

Stalin Says Second Front Nearing

Japs Lose Ships

Two Cruisers Sunk, Ten Other Vessels Hit As Allies Batter Reinforcements From Truk

SOUTHWEST PACIFIC ALLIED HEADQUARTERS — (P) — Two Japanese cruisers have been sunk, seven cruisers, two destroyers and two large cargo vessels damaged in the first stages of the Allied air smash at reinforcements rushed from Truk for the Solomons showdown.

Headquarters announced Sunday the blowing up of a heavy cruiser during an 82-ton blasting by nearly 200 heavy bombers, divebombers, torpedo bombers and fighters Friday which left Rabaul's big harbor a mass of flame and smoke.

An enemy light cruiser was sent to the bottom of the Bismarck Sea Thursday night 22 miles southwest of Kavieng, New Ireland, by three bomb hits scored by Liberators.

Nine Ships Damaged

Five heavy cruisers, two light cruisers and two destroyers were badly battered at Rabaul, where the air forces of both MacArthur and Admiral Halsey teamed up to hit reinforcements for the eight warships sunk and six damaged there since Oct. 12. Army and Navy fighters escorting the raiders shot 26 Japanese planes out of the smoking skies and probably bagged an additional 20.

General MacArthur's communique listed only five heavy cruisers attacked at Rabaul but at advanced South Pacific headquarters of Admiral Halsey the reports listed five such warships damaged in addition to the one blown up.

Avenger torpedo bombers and Dauntless divebombers, making their debut at Rabaul where Liberators and Mitchells previously had dominated that fortress, opened the assault before noon.

24 Zeros Downed

Torpedoes, always deadly weapons for warships, smashed into five heavy cruisers and a light cruiser. Another light cruiser was hit by bombs.

Seventy enemy fighters rose to combat these bombers and the covering fighters were inferior in numbers. But the Navy pilots shot down 24 Zeros for certain and possibly 23 others.

It was such a staggering blow that when Liberators appeared after noon with P-38s to blow up warehouses and supplies piled on the wharves only 30 enemy fighters could be mounted against them. Two were shot down for certain and two others probably.

The attacking forces lost nine planes.

Jap Losses Heavy

It was the ninth strike against Rabaul since General MacArthur told his press conference Oct. 11 that he intended to knock out that Japanese base, key to enemy defenses in both the South and Southwest Pacific.

In this attack, 732 enemy aircraft were destroyed.

Second Sign-Up For Ration Book 4 Starts Monday

Persons who missed the initial registration for ration book four two weeks ago will have another opportunity to obtain the book Monday and Tuesday, the Midland County War Price and Rationing Board has announced.

A second registration will be held during the two days to enable these citizens who missed the first one to get the book. It will be held in the county courtroom on the second floor of the courthouse between 8 a. m. and 4 p. m.

A ration book three must be presented with each application for book four. Any adult may apply for books for his entire family.

Persons unable to register during the specified hours may have a proxy register and obtain the books for them. The proxy must present a signed statement from the person he represents giving him the power to apply for the books.

No further registration provisions for persons who miss this second sign-up have been announced, and Mrs. R. C. Ferguson, chief clerk of the board, urges all citizens who do not have ration books four to make applications during the two days.

Winds At Galveston Injure 25 Persons

GALVESTON — (P) — Probably 25 or more persons were injured by a violent wind which struck Galveston early Saturday night, demolishing trailer homes and badly damaging several houses in the west end of the city.

Injured were being brought to hospitals through rain-flooded streets. No deaths were reported.

A torrential rain accompanied the blow, which was centered in the western section and appeared to have some characteristics of a tornado. Residents reported hearing a sudden roar as the wind struck during a thunderstorm which enveloped the whole city late in the afternoon.

Scene Of Russian Victories

The Red Army Saturday freed Kiev, mother city of Russia, and pressed on into the Crimea, scoring new victories in steadily pushing back the Nazis.

National War Fund Campaign Here Lags With Only \$11,246 Contributed

With final reports filed by most workers and with the campaign deadline drawing near, Midland Saturday still was more than \$3,750 short of its quota of \$15,000 for the National War Fund drive.

Mayor A. N. Hendrickson, campaign chairman, said contributions totaled \$11,246.39 and that the drive had been completed in the residential sections. Several teams in the business districts still had not made final reports.

The chairman said the easy part of the campaign is finished and that it will be necessary to get down and dig from here on out if Midland's quota is met.

Midland is faced with its first failure in a war fund drive and the goal will not be reached unless more and larger contributions are forthcoming this week, the mayor said.

Finns Ready To Sign Armistice If Given Voice

STOCKHOLM — (P) — Finland is ready to sign a peace or an armistice with Russia if allowed a voice in the negotiations but will "never capitulate unconditionally," a Finnish spokesman said Saturday as dispatches from Helsinki indicated that troubled Scandinavian capital might present its problem of getting out of the war before the tri-power advisory commission set up at Moscow conference.

What definite steps Finland will take to end the war with Russia may be decided the first of next week when G. A. Gripenberg, Finnish minister to Sweden, and Toivo M. Kivimaki, minister to Berlin, report personally to President Risto Ryt.

Dr. Juan Paasikivi, Finnish diplomat and former ambassador to Moscow, was persistently reported preparing Friday to go to Moscow to negotiate a peace, although the reports brought a denial from the foreign office.

An undeclared armistice virtually exists now on the Finnish front so far as Finnish troops are concerned. They occupy positions ranging from 25 to 100 miles inside Russian territory but they haven't tried to advance since Dec. 5, 1941.

Two Army Fliers Killed

SANTA MARIA, CALIF. — (P) — Two Army pilots killed Friday in the crash of their training plane were identified by air field officers Saturday as Second Lt. Edward Wilkins, Jr., Sweetwater, Texas, and Second Lt. Robert Lee Whitehead, Altadena, Calif.

Thirteen Tank Cars Derailed Near Troy

TEMPLE — (P) — Thirteen tank cars of gasoline, fuel oil and kerosene were derailed and destroyed Saturday on the MKT line near Troy, eight miles north of Temple.

No fatalities had been reported in the derailment.

Camp Hood military authorities sent a 37-millimeter gun, mounted on a jeep, to shoot holes in the tank cars to avert explosions and to empty the tanks so repairs could proceed.

Wrecker crews attributed the derailment of the northbound train to a broken brake rigging.

At Least One Person Is Killed, 50 Injured As Windstorm Sweeps Down On Freeport Causing Heavy Property Loss

FREEPORT, Texas — (P) — A windstorm swooped down on this Gulf Coast town at sunset Saturday, killing at least one person and injuring 50.

Cutting a swath about three blocks wide through the residential district, the 10-minute blow razed an estimated 25 houses and damaged 75 others.

Woman Believed Dying

Miss Moore, about 40, was killed as she and her sister, Helen, on their way to church, halted at a residence here to pick up a girl friend, Helen was critically injured.

Mrs. Joe Guidry, another victim, was reported in a dying condition at a hospital here. Guidry and two children were seriously injured. The Guidry family was caught in their house as it collapsed.

Saturday night, this town of 7,000 population was in the dark.

Germany Now At Edge Of Catastrophe

Soviet Chief Declares In Special Speech

LONDON — (P) — Premier Joseph Stalin assured rejoicing Russians Saturday night that a "real second front" is near and told them the recent Moscow conference had shaped definite Allied plans for the final defeat of a Germany which he said already "stands at the edge of catastrophe."

Nazi Defense Line In Italy Tottering

ALLIED HEADQUARTERS, ALGIERS — (P) — The Germans' defense system on the eastern end of their line across Southern Italy tottered Saturday under the shock of a five-mile advance by the British Eighth Army and westward the American Fifth Army threatened the whole German right flank by its capture of strategically valuable Venafro.

The Eighth Army stabbed five miles up the Adriatic Friday to take Vasto, key of the German defenses facing the Trigno River, Allied headquarters announced.

Allies Support Slavs In Major Drive On Nazis

LONDON — (P) — Strongly supported by American and British air might now swinging heavily over the Balkans, the Yugoslav army of Gen. Josip Broz (Tito) broadened its battle against the Germans Saturday with a counteroffensive against Nazi troops on the Peljesac Peninsula.

This maneuver was still unfolding Saturday night as the partisans undertook to clear the enemy off the peninsula, about 50 miles long and three to five wide.

The extent of their progress was not known.

The possibility of bigger operations to come was indicated not only by the extension of Tito's bitter campaign, including violent fighting against large German forces in Serbia, but also by Allied announcements of widespread allied action in the Balkans.

Lone Plane Drops Bombs On Vatican

NEW YORK — (P) — The Vatican radio, in an Italian language broadcast beamed to Europe, said Saturday night that damage had been caused to Vatican City Friday night by four bombs dropped from a single plane of unidentified nationality.

The broadcast quoted an article in the Osservatore Romano, Vatican newspaper.

It said the plane was seen flying at a low altitude for some time dropped bombs near the water reservoir, between the governor's church and the Palazzo Degli Uffizi, on the mosaic workshops and near the Piazza Santa Maria. No one was hurt but the mosaic workshops and the governor's palace were seriously damaged, the broadcast said.

Chinese Optimistic Over Length Of War

NEW YORK — (P) — Dr. Tsiang Ting-Fu, director of the political affairs department of China's executive Yuan (council) said that China is more optimistic than the United States about how long the war will last.

"We think in China the war may be ended in a year or a year and a half," said Dr. Tsiang at a press conference.

Dallas Man Killed

DALLAS — (P) — One Wright Smiley, 43, Dallas, was killed Saturday in an auto-truck crash at Forrester, Ellis County. Another occupant of the car, Buddy Tatum, Dallas, suffered lacerations.

Warren Not Candidate

SAN JOSE, Calif. — (P) — Gov. Earl Warren Saturday informed a candidates' committee of the California Republican assembly organization that "I am not a candidate for either office on the national ticket."

Applicant Had Good Reason For Seeking Gas Ration Renewal

ATLANTA — (P) — An applicant for a renewal of his gasoline ration did not have the required fire inspection record and gave this explanation:

"My Uncle George died last week and my aunt called me up and asked if she could borrow my everyday suit to bury him in. So I told her sure, why not? Anyhow, she buried him in my suit—and my fire inspection record was in the pocket."

Mrs. Litvinoff Plans To Leave Wednesday

NEW YORK — (P) — With enough vitamin pills to supply 20,000 Russian children for a year, Mrs. Maxim Litvinoff, wife of the former Soviet ambassador to the United States, will leave next Wednesday to return to Moscow.

Litvinoff was recalled to Russia for consultation by Marshal Stalin on April 29 of this year, and was a delegate to the recent Moscow parley.

Soviet Troops Liberate Great City Of Kiev And Invade Crimea From East

LONDON — (P) — The Red Army climaxed its four months' offensive Saturday by liberating Kiev, mother of Russian cities, on the eve of the 26th anniversary of the Soviet revolution and Premier Marshal Joseph Stalin told a gaily celebrating Moscow that Germany now "stands at the edge of catastrophe" and that "a real second front" is near.

The Russians also announced they had invaded the Crimea from the east and had firmly established bridgeheads on the Kerch peninsula, both north and south of the town of Kerch, the one to the north being six miles wide and four miles deep. Half a dozen towns and strongly-fortified German strongpoints were captured in the landing operations which smashed back constant German counterattacks.

Special Order Issued

The Russians smashed on 19 miles south of ruined Kiev to Vasilkov, heading toward a junction with the bridgehead already extended across the river from Pereyaslav, the Moscow daily communique recorded by the Soviet monitor, said.

The fall of Kiev was announced by Stalin in a special order of the day in which he indicated this master stroke opened the way for freeing all the rich, western Ukrainian.

More than 60 towns west and south of Kiev were taken as the Red Army, continuing its drive, forged west and south less than 130 miles from the old Polish border. Great German losses in men and material littered the city and the roads, but the Russians were still too busy to count them.

Moscow, bedecked with banners and slogans for its chief holiday of the year, heard the biggest victory gun salute of the war—24 salutes from 324 guns. These were heard in London over the Moscow radio.

