Wayne Henderson, Bradley Brunson and Lyndell Ivory are shown putting a stop on one of the Lefors Pirates here last Friday night.

Briscoe County News Photo

## Henderson Out For Season After Lefors Scrimmage

The scrimmage with Lefors was a mis-match, with the Owls dominating the action here last Friday night, but it was a costly outing as Senior Wayne Henderson went down with a badly-broken ankle.

Henderson had three fractures and underwent surgery Saturday morning

at St. Anthony's Hospital in Amarillo. A plate and two pins were used to repair the breaks which doctors have said will require four to six months to heal. Henderson returned home from the hospital Monday.

The bad news followed a lot of good news, for the Owls outscored the Pirates by a ratio of six or seven to one. Senior Bradley Brunson carried into the end zone several times, with Junior Brian West going into the end zone more than once and Junior Brian Martin also crossing the goal.

Senior Kirk Couch looked good at the quarterback position after having waited in the wings three years to fill a vacancy there.

Junior Bryan Breedlove didn't take part in the scrimmage due to having a sprained ankle, but could be ready for this week's scrimmage. Lance Holt was one of the freshman players who distinguished himself at runningback.

Even Silverton's third string players were able to keep Lefors in check.

This week's scrimmage will be at Chillicothe, and the Owls will open their season by hosting Wilson September 7 at 7:30 p.m.

## Vaccines Available At Local Clinic

Flu and pneumonia vaccines are now available at the Briscoe County Clinic of South Plains Health Provider Organization.

## School Term Got Off To Good Start Monday

The new school term got off to a good start in the Silverton Independent School District Monday morning with new students enrolling in many of the grades to take the places of the students who moved away from Silverton during the summer. A total of 244 enrolled Monday, and this was exactly the number enrolled at the time school dismissed last spring.

Ten seniors graduated from SHS last spring, and this fall there were sixteen kindergarten boys and girls entering school.

There are a few new faces among faculty members, but most teachers are back in their teaching assignments from previous years.

Included in the faculty and auxiliary personnel are Tina Nance, kindergarten; Fern Parker, first grade; Bobbye Bean, second grade; Darrah McCammon, third grade; Mike Settle, fourth grade; Sue Miller, fifth grade; Juannah Jennings, Jane Self and Nancy Wood, junior high; Patsy Fitzgerald and Paula Garvin, special education; Mary Ann Rauch, Chapter I teacher; Ronnie Miller, agriculture science; Bob Libby, boys basketball and physical education; Bobbie Jenschke, girls basketball; Sheryl Weaver, business; Paula Bomar, English; Clyde Parham, football and social studies; Patsy Towe, counselor and home economics; Dorcas Garrison, math;

Mike Long, science; Laura Long, Spanish and elementary computers; Shirley Reynolds and Zobie Self, librarians; Margie Pinkerton, school nurse; Stan Fogerson, principal; Pam Nease, principal's secretary; David Cavitt, superintendent; Jealeta Baird, superintendent's secretary; Lanita Cantwell, Waynelle Couch and Ramona Martin, teacher aides; Rosemary Perkins, Dora Bullock, Faye Lynn Maciel, Jo Ann McFall and Adelmira Ramirez, cafeteria; Mike Juarez, Clarence Ivory, Connie Patino and Adelmira Ramirez, maintenance; Mary Martin, Mike Juarez and Jealeta Baird, bus drivers.

## Caprock Jamboree Planned Saturday

Another edition of the Caprock Jamboree is set to go Saturday night at the Briscoe County Show Barn.

Silverton Fire Department will begin serving mesquite-grilled hamburgers at 6:00 p.m., and the musical program will begin at 7:00 p.m.

There will be a drawing at the conclusion of the program, at 10:00 p.m., for a \$25 gift certificate from Tiffin's Department Store.

Admission is free. Be sure to bring your own lawn chairs for your comfort.

## Deadline Approaching For Arts Festival

August 31 is the deadline for entries in the Texas Caprock Arts Festival to be held here October 20-21. Sponsored by the Briscoe County Activities Association, the festival will be held at the show barn.

Works will be judged at 9:00 a.m. October 20, and the show will be open to the public from 7:00 until 10:00 p.m. Saturday and from 2:00 until 5:00 p.m. Sunday. A reception will be held from 7:00 until 9:00 p.m. Saturday, and awards will be presented at 9:00 p.m. on Saturday. Work may be removed after 5:00 p.m. Sunday, October 21.

Local artists are encouraged to submit as many entries as they wish of their original works of art in six categories: oil or acrylic, watercolor, pastel, drawing, sculpture and photography.

Ribbons will be presented for Best of Show, first three places in each class, Honorable Mention and People's Choice. In addition, the following cash awards will be presented: Best of Show, \$250; for each class, first place, \$100,

second place, \$75 and third place, \$50.

David Rindlesbacher will both screen the slides and judge the show. He has a master of fine arts in painting from Brigham Young University and has taught at West Texas State University for 17 years. He also has taught workshops throughout the Southwest. His personal studio work is done in oils and watercolors; however, he believes that the sincerity of expression is far more important than the media used.

Accepted entries should be delivered by October 18 to Raye Smith, 507 South Main Street, Silverton, Texas.

