**NEVER FELT BETTER
 IN MY LIFE, HE SAYS**

**Wichita Man Says Didn't Feel Like
 Working But Orgatone Gives Him
 Strength and Energy.**

"I honestly never felt better in my life," said Marvin McLendon, of 311 Lee Street, Wichita Falls, Texas. Mr. McLendon is employed at the Albright Transfer Co.

"I've had stomach trouble for some time," he continued, "and always felt tired and worn out and no-account and never felt like doing my work. Sometimes when I had to make a long run, driving a truck, I would feel so bad, it would nearly kill me and I couldn't hardly make it. I didn't have any appetite and what food I ate didn't digest and I was awfully constipated. I was quite nervous and restless and never got a good night's sleep.

"I saw where Orgatone was advertised so highly for just such troubles as mine and began taking it. I haven't taken one bottle and certainly feel like a different person. I am also taking the iron for my blood and it, too, is helping me. I eat anything I want now and it doesn't bother me at all. I'm not nervous and sleep fine every night. My constipation has been relieved, and in fact, I feel better and stronger in every way. Now, I can make a long drive and it doesn't even make me tired out as it used to. I am glad to recommend Orgatone for I know it is a good medicine."

Genuine Orgatone may be obtained in Haskell at the Oates Drug Store.—Adv.

**Coming To
 ABILENE**

Dr. Mellenthin
 Special Attention
 to
 Internal Medicine
DOES NOT OPERATE

Will be at Grace Hotel on Tuesday, April 8, from 10 a. m. to 4 p. m.

ONE DAY ONLY
 No Charge For Consultation

Many in this community will avail themselves of the opportunity to visit Dr. Mellenthin on this special visit to Abilene.

The doctor pays special attention to the Science of Internal Medicine and Dietetics. He is trying conscientiously to eliminate surgery in his treatment of disease as far as possible.

Some of the ailments treated are diseases of stomach (especially ulcers), glands (especially goitre), ailments of women, diseases of liver and bowels, as infected gall bladder, gall stones, appendicitis, chronic constipation, colitis, auto-intoxication and rectal ailments, circulation disturbances as high or low blood pressure, heart and blood disorders, skin, nerves, bladder, kidneys, bed-

wetting, weak lungs, tonsils, adenoids, metabolic disturbances such as Rheumatism, sciatica, leg ulcers and chronic catarrh.

Medicines are prescribed and prepared for each individual case in his private laboratory, also special attention given to diet as to proper balance and selection of foods.

For this service a nominal charge is made.

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the State of Texas.

Married women must be accompanied by their husbands.

Address: 4221 West Third Street, Los Angeles, California 2t.

NEW CHRYSLER SIX

\$845

3-WINDOW 4-DOOR ROYAL SEDAN

The Lowest-Priced six ever to bear the Chrysler name

Chrysler today introduces a brand-new Chrysler Six—priced from \$795 to \$845—the lowest-priced six ever to bear the Chrysler name.

Here is **Chrysler engineering**—with such progressive developments as internal-expanding 4-wheel hydraulic brakes; 62-horsepower high-compression engine mounted on rubber; Iso-therm pistons; fuel pump instead of a vacuum tank; low-swung chassis; special-type spring shackles and hydraulic shock absorbers; small base wheels with large balloon tires; and typically Chrysler-styled all-metal bodies of new design and rigid construction.

Here is **Chrysler craftsmanship**—the precision craftsmanship typical of Chrysler Standardized Quality.

Here is **Chrysler performance**—all of that snap, speed, smoothness and stamina for which cars bearing the Chrysler name have been famous ever since its beginning. Inspection, trial and comparison inevitably lead to the one positive conclusion that by all current measurements of performance, smartness, comfort, safety, economy and quality, the new Chrysler Six takes its place as the greatest six-cylinder value in the world. We are eager to show you a new Chrysler Six today.

Floyd Rose Buys Interest of Bynum In Confectionery

Floyd K. Rose, who has been operating a lunch room in connection with the Bynum Confectionery on the north side of the square, recently purchased the confectionery business from Mr. Bynum, and is now conducting both the confectionery and lunch room.

