

THREE JAPANESE VESSELS SUNK

Axis Reported Girding For Invasion By Allies

Italians Jittery As United Nation Successes Pile Up

LONDON — (P) — The Axis took a increased attitude toward the increased threats of an Allied invasion of Nazi-held Europe Saturday, claiming a de quate steps had been taken to protect the continent from attack.

King Boris III returned to Bulgaria after a visit to Hitler's headquarters and the German radio, commenting on their meeting, declared that "all elements are being eliminated which made the Balkans seem a convenient gateway to Europe."

Berlin broadcasts continued to boast of invincibility of Germany's anti-invasion fortress, following up Friday night's announcement that fortifications 125 miles longer than the great wall of China had been established along the channel and Atlantic coasts.

"Half a million men were needed to build this great rampart," said one broadcast heard by Reuters. Propaganda released

"The fortress was described as being 1,625 miles long, deeply staggered, and with its own airports, roads and transport routes. Each soldier in it is protected by 50 to 200 cubic yards of steel and concrete," the broadcasts said.

"The British radio, in a broadcast to the continent recorded by the Federal Communications Commission in New York, described Nazi stories of the coastal defense installations as 'the greatest monument to the art of publicity ever erected.'"

German military authorities who have taken a group of foreign correspondents on an inspection of Dutch coastal defenses made it clear to them that they fully expect an Allied invasion there, Reuters reported from Stockholm.

Three Harbors Named
Gen. Friedrich Christiansen, German commander-in-chief in Holland, told them that "with present technical resources a landing is possible everywhere," the dispatch said.

"The flat Dutch countryside is particularly propitious for such operations," Christiansen said. The dispatch also named three harbors especially suitable for an invasion attempt—the hook of Holland, IJmuiden and Den Helder, covering the approaches to Rotterdam, Amsterdam and the Zuider Zee.

The German news agency DNE also reported that everywhere along the Dutch coast workers are building fortifications.

Additional news of heavy Axis efforts, to armorplate the "underbelly" of Europe reached London. King Boris' visit to Hitler served to spotlight German fears of a second front attack through the Balkans and preparations to meet it.

While Italian nervousness over the invasion threat mounted lately, the invasion nervousness of French and Giraudists to join in an attack for the liberation of France moved Vichy to reorganize the government and send aged Marshal Petain to the microphone on Sunday evening to restate his position.

Petain, who has been almost entirely silent since the German army occupied the whole of France, addressed the French people (2 p. m., Eastern War Time, Sunday).

Nazis Have Looted Norway Of Millions

STOCKHOLM — (P) — The Nazis have looted Norway of at least nine billion crowns (approximately \$2,137,500,000) in the three years of occupation ending April 9, Norwegian economic experts estimated Saturday.

The average of three billions annually equals three-fourths of Norway's annual national income in the prosperous pre-occupation days.

Because the Norwegians are unable to cover Nazi demands on the basis of current income, the Germans have dipped deeply into the national fortune.

Questioned

Miss Bernice Williams, Denver, Colo., unwed mother, says she drowned three babies to which she gave birth without medical aid. Miss Williams, who is employed by a large department store as buyer of infants' wear, described the slayings in detail. She refused to identify the fathers, but said two of the children were by the same father. (NEA Telephoto.)

Men 38 To 45 Facing Draft

WASHINGTON — (P) — Maj. Gen. Lewis B. Hershey, Selective Service director, announced Saturday night that beginning May 1 men in the 38-45 year old group must leave the list of "non-deferable" occupations or face the possibility of induction.

Since April 1 the same rule has applied to younger men of draft age who were advised that if they had such "non-deferable" jobs as waiters, bootblacks, elevator operators and messengers, they could not be deferred regardless of family or other dependency status.

New Policy Set
At present men over 38 are not being drafted regardless of reasons for deferment.

Hershey announced the new policy in a letter to local Selective Service boards in which he said "because of a rapid depletion of available manpower the national interest at this time demands that men within the ages liable for military service (18-45) who have qualifications that are not now being used in and who at the same time are not acceptable for service in the armed forces simply by reason of age or physical disability, be required to employ their efforts in those essential activities in which shortages of necessary manpower threaten the successful prosecution of the war effort."

War Bulletins

LISBON — (AP) — The situation in Berlin and other big cities of Germany is becoming "intentionally serious" after recent bombings, persons arriving from Germany report. Posters saying that "we want peace and to be friends with the other people of the world" appeared the morning after a heavy bombing, these sources said.

BERN, SWITZERLAND — (AP) — Amid speculation about Adolf Hitler's conference Wednesday with King Boris III of Bulgaria, a Sofia dispatch Saturday said Bulgaria had signed a treaty with Rumania that eased differences between the two countries arising from the Craiova pact.

NEW YORK — (AP) — The Algiers radio asked the Italian people to quit the war Saturday night because otherwise "thousands" of Allied planes would be sent against Italy and "no other country has ever experienced such horror as will befall you."

Soviets Strengthen Novorossisk Threat

LONDON — (P) — The Red Army captured another town in the Caucasus to tighten its semi-circle around the Nazi bridgehead at Novorossisk, wiped out 450 Germans attacking the Donets River line and also seized a crossing over that river, Moscow announced early Sunday.

The midnight campaign recorded by the Soviet tonitor identified the captured locality in the Caucasus as Prikubansky, presumably in the Anastasevskaya area 33 miles north of Novorossisk.

Little essential change, however, was reported in the long front between Leningrad and the Caucasus following the issuance in Moscow Saturday of official maps illustrating the huge strides made by the Russians during the winter to regain 185,328 square miles of territory.

Contingent Routed
The heaviest Donets River battle in the Ukraine occurred south of Izyum, 70 miles southeast of Kharkov, the communists said. At this point where the Russians hold the western bank of the river the Germans threw a motorized infantry regiment supported by 20 tanks against the Soviet positions, only to lose 400 men, five tanks and seven mobile guns.

In the Belgorod sector, 50 miles above Kharkov, the Soviets unexpectedly attacked a German contingent holding a crossing over the Donet, and forced the unit "to retreat in disorder," the communists said.

On the Smolensk front west of Moscow, the communists said, one Russian rifleman crept up to an enemy blockhouse which had been holding up the Soviet advance and silenced it with a grenade.

It was the first time in the war that the Russians had published an official front map.

Didn't Take Long To Tabulate Votes

Without fanfare, announcement, publicity or advertising, Midland County held its school trustee election Saturday in the quiet of a room on the second floor of the courthouse.

Did you vote in this election for county school trustee-at-large? Twelve Midland citizens did vote in the election for which no citizen sought the office, a place which pays no salary.

What happened in other sections of the county in the election could not be determined Saturday night. Unconfirmed reports in the courthouse were that school trustees were being elected in two precincts of the county in addition to the trustee-at-large. Midland citizens vote for only the trustee-at-large as the only is in an independent school district, which elects its own trustees.

County school trustees have charge of county school funds and set classification standards for the schools, an official explained.

Whoops! An Election!
A reporter accidentally learned that an election was being held, and per obtained some information on the balloting.

Some courthouse attaches suggested an election is held every year and nothing much is ever said about it, and little interest is shown in it.

Eleven of the 12 votes cast here Saturday were for "T. R. Wilson," and the other was for "A. B. Wilson." No names were printed on the ballots used by the voters.

Renots Come Later
Another courthouse employe said it may be several days before election returns are reported from the other precincts.

But an election was held without publicity, at least 13 citizens knew it, and 12 citizens went to the courthouse second floor and voted. A prominent business man when asked if he knew about the balloting said he had been "asked" to vote for a certain person, but had forgotten to go to the polls.

Ground Hug
Royal Armored Corps trainee in Egypt falls flat and learns a lesson as booby-trap mines go off behind him. Explosion of small charge warns novice they are not handling mines correctly.

Infantry Beats At Enemy Defenses

ALLIED HEADQUARTERS IN NORTH AFRICA — (P) — Grim waves of American infantry beat Saturday against the rugged and heavily-armed Axis defenses protecting Marshal Rommel's inland flank which lay wedged between the United States Army Corps to the west and the British Eighth Army on the Gulf of Gabes.

On the steep slopes of the barren brown hills east of El Gueitar, Lieut.-Gen. George S. Patton, Jr., renewed his attacks to clean the enemy out of positions now blocking the expected junction of the Americans with the British.

The Americans made a sudden bid for a breakthrough early Friday when a tank column traversed a back to let the infantry resume operations toward widening a gap in the enemy defenses.

Rommel Uses Mines
Front dispatches reported some German panzers were knocked out and several others were damaged before the tank battle was broken off.

Mines by the thousands, in a variety of sizes and deadly trickery, have become one of Rommel's most potent defense weapons.

The Americans strove to develop techniques for rapidly clearing the cleverly concealed infernal machines.

In the Fondouk area 100 miles north of El Gueitar, the Americans were frustrated temporarily in attempts to win high ground south of Fondouk.

The Vichy radio in a broadcast heard by Reuters reported intense fighting west of Kairouan, some 20 miles northeast of Fondouk, with the Americans striving for possession of heights dominating Kairouan, and the Paris radio said an American attack seemed to be in preparation at Faid, 12 miles south of Fondouk.

172 Planes Downed
The North African air forces announced that the Allied air offensive since March 19 had destroyed more than twice as many enemy aircraft as the Allies had lost in carrying out a series of heavy, far-flung attacks.

Including Friday's operations, a total of 172 Axis planes had been shot down.

Gen. Dwight D. Eisenhower, Allied Commander in North Africa, returned from the Tunisian front to report that British, American and French forces were "continuing to make satisfactory progress" in their campaign to smash the Axis out of Africa.

Fort Worth Divorcee Freed On \$10,000 Bond After Being Bound Over On Manslaughter Charge To Tulsa Court

TULSA, Okla. — (P) — Mrs. Ella B. Howard, a trim divorcee, was freed under \$10,000 bond Saturday after she was bound over for trial on a manslaughter charge in the slaying of a wealthy oil man's wife.

For the first time since her arrest at the fashionable Mayo Hotel a week ago Thursday night, she smiled as she thanked one of the men who signed her bond. She had wept quietly, giving way to her first display of emotion in court, at the end of her preliminary hearing earlier Saturday.

Happy To Be Out
Mrs. Howard had been held in the county jail since the domestic tragedy which ended in the fatal shooting of Mrs. T. Karl Simmons, 55, widely known horseman.

"She's very happy to be out," declared defense counsel Marvin Simpson. "She is also very, very appreciative of the kind treatment the authorities have given her."

Common Pleas Judge Grady S. Cornett reduced the charge against the divorcee from manslaughter to a charge of manslaughter at the conclusion of the preliminary hearing.

The defense presented a surprise witness, Ed J. Mace, a gunsmith in a sporting goods store, who testified that he saw Mrs. Howard slaying about a week ago in room 926 of the Mayo Hotel.

Welcome Early Trial
Mace said that another employee of the store, R. M. Murphy, had told him the gun had been brought in by Mrs. Simmons.

County Attorney Dixie Gilmore was unable to gain a continuance to bring in rebuttal evidence. After Judge Cornett made his ruling, the prosecutor declared, "I don't know whether we can make a manslaughter case."

Defense counsel indicated they would accept an early trial.

"I don't think they're not any kind of a case against her," said Simpson. "We're ready to go to trial the sooner the better."

Trial Falls Flat
"Why," he said, "I had a hard time clearing Mrs. Howard's responsibility off her name, and as soon as the hearing was over, she expected the hearing to be as simple as a piece of cake."

The expected high point of the hearing fell flat as Gilmore questioned the dead woman's husband and partner in the slaying, Ed J. Mace.

The prosecution had said Mrs. Howard had been in Tulsa for about eight years, living with Mrs. Howard.

The trial in district court will be set up on the next criminal docket, probably in early September.

Big Concentration Of Ships Blasted

ALLIED HEADQUARTERS IN AUSTRALIA — (P) — Blasting at Japanese warships in a devastating, pre-dawn raid, heavy Allied bombers Saturday blew up two enemy cruisers, left a destroyer sinking, and damaged two others near Kavieng, New Ireland, the high command announced Sunday.

The big bombers attacked from masthead height with their targets illuminated by flares, sinking one light cruiser by four direct hits with 500-pound bombs and laying four more on a heavy cruiser that exploded, flinging debris 400 feet in the air.

A large destroyer was mortally wounded in the savage attacks, two other destroyers were damaged, and two other warships were bombed but results were not observed.

The attack upon the concentration was pressed home while other bombers swept over the airbase nearby, neutralizing it.

With Japanese aircraft pinned down, the Allied planes completed the attacks without the loss of a ship, the noon communiqué asserted.

Concentration Bombed
This aerial triumph followed quickly Saturday's announcement that reconnaissance planes had spotted numerous ships in Kavieng sector, 550 miles northeast of the Allied base of Port Moresby, New Guinea, after which bombers scored hits on a 10,000-ton and a 6,000-ton enemy ship.

The raiders struck before dawn at Japanese shipping, which reconnaissance planes had reported totaled approximately 50,000 tons, dispersed off Kavieng and in Steffen Strait.

Striking just before dawn and taking the enemy largely by surprise, our heavy bombers executed a devastating low level attack on a warship concentration in Silver Sound," reported the noon communiqué from General Douglas MacArthur.

Jap Bases Hit
"Aided by flares, the attack was pressed home from medium level and masthead height. Four direct hits from skip bombing with 500 pound bombs were scored on a light cruiser. The vessel was destroyed and sank immediately.

Below this aerial action, New Britain Island and New Guinea bases of the Japanese were dealt new blows.

Japanese Attack Allied Air Base

CHUNGKING — (P) — Twenty-nine Japanese planes struck at Lishui, a potential Allied air base in Chekiang province for bombing attacks on Japan, in a heavy raid Thursday, and a smaller formation raided another American airbase in Kiangsi province, with seven of the nine attackers shot down, Chinese and American reports said Saturday.

Several hundred dwellings were destroyed in the Chinese airbase attack on Lishui, Chinese dispatches said. The town had been occupied by the Japanese last summer.

The vote was extremely light. Only 75 ballots were cast, and each of the candidates received 75 votes, as "there were no written or 'scratches'."

Scratches of the candidates for the three places had opposition on the ballot.

Cuts In April Draft Quotas Are Expected
PHILADELPHIA — (P) — The Philadelphia Evening Bulletin said Saturday it had learned from the Service headquarters in Washington that a reduction in the April draft quotas has been made throughout the United States.

The Bulletin said the quota reduction amounts to approximately 20 per cent for Pennsylvania, and from 10 to 20 per cent in other states.

Odessa Citizens' Party Candidates Win School Posts

ODESSA — Two members of the "Citizens' Party" and one "Administration" candidate were named to the Odessa County School board Saturday in one of the hottest school elections in the county's history. Three "Old Guard" members also were elected.

Dr. C. W. McCollum with 515 votes, Ewell McKnight with 457 and J. J. Willis with 449 votes were elected to the board. McKnight was a so-called "administration" candidate.

T. W. Appleby, H. O. True and G. P. Wrenshaw trailed in that order.

The finest specimens of manhood are eliminated by wars. They will continue till justice sits on the throne where force has so long reigned: And they found Saul and his three sons fallen in Mt. Gilboa. —I Samuel 31-8.

