INDIANS USE SPEAR TO CATCH SALMON

Reap Food Supply During Fish Harvest Time.

Toppenish, Wash.—It is salmon time in the big rivers of the northwest states. Indians know it as the harvest time when they catch fat fish and preserve the fillets for winter.

Hour after hour Indian fishermen— from ten to twelve tribes—sit on the stone masonry of the Sunnyside irrigation dam, near here, spears poised, ready to lunge at large leaping chinook or coho salmon which are running up the Yakima river to spawn.

Tense, immovable as statues, they wait. Onlookers see the flashing track of the salmon leaping up the smooth waterfall. There is a lightning quick strike and the struggling silver beauty, safely speared, is drawn to land to be unhooked and the spear is ready for another victim.

The best salmon spears are fitted with barbed hooks and the fish is gaffed, rather than speared. The hook comes off the end of the shaft and dangles on a cord tied to the pole. This, the Indians point out, prevents breakage of the shaft when a thirty or forty pound fish is taken.

Sometimes a dozen big salmon will be hooked by one Indian in a day. At other times days pass without a catch. But the redmen never complain about luck. They poise over the shimmering, tumbling water patiently waiting until fish do come within range.

This primitive life is re-enacted at a score of rapids and dams in other rivers of the Northwest.

On shore squaws and young folks from the tribes split the salmon, hanging the meat over lines or slender poles to sun dry. Before the fish season is passed northwest Indians will have filled many willow baskets with dried fish steaks, insuring them against hunger at winter's coming.

Only Indians from reservations may so fish in northwest streams, being permitted by treaty to do so.

7-Month-Old Alabama Baby Talks Fluently

Birmingham, Ala.—Birmingham is laying claim to possession of the prize infant prodigy—a seven-month-old baby who converses as fluently as a child of several years. When she was one week old she could pronounce words distinctly, and at three weeks she could pronounce a number of words, such as "daddy," "eat," "I want up," and "I want to get up."

The child is Yvawn, daughter of Mr. and Mrs. James E. Shotts. She was born November 23, 1927. One of the amazing things is that she has cried but twice since she was born—once immediately after her birth, and another time when she had an attack of colic.

Wyloidin, her sister, now six years of age, is an accomplished musician. She has memorized pieces of music and can play more than 200 from sight reading at the piano.

Both children are normal and healthy. Both their parents are college graduates, readers and musicians.

U. S. Sets Standards for Wheat Middlings

Washington.—Official standards for purified middlings, semolina and farina have been promulgated by the Department of Agriculture.

The new definitions characterize purified middlings as the clean, sound, granular product obtained in the commercial process of milling wheat, and is that portion of the endosperm retained on 10 XX silk bolting cloth. It contains no more flour than is consistent with good commercial practice, nor more than 15 per cent of moisture.

Semolina is the purified middlings of durum wheat, and farina is the purified middlings of hard wheat other than durum.

Queen of Navy

Washington.—The queen of the navy is the battleship New Mexico. It has been awarded highest honors after competition in battleship efficiency, gunnery, engineering and communication. Now it may fly a pennant known as the "meat ball."

New York Grabs Lead

New York.—The Merchants' Association of New York notes that weather bureau records show that Chicago had an average wind velocity last year of 12 miles an hour while New York had 18.

Bears 200-Word Will Tattooed on His Back

London.—A 200-word will be queathing large sums of money to several persons has been tattooed on the back of a man who walked into a tattooing establishment in Waterloo road.

He had the will written out on a piece of paper, and asked that it should be transferred to his back. He sat for five hours while the work was done and the will was fully witnessed.

"He was a Colonial, and about thirty years of age," George Burchett, the tattooist, said afterward.

"This is the first will I have ever tattooed during a long experience, and it was difficult, tricky work."

POULTRY

WELL-BRED HENS PROVE CHEAPEST

Hens with good breeding often produce two dollars worth of eggs in a year more than hens with poor breeding, aside from their increased value as breeders, according to experiments on the Cornell poultry farm at the college of agriculture at Ithaca, N. Y.

This means that if a poultryman can get low-bred chicks for nothing he could afford to pay one dollar a chick for high-line birds, and still make \$1 more a year on each bird than from the low-line birds.

Poultrymen at Cornell point to these facts as evidence that a baby chick costing ten cents may be dear, while a chick costing fifty cents may be a good investment, if the higher priced chick comes from consistent high-producing stock. Trap nesting, pedigree hatching, and progeny testing must be used to obtain consistent high records.

The records of the hens range from 175 to 302 eggs. Seventy-five per cent of the pedigreed flock laid more than 200 eggs in one year. The males are from hens with pedigree of 225 eggs to 302 eggs. One pen of 35 pullets on the experiment farm averaged 86 eggs a bird during the four winter months to March 1, or about 22 eggs a bird a month.

These eggs were produced during the season of high prices, which is not true of birds that do not have good breeding, the department says. The number of birds that have laid 200 eggs has increased from 38 in 1921 to 179 in 1927.

Cheap but Ideal Floor Favored for Henhouse

A cheap but ideal floor can be put in a chicken house by filling in about eight inches of cinders, gravel, or crushed rock and covering it with about two inches of rich cement. The porous material under the cement will break up the soil capillarity and tend to keep the floor dry. The filling should be tamped until it forms a solid base for the concrete.

How the tile forms a more satisfactory base for the concrete and only one-half an inch of cement is needed to cover it. Tile is more expensive than the other filler, however, and sometimes much harder to get. It should be laid in a layer of sand so the surface of the tile can be made as smooth as possible before the cement covering is put on.

A slope of four inches in twenty feet from the back to the front of the house will tend to keep the litter evenly distributed over the floor. This slope will practically eliminate the disagreeable task of scratching the litter out from under the dropping boards of the ordinary house. There is no better time of the year to put a floor in the chicken house than just before the pullets are put into their winter quarters.

Profit on Goslings Is Made During Holidays

The best profit on market goslings (young geese) is made on those marketed at Christmas and New Years, as a general rule. Turkeys have the call at Thanksgiving. It will not do, however, to neglect the young geese and unless they are kept growing at top speed they will not be large enough to be most profitable when they are wanted for the holiday tables.

Sometimes we read that these young geese will obtain all the food they need in the fields and that they will live and grow if they have nothing but grass and whatever else they can find among nature's stores.

Give Clean Water

Clean and fresh water is as necessary to the success of egg production as is a correctly balanced ration. The man who goes to a lot of trouble with his feeding but is just indifferent with his watering, may expect trouble. Water is one of the chief constituents of an egg and it is required by the hen just as much as a human being requires water to drink. It should be given several times each day, especially in summer.

Must Have Feed

The Purdue university poultry department summarizes the general treatment of the farm hen as follows: "Hens won't live on hopes and prospects. They must have feed, and plenty of it. The hen does not get enough to eat in summer. The fields, barnyards and feed lots will furnish the hen little else but grains and green food. These alone and in their present insufficient quantities will not be sufficient to produce good egg production."

Culling Nonproducers

An easy and efficient method of culling the nonproducers out of the new hatch of pullets can be accomplished in the following manner, if each hatch has been housed separately: Keep the first 75 per cent of the pullets that come into production and sell the other one-fourth, or those that are last to start producing. By following this practice, few nonproducers will be carried through the winter on high-priced feed, taking up room needed by layers.

ZUNI INDIAN TRIBE HOLDS TOAD SACRED

Many People Show Reverence to Animals.

Washington.—Reports from the Zuni Indian tribe of New Mexico that many of the tribesmen possess sacred roads which they carry in hol low reeds, recall the sacred character of many animals in various parts of the world," says a bulletin from the Washington (D. C.) headquarters of the National Geographic society.

"Benares, India, the holy city of the Hindus, might be called 'the capital' of sacred animal world. In the narrow congested streets travelers are jostled about by the crowds who bow and give way to sacred overfed cows and white bulls.

Sacred Monkeys at Benares.

"Hous Hindus please their gods by throwing clothing, trinkets and other offerings upon the animals until all but their hoofs are concealed. Now and then a sacred ape passes and is accorded the same respect; and in the so-called Monkey temple and its courtyard, swarms of sacred monkeys are fed and petted by visiting pilgrims. Perhaps the fruit and vegetable stands bordering the city sidewalks suffer most from the pious quadrupeds. As the animals consume the merchandise the owner must permit it with a smile.

"Creeping things such as lizards and snakes are held sacred by the natives of the South Sea Islands. Snakes are also 'holy' among the natives of Nigeria whose three gods are the serpent, the tall tree and the sea. The serpent, however, is the most honored among them. They build snake temples in its honor and the tribesmen's bodies are marked with crude figures of reptiles.

"Since ancient times the Cambodians of French Indo-China have lined their highways and adorned their temples with monumental figures of Naga, a sacred seven-headed cobra. Wagging tails of the huge reptile extending from the gables of many Cambodian buildings resemble spiral lightning rods.

"Among the natives of Madagascar there is class distinction of the deceased. It is believed that the souls of fellow tribesmen are reborn in bon constrictors, crocodiles and eels. The bon constrictor represents the soul of a nobleman. Instead of killing the reptile, the natives go down on their knees when they encounter one in the wilderness. Natives have been known to spread silk cloth in the path of bon constrictors that have come into villages.

"The souls of Madagascar commoners, according to the belief of some tribes, are reborn in crocodiles while a low class tribesman must be content with the life of an eel after death. Eels are also held sacred by some tribes of the Philippines. Other Filipinos believe their souls are reborn in the form of scorpions and insects. These are never killed.