Nazi Armies Threatened

Stalin asserted that Russian troops by "a gallant out-flanking maneuver today at daybreak captured by storm the capital of the Soviet Ukraine, the town of Kiev, vital industrial center and most of the city."

House Destroyed After Truck And Automobile Hit

NEW BRAUNFELS — (P) — Exploding gasoline set fire to and destroyed a house at Solms, four miles south of here Saturday, after a truck-car collision in which three persons were injured.

Charles E. Burr of New Braunfels, who said he talked to the injured, said a gasoline truck hauling 4,300 gallons of the fuel was enroute north from San Antonio to New Braunfels on Highway 81.

In its cab were Cecil R. Perrin, 23, and Edwin Mueller, 18, both of San Antonio.

The truck and a car in which Anton Vogel, 79, a farmer of the Comal community eight miles south of here, was riding, were in collision.

Gasoline Splashes House

The gasoline exploded and splashed over the front of the Emil Feick house, which caught fire and was destroyed. The Feick family was in New Braunfels at the time of the accident.

Perrin was thrown from the cab and suffered head and shoulder injuries. Mueller was pulled from the cab before the gasoline exploded, by Sgt. Irving Stanley of Solms, stationed at Randolph Field. Mueller received bruises and Vogel a head injury. All three were treated at a New Braunfels hospital.

The New Braunfels fire department battled the flames.

About 10,000 Detroit Foundry Workers Strike

DETROIT — (P) — Approximately 7,000 foundry production workers in the Ford Motor Company's River Rouge plant and 3,000 employees of the Buick Aluminum Foundry at Flint were idle Saturday as a result of strikes.

Production of castings for truck and other vehicle motors at the Ford factory was halted at least until Monday when the afternoon shift of foundry production workers joined the day shift in a work stoppage that company spokesmen said began Friday following an argument between a workman and a plant foreman.

Stories From Germany

American newspapers recently have printed two more stories of Nazi fear and dissention, purporting to have come from inside Germany. They should be taken with the usual dosage of salt, since they may be only the latest propagandist efforts to induce complacency and relax the Allied effort.

One story is the latest in a series dealing with the Hitler-army feud. This series began long before the war. Its latest installment was the rumor, shortly after Mussolini's abdication, that Hitler had been overthrown and a military dictatorship established.

It is not impossible that, in the light of these developments, Field Marshal Kietel and other top German commanders might really believe that they could repeat the Italian procedure, seize Hitler, and open peace negotiations.

The other story is that Heinrich Himmler, the gеста-po chief, and high officials of the elite guard and storm troopers are already planning to take the Nazi organization underground, when the political roof caves in, and continue their work.

Both these plans, if they are true, would hinge upon the hope that Premier Stalin's would be the commanding voice at the peace table, and that his wish for a "strong Germany" would prevail.

Perhaps both these stories are pipe dreams. But true or not, they serve to emphasize again one fact of undoubted truth and extreme importance: The war in Europe will not be won with the internal collapse of the German nation.

—Buy War Bonds And Savings Stamps—

U. S. Aims Drives At Cartels

When Wendell Berge, the new assistant attorney general in charge of the anti-trust division, held his first press conference to announce the filing of a civil complaint against Merck & Co., manufacturing chemists accused of maintaining a cartel agreement with E. Merck Chemical Works of Darmstadt, Germany, an assistant took a box of cigars from Berge's desk and passed it around to the correspondents.

What was this? Was the New Deal's anti-trust division going arch-conservative all of a sudden? It was the brand name, Berge hastened to assure, and the cigars were from the Union League Club of Chicago, not the one in New York.

Even if Thurman Arnold's successor as champion of the Sherman antitrust law does like a Republican capitalist's brand of cigar, he is giving no indications that he will ease up on prosecutions of illegal cartels, monopolies and combinations on restraint of trade.

Wreckage Of Bomber In Utah Is Identified

SACRAMENTO, Calif. — (AP) — Major Leroy Heston, United States Army Air Corps technical air inspector, Saturday identified the wreckage of a bomber found in the mountainous area 150 miles east of Milford, Utah, as that of a plane missing from Mather Field near here, since July 14.

TWO POLICEMEN GO TO TRAFFIC OFFICERS SCHOOL

Patrolmen Lee Womack and Dow Morris of the Midland Police Department departed Saturday night for College Station, Texas, to attend the Traffic Officers Training School which starts Monday and continues until Nov. 20.

NO BITES, NO NIPS

After the Institute of Sao Paulo taught Brazilians how to care for the wounds, snake bite mortality rates in Brazil dropped from 90 per cent to three per cent.

Solons Seeking Investigation Of Natural Gas Line

WASHINGTON — (AP) — Legislation introduced in both the House and Senate calling for an investigation of natural gas reserves and their utilization is intended as a blow at the proposed Texas-Eastern States gas pipe line.

Representative Mansfield (D-Tex.), who introduced the House version of the legislation, House joint resolution 181, said it was designed with a view to investigating the proposed line from Corpus Christi to Charleston, W. Va. He declared such an investigation would show it to be an economically unsound undertaking.

Identical legislation (SJR 92) was introduced in the Senate by Senator Overton (D-La.), with whom Mansfield collaborated.

The pipe line to which Mansfield referred would be operated by the Tennessee Gas and Transmission Company, which already has received War Production Board approval for priority on supplies, and a certificate of convenience and necessity from the Federal Power Commission.

Governor Coke Stevenson of Texas during a visit here last week, expressed vigorous opposition to the gas pipe line.

Baruch To Boss Readjustment Of U. S. Industry

WASHINGTON — (AP) — The giant task of finding a uniform policy in readjusting industry to war requirements as dictated by battle-front experience and also to peacetime reconversion was turned over Saturday to a veteran government trouble-shooter — 73-year-old Bernard M. Baruch.

War Mobilization Director James F. Byrnes announced the appointment of Baruch, his chief consultant, to head a new unit in his agency to "deal with war and post-war adjustment problems and to develop unified programs and policies to be pursued by the various agencies of government concerned."

The unit will undertake first the difficult job of revising billions of dollars worth of war contracts, a problem harassing legislative and administrative groups.

But President Roosevelt in ordering creation of the unit last month said it would also consider reconversion and disposition of plants and property no longer required for war.

Baruch has called a meeting of the new unit for next Tuesday when representatives of government procurement agencies will submit proposals for a uniform contract revision and termination policy.

Texan Miraculously Escapes Injury After PT Boat Is Shot Full Of Holes In South Pacific

By Staff Sgt. Milburn McCarty, Jr., Marine Corps combat correspondent.

SOMEWHERE IN THE SOUTH PACIFIC — (AP) — The "Little Duck," a veteran of motor torpedo boat warfare, is probably too full of holes to go looking for Japs again but her last adventure made her famous.

Of those who manned her on her last mission two are now dead and six are lying wounded in a hospital at this base.

Another, Ensign Henry C. Chandler, Jr., USNR, 22, of Austin, Texas, was one of three members who miraculously came through untouched.

He took over the wheel and piloted the craft to safety.

The boat's mission was to get four Army demolition men to a certain target inside a Jap cove where they could go ashore to destroy Jap fuel dumps and machine shops.

Runs Into Trouble: Within 100 yards of the beach, the PT ran into a string of Jap tracer bullets and shells.

One of the squadron division commanders was hit and wounded, and Ensign Chandler rushed over and dragged him from the line of fire.

The skipper was fatally wounded and two gunners wounded before they had a chance to fire their guns.

After two engines were knocked out by Jap fire and bullets had punctured all the gas tanks, Chandler managed to get the boat almost out of the cove.

There another PT boat came to the rescue laying a smoke screen while the crippled "Little Duck" chugged out of range of Jap fire.

Gasoline — 8-A coupons worth three gallons; B and C coupons worth two gallons.

Action Sought On Plan To Use Coal As Source Of Gas

WASHINGTON — (AP) — Senator O'Mahoney (D-Wyo.), declaring that petroleum sources are steadily dwindling, called Saturday for prompt Senate action Tuesday on his \$30,000,000 measure to start the manufacture of gasoline from coal.

His bill, which he backs with the slogan "we can't afford to be dependent on foreign oil," heads the list of work in Congress next week. Cost Would Be Low

"If the United States is to maintain its leadership in industry and transportation, including the tremendous post-war aviation field, we must have a sure and certain supply of liquid fuel," O'Mahoney told reporters.

The O'Mahoney bill would authorize the Federal Bureau of Mines to build one or more demonstration plants on a sizeable scale to prove the practicability of using the hydrogenation process to get gasoline from the nation's coal reserves.

The Wyoming senator estimated that with mass production, the fuel could be made for less than 16 cents a gallon.

With the post-war policy resolution now approved by a slim majority in the Senate, Congress still faced a busy week. Some of the items on the work-sheet are: Busy Week Ahead

A meeting of Senate and House military committees Monday to attempt to adjust differences on legislation designed to place fathers at the bottom on the draft lists.

A vote by the Senate judiciary committee on House-approved legislation to prohibit eight Southern states from collecting a poll tax as a requirement for voting for U. S. senators, representatives and presidential electors.

An attempt in the Senate appropriations committee to put funds in a deficiency appropriations bill the House denied for the Farm Security Administration.

Senate action Thursday on a bill by Senator Bankhead (D-Ala.) to provide compensation for newspaper publishers for war bond advertising.

Marshall-For-President Boom DEMOCRATIC SENATOR SAYS NEW DEAL IS "DEAD CORPSE" AFTER ELECTIONS

WASHINGTON — (AP) — A Democratic senator, Edwin Johnson of Colorado, declared Saturday "the New Deal is through" and urged his party to draft Gen. George C. Marshall for president.

"Even a child knows that a political revolution comparable to the Harding landslide is sweeping this nation," Johnson said in a statement after digesting the returns from Tuesday's off-year elections.

Unless drastic steps are taken by the Democrats, Johnson declared, they can look for a sweeping continuation of the Republican gains reflected by election of governors in Kentucky and New Jersey, a lieutenant governor in New York, and by victories in several local contests.

He termed the New Deal a "dead corpse" and predicted that if the Democratic party clings to it, the Democrats "will lose the Senate, the House and the governors of every northern and western state in the next election."

Johnson, who has frequently differed with the Roosevelt administration in his seven-year tenure as senator, thus brought into the open the Marshall-for-president talk which has been buzzing in Capitol Hill cloakrooms for several weeks.

Another Democratic senator, who would not be quoted by name, said Marshall, the Army's chief of staff, is being discussed with increasing frequency as a likely candidate, especially in connection with Republican moves to give Gen. Douglas MacArthur the No. 1 or No. 2 spot on the party's 1944 ticket.

Interpreting The War News

Conclusive United Nations Victories Over Axis Brewing In Europe, Asia

By KIRKE L. SIMPSON Associated Press War Analyst

Possibilities of conclusive United Nations victories which could last months, even years, off the duration of the struggle, are in the making in Europe and Asia.

Even German and Japanese realists no longer can doubt that the Nazi-Japanese remnants of the triple Axis, already shorn of its Fascist prop in Italy, is crumbling fast. It is wearing away through

L. A. Woods Protests Removal From Board

AUSTIN — (AP) — Charging that he had been eliminated as executive officer in a plan for food production war training approved by the state board of vocational education meeting here Saturday, State Supt. L. A. Woods declared at the board table:

"You've got a fight on your hands. The plan was presented to the state board of education, sitting as the board for vocational education, by member Clyde Hanks of Palestine, chairman of the vocational agricultural committee.

References in the plan to the executive officer of the board had been deleted from the original, and Woods said he had not seen it since the deletions were made.

Cotton

NEW YORK — (AP) — Cotton futures closing prices Saturday were 63 to 30 cents a bale under Friday's finish.

Texas Ace Wins Hide-And-Seek Game With Japs

MIRAMAR, CALIF. — (AP) — In a game of hide and seek in the clouds, Marine ace Capt. William E. Crowe, 25, USMC, of 1914 Eastside Drive, Austin, Texas, sent two Jap bombers spinning into the sea—his first bag of enemy planes.

The fighter pilot, who destroyed eight Jap planes during his overseas tour, told how on June 10th his flight of three Marines wrote the final chapter on a like number of unescorted bombers off Guadalcanal.