All work must be fore sale (except that of the guest artist, Otho Stubbs, who will exhibit a collection of his work during the show). A donation of 20% of all sales will be retained by the Briscoe County Activities Association. Artists may price their work as they choose.

The show will provide space to display hanging works. Artists submitting sculptures should provide a stand to display their own work.

### What's In a Label?

This material is from National Cotton Council of America and was handed to us by Dorothy Johnson of Johnson's Gin in Silverton.

What's in a label? If it's cotton; in the right color and priced right; does it really matter where it was made? You'd better believe it does! If the label says something besides "MADE IN THE U.S.A." chances are four to one that cotton in that particular garment was grown in China, Russia or some other foreign country instead of the U. S. A.

It is alarming that foreign labels now appear in over 50% of clothes that Americans wear. Ten years ago only 20% of American-worn clothing was imported.

If that sounds unbelievable, do some

marketing research for yourself. See how long and hard you have to look to find "MADE IN THE U.S.A." labels.

What difference does it make? In the last five years more than 1250 U. S. textile and apparel plants have closed, and nearly a million Americans have lost jobs. Everytime a thousand textile

and apparel workers lose their jobs, another thousand in retail stores, groceries, hardware, service stations, etc., lose theirs. The final impact comes back to us!

Textile imports are costing farmers millions of dollars. Economists say that if textile imports keep on rising the way they have been, three years from now they will wipe out 75% of our farmers' cotton market here at home.

A lot can be done at federal government level, but we consumers are still the queens in the marketplace. Our purchasing power can control the imports!

Here's how. Look at the labels in products before buying and let the shopkeepers know we prefer "U.S.A." grown and made, because of its superior quality and value. Encourage family and friends to become "label readers".

If every American would take \$20.00 of the amount we're spending on imported cottons, and use it to buy U. S. A. cotton, farmers could sell a million more bales of their own cotton here at home.

**IT MATTERS!!** To our farmers.  
**IT MATTERS!!** To U. S. workers.  
**IT MATTERS!!** To us as taxpayers.

**“Success in School”  
Video Series Available**

“Success in School Starts at Home” is a four-tape video series available for

FREE LOAN through the video checkout at Nance's Food Store through September 3. A brief outline of each tape will be displayed at the video center of the store. Each video tape is approximately 45

minutes in length. In an informal discussion session, the speaker addresses parent concerns and answers parent questions about improving their children's school achievement. The titles are: Fanning the Flame:

Building an Achievement Oriented Family Environment, Developing Self-Esteem and Achievement Oriented Behavior, The At-Risk Student, and Motivating the At-Risk Student.

This program is provided for parents, teachers, and school administrators and is sponsored as a Partners for Parenting program by the Briscoe County Extension Service to help parents and those who work with youth to take an active role in improving a child's success in school.

# DRIVE HOME A FEW SAFETY RULES TO YOUR KIDS.

School bus safety is everybody's business. So, please, take a few minutes to make sure that your kids understand the 10 rules of the road.

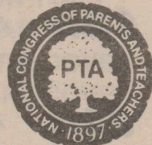

They're simple to learn. Easy to follow.

1. Be on time.
2. Never run to or from the bus.
3. Stand back from the curb.
4. Don't push or shove.
5. Stay in your seat.
6. Don't yell or shout.
7. Always obey the driver.
8. Wait for the driver's signal before crossing.

