

AMERICANS BAG 97 AXIS PLANES

Americans Split Jap Attu Forces

WASHINGTON—(P)—Triumphant American troops have split the Japanese remnants on Attu Island into three isolated groups in preparation for the final battle, the Navy disclosed Saturday.

Fighter-bombers supporting the ground forces destroyed Attu village, apparently the enemy's center, Friday. A fuel depot went up in flames and other installations took fire. A church and one other structure were the only buildings that rose above the ruins of the little Laeut Settlement.

The Japanese evidently had no more intention of surrendering, despite the hopelessness of their position, than they had had in other tight spots of the war in New Guinea and Guadalcanal.

There was no doubt among authorities here that the fight would go on until the last enemy soldier had been blasted or bayoneted from the last fox-hole. The Japanese positions were described in a communique as being in:

1. The area around Chichagof Harbor, which dents the northeastern tip of the island.
2. Chichagof Valley, which cleaves the snow-covered mountains southwest of the harbor.
3. The barren shores on the north side of Lake Nicolas, which lies probably two or three miles southeast of the Chichagof area.

While the communique did not go into detail on American positions it appeared that spearheads had been driven through Japan's communication lines in order to effect the isolation of the enemy's positions. Encirclement of all three positions appeared possible.

The Japanese, however, were still holding some advantageously high ground, at least in the area around Chichagof Harbor, and American casualties were expected as the mopping up continues.

Kiska is considered by many authorities to be next on the list after U. S. forces conquer Attu.

Berlin Is Hit

LONDON—(P)—While the devastating power of the R. A. F.'s home-based heavy bombers still is being withheld ominously in advance of what may be a sustained knockout aerial attack against Europe, British Mosquitoes smacked Berlin Friday night for the third consecutive night and the sixth time since May 13.

At the same time Whirlwind fighter-bombers sank two vessels in a five-ship enemy convoy off the coast of France and other British planes attacked railway targets in occupied territory and laid mines in coastal waters.

As the Allied aerial bombardment of Axis Europe from all sides entered its tenth straight day, the strongest blows of the new offensive had been aimed at Italy and enemy targets on the island stepping-stones of the Mediterranean.

Five bombers and one fighter were missing from the RAF operations in the European theatre, which followed the daylight blasting of German U-boat yards at Emden and Wilhelmshaven by American Flying Fortresses.

The German high command, in a communique broadcast from Berlin and recorded here by The Associated Press, said "Major Damage was done to property in Wilhelmshaven and Emden" by the big American bombers.

USAAF announcement said 12 bombers were lost.

The Moscow radio reported Saturday that a letter found on a German lieutenant at the Russian front said the RAF raid on the German industrial city of Stuttgart April 14 caused "unparalleled" devastation.

Restoration Of WLB Powers Is Asked By AFL

WASHINGTON—(P)—The American Federation of Labor Saturday night asked restoration of the War Labor Board's former powers, and called on Congress to restrict the "vast discretion" of the National Labor Relations Board.

Expressions of dissatisfaction with the present status of the government's two major labor agencies were adopted by the AFL executive council and were made public by President William Green at a press conference it held here also.

1. Announced appointment of a committee to negotiate a basis for the return of John L. Lewis' United Mine Workers to affiliation with the AFL.
2. Set the miners, if readmitted, would be bound by the AFL's wartime "no strike" pledge.
3. Reiterated that he thought the miners' wage controversy should be settled by the War Labor Board which Lewis thus far has snubbed although the board is proceeding toward a decision of the case.

It was indicated that it might be next August before final action on Lewis' petition for return of the miners to the AFL, from which he led them in 1935 when the CIO was founded.

War Buletins

ALLIED HEADQUARTERS IN AUSTRALIA—(AP)—Allied bombers struck at four Japanese bases on New Guinea and New Britain Saturday, the high command announced. A 500-ton Japanese ship was sunk by air bombing off Kaimana, Dutch New Guinea.

LONDON—(AP)—A Moscow broadcast, quoting an Istanbul dispatch, said Sunday that Germany had halted coal deliveries to Italy, interrupting war production there, because of the RAF's blasting of the two Ruhr dams.

SOMEWHERE IN NEW GUINEA—(AP)—Outnumbered P-38's, jumped by 20 Japanese planes in the vicinity of Salamaua Saturday, knocked out of action 11 of the enemy craft—six destroyed and five probably downed.

ALLIED HEADQUARTERS IN AUSTRALIA—(AP)—Three Japanese bombers again raided Exmouth Gulf in West Australia but Sunday's communique reported their bombs dropped "harmlessly."

When Aussie Comes Marching Home

Thrilled Australian lass breaks into parade to give her man a hug and a kiss as Aussie division arrives in Melbourne from the Middle East.

Russians Destroy 65 Nazi Planes At Kursk

LONDON—(P)—Russian airmen, gunners destroyed 65 German planes out of a large formation that attacked Kursk, a main base supplying Red Army troops threatening Axis held Orel, 80 miles to the north, Moscow announced early Sunday.

A broadcast recorded by the Soviet pilot shot down 56 of the enemy planes Saturday morning on the outskirts of the city, and anti-aircraftmen downed nine others. This broadcast was a revision of an early announcement which placed Axis losses at 44 planes.

Russians Lose 10 Planes—Ten Russian planes were lost in the action.

The midnight communique also announced that the Red air force destroyed or damaged approximately 10 German tanks, more than 50 trucks carrying troops and supplies, and three railway trains in Friday's operations in various sectors.

In addition three artillery batteries were reported silenced, an enemy patrol ship and two motorboats sunk, and an ammunition and fuel dump blown up.

German dispatches have predicted a major Russian offensive soon in the Orel sector, and the heavy attack on Kursk apparently was prompted by that Axis nervousness over its positions at the hinge of the central and southern fronts.

Sporadic artillery fire punctuated the long Russian fronts at a number of widely separated points, but there was no general change in the land front as reported in the midnight Moscow bulletin.

Front Is Quiet—Russian dispatches said a "stern silence" generally characterized the huge front where both sides were piling up stores of ammunition, tanks, and men for an approaching summer battle expected to be the most decisive of the war.

Time alone will tell which side takes the offensive, and London military observers say a German push is overdue, perhaps delayed by Allied invasion threats in the west and south.

The midnight communique did not even mention the embattled Caucasus, although Saturdays noon communique said heavy Russian artillery continued to assault Novorossisk's inner defenses.

Red Stamp J To Be Good Through June—WASHINGTON—(P)—Red stamp "J" worth 16 points of rationed meats and fats, will be good throughout June instead of expiring May 31.

In announcing this Saturday night, the Office of Price Administration said it took that action to avoid a rush on retailers on the Saturday preceding Memorial Day.

OPA also announced that four new series of red stamps (a total of 64 points) will become valid at weekly intervals beginning May 30 and will be good for meats-fats purchases through June 30.

The extension of the validity of stamp J leaves stamps E, F, G and H expiring May 31. Stamp J becomes valid Sunday.

The schedule of validity dates of the new red stamps each good for 16 points and all expiring June 30, follows:
K May 30; L June 6; M June 13 and N June 20.

AIR-GROUND WORK IN TUNISIA EXCELLED NAZI'S—WASHINGTON—(P)—The air-ground cooperation which won the battle of Tunisia was superior to anything evolved by the Germans and set the pattern for future operations against the enemy. Brigadier General Laurence S. Kuter reported Saturday.

WEATHER
Warmer.

Sicilian Airports Pounded By Allies

ALLIED HEADQUARTERS IN NORTH AFRICA—(P)—American warplanes, pouring new fire and destruction on Axis military power across the Mediterranean, swept over ports and airfields of Italy, Sicily and Sardinia again Friday and destroyed 97 more enemy planes guarding the invasion approaches to Southern Europe.

These new stabs at Axis air power brought to 286 the number of enemy planes destroyed in three days. Thirty of the 96 planes bagged Friday were shot out of the sky by big U. S. bombers and fighters and 67 were destroyed on the ground. The Allies have lost 12 planes in the furious three-day offensive.

Sicilian airfields were attacked by Flying Fortresses with an escort of P-38 Lightning fighters and the Allied communique said the Sciacca and Castelvetro airfields were "well covered by bomb bursts."

All Planes Return—Axis formations tried to break up this attack—even losing time-bombs over the formations of Fortresses—but both bombers and fighters moved in to attack and shot down seven out of 25 bombing enemy fighters. All the Fortresses returned safely.

While the Fortresses were smashing at the Sicilian airports, medium bombers struck on Sardinia, following up night raids on the airfields at Villacidro and Decimomannu with a new blasting, which, the communique said, caused "large fires and extensive damage to airdrome buildings and to aircraft on the ground."

A Cairo communique disclosed that Liberators of the Ninth U. S. Air Force tore from another direction to spread 150 tons of incendiary and high explosive bombs among the port installations of San Giovanni and Reggio Calabria on the Italian mainland.

Damage Is Heavy—These attacks came in daylight after heavy RAF night bombers had spread new destruction at Reggio Calabria and at Messina, Sicilian ferry terminals.

The Italian high command acknowledged in a communique that "considerable damage" had been inflicted on Messina and Reggio Calabria.

The series of assaults is designed to spread Allied air dominance to include the shipping lanes of the Mediterranean.

Akron Rubber Workers Quit

AKRON, O.—(P)—A work stoppage by more than 18,000 CIO United Rubber workers halted production at the Goodrich Rubber Co. and Firestone Tire & Rubber Co. and spread Saturday to the General Tire & Rubber Co. Union officials declared the employees were protesting a War Labor Board wage decision.

Meanwhile the War Labor Board ordered a three cents an hour wage increase for the "Big Four" rubber workers, and called on idle employees in plants at Akron to return to their jobs at once.

Some workers failed to report for the 6 a. m. shift at Goodrich and some others who appeared walked off the job. George Bass, local president, said those remaining worked out curers thereby avoiding waste of materials. A Goodrich official said complete shutdown followed on the 2 p. m. shift and added that approximately (Continued on Page 5)

Legitimate Beef Is Scarce At Dallas—DALLAS—(P)—The Dallas News said Saturday night that little, if any, legitimate beef should be in Dallas retail counters within the next week.

"If beef appears in any quantity on retail counters after the next five or six days, it will come from the black market," the paper quoted a Dallas packer.

Rivers Still Rise In East

The swollen Mississippi River crashed through weakened barriers in Southern Illinois and Eastern Missouri late Saturday inundating one of the nation's largest railroad yards and trapping some 1,000 civilians who appealed to the Coast Guard for rescue boats.

The flood waters, which already have spilled over 1,356,960 acres and made more than 100,000 homeless in six midwestern states, engulfed the Missouri Pacific Railroad's Dupu, (Ill.), railroad yards, washed out the main line of the Gulf, Mobile & Ohio railroad and threatened the town of Dupu, whose 2,682 residents were being evacuated.

Health Situation Serious—Coast Guardsmen sent out boats immediately when the Mississippi made an unexpected breakthrough in St. Charles County, Mo., isolating about 4,000 civilians.

The Red Cross said there was an "increasingly serious health situation" in the affected areas and that "conservatively" more than 11,000, Missouri, Arkansas, Oklahoma, Kansas and Indiana.

The swollen Illinois forced the evacuation of all women, children and aged persons from Beardstown, Ill., and halted war production at the huge Caterpillar tractor works in Peoria, Ill., where thousands of employees went to work on the docks.

Midland's Girls Get Break -- Will Swim At Pagoda Pool This Summer

School girls of Midland will have a place to swim this summer. Mrs. S. J. Jones, general chairman of the Midland Parent-Teachers Association swimming pool project, announced Saturday.

The Midland Bombardier College again has leased the pool for the summer months, and the Army has agreed to permit girls to use the pool one or two mornings each week, Mrs. Jones said.

Boys of the city were permitted to use the pool three mornings a week last summer. In return city officials supplied water for the pool.

They again have agreed to supply the water, the boys will have their swim days and also the girls.

The Midland P.T.A. will supervise the use of the swimming pool on mornings when girls of the city use it. The association will assume full responsibility for the management and operation of the pool at the hours the girls swim.

Life Guards Are Needed—The association must supply life guards while the girls swim and it now seeks the services of a number of guards. Persons who will volunteer for this work should get in touch with Mrs. Jones. The life guards must have Red Cross life saving certificates, showing they have met the regulations for this assignment. Both men and women are needed for this work and Mrs. Jones is anxious to complete the staff promptly so the swimming season may open for the girls. Approximately 1,000 school girls of Midland are eligible.

Mrs. Jones is president of the Midland High School P.T.A.

More Rain Comes To Midland's Territory

Midland received more rain Saturday night. The precipitation was light and was accompanied by an electrical storm.

Water swished through the streets of Midland Friday night as rainfall again came to the Permian Basin area, bringing 57 of an inch of precipitation. This brought the week's total to 2.65 inches, encouraging Victory gardeners, farmers and ranchers.

Rains during the week definitely ended the long drought in the area and renewed hopes of farmers for crops and of ranchers for good pastures during the hot months.

The rain Friday night again was general in the Midland territory. Lightning and thunder accompanied the downpour.

Miners In Alabama Walk Out Saturday

BIRMINGHAM, Ala.—(P)—Miners Saturday walked out of four Alabama shafts, normally employing approximately 3,800 men, in protest against fines levied for the work stoppages in late April.

The mines included the large Edgewater, Docena and Wylam shafts of the Tennessee Coal, Iron and Railroad Co., U. S. Steel subsidiary, and the smaller Bessie mine of the Sloss-Sheffield Steel & Iron Company.

All girls must have physical examinations and file waivers signed by parents or guardians, as Future Bombardiers did last year in order to swim in the pool. Midland physicians will cooperate in giving the physical examinations and girls who do not desire to go to their regular doctors may obtain examinations at the City-County Health Clinic. Dates for these examinations will be announced later.

Mothers To Chaperone—At least two mothers will chaperone at the pool each morning the girls swim. Inspectors and other (Continued on Page 5)**To Speak Sunday**—The Rev. J. M. Lewis, pastor of the First Presbyterian Church at Lubbock, will speak at the Baccalaureate Service of the graduating class of Midland High School Sunday night.

Communiques

We, too, are bored by most of the official communiques, which seem to be masterpieces of the art of verbal devaluation. No matter how exciting the action, it is likely to be flattened out by the communique writers into some such statement as:

"Yesterday medium and light bombers and fighter bombers of the Tactical Air Force, in a day of intensive activity, maintained their heavy attacks on enemy troop concentrations, gun positions, tanks and transports. During the course of the day three enemy aircraft were shot down. From all these operations, two of our own aircraft are missing, but one of the pilots is known to be safe."

Up to now all we have done about this serious matter was to ignore the communiques and stick to reportorial news accounts. Now, however, we are prepared to offer a practical suggestion: Let's have the fliers write communiques.

Perhaps you think they couldn't. Perhaps you suppose they would be either verbose or uncommunicative. To set your mind at rest, here is how communiques would read if our suggestion were taken:

"Dropped bombs on Tunis. Attacked eight times by enemy flyers; shot down one. Had gun mount shot out by enemy; scared hell out of me." This reporter has downed five Axis planes and has won three medals.

"With one engine shot out after leaving target, 11 enemy fighters attacked our plane. Of course, 11 enemy planes are nothing for one B-17 Flying Fortress. With all expert gunners on the crew, we drove them off and returned safely to our base, and considered it just another everyday occurrence." This sergeant has no medals—yet.

"This may sound like an account of a tennis match, but it's happened. On a mission over Bizerte, we were attacked by 15 enemy flyers and the battle lasted 27 minutes. At one time four P-38 Lightnings cornered a Messerschmitt 109 over our formation. They dove at it and chased the enemy plane into our range. We fired at it and drove it back to the Lightnings. They, in turn, chased it back at us. Curtain for the Messerschmitt." This writer has two decorations.

We could present more evidence along similar lines, but enough is as good as a feast. All in favor of having the fliers write their own communiques will please not write to us. The ayes have it—unanimously.

