Citation By Publication
THE STATE OF TEXAS
 To the Sheriff or any Constable of Haskell County—Greeting:

You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the County of Haskell, for four consecutive weeks previous to the return day hereof, Lawrence Kelley, whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be held in the county of Haskell at the court house thereof, in Haskell, on the Seventh Day of January, A. D. 1929, then and there to answer a Petition filed in said court on the 4th day of December, A. D. 1928 in a suit numbered on the docket of said court No. 3093 wherein Willie Kelley is plaintiff and Lawrence Kelley is defendant.

The nature of the plaintiff's demand

being as follows, to-wit: Plaintiff sues for divorce on account of cruel treatment and outrages committed by defendant upon plaintiff of such a nature as to render their any longer living together insupportable, and alleging that plaintiff is a resident of Haskell County, Texas, and is now and has been for a period of twelve months an actual, bona fide inhabitant of the State of Texas, at the time of filing and exhibiting her petition herein, and has resided in Haskell county for six months next preceding the filing of this suit, and that plaintiff and defendant were legally married in Oklahoma in February 22, 1926, and she left him on account of his cruel treatment and outrages committed by defendant upon plaintiff, particulars of which are alleged in her original petition filed herein on December 4, 1928.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this writ, with

your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Haskell this the 4th day of December A. D. 1928. (Seal) Estelle Tennyson Lee, Clerk District Court, Haskell County, Texas.

S. B. Jeter of Gilliam was shopping in the city Saturday.

W. R. Jetton living south of town was in the city Saturday. He was talking of the joys of the past. The big fireplace, the back log, the roasting of potatoes and peanuts, and eating pecans after supper. These good old days will come no more in this country. Everything is hurry and bustle—no time for those things any more.

W. M. Harrell, a leading farmer of the Foster community was in the city and gave us his check for the Free Press and Star-Telegram for a renewal to both papers. Will Harrell makes lots of feed and cotton every year. He never murmurs or whines about the weather. He is always pleasant to talk to and is an inspiration to a fellow with the blues.

W. L. Arrington, one of Haskell county's best farmers, living on Rule Route 2 in the Cook Springs community was in the city Saturday and handed us the price of the Free Press for one year while here. Thanks.

B. M. Perdue called Friday and renewed for the Free Press and Wichita Times for a year. B. M. owns a number of good farms in Haskell county and lives on his farm near town on the Rochester road. He is a prosperous farmer and it might be when he gets tired of riding in an auto he will get an airplane.

Roy Miller, one of our best farmers living west of town handed us the price of the Free Press for renewal to the home paper. Roy has made a good crop and has it all gathered. He is giving some time to his fine Plymouth Rocks and is making them pay their way.

Mrs. J. C. Lewellen was in the city Saturday from the Roberts community.

Mr. and Mrs. J. W. Liles of the Curry Chapel community were shopping in the city Saturday.

Mr. and Mrs. E. R. Wolcott and small sons Edward and Eldon, and Miss Mary Nicholson of Stanton were guests of Mr. and Mrs. B. M. Whiteaker Thanksgiving. Mrs. Wolcott and Miss Nicholson are sisters of Mrs. Whiteaker.

Tuesday, Nov. 27, 1928

We began our week, December 1st, at the home of W. J. Butler, a member of the Free Press staff, recently given us his check for a whole year. He lives on the main road between Haskell and the highway in Rusk County. He has about three acres of cotton, plus some other crops. He will have to buy some feed for his hogs and some hay and straw for his cows to feed the farm. The main crop of the farm is White Leghorn chickens. Mr. Butler has about 80 White Leghorns and is a good producer of eggs. He has some 1000 eggs in the market.

is interested in poultry and will make a success.
J. J. Whately lives near Mr. Beckham. He is making more than he will need for next year. He is a fine old gentleman and a good citizen.

We made our next call at the home of A. B. Balfour. He is getting along nicely with his farming. Mrs. Balfour was giving her a hot of trouble. She was coming to Haskell that afternoon to the doctor. We hope that she soon regains her health.

C. J. Petty, a young farmer living north of the Balfour home was busy gathering his crop. He will make plenty of feed for another year, and he has some fine Red chickens and turkeys. He will move soon when he has a new house built on the same place.

Would You Know One If You Saw It?
If you ever came face to face with a germ, would you recognize it? Of course it is not likely that you ever will see a germ, unless you own a tremendously powerful microscope, for you would have to magnify one over a thousand times to make it as big as a pin head. But you should recognize the fact that these tiny germs can get into your blood streams through the smallest cut, and give you typhoid fever, tuberculosis, lockjaw, blood poisoning and many more dangerous and perhaps fatal diseases. There is one sure safeguard against these dangers - washing every cut, no matter how small, thoroughly with Liquid Borozone, the safe antiseptic. You can get Liquid Borozone at Reid's Drug Store or Payne Drug Co.