Mr. Rose carries a complete stock of candies, cigars, cigarettes and tobaccos, and maintains a cold drink fountain in addition to his lunch room business. He states that he is enjoying a substantial patronage, and invites his friends to call and see him.

A LAST MINUTE PLEA

Owing to my not being able to make a house to house canvass, I take this means of making a final appeal for your support on next Tuesday.

To those who have pledged their support and best wishes, I urge that you go to the polls and cast your vote. I want them. I need them. Thanking you, I am,

Respectfully,

TO SPEAK HERE FRIDAY

CONGRESSMAN UPSHAW

Congressman Upshaw, who speaks in our city Friday night at First Christian Church, while usually taken seriously by his audience, is, nevertheless, brimming full of rich anecdotes bubbling with humor and fun, and he knows how to tell these stories as well as any man in America.

Dr. Len C. Broughton, himself an internationally known preacher, is quoted in the following statement: "Called upon at the last of the Wake Forest College banquet in Richmond, I heard Will D. Upshaw fairly walk off with the crowd in the most captivating, masterly banquet speech I ever heard. I believe in my soul he is the best after-dinner speaker in America."

The story of Mr. Upshaw's handicap, through an accident early in life, and his come-back to a man of prominence and achievement, reads like a fairy tale. Collier's Weekly, referring to this, said: "Upshaw is the most amazing man in Congress. He is an old-time Sunday School story book come to life."

The late President, E. Y. Mullins of Southern Baptist Seminary, has said that Upshaw is the logical successor to William Jennings Bryan. A crowded house is expected to hear him Friday night.

LOCAL NEWS FROM BRUSHEY COMMUNITY

There was a very good attendance at Sunday school Sunday. Let's all go and have a real Sunday school together.

R. L. Gains, Tucker Whitworth, G. C. Conwell, and Floyd Conwell spent a few days in Fort Worth last week.

Mrs. F. B. Priddy and daughter Pearl, and Miss Ruby Suggs, spent Friday night with Mrs. G. C. Conwell and daughter, Marie.

Cotton Acreage Cut Advocated By Farm Board

In an address before the Association of Southern Agricultural workers at Jackson, Miss., Feb. 6, 1930, Carl Williams, member of the Federal Farm Board, made the following significant statement: "Southern farmers are facing the prospects in 1930 of no governmental aid of effective character in marketing their cotton crop unless immediate steps are taken to reduce the total amount of cotton produced. Last year Southern farmers harvested 46,000,000 acres of cotton. That is too much. Over 40,000,000 acres is liable to produce an excessive surplus. It is easier to prevent a surplus than it is to control it after it has been produced and what the Farm Board does this year will be governed largely by what the farmer does at planting time."

Unfortunate Early Savant

Henry, Marquis of Villerna, a Castilian savant in the reign of John II studied astronomy so diligently that he lost all run of his worldly affairs and caused a wit of his day to comment sarcastically: "He knew much of heaven and nothing of earth."

His blind neglect of his financial concerns cost him all his possessions and reduced him to extreme penury in his last years. He was suspected of necromancy, and at his death in 1534 the king's ecclesiastical agent threw more than a hundred of his precious books into the flames.—Detroit News.

Concerning the Law

The true view, as I submit, is that the law is what the judges declare; that statutes, precedents, and the opinions of learned customs, and morality are the sources of the law; that back of everything is the opinion of the ruling spirits of the community; who have the power to close any of these sources; but that as long as they do not interfere, the judges, in establishing law, have recourse to these sources.—John Chipman Gray.

Road Map

The Bible at Mary Anne's house did not have pictures or maps. One day the family was visiting some friends. When Mary Anne picked up their Bible and found a map of Palestine in it she took it to her father, exclaiming:
"Look, Daddy, there's a road map in this Bible."

Peanut Problem

Notwithstanding the enjoyment over her first bag of peanuts, Nancy Vera, just past three, was experiencing difficulty in breaking the shells of the monster goober with her tiny fingers.
"Muvver," she asked, holding up a big peanut, "will you unbutton this thing for me?"

