VOLUME 81 NUMBER 45

District Championship Up For Grabs Here Friday

Since Silvertown and McLean are tied for the championship of the district, a six-man title will be on the line when the two teams tangle here Friday night at 7:30 o'clock.

Silvertown Mayor A. R. Martin has proclaimed Friday as "Win District Day" and this is being combined with color day, when all residents are strongly urged to wear red and white all day in support of the Owls who are undefeated in conference play.

It is hoped that fans and former students will pack the stands at Payne Field, to cheer the Owls to an outright championship. Both teams will advance into the state playoffs.

Winner of Friday night's game will meet District 1-A's runnerup team, Bovina, in a bi-district match. Loser will play 1-A's champion, Lazbuddie.

County 4-H Food Show Is November 16

Briscoe County's 4-H Food Show will be held Thursday, November 16, in the Silvertown School Cafeteria with judging beginning at 4:00 p.m. and the awards program and tasting open to the public at 6:30 p.m. following the judging.

Food project participants who plan to enter the food show are reminded to turn in a day's menu and recipe for the food show entry to the Extension Office by 5:00 p.m. Monday, November 13.

Sixteen volunteer leaders have been working with over 70 boys and girls to teach food preparation, nutrition, food buying, meal planning, and food safety principles in project meetings.

Leaders for the Silvertown groups are Lana Burson, Donna Estes, Gail Wyatt, Beverly Minyard, Michelle Francis, Rhonda Burson, Connie Smith, Janinne Brooks, Vici Baird and Bena Hester.

Valley project leaders are Linda Stark, Lisa Fuston, Debra Smith, Donna Pigg, Royce Pigg and Mary Pigg.

Mr. and Mrs. Dwain Calcote and Austin McClure of Plainview visited Betty Olive Tuesday of last week.

Head Cheerleader Julie Towe was present Monday morning when Mayor A. R. Martin took time out from his work at Briscoe Implement to proclaim Friday as "Win District Day" in Silvertown. Residents are encouraged to wear red and white all day Friday and to be at the game to cheer the Owls to a district championship victory.

Star and rural route patrons will not receive mail Saturday, due to the Veterans Day holiday.

Go Owls!

Tourism Potential Being Studied in Briscoe County

The Briscoe County Task Force, in cooperation with the Quitaque Chamber of Commerce and Briscoe County Activities Association, is undertaking a study of the tourism potential of Briscoe County and opportunities to develop this potential.

A consultant has been hired to perform this service. He is L. E. Surles, an expert in the field. Among other accomplishments, he has served as associate regional director, National Park

Service, Denver, Colorado; chief of concessions management, National Park Service, Washington, D. C.; assistant superintendent, Yellowstone National Park, Wyoming; director, Arkansas State Parks, Little Rock, Arkansas.

A public meeting will be held Monday at 7:00 p.m. at the Quitaque Community Center and another will be held in Silvertown Tuesday at 7:00 p.m. in the Pioneer Room at First State Bank.

Mr. Surles will present his assessment of what is here, how it can be developed, and what could be expected of it in the way of what it would bring, job opportunities, etc. Mr. Surles will spend several days in the county looking over assets, visiting with the people, etc.

Everyone is encouraged to attend one or both of these meetings.

Ag Industries Committee Sponsoring Big Bucks Contest

The Briscoe County Agricultural Industries Committee is sponsoring a "Big Buck Contest" during the Mule Deer season in Briscoe County. A handmade

knife by Melvin Hatton from Orange, Texas will be given for the biggest buck killed by a non-resident, and a shoulder mount will be given for the biggest buck killed by a county resident.

In order to promote hunting in Briscoe County, the 4-H clubs will serve a brisket supper Saturday, November 18, from 6:00 until 9:00 p.m. in the Silvertown School Cafeteria. The charge is \$4.00 per plate.

Everyone is welcome. For more information, contact the Extension Office at 823-2131.

Christmas Jubilee Set for Dec. 2

L. O. A. Junior Study Club will sponsor the annual Christmas Jubilee Saturday, December 2, in conjunction with the Caprock Jamboree.

Arts and crafts booths will be set up at the show barn, and a \$10.00 fee will be charged for each booth.

If interested, call Kim Mayfield, 823-2127.

Miss Mackenzie Pageant Moved To March 17

L. O. A. Junior Study Club will sponsor the annual Miss Mackenzie Pageant March 17, 1990.

Due to scheduling conflicts, the pageant was moved to the spring.

Catholic Church To Serve Dinner

Members of Our Lady of Loreto Catholic Church will have a Mexican Dinner Sunday, November 12, from 11:00 a.m. until 2:00 p.m. in the church hall.

Everyone is invited to attend. Money made with the Mexican dinners is used to pay insurance and upkeep on the church.

Camera Club Meets Tonight

Caprock Camera Club will meet tonight (Thursday) at 7:30 o'clock at the First National Bank in Quitaque. This will be the club's regular monthly meeting.

Jack Robertson, a professional photographer from Floydada, will present the program.

Refreshments will be served.

The meeting is open to the public.

