## Ty. to Ardmore International Poultry Show.

The writer in company with Wesley Applegate and Herbert Hannsz of this city visited the International Poultry Show and American Poultry Association Convention, which was held at Ardmore, Oklahoma, beginning August 14, and closing August 18. We made the trip in an automobile driven by Mr. Hannsz. We found the roads in fine condition and the pleasure of our trip was marred only by a few flats that autoists experience on all trips more or less. We went by the way of Breckenridge, Mineral Wells and Fort Worth. Mrs. H. G. Hannsz, Herbert's mother, accompanied us to Mineral Wells where she visited a daughter until our return.

We left Haskell Monday morning at 10 a. m. and spent Monday night in the little town of Sanger, getting out of there early the next morning, arriving in Ardmore at 9:30 Tuesday morning.

After locating our rooms we went immediately to the poultry exhibit where we found all available space in every building in Ardmore's large Fair Park filled with poultry from all over the United States, including chickens, turkeys, geese and ducks of all breeds. This was admitted to be one of the best shows ever put on by the American Poultry Association, taking into consideration the time of year and the condition of birds generally at this season. Some of the northern breeders were afraid to ship their birds south for fear of the heat. Those fellows up there have never learned that it is cooler in the south than in the north in summer, because of the cooling breezes which temper the heat at all times in this country. A number of them believe the old legion instead of facts.

After looking through the poultry exhibits we went back to the city and attended the convention of the American Poultry Association, which was held in the large convention hall. There were representatives there from almost every state in the union, British Columbia, Canada, and Cuba. A great number of the largest poultry breeders of the world were there and it was an inspiration to all of us to hear those fellows talk and witness the fact that they had become famous through specializing in the world's greatest industry—the poultry business. In the association with those men and women you could plainly discern that the poultry industry is not a pin hook business as some folks wish to believe.

A new constitution to meet the growing demands of the association was adopted and a new standard of perfection will be on the market in the near future admitting a number of new breeds of poultry into the standard. All the business of the association was attended to in the most careful manner and every detail was so closely discussed until it almost went into wrangling.

The entertainments planned by the city of Ardmore and the surrounding sections of the country were the very best and were enjoyed by the entire body. We attended the barbecue given by the Washita Farm Thursday afternoon which is east of Tishomingo in Johnston county. Tishomingo is the old Chickasaw capital and the capital building, a grey granite structure which was erected by the Chickasaws is now used for the county courthouse. This farm is one of the largest in Oklahoma. In this barbecue 1,000 chickens were barbecued and a number of heaves were laid on the coals and served to about 2,000 people at 6 o'clock with plenty of coffee, tea, onions, pickles and other deserts.

Speeches were made by numbers of the guests, including Governor Henry S. Johnson of Oklahoma City. He is a man of very pleasing personality, a splendid orator and knows more about chickens than we thought a governor of a great state is supposed to know. Also Sidney Sings, nationally known as Oklahoma's comedian, with his accordion, entertained us for a while after Governor Johnson's speech. The citizens of Ardmore volunteered their cars to carry the visitors to the farm and so many responded that no one was crowded in caring for the large number of guests. The writer and Mr. Applegate were carried to this farm by Bob McCord, one of Ardmore's

best known men. He was reared in that section when it was the Indian Territory and no one denies the fact that it was wild and woolly in those days. He was among those who stood for law and order and his life if written up would make a book of many pages full of thrills. Herbert Hannsz found a party of young lady school teachers and he accompanied them to the barbecue and of course that smile that he wore was significant that he was enjoying the occasion. He proved that he was a great lover of "chickens."

This Washita Farm is of such significance that below we give a brief description so that our readers may know what men with money and brains think of the poultry business.

Johnston county, Okla., is the home of the most gigantic agricultural project in Oklahoma, and among the largest farms in the southwest.

Washita Farms, owned by the Chapman estate and managed by Joe Culbertson, an alumnus of Texas A. and M. College, contains 9,000 acres of Washita river bottom land, all of which is in a high state of cultivation.

Washita Farms were established nine years ago and was originally intended to be a large cotton producer, but boll weevils convinced the manager that other crops would have to be substituted, and for the last few years little of the staple has been grown.

Equipment of the farm is of the best, most of the buildings are of concrete, there are 46 well appointed five-room concrete bungalows for tenants and managers of the different departments.

Each of the 46 tenants is encouraged by the manager to raise a living at home, they are provided with a flock of poultry, and well appointed chicken houses have been built for each of the workers. Each of the tenants works under the advice of the manager and their corn crops are sold direct through the management, the tenant receives his share of the proceeds. Corn is not marketed in the ordinary manner, but is fed to hogs and poultry and marketed on the hoof. Each tenant is a partner in the poultry and hog business with the farm and all are making a living, putting a little surplus by each year, and are independent.

Each tenant raises five acres of Irish potatoes, the aggregate number of acres in potatoes reached 550 this season. The farm had in 4500 acres in yellow dent corn with prospects for a yield around a 50 bushel average. Poultry occupies a prominent place on the farm, there are approximately 30,000 white leg-horns scattered about from headquarters through all tenant plots, and the farm will produce about 3,000 head of big bronze turkeys this season. There are two big incubators on the farm, one 12,000 and the other of 10,500 egg capacity, and they are in operation most of the time.