Two Things to Prize

An old job is like an old friend. We become so accustomed to it that we take its virtues as a matter of fact. We overlook its real value and its possibilities for helpfulness. Treat lightly neither an old friend nor an old job.—Grit.

COLOR PRINTING

WHEN our experience suggests the use of colored paper, colored ink or a combination of the two for the job you submit, as an aid toward increasing possible returns, we tell you so. If white paper and black ink are best, we suggest them.

TEAMWORK COUNTS!

In anything—it's teamwork that counts!

No matter how strong the individual, he becomes more powerful with team co-operation—**TEAM WORK.**

Have you joined the home town team? Are you making your co-citizens realize your desire to assist them commercially and socially? Are you helping them to feel the advantages of living in this good town of ours? Are you extending a cordial heart and hand?

If you do—they will pass the good word along—it becomes an endless chain. The teamwork is strong and will thus attract others—who in turn will lend their hands, talents, resources and energies to mutual civic progress.

Now is a good time to "join up"—the only initiation fee is a resolve to do your part—and the dues come back to you in personal dividends.

WHY A MERCHANT TURNS GRAY.

Dear Sir: "I have your statement showing that I owe you \$769.80, and I am enclosing check for \$500 for which please send me a receipt. I am sorry that I cannot pay more at the present, as I am unable to collect from my customers, as money is so scarce right now.

My own living expenses are terrible and I can hardly get along. I will try to send you another payment of \$500 when I sell my hay which will be in July. I cannot pay you more at that time for daughter finishes at college this year—that costs a heap of money.

I thought I could send you a check when I gathered my cotton crop, but it took all I could rake and scrape to put in the Deico lights, as my wife did not have electricity to run the sewing machine and the vacuum cleaner. Then too, we had to build a shed for the Ford, so we could put the new Packard in the garage, and build a new concrete bridge over the brook in our front lot, as well as a new road, so we could get in and out better.

I can't send you the corn money in the fall, because my son is going to college then, and although the lads of today are very economical about hats and garters, still a coon skin coat costs the old man a lot and even junk-yard Fords come rather high by the time they are decorated for college use.

I might send you the hog money, but the misses and I have planned a trip to Niagara in the fall, and after working hard all these years, I think she deserves a trip. We can't go before fall for she is having the house redecorated and refinished, taking out all the red plush and putting in over-stuffed cane and mahogany. This is a terrible strain on my finances, especially as the new well that was needed closer to the house and the new up-to-date barn have to be paid for.

All the farmers here are in a hard place financially, with strawberries this season at 75c a quart and the price of gasoline as it is.—Exchange.

New Industrial Interprises Locate In West Texas

Nearly 90 industrial enterprises were established in West Texas during 1929, according to a report compiled by the Industrial Department of the West Texas Utilities Company over the 45 counties they serve. This Department is maintained to aid Chambers of Commerce and other organizations in locating industries in West Texas.

The report consisted of major industrial concerns such as carbon black plants, gins, airports, hotels, produce companies, supply companies, compresses and other productive concerns which, though just beginning business activities during 1929, have materially added to West Texas progress. The location of these business enterprises has not only gone a great way in adding to the creative or manufacturing volume of West Texas but has also served to relieve the general unemployment condition. The new concerns have given employment to nearly 2,100 persons. This averages approximately 23 employees per concern.

Ralph Merchant New Manager of Cash Shoe Shop

Ralph Merchant, who has been employed at the Electric Shoe and Top Shop for the past several months, has taken over the management of the Cash Shoe Shop formerly operated by M. E. Giddens, according to announcement made this week.

Mr. Merchant has had several years experience in shoe repair work, and invites his friends and former patrons to pay him a visit in his new location.

Business Development

Here are four possible ways by which a business may obtain new patrons and thus grow in volume:

First, by chance and happening. People passing along a street will sometimes go into the first store they see that sells the kind of thing they want at that moment. It is always possible that the customers thus obtained by chance will prove permanent. But no great amount of trade can be built that way.