"The American would lead a miserable existence in Assam. Here some of the natives dare not kill the house fly for fear of destroying some of their ancestors. They likewise respect the butterfly. Some of the rivers in Upper Burma would make splendid fishing grounds, but one fish might mean death to the fisherman for the natives in this region believe their dead relatives come to life in a fishy form. Dogs and climbing animals are held sacred in eastern Cochinchina, China.

The Dog Has Its Day.

"Poor pussy" is not 'poor' nor does she need nice lives among the Mangs, a low Indian caste who regard the cat as a sacred animal. Their most solemn oath is shown 'by the sacred cat. Another caste of India called the Naudas swear by the sacred dog or cow.

"The Solomon Islanders can make any animal sacred among their relatives. When a tribesman is about to die, he calls his relatives to his death bed and tells them what sort of an animal he wishes to receive his soul. It may be a bird, a butterfly or a shark. Whatever it is, the creature named henceforth is held sacred.

"Tigers are seldom killed by certain Sumatran tribes. If one is killed accidentally or in self-defense, the dead animal receives an apology for it might have contained the soul of one of the killer's relatives. The deer is a sacred animal among some of the Borneo tribesmen while in New Guinea fish and pigs are shown the same respect. Among the Toda of southern India, a sacred buffalo is killed during an elaborate ceremony, roasted on a sacred fire, and his carcass ceremoniously feasted upon.

"The Valinas, a fishing caste in southern India, hold a cock festival when they offer up sacred cocks, seeking immunity from disease. In Malabar, India, the devout Hindus carry sacred cocks on pilgrimages as the worshippers of Kail carry sacred goats. The more sacred animals they can deliver at the holy places, the greater will be their religious reward.

"Camels were sacred among the Arabs in ancient times. Squawking geese once frustrated an attack upon them and the fowls were later held in a certain veneration.

"The owl symbolized one of the gods of the Mayans. Among the Syrians the dove was the holiest of birds. Sacred doves are said to be kept at Mecca today. In Russia the peasants call the dove the bird of the Holy Ghost.

"The famous white elephants of Siam, which were supposed to embody the spirit of some ancient king or hero, were once worshiped by the Siamese.

Spring Goods Now Arriving

The men who are in control of the output of our big factories, don't study the needs of Haskell. They don't care what we want here, except as our needs correspond with those of the entire country.

But when our merchants go to the large market centers to select the spring merchandise, they are considering Haskell alone. They have studied the needs of Haskell people and they must select from everything, those things which will fill the needs of this community.

As merchants and residents of Haskell they are trying to get the best of everything we want. Right now they are preparing for spring with those very articles.

Often, they tell us, they have a particular customer in mind when they buy some particular article. They're buying for their fellow citizens and they want to please them.

It is this personal interest in all of which makes Haskell a trade center of the surrounding country.

A Trip To California

(By W. M. From)

Our last week's letter brought us to Roswell New Mexico, which is within a days drive from Haskell. We spent the night in this city which was the last night of the entire trip which the bunch spent together. The breaking up began a short while after we had gotten into Texas. Some of the folks began to wave the bus for short cuts to their homes.

In our last week's letter we had a few typographical errors. One of the most outstanding was where it stated that Pat Garrett who killed Billie the kid was killed by a one-year old kid, which should have read seventeen year old kid. Another place where we intended to say people moving in, stated people moving in. These things you will please excuse and if at any other time you find things like this in our letters, please make a good guess at what you think it ought to be.

Roswell New Mexico is a beautiful city. Yes it is a real city. And is well known by many of our people who have been there and have also watched its growth from year to year. There are many large mercantile establishments in this beautiful city and Roswell is known among the leading cities of the west. It is just an example of what can be done by united effort and faith through grit and stickability. Roswell has passed the doubtful stage. She is a city built on a hill that cannot be hid. This section of New Mexico has been a great apple country for many years, but now they are digging up the orchards and planting the ground to cotton.

Many hundred new orchards have been removed for cotton growing in the last few years and many others expected to be removed as time goes on. Quite a lot of irrigation is promoted around Roswell through flowing wells and good crops are grown where they have plenty of water. We came down a shaded lane out of the City. Some called it Lover's Lane. We had heard of this before and it sure is a pretty drive. There is a lot of Allalls grown in the irrigated district around Roswell and we were told it is a profitable crop. Quite a lot of poultry is raised throughout the trade territory of Roswell and we were also told that poultrymen were making profits with egg farming, as this city helps to furnish a good market for poultry products.

We left Roswell about six o'clock Tuesday morning, September 18, and every one was up early to get the start for home. And the roads were fine and the weather very balmy and clear and it seems that the old bus took on new life and rolled along with ease, making good time. We had no more mountains to climb or canyons to worry us and it looked like we would reach home in safety.

There is a beautiful section of plains country coming this way out of Roswell and we began to see large ranches with cattle grazing on the tall grass. There were thousands of sheep noted along through New Mexico with a lone herder and a dog following the herds. This looked like a lonesome business. But it is mostly Mexicans who herd sheep. The lands through this section is mostly all under fence and the grazing was fine. We passed through Tatum, New Mexico and then we crossed the state line near the little town of Plains, Texas. These two places were just one state town with filling stations, etc. The bus kept making better time and we were getting nearer home with every revolution of the crankshaft and that pleased the whole gang. Soon we were in Brownfield, Texas where most of the people of Haskell county have moved too, in the past ten years, but we did not stop to look for any body.

Yes, we were homeward bound and coming this way all the time. Mr. and Mrs. George H. Moore left us at Brownfield for their home at Lubbock. We made good time from Brownfield to Lubbock and passed through that town like a dream headed for Post, where we had planned to take lunch. We arrived at Post about 2 p. m. and stopped for lunch and ate at the Algeria Hotel. This was the last meal most of us ate together. P. E. Payne of Stephenville, F. S. Neeley of Winters, C. O. Davis and J. O. Jackson of Rule and Garland Eubanks of Throckmorton all left the bus for home by auto and train. Also Ben Scott and C. H. Colvin of Eastland left us there. The Snyder and Haskell bunch remained with the bus and after passing through Snyder they left us. Frank Locke of Stamford and the Haskell gang had the bus until we arrived at Stamford and here we borrowed Frank Locke's car and drove home arriving in Haskell about 10 p. m. We left Haskell on the 1st of September and arrived back home the night of the 18th, making 18 days of actual traveling, sight seeing and inspection of the various methods of farming, dairying and poultry raising through a number of states.

We are grateful to the West Texas Chamber of Commerce who promoted this trip and made it possible for Mr. Whiteker to arrange with the various representative citizens over a large section of West Texas to go along and closely inspect the methods of others in other states and bring it home first handed to their people who have already adopted many plans which are

in practice in other states and have proven successful.

We enjoyed this trip very much and in the closing we wish to thank the Lion's Club for making it possible for us to make the trip. We wish to thank Mr. B. M. Whiteker for his efficient management of the trip and his wise selection of the things which were worth the most to us and which we can pass on to other farmers friends which we hope will benefit them and help them in the future. We also thank the West Texas Coaches Company of Fort Worth for the bus and the efficient driver sent along who was sober, courteous and able to carry us through the entire trip without a single accident or one bit of inconvenience to any one. In other words our heart is full of gratitude to every one who helped us make this trip which is the greatest experience in our life.

From time to time we expect to go into details and tell our farmer friends of the things we saw which might help them to think out some better way. The results of this trip will be felt all over West Texas because of those who went along and saw with their own eyes the improvements and advancements that other sections of the United States have made, which they are advocating among their acquaintances which is getting results in better farming and especially in diversifying.

Most of the party were students and studied closely the things most helpful to this section, while of course some of the boys were out for a good time and did not always agree with those of us who had gone along on the mission of getting the most helpful things lying in our path. It was worth the trip, any way a fellow wished to take it, sight seeing or for educational advantages it offered. The sight seen naturally will absorb enough good to be of benefit to him if he had nothing else in view.

This closes our series of letters on our trip. We hope our readers have enjoyed it, as we have tried to tell it as best we could. Should you make the trip some time we hope it will help you.

Safety, silence and simplicity are features of the new Ford six-brake system

ONE of the first things you will notice when you drive the new Ford is the quick, effective, silent action of its six-brake system.

This system gives you the highest degree of safety and reliability because the four-wheel service brakes and the separate emergency or parking brakes are all of the mechanical, internal expanding type, with braking surfaces fully enclosed for protection against mud, water, sand, etc.

The many advantages of this type of braking system have long been recognized. They are brought to you in the new Ford through a series of mechanical improvements embodying much that is new in design and manufacture. A particularly unique feature is the simple way by which a special drum has been constructed to permit the use of two sets of internal brakes on the rear wheels.

A further improvement in braking performance is effected by the self-centering feature of the four-wheel brakes — an exclusive Ford development. Through

this construction, the entire surface of the shoe is brought in steady, uniform contact with the drum the instant you press your foot on the brake pedal. This prevents screeching and howling and makes the Ford brakes unusually silent in operation.

Another feature of the Ford brakes is the ease of adjustment.

The four-wheel brakes are adjusted by turning a screw conveniently located on the outside of each brake plate. This screw is so notched that all four brakes can be set alike simply by listening to the "clicks."

The emergency or parking brakes on the new Ford require little attention. However, should they need adjustment at any time, consult your Ford dealer for prompt, courteous, and economical service. He works under close factory supervision and he has been specially trained and equipped to help you get the greatest possible use from your car over the longest period of time at a minimum of trouble and expense.

Announcement

New Whippet Dealers

It is with pleasure that we make this announcement of our connections with the Willys-Overland, Inc., as their dealer for the Whippet four and six automobiles for Haskell and trade territory.

