NUMBER 36

All Around
The Town

BY MARY ANN SARCHET

FRIDAY IS FAMILY NIGHT

Owls to Host Wilson in Opener

All over the United States, our young men and women in the military and reserve units are waiting on standby for deployment to the Middle East.

One of Silverton's finest left for the Persian Gulf on Thursday night of last week, and even though he couldn't tell his family where he was going it is presumed that it was to Saudi Arabia.

David Schott's parents are asking that you remember him and his wife, Kim, in your prayers. This is David's address: USMC Cpl. Schott, David L., SS# 449-45-1282, "B" Co. 1st Plt. 3rd AAO Btn., FPO San Francisco, CA 96608-5522. He would love to hear from friends at home, but letters to him will be limited to 11 ounces. He was ordered to his new location for a duration of six months to one year.

David's wife has been employed in Oceanside, California, where they have made their home, but it is thought that after she gives notice to her employer she will be returning home to Texas. Even though some preparations had been made for this eventuality, it is difficult for these young people to know exactly how they will handle things when the order comes.

Another of Silverton's own who is in the service and stationed at Fort Polk, Louisiana, is Rena Castillo. She, too, is on standby for deployment to the Middle East.

Another who is standing by is Jett Mercer, grandson of the Joe B. Mercers, who lives with his wife and family in San Antonio.

Some troops have been ordered to the Middle East from Fort Sill, Oklahoma in the past few days and quite a few, apparently, are being taken from bases in New Mexico—especially, it seems, those who have been trained in desert fighting. We aren't being told exactly how many are being sent to the Middle East.

Our pressman at Blanco Offset, Juan Paul Martinez, is one of the reservists we know who is sweating out a standby notice. I don't know what Blanco would do without him; he is the one who operates the press that prints our newspaper and quite a few other area newspapers. Juan's reserve unit spent its active-duty training this summer in the jungle of Honduras. He says that you just can't imagine how poor the people there are. That's another story, but yes, they had live ammunition in their weapons while they were in the jungle.

As far as we know, all our other Silverton service men and women are continuing to standby. We spoke to J. L. Self about Jamie Frizzell as this paper was being prepared for printing Tuesday, and he said that as far as he

WTSU Becomes Part Of Texas A&M System

West Texas State University became a part of The Texas A&M University System (TAMUS) Saturday, with the statewide institution then having a Panhandle-to-the Rio Grande presence that did not exist as recently as a year ago.

With the addition of West Texas State University (WTSU), TAMUS will include eight academic units—twice as many as were part of it prior to the start of the present fiscal year. The additional university further enhances TAMUS' stature as one of the largest and most diversified educational systems in the nation, noted TAMUS Chancellor Perry L. Adkisson.

The three universities that formerly comprised the University System of South Texas (USST)—Texas A&I University, Corpus Christi State University and Laredo State University—joined TAMUS on September 1, 1989, the start of the current fiscal year.

Other academic units of TAMUS are Texas A&M University, Prairie View A&M, Tarleton State University and Texas A&M University at Galveston.

The eight universities have combined student bodies that total more than 70,000, including approximately 6,000 at WTSU.

TAMUS also includes eight research and service agencies embracing various aspects of agriculture, forestry, veterinary medicine, engineering and transportation.

"We are pleased to have West Texas State University join our system as it will allow us to strengthen an already strong presence in the Panhandle area," Dr. Adkisson said.

"The Texas A&M University System, with its land-grant mandate, has statewide responsibilities. This merger will allow us to be of even more service

knows Jamie is still at Fort Campbell.

We hope all families will continue to let us know the status of these young men and women.

Pray for them all!

to the West Texas area—to broaden and add to the quality of the many fine programs at WTSU and to benefit the area," he added.

West Texas State University's formal affiliation with TAMUS coincided with the start of the state's new fiscal year Saturday, but representatives of the 81-year-old West Texas institution and TAMUS pointed out that they have been together closely for several months in preparation for the merger.

The Texas Legislature authorized the merger during a special session last spring, subject to approval by the Texas Higher Education Coordinating Board and the two institutions' governing boards.

The TAMUS Board of Regents is scheduled to conduct a special telephonic meeting at 10:00 a.m. today to pass a resolution commemorating the merger and the transfer of the West Texas institution's governance from one body to another. The WTSU board will be officially dissolved.