Duroc Jersey hogs also have an important place on the farm and at present there are approximately 1,500 head getting ready for market. The hog house is said to be one of the best in the state and ample house and shade are provided for individuals in various sections of the farm, each tenant farmer raising enough for his home meat. No beef cattle are being fattened this year, this branch being decided by market conditions. Fourteen concrete silos are filled, some with shelled corn that will be fed to hogs and poultry. The farm is one of the show places of southern Oklahoma, the manager is always ready to welcome visitors and show them over the estate, explaining every detail as he goes along.

At noon Friday we decided to come home although there were other entertainments planned for Friday afternoon. They were going to various water falls and places of resort in the nearby mountains where swimming and dancing were a part of the program. This part of the program was barred by limitation for Mr. Applegate and the writer and as we were the majority of our party and Mr. Hannsz consenting to our pleadings the homeward journey was begun about 1 p. m. Friday.

We spent the night in Mineral Wells and arrived home Saturday just before the town clock struck the noon hour.

This was a wonderful trip to all of us. The inspiration, the observation of actual facts in the poultry industry

was worth a great deal. Yes, it's an inspiration to see the world's best fowls and talk to the world's greatest promoters and those who have succeeded.

One thing we observed was that the south is unquestionably going to be in some future time the world's greatest poultry producing country because of climate and natural resources.

I want to see Haskell county make greater steps in the poultry industry this year than ever before. We made this statement to one of our leading bankers and he said: "Stress the growing of more feed", which is a necessary factor in raising poultry so we would ask that we make this year and every year following successful by growing plenty of feed and poultry.

## Entertain With Bridge.

A lovely bridge shower was given Tuesday afternoon at four o'clock when Miss Maurine Shook entertained at her home, honoring a recent bride, Mrs. Rufus Banks, who was Miss Mildred Darnell until her marriage last week.

Five tables were placed for bridge in the living rooms where fowls of flowers added to the color scheme. At the conclusion of the games, little Beverly Gail King arrived with a letter for the honoree. On opening it, she received directions for following the maze of threads which wound through the rooms and after winding many yards of thread, the honoree was led to the head of the stairs where a cedar chest of lovely linen, silver and china gifts were found.

Sherbet, cakes, and nuts were served to Misses Mammie and Edith Jones, Lucy Martin, Iola Taylor, Galen and Ruth Robertson, Eloise Roberts, Christine Ballard, Brucille Bryant, Johnnye Morgan, Marjorie and Martha Lou Rogers.

Maidee Watson, Mary Emma Whiteker, Sybil Bounds of Stamford, Mary Couch, Katherine Rike, Ruby Martin, Mrs. Berle McKee and Mrs. Rufus Banks.

J. M. Glass of east of town was in the city Saturday and stated that he expected to make the trip back to Ellis county, his old home, this week. He had only one provocation, and that was a big rain might keep him from starting. So the big rain has not showed up and we are sure that Mr. Glass and his family are on the road to visit his old friends around Ennis.

Earnest Wright, who is attending school at A. C. C. Abilene, came home with his father, J. L. Wright, who was in Abilene Saturday. Elder Holcomb and Elder Paul Southern came with them and Elder Holcomb preached at the Church of Christ here Sunday.

Misses Geneva and Mildred Williams of Abilene were last week end guests of Haskell friends.

## Misses Shook and Morgan Entertain With Bridge.

Misses Ruby Martin and Johnnye Morgan entertained with seven tables of bridge honoring the Koed Kard Klub and their guests, on Wednesday August 18 at the home of Miss Martin.

The entertaining rooms were decorated with roses, zinnias, and tuberoses, placed in baskets and bowls, carrying out a green color scheme. Green computes filled with colored candies centered each table. Between games, punch was served from a flower-banked bowl in the dining room.

After several hours of playing, the hostesses assisted by Miss Marie Mills, served strawberry parfait, sandwiches and olives with fancy head dresses as favors.

The guests were Misses Iola Taylor, Maurine Shook, Mary Couch, Earline Mask, Galen and Ruth Robertson, Brucille Bryant, Katherine Rike, Lelta Robertson of Clyde, Mammie Jones, Messrs. George Henshaw, Robert Whitman, Ernest Kimbrough, Marvin Vaughn, Henry Wilson, Virgil Reynolds, L. D. Ratliff Jr., Thomas Murchison, Glenn Mays, Joe Guest, Elmore Smith, Milton Simmons, and Mrs. Roy Killingsworth, Mrs. Berle McKee, and Mr. and Mrs. Rufus Banks.

Tom Tucker of Wichita Falls was in the city Monday getting ready for the Old Settlers Reunion which will soon be pulled off. He is one of the oldest settlers of Haskell county, and we are informed that he came here with his parents at the age of four months.

Jack Sills and family of this city returned Tuesday from a 10-day vacation spent in New Mexico and Colorado and even a short visit to Old Mexico. Mr. Sills reports a good time on the entire trip.

Mr. A. E. McIver of this city had as his guests the past week, his son Earlie McIver, whom he had not seen in 14 years, Archie McIver and Walter McIver, relatives and John Youcum, all of Hope, Arkansas. They made this office a pleasant call. Our Mr. McIver reports that they sure did like our city and country and had a good time while here.

Misses Fay and Nancy Flo Grissom of Abilene spent last week with their grand-parents, Mr. and Mrs. C. D. Grissom and on Sunday Mr. and Mrs. Earnest Grissom drove over and spent the day and took them home in the late afternoon.

Will Harrell and family recently returned from an extended trip to Arkansas. He reports crops good and lots of vegetables and that they had everything to eat in that country that heart could wish. Will looked like he had gained several pounds while he was away on that good Arkansas feed. But he is satisfied to live in Texas for a while yet.