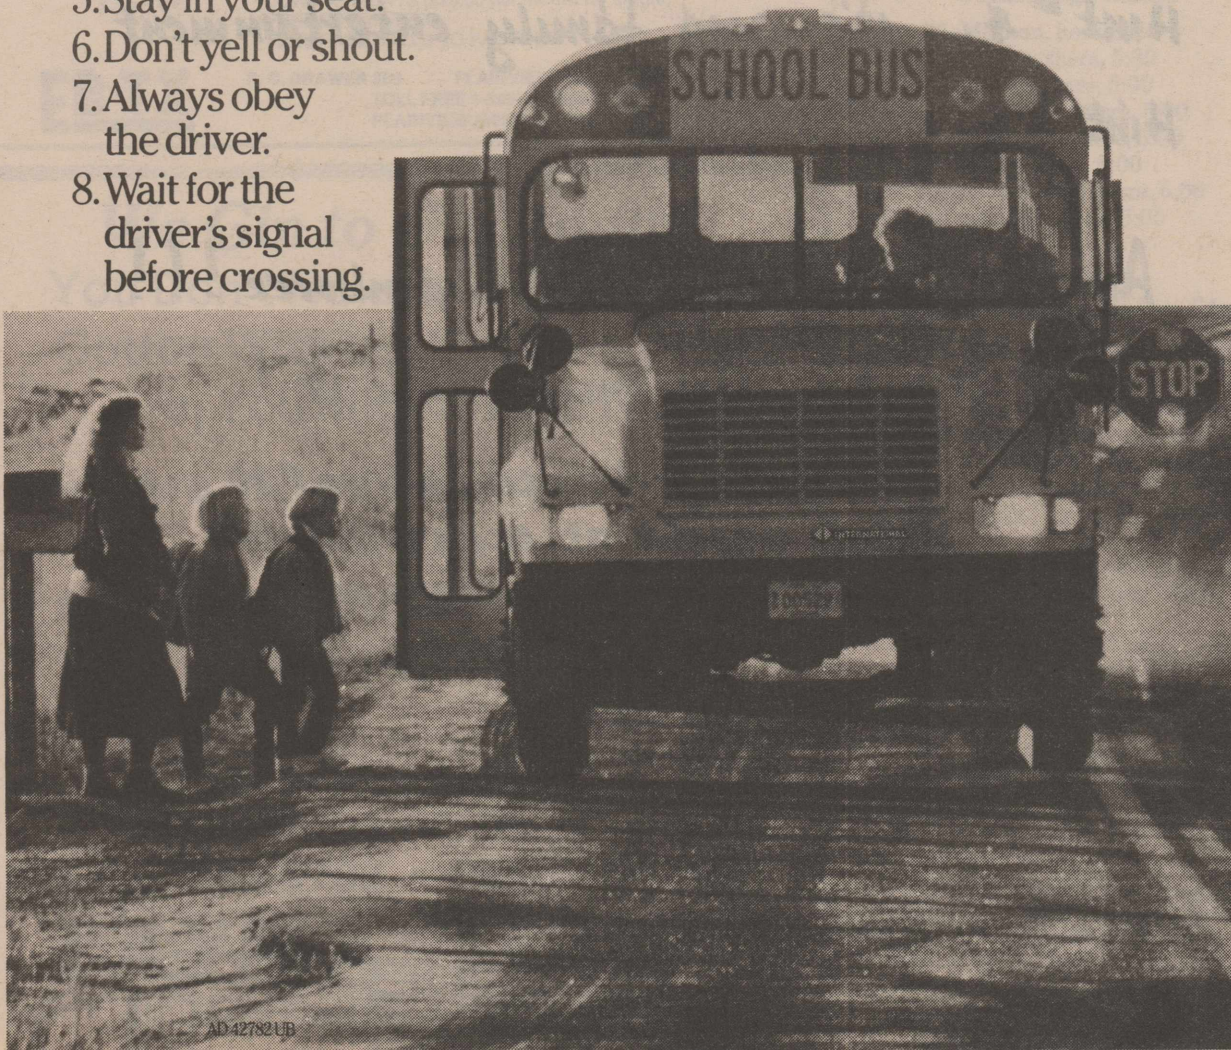

9. Always cross at least 10 feet in front of the bus.

10. Never crawl under a school bus.

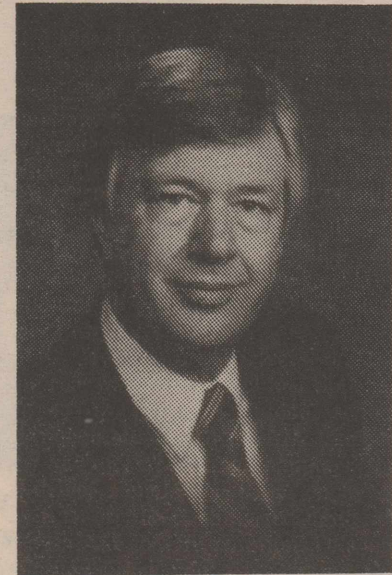

And, best of all, they're designed to help keep kids safe. Isn't that what we're all driving at?

The National PTA®

AD 42782UB

Royce Bodiford

**Bodiford is New Director  
Of Development, Publicity**

Royce Bodiford, a veteran Amarillo broadcaster and community leader, has been appointed Director of Development and Publicity for Clarendon College.

Bodiford, who is well-known throughout the area, has been associated with radio and television stations for 30 years. He was employed by the KGNC stations for 26 years. Most recently he was General Manager of KACV-TV-FM.

Bodiford has been very active in community service. Presently, he is a Kiwanian, board member of the Multiple Sclerosis Panhandle Chapter, and board member of the Tri-State Fair. Bodiford is a past president of the Amarillo Chamber of Commerce, Amarillo Independent School District board of trustees, Better Business Bureau of the Golden Spread, Kiwanis Club of Amarillo, National Association of Farm Broadcasters, and Tri-State Fair.

In the newly-created position at Clarendon College, Bodiford will be responsible for directing development and publicity. He will work closely with the students and the alumni association.

Dr. Stockton, President of Clarendon College, expressed enthusiasm with regard to the employment of Bodiford. Stockton felt that significant growth for Clarendon College was assured with the approved construction of prisons in Pampa and Childress. The addition of Bodiford will further enhance growth with a fulltime person of proven qualifications working in development and publicity. “We could not have employed a more qualified person,” said Stockton, “to address the needs of our college.”

Bodiford says that he is looking forward to his role in helping expand educational opportunities for area youth.

**Owl Power!**

## Co-Chairpersons Named For Jerry Lewis Telethon

Fay Perkins and Betty Stephens have been named Silverton co-chairpersons of the 1990 Jerry Lewis Telethon to benefit the Muscular Dystrophy Association (MDA), announced Karen Lane, District Director of the national voluntary health agency's Panhandle Chapter.

"We're proud to have caring individuals like Mrs. Stephens and Mrs. Perkins working closely with MDA and its supporters," said Ms. Lane. "Our Telethon team is dedicated to making this year's show another record breaker." Telethon '89 was the most successful in the show's history, raising over \$42 million in pledges.

