Business Organization

It is one of the most common-
place and accepted facts of modern
community life that you have to
organize some kind of a movement
if you want to get anything done.

But you take the same idea and
get an organized movement behind
it, and people feel it represents pub-
lic sentiment and they do not rally
to it.

If you want to promote combin-
ed action among the business men,
if you want the town letter adver-
tised, if you want more effort to
draw in trade, if you want new
enterprises and industrial expansion,
if you want anything to make a
town's business grow, you have to
organize some kind of movement or
association to promote such proj-
ects.

Every community thus needs some
kind of a permanent organization,
the function of which is to promote
the welfare of its business, to remove
obstacles that interfere with its
growth, to obtain the power and
resources of a combined movement,
and unite all forces that are avail-
able to develop a community.

This truth is so generally realized
that the great majority of towns
now have their Chambers of Com-
merce or Boards of Trade or some-
thing of that type, which promote
harmonious and effective action
among the business people and
citizens generally. Such organiza-
tions should be handsomely sup-
ported. They will not run without a
fair amount of money. They can
not get results unless a good number
of citizens are willing to put consid-
erable work into them.

FORD PHILANTHROPY

It was almost inevitable that
Henry Ford should sooner or later
adopt some plan for devoting a part
of his great fortune to the service
of mankind. His plan was announced
just recently, and involves the spend-
ing of some \$100,000,000 for the
founding of schools, and giving the
rest of his active life to the cause of
education.

He said that some of the schools
would be large institutions and that
they would be placed in different
parts of the country, but that the
number had not been decided. His
principal object was stated to be the
assistance of young men to find
suitable places in the world.

That the proposed Ford schools
will stress the practical side of edu-
cation was also indicated by the
donor's expressed belief that every-
one should learn a trade, so as to be
able to find employment in at least
one line of useful effort.

As a hint to those who may feel

"Things I Ate Hurt Me"

"I HAD a severe
case of indiges-
tion," says Mrs.
Bell Buckheiser,
7 River St., Pied-
mont, S. C. "So
many things
that I ate hurt
me, I almost
quit eating.
'I would burn
in my chest. I had severe
headache, and such a tight
smothering feeling. I would
be obliged to eat a little,
then it would hurt me.
'A friend said to me:
'Why don't you take Black-
Draught?'
'I was just too weak then
to do my work. I began tak-
ing small doses after meals,
and in just a few weeks I
could eat anything I wanted
to, then take my small dose
of Black-Draught and feel
fine. I soon regained my
health and strength.'
Costs only 1 cent a dose.

vice concerning his program. Mr.
Ford says that he intends to invest
his money in his own way, and does
not care for any suggestions from
persons who never made or saved a
dollar themselves.

ADVERTISING YOUR HOME TOWN

The following is taken from the
American Banker's Magazine, and is
respectfully submitted to our local
business men:

No business man in any town
should allow a newspaper published
in his town to go without his name
and business being mentioned some-
where in its columns.

This applies to all kinds of busi-
ness and professional men. It does
not mean that one should have a
whole, half, or even a quarter page

ad in each issue of the paper, but
your name should be mentioned, if
you do not use more than a two-line
space.

"A stranger picking up a news-
paper should be able to tell what
business is represented in the town
by looking at a paper. This is the
best possible advertiser.

"The man who does not advertise
his business does an injustice to him-
self and the town. The life of the
town depends upon the live, wide-
awake liberal advertising business
man."

Another sign of spring. The big
league ball clubs have started their
training.

Women, according to a new social
edict, will use perfumes to match
their complexions. Now watch for
some wise guy to say that the ladies
at last have acquired some scents.

The best thing the naval confer-
ence could do would be to disarm
the nations of suspicion.

French girls at the London naval
conference are said to be enraged
because the newspapers print more
pictures of the American girls. May-
be there isn't enough dash to the
French dressing.

Maybe they call them Wall Street
lambs because they get fleeced so
regularly.

Sunday 11:00 a. m. Preaching service, subject: "THE
PROFUS REFORMATION AND THE RISE OF PROTESTANT
DENOMINATIONS."