Legislation To Fit Facts

Speaking in behalf of the Lea Bailey bill to amend the Civil Aeronautics Act in order to bring regulation of the airlines under Federal jurisdiction, Representative Lyle H. Boren of Oklahoma warned that: "You cannot take a means of commerce which may soon move even with the speed of sound, and expect it to fit into a government framework divided into 49 different parts. Intra-state commerce by air must be conducted as a part of the interstate system if waste, confusion, and delay are to be avoided and if economic strength and progress are to be encouraged. . . . Air commerce is a unit. It is as much a unit as is the use of the air by radio. It is even more a unit than is the use of our navigable waters by shipping. No edict of a legislature can make it otherwise; its unity is a matter of technology and economics which man-made laws cannot change. What we must do, therefore, is to legislate so as to fit the facts."

Aviation is developing with miraculous rapidity. Uniform regulation governing commercial operation must keep pace, or the result will be a slowdown in American air development while other nations leap ahead.

—Buy War Bonds And Savings Stamps—

Too Bad For Finland

It is with sincere regret that most Americans have watched relations between this country and Finland progress toward a diplomatic break which almost inevitably will culminate in war. We admire the Finns, and we have been very lenient because we recognize both the animus which led them to join in the war against Russia and the pressure from Germany which makes it difficult for them now to break away.

But the issues involved are too grave to be decided on sentiment and sympathy. Germany is our enemy, and must be crushed. Russia is our ally, and must be given every possible assistance. Now that Finland has accomplished her avowed and legitimate object, by recapturing the territory taken by Russia, she must make her choice whether to fight against us or to assert her rights against Germany, at whatever cost. If she decides wrong, the blame is on her own head.

—Buy War Bonds And Savings Stamps—

Something New Added

The Germans are being reassured about the shipping situation with a set of figures that may or may not be accurate, so far as it goes. They are told that the Allies had 53,800,000 tons of shipping when the war started, out of which 30,400,000 tons has been sunk and 2,500,000 tons definitely disabled. This would leave 20,900,000 tons available to the United Nations.

But how about the 8,000,000 tons built in the United States last year? How about a few millions built in England, Scotland, Canada, Australia?

Conceding the basic Nazi estimates, if we do, their subs still have at least 50 per cent more Allied shipping to handle than Hitler's propagandists care to mention.

With freezing, folks who try to branch out from one job to another are liable to get caught on a limb.

Submarine Crewmen Eat Candy As Hopes For Survival Dim, But Live To Relate Story

ABOARD U. S. SUBMARINE WAHO—(AP)—A Japanese warship, crippled by a submarine salvo, tumbled back to its base. Hunting the ship's attacker, Japanese light craft and planes swarmed toward the spot.

Underneath the surface, Lt. Commander Glynn Robert Donaho maneuvered his submarine downward, depth charges pursuing him. The man in charge of the submarine's store saw how things were going and he made a quick decision.

"Let's eat all this candy now," he said. "We won't have any chance later." Then he passed out the candy.

But the submarine, the U. S. S. Flying Fish, survived and Saturday her tall, slender commander received his second gold star, equivalent to his third Navy cross, and a silver star.

Commander Donaho, 38, of Normangee, Texas, was decorated for one of the most outstanding submarine jobs of the year. His submarine has littered the floor of the Western Pacific with Japanese ships.

In five patrolls it sank 100,000 tons of enemy shipping, operating in Japanese waters, the China coast, Midway, the mandated islands and the Solomons. Donaho also holds the submarine record for the highest percentage of enemy combat ships—three sunk; two damaged.

Commander Donaho said he would rather take on one enemy warship than a merchantman with an escort because "it's easier to keep your eye on one ship than two." Regardless of this, Donaho attacks whenever he believes there is a chance of success.

Donaho, an Annapolis graduate, has been on sea duty all but two years of the sixteen he has been commissioned. He participated in the Midway battle, and in the Solomons campaign.

Sweeping Changes In College Courses Asked
NEW YORK—(AP)—The commission on liberal education of the Association of American Colleges reported which recommended sweeping changes in methods of college instruction after the war, including the suggestion that the usual entrance requirements be discarded or revised for returning members of the armed forces.

Compromise Tax Plan Is Studied By Joint Group

WASHINGTON—(AP)—Still deadlocked on fundamental issues, members of a Senate-House conference committee studied Saturday a compromise proposal to abate the first \$50 of tax and 75 per cent of all other that amount in putting the nation's taxpayers on a pay-as-you-go basis.

Variouly explained by members, this compromise apparently would free from 1942 obligations approximately 7,000,000 persons who became federal income taxpayers for the first time under lowered exemptions put into effect last year. All other taxpayers would deduct \$50 from their 1942 tax debt and pay 25 per cent of the remainder in the next two years while meeting their current tax obligations for those years.

Advanced by some of the Senate conferees, this plan apparently struck the same snag that has wrecked other compromise proposals in three days of discussions on major difference in the Senate and House bills—the amount of forgiveness to be accorded taxpayers in attaining current collection of revenues.

Gyroscopic mounts for automatic cameras have been devised so that the camera remains vertical when the plane tilts.

The Australian monitor, largest of lizards, reaches a length of six to seven feet.

Food Conference Ban On Newsmen Lifted Slightly

HOT SPRINGS, VA.—(AP)—The United Nations food conference, through Chairman Marvin Jones, loosened its restrictions upon the press Saturday and simultaneously took a hard-boiled attitude against visiting congressmen and their criticisms of the parity.

Jones announced that, inasmuch as the conference committees have completed their task of organization and few further evening sessions are contemplated, reporters henceforth will be allowed to circulate in the lobbies of the Homestead Hotel between 6 and 9 p. m., nightly, except when an executive session is in progress.

The newsmen can eat in the hotel dining room between those hours, if they like, and talk with any delegate who wants to talk.

Up to Jones' announcement, newsmen had been barred from the hotel. Nearly 200 soldiers are on hand to see that only invited people get the luxurious hostelry. At the same time Jones sharply rejected the demand of two Republican congressmen, Bradley of Michigan and Smith of Ohio, that members of Congress be permitted to attend any and all sessions of the conference. They will not be allowed to attend executive sessions of committees, Jones asserted.

Former Raiser Of Master Racers Now After Master Race

From producing master racers, Jack L. Engle of Amite, La., is turning his talents to destruction of members of the self-styled "master race."

Now an aviation cadet at the bombardier school, Engle has a bit of block-busting to do over Berlin way before he goes back to this thoroughbred farm in Louisiana's strawberry belt.

Engle's father was a racehorse trainer and his grandfather was a trainer also, and it was therefore most natural that Jack would follow the same field. He has bred a number of winners, and has served as trainer at tracks in various parts of the country.

Jack qualified as an aerial gunner at the AAF Gunnery School at Tyndall Field, Fla., and was attached to a combat training crew in a Flying Fortress squadron. Shortly before his mates left for the African theater his orders came through for combat training. So he had to postpone his appointment with Hitler—but only temporarily.

Fighting for China like his famed father is artillery Capt. Chiang Wei-kuo, youngest son of the generalissimo.

Legislation To Halt Strikes Demanded By 11 Defense Workers

WASHINGTON—(AP)—Legislation to halt strikes and industrial delays was urged in a letter from eleven workers in the Dow Chemical Plant at Freeport, Tex.

The letter, made public Saturday by one of the recipients, Senator Connally (D-Tex.), asked "If we—speaking as defense workers, voters and Americans—can do our jobs without walk-outs, strikes and other such lowly deeds, why should we not expect the legislative branch of our government to stop it elsewhere?"

Better Sulfa Drug Has Been Developed

NEW YORK—(AP)—Sulfamerazine, a new sulfa drug, which hits its target quicker than other sulfamide remedies, was announced Saturday by Sharp & Dohme, Philadelphia, whose chemists synthesized this new material.

Sulfamerazine does its good work mainly by getting into the human blood stream and there spreading to the infected area, whether this area is a wound or infectious disease.

The report suggests that for soldiers wounded in battle, a single dose of the new form will give as much protection as several doses of any other sulfa drug now on the market.

Noted Sedimentologist To Address West Texas Geologists Here Friday

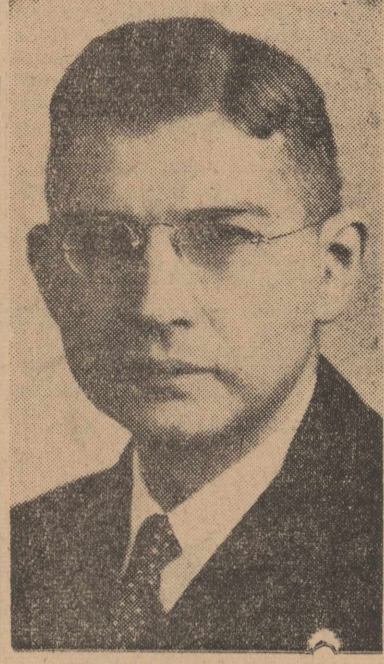

An intimate study of the oil-bearing formations of the United States will be presented at 8 p. m. Friday before the West Texas Geological Society in the district courtroom by Dr. Paul D. Kryniak, professor of geology at Pennsylvania State College. His subject will be "Diastrophism and the Evolution of Sedimentary Rocks."

Dr. Kryniak has discovered certain characteristics, through microscopic examinations of many thin sections of oil zones and other sediments, upon which he proposes to formulate a new classification. This arrangement depends upon the amount of movement that took place in the earth during the time of deposition of the sedimentary rocks.

Strong movements of the earth's crust, according to Dr. Kryniak, result in the deposition of arkoses, which are the oil producing sands of California. On the same premises, gentler movements produce graywackes, which are the oil sands of the Appalachian area and most of the Gulf Coast. In periods when the earth is dormant, quartzose sands such as the Wilcox of Oklahoma and the Woodbine of East Texas are deposited. Similar variations also are noted in limestones and dolomites, which also are oil-productive in many areas.

Dr. Kryniak has had wide experience in the study of sediments since his graduation from the University of California in 1927. He was employed in Mexico by the Richmond Petroleum Company until 1931, then spent five years at Yale University, where he acquired his doctorate. He became a member of the faculty of Pennsylvania State College in 1937 and now is assistant professor of petrology and sedimentation.

Midland geologists Saturday morning will have the opportunity of seeing Dr. Kryniak's thesis demonstrated by the use of microscopes. Time and place of the demonstration will be announced at the meeting Friday night.

University Of Texas To Auction Oil, Gas Leases On June 18th

Oil and gas leases in Andrews, Crane, Reagan, Crockett, Upton, Pecos, Ward and Eudolph counties will be offered for sale at public auction June 18 by the Board for Lease of University Lands of the University of Texas.

It is the thirteenth public auction of the university properties, and will commence at 10 a. m. in the Capital Ballroom of the Stephen F. Austin Hotel in Austin.

Drilling blocks in Reagan, Pecos and Ward counties, which carry a 180-day drilling obligation, will be up for sale, in addition to the regular 5-year leases.

Martha's Vineyard, four miles off Massachusetts, was discovered in 1602 by Bartholomew Gosnold.

East Winkler Deep Strike Cores Ahead

By Frank Gardner, Oil Editor

Stanolind Oil & Gas Company and Shell Oil Company, Inc., No. 1 W. D. Blue estate, opener of the third Ellenburger, lower Ordovician, pool in Winkler County, Saturday remained the focal point of West Texas oil interest as it continued to core pay dolomite.

Logging of gas in the Yates sand horizon by a projected deep test in Northern Andrews County and advanced drilling progress in widely scattered wildcats were among other happenings.

Latest developments, by counties:

Andrews County

Skelly Oil Company No. 1-K University, Southern Andrews wildcat two and one-quarter miles east by northeast of the Emma pool, is drilling at 6,918 feet in Clear Fork, lower Permian, lime.

Humble Oil & Refining Company No. 1 Crews & Mast, scheduled to 8,500-foot test three miles west of the north end of the Means pool in Northern Andrews, logged a slight showing of gas from 2,700-25 feet, in the Yates sand zone, and now is circulating, bottomed at 2,805 feet in anhydrite, while awaiting casing.

Belfort Oil Company No. 1 W. L. White et al, 5,900-foot wildcat one and one-half miles south of the town of Andrews, is drilling at 3,175 feet in anhydrite.

Magnolia Petroleum Company No. 1-20-38 B. B. Ralph estate, North-western Andrews wildcat, eight miles west of the Fullerton deep Permian pool, is drilling plug from 7-inch casing cemented on bottom at 6,569 feet in lime. It was temporarily abandoned in July, 1941 at 6,434 feet in lime, and operators recently reinstalled rig to deepen to the pay horizon of the Fullerton pool, which was discovered early in 1942.

Crane County

Magnolia No. 21 P. J. Lea, scheduled 8,000-foot Ordovician test on the southeast edge of the Sand Hills Permian pool in Western Crane, is drilling past 5,757 feet in lime.

Magnolia No. 2 D. K. Glenn, southwest offset to the discovery of the one-well McKee Ordovician pool in Southwestern Crane, is drilling at 3,664 feet in lime.

Ector County

R. P. (Reilly) Coats, head of the Coats Drilling Company of Midland, announced Saturday he has been awarded contract to drill the Woodley Petroleum Corporation (Llano Oil Company) No. 5-B O. B. Holt estate, a 5,200-foot test in the North Cowden Deep pool of Ector. Coats is moving rotary to the location.

Gaines County

Gulf Oil Corporation No. 1 P. H. Kottwitz et al, North Central Gaines wildcat eight miles northeast of the Seminole pool, is drilling below 5,315 feet in lime.

Amerada Petroleum Corporation No. 3 R. W. Robertson, proposed 8,500-foot test on the east side of the Seminole pool, is drilling anhydrite at 4,338 feet.

Stanolind No. 15 American Company, 11,000-foot Ordovician test in the Cedar Lake pool of North-eastern Gaines, is drilling at 7,078 feet in lime.

Magnolia and Atlantic No. 1-459 Havenover & Jenny, one-half mile south outpost to the one-well Russell pool of Northwestern Gaines, is drilling at 1,895 feet in red beds.

Lubbock County

Stanolind No. 1 Guy Hester, one-mile northeast outpost to the Stennett pool in East Central Lubbock, is drilling below 8 5-8 inch surface pipe cemented at 292 feet.

Martin County

M. J. Delaney Company No. 1 Scharbauer Cattle Company, South western Martin wildcat eight miles north of Midland, early Saturday was shooting off stuck drillpipe. Total depth is 5,146 feet in lime, where operators attempted to run a drillstem test in hopes of recovering sufficient formation water to fulfill contract, which specified water in the lime below 5,000 feet or attainment of a total depth of 5,500 feet.

Pecos County

Gulf No. 1 Roy Girvin, 5,000-foot Ordovician test two miles west of the Wentz Cambro-Ordovician pool in Northeastern Pecos, is drilling at 1,945 feet in lime.

Magnolia and Anderson-Prichard Oil Corporation No. 1-98 State-Mrs. E. C. Powell, 3,557-foot low-gravity discovery in Northern Pecos, is moving in cable tools to drill out cement plug.

Culbertson & Irwin, Inc., of Midland No. 1 R. G. Heiner, five-

Yoakum County

DeKalb Agricultural Association, Inc., No. 4 Annie Armstrong, in the Wasson field of Southern Yoakum, flowed a rated 552 barrels of 33-gravity oil per day after acidizing with 10,000 gallons in pay lime from 5,008-82 feet, the total depth. Gas-oil ratio is 582-1.

Humble No. 1 Tammehill Brothers, Inc., et al, wildcat four miles west of the Wasson field, is drilling in unchanged at 7,942 feet in lime. It probably will be abandoned at 8,000 feet.

Rowan Drilling Company No. 1 S. J. Dixon, wildcat five miles south of Plains in Central Yoakum, is drilling at 5,170 feet in lime.

Stanolind reportedly purchased a one-half interest in 20 wells in the Wasson field from the Basin States Oil Company and a full interest in six wells from the American Liberty Oil Company. Purchase price was not revealed, but it was understood to involve a base of \$60,000 per well, or \$600,000 for the one-half interest in the 20 wells and \$360,000 for the full interest in the other six wells. The remaining one-half interest in the Basin States producers is held by Honohu Oil Corporation, which originally farmed out the acreage for development.

The six wells obtained by Stanolind from American Liberty are four on the Fairman lease in section 797 and two on the Lynn lease in section 733. From Basin States, Stanolind acquired one-half interest in four wells on the Hague lease in section 802, eight wells on the Fisher lease in section 800, and eight wells on the Jordan lease in section 764. All the properties lie in block D, John H. Gibson survey.