The 25th annual Labor Day Telethon will be broadcast by KFDD-TV, starting at 8:00 p.m. Sunday, September 2 and continuing to 6:00 p.m. Monday, September 3. The 21½-hour extravaganza will originate live from Universal Studios in Hollywood, and will be carried through the country by some 200 "Love Network" stations.

Wesley Garcia, 1990 Poster Child for the Panhandle Chapter of MDA, will be just one of the many special guests who will be attending the Jerry Lewis Labor Day Telethon. At this year's telethon,

Wesley will be assisting hosts Kari King and John Hagerty. This year's show is being broadcast live from the Howard Johnson Plaza Hotel.

Children wishing to collect door-to-door for "Jerry's Kids" are asked to come by the pledge center location no later than noon on Labor Day to pick up an official badge and canister.

A special phone number, 823-2125, has been assigned for the people of Silverton to phone in their pledges. Anyone wishing to volunteer to answer phones or help at the pledge center in any other way should call Betty Stephens as soon as possible at 823-2136 day or 847-2616 night.

Money raised through the efforts of Telethon "Love Network" affiliates helps fund the important work being done by MDA-sponsored researchers to find treatments and cures for muscle disease. One of the most promising experimental techniques now under investigation is "Myoblast Transfer Therapy." This technique involves the injection of healthy immature muscle cells, called myoblasts, into diseased muscles in an effort to produce hybrid muscle cells that display healthy characteristics. The procedure has shown positive results in laboratory mice. "The people of Silverton can take great pride in their contribution to this major research undertaking," Mrs. Stephens said. "Scientists are closer than ever to developing a treatment or

cure—if increased public support of MDA's work can be achieved."

The Association currently sponsors some 500 individual research projects worldwide. It also supports some 230 outpatient clinics nationwide, where people with any of the 40 muscle disorders covered by MDA programs receive medical care, orthopedic aids and related services.

deep for the car to go, riding on a sleigh, pulled by a car across frozen lakes, "snipe hunting," the many dances given for young couples by John and Ethel Bain, the Meekers, the Jno. Bursons. The 4th of July picnics, when we cooked, carried our food to the picnics in No. 3 washtubs, trips to the canyons (Linguish Falls, "Coon" Canyons, etc.) for picnics and swimming.

Keep up the good work!  
Bonnie (Burson) Brooks

## Win Owls

## Public Notice

Southwestern Bell Telephone Company has filed an application with the Texas Public Utility Commission to introduce new optional services - Call Control Options. The initial service areas will be Laredo, McAllen and Austin. Expansion into other service areas will be based on availability. Customers in other areas will be notified when these services become available.

Call Control Options include six new services - Call Blocker, Call Cue, Call Return, Priority Call, Call Trace and Selective Call Forwarding. The features will be available to single-line residence and business customers.

**Call Blocker** - enables the customer to block incoming calls from a maximum of three specified telephone numbers and/or to block the last incoming call.

**Call Cue** - enables the customer to automatically redial the last outgoing telephone number dialed. If the recalled number is busy, equipment will monitor the line for a maximum of 30 minutes and will let the customer know when the call can go through.

**Call Return** - enables the customer to automatically redial the telephone number of the most recent incoming call. If the number is busy, Call Return will continue to dial the number for up to 30 minutes, or until it completes the call.

**Priority Call** - provides the customer with a distinctive alerting signal, ring or Call Waiting Tone (if the customer has subscribed to Call Waiting), when the customer is called from a maximum of three preselected telephone numbers.\*

**Call Trace** - enables the customer to initiate a trace of the last incoming call received. The number, date and time will be recorded by Southwestern Bell Telephone so that the call's origin can be identified.

**Selective Call Forwarding** - enables the customer to forward incoming calls from specified telephone numbers (maximum of three) to another telephone number.

### Proposed Rates (monthly)

	Residence		Business	
	Individual	Packaged	Individual	Packaged
Call Blocker	\$3.00	3.00	\$3.00	2.00
Call Return	3.00	3.00	4.00	3.50
Priority Call	2.50	1.00	3.00	2.00
Call Cue	2.00	2.00	4.00	3.50
Selective Call Forwarding	2.00	1.00	2.65	1.00
Call Trace**	1.00	1.00	1.00	1.00

Installation charges for residence customers will be \$2.70 per feature, with a maximum installation charge of \$5.40 per request per line. Installation charges for business customers will be \$5.40 per feature, with a maximum installation charge of \$10.75 per request per line.

The proposed date for Call Control Options to be offered is October 7, 1990. These services, however, will not immediately be available to all customers in all areas of the state. Customers in other areas will be notified when these services become available.

Call Control Options are projected to generate first-year annual revenues of \$1,900,000.

Persons who wish to comment on this application should notify the commission by September 27, 1990. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

\*Some telephone equipment may not be compatible with Priority Call Service.  
\*\*In addition to the \$1.00 monthly rate, Call Trace will cost \$8.00 per use.

## 4-H Club Managers, Officers Have Training, Program Planning

Briscoe County 4-H Club managers and officers met Monday, August 27, for training and program planning for the new club year which begins September 1. County Extension Agents Curtis Preston and Lynda Fogerson conducted officer training and club manager training. Following the meeting, the group ate at the Pizza Box.