Two Planes "We saw them against the clouds, and I guess they're still wondering where we came from, they were so surprised," he said. I maneuvered into position and made a high-side run. My first burst crippled one and he dove into the clouds with smoke trailing from a motor. I followed him in, and when I opened up, pieces of his tail section blew off. It must have killed the tail gunner because he quit shooting. Seconds later the bomber came out of the clouds in flames.

"Then I chased a second bomber for about five minutes in and out of the clouds. As I'd come out of one cloud I'd catch a glimpse of him going into another. But once he popped out and I came up underneath and nailed him.

Score: 48 "I squeezed a long burst and my fire chopped his whole right wing off close to the fuselage and pieces flew everywhere. He went into a flat spin and I had the pleasure of seeing him go down and hit the water.

It was over Vella LaVella, in the Northern Solomons, on August 21, that Captain Crowe scored the biggest "bag," shooting down two Jap dive bombers, one Zero and two "probables."

First to fly the new Corsair fighter plane in combat, the squadron, of which he was a member, posted a box score of 68 Jap planes destroyed in aerial action against the loss of but three Marine pilots.

Japs Face Annihilation Russian territorial gains are indisputable. They tend strongly to confirm Russian estimates of German casualties and support Moscow claims of vast war booty taken from the Nazi armies which are still retreating under trip-hammer attacks and in some sectors giving signs of demoralization.

Across the Pacific the story is the same. The southeastern segment of Japan's insular buworks for her boasted prosperity zone is being crushed. The Rabaul keystone already is useless and obviously about to fall.

Superior Allied sea power now is threatening Japan on two Pacific fronts, daring the Nipponese main fleet to action. It is mobilizing by Japanese admission on a third front, the crucial Bay of Bengal, to menace every approach to the Chinese Sea core of Nipponese war deployment.

Anglo-American air power today also is dominant. Short of major fleet action there is small hope for the Axis. The Rabaul bastion may be retained or that tens of thousands of Japanese troops garrisoning South Pacific islands be saved from annihilation.

Japs Lose --

(Continued from Page 1) craft have been listed as destroyed, probably destroyed or damaged in the air and on the ground, with 259 definitely destroyed on the ground and 263 shot out of the air.

A heavy cruiser, seven destroyers, a gunboat, 12 merchant ships, 43 seagoing small vessels, four coastal ships and 70 harbor craft have been sunk. Seven heavy cruisers, two light cruisers, two destroyers, a submarine, a submarine tender, a destroyer tender, 10 merchant ships and two tankers have been damaged.

In the Bismarck Sea, early Saturday morning, a Catalina from Admiral Halsey's forces bombed a destroyer in a convoy in the Kavieng area. Headquarters also reported that last Wednesday night, Liberators scored bomb hits which disabled a 10,500-ton tanker and set fire to a cargo ship of more than 10,000 tons north of Mussau Island.

Soviet Troops --

(Continued from Page 1) important strategic center of German resistance on the right flank around the Dnieper River.

He termed Kiev of "great importance in driving the Germans from the Western Ukraine."

The victory left the Nazis with no major natural defense barrier between Kiev and the old Polish border, and enhanced the threat to cut in two the German armies in South Russia.

The Russians surely will try to break across the Ukraine to beat the Germans to the Dniester River at the Rumanian border and throw a still wider hook on the sickle around the Nazis trying to escape from the Dnieper Bend.

New Attacks Launched In the Crimea, the German high command indicated the Russians had won firm bridgeheads across the Kerch Strait, stating that new Soviet attacks "from their landing heads on both sides of Kerch" and against the isthmus of Perokop, northern entrance to the Crimea, had been repulsed.

The Russians remained silent on the situation in the Crimea.

A Stockholm newspaper said the Germans evacuated civilians from Zilupe, Ludza and Jaunatgale on the Latvian-Russian border.

Lightning thrusts from the north finally toppled Kiev, closing a Red pincer from three sides. The city was set up for a knockout punch by hammer blows far to the south, and to the north, in brilliant tactics that kept the Nazis off balance.

National --

(Continued from Page 1) expressing appreciation to volunteer workers who conducted the canvass.

Will Build Goodwill Commenting on the drive, Mayor Hendrickson pointed out that approximately 50 per cent of the fund goes to the USO which provides a "home away from home" for the boys in service. The remaining 50 per cent is used for relief and rehabilitation work in the distressed and down-trodden countries of Europe and Asia. The mayor said the fund gives the peoples of the United States an excellent opportunity to build goodwill throughout the nations of the world.

"Subscriptions to date indicate many persons do appreciate the privilege of living in a country where we still can have voluntary contributions to finance our war funds rather than through government assessments, as is the case in the countries controlled by the Axis," Mayor Hendrickson said.

He appealed to every citizen to contribute as much as possible to the war fund. Every citizen should give something, he added.

A number of West Texas counties already have exceeded their quotas and it is the first time that a war fund drive has not been completed in quick order in Midland.

"Midland's campaign is lagging, but we must rally to the cause and meet our quota by the end of the week," campaign leaders said.

Quiet Is Restored At Jap Segregation Camp

TULE LAKE, Calif. — (AP) — All was quiet at the Tule Lake Japanese segregation center Saturday, with Army troops installed there in a tent city and soldiers patrolling the wire demarcation line which separates the Japanese from the administration area.

In the wake of disturbances which brought soldiers with tanks and machineguns to the compound harboring 16,000 Japanese, thousands of them admittedly disloyal to this country, federal and state officials sought personally to investigate the center.

California Fire Burns 40 Homes On Mountain

LOS ANGELES — (AP) — Driven by a strong wind, a fire was reported raging unchecked over an estimated 5,000 heavily wooded acres in the Santa Monica mountains Saturday night, destroying approximately 40 homes.

Nearby Army units were called to assist local fire fighters.

Nazi Anti-Freeze

(NEA Radiophoto)

After a couple of winters in Russia, the wisecracking Nazis now come out with this uniform designed to protect soldiers from General Winter. White for snow camouflage, it can be worn with the inner brown side out for muddy terrain.

Bowles Declares Subsidies Needed To Check Prices

WASHINGTON — (AP) — Price Administrator Chester Bowles asserted Saturday that if Congress prohibits subsidies to keep retail prices down "American housewives soon will be paying more for certain important foods."

"The issue is clear," Bowles said in his first press conference as OPA chief. "There are only two alternatives: a moderate amount of subsidy money to hold retail prices at present levels, or constantly rising living costs."

Simultaneously, Chairman Jenkins (R-Ohio) of the House Republican food study committee, accused the administration of lack of foresight in failing to encourage the raising of more wheat and corn to help feed the starving in foreign countries.

Examples Are Given With the subsidy battle heading for a House test Nov. 16 in a vote on legislation to prohibit the Commodity Credit Corporation from paying subsidies, Bowles declared that if Congress decides against the payments OPA will strive to check rising prices.

Bowles added, however that without the use of subsidies food price increases would result.

He predicted that a five-pound rib roast, for example, would go up in price by 23 cents, while three pounds of veal cutlet would cost the housewife 18 cents more than the current price. A 15-pound ham, he added, would go up 67 cents, butter would increase by 10 cents a pound and milk would cost about one cent a quart more.

WLB Chairman Is Perturbed Over Control Of Wages

WASHINGTON — (AP) — Chairman William H. Davis of the War Labor Board told Congress Saturday that wage controls are making the government's anti-inflation program bear more heavily on the working man than some other elements of the population.

He expressed this view in a letter to Vice President Wallace written at a time when the administration's food subsidy program is under fire by farm members of Congress and amid increasing pressure from labor organizations for relaxation of wage controls. The letter accompanied a report to Congress on work of the board.

It went to the capitol just one day after the apparent end of the prolonged controversy between the board and John L. Lewis' United Mine Workers. This came Friday night when the board approved, with minor conditions, an agreement worked out between Lewis and Secretary of Interior Ickes, as Federal boss of the mines, providing a boost from \$7 to \$8.50 in the daily wage of the soft coal miner but calling for him to dig coal an hour longer each day.

Steel Strike Looms Davis said this agreement was within the wage stabilization program in view of the increased production. The WLB approved it 11 to 1 with public member Wayne L. Morse dissenting. Morse declared the agreement "appears to have been dictated at the point of a strike weapon."

With the coal dispute out of the one over wages of steel workers apparently is looming. The United Steelworkers of America, headed by Philip Murray who also is president of the CIO, is reported determined to seek an increase of 15 cents an hour irrespective of the WLB's "Little Steel" formula which limits general wage increases to 15 per cent above the level of Jan. 1, 1941. The steelworkers have received all the increase allowable under this formula.

Father Of Soldier-Poet Of World War One Dies

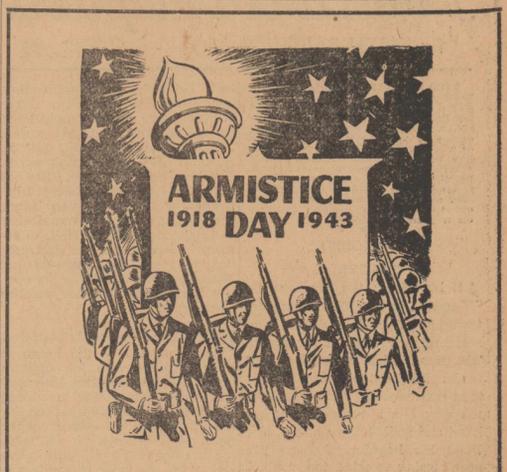

NEW YORK — (AP) — Charles Louis Seegar, 83, retired exporter and father of Alan Seegar, soldier-poet killed in world war I, died here Saturday after a week's illness.

Alan Seegar was the author of "I Have A Rendezvous With Death."

Airplane manufacture, including all its phases, ranked only 44th in dollar value of products in 1939, while today it ranks first.

WAC VISITS HERE Lt. Cora Lee Morrow of the WAC was a visitor in Midland Saturday night. She is stationed temporarily in Big Spring.

Decrease In 1944? Nazi factory workers, who numbered 23,000,000 in 1939, have now increased to 35,000,000.

We who will not be scarred in battle have a glorious obligation to those for whose return we pray! We can, in part, fulfill that obligation Thursday, November eleventh — by reverently observing "taps for the dead—FOR THE LIVING, WAR BONDS!" There is none among us who can say, "I have bought enough."

Just as no man in uniform can say "I have fought enough." To him the supreme sacrifice is reality: to us, too, sacrifice must be supremely worthwhile — in the name of Victory!

The Doctor's Daughters

By FAITH BALDWIN

COPYRIGHT, 1943, NEA SERVICE, INC.

THE STORY: When Doctor Hall announces he is about to engage a young assistant, both of his daughters are interested. Emily, a visiting nurse, is glad because it will relieve her father of night calls. Nancy, home after her travels under wealthy Aunt Martha's patronage, is out short by that lady's remarriage, thinks it may be an antidote to boredom. But she admits being too practical on a penniless doctor.

LAUNCHED

AN hour later, the two men returned to the little room, Jim towering over the doctor and seeming very slight by contrast. The presentation to Mrs. Hall was made. Millicent was not allergic to attractive young men. She liked the way Jim Thompson took her hand and smiled down at her. She liked his hopeful "I hope you aren't going to mind too much, I shall be as unobtrusive as possible—" when her husband announced that everything was fixed up, that Jim would move in bag and baggage as soon as he could wind up his affairs in Boston.

It was evening when he came, and after supper they all went over to help him get settled. . . . all, that is, but Nancy, who was not at home.

Mrs. Hall had explained at supper that Nancy was out—"with Frank Edgar." She also explained Edgar, as it were, warningly. Jim

had listened, uncomprehending, but Emily had smiled a little. Walking over to the garage later, he had realized Millicent's motive. . . . "Warning me off, eh?" he thought. Well, she needn't worry. But he wasn't too sure. The ten days he had been absent from Cranberry had been very much occupied, yet he had found time to think about Nancy Hall, to remember her as he had first seen her, to recall the touch of her hand as it lay briefly in his own, her light voice and her carefree slow smile.