Christian natives (note crucifixes around their necks) welcomed landing of U. S. troops in the Russell Islands of the Solomon. Here native in dugout canoe receives gift of cigarets as Marine-laden boat pulls up in background.

State Receives Generous Rains

By The Associated Press

Rain fell in many sections of Texas Saturday, but Corpus Christi still faced what city officials said might be an acute water shortage this summer.

The shortage is threatened by inadequate transportation facilities from the city plant at Calallen, 17 miles away, they said.

While the weather bureau issued a flood warning for residents of the Upper Trinity valley in North Texas, Corpus Christians remained under voluntary water rationing. Lawns were going unwatered and stricter control was promised if the shortage reaches expected serious proportions by July.

Damages of the huge Naval Air Station and expanding wartime industries were credited with principal responsibility for the shortage.

At Dallas, A. M. Hamrick, U. S. weather observer, predicted the Trinity and tributaries would reach bankful stage early Sunday after general rains in Northeast Texas. Dallas had received nearly three inches of rain since Friday morning.

Winkler County

Stanolind and Shell No. 1 Blue, Ellenburger strike in extreme Eastern Winkler, was cored from 10,561-72 feet, with recovery of six feet of gray to brown, dense, finely crystalline dolomite bearing scattered fracturing, with oil staining and oil odor. Bottom part of the core had a slight sulphur odor, but no water was apparent.

Coring from 10,572-82 feet returned three feet of light gray, finely crystalline dolomite with scattered fracturing and scattered excellent porosity. The core was well-stained with live oil. At last reports, the well was coring ahead below 10,582 feet. It topped the Ellenburger at 10,493 feet, datum of minus 7,395, and indicated production when it flowed oil and gas out of drillpipe while cementing a 40-minute drillstem test from 10,484-539 feet. Location is the SE NW NW section 15, block 46, township 1 south, T. & P. survey.

Magnolia No. 21 State-Walton, three-quarter mile southeast outpost to the Kermit-Ordovician pool of North Central Winkler, is drilling past 855 feet in anhydrite.

Amos G. Carter No. C-2 Pure-J. B. Walton, Ellenburger discovery on the Keystone structure in North Central Winkler, is drilling out cement. Operator squeezed a total of 1,435 sacks of cement behind 7-inch casing to shut off leak at 1,072 feet. Present depth is 9,600 feet, and casing-seat is at 9,550 feet. It is understood Carter will deepen gradually, testing each few feet of new hole.

Grayburg-Jackson Leads New Mexico Oil Activity

HOBBS, N. M.—The Grayburg-Jackson pool of Eddy County, with four new producers and one start, dominated other areas in development this week in Southeast New Mexico.

The new location for the pool is Fern Oil Company No. 1 Friess, C SW SE section 19-17s-21e.

Largest of the quartet of new producers is the Aston & Fair, Inc., No. 2-B Stevens, section 26-17s-31e, which flowed 78 barrels of oil in four and one-half hours through a 3-4 inch choke on 2-inch tubing set at 3,247 feet. Oil tested 39 gravity. The well topped pay at 3,260 feet, drilled to 3,284 feet in lime and was shot with 50 quarts of nitro from 3,260 to 3,282 feet.

Flows 300 A Day

Nash, Windfolt & Brown No. 7-B Jackson, in section 25-17s-30e, flowed 300 barrels of 31.1 gravity oil per day through open 2-inch tubing set at 3,256 feet following 220-quart shot from 3,190 feet to 3,256 feet in lime, the total depth. First pay was logged at 3,190 feet.

Also in the Grayburg-Jackson pool, Skelly Oil Company No. 4-B H. M. Dow permit, section 21-17s-31e, pumped 30 barrels of oil daily after a 200-quart shot from 3,461 to 3,554 feet. It entered pay at 3,513 feet, drilled to 3,571 feet in lime and was plugged back to 3,557 feet.

Western Production Company No. 8-C Burch, section 23-17s-29e, flowed 40 barrels of oil in six hours through 2-inch tubing swung at 2,787 feet after "washing" pay lime with 500 gallons, then acidizing under pressure with 1,000, 2,500 and 5,000 gallons, respectively. First pay came in at 2,895 feet and hole is bottomed at 2,933 feet.

Locations Staked

New location for the Red Lakes pool of Eddy is the Salkin & Aid No. 1 Flynn, Welch & Yates-State, SE NE NW section 25-17s-26e.

In Eddy's Square Lake pool, Texas Trading Company is moving material to No. 3 State, C NE NW section 32-16s-31e.

Neil H. Wills of Carlsbad will drill No. 3 Wills in the C NW SE section 13-20s-28e, in the Barber pool of Eddy.

R. Olsen Oil Company of Oklahoma City and Atlantic Refining Company No. 1 Langlie (Justis), deep prospect on the east flank of the shallow Langlie pool east of Jal in Southeastern Lea County, swabbed one-half barrel of oil and one-quarter barrel of fresh water per hour through 2-inch tubing

after acidizing with 1,000 gallons through perforations in 7-inch casing from 7,200 to 7,255 feet, opposite the Wolfcamp, basal Permian.

At last reports, operators had reperfomed casing with 26 holes from 7,275 to 7,300 feet and were running tubing with packer preparatory to making a swabbing test. No. 1 Langlie, in the C SE SE section 11-25s-37e, originally was drilled to 9,592 feet in granite and cemented casing two feet off bottom. Starting at the bottom and progressing upward, operators perforated the Ellenburger, Simpson, Montoya and Siurian zones, finding all dry.

Maljamar Producer

In the Maljamar pool of Western Lea, Johnny Cockburn No. 11-B Pearl Miller, section 30-17s-33e, was gauged at natural flow of 50 barrels in two hours through 2-inch tubing set at 4,100 feet. Oil is 39 gravity. The well topped pay at 4,250 feet and reached a sand depth of 4,248 feet in sandy lime.

The same operator has dug cellar and pits at No. 16-B Miller, C SE NW section 30-17s-33e.

Maljamar Oil & Gas Company No. 2 Cheesman, C NW NW section 22-18s-32e, wildcat three miles southeast of the Maljamar pool, is drilling at 4,585 feet in lime, carrying a small amount of free oil. It logged an increase in oil and gas in lime from 4,405 to 4,425 feet. First showing came in from 3,880 to 3,908 feet.

Two miles northeast of the Maljamar pool, C. T. McLaughlin of Midland and Cooden Petroleum Corporation of Big Spring No. 1 State, wildcat in the C NW NE section 7-17s-33e, is drilling plug from 8 5-8-inch casing cemented at 1,267 feet with 25 sacks. Pres-

ent total depth is 1,400 feet in anhydrite.

Lea Wildcat Fails

Failure for Western Lea was seen when Culbertson & Irwin, Inc., of Midland No. 1-N Bowman, C SE SE section 29-19s-32e, logged a hole full of sulphur water at total depth of 3,118 feet in lime. Operators will run a Schlumberger electrical survey before plugging to abandon. The duster was two and one-half miles east by southeast of the East Lusk pool and three and three-quarter miles northeast of the Halfway pool.

Funeral Services Are Held For G. T. Friday

Funeral services were held Saturday morning at the Ellis Funeral Home for George T. Friday, 88, who died Friday morning at the home of his son, W. Floyd Friday, 500 South Fort Worth Street, after a long illness. He had been a resident of West Texas since 1927, coming to this area from Louisiana.

The body was taken to Roscoe, Texas, for interment.

Survivors include eight sons, W. T. of Dry Pond, La., M. P. Floyd, L. H. and George D. of Midland, G. J. and R. J. of Odessa and Olen of Pecos; and a daughter, Mrs. Pearl Beatrice Pointer of Pecos; forty grandchildren and twenty great-grandchildren.

Wife Of Wealthy Oil Man Killed In Wreck

HONDO—(P)—Mrs. E. F. Woodward of Houston was killed and her husband, a wealthy Houston oil man, was seriously injured Saturday afternoon when their car was involved in a collision with a Southern Pacific train at a grade crossing one mile east of D'Hanis.

Woodward was brought to a hospital here.

Kind Words Spoken About Montgomery

PHILADELPHIA—(P)—Aging Henry Armstrong, still stepping brightly as a youngster down the comeback trail, took the pipe that he never smokes out of his mouth Saturday and spoke a few kind words about the new king of the lightweights (New York version). "My friend Bob Montgomery," said Henry, "will be a great champion. When we meet in the ring, I'll whale the daylight's out of him."

SERIAL STORY

Beth Carter, WAAC

BY LORETTE COOPER

COPYRIGHT, 1943, NEA SERVICE, INC.

THE STORY: Beth Carter, WAAC, is Major Brit Jackson's "one-man" staff on the tiny enclaved island in the Pacific where his unit of the Coast Artillery Barrage Balloon Battalion is based. Information leaks are suspected. Shortly after the mysterious Lita Danton and her companion, Rick Smith, make a forced landing in their seaplane an important paper is discovered missing. When Brit surprises the duo, he is suddenly attacked from behind. Beth is also seized and both are unceremoniously thrown into the spy plane. It takes off.

ALMOST FREE CHAPTER XII BETH'S and Brit's heads were close together. "You're wonderful," Brit said. "I would just think you were trying to be spiteful about Lita. I did think that, for a few seconds." He stopped as another bump rolled them apart, then back together. "I should have taken into account the possibility that they'd have someone else with them. It's such an obvious thing—a Japanese who can fly a plane, and who comes along to make certain the international double-crossers don't re-double-cross—that I just didn't think of it." "What will they do with us?" Beth asked. "Take us to some Japanese base," Brit replied. "There's probably one within a few hours' flight." "But this plane... it's not Japanese." "Anything can be Japanese. As a matter of fact, this is an obsolete seaplane, built in America. I don't think it dates back to the first around-the-world flight, but it goes almost that far. The Japs undoubtedly dug it out with the idea in mind that it wouldn't ap-

Brit insisted. "What was it?" Beth lowered her voice until it was hardly audible. "Brit," she said, "can you hear me?" "Yes, why?" he replied. "Then start talking to me... about anything. I have a plan. Only... keep talking."

He was silent a moment. Then he humored her. "You know, I never wanted to call you Lieutenant from the first moment I saw you, Beth," he said. "I wanted to call you by your first name."

He held as steady as he could, and tried to extend his arms backward. Beth grasped the cord between her teeth, and worked along until she got to the knot. She could not see, and though her teeth told her in general the conformation of the knot, she found it difficult to find any looped portion of the cord that she could pull free. Finally she grasped one of the loops. She held onto it tightly, and worked it a fraction of an inch loose. The man who tied that knot was the Japanese, and she had to admit that he knew his cordage. Now she was making progress. One more tug and the knot would be untied. Just as Beth was about to take another grip on the cord with her teeth and make that tug, she heard the compartment door being opened.

McKENNEY ON BRIDGE

By William E. McKenney America's Card Authority Today's hand was taken from the qualifying rounds of the recent Vanderbilt Tournament. Mrs. M. D. Rothschild of New York, known to bridge players all over the country as the "mother" of contract bridge, loves to bid, and she picked up the North hand. It is difficult to say what the contract bid on it should be, but I'll tell you what "Mother" Rothschild bid—she opened the contract at five diamonds. East bid five spades, which South promptly doubled. West then bid six hearts, and when this got around to South, it was doubled.

Hand analysis for Mrs. Rothschild. Cards: ♠ None, ♥ 5, ♦ AK9765432, ♣ Q109. Dealer: N. Cards: ♠ KQJ9, ♥ 8763, ♦ None, ♣ J42. Duplicate—None vul. North East South West: 5 ♠ 5 ♠ Double Pass, 5 ♣ 6 ♣ Pass Pass Double Pass.

added he believed "the leaders were in the play of the hand. East and West had to lose a spade, two hearts, one diamond and a club—down four. Of course "Mother" Rothschild could not have made her bid of five diamonds, as she would have to lose two clubs and a diamond. Freak hands of this type are dealt only occasionally and it is always a problem to know just how to handle them. About all I can say is, bid as the mood suits you and hope for good luck. If East held the queen of clubs instead of the jack, and one more trump and one spade fewer and the ace of spades instead of the king-queen-jack—then the contract might have been made.

Commission Sets Up Job Appeals Plan

WASHINGTON—(AP)—Machinery was set up Saturday so that workers and employers may appeal from any War Manpower Commission action under its job-stabilization programs, 48-hour work week orders and other decrees. Appeals may be made first to local management-labor committees in areas having them or to special appeals committees to be set up in areas without management-labor committees. Further appeals to regional management-labor committees and to WMC Chairman McNutt are possible. Mrs. Ella Schulz has returned to her home in Wichita Falls, after a three weeks' visit with her daughter, Dr. Eva Schulz.

Army's Twin Troubles

NORTH CAMP POLK, LA.—(AP)—Eleven sets of twins, all privates, furnish 11 headaches for 11 first sergeants in the Eighth Armored Division. None of the pairs of twins has been separated since induction. They were carefully herded through classification and assigned to the same companies and platoons. The Isle of Man in the Irish Sea has neither snakes nor toads. SEVEN PERSONS HURT AS BUS SKIDS INTO POLE (SHREVEPORT, LA.—(AP)—Seven persons were injured, none seriously, when a bus skidded into a telephone pole here Saturday, a police report said. Considerable damage was done to the bus, which is owned by the Airline Motor Coach Company of Nacogdoches, Texas. The United States grows more than 1,500,000 bushels of popcorn annually.

OUR BOARDING HOUSE

Comic strip 'Our Boarding House' featuring Major Hoople. A man asks a woman for a bookie parlor. She replies: 'EGAD, FATHER! QUIET YOUR QUALMS! A woman replies: 'HE SAID HE'D KNOCK MY BLOCK OFF THE NEXT TIME HE SAW ME... BUT HE CAN'T SCARE ME!' and 'YOU'VE NEVER MET HIM, LARD— HE'S BIG!'.

WASH TUBBS

Comic strip 'Wash Tubbs' by Roy Crane. A man says: 'TO THINK THAT I, COUNT VON NURBEN, THE WOLF OF THE SEVEN SEAS, SHOULD END MY BRILLIANT CAREER AS A CAPTIVE OF ENGLISH SWINE!' and 'DESTROYER TO PATROL PLANE: HEARTIEST CONGRATULATIONS FROM CAPTAIN SMYTHE-SMITH. 38 PRISONERS ABOARD... THANKS TO YOU, THE U-BOATS HAVE BEEN DESTROYED'. A woman replies: 'THERE, YOU HEAR THAT, MY LADS? EASY'S BROUGHT US LUCK, AND NOW IT'S HOME, SWEET HOME!'.

RED RYDER

Comic strip 'Red Ryder' by Fred Harman. A man says: 'WELL, COWBOY, DO I LOOK MIGHTY ER... UH... SWELL!' and 'NOW LET'S GET GOIN', IT'S A LONG RIDE BACK INTO TH' INJUN COUNTRY!'. A woman replies: 'I'M JUST THRILLED TO DEATH! I DO HOPE I CAN BE THE RUGS!'.

ALLEY OOP

Comic strip 'Alley Oop' by V. T. Hamlin. A man says: 'I A DIGS EVE IM YOUR PRISONER! I JUST WISH YOU'D TRY TO TAKE ME!' and 'HO, BUMPKIN! I'LL BE GLAD TO OBLIGE, NOT TO ME IF YOU CHOOSE TO BE A DEAD PRISONER!' and 'BUT IF I DON'T WANT BE A PRISONER!'. A woman replies: 'WHAT THEN?' and 'NICE GOIN, OOP... HANG ONTO TH HOPE UNTIL I REMOVE HIS AGGROVMENT OF CUTLERY'.

SIDE GLANCES

"Well, I never thought my kid sister would take my place when I enlisted—I used to think this work was pretty rough!"

600,000 Tons of Supplies Shipped To North Africa

WASHINGTON—(AP)—The Lend-Lease Administration said Saturday that about 600,000 tons of supplies urgently needed for the civilian population in North Africa already have been shipped from the United States and Great Britain. The shipments include medical supplies, food, fuel, clothing and other necessities. Ships which carried the supplies have returned to British and American ports with more than 350,000 tons of raw materials needed for munition and farm production.