Second, as the result of convenience. If a store is the most conveniently located place for certain neighborhood, it will probably get a considerable amount of trade from that neighborhood. But as there is such sharp competition everywhere now, the trade that merely comes to the nearest store is pretty well split up.

Third, by free advertising. Many stores have done business on that theory. They argued that if they did good work for the limited number of customers they had, these customers would tell their friends about the service of such stores, and their friends would come in and buy. But the things that cost nothing do not usually prove very profitable. People are too much occupied now to spend time telling their friends where they buy their goods.

Fourth, straight newspaper advertising. This method works so much more effectively than the other three, it gets results so much sooner, and gets them in such greater volume, that it is a wonder that there are still some business concerns that fail to use it. It will ordinarily get more customers than the other three methods put together, at a very slight cost for the volume of trade secured. For people are always interested to obtain information about the things they want to buy and what those things cost. They will go out of their way to visit a store that supplies that information.

School Play at Myers Saturday Night, March 29

A home talent play entitled, "The Poor Married Man" will be given at the Myers school next Saturday night, March 29th. The play is being put on by the young people of the Myers section, and no admission charge will be made. If weather permits, the play will be staged outdoors. Everyone has a cordial invitation to attend, and an enjoyable entertainment is promised all who come.

IN MEMORIAM

To the Worshipful Master, Wardens and Brethren of Liberty Hill Lodge number four hundred thirty-two A. F. & A. M.

Brother Miller was born in McCullough County Texas, November 1st, 1893. His death occurred in Wichita Falls Texas, January 20th, 1930, but his home was in Weimert, Texas, and his remains were borne to their final resting place and deposited in the silent tomb at Haskell, Texas, Jan. 21st, 1930.

Those who were fortunate enough to know and enjoy the acquaintance of Brother Miller, we are sure your hearts beat with great sympathy as it sounds a note of regret at the loss of our good brother. We are also confident that when Brother Miller sounded the alarm at the outer door of the Supreme Grand Lodge that it was opened to him with an arm of welcome for his admission into that Grand Lodge on high, over which the Grand Architect of the Universe presides. He served the Lodge with honor and credit, as Junior Warden 1893 and Worshipful Master 1894, and during his terms of office served with credit and distinction to himself as well as to the Lodge. Brother Miller lived by the precepts taught in Masonry. He tempered justice with mercy, at all times he contributed to the needy. His was a life well spent.

My article this week will only be a continuation of what I started last week, because this subject cannot be handled with just a few words but will take several installments.

About thirty-eight years ago, when John Philip Sousa organized his great band he only had one American in the band. Today it is just the reverse. Out of the 84 men that he carried last year he only had one foreigner.

Mr. Sousa does not have Americans in his band because they are Americans, but because they are better musicians.

There are two principal reasons for this great increase in musical talent and appreciation in the United States.

One is the introduction of the player piano, the phonograph, and the radio.

The second is that people are beginning to learn how to teach music to their children.

Brother and sister used to dread their long practice hours that used to take away from their play time and home life, but now in many

places in the United States they are taught music in the school room by music supervisors paid by the school funds and the result is that the modern boys and girls are taking to music like ducks to water and as our boys and girls are becoming more musical so is the entire country to be more musical in the future.

There is no sane reason why music should not be taught in every school and give every child who is musically inclined a chance to cultivate their talent.

The profession of music in America is only beginning. Modern schools in every part of the country are adopting music and there are now hundreds of openings with good pay for good teachers and players.

Although Freeman Gosden and Charles J. Correll have the Negro dialect down so pat that thousands of their listeners think they are colored men, they are not. Both are white, the former a Virginian and the latter a native of Illinois.

In their radio broadcasts only these two are present in the studio. Gosden, 31, takes his star role as Amos, and also those of the King Fish, Lightning and others by suitably changing his voice. Correll, 40, is the deep-voiced Andy.

Beginning as radio amateurs in 1925, after several years of theatrical experiences, these two comedians have risen to the highest paid entertainers on the air. Millions of listeners follow the varying fortunes of Amos, Andy, the King Fish, Madam Queen, Ruby Taylor and the rest with keen interest.