Realizing that we are asking quite a lot of the factory when we ask them to entrust to us the sale of their motor cars in this territory, we know if we fulfill our part of the agreement, we will have to get a systematic method of soliciting every available purchaser and canvas our entire territory for future buyers. In this department we have at present two Salesmen, Messrs. J. F. Isbell and Roy Ratliff, both well experienced men in this line of work. With the wide range of automobiles offered by Willys-Overland, Inc., makes it possible for us to include practically every prospective buyer of a motor car a Whippet or Willys Knight prospect.

Every purchaser of a motor vehicle should take in consideration the fact that, regardless of how good the car may be, it will eventually need service and parts, and he should consider the advantages in owning a car for which competent service and repair parts may be procured close at hand, a car which a dealer stands behind as long as the car is in existence, and is prepared to service at all times. We will have adequate parts in stock at all times. Our Service Department—Mr. H. A. Oliver is in charge, well up in the mechanical field and ready to serve you in this line of work.

Our policy is to give full value for every dollar spent with us. We realize that our obligation to the public is to serve it well.

REPORT OF COTTONWOOD HOME DEMONSTRATION CLUB

The Cottonwood Home Demonstration Club met at the home of Mrs. C. M. Overman, Thursday January 10th. Owing to sickness only a few members were present.

Plans for the coming year work were discussed, and Miss Gunn gave a very interesting and practical lesson on cleaning and refinishing old furniture and woodwork. The next meeting will be held January 24th at Cottonwood church. All members are requested to be present for the business of the election of officers for the coming year. Bring as many new members as possible. All the ladies in the neighborhood are invited to join.

Unintentional Suicide
Many people are slowly poisoning themselves just as surely as if they drank iodine every morning for breakfast. They are daily absorbing the toxins, or poisons, created by accumulated waste matter in their constipated digestive systems. Sooner or later diseases will conquer their weakened bodies.

If you have dizzy spells, headaches, coated tongue, bad breath, insomnia, no appetite, bilious attacks or pains in the back and limbs, you are probably suffering from self poisoning caused by constipation. The surest and pleasantest relief from this condition is Herbine, the vegetable cathartic which acts in the natural way. Get a bottle today from Reid's Drug Store or Payne Drug Co.

NOTICE TO BANKING CORPORATIONS, ASSOCIATIONS AND INDIVIDUAL BANKERS

Notice is hereby given to all banking corporations, associations, and individual bankers in Haskell County, Texas, that the Commissioners' Court of said County will on the second Tuesday in February, A. D. 1929, the same being the 12th day of said month, receive proposals from any banking corporation, association, or individual banker in the County aforesaid, that may desire to be selected as the depository of the funds of said Haskell County, Texas. Said proposals shall be delivered to the County Judge of Haskell County, Texas, on or before 10 o'clock A. M. on the twelfth day of February, A. D. 1929, the same being the first day of the February term of the Commissioners' Court of Haskell County, Texas.

All proposals must be sealed and each proposal must state the rate of interest that said banking corporation, association, or individual banker offers to pay on the funds of the County for the term between the date of such bid and sixty days after the 2nd Tuesday in February, 1931.

Each bid shall be accompanied by a certified check, payable to the County Judge of Haskell County, Texas, in the sum of \$1,000.00, the same being not less than one half of one per cent of the county revenue of the preceding year, as a guarantee of good faith on the part of the bidder, and that if his bid shall be accepted, said banking corporation, association, or individual banker will enter into and give the required bond. Upon the failure of the Banking Corporation, Association or individual banker that may be selected, as such depository, to give the required bond, the amount of such certified check shall go to the county as liquidated damages.

Attention of all bidders is directed to Article 2544 to 2558 inclusive, Revised Statutes, 1925, governing County Depositories, and the amendments thereto.

Done by order of the Commissioners' Court, Haskell County, Texas, in regular session, on this 16th day of January, A. D. 1929.

THREE IMPORTANT BONES

A farmer living in the irrigated section near El Paso, one of the Master Farmers of Texas, in addressing the Agricultural Club at Dallas recently said:

"To be successful every farmer must have and use three bones. A wishbone, which means the desire to do; a backbone, or the will to do; and a jawbone to be used in telling the world about it."

In our opinion the two former named bones are the most essential, and of the two the wishbone is most important because if the wishbone is developed enough it will stiffen the backbone.

If the desire to do, or to secure possession of, is sufficiently stimulated and developed we will grow backbone enough to accomplish our purpose. While the wishbone has been the means of making a lot of trouble for some people, it is because they have developed a desire to do what they ought not to do, or to obtain what does not rightfully belong to them. On the other hand, the wishbone spurs one on to success. It has been the means of securing an education for many young men and young women. It has brought fortunes to others; it has built homes and brought happiness to them; it has made better farmers and better farms.

It must be remembered, however, that the wishbone is inoperative in idle people. To sit down and wish for something and then expect it to come to you without exercising your backbone is the height of folly. A wishbone without a backbone is like faith without works. To be more explicit, it is beer with the "kick" taken out of it.

Of course idle wishing for things impossible of attainment is more or less childish. It would be foolish for either an editor or a farmer to wish for a million dollars and expect to get it. We can wish for things that good judgment and attention to business will bring us. If a farmer wishes hard enough for a better home, and works hard to make that wish come true, the chances are that in due time he will see a new house on or near the site of the old one. One can always be a better editor by developing a real strong desire to make the necessary improvement.

We wish that the farmers of the Southwest would do better farming and exercise better judgment in farm management in 1929. Our backbone is all right and we are willing to work with them to that end—Farm and Ranch.

EMPHASIZING its value leadership, making it plainer than ever, are Plymouth's new lower prices representing savings of \$25 to \$40 on popular models.

Plymouth quality has not been changed in the least—it remains the same fine quality which has given this car an international repute for economy of operation and upkeep.

In the lowest-priced field, Plymouth is still the outstanding full-size car giving ample room for five grown-ups; it is still the only car near its price equipped with weatherproof hydraulic four-wheel brakes;

it is still the one big buy at its price combining modern engineering improvements and performance with modern style and luxury.

See the Plymouth. Compare it, try to equal it among cars selling under \$850—and inevitably, you will rank it first and foremost in every element that determines true motor-car value. 314

THE TASK

"I want to do big things," said he. "The chance is all I ask; I wish the world would give to me Some great and glorious task. "And are you working now?" said I. "I am," the youth confessed. A strange look came into his eye. "At work which I detest. "Oho," said I, "you wish to do The splendid tasks which fall To older wiser men, but you Disdain the duties small. Think you your chief to larger deeds Would send you down the way If with his smaller, lesser needs you'd failed him yesterday? "And do you fancy men who rise To leadership and fame Have done no work which they despise Before their glory came? You ask a chance to prove your worth. Think you the mental tasks they shirked And waited till they'd reach the top Before they really worked? "My boy the brilliant man today Was brilliant as a lad. To every task which came his way He gave the best he had. Will not at fate or circumstance, They do not run the ear'th. If you've a job, you have the chance To demonstrate your worth." --(Exchange).

THE PRINTERS TOWEL

When I think of the towel, The old-fashioned towel, That used to hang up by the printing house door. I think that nobody, In these days of shoddy, Can hammer our iron to wear as it wore. The tramp who abused it, The devil who used it, The comp. who got at it when these two were gone, The make-up and foreman, The editor, poor man, Each rubbed some grime off for the heap they put on. In, over, and under, 'Twas blacker than thunder; 'Twas harder than poverty, rougher than sin. From the roller suspended, It never was bended, And it flapped on the wall like a banner of tin. It grew thicker and rougher, And harder and tougher, And daily put on a more inkier hue; 'Till one windy morning, Without any warning, It fell on the floor and was broken in two.

Farm News

By W. M. FARR Field Editor

For the past two or three weeks our friends have been renewing and adding new names to our subscription list until it has kept us busy what time we were not having the flu, to credit them up and put the names of our new friends on our mailing list. We would like to mention each one separately and thank them specially for this kind favor, but space and time will not permit, but we do thank each of them from the depths of our soul for their kind patronage and we shall endeavor to give them a county paper up to their expectations. Thank you one and all.

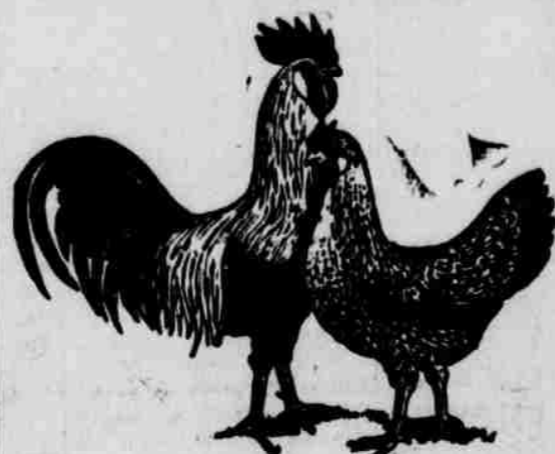

We have been kept from our regular country work partly by illness. All the people who expect to move and change their locations, do so about the first of the new year and we thought best to let them all get moved and then call on them in their new homes. We expect with health and weather conditions in the near future to begin our country rounds.