Defense Driving Course Set Saturday

Central Plains MH/MR Center is sponsoring an eight-hour Defensive Driving Course on Saturday, November 11, from 8:00 a.m. to 5:00 p.m. The class will be held in the meeting room of the Swisher County Courthouse Annex Building at 310 West Broadway in Tulia.

For more information or to register, call 995-3720 or 293-2636.

PTA Update

Texas PTA was one of 21 organizations protesting the "biggest party in history" that Miller Brewing Company hosted during the Labor Day weekend.

On August 31, spokespersons from Texans' War on Drugs, Texas Medical Association, MADD (Mothers Against Drunk Driving) and PTA held news conferences in three cities to denounce the message to youth in the brewing company's ads.

PTA President Mary Short told reporters that the state's largest child advocate firmly supported the Young Texans' Bill of Rights, regarding freedom from alcohol and other drugs, presented by Bobby Heard, UT Student Youth Coordinator for the Texans' War on Drugs. Mrs. Short also encouraged Miller Brewing to be more responsible in sending factual messages about the use and abuse of alcoholic beverages.

"Associating partying with drinking can lead to tragic results, especially for teens and their families," Mrs. Short said.

As part of the National PTA-sponsored Math Matters—Kids Are Counting On You project, ways to help your child do better in math will be included in this column occasionally. This week's hints: **Be positive.** If you let your child know that you believe that everyone can be successful in math, your child will believe it too. Your children reflect your attitudes and aspirations. **Play Family Games** that use math and are lots of fun. Card games like "Go Fish" or "War" teach children to count, sort, and use strategy. Many games use "play money" and teach how to make change. Games played in the car that estimate distance or identify specific shapes along the road help build mathematical thinking.

PTA. LEADING THE WAY!

Boy Scout News

We want to welcome Jodee Robison to our troop. We hope he has fun in Scouts. Next summer we have lots of activities to do that will be lots of fun.

Merit badge counselors are needed in all kinds of subjects. Some of you already have volunteered, but more are needed. The more people helping, the better the program. It doesn't cost a thing to be a counselor, just very little time to help a young man. If I come up to you and ask, I expect you to say "yes, I can help;" I don't like "no" for an answer.

We are selling Christmas wreaths again this year. They are made of fresh fragrant balsam fir, decorated with white-tipped pine cones, laced with hollyberries, accented with a red velvet bow. We are selling them for \$12.00 each. They will be here the second week in December. Please support your Scouts by buying a wreath this year.

—Scoutmaster Mark Eddleman

Flea Market to Open in Memphis

An area-wide flea market will open in Memphis November 18-19 at 9th and Highway 256 in Memphis. The big indoor market will be open every Saturday from 9:00 a.m. until 6:00 p.m. and every Sunday from 12:00 until 6:00 p.m., rain or shine.

More than 30 vendors from all over West Texas already have reserved space for the grand opening. There will be antiques and collectors' items, arts, crafts, new and used merchandise, guns,

knives and ceramics.

If anyone would like to reserve booth space, you may call 806-259-3727 or 806-259-2427. Mailing address of the Memphis Flea Market is Box 429, Memphis, Texas 79245.

It's said the musical juke box gets its name from a West African word, dzag, meaning "to behave improperly."

People once believed a branch of juniper wood would keep the stables safe from lightning—and the devil.

Owls Win Playoff Berth at Lefors

Silverton's fighting Owls roared to an early-finish of their game at Lefors last Friday night, their victory insuring them a playoff berth. The district championship will be decided here Friday night when the Owls host the McLean Tigers, also undefeated in the district this season.

The Tigers have a powerful team, and the Owls will need to pull up all their resources to win this game. They have the capability and their motto this season is "whatever it takes!" They have the coaches and the cheerleaders, but they need their fans to pack the stands at Payne Field to cheer them on in this, their biggest game of the year.

Two weeks ago, Coach Jack Shely said in pep rally, "I wish I could tell you that this is just another Friday night, but it's not!" And the Owls won't have "just another Friday night" the rest of their season.

They will go into the state playoffs, with either Lazbuddie or Bovina as their next opponent, but which team they play will depend on whether they represent the district as champion or runnerup. McLean is ranked No. 4, and the Owls have their work cut out for them.

Coach Shely met McLean coach and long-time friend, Jerry Miller, in Clarendon Saturday for a round of golf. "Jerry's brother, Ronnie, is our ag teacher and helps with football, and we're all pretty good friends," Coach Shely said. "We know we're both in the playoffs so we played some golf to ease a little of the tension before we get our game faces on."

"We've got our work cut out for us," the coach continued.

"They have a couple of kids who have gained well over 1,000 yards, so the key for us is going to be how well we can stop them. We've got to shut them down and find ways to score. I look for a low-scoring, defensive-type game with a lot of hitting."

Coach Shely said he had expected the Owls "to be a little flat" against Lefors. "When they took it down and scored that kind of woke us up. We played up to our potential after that." The game ended on the 45-point rule with 7:33 left in the fourth quarter.