John Williams, brother of Uncle Whitt Williams of the Whitt Chapel community returned from an extended trip to Kansas where he says that they had so much rain that he came back to Texas to get his socks dry.

Mr. and Mrs. A. S. Bristow of the Foster community were in the city last week and they report a fine crop. They also report a visit from their son, Leonard Meredith and his wife and baby who live at Weimar, Texas. They left for home early last week.

G. A. McKinster of Weimer made us a very pleasant call last week. He stated that things were getting along nicely on the farm in that section. He is an ex-poultry dealer and says that he might get into the poultry business again this fall and handle some turkeys.

Mrs. Blanche Hallmark of Erick, Oklahoma, visited her parents last week, Mr. and Mrs. Bruce Cliff.

W. J. Jeter, one of Center Point's leading farmers said while in the city one day last week that he had feed of all ages and he expected to make some feed if we had some showers during the summer and early fall months.

W. F. Henderson and O. A. Riddle of Munday made this office a pleasant call one day last week. We were very glad to have them call and welcome them back again.

Mrs. Willie Baccus and Little W. H. Jr. of Red Springs are visitors in the home of her parents, Mr. and Mrs. I. A. Lee of this place.

# Worm Poison

## IN STORAGE AT HASKELL

Reports from different parts of the county, telling of great numbers of millers in the fields, indicate that the next hatching of worms will be in greater numbers than exist at the present time. Also that we may expect the leaf worm soon.

We urge you to buy poison now, that you may have it on hand when you need it.

### Would You Know One If You Saw It?

If you ever came face to face with a germ, would you recognize it? Of course it is not likely that you ever will see a germ, unless you own a tremendously powerful microscope, for you would have to magnify one over a thousand times to make it as big as a pin head. But you should recognize the fact that these tiny germs can get into your blood streams through the smallest cut, and give you typhoid fever, tuberculosis, lockjaw, blood poisoning, and many more dangerous and perhaps fatal diseases. There is one sure safeguard against these dangers— washing every cut, no matter how small, thoroughly with Liquid Borozone, the safe antiseptic. You can get Liquid Borozone at Reid's Drug Store or Payne Drug Co.

### Citation by Publication.

**THE STATE OF TEXAS.**  
To the Sheriff or any Constable of Haskell County—Greeting:  
You Are Hereby Commanded, that you summon, by making publication of this Citation in some newspaper published in the County of Haskell, once in each week for four consecutive weeks previous to the return day hereof, Homer Whigham, whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be held in the County of Haskell at the Court House thereof, in Haskell, on the 24th day of September, 1928, then and there to answer a Petition filed in said Court on the 15th day of August, A. D. 1928, in a suit numbered on the docket of said Court No. 3638, wherein Marie Whigham is plaintiff and Homer Whigham is defendant.

The nature of plaintiff's demand being as follows, to-wit: Plaintiff sued defendant for divorce on account of cruel and outrageous treatment, alleging that they were married on April 28, 1927, and that defendant is a man of violent passions and ungovernable temper; and that during the time she lived with defendant as his wife, he addressed to her the vilest and most opprobrious epithets and threats of personal violence, and that on June 18, 1927, the defendant cursed and abused plaintiff, calling her a low down strumpet, and struck her a severe blow in the face with his fist, and on another occasion, on June 20, 1927, he falsely accused her of infidelity and of undue familiarity with another man, whose name was and is unknown to plaintiff; and that such conduct towards plaintiff was of such a nature as to render their any longer living together unbearable and insupportable, and that she was forced and compelled thereby to abandon defendant and return to her maternal roof, and that defendant has since contributed nothing to her support and maintenance. Plaintiff prays for a divorce, and general and equitable relief.

Herein Fail Not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Haskell, this 15th day of August, A. D. 1928.

(Seal) Estelle Tennesson Lee, Clerk District Court Haskell County, Texas.

to indigent and disabled soldiers, who, under special laws of the State of Texas, during the war between the States, served in organizations for the protection of the frontier against Indian raids or Mexican marauders, and to indigent and disabled soldiers of the militia who were in active service during the war between the States, and to the widows of such soldiers who are in indigent circumstances and who are or may be eligible to receive aid under such regulations and limitations as may be deemed by the Legislature as expedient; and also grant for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy, under such regulations and limitations as may be provided for by law; provided the Legislature may provide for husband and wife to remain together in the home. There is hereby levied in addition to all other taxes heretofore levied by the Constitution of Texas, a State ad valorem tax on property of seven (5.07) cents on the one hundred (\$100) dollar valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in land armies, navies, organizations of militia; provided that the Legislature may reduce the tax rate hereon, and provided further, that the provisions of this section shall not be construed so as to prevent the grant of aid in cases of public calamity.

### Proposed Constitutional Amendment Providing for a State Board of Education and Relating to Terms of School Officers.

(H. J. R. No. 14)  
Proposing an amendment Article 7 of the Constitution of the State of Texas by adding thereto Section 16, providing that the term of all officers of the public free school system, including State institutions of higher education, may be fixed not to exceed six years, proposing to amend Section 8 of Article 7 of said Constitution, authorizing the appointment or election of a State Board of Education to serve for a term not exceeding six years; requiring said amendments to be submitted to the people for adoption and making appropriations therefor.