Everybody Has A Plan

The Ball-Burton-Hatch-Hill resolution has received so much publicity that one might suppose these senators were the only persons who had advanced a post-war proposal. But that is not the case. It seems as though everybody and his cousins all have post-war plans for which they are ready to fight at the drop of a hat.

In the Senate alone there are seven resolutions dealing with international post-war problems. Outside Congress scores of others have been advanced.

As a people we are intensely, vitally concerned with the shape of the world after totalitarianism shall have been defeated—and we are little less interested in the shape of our own nation, judging from the internal post-war plans now flooding the mails from every group financially capable of hiring an economist and a publicity man.

This is all to the good. It demonstrates that the public is wide awake to the fact that there are pressing problems to be solved. It brings the democratic process to bear upon producing solutions. It assures that every angle will be explored, every possibility suggested, every flaw exposed.

Eventually, out of such free-for-all discussion, a consensus will become apparent—a majority public opinion arising out of the will of the people themselves and not, as usually in the past, imposed from above by a few professional thinkers.

The number and variety of the ideas offered makes it seem doubtful that any specific, detailed commitment made now would reflect the considered popular will of one or two or three years from now.

The problem of how to create and preserve world peace has confounded the best minds since Cain killed Abel. No little group of senators, no committee from some commercial or industrial organization is likely to pull a final answer out of thin air.

But, on the other hand, we never shall succeed until we try. When peace is made, we must do whatever seems most likely to prolong it most. We want no repetition of Versailles, where an American president without popular guidance sold what he could not deliver.

Out of the present chaos of post-war discussion, at least President Roosevelt should learn what is the utmost in international cooperation he can promise on behalf of this nation. Meanwhile, on with the war.

—Buy War Bonds And Savings Stamps—

Pandora's Box

When Pandora opened the box, she had no idea what was going to fly out at her. But Germany packed her own trunkful of woes. While the Nazi hordes seemed invincible, it may have looked like smart business to accumulate 6,000,000 war prisoners and conscript laborers in the Reich. Now comes the day of reckoning.

It is the British and Americans who are opening Hitler's Pandora box. As one industrial center after another is devastated by tons of huge bombs, Germany's unwilling guests—hungry, cold and bitter—escape to prey upon their enemies.

Uneasy rests the head that sought to rule the world.

Soldier Convicted Of Maiming Himself

CAMP SWIFT —(P)—Convicted of having maimed himself in an attempt to escape military service, Pvt. Lloyd D. Weir of Easterly, Tex., will be dishonorably discharged from the service of the United States and must spend the next seven years in the U. S. disciplinary barracks at Fort Leavenworth.

Approval of the conviction, rendered by a recent court martial, has been announced by headquarters of the Eighth Service Command, Army officials revealed Saturday.

Weir was charged with violating the 93rd article of war in cutting off three fingers of his left hand and permanently maiming a fourth with a meat cleaver.

He pleaded not guilty when placed on trial March 3. His injury occurred Sept. 29, 1942, in the kitchen of Camp Swift's post prison.

Police Quell Riot In North Carolina

DUPHAM, N. C.—(P)—All the city police and military police from nearby Camp Butler were called to Hayti, a negro district of Durham Saturday night to quell rioting that broke out among negro soldiers and negro civilians.

A city policeman, K. D. Wilson, was wounded. How seriously he was hurt was not known immediately.

Military police set up machine guns in the area. The state guard company was mobilized and stood in readiness to join the enforcement officers if so ordered.

Police did not say what started the trouble nor how many were involved.

Sabotage Grows In German-Held Areas In Europe

LONDON —(P)—Germany's total mobilization of satellite manpower has boomeranged, injuring the Axis war plans by heightened resistance in occupied countries, local families and disruption of communications systems, reports to Allied governments here have disclosed.

Mobilization, however, is being speeded up in Poland, Norway, and Czechoslovakia, and a new roundup of all men and women able to work has been ordered in the Belgian cities of Brussels, Liege, Ghent and Bruges for transportation to Germany.

Pierre Laval, government chief of Vichy France, reported to his cabinet Saturday, the Vichy radio said, that 250,000 French workers left for Germany in the first three months of 1942.

The Allied governments, the Algiers radio, and other broadcasts beamed to the continent gave these reports of increased resistance to German occupation.

Belgium — The Belgian news agency said a "large number" of Belgian workers sent to Nagdeburg, Germany, were arrested for sabotaging tanks and reported "mysterious" crashes of German planes in Belgium, presumably because of sabotage.

Holland—Dutch patriots dressed in German police uniforms forced their way into the Amsterdam census building and planted explosives which gutted the place. A reward of 10,000 guilders has been offered for their arrest.

Poland — All Poles refusing to work for the Germans now are executed and those whose output are considered too low lose their ration cards.

The Chickens Come Home To Roost

Nation's Newspapers To Play Large Role In Nation's Biggest Bond Drive

WASHINGTON —(P)—The nation's newspapers are coming to you for \$13,000,000,000 more—for Uncle Sam.

It's the second year loan drive April 12. Newspapers have been assigned a leading part in conducting the government's largest war financing operation in history.

The government calls it the biggest war financing operation in history. Its initial stages will last about three weeks, and it is designed to sell the American public \$13,000,000,000 worth of war bonds.

Papers Asked To Help
Divide that figure by the number of people in the United States, and you arrive at the conclusion that—on the average—about \$100 worth of bonds will have to be sold for every man, woman and child in the country if the goal is met.

Secretary Morgenthau and Frank E. Tripp, president of the Allied Newspaper Council, said in a communication to all newspapers: "The people of your community look first to the newspapers for leadership when united action is needed and this load can only succeed through such action. Speaking for the Treasury and the Allied Newspaper Council, we ask you, therefore, to give this drive your enthusiastic support both in your news and editorial columns and by enlisting sponsored advertising support."

The Treasury is floating the second war loan to:
1. Finance the war.
2. Help avoid inflation.
To meet the \$13,000,000,000 goal, the Treasury says you can help if you:

Biggest Bond Drive
1. Divert into the purchase of extra bonds every cent not absolutely needed for food, shelter and other necessities of life for the three weeks beginning April 12.
2. Buy at least one extra bond each week for the period.
3. Forego some of the things you have been planning to buy.
4. Buy bonds beyond those you may be buying through pay roll savings or regular bond purchases.

Both the Treasury and the newspapers are getting set to put over the biggest of all war bond drives. You get some idea of its scope when you realize that to date Americans have bought about \$14,000,000,000 in war bonds.

Grave Issues Await Congress' Attention
WASHINGTON —(P)—Work-worn and weary after three of the busiest months in legislative history, the 78th Congress was confronted Saturday with problems dead ahead which will shape the nation's wartime economy and influence relations, problems of mustering the country's manpower and material wealth to an unprecedented degree, and legislation affecting organized labor await the lawmakers' attention.

Mrs. A. J. Wolcott Dies In Dallas
Mrs. A. J. Wolcott, 84, a pioneer rancher of this area, died Friday night in Dallas, relatives here were informed Saturday. She had been in ill health.

Funeral services will be held at 2 p.m. Sunday at her home in Dallas and interment will be in Waxahatchie.

Mrs. Johnson Phillips and Mrs. Ralph Geisler, granddaughters, will attend the services.

Venoy Parr Completes WAVES Indoctrination
CEDAR FALLS, Ia.—Venoy Parr, daughter of Mrs. Margaret E. Parr of Midland, was graduated from a five-week indoctrination course for WAVES at the Naval Training School, Women's Reserve, on the campus of the Iowa State Teachers College here Friday.

CONRAD VEIT DIES
HOLLYWOOD —(P)—Conrad Veidt, 50, Berlin-born movie actor, died of a heart attack Saturday while playing golf on the Riviera Club links.

State's Production Credit Associations Have Good Records

The 36 production credit associations in Texas had 22,225 farmer and rancher stockholders at the end of 1942, it has been announced. Some 20,000 more farmers and ranchers have been stockholders at one time or another during the past nine years and many of these do not need credit and have transferred the stock to others.

During 1942 these associations in Texas made loans for farm and ranch production amounting to \$61,733,000. The total cost of these loans, including both interest and all fees, was \$1,284,459, which amounts to \$2.03 per hundred dollars loaned.

Every dollar put into these associations by the government is still there and it is all invested in government bonds. During the nine years since the associations were organized, they have collected \$1,820,868 interest on these bonds and, at the end of 1942, they had earned surplus of \$2,001,360, which is more than a quarter of a million dollars more than the government's total contribution. Net charge-offs for the nine years amounted to 1-36 of 1 per cent of the amount of money loaned.

The associations do not lend government money. They get their money through the Federal Intermediate Credit Bank which gets its money from the investing public through the sale of short-term bonds based on farmers' notes and chattel mortgages. Loans are made by a committee of two farmers or ranchers and the manager of the association. Loan policies and the other affairs of each association are determined by a board of directors consisting of five farmer and rancher stockholders, elected by members at annual stockholders' meetings.

At the end of 1942, the 36 associations in Texas had a total capital of \$9,156,280, of which \$2,501,280 was owned outright by farmers and ranchmen. The remaining \$6,655,000 was owned by the Production Credit Corporation, which in turn is owned by the United States Government.

Cactus Cafe Will Be Redecorated

Plans for redecorating and remodeling the Cactus Cafe were announced Saturday. Among the improvements will be new floor covering.

The cafe will be closed from 2 p. m. Monday until 6 a. m. Wednesday for the remodeling work.

Police Cars Now Are Easily Identified

"City of Midland Police Department" has been painted on both automobiles of the Police Department and the cars now are easily identified.

Plans Near Completion For Annual Midland Dairy Day

Plans are going forward rapidly for the fourth annual Midland Dairy Day to be held April 24, it was announced Saturday. The best event of its kind ever held is expected this year because of the emphasis being placed on better production of dairy products.

The program is sponsored by the Midland Dairy Association and is open to all entrants. Some heifers will be shown by 4-H club members, and a separate dairy show will be held for the club boys.

Premiums totaling over \$175 will be paid in the two divisions for dairy cows and bulls. Six classes for cows and five for bulls probably will be set up, and four special classes are planned. Dairymen contribute to a fund from which the prizes are paid for winners in the classification event.

Cow To Be Sold
Production contests for cows and for heifers will be staged, and a milk maid event is planned.

R. O. Brooks, breeder of registered dairy cattle will donate a high bred dairy heifer to be auctioned, the proceeds to go to the Red Cross. The heifer, dropped September 8, 1942, is Prince Doty May, sired by Dairylike Silver Prince. The dam is Fairy Dortha May. Registration papers will be furnished the successful bidder.

Entries are expected from Midland, Martin, Glasscock, and Ward Counties.

Supplies Large Area
About 45 grade A dairies are operated in Midland County, with a total of approximately 1,000 cows, in addition to a large number of non-grade A dairies. Over 200 persons are employed in the dairy industry which supplies milk and dairy products to Midland, Odessa, Wink, Crane and Monahans, and to the Midland Bombardier School, Rattlesnake Air Base at Poyote, and the Pecos Army Flying School at Pecos.

W. L. Brown is president of the Midland County Dairy Association, sponsor of the show. Sherwood O'Neal is vice-president and D. W. McDonald is secretary-treasurer. Directors are Jim W. Baker, R. O. Brooks, E. P. Whitson, Jess Prothro, O. C. Collins, L. A. Bronson, Shelby Davis and W. M. Long.

Tuesday Proclaimed Army Day In Texas
AUSTIN —(P)—Governor Stevenson has proclaimed April 6 Army Day in Texas.

In his proclamation, the Governor urged the state to honor the Army with appropriate observances and celebrations, and noted that Texas has contributed to the nation's armed forces a larger proportion of its population than any other state.

CADET IS KILLED
DALLAS —(P)—Aviation Cadet Johnnye Bill Moody, of Dublin, Erath County, 21, was killed Saturday in a collision on landing at the training squadron field at the Naval Air Station here. Naval authorities said.

Personnel And Plans Of Retailers Victory Committee Announced

Paul A. Nelson, chairman of the Retailers Victory Committee of the Midland Chamber of Commerce, Saturday announced the personnel of his group and outlined the committee's initial program.

Distribution of official government posters, furnished by the Office of War Information, to retail firms who are asked to display them will be the first work of the committee.

The posters will be distributed by Midland Boy Scouts in line with the President's designation of the Boy Scouts of America as the official agency for distribution of OWI war campaign posters. J. C. Peck, Cunningham, district Boy Scout chairman, has assured the committee of the cooperation of Boy Scouts in the program.

Committee Is Selected
Members of the Retailers Victory Committee are Nelson, Lester Short, J. B. Hoskins, O. D. Berry, Grady Brown, Leo McLaughlin, Cecil Hodges, J. P. H. McMullan, Boyd Kelly, C. O. Fredregill and James N. Whitson.

Nelson said the duty of the committee is to carry to the people through the retailers who are in daily contact with them, regular messages from their government telling them what they can do on the home front to help win the war. All stores will be asked to display them in their windows throughout the year. Posters will be distributed twice monthly.

The business section has been divided into six districts with uniformed Boy Scouts in charge of distribution in each district. Delivery of posters is expected to start by April 15.

Tuesday Proclaimed Army Day In Texas
AUSTIN —(P)—Governor Stevenson has proclaimed April 6 Army Day in Texas.

In his proclamation, the Governor urged the state to honor the Army with appropriate observances and celebrations, and noted that Texas has contributed to the nation's armed forces a larger proportion of its population than any other state.

State Schools Take Honors In Sixteenth Annual Relays

AUSTIN—(P)—Texas schools dominated their own Texas Relays more than at any time in the sixteen-year history of this track and field carnival Saturday, but not with record-breaking performances and partly because travel restrictions kept most traditional standbys at home.

Two state schools—Texas and A&M—each took two championships in the war-tattered relays, and the only outside team to edge in with a title was Oklahoma A&M.

The college-university class drew less than half the contestants of normal years, but this was not so in the high school division where the only records were set—one of them a national mark.

Dewitt Coulter, black-haired football giant from Masonic Home (Fort Worth) threw the shot 59 feet 1-2 inches to better the national scholastic record set in 1930 by Elwyn Dees of Loraine, Kansas, by three and one-half inches.

One other record was broken and another tied. Thomas Jefferson (San Antonio) ran the 440-yard relay in 43.4, and Charley Parker, Jefferson's dashman, unbeaten for two years, raced the 100 yards in 9.9 seconds.

Tate Is Standout
The relay time, hung up by a team of Bill Eagle, Jack Grieder, Homer West and Parker, was five-tenths of a second better than the old record set by Jefferson in the preliminaries. The mark until Saturday was 44.5. It was made by Goose Creek last year.

Howard Payne was the only school other than Texas and Texas A. & M. to win two relay crowns. They did this in the college division.

Ralph Tate of Oklahoma A. & M. was the standout individual of the relays. He won the 120-yard high hurdles in 14.3, with Bill Cummins of Rice, National A. U. champion, finishing third behind Doug Jaques of Texas. Tate also took the broad jump with 24 feet 9 inches, and ran a fine lap on the mile relay team to beat out Texas A. & M. for the only out-of-state victory.

Texas Wins Sprint
Texas won the sprint relay and took the distance medley while Texas A. & M. won the two-mile and sprint medley.

In the college class Howard Payne romped in with the 880-yard relay, then came through in the mile. North Texas State, a strong winner of other years, took only the sprint medley.