In our study of Matthew, we have come to scriptures
18:10; 18:17) that inform us that Christ built and gave au-
thority to a church while on earth. We are spending several
days tracing that church down through the ages and comparing
with other religious bodies. Last Sunday we dealt with the
growth of the Catholic church. Next Sunday the following
thoughts will be discussed:

1. A brief review of the outstanding doctrines of the
Catholic church. In this review we will examine the
the Pope exercised in substituting sprinkling for immersion.
will remember Cardinal Gibbons, a noted scholar and
Catholic in the United States to be made a cardinal in
Faith of Our Fathers," p. 278, says: "Since the Twelfth
the practice of affusion has prevailed in the Catholic church
this manner is attended with less inconvenience than bap-
tism." Catholic scholars defend this change on the
that the keys of the kingdom were given to Peter, th
with the promise that what ever change he made on earth
be recognized in heaven. Does this scripture give any
right to change such a sacred ordinance? Come and see.

2. The terrible persecutions that brought on the Reforma-

3. Martin Luther, a converted Roman Catholic, becom-
lion hearted preacher of the Reformation.

4. Henry VIII, a hypocrite, adulterer and murder-

5. John Calvin, the greatest scholar of his day and a
doctrinal preacher.

6. John Wesley, born 1703, reared in the Church of En-
trained to be a preacher, preached several years before he

for Christ.

**An Ordinance Regulating the Construction, Alteration, Maintenance, Repair and Removal of Buildings Within the City of Haskell, Texas, and Prescribing a Penalty for Violations thereof and Declaring an Emergency.**  
**BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HASKELL, TEXAS:**  
Section 1: Before the erection, construction, alteration, or repair of any building, structure, or wall of any part thereof or of any platform, staging or flooring to be used for standing or seating purposes is commenced, within the limits of the city of Haskell, Texas, the owner or lessee or agent or either or the architect or builder employed by such owner or lessee in connection with the proposed erection, alteration or repair, shall apply to the City Secretary of the City of Haskell, Texas, for a permit to do such work. The application for such permit shall be made on a blank form furnished by such City Secretary and shall state the exact site to be occupied by the new building, or if an old building is to be repaired or altered, then the site occupied by such old building, the material to be used, the dimensions and estimated cost of such buildings, alterations or repairs or structure or work to be done and the probable time consumed in such work or erection of said building.

Section 2: Work must be commenced under any permit granted by the City Secretary within six months after the same is granted or all rights thereunder will be barred by limitation.  
Section 3: Every person, firm or corporation violating any provision of this ordinance shall be deemed guilty of a misdemeanor and upon conviction therefor shall be fined in any sum not exceeding One Hundred Dollars.

Section 4: The fact that there is now no sufficient building ordinance in the City of Haskell, Texas, and the further fact that there is now urgent demand for such ordinance for the protection of the inhabitants of said city, creates an emergency and an imperative public necessity that the rules requiring ordinances to be read at two stated meetings and not to become effective until ten days after publication, be suspended, and such rules are hereby suspended, and this ordinance is passed on second reading and final passage, and shall take effect and be in force from and after final passage and publication, and it is so enacted and ordained.  
Passed and approved, this the 29th day of February, A. D. 1930.

# ANALYZE THE ALLOWANCE ON YOUR USED CAR

*If a dealer pays you more than the true worth of the car he must make up the difference by extra charges on the new car or re-sell it to some one else at too high a price*

**P**ERMANENT value is always better than a temporary bargain in the purchase of an automobile. It pays to look ahead and consider reliability and ultimate up-keep costs, as well as comfort, safety, speed, and beauty of line and color.

You may not get the largest used-car allowance from the Ford dealer, but that very fact should give you confidence that you are receiving full value in the new car. Ford charges are not marked up or increased to cover a high trade-in allowance on your old car.

Since most automobiles are bought for replacement, the value set on your used car is a factor in almost every purchase. Frequently it is given an importance beyond its true worth.

Because there is no waste, extravagance or undue profit in manufacturing, distribution or selling, every dollar you pay for a Ford car is a full dollar in return. In lower first cost, in reliability and long life, in the low cost of operation, service and replacement parts, the Ford will save you much more than the seeming difference in trade allowance.