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Section 16 as follows:  
"The Legislature shall fix by law the terms of all officers of the public school system and of the State institutions of higher education, inclusive, and the terms of members of the respective boards, not to exceed six years."  
Section 2. That Section 8 of Article 7 of the Constitution be amended so as to hereafter read as follows:  
"The Legislature shall provide by law for a State Board of Education, whose members shall be appointed or elected in such manner and by such authority and shall serve for such terms as the Legislature shall prescribe not to exceed six years. The said board shall perform such duties as may be prescribed by law."  
Section 3. The foregoing constitutional amendments shall be submitted to a vote of the qualified electors of this State, at an election to be held on the first Tuesday after the first Monday in November, A. D. 1928, at which all ballots shall have printed thereon the following:  
(1) "For the amendment to Article 7, adding Section 16, providing that school officers, including boards of institutions of higher education, shall serve for a term not exceeding six years."  
(2) "Against the amendment to Article 7, adding Section 16, providing that school officers, including boards of institutions of higher education, shall serve for a term not exceeding six years."  
(3) "For the amendment to Section 8 of Article 7 of the Constitution, providing for the appointment of a State Board of Education."  
Each voter shall scratch out one of the above listed clauses on the ballot, leaving the one expressing his vote on the proposed amendment to which it relates.  
Section 4. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election to determine whether or not the proposed constitutional amendments set forth herein shall be adopted, and to have the same published as required by the Constitution and laws of this State. And the sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election.  
Approved by Governor March 25, 1927.

PRICE! ... that a hearing will ... be held by and before the ... of the City of Haskell, ... on the 8th day of September, ... at 7:30 o'clock P. M., in the ... City Hall, in the ... Texas, to all owners of ... property abutting upon ... described portions of ... STREET, and which said ... be held, as aforesaid, ... of the City Council ... adopted the 10th day of ... of such ordinance being ... of this Notice, and such ... in words and figures as ...

with a description of the property of each respective owner, and provided that said owners, their agents and attorneys, and any person or persons interested in the then proposed improvements, had the right to appear before the City Council at the time and place in such ordinance mentioned, to-wit, on the 8th day of March, 1928, at 7:30 o'clock P. M., in the Council Room, at the City Hall, in said City, and be heard in any manner concerning the said improvements, or said assessments, or the benefits thereof to their said property, or to any other matter or thing in connection therewith, or to contest said assessments; and, WHEREAS, due and sufficient notice of such hearing was issued and given in the time and manner prescribed by statute, and in all respects in conformity with the statute; and, WHEREAS, after such hearing had been had and completed in respect to the above described portions of said streets, it was considered necessary and advisable by this Council to change or amend the aforesaid contract with respect only to the improvements on a portion of Unit or District Number 2, hereinabove described, such portions of said Unit or District affected by such change, being described as follows, to-wit: HOUSTON STREET, from the north line of Crockett Street to the south line of Bradford Street, to be paved approximately thirty-five (35) feet wide. HOUSTON STREET, from the north line of Walton Street to the north line of Crockett Street, to be paved approximately thirty-five (35) feet wide. AND WHEREAS, it was contemplated and provided in such amendment to the aforesaid contract, that that portion of HOUSTON STREET, to-wit, from the north line of Crockett Street to the south line of Bradford Street, would be improved by raising, grading and filling, and installing concrete curbs and gutters, and paving with two and one-half inch vertical fibre brick on four inch concrete base, together with all incidentals and appurtenances, and that that portion of HOUSTON STREET, to-wit, from the north line of Walton Street to the north line of Crockett Street would be improved by raising, grading and filling, and installing concrete curbs and gutters, and paving with two and one-half inch vertical fibre brick on five inch concrete base, together with all incidentals and appurtenances; and, WHEREAS, the said change in the aforesaid contract with respect to each of the above described portions of said street, were made by and with the consent of the Contractor, Tibbetts Construction Company, and by and with the approval of the owners of the abutting property on said portions of said street; and, WHEREAS, the said Contractor has completed the pavement and improvement of said portions of said street, and this Council, upon due investigation and inspection, has found and determined that such paving and improvement has been constructed and completed in strict conformity with the change made in said contract, as aforesaid; and, WHEREAS, it now appearing to this Council that the owners of property on the portions of said street affected by the change in said contract have not been given legal notice of such change, and have not been given an opportunity to contend for or contest such change at a public hearing, as required by law; and, WHEREAS, it further appearing to this Council that no assessments have been levied against the owners of property on said portions of said street, and their property; and, WHEREAS, pursuant to the change made in such contract, as aforesaid, the Engineer of the City submitted to this Council new estimates of the cost of paving and improving said portions of said street in conformity with the change in such contract, as aforesaid, and which estimates of cost have been heretofore approved by this Council; therefore, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HASKELL, TEXAS: I. That the report or statement of the City Engineer, filed with the City Council describing the abutting property and giving the names of property owners and number of front feet, and the cost of improvement chargeable against each abutting property, and its owners, on HOUSTON STREET, from the north line of Crockett Street to the south line of Bradford Street, and from the north line of Walton Street to the north line of Crockett Street, is hereby approved, ratified, validated, confirmed and adopted.