The Owls opened the action by kicking off to Lefors. Taking possession on their own 25, the Pirates were thrown for a five-yard loss by Bradley Brunson on first down, and punted away on fourth down. On Silverton's first play from scrimmage, the Owls lost the ball via the fumble, and the Pirates were in business on the Silverton 25. From this point, the Pirates drove through a first down on the Silverton seven, and a one-half the distance penalty against the Owls to score from six yards out on third down. The Owls blocked the PAT kick, and with 5:50 still showing on the first-quarter clock, the Pirates held a 6-0 lead.

When Lefors kicked off, the short kick went out of bounds at the Silverton 26. The Owls refused the penalty and took the ball there. Wayne Henderson ran for a first down on the Lefors 17, and a pass from Quarterback Kendal Minyard to Brunson scored from 13 yards out. There was no PAT, and with 4:18 still remaining in the first period, the score was deadlocked at 6-6.

A booming kickoff by Brunson was brought out to the Lefors 15, where Lyndell Ivory threw the Pirates for a loss of three yards on first down. On fourth down they punted to the Silverton 33. Brian Martin ran for ten yards and Henderson picked up almost enough for a first down. Martin ran to the Lefors 30 for a first down, after which Minyard passed to Denny Hill for another first down on the 14. Minyard passed to Teddy Hubbard for the touchdown, Brian West kicked the PAT, and with 9:46 remaining in the second quarter, the Owls had moved into the lead 14-6.

When the Owls kicked off to Lefors, Bryan Breedlove made a jarring stop on the return man at the Lefors 28. The Pirates threw an incomplete pass on first down and were set for a three-yard loss on second and a six-yard loss on third, with Ivory doing the honors well on the last play. When the Pirates punted, the Owls fumbled and Lefors got the ball back on their own 31.

On first down, Brunson intercepted a Pirate aerial and went all the way for a touchdown. West kicked the PAT, and with 8:21 remaining before halftime, the Owls held a 22-6 lead.

The Owls kicked off again, and Frank Lowrey led the defense on this series, which netted the Pirates minus one yard and on fourth down they punted away. Minyard handled the punt, and on first down Martin carried to the Lefors nine. West scored on the next play, kicked the PAT, and with 5:59 still showing on the second-quarter clock, the Owls led 30-6.

Silverton's kickoff was taken

Lefors' next series of plays was a continuation of the same, with a pass completed for a gain of two yards followed by two incomplete passes, and a punt which carried to the Lefors 25.

Couch completed a pass to Bryan Ramsey for a first down on the Lefors five, as time was running out in the first half. On the next play, West attempted an unsuccessful field goal.

Following halftime, the Pirates kicked off to the Owls, and Brunson took it all the way for a touchdown. There was no PAT, and with 9:46 still remaining in the third period the Owls had upped their lead to 44-6.

Once again the Owls kicked off, and the Pirates completed a pass to midfield and made a first down on the Silverton 33. Lowrey threw them for a loss after which they completed a pass for eight yards. Casey Frizzell made the defensive play on the next down, and an incomplete pass on fourth down caused the ball to go over to the Owls on the Silverton 21.

Stephen Cavitt carried for five yards and Langdon Reagan ran for another five. Cavitt picked up a couple more yards, but on fourth down the ball went over to the Pirates, who made only four yards on the series because of defense by Lowrey and Ivory, who were really cooking defensively. Ivory looked like a new

Bradley Brunson (30) was shown as he returned a pass interception for a touchdown last Friday night at Lefors. This was one of four touchdowns Brunson scored, earning honorable mention as Player of the Week in the Amarillo Daily News.

defensive weapon that had been kept under wraps until that time.

Frizzell, Joey Leal and Cavitt were the ball carriers on the next series, which ended on the Lefors 37. The Pirates were permitted a first down on the Silverton 15, where the defense tightened, and on fourth down, with Cavitt rushing the passer hard, the ball went over on downs at the Silverton 15.

The Owls punted to the Lefors seven to conclude their next series, and on first down, Ivory pushed the ballcarrier into the endzone for a safety (his specialty), to give the Owls another two points and a 46-6 lead with 9:09 remaining in the game. Lefors free-kicked short, taken by Couch on the Lefors 35. Rob Weeks ran for a first down on the Lefors 16 after which Cavitt scored with 7:33 remaining on the clock, ending the game on the 45-point rule.

The Owls made 12 first downs as compared with three for the Pirates. Silverton rushed for 228 yards and passed for 75 yards, for a total offense of 303 yards. Lefors rushed for 21 yards and passed for 37 yards for a total offense of 58 yards.

Henderson rushed the ball four times for a gain of 75 yards, Martin picked up 45 yards on seven carries, and Weeks gained 23 yards on two carries.

Minyard completed three of five passes for a gain of 45 yards, and Couch completed three of six for 30 yards. Frank Ramirez, jr. also threw one pass.

Brunson caught two passes for 22 yards, Hill grabbed one for a 15-yard gain, Hubbard caught one for 17 yards, Ramsey caught one for 18 yards and West caught one for three yards.