A study that led up to the merger cited several long-term benefits for both WTSU and TAMUS.

Silverton PTA to Have Open House Sept. 11

Silverton PTA will begin the 1990-91 school year with an Open House at 7:00 p.m. on Tuesday, September 11. Following a brief business meeting in the school cafeteria, homemade ice cream will be served to parents, grandparents and those interested in the Silverton Schools.

All areas of the campus will be open for visiting. There will not be a guided tour, thus allowing those present to visit classrooms of their choice at their leisure.

Texas PTA's theme for this year is "Caring and Sharing—Through PTA."

Silverton's Owls and their parents will be introduced during Family Night activities beginning at 7:00 p.m. Friday at Payne Field. Kickoff time for action with the Wilson Mustangs will be 7:30 p.m.

The Mustangs are coming off a 2-8 season last year, but are returning five starters each way. They list their team weakness as "very young, slow." This is Wilson's third season to play six-man football.

The Owls are coming off another successful scrimmage, this one at Chillicothe last Friday night when the Owls outscored their opponent for the second consecutive week. This match was much more competitive than the one the week before, but the Owls rose to the occasion and Bradley Brunson carried into the endzone five times.

The Booster Club will be accepting membership dues at the concession stand and a table will be set up at halftime at the concession stand where Dorothy Martin will take dues payments.

Support the Owls at the home game Friday night!

Football Concession Stand Work Assignments

September 6, 5:00 p.m.—Valley Junior Varsity: Waynelle Couch, Ruby Graham

September 6—Three Way vs. Higgins, 7:00 p.m.: Gary and Cathey Weeks, Jeanetta and Doug Bradford

Win Owls

Blood Drive is September 18

Silverton's next blood drive is Tuesday, September 18, from 10:00 a.m. until 2:00 p.m. at the City Hall.

The bloodmobile from Coffee Memorial Blood Center in Amarillo will be here to take the blood donations.

Please show your concern for our area's children and share in the enthusiasm by attending this Open House.

Spider Mites Flourishing in Hot, Dry Weather

by Curtis Preston
 Briscoe County Extension Agent

Due to the extremely hot and dry weather this summer, spider mites have flourished in our lawns, trees and

shrubs. Spider mites are microscopic in size and therefore are very hard to locate. These mites produce a distinctive web, sometimes referred to as "webbing", as do other spiders.

The symptoms often are mistaken as heat and drought stress. The leaves will turn yellow and eventually die and fall off. Spider mites, if severe enough, can kill all of the leaves on a tree.

Spider mites are widespread this year, and as I drive around the county I see many trees and shrubs which are infected. They are one of the hardest insects we have to control. Partial control is the best one can hope for. One of the best methods is to keep the trees, shrubs and lawns as healthy as possible.

Healthy means as little stress as possible.

Water and fertilize to maintain a green, healthy appearance to the plant. The more stress a plant has the better spider mites flourish.

For homeowners, use malathion or a mixture of malathion and methoxychlor. These are the best chemicals we have to use. Be sure to read and follow label directions before using any chemicals.

For further information contact the Briscoe County Extension office.

One Fine Day to Reap Many More For Texans

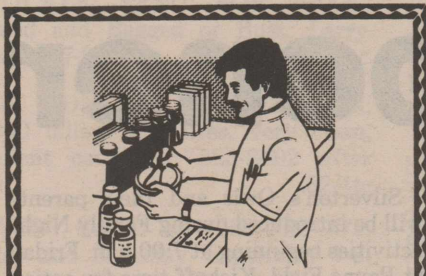

One fine day. That's all 1,400 Texas Adopt-a-Highway groups want September 15 for the Great Texas Cleanup-Greenup. More than 25,000 volunteers plan to leave a little something behind this time after they clean 2,800 miles of Texas roadway.

After clearing away ugly waste, the trash busters will leave seeds of natural beauty in their wake. Each group will plant a half-pound of wildflower seeds

on its adopted right-of-way. Given plenty of moisture this fall, the plantings should yield 2,000 square feet of blooms.

The seeds also are symbols of what the Texas State Department of Highways and Public Transportation hoped to accomplish this summer in its partnership with Anheuser-Busch Inc. Both organizations share the goal of getting their messages to the same target audience—males 18 to 34 years old.