We had occasion to visit the Haskell Hatchery of this city last week in an effort to find out just what this needed enterprise was doing. We found Mrs. W. P. Trice in charge of the plant and Floyd K. Rose chief assistant. Mrs. Trice has had quite a lot of experience with her brother C. O. Davis of Rule in the hatchery business and she knows just how to handle the affairs of the hatchery for the best results. Floyd Rose is an experienced poultryman and is interested in poultry raising and he and Mrs. Trice will give their personal attention to each feature of the work and we predict a successful season. We also visited the home of Mrs. Trice where she has about 450 laying hens of the Tanager Strain of White Leghorns and while we were there she gathered up more than 200 eggs. Her hens are producing around 50 per cent. Her husband, County Agent Trice, takes no part in the work of the hatchery or

the poultry business at home and has nothing to do with either part of the poultry business and Mrs. Trice says she does not need his help. She knows the game and expects to attend to it. Mr. Trice has enough terracing listed to keep him busy every day for at least two months and he leaves the city early each morning and returns late at night. He says more terracing is being done now than was ever dreamed of a few years ago. There will be hundreds of farms under terraces this year according to Mr. Trice.

We spent the day in O'Brien and Rochester last Friday and found out that the sand blows in that section when the wind is high. We drove out to the home of J. H. McGee, a man whom we have known for 25 years and remained there until the elements had refrained from some of their viciousness and then came home. While at the home of Mr. McGee we learned that he recently began in the dairy business. He bought the dairy in November and has been operating it very nicely and Mr. McGee says he likes the business fine and expects to enlarge his plant as his trade will justify. He has erected a large milk barn and has equipped it for milking his cows and he owns a good farm and expects to grow most of his feed. Mr. McGee likes to handle and care for stock and this business will just fit into his likings. We predict him success. He sells his products in Knox City where he delivers milk and butter to his customers twice each day.

J. H. Cunningham who owns a farm north of town, where he lived for a number of years is now living in Bowie Texas where he owns a Poultry Ranch and is thriving with the new enterprise. He expects to add more than 1000 more laying hens to th project. Mr. Cunningham spent the week end here with friends.

SOCIETY and Club

The Magazine Club.

Friday afternoon, January the 18th, members of the Magazine Club met in a business meeting with the president Mrs. R. C. Couch in the chair. After all business had been dispensed with Mrs. H. S. Wilson directed the Bible lesson with the following ladies discussing given topics; Mrs. John Oates, Mrs. Clayborn Payne, and Mrs. O. E. Patterson.

Mr. and Mrs. R. C. Couch Entertain for Mr. and Mrs. Hardy Grissom of Abilene.

On last Tuesday evening, Mr. and Mrs. R. C. Couch opened their home on Clark Street to a number of friends in a complimentary "42" party, honoring Mr. and Mrs. Hardy Grissom of Abilene. The hostess served creamed chicken on toast, olives, fruit cake and chocolate to Mr. and Mrs. Hardy Grissom of Abilene; Mr. and Mrs. Wiley Reid, Mr. and Mrs. R. J. Reynolds, Mr. and Mrs. John A. Couch, Mr. and Mrs. J. U. Fields, Judge and Mrs. Bruce W. Bryant, and Mr. and Mrs. Lee Glaziner.

Mrs. W. H. Murchison Club Hostess.

On last Tuesday afternoon, Mrs. W. H. Murchison was Golf Widows Club hostess in her home, to several special guests and members of the club. Out of doors was more like a spring day than mid-winter. Forty-two was played until late afternoon when the hostess served a salad plate to Mesdames J. U. Fields, Joe A. Jones, Preston Baldwin, H. S. Wilson, T. C. Rogers, C. L. Lewis, F. T. Sanders, J. L. Southern, A. H. Wair, O. E. Patterson, S. A. Roberts, Courtney Hunt, John W. Pace, and R. C. and John A. Couch.

Mrs. S. A. Koonce Buried in Campbell.

Mrs. S. A. Koonce, who years ago resided in Haskell county, died and was buried at Campbell, Texas last Thursday. Mrs. Koonce was past ninety-four years of age when she came. Rev. James Kaigler, pastor of the Baptist church of Campbell conducted the service. Mrs. Cecil Koonce, Mr. and Mrs. Wayne Koonce and children, Miss Lula Weems and Miss Patsy Lou Koonce returned Saturday from the funeral.

Mrs. Wiley Reid the January Hostess of the Thursday Luncheon Club.

The Thursday Luncheon Club, which meets in the homes of the members alternately once a month, were entertained last Thursday in the lovely home of Mrs. Wiley Reid. Red carnations were the decorations. A delicious luncheon was served at high noon and during the afternoon, eighty four was played by the following members and guests: Mesdames J. U. Fields, A. H. Wair, S. A. Roberts, Elmer Irwin, O. E. Patterson, John Couch, F. L. Daugherty, B. M. Whiteker, R. J. Reynolds, R. J. Paxton and A. C. Pierson.

The Epworth League Sponsors Fine Arts Program.

On last Thursday evening the Senior League of the Methodist church sponsored a fine arts program in the auditorium of the High school. Primarily this was to introduce to Haskell, Mrs. E. Gaston Foote, wife of the new pastor of the Methodist church and who is also an expression teacher. Mrs. Foote has a very pleasing personality, and rendered some splendid readings, ranging from character sketches, monologue and dialect to classical. Miss Marjorie Rogers was the vocal soloist

and Mrs. O. E. Patterson the pianist. Haskell audiences are trained to appreciate the beautiful in art and we deeply grateful to the Epworth League for sponsoring this delightful program. Mrs. Foote is doing some splendid work with the Senior Epworth League.

Mrs. Lee Glaziner in Series of Parties.

Mrs. Lee Glaziner was at home to her friends and social acquaintances in a series of parties two afternoons of last week. On Wednesday afternoon she entertained with bridge and the following were her guests: Mesdames W. H. Murchison, J. E. Bernard, Hill Oates, John Oates, J. P. Payne, C. V. Payne, Theron Cahill, Clyde Grissom, Bert Welsh, Lynn Pace and Christman. On Thursday afternoon "42" was enjoyed by Mesdames Mary Oates, Courtney Hunt, C. L. Lewis, Guy Mays, P. A. Wombie, H. M. Smith, J. G. Foster and W. A. Duncan. Mrs. Glaziner served her guests on both occasions, a delicious salad plate.

Methodist Prayer Meeting To Have Fellowship Supper, Wednesday

It has been decided, and the Methodist Missionary women have voted to sponsor a "Fellowship Supper" once a month on Wednesday evenings at the regular prayer meeting. Plans are going forward at this writing to have the first supper on this Wednesday evening and preparations are being made to serve one hundred and fifty. It is to be hoped that this fellowship plan will bring larger numbers of the membership of the church together. This plan is adopted in many of the larger cities. Rev. Bob Schuler, pastor of Trinity Church, Los Angeles, California has in his great church a fellowship supper each Wednesday evening and the women and men of his congregation and many others, go straight from their offices and work shops to the church on each Wednesday evening. Let every Methodist rally to the support of the program of the church and make this the greatest year in Methodism that Haskell has yet known.

Haskell County Declamation Contest To Be Held March the 22nd.

As County Chairman of the Declamation Contest, I wish to inform the boys and girls of the rural and independent schools that the county contest will take place at the Haskell High School auditorium, March 22. This gives contestants plenty of time to make choice selections. Senior girls and boys in both the rural and independent schools are required to give prose selections, lying in the general field of Americanism or good citizenship. Declamations for Junior girls and boys both in the rural districts and independent schools are required to give standard poetry. No selection, either prose or poetry shall exceed five minutes in length. Any teacher in the county who is not familiar with the general rules of the contest may get a "University of Texas Bulletin," Constitution and Rules of The Interscholastic League, Division of Extension, Austin, Texas, by applying

for same. We are anxious to have every school in the county enter their full quota of contestants. Haskell county has done well in the past, having sent to Austin two debating teams; three senior declaimers from independent schools and two junior declaimers from the rural districts that we remember over a period of eight years. This means that the boys and girls who contest at the District Meet in Abilene must meet as their opponents, students taught by speech arts teachers in one of the three Abilene Colleges. Preparation has been made to bring three out of town judges for the declamation contest and fairness will be accorded one and all alike. Any information that the chairman can give any teacher or girl or boy in the county or any help that we may be able to render you, we will be glad to do. Let us put forth every effort to make this the best County League Meet yet.

Very Cordially,
Mrs. C. M. Kaigler,
County Chairman Declamation Contest.

Orchestra for Methodist Church Choir.

An orchestra has been organized at the Methodist church and rendered some splendid music last Sunday evening at 7:15 o'clock. Mr. Meacham, director of the Haskell Band has been secured to direct the church orchestra and the congregation is looking forward to some fine instrumental numbers, besides the accompaniment that the orchestra furnishes the choir. Come out to the Methodist church next Sunday morning and study with us the Sabbath School lesson, remaining for the eleven o'clock sermon and hear our young pastor preach a sermon that would be a credit to a man twice his age. We have listened to him closely trying to discern wherein lay his strength and we believe that he has revealed it two or three times when he has said, "I know that there is a God and Savior because I talked with him and had fellowship with him, just before I came over here."

At the evening hour hear another good sermon and hear some splendid singing, that you are heartily invited to share in, and some good orchestra music.

North Ward P. T. A.

The North Ward Parent Teachers Association met Thursday in regular session. The reports from the different committees were given. The treasurer reported \$33 in the treasury. The program for this month was on thrift and was given by Mrs. Wimbish, assisted by Mrs. Bass. The following numbers were rendered:

- Quartet—Lena Bell Kemp, Frances Ratliff, Bessie Bee Kaigler, Ruby Faye Thomason.
- Violin Solo—Martha Lou Rogers.
- Play—"The Hold-Up in Penny Bank"
- Good Pennies—Lucile Kirkpatrick, Ruby Sue Persons, Maurine Moser, Hugh Lowe, Robert Thomason.
- Bad Pennies—Dorothy Welsh, Myri Fields, Frances Fouts, Lynn Pace, Milan Jones.
- Grandfather Dollar—Ned Dulaney.