Thomas Jefferson led in relay winnings in the high school class, taking the 440 and the sprint medley, while John Reagan of Houston won the mile relay.

Two records were considered in danger in the university class—the high jump and the pole vault. But Pete Watkins of Texas A. & M. lacked five-eighths of an inch of reaching the mark in the former and was tied for first by Donovan of Drake, while Billy Moore of Drake went only 13 feet—a foot and three-eighths of an inch under the record—in the pole vault.

Pirates Win Over Cleveland Indians
MUNCIE, IND.—(P)—Third Baseman Bob Elliott tripled in the tenth inning to score First Baseman Elmer Fitcher, giving the Pittsburgh Pirates a 4 to 3 triumph over the Cleveland Indians Saturday in the first exhibition game against major league opposition for both clubs.

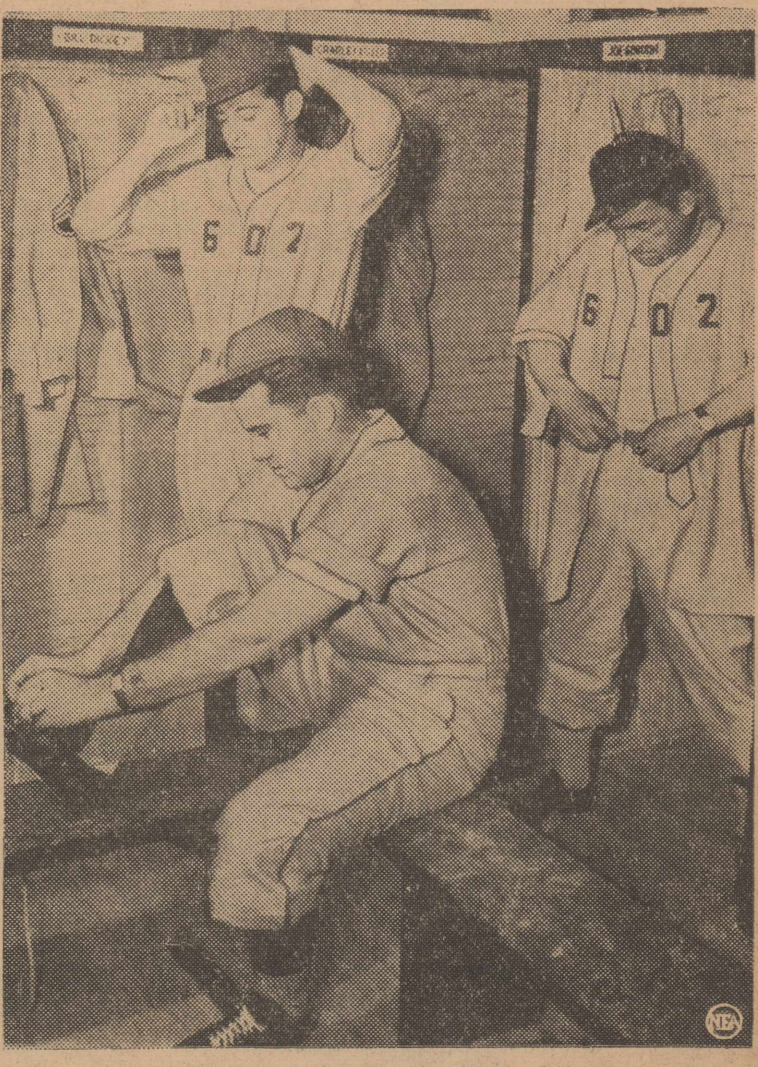

Texas Aggies Beat Kelly Field Fliers
SAN ANTONIO—(P)—A six run burst in the fourth and fourth in each the fifth and seventh frames was enough for the Texas Aggies to defeat the Kelly Field Fliers here this afternoon, 17 to 5, at Tech Field. The contest was called at the end of the seventh by agreement.

Boston Red Sox Lose To Brooklyn Dodgers
BROOKLYN —(P)—The Boston Red Sox were held to two hits and beaten 5 to 1 Saturday by the Brooklyn Dodgers in an exhibition game at Ebbets Field.

Whitlow Wyatt, Kirby Higbe and Lefty Max Maxon each worked three innings in good style for the Dodgers.

Tex Hughson started for the Sox.

Real Yankees

With baseball Yankees training at Asbury Park, N. J., Army players of 602nd Training Group move into their quarters in St. Petersburg. The names of Bill Dickey, Charley Keller and Joe Gordon appear above lockers, but these athletes are, left to right, Sgts. Francis X. Smith, Joe Clara (seated), and Thurman White.

Promotions Given Eighty-Three Men At Midland Field

Special orders issued Saturday at the Midland AAF Bombardier School announce the promotion in grade of 83 enlisted men stationed at the bombardier school.

Ten men were named to staff sergeant ratings, 25 to sergeant, 25 privates first class were made corporals, 22 privates were promoted to corporal, and one private first class was named technician fifth grade.

Sergeants promoted to staff sergeants include John M. Kimmins, Lloyd R. Latta, Bernard G. Jenior, Clarence L. Gobble, John A. Hobson, Leo L. Billington, William J. Wesolowski, Lawrence M. Coombs, James K. McCord, and D. W. Aslin.

Corporals advanced to the grades of sergeant include Leon Bilbray, Rudolph A. Bolka, Herbert W. Henderson, Allen D. Sturgis, Jim L. Wright, Paul W. Clifton, Charles N. Leek, Jr., Philip G. Griffin, Jr., Harold W. Merrill, Pete G. Terzak, William Bamber, Robert F. Wright, Tommie H. Parr, Jr., Max C. Southworth, Raymond F. Babl, Frank R. Aledo, John I. Laukkanen, Arthur V. Bazata, Frank I. Obuchowski, Alfred R. Vanni, John J. Cannon, Jr., Lloyd L. Welch, Frank T. Robinson, John P. Mouat and Frederick R. Sontheimer.

Privates Advanced
Privates first class promoted to corporals are Herbert Lays, Harold A. C. Asmussen, Dean L. Gash, Samuel D. Dransfield, Earl C. May, Glen M. Risley, Virgil K. Rowe, Harold Slutzkin, Thomas E. Steele, Frank G. Weirich, John C. Tomassilo, George N. Weinans, Alexander Bilorusky, Sherwood M. Oviatt, William Venard, Clifford H. Anderson, Osborne W. Hummel, Charles C. Stevens, Cecil C. Campbell, Casimir T. Kujawinski, Walter P. Keczowski, David A. Vanni, Mitchell J. Kowalec, Milton M. Cooley, and Ralph V. Olivey.

Privates promoted to corporal include Kermit A. Reed, George B. Carby, Homer L. Deshaize, Kenneth D. Smith, Marion C. Cline, Joe S. Truss, Joseph Danielewicz, William H. Faught, James E. Healey, Jr., Franklin J. Holland, Harvey J. Pierce, Walter E. Spink, Elmo E. Pletcher, Robert T. Donlon, Daryl H. Dessen, Carl J. Register, Robert C. Donaldson, Stuart E. Moore, Walter L. Neubauer, John P. Braslin, James J. Hunter and Thomas E. Kerrigan.

Private first class Willie Young was promoted to technician fifth grade.

489th Bombardier Training Squadron:
Sergeant Murray is planning to be married in a few weeks. Staff Sgt. Joe Greer was married last week end.

Pvt. Charles Maisan has been doing a good job of beautifying the squadron area. It is a real improvement. Cpl. Herbert Phillips painted the squadron marker in front of the orderly room in patriotic colors of red, white and blue.

With the deadline for the opening of the softball tournament here, the 493rd's pitching staff of Tech. Sgt. George O. Townsend and Pvt. Alois J. Kotta have been chosen by team manager Cpl. Alter to take over the hurling duties. Last year's veteran, Sgt. Edward A. Schmidt, will probably catch.

Last Thursday, the 493rd had the honor of being guests at a luncheon given by the Rotary Club of Midland. Those representing the squadron were First Sgt. Roman Pedrazzini, Staff Sgts. Ralph A. Venable and James C. Crume; Sgts. Benjamin Weinstein and Cordell E. Smith; Cpl. Louis Bergman; Pfc. Thomas Nance and John F. Brueggeman; and Privates Charles Hamor, Frederick R. Breuninger and Francis J. McKeon.

Members of the Rotary Club made the boys feel at home very quickly. The fellows were called upon to give a thumbnail sketch of their likes and dislikes in the Army and laughs ran thick and fast. We of the 493rd wish to take this opportunity to thank each and every member of the club for the privilege of being their guests.

Pfc. Barney K. Stalcup returned to the squadron after an emergency furlough—the father of a seven pound, eight ounce girl. Congratulations to Mr. and Mrs. Stalcup.

Pfc. Gilbert J. Neumann's wife and child are joining him shortly and they plan to live in Midland.

491st Bombardier Training Squadron:
Four lucky boys were these. They departed and returned from furlough in a group as their destination were the same. Minnesota is their home and the fellows report a wonderful trip. They are Privates Anthony Zeuli, Emil Kajer, Elmer Kajer and Robert Hauser.

Pvt. Lee Odum and Mrs. Odum drove their car back on their return trip from a furlough. The car will be used by Private Odum to carry him back and forth from his home in Odessa.

Pvt. Johnny Simpson is a lucky soldier. He got a ride back from his home in Illinois—all the way to Texas.

Arbutus, the genus of evergreen shrubs, now adorns the area surrounding the squadron. These shrubs have been transplanted to form a lane along the roadway passing in front of the squadron.

MIDLAND VISITOR
Marion Flynn Jr. of Texas A&M College is visiting in Midland.

War Production Board approval was received at a meeting of the WPB requirements committee late Friday night. Ickes disclosed. The necessary steel can be made available in time, he added, to permit completion by about the first of next year—right in the middle of the next heating season.

This pipe line, the second "big inch" conduit, will be able to deliver a maximum of 235,000 barrels of petroleum products daily. It will not carry crude oil, which is being brought east by the 24-inch pipe line whose eastern leg now is being completed.

McHargue's Brother Dies In Florida
Alvin McHargue, brother of Paul McHargue, died Friday night in Tampa, Fla., after a short illness. Paul McHargue left Wednesday for Tampa to be at his brother's bedside.

His father, J. H. McHargue, also was seriously ill. A message from Tampa Saturday said his condition had improved.

Chamber Of Commerce Plans Sponsorship Of Cadet Entertainment

Assuming sponsorship of cadet entertainment in Midland, the Midland Chamber of Commerce Saturday announced the appointment of a committee which will arrange and sponsor social functions for cadets stationed at the Midland AAF Bombardier School.

Organizations which have been active in staging entertainments for the cadets will be represented on the committee and will continue to assist in the new arrangement which has been approved by officers of the cadet detachment.

Appoint Committee
Members of the committee, appointed by Paul McHargue, Chamber of Commerce president, are Mrs. W. I. Pratt, Mrs. Frances Stallworth, Mrs. W. W. LaForce, Mrs. Fred Fromhold, A. C. Hefner, and Major C. E. Bissell, commandant of cadets at the Bombardier College.

The committee will meet in the chamber of commerce office at 10:30 a.m. Tuesday to select committee officers and to discuss plans for future cadet entertainment.

Chamber of Commerce officials expressed appreciation to organizations which have sponsored cadet entertainments in the past, and solicited the continued cooperation of the groups in the future. The Chamber of Commerce, under the new arrangement, will serve merely as a coordinating agency in staging entertainments for bombardier cadets.

People over 70 years of age in Britain receive a pension from the Assistance Board.

Rodeo Directors Discuss Plans

Directors of the Midland Rodeo, Inc., Saturday discussed plans for painting and repairing bleachers and the grand stand at the rodeo grounds, and also considered proposals for roping or other programs during 1943.

Several favored an entertainment during the Labor Day week end, the dates reserved for the big Midland rodeo.

The directors met in the office of Homer Epley, secretary. Roy Parks, president, said another meeting would be called soon to make definite plans for the year.

Sports Bomber

Several squadrons at the Midland AAF Bombardier School are about ready to strut out their softball combinations for the impending enlisted men's campaign under the direction of Lieut. Marvin S. Keen, physical training officer.

According to plans being mustered by Lieut. Keen, former high school mentor at Corpus Christi, the softball circuit has all the earmarks of being one of the most active sports programs for the men at the bombardier college.

With 14 squadrons already demonstrating a keen interest, there will be plenty of softball when the lid is pried off. Opening day and season's schedules will be released next week, the PT department announced.

SPORTS GRAB-BAG
Just wait until you catch a glimmer of the smart book cover Cpl. Sherman Peir of the 83rd, the "Benvenuto Cellini" of the field, designed for the PT's program of activities. . . Word comes from the 487th that they have a stellar shortstop in diminutive Staff Sgt. Johnny Schack. . . Facing Cpl. Jack Sharkey, the post's boving tutor—Sgt. Frank Summers of the 83rd was a former lightweight boxing star and appeared in many fistic festivals in and around Chicago's loop. . . and these is another pugilistic "comet" also from the 83rd, in Pvt. Orville Vencke, flyweight diamond-belt winner from Milwaukee, boasting a string of seven straight triumphs. . . Pvt. Howie Whyte, the effervescent Service Club taxi driver, was a well known sports enthusiast, hailing from the mecca of raceland, Saratoga Springs, New York. . . Congenial Lieut. Jack Kirkland, 814th engineering officer, held down a basketball guard berth for two at Florida Southern College. . . and during the past week, Lieutenant Keen brought out of the sports grab-bag a new addition to the PT department in Sgt. "Whitey" Stewart. His sports background is studied with crack performances in boxing and basketball, and he quarterbacked for two years on the all-West Coast high school gridiron teams. . .

BREEZY BRIEFS
In one of the first reports of inter-squadron softball games to reach this corner, the irresponsible manager of the 491st, Pvt. Pat Cuda, tells us that the married men's team turned the tables on the single men to the tune of 13 to 7. . . Pvt. Lefty Tresner of the Benedicts turned in a corking exhibition of pitching and was aided with the home run clouting of First Sgt. Fredli Hamra. . . Sgts. George Dungan and Jimmy Hass, together with Pvt. Les Johnson, starred on the single men's side. . . Sgt. Joe Policari romped off with high honors in the 491st billiard contest. . . Sgt. Ralph Odegar copped the horseshoe pitching match. . . It has happened in the 491st—Staff Sgt. Art Cole, former well known Ohio Theater leaguer, has joined Pvt. Cuda's softball organization and, according to reports, Sergeant Cole wields a fairly hefty willow. . .

Pvt. W. D. Salmon, one of the ace members of the "kink-killers," has been dubbed "Sparky" by his teammates. . . Pvt. Chet Wallace, who had a bang-up year with the cage circuit, is now taking the kinks out of his "soup bone" and will be ready any day. . . Cpl. Bill Fitzmaurice has not reported yet but indications are that he will soon be taking his swing at the ball and patrolling the outfield for the 491st. . . Sgt. Bill Brunnelle and Pvt. Al Hahan loom as potential first team timber on the squadron contingent. . . And don't be surprised to see the CO, Capt. Raymond Epler, making trips from town on his bike to see them play. . . The daily PT periods certainly agree with Staff Sgt. Dick Stanford, who is showing a streamlined waist measure these days. . . Let's not forget the swell job the 14 managers and coaches of the basketball squadrons turned in. . . It was grand work, fellows, and here goes three rousing yelps for Major Phelps, commanding officer.