Save and Behave
Wise Nature does her treasures store
And from this saving man has more.
If you lay by for rainy days
You'll find it helps in many ways.
The boy or girl who learns to save
Has more incentive to behave;
And every parent and teacher, too,
Should teach that save is the thing to do.

A way to make your savings grow.

A new heavier crankshaft, statically and dynamically balanced—and designed with shorter crank throws to minimize torsional strain—results in a degree of smoothness and freedom from vibration that is truly remarkable. A new automatic lubricating system carries a continuous supply of oil to the entire rocker arm mechanism—resulting in exceptional quietness of operation. A plentiful supply of gasoline is assured under all operating conditions by a new AC gasoline pump and filter. An automatic accelerating pump on the new carburetor gives faster acceleration and increased economy. And scores of other features—such as fabric camshaft gear... hot-spot manifold... high compression, non-detonating head... and semi-automatic spark control—contribute to every phase of performance, economy, long life and dependability. Throughout the entire chassis is found similarly advanced design. Four long semi-elliptic shock absorber springs—set parallel to the frame and equipped with Alemite lubrication at all the shackle joints—cushion the entire upper structure against road shocks. A full ball-bearing steering mechanism, with complete lubrication at all the points of contact, results in delightful ease of control. And newly designed 4-wheel brakes—positive in action, easy of application and noiseless in operation—provide a measure of braking control more than equal to the most unusual requirements. The marvelous new bodies by Fisher are longer, lower and roomier and incorporate in all closed models an adjustable driver's seat that may be moved forward and back to suit the comfort of the driver! Baby for Sale! Father a college professor; mother cultured and refined; heredity guaranteed. Price—\$30,000. PASSIONATELY devoted to her husband, Marjorie often said she would sacrifice anything for his success and happiness. And now, as he faces failure, disillusionment, despair—all for a lack of money—he sees only one way out. She has heard of women, rich and children, who would give thousands of dollars if they could adopt a baby, and be sure of its heredity. But as the golden dreams of approaching motherhood fill her soul, she wonders if she can go through with it. True, the secret of her coming baby is still her own. Even her husband does not know—and never will. But can she resist the loving touch of tiny, helpless baby hands that are already closing tightly around her heart? Can she sell her unborn child? Even while she prays for courage to make this terrible sacrifice, she is thinking that perhaps the rich woman who comes to her aid could take her ahead, "for a few months' travel." There her baby could be born—to become the other woman's help. It all seems so easy. Still, as she visions the helpless little mire of humanity that lives close to her heart—she wonders if she can do it. Can anything ever take the place of that little lie that, for her, will die the moment it is born? Read her piteous story, "Nature's Vengeance," in January True Story Magazine. HIGH SCHOOL NEWS

Pep Squad Entertains Football Team
The Pep Squad of Haskell High School and their sponsor, Miss Mills, had as their honor guests, the football team of '28 on November 30.
The party was given in the basement of the First Baptist Church. The High School Colors black and gold, were carried out in the decorations. On a throne, football ruled as King of Sports. The guests were met at the door by

Elsie Bradley and Vivian Bernard and presented with miniature footballs as favors. These also served to find partners.
After everyone had taken part in several games, they were entertained with a football song by the pep squad mascot, Huey Cook, Jr. Huey, Jr. has helped the squad very much, and we are very proud of him.
Ice cream footballs and chocolate treats were served to about fifty five. We had as special guests, Mr. and

Mrs. M. B. Lebo and Mr. John Banks, last year's football captain.

Junior Treasure Hunt

Last Saturday night, November 24, the Juniors of Haskell High School were honored by Miss Elaine Mills at her home. Miss Mills is one of the Junior sponsors.
The guests were greeted at the door and invited in. Games were played in the hall until all of the guests arrived.
At about eight o'clock the Juniors were informed of the treasure hunt, and slips were given to each couple. The treasure hunt led to a tree in front of the hostess' house, Mrs. Roy Killingsworth's house. Mrs. Marina's garage, Henrietta's house, and to Mrs. Bon Adkins' back yard, where the treasure was found. The treasure was fifteen pennies found by Raymond Morgan and his partner, Clara Weaver. The guests returned to the house tired but happy. During the hunt nearly all ran, so they were very tired. The Juniors played some more games in the house and then were served sandwiches, potato chips, and punch those present were: Mrs. Wimbish, Henrietta Isbell, Lois Stoker, Vivian Bernard, Clara Weaver, Bessie B. Sophomore News