This week: the big game of the year against the highly-rated McLean Tigers. It will be played here in Silverton, so no one really has an excuse to miss it. The Owls and their coaches need the support of their fans. BE THERE! It will be the last HOME game of the high school careers of Seniors Kendal Minyard, Joey Leal, Denny Hill, Bryan Ramsey, Frank Lowrey and Teddy Hubbard. You can help make it a big one for all of them.

Junior High Owls Defeat Bandits

Silverton's Junior High Owls had trouble holding on to the ball in their game here last Thursday evening, but managed to defeat the Lefors Bandits 19-12 in spite of their miscues.

The Owls opened the game by kicking off and holding the Bandits to very little gain on their first series with good defense by Matt Francis and Lance Holt. On fourth down, the ball went over to the Owls on the Lefors 18, and on Silverton's first play from scrimmage, Braden Towe scampered all the way for a touchdown with 4:08 still remaining to be played in the first quarter. There was no PAT, and the Owls were ahead 6-0.

Lefors made a first down at the Silverton 33 on the next offensive series, but on second down a Bandit fumble was recovered by Holt on the 35. The Owls moved forward on rushes by Holt and Towe, and on fourth down the Owls saw one of their passes intercepted by Lefors on the Bandit 37, this coming with 1:12 remaining in the quarter.

The Owl defense was able to hold the Bandits, and as the second quarter began the ball went over on downs to the Owls, thanks to defense by Holt and Francis.

The Owls got their first down on a pass interference call against the Bandits on the Lefors 37, but on the next play lost the ball via the fumble route.

Lefors scored on the fourth-down play, but this was called back due to a clipping infraction against the Bandits, and the ball went over on downs to the Owls on the next play.

CONCESSION STAND

The concession stand will be open, and workers for this game will be John and LaQuetta Schott, Carolyn Reagan, Lynda Fogerson, David and Debbie Holt, Emmett and Sandi Tomlin. Please call Marsha Brunson if you can't work Friday night.

Towe completed a pass to Holt to the Lefors 37, and ran for an apparent first down which was nullified by a penalty against the Owls. After two incomplete passes, the ball went back to the Bandits with 1:24 remaining in the first half. The defense held, and the ball went over to the Owls on their own 20 with 25 seconds remaining on the clock. On first down Lefors recovered an Owl fumble on the Silverton seven, but time expired on the clock before the Bandits could convert the miscue into points.

Silverton took the Lefors onside kick at midfield to open the second half of play, and Holt quickly picked up a first down on the Lefors 23. On the next fourth down, the ball went over to the Bandits on downs. This time the defense played the Bandits tough, throwing them for big losses just about every down, and on fourth down the ball went over to the Owls on the Lefors 19.

Holt ran for five yards on first down and scored on third down with 43 seconds remaining to be played in the third period. Towe carried the extra point, and the Owls had moved into a 13-0 lead.

When the Owls kicked off, Lefors carried it back to the Silverton 25, and picked up a first down to the five on the next play. Lefors received a penalty on the next down, and Holt intercepted a Bandit aerial on the next play and carried to the Lefors three. As the fourth quarter began, Towe carried the touchdown with 5:56 remaining to be played in the game. There was no PAT, and the home team held a 19-0 lead.

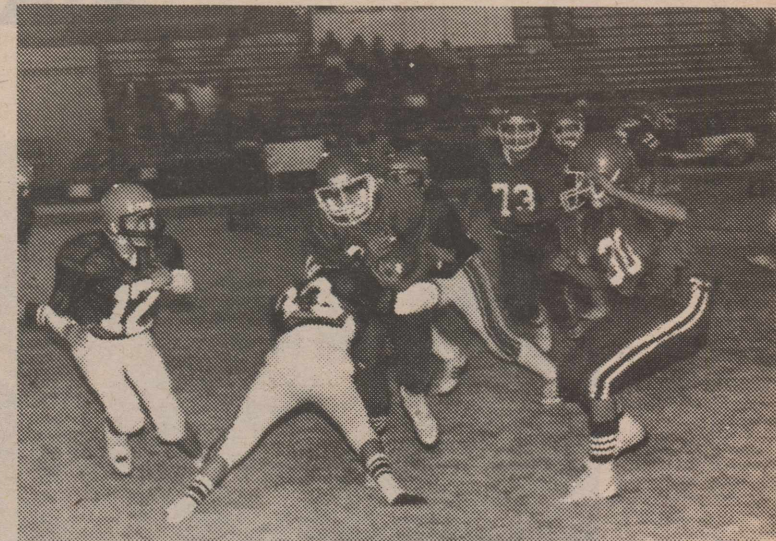

The Owls kicked off to the Bandits and they took possession at their own 24. The swarming Owl defense was causing them a lot of trouble, but on third down Holt saved a touchdown as the Bandits ran for a first down on the Silverton 34.

Holt saved another touchdown

Matt Francis (51) is pictured making a stop on the Bandit ballcarrier during the Owls' 19-12 victory over Lefors here last Thursday.