So when the brewer came calling, eager to intercept the beverage containers being tossed onto Texas highways, the highway department saw an opportunity to talk to Bubba where he lives. The planting of the wildflower seeds caps the summer-long effort by both organizations to continue building the state's successful Adopt-a-Highway program. ★The Great Texas Cleanup-Greenup, scheduled for Saturday,

 Silverton, Texas**

September 15, will involve more than 25,000 Adopt-a-Highway volunteers in a one-day cleanup effort around the state.

★The Texas Adopt-a-Highway program, developed and sponsored by the State Department of Highways and Public Transportation, involves civic, community and business groups who "adopt" two-mile stretches of highways and take responsibility for keeping them clean. The Texas Adopt-a-Highway program is the first of its kind in the nation.

★The Adopt-a-Highway program was initially developed in the Tyler area to get local civic groups involved in the antilitter program. In March 1987, the program was introduced statewide and expanded to allow business and employee associations to participate. More than 3,600 groups have joined the program since it was introduced on a statewide basis.

★The goal of The Great Texas Cleanup-Greenup is to clear away the roadside trash and plant wildflower seeds, which should yield 2,000 square feet of blooms.

★The wildflower seeds are provided by Anheuser-Busch, Inc. as part of their \$5 million corporate sponsorship of the highway department's "Don't Mess with Texas" campaign.

★The Anheuser-Busch sponsorship also includes a series of TV and radio spots to support the promotion, Don't Mess with Texas banners at recycling centers around the state and point-of-sale consumer offers.

★Don't Mess with Texas is credited with a 60 percent reduction in litter after five years.

C. L. and Fairy McWilliams to be Honored at Reception Saturday

C. L. and Fairy McWilliams are to be honored by their children and grandchildren on the occasion of their fortieth wedding anniversary, and you are invited to join the family at the Silverton School Cafeteria Saturday, September 8, between 4:00 and 6:00 in the afternoon to extend best wishes to the couple.

It has been requested that no gifts be sent, and the occasion will call for casual dress.

The party is being hosted by Mr. and Mrs. Roy Henderson and daughters and Linda McWilliams and Colter, all of

Honey Grove, Texas. All friends and relatives are invited to attend.

Good Group enjoys Quilting Last Week

Fifteen met at the Senior Citizens Center for an afternoon of quilting last week.

It was discussed how to applique properly, and how to use freezer paper for patterns.

There will be a class on appliquing

and pattern-making later.

Come and visit a while at the next meeting Thursday afternoon.

Classmates Enjoy Visit in Home of The Rick Minyards

A time of visiting was enjoyed in the home of Rick and Beverly Minyard Thursday, August 30, when Jackie and Linda Vaughn, former Silverton residents, came for a visit.

Those attending included Jackie Vaughn of San Francisco, California; Linda Vaughn Dalton and Maqus of Fairfax, Virginia; Lydia Couch, Lyndon and LaShawn, Childress; Lee and Carol Bedford and Weston, Claytonville; Tammy Brannon, Stormy and Sage, Flomot; Jace and Becky Francis, Samantha and Wesley; Arlene Curry, Steve and Marsha Green, Kylie and Karlie, James and Becky Dunn, Danny and Ami, Faye Lynn Maciel, Amy and Joshua, Twila Baldwin and Zack, Kim Mayfield, Rick and Beverly Minyard, Ryan and Eric and Roy Reed.

Watkins-Sweet Vows Exchanged August 11

Melanie Watkins and Donald Sweet were married Saturday, August 11, at the Coulter Road Baptist Church in Amarillo. The Rev. B. L. Davis performed the ceremony.

The bride is the daughter of Fayree Watkins of Amarillo and the late Melvin Watkins. She is the granddaughter of Mrs. Ollie McMinn, and she and her son, Travis McMinn, attended the wedding ceremony.

Mother of the groom is Donna Sweet of Amarillo.

Honor attendant was Sherida Robertson of Amarillo. Bridal attendants were Vanessa Baker, Rhonda Maloney and Janet Kroeger, all of Amarillo.

Best man was Duke Sanders of Amarillo. Groomsmen were Ronnie Stanhope and Rollin Kroeger, both of Amarillo, and Kenny Fulton of Pampa.