II. That the estimates of cost of paving and otherwise improving the portions of HOUSTON STREET, described in Section I, of this ordinance, heretofore made by the City Engineer and filed with the City Secretary, having been examined by this Council, are hereby confirmed, ratified, validated and approved. III. That the City Council of the said City of Haskell, Texas, does hereby determine to assess against the abutting property, and the owners thereof, one-third of the total cost of all of such improvements, excluding the cost of engineering, and excluding the cost of curbs and gutters and storm sewers, and which said assessment is made under authority of, and in accordance with, the provisions of Chapter 106, of the General Laws passed by the Fortieth Legislature, at its First Called Session, in 1927, and under authority of the ordinances of the City of Haskell, Texas. IV. That such assessments shall be made after notice to such property owners and all interested persons, and after the hearing herein mentioned, and that the said portion of the said cost of improvements to be assessed against any of such property owners and their property, shall be in accordance with the front foot plan or rule; provided, that after such hearing, if in the opinion of this Council, in particular cases, the application of this rule would result in injustice or inequality, this Council shall then apportion and assess said costs in such proportion as it may deem just and equitable, having in view the special benefit in enhanced value to be received by such parcels of property and owners thereof, the equities of such owners, and the adjustment of such apportionment so as to produce a substantial equality of benefits received and burdens imposed upon them by such assessment, and in no event shall any assessment be made on any owner or his property in excess of the enhanced value of such property by reason of such improvement. V. That the proportionate cost of such improvements which is contemplated to be assessed against such owners and their properties, shall become due and payable as follows: One-sixth cash thirty (30) days after the completion of said improvements in front of said premises and their acceptance by the City of Haskell, Texas; the balance of said total sum shall be paid in five (5) equal installments, the first installment to be paid one (1) year after said date of completion and acceptance; the second installment to be paid two (2) years after said date of completion and acceptance; the third installment to be paid three (3) years after said date of completion and acceptance; the fourth installment to be paid four (4) years after the said date of completion and acceptance; and the fifth and last installment to be paid five (5) years after the said date of completion and acceptance, together with interest from said date at the rate of Six Per Cent (6%) per annum, payable annually, and all costs of collection in case of default, if incurred; provided, that any owner shall have the right to pay any installment at any time before maturity by paying principal and interest accrued to date of payment; and provided, further, that if default be made in the payment of any installment promptly as the same matures, then the entire assessment upon which such default is made, shall at the option of the Contractor constructing such improvements, or his assigns, be and become immediately due and payable. The fact that any improvement is omitted in front of exempt property shall not invalidate the liens of assessment made against other property not so exempt. VI. That the total proportionate part of such improvements which is contemplated to be assessed against such owners, and their respective property, and a description of the portions of the street to be improved, the names of the owners of property abutting upon said street, aforesaid, the properties to be improved and the description of that property, the estimated amounts or amount per front foot proposed to be assessed against the owner or owners of such property, the estimated total cost of the property owners' part of said improvements, the estimated total cost of the City's part of improvements, and the grand total thereof, are herein set forth as follows:

Assessed Rate per Front Foot. Total Amount of Property Owner's Part. Total Amount of City's Part. Total Amount of District No. 2A. ENGINEER'S ROLL OR STATEMENT District No. 2B. Houston Street from the North line of Bradford Street, known and designated as District or Unit No. 2B to be paved approximately 35 feet wide. OWNER: Chas. M. Conner, J. P. Payne, L. A. Atchison, J. W. Martin. Assessed Rate per Front Foot: S 1/2 of 5 & 6, N 1/2 of 5 & 6, E 80 ft. of 1 & 2. Description of Property, Lot, Blk., Feet, Total Assessment. BE IT FURTHER ORDAINED BY THE CITY COUNCIL OF THE CITY OF HASKELL, TEXAS: That there is hereby established, created and defined two paving units or districts, to be hereafter known and designated as follows, to-wit: Unit or District Number 2A, HOUSTON STREET, from the north line of Walton Street to the north line of Crockett Street; and, Unit or District Number 2B, HOUSTON STREET, from the north line of Crockett Street to the south line of Bradford Street; it being the intent hereof to change Unit or District Number 2, described in the aforesaid ordinance of January, 1928, into two units or districts. That Unit or District Number 2A and Unit or District Number 2B, hereinabove described, shall each be and constitute an entirely and wholly separate and independent unit of improvement. The assessments herein provided for in said Unit or District Number 2B shall be made in accordance with the prices of the improvements in that particular unit or district, and in accordance with benefits accruing to the property by reason of said improvement in that particular unit or district wholly and entirely independent of the cost, and of the benefits, accruing by reason of the improvements in the other unit or district, and the same rule shall govern assessment in Unit or District Number Two A (2A).

BE IT FURTHER ORDAINED BY THE CITY COUNCIL OF THE CITY OF HASKELL, TEXAS: That all ordinances and resolutions heretofore adopted and passed by this Council that may in any wise conflict with this ordinance, shall be, and the same are hereby repealed, insofar as they conflict with this ordinance. X. BE IT FURTHER ORDAINED BY THE CITY COUNCIL OF THE CITY OF HASKELL, TEXAS: That the fact that the Contractor has completed the portions of the streets hereinabove named, and that an early adjudication of the rights of the owners of property on said street is necessary by reason of the change made in the aforesaid contract, creates an emergency and an imperative public necessity for the preservation of the public peace, public benefit and public property, and which requires that the rule requiring that ordinances be read at three separate meetings of this Council before final adoption, be suspended, and such rule is hereby suspended, and that this ordinance be in force and effect from and after its passage and adoption. PASSED AND APPROVED, this 10th day of August, 1928. T. C. CAHILL, Mayor, City of Haskell, Texas. Attest: Marvin H. Post, City Secretary. The above ordinance having been read in full, the motion of Alderman Southern for its passage was duly seconded by Alderman Post. Thereupon the Mayor put the motion to a vote of the members of the City Council, and the motion carried by the following vote: Southern, Payne, Fields, and Post voting "AYE"; and none voting "NO". Alderman Post made a motion to suspend the rule providing for ordi-