War To Force More Production Of West Texas Sour Crudes

AUSTIN—(P)—Oil men in a position to know predicted Saturday that the petroleum demands of mechanized armies on the offensive will force increased production of West Texas sour crudes.

This increase should be from 100 to 200 per cent above the present allowance during the next nine months.

Oil men asserted that 50 per cent of an anticipated 400,000-barrel per day increase in Texas' crude flow during the third quarter must come from West Texas.

Daily production in West Texas was set at 206,644 barrels in the Railroad Commission's April schedule.

The battle to break the transportation and equipment bottleneck, area as "Ferdi" Johnson. . . Another former handman trips from town on his bike to see them play. . . The daily PT periods certainly agree with Staff Sgt. Dick Stanford, who is showing a streamlined waist measure these days. . . Let's not forget the swell job the 14 managers and coaches of the basketball squadrons turned in. . . It was grand work, fellows, and here goes three rousing yelps for Major Phelps, commanding officer.

New Pipe Line Will Extend To East Coast
WASHINGTON—(P)—Petroleum Administrator Harold L. Ickes announced Saturday that a twenty-inch pipe line from the southwest has been assured of enough materials to extend all the way to the east coast, instead of halting at Seymour, Ind.

War Production Board approval was received at a meeting of the WPB requirements committee late Friday night, Ickes disclosed. The necessary steel can be made available in time, he added, to permit completion by about the first of next year—right in the middle of the next heating season.

This pipe line, the second "big inch" conduit, will be able to deliver a maximum of 235,000 barrels of petroleum products daily. It will not carry crude oil, which is being brought east by the 24-inch pipe line whose eastern leg now is being completed.

SERIAL STORY Glider Girl

By OREN ARNOLD

WELL-ROUNDED FINISH
CHAPTER XXX
WHEN the glider train had first left Sky Harbor in Phoenix, two individual planes had taken off immediately following. They carried gentlemen of the news-reels and gentlemen of the press. They were turned back by the Superstition Mountain storm. Later, though, the sky train came spectacularly out of that storm again, but with only nine of its original 10 gliders!

"Something happened!" The news men began to shout about it. "That 10th plane—it had the girl pilot. Captain Carr's fiancée!" They got good photos of the nine ships cutting loose, and when Jimmy Carr's motor plane headed back to look for Number 10, the photographers' ships followed him. Half an hour later, one of the greatest aviation films on record was being made.

It showed Jimmy's ship dipping dangerously into the canyons of a storied mountain. It showed him spotting a white sailplane on a high and narrow slope. It showed him climb up for safety in jumping, then leap out in a parachute.

When Jimmy leaped, his chute billowed quickly. Then he began to rock and tug. Thump! When he struck the slope he scrambled and rolled in loose rocks.

"Jimmy! . . . Jimmy!" Pat was 40 yards or so away. Jim unbuckled from his chute and ran toward the girl.

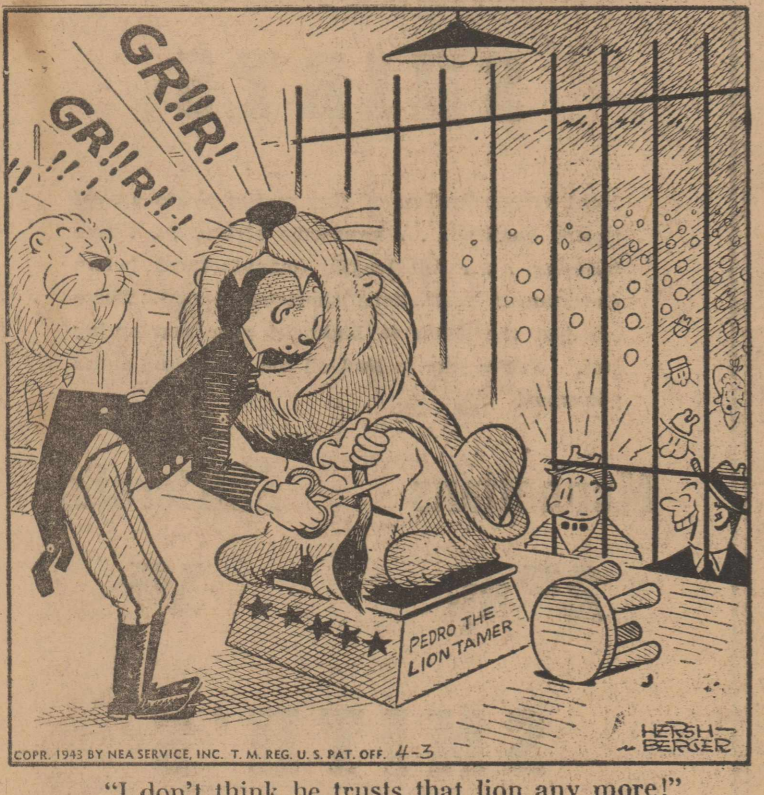

"Pat, are you all right? Are you hurt?" He was shouting frantically.

"Yes! I mean, no! I mean—I'm all right! Are you?"

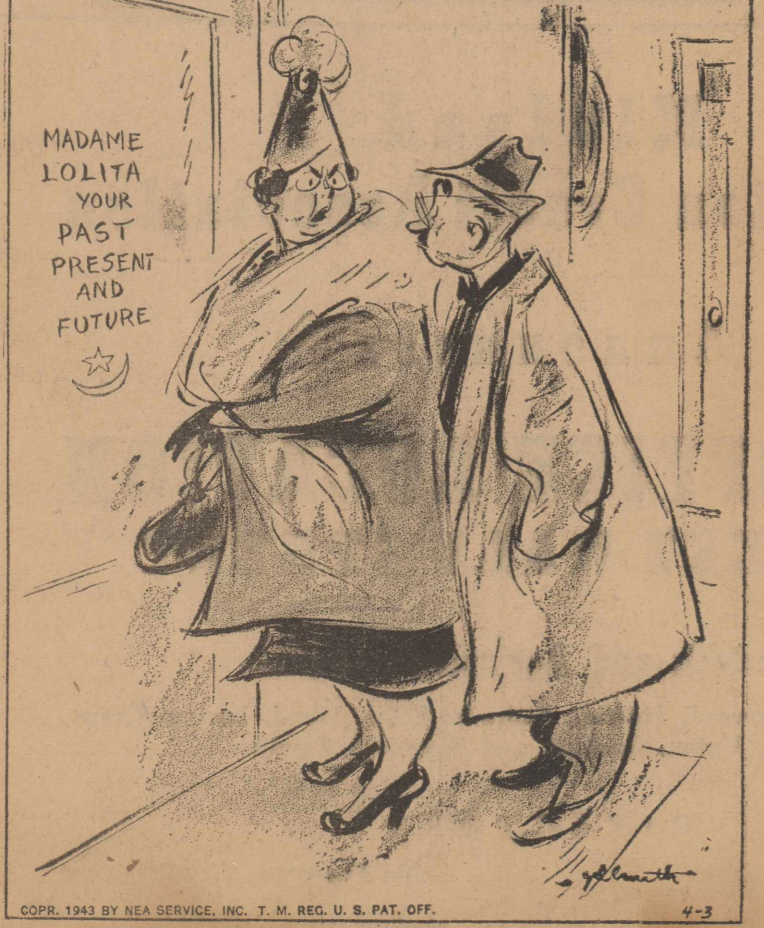

They spoke no more, for a time. Partly because Pat Friday quite lost control of herself. She was sobbing in Jimmy Carr's arms. Sobbing, and hugging him, and pressing her cheek to his shoulder.

"Little girl . . . little girl," he was saying, ever so gently. But the crying didn't last long. He kissed her twice on top of her head. Then he lifted her chin, blotted tears with a handkerchief, and leaned to kiss her full on the lips. "Pat darling," he said, then. She just clung to him, while the world swung around and around.

McKENNEY ON BRIDGE

By William E. McKenney
America's Card Authority
At tournaments and in my mail, I receive many hands. I am sorry to say, however, that a great number of them are not suitable for publishing. Today's hand is an example. A very fine player gave it to me, and said, "Here is a nice hand for you, Mac. You will see you must be careful to ruff the second spade with the jack of diamonds."

back to New York City. Brought your plane in safely last night, but she wouldn't talk for our appetizer. What do you suppose come over her?"

Jimmy Carr grinned. "No telling! A lot of things, I imagine." There was a session, then, at the airport. All the bigwigs had to say things to Pat and Jimmy. The nifty demonstration had proved, perhaps even better than planned, the adaptability of sailplanes. And if a train of them could weather a storm like that, it could do anything! The throng right here at Sky Harbor had seen nine planes out loose and land safely, and as for Pat—she had truly demonstrated what a motorless ship could do and what a girl pilot could do! The press men were almost worshipping. The public clamored for glimpses of the handsome captain and the pretty blond girl. A girl who, incidentally, was still called Loraine Stuart! Pat's strange masquerade in public still held.

The session at Sky Harbor was interrupted shortly after 11 a. m. when the Reverend R. C. La Porte arrived.

"I was asked to come here for a wedding at noon," he told them. "Oh!"

Pat said that. She looked quickly, and self-consciously, and fearfully as well, at the other men. Big Ed Bryan was smiling broadly.

"Me and the captain," Ed drawled, "we done some running around this morning, Miss Pat, before you got up. Down to the courthouse, and the florists, and one little place and another, yes'm. Me, I get to be a best man!"

Pat said, "Jimmy, is—is Loraine—"

"Loraine is headed back for New York, Private Friday," Jimmy said. "But I'm not. My part of that noon wedding is still on. You're the other part of it."

"Me! Oh Jimmy! No! I—I have no clothes, or—or—"

"You want me to court-martial you, Private Friday? Don't be insubordinate!"

"And anyway, Jimmy you kissed me—but you never asked me to marry you at all!"

"I'm not asking you, I'm telling you. I'm marrying you at noon, and I'm kissing you again right now."

The newsreel men and the paper photographers recorded that for posterity, too. They like to have a well rounded out finish for a news story.

Livestock

FORT WORTH —(AP)—Light supplies of cattle and calves reached Fort Worth for Saturday's trade and cleared at steady prices, qualities considered.

Common to medium slaughter steers and yearlings \$11-14.25.

Common to medium butcher cows \$10-11.50. Canners and cutters \$7-9.50. Occasional bulls \$10-12.50.

A few good fat calves \$13.50-14.25.

The few stockers and feeders arriving carried over for Monday's trade.

In the hog yards packers paid \$15.10 for most good and choice 200-300 lb. butchers, packing sows unchanged at \$14.50 down and stocker pigs steady at \$13.50 down.

A few common spring lambs \$13 and some medium grades ewes \$7.50.

Midland Marine In South Pacific Band

Somewhere in the South Pacific—Private First Class James Nixon, son of Mr. and Mrs. James Nixon, Sr., of Midland, Texas, plays the clarinet in the Marine Corps band and the piano in an orchestra here. He has been interested in music for the last 15 years and received the degree of bachelor of music from the University of Texas last August. After the war he plans to go to the Juillard School of Music in New York City for his master's music degree.

Pfc. Nixon enlisted last September and attended recruit camp at San Diego.

MOORE VISITS HERE
Pvt. J. C. Moore former teacher in Midland High School, who now is stationed in Tampa, is here on a three-day pass.

Police Discover Masquerade

CLOVIS, N. M. —(AP)—An eight years' masquerade as a woman ended for Red Lucian Dockrey, 26-year-old Blossom, Tex., man, at an Army medical center here Saturday. State Police Investigator Roy Vermillion said Dockrey told him he had lived as a woman since he left home in 1935.

He had worked as bar maid and waitress in several New Mexico towns.

Wearing long curling locks, a white frock, anklets and dainty shoes, he was picked up here and sent to the medical center for examination.

His sex disclosed, city authorities filed a charge of failure to register for the draft.

Longhorns Win Over Rice Owl Ball Club

HOUSTON —(AP)—The University of Texas Longhorns swept their two game series with the Rice Owls, winning Saturday's game, 6-1, as big Luke Kent gave up only four hits and struck out 14 batters.

The game for seven innings was a nifty mound duel between Kent and Rice's John Fox.

GOP Leader Demands Action On Tax Plan

WASHINGTON —(AP)—Republican Leader Martin Saturday night demanded immediate action by the House ways and means committee on a pay-as-you-earn tax plan, asserting that "pride of authorship, political expediency, social experimentation and economic theory must give way to realism, necessity and speed."

"It will be a grave disservice to the nation if the committee should leave the formulation of a tax bill to such a late date that it would have to be presented to Congress on a 'take-this-or-nothing basis,'" Martin said in a statement.

Fort Stockton Man Awarded Air Medal

SAN DIEGO, Calif. —(AP)—Medals and commendations for heroism against the enemy on widespread Pacific warfronts were awarded 35 Navy men in ceremonies at the Naval Air Station Saturday.

Harold Audry Portson, aviation ordnance man, Fort Stockton, Tex., received an air medal.

Production Credit Association Moves

The Midland Production Credit Association has moved from the First National Bank Building into its new home at 112 West Wall Street, the building formerly occupied by Friday's Boot Shop.

IDEAL BROODER HOUSE DISINFECTANT

SAFE! Won't harm chicks or older birds. Non-caustic won't burn hands, used as directed it's non-injurious to user.

CERTAIN! Kills disease germs and bugs on contact... a powerful disinfectant.

PLEASANT! Causes no "Disinfecting Headaches." Free from smelly dip odors... a highly refined product that you'll enjoy using.

VERSATILE! Just the disinfectant to use for disinfecting brooder houses, laying houses, poultry equipment, feeders, waterers, barns, hog houses, sheep sheds, dog kennels, and about the household... in fact it's ideal for nearly every disinfecting job.

Governor Expected To Veto Labor Bill

AUSTIN —(AP)—Off-the-record predictions that Governor Coke R. Stevenson would veto this state's first union labor control bill were highly current in capitol corridors Saturday, but it was likely that the governor himself did not know what action he would take.

He sent the bill to the attorney general's office for further study, and said he would not announce his decision before Monday. He may sign it, veto it, or let it become law without his signature.

There were not many who believed he would follow the latter negative course.

Exploratory Groups To Meet April 7-9

FORT WORTH —(AP)—More than 1,000 members of the three leading professional and scientific oil exploratory societies of the United States will meet here April 7-9 in a discussion of their part in the war.

They are the American Association of Petroleum Geologists, the Society of Economic Paleontologists and Mineralogists and the Society of Exploration Geophysicists.

They go TOGETHER!

CAKES... SYRUP... SAUSAGE

These go TOGETHER too!

Teeth Are Bothering Owner Of Restaurant

CAMBRIDGE, Mass. —(AP)—The man who left his false teeth as security for a meal he was unable to pay for at a Cambridge restaurant may have them back without paying costs.

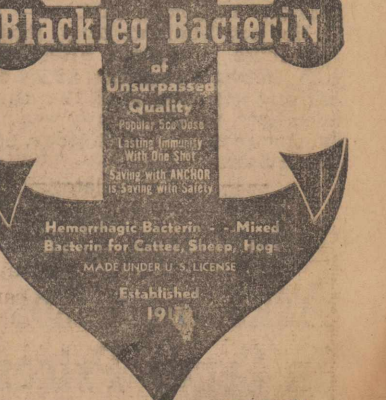

The restaurant owner told police the teeth were "getting on my nerves—they grin at me." He said he wouldn't insist upon payment for the food if the owner would only come and get the teeth.