Guests were seated by Cliff Davis and Kevin Davis, both of Pampa.

Candles were lighted by Todd Shoemake and Matt Shoemake, both of Amarillo, nephews of the bride.

The bride works as a legal assistant at Smith, Jarrell and Associates in Amarillo. The groom is employed by Gilvin-Terrill, Inc.

Silverton School Lunchroom Menu

September 10-14

Monday—Ham Slice, Macaroni and Cheese, Spinach, Hot Rolls, Fruit and Jello, Milk

Tuesday—Meat and Cheese Taco, Salad, Pinto Beans, Cornbread, Milk

Wednesday—Pot Pie, Salad, Crackers, Brownie, Milk

Thursday—Steak and Gravy, Mashed Potatoes, Green Beans, Hot Rolls, Milk

Friday—Hamburger with Cheese, Salad, French Fries, Cookie, Milk

Sunday School Convention Scheduled In Lubbock

A Texas Baptist Regional Sunday School Convention is scheduled at Southcrest Baptist Church in Lubbock on Tuesday, September 18.

The Lubbock convention is one of 24 scheduled throughout the state by the Sunday School Division of the Baptist General Convention of Texas to help strengthen Sunday School work in local churches.

"Breakthrough: Reach to Win Texas" is the theme of the convention to motivate and provide information to help Sunday School workers "breakthrough" barriers in reaching people for Bible study.

Featured speaker for the Lubbock convention is Jimmy Garcia, coordinator of the BGCT Ethnic Missions Section.

Age-group, general officer and a variety of special-interest conferences will be offered during the convention including conferences for Sunday School Leaders in Hispanic congregations.

Schedule for the convention is 2-4:45 p.m. and from 6:45-9:20 p.m. There is no registration fee and pre-registration is not required.

For more information about the convention, contact the Baptist General Convention of Texas, Sunday School Division, 333 North Washington, Dallas 75246-1798, (214) 828-5200.

Shape-Up West Texas Fall Classes Set To Begin

Shape-Up West Texas will begin its 12-week fall session of classes on Tuesday, September 11. Course offerings include lap swimming, senior citizens' swim, circuit training, weight training, aerobic dance, water aerobics, rock aerobics and healthy weigh, a medically supervised program with emphasis on weight loss.

Registration is scheduled for 6:00 p.m. Monday, September 10, in the Activities Center, Room 206, on the West Texas State University campus.

Cost of the program is \$40 regular membership, \$70 husband/wife membership, \$30 faculty/staff/booster membership, \$20 part-time student membership and \$12 full-time student membership. Payment is due at the time of registration.

For more information, contact Craig Clifton, WTSU wellness coordinator/director, at 806-656-2335 or 656-2324.

Mr. and Mrs. Glen McWaters and Glenda of Lamesa visited Saturday night and Sunday with his parents, Joe and Ruby McWaters. Late Sunday afternoon, they went to Quitaque for a visit with her mother, Fay Dudley.

J. R. STEELE 806 823-2097	900 Braidfoot Street Silverton, Tx. 79257
------------------------------	--

According to Lubbock-based Plains Cotton Growers, Inc., High Plains producer representation for 1991 on the governing bodies of three national cotton organizations was determined recently in Dallas at a caucus of 19 Texas cotton interest groups.

The caucus chose two delegates and three alternates to the National Cotton Council (NCC), three members and four alternates to the Board of Cotton Incorporated (CI), and two nominees each for members and alternates to the Cotton Board. PCG was represented at the caucus by President J. Larry Nelson of Tulia, Vice President Wayne Huffaker of Tahoka and Executive Vice President Donald Johnson.

Selected to serve three-year terms as NCC delegates from the High Plains were PCG Board Chairman Steve Verett of Ralls and Kevin Belt of Lockney. Chosen as their alternates respectively, were Ron Craft of Plains and Dan Smith of Lockney. A third alternate, Douglas Martin of Tulia, was named to replace R. H. Reaves of Levelland who resigned to accept a position on the CI Board. Martin will serve as alternate to Jackie Burris of Brownfield who became an NCC delegate last year.