Savings—Mamye Lowry.
Lollipops—Lavis Saronce Cox, Geraldine Conner, Jocile Thompkins, Hazel Foote, Frankie Doris Bledsoe, Eva Gay, Clara Roberts, Mildred Norton.
Piano Solo—Mrs. O. E. Patterson.
Talk—Rev. Whitley.
The program for next month is citizenship and is to be given by Mrs. Covey and Mr. Bass.

Epworth League Institute.

The Haskell League will entertain visiting delegates from Stamford, Ruiz, Throckmorton and Sagerton, this week end, January 25, 26, 27. At this time there will be held a credit institute, where the young people take a regular course of work and get credit on their Christian Culture diplomas. We have a splendid faculty, each an expert in his line of work, and Mr. J. E. Shubert of Abilene, the Conference Field Secretary will conduct the institute. Every live leaguer is expected to take this work. "Study to show thyself approved unto God, a workman that needeth not to be ashamed." You can learn more about League work in 3 days this way than you can in 3 months any other way.

Now, Leaguers, this means work and no fooling. Classes start Friday night and go through Saturday P. M., Sunday night, Sunday P. M. and close Sunday night. That means fast and faithful work, but lots of fun and friendship mixed in. You know how royally all were treated at Stamford and we must do all in our power to make our visitors stay pleasant and profitable.

Many women, interested in the League have opened their homes to the out-of-town young people and this is deeply appreciated. Marjorie Rogers, Naomi Poteet and Tom Patterson are in charge of this.

Methodist Missionary Society.

The Methodist Missionary Society met in regular business meeting last Monday afternoon. "Footsteps of Jesus," was the opening song followed by prayer by Mrs. J. M. Gose. The devotional was given by Mrs. E. Gaston Foote and was taken from 2nd Timothy 2:15. Mrs. Gose gave the financial report of last year. Next was the reading of the minutes and reports, from the officers. Seventy-five visits to the sick and strangers, were reported. The society voted to sponsor the "Fellowship" suppers at the church on Wednesday evenings. There were twenty-six ladies present Monday with one new member.

Period Comfort

A friend was visiting a newly-married couple, and examined with interest the new furniture. Said the friend, "What well chosen furniture you have—each room is a different period. This living room, I see, goes back to Louis the Fourteenth."
Said Mrs. Newly-Wed, who had found the set particularly uncomfortable. "You're wrong. It goes back to Sears-Roebuck the fifteenth."

Hardly Worth It

Little Mary, who had fallen ill, begged for a kitten.
It was found that an operation was necessary for the child's cure and that she must go to the hospital. Her mother promised that if she were very brave she should have the very finest kitten to be found.
As Mary was recovering from the influence of the anesthetic, the nurse heard her muttering:
"It's a rotten way to get a kitten."

Back on the Rumble

"Sit down for heaven's sake you'll fall out. Must you park yourself all over me? What on earth are you trying to do? Gosh, this is a strenuous ride! You might at least keep your feet off me. Jack, will you behave? I've never seen you so bossy." (Silence).
"Are you sick? What?"
"Are you sick, Jack? Jack, say something. Are you sick? What?"
"Bow-wow!"

Not on the Map

Old Colored Mammy: "Ah wants a ticket to Florence."
Ticket Agent (after ten minutes of wearying tumbling over airway guides): "Where is Florence, madam?"
Old Colored Mammy: "Settin' over dar on de bench, sub."—Exchange.

How It Started

Wife: "Oh, you needn't think you're so wonderful. The night you proposed to me you looked absolutely silly."
Husband: "A co-incident. The fact is, I was absolutely silly."

Inevitable

A leaf in the shade will bend to the sun.
A vine on a trellis will wind and run.
A bird on a bough will sing a song.
A bell in a church will ring ding-dong.
So give a night, a girl, and the moon.
What in the world can you do but spoon?

SUFFICIENT EVIDENCE

Two little negro boys in Atlanta were discussing the arrival of a new baby next door.
The first one said: "De stork fotch 'em a baby in dar dis mawnin'."
The second one said: "Stork nuffin! Hit was de milk man, fur dar he gues now, and hit say on his wagon 'Fanna lie furnished ebery day and twice on Sunday'."

Farm News

By W. E. FREE Field Editor

For the past two or three weeks our friends have been renewing and adding new names to our subscription list until it has kept us busy what time we were not having the flu...

We have been kept from our regular country work partly by illness. All the people who expect to move and change their locations, do so about the first of the new year...

We had occasion to visit the Haskell Hatchery of this city last week in an effort to find out just what this needed enterprise was doing. We found Mrs. W. P. Trice in charge of the plant and Floyd K. Rose chief assistant.

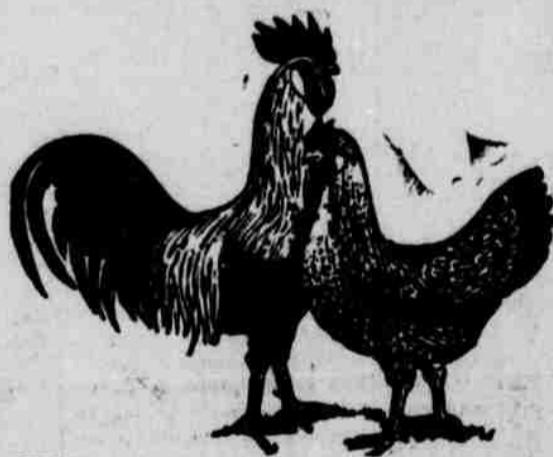

J. H. Cunningham who owns a farm north of town, where he lived for a number of years is now living in Bowie Texas where he owns a Poultry Ranch and is thriving with the new enterprise.

the poultry business at home and has nothing to do with either part of the poultry business and Mrs. Trice says she does not need his help. She knows the game and expects to attend to it.

We spent the day in O'Brien and Rochester last Friday and found out that the sand blows in that section when the wind is high. We drove out to the home of J. H. McGee...

Mr. McGee likes to handle and care for stock and this business will just fit into his likings. We predict him success. He sells his products in Knox City where he delivers milk and butter to his customers twice each day.

Mr. Cunningham spent the week end here with friends.

SOCIETY and Club

The Magazine Club

Friday afternoon, January the 18th, members of the Magazine Club met in a business meeting with the president Mrs. R. C. Couch in the chair. After all business had been dispensed with Mrs. H. S. Wilson directed the Bible lesson with the following ladies discussing given topics; Mrs. John Oates, Mrs. Clayborn Payne, and Mrs. O. E. Patterson.

Mr. and Mrs. R. C. Couch Entertain for Mr. and Mrs. Hardy Grissom of Abilene.

On last Tuesday evening, Mr. and Mrs. R. C. Couch opened their home on Clark Street to a number of friends in a complimentary "42" party, honoring Mr. and Mrs. Hardy Grissom of Abilene. The hostess served creamed chicken on toast, olives, fruit cake and chocolate to Mr. and Mrs. Hardy Grissom of Abilene; Mr. and Mrs. Wiley Reid, Mr. and Mrs. R. J. Reynolds, Mr. and Mrs. John A. Couch, Mr. and Mrs. J. U. Fields, Judge and Mrs. Bruce W. Bryant, and Mr. and Mrs. Lee Glaziner.

Mrs. W. E. Murchison Club Hostess.

On last Tuesday afternoon, Mrs. W. E. Murchison was Golf Widows Club hostess in her home, to several special guests and members of the club. Out of doors was more like a spring day than mid-winter. Forty-two was played until late afternoon when the hostess served a salad plate to Mesdames J. U. Fields, Joe A. Jones, Preston Baldwin, H. S. Wilson, T. C. Rogers, C. L. Lewis, F. T. Sanders, J. L. Southern, A. H. Wair, O. E. Patterson, S. A. Roberts, Courtney Hunt, John W. Pace, and R. C. and John A. Couch.

Mrs. S. A. Koonce Buried in Campbell.

Mrs. S. A. Koonce, who years ago resided in Haskell county, died and was buried at Campbell, Texas last Thursday. Mrs. Koonce was past ninety-four years of age when she died. Rev. James Kaigler, pastor of the Baptist church of Campbell conducted the service. Mrs. Cecil Koonce, Mr. and Mrs. Wayne Koonce and children, Miss Lula Weems and Miss Patsy Lou Koonce returned Saturday from the funeral.

Mrs. Wiley Reid the January Hostess of the Thursday Luncheon Club.

The Thursday Luncheon Club, which meets in the homes of the members alternately once a month, were entertained last Thursday in the lovely home of Mrs. Wiley Reid. Red carnations were the decorations. A delicious luncheon was served at high noon and during the afternoon, eighty four was played by the following members and guests: Mesdames J. U. Fields, A. H. Wair, S. A. Roberts, Elmer Irwin, O. E. Patterson, John Couch, F. L. Daugherty, B. M. Whiteker, R. J. Reynolds, R. J. Paxton and A. C. Pierson.

The Epworth League Sponsors Fine Arts Program.

On last Thursday evening the Senior League of the Methodist church sponsored a fine arts program in the auditorium of the High school. Primarily this was to introduce to Haskell, Mrs. E. Gaston Foote, wife of the new pastor of the Methodist church and who is also an expression teacher. Mrs. Foote has a very pleasing personality and rendered some splendid readings, ranging from character sketches, monologue and dialect to classical. Miss Marjorie Rogers was the vocal soloist

and Mrs. O. E. Patterson the pianist. Haskell audiences are trained to appreciate the beautiful in art and we deeply grateful to the Epworth League for sponsoring this delightful program. Mrs. Foote is doing some splendid work with the Senior Epworth League.

Mrs. Lee Glaziner in Series of Parties.