Club managers and assistant managers attending were John and Gail Wyatt, Betty Stephens, Bena Hester and Janinne Brooks.

Clover Club officers participating were Lacy Brunson, president; Dara Ramsey, first vice president; Lindsey Weaks, second vice president; Lindsey Jennings, third vice president; Molly Brooks, secretary-treasurer, and Shauna Kingery, reporter. Trey Wyatt also attended for program planning.

Silver Star Club officers were Christina Stephens, president; Shannon Weaver, first vice president; Carrie Baird, third vice president; Marshall McCammon, secretary, and Jeremiah Brooks, Council delegate.

Representing the Caprock 4-H Club were Christa Tucker, Ashleigh Wyatt and Russ Baird. This club will elect officers at their first meeting set for September 9, at the John Wyatt home.

All 4-H Club organizational meetings will be held in the next few weeks. Informational flyers with meeting dates will be sent to school to all students. Boys and girls in third grade to 19 years of age are invited to join a 4-H Club regardless of race, color, religion, handicap, socioeconomic level or national origin.

The Clover Club includes students in the third, fourth and fifth grades. Club manager is Charlotte Rhoderick and

assistant manager is Gail Wyatt.

Betty Stephens is club manager and Bena Hester is assistant club manager of the Silver Star Club, which is for those in grades six through eight.

All Silvertown High School students are invited to join the Caprock 4-H Club under the leadership of John Wyatt, club manager, and Janinne Brooks, assistant manager.

## Family Group Vacations in Ruidoso

J. D. and Lois Nance, with their children and grandchildren, Rex and Faith Redies of Plainview, Fares, Nanda, Michael and Christopher Lahoud of Fort Worth, all vacationed together in Ruidoso, New Mexico last week.

They enjoyed a tour of the unmarred town of Lincoln, New Mexico. It is the site of the famous last escape of Billy the Kid and the Lincoln County War (a Rip VanWinkle town).

They spent an evening at the Flying J Ranch, where they saw a shootout in the western village and were served a traditional ranch-style meal on tin plates followed by a fast-paced western stage show.

Michael and Christopher rode horses and went tubing in the Ruidoso River. They visited the Smokey Bear Museum in Capitan, and were thrilled to know that Smokey Bear hailed from those parts.

The group saw many exciting things and enjoyed the cool mountain air.

## Floyd County Celebrating Centennial This Year

Floyd County is celebrating its Centennial this year. The Floyd County Fair has been in continuous operation since 1954. With these two things in mind, the theme for this year's Fair is "Days Gone By". The three-day Fair this year will be held at the Fairgrounds in Lockney on August 30-31 and September 1.

There are three full days of activities planned for all ages. On Thursday, judging of all exhibits, the Women's Department, and the Agricultural Department, will take place. There also will be the Little Miss and Junior Miss Pageant and a Square Dance that night.

Friday is Ladies Day with a Doll Show and programs on dolls, flower arranging, Southwest designs, and accessories for your wardrobe. In the evening will be a gymnastics exhibition, an "old-time" auction, and a youth dance.

Saturday, the biggest day of the Fair, has activities going on from early morning until past midnight. Starting the day will be a 5K and Fun Run followed by a parade down Lockney's Main Street. Other activities during the day will be a chili cook-off, a trap shoot, washer pitching, and other games. The Miss Floyd County contest will be Saturday night and a dance will top off the activities.

Throughout the three-day Fair, there will be exhibits, information booths, food booths, arts and crafts, and lots of other fun things for all ages. There also will be a carnival in connection with the Fair.

On April 12, 1776, North Carolina became the first colony for independence in the Continental Congress.

taught first grade for 5½ years. She married Lee D. Bomar May 17, 1932, and to this union a son, Joe Lee, and a daughter, Patsy Nann (Fitzgerald), were born. Mr. Bomar died December 26, 1968.

She taught first grade from 1944 until 1947, and returned to college with her daughter in 1955, graduating in August of 1957. She taught second grade from 1957 until her retirement in 1972.

A member of First Baptist Church, she has continued to live on her farm one mile east of Silvertown.

### Happy Birthday to . . .

August 30—Doug Bradford, Erma Reyna, L. D. Griffin, Amy Turner, Jackie Gaskins, Jeffrey Mercer

August 31—Doris Yates, Sheila Reid, Monroe Hill, LaShawn Couch

September 1—Sue Breedlove, O. C. Rampley, Walter Arnold

September 2—Jim Davidson, Pauline Benefield, Shonda Wills, Lisa Lavy, Nancy Wood

September 3—Fred Scott, Gene Davis, Janice Hill

September 4—Gabby Aguilar, Lula Bellinger, Rick Minyard, Alix Danielle Boyd

September 5—Kayla Coleman, Zane Mayfield, Julie Browning

### Happy Anniversary to . . .

August 30—Mr. and Mrs. Joe Kitchens

August 31—Mr. and Mrs. Carol Davis

September 1—Mr. and Mrs. Wayne Nance, Mr. and Mrs. Flute Hutsell, Mr. and Mrs. John Schott

September 3—Mr. and Mrs. Manuel Aguilar, Mr. and Mrs. L. D. Griffin

September 4—Mr. and Mrs. David Johnston

September 5—Mr. and Mrs. Jim Myers

### Four-Tape Video Series Available Without Charge

"Success in School Starts at Home" is a four-tape video series available for free loan through the video checkout at Nance's Food Store through September 3. A brief outline of each tape will be displayed at the video center of the store.