Used cars have a definite market value and you are justly entitled to an allowance based on that value. It is not fair that you receive less. It is not to your best interests to receive more.

**I**F a dealer pays you more than the true worth of the car he must either re-sell it to some one else at too high a price or make up the difference on the new car. This he cannot do unless he is allowed an excessive profit on the car or on financing, extra equipment and other charges. In either case, you pay the bill, for no way has yet been found to give something for nothing. The money must come from somewhere.

**F**URTHERMORE, at least \$75 extra value is given to you in the new Ford in the Triplex shatter-proof glass windshield, the Rustless Steel, the five steel-spoke wheels, and the four Houdaille hydraulic double-acting shock absorbers. The unusually large number of ball and roller bearings, and the extensive use of fine steel forgings instead of castings or stampings, are other features that show the extra quality built into the Ford car.

## Minimum of Waste in Sardine-Canning Plant

In a Down East sardine canning factory the only thing that is wasted is the odor. That may not be a dead loss, for there are persons who assert they like the smell of a sardine factory. The scales are sold to the manufacturers of artificial pearls. The fish meal is in demand in Germany and in this country. The waste oil is collected and utilized in the production of paints and varnishes. Even the th cuttings from the cans are baled and shipped to England for reprocessing into new sheets of the metal.

Down East sardines are sent to 35 different countries. In Java, when representatives sought a new market, the natives would have nothing to do with the "little fishes boiled in oil." Two hundred free cases were offered if the prospective customers would place a 1,000 case order. At last the deal was made. The sardines were heaped high on trucks, together with a band of native musicians, taken from bazaar to bazaar and sold. Thus introduced, there was no further difficulty in adding Java to the list of sardine consumers.—New York Times.

## Hard to Grasp Facts of the Stellar System

At first the brain reels a little in the attempt to grasp the facts of the stellar system, even explained with the lucidity and exactness of which Sir James Jeans is a master. From the vast extensions of the sky he carries us into the inmost recesses of the atom, where the electron whirled around its peripatetic several thousand million times every second. These numbers, says the London Spectator, are but dabble painting, and it is simpler to say that the electron travels as far in a second as our latest scapular travels in an hour. Sir James Jeans has a happy facility in such comparisons, and forcibly strikes the imagination when he tells us that if the carbon atom were magnified to the size of Waterloo, its electrons would be represented by six wasps flying round in the vast vacuity. All the rest is emptiness; and so in the colossal spaces it is immense odds against any given spot being occupied. "We live in a gossamer universe; pattern, plan and design are there in abundance, but solid substance is rare."

## One of Life's Tragedies

They sat gazing into each other's eyes. At last he slipped from the sofa and, kneeling at her feet, gave utterance to the sweeping thoughts that were swelling up his mind.

"Darling," he said, "sometimes I think how lucky I was to be born in the same century as you, to have met you. It seems as if Fate had intended us for each other since the beginning of time, and that at last the great design has been completed in our love. It has been Fate, my dearest, Fate."

"Age," she replied, a little wistfully, "it was fate all right. Your fate. If I hadn't tripped over your fair hands on the bus—"

And they pondered over the tragedy of might have been.—London Times.

## Salsamanship

Pragmatist Dumbly Ross remarks that a very attentive listener might on some occasions be lulled by the emotional value of a salsam.

"Let's talk about this salsam thing," says an old farmer, "so that the children may have the same story."

A few years later, Dumbly Ross, after a long absence, returns to his home, and is surprised to find that the salsam has become a thing of the past.

"What's gone wrong with this salsam thing?" asks the old farmer, "the children just learn three axes to it."

## PREBYTERIAN CHURCH E. L. Baker, Pastor

March 2nd was observed as Young People's Day with an impressive program by the young people at the evening service. A Pantomime "The Challenge of the Voice" was given, in which about twenty-five young people took part. The program was well rendered and was enjoyed by a large crowd.

The monthly social meeting of the W. W. W. Class of young ladies will be at the Manse Friday evening at 7:30.