His returns temporarily bestowed, he returned to the house to closet himself with his superior and to discuss his duties. He would take the evening office hours and the night calls, and during the day he would take the calls from the more rural districts. "It will leave me free," said David, with half a sigh. "I'll see more of my family and get ahead a little with a book I've been trying to write for years. You understand. We'll work into it gradually. I'll take you out on my rounds with me for a time until—"

"Until people get used to me. I hope they will. But you know they aren't going to want me, Dr. Hall; they're going to want you." "Not when they know you," David assured him.

Their arrangement had been easily made, and included the apartment, with light, heat, hot water and telephone service, and meals with the family.

The financial terms were an assured income of a hundred a month to start. Later when he acquired new patients of his own, he would have some extra revenue.

"Fees aren't high in these parts," said Doctor Hall. "We don't go in for fancy figures. I take a raft of charity cases, and do my

share of hospital service, ward and clinic. Then there's my rural practice—I still have a good deal of the city's grown but the farms remain much as they were in my father's time. That pays me in butter and eggs, vegetables and dressed chickens, most of the time. I'm just telling you all this in case you have any idea of getting rich quick in Cranberry. As you begin to take over, and if the practice warrants it, I'm offering now. How about it?"

"It's more than generous," Jim told him sincerely.

His first weeks were occupied in going with David on his rounds, and being met with curiosity, incredulity, resentment, or blank insincerity, as the case might be, by little by little, most of them could be won. By the third visit the majority grudgingly agreed that his manner was pleasant, his interest gratifying, and that in time he might make a doctor. Old Hattie Evans went so far as to take David aside and inform him that it was time an old fogey got some new blood into his office.

"You made a hit with Hattie," chuckled David as they drove off in his old car, with Jim at the wheel. "I've been giving her hell for years and along you come and are as sympathetic with her stomach as if you had mothered it."

"There's nothing wrong with her, is there," asked Jim, "except thinking about herself?" "Naturally, I've been telling her that for years. You didn't. You listened with suitable gravity. After this, you can take her calls. They're routine, once a week."

"Mind if I re-prescribe for her?" "Not at all. What, exactly?" "Pink pills," said Jim, "instead of white. Same formula. I bet they cure her."

If they didn't cure her, at least they gave her "great relief." She telephoned David to say so. "You're launched," said David, reporting.

Governor Urges State Campaign On Health Work

AUSTIN—(AP)—Governor Coke R. Stevenson Saturday expressed concern over the public health situation existing in many parts of the state and called on all county judges and mayors as local coordinators of war activities to remedy these conditions as needed.

The services of the State Department of Health and members of the state war staff were offered in the statewide health for citizens campaign, designed to maintain the civilian population at the peak of productive activity and to protect members of the armed forces stationed here.

Emergency sanitation and health programs have been inaugurated in approximately 100 communities, the governor's letter noted, adding that "a united effort, on a statewide basis, must now be undertaken if we are to cope with the problem of maintaining public health and safety."

The campaign was ordered following conferences of officials of the state war office, the governor's staff, and representatives of the State Health Department, at which detailed reports on prevailing health conditions from all parts of the state were studied.

Air Marshal Says 90 German Cities Will Be Destroyed

LONDON—(AP)—Air Marshal Sir Arthur T. Harris promised the British people Saturday night that Allied air power will shatter 90 Nazi war centers and smash the U-boat campaign.

The commander-in-chief of the bomber command declared in a Northamptonshire speech that "we propose entirely to emasculate every center of enemy production, 40 of which are centers vital to his war effort, and 50 that can be termed considerably important."

"We are well on the way toward their destruction," he said. "That might be evident before spring, and certainly before the leaves fall next year."

Program To Replace Seabees Inaugurated

With recruiting for Seabees, the Navy's construction battalions, halted on October 31, a similar program has been inaugurated in non-restricted manpower areas for skilled workers in Ship Repair Units, it has been announced by Lt.-Comdr. L. H. Ridout Jr., officer in charge of the Dallas Navy recruiting district.

The SRU program, which opened November 1, now is under way in full swing. These ship repair units fix damaged ships at advanced naval bases. They follow in the wake of attacking task forces to repair all but major damage on the spot. They get the ship and crew back into the fight at the earliest possible moment.

Qualifications for enlistment, or voluntary induction of draft age men, in ship repair units, are, with few exceptions, similar to Seabee requirements. Carpenters, electricians, riggers, steel workers, welders, sheet metal workers, mechanics—are needed for this patriotic service where their skills can be used for victory.

Hold Everything

"Hello, folks—I'm home on shore leave!"

Wounded Men Arrive At Temple Hospital

TEMPLE—(AP)—A special train carrying 125 wounded officers and men from the Alaskan and Aleutian theaters of war arrived at McCloskey General Hospital here Saturday.

WAC Week Proclaimed

AUSTIN—(AP)—Gov. Coke Stevenson Saturday proclaimed Nov. 15-22 as WAC week and commended to Texas women between the ages of 20 and 49 the campaign for enlistment for service in the Army Air Forces.

Commission Reports 81 Well Completions

AUSTIN—(AP)—The Railroad Commission reported 81 oil wells, including one wildcat, completed in the week ending Saturday, bringing the year's total of regular completions to 1,926 compared to 2,818 in the same period of 1942.

Drilling applications numbered 143 for a year's total of 4,247 against last year's 4,211. Dry holes for the week totaled 40, for a 1943 total of 1,289 against last year's 1,055.

1 ♠ 1 ♦ Double 1 ♥
1 N.T. Pass Pass Pass
Opening—♥ 10. 6.

ing that if he were doubled, he could get out in spades. Sergeant Mintz made a strong bid of one no trump. When everybody passed, he realized he might have a tough contract—the one no trump contract in duplicate usually are difficult.

The opening lead of the heart ten was allowed to hold. When West continued with the nine, dummy's jack was played, East covered with the queen and Mintz won. He played a low club to dummy's queen and returned the heart spot. East won with the king and returned the jack of spades, which declarer allowed to hold. Another dealer was led and won with dummy's ace. Now Mintz returned to his hand with a spade to the king, cashed the good heart, and threw West in the lead by playing a diamond. West had to give the declarer another extra diamond or an extra club trick.

Midland Army Air Field Sports Bomber: Officers Now Required To Take Physical Fitness Tests

Starting November 8, officers at Midland Army Air Field will be required to take the Army Air Forces physical fitness test prescribed by Army regulations every three months to determine the physical condition of each officer. The test includes sit-ups, push-ups and a 300 yard shuttle-run.

Officers who departed for duty at the base combat camp jumped the gun and took their test before leaving, and 33 per cent of those taking the test passed with a high score.

Following the testing of officers by the Physical Training Department, the enlisted men will be tested to determine the progress of their physical fitness since the last examination given three months ago.

Under a new ruling by the P. T. Department, all physical fitness tests will be given in the officers' P. T. area.

The P. T. department received a new assignment this last week, that of giving P. T. to the WACs. Heretofore the first sergeant gave the P. T. The WACs also will be required to take the physical fitness test.

SPORTS HIGHLIGHTS

Pvt. John G. Romanowski, who hails from Milwaukee, Wis., and is a member of the 491st Bomber Training Squadron here at the bomber school was a one-man sensation as a baseball pitcher and a star bowler.

He has bowled in three American Bowling Congress tournaments: Detroit, Mich., in 1940 with Peter's Recreation team; St. Paul, Minn., in 1941 with Iggie's Tavern, where he and his doubles partner, Earl Koski, hit the timber for 1193 in the money; and at Columbus, Ohio, in 1942 with Iggie's Tavern, clipping the wood for 619 in the singles and hitting pay dirt.

Private Romanowski's highest single game score is 269 and his best three game series is 741. And that is nothing down timber. He has bowled in league competition for 15 years, and his league average is 193.

As a baseball pitcher, Private Romanowski won the championship for four teams in the Milwaukee Municipal League of Baseball. His pitching streak started in 1932 when he was playing with the Fox Midwest Theaters team, bringing the bacon home for the team that year. The next year he pitched for the George Meyers Manufacturing Company team, winning the championship and being chosen as the outstanding pitcher of the league. In 1934 and 1935 he pitched for Peter's Recreation, winning the championship both years. He retired at the close of that season due to a leg injury and has confined his sports activities to bowling.

SPORTS SHORTS:

Sgt. John G. Priske of Dayton, Ohio, now a member of the 33rd Base Headquarters and Air Base Squadron, was graduated from Chamhade High School where he was a letterman in football and track. In 1938 he was chosen "all city football player" and awarded a scholarship to the University of Dayton.

Pvt. Jerome J. Beck of West Allis, Wis., now a member of the 491st B. T. S., was graduated from West Allis High where he lettered in cross-country running, ice and roller skating.

Cadet John L. Campbell hails from Humboldt, Iowa, where he was graduated from St. Mary's High School and was a letterman in baseball and tennis. He attended St. Ambrose College in Davenport, Ia., and the University of Notre Dame, where he lettered in baseball and tennis.

Cadet Raymond E. Forbes comes from St. Louis, Mo., and was graduated from McBride High School where he lettered in football and track. He attended Washington University in St. Louis and was a star letterman on the team.

 WANT to Buy, moderately priced residence. P. O. Box 1081. (196-4)

Cadet Jack E. Herring of Canadian, Texas, was graduated from Higgins High School in Higgins, Texas, and from West Texas State College in Canyon, Texas. He lettered in basketball and track at both schools.

Cadet Robert E. Hennessey of Bridgeport, Conn., was graduated from Central High, where he lettered in football and attended the University of Vermont in Burlington, Vt., where he played two years of varsity football, lettering both years. He coached high school football at Central High.

ROUNDUP OF THE ENLISTED MEN'S TRACK MEET:

Points scored: 490th B. T. S., 16; Hqs. & Hqs. Sq., 83rd B.T.G., 14 1/3; Medics, 13 1/3; 488th B.T.S., 13; 87th Avn. (S), 11; AAF WAC Detachment, 10 (they were only entered in the drill team competition); 951st Guard Sq., 9; 491st B. T. S., 6; 83rd Air Base, 4; Ordinance 3 1/3.

Sgt. Jack T. Duncan of the Guard Squadron ran the 50 yard dash in 6.1 seconds. Corp. Jessie Henderson of the 87th Avn. (S), sprinted the 100 yard dash in 11.2 seconds.

Pfc. James Casolino of the 83rd B.T.G. ran the 220 yard dash in 24.1 seconds, breaking the record run of Pvt. Richard W. Blake of the 491st B.T.S. of 25.3 seconds, established last May 8th.

Sgt. Alexander Sherman of the Medics broke the record he set in the half-mile run last May by 8

seconds. His new time was 2 minutes 28 seconds.

Pvt. Don F. Kennedy of the 486th B.T.S. set a new record for enlisted men in the shot put, heaving the ball 38 feet 4 inches to break the record of the May meet set by Sgt. Pat J. Murphy of the 491st, whose best throw was 33 feet 9 inches.

BOMBS AWAY:

Basketball, football, boxing and bowling are the chief topics of sports conversation at the headquarters field of the nation's bombardier training program, and the P. T. officials are lining up schedules simultaneously for each event. Football will be touch football with six-man teams. A basketball game between two administrative officers' teams under the expert handling of Capt. Francis Hinton and Lt. James Jenkins will be the first game of the season, scheduled to be played this coming week.

Following Turkey Day, the Post bowling alleys will be ready for the pin choppers. The members of the WAC drill team were awarded the championship athletic award certificate by Colonel John P. Kenny, post commander. Corp. William Stribling has been practicing bowling the last two weeks with Lt. John Crooks, and in the ten games he bowled he averaged 208. Cadet Melvin K. Harms of Sumner, Iowa, was a star in football, basketball, and baseball. Cadet Alvin Cohen of Minneapolis, Minn., was a whiz in golf; he has three holes-in-one to his credit. Cadet Lester F. Engle was a wrestler in Pennsylvania.

Horse Owned By Eppenauer Wins Race In Mexico

MEXICO CITY—(AP)—Blue Stripe, owned by A. R. Eppenauer, Midland, Texas, won the featured La Paz purse Saturday but was immediately challenged to a special match race against Texon Boy, which finished second.