Mrs. Lee Glaziner was at home to her friends and social acquaintances in a series of parties two afternoons of last week. On Wednesday afternoon she entertained with bridge and the following were her guests: Mesdames W. H. Murchison, J. E. Bernard, Hill Oates, John Oates, J. P. Payne, C. V. Payne, Theron Cahill, Clyde Grissom, Bert Welsh, Lynn Pace and Christman. On Thursday afternoon "42" was enjoyed by Mesdames Mary Oates, Courtney Hunt, C. L. Lewis, Guy Mays, P. A. Womble, H. M. Smith, J. G. Foster and W. A. Duncan. Mrs. Glaziner served her guests on both occasions, a delicious salad plate.

Methodist Prayer Meeting To Have Fellowship Supper, Wednesday

It has been decided, and the Methodist Missionary women have voted to sponsor a "Fellowship Supper" once a month on Wednesday evenings at the regular prayer meeting. Plans are going forward at this writing to have the first supper on this Wednesday evening and preparations are being made to serve one hundred and fifty. It is to be hoped that this fellowship plan will bring larger numbers of the membership of the church together. This plan is adopted in many of the larger cities. Rev. Bob Schuler, pastor of Trinity Church, Los Angeles, California has in his great church a fellowship supper each Wednesday evening and the women and men of his congregation and many others, go straight from their offices and work shops to the church on each Wednesday evening. Let every Methodist rally to the support of the program of the church and make this the greatest year in Methodism that Haskell has yet known.

Haskell County Declamation Contest To Be Held March the 22nd.

As County Chairman of the Declamation Contest, I wish to inform the boys and girls of the rural and independent schools that the county contest will take place at the Haskell High School auditorium, March 22. This gives contestants plenty of time to make choice selections. Senior girls and boys in both the rural and independent schools are required to give prose selections, lying in the general field of Americanism or good citizenship. Declarations for Junior girls and boys both in the rural districts and independent schools are required to give standard poetry. No selection, either prose or poetry shall exceed five minutes in length. Any teacher in the county who is not familiar with the general rules for the contest may get a "University of Texas Bulletin," Constitution and Rules of The Interscholastic League, Division of Extension, Austin, Texas, by applying

for same. We are anxious to have every school in the county enter their full quota of contestants. Haskell county has done well in the past, having sent to Austin two debating teams; three senior declaimers from independent schools and two junior declaimers from the rural districts that we remember, over a period of eight years. This means that the boys and girls who contest at the District Meet in Abilene must meet as their opponents, students taught by speech arts teachers in one of the three Abilene Colleges. Preparation has been made to bring three out of town judges for the declamation contest and fairness will be accorded one and all alike. Any information that the chairman can give any teacher or girl or boy in the county or any help that we may be able to render you, we will be glad to do. Let us put forth every effort to make this the best County League Meet yet.

Very Cordially,
Mrs. C. M. Kaigler,
County Chairman Declamation Contest.

Orchestra for Methodist Church Choir.

An orchestra has been organized at the Methodist church and rendered some splendid music last Sunday evening at 7:15 o'clock. Mr. Meacham, director of the Haskell Band has been secured to direct the church orchestra and the congregation is looking forward to some fine instrumental numbers, besides the accompaniment that the orchestra furnishes the choir. Come out to the Methodist church next Sunday morning and study with us the Sabbath School lesson, remaining for the eleven o'clock sermon and hear our young pastor preach a sermon that would be a credit to a man twice his age. We have listened to him closely trying to discern wherein lay his strength and we believe that he has revealed it two or three times when he has said, "I know that there is a God and Savior because I talked with him and had fellowship with him, just before I came over here." At the evening hour hear another good sermon and hear some splendid singing, that you are heartily invited to share in, and some good orchestra music.

Epworth League Institute.

The Haskell League will entertain visiting delegates from Stamford, Ruie, Throckmorton and Sagerton, this week end, January 25, 26, 27. At this time there will be held a credit institute, where the young people take a regular course of work and get credit on their Christian Culture diplomas. We have a splendid faculty, each an expert in his line of work, and Mr. J. E. Shubert of Abilene, the Conference Field Secretary will conduct the institute. Every live leaguer is expected to take this work. "Study to show thyself approved unto God, a workman that needeth not to be ashamed." Government Terracing Experiments at Spur Prove Possibilities of Soil Preservation in West Texas

TERRACE BUILDING SPUR STATION

Special to The Free Press

COLLEGE STATION, Tex. Jan. 23.—Although in operation only a little more than a year, the statewide terracing school campaign being fostered by the Extension Service of the A & M College of Texas to check soil losses from erosion on Texas farms has proved so effective that five other states have adopted the Texas plan.

These terraces. The Federal Land Bank, of Houston, is cooperating in this work. "Such a system of county and community schools became necessary," said M. R. Bentley, farm engineer of the Extension Service, "because the demands of farmers for aid greatly exceeded the ability of the agents to find time."

The experiments at the Spur sub-station of the Texas Agricultural Experiment Station have shown a surprising soil and moisture loss through erosion and water run-off. Director A. B. Conner of the Experiment Station has pointed out. First reports on the work at Spur, established in 1926 and under the immediate supervision of R. E. Dickson, superintendent of the station, showed that forty-two tons of rich top soil to the acre were carried away on land with a 2 per cent slope by twenty-five inches of rainfall in 1926.

HASKELL DEFEATS STAMFORD IN HARD FIGHT GAME

The game at Stamford Tuesday night was a fast snappy game. Chesley Cass and Ellis Medley were high point men, each making 6 points. Bill Kimbrough made 4 points and Claude Pippin 2, making a total of 18 points. Rex Feiker played a good game, but he could not get the ball through the basket. The score was 17 and 18 in favor of Haskell.

MONEY TO LOAN

On farms and ranches by the John Hancock Life Insurance Company, at a low rate of interest, annual interest, with option to pay \$100 any multiple of \$100 at end of any year up to 15th with out notice. No attorney fees, no commission notes and no inspection fees. You get all you borrow. Only one deed of trust and one note, hence your option is a real one, and has no "strings" tied to it. A simple, plain contract that any farmer can understand. A loan that will enable you to gradually get out of debt during your lifetime. Pay on principal in good years and skip principal payment in dry years if you so desire. No loan like it for the farmer. Loan you money to build or improve your house or build you a barn. Come in and let us explain the loan to you. Nothing to hold back.

CITY LOANS

We make loans on city property on both the monthly payment plan or the annual payment plan, on good terms and low rate of interest.

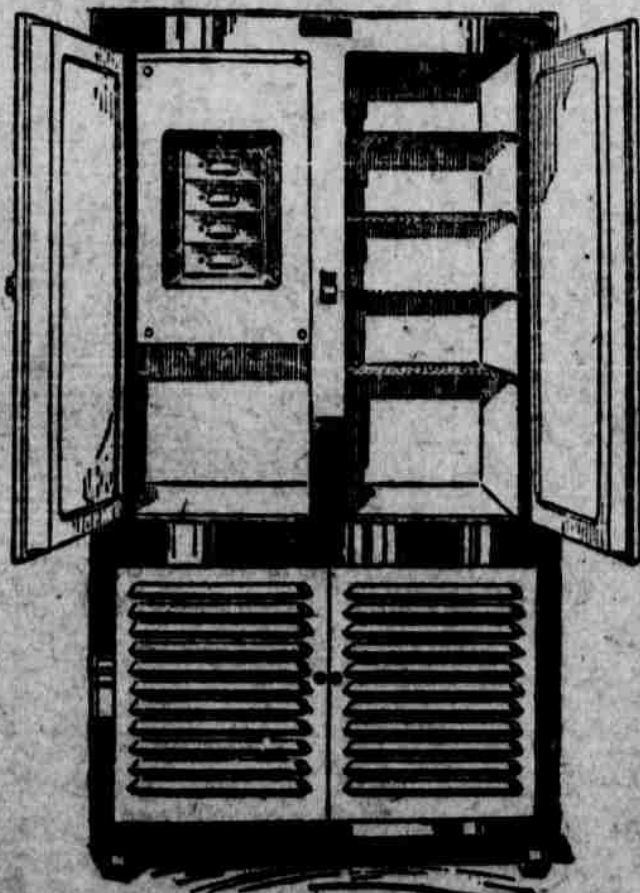

FIRE INSURANCE

We write all kinds of Fire Insurance both on City and Farm Property.

Dangerous Business

Our stomach and digestive systems are lined with membrane which is delicate, sensitive and easily injured. It is dangerous business, then, to use medicines containing harsh drugs, salts or minerals, when we are constipated. In addition to the possibility of injuring the linings of our digestive system, these medicines give only temporary relief and may prove habit forming. The safe way to relieve constipation is with Herbine, the cathartic that is made from herbs, and acts in the way nature intended. You can get Herbine at Reid's Drug Store or Payne Drug Co.

The Magazine Club

Last Friday was a beautiful day and in the afternoon the Magazine Club had a high per cent of their sixty some old members present in their usual meeting. Officers for another year were elected. President, Mrs. Clayborn Payne; 1st Vice President, Mrs. R. C. Couch; 2nd Vice President, Mrs. Lee Glazner; Recording Sec. Mrs. John V. Davis; Corr. Sec. Mrs. Tom Davis; Treasurer, Mrs. J. B. Post. The president then turned the meeting over to Mrs. C. L. Lewis who directed the continuation of the bible study. The three ladies who discussed Friday's lesson were Mesdames E. Gaston Foote, J. U. Fields and M. L. Baker.