Vada Thomas spent Sunday in Rochester.
Emma Grace and Lillian Harrow spent Thanksgiving with Vada Thomas. They live at Spur.
Mrs. Wimbish's husband spent Thanksgiving and the holidays in Haskell.
The Sophomore program was very good, judging by the shouts of laughter throughout it. The first number was a hospital scene. After that came a reading, "The Wonders of the Dawn." The last number was a playlet, "Before the Play Begins." After the program several songs were sung. "The Spanish Cavalier" being most noticed.
On Thanksgiving Day, Marve Hays and Zelma Anderson went out to Midway, where they had dinner on the ground. On Friday they visited the Midway school.

Score pads and tally cards adhering to the color scheme, were removed from the small tables where the guests had enjoyed the games of the afternoon and each table was centered by silver baskets containing Christmas candles. The hostess also served a delicious salad plate to Mesdames E. Sutherland, D. L. Cummins, R. J. Reynolds, T. C. Rogers, H. S. Wilson, O. E. Patterson, Courtney Hunt, A. H. Wair, H. M. Smith, Wiley Reid, Joe A. Jones, E. Gaston Foote, Elizabeth Martin, John Oates, Mary E. Oates, Preston Baldwin, J. E. Bernard, Marvin Post, C. L. Glazner, Guy Mays and the hostess Mrs. C. L. Lewis.

Nature Thought of Everything

Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. Thus if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they have contracted worms. Then if we are wise, we buy a bottle of White's Cream Vermifuge and safely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermifuge costs only 35c a bottle and can be bought from Reid's Drug Store or Payne Drug Co.

THE SMALL SQUIRREL TEACHES US A LESSON

We all see them in the Fall busily storing nuts away in their hiding place—food for winter months when they will not be able to find it. But how many men are provident as squirrels? How many are busily storing away money when they are young for the "winter" of life when they will not be able to obtain more? Very few, for most all do not think of the future or adversity until it is upon them.

CAFE CLOSED FOR REMODELING

The cafe on the east side of town, one of Haskell's most popular places, was closed Thursday and work was started on remodeling and renovating the interior and the fixtures. This will probably occupy several weeks, the opening date to be announced later.

Joe Keuhn and Joe Anderson, who had charge of the cafe for the past year have severed their connection with it and in the future it will be managed and supervised by H. Collier, owner of the cafe. Collier is an experienced restaurant man and Haskell people will be glad to see him back in town.

Anderson and Keuhn have many friends during their stay in town and it is hoped that they will be in our city.

Haskell did not score in the second quarter and the score in the first minute of play in the second half was 8-8, but relief came with numerous substitutions. While the Midway 5 went through with a substitution, and played an extremely fast game all the time.

A singing was given Sunday evening at Midway with visitors present from Midway and other nearby places and a good time was enjoyed, with some real singing.

ROAD BEING BUILT TO COBB COMMUNITY

Several miles of the road being built from Haskell to the Cobb community, and the section of the county where the Superior (Moody) oil well was recently completed, has been finished and a crew of some ten or twelve men and several road machines are busy on the work at this time. The new road follows the old Albany road most of the way, with two bridges across Paint and California creeks, and when completed will be a great convenience to residents of that section in coming to Haskell, which has been impossible heretofore at some seasons of the year. Some sixty days will be required to complete the work, but when finished it will be one of the best roads in the county, and will be of great benefit to the section which it serves.

INDIANS LOSE TO SEYMOUR 13-6

Thanksgiving afternoon the Haskell Indians lost the last game of the season to the Seymour Panthers. The first half, the Panthers were very playful and made gain after gain on their long end runs. With Walker plowing the line and Hooser going wild on end runs the Panthers were able to carry the pigskin into the Indian territory. The wind saved the Indians the first quarter.

The second quarter, the Panthers had the wind to their advantage. They made two touchdowns and an extra point during this quarter, while the Indians made nothing.

In this first half Patterson substituted for J. Smith at guard.

The Panthers substituted for right guard and left tackle.

At the half Smith took his place back from Taylor and Medley substituted for Pittman's half.

The third quarter found the Panthers with the wind again, but the Indians were getting on the war path and fought them. Neither side scored this quarter.

The fourth quarter found the Indians ready to use the aerial attack. When the Indians once got the ball they did not lose it until they made a touchdown. The Indians started another aerial attack, but the Panthers stopped this by catching the ball and keeping it the rest of the game. There was one substitution the last half and Seymour substituted for quarterback.

Walker and Hooser did the best playing for Seymour.