Joe L. Roberts, who trained Texon Boy for Mrs. J. L. Sullivan of San Antonio, Texas, said "I think I have the better horse and I'll match him against Blue Stripe at equal weights over 5 1/2 or six furlongs and I'll wager any amount."

General Bloss, Blue Stripe's trainer, did not accept immediately but the prospects appeared good for the first match at the new Hippodrome of the Americas here. Track President Bruno Pagliai said he would offer a special purse for the match race.

The two horses, Blue Stripe carrying 115 pounds and Texon Boy, 113, battled throughout the seven furlongs, with Texon Boy leading as they came into the stretch. Blue Stripe paid 23.50 pesos for a five-peso winning bet (about \$7.40 for \$2), 8.50 and 5.50 pesos. Texon Boy paid 8.50 and 5.50 and Battle Hymn paid 5.50 to show.

Midland Girl Scouts And Dads Enjoy Box Supper Entertainment

Climaxed the observance of National Girl Scout Week, a box supper for Girl Scouts, their fathers and friends was held in the Midland High School auditorium Saturday night. More than 100 persons attended.

Approximately 50 boxes were sold at auction with proceeds going to the Juliette Low Fund for the aid of distressed children in China and Russia. Although a ceiling price was placed on the boxes, the sale netted a total of \$69.50. Bill Collins was the auctioneer. Mrs. Roy Minear was cashier. Entertainment is enjoyed.

The Rev. Hubert Hopper was master - of - ceremonies and Sam Spears was the song leader. Mrs. Joe Koenig was at the piano. Members of Mrs. Robert M. Thirp's group presented a pageant depicting activities of Girl Scouts.

Mrs. R. L. Alkin was chairman of special activities. Cold drinks for the supper were donated by the Midland Bottling Company.

CONCHO COUNTY VOTERS APPROVE SALE OF BEER

EDEN—(AP)—Concho County voters Saturday approved the sale of beer by a margin of five votes. The unofficial tally was 496 for, 491 against. The voting immediately affected only the two wet precincts of Eden and Eola.

Thursday night it was observed by several women, captained by Mrs. Cora Radcliffe, a crack rifle shot who brought her gun along.

"You can't shoot a shadow," she said. "I saw the phantom. I tried to touch it but finally it disappeared before my eyes."

More than 1,000 persons jammed the house and yard Friday night but the ghost refused to appear.

The neighbors think the culprit is a street light which might cast a haze into the house. But they couldn't explain the footsteps.

EMPLOYEES NEEDED

The Dow Magnesium Corporation needs assistance in filling the following positions:

OPERATOR TRAINEES **WELDERS**
SEMI-SKILLED LABORERS **MACHINISTS**
SHOP HELPERS **PAINTERS**

Various other skilled and semi-skilled jobs open.

Opportunities are available for those desiring to transfer to an essential industry.

We are not only turning out Vital War Materials but expect conversion to Postwar Production to cause no delay in our operations. Transportation to Velasco will be furnished all applicants hired. Housing facilities are available.

Committee OK's Milton Rathbone

BIG SPRING—San Angelo Saturday won a round in the District 3-AA courtroom where some of the loop's hardest battles have been fought in recent years.

The district Dads, after a long and heated session, threw out the protest of Odessa's school superintendent, Murry H. Fly and announced in a decision read by Supt. Frank Monroe of Midland, acting secretary of the district:

"Upon evidence presented, the executive committee of District 3-AA finds Milton Rathbone eligible."

The decision ended a protest in which Fly declared that Rathbone was taking college courses, thus making him ineligible under Interscholastic League rules. Fly also had charged that San Angelo was playing a composite team.

Rathbone is the star back of the Bobcat team which defeated Odessa last Friday in district play.

Bryan Dickson, school superintendent of San Angelo, said at the hearing that Rathbone was merely taking adult educational courses in the college's night school.

The committee decided that the determining of the district basketball champion will be by tournament.

Present from Midland in addition to Monroe were Coaches Gene McCollum and Jack Atkins and G. B. Rush.

Raiders Batter Frogs To Garner 40 To 20 Victory

FORT WORTH—(AP)—The Texas Tech Red Raiders from Lubbock, most of them freshmen, decisively whipped the Texas Christian Horned Frogs, a squad badly depleted by a call to arms in a wild and woolly football game before 3,000 spectators here Saturday.

The score was Texas Tech 40; Texas Christian 20. The Raiders ran roughshod over the Christians in the final period to score four touchdowns.

The Raiders got off to an early start in the initial period, scoring two touchdowns, one on a brilliant 64-yard dash by fleetly Robert Brown. On a fourth down pass, Freddie Brown passed to end Hubert Bechtel for the Raiders' other first period score.

The Horned Frogs came to life in the second and third periods, however, and with some brilliant passing and running by Jim Lucas appeared on the way to victory, leading at the end of the third period, 20 to 12.

SWI And Arkansas Aggies Wrangle To 20-20 Tie In Rain

MEMPHIS—(AP)—Southwestern Louisiana Institute and Arkansas A. & M. swapped sledgehammer blows for two hours in a driving rain here Saturday and knocked each other from the ranks of perfect teams by wrangling to a bruising 20-20 draw.

Three thousand drenched customers saw the contest evolve into an individual battle between Avin Dark, Southwestern's brilliant triple-threat transfer from LSU, and Charley Steed, a pile-driving full-back.

Tulsa Wins Over Sooner Aggies

TULSA—(AP)—Tulsa's Golden Hurricane battered the Oklahoma A. and M. College Cowboys Saturday, 55-6, for the most decisive victory ever scored in the traditional 25-year-old series between the two Oklahoma gridiron rivals.

A crowd of 9,000 saw the Hurricane first team, bounding back from its tie game with Southwestern, riddle the Cowboy defenses with four touchdowns in the opening period and return briefly in the third quarter to add a couple more before going under wraps.

Northwestern Beats Wisconsin 41 To 0

MADISON, WIS.—(AP)—Scoring almost at will, Northwestern's power packed Wildcats routed Wisconsin 41 to 0 in a Big Ten football game Saturday. Halfback Otto Graham scored four touchdowns and pitched to a mate for another. Harry Franck, substitute for Graham, got the other score.

Blue Devils Eke Out 75-0 Win Over Wolves

RALEIGH, N. C.—(AP)—The powerful Duke University Blue Devils showed no mercy Saturday in plastering a 75 to 0 football lambasting on a helpless North Carolina State Wolf pack. Some 6,000 spectators saw the victors push over two touchdowns in the first period, four in the second, three in the third, and two more in the fourth.

Aggies Beat Mustangs

Entire Squad Used As A&M Runs Roughshod Over Methodists To Retain Unbeaten Record

COLLEGE STATION—(AP)—Texas A. and M. used its entire squad Saturday to hammer Southern Methodist into a 22-0 defeat and remain along the nation's unbeaten teams. It was manpower that told the story although the Aggies broke the Methodist's resistance with the brilliant punting of Stanley Turner

that set up a safety and a blocked kick that led to a touchdown. A crowd of 7,000 applauded the gallant fight of the battered, undermanned Mustangs who met the Aggies on even terms for a half. Scored In Second

In the final stages of the game, the Aggies almost turned things into a rout as the tired Methodists offered only passive resistance to the fresh team sent in to clinch the victory. Two touchdowns were scored within five minutes.

It was toward the end of the second period that the Aggies scratched onto the scoreboard. Turner had placed a lazy 61-yard punt on the Methodist one-foot line. Lloyd Parker dropped back to kick, the pass from center was low and he picked up the ball too late to kick. Marion Settegast, Aggie end, tackled him for a safety.

A. and M. got a touchdown midway of the third period after Charles Overly had blocked L. B. Cox's punt. The ball bounded to the five-yard line where Cox fell on it but it was fourth down so the oval went to the Aggies. Jim Hallmark lost one but Turner hit tackle for three yards and Hallmark circled right end for the score. Turner added the point.

Statue Play Works
The next score was on the ancient statue-of-liberty play. A. and M. had the ball on the SMU 40. Earl Beesley faked a pass and Jesse Burditt took the ball to race around right end for the score. Charles Shira converted.

In a few minutes A. and M. had its other touchdown with a 60-yard drive. Burditt, Dick Callender and George McAllister took turns in smashing the line down to the Methodist 25. Then the fleet Burditt circled right end for the touchdown. Herb Turley's try for extra point was blocked.

Junior Jeep

Stepchild of the Army's famous jeep is this pint-sized model driven by a refrigerator motor. Built by Frank Tillotson, of Chicago, for his son Kenneth, the miniature model rolls up beside a regular-sized jeep for comparison.

Meet 'World's Oldest Caddy'

Frank Combs, With 244 Descendants, Is 'All-American Champ Progenitor'

FRENCH LICK, Ind.—(AP)—Others may dispute his titles but high rank concede Frank Combs is being "the all-American champion progenitor."

At the age of 86 he styles himself "the world's oldest golf caddy." And with 19 children, 120 grand children, 104 great grandchildren and one great-great grandchild he lays claim to being "the all-American champion progenitor."

There were four wives in the life of this astonishing oldster—three dead and a fourth whom he hasn't seen in six years. Seven years ago he left the farm which had been his livelihood for many years and he took up caddying on the French Lick Springs Valley golf course. Seldom does a day pass that he doesn't travel 36 holes, often carrying two golf bags.

Combs attributes his agility to a brew of 23 herbs that he gath-

ers each fall in the hills surrounding the course on which he caddies.

The brew formula, he says, helped him acquire his farm. Somewhat loquaciously he explains:

"My dad was a veterinarian and he taught me to judge horses and cattle. I caught on and became a horse trader. "Once I got stuck with a Kentucky thoroughbred mare suffering from a chronic ailment. I had been taking that herb brew for years and I figured it would help the mare. I dosed her regularly and she produced colts that brought me a net profit of \$800. I used this money to help buy the farm."

As the years passed and his children and grandchildren left the farm, Combs took up caddying to while away the time during his declining years.

Notre Dame Wins Over Army 26-0

By HAROLD CLAASSEN

NEW YORK—(AP)—Almost every time you looked up in the fourth period of Saturday's Army-Notre Dame football game a guy wearing a green shirt was playing hide and seek behind the cadet goal posts in full view of 76,000 spectators.

It was in the final chapter, after a rugged first half battle that the Irish ran off and hid from the cadets, scoring two touchdowns as they clearly demonstrated their superiority with a 26-0 victory over the Army.

In the first half Notre Dame built up a 6 to 0 advantage but after the rest, the South Benders marched with relative ease to their seventh straight win of the season.

The defeat was the first of the year for the cadets but extended their losing streak in this series to 13 years without a victory and they now have been shut out in five of the last six games.

BOILERMAKERS WIN 14-7

MINNEAPOLIS—(AP)—Purdue scored a second touchdown in the last 40 seconds of play Saturday to defeat Minnesota, 14 to 7.

Fly Says He Had Statements From College Officers

ODESSA—(AP)—Odessa School Superintendent Murry H. Fly said Saturday night there was "no basis for appeal" from the District 3-AA Interscholastic League executive committee that Milton Rathbone, star player with the San Angelo High School football team, was not ineligible.

Fly had charged that Rathbone was ineligible as a high school player by virtue of having taken courses in San Angelo College.

Fly viewed the committee's decision as final, but contended that college authorities had given him signed statements that Rathbone was enrolled and that his tuition fee was paid to the college.

V. Z. Rogers, chairman of the committee, who was asked here on what basis the committee's decision was made, said the issue was whether or not the courses taken by Rathbone were college courses and since no credit was given, the committee ruled that the courses were not college subjects.

Navy Whips Penn

PHILADELPHIA—(AP)—Little Harold Lambert set up one second-half touchdown, scored another and passed for a third Saturday as Navy's footballers came from behind to whip Pennsylvania 24 to 7 before a crowd of some 73,000 on Franklin Field, thereby handing the Quakers their first defeat of the season.