Named as area CI Directors were Huffaker, Nelson and Doyce Middlebrook of Shallowater. Their respective alternates will be Kevin Riley of Dimmitt, Reaves and Jackie Mull of Idalou. The fourth alternate, Daniel Hirt of Garden City, was chosen to replace resigning Newt Dyer who was serving from the Lower Rio Grande Valley area.

Cotton Board members are nominated, not elected, by state caucuses. One director and one alternate each are named as first and second choices. Although the Secretary of Agriculture normally accepts the first choices, he has the option to appoint either. As first choices the Texas caucus nominated S. M. True of Plainview as board member and Kent Nix of Lamesa as his alternate. The second pair of nominees consists of Myrl D. Mitchell of Lenorah, member, and Verett, alternate.

The National Cotton Council is cotton's organization representing producers, ginners, warehousemen, merchants, cottonseed crushers, cooperatives and manufacturers. Its primary purposes are to develop and effectuate industry policies on legislative, regulatory and trade matters, to expand domestic and export markets for cotton and cotton products, and to provide the industry with research support, economic analyses, public relations and technical services. Its support comes from all industry segments and policy positions must be approved by a majority of delegates from all sectors.

Cotton Incorporated conducts programs of research, product development and consumer advertising and promotion, plus providing technical assistance to mills, manufacturers and retailers. It is funded solely by a producer check-off authorized under the Cotton Research and Promotion Act of 1966. Its 38 directors and 38 alternates, all cotton producers, are divided between states according to the volume of production and financial contribution of each.

The Cotton Board is a quasi-governmental body which represents USDA in administering the cotton research and promotion program. It contracts with CI to carry out approved activities, supervises the check-off collection and refund system, and

conducts information programs for producers.

Commenting on the High Plains representatives to all three organizations, PCG President Nelson said PCG's paramount goal is to place

the right people in the right position to make a maximum contribution, "and we are well pleased with the results of this year's caucus."

A Voice From the Country

Earl Cantwell
Gems & Allegories

A wise old owl sat in an oak. The more he heard the less he spoke; the less he spoke, the more he heard. Why can't we be more like that old bird?

A boneless tongue, so small and weak, can crush and kill, declares the Greek. "The tongue destroys a greater horde," the Turk asserts, "than does the sword." The Persian proverb wisely saith, "A lengthy tongue—an early death"; or sometimes takes this form instead, "Don't let your tongue cut off your head". While Arab sages this wisdom impart, "The tongue's great warehouse is the heart". From the Hebrew this maxim sprung, "Tho' feet should slip, ne'er let the tongue". The sacred writer crowns the whole, "Who keeps his tongue, doth keep the whole" . . .

A music lesson: Sometimes "B" sharp. Never "B" flat. Always "B" natural.

Bill: "Since when did you stop singing in the choir?"

Charlie: "Since the Sunday I was absent, and everyone thought the piano had been tuned."

Confusion was created by a church bulletin which read: The text for today, "Thou shalt not steal". The choir will sing, "Steal Away, Steal Away".

The most inflammable kind of wood is a chip on the shoulder.

Excuses are so small that we can be seen every time we try to hide behind them.

The ladder of life is full of splinters, but you don't realize it until you begin to slide down . . . An optimist is one who is happy when he is miserable. A pessimist is one who is miserable when he is happy!

A wrong-doer is often someone who has left something undone, not always

the man who has done something wrong.

There is no policy like politeness, and a good manner is the best thing in the world to get a good name, or to supply the want of it. Good manners are a part of good morals, and it is as much our duty as our interest to practice both. Good manners is the art of making those around us at ease. Good manners should begin at home, and politeness is not an article to be put on as a dress. Good manners are the result of much good sense, some good nature, and a little self denial for the sake of others. Home is the school for all the best things.

When a man's a man, he doesn't lie, and he will not play the cheat; and he doesn't look with scornful eye at the beggar on the street. He doesn't brag of the things he has done or talk of the lands of gold. When a man's a man, you will find my son, that he is gentle with the old.

Now is The Time to Control Volunteer Wheat

Now is the time for producers to control their volunteer wheat. Volunteer wheat is the main source of infection of leaf rust and wheat streak mosaic, as well as infestation of Russian Wheat Aphids to the fall-seeded wheat.