Services next Sunday will be at the regular hours: 11 a. m. and 7:30 p. m. with Prayer Meeting Wednesday evening at 7:30. Sunday School each Sunday morning at 9:45. The workers council will meet Wednesday at 6:30 p. m.

Evangelistic services will be held for one week beginning on March 23rd. Rev. L. O. Cunningham, a former pastor here will preach each evening. The public is most cordially invited to hear him.

## FIRST CHRISTIAN CHURCH

Bible School 9:45 a. m.  
Preaching and Communion 11:00 a. m.  
Preaching 7:15 p. m.

The subject of the Bible School lesson for March 9th is The Parable of the Sower, and the lesson material is taken from Matthew 13:1-23. A parable is a simile or comparison. At the request of the disciples, Jesus interpreted the parables of the Sower and of the Tares, the only

two parables interpreted for us. The central truth Jesus intends to teach in the Sower is that the growth of the Kingdom of God varies in different places according to the differences in the men who hear its truths taught. If you are not attending Bible School, you are given a cordial invitation to come and learn more about the wonderful parable of the Sower.

Following the Bible School will be the regular preaching and communion service. Do not fail to attend the Lord's Supper on the first day of the week. The early Christians did not fail, and you should not fail.

### WASHABLE RUGS FOR EVERY ROOM

by VIRGINIA SMITH

Two of the many modern washable cotton chenille rugs in the new color scheme. They come in a wide range of designs, and can be used in any room. Some are the production of the old-fashioned rug weavers.

ONE of the most interesting and remarkable developments in the manufacture of floor coverings is a cotton chenille rug that is modern in design and color and impervious to the hardest kind of laundering.

The rugs pictured above are two of various types that have been developed in perfecting a surface rug that will not fade or lose its shine in any degree after being washed in a commercial laundry. The sounds almost too good to be true. Yet, it is a fact that these rugs have been tested for many months in cleaning laboratories and have been found to be more resistant than those used by the most relentless laundry and have emerged bright and smiling.

Even after repeated launderings they continue to retain their brightness and their nap. Most important of all, they lie flat on the floor.

These rugs come in a wide range of patterns, sizes and colors. Some are most modernistic in design and others are reproductions of the old-fashioned braided rugs. So it is an easy matter to find types that will blend with any color scheme or harmonize with other ultra modern or conservative interior decoration.

## CARD OF THANKS

We wish to thank our friends and neighbors for their kindness and help rendered us during the illness of little Sarline. Especially do we thank Dr. Taylor, the Ladies of the Baptist Church and Bro. Whatley's Sunday School Class. May God bless all of you is our prayer.

Mrs. C. O. Crandall and children.

R. R. English and family of Plainview visited relatives and friends here Saturday and Sunday, returning to Plainview Sunday afternoon. Mrs. S. A. Hughes, mother of Mrs. English, accompanied them home for an extended visit. She will also visit the family of W. E. Kirkpatrick of Demmitt, before returning home.

Rev. and Mrs. J. C. Parks and daughter Mary Louise returned Roscoe Saturday where they visited relatives.

## HISTORY IN 500 WORDS

Much comment has been caused by the recent announcement that former President Coolidge had been asked to write a history of the United States in 500 words, these words to be carved in stone on Mount Rushmore Memorial in South Dakota.

It was wondered how Mr. Coolidge, even with his unusual knack for terse expression, could condense so much into a few words. Now the task has been simplified for him by the commission in charge of the memorial, which has decided that the "history" shall be limited to the consideration of only eight events in the life of the nation. They are these:

Declaration of Independence, 1776; the framing of the Constitution, 1787; the Louisiana Purchase, 1803; the admission of Texas as a State, 1845; the Oregon boundary settlement, 1846; the admission of California as a State, 1850; the end of the Civil War, 1865; the completion of the Panama canal, 1914.

Whether these are the most important incidents in our history or not, they furnish ample material upon which Mr. Coolidge may exercise his talent for condensation.

## SPRING THOUGHTS

If people were strictly philosophical they would find all seasons and all kinds of weather alike to their unclouded spirits. They would be strong and optimistic even when skies are darkest and weather chilliest.