Michigan Triumphs

ANN ARBOR, MICH.—(AP)—Michigan gained its fourth successive Western Conference football victory Saturday by defeating Indiana, 23 to 6, before 20,000 spectators. Elroy Hirsch ran for one touchdown and passed to another for Michigan, and Bob Hoernschemeyer passed to Pete Phios for Indiana's score.

Rice Owls Beat Arkansas 20-7

HOUSTON—(AP)—Striking with lightning-like rapidity, the Rice Owls scored three big touchdowns in the third period to defeat the Arkansas Razorbacks, 20 to 7, and win their first Southwest Conference game of the season here Saturday.

The Owls played fine defensive ball, holding the Razorbacks in check with the exception of one fourth quarter drive, and cashed in on the breaks in the big third quarter.

Ohio State Crushes Pitt Tigers 46 To 6

PITTSBURGH—(AP)—Ohio State clicked off touchdowns the first four times they had the ball Saturday and went on to hand an out-manned Pitt football team a crushing 46 to 6 defeat before 30,000 fans. Fullback Glenn Hays led the Buck scoring rush with three touchdowns. Pitt counted only as Phil Brown benched his regulars in the second half.

Trojans Drop From Perfect Record List

SAN DIEGO, CALIF.—(AP)—Southern California Trojans, heretofore unbeaten, untied and unscored on, took a 10 to 7 beating Saturday from the powerful San Diego Naval Training Station eleven, coached by (Bo) Molenda, formerly of the University of Michigan and the New York Giants.

GREAT LAKES TRIUMPHS

GREAT LAKES, ILL.—(AP)—Steve Juzwik, ex-Notre Dame back, scored twice in the second quarter as the Great Lakes Bluejackets defeated the Camp Grant Warriors 12-0 Saturday.

MISSOURI BEATS CYCLONES

AMES, IA.—(AP)—Missouri spoiled Iowa State's homecoming celebration Saturday by defeating the Cyclones 25 to 7 in a Big Six football game.

SOONERS WHIP JAYHAWKS

NORMAN, OKLA.—(AP)—Oklahoma's Sooners Saturday turned loose a smashing offensive and then held off a last half Kansas passing attack to win a Big Six football victory 26 to 13 and remain unbeaten in conference play.

OLD SCORES PAID

BELLEFRONTE, GA.—(AP)—Worried because he habitually failed to return borrowed pencils, Dr. G. G. Mervine made up for past mistakes by distributing 60 new pencils to fellow members of the local Kiwanis Club.

Officers Of Homemaking Club Have Installation In Candlelight Service

Officers of the Homemaking Club were installed in a candlelight service Monday in the auditorium.

The Spirit of Home Economics was robed in white and wore a silver crown and the retiring and incoming officers were robed in blue and white, the club colors.

The retiring officers handed the incoming officers' candles of the various colors signifying the duties of the offices and briefly outlined the duties.

At the close of the ceremony, the club members repeated the Girl's Creed and sang "Sing Your Way Home," the club song.

Freda Truelove was the Spirit of Home Economics. The retiring officers are: president, Wilda Drake; vice-president, Rosie Hart; secretary, Tommy Jean Newsum; treasurer, Stella Shattuck; publicity chairman, Blanche Settles; social chairman, Alberta Lee; service chairman, Sylvia Holliman; and music chairman, Lavera Brooks.

Incoming officers are: president, Virginia Cottrell; vice-president, Laurgene Lands; secretary, Eileen Eiland; treasurer, Peggy Lands; publicity chairman, Vera Williams; social chairman, Juanita Garvin; and service chairman, Hazelle Midkiff.

Calendar Of Coming Events

- Monday - National Education Week; Book Week; Tuesday - Freshman Play-night, 7:00-8:30; Wednesday - Band program for Lions Club; Thursday - Armistice Day holiday; Friday - Band program in assembly, 2:00; Bulldog B-string vs. Lamessa B-string, Lackey Field, 4:00; Junior Play—"Ever Since Eve"—

Homemaking And L. I. Classes Will Help Junior Red Cross

Homemaking and laboratory of industry students will make items for the Junior Red Cross. These items will be used in veterans' hospitals, children's institutions, in service clubs and hospitals in the various camps.

The clothing department, under direction of Miss Helen Stewart, will make 25 bed jackets, 50 bed slippers, and 25 ice bag covers. The foods department, directed by Miss Iva Butler, will make 100 wash cloths, 20 flower containers, 100 paper napkins decorated for Washington's birthday, 100 table and tray favors, and 100 tray covers.

The laboratory of industry classes, taught by John Mashburn, will be in charge of making five maple finished ash stands, ten lapboards, four shoe shine stands, two smoking tables, 10 table lamps, five writing boards, two bean bag boards, seven cribbage boards, two dart bases, two darts and target, five five in five out, five five in a row, five fox and geese, one ping pong, four ping pong paddles, and five ring-tops.

F. H. McGuigan Speaks To Junior Geologists

With F. H. McGuigan, geologist for Lions Refining Company, as speaker, the Junior Geologists met Thursday during the last period.

The topic of discussion was rivers and the work of running water. McGuigan showed how to recognize the age of rivers by the course and the shape of the channel.

Eleven members were present at the meeting.

Assistants For Jr. Play Named By Steve Briggs

Steve Briggs has selected those juniors who will assist in the presentation of the junior play "Ever Since Eve". They are Patsy Pope, script girl; Bill Price, stage manager; Shirley Culbertson and Marjorie Barrow, make-up; Nora Faye Long and Billie Ann Hill, stage crew; Ann Porterfield and Ellana Eastham, properties; Norma Conley, Peggy Ayres, Mary Bizzell, and Betty Chanslor, ushers and programs.

Nellie E. Brunson, senior, Bulldog staff member, is serving as publicity manager.

The play is to be given November 12 at 8 o'clock in the high school auditorium. The prices will be 25 and 35 cents.

Featurettes

The minute-man flag signifies free Americans of tomorrow. He who studies least flags most.

It will take educated people to win this war and to lead the world after the war. What we want most of all now is to see a total eclipse of the "rising sun", and getting a good education is the duty of American youth.

One word in your own vocabulary is worth two in Webster's. Manners are something the other fellow is supposed to have.

If you like someone tell them so today; you may not feel that way tomorrow. Obstacles are the dreadful things you see when you take your eyes off your goal.

Sub-Deb Club Meets With Barbara Brown

The Sub-Deb club met Thursday with Barbara Brown with Peggy Bissell presiding.

Plans were discussed for a "Sardie Hawkins Dance, and committees were appointed.

Refreshments were served to seventeen members by the hostess.

The next meeting will be held at the home of Phyllis Chancellor.

35 Students Attend Senior Play-Night

Approximately 35 members of the senior class were present at the play-night for the seniors Wednesday.

During the evening the students played bridge, rummy, monopoly, ping-pong, and basketball. Cookies were served to the students by the advisory room mothers, Mmes. C. C. Roripaugh and E. R. Osburn.

All School Banquets Cancelled This Year

G. B. Rush, principal, has announced to the junior and senior classes that their annual banquet and the football banquet will not be held this year.

M.A.A. Club Meets With Marie Barber

The M. A. A. Club met with Marie Barber Wednesday.

Refreshments were served to Ailyn Kelly, Charlene Woods, Sue Davis, Griffin Driver and Doris Mickey by the hostess.

The next meeting will be held at the home of Griffin Driver.

Stuart Plans To Start Science Club

Student are you interested in having a Science Club organized? If you are, let your wish be known by going to Miss Margaret Stuart, science teacher, in room 306, and this telling her.

D.V.V. Club Meets With Dorothy Butler

The D. V. V. Club met in the home of Dorothy Lynn Butler Wednesday.

The members decided to take in three pledges: Marela Funk, Sharon Lee Cornelius and Helen Crabb.

Refreshments were served by the hostess to Edwina Hood, Barbara Conkling, Virginia Dunagan, Mary Nell Casselman, Betty Greene, Betty Chanslor, Shirley Brunson, Pat Ruckman, Billie Jean Jones.

The next meeting will be held with Barbara Conkling.

Advisory Group Honored At All-School Dance

Honoring the Freshmen in Miss Jackson's room, an all-school dance was given Saturday evening from eight to ten-thirty. Music was furnished by Jack Cecil, chief engineer for KRLH, with his large collection of records.

NOTICE TO STUDENTS: Please turn in broken or unwanted mirrors—any color or kind—to Miss Iva Butler, room 302. The purpose is a military secret.

Advertise Or Be Forgotten.

Gifts From OWI

Uncle Sam is Santa Claus and the OWI rings the sleigh bells as a shower of pre-Christmas gifts are dropped from airplanes over enemy-occupied countries.

Some of the reminders that Americans are the friends of the oppressed people include a coloring book for children, complete with crayon and bar of soap.

State Guard Seeks More Enlistments

This week is State Guard Week. Midland has a guard company, but it needs more enlistments.

All High School boys of 16 and 17 are urged to join. The organization not only provides pleasure, but also provides a groundwork of basic military training for boys expecting to enter military service.

According to Lieutenant Hannaford, executive officer, when a boy enlists, he is not liable to be grabbed up for military service, as he would be if he ambles through civilian life. There is no pay, but uniforms are furnished to each recruit free.

The meetings are held weekly on Thursdays at 7:00 p. m. and target practice is held on the first and fourth Sundays of each month, at 2:00 p. m.

All meetings are held at the old North Ward school building. All eligible boys are urged to join.

Jr. Q.V.V. Selects Green-White Colors

The Junior Q. V. V. met Wednesday afternoon at the home of Doris Conley.

Green and white were selected as club colors. Refreshments were served by the hostess and the meeting was dismissed.

'Bombed' Engineers Have Ghostly Look

CAMP VAN DORN, Miss. (P)—Men of the 263rd engineer combat battalion are learning to duck "bakers' bombs" as a part of their training.

Army planes harass them at their work by swooping down and trying to pot them with loosely-packed bags of flour and powdered chalk. The engineers learn to disperse properly, seek cover and open fire on their aerial attackers. Victims of direct hits look somewhat ghostly and officers point out that this "is quite appropriate."

Christmas Parcels Should Be Mailed During November

Delivery of the annual flood of Christmas gifts and cards on time, always a serious problem, "will be more than a problem this year—it will be an impossibility—unless Christmas mailings are made largely in November." Postmaster General Frank C. Walker warned Saturday.

"Transportation facilities are burdened to the limit with war materials and personnel, and the Postal Service has sent more than thirty-one thousand experienced employees into the Army and Navy," Walker said. "The only solution to the Christmas problem is: mail in November. Mark your parcels, 'Do not open until Christmas.' That is the only way to avoid disappointment on Christmas Day not only for many civilians but also for millions of members of the armed forces who are still in this country."

"It is also the only way to avoid the possibility of a Christmas emergency in the transportation and postal services. If the public will cooperate by mailing Christmas parcels during November, we can handle a small volume of light, last-minute mailings, such as cards, up to December 10—but we can do that and avoid an emergency only if November is really 'Christmas Mailing Month.'"

Postal officials pointed out that the volume of mail now is far beyond any previous records, that railway cars by the hundreds have been diverted to war service and that the air lines have only about half as many planes as they once operated.

More than two hundred thousand extra employees normally are employed to help with the holiday postal rush. This year, the extra employees will be largely women and high school boys and girls who are unable to work the long hours usually required and whose work will be relatively slow.

To deliver the Christmas mails on time, therefore, it is necessary that mailings be spread out over a longer period so that available transportation equipment and postal personnel can be used during more weeks.

There is another reason for shopping and mailing earlier than ever before. Retail stores are short-handed. Purchasers can avoid shopping in crowded stores, long waits for service, and other inconveniences of late shopping if they buy now. They will also doubtless have a better choice of merchandise than will be available later.

Postmaster General Walker said his warning is not an attempt to tell the public what to do; it is only an advance notification of what will happen if they mail late. He feels that the public is entitled to the facts, and that when they know them, they will decide to mail in November.

Two-thirds of all the deaths from tuberculosis occur before the age of 55.

Treble Clef Music Club Has Program

The Treble Clef Music Club met Saturday morning in the studio of the Watson School of Music, when eighteen students responded to roll call with musical expressions.

Presiding over the attendance card table were Betty Sue Matlock and Lavon Clarke.