Blazing Ration Points Tossed Out Back Door

ARTESIA, N. M. —(AP)—The fire department rushed to the home of Dave Bunting. It arrived in time to see Bunting toss 19 blazing ration points out the back door.

His roast had burned.

Culberson Holds Hope For Market Of Westex Crude

Railroad Commissioner Olin R. Culberson, in Midland on a short business visit this weekend, offered a note of encouragement to West Texas producers who currently are suffering from a depressed market for their oil.

"It may be wishful thinking," the commissioner said, "but I do believe that the Railroad Commission is making progress in its efforts to get more recognition for West Texas crude."

Culberson reiterated a statement widely circulated over nationwide press services several days ago with reference to the desirability of a pipe line out of West Texas directly to the Chicago-St. Louis refining area.

In addition to giving West Texas another outlet for its oil at this time, such a line would prove of enormous benefit in the post-war period since the Chicago-St. Louis area is potentially the greatest peacetime market in the United States," Culberson said.

He left Midland early Saturday en route to Austin after visiting the District 8 proration office of the oil and gas division of the commission here, which recently was placed in charge of R. L. Westbrook, deputy supervisor.

'Killer' Bogart

Hollywood's gangland king heads the cast of "Casablanca," opening at the Yucca Theatre Sunday. Ingrid Bergman and Paul Henreid also are starred in the outstanding film.

Big West Texas Pipe Line Asked By Stanolind Co.

FORT WORTH —(AP)— Stanolind Pipe Line Company, subsidiary of the Standard Oil Company of Indiana, has submitted plans to the petroleum administrator for war a 16-inch pipeline from the Slaughter pool in Hockley County to the Cushing-Drumright area in Oklahoma.

This was confirmed by the Star-Telegram Saturday in long distance telephone conversation with Tulsa officials of the Stanolind who have forwarded form PD-200 to the PAW for the project. This leaves construction of the line subject to the approval of the PAW and War Production Board.

Stanolind long has planned a line out of West Texas, but this is the first definite step toward actual construction. Plans are to lay approximately 400 miles of 16-inch line from the West Texas pools starting at the Hockley area.

54,000 Barrels
This line would connect Drumright or Cushing to the Stanolind Texas, Texas-Empire, Shell, Empire, Gulf, Sinclair, Oklahoma-Ajax, Magnolia, Standish, Mid-Continent, Tide Water Associated, Continental and Champlin systems. Tying in with these lines would afford direct connection with the Chicago, Kansas City and St. Louis refining areas, supplying crude to district 2, where production is declining at an alarming rate.

The initial capacity would be 54,000 barrels a day, which could be increased either in steps or otherwise by the addition of intermediate pump stations up to 116,000 barrels a day.

donment of stripper wells be relaxed."

The petroleum administrator for war and the War Production Board were requested to give "earliest possible consideration and favorable action and provide the material requirements of an oil pipe line originating in the West Texas area and extending to a Central Oklahoma point."

Carriage-eating condors are clean and like frequent baths.

Fullerton Gets East Outpost As Carter Cores More Pay

By Frank Gardner, Oil Editor
Staking of a three-quarter mile east outpost to the Fullerton pool of Northwestern Andrews County, block A-32, public school land. The dolomite by an Ordovician gas-dilatate discovery well in North Central Winkler County, and abandonment of a deep Ellenburger failure in Northwestern Sterling County led West Texas developments Saturday.

Latest reports, by counties:
Andrews County
Fullerton Oil Company of Los Angeles, discoverer of the deep Permian pool which bears its name in Northwestern Andrews, will start up with rotary April 10 in its No. 1 E. M. Jackson, east extension test staked in the C SE NE section 17, block A-32, public school land. The proposed 7,300-foot test is three-quarters of a mile due east of Texas Pacific Coal & Oil Company No. 2 Jackson et al, 1,850-barrel producer and record oiler of the pool.

In the Embarras-Ellenburger pool of Southern Andrews, Phillips Petroleum Company No. 39 University-Andrews is drilling 6,462 feet in lime; No. 39 University-Andrews is drilling at 3,492 feet in lime, and No. 40 University-Andrews is drilling at 5,514 feet in lime.
Skelly Oil Company No. 1-K University, prospective discovery two and one-quarter miles east by northeast of the Emma pool in Southern Andrews, restored circulation and is coring ahead below 4,440 feet in dolomite. It has recovered oil-saturated sand and dolomite in cores from 4,410-40 feet.

Gaines County
Stanolind Oil & Gas Company No. 15 American Warehouse Company, scheduled 11,000-foot Ordovician test in the Cedar Lake Permian pool, Northeastern Gaines, is circulating oil in an effort to loosen drillpipe which twisted off and stuck at total depth of 4,797 feet in lime.

Hockley County
E. Constantine et al No. 1 W. C. Elliott, in the Slaughter field of Southwestern Hockley, flowed a rated potential of 281.52 barrels of 32.6-gravity oil per day, with gas-oil ratio of 1,315-1, after acidizing pay lime from 4,912-47 feet, total depth, with 3,000 gallons.
Eighteen miles east of the Slaughter field, George P. Livermore, Inc., No. 1 G. C. Thomas, wildcat in extreme Southeastern Hockley, is drilling unchanged at 5,365 feet in soft dolomite. Contract depth is 5,500 feet.

Lubbock County
J. R. Sharp et al No. 1 R. D. Martin, Western Lubbock County wildcat 10 miles west and two miles south of the city of Lubbock, is drilling at 4,672 feet in hard dolomite.

Pecos County
Drillstem test from 8,108-82 feet in Magnolia Petroleum Company No. 1-29 H. J. Eston, Northern Pecos deep wildcat six miles south west of Imperial, recovered 20 feet of drilling mud in 18 minutes. The well had topped the Ellenburger, lower Ordovician, at 8,110 feet. It cored ahead from 8,182 to 8,197 feet with recovery of 14 feet of hard, fine-grained dolomite showing some porosity and possible sulphur water in the bottom two feet. It is coring deeper.

Magnolia and Anderson-Prichard Oil Corporation No. 1-96 State-Mrs. E. C. Powell, wildcat one and three-quarters miles northeast of the Apocryphal Ellenburger pool in Northern Pecos, is drilling past 2,129 feet in lime.

First Ordovician test for the Yates Permian field of Northeastern Pecos, Standard Oil Company of Texas No. 1 Douglas Oil Company et al, is drilling at 5,107 feet in brown lime.

Reagan County
Humble Oil & Refining Company No. 1-B Sawyer Cattle Company of Texas, East Central Reagan Ordovician wildcat 12 miles east of Stiles, is drilling past 6,435 feet in lime and shale.
Amerada Petroleum Corporation reported the following from its group of active tests in the Barn-

hart Ellenburger pool of extreme Southeastern Reagan:

No. 1-RN University, which swabbed about 12 barrels of oil and 25 barrels of water daily, preparing to plug back to approximately 9,250 feet in an attempt to shut off water. It went originally to 9,382 feet.
No. 1-RO University is drilling at 7,589 feet in shale and lime.
No. 1-RP University is drilling at 7,201 feet in shale and lime.
No. 1-RQ University is drilling at 4,436 feet in shale and lime.
Amerada and Ogden & Hawn No. 1 University unit is drilling at 4,686 feet in shale and lime.

Also in the Barnhart pool, Sharples Corporation No. 2 University is drilling at 7,914 feet in shale and lime. Skelly No. 1-L University spudded at 7-15 a. m. Saturday and is drilling below 25 feet in lime.
Sterling County
Col-Tex Refining Company is plugging to abandon its No. 1 W. N. Reed et al, Northwestern Sterling deep failure. The wildcat topped the Ellenburger at 9,335 feet and quit in that formation at 9,587 feet. Loss of circulation at total depth thwarted attempts to run drillstem test. However, no shows were logged in the Ellenburger, according to operator.

In Southern Sterling, Bart C. Mann No. 1 W. D. Atkinson recovered bit and Saturday was drilling at 2,025 feet in dolomite. It topped the San Angelo member of the Permian at 1,953 feet.
Tom Green County
In extreme Northwestern Tom Green, Ohio Oil Company No. 1-B L. T. Clark is drilling plug from 13-inch surface casing set on bottom at 195 feet in red beds with 100 sacks of cement.

Ward County
Shell Oil Company, Inc. No. 3 Sealy-Smith Foundation, one-quarter mile west outpost to deep Permian production in the Monahan-Tubb pool of Northeastern Ward, had swabbed fluid in tubing down to 1,000 feet from bottom when packer failed, terminating testing. Operator circulated around packer five hours but was unable to pull it. Tubing was backed off above packer and pulled. At last morning, operator was going in with drillpipe to pull packer. The well is bottomed at 5,817 feet in lime but has not indicated production on drillstem tests or in cores.

Winkler County
Amon G. Carter et al No. 2-C Pure-J. B. Walton et al, Ellenburger gas-distillate discovery well on the Keystone structure of North Central Winkler, recovered five feet of broken nuggets of Ellenburger dolomite by coring from 9,316-36 feet and will core ahead. Drillstem tests of the Ellenburger have revealed flow of as much as 16 1/2 barrels of distillate hourly and gas estimated in excess of 20 million cubic feet daily.
Three and one-half miles to the west, Magnolia No. 20 State-Walton is preparing to drill ahead with rockbit from 10,244 feet in sand of the Simpson, middle Ordovician. Core from 10,242-44 feet returned 18 inches of sand and shale bearing an odor of oil or gas.

Yoakum County
Humble No. 1 Tannehill Brothers, Inc., et al, Southwestern Yoakum wildcat four miles west of the Wasson field, is drilling at 5,484 feet in hard lime. It showed nothing in the regular Wasson pay horizon and will be taken to open office here as a consulting engineer. He will specialize in general oil field engineering work, surveying and location-staking.

Johnson Quits Conoco To Open Own Business

Frank Johnson, West Texas district civil engineer for the Continental Oil Company for 15 years and a Midland resident the last 10 years, has resigned to open office here as a consulting engineer. He will specialize in general oil field engineering work, surveying and location-staking.

FOR YOUR FAMILY'S FOOT HEALTH

• We have a selfish interest in protecting your family's foot health and comfort. We know that we can count on your repeat patronage only so long as we supply you with good shoes, correctly fitted. That's why we feature X-Ray Fitting as part of our service to you.

The X-Ray Shoe Fitter is the only fitting device which lets you see how your shoes, or your children's shoes, fit. It enables us to point out defects in fit, and suggest corrective measures. It enables you to see how and why a certain style or type of shoe may be the cause of future foot ills. It permits you to see that your children's shoes are correctly fitted to promote normal, healthy foot development.

Yes, the X-Ray Shoe Fitter in our store stands guard over your family foot health. No fitting is complete without it. Yet, there is no charge for this extra protection. Come in for a FREE X-Ray Foot Examination anytime... even if you're not ready for new shoes.

McLaughlin Spudding Lea County Oil Wildcat Northeast Of Maljamar

HOBBES, N. M.—C. T. McLaughlin & Company, Inc., of Midland is spudding a new wildcat test in Western Lea County, Southeast New Mexico, two miles northeast of the Maljamar pool.

It is the firm's No. 1 State in the C NW NE section 7-17S-32E, on acreage donated by Shell Oil Company, Inc., which has extensive holdings in the area. According to agreement with Shell, McLaughlin must complete the well with cable tools by July 1, drilling it to 4,800 feet unless it encounters production of sulphur water at a lesser depth.

Meanwhile, the Maljamar pool proper gained a new producer and three drilling starts. Fair & Pope No. 2-A Johns, section 26-17S-32E, flowed 128 barrels of oil in 15 hours through open 2-inch tubing after a 240-quart nitro shot from 4,022 to 4,144 feet. It topped main pay at 4,130 feet and is bottomed at 4,175 feet in lime.

New Maljamar Tests
Fair & Pope No. 2-B Johns, new Maljamar test in the C NE SE section 26-17S-32E, is rigging up spudder. Johnny Cockburn is rigging up rotary at No. 13-B Pearl Miller, C SW NW section 30-17S-33E. George Turner is rigging up tools for No. 1 L. R. Simon, C SW SW section 31-17S-32E.

Maljamar Oil & Gas Company No. 2 Cheesman, C NW NW section 22-18S-32E, wildcat three miles southeast of the Maljamar pool, is drilling below 1,235 feet in anhydrite.

Failure for a Lea wildcat four and one-half miles southeast of the Halfway pool was seen with the abandonment of Van S. Welch No. 1 Ayers-State, C SE SE section 36-20S-32E. It encountered salty sulphur water in cavernous lime at 3,439 feet, the total depth, which rose at the rate of 2,000 feet per day.

Langlie Tests Water
R. Olsen Oil Company of Okla-

homa City and Atlantic Refining Company No. 1 Langlie (Justis), Southeastern Lea deep wildcat on the east flank of the shallow Langlie pool, perforated 5 1-2 inch casing with 38 shots from 9,475 to 9,495 feet opposite lower zone of the Ellenburger, lower Ordovician. A one-hour Halliburton test, with hook-walker packer at 9,456 feet, then showing rise of 7,472 feet of clear, brackish water in 2-inch tubing, with a trace of gas. Operators are preparing to squeeze off first set of perforation and perforate zone from 9,410 to 9,428 feet. The wildcat originally went to a total depth of 9,592 feet in granite, topped at 9,560 feet, and casing is cemented at 9,590 feet with 1,040 sacks.

Operators plan to perforate and test all favorable zones, starting from the bottom and progressing upward. No. 1 Langlie logged promising showings in the Permian, in the Montoya, upper Ordovician, and in the Simpson, middle Ordovician. It is in the C SE SE section 11-25S-37E.

Square Lake Pool
O. H. Randall completed a producer and started a new test in the Square Lake pool of Eddy County. His No. 1 State, C SE NW section 2-17S-30E, flowed 80 barrels of oil per day after shooting with 180 quarts from 2,943 feet to 3,045 feet, the total depth. Top of main pay was logged at 2,995 feet.

One location east, Randall is building road to No. 2 State, C SW NE section 2-17S-30E.

Repollo Oil Company No. 1 Ira Johnson, new test in the Grayburg-Jackson pool of Eddy, also is building road. It is 554 feet out of the northwest corner of section 6-17S-31E. Addison Drilling Company has the contract.

McKee & Jones No. 2 State, Eddy wildcat in section 3-19S-29E, is drilling below 1,005 feet in salt.

Quits In Granite
Hunt Oil Company of Dallas No. 1 J. W. McMullen and Fred Turner, both of Midland, Southern Otero County wildcat in the C SW SE section 5-26S-16E, was abandoned a failure at 2,175 feet in granite. Some called top of granite in the test at 2,060 feet. It originally was contracted to 5,000 feet for a test of the Ordovician but found no intermediate beds between the Permian and granite.

Small Fire Losses Reported For March

Despite a large number of calls, fire losses in Midland during March were low, records at the city fire station reveal. In addition to many grass fire calls, the department extinguished fires in four homes, one restaurant, and one trash barrel. One false alarm was answered during the month.

Mrs. J. Howard Hodge Will Preside At Session

"Women in War Service for Victory" has been chosen theme for the convention of the eighth district of the Texas Federation of Women's Clubs in Odessa next Thursday and Friday. Mrs. J. Howard Hodge, president of the district, will preside.