But, being human, they are sensitive to their environment. They are happier in sunshine than in storm. And so it has always been human nature to consider the springtime as the most hopeful season. People get a reaction from the changes of nature, the ascent of the sun to higher altitudes, the growing warmth, the return of bird favorites, the revival of nature, the prospects for coming harvest.

These changes indicate a rising tide on the part of nature. As the flowing tide of the ocean fills the

flats and hollows, so the revived activity of nature, puts new energy into people's minds and hearts. It is a great time for new beginnings. Let us all have some here in Haskell.

## IS HAPPIEST WOMAN IN WICHITA FALLS MRS. JACKSON SAYS

Feels She Would Be Ungrateful Not To Tell Others of Orgatone

"I believe I'm the happiest woman in Wichita Falls, today, and it's all because of what Orgatone has done for me," said Mrs. Blanche Jackson, residing at 606 Travis, in conversation with the Orgatone representative.

"When asked if she objected to having her statement published, Mrs. Jackson said: 'No, indeed, go right ahead and put it in the papers—it would be ungrateful not to tell other suffering people about this wonderful medicine,' continuing she said:

"For several years I suffered from a complication of trouble, which finally developed into a general run-down nervous condition. I had awful pains in my side which I was told was caused from gall bladder disorder. I took all kinds of medicine and treatments but just continued to get worse all the time and I hardly ever had a minute's peace. I was so nervous and restless, I upset a great deal of the time, and it seemed impossible to get a good night's sleep.

"Orgatone was recommended so highly by people right here in Wichita Falls by people who have used it I decided to give it a trial, and it is simply wonderful what this medicine did for me. I began to feel better after the first few doses, my nerves became calm and I could sleep better. As I continued

taking the medicine all the pains in my sides and stomach disappeared, and my strength has been returning rapidly. My stomach seems to be in perfect condition, and I'm like a different woman. I am recommending this wonderful medicine to

all my friends and if everybody knew what a fine medicine Orgatone is there would be less suffering in this world."

Genuine Orgatone may be obtained in Haskell at the Oates Drug Store.

# WHY Risk Loss By FIRE

It's so needless to take a chance when safety may be purchased at a few cents a day. Yearly, experience proves the value of Fire Insurance. The wails and moans of the uninsured contrast vividly with the satisfaction of those compensated for their losses.

Punch was served with small cakes in hatchet molds. Mrs. E. Gaston Foote has charge of the Senior Epworth League and sponsored this movement of starting a worthy library. We are told by those in authority that there are three major ways of acquiring an education, 1st, by the usual route, through the schools and colleges, 2nd, through travel and 3rd, by the reading of good books.

## Cottonwood H. D. Club.

The Cottonwood H. D. Club met with Mrs. Floyd Maxwell last Thursday, Feb. 27th, with eleven members present and one visitor, Mrs. Maud Howard.

Every member paid their 50c for the year books. Every one had a nice time. They discussed planting in a hot bed. Our agent wasn't present so each member told their own ideas of the hot bed. Most all of our club women have hot beds. So you see we are planning on the club being of some benefit to each of us this year.

Then they discussed the budget for the fair.

Our next meeting will be with Mrs. J. L. Mayfield. Every one come and bring someone with you as Miss Partlow will be with us the 13th of March.

## Master Ben Clifton Celebrates Seventh Birthday.

On Tuesday afternoon of this week from 3 until 5 Master Ben Clifton celebrated his seventh birthday in his home with a crowd of his little friends. their LIVES are in YOUR HANDS!

DOWNY LITTLE THINGS... not long out of their shells... how much they must depend on you for the things they need to live and get big. They need a feed filled with nourishment. A feed which will build bones quickly... building muscles strong... change fuzz to feathers in a hurry... all this they demand... and yet their little crops can handle only one tiny thimbleful of feed a day! What a job for feed!

Consider Purina Chick Startena (mash) for this job! In every thimbleful are twelve ingredients! Cod-liver oil... dried buttermilk... alfalfa flour... granulated meat... these and eight others are there... each one with a real job to do. Purina Startena is mixed over and over again... 960 times just to be thorough! And you will find the same care taken with 'Baby Chick Chow (scratch)... to be fed with Startena.