nances to be read at more than one meeting, and which motion was seconded by Alderman Southern. Thereupon, the Mayor put the motion for suspension of the rules to a vote of the members of the City Council, and the motion carried by the following vote: Southern, Payne, Fields and Post voting "AYE"; and none voting "NO". Thereupon, the ordinance was read the second time by caption, and a motion made by Alderman Fields, and seconded by Alderman Post, that the ordinance be finally passed and adopted, and which motion prevailed by the following vote: Southern, Payne, Fields and Post voting "AYE"; and none voting "NO". The Mayor declared the motion carried and the ordinance duly passed and adopted. MINUTES APPROVED, this 10th day of August, 1928. T. C. CAHILL, Mayor, City of Haskell, Texas. (City Seal) Marvin H. Post, City Secretary. OF ALL SAID MATTERS AND THINGS, all owning or claiming any such property, or any interest therein, as well as all others in anywise interested or affected, WILL TAKE NOTICE. THIS NOTICE issued and given pursuant to authority conferred by statute and the aforesaid ordinance, this 10th day of August, 1928. MARVIN H. POST, (Seal) City Secretary, City of Haskell, Texas.

DEFECTIVE CHILDREN According to a report compiled from a survey of 10 million American school children, it appears that about 75 per cent have more or less serious physical defects. The greatest number have defective teeth, this condition being found in more than 60 per cent of all those examined. Nearly 25 per cent defective eyesight. From 10 to 20 per cent are afflicted with fallen arches, a smaller number suffer from deafness, heart trouble and tuberculosis, while nearly 15 per cent are undernourished. Measures for the correction of these defects are being taken in an increasing number of states and local communities, but a tremendous amount of work and education is still necessary in order to bring parents to realize the necessity for giving such matters serious attention. Children have a right to a fair chance in the world, which is impossible under the handicap of a poor physical condition to begin with. Every parent should take this fact to heart and do his utmost to promote the health of his offspring. Rev. Bob Wilson together with his wife, baby and brother Jeff Wilson and family from Milford, Texas, visited H. F. Rousseau and family of the Ballew community, Thursday of last week. Mr. and Mrs. Jim Fouts and family of this city drove to Brownwood last week to visit Mrs. Fouts relatives.

**ATTENTION VOTERS**

When announcing for County Judge, it was my intention to make a thorough canvass to see all the voters of the county, but early in the campaign, I got into an auto accident, which dislocated my shoulder, and prevented me from driving my car.

On April 16th, Mrs. Kinnard fell down the church steps, and seriously injured her knee. Which accident confined her to room and bed for ten weeks, and she is only now just able to discontinue the use of crutches; and I felt it to be my duty to remain by her

side, and nurse her back to health and strength which caused me to neglect my appointments, and the impression got out that I was getting to old and feeble for the county judgeship; when it was on account of my wife's condition that I was unable to get out more. I hope that all those voters whom I have thus been unable to see in person will take this for a personal solicitation, and give me the benefit of your vote and hearty support. I am only 67 years old, and full of health and vigor in both mind and body, with the promise of ten or fifteen years of active life and work before me, and if elected I shall endeavor to conduct the county's affairs in the future as in the past in an economical, progressive, business-like manner with honor to myself and credit to the county. Thanking you one and all for your hearty support, and hoping for a continuance of the same, I beg to remain,

Yours truly,  
Jas. P. Kinnard

**GIVES RECIPES FOR CANNING VEGETABLES**

Following are recipes for canning vegetables that have proved most successful and easiest to prepare:

**Canned Black-Eyed Peas**

Snap and shell the peas and wash thoroughly. Care should be taken to get all the worm holes and bad places out before packing.

Blanch in boiling soda water (2 tablespoons soda to 12 gallon of water) for 5 to 7 minutes, then dip in a cold salt bath for 3 to 5 minutes (2 tablespoons salt to gallon of water.)

Pack in jars, put 1 teaspoon salt to quart of peas to season, fill jar to top with boiling water and seal partially. Process in cooker for 40 minutes at less than 10 pounds pressure. Let the cooker get cold before opening to prevent drawing liquid from jars, then finish sealing.

If the pressure cooker is not used, place jars in a boiler on a rack, cover with water and boil three hours, remove from water bath and finish sealing.

Another method is to boil for 1 hour for three days, leaving the jars covered in the water bath until after the last cooking. Then remove from water bath while hot and finish sealing.

**Canned Corn**

Corn may be canned on cob but time and space is saved by cutting it off.

Select corn of uniform size and proper ripeness. Remove husks and silk. Blanch in boiling water for 5 minutes. Remove from water and cut from cob, using a sharp knife and cutting as close to cob as possible. Pack quickly into clean, sterile jars, not too tightly as corn swells during canning process. Add 1 level teaspoon salt to each quart, cover with boiling water. Party seal and process in hot water bath for three hours (as for peas) or in pressure cooker for 1 hour, at 10 pounds pressure. If corn on cob is desired follow the same procedure.

**Canned Beets**

Beets should be canned before they grow too large. Small beets should be canned whole. Leave on 1 1/2 inch of stem and all of the root while blanching to prevent loss of color.