In fact, it is suspected that their doings are of more popular interest than the antics of some of the star performers in the United States Senate.

AMOS 'N' ANDY

Gosden and Correll, known to radio fans as Amos 'n' Andy, recently were received by President Hoover. But no racial question was raised, as was the case when Mrs. DePriest, wife of the Negro Congressman, attended the White House tea.

More Available Labor

Wherever the electric transmission line extends, there is instantly available an army of servants to shoulder the burden of human labor.

Housework, farm chores, commercial activities and industrial operations are thus speeded and made easier. The productivity of electric servants is greater than human labor on the farm and ranch, in the home and in the factory.

By thus increasing the productive power of its customers, the West Texas Utilities Company is contributing to the prosperity of the area which it serves and adding to the material comfort of the people.

WHY

Risk Loss By FIRE

It's so needless to take a chance when safety may be purchased at a few cents a day. Yearly, experience proves the value of Fire Insurance. The wails and moans of the uninsured contrast vividly with the satisfaction of those compensated for their losses.

WHAT A DIFFERENCE 90 DAYS MAKE!

TODAY A TODDLING CHICK... in 90 days a proud pullet about to lay. There's something to think about! Tiny bones and little muscles have grown several times in size... a delicate fuzz has sprouted into hundreds of feathers... a chick weighing grams has grown into a pullet weighing pounds... all in 90 short days!

A wonderful change... and only one thing can do it... good feed! This year consider Purina Startena Chow (mash) and Purina Chick Chow (scratch) or All-Mash Startena Chow for the first six weeks... and then Purina Growena and Purina Intermediate Hen Chow until your pullets are laying at 16 weeks.

Put these Chows before your chicks. You will see pullets that are built right... pullets that will lay eggs plenty in fall and winter when eggs are always worth good money.

TOWNS TO ASK FEDERAL AID ON HIGHWAY 120

Trades Day Planned on May 5th

\$200 TO BE CONTRIBUTED BY MERCHANTS IN PROVIDING INTERESTING EVENTS FOR THE DAY.

Haskell's first Trades Day set as the first Monday the 5th, according to a plan made by the Trade Committee from the towns which have been at raising funds and program for the day.

Trade Day is being had in Haskell, and a sum of between \$100 and \$200 will be raised to be given to the first Trades Day.

Band music will be given during the day, and a part of the day will be given to several auction sales, and features to make it an old-fashioned Trades Day.

It is also planned to have all Haskell merchants now being raised, and a file for every person in the territory to attend Trades Day, May 5th.

The committee in charge of the complete program for the day is now being completed during the day, and an extensive advertisement for the event will be given.

Municipal Band will play at the Oates' on Sunday afternoon at 4 p. m. Come.

THREE INCH SNOW WEDNESDAY NIGHT IN THIS SECTION

Snow which began falling Wednesday afternoon had blanketed the ground for a depth of two or three inches in this section Thursday morning, bringing what is hoped is winter's last visit.

While below freezing weather was forecast for this section, the temperature Wednesday night hovered around freezing, with milder temperature prevailing Thursday morning, and most of the snow had melted today at noon. The moisture provided will be of some benefit, but a general rain is needed throughout this section to provide season for planting.

State Engineer Highway Dept. Transferred Here

Construction Engineer Puckett, of the State Highway Department, spent several days in Haskell the first of the week, making arrangements for office space for himself and his crew of engineers who will be in charge of highway construction work in Haskell county.

Mr. Puckett stated that he had been transferred to Haskell and would make headquarters in this city during the construction of the county's system of roads provided for in the recent bond election. He has been placed in charge of all construction work in the county by the State Highway Department, and will doubtless maintain quarters in Haskell for the next year or longer, working out of this city on the various road projects provided for in the bond issue.

Haskellites May Get Glimpse of Glider Flight

Haskell people will possibly have the opportunity of seeing one of the world's most famous airmen in the first cross-continent glider flight from San Diego to New York, which starts Sunday from San Diego.