Your chicks... what they do for themselves... what they do for you... is entirely in your hands. They eat so little... yet it counts so much... that you can afford to do only one thing... feed Purina Chick Startena!

## SCHOLASTIC CENSUS FOR COUNTY BEING TAKEN THIS MONTH

The county scholastic census was started Saturday March 1st, according to County Superintendent Miss Minnie Ellis, and will continue through the entire month of March. Parents should see that their children are enrolled in the district in which they belong, in order that funds for the various districts may be equitably apportioned. The census will include, for the first time in the history of Texas, children who are six years of age or over before August 31, 1936.

### F. M. Robertson For Re-Election County Attorney

We are authorized this week to place the name of F. M. (French) Robertson in our announcement column as a candidate for re-election for his second term to the office of County Attorney, subject to the action of the Democratic Primary in July.

Mr. Robertson is now serving his first term in this responsible office, and his record is one of faithful and efficient service in the discharge of the many duties of the office, a record that speaks well for his ability and is a credit to the county which he serves. His experience during his first term has also better qualified and acquainted him with the duties of the office in every particular.

According to Democratic custom, it is probable that Mr. Robertson will have no opponent for the office which he seeks, as we believe it can be said without fear of contradiction that he has made the county a faithful and efficient County Attorney in every particular and is entitled to his second term. However, he states that regardless of whether he has an opponent or not, that he will appreciate the support and influence of every voter in the county and will endeavor to see them before the coming primary.

We take pleasure in presenting his candidacy to our readers and bespeak for him the earnest consideration of the voters of Haskell county.

## FREIGHT TRUCK IS DAMAGED SLIGHTLY BY FIRE WEDNESDAY

The fire department was called to the south part of town Wednesday afternoon, when a large freight truck belonging to the Plunkett Company had caught fire from an overheated exhaust and it was thought the truck and cargo might be destroyed by the flames. The driver of the truck however, had extinguished the blaze before the fire apparatus arrived. The truck was towed to a local garage and repairs made, with little damage reported from the fire.

The fire department received a gift of \$10.00 this week from J. C. Montgomery, as an appreciation of their work when his barn caught fire several days ago.

### Second Annual West Texas High School Voice Contest Soon

The second annual West Texas high school voice contest will be held at Simmons University April 26, it is announced by Prof. William James Work, head of the Simmons voice department, director of the meet.

This meet is held for high school seniors who graduate this June and the prizes entitle the winners to full and part time scholarships in the Simmons school of voice. First prize is a full scholarship under Prof. Work, second prize is a half scholarship and third prize is a fourth scholarship.

On the same day an open tournament will be held, the winner to receive a scholarship in the Chicago Musical College for the coming summer during the six weeks Master School, to be held there. This is sponsored by the Chicago school through Prof. Work, who has signed contracts to teach there during the summer for the next three years. Anyone is eligible for this contest.

French Robertson and Tom Davis of this city, attended court in Argemont Monday.

Mr. J. F. Kennedy and daughter, Miss Myrtle visited in the home of Mr. and Mrs. Clyde Gordon of Robt Sunday afternoon.

### A DEFINITION OF COTTON

Cotton is the overcoat of a seed that is planted and grown in the southern states to keep the producer broke and the buyer razy. The fibre varies in color and weight, and the man who can guess nearest the length of a fibre is called a cotton man by the public, a fool by the farmer, and a poor business man by his creditors. The price of cotton is fixed in New York, and goes up when you have sold, and down when you have bought. A buyer working for a group of mills in the South was sent to New York to watch the cotton market. And after a few days deliberation wired his firm as follows: "Some think it will go up, some think it will go down. I do too. Whatever you do will be wrong. Act at once." Cotton is planted in the spring, mortgaged in the summer, and left in the field in winter. Credit lost.

## STAMFORD CHILD DIES SATURDAY EFFECTS OF BURNS

Gean Astin, 3-year-old daughter of Mr. and Mrs. A. R. Astin of Stamford, died in a Stamford sanitarium Saturday morning from burns received Friday afternoon when her clothes caught fire while she was playing with two other small children at her parent's home.