Each video tape is approximately 45 minutes in length. In an informal discussion session, the speaker addresses parent concerns and answers parent questions about improving their children's school achievement.

The titles are: Fanning the Flame; Building an Achievement Oriented Family Environment; Developing Self-Esteem and Achievement Oriented Behavior; The At-Risk Student, and Motivating the At-Risk Student.

This program is provided for parents, teachers and school administrators and is sponsored as a Partners for Parenting program by the Briscoe County Extension Service to help parents and those who work with youth to take an active role in improving a child's success in school.

### Club Has Cookout Campout at State Park

Members of L. O. A. Junior Study Club and their families enjoyed a Back-to-School cookout and campout on a recent Friday night at Caprock Canyons State Park. Thirty-seven family members attended.

Hot dogs were served, and Otho Stubbs of Turkey brought some of his arrowhead collection to show and gave some history of the canyons.

Saturday morning, the husbands of members cooked breakfast for the group.

Attending were Paula and Lane Garvin, Brooke and Kurby, Marsha and Perry Brunson, Brandi and Lacy, Diane and Brian Donahoo, David, Paul and Seth, Martha and David Cavitt, Cathey Weeks, Leslie and Lindsey, Tina and Wayne Nance and Holly, Juannah Jennings and Lindsey, Kim and Zane Mayfield, Bryn and Gid, Darrah and John McCammon, Marshall, Lupe and Laura, Rhenda Burson and Kenzie.

### Owl POWER!

#### CHARLES VIRGIL BALLARD

Funeral services were conducted Tuesday, August 28, at 10:00 a.m. for Charles Virgil Ballard, 87, of Mission, Texas. Masonic graveside rites were conducted in the Silverton Cemetery by Rev. Bryan Donahoo, pastor of the First Baptist Church in Silverton.

Mr. Ballard died August 22 at Fort Davis, where he had gone to attend a family get-together. He had been under a doctor's care.

A member of the First Presbyterian Church in Mission, he was a coach and educator. He operated the drug store in Silverton from 1944 until 1948.

Survivors include his wife, the former Christine Bundy, of Mission; two daughters, Mrs. Joni Jo Stover of Laconia, New Hampshire and Mrs. Betty Lou Shamel of Kingsville, Texas; and five grandchildren.

#### JIMMIE ELMORE POINTER

Funeral services for Jimmie Elmore

### Learn to Quilt This Afternoon

"Come join the fun and learn to quilt Thursday afternoon, August 30, at the Senior Citizens Center," said Ruby McWaters early this week. "Twenty were there last Thursday, a quilt was put in and quilted on."

Those of all ages who are interested in quilting are invited to this and also to the all-day meeting of the Rock Creek Quilting Club in the home of Nina Martin Tuesday, September 4. Mrs. Martin lives one-half mile east of the Rock Creek Church.

### Kids' Choir to Resume At First Baptist Church

Kids' Choir will resume Wednesdays after school until 4:30 p.m. at First Baptist Church, beginning September 5.

All Silverton kids from kindergarten through sixth grade are invited to come for games, refreshments, singing, music activities and theory.

### Senior Citizens to Have Monthly Birthday Party

Silverton Senior Citizens will have their monthly birthday party Tuesday, September 4, at 7:00 p.m. at the center.

Those having birthdays in September will be honored. The hosts will be those having birthdays in August.

The group will be playing "42". You are invited to come and join in the fellowship.

### Comings And Goings

Maureen Cook of Graham, T. E. Stevenson of Ventura, California, John Robert and Ruby Stevenson of Hereford, Shirley Stevenson of Tulia and Jonnie Weaver visited Saturday with their cousins, Jettie Hardcastle and Bertha Mae Allard.

Mrs. Obra (Jessie Mae) Watson was a patient in St. Anthony's Hospital in Amarillo Thursday through Monday undergoing tests and treatment.

Lallie Patton underwent knee replacement surgery last Friday at St. Mary's Hospital in Lubbock. She is recuperating in Room 544.

Donna Tomlin McWaters left by plane from Dallas for Germany Sunday morning to join her husband, Robert McWaters, who is stationed with the armed forces there. She called home late Sunday night to tell her parents, Emmett and Sandi Tomlin, that she

had arrived safely.

Billy Wayne Garvin is recuperating from lung surgery at Methodist Hospital in Lubbock. He was treated for pneumonia at Central Plains Hospital in Plainview last week before being transferred to Lubbock.

## Notice of Public Hearing

### The Briscoe County Commissioners' Court

Will Hold a Public Hearing on **September 7, 1990** 10:00 a.m.

in the Briscoe County Courtroom For The Purpose of Considering the 1990-91 **Proposed Budget.**

At The Conclusion of the Public Hearing, the Commissioners' Court will take action on the Proposed Budget.

### Vaccines, Caution Help Prevent Rabies

The Texas Department of Health (TDH) routinely issues public reminders that pet owners need to renew their animal's rabies vaccinations yearly, as the law requires. However, health officials stress that shots for pets are only the minimum precautions Texans should take in avoiding exposure to

rabies.

