees camp, haven't played any baseball yet but they're beginning to feel the rigors of training. Knickerbocker reached here Wednesday in time to work out with the advanced class in calisthenics, while Keller, a later arrival, got his exercise carrying his bags up three flights because the hotel elevator was out of order.

LAFAYETTE, IND.—Joe Heving and Otto Denning were the only Cleveland Indians who showed much in Wednesday's 12-3 victory over Purdue. The only earned runs made by the Tribe regulars came in the eighth inning when Ray Post, loaned to the collegians, pitched six walks, five in succession. Heving pitched three hitless innings for the Indians and Denning got two doubles, one with the bases full.

Victory Gardens On Golf Courses

NEW YORK—(AP)—Victory Gardens of golf courses are suggested by the United States Golf Association. Warning that it would be unwise to plow important turf in which there are large investments, the USGA cites the use of greenskeeping staffs for maintenance. Some areas of course could be plowed without interfering with playing area, and most players get their exercise in the rough, anyway. Digging vegetables instead of divots would be a diversion.

Cream butter for sandwiches until light and fluffy before spreading on the bread. It will spread more smoothly, and go farther. Another satisfactory butter extender is to blend thoroughly equal parts of butter and margarine.

Box Get Pennant Over Chances

(AP)—The first string outfield, Ted Williams, Dominic DiMaggio and Lou Finney; the rookie shortstop sensation of the season, Johnny Pesky; and a pair of pitchers who combined to win 20 games, Bill Butland and Broadway Charley Wagner. The Red Sox were the first team to announce that they were going to train at home this spring. This decision was supported eagerly by the players, who reported in incredibly good shape for the curtailed conditioning program. The team is in fine fettle for its first exhibition game Saturday with the Brooklyn Dodgers in Brooklyn.

Sports Roundup

By Hugh Fullerton, Jr. NEW YORK—(AP)—Although the National A. A. U. swimming championships this week end are packed full of record-breakers, about the only chance of busting a record will be in the opening event on some program. Reason is that the New York A. C. Pool is too narrow to be called "fast". Coaches say the same races at Yale would produce times one-fifth or two-fifths of a second faster.

Today's Guest Star John Mooney, Salt Lake Telegram: "Anyway, the rookie crop which blooms so nicely in the grapefruit loop, ripens so nicely the first weeks of the season and then either rots or drops from the limb about midseason, may be retarded enough by the northland's cold to insure a better yield this fall in the major league apple orchard."

The Iowa System Football coaches likely will be keeping a close watch on spring football practice at the Iowa Pre-Flight School—and not with the idea of picking up a couple of good running guards. The school will put a dozen squadron teams in the field and Lieut. Col. Bernie Bierman plans to give half of them offenses patterned after his own Minnesota system and to teach the other six "T" formation plays. They'll wind up a round-robin schedule with an all-star game between the two groups.

One-Minute Sports Page Having won practically everything else in sight, Greg Rice likely will get the New York track writers' award as the outstanding performer of the winter season for the third time in four years. Eric Tipton, the old Duke footballer who is No. 1 candidate for the Cincinnati Reds' left field job, still is trying to get into some branch of the armed forces although he has been turned down by all of them because of a perforated eardrum.

Service Dept. Daryl Marshall, the trotting horse pilot, has been sent to Camp Bliss, Texas, and is in the infantry. Highest service bowling score reported to the A. B. C. so far is 293 by the "Boiling Pointers" of Seattle. Ensign George Anderson, former Stanford sprinter, and Ensign Jim Brutz, former Notre Dame footballer, have a reciprocal agreement at the Jacksonville, Fla., Naval Air Station—they exchange symphonic records.

Relays Pole Vault Record In Danger

AUSTIN—(AP)—The pole vault record of the Texas relays appears definitely in danger with the entry of Billy Moore of Logansport, Ind., a freshman at Drake University. Moore won 14 feet in New York to tie for second place behind Cornelius Warmerdam in the National AAU and has been consistently around the mark all season. The relay record is 14 feet 3-8 inch set last year by Harold Hunt of Nebraska.

DeWitt Coulter Holds Texas Shot Put Record

FORT WORTH—(AP)—DeWitt Coulter, giant Masonic home athlete, has already bettered the national interscholastic shot put record this season. He did it in practice, heaving the 12-pound ball 60 feet 5 inches, which is almost two feet over the national mark. Coulter is the Texas scholastic record-holder and has another season of competition.

ALLOO AT PAMPA PAMPA, TEX.—(AP)—Lieut. Edward C. Alloo, eleventh ranking U. S. tennis player in 1941, now is stationed at the Pampa, Ariz., Field base as salvage officer and contract officer.

Schlitz bowlers won two of three games from the Grand Prize team Wednesday night to retain the lead in the city bowling league. The Schlitz squad ran up a total of 984 in the first game, only one pin short of the season record held by Hurley's.

The Hurley leggers won two games from the Service Club and Honolulu won three close tilts from the Plamor Alley team.

Schlitz Holds On To Lead In City Bowling League

Schlitz bowlers won two of three games from the Grand Prize team Wednesday night to retain the lead in the city bowling league. The Schlitz squad ran up a total of 984 in the first game, only one pin short of the season record held by Hurley's.

The Hurley leggers won two games from the Service Club and Honolulu won three close tilts from the Plamor Alley team.

Woman P. E. Teacher Has Active Program

Women physical education teachers are still rarities although they are becoming much more common. Mrs. Clifford Keith took over the direction of boys' P-E classes at the Midland Junior High School last year and now has an active program underway. She teaches between 250 and 300 boys from 15 rooms of the school.