Special guests: La Verne Wingo, Mrs. William Flatters who were introduced by Helen Sue Flatters; Mrs. James E. Sprinkle who was introduced by her daughter, Elizabeth, and Mrs. Hetuck, by her daughter, Jan.

The following program was given: "The Men in the Moon" by Helen Sue Flatters; "The Traffic Cop" by Doris Alexander; violin number, "Dance of the Little Furies" by Jan Scott; piano solo, "Sky Pilot" by Joan Tom; "Gay and Festive," by Mary Jo Hejl; piano solo, "The Christmas Song" by Elizabeth Sprinkle; and a review of the composers by Lydie G. Watson, which concluded the program.

The children repeated the club motto in unison.

SHOOT THEIR RATINGS

LARGO, Fla.—(P)—In these days of meat scarcity the Home Makers Club was missing no bet. A county road patrolman shot a black bear and the club took over at that point. Members canned 53 quarts of bear meat. They said it tasted like beef.

Nurse Institute To Be Held Here Monday, Tuesday

An institute for public health nurses of West Texas will be held here Monday and Tuesday under auspices of the State Department of Public Health, it was announced Saturday. The Midland-Ector-Howard Health Unit, directed by Dr. J. A. Olean, will be host organization at the sessions in the Crystal Ballroom of Hotel Scharbauer.

Registration will start at 9 a. m. Monday. The first day's program will open at 9:30 a. m., with an address of welcome by Miss Mildred Aubrey of Midland, senior nurse of the host organization. At 10 a. m., Dr. Olean, director of the tri-county unit, will speak on "Policies and laws of communicable disease control." At 11 a. m., a demonstration on home isolation techniques will be given by the Taylor County Health Unit nurses.

At 1 p. m., Monday, a panel discussion on communicable disease control as a community problem will be led by Miss Ruth Esther Skemp of Levelland. Participants will include health officers of the three units, Dr. J. E. Hogan of Big Spring, Dr. W. G. Whitehouse of Midland, and Dr. Wood of Odessa; Mr. Blankenship, superintendent of schools at Big Spring; Walker Bailey, superintendent of Howard County schools; Frank Monroe, superintendent of Midland schools, and Murry H. Fly, superintendent of Odessa schools; Mrs. J. M. Osborn, president of the Council of Parent-Teachers Associations, and Kenneth McFarland, sanitarian of the Midland-Ector-Howard Health Unit.

Judge E. H. Barron and Mayor A. N. Hendrickson have been extended an invitation to take part in the panel discussion, and all interested citizens are urged to attend. **Picnic Is Planned**
Visitors to the institute will be entertained at a noonday luncheon Monday and will be guests at a picnic at Cloverdale Park Monday evening. The Chamber of Commerce is assisting with arrangements for the picnic.

Dr. S. W. Bohls of Austin, director of state laboratories, will open the Tuesday program at 9 a. m., with a discussion on policies and laboratory functions of state and local laboratories. Demonstrations on various phases of the work will

Date Dress

(Dupont photo from NEA)

For the "after-five" date is this one-piece dress of crush resistant, rayon transparent velvet. It is shown above in black, with pink velvet flowers at the waistline and net ruching around the sweetheart neckline and sleeves.

Topics For Church Services Announced

The Rev. Hubert H. Hopper will preach at the Sunday morning service of the First Presbyterian Church when his theme will be "Meeting A Challenge."

At the evening service beginning at 7:45 p. m., the Rev. W. R. Mann will preach on "The Sign Of Discipleship."

At 1:30 p. m., tests and procedures in examination of various items will be demonstrated by Jeff Bowden and Eva Batchelder, members of the Midland laboratory staff.

The two-day program will be concluded by a visit to the laboratory.

Library Institute Will Be Held At Odessa Tuesday

Problems of the library during the war and in the period following will be discussed Tuesday in a library institute at Odessa, it has been announced. The program will open at 11 a. m.

A panel discussion on responsibilities to the library will be led by Mrs. Fred Wright, Kermit, at 11:15 a. m. Mrs. Guy B. Nease of Odessa will discuss the topic from the view of the club woman; Charles W. Roberts of Andrews, the county court; Mrs. Rosalia Holler of Midland, the state legislature, and H. C. Bulness of Midland, the professional man.

Mrs. W. R. Phillips of Fort Stockton will lead a panel discussion on libraries and the war at 1:30 p. m. Maritime demands on the library will be discussed by WAC Lt. Thelma Moore, Odessa, and Lee Johnson, Wink, will discuss "Libraries Afloat." Judge John J. Watts of Crane will discuss reading for pleasure and profit in Democracy, and the library's part in dissemination of the war information will be the topic of Mrs. W. W. Runnels of Fort Stockton.

"The Library of Tomorrow" will be the subject of a talk by W. A. Martine, principal of the Odessa High School, at 8 p. m.

A. H. Denison, Ector County judge, will give the welcome address, and Rep. J. H. Goodman of Midland will give the response. The program is open to the public.

Easy And Quick Home Facials Will Massage Away Ugly Lines Of Fatigue

By ALICIA HART
NEA Staff Writer
Many of us are working harder and longer hours. And often the fatigue shows up first in our faces. The corners of the mouth droop, cheeks sag and chins seem to double up.

"There is nothing so soothing and vivifying as a quick home facial," offers beautiful Brenda Marshall, who has been working most recently on the picture "Paris After Dark." Of course, as Brenda hastens to warn, you must understand perfectly the principles of massage, or you run the risk of doing more damage than good. Have a licensed beauty operator give you a couple of treatments and pay close attention to the way she works.

Keep in mind that all manipulations must be gentle. After creaming, slide the tips of your fingers from the center of the forehead, down the bridge of the nose, around the eyes and back. Now slide them down the sides of the nose, circling out to the cheeks and back to the forehead. Finally, bring them down the sides of the face, around the corners of the mouth to the chin, circling out over the jawbone and back to a point below the ear lobes.

Finish with a few quick slaps to stimulate circulation, and remove excess cream with a cold astringent saturated pad.

WAC Lieutenant Is Veteran Of Two Wars

FORT OGLETHORPE, Ga. —(AP)—Lt. Grace Auer of Detroit, stationed at the Third WAC Training Center, can compare this and the last war from personal experience as a member of British and American forces.

She enlisted in the British WAAC in the last war, rising to the highest non-commissioned rank of the organization. She moved to America in 1923 and joined the American WAAC in 1942. From her training at the Bristol, England, School of Women Police, she was made the first WAC provost marshal at Fort Des Moines.

A brother is serving in the British navy and her son is in the U. S. Army Air Forces.

The Red Cross Today . . .

The new quota of surgical dressings has arrived and work will start on them next week. During October, 177 workers made dressings during a total of 1495 hours in the dressing room. Much enthusiasm was shown by business women, 16 of whom contributed to the work on Wednesday evening.

The new quota consists of 9,000 of the 4x4 sponges and 7,200 of the 4x8 sponges. Mrs. Ross Williams, chairman, urges more workers to respond so the quota will be finished by Christmas and enable all workers to have a few days holiday during Christmas week.

Organization of the Nurse's Aide is rapidly reaching completion and the instructor from Red Cross headquarters is expected to arrive within the next few days to start classes which begin Nov. 15.

Persons desiring to enroll in First Aid courses, either standard or advanced courses, should contact Mrs. O. F. Hedrick at telephone No. 1217 or S. C. Dougherty at telephone 1563. These classes will be arranged according to the convenience of the group or groups responding.

The Junior Red Cross drive now is in progress and schools of Midland are cooperating to the fullest extent. Material has been distributed and Mrs. B. K. Buffington, chairman, said teachers are contributing an important part in this project.

FAMILY DOOMSDAY BOOK
MANHATTAN, KAS. —(AP)—Mrs. F. D. Farrell's hobby is collecting newspaper clippings that relate unusual reasons why people ask for divorces.

"It was necessary to put him under protective custody"

To the Nazis he is dead. Their rifles cracked. He fell.
Multiply this by the millions of civilians shot, starved or blown to pieces by the Axis—with malice aforethought—and you have some picture of the staggering crime of which these fiends are guilty.

Millions of our boys are fighting—sacrificing everything—to save us from this evil. Is it asking too much for us who are safe at home to invest as little as 10% of every pay check in War Bonds?

HELPING BUILD WEST TEXAS

Sure, I'll take a Texan's Share

Your County War Fund is another "Victory weapon."

The United War Chest of Texas through war fund organizations in every county of the state is charged with the responsibility of raising \$4,885,781.00 for the 17 approved war appeals of the National War Fund. The national goal is \$125,000,000.

Each of the 17 participating agencies was carefully budgeted to stretch every dollar contributed before it received the approval of the President's War Relief Control Board.

Texans now are being asked to take a Texan's share in their County War Funds to aid three fronts with one gift—the Military Front, the United Nations Front, and the Home Front. Remember, President Roosevelt has said that a share in the National War Fund is a share in winning the war. Use this "Victory weapon." Give to your County War Fund.

Committee Urges Milk Producers To Save Sales Records

Midland County milk producers who wish to receive payments under the dairy feed payment program should save evidence of milk and butterfat sales for presentation in applying for such payments, W. E. Pigg, chairman of the Midland County AAA Committee, said Saturday.

The rate of payment for Midland County dairy producers will be 40 cents per hundredweight for whole milk deliveries and four cents per pound of butterfat sold in cream

and butter. The butterfat test of the milk will not affect the payment for whole milk delivered. Application for payment on October 1 through December 31, 1943.

To apply for payment, the milk producer has to present proof of the sales in the form of the customary sales slips, receipts, stubs obtained from the milk purchaser, or in some other form acceptable to the county committee. Evidence of feed purchases will not be required.

After receiving the application with satisfactory evidence of milk deliveries, the committee will write a draft on the Commodity Credit Corporation in favor of the producer. This draft can be cashed at any bank.

Shoe Shineresses

CHATTANOOGA, TENN. —(AP)—Newest note in the manpower shortage here is the use of women bootblacks. Manager Burton Meyer of a local shoe repair shop has hired several girls to shine shoes and says they do a better job because they "take more pride in their work."

Chamber Of Commerce Directors Will Meet

Directors of the Midland Chamber of Commerce will meet in regular monthly session in the private dining room of Hotel Scharbauer at 8 p. m. Monday, Paul McHargue, president, said Saturday.

Housing needs will be discussed, a report on the recent West Texas Chamber of Commerce referendum meeting will be heard, and other business matters will be decided, McHargue stated. He urged attendance of all directors.

Jaycees To Have Big Stag Banquet Tuesday Evening

A Jaycee "get acquainted" stag banquet, honoring new members of the organization, will be held by the Midland Junior Chamber of Commerce in the Blue Grill Cafe on the East Highway at 8 p. m., Tuesday, Russell Howard, Jaycee president, said Saturday.

Members, prospective members, and friends of Jaycees are invited. H. K. McKinnon and U. A. Hyde are in charge of arrangements. McKinnon is a vice president of the organization and Hyde is a director.

Reservations must be made by Tuesday noon. Barbecued chicken will feature the banquet menu.

Twenty new members have been added to the organization's membership roster since August, bringing the total membership to fifty-six. R. J. (Doc) Graham is chairman of the membership committee. Approximately 65 persons are expected to attend the banquet.

ment is being arranged and will be presented at the affair, McKinnon said. Read Reporter-Telegram Want-Ads

East Hockley Prospect To Test With 1,100 Feet Of Oil In Hole

By JAMES C. WATSON
Oil Editor

Woodley Petroleum Company No. 1 L. A. Harless, in the northwest quarter of section 21, block A, Thompson survey, East Hockley County, three and one-half miles west of the Lubbock County line, drilled to 5,955 feet and had 1,100 feet of oil in the hole Saturday.

Tubing was being run to take a natural test of the indicated production which has been shown from 5,655 feet to within three feet of the present total depth.

Very little gas has been encountered by the development. Predictions are being made that the operation can be developed into a "good pumper" as it now stands.

After taking a natural test of the scattered sections which have shown porosity and saturation, the operator likely will inject acid to see if the capacity of the project cannot be increased.