According to the announced route of the flight, Captain Hawks will stop overnight in Sweetwater April 1, leaving Sweetwater April 2nd for Wichita Falls. If Captain Hawks follows the route established by the transport planes between Sweetwater and Wichita Falls before the route was changed to include Abilene, he will probably pass over this city.

If the above route is followed and Hawks passes over Haskell, it will be around 9 o'clock, Wednesday morning, as he will leave Sweetwater early in the morning.

SCHOOL TRUSTEE ELECTION DATE IS APRIL 5TH

Through an error in the election notice, it is stated elsewhere that the Trustee Election will be held Tuesday, April 1st, when the correct date is Saturday, April 5th. Voters in Haskell independent School District are advised to keep the correct date in mind, and not confuse it with the City Election on Tuesday.

PRESBYTERIAN REVIVAL MEETING NOW IN PROGRESS

The Revival meeting at the Presbyterian Church is being well attended this week. Large crowds are attending every service, and the prospects are good indeed. Rev. M. H. Applewhite is bringing a real gospel message each night, and a fine group of Boosters please the audience with their fine singing each night. There is a real interest being shown both by the christian people and also by many who have never accepted Christ as their savior.

The meeting will close next Sunday night. It is expected that there will be quite a number to join the church next Sunday. The services begin promptly at 7:30 each night and a most cordial invitation is extended to every one to come.

The Booster Band is growing rapidly each afternoon and these little folks are getting much good from these meetings.

The young people's services are also well attended, but there are many others in the town whom we would like to have join in this service each evening this week at 8:45.

Remember the hour, young people at 8:45 and the service for every body at 7:30. A glad welcome awaits you.

MASONIC BUILDING AT STAMFORD IS DESTROYED BY FIRE

Fire of undetermined origin, Sunday night at Stamford, razed the interior of the Masonic building, destroying the Stamford Cash Grocery, The Blue Bonnet Sandwich Shop and Luttrell's Barber Shop on the ground floor along with the entire equipment of the Masonic bodies on the second floor. The total loss is estimated to be around \$50,000.00. Insurance carried on the building and contents will cover about one-half of the loss.

It was the second disastrous conflagration in the business district of Stamford this year. The Masonic building is 25 feet west of the Stamford American plant and the Lyles Economy store, which were destroyed by fire earlier in the year. The Elliott Cleaning company, in a two-story building between the two fires, was not damaged by either.

The blaze was noticed on the second floor about 10:30. An alarm was given but the interior of the structure was gutted before the flames could be brought under control.

Miss Naomi Poteet and her room mate Miss Mary Charles Taylor of Dallas are here for the spring holidays from C. I. A. Denton.

Father and Sons Banquet Sponsored By Lions Has Banner Attendance

Boy Scouts of two Haskell troops and their dads were feted at a banquet Friday night, with 102 persons, 26 of them boys, in attendance. The affair, sponsored by the Haskell Lions club, was given at the First Methodist church, with women of the church serving the dinner.

Emory Menefee was master of ceremonies for the affair. Dr. R. A. Maddox of Abilene, scout commissioner of the Chisholm-Trail council, made the principal address. Other visiting speakers included Dr. E. B. Surface and Scout Executive Ed Shumway of Abilene.

DEATH SENTENCE WILL FRITTS REVERSED BY APPEALS COURT

TECHNICITY IN WORDING OF INDICTMENT SETS ASIDE SENTENCE AND GIVES NEW TRIAL FOR SLAYER OF TWO.

The death sentence imposed on Will Fritts for the murder of Earl Hamilton on Oct. 24, 1928, was reversed and remanded by the Court of Criminal Appeals at Austin Wednesday.

The appeal from the death sentence was granted because the indictment under which Fritts was tried did not allege the defendant committed the murder with malice aforethought. The court had previously ruled that under the law, unless one killed with malice aforethought they could not be given a sentence of more than five years in prison.

Fritts was tried and convicted in the District Court of Jones County last year, the case having been transferred there from Haskell county. Since his trial, Fritts has been confined in the Tarrant county jail at Fort Worth pending action on his appeal.