Truck, Bus and Cab Mileage Is Slashed In Eastern States

WASHINGTON—(AP)—The Office of Defense Transportation Saturday night slashed truck, bus, and taxi cab mileage in the eastern gasoline shortage area by 40 per cent, to prevent "a breakdown in essential motor transportation in the East" caused by gasoline shortage. The reduction was effected by an extension from June 30 to July 25 of the valid period for all existing "T" gasoline rations in the area.

"Drastic curtailment" of deliveries of beer, liquor and other beverages, ice cream, flowers and other "less essential" commodities will be ordered Monday, effective May 27, ODT announced. The area affected takes in the 12 northeastern states, the District of Columbia and eight counties of West Virginia. ODT and the Office of Price Administration estimated the cut in commercial mileage will save 20,000 barrels of gasoline daily. For essential commercial services which would be put out of business by the 40 per cent cut, a priority list of those eligible for additional fuel allotments now is being drawn up by the War Production Board.

RADAR DISCOVERED BY TWO U. S. SCIENTISTS WASHINGTON—(AP)—The Navy said Saturday that two of its research scientists, Dr. A. Hoyt Taylor and Leo C. Young, discovered the principle of Radar, the radio detecting-and-ranging system, in 1922 and were responsible for its application to warfare. The Circus Maximus at Rome could hold 385,000 spectators.

Mrs. William H. Taft Dies In Washington

WASHINGTON—(AP)—Mrs. William Howard Taft, widow of the former president and chief justice, died Saturday at her home here. Mrs. Taft, 81 years old, had been ill for about a year and half. She was the mother of Senator Robert A. Taft of Ohio and Charles P. Taft, assistant director of the Office of Defense Health. Funeral services will be held at 2 p.m. Monday, with burial at Arlington National Cemetery.

Sufficient Reason ABILENE—(AP)—Pvt. Hans Friedrick De Sturges-Feldring is wearing two dog tags. His name was too long to be placed on one.

THIS CURIOUS WORLD

Comic strip 'This Curious World' by William Ferguson. A man says: 'SPLAT!' and 'CHEESE ONCE TURNED THE TIDE IN A NAVAL BATTLE BETWEEN SOUTH AMERICAN SHIPS! THE URUGUAYAN COMMANDER, CAPT. COE, FINDING HIS AMMUNITION GONE, STARTED FIRING ROUND, HARD CHEESES!' and 'ADMIRAL BROWN, BRAZILIAN COMMANDER, THINKING SOME NEW DEADLY WEAPON WAS BEING USED, TURNED HIS SHIP AND FLED.' Military Services Will Be Held Sunday For Lt. W. T. Averitt

Officers of the Midland Bombarrier School will serve as pallbearers at military funeral services for First Lt. W. T. Averitt, Jr., 28, at 4 p. m. Sunday in the First Baptist Church. Lieutenant Averitt was killed in the crash of an Army bomber last week near Fort Collins, Colo. He was a son-in-law of Mr. and Mrs. E. W. Cowden. The Rev. Vernon Yearby, pastor of the church, and Chaplain C. C. Dollar of the Midland Bombarrier School will officiate at the military service. Interment will be in Fairview Cemetery. Body Arrives Here The body arrived by train from Fort Collins Friday night and is at the Barrow Funeral Home. Surviving are his widow, his father, W. T. Averitt of Rule, Texas; a sister, Mrs. B. Hanks of Midland; and two brothers, Buster Averitt of Fort Worth and Joe Averitt of Knox City. Before entering the Army Air Force, Lieutenant Averitt was with the Royal Canadian Air Force and prior to that he was with the bookkeeping department of the First National Bank. Honorary pallbearers will include M. C. Ulmer, E. D. Richardson, Cecil Waldrep, J. P. Butler, R. M. Barron, J. R. Martin, E. H. Barron, T. Paul Barron, Percy J. Mims, J. B. Hoskins, J. T. Baker, Yates Brown, Addison Wadley and Roy Parks.

Mrs. William H. Taft Dies In Washington

WASHINGTON—(AP)—Mrs. William Howard Taft, widow of the former president and chief justice, died Saturday at her home here. Mrs. Taft, 81 years old, had been ill for about a year and half. She was the mother of Senator Robert A. Taft of Ohio and Charles P. Taft, assistant director of the Office of Defense Health. Funeral services will be held at 2 p.m. Monday, with burial at Arlington National Cemetery.

Real Estate wanted 67
I HAVE several buyers for homes in all parts of the city. If yours is for sale, call BARNEY GRAFA. 203 Thomas Bldg. Phone 106. (64-3)

Largest bird is the ostrich, which stands nearly eight feet tall and weighs about 300 pounds. There are 62 collegiate, 59 professional and 18 honor fraternities in the United States.

Rev. White to Speak
The Rev. W. E. White, president of Hardin-Simmons University at Abilene, will give the principal address at graduating exercises Friday night, and Hamilton E. McRae, president of the school board, will present diplomas to the graduates.

The graduating program will be opened with playing of the "Patriot's March" from "Athalie" by Peggy Bissell and Mary Fern Bray, followed by "The Star-Spangled Banner" and the pledge of the flag. The Rev. Carl Clement will give the invocation.

Following the salutatory address by Miss Oling the Girls Choral Club will sing "Barcarolle," "Liebestraume," and "Wi-um." Trostet To Give Valedictory
Frank Trostet will give the valedictory address and Mrs. De Lo Douglas, Miss Glenna Graham, violinist, and Miss Alberta Smith, accompanist, will present "A Perfect Day."

Bill Collins, manager of the Midland Chamber of Commerce, will award special medals to members of the class.

The program will be closed with singing of "Now the Day Is Over" by the senior class and choir, and the professional, "March" from "Tannhauser" by Peggy Bissell and Mary Fern Bray.

Sites Of Allied Bombings

Some of the Axis cities and installations pounded last week by Allied bombers in their all-out aerial offensive against Nazi-dominated Europe are pictured here. Berlin was bombed for the sixth time since May 13, Saturday night.

Former Appraiser Of Art Works Is Preparing To Rain Destruction On Axis Art Centers

Aviation Cadet Charles J. Duveen, student bombardier at the Midland Army Air Field, in civilian days was a cataloguer and appraiser of works of art.

Much of the art works which Cadet Duveen came into contact with had their origin in Italy. He hopes to visit Italy in the not too distant future, not as a collector of rare works of art, but as a finished bombardier practicing his aerial art business for several years.

Learning much of the business from his parents, Cadet Duveen had the opportunity to observe art dealers at work, and particularly their methods in detecting imitations. For example, worm holes can be faked by shooting the chair with a shotgun.

Early American furniture is never straight when those caused by buckshot are, thus giving away the deception. To fake age, the furniture is often left out in the rain or otherwise immersed in water. Rough handling is imitated by beating the furniture with chains.

Early American furniture is never very often imitated while most European pieces today are imitations. The trend is toward lighter and smaller furniture such as the 18th century period pieces.

Cadet Duveen was a British subject for awhile, having dual nationality since his mother was American and his father British. They once had a home in England. He likes bombardiering but intends to return to art work which is a profitable and interesting vocation.

According to Cadet Duveen, it is a lifetime job, primarily because the ability to deal correctly in art works increases with age.

Cadet Duveen was educated at the Riverdale Country School at Riverdale, New York, where he graduated in 1938. His mother resides at 18 Floral Drive, Hastings on Hudson, New York.

Signal For Steal Changed After Managers' Mixup

CLEVELAND —(AP)—Oris Hockett carefully edged off second base, and Eddie Turchin took a few steps off first. One man was out and the Cleveland Indians were only a run behind the Pittsburgh Pirates in the seventh inning.

Then both men tried to steal, and Hockett was out by ten feet. Asked about this procedure, Manager Lou Boudreau confessed "the sign for the steal was given," but volunteered nothing.

"Why don't you tell the whole story, Lou?" suggested Coach Burt Shotton. "No reason why you should take the rap for that one."

"Well," replied Boudreau, "I guess it's o.k. as long as we're changing the sign. The fact is, gentlemen, I had to blow my nose."

P.S.: Henceforth, when the youthful manager takes a towel, bat or other a hankiechief in his hand while sitting on the bench, it won't be the steal sign.

Blades' Cussing Puzzles Umpires

NEW ORLEANS —(AP)—The sophisticated savagery of Ray Blades is a source of bewilderment to Southern Association umpires who have eyed him with growing reserve since his first trip down here, in 1941.

The former St. Louis Cardinal boss, currently managing New Orleans' Pelicans, piloted the Pels two years ago. That was the season Umpire Red Jones was a poised penguin of a man stroll to the plate and say:

"Get outa th' game," choked Jones.

Jones afterward told the newspaper boys about it, asserted he'd "stand for most kinds of cussing, but no one can get away with that!"

What Blades said to the veteran Steamboat Johnson that same season—and with the same result—was:

"My dear Mr. Johnson, would you confer a favor on me by looking more closely at those balls and strikes?"

The story is told of a verbal collision at the plate when New Orleans was playing Memphis. Truck Hannah, then Memphis' manager, recalls Blades' speech:

"You know, Mr. Umpire, I have heard stories of your indifference to the importance of this business of umpiring; have heard stories that I thought—and hoped—were groundless. Up to now I steadfastly refused to lend credence to such tales. But frankly, the conviction is being rapidly forced on me that there is some truth in the stories and I would be hypocritical and dishonest if I did not tell you so."

Early American furniture is never very often imitated while most European pieces today are imitations. The trend is toward lighter and smaller furniture such as the 18th century period pieces.

Cadet Duveen was a British subject for awhile, having dual nationality since his mother was American and his father British. They once had a home in England. He likes bombardiering but intends to return to art work which is a profitable and interesting vocation.

The Reporter-Telegram SPORTS

Count Fleet Tromps In Ahead Of Field To Take 68th Withers Mile

NEW YORK (AP)—Count Fleet won the 68th running of the Withers Mile at Belmont Saturday.

Mrs. John D. Hertz Kentucky derby and preakness winner led all the way to win by six lengths in this race—trotted the mile in 1:36 over a track rated only "good". For his victory he picked up a winner's purchase of \$12,700, boosting his earnings for two years to \$214,960.

Nothin' Nate

The Count, piloted as usual by Johnny Longden and carrying 126 pounds—as did all three colts in this race—trotted the mile in 1:36 over a track rated only "good".

Different Landlord

MANHATTAN, KAS. (AP)—Some landlords make the headlines by declining to rent their houses to people with children. Not so Mrs. H. K. Work. When she and her two children decided to join her husband Lieutenant Work U. S. N., in San Francisco, she refused to consider any applicant seeking to rent her home here if the family didn't have children.

Fistula Sufferers

HEED DANGERS
FREE BOOK—Explains Causes, Effects and Treatment

The McCleary Clinic, E 515 Elms Blvd., Excelsior Springs, Mo., is putting out an up-to-the-minute 122-page book on Fistula, Piles (Hemorrhoids), related ailments and colon disorders. You can have a copy of this book by asking for it on a postcard sent to the above address. No charge. It may save you much suffering and money. Write today.

Obtaining another major league chance with the Boston Braves, Nate Andrews is living up to his shutout reputation acquired with Syracuse. The big right-hander blanked the Cincinnati Reds, 1-0, with three hits, Johnny Vander Meer yielding only two.

Bergman Hoping Pro Teams Will Play Next Fall

WASHINGTON (AP)—The new coach of the world champion Washington Redskins, "Dutch" Bergman, musing Saturday over the prospects of professional football next season, decided the situation looks this way:

"By the first of June, we'll be rounding up our players, and otherwise beginning to get ready, and we only hope that the other eight clubs (Cleveland has withdrawn) in the league feel the same way about continuing as we do."

There is nothing sure about anything in athletics these days, but Bergman is confident the government will "give professional football every encouragement."

Thousands of service men attend Sunday games and that is also true of the vast army of war workers, so professional football would in no way contribute to absenteeism.

The player limit has been reduced from 33 to 25, and the Redskins, like other clubs, probably are counting on six or eight players out of the 30 listed on their "draft" roster.

Minors Reporting Good Attendance

NEW YORK (AP)—Attendance at some minor league baseball games definitely has been hurt by the weather this season but nevertheless the nine circuits are doing right well at the turnstiles.

The Pacific Coast League was the only one of the double "A" organizations to report an upswing at the gate in a survey by the Associated Press but the American Association was not far off 1942's figures while President Frank Shaughnessy of the International League said the weather had prevented a true test in his circuit.

The coast league's attendance for the first four weeks this year was 235,113 as compared to 203,846 for a similar period last season.

The American Association drew 101,521 for its first 39 games while last year 115,361 fans saw the same number of contests.

The Southern Association, however, reported a slight decrease. The circuit drew 604,090 fans to the first 71 games in 1942 for an average of 1,466. This year 130,888 turned out for the first 99 games, an average of 1,322.

America's Finest Shoes

DUNLAP'S
"A Better Department Store"

SPORTS BUGLE

Sports Show:

The PT Department, under the direction of Lt. M. S. Keen, put on a sports show at the Service Club last Thursday night for the enjoyment of the Officer Club personnel . . . A good exhibition was given, covering a large variety of sports . . . The program opened with a tumbling exhibition by Cadet Greenwald of class 43-11 and then Corporal Stedman, Private McCaleb, Private Marchick and Cadet Appel, also of class 43-11, gave a weight lifting exhibition with a great deal of skill . . . The art of bag punching was demonstrated very capably by Cadet Holland and Pfc. Saavedra . . . Private DuBow, high point scorer of the enlisted men's basketball league, gave a short basketball shooting act . . . Wrestling, jujitsu and boxing were all demonstrated with two top-notch wrestling matches, one between Staff Sgt. Moser and Sgt. Stewart and the other between the Rymer brothers, Dick and Warren . . . Corporal Spink and Corporal Siedman demonstrated a number of jiu-jitsu holds and releases, as well as some rough tactics to be used in close combat . . . A comic wrestling bout between Private DuBow and Pfc. Ahlman brought many laughs from the large number of officers present.

Bicycle Bits:

Most every Sunday afternoon you can see him breezing by—on that bright silver racing wheel . . . He is Pfc. Dick Power, member of the 951st Guard Squadron of the bombardier college and erstwhile bicycle racer from Long Island, New York . . . Dick's many friends in the racing game keep him posted on wheeling activities in the Metropolitan area . . . He is a member of the All-American Wheelman Club of Flushing, L. I. . . . Recently they held their second annual 45-mile bicycle classic on American Day . . . Power won the event last year and, though he couldn't present this year to protect his laurels, he sent in his entry and was listed for the race . . . Power has competed with the best in the amateur racing game, and he has usually taken their measure in the long-distance races, even though in his late forties.

Softball Soundings:

The current weather has curtailed the softball diamond activities at the bombardier college . . . Even so, many of the fellows have taken advantage of the few dry spells to get in some timely hitting and pitching practice . . . Ordinance tops the league with seven wins followed by the 486th, 491st, and 83 Base Headquarters in that order . . . To avoid so much sideline base umpiring in the future, each team manager has been provided with a complete set of rules by the PT department.

Pick-Ups:

Tennis among the enlisted men of the bombardier school is literally "booming" with the completion of the new asphalt courts . . . Playing singles is strictly out of order since the courts are usually crowded . . . doubles play always develops a net game anyway and many of the fellows are polishing up on their short-smashing game.

White Sox Triumph Over Senators 5-2

CHICAGO (AP)—The Chicago White Sox defeated the Washington Senators for the second straight time Saturday, 5 to 2, to score their seventh victory in nine games and take undisputed possession of sixth place.

The Senators grabbed a 2 to 0 lead off Lefty Edgar Smith in the first three innings but the chunky hurler held them in check the rest of the way and contributed to the Sox attack which overcame the Washington lead and put the Chicagoans ahead.

The score: R H E
Washington.....011 000 00-2 7 2
Chicago.....000 101 12x-5 10 1
Pyle, Haefner and Early; Smith and Turner.

Border Conference Waiving Many Rules

EL PASO (AP)—Officials of the sprawling Border Conference Saturday waived the bulk of its rules governing inter-collegiate athletic competition, and held out little hope for either basketball or football play during the coming season.