After encountering softening in the line to 5,855 feet No. 1 Harless drilled and cored to 5,933 feet and then set 5 1/2-inch casing with 340 sacks of cement at 5,807 feet. Oil Show Increased.

While cleaning out was in progress during the past week oil continued to rise in the hole despite continuous balling. When the last of the drilling mud had been bailed out the oil was standing 500 feet in the hole. It gradually increased to the 1,100-foot column reported Saturday.

In addition to Woodley, Stanolind Oil & Gas Company, Honolulu Oil Corporation, Skelly Oil Company and several independent operators have acreage in the vicinity of the prospective pool opener.

Honolulu Oil Corporation No. 1 Homann, Gaines County "hot" wildcat six miles northeast of Seminole, was cutting out cement plug Saturday below 5,204 feet.

The 5 1/2-inch pipe was set at 5,335 feet in cement. Bottom of the hole is at 5,410 feet. First showings of oil were in a core from 5,400-10 feet about two weeks ago.

Expectations are that the plug will be drilled out and the hole cleaned by the first of the week so the producing potentialities of the development can be determined.

Bay Drilling Deeper
C. U. Bay No. 1 Bitler & Lowe, Northwest Andrews County prospect two and one-eighth miles northeast of the Fullerton field, was drilling ahead under 7,024 feet in soft lime Saturday.

Drilling was resumed late Friday at the former total depth of 6,984 feet after the operation had swabbed approximately one barrel per hour natural. The zone from 6,984 feet to 7,019 feet was tight and hard and did not evidence any increase in oil.

Softening of the formation was noted at 7,019 feet and the test was drilling ahead with oil. The drill likely will continue until 7,070 feet is reached.

Milton Unser, Midland independent operator will start drilling early in the week on No. 1 E. H. Harrell-Shell Oil Company, a 2,200-foot semi-wildcat in the McCamey area of Southwest Upton County.

The new venture, about one-half mile northeast of the nearest production from the McCamey line, will be 930 feet from the north and east lines of section 7, GC&SF survey, and will be on Shell's McCamey tank farm tract.

Moore Sets Pipe In Crane
John I. Moore, operator No. 1 F. C. Barnsley estate, 4,500-foot Permian wildcat two miles southwest of the Big Bend area, was setting 8 3/8-inch casing at 1,736 feet with 500 sacks and is waiting on cement.

Magnolia Petroleum Company No. 3 Glenn, outpost to the McKee Simpson Ordovician field in South Crane County, has drilled to 4,361 feet in lime in side-tracked hole after the plug-back from 5,205 feet.

Texas Pacific Coal & Oil Company No. 52-A Lane, deep venture in the McCamey region of Upton has bailed out to below 7,200 feet and continues to clean out to the drilled out depth of 8,334 feet.

Indications are that another section will be perforated and tested when the balling is completed.

Shell Oil Company No. 4 Sealy-Smith, section 39, block A, G & MMB & A survey, in Northeast Ward County, has spudded to 75 feet and cemented 16-inch OD casing at 71 feet with 100 sacks. This is to be an Ellenburger test.

Shell No. 3 Sealy-Smith has bailed below 9,249 feet in lime.

Gulf Oil Corporation No. 1-B Edwards, wildcat project in Northwest Ward, has progressed under 6,931 feet in unreported formation.

Forest Development Corporation No. 1-D Edwards, exploration operation in South Ector County, has cored from 4,486 feet to 4,540 feet and is reaming hole preparing to do more coring.

Richmond Drilling Company No. 2 Bessie Maurer, outpost to the southeast side of the South Cowden field, made 170 barrels in 24 hours on a potential test, pumping from the 4,454-4,540-foot pay section after a 300-quart nitro shot.

Union Oil Company of California No. 2 Kone, another southeast outpost to the South Cowden field, is at total depth of 4,024 feet with 150 feet of oil in the hole and is preparing to shot.

Union No. 3 Kone has drilled to 3,330 feet in anhydrite.

More Pipe In The Ground
Humble Oil & Refining Company No. 1-B Reynolds, Cuthbertson County wildcat, has set 10 3/4-inch casing at 1,731 feet with 300 sacks of cement.

Mack Hays No. 1 White & Baker, semi-wildcat west of the Yates field in Pecos County spudded Oct. 29 and has reached 145 feet.

Magnolia Petroleum Company No. 1 Robertson-State has progressed to 5,812 feet in hard dolomite.

Getting Ready to Face King Neptune

Part of the fun of going to the South Pacific is the time-honored initiation into the domain of Neptunus Rex as the ship crosses the equator. Here Red Cross workers Connie Stone of Essex Junction, Va., and Ruth Walrad of San Francisco are painted up for the ordeal by Capt. Henry Henstell of Los Angeles.

Colony Refining Company No. 1 Miller, Ellenburger wildcat in Northwest Mitchell County is reported drilling ahead under 5,842 feet after cleaning up a fishing job which has delayed progress for over two weeks.

Phillips Petroleum Company No. 1 Price is drilling around 12,865 feet. This is 79 feet deeper than any other test has ever reached in the Permian Basin of West Texas.

Amerada Petroleum Corporation No. 1-A Hickman, Barnhart Ordovician field outpost in Reagan County is drilling under 4,933 feet in shale.

Amerada No. 2 Johnson is making hole below 2,757 feet in lime. Humble No. 2-B Sawyer, Irion County Ordovician test is boring past 4,205 feet in shale.

Colex Caught Fish
Coltex Refining Company No. 1 Miller, Ellenburger wildcat in Northwest Mitchell County is reported drilling ahead under 5,842 feet after cleaning up a fishing job which has delayed progress for over two weeks.

Gulf Oil Corporation No. 43-O Waddell, scheduled 6,000-foot exploration to the Ellenburger in Crane County and four miles northeast of the nearest production from that zone is building derrick.

Shell No. 1 Johnson, Ector County exploring operation has reached 4,500 feet in anhydrite. Top of the anhydrite was at 1,496 feet.

Humble No. 1 Scarborough, West Andrews County deep test has progressed to 1,470 feet in anhydrite, which was marked at 1,320 feet. The surface elevation is 3,337 feet.

Shell No. 1 Cox, Northwest Andrews exploring effort has drilled below 4,501 feet in lime.

Shell No. 1 Scarborough, Union field outpost has recovered a fishing job and is at total depth of 3,825 feet in anhydrite repairing motor.

The Texas Company No. 2 Mabec, Southeast Andrews development has progressed below 3,454 feet in lime.

Another Mabec About Down
The Texas Company No. 3 Mabec has cut back 4,300 feet in lime and anhydrite.

Humble No. 1 Crews & Mast is swabbing out hole and preparing to plug back further up after getting sulphur water from 5,890-5,880 feet.

Dean, Northeast Dawson County wildcat is shutdown at 10,140 feet.

The Texas Company No. 1 Farmer County, Southeast Gaines County exploration, has progressed under 6,917 feet in lime.

Humble No. 1 Cox, West Gaines development is drilling ahead at 9,218 feet in lime.

Shell No. 2 Hamner, Onyby field outpost in Yoakum County is drilling at 5,060 feet in lime.

Woodley Petroleum Company No. 1 Farmer, wildcat in Central Yoakum two miles north of the Watson field has drilled to 900 feet. A string of 10 1/2-inch casing was cemented at 70 feet.

Globe Oil & Refining Company No. 1 Ellwood, Southeast Hockley County wildcat has made hole under 6,005 feet in lime.

Amerada Regained Lost Hole
Amerada No. 1 Kurfee, South Hale County Ordovician test, has progressed to 8,759 feet in shale and lime and has gone 15 feet below where the bottom was when it had to plug back several weeks ago.

Forest and H. F. Vogel No. 1 Robertson, Southwest Crosby County exploration has drilled under 4,222 feet.

More Slaughter Outposts
T. F. Morrow has filed applications to drill five tests on the north side of production in West Hockley County on the outside of the Slaughter field.

The tests will be:
Morrow No. 73 Mallett, center of labor 3, league 48, Edwards County School Land survey.

Morrow No. 74 Mallett, center of labor 1, league 48, ECSSL survey.
Morrow No. 5 Tyner, center of labor 24, league 45, ECSSL survey.
Morrow No. 9 Oil Development, center of labor 24, league 45, ECSSL survey.
Morrow No. 10 Oil Development, center of league 45, ECSSL survey.

THE TOOLPUSHER

By James C. Watson

CONOCO PUTS DIVISION PRODUCTION OFFICE HERE
Continental Oil Company has established a West Texas-New Mexico division production office in Midland with H. L. Johnston as superintendent. The new office will supervise district offices at Big Spring and Hobbs, New Mexico.

Stanolind Oil Purchasing Company started putting oil in an 80,000-barrel steel tank at the new Sundown tank farm Saturday. Work is underway on two other 80's at Sundown. Erection of the storage facilities at that station is being slowed on account of the lack of welders.

The Toolpusher has heard many compliments on the capable manner in which John B. Matthews is handling the West Texas production office of the Railroad Commission since he took over as acting deputy supervisor succeeding Bob Westbrook, who resigned several weeks ago to take a position with Gulf at Goldsmith. Matthews is an accommodating, efficient, thorough, and a worker.

Several development companies, with offices in Midland, are trying to find contractors with equipment and men ready to start new operations. It appears that all of the well-drillers are busy. It is reported that key men in several oil organizations in some West Texas counties have recently been called to military service.

Dale H. Dorn, San Antonio, vice president Forest Development Corporation, was in the Midland district office of that concern several days during the last week.

Versatile Soy Bean
Although it has been a principal crop of China for more than 5000 years, the tiny, important soybean did not become known outside the Orient until a little more than 30 years ago. Today, the "bean of a thousand uses" is cultivated on 5,000,000 acres in the United States.

MARRIAGE LICENSES ISSUED

Marriage licenses have been issued in the office of Mrs. Susie G. Noble, county clerk, to Edd Featherston and Myrtle Riddle, Gay R. Hyre and Ida Mae Eckess, Ben J. Gay and Mary Nelson, and Philip E. Hetzel and Johnnie Mae Brown.

Northwest Lea And Three Maljamar Areas Get Development Operations

HOBBES, N. M. — New development operations in Lea County reported during the week included a rank wildcat in the extreme northwest corner of the county; a prospecting effort one mile south of the nearest production in the Maljamar field and two one location outposts to one well extensions to the Maljamar producing area.

Malco Refineries, Inc., No. 1 State, 330 feet from the north and 1,550 feet from the east lines of section 31-128-32e is to be the exploratory effort in the northwest corner of the county. Material for the derrick was being moved in at the end of the week.

Lion Oil & Refining Company No. 1 Wyatt, 660 feet from the north and 1,980 feet from the west lines of section 31-178-33e is to drill to 4,390 feet or production in the Maljamar pay section. The test will be one full mile south of the nearest proven acreage in the south side of the Maljamar field.

Shell Oil Company, Inc., No. 1-B State is to be 1,980 feet from the east and 660 feet from the south lines of section 6-178-33e, and one location due north of the McLaughlin and Cosden No. 1 State, completed about sixty days ago to open a new producing area two miles northeast of the nearest producing well in the northeast part of the Maljamar field.

The McLaughlin and Cosden No. 1 State was finished for 96 barrels per day pumping from under 4,200 feet of sand reported to have reached 4,272 feet and has some oil standing in the hole from the section at 4,090-4,105 feet, and is cleaning out after a shot.

Barney Cockburn No. 1 Shell-State, in the southwest quarter of section 29-198-33e has drilled to 4,273 feet and has 3,500 feet of oil in the hole from zone at 4,243-63 feet. That amount of oil was accumulated in a 48 hour period.

McLaughlin and Cosden No. 2 State, in the northwest quarter of section 7-178-33e is drilling below 2,200 feet.

Northeast Lea Developments

2,000 TO ONE

On an average, physicians prescribe Stryphanthus only once in every two thousand prescriptions they write. Although the odds are 2,000 to one against us being required to fill a prescription calling for this potent drug, we carry it in stock at all times. In fact, we have a great many drugs in our Prescription Department . . . a supply that assures speed, as well as accuracy, in the compounding of medicines