Briscoe County News Photo

Braden Towe (33) scored two touchdowns for the Junior High Owls here last Thursday night, as his team beat the Lefors Bandits 19-12.

Briscoe County News Photo

on the next play, as the Bandits picked up a first down on the Silverton five. The defense caused Lefors to use four downs to score, eating a lot of time off the clock. The touchdown came with 2:18 remaining in the game, there was no PAT, and the Bandits were on the short end of the 19-6 score.

When Lefors kicked off, Jess Brannon took the short kick and ran to the Lefors 27. Holt ran for eight yards and Brannon completed a short pass to Dewayne Juarez, but on fourth down an incomplete pass caused the ball to go back over to the Bandits.

Lefors was back in offensive business with 1:34 remaining on the clock. The defense made them work hard for their yardage on this series, but on fourth down the Bandits made a first down at midfield with 27 seconds remaining. They got another first down to the Silverton 10 on the next play, and scored on the following play on a pass completion. They lined up and ran right at Brannon, the shortest player on the field, for their PAT. Brannon came out of the endzone and attacked the ballcarrier several yards out and there was no PAT. With three seconds remaining in the game, the final 19-12 score had been made.

The Junior High Owls travel to McLean today (Thursday) to play the Tiger Cubs. They need their fans to cheer them to a big victory in their last game of the season.

Playing their last Junior High game will be Eighth Graders Zane Henderson, Stoney Hubbard, Lance Holt, Matt Francis,

Braden Towe and Johnny Patino. Trent Smith, also an Eighth Grader, received a shoulder injury earlier in the season and won't be playing in the game.

SILVERTON SCHOOL LUNCHROOM MENU

November 13 - 17

Monday—Manager's Choice, Salad, Hot Rolls, Fruit, Milk

Tuesday—Meat and Cheese Taco, Salad, Hot Sauce, Chips, Fruit and Jello, Milk

South Plains Weather Drier Than Normal in October

Weather across the Texas South Plains during the month of October 1989 turned out to be dry and warmer than usual.

Temperatures averaged 1.4 degrees above normal and ranged from 3.3 degrees above normal at Lubbock to 0.8 degree below normal at Dimmitt.

Maximum temperatures averaged 3.3 degrees above normal and ranged from 5.3 degrees above normal at Lubbock to 0.6 degree above normal at Dimmitt.

Brunson Gets Honorable Mention

Bradley Brunson received honorable mention as the Amarillo Daily News Player of the Week for his performance in the Lefors game last week.

Brunson scored four touchdowns on a 13-yard reception, 30-yard interception return, 23-yard run and 52-yard kickoff return, and made seven tackles in playing one half in a 52-6 win over Lefors.

The Player of the Week was Donald Harris of McLean, who led his team to a 54-22 victory over Higgins, and in the process clinching the team's first playoff berth since 1966.

He returned a punt 46 yards for a touchdown and threw touchdown passes of 46 and 64 yards. On defense, he intercepted two passes, and made nine unassisted and four assisted tackles. Harris also had a third interception, which he returned for a touchdown, called back because of a penalty.

"He had a good game," Coach Jerry Miller said. "He blocked well on our sweeps. It was the best game he's had all year."

Also getting honorable mention were McLean's Tres Hess who rushed eight times for 95 yards and made 19 assisted and seven unassisted tackles; Todd Stump who caught 46- and 64-yard touchdown passes and returned a punt 19 yards for a third touchdown; Dennis Hill who rushed 11 times for 97 yards and scored three touchdowns on a pair of 13-yard runs and a 60-yard kickoff return.

The highest temperature reported during the month was 102 at Paducah on the 2nd. Silverton's daytime maximum temperature averaged 77.2 degrees, a little below the South Plains average.

Minimum temperatures averaged 0.4 degree below normal and ranged from 2.7 degrees above normal at Matador to 4.1 degrees below normal at Muleshoe. The lowest report of the month was 19 at Muleshoe on the 31st. Silverton's average overnight low temperature was 45.3 degrees for the month, very close to the South Plains average.

Precipitation was almost non-existent with only a few showers across the area resulting in an area average that was 1.88 inches below normal. The range was from 2.43 inches below normal at Spur to 1.25 inches below normal at Friona. Silverton received only .15 of an inch during October, a little more than twice the South Plains average. Several stations reported no rainfall at all and several more had only a trace during the month. The 45-year average for Briscoe County in October is 1.75 inches.

Henderson Is Player Of The Week

Wayne Henderson was selected as the Plainview Daily Herald Player of the Week last week for his performance in the Higgins game. He is described as a player who "can be grateful for second chances."

Henderson, a 5-9, 170-pound junior, started at safety for the Owls two years ago as a freshman.

"We were playing Wellman and Wayne got picked apart back there," Coach Jack Shely recalls. "His confidence was ruined."

With his security in the pass coverage position damaged, Coach Shely moved Henderson from safety to defensive end last year. The move proved to be a beneficial one as Henderson was selected a second-team all-district lineman in 1988.

It was only natural, then, that Henderson would begin 1989 at his end spot. That's been the case most of the season, although Coach Shely at times worked Henderson at safety "as a back-up type thing."