Earl Hamilton, a youth about 18 years of age, and his father, Dudley Hamilton, prominent Rochester farmer, were killed on the night of Oct. 24, 1928, at their farm home east of Rochester after they had been called from their home by Fritts. The slayer was not apprehended for several days after the killing. Fritts was tried for the murder of Earl Hamilton, and faces another murder charge in connection with the killing of the elder Hamilton.

FOUR INJURED IN ROCHESTER CRASH LAST THURSDAY

Four persons were injured, at least one of them seriously, Saturday evening in an automobile collision near Rochester.

Doc Rose of Rule is in a Knox City hospital, suffering severe cuts on his scalp, bruises and an injured left arm; Ray Miller who was in the car with him received cuts on the face and neck; Henry Lewis, son of M. L. Lewis of Rochester was bruised and suffered possible internal injuries and Melvin Bearden, riding with Lewis, received a cut on the forehead.

Mr. and Mrs. D. E. Scruggs, who have been living in Wichita Falls for the past few months, are spending several days here with friends and looking after business interests. Mr. Scruggs states that he expects to leave for Los Angeles, Calif., in a few weeks.

DIGEST POLL IN HASKELL SHOWS FOR ENFORCEMENT

According to reliable information, 240 ballots have been voted by Haskell residents in the Prohibition Poll being conducted by the Literary Digest to date. A majority of 36 votes is shown in favor of strict enforcement over both the modification and repeal vote. The total vote to Wednesday night was:

For Enforcement, 138.
For Modification, 43.
For Repeal, 59.

FIRE DAMAGES ROOF OF BUILDING LAST SATURDAY

Damage estimated at between two and three hundred dollars resulted from a fire which caught in the roof of the Eastland building on the north side of the square last Thursday evening about 5:30 o'clock.

The building is occupied by the City Cafe, operated by W. M. Tucker and son, and Mr. Tucker had that day completed the work of installing fixtures and intended opening Thursday night. The fire started in a flue which had been roofed over. Mr. Tucker connecting a stovepipe from his stove to the flue, unaware that it had been roofed over. A fire alarm was turned in before the flames broke through the roof, and the firemen soon had the blaze extinguished. The roof of the adjoining Smith building was also damaged, and slight water damage was sustained in both the Cafe and the Cash Meat Market next door.

ORGANIZATION PERFECTED TO WORK FOR FEDERAL DESIGNATION ON ROUTE FROM TEXARKANA TO NEW MEXICO LINE.

WOULD RELIEVE CONGESTION ON BANKHEAD ROUTE DIRECTOR TO BE SELECTED FROM EACH TOWN TRAVERSED BY PROPOSED HIGHWAY.

An organization to promote the designation and construction of an east and west highway across the state, following State Highway No. 120 in this section, was perfected at Throckmorton Tuesday, where a number of representatives from Aspermont, Haskell, Throckmorton, Newcastle and Graham perfected the A. T. and N. M. Highway Association and named directors for towns traversed by the present Highway No. 120.

R. H. Helm of Newcastle was selected as president of the body; Douthitt Payne of Rule, vice president; D. W. Young of Newcastle, secretary. Directors named at Tuesday's meeting were Judge Kelley of Rule; R. V. Robertson of Haskell; and Ray Hardy of Throckmorton. Directors for other towns on the highway are yet to be selected.

The importance of the highway as planned was discussed by a number of those present at the meeting, it being pointed out that as the highway now exists, it enters the state at Texarkana, going directly west across the state to the New Mexico line west of Brownfield, where it connects with the highway system of that state, linking it with a transcontinental route to California and it is believed that this highway can eventually be developed into a major transcontinental project from the southern Atlantic states across the continent to the Pacific.

Primarily the purpose of the organization as outlined at Tuesday's meeting will be to create interest in the Highway project, and to make a concerted effort of all towns along the route to secure Federal designation for the highway. It is thought that the latter action may be secured through the co-operation of the cities to be served by the route, in view of the fact as pointed out by several speakers, that the Bankhead Highway is already over-loaded with traffic which is increasing each year, and highway officials are of the expressed opinion that another east and west road must be developed in the very near future to care for the ever-increasing traffic which is now congesting the Bankhead route.