Miss Ethel Foster of Sterling City, president of the Texas Federation of Women's Clubs, will attend and will speak at the president's dinner Thursday evening. Mrs. J. W. Walker of Plainview, director of the general federation, also will be present.

Mrs. Louis F. Caddell of Midland, eighth district war service chairman, will direct a program on the war service department with fourteen division chairmen giving reports. Also appearing on the program will be Mrs. John J. Perry of Sweetwater, state war service chairman; Mrs. Roy Parks of Midland, state chairman of the division of aviation; and Mrs. J. M. Montgomery of Fort Stockton, state chairman of the division of agriculture. Another feature of the program will be a discussion of outstanding war services done during the year by delegates and representatives of various clubs.

Ordination Service Scheduled Sunday At Presbyterian Church

An ordination and installation service will be held at the regular evening worship hour of the First Presbyterian Church Sunday.

Lee B. Park and M. T. Hartwell will be ordained deacons in the church and Elders R. L. Miller and Richard L. Peters are to be installed.

The Rev. Hubert Hopper, pastor, will be in charge.

Bridal Shower Honors Mrs. W. G. Reynolds

Complimenting Mrs. Warren G. Reynolds, formerly Miss Delphya Wood, Mrs. L. D. Newsome and Mrs. M. P. Welch entertained with a shower Wednesday at the home of Mrs. H. C. Wood.

The home was decorated with spring flowers. Miss Charlene Wood, sister of the bride, presided at the guest register.

Refreshments were served, and the napkins bore the name of the bride and groom.

The invitation list included Mmes. Lewis Sapp, C. V. Douglas, J. A. Ravan, J. W. Grey, E. Sheppard, Lloyd Henson, O. W. Roberts, Jr., Minter King, J. D. Matthews, Nita Stovall, H. Phillips, W. W. Sheffield, B. Wyatt, and Misses Charlene Wood, Marjorie Harwell, Doris Jean Myers, Lucille Moran, Elwanda Hays, Mary Elizabeth Kerr, Louise Sheppard, Marjorie Hall, Skippy King and Mrs. Wood.

P. H. Lanham, district art chairman; Mrs. Hal C. Peck, eighth district trustee; Mrs. Charles Sherwood, chairman of the yearbook judging; and Mrs. Ernest Neill, Mrs. R. P. Simpson and Mrs. W. E. Shipp.

Midland club delegates attending will be Mrs. George Vannaman, Modern Study Club; Mrs. Guy Brennan, Home Arts Club; Mrs. E. A. McCullough, Progressive Study Club; Mrs. Hal C. Peck, City-County Federation; Mrs. Caddell, Twentieth Century Study Club; and Mrs. Roy Parks, Fine Arts Club.

Other Midland women planning to attend include Mmes. J. B. Koenig, Russell Conkling, Joe Mims, S. M. Erskine, Harlan Howell, Frank Monroe and Robert L. Gray.

Mr. and Mrs. Jim Kelly of Stanton were visitors in Midland Friday.

'Fun And Functional' Is 1943 Easter Bonnet Slogan

In the traditional pattern of spring frivolity is the Lilly Dache hat pictured above. It's simply a colorful crest of lush wild roses arranged like a cock's comb and fitting into, rather than atop, the coiffure.

Hat and bag matchmates like the postillion hat of gray and pink slaid silk surah, with companion envelope bag, will accent your new suit, give your last year's one new lease on life. Designed by Lil Picard.

Simple and smart for almost any occasion, with the added virtue of being easy to pack, is Lil Picard's tricornie of changeable taffeta, pictured above. It has neither stiff frame or wire to be broken when stuffed in a suitcase.

New spring silhouette is this empire-styled gray felt, bound in "hot" pink grosgrain and trimmed with a visor veil. It was designed by Walter Florell for this season's soft suits and slim, basic frocks.

To Meet At Church
Convention headquarters will be at the First Christian Church in Odessa, and activities will begin at 10:30 o'clock Thursday morning. A luncheon for board members will be held in the Odessa County library at 12:30, and the meeting will open officially at 2 p. m. Mrs. George Vannaman of Midland will lead the group in the pledge to the flag. Officers' and departmental reports will be heard during the afternoon.

The Odessa High School home-making and art students, under direction of Miss Dorothy Terry and Miss Helen Inez Conner, will be hostesses at a tea honoring convention guests and delegates. In exhibit of paintings will be presented by the art students and club yearbooks and scrapbooks also will be on display.

Mrs. Parks To Preside
An aviation theme will be featured in banquet decorations at the president's dinner to be held at the church at 6:30 p. m. Mrs. Parks will preside, and all club presidents will be present.

Mrs. Hodge will speak on "The Meaning of American Citizenship," and Miss Foster will use "Women in War Service" as the topic for her address. At the evening session in the church, Col. J. Stuart Pearce of Fort Sam Houston will address the group on "The World We Want After Peace."

Friday morning activities will be devoted to reports from the 75 clubs in the eighth district. A nutrition luncheon will be served at noon, and Mrs. J. W. Walker will speak on "Woman Power Mobilized For Victory." Ensign Betty Mackemer of the WAVES also will speak. Awards for yearbooks, scrapbooks and club reports will be made as a conclusion of the conference.

Mrs. R. D. Watkins of Odessa is general chairman of the seventh annual convention arrangements.

Midland Women To Attend
Midland women who will attend and take part on the program will include: Mrs. Hodge, Mrs. Parks, Mrs. Caddell, who also will act as secretary for the convention; Mrs.

Ensign Mackemer Of WAVES To Be In Midland April 8

Midland will become the focal point in this area for the enlistment of women in the WAVES, when Ensign Betty Mackemer of the WAVES visits here next Thursday. She will be in the district courtroom of the courthouse at 8 o'clock to interview women.

Ensign Mackemer's visit will be sponsored by the American Legion Auxiliary here. Mrs. Iva Noyes is president of the auxiliary.

Lieut. Marion Flynt, former president of the Midland Chamber of Commerce, is visiting here.

Mrs. Chapman Reviews 'Big Spring' For Club

Mrs. W. E. Chapman reviewed the book, "Big Spring" by Shine Phillips, at the meeting of the Delta Pegasus Club Thursday at the home of Mrs. George Bradbury.

Mrs. J. R. Wright, president, introduced the guest speaker.

The home was decorated with lilacs and other spring flowers.

Refreshments were served to Mmes. Della Aycock, C. A. Barton, Bolton Bennett, F. D. Breedlove, T. E. Christopher, J. P. McDowell, J. H. Ford, J. A. Sewell, J. R. Wright, H. K. Thomas, D. S. Hughes, and Mrs. C. R. Pritch of Imperial, former member of the club, and Mrs. Chapman and the hostess.

Mayor Cotton Waddell of Odessa was a visitor in Midland Saturday.

Mrs. L. E. Thompson Honored At Shower And Dinner-Party

Honoring Mrs. L. E. Thompson who will leave soon for Olney to visit her parents and later join her husband who is employed at Del Rio, employees of Everybody's Store entertained with a handkerchief shower and dinner-party Thursday evening in the Roosevelt Room of the Cactus Cafe.

The table was centered with lilacs which carried out the orchid and green color scheme.

The guest list included the honoree and Mr. and Mrs. Joe Youngblood, Mrs. J. C. Locklar, Mrs. B. W. Broadus, Mrs. Ann Godfrey, Mrs. J. C. Montgomery, Mrs. Faye Carson, Mrs. Dovie Stephens, Mrs. Alvah McKee, Mrs. Louie Arrington and Mrs. Vanita Spurgeon.

Service League Works At Dressings Room

Members of the Children's Service League met at the Red Cross surgical dressings room Friday and later went to the home of Mrs. R. L. Blunden, 2011 West Brunson, for a business session.

Those present included Mmes. Fred Cassidy, Walter Collins, Ralph Fitting, Jr., J. M. Hills, Cooper Hyde, Vaughan Maley and the hostess.

Miss Green Is Bride Of Lt. John Hartman

Miss Elizabeth J. Green of Urbana, Ill., and Second Lieut. Gerald G. Gille of the Midland AAF Bombardier School were married Thursday at the post chapel by Chaplain Cosmas Dellheimer.

The bride wore a yellow dress with green accessories.

Second Lieut. John Hartman and Cpl. Paul Carmody of the bombardier school were the couple's attendants.

Sgt. Jess Kellerman furnished the wedding music.

SOCIETY

Special Entertainment Planned For Civic Theatre Fans Monday

Mrs. Sabourin To Address Members Of Canteen Corps

Mrs. F. H. Sabourin, chairman of the Red Cross Canteen Corps in Berger, Texas, until she moved to Midland recently, Monday morning will discuss Canteen Corps work and tell Midland women how to get a mobile unit started. She will address members of the Canteen Corps here and other interested women at an open meeting at 9:30 a. m. in the district courtroom in the courthouse.

Mrs. C. G. Cooper, chairman of the Canteen Corps, said the public is invited to hear Mrs. Sabourin's address, and urged all members of the Midland organization to attend.

The Berger Canteen Corps has an efficient mobile unit. Mrs. Cooper said, and the Midland organization is making plans to develop a similar unit.

"How to Run the Canteen Corps and Get A Mobile Unit Started," will be the subject of Mrs. Sabourin's address.

A one-act play, a floor show with special dance numbers, and an "old time" sing-song will highlight the regular monthly meeting of the Midland Civic Theatre in the Civic Auditorium at 8 o'clock Monday evening.

Senior Girl Scouts under the direction of Miss Mary Kendrick, will present a play, "Alice's Blue Gown."

A brief business session will be held with U. A. Hyde, president of the theater, in charge.

Under the sponsorship of Mrs. Ora Burson, a precision number will be given by Becky Bird, Norma Jean Hubbard, Sheran Cornelius, Elsie Schlosser and Mary Frances Carter. Mary Frances Carter and Elsie Schlosser also will present a boogie woogie dance special.

Sing-Song Scheduled
Mrs. Burson and Lt. C. W. Coffey will dance an exhibition ballroom number and an acrobatic dance is scheduled by Sgt. Conway McCracken and Mrs. Burson. Melba Schlosser will present a soft shoe tap. The Jaracoe Tapatio will be danced by Marjorie Barron.

Following the show and other numbers, Mrs. Do Lo Douglas will conduct a regular "old fashioned" sing-song where everyone will take part in the singing of well known songs.

Civic Theater officials announced Saturday that everyone was especially invited and urged to come and join in the entertainment.

Party Fetes Friends Of Jack Livingstone

Jack Livingstone entertained a group of friends with a party Friday evening at his home in the Prairie Lee Community.

The guest list included Thelma Jo Brown, Kelly Lewellen, Frances Palmer, Bill Ponder, Anita Webb, R. C. Vest, Rayburn Koen, Freda Lou Truelove, Lillian Harris, Wanda Harris, Vivian Clark, Virginia Cousins, Ole O'Kelly, Hazel Cottrell, Wayne Stewart, Ida Mae Reeves, Morgan Stewart, Betty Joe Stewart Albert Stewart, Troy Livingstone, Iola Livingstone, Billie Frances Franklin, O. C. Collins, Edward Franklin, Bill Livingstone, Alberta Lee, Wanda Merriman, J. D. Crawford, Alton Free, Jesse Clark, and Marshall Dale.

Ann Tucker Elected Reporter For Club

Phyllis Chancellor was hostess to members of the Junior Sub Deb Club Friday afternoon at her home, 1710 West Missouri.

Plans were discussed for a party, and Ann Tucker was elected reporter to succeed Gloria Goddard, who has moved to Fort Worth.

Refreshments were served to the following members: Shirley Lones, Ann Tucker, Dorothy Wolcott, Patsy Pope, Sammie Gard, Barbara Brown, Grace Baker and the hostess.

R. A.'s Meet For Missionary Program

The Glenn Walker Royal Ambassadors of the First Baptist Church met Friday at the educational building for their regular monthly missionary program. Subjects of discussion was "Up to Date Knights of the King."

Recognition was given to the boys who passed their ranking examinations in the prayer service Wednesday evening. Those who passed the examination for the ranking of Page included Frank Allen Roberson, Kenny Joe Jerce, Kenneth Hughes, Clarence Long, and Y. E. Brown.

Boys passing for ranking of Squire were Allen Olson, Johnnie Allen Murray, Wayne Hughes, and Billy Crites. Others present for the meeting were Tom Dunagan, Jimmy Bolton, Ralph Arnett, Billy Stan Erskine, and Mrs. Leif Olson and Mrs. Stanley Erskine, councillors.

Zediker-Hallmark Wedding Vows Are Read In Post Chapel

The marriage of Miss Eva Grace Zediker of Lamar, Colo., to Second Lieut. Edmark Hallmark of the Midland AAF Bombardier School, was solemnized Thursday afternoon at the post chapel with Chaplain Theodore G. Schoech performing the ceremony.

Miss Mabel Hiegel was maid of honor and she wore a Navy blue dress with rose and Navy accessories. Her corsage was of tea roses.

The bride wore a rose colored dress with lace collar and hat of matching rose shade. An orchid formed her corsage.

Sgt. Jess Kellerman furnished music on the organ.

The bridegroom's parents and the bride's mother also attended the ceremony.

Sgt. And Mrs. Rasor Are Parents Of Son

Tech. Sgt. and Mrs. Winston Rasor announce the birth of a son Saturday morning in a Houston hospital. The sergeant is connected with the photo laboratory at the Midland AAF Bombardier School. He left Saturday for Houston.

Mrs. Watson Entertains The Needlecraft Club

Mrs. Harry Watson entertained members of the Needlecraft Club at her home, 1701 West Holloway.

Regular needlework was done and refreshments were served to Mmes. George Phillips, Addison Wadley, J. A. Tuttle, B. C. Chirdley, M. F. King and the hostess.

Rev. Kasper Speaks To Parish Workers

The Rev. Raymond Kasper spoke on "The Chief Doctrine" when the Grace Lutheran Parish Workers met Thursday with Mrs. W. A. Baumann.

Mrs. C. L. Fisher of Odessa was a guest and members attending included Mmes. Charles Lowke, Walter Krieger, Fred P. Krause, F. W. Stroebel, Charles D. Francis, Gus Meissner, G. Synatschik, Miss Leona Baumann, Dr. Eva Schultz, Mr. Kasper and the hostess.

One New York hotel serves fresh lettuce soup.

Midland High Reaches Goal In Bond Buying

Students of Midland High have been working toward two goals to help with the war effort this past month, and they have succeeded in earning the 90 per cent victory banner and in buying a jeep, G. B. Rush, principal announced.

Of 501 students enrolled in school, 465 have purchased bonds or stamps, this month, entitling the school to fly the victory banner on the campus beneath the Stars and Stripes. The banner, which will be raised in a special ceremony, is white with blue stars and a blue minute man. The banner will be flown throughout the month of April and May if 90 per cent of the students again purchase stamps or bonds.

Five advisory groups participated 100 per cent in buying stamps or bonds. The advisory teachers were as follows: Misses Ruth Carden, Ethel Harkins, Nell Marie Wiley, Lela Flesher, and Mrs. George Phillips. At the sixth victory concert Thursday night on the courthouse lawn, \$6,350 worth of war bonds and stamps was sold. This money, together with the money made at the all-school dance, will buy several jeeps. A jeep cost \$900.