Henderson gained back some much-needed confidence when he pulled down three interceptions

in Silverton's 18-6 victory over Higgins. The Owls allowed only 190 yards of offense, including 74 yards on the Coyotes' lone touchdown drive late in the game.

"He really came through for us," Coach Shely said. "This may sound weird but he only had one tackle. Our front people were containing so well he didn't have to do much tackling."

With a laugh, Coach Shely said Henderson, who also rushed for 64 yards and a touchdown on offense, would probably remain at safety the rest of the season.

With Henderson blanketing the secondary, the front line was held down by teammates Bradley Brunson, Frank Lowrey and Bryan Breedlove.

*Brunson made 15 tackles and caught three passes for 53 yards and one touchdown.

*Lowrey made nine tackles, one fumble recovery and two sacks.

*Breedlove made 14 tackles, two sacks and caused one fumble.

Notice of Public Hearing To Tax Personal Property

The Mackenzie Municipal Water Authority will hold a public hearing on a proposal to tax the following non-business personal property: vehicles, airplanes, boats and recreational vehicles.

To tax the above property, the Mackenzie Municipal Water Authority must approve the proposal by ordinary resolution or order and must find that the taxation of property as proposed will be in the public interest of all residents of Floydada, Lockney, Silverton and Tulia.

The public hearing will be held on **Tuesday, November 21, 1989, at 7:00 p.m.** at the Administrative Office, located on the south side of Lake Mackenzie, 12 miles northwest of Silverton on Highway 207.

All interested persons may speak at the meeting and present evidence for or against this proposal.

WATKINS BLACK PEPPER

Cracked and granulated (rather than crushed) to retain vital oil cells. Granulating eliminates pepper dust and the result is a superior sneeze-proof pepper. It's the best you can buy!

BRISCOE COUNTY NEWS
Silverton, Texas

The weighted average price paid to farmers for U. S. upland cotton continues to rise, reaching 63.8 cents per pound in September, up 2.7 cents from the 61.1 cents recorded in August and the biggest month-to-month increase of the year.

Plains Cotton Growers, Inc., Lubbock, monitors average prices and marketing volume each month as a means to project the approximate per-pound deficiency payment for the year. The 1989 payment rate will equal the difference between this year's 73.4-cent target price and the weighted average price paid to farmers for the January-December calendar year.

The 63.8-cent September price brought the year's average through September to 56.7 cents, up from 56.1 cents through August. The 56.2-cent average reported last month through August was based on preliminary prices and marketings for January through July. Revised numbers for those months are released each year in October to reflect data received after the release of monthly reports and to include follow-up payments to producer members of marketing cooperatives.

For the past three years plugging in the revised figures significantly raised the year-to-date average price in August. For 1989, January-July price changes were of no consequence,

but the cumulative volume increased over 1.1 million bales. That gave additional weight to the early months when prices were down in the fifties and resulted in a slight decrease in the average through August.

Reported sales through September have totaled 7,329 million bales, roughly half the volume PCG thinks may be traded for the year. So, in the final calculation of the year's average price, October-November-December prices are likely to carry about the same weight as do the first nine months.

Under that scenario, a weighted average price of 64 cents for the last three months would yield a year-long average of 60.3 cents and a total per-pound deficiency payment of 13.1 cents. At 65 cents the average price would be 60.8 cents and the deficiency payment 12.6 cents. Each penny of price increase above that level in the final three-month period would bring the deficiency payment rate down another half a cent—to 12.1 cents at 66, 11.6 cents at 67 and on down to 8.6 cents (just above the 8.5-cent advance payment) in the unlikely event the October-November-December average price reached 73 cents.

So what's PCG's best guess? "I wouldn't want to stake my life on it," says PCG Executive Vice President Donald Johnson, "but it looks to us now like the total payment due for the year will be in the area of 11 to 12 cents, give or take half a cent either way."

The 1989 High Plains Boll Weevil Control Program conducted by Plains Cotton Growers,

Inc., Lubbock, was brought to a halt this week after PCG officials inspected cotton fields blackened by the early October 19 freeze. The freeze, which hit as the third application of the season started, killed cotton across the 15-county control area except for a small acreage in Motley County.

The destruction of the boll weevil's food supply and cool temperatures triggered a move toward overwintering habitat. To cut off that movement almost all fields below the Caprock were treated October 19 and 20, reducing to an absolute minimum the number of weevils entering hibernation sites.

The objective of the program is to stop the westward migration of the boll weevil into cotton on the High Plains of Texas and into cotton-growing areas of New Mexico, Arizona and California. This has been achieved for the past 26 years by treating a control or containment area along the Caprock, which rims the eastern edge of the Plains, from late September until the first freeze.

The 1989 operation started in April as pheromone traps were set out to monitor weevil emergence and movement. As the season progressed in July close to a half-a-million acres of cotton were mapped for later monitoring by survey teams. Weevil infestations found by manual survey were plotted to determine the areas to be treated in the control phase of the program.