People also should stay away from stray cats and dogs, particularly any that are behaving unnaturally. They also never should try to handle a wild animal which appears to have no fear of humans. It is impossible to know whether a stray animal without a tag has been vaccinated, and no vaccines have been developed for most wild species.

Veterinarians, trappers, hunters and cave explorers should note the general

health of any animals they encounter, and should consider precautionary immunizations against rabies every two years.

Bobby L. Davis, Director of the TDH General Sanitation Division, explained that anyone handling wild mammals risks exposure to rabies. In recent years, a wide variety of animals, including the first armadillo known to be diagnosed with the disease, have been reported to TDH. Also, for a second year, a serious outbreak of rabies has persisted among rural dogs and coyotes along the Mexican border.

At least one human death from rabies has occurred this year in Texas, resulting from a man being bitten by a bat.

"Bats are second only to wild skunks as the most frequent carriers of rabies," Davis said.

Davis said that bats in recent years have been proven beneficial in controlling insects and in pollinating crops. They also are innocent of evils attributed to them through centuries of folklore. "We know now how useful

bats are," he added. "but that is no reason for us to forget that they, like most other unvaccinated animals, can carry deadly diseases.

"We recently have been concerned about potential danger in the new public interest in bats, raccoons and other non-domestic animals. Some people have begun to adopt these species as pets, even taking them into school classrooms," he said.

"In our opinion at TDH, no animal should be allowed on school property unless it has a clean bill of health, and there is no way a veterinarian can certify that a wild animal does not carry rabies," David added.

Davis said that anyone who is bitten or attacked by an animal believed to be rabid should notify local health and animal control authorities. Specimens of the animal should be tested to determine whether the animal is rabid. Also, the victim's doctor may recommend treatment to prevent onset of rabies.

*Here's a hint for cooks: there are three teaspoons in a tablespoon.*

**A Voice From the Country**

Earl Cantwell  
*Gems & Allegorys*

One of the nicest things that can be arranged by any community is that of a school reunion, more often called "a homecoming". It does more than any other event to stir the memory; one of God's most wonderful, all be it mysterious, blessings. It was so interesting to be a bystander and observe the "goings-on".

The greetings of friends recognizing old friends, the sometimes flattering remark such as, "You haven't changed a bit" or "You look great", and then there is the sweet hypocritical pretention to recognize another, and the sometime frankness of an outspoken ex, "Now who are you?"

One of the more amusing things was the almost-blind aged ones bent over for a closer look at the lapel tag so generously provided. For me it was really embarrassing to have to tiptoe to read a name and then have to acknowledge, "I don't seem to recall you".

If you attended, you know it was one of the best arranged homecomings ever. Roses to those who did such a wonderful job of putting the "homecoming" together. I, though not an ex, enjoyed the occasion very much. Compliments to SHS. Keep it up.

For me the day was shadowed by the passing of another very close friend, Frank Hunt, who died suddenly the day before. You will, as I am doing, spend more than a moment thinking about my almost lifetime association with this noble man, recalling his slow soft drawling voice as he recalled events of the past, the unusual sense of humor that produced everything from a chuckle to "body-shaking belly laughs".

I was sad to see that in his latter months his health was failing, and that he was not found as frequently as before occupying his chair at the "table of wisdom" so called. I was saddened to hear he would not be there anymore. I would like to compliment his pastor for the gentle, moving message delivered at his service.

They say I'm growing OLD. I've heard them tell it times UNTOLD, in language plain and BOLD. But I'm not growing OLD!!! This frail SHELL in which I DWELL is growing old I know full WELL: But I'm not the SHELL. What though I'm bald and GRAY? Gray hairs are honorable, they SAY: What if my eyesight is growing dim? I still can see to follow HIM Who sacrificed His life for ME upon the cross of CALVARY. What should I care if time's old PLOW has drawn its furrows across my BROW? A better home not made by HAND, awaits me in that better LAND. What if I falter in my WALK? What if my tongue slows down to TALK? I still can tread the narrow WAY, I still can watch and PRAY. My hearing may not be as KEEN as in the past it may have BEEN. My ears deliver only STATIC, discordant notes EMPHATIC. Still I can hear my Savior SAY, in whisper soft, "This is the way," but e'er my soul shall fly AWAY, and leave this old tenement of CLAY. This robe of flesh I'll drop and RISE, to seize the everlasting PRIZE. I'll meet you on the streets of GOLD, and prove that I'm not growing OLD.

**Owl POWER!**

**July Weather is Cooler, Wetter On Texas South Plains**

The weather across the Texas South Plains during the month of July 1990 turned out to be cooler than normal with slightly above-normal rainfall.

Temperatures averaged 3.1 degrees below normal and ranged from 1.3 degrees below normal at Olton to 4.9 degrees below normal at Matador. Silverton's average temperature was 75.8 degrees, which is about half a degree below the South Plains average of 76.2 degrees.

Maximum temperatures averaged five degrees below normal and ranged from 2.6 degrees below normal at Levelland to 7.3 degrees below normal at Big Spring. The highest temperature of the month was 101 degrees at Paducah on the 4th, 6th and 12th. On only a few days did the mercury rise to 100 or 101 during July, somewhat different from June's record-setting heat.