Officials from New Mexico, Arizona and Texas member schools in session here said the fate of basketball and football play rested with the relaxation of Army rules to permit military personnel enrolled in conference colleges to participate in the athletic programs of the schools.

The conference committee announced that no championships would be awarded for the duration of the war, and waived rules governing the transfer of players, limits on participation and the 20 units between seasons transfer rule.

Coaches and faculty representatives were of the opinion that the solution of the athletic problem rested with the commanding officer of the military units in the respective schools.

IN GOOD TASTE

FORT MAMMOUTH, N. J.—(NEA)—Baseball team representing the 15th Signal Training Regiment of Fort Monmouth will wear new orange and cream uniforms, socks and caps to match.

Specimens of Douglas fir trees have been found in Canada which are believed to be more than 700 years old.

Dodgers Beat Reds In Initial Inning

BROOKLYN (AP)—The Brooklyn Dodgers drove Bucky Walters from the mound with a four-run attack in the first two innings and then went on to defeat the Cincinnati Reds 5 to 2 Saturday.

The score: R H E
Cincinnati.....000 000 110-2 9 0
Brooklyn.....220 001 00x-5 7 0
Walters, Shoun, Stone, Huesler, and Mueller; Newsom and Owen.

Cards Sweep Twin Bill With Giants

NEW YORK (AP)—Ninth inning home runs by Lou Klein and Stan Musial broke up a close ball game and gave the St. Louis Cardinals a 6 to 1 victory over the New York Giants and a clean sweep of Saturday's doubleheader. The Cards won the opener 10 to 7.

Coachless Abilene Ball Team Enters Dallas Tournery

DALLAS (AP)—They borrowed the uniforms, mooched the bats, saved up gasoline for a month and only nine made the trip—but the Abilene High School baseball team is in town for the big tournament and if the supply of hamburgers holds up they'll see it to a finish.

They might even be playing in it at the finish because they proceeded to win their first game of the Dallas invitation schoolboy meet to go into the semi-finals.

Abilene High did not sponsor a baseball team this year but the boys are students in good standing there and they have a right to play in the tournament here if they want to.

Borrowed Bats
In fact, they are responsible for the tournament not being called off when rain washed out all games Saturday.

"They told me they aimed to stay over and I just couldn't knock out of getting to play for the championship," said Graham Pierce, director of the meet.

This tournament is what the boys have been thinking about since the season started. They didn't have a coach but one of the gang—John Howell—said he'd coach 'em and manage 'em. They did all right in the city league back home.

The boys were smack dab out of bats but they borrowed some from Abilene Christian College, got a couple of automobiles together and set out.

Athletics Defeat Browns By 2 To 1

ST. LOUIS (AP)—The Philadelphia Athletics moved into fifth place ahead of the St. Louis Browns Saturday on Russ Christopher's well-pitched 2 to 1 victory.

Mrs. Hopper Is Hostess At Lovely Breakfast For Miss Jean Martin

A breakfast of beautiful appointments was given Saturday morning in compliment to Miss Jean Martin, a member of the graduating class of Midland High School, when Mrs. Hubert Hopper was hostess.

The interior of the home was attractively decorated with spring flowers in a variety of tones, and in the dining room the breakfast table, which was laid with handsome lace cloth, had as a central figure a huge cluster of snapdragons, corn flowers and daisies.

Mrs. W. P. Knight presided at the coffee service. Covers were laid for Misses Bobbie Gibbins, Belva Jo Knight, Fay Doris Douglas, Jo Ann Blair, Billy Walker, Mary Frances Carter, Martha Jane Preston, Kathryn Hanks, Norma Jean Stice, Jacqueline Theis, Elaine Hedrick, Glenna Graham, Alberta Smith, Colleen Oates, Janice Pope, Virginia Stoltz, Otella Flynt, Fay Dublin, Margaret Mims, Isabel McEwhee, Suzanne La Force, Mary Lee Snyder, Vernell Howell, and Elsie Schlosser.

Country Club Party To Honor Seniors

Mrs. J. Guy McMillan, Mrs. O. J. Hubbard, Mrs. Carl Schlosser and Mrs. E. H. Davidson will compliment Otella Flynt, Elsie Nora Schlosser, John Guy McMillan and Buddy Davidson at a tea-dance Wednesday evening at the Midland Country Club.

All seniors, their dates, and members of the faculty of the high school will be invited guests.

Mrs. John E. Pickering, who has been visiting in San Angelo, was expected to return home Saturday.

"Spring Fever" Here Scores Big Triumph

"Spring Fever," the senior play presented at Midland High School Friday night, scored a triumph before a large and appreciative audience. Steve Briggs directed, assisted by Norma Jean Stice.

The play, a comedy-farce in three acts, had the scenes laid in a college boarding-house just before commencement. A chemistry student, Ed Burns, who continually blew up in his experiments and got into many complications, and for laughs throughout the play. Frank Troesch as Burns received an ovation for his portrayal of the chemistry student.

Fay Doris Douglas as Ann Purcell enacted her role splendidly. Other members of the cast included Fay Doris Douglas, Frank Troesch, Billie Walker, Jacqueline Theis, Alberta Smith, Kathryn Hanks, Max Allen, Gordon Watson, Carolyn Hoover, Belva Jo Knight, Douglas McElish and Glenn Murray.

Martha Jean Preston was in charge of sound effects and lighting. The play was not amateurish. It delighted a large and responsive audience, who turned out despite the inclement weather.

Meeting Called Off

There will be no meeting of the Bluebonnet Club this week, as formerly scheduled in the home of Mrs. Laura Wright. The meeting date will be announced later.

Taper-Cotton Vows To Be Read Sunday

A marriage of interest will be solemnized Sunday at the post-chapel of the AAF Bombardier School when Miss Ruth Lillian Taper will become the bride of Cadet Harry Cotton, with Rabbi Israel Garsik performing the ceremony.

The bride, who is the daughter of Mr. and Mrs. Joseph Taper of Duquesne, Pennsylvania, is a graduate of the University of Pittsburgh.

The groom, who is the son of Mr. and Mrs. Simon Cotton, of Pittsburgh, Pennsylvania, is also a graduate of the University of Pittsburgh.

Harvey Harold Cohen will serve as best man at the service.

Party Will Honor Members Of Class

Mrs. Paul A. Schlosser and Mrs. W. P. Knight will entertain Thursday in compliment to members of the 1943 graduating class of Midland High School with the annual party, the Catoco, at 8 p. m., in the home of Mrs. Knight, 1201 West Missouri, honoring their daughters, Misses Belva Jo Knight and Elsie Nora Schlosser.

Elaine Hedrick Will Be Hostess At Tea

Mrs. O. F. Hedrick and her daughter, Miss Elaine Hedrick, will entertain with a tea Tuesday afternoon in compliment to members of the high school senior class.

Martinique has an area of 385 square miles.

Cotton Is The Milliners' Pet

A little one and a big one, both cute—and of cotton. At left is a clever, open-crowned baby sailor in bright pink-and-white striped denim, designed by Helene Garnell. At right, Actress Gertrude Crippen looks town-smart in a big cartwheel of bird's-eye pique, trimmed with rick-rack braid.

Seniors And Teachers Will Be Honored At Tea Here

Officers' Wives Club Hears Talk On North Africa

At the luncheon-bridge for officers' wives given Tuesday at the Officers' Club at the AAF Bombardier School, Mrs. Clara H. Rugel spoke on "North Africa."

A luncheon of beautiful appointments preceded the game of bridge in which some eight tables played.

Those present were: Mesdames D. R. Adams, C. W. Albrece, J. J. Arond, R. W. Adkley, D. E. Axtrell, R. J. Banks, Tony Bauer, A. H. Brek, Jr., W. G. Bell, F. H. Bilke, C. E. Billet, Jim Black, G. L. Blains, G. A. Bowman, C. F. Brown, J. K. Brown, R. B. Brown, W. H. Brummond, C. M. Butler, Jr., J. R. Callahan, T. O. Chenoweth, J. J. Chopp, W. J. Classen, C. C. Corbin, C. M. Coulson, F. A. Cowall, C. E. Daggett, G. K. Eifer, R. H. Ellsworth, A. C. Erickson, K. J. Frost, G. C. Groscup, Jr., N. L. Hall, H. W. Haring, E. E. Hamilton.

Mesdames W. J. Hayes, M. L. Henry, J. E. Hazen, T. W. Hopper-Spinger, G. O. Howard, O. G. Huffman, E. H. Hunt, R. L. Hays, W. R. Hralay, T. K. Johnson, N. Karpel, Fred Keb, J. P. Kenny, R. E. Kingsley, G. E. Knowles, C. J. Lambret, R. E. Lassiter, P. E. Lightrow, R. G. McAlbree, C. F. McKenna, T. K. Mack, L. P. Matthei, J. R. McCray, C. C. Muldoe, Mitchell, B. F. Moody, Jr., M. E. Moore, D. H. Norris, C. K. Nudgrove, G. K. Mar-amoore, C. K. Nelson, H. M. Ozau, Jr., H. K. Phelps, R. R. Pickett, R. B. Potet, M. E. Ramsey, III, S. S. Revis, J. W. Sabo, C. M. Simpson.

Mesdames S. S. Shier, R. L. Spinger, D. Stumper, W. P. Slevart, E. N. Stidd, Jr., R. G. Swift, J. P. Titus, J. L. Tompkins, W. W. Walsley, J. N. Walston, Pat Warren, J. P. Watt, A. E. West, T. P. Williamson, J. J. Willis, Jr., C. H. Wilson, G. S. Wilson, J. D. Wilson, R. E. Wilson, O. E. Wilson, H. E. Walman, George Wolfe, H. F. W. Taylor, D. Tuttle, R. L. Fox, R. Rhodes, Francis Jones, W. Melan-chor, J. T. Hechtman, Sinak, Broderson, T. W. Adair, R. Skinner, J. H. Crane, F. N. Goodman, and W. E. White.

Complimenting the graduating class of Midland High School, Mrs. J. P. Gibbins and Mrs. W. T. Graham will entertain in the home of Mrs. Gibbins Sunday afternoon. They will be assisted by their daughters, Misses Bobbie Gibbins and Greta Graham, both of whom are members of the class. Teachers of the high school are to be special guests.

The interior of the home at 1205 West Missouri will present a beautiful decorative plan. The red rose, the senior class flower this year, will be used effectively throughout the rooms.

The dining room will repeat the red rose motif, with a huge cluster forming the central figure on the wall which will be tall red tapers. The dining-table, on either side of which will be Misses Bobbie Gibbins, Mrs. Graham, Miss Bobbie Gibbins, and Miss Greta Graham, will form the receiving line.

Misses Belva Jo Knight, Jean Martin and Virginia Stoltz, will pour tea throughout the afternoon. Miss Frances Gibbins and Miss Marybeth Graham will preside at the guest book.

Assisting in the hospitalities will be Misses Otella Flynt, Janice Pope and Retta Cummings, and Mesdames Levi Shiplett and Grace Slinz.

Music will be provided throughout the receiving hours, with Misses Margaret Mims, Alberta Smith and Elaine Hedrick at the piano at different periods.

More than one hundred invited guests, including seniors and teachers of the high school are expected to call.

Mrs. Burson Is Well Qualified As Dance Instructor Here

Mrs. Ora Burson is one of Midland's most talented and popular entertainers. The city has been extremely fortunate in having diminutive Mrs. Burson as a teacher of the dance for the last year.

She has studied under Ivan Tarasoff, Constantina Kobeloff, Paul Mathis and Bernice Holmes. She goes to New York each summer where she refreshes her ability by taking summer courses.

She is a member of the "Dancing Masters of America," the highest ranking dancing organization. Mrs. Burson has danced in vaudeville and night clubs.

Her performances on this program promise to be one of the best, combining rhythm, classic and harmony.

Royal Ambassadors Present Program

Royal Ambassadors of the Galvary Baptist Church held an interesting meeting and program Thursday at the church. The meeting was opened with invocation by Paul Tunnell.

A play entitled "I'm Not Ashamed of the Lord" was presented, and Mrs. Ed Shelburn related the story of the play preceding its presentation.

Present were Jack Hightower, Delbert Shelburn, Sammy Koen, Ray Douglas, P. A. Devore, Bobby Gentry, Roy Wayne Frazier, Don Bizzell, Ralph Brooks, Ernest Thompson, Tom Whitley, Joe Williams, Bert Scribner, Floyd Smith, Dale Bizzell and Paul Tunnell.

Special guests of the afternoon were Richard and Ricky Cochran and Sid Story.

Charles Williams pronounced the benediction.

Military Dance Has Large Attendance

Enlisted men, their wives and sweethearts danced Saturday night at the AAF Bombardier Post Service Club.

Young women of Midland and Odessa were invited to attend the dance, and special transportation was provided from the USO headquarters in both cities.

The Jive Bombers orchestra provided dance music. Some 300 military men and their wives and sweethearts danced.

Mrs. Ella Ragsdale has received word from the commanding officers of the Army Air Forces of Santa Ana Army Air Base, at Santa Ana, Calif., that her son, Eval J. Ragsdale, has been transferred to flying training and will become a pilot.

Ginger root is now being grown by Puerto Rican farmers.

Congratulations To

Mrs. and Mrs. H. J. Howerton, on the birth of a daughter Saturday.

Joie De Vie Club Is Entertained

The Joie De Vie Club was delightfully entertained Friday afternoon in the home of Mrs. John M. Speed, when the hours were spent at bridge.

Spring flowers decorated the interior of the home, and refreshments were served at the conclusion of the bridge game. High honors were won by Mrs. J. R. Martin and Mrs. Roy Parks, and Mrs. James N. Allison won high score for guests. Mrs. John Dublin was presented the bingo favor.

Those present were: Mesdames John Dublin, James N. Allison, O. B. Holt, J. R. Martin, Roy Parks, Fred Turner, Selman J. Jones, John M. Speed, Jr., Hal Peck, B. H. Blakeney, Hayden Miles, and Miss Blanche Sisk.

Glen Walker Boys Hold Fine Meeting

The Glen Walker Royal Ambassadors met at 4 o'clock Friday in the educational building of the First Baptist Church, when John Allen, ambassador in chief, led the regular order of service.

The program opened with a jolly tither's test followed by the introduction of a new study book, "The Steward Family," by Mrs. Lief Olson.

Plans were made for the boys to do the paint work on the benches for the colored kindergarten.

The next meeting will be a game of mission balls and the monthly social.

Those present were John Allen Murray, Allen Olson, Wayne Hughes, R. O. Story, Clarence Long, Charles Crites, Billy Stan Erskine, and the counselors, Mrs. Lief Olson and Mrs. Stanley Erskine.

Mr. and Mrs. Fred Wemple left Friday for Dallas, where they will attend the graduation of their daughter, Edith Wemple, from the junior college of Hockaday School Tuesday. They expect to return Wednesday.

MIDLAND DRUG
Cosmetic Department

Final Victory Concert Of Season Will Be Presented Tuesday Night

Climaxing a successful musical season, the final concert of a series of Victory programs will be given Tuesday evening at 8 o'clock in the North Ward Auditorium.

The Midland High School band under the direction of Ralph Utley, the high school choral club directed by Mrs. De Lo Douglas, and a series of dances under direction of Mrs. Ora Burson, will be featured in a program of beauty, harmony and rhythm.

The band will present "Rhapsody in Blue" with lighting effects and "The Lost Chord," directed by Mrs. Douglas. Two ballets will be presented by advanced pupils of Mrs. Ora Burson. Splendid team work and beautiful ballet costumes will make this performance worthy of attention.

Concessions and advertising are under direction of Civic Music Clubs, with Mrs. John Casselman and Mrs. Joseph Mims as chairman.

The program: Rhapsody in Blue, Gershwin, by the band, with Roy De Wolfe and Albert Smith at double pianos. Park Avenue Fantasy, Mainck, band. Symphony in C Minor, Williams, band. Lost Chord, Sullivan, High School Glee Club.