Reynolds and Ratliff did good work on the line while Kimbrough and English did good work in the backfield.

BUY TUBERCULOSIS CHRISTMAS SEALS

Call it what you like—T. B. Consumption, white plague, but it's sure death unless taken care of, or better, prevented.

Now what prevention or cure; sunshine, fresh air, proper care, the right kind of food and plenty of rest.

And how is this best done; by securing the interests of people who will make a small sacrifice to help send needy cases to sanitariums for treatment. Yes, both the affliction and cure are delicate subjects and in this work-a-day world we like to fight shy of such matters. And yet—just a few moments stolen from your many hours—just a few dollars given up may help some poor unfortunate.

Buy Tuberculosis Christmas Seals, and aid in the wonderful work being done by our State Public Health Association.

MIDWAY CELEBRATES COMMUNITY DAY

Thursday, November 29, which most schools celebrated by dismissing, was observed at Midway by being designated as Parents and Community Day. There were approximately 300 persons here for dinner, and enough food was put away to have fed that many more. (No hard times in this community.) Then in the afternoon the crowd swelled to about 450 people. The campus was literally alive with people. This was an even greater day than had last year on community day.

A general spirit of the very finest was manifest by the generous attendance and co-operation necessary to put it over. Two, our new teachers, Miss Fulbright and Mrs. West, are to be complimented for their part in the days program especially having come into the work only a week previous, and they took hold of the job like old hands at the work. The people appreciate this on the part of the teachers.

The pep squad organized by Miss Fulbright and aided by the rest of the faculty and pupils performed admirably. It is likely that this day will become an annual affair.

The first period of the day, 9:00 to 10:30, was given over to observation work that the parents might see just what was going on in the school in the way of class work and discipline, and to observe the general spirit of the school work on the part of the teacher and pupil. Then from 10:45 to 12:00 a Thanksgiving program was rendered featuring especially the musical and interpretive nature of the children.

The work of Miss Butler our new music teacher, is to be commended, for her work at the piano is what really put it over. Then from 12:00 to 1:30 a real feast was enjoyed by every one present, after which athletics in the form of basketball was the order of the day. The balance of the afternoon was one of hilarious excitement, for some of the fastest games ever played were witnessed.

MRS. CECIL CARLISLE LAID TO REST

One of the saddest deaths ever chronicled in our community was that of Mrs. Cecil Carlisle, which occurred in the Stamford Sanitarium last Monday night, Dec. 3rd at 7 o'clock. Death is always sad and words always inadequate to soothe the hearts of the surviving loved ones. But coming as it did to this young bride of less than a fortnight, who was in the lovely bloom of young womanhood, and taken as she was from the side of the broken hearted groom in so short a time, hearts were tendered and eyes were dimmed with sympathy for the loved ones. Mrs. Carlisle was taken seriously ill November 26th and was rushed to the Stamford Sanitarium where all possible aid was rendered, but to no avail. Marcelle Barton, daughter of Mr. and Mrs. W. O. Barton was born June the 20th, 1913 and was converted and gave her life to the service of her Lord and Master, Jesus Christ, in the summer of 1925 and was loved by all who knew her. We have heard her praised by her teachers of the Rose school where she attended school for a number of years, for her lovely disposition and studious habits. We saw and talked with her last, a bride, beside her young husband just before they left for their new home in Spur, just a few short weeks ago, they had been married by Rev. M. L. Baker the day before, November 17th. The body was brought from Stamford Monday night and lay in the home of Mr. and Mrs. W. A. Carlisle, until two o'clock Tuesday afternoon when funeral services were conducted at Willow Cemetery by Rev. M. L. Baker, pastor of the First Presbyterian Church. The pall bearers were Messrs. R. L. LeClaire, Tom Donohoe, Frank Dodson, Marvin Alexander, E. V. Davis and Date Anderson. The only thing that friends could do was to cover the mound with the season's choicest flowers. The deceased is survived by her husband, Cecil Carlisle, father and mother Mr. and Mrs. W. O. Barton, 4 sisters and 2 brothers and a host of friends to mourn her loss.

Mr. and Mrs. Ed Sprowls spent the Thanksgiving holidays in Austin, Waco and Dallas, visiting relatives and friends, and enjoyed the Texas A. & M. football game at Austin Thanksgiving day.

Mr. and Mrs. F. A. Swenson of Ft. Worth and Ora Mae Haney also of Ft. Worth spent Thanksgiving with Mrs. N. McNeill of this city.

L. L. Coanally is talking of going back to Georgia for the holidays. He will make this trip. Has been away from his old home 43 years. He is planning on a great trip.