Silverton's maximum temperatures averaged 88.0 degrees, slightly above the South Plains average of 87.9 degrees.

Minimum temperatures averaged 1.3 degrees below normal and ranged from 0.4 degree above normal at Olton to 2.7 degrees below normal at Jayton. The lowest temperature of the month was 48 degrees at Dimmitt on the 14th. Silverton's minimum temperatures averaged 75.8 degrees, slightly less than the South Plains average of 76.2 degrees.

Precipitation occurred mainly during the latter half of the month and averaged 0.32 inch above normal while ranging from 3.61 inches above normal

at Snyder to 1.43 inches below normal at Plainview. Much of the rain came with thunderstorms and sometimes with hail. Even though Quitaque reported hail, none of it fell on Silverton where the precipitation totaled 2.46 inches for the month, just .14 of an inch below the South Plains average.

**Vacation Ending; Kids Going Back to School**

It's that time of year again, when vacations end and it's back to school for the children. "Unfortunately, this also means an increase in traffic accidents involving school children," stated Major Vernon Cawthon, Regional Commander of the Texas Department of Public Safety. "Most of these accidents are caused by drivers who fail to follow safe operating procedures, as well as laws pertaining to passing a school bus," Major Cawthon stated.

State law requires drivers on the same roadway as a school bus that has stopped to load or unload school children to stop and REMAIN stopped until one of three things happens: the bus driver signals you to go on by or they turn off the flashing red lights, or the bus itself goes into motion. This law applies whether you are meeting the bus or whether you are going in the same direction as the bus. It also applies inside the city limits, as well as outside the city limits. The only exception to the law is that drivers on the other side of a divided highway (roadways separated by a physical median) are not required to stop. Motorists who fail to stop for a school bus could be fined up to \$200.00.

"We, as drivers, should realize the

dangers involved and do everything possible to prevent these needless deaths and injuries involving our school children," Major Cawthon stated.

**Last Leave**

by Dollie Allen

His leave was up, his bus pulled in,  
He would soon be on his way;  
I tried so hard to hide my tears  
From my soldier son that day.

But in that crowded station  
Not an eye was dry that day,  
Just before his bus pulled out  
I heard him softly say,

"Don't cry, Mom,  
You'll have me crying too;  
You'll see it won't take long, Mom,  
I'm doing this for you

And all the others here today,  
That they may always see  
This flag we love so much, Mom,  
Continue flying free.

See how proud she flies now,  
Our own Red, White and Blue,  
When we have made her safe, then  
I'll come home to you.

You know they must be stopped from  
This thing they plan to do,  
And I know it's asking much, Mom,  
Of others same as you."

From this son so proud and brave  
I turned to hide my pain,  
For something told me on that day  
He won't come home again.

He did, though;  
They sent him home today,  
Beneath the flag he died for,  
My son so young and gay.

I did not try to hold my tears,  
I freely let them fall,  
Upon the flag he died for  
And my son who gave his all.

Immunizations Needed By Infants and Children

Nurse Practitioner Shirley Watson of the Briscoe County Clinic in Silverton is reminding parents that infants and children need immunization to keep them safe from illnesses and diseases.

The immunization is available at the clinic. You may call 823-2000 or go to the clinic, which is located at 701 Commerce in Silverton, for more information.

Mrs. Watson provided the following recommendations for children's immunization:

- 2 months..... DPT/OPV -1
4 months..... DPT/OPV -2
6 months..... DPT/OPV -3
12 months..... TB Tine Test - Hct.
15 months.. DPT/OPV -4 - MMR - HIB
4-6 years..... DPT/OPV -5
12 years ..... measles booster (effective Sept. 1, 1990)
14-16 years ..... Td

The average person spends about 20 years asleep.

# On Top

The Bible, "God's holy word," is still the best seller, and most quoted book. From the original Greek and Hebrew this book has been translated into many languages.

Through the centuries men have devotedly studied and sought out the truth in the Bible. When one reads the Bible with an open mind, God's word is "as sharp as a two edged sword."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Go Owls

I want to thank everyone who helped in any way when I had my accident. A special thanks to Mary John for the cake. Leon Lavy

Thanks to the Fire Department, neighbors and everyone who helped with the fire at my home. Jim Cline

Buckle Up!

Texas Coalition for Safety Belts

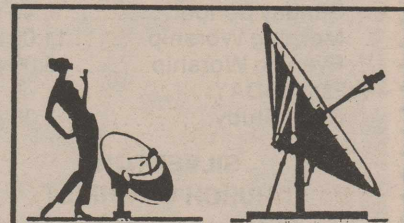

WATKINS BLACK PEPPER

Cracked and granulated (rather than crushed) to retain vital oil cells. Granulating eliminates pepper dust and the result is a superior sneeze-proof pepper. It's the best you can buy!

12 oz. \$9.99 6 oz. \$5.99

BRISCOE COUNTY NEWS Silverton, Texas

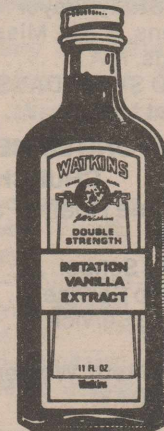

My deepest gratitude and thanks for each kindness and concern during my recent illness. May the Lord bless each of you. Jessie Mae Watson

this ..... not this