This year's spray program applied 22,532 gallons of ultra low volume malathion to 240,400 acres in three applications spaced 10 to 14 days apart. This was about one-third the size of the 1988 program but close to an average for the past 10 years.

The applications were made by 10 airplanes contracted from Kimmel Aviation of Greenwood, Mississippi at a cost of \$5.93 per gallon of insecticide sprayed. ULV malathion was obtained from American Cyanamid Company at a contract price per gallon of \$13.42.

The operation is evaluated annually by Dr. James Leser, Extension Entomologist. By monitoring weevil activity near known overwintering habitat in the spring of 1990 Dr. Leser will determine the effectiveness of this season's efforts. Research work into boll weevil winter survival is also being done by Dr. Don Rummel of Texas Agricultural Experiment Station, Lubbock.

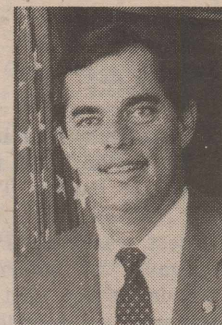

This year sees the retirement of Roy Moritz who has served as program manager since 1983. Moritz, formerly employed by the United States Department of Agriculture, has been involved with boll weevil control in West Texas since 1964. Around 130 other people were employed at one time or another during this season, many of them local farmers and control zone residents.

Cotton growers from all of PCG's 25 counties contribute to the control effort, paying 70 percent of the cost against 20 percent funded by USDA.

PCG officials estimate the total cost of this year's program at approximately \$900,000, a little less than \$4 per treated acre.

Congressman Bill Sarpalius

Reports to the 13th District

CHILD CARE LEGISLATION PASSES

WASHINGTON — No national priority is more important than our children, for their future is that of our entire nation.

Give our children physical and spiritual nourishment, an education and a good home environment, and many problems are eliminated. The roots of poverty, crime and drug abuse can be traced to the poor care many of our children receive.

Nearly all prison inmates are dropouts. In Texas, more than half of our prisoners read only at the sixth-grade level. The vast majority of our 40 million poor children come from families where both parents lack the training needed to maintain long-term jobs. Crack, the newest and deadliest illegal drug, preys primarily on neighborhoods occupied by the poor and uneducated.

Society has changed. More and more, both parents in a family must work to provide a decent living, and our youngest children are being entrusted to child-care professionals. Congress, though, hasn't responded to these changes.

Quality day care costs money. Our poorer families often cannot pay for their children to attend day care centers, and one of two bad things happens. One parent chooses not to work and the family's earning power is diminished, along with the family's chances of improving its economic lot. Or, even worse, young children — sometimes two and three-year-olds — are left unattended.

Congress this year sought to address this problem through the Alternatives for Better Child Care (ABC) bill. The bill provided \$4.5 billion in child-care funding, with funding targeted across-the-board to a variety of child care services. The ABC bill also set national training requirements for child-care workers and minimum national standards for child-care facilities.

It was a step in the right direction, but it wasn't our best possible step. Our colleague and neighbor, Congressman Charles Stenholm of Stamford, offered an alternative we thought better addressed the problem at a more reasonable cost.

The Stenholm alternative eliminated most of the funding for regulatory services and for direct subsidies to middle-income families. Instead, Stenholm wanted to double the ABC bill's funding for Head Start Program, perhaps the single-most important program available to children who live in poverty.

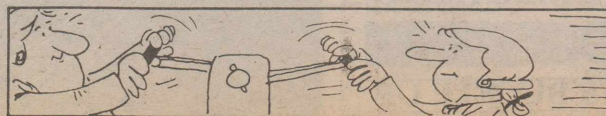

Head Start searches out these children who, often as not, are at risk of having trouble adjusting to school and performing well in the classroom. It gets these children into a structured environment at an early age and prepares them for what they will face in school. It's a program that has proven successful for a quarter of a century, and it merited an increased commitment from the federal government.

Stenholm also maintained the ABC bill's level of funding for Title XX day-care programs. Title XX funds are designed to reduce the cost of day care for the children of poor families, thus giving the families an opportunity to work while knowing their children are receiving adequate care.

In a perfect world, the cost of both bills wouldn't matter, but we are facing the most difficult budget crisis in this nation's history. The Stenholm alternative effectively would have targeted the children who need help most at a 23 percent savings from the ABC bill. In tough budget times, you have to make sure you are getting maximum results for your dollar, and Stenholm's plan did just that.

In the end, the House rejected this alternative by a scant 20 or so votes and decided to stick with the ABC bill. We voted for the Stenholm plan on the floor of the House, and we still believe it was the best plan presented. We are, however, pleased that something has been done about child care. This nation will reap the rewards for generations to come.

If you have any questions about the ABC bill, the Stenholm alternative or any other issue, please write us at 1223 Longworth House Office Building, Washington, D.C. 20515.

Boston established the first paid fire department in the American colonies in 1679. It consisted of a crew of men who operated a hand pump.

Study Club Hears Program By Fern Parker

March of Time Study Club met Thursday, November 2, in the beautiful home of Pauline Turner.