Attracted by frantic screams, Mrs. Astin found her baby in the yard, her clothing ablaze. It is believed that Gean and her playmates found some matches and ignited them.

Funeral services were held at the First Baptist Church in Stamford at 2 p. m. Sunday, with burial in Highland Cemetery.

## Men Will Have Charge of Chris- tian Church S. S.

The Men's Bible Class of the First Christian Church will have charge of the Sunday School next Sunday morning. A man will lead the singing, a man will act as Superintendent of the School, men will do the singing and a man will be at the piano. Come and see for yourself what the men can do without the assistance of the ladies. Wonders will never cease if these men can succeed without the assistance of the ladies. Every man in Haskell, who is not in Sunday School is invited. The ladies and the young folks will all be there, because they expect to try their hands at this game on the following Sundays. Plan now to be there. It will be worth your time.

### 25 Representatives of Maytag Stores Enjoy Banquet Here

About 25 members of the Maytag organization were guests of the Haskell Maytag Store Saturday night at a banquet and get-together business meeting. The banquet was served at the Elks Cafe, and old-time "fiddle" music was enjoyed during the meal, after which the guests retired to the local store for an enthusiastic meeting and discussion of their problems. Several district managers, including Mr. Kilpatrick of Olney, Mr. Rattan of Abilene, and Division Manager Sam Israel of Dallas, were guest at the meeting. A. F. Hill, manager of the Haskell store, was in charge of the evening's program.

### Gillispie School Building Burned

Last week's issue carried an article stating that the Lone Star school was destroyed by fire Wednesday night, when it later developed after the paper was on the press that the school building burned was the Gillispie school in Knox County, several miles from the Lone Star school.

Mrs. Frank Kennedy and children visited with Mrs. Kennedy's parents, Mr. and Mrs. Sam Turnbow of Old Glory, Sunday.

French Robertson and Tom Davis of this city, attended court in Argemont Monday.

Mr. and Mrs. Sam A. Roberts spent Wednesday and Thursday in O'Donnell.

## A. H. KING TO RUN FOR COMMISSIONER OF AGRICULTURE

Formal announcement of his candidacy for State Commissioner of Agriculture was made at Austin Saturday by Representative A. H. King of Throckmorton.

King accompanied his announcement with an application to D. W. Wilcox of Georgetown, chairman of the state executive Democratic committee, for a place on the 1936 primary ballot.

King has been a member of the legislature for the past 10 years. He is chairman of the house penitentiary committee, and has been a leader in the fight against Governor Moody's plan to build an industrial unit of the prison near Austin.

### Joe A. Jones For Re-Election Second Term County Judge

We take pleasure in calling the attention of our readers this week to the name of Joe A. Jones in our announcement column as a candidate for re-election as County Judge, subject to the action of the Democratic primary in July.

Mr. Jones is now serving his first term as County Judge, and his administration is one which reflects credit upon both our county and himself. His record is one of faithful, conscientious and diligent service in the discharge of the duties of his important office. His experience of the past year has better acquainted him with the duties of the office, and likewise adds to his qualifications.

In connection with his announcement, we present the following statement from Mr. Jones, and take pleasure in bespeaking for his candidacy the earnest consideration of every voter of the county.

"To The People of Haskell County:

In offering myself as a candidate for re-election to the office of County Judge of Haskell County, subject to the wishes of the voters as may be expressed by their ballots at the coming primary election, I do so with the full consciousness of having served you to the best of my ability during the past fourteen months, and I pledge to you a continued faithful service during the remainder of this term. Should you see fit to again honor me with this responsible trust I shall not fail you in the fullest measure of appreciation, or in a sincere endeavor to discharge the duties of the office with fidelity, and an increased efficiency.

"I will not be able to make a general canvas of the county without neglecting some of my official duties, and this I feel sure you would not have me do, so I hope you will consider this announcement as a personal solicitation of your vote at the forthcoming primaries.

Faithfully yours,  
Joe A. Jones."

## EMORY MENEFFEE BUYS INTEREST IN ABSTRACT FIRM

Emory Meneffee of this city, former County Clerk, has purchased the interest of H. S. Wilson in the abstract firm of Sanders & Wilson, according to announcement made this week. The concern will be operated under the firm name of Sanders & Meneffee in the future, Judge P. D. Sanders retaining his interest in the firm.