Mrs. R. J. Reynolds Hostess For the Merrie Dames

Mrs. R. J. Reynolds used begonias for decorating her living rooms Tuesday afternoon when she was club hostess for special guests and members of the Merrie Dames. Ladies Aid Society of First Christian Church

The ladies of the Aid Society of the First Christian Church met in the home of Mrs. Courtney Hunt last Monday afternoon. The first thing was the election of officers as follows: President, Mrs. J. M. Glass; 1st Vice Pres. Mrs. Dennis Rathliff; Sec. and Treas. Miss Dulin Fields. The devotional was given by Mrs. Hunt, subject, "Evangelism of the Home." During the social hour there were some unique contests, one was the alternate quoting of standard poetry and bible quotations to test the knowledge of those present. Then they were asked to write the names of the meanest people they know and opposite their names to write five good qualities of character. Mrs. Hunt served sandwiches and chocolate to Mrs. J. B. Post, Mrs. C. D. Grissom, Mrs. R. B. Fields, Mrs. J. F. Morrison, Mrs. Preston Baldwin, Mrs. W. A. Duncan, Mrs. J. M. Glass, Mrs. Dennis Rathliff, Miss Dulin Fields and Rev. and Mrs. G. R. ADVENTURES IN THE KITCHEN!

Courtesy of the Domestic Science Department, Perfection Stone Company

Mrs. Baldwin could never be sure when he came home at night that he wouldn't find himself going to bed in the top drawer of his dresser, or locating with his bare shins—the piano in a place far removed from its normal location. This habit Mrs. Baldwin had of moving the furniture may have been one reason for his opposing so violently any changing or remodeling of their house. Man-like, he saw it as it had looked some years before, when the had first built it. And, though it gave shudders, dingier and more dilapidate every day, Mrs. Baldwin could see nothing wrong with it. "You're always wanting to change something," he would say. "This house is good enough for anybody!"

It was distinctly unwise, therefore, for Mr. Baldwin to give his wife money for a birthday present, just before he went away on a two-weeks' trip. For, upon his return, he was ushered into a kitchen so bright, so cheery, so exceedingly pretty, that it put the rest of the house to shame. And Mrs. Baldwin knew, before he could utter a word, that the other rooms soon would follow the example of her lovely kitchen.

"You girls will think I've tried to be intensely patriotic," she pleaded the members of the Kitchen Club. "But I want you to come and see my red, white and blue kitchen, just the same. I wasn't flag-waving, but just trying to get as far from my old brown walls and black stove and golden oak furniture as possible!"

LEAVES FROM NANCY'S KITCHEN CLUB NOTEBOOK

Mrs. Baldwin's kitchen is bright, and so pretty! Linoleum floor in dark red-brick effect; walls, light gray; tables, chairs, cabinets, refrigerator, etc., white with a stenciled design of dark blue and red; white oil range; some pots and pans red, some blue, some white. Bright blue gingham curtains stenciled in red. Shelves white lined with blue.

A Rainy Day Play Room

Mrs. Smith, who has a house full of children, adapted several of our Kitchen Club ideas to make a rainy-day play room out of her kitchen. She has the blackboard, the washable oil cloth walls (not all the way up the walls, but as high as the children can reach), the breakfast nook on which they can cut out and paste, the plain brown linoleum floor which they can mark up with chalk for their marble games, and the yellow curtains for "sunshine." She even lets them use the oil stove, she says; for it is perfectly safe. It has automatic wick stops that keep the flame from going too high or too low; it is solidly built; and it is finished in porcelain enamel, so that if they get it dirty, it can be easily cleaned.

Mrs. Smith keeps some of the children's games and books put away for rainy day use. Old magazines are kept for the "paper dolls" and brought out only on rainy days.

New Table Finish

Irene brought us a good idea from a tea shop she patronizes in town. She had noticed that the tables were richer and much more interesting in color than ordinary ones. And upon investigation she saw that bright-colored linoleum in a beautiful pattern had been fastened down on them. (This can be done either with tacks or with cement.) Plain white or solid-colored doilies were used.

A New Way To Make French Dressing

Use tomato juice instead of lemon or vinegar in your French dressing, for a new, delightful flavor. Measurements as follows: 1/4 cup of olive oil, 1/4 cup of strained tomato juice, 1/2 teaspoon of salt, Pepper and paprika to taste, 1/4 teaspoon of sugar added is pleasing to most tastes. Mix dry ingredients. Put into bowl with tomato juice and oil. Beat vigorously. If allowed to stand, beat again before serving.

Snowballs

Baby shallop cup cakes. (Almost any cake recipe can be used for this, putting in a little less flour than is called for.) Scoop out the tops and fill with custard. Put the snowball cap to top. Cover with red icing and fresh coconut.

Sherriff's Notice of Sale of Real Estate Under Order of Sale

The State of Texas, County of Haskell. By virtue of an order of sale issued out of the District Court of Jones County, Texas, on a judgment rendered in said court on the 15th day of September, A. D. 1928, in favor of J. J. Pollard and against L. R. Bird, Jr. in the case of J. J. Pollard against L. R. Bird, Jr., No. 5104 on the docket of said court, I did on the 7th day of January, A. Thence North 60 feet with the East Boundary line of said 11 1/10 acre tract;

Thence West parallel with the South Boundary Line of said 11 1/10 acre tract, 170 feet to a stake;

Thence South Parallel with the East Boundary Line of said 11 1/10 acre tract, 60 feet to a point on the South Boundary Line thereof;

Thence East with said South Boundary Line, 170 feet to the place of beginning.

And on the 5th day of February, A. D. 1929, being the First Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock p. m., on said day, at the courthouse door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said L. R. Bird, Jr. in and to said property above described.

Dated at Haskell, Texas, this 7th day of January, A. D. 1929. W. T. Sarrels, Sheriff Haskell County, Texas.

Over a Billion Deadly Germs in a Single Drop of Water

Germs are so small that there may be as many as one billion, seven hundred million of them in a drop of water. And just a few of these tiny germs, if they get into your blood through a cut in your skin, may make you so sick you will be in bed for weeks—may cause the loss of a limb through blood poisoning—may even infect you with that most dreadful and fatal of diseases, lockjaw.

Just because you can see no dirt in a cut does not mean that it is clean. You cannot see germs. The only safe and sane thing to do, is to thoroughly wash every cut, no matter how small, with Liquid Borozone, to kill the germs, and then dust it with Borozone Powder, to hasten the healing. Liquid Borozone costs 20 cents, 60 cents, \$1.20 and \$1.50. Borozone Powder, 30 cents and 60 cents, and can be had at Reid's Drug Store or Payne Drug Co.

An Unpleasant Subject

All of the functions of life are not pleasant to consider. Perhaps this is why some mothers refuse to think that such symptoms as restless sleep, loss of flesh, lack of appetite or itching nose and fingers in their children, can be caused by round or pin worms. Many mothers have proven, however, that a few doses of White's Cream Vermifuge, that sure and harmless worm expellant, will get rid of them. You can get White's Cream Vermifuge for 35 cents per bottle from Reid's Drug Store or Payne Drug Co.

Not a chance conception ... but a deliberate plan ...

Chrysler's New Style is Based on Authentic Canons of Classic Beauty

Chrysler engineering has achieved something never done before in motor car design. It has searched out authentic forms of beauty which have come down the centuries unsurpassed and unchallenged and has translated them in terms of motor car beauty and motor car utility. The lengths to which Chrysler designers have gone in this patient pursuit of beauty will doubtless prove a revelation to those who have probably accepted Chrysler symmetry and charm as fortunate but more or less accidental conceptions. The Chrysler process goes far deeper than any charming but fortuitous design. For, Chrysler has left nothing to chance. Chrysler has not relied alone upon the inspiration of individual designers. Chrysler in its newest products—has found that there are so many glorious precedents and inspirations in art, architecture and design, that the search for authentic and harmonious symmetry can actually be reduced to something like a scientific system in which results are certain.

FORTY-THIRD YEAR

ATTENDANCE AT LIONS MEETING

A number of nearly one hundred marked the second meeting of the Club for the year, held at the Club in the Tonkawa Coffee Shop Friday. This was also the beginning since the beginning of the contest, and the again showed a lead over the "Golds." Interest in the contest was enlivened by the announcement that E. Siegel had succeeded Hughes as captain of the "Golds" in the way of attendance. Four more meetings will be held before the end of the contest, and well-known ability as "Tailor" carries a threat that the victory will not be an easy one.

KAMP KENNEDY UNDER NEW MANAGEMENT

Kamp Kennedy, Haskell's leading tourist camp, and one of the best in West Texas, has been leased by Messrs. Field, Johnston and Barnes, all of this city, who took charge of their new venture last week. C. R. Cook, former manager of the business, will enter other lines of business, it is understood. The new managers are all of this city, Messrs. Field and Johnston being proprietors of the Texas Filling Station, and Mr. Barnes having been connected with the Isbell-Burton Motor Co. here for the past several months. In the future Kamp Kennedy will be under the active management of Messrs. Johnston and Barnes, while Mr. Field will continue operation of the Texas Filling Station.