Another feature of the proposed highway is the fact that it does not traverse the heavily populated sections and cities, but does provide direct connections with Dallas and Fort Worth and cities of East Texas at intersecting state highways.

In attendance at Tuesday's meeting and taking part in the organization of the highway body were Messrs. J. F. Kennedy, T. C. Cahill, R. V. Robertson and Henry Alexander of Haskell; Dr. J. C. Davis, Douthitt Payne and Judge Kelley of Rule; the four County Commissioners from Stonewall county and good delegations from Newcastle, Jean and Graham.

CITY ELECTION TO BE HELD TUESDAY AT CITY HALL

The choosing of a Mayor and three aldermen, City Marshal and the City Secretary-Treasurer will be decided by voters in a City Election to be held next Tuesday, April 1st. Judge S. A. Hughes has been appointed presiding judge of the election, which will be held at the City Hall.

Announced candidates for the various offices are: For City Marshal, Alex Edwards, W. E. Welsh and Al Cousins. For City Secretary, David Perrin, Mrs. John T. Wilson and Mrs. Lola Welsh Bledsoe. For Mayor, Emory Menefee and T. C. Cahill. One alderman is to be elected to fill the place of M. F. Spurlock.

Present officers whose terms expire are: T. C. Cahill, Mayor; W. E. Welsh, City Marshal; David Perrin, Secretary; and Leo Southern and C. V. Payne, aldermen.

Voters in the election Tuesday will also adopt or reject a city ordinance prohibiting the keeping of hogs within the city limits.

BEAUTIFUL YARD CONTEST INAUGURATED AND SUBSTANTIAL PRIZES ASSURED WHICH WILL MAKE CAMPAIGN ATTRACTIVE TO ENTRANTS

TWELVE PER CENT CREDIT GRANTED ON FIRE RECORD

Mayor T. C. Cahill was advised Monday by the State Fire Insurance Commissioner that Haskell had been granted a twelve per cent credit for good fire record, based on the fire losses for the past three years.

The credit is effective on all premiums paid on or after March 1st of this year, according to Mr. Cahill's advice, and will mean a substantial saving on the insurance premiums paid by local people.

City Cafe Opens In New Location On North Side

The City Cafe, located in the Eastland building on the north side of the square, opened for business last Friday morning, under the management of W. M. and W. C. Tucker, well known restaurant men of Haskell. These two men formerly operated a cafe on the east side of the square where they enjoyed a substantial patronage, and many friends in this section will be glad to learn that they are again in business here. They report a nice patronage since opening, and invite their friends and former customers to call and see them.

Home owners and lovers of beautiful surroundings in Haskell will have cause to rejoice over the announcement made this week by the Civic Improvement committee of the Bankhead Club, who are sponsoring a Beautiful Yard Contest in which several hundred dollars in awards will be made for the most beautiful and the best-improved yards in Haskell this summer.

According to the plan of award, prizes will be given in various divisions, which take in rented homes, privately owned homes, and homes of different valuations, as well as improved and unimproved surroundings. This division of awards will give every person living in the city an equal chance to share in the awards—for instance the yard which has not been improved will not have to compete with the already improved yard, and will be judged solely on the improvement made in the surroundings this year.

The various classes as outlined by Chas. M. Conner, chairman of the committee are:

Rented Homes; both planted and unplanted grounds; first, second and third prizes.

Capital Prize for the most improvement shown during year in any home.

Three classes will compete in all awards, those being homes valued at \$2,000 and under; homes valued at \$2,000 to \$4,000; and homes valued at \$4,000 and upwards.

Definite announcement as to the amount of the prize money will be made by Mr. Conner shortly, together with complete rules of the contest. However, a grand prize of not less than \$75.00 has been decided upon, with other awards in proportion, and property owners are assured that the awards will be worth trying for, and will doubtless interest practically every homeowner in the city.