The concert was under the direction of Ralph Utley, band director. The band played the following numbers: "Pavanne," "March Slav," "Victor Herbert Favorites," "Bill Board March," "Down the Street March," "Sing, Sing, Sing," and "The Star-Spangled Banner." A special act was presented by two majorettes, Ann Vanaman and Mary Frances Carter. The boys quartet composed of Gene Hayes, Charles Funk, Jim Watts, and Frank Trosteth sang "Anchors Aweigh" and "Who's That Knocking At My Door."

Music Masters Swing Tunes In Assembly
The Music Masters, under the direction of Ralph Utley, presented the assembly program Wednesday. The numbers played included "There Are Such Things," "I Had the Craziest Dream," "Who Calls," "Jumping at the Woodside," "One O'Clock Jump," "Stick to Your Knifin', Kiltren," and "Hay Malle."

The vocalists included Norma Conley, Gene Hayes, Charles Funk, Frank Trosteth, and Bobby Stallworth. A new number of the swing band is John Rodriguez from San Antonio.

J. D. Crawford has been selected the winner of the public speaking contest to represent the third and fourth period classes in the eliminations to be held April 9. A district meeting for the Future Farmer chapters will be held in Midland April 8.

The FFA scrapbook is being completed and will be entered in the scrapbook contest at the district meeting. Crawford presented his winning speech at the weekly meeting of the club Thursday afternoon.

100 ENGRAVED Visiting CARDS
Genuine engraved cards on plain or padded vellum. Choice of 67 styles of engraving. \$1.95 PLATE INCLUDED!

15 Boys Take Navy Training Test Here

Senior boys who will be 17 before July 1, 1943, were eligible to take a Navy college training program test Friday morning at the high school.

Midland boys who took the examination included: Robert Drummond, Junior Bird, Gene Hayes, James Hill, Billy Jones, Charles Kelly, Johnny Guy McMillan, Glenn Murray, J. P. Rankin, Bobby Stallworth, Julian Stroud, Frank Trosteth, Gordon Watson, Jim Watts, and George Wolcott. The test was given throughout the nation and boys showing the greatest aptitude will be allowed two years of college training under government supervision.

G. B. Rush had charge of the test here.

News Of Exes In The Service

Leonard Shepherd, who has been in the Navy nine months, is now third class seaman, stationed in New York. Leonard graduated from Midland High School in 1941.

Glenn Sheppard, who graduated in 1935, is now a second lieutenant in the signal corps, and is stationed in North Africa. He has been in the Army sixteen months.

Sgt. Jack Martin, who is now in the Air Corps, is stationed in Alaska. Jack graduated in 1938. Joe Harwell, a private in the Coast Artillery, is stationed at Camp Hahn, Calif. Joe graduated from Midland High School in 1939.

Weldon H. Harris, 1939 graduate of Midland High, is an aviation cadet in the Air Forces. He has been in the service about a year and is stationed in Blythe, Calif.

Tommie McMullan is a first class seaman in the Coast Guard and is located in Corpus Christi. Tommie has been in the service about nine months.

Roger Sidwell, 1941 graduate, is taking pre-flight pilot training in San Antonio. He has been in the Air Forces since February.

About 16 pounds of candy are consumed annually by the average person in the United States, in normal times.

Blue, Miss Logan's favorite color, is used throughout her house. Her hobby is sewing and making hooked rugs, and she is a good seamstress. Her favorite type of reading is fiction.

She is a member of the Delta Kappa Gamma.

Bulldog's Kennel
Spring football still seems to be the predominant sport factor around M. H. S. this week, and the schedule is practically complete. Games for 1943 include: Sept. 17—Brownfield here. Sept. 24—Austin High (El Paso) here. Oct. 1—San Angelo there. Oct. 8—Sweetwater here. Oct. 15—Plainview there. Oct. 22—Big Spring there. Oct. 29—Abilene here. Nov. 5—Open. Nov. 11—Open. Nov. 19—Lamesa here. Nov. 25—Odessa there.

Very little can be said about tennis—to go or not to go to regional is the question. Views of the boys seem to tend toward going, especially since the meet is to be held in El Paso. G. B. Rush, in charge of tennis, favored moving the meet, or Midland's part of it, to San Angelo, thereby cutting down on transportation problems. If the boys really want to play tennis, it seems the best thing to do is to vote for San Angelo. In Revolutionary times American Marines were called "gentlemen sailors." First gas well in Pennsylvania was drilled in Westmoreland County in 1878.

Table Tennis Champions Will Appear Monday

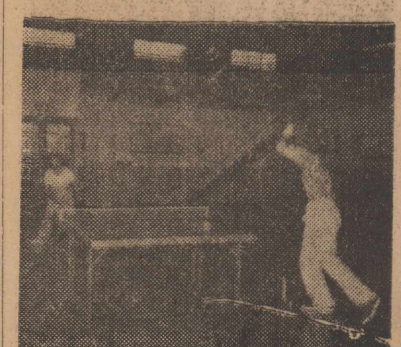

Table Tennis Team

Douglas Cartland and Harry Cook, table tennis champions, will appear in the high school auditorium Monday, April 5, at 10 o'clock under sponsorship of the Parent-Teacher Association. Table tennis fans will have an opportunity to see two of the best players in the game when Cartland and Cook appear here. They will see opponents of two different types of table tennis in action. Cook is probably the greatest defensive player in the game. His favorite tactics in important matches is to retreat behind the table and let his opponent wear himself out trying to smash the ball past him. The harder the opponent drives the farther away from the table Cook goes; 15 feet, 20 feet—even 30 feet away at times and sends the ball floating back with a great deal of underspin which keeps the bounce low.

Cartland's shots are just the kind that give Cook the most trouble. He is a smashing offensive player taking chances and driving at all times. He has a top notch drop shot which he angles off the sides causing Cook much trouble. He uses a tantalizing high bounce shot close over the net that could be handled by the "crashopper," as Cook is often called by disgruntled opponents, if he could get there a fraction of a second sooner.

Cook is the Canadian national singles champion; Cartland is the southern states champion. This team has played exhibition matches all over the country for the past year and a half. Admission charges will be ten cents.

Know Your Faculty—Miss Jeanne Logan

One-half of the homemaking department is Miss Jeanne Logan, who has been teaching clothing subjects in Midland High for five years. Her home is in Anson, Texas. She received her degree from North Texas State Teachers College, and has attended the University of Texas. While attending college Miss Logan was a member of the Current Literary Club and Masters' Chemistry Society.

Miss Logan's favorite subject is her new home which she shares with Miss Lela Flesher and Miss Emma Robinson. She moved into it last Nov. 5. Blue, Miss Logan's favorite color, is used throughout her house.

Her hobby is sewing and making hooked rugs, and she is a good seamstress. Her favorite type of reading is fiction.

Bulldog's Kennel

Spring football still seems to be the predominant sport factor around M. H. S. this week, and the schedule is practically complete. Games for 1943 include: Sept. 17—Brownfield here. Sept. 24—Austin High (El Paso) here. Oct. 1—San Angelo there. Oct. 8—Sweetwater here. Oct. 15—Plainview there. Oct. 22—Big Spring there. Oct. 29—Abilene here. Nov. 5—Open. Nov. 11—Open. Nov. 19—Lamesa here. Nov. 25—Odessa there.

Very little can be said about tennis—to go or not to go to regional is the question. Views of the boys seem to tend toward going, especially since the meet is to be held in El Paso. G. B. Rush, in charge of tennis, favored moving the meet, or Midland's part of it, to San Angelo, thereby cutting down on transportation problems. If the boys really want to play tennis, it seems the best thing to do is to vote for San Angelo.

In Revolutionary times American Marines were called "gentlemen sailors." First gas well in Pennsylvania was drilled in Westmoreland County in 1878.

Good Behavior For Banquet

The time has come! In just a few days the juniors and seniors will have their annual banquet. The predominant questions in our minds is, "will this be the last one for awhile anyway?" But few realize that there is more than one reason for this. The reason—they think—is simply the war. But another thing that might cause us not to have any more banquets—at least at the Scharbauer Hotel—is our behavior. Tying the napkins together doesn't help them any, I assure you, and it certainly doesn't make the person who has to untie them very happy. The juniors and seniors have grown old enough not to mess up table cloths. It is bad enough to do these things in peacetime, but in wartime it is just intolerable. Linens are not easy to replace. Therefore they should be saved as much wear and tear as possible.

Calendar

Monday—Table tennis match between champions at 10 a. m. Tuesday—Spelling. Wednesday—Senior Girl Scouts give play. Thursday—Seaman First Class Lehman to speak in assembly, PPA district meeting here. Friday—Junior-Senior banquet, Scharbauer Hotel, 8 p. m.

Harkins Announces Students May Have Annuals By May 15

Students may have their 'Catoicos' by May 15; Miss Ethel Harkins, faculty sponsor, has announced. Work is being completed for the victory edition of the "Catoico." All class, faculty, and sport pictures have been sent to the printer. All ads have been returned from the printer and approved. Ten pages of snap shots have been mounted, and the staff is working on four more. All pictures are to be in by April 10. The drill squad and majorettes will have their pictures remade, as the first ones were not suitable. Robert Walker and Fred Wemple are making the drawings for the "Catoico."

Hanks Entertains O.C.A. And Guests
Kathryn Hanks entertained the O. C. A. Club and its guests at a "kid" party Thursday. Virginia Stoltz and Elaine Hedrick won game prizes. Billie Marie Benedict won the prize for being the best dressed "kid." Refreshments were served to the following: Alberta Smith, Mary Fern Bray, Margaret Mims, Elaine Hedrick, Betsy Jo Knight, Peggy Bissell, Martha Jane Preston, Virginia Stoltz, JoAnn Blair, Jo Ray Murray, Billie Walker, Billie Marie Benedict, Jean Martin, Bobbie Jean Gibbins, Otella Flint, Glenna Graham, Norma Jean Stice, Janice Pope, and Kathryn Hanks.

Did You Know---

The term C. O. D., meaning "collect on delivery," originated in New England in 1841. Fifty-five stars are listed in the American Nautical Almanac for the use of navigators. British clubs of amateur pig-raisers provided 7,000 tons of bacon in 1942.

Student Bombardier Class Arrives Here

The latest group of student bombardiers known as class 43-9 arrived at the Midland AAF Bombardier School by train. While here, they will undertake their final 12 weeks of bombardier training, including practice bombing missions designed to teach them the art of precision bombing from various altitudes. Upon successful completion of the course, they will receive the silver wings of bombardiers. Oil paintings are made on spider webs by Stella Campin, farm woman of Randolph, Iowa.

Aaaaaah!

A veteran of four major Pacific battles, this sailor at Lubbock, Tex., still makes a face at taking medicine. Coxswain Noah Riba says he'd rather fight Japs.

Who's Who — Mary

Mary Mayfield, 17, a blue-eyed blonde senior, recently first place in the third-year clothing class with her rose gabardine suit. She likes to sew but really wants to be a private secretary, and shorthand is her favorite subject. Mrs. Douglas holds first place among teachers, according to Mary. Mary's favorite sport is swimming. She spends all her spare time listening to records and sometimes, she says, she works in the yard. Mary says she just loves fingernail polishes and tries to get as many different shades as possible. Her favorite color is black. The one thing that makes Mary different from most Midland High School seniors is that she is married. She has been since June, 1942. Her husband, Odie Kelly, a Midland High graduate, is stationed at the Midland Bombardier School.

Final Red Cross Campaign Results Released At Base

Announcement has been made by R. N. Skinner, Red Cross official at the Midland AAF Bombardier School, of the final results in the Red Cross War Fund Campaign at the bombardier school. Among the military personnel, the 6th Detachment of the 2052nd Ordnance company topped the list with a percentage contribution of 154. On a per capita basis, this indicates each man in the Ordnance company contributed more than a dollar and a half on the average for the Red Cross work. In the civilian employee groups, the commissary was high with an even 300 per cent contribution. Other civilian groups and their percentages are U. S. Engineers, 274; Station Hospital, 272; Central Civilian Personnel, 266; Ordnance, 263; Headquarters, 231; Quartermaster, 218; Department of Training, 210; Post Engineers, 141; Post Cafe, 133; Sub Depot, 106; and Post Exchange, 100 per cent. The percentage contribution of the military organizations included:

- 2052 Ordnance, 154; 814th, 118; 487th, 117; 484th, 109; 3rd Communication, 108; 87th Service, 107; 490th, 106; Medical Detachment, 104; 463rd, 103; 951st, 102; the 83rd, 486th, 491st, AAF Band, Finance, and 3rd Weather Squadron, all 100 per cent; 908th Quartermaster, 91; and 982nd Quartermaster, 84th per cent.

Marines get their name from the old French word "marin," which means "sea soldier." The world contains approximately 20,000 known species of fish. Philadelphia shoemakers organized the first labor union in the United States in 1792.

Dunlap's Features X-Ray Shoe Fitting With New Equipment

To protect foot health and comfort, Dunlap's Department Store has installed X-ray shoe fitting equipment in its shoe department. The new service is provided for patrons of the store to assure correct fitting. The X-ray shoe fitter enables patrons to see how their shoes or their children's shoe fit. Defects in fit can be ascertained quickly and corrective measures can be taken. With the machine, persons can see how and why a certain style or type of shoe may be the cause of foot ills. No charge is made for the extra protection and citizens are invited to visit Dunlap's for a free foot examination.

Miss Jayne Tidmore Is Bride Of Naval Cadet Tom Houston

Announcement has been made here of the marriage of Miss Jayne Tidmore, daughter of Mr. and Mrs. Dave Tidmore of San Angelo, to Naval Cadet Tom Houston, son of Mr. and Mrs. H. A. Houston of Stanton, at the home of the bride's parents in San Angelo Monday. The Rev. K. P. Barton read the double ring ceremony before an altar of ferns, gladioli and snapdragon.

The bride wore a dress of French-blue sheer and carried a bouquet of sweet peas. Mrs. Martha Patterson, sister of the bride, was matron of honor and her dress was of gold French crepe with a corsage of white carnations.

Reception Is Held
Henry Houston, brother of the bridegroom, was best man.

Following the ceremony a reception was held. The table was laid with lace and centered with a three-tiered wedding cake topped with a miniature bride and groom. Mrs. Jesse Lee Barber, Jr., presided at the tea service, and Miss Ruth Tidmore, sister of the bride, served the cake.

Former Midland Resident
Immediately after the reception the couple left for a brief wedding trip. The bride wore a turquoise blue wool suit with black accessories.

Mrs. Houston is a graduate of Midland High School. She had lived in Midland several years before moving with her parents to San Angelo, where she had been employed at Goodfellow Field.

The bridegroom is a graduate of Stanton High School and Texas Tech College in Lubbock. Before entering the armed forces he was employed with the Midland National Bank. He has been stationed at Grand Prairie.

Congratulations To

Staff Sgt. and Mrs. Mark G. Hicks of Big Spring on the birth of twin girls in the Western Clinic Hospital at 12:15 p. m. Saturday. The babies weighed 5 lbs. 8 ozs. and 5 lbs. 11 ozs. and have been named Mary Lou and Betty Sue. Mrs. Hicks is the daughter of Mrs. G. G. Hazel of Midland.

Mrs. W. G. Attaway Teaches Class Study

Mrs. W. G. Attaway taught the ninth chapter of first Samuel when members of the Belmont Bible Class met Friday at the First Baptist Church.