The business will be conducted along the same lines as in the past, and the new owners solicit a share of the patronage of all in need of their services.

Mrs. W. E. Welsh of this city received slight injuries Wednesday night when she fell from an automobile in which she and Mr. Welsh were returning from Houston. The accident occurred near Munday, and the injured woman was given medical attention in that city and brought to her home here Wednesday night. At last report she was resting well and no ill effects are expected to result from her injuries.

### Farm Home Burned Wednesday

The home of J. P. Caldwell, known as the Grison place, was destroyed by fire Wednesday afternoon about 1:30. The house and practically all its contents were lost in the fire.

## BANKERS OF FOUR COUNTIES ATTEND MEETING HERE

He will preach the opening sermon in the new Methodist Church at Throckmorton Sunday morning and will preach here Sunday evening. This will be the Bishop's first visit to Haskell and Methodists from all over Haskell County who are anxious to hear Bishop Moore are invited to be present.

Mr. Robert J. Kennedy, singer in the revival beginning Sunday will lead in the song service which will start promptly at 7:15 p. m.

## RULE LOAN HEAD ANNOUNCES CUT IN INTEREST RATE

Mr. W. H. McCandless Secy-Treas. of the Rule National Farm Loan Association of Rule, Texas has received advice from the Federal Land Bank of Houston, Texas that on all loans closed after March 1st the rate will be reduced to 5 1/2 per cent. We remember that in 1917 the late Federal Land Act was passed our farmers were paying from 8 per cent to 10 per cent on bonded indebtedness, since that date interests have gradually come down, however rates have fluctuated with the Bank from 5 to 6 per cent but at no time above 6 per cent and only at short intervals has the Bank had a 6 per cent rate. The average saving to the borrowers on land is from 2 to 3 per cent per annum. This means from \$1000 to \$1500 per \$1000 borrowed. The Rule National Farm Loan Association has loaned more than One Million Dollars to farmers in Haskell, Knox and Stone-wall Counties thereby saving these borrowers approximately \$25,000 in interest each year. This association has never had a foreclosure, and is classed No. 1 by the Bank which is the highest classification scheduled. This speaks well for our farmers who receive the benefits of the Federal Land Bank as they are a class that meet their obligations and appreciate the cheap loans with long time to pay with the most liberal options offered.

John Draper left Tuesday for Abilene, where he will assume active duty as a member of the recently created State Highway Patrol. He has been in Austin for the last six weeks attending a training school, and spent several days with his family here before going to Abilene. Mr. Draper has been assigned the San Angelo section for duty, together with another member of the patrol, and both men will make headquarters in that city.

Mr. and Mrs. C. C. Grison of this city were business visitors in Stamford Wednesday of last week.

Seventy-three bankers from four counties of this section were guests of Haskell Monday, when they gathered here for the annual meeting of the Haskell-Knox-Baylor and Throckmorton County Bankers Association.

Discussion of problems confronting the bankers, business men and farmers of this section were discussed during the day. A fifteen per cent reduction in cotton acreage was strongly urged in a resolution adopted during the all-day session.

Lynn Talley, governor of the Federal Reserve Bank, Dallas was the honor guest and principal speaker of the day. The meeting was opened at 9:30 Monday morning at the city hall, with O. E. Patterson of the Haskell National Bank of this city and president of the association in charge. Following the invocation by Rev. G. R. Forrester, Mayor T. C. Cahill welcomed the delegates, and response was given by George Plants of Seymour.

Talks were made by O. E. Patterson, J. R. Pratt, Jr., of Stamford, and R. E. Baskin of Seymour. The visitors were guests at a luncheon at the First Christian Church served by the ladies of the church under the auspices of the local banks, R. C. Couch of the Farmers State Bank presiding as toastmaster.

Golf and a theatre party for the bankers and their wives were the principal features on the afternoon program.

The next meeting of the Association on Labor Day, the association unanimously accepting an invitation extended by Graydon Eubanks, Throckmorton banker, in behalf of his city.