Wash and blanch (boil) for 10 to 15 minutes until skins loosen then cold dip. Slip skins. Pack into clean jars, add 1 teaspoon salt to each quart, partly seal and process in hot water bath for 1 1/2 hours or for 40 minutes at 10 pounds pressure in cooker. Remove and seal immediately.

**Pickled Beets**

Cook small beets until tender; cold-dip and slip skins. Cover with spiced vinegar and simmer for 15 minutes. Seal in clean jars.

**Cucumber Pickles (Uncooked)**

Wash and dry small cucumbers. Pack closely into clean jars and to each quart add:

- 1 tablespoon crushed rock salt.
  - 2 tablespoons sugar.
  - 1 tablespoon mixed spices.
- Fill jar with cold vinegar. Seal jars and store in a cool place. Three or

four slices of white onion may be added to each jar for flavor, if desired.

**Canned Squash**

Wash thoroughly and cut into small pieces. If tender do not peel. Cook until tender. Mash, drain off water and pack into clean jars. Add no water. Partly seal and process in hot water bath for 3 hours or in pressure cooker for 1 hour. Seal.

**Bell Peppers**

Can the sweet bell pepper with the skin on. Remove seed pod and blanch in boiling water for three minutes. Pack tightly into jars, add 1 teaspoon salt to each quart, fill with boiling water and process for 45 minutes in hot water bath or for 30 minutes at 10 pounds pressure in cooker.

**Canned Tomatoes**

Select tomatoes of uniform shape size and color.

Blanch (scald) until the skins crack, cold dip and remove skins and cores. Pack whole into clean jars. Add teaspoon salt to each quart, fill with boiling water. Partly seal and process in hot water bath for 30 minutes or at 5 pounds pressure for 15 minutes. Seal.

**Canned Okra**

Use young and tender pods of uniform size, wash, remove cap without cutting into pod and blanch in boiling water for 3 minutes, cold dip in a cold salt bath, (using 1 teaspoon salt to 1 quart of water). Pack into clean jars, fill with hot water and partly seal. Process in hot water bath for 1 1/2 hours or in a steam pressure cooker for 30 minutes at 10 pounds. Seal.

**STRAYED**—From Mart McCrary's pasture 15 miles south east of Haskell on Paint Creek, two dusty black horses about 15 hands high ages 8 and 14. They show signs of work. One bay mare about 15 hands high, heavy set, she is one eyed, ball of eye is not burst. Notify L. C. Philips, Stamford, Texas, Route 1 or phone at McConnell.

Rev. B. P. Harrison, wife and baby of Sayre, Okla., are here this week visiting with the family of Rev. and Mrs. J. C. Parks of this city.

**BRUSHY BAPTIST CHURCH HOLDS GREAT REVIVAL**

On last Sunday afternoon August 12, the Brushy Baptist Church closed a very successful meeting. The preaching was done by the pastor, Bro. J. A. Kinser, and he did some sure-enough, soul-stirring, heart-searching, sin-condemning preaching.

The meeting was carried on 2 weeks, with each service growing better. If a pastor ever put his very life's blood into his work, this pastor did.

The visible results were a revived church membership, 24 additions, 17 by baptism, 23 conversions, with many reclamations.

Eternity alone will reveal all the good accomplished through these services.

The last service was held at the water's edge after which the seventeen candidates were buried with Christ in baptism.

Bro. Tidwell very faithfully conducted the singing.

Bro. Kinser went from here to Pinkerton where he is now in a revival. May God richly bless his efforts there. Is the prayer of the Brushy Baptist Church.—Contributed.

**Free Sisters Return From Teaching Music School at Bomarton**

Misses Mae and Faye Free returned Sunday from Bomarton where they have been engaged in teaching a two week's music school. They directed the song services for the Bomarton Baptist revival and after the meeting they were retained for the two weeks to teach the choir in gospel singing. They report a splendid school and much results realized from better singing.

W. M. Free, Wesley Applegate and Herbert Hannsz returned from Ardmore Okla. Saturday where they attended the International Poultry Show and the American Poultry Association Convention. They report a good time and one of the best shows the south has ever known. A story of the trip will be found in the column of telling the world.

M. O. Field and family of Plainview passed through the city and spent two days with his son Minard Field of this city.

**McDonald-Loughlin**

Leonard McDonald, son of Mr. and Mrs. E. B. McDonald of the Weaver community returned this week with his bride, Miss Willie Pearl Loughlin of Archer City. The wedding took place in Archer City last Friday August 17. The friends of the happy young couple wish for them much joy through the years of their wedded life.

Miss Ola Perry of Washburn is spending her vacation with her parents, Mr. and Mrs. Mike Perry.

Born to Mr. and Mrs. W. J. John Thursday August 16, weighed nine pounds. The young boy born on his grandfather's birthday.

**To the Voters of Haskell County**

We solicit your support for Judge Burette W. Patterson, run off primary to be held on the 24th day of August for the Associate Justice of the Court of Civil Appeals for this district. The two candidates in the race for this position both in Eastland County. In the First Primary Judge Patterson of Eastland County by a vote of 3994 against his opponent of 2000. We are supporting Judge Patterson because he is fully qualified for the position, and for the further reason this his neighbors friends in Eastland County spoke in unmistakable terms on the day of July by giving him a majority over his opponent of 1600 votes in Eastland County.

The following is the vote by precincts for Eastland County Patterson Funderburk

**SERVANTS AT YOUR CALL**

**W**EALTH among the ancients was reckoned by the number of servants in the home. In the yesteryear of modern time one servant in a family was considered a luxury.