Special guest was Fern Parker, who gave an informal pictorial account of the visit to Norway, Denmark and Germany she made last June. Their son, Britt, is employed in Norway. As the pictures were shown, Jackie Mercer and Luree Burson added interesting comments, since both had visited the area in previous years.

Jewell Lyon conducted the business meeting.

Jackie Mercer gave a brief resume of her recent visit to Mexico.

Delicious refreshments, consisting of spiced apples, cheese crackers, cookies, almond bark pretzels, spiced tea and coffee were served to Luree Burson, Jewell Lyon, Mattye Mayfield, Jackie Mercer, Jessie Mae Watson, Fern Parker, and the hostess, Pauline Turner.

November Caprock Jamboree Is Best Yet

The concensus of most of those attending the Caprock Jamboree Saturday night was "it's the best one yet." There were several new entertainers with varied talents, and an assorted combination of country, bluegrass and gospel groups, saxophone, fiddles, keyboards, guitars, mandolins, drums, harmonica and base fiddles.

The Briscoe County Activities Association was host for the Jamboree and served stew and cobbler. Clifton Stodghill was master of ceremonies for the show.

"Minnie Pearl" was unable to entertain as planned, but she hopes to be able to in December.

The December show will be at the show barn with Quitaque hosts. Mark your calendar now for December 2. You might miss something if you don't attend the Caprock Jamboree!

Coloring Contest Is Coming Soon

A coloring contest for children ten years of age and under will be featured in the Briscoe County News soon.

The holiday season is a very special time of the year and this year, AstroWorld and the Briscoe County News want to make it a fun one for families to enjoy together. When the gates to the Second Annual Holiday in the Park open on November 24, guests will witness the biggest and brightest holiday celebration in Houston. AstroWorld will be transformed into a winter wonderland of twinkling lights, dazzling shows, festive food and activities like ice skating and snow sledding.

Briscoe County News readers can be there, too, by participat-

ing in the "Trim Your Tree Coloring Contest." Children are invited to decorate their tree with the most creative ideas they can come up with.

Prizes for the coloring contest winners will be free tickets to Holiday in the Park at AstroWorld.

Kids! Be planning now to enter this special holiday contest.

IMMUNIZATION CLINIC SET HERE NOVEMBER 16

An immunization clinic offering vaccines that give protection against several childhood diseases will be held in the Silverton Elementary School from 1:00 until 2:30 p.m. on Thursday, November 16.

Protection is against polio, diphtheria, lock jaw (tetanus), whooping cough (pertussis),

measles, rubella and mumps.

The Texas Department of Health is charging money to help with the cost of keeping the clinic open. The amount of money charged will be based on family income and size, and the ability to pay.

Mr. and Mrs. J. D. Nance visited last week in Fort Worth with their grandchildren, Fares and Nanda Lahoud, Michael and Christopher.

The Nances attended Michael and Christopher's School Halloween Carnival on Friday night where Mrs. Nance was the witch in the Haunted House.

Saturday they watched the boys play in soccer games, and on Saturday night they were guests when the boys were awarded gold belts in their Karate class graduation.

Ask Ann Richards

How can I find out if a trade school is legitimate?

Editors Note: State Treasurer Ann W. Richards each week answers questions about personal finance and state government. These questions are compiled from various letters to the State Treasury. Answers are not intended to take the advice of reputable financial advisers or other professional counselors.

If you have a question, write:

*Ask Ann Richards
PO Box 12608
Capitol Station
Austin, Texas 78711*

aid. When choosing a school, ask if it is certified—it must be in order to legally operate. Find out what its placement rate is, who employs its graduates and ask to speak to current and former students.

The Texas Education Agency keeps records of all trade and technical schools in the state. The records are open to the public and are available for review at TEA's main office in Austin. Contact the Division of Proprietary Schools and Veterans' Education at (512) 463-9475 for more information.

Why are voter registration cards stamped "Democrat" or "Republican"? Does this prevent someone from voting in a different party at the next election?

A primary election is held to nominate the candidates of a particular party. The winners of each party's primary then run against each other in the General Election. The winner of the General Election then is the person who takes office.

When a voter goes to the polls for a primary election, the voter registration card is stamped to indicate the card holder has voted in the primary. This is done to prevent people from voting in both parties' primaries.

Should there be a primary runoff, however, a person must vote in the party primary stamped on his or her card. But in the fall general election voters may cast their ballot for the candidate in either party.

I am interested in attending a trade school but am concerned about the news I have been reading about some trade schools being investigated. How can I find out if a school I am interested in is a good one?

All Texas private trade and technical schools must be certified each year, a process through which a school is granted a license to operate in the state.

In order to be certified, a trade or technical school must meet minimum requirements set by the Legislature. These requirements include proof of financial stability and an approved list of courses and curriculum.

Some schools are accredited by private vocational accrediting agencies. However, not all accrediting agencies are accepted by the U.S. Department of Education which is necessary in order for students to receive federal financial

Historians believe that the folding fan was invented in Japan about A.D. 700. The inventor may have made the fan after noticing the way a bat folds its wings.