Part II Nutcracker Suite, Tchaikowsky, ballet with Mrs. Ora Burson directing.

a. Waltz of Flowers, Elsinore Schlosser, Mary Frances Carter Sharon Cornelius, Ruth Johnson, Norma Jean Hubbard, Dorothy Fay Holt, Jessica Turpin, Billy Jean Pardo, Patsy Collins and Becky Bird.

b. Dance Araby, Bobby Ann Cross. c. Dance Chinese, Becky Bird. d. Dance Mirlitons, Mary Frances Carter. e. Trepak, Patsy Collins and Buddy Johnson.

f. Dance De La Fu Drazee and (g) Sugar Plum Fairy, Mrs. Ora Burson.

Commencement Exercise For Eighth Grade Class Is Scheduled Friday

Elizabeth Ann Cowden, daughter of Mr. and Mrs. Frank Cowden, will deliver the valedictory address at commencement exercises for the eighth grade of the Midland Junior High School Friday afternoon, 7:30 p. m. E. Spears, principal announced Saturday. The program will start at 1:30 p. m.

Beth Osburn, daughter of Mr. and Mrs. E. R. Osburn, is salutatorian of the class.

M. C. Ulmer, president of the West Texas Chamber of Commerce, will make the principal address at the commencement exercises.

The program has been announced as follows:

Invocation, the Rev. John J. O'Connell.

"Thank God For A Garden," Junior High Choral Club directed by Virginia Lewis, Dorothy Faye Holt, accompanist.

"By the Waters of Minnetonka," Junior High Choral Club directed and accompanied by Miss Lewis.

Violin obligato by Ralph Utley, Salutory, Beth Osburn.

Valedictory, Elizabeth Ann Cowden.

Vocal solo, Patsy Lou Arrington, accompanied by Dorothy Faye Holt.

Introduction of speaker, Frank Monroe.

Address, M. C. Ulmer.

Presentation of diplomas, Sam P. Spears.

The Star-Spangled Banner, Junior High Choral Club.

Benediction Mr. O'Connell.

Evelyn Wemple, daughter of Mr. and Mrs. Fred Wemple, and Bill Hamilton, son of Mr. and Mrs. R. W. Hamilton, will receive awards presented by the Woods W. Lynch post, American Legion, to the most outstanding boy and girl of the class each year. The two students are selected by members of the class on the basis of scholarship, leadership, honor, courage, and service and their names are engraved on a bronze-plaque which is kept in the principal's office.

Bottom to Top

Out of an old cane-bottomed chair has been fashioned this summer hat worn by Phyllis Jeanne Rose at Chicago style show stressing conservation.

Betsy Beckham Bundy's

Advice To The Lovelorn

Q. Dear Betsy: I am a woman of 35 years of age, and should not have any love left in my life, but now I am in love with a young man 21. He has not finished college yet, but as soon as the war is over he intends to complete his education. Do you think there is too great a number of years difference in our ages? We have the same tastes, except he likes to dance and I do not. Outside of that we are very congenial. I do not know what his people will say, but mine live in a distant state and probably will never see him unless we should go to visit them.

Puzzled.

A. I am inclined to think that this attraction for a 21 year old boy is a passing fancy. A 21 year old boy is not even grown up mentally. I mean by that, he has not the mentality of a full grown man. A woman 35 has practically arrived at her mental as well as physical maturity. When you are 45, he would be 31, you would be an old woman when he is in the prime of life. When he is 50, you would be 64, and he would be very much younger than you then. He is now. I have never been able to see why a woman older than a man should be attracted to him. When the attraction is analyzed, I am inclined to believe that it is your very strong maternal instinct, seeking something to care for, since you are unmarried and there are no children in your life.

I cannot advise your marriage with this 21 year old boy. It could ruin his life, and you would make yourself the "laughing stock" of all your friends. Select some man 35 or 36, and concentrate your thoughts toward him. I do not think that women age any more quickly than men do, but I know that a couple with 14 years difference in their ages would never know any genuine happiness. He would want to be released from you, to marry some girl of his own age, sooner or later.

Marry a man whom you can look upon as a real man, and can expect him to provide a real home, and make a real living. You could never look upon this youth as anything but a child to "mother."

I would suggest that you dismiss the idea of marriage with the youth, and look around and find someone else on whom you can transfer your affections. Even if another man should be 14 years older than you, that marriage would be a thousand times better for you.

Q—I am invited out a great deal. I have been married five years. I like to go socially, but my husband dislikes going very much. He complains of being tired when he gets home in the evening, and never wants to go anywhere with me, except on Sunday evening, then there's no place to go except to church. I am so tired of passing up all the invitations we get that I am almost on the verge of divorce. I like to go to their homes. Now do you think I should waste my entire life sitting around hoping that he will go with me sometime. He always refuses and I am getting tired of it.

Bored.

A—Maybe you think of your own selfish desires too much. There are any number of men in the world, especially today, who are so tired when they get home from a day at the office they do not feel fit to go out socially that evening.

Since you have the protection of a home and a husband, why do you not go in the afternoons, and accept all your social invitations in the afternoon and entertain your husband in the evening.

A woman who cannot appreciate the protection of a husband and home should not have them. You are mighty silly to even think of divorce. Your husband no doubt is slaving his life away, trying to maintain standards in home and society that you and he wish to have.

My advice to you is to give up every desire to keep going socially in the evening. Dismiss from your mind, your own selfish desires to fit about all night, against your husband's will.

For The Wedding Ceremony

Gown for the wedding ceremony—and for dinner parties and dances all season long—is the simple model, left, of brown organza, with self-applique, worn with a bright-colored field flower caplet. The dainty print dress, right, is a two-piece model, with inconspicuous all-over design of little fishes on brown background. The hat of brown shiny straw, thanks to the "one-color-range" idea, also serves with the bride's traveling suit and shantung all-occasion dress.

All-Star Talent Featured In Show At Midland Field

Filled to the top with all-star talent, the cream of the vaudeville and night club worlds, the USO Camp Shows production, "Bubblin' Over," will be presented to the men of the Midland Army Air Field next Tuesday evening at the Post Service Club.

Performers who have amused and delighted audiences all over the globe will be on hand in this merry musical show produced exclusively for the men in the armed services.

Among the highlighted performers are vivacious and versatile Rosalind Gordon, who is a young tap dancer with creative routines and original delineations set to whirlwind, rhythmical tempo. Miss Gordon has been featured in the Max Gordon musical show, "Sing Out the News," and with famous name bands as Bob Crosby, Harry James, Will Osborne and Charlie Spivak.

Last but not least are the Madelyn Wallace girls, a sextette of specialists in tap, acrobatic and ballet dancing. Their dances are fast and peppy routines, done in the modern manner. Their closing number, which is a Navy salute to the Army number with the dance team doing a semaphore flag routine is considered one of the standouts of the show.

Two performances will be given and they will be free to the military personnel of the bombardier college.

Nurseries Must Have Licenses From State

The Midland County Child Welfare unit Saturday warned persons who care for children to obtain necessary licenses from the State Division of Child Welfare.

All persons caring for children under 15 years of age, not their own relatives, are required by law, the unit said, to have licenses from the state.

This includes full time care and day care and applies to nurseries and to private homes. It includes those who charge a fee and those who keep the children free. A license is issued on the basis of certain minimum standards of health and sanitation and upon the character and suitability of the person in charge. No cost is involved in obtaining a license.

Miss Ruth Perrine, Midland County child welfare worker, said she would be glad to discuss the matter or to provide information to any persons who are interested. Her office is in the Midland Health Center, telephone 178.

Legion Post Here To Meet Tuesday Night

A regular business meeting of the Woods W. Lynch Post, American Legion, will be held at the Scharbauer Hotel Tuesday at 8 p. m., Hap Palmer, adjutant, announced Saturday.

The meeting was originally scheduled for last week, but was postponed because of the absence of Commander C. V. (Cap) Lyman.

Rehearsals Of Civic Theatre Play Indicate Success For "Orphan Nell"

Production of the play, "Orphan Nell," Midland Civic Theater's next offering, is in full swing and officers of the organization predict that it will be one of their most enjoyable presentations.

This pronouncement came after a "preview in the rough" of the entire production last Sunday afternoon.

At that time the entire cast including principals, singers and dancers met for a rehearsal, and it was highly entertaining, even in these early stages.

Mellerdrummer Style The story of "Orphan Nell" follows the pattern of all good "mellerdrummers" of the gay nineties, and is highlighted by songs of that period, with the audiences joining in the singing.

Patrons of the Civic Theater are urged to brush up on their renditions of "Bicycle Built for Two," "Man On the Flying Trapeze," and others, so that they may fully enjoy the presentation of "Orphan Nell" on June 11 and 12 at Midland auditorium.

At notable change in the cast of "Orphan Nell" is the addition of Ethelbert La Treen, the city slicker. Scherck is the new voice heard on the AAF Bombardier School broadcast recently. Having had considerable experience in dramatics, and radio with the Oklahoma City Theater Guild, his interpretations of the role of La Treen is outstanding.

Stagehands Needed Dances for "Orphan Nell" are staged by Ora Burson. The quartet is under the direction of Mrs. De Lo Douglas, and the pianist for the production is Margie Spencer.

A renewed request for help on the stage crew comes from Mary Tompkins, stage manager. Every one interested in painting, lighting, decoration or building is urged to come to stage crew work sessions each Tuesday and Thursday at 7:30 p. m. and Saturday afternoon at 3 p. m.

The presentation of "Orphan Nell" has been definitely set for June 11 and 12 instead of the tentative dates of June 4 and 5.

War Labor Board Cuts Luggage To Only Seven Types

By Betty MacDonald NEA Staff Correspondent WASHINGTON—The war has put an end to those luxurious little fitted cases you used to dream about for graduation and going-away presents. A strict WPB rule has whittled luggage styles down to seven basic types. The only kind of a trunk you can purchase, once the pre-war, elaborate wardrobes of European travel disappear, will be army footlockers.

Economists joint out that by July 1, the new luggage models will probably be making their appearance on the market.

Hold That Line WPB anti-inflation campaigners are sounding a new note in a practical "hold that line" battle cry soon to be publicized. Why waste your money now, they reason, on things which obviously aren't those restless dollars for post-war days when consumer goods will be better than ever, and less expensive.

Behind conference doors, WPB clothing experts are discussing the shape of figures to come. They call it the Body Basic, a revision of the old clothing order involving still less cloth and frills. Stylists in the know claim that the new silhouettes for midlady during wartime will be just as modish as ever, despite curtailment of cloth. Simplicity will be stressed, after the frill is gone.

Long Distance Calls On Loaded Lines To Be Limited On Time

DALLAS—(AP)—The Southwestern Bell Telephone Company has announced that effective June 1 long distance conversations over heavily loaded lines would be limited to five minutes.

The company in a statement asked cooperation of telephone users in speeding up telephone traffic over congested routes during hours when demand is heaviest and calls are subject to delay.

At such times of peak demand, the operator will say at the start of conversation: "Please limit your call to five minutes—others are waiting."

In New York it was announced the plan would be placed in effect throughout the American Telephone and Telegraph Company system.

Goodmans Attending Legion Convention

Representative and Mrs. James H. Goodman were in Midland Saturday enroute to Pyote and Van Horn. Goodman was to transact business at Pyote in connection with the Army air base there, and he and Mrs. Goodman planned to attend the 16th District Convention of the American Legion at Van Horn Sunday, when Goodman will speak on child welfare work.

Little Dutch Treat

The charming little Dutch pinafore, photographed at right can be made from the "good" parts of a worn, old sheet by any sewing novice. All you need to do is to follow simple instructions on a pattern chart and take advantage of a few "how-to" wartime budget lessons given at local sewing centers, including learning about the magic ruffler attachment for your sewing machine, and the zigzagger that applies bands of trimming with a professional-looking embroidery stitch.

FELLOWSHIPS FOR 23 TEXAS STUDENTS LISTED AUSTIN—(AP)—Fellowships and scholarships for 23 University of Texas students were announced Saturday. Awards for promising graduate students ranged from \$200 to \$800.

SAVE FOOD... it's as important as bullets. Plant a victory garden and preserve your surplus. Put up as many fruits and berries as possible. Your Gas range makes canning easy. Cook only the amount of vegetables needed. Serve left-overs creamed, in casserole dishes, or cold—in salads. Cook vegetables and fruits in their skins whenever possible—and over a low Gas flame. Roast meats at low temperature in your Gas oven to reduce shrinkage. Use left-overs in stews, hash, meat pies. SAVE VITAMINS... you need 'em to be strong. Cook vegetables in as small an amount of boiling water as possible. The flexible Gas flame will give you the exact degree of heat you need. Cover vegetables and bring to boil quickly over full Gas flame, then turn flame low, cook gently. Do not use soda in cooking green vegetables. It destroys vitamins. Cook vegetables shortest possible time. Store fresh vegetables in hydrator of your Gas refrigerator to help preserve perishable vitamins.

Taylor Brothers To Hold Victory Crusade Services

The Rev. Charles "Dad" Taylor, promotion director of the Taylor evangelistic party which will open a Spiritual Victory Crusade in the First Baptist Church Sunday, May 30, arrived in Midland last weekend to make preliminary arrangements for the coming of his two sons, the Reverends Charles and Laurie Taylor. The Taylors will conduct the crusade meetings from May 30 through June 14.

The senior Mr. Taylor will speak each night this week, Monday through Thursday, at special services in the church from 8:15 to 9:00 o'clock, and will give the story of his life in "chapter" form. This story has been published by the Revell Company, one of the world's largest publishing firms, and now is in its fourth printing.

Charlie and Laurie Taylor preach, sing, lecture and play on a nine-foot Steinway piano. They have appeared in churches in the largest cities of the nation and have been praised for their abilities and spiritual accomplishments.

The Taylor saga goes away back to the time of a quaint gospel wagon from which the senior member dispensed religion for more than 40 years in England. When Charlie, as he will become known to his congregations here, was four he climbed on the gospel wagon and sang a solo. At nine he gave a public address and from his 13th year did all the preaching for his father.

In the intervening 30 years, Charlie has never repeated a sermon, always composing a fresh one, his father says. Charlie attended a number of different colleges, holds a divinity degree and is the author of eight books.

There are 11 Taylor children, four daughters and seven sons, six of whom are clergymen.

Evangelists And Their Father

Evangelist brothers who will conduct a Spiritual Victory Crusade at the First Baptist Church from May 30 to June 14 are pictured above with their father, the Rev. Charles "Dad" Taylor, who will speak at services at the church each night from Monday through Thursday of this week. Charlie Taylor is on the left, Laurie Taylor on the right.

Those Were "Good Old Days" --- Way Back --- A Year Or So Ago

By Ruth Millett

Remember the days when all you had to carry in your handbag was money, and it wasn't cluttered up with precious ration books?

When you could drive into a filling station and say, "I guess you had better fill her up?"

When everybody arrived in his own car?

When you offered to drive a friend home from work even though it was miles out of your way?

When you spent Sunday afternoon driving on the highways?

When the only thing that worried you about the children wearing their shoes so quickly was the cost?

When people who had convenient oil heat were considered lucky?

When you and your friends spent your afternoon playing bridge instead of at the Red Cross rooms?

When you thought people who had country homes were to be envied?

When a man in uniform was a novelty?

When you threw away your tin cans instead of washing them out carefully, removing both ends, and smashing them just so?

When you had bacon every morning for breakfast?

When at this time of the year you sat and planned a long cross-country vacation trip in your car?

When you couldn't quite make up your mind whether you preferred silk or nylon stockings?

When you felt you knew right where you would be in six months?

When you just THOUGHT you had things to worry about?

They were good old days—remember?

Coming Events

SUNDAY
Baccalaureate sermon from the 1943 graduating class of Midland High School at 8:45 in the high school auditorium.

Victory concert will be presented at 8 p. m. at the North Ward School.

Civic Theater east and stage crew will hold a rehearsal at 3 p. m. in the City-County Auditorium.

MONDAY
Business and Professional Women's Club meets at 7:30 p. m. at Scharbauer Hotel.

The Woman's Auxiliary of Trinity Episcopal Church will meet at 3:30 p. m. with Mrs. R. E. Giles, 502 West Holmsley.

Red Cross surgical dressings headquarters in the courthouse will be open from 9 a. m. to 12 noon.

Red Cross workroom in the Old Heidelberg Inn will be open from 9 a. m. to 4 p. m.

The Civic Theater will have a rehearsal at the City-County auditorium afternoon and evening.

Viola Holt Bible Class will meet at 2 p. m. with Mrs. J. B. Zant.