Attendees were Misses R. Chancellor, Margaret Parr, F. M. Barrett, Frank Simpson, C. E. Strawn, A. C. Moore, Leo Eldridge, W. P. Collins, Maude Newman, W. M. Craft, Attaway and Gdys Holster.

Lt. W. Montignoni Urges Citizens To Show Appreciation To Members Of Armed Forces

Lt. William Montignoni, Jr., of the Midland AAF Bombardier School, who recently returned from the North African war zone, spoke to the Midland branch of AAUW at a luncheon Saturday in the

Roosevelt Room of the Cactus Cafe. Lieutenant Montignoni stressed the importance of showing appreciation to men of the fighting forces. "We must be friendly and treat these boys as unusual people for they will cease to be just ordinary boys when they leave our shores," he said. He declared Americans must be careful about loose talk. "Talking is the greatest menace to the safety of our forces," Lieutenant Montignoni continued.

"If we are praying for this war to end, we must do something about it every day and realize it isn't won until it is over. Our peace plans will approach realization only when we realize each boy who goes across is an ambassador. Foreign differences must be accepted and cooperation and understanding are necessary," he suggested. "Education must take the lead."

Mrs. Ernest Sidwell, president, introduced the guest speaker. Deputy Sheriff Franklin Manning of El Paso, former police officer here, was a visitor in the city Saturday.

Dr. Garry Myers Says Midland To Have Curfew Law

Dr. Garry Cleveland Myers, consultant, lecturer and writer on child welfare, Friday night predicted Midland will have a curfew law for youths within 15 months. He told a Midland Council of Parent-Teachers Association joint meeting in the High School Auditorium, that parents, by failing to control their children, will force adoption of the law.

Dr. Myers and his wife, also an authority on child welfare, in dialogue form discussed problems of parents and children and the "Relation Between Home and School," at the P-T-A meeting. Both are excellent conversationalists and the unusual presentation was enjoyed by the scores who heard the program.

Mrs. Alma Thomas, North Ward School principal, introduced the speakers.

Mrs. Myers said an important goal for parents today is more noise and calmness in homes. Problems Are Greater

She discussed "sensible standards of homemaking," and urged a better understanding between the home and the school.

Both Dr. Myers and his wife agreed that problems of the home and school are greater today than ever before as both children and adults have become "jittery."

"Evaluate your schedules and do not try to do too many things," Mrs. Myers told parents. "We must realize the value of relaxation in a family. Prevent fatigue and keep the home calm."

"Don't shame youths at home or in school," Dr. Myers cautioned. "In practical things, youngsters must learn to adjust themselves."

In discussing possibilities of a curfew law for youths, most cities Midland's size or larger will have curfew laws.

Both speakers during the discussion agreed students need expert guidance, and both discussed the value of adequate recreation programs.

Exploit Fats For Butter Substitute

By Mrs. Gaynor Maddox
NEA Service Staff Writer

Remember always that fat is a necessary part of your family's diet. Now that butter is scarce, housewives must use other fats and learn to get the most from the money they spend for those fats.

Fat used in cooking may be saved and used again, unless it has been scorched or is too strong in flavor. Here are practical tips for saving and using this food weapon.

Keep fats from scorching and smoking. Once a fat reaches the smoking point, it gets rancid quicker and makes food cooked in it harder to digest.

Save all fat drippings. Use "as is" for flavoring vegetables and in other cooking.

Save excess poultry fat, excess fat trimmed from raw meat. Render raw fat, then use as you would new fat.

Store saved fats as carefully as you do new. In clean containers with tight-fitting covers. Put in a cool, dark place. Use as soon as you can.

Tamale Pie (Serves 6)

One cup wholewheat cereal, 1 teaspoon salt, 3 cups milk, 1 tablespoon mixed left-over fats, 3 tablespoons coarsely grated onion, 1 cup ground beef, 1 cup tomatoes, 3/4 teaspoon salt, 1/8 teaspoon pepper, 1 teaspoon chili powder.

Scald milk in top of double boiler. Place over direct heat. Add cereal slowly, stirring constantly. Cook and stir until thick. Add 1 teaspoon of salt, place over boiling water, cover and continue cooking 15-20 minutes. Sauté onion in fat until yellow. Add meat and cook until almost done. Add tomatoes, remaining salt, pepper and chili powder. Turn filling into baking dish that has been greased and lined with three-fourths of the cereal. Cover with remainder of cereal. Bake at 375 degrees F. 45 minutes.

Zinnia Seeds Are Offered Free By Firestone Store

Free packets of super giant zinnia seeds are being distributed by the Firestone Tire & Rubber Company through its dealers and stores. People in this vicinity interested in growing zinnias may get their free packets at the Firestone store. Firestone's new Garden Guide booklet is also free to all who are interested in planting a garden.

"While we are urging war gardeners to devote the major portion of their time and space to the production of vegetables," said Neil Smallwood, head of the local Firestone organization, "there are always places for flowers. For instance, borders of flowers add much to the attractiveness of the main vegetable garden."

"The garden guide booklet entitled, 'Helpful Information for Growing a War Garden,' incorporates modern scientific principles of vegetable growing and reflects the Firestone company's 27 years of experience as sponsor of the largest

Wilma Ruth Holman To Serve With WAVES

Miss Wilma Ruth Holman is visiting her parents in Fort Stockton before leaving Wednesday to begin duties with the WAVES. She will report to Cedar Falls, Iowa, April 9 for training.

Miss Holman came to Midland from Fort Stockton about two years ago to be employed by the Humble Oil Company. She was sworn into the WAVES March 13 in Dallas.

Industrial employees gardening project in the United States. The booklet gives complete information on planning, fertilizing, planting, cultivating, insect and disease control, harvesting and storing of vegetables for winter use.

The Daily Food Rules For Good Nutrition

HERE ARE THE REASONS WHY YOU SHOULD EAT THESE FOODS EVERY DAY!

The Group . . . Because They Give . . .

1. MILK AND MILK PRODUCTS

Calcium for bones and teeth. Protein for growth, muscle and repair of the body. Sugar energy to work and play. Vitamins health and vigor.

2. ORANGES, TOMATOES, GRAPEFRUIT GREEN OR YELLOW VEGETABLES

Calcium for bones and teeth. Iron for healthy blood. Other necessary minerals. Sugar energy for work and play. Vitamin for health and vigor.

3. OTHER VEGETABLES, FRUITS

Iron healthy blood. Starch for energy to work and play. Protein for growth, muscle repair of the body. Vitamins for health and vigor.

4. BREAD AND CEREAL

Protein growth, muscle and repair of the body. Iron for healthy blood. Vitamins for health and vigor.

5. MEAT, POULTRY FISH OR EGGS

Fat energy to work and play. Vitamins for health and vigor.

6. BUTTER AND OTHER SPREADS

The Government Food Rules do say that these are the only foods you should eat. It means that you should have at least these foods every day. In other words, FIRST, EAT THESE FOODS—THEN, EAT ALL OTHER FOODS YOU WANT.

West Texas Co. Company

Trim, Smart

What a good idea—beautifully cut slacks worn with sleek tailored pantie blouse. Not a bulge anywhere.

Pattern No. 8391 is in sizes 12, 14, 16, 18, 20, 40, 42 and 44. Size 14 pantie blouse takes, with short sleeves, 2 3/8 yards 39-inch material, slacks 2 7/8 yards.

For this attractive pattern, send 15 cents, plus 1 cent for postage, in coins, with your name, address, pattern number and size to The Reporter-Telegram, Today's Pattern Service, 530 South Wells St., Chicago, Ill.

Sewing seriously? Then you'll want, at once, our new sewing guide and pattern book, FASHION. This engrossing 52 page book contains new patterns, patterns for re-making old clothes, sewing hints, information on fabrics, colors and fashions. The price is 25c.

Will Their Love Change to Hate in the Jungle?

Life in the jungle is a continuous battle for survival against the steady beat of the rain, never-changing heat, boredom, and loneliness.

Far from the steady influences of civilization, a lone girl and a courageous man fight an age-old struggle. Will the jungle change their love to bitter hatred?

Here is the story of two people who sought true love in the tropics, and who tried against terrible odds to keep their romance alive.

WEDNESDAY
Red Cross surgical dressings room on the third floor of the courthouse will be open from 9 until 12 o'clock and from 1 until 4 o'clock.

Red Cross workroom in the Old Heidelberg Inn will be open from 9 until 12 o'clock.

Alpha Club will meet at 2 p. m. with Mrs. A. Knickerbocker, 107 Club Drive.

GLORIFY YOURSELF
New Home Facial Is Boon To War Women

By Alicia Hart
NEA Staff Writer

So many of us these days are leading a double life—keeping a home and going to business or doing war work. Though this dual role we play is much more fascinating and worthwhile than our more leisurely life of other years, it sometimes does get us down.

We're willing to wager that you face many an evening's festivities with a feeling of "oh, if I could only stay home tonight and relax." And one look at the tracery of tired lines beginning to show around the eyes betrays your misgivings for ever having planned

to go dancing or play bridge. But here's a home facial which will practically turn you into a new woman in 20 minutes. The beauty of it is that there are so few steps in the treatment and if you are pressed for time, they can be taking effect while you are doing other things.

First, remove your old make-up. Remember, twice creamed is twice cleaned. Then smooth on a strawberry-linted cream mask, about the thickness of a dime. If you have 10 minutes to spare, lie down with your feet about a foot higher than your head, and put witch-hazel pads on your eyes. Otherwise, leave the mask on while you're in the tub.

When you remove it, your skin will tingle as though you had plunged into an icy pool. And with a final application of facial oil, the last remnants of the mask disappear and your skin will look as soft and fresh as a sub-deb's.

FRIDAY
Red Cross workroom in the Old Heidelberg Inn will be open from 9 until 12 o'clock.

Red Cross surgical dressings room on the third floor of the courthouse will be open from 9 until 12 o'clock and from 1 until 4 o'clock.

The Glenn Walker Royal Ambassadors of the First Baptist Church will meet at 4 p. m. at the educational building.

The Belmont Bible Class will meet at 2:30 p. m. at the educational building of the First Baptist Church.

SATURDAY
The Robyn Music Club will meet at 10 o'clock at the Watson School of Music.

Mr. and Mrs. J. O. Jarman of Grand Falls were visitors here Friday.

Cpl. and Mrs. Dearwood B. Friday of Fort Benning, Ga., are visiting their parents, Mr. and Mrs. M. P. Friday and Mr. and Mrs. L. J. Stephens of Midland.

A. W. Hawley, who is connected with the U. S. Engineers at Galveston, is a business visitor here.

Tom Elrod, rancher of Odessa, visited in Midland Friday.

Lon H. Tyson, former police chief here, is returning to Chihuahua City Saturday. He has been here on a visit. Mrs. Tyson will accompany him to Chihuahua City where he is in the cattle business.

Midland County Museum will be open from 2:30 until 5 o'clock.

Red Cross workroom in the Old Heidelberg Inn will be open from 9 until 12 o'clock.

Holy Communion service will be held at 10 a. m. at Trinity Episcopal Church with the Rev. R. J. Snell, minister, in charge.

A class of instruction in preparation for confirmation will be held in Trinity Episcopal Church at 7:30 p. m. The Rev. R. J. Snell is conducting the class.

The Play Readers Club will meet at 3:45 p. m. with Mrs. W. Y. Penn, 1811 West Holloway. Miss Ruth Anderson will read.

Mrs. Fay Cowden will be hostess to members of the Woman's Wednesday Club at 3 p. m. at her home, 201 North C.

Cute Blouse For Mom

Of course Mom won't steal the shirt off Pop's back, but she'll be tempted to when she learns that the pretty ruffled blouse pictured at right was made out of a man's cast-off shirt. Men's shirts usually wear out first on the collars and cuffs, leaving yards of perfectly good material that, in the good old days of our national wastefulness, were frequently tossed aside. But every week is Thrift Week in the U. S. A. nowadays.

Personals

Mr. and Mrs. J. O. Jarman of Grand Falls were visitors here Friday.

Cpl. and Mrs. Dearwood B. Friday of Fort Benning, Ga., are visiting their parents, Mr. and Mrs. M. P. Friday and Mr. and Mrs. L. J. Stephens of Midland.

A. W. Hawley, who is connected with the U. S. Engineers at Galveston, is a business visitor here.

Tom Elrod, rancher of Odessa, visited in Midland Friday.

Lon H. Tyson, former police chief here, is returning to Chihuahua City Saturday. He has been here on a visit. Mrs. Tyson will accompany him to Chihuahua City where he is in the cattle business.

Midland County Museum will be open from 2:30 until 5 o'clock.

Red Cross workroom in the Old Heidelberg Inn will be open from 9 until 12 o'clock.

Red Cross surgical dressings room on the third floor of the courthouse will be open from 9 until 12 o'clock and from 1 until 4 o'clock.

The Glenn Walker Royal Ambassadors of the First Baptist Church will meet at 4 p. m. at the educational building.

The Belmont Bible Class will meet at 2:30 p. m. at the educational building of the First Baptist Church.

SATURDAY
The Robyn Music Club will meet at 10 o'clock at the Watson School of Music.

Dress Revivers

A SMART trick for brightening up your last year's dress and simple basic-shape hat, is a set of harmonizing jewelry like that pictured above. Designed by Coro, of opalescent, priority plastic studded with glass stones, it consists of flower pin at the throat, flower-center earrings and butterflies perched atop the jaunty beret.

Mathews-Thorp Wedding Vows Read At Presbyterian Church Saturday

Miss Beverly Mathews, daughter of Mr. and Mrs. Hazen Mathews of Sioux Falls, South Dakota, became the bride of Pvt. Donald D. Thorp, son of Mr. and Mrs. Walter Thorp of Sioux City, Iowa, in a ceremony Saturday afternoon at the First Presbyterian Church. The Rev. Hubert Hopper, pastor, read the wedding vows before an altar banked with vases of gladioli and two candelabras.

The bride wore a white dress with white accessories and a pink coromation corsage. She was attended by Mrs. Bill Allison, who wore a black suit with gold accessories. Her corsage was of white lilies.

Sgt. Clayton Hovey of Davenport, Iowa, who now is stationed at the Midland AAF Bombardier School, was best man.

Miss Elwanda Hays and Miss Delores Watson of Iowa also attended the ceremony.

Mrs. Frank Miller played the professional and "Tsh Leibe Dich." "I Love You Truly" was presented during the ceremony.

The bride is a graduate of Washington High School in Sioux Falls and she attended South Dakota State College where she was a the instrument.

member of the Spanish Club and of the college chorus and opera. She now is employed at the Scharbauer Hotel Drug.

The bridegroom was graduated from Central City High School in Sioux City and before entering the armed forces was employed with the Albertson and Company in Sioux City. He has been stationed at the Midland Bombardier School five months.

Pvt. and Mrs. Thorp will reside at 321 South Baird.

MME. CHIANG EXPECTED AT SAN ANTONIO

SAN ANTONIO —(AP)—The San Antonio Light said it learned Saturday that Madame Chiang Kai-Shek, first lady of China, would visit San Antonio within "two or three days," but her spokesman said in Los Angeles they knew of no such plan definitely.

Iron beams were first used in an American building in 1854.

Since the making of the first telephone in 1874, about 17,000 improvements have been made to State College where she was a the instrument.