To-day every family—poor or rich may have as many servants at their command as needed, and all this at a cost of but a fraction of the family budget.

The modern servant is electrical. It is always ready to do your bidding—never tiring never complaining and no afternoons off.

Household drudgery is now a thing of the past. Wonderful electrical devices make housework a pleasure and milady gains many hours of pleasure and social duties.

Farming and ranching are now done scientifically. The lazy and costly farm or ranch hand has passed into history.

In spite of its constantly increasing usefulness and availability the cost of this service has steadily decreased, while all other costs have increased.

Are you enjoying the full time usefulness of these servants? One of the distinctive privileges of this company is the opportunity to explain to you without cost just how you can use these modern electrical appliances.

**THOSE WHO COULD BEST AFFORD TO BE CARELESS SELDOM ARE**

If carelessness about lubrication were merely a matter of wasted money there are plenty of well-to-do people who would never give the matter a second thought.

But to have a car's performance on the road spoiled! That's another story, and a sad one. Swift, comfortable, silent transportation; that is what you expect from your car today, and that is precisely the condition that Texaco Motor Oil facilitates to the maximum.

But the big point, after all, that one gains at the sign of the Texaco Red Star and Green T is — *absolute certitude of clean, clear, golden motor oil of the right grade, Texaco.*

The Texas Company's refinery engineers for years sought to find methods which would remove everything from motor oil that was not lubricant.

When this super-refining was perfected the resulting oil was of a pure golden color. To have made a motor oil of real body so pure was a real triumph. The results you see and experience today every time you are supplied with golden Texaco Motor Oil.

**Questions:**  
How many miles without carbon?

It all depends on the oil you use. If you use "anywhere" and "just oil" you can have carbon removed every month. With golden Texaco Motor Oil you will drive thousands of miles with a "clean" engine.

Texaco Motor Oil is clean and provably pure.

NEWS OF THE WEEK FROM THE BUNKER HILL SECTION

Sunday School and B. Y. P. U. services were well attended Sunday. The late rains have helped the looks of the crops. Nature Thought of Everything

Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. Thus if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they have contracted worms. Then if we are wise, we buy a bottle of White's Cream Vermifuge and safely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermifuge costs only 35c a bottle and can be bought from Reid's Drug Store or Payne Drug Co.

HAPPENINGS OF THE WEEK IN THE JUD COMMUNITY

The revival meeting closed Sunday night. Rev. Suttles of Levelland conducted the services and he delivered a wonderful message in each sermon. Mrs. L. M. Ivey's mother of Hill county is visiting her.

**Bridge Luncheon Honoring Out of Town Guests.**  
A lovely bridge luncheon was the courtesy tendered three out of town matrons: Mesdames Richard Sherrill of Pittsburg, Pa., Jack Cunningham of San Antonio and J. A. Broadus of Tyler last Saturday morning by Mrs. Tom Davis and Miss Lois Earnest in the home of the latter. High score was won by Miss Agnes Cox and she was given lingerie, and low score was counted to Mrs. J. A. Broadus and she was awarded a smoking set of individual ash trays. Favors were candy bridge cards and the tally cards were miniature fans. Rose buds and zennias were used in decoration. A delicious three course luncheon composed of iced melon, chicken a la king in patties, perfection salad, stuffed celery, hot rolls and iced tea; fresh peach sherbert and angel food cake. Guests were the honorees Mesdames Richard Sherrill, Pittsburg, Pa., Jack Cunningham, San Antonio, Joe A. **Lawn Party for Presbyterian Young People.**  
In a recent contest for members between the reds and the greens in the Young People's Society of the Presbyterian Church, the reds won and that meant that the greens would have to furnish the entertainment. So the greens entertained with a lawn party on the church lawn last Thursday night at eight o'clock. Out of door games were enjoyed for a while and then the greens challenged the reds to a ball game and they won the game. There were some seventy-five present. Rev. and Mrs. M. L. Baker and Mrs. Paul Frierson were with the young people.

**Abilene Guest Honoree at Slumber Party.**

**THE DUNNING SYSTEM of IMPROVED MUSIC STUDY**

The merits of this system has followed Mrs. Dunning across the continent from New York to Los Angeles, her new home.

The following testimony from the President of Franklin College, Dresden, Germany, will show how her methods are appreciated in Europe.

Franklin College, Dresden, Germany.

Dear Mrs. Dunning:

I would like to thank you very warmly for having given me the opportunity of learning something of your system for imparting musical instruction to the young. I have never listened to anything simpler or more luminous. The ideas incorporated in your system recalled, not the work of any one man, but the work of teacher after teacher, in subject after subject, out of my own past. It is as though you had caught what might be called the genius, the characteristic best in the world of many teachers, and have made it your very own. You have not despised the old; it is all there, and yet it is all new. Your method of teaching time, the manner by which you make the pupils appreciate it, your method of acquiring concentration, are that of making famous musicians their work and their lives, household words in the mouths of the mothers of the future, and taking them all in all, the best of which I have any knowledge. Such a system needs neither to be advertised by prodigies nor their work. It will appeal to all who have any pity for the heavily burdened children of our day, but yet desire to see those children well informed and accurate in all they say and do. For, after all, the best thing that can be said for your system is that it is in fact a training for life—many-sided life—through music.

I trust your work will become widely known; it is all that is necessary to secure its success.

Yours very truly,  
JOHN F. LOGIE  
President of Franklin College, Dresden, Germany.