All Circles of the W. S. C. S. of the First Methodist Church will meet in the educational building at 3:30 p. m., when the Mary Scharbauer Circle will be hostess. An executive meeting will be held at 3:00 p. m.

Kathryn Shelburne Circle of the Calvary Baptist Church will meet at 2 p. m. in the home of Mrs. Kathryn Shelburne.

The Mildred Smith Circle of Calvary Baptist Church will meet in the home of Mrs. Walter Smith.

The Grace McBride Circle will meet in the home of Mrs. F. B. Sutherland at 2 p. m.

Florence Miller Circle of the Calvary Baptist Church will meet at 2 p. m. in the home of Mrs. Hoyt Burris.

TUESDAY
Red Cross workroom will be open from 9 to 12.

Civic Theater stage crew will hold a rehearsal at the City-County auditorium.

The Red Cross surgical dressings headquarters will be open from 9 a. m. to 4 p. m.

Victory Concert at North Ward School Auditorium at 8 p. m.

Mrs. O. F. Hedrick and Miss Elaine Hedrick will entertain with an afternoon tea complimenting the senior class of Midland High School.

WEDNESDAY
The Episcopal Men's Club will have a dinner at 7 p. m. in the First Presbyterian Church. The Canteen Corps will serve.

Senior Girl Scouts will meet with Mrs. L. B. Park at 3 p. m.

Junior Girls' Auxiliary of the Calvary Baptist Church will meet with Mrs. Hoyt Burris.

The Red Cross surgical dressings room will be open from 9 a. m. to 4 p. m.

The Red Cross workroom in the Old Heidelberg Inn will be open from 9 a. m. to 4 p. m.

Civic Theater will hold cast rehearsals at the City-County auditorium afternoon and evening.

THURSDAY
Lucky Thirteen Club will entertain with an evening picnic at Cloverdale Park at 8 p. m. in compliment to husbands of members.

Needlecraft Club will meet with Mrs. H. H. Watson at 3 p. m.

Red Cross surgical dressings headquarters will be open from 9 a. m. to 4 p. m.

The Red Cross workroom in the Old Heidelberg Inn will be open from 9 a. m. to 12 noon.

Civic Theater stage crew will rehearse at the City-County auditorium at 8 p. m.

FRIDAY
Minuet Club will entertain with a dance in the Crystal Ballroom of the Scharbauer Hotel.

Commencement exercises will be held in the high school auditorium at 8:30 p. m.

Belmont Bible Class will meet in the educational building of the First Methodist Church.

The Red Cross surgical dressings headquarters will be open from 9 a. m. to 4 p. m.

The Red Cross workroom in the Old Heidelberg Inn will be open from 9 a. m. until 12 noon.

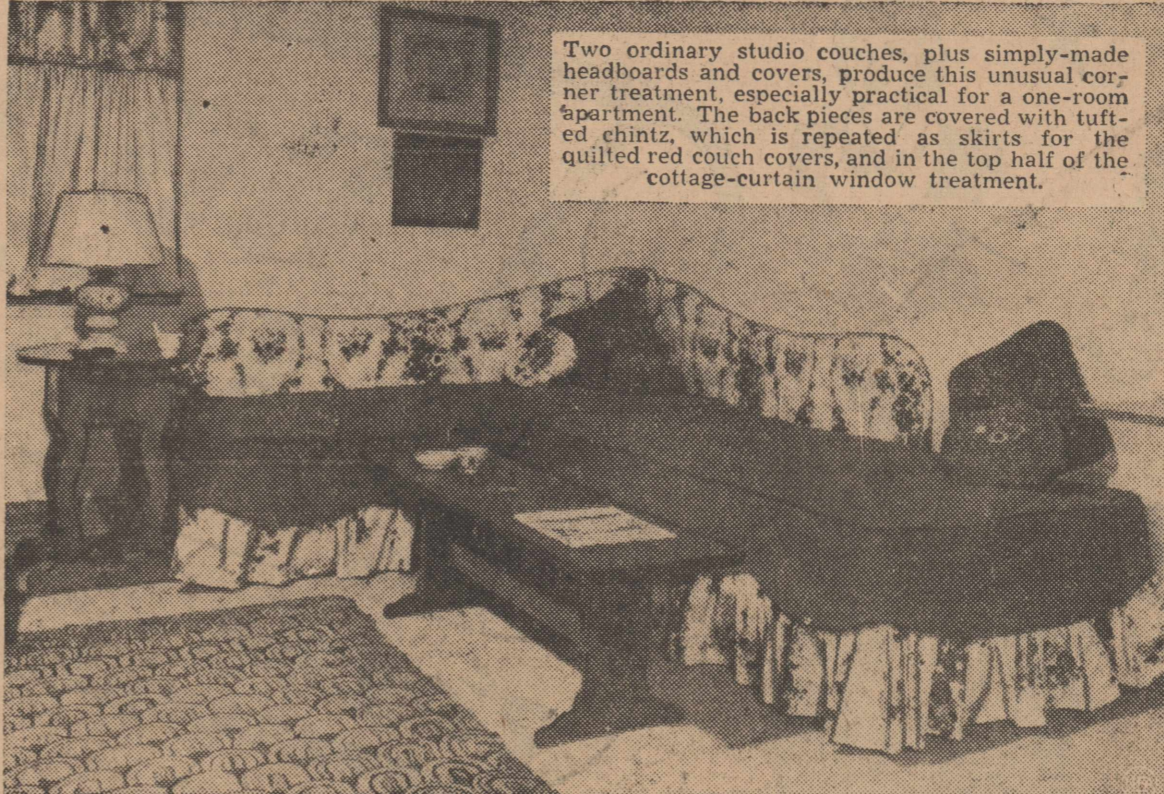

Civic Theater cast will rehearse afternoon and evening at the City-County auditorium.

Children's Service League will meet at the Red Cross surgical dressings rooms after which they will go to the home of Mrs. Ralph Sittling, Jr., 605 West Outbert.

SATURDAY
Red Cross surgical dressings headquarters will be open from 9 a. m. to 4 p. m.

American Legion Auxiliary and American Legion will observe "Pop-

Cornering A Clever Idea

Two ordinary studio couches, plus simply-made headboards and covers, produce this unusual corner treatment, especially practical for a one-room apartment. The back pieces are covered with tufted chintz, which is repeated as skirts for the quilted red couch covers, and in the top half of the cottage-curtain window treatment.

Female Sergeant York Rules WAAC Company With Picturesque Language

CHEYENNE, Wyo. —(AP)— Is it possible to bark in soprano? Just listen:

"Dress up that line, there. It's as crooked as a dog's hind leg."

"Button up the overcoats, girls. It's cold as kraut, this morn."

It's First Sgt. Jennie York, third cousin of the famed Sgt. Alvin York of World War No. 1, barking in the best first sergeant manner. That's why her company of WAACs at Ft. Francis E. Warren has won the admiration of even the toughest sergeants of World War I, now stationed at the fort.

It is their marching and their drilling that draws the greatest praise from the army men. When they come parading down the drill field the soldiers stop and look. Every foot is in time; every arm swings with the proper rhythm. Flanking movements are flawless.

"Precision drilling," say the men, watching critically.

"If I had a company of rookies that could drill as well as Sgt. York's WAACs I'd be tickled to death," says veteran First Sgt. Walter G. Schacht, scratching his head perplexedly. "It beats me how she does it."

"They're 100 per cent soldiers," adds Master Sgt. Joseph G. Ganz, another veteran of the first World War. "The WAACs can put some of the trousered troops to shame."

First Sgt. Jennie York is black-haired, slender and of the best military deportment while on the drill field. Off duty, her friends say she has a pleasant, "lively" personality. Her WAACs are assigned to the special services of Fort Warren.

Sergeant York's home is at Clinton, Tenn., only 125 miles from Pall Mall where her third cousin Alvin, the "one man army" of World War

Soft Cheeses Will Be Added To Ration List

WASHINGTON —(AP)— Soft cheeses will be added to the list of rationed food rations early in June, the War Food Administration said Saturday.

Exceptions to this extension are cottage, baker's and pot cheese.

Mrs. E. F. Polson and baby of Stanton, who have been in Western Clinic Hospital, have returned home.

Ration Book Taken As Bond By Court

DUNCAN, Okla. —(AP)— The man hauled before the police for a minor offense had just \$1 on him—not enough to make bond. He offered to put up the dollar and his ration book, which he happened to have with him.

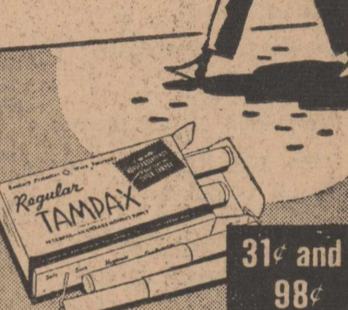

Police accepted, figuring there was no danger he would jump that kind of bond.

Starting Off Right

CHATTANOOGA, TENN. —(AP)— John Esley Barnes started right off giving cooking hints to his bride—he baked their wedding cake. Barnes is chief steward at a Chattanooga hotel.

TAMPAX
SANITARY PROTECTION FOR THE ACTIVE WOMAN
No bells, no pins, no odor. Easily disposable. Perfected by a doctor. Modern individual applicators.

Personals

Walter Dunagan, who underwent a tonsillectomy at Western Clinic Hospital, has returned home.

Mrs. J. E. Haynes and baby who have been in the hospital here have returned to their home in Stanton.

Mrs. H. W. Bottom, who has been in Western Clinic Hospital, returned home Thursday.

Mrs. Harrell H. Hipp and baby, who have been in Western Clinic Hospital, have returned home.

Allen Wemple, who is attending Schreiner Junior College at Kerrville, will return home Wednesday.

Mrs. John M. Hills, 904 West Missouri, is expecting as her house guests her parents, Mr. and Mrs. Freeman Ward of Easton, Pa. They are expected to arrive next week.

Mrs. Joe Youngblood of Everybody's Store is in Dallas on a marketing trip. She was accompanied by Mrs. H. J. Phillips.

Dr. L. Waldo Leggett and Mrs. Leggett went to El Paso Saturday, where they will spend a week.

Cpl. Norman D. Turner, who is stationed at Greenville, Pa., is visiting his mother, Mrs. J. E. Turner. Corporal Turner is an instructor of drafting.

Services For Deaf And Mute Conducted By Baptist Church

Services for the deaf and mute of the Midland territory are being conducted each Sunday afternoon at 5 o'clock at the First Baptist Church, Rev. Vernon Yearby, pastor, announced Saturday.

Cpl. Robert White of the Midland Army Air Field is interpreting Mr. Yearby's sermons in sign language for members of the congregation. Deaf and mute persons of this area are invited to attend.

Colonel Shows Signs Of Good Hospitality

INDEPENDENCE, KAS. —(AP)— What would you do if you were scheduled to head the receiving line at a formal military reception opening an officers' club and your voice suddenly disappeared, because of laryngitis? Col. Richard N. Montgomery, commanding officer at the Independence airfield, solved it neatly. He had some appropriate signs printed and when the guests arrived he was at the door with a smile. Around his neck were the signs, attached by strings, and he pointed to an appropriate one as each guest arrived. Said the signs: "My voice has gone A.W.O.L." "Good Evening." "Delighted." "Glad to see you." "Your slip is showing!"

Wartime Influences Invade Sunday School

ROMEO, Mich. —(AP)— Moses was the subject of study in St. Paul's church school, reports The Churchman, and the incidents about the tablets of stone came up.

"What did God give to Moses on the mountain?" inquired the teacher.

A boy waved his hand. "The ten commandos!" he shouted.

Farmer Finds War Is Tough Even In Sleep

PORTO ALEGRE, BRAZIL —(AP) Farmer Otavia Becker dreamed he was fighting with the Americans against the Germans, pulled out a loaded revolver that he always kept under his mattress, and shot himself in his sleep. He was only slightly wounded.

py Day" with a poppy sale all day in more prominent business places of Midland.

Civic Theater stage crew will rehearse at City-County auditorium.

USO dance for military men at the USO headquarters.

MIND Your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. Should you make a habit of smoking others' cigarettes instead of carrying your own?
2. At a tea or bridge party is it permissible to help yourself to the cigarettes the hostess has provided for the occasion?
3. Should you smoke in a confined and crowded space, such as an elevator?
4. If you are smoking out-of-doors, should you be extremely careful about the disposition of matches and cigaret stubs?
5. Should you make sure of an ashtray before lighting a cigaret indoors?

What would you do if—
Someone offers you a cigaret, although you are carrying your own—
(a) Accept it, anyway?
(b) Insist on smoking your own?

Answers:
1. No.
2. Of course. Unless you are a chain smoker, when it is more thoughtful to carry your own.
3. No.
4. Yes. Fires can be started very easily.
5. Yes.
Better "What Would You Do?" solution—(a) is more gracious. But (b), if you are in the habit of smoking one cigaret after another.

Cotton Suitables

Leave it to us to have fresh cottons for you! And leave it to us to bring you the smartest, most flattering styles! Crisp-fresh seersuckers, marvelous gingham plaids, Beau Brummel checks for busy mothers, war workers, career girls, and for dating. All wonderfully cool, crisp, wearable thru Summer.

The Yanks Have A Word For It--But It Usually Isn't An English Word

By Tom Wolf
NEA Staff Correspondent
LONDON—Wanted: by the U. S. Army in Britain—An American who speaks English. No kidding. It's so serious a matter that a joint Anglo-American committee is at this moment compiling an English-American dictionary so that we can understand each other's military requirements.

One example: Not long after American troops arrived here, Col. Wayne Allen, general purchasing agent, ETUSA, asked the British whether they could fill a large order for garbage cans. The British were sorry, but they didn't have any.

The following weekend the colonel was visiting a friend who had built a new garden. The colonel was especially impressed with the perfection of a series of circles which made up one section of his friend's garden. He asked how his host had made them. With the top

of a dust bin, replied the friend. When the colonel asked to see what a dust bin looked like, he found—you guessed it, a garbage can. He rushed to the phone, asked the War Office what the dust bin situation was, found there were plenty for every one. So the day—and many tons of precious shipping space—was saved.

This example, while it has become the quartermaster classic here, is by no means the only one.

The British turned down an American request for shoes on the basis that they had none—until they discovered that we meant "boots," which is the British name for any shoe which comes above the ankle.

Other items, selected at random, where British and American nomenclatures differ, are "dippers," which the British call "pannikins"; an American's "bench, wood," is the Britin's "form, g. s."; a "wool muffer" becomes a "cap comforter" in English; a "blow torch" a "brazing lamp."

It's not only nomenclatures that varies, but systems of weight and measurement. We measure nails by weight, the British by length. Moreover, our ton is 2000 pounds, whereas a British ton is 2400. The British army designates all drugs by their Latin names, so how was it to know that we wanted "Cleum morrhuae" when we asked for "cod liver oil"?

Of all the British bureaus with which we have dealt, none has been more convinced that we were completely mad than the Ministry

of Food, which we asked for a large order of cookies. The M. of F. thought a cookie was a girl (evidently remembering the song, "Lookie, lookie, lookie, here comes Cookie.")

An American quartermaster asked for a number of rat traps. Imagine his surprise the day they arrived, and turned out to be cats.

Well, here in England a cat IS a rat trap.

War Posters To Be Distributed By Scouts Here

Distribution of official government posters, furnished by the Office of War Information, to retail firms of the city will start Monday afternoon by Midland Boy Scouts. Paul A. Nelson, chairman of the Retailers Victory committee of the Chamber of Commerce, said Saturday.

The war posters will be distributed by the Scouts in line with the President's designation of the Boy Scouts of America as the official agency for the distribution of OWI posters and literature. The posters are shipped twice monthly to the Chamber of Commerce which serves as the clearing agency.

Don Betts, Boy Scout field executive, advised Nelson that three members of each Scout troop had been selected and would be ready to start the project Monday. Regular deliveries will be made each two weeks.

The business section has been divided into six districts, with Scouts to be assigned to each.

Nelson said the purpose of the poster program is to carry to the people, through the retailers who are in daily contact with them, regular messages from their government, telling them what they can do on the home front to help win the war. All stores receiving posters are asked to display them prominently.