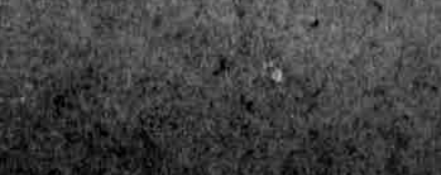

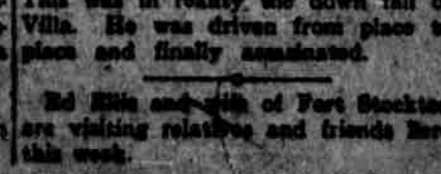

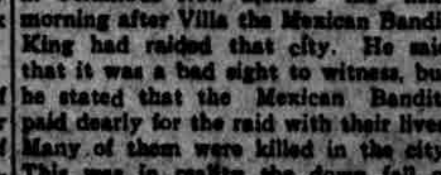

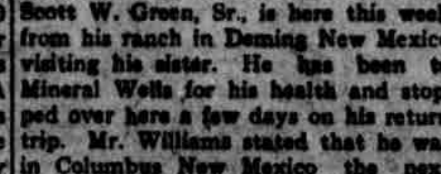

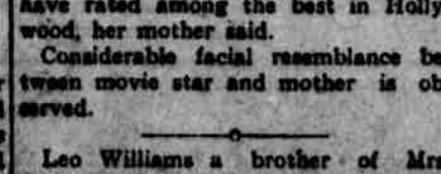

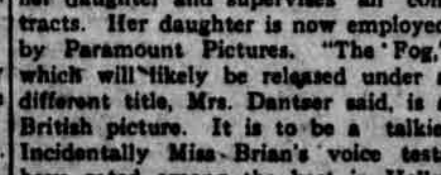

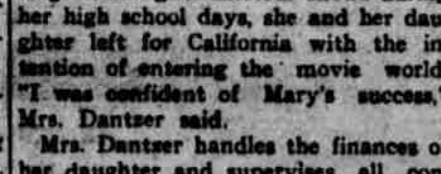

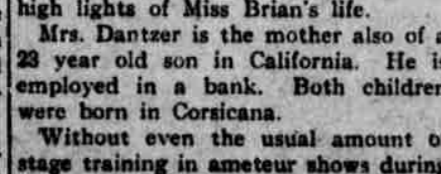

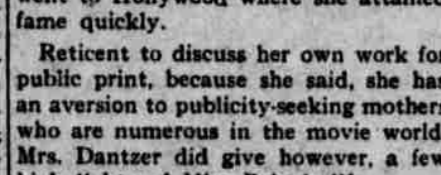

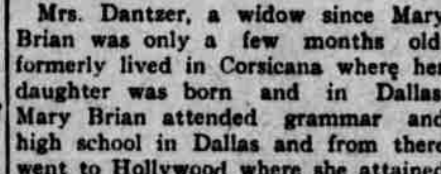

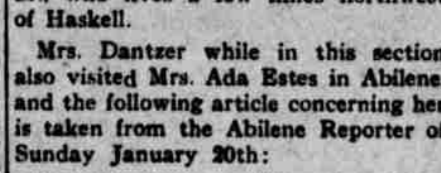

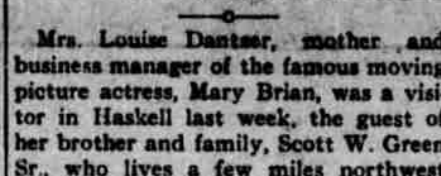

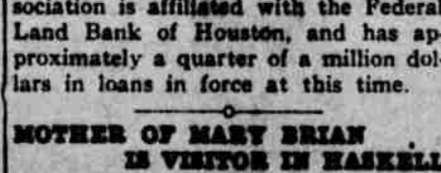

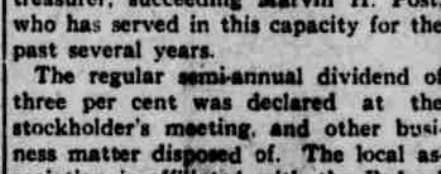

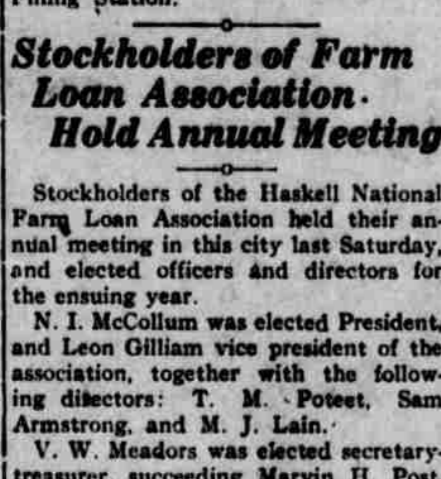

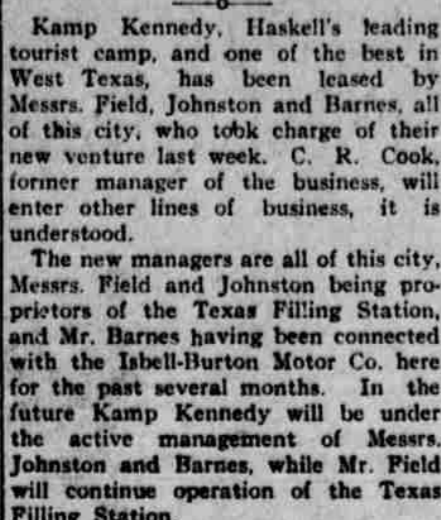

Stockholders of Farm Loan Association Hold Annual Meeting

Stockholders of the Haskell National Farm Loan Association held their annual meeting in this city last Saturday, and elected officers and directors for the ensuing year. N. I. McCollum was elected President, and Leon Gilliam vice president of the association, together with the following directors: T. M. Poteet, Sam Armstrong, and M. J. Lain. V. W. Meadors was elected secretary-treasurer, succeeding Marvin H. Post, who has served in this capacity for the past several years.

MOTHER OF MARY BRIAN IS VISITOR IN HASKELL

Mrs. Louise Dantzer, mother and business manager of the famous moving picture actress, Mary Brian, was a visitor in Haskell last week, the guest of her brother and family, Scott W. Green Sr., who lives a few miles northwest of Haskell. Mrs. Dantzer while in this section also visited Mrs. Ada Estes in Abilene, and the following article concerning her is taken from the Abilene Reporter of Sunday January 20th: Mrs. Dantzer, a widow since Mary Brian was only a few months old, formerly lived in Corsicana where her daughter was born and in Dallas. Mrs. Brian attended grammar and high school in Dallas and from there went to Hollywood where she attained fame quickly. Reticent to discuss her own work for public print, because she said, she has an aversion to publicity-seeking mothers who are numerous in the movie world, Mrs. Dantzer did give however, a few high lights of Miss Brian's life. Mrs. Dantzer is the mother also of a 23 year old son in California. He is employed in a bank. Both children were born in Corsicana. Without even the usual amount of stage training in amateur shows during her high school days, she and her daughter left for California with the intention of entering the movie world. "I was confident of Mary's success," Mrs. Dantzer said. Mrs. Dantzer handles the finances of her daughter and supervises all contracts. Her daughter is now employed by Paramount Pictures. "The 'Fog,' which will likely be released under a different title, Mrs. Dantzer said, is a British picture. It is to be a talkie. Incidentally Miss Brian's voice tests have rated among the best in Hollywood, her mother said. Considerable facial resemblance between movie star and mother is observed. Leo Williams a brother of Mrs. Scott W. Green, Sr., is here this week from his ranch in Deming New Mexico visiting his sister. He has been to Mineral Wells for his health and stopped over here a few days on his return trip. Mr. Williams stated that he was in Columbus New Mexico the next morning after Villa the Mexican Bandit King had raided that city. He said that it was a bad sight to witness, but he stated that the Mexican Bandits paid dearly for the raid with their lives. Many of them were killed in the city. This was in reality the down fall of Villa. He was driven from place to place and finally assassinated. Ed Hill and wife of Fort Stockton are visiting relatives and friends here this week.

The First Weeks Are the Easiest

2940 POLL TAX RECEIPTS ISSUED

A total of 2940 poll tax receipts had been issued Wednesday at noon by County Tax Collector Ed Fouts. This is considerably less than the number issued to this date last year, and it is estimated that the total for the year will be at least 1000 less than the number issued in 1928, due to the fact that this year is an "off year" in politics. Car registrations are comparing more favorably with last year's according to figures in the Tax Collector's office. To date 2,825 automobile and truck license have been issued, with an estimated number of 4,000 in the county subject to registration. This number will probably be reached by February 1st, at which time a penalty of 25 per cent will be added to the registration fees.

Produce Sales Net Sum of \$335 To Farmers Wife

Mrs. C. W. Marion of the Gilliam community was in the city Saturday and gave to us a report from her sales of milk and butter and poultry products for last year which shows what can be done on the side with the cow and the hen. 144 pounds of butter brought... \$57.13 1055 dozen eggs... \$205.46 Hens sold to the amount of... \$72.62 TOTAL... \$335.21 Last year Mrs. Marion made a good report. She keeps these sales on a calendar each day as she makes the sale and at the end of the year she knows what her produce brings. Mrs. Marion buys all the groceries for the family with her produce sold from the farm.

NEW DEALERS FOR WHIPPET CARS

Isbell-Burton Motor Co., one of the largest automobile firms of this section, who have for the past several years handled the Dodge, Chrysler and Plymouth automobiles, announce this week that they have secured the agency for the Whippet and Willys-Knight automobiles for this city, and now have one of the new Superior Whippets on display in their show rooms on the east side of the square. In connection with this new agency, a complete stock of parts and equipment for servicing the Whippet and Willys-Knight cars has been installed with the service department in charge of Mr. H. A. 2940 POLL TAX RECEIPTS ISSUED

A total of 2940 poll tax receipts had been issued Wednesday at noon by County Tax Collector Ed Fouts. This is considerably less than the number issued to this date last year, and it is estimated that the total for the year will be at least 1000 less than the number issued in 1928, due to the fact that this year is an "off year" in politics. Car registrations are comparing more favorably with last year's according to figures in the Tax Collector's office. To date 2,825 automobile and truck license have been issued, with an estimated number of 4,000 in the county subject to registration. This number will probably be reached by February 1st, at which time a penalty of 25 per cent will be added to the registration fees.