Because pretty Miss Mildred Brown, above, joined the Marine Corps, another male leatherneck, like the one below, has been released for front line duty to bring nearer the day of victory and peace. Miss Brown was a shirt folder in a textile concern in civilian life but is now learning to be a leatherneck paint sprayer. There are thirty-six professions that are open to women in the Marine Corps, from hostesses, stenographers and cooks to light truck drivers and motion picture operators. Women need not have any special talent when they enlist, the Marine Corps teaches them. They will receive the regular Marine pay.

Producers Urged To Increase Feed Crops This Year

An appeal to farmers, dairymen and ranchers to utilize every effort and all available land to the production of feed in 1943 to help care for the nation's largest number of livestock in history has been received here by Oscar M. Fowler, rural rehabilitation supervisor for the Farm Security Administration.

With the total values of cattle, sheep, and hogs at all-time peaks, the problem of producing sufficient feed to care for the nation's record number of animals has increased, Fowler said.

"In urging farmers to utilize every possible acre for the production of livestock feed or pasture, we don't wish them to neglect their production of vital crops, especially oil crops, for the war effort," he said.

"We do ask, however, that farmers put every acre of their land into production in accordance with its best use. No land should be left idle this year which is suited to cultivation," he continued.

The Department of Agriculture is asking farmers to produce pasture crops to offset the shortage of protein feeds on the market, because pastures are a good source of proteins and they make possible cheaper gains for livestock producers.

Discussing the utilization of grain and row crop feeds to the best advantage, the FSA supervisor advises farmers to plan now for storage facilities which should be completed before the 1943 harvest. He said credit will be made available to farmers this year with which to construct trench silos and to construct up-right storage facilities.

Dog Catcher Will Be On Job Here Monday

City officials Saturday employed a dog catcher and warned he will be on the job Monday. The dog pound is located near the city dump near the Mexican sector.

Strict enforcement of the canine ordinance has been ordered and the dog catcher was instructed to follow it closely. It provides all dogs must be kept under control. A dog wearing a city license is not permitted to run at large in the city. However, owners of dogs with licenses are notified when their pets are picked up.

City officials and police have received many complaints in recent weeks of damage caused by dogs.

Remodeling Of City's Jail Is Completed

Remodeling of the city's jail has been completed and it now has wards for both men and women. The women's ward was constructed in the southwestern corner of the building. New plumbing has been installed to make the jail more sanitary.

Several "guests" were checked in Saturday.

Sensitive Touch Necessary In Art Of Bombardiering

Persons wanting that "personal touch" should take up bombardiering according to Aviation Cadet John H. Hearn of Shamrock, R. I. Duff fingers are necessary in the science of precision bombing. With the mere click of the thumb and first finger, thousands of pounds of block-buster bombs start their plunge earthward toward Axis targets.

Cadet Hearn finds that working with his hands in bombardiering is not as difficult as for some of the cadet bombardiers. He had worked as a propeller engineer at the large Hamilton Standard Propeller Company in Rhode Island before going into the armed services. His work there required the use of his hands to a large degree.

The 22-year-old Rhode Island bombardier cadet had charge of testing the propellers for oil leakage and balance. For example, in "feathering" or retreating the air drag on a propeller, the proficiency of a propeller to respond to changes in oil pressure is vitally important.

A former student at the Rhode Island College of Pharmacy, Cadet Hearn majored in chemistry and became a chemical plater. After the war, he hopes to return to commercial chemistry but now he is more satisfied to be studying for the job of Axis-busting.

Mrs. Bennie Scoggins and baby have returned to their home from the hospital here.

Wild horses existed in Europe as late as the 16th century.

Reclassification Of Registrants Will Be Completed In Few Days

Reclassification of Midland County Selective Service registrants is nearing completion, the draft board said Saturday.

All men 38 to 44 inclusive, who had been classified 4-H, are being reclassified. The H has been added to denote that they are 38 years of age or over.

Persons in 3-A before the order was issued passing up 38 year olds and then were put in 4-H and have not changed jobs will be in 3-A(H). This designation means that the person has dependents and is more than 38 years of age.

Persons 45 years of age and older are placed in 4-A.

Members of the board said reclassifications should be completed within a few days.

Lieutenant Bright Is Transportation Officer

Second Lt. James L. Bright, former commanding officer of the Detachment 908th Quartermaster Company at the Midland Army Air Field, is now on duty at the bombardier college as Post Transportation Officer.

Smith Found Guilty On Two More Counts

W. R. Smith, who Thursday was fined \$75 on two counts of swindling with worthless checks, Friday was assessed \$250 and costs on a third count and a six months jail sentence on the fourth.

Smith was charged with obtaining \$130 from a Midland bank by means of fraudulent checks.

Trade Of Civilians Being Sought By U. S. And Japan

WASHINGTON—(AP)—The State Department announced Saturday that the Japanese government had given "reason to hope that a second exchange of approximately 1,500 American civilians for an equal number of Japanese civilians held in the United States may be arranged."

Negotiations for further exchanges of Americans held in Japanese occupied territory and Japanese in the United States had been underway, the announcement said, since the first transfer took place last summer.

The State Department is locating the Japanese in the United States whom the Tokyo government desires to repatriate, the announcement said. Until that task is completed, the department said, it cannot indicate the date when the exchange may be accomplished.

Three Exchanges Sought

A number of citizens of other American republics and of Canada would be included in the transfer, as well as a number of Japanese from the Latin American republics and Canada.

The department said: "In its latest proposal the department suggested that a minimum of three more exchanges be agreed on, which would involve the repatriation of 1,500 on each exchange. The reply of the Japanese government indicates that that government prefers for the time being to limit consideration to one exchange, involving the repatriation of 1,500 persons on each side, and that subsequent exchanges be left for future consideration."

Firestone Victory Values SALE

YOUR OPPORTUNITY TO SAVE MONEY ON MERCHANDISE YOU NEED NOW

32-PIECE BREAKFAST SET

Regular Price 4.98

SPECIAL 3.69

- Sensational Saving!
- For A Limited Time Only!
- Cheery, Colorful Pattern!

Russians Start Dissolution Of Comintern Body

MOSCOW—(AP)—The Comintern, the organization which Lenin and his advanced revolutionary followers created in 1919 to mobilize working class parties throughout the world, announced its own dissolution Saturday in order to advance the cause against fascism.

The action, the most far-reaching yet taken in the swing toward full war cooperation between Soviet allies, was adopted by the Comintern's executive committee which explained that, because of inability to convene a congress under present war conditions, it was asking the various national sections to ratify the step.

A resolution adopted by the committee said the Communist International had been out-moded and had proved to be a drag, in some countries, on the "Further strengthening of the national working class parties."

The great lesson of the war, it added, was that "the general national uprising and mobilization of people for the speediest victory over the enemy can be best of all and most fruitfully carried out by the vanguard of the working class movement of each separate country working within the framework of its own country."

The announcement seemed to indicate that dissolution of the Comintern was no temporary war-time expediency but a final act of abolition.

Nazis Predict Revolution (A German radio broadcast said it was intended to aid the "kindling of a political revolution in Europe.")

Issue Is Mixed Up (LUBBOCK—(AP)—Sgt. Charles Miller of South Plains Army Air Field was issued a new shirt.

Bombardier Trio Will Compete In Bombing Olympic

Pvt. George Harris, at Ft. Leonard Wood, Mo., stands only as high as his rifle and bayonet. Standing 4 feet, 11 inches, he claims title to the Army's smallest soldier.

A trio of "hell from heaven men" will be laying their bombs in a pickle barrel Sunday in an effort to bring home to the bombardier school the trophy of Army Air Forces bombing olympic being staged at Childress.

The three cadet bombardiers, selected for their skill in laying their "eggs" where they want them to go, and for their coolness and precision, will compete against teams of three from each of the other bombardier schools in the country.

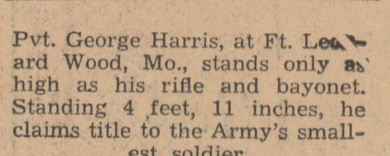

Competitors from the school here are Cadets Harvey L. Hoth, of Milwaukee, Wis., Peter Roccoia, Washington, D. C., and John P. Dempsey, Jackson Heights, New York.

Each selects a pilot. Each competing bombardier is permitted to select his pilot for the olympic, and the three selected were Lt. Ralph E. McCracken, Oklahoma City, Okla.; Flight Officer Herschel B. Smith, Gadsden, Ala., and Lt. Joseph B. Warren, Marshall, Texas.

Cadet photographers who will accompany the competing bombardiers to photograph bomb hits for scoring purposes are Cadets Rodney J. Gerrish, Brewer, Maine; Kenneth Martin Christensen, Warren, Pa., and Henry H. Gladys, Monessee, Pa.

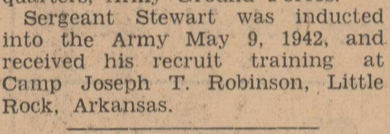

Also accompanying the group are three bombardier instructors, Lt. Charles M. Simpson, Dallas; Lt. James J. Kenney, Joliet, Ill., and Lt. Jib Black, Houston.

Drama Above The Clouds

Pat O'Brien blots out all skepticism in the mind of his buddy, Randolph Scott, by demonstrating the perfect marksmanship of the U. S. bomb sight in this scene from "Bombardier," starting Sunday at the Yucca Theater. Both are starred in this production, which has the bombing of Tokyo as a sensational climax.

To Guadalcanal

Maj. Gen. Oscar W. Griswold, former 4th Army Corps commander, has succeeded Maj. Gen. Alexander Patch as commander on Guadalcanal.

Scientists Test 'Block Busters'

LONDON—(AP)—A group of British scientists has completed one of the noisiest experiments of the war to answer the question, "Which is the more effective — one 8,000 pound bomb or two 4,000 pounders?"

They exploded ten 100-pound bombs on different types of surface and measured the blast. Then they got some 1,000-pounders and compared the blast effect with the smaller bombs.

The effect of the 100-pounders, they found, depended too much on the ground or material on which they fell. The 1,000-pounders were far more reliable.

They wanted to make further experiments with 4,000-pounders and 8,000-pounders but they could not find a big enough area of waste land on which to explode them.

They infer, however, that an 8,000-pounder does not have twice the blast effect of two 4,000-pounders. But it is far more concentrated and 100 per cent reliable, and is best for block busting over a limited area — the Krupp works at Essen, for instance.

Mysterious Skull Is Uncovered By Soldier

SOMEWHERE IN ENGLAND—(AP)—As a boy, Lieut. John Tait of Palmont, West Virginia, dreamed of such things as castles and knights.

So it was like a dream come true when his American Army unit moved into this quaint village and John's headquarters became an old English manor.

During the spare time John likes to ramble over the big house, tapping walls and panelling for secret passages—dreaming again boyhood dreams.

One day, while in the cellar, he pried open a door to what appeared to be a closet.

Instead he found a tunnel. Part of it had caved in but he managed to squirm his way through.

Poking in debris he came across a skull.

Some weeks later village folk told him this story:

Many years ago, a woman who lived at the manor was ordered by her husband to perform a certain important task. She refused and a heated argument followed. In a moment of wild rage, the man drew his sword and with a mighty sweep parted her head from her shoulders.

Gymnast's Shows More Thrilling Than Circus Act

By CHIP ROYAL AP Features Sports Writer NEW YORK—If you want to see a sport that is "even more spectacular than the circus," and has "all the thrills of the big top except spangles and lights," then you'll hurry to the next gymnastics exhibition.

That's the advice of Mrs. Roberta Bonniwell of Philadelphia, and she should know, for she has been one of the champ gymnasts for more than 25 years and is a recognized authority on the subject.

Ducking flying forms and tripping over mats, we cornered the athletic lady from the Quaker city at the National A. A. U. gymnastic championships held here recently in the West Side Y. M. C. A. Hard Practice Needed

"It takes a lot of hard practice and a combination of mind and muscle to fly through the air with the greatest of ease," said Mrs. Bonniwell, "and I don't know where you could find more sport thrills than in a gymnastic exhibition."

As the ex-gym queen spoke, pretty girls and husky men were doing tumblers and tumbles from flying rings and a leather horse.

"We have about 500 fans here tonight, many of them from Philadelphia and New Jersey. Look in on any meet and you'll find the same facts, for they follow the gymnasts wherever they go."

FITTON RODE JUMPERS NEW YORK—(NEA)—Lt. Gen. George S. Patton, who further distinguished himself in Tunisia, rode and owned jumping horses on the eastern Hunts circuit.

Two Men From Midland Complete Radio Course

MICHIGAN CITY, IND.—Future radio specialists in the Navy, two Midland, Texas, men have completed a month's refresher course at the Navy's pre-radio material school at the Naval Armory here.

They now will be transferred to a primary radio material school for further training.

The Midland graduates are Waldo Lawrence Grossman, husband of Mrs. Velma Louise Grossman, and Carroll Dale Melton, son of Mr. and Mrs. Roy V. Melton, 2300 West Wall Street.

Two Officers Arrive At Bombardier School

Two officers have arrived at the Midland Army Air Field and have been assigned to duties there, it was announced Saturday. First Lt. Melville P. Baker, formerly of Wright Field, Ohio, and Second Lt. John C. Minott of Foster Field, Texas, have been assigned to duties with the Department of Training at the bombardier college.

Blackout Bosses Are Warned To Black Out

LARAMIE, WYO.—(AP)—There is no partiality in enforcing Laramie blackout regulations. Hardly had lights been extinguished in a recent blackout before Air Raid Warden Charles Newton notified the control room of the civilian defense committee in the basement of the courthouse that light was showing from its window.

New Service Manager For Elder Chevrolet

C. T. Bird has joined the staff of the Elder Chevrolet Company as service manager. He formerly was service manager for the Watkins Motor Company in El Paso.

Canteen Corps Will Serve Men's Club

The Episcopal Men's Club of Trinity Episcopal Church will meet at 7 p. m., Wednesday at the First Presbyterian Church for supper. The Red Cross Canteen Corps will serve the dinner.

Bootlegger's Alibi Fails To Move Judge

KNOXVILLE, TENN.—(AP)—Police efficiency in enforcing Knox county's anti-liquor laws is no excuse for financial trouble—not in Circuit Judge Taylor Cox's court. A petitioner, asking reduction in the amount of support payments to a wife and two children, pleaded that because of ill health he could engage only in bootlegging and that "the nature of the law enforcement in the city and county" denied him this means of livelihood.

Ferrell J. Stewart Receives Promotion

WASHINGTON—Sergeant Technician Ferrell J. Stewart, son of Mrs. Budie Stewart of Midland, Texas, has been promoted to staff sergeant technician. It was announced here Saturday at Headquarters, Army Ground Forces.

Sergeant Stewart was inducted into the Army May 9, 1942, and received his recruit training at Camp Joseph T. Robinson, Little Rock, Arkansas.

Mrs. Elizabeth McFarland, who has been ill in the hospital here, has returned to her home.

Lowest-Paid Army Private Receives \$1,700 Per Year, OWI Report Shows

WASHINGTON—(AP)—An estimate that the lowest paid Army private receives the equivalent of \$1,700 a year came Saturday night from the Office of War Information.

OWI said the estimate was made by Rep. Patman (D-Tex.), assisted by the War and Navy departments and the Veterans Administration.

It gave the following breakdown: Soldiers cash income at \$50 a month, \$600; food, figured at \$1.50 a day, \$574.50; barracks shelter (\$10 monthly), \$120; equipment and replacement, \$170; medical, dental and hospital care, \$100; saved on life insurance, \$63.40; saved in cigarettes, \$10.95; saved on postage and bar bills, \$28.65.

Reviewing various rights and privileges of service men, OWI said: "Acts of Congress pertaining to the welfare of service men and their families, state laws and the program of the American Red Cross provide: "A service man's civil liabilities, such as income tax, suits for debts, and insurance premium payments, are suspended and remain suspended until six months after the war."

"He is eligible for unemployment compensation in 44 states and Hawaii in the event he is unable to find employment on being discharged from the service."

"His former employer is required by law to reinstate him to his job and seniority rights upon discharge from the service. He will be given civil preference in seeking employment with the national government."

"He may receive free medical and hospital care after the war. If wounded or injured he may be eligible for veterans pension commensurate with his degree of disability and to vocational rehabilitation and placement in employment."