There are three main practices producers can use to reduce the significance of wheat streak mosaic:

1. Destroy volunteer wheat at least ten days before planting wheat
2. Delay planting as long as possible. By planting late, the wheat will not be infected as early, thus, yields will not be reduced as much as in early plantings.
3. Select a wheat variety that has disease resistance

Varieties that performed well in 1988 where wheat streak mosaic was present were Tam 200, Tam 107, Chisholm, Concho, Thunderbird, Triumph 65 and Mesa. Varieties that were poor performers were Mustang, Scout 66, Rall, Larned and Pioneer 2180.

For further information, call the Extension office at 823-2131.

It is claimed in some legends that, in ancient Egypt, baboons were trained to wait on tables.

Public Notice

Southwestern Bell Telephone Company has filed an application with the Texas Public Utility Commission to introduce new optional services - Call Control Options. The initial service areas will be Laredo, McAllen and Austin. Expansion into other service areas will be based on availability. Customers in other areas will be notified when these services become available.

Call Control Options include six new services - Call Blocker, Call Cue, Call Return, Priority Call, Call Trace and Selective Call Forwarding. The features will be available to single-line residence and business customers.

Call Blocker - enables the customer to block incoming calls from a maximum of three specified telephone numbers and/or to block the last incoming call.

Call Cue - enables the customer to automatically redial the last outgoing telephone number dialed. If the recalled number is busy, equipment will monitor the line for a maximum of 30 minutes and will let the customer know when the call can go through.

Call Return - enables the customer to automatically redial the telephone number of the most recent incoming call. If the number is busy, Call Return will continue to dial the number for up to 30 minutes, or until it completes the call.

Priority Call - provides the customer with a distinctive alerting signal, ring or Call Waiting Tone (if the customer has subscribed to Call Waiting), when the customer is called from a maximum of three preselected telephone numbers.*

Call Trace - enables the customer to initiate a trace of the last incoming call received. The number, date and time will be recorded by Southwestern Bell Telephone so that the call's origin can be identified.

Selective Call Forwarding - enables the customer to forward incoming calls from specified telephone numbers (maximum of three) to another telephone number.

Proposed Rates (monthly)

	Residence		Business	
	Individual	Packaged	Individual	Packaged
Call Blocker	\$3.00	3.00	\$3.00	2.00
Call Return	3.00	3.00	4.00	3.50
Priority Call	2.50	1.00	3.00	2.00
Call Cue	2.00	2.00	4.00	3.50
Selective Call Forwarding	2.00	1.00	2.65	1.00
Call Trace**	1.00	1.00	1.00	1.00

Installation charges for residence customers will be \$2.70 per feature, with a maximum installation charge of \$5.40 per request per line. Installation charges for business customers will be \$5.40 per feature, with a maximum installation charge of \$10.75 per request per line.

The proposed date for Call Control Options to be offered is October 7, 1990. These services, however, will not immediately be available to all customers in all areas of the state. Customers in other areas will be notified when these services become available.

Call Control Options are projected to generate first-year annual revenues of \$1,900,000.

Persons who wish to comment on this application should notify the commission by September 27, 1990. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

*Some telephone equipment may not be compatible with Priority Call Service.
 **In addition to the \$1.00 monthly rate, Call Trace will cost \$8.00 per use.

On Top

The Bible, "God's holy word," is still the best seller, and most quoted book. From the original Greek and Hebrew this book has been translated into many languages.

Through the centuries men have devotedly studied and sought out the truth in the Bible. When one reads the Bible with an open mind, God's word is "as sharp as a two edged sword."

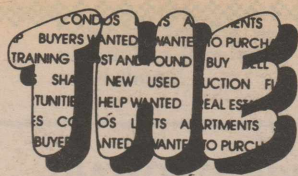

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

What is missing from FOOTPRINTS OF TIME IN BRISCOE COUNTY 1876-1976? Only what you will find in VOLUME II that is scheduled to come off the press in December, 1991. Included will be family histories, county communities, churches, schools, military personnel, historical markers, memorial pages, and more topical histories that were not included in Volume I. Much has happened in Briscoe County since the publication of our Volume I history; and some of our county residents were omitted because no one bothered to submit their family history. In fact, the story has just begun!

One hundred years from today, what will people know about you? Probably little, unless you write it down! If that writing is not preserved in a book it may be lost. Here is the solution: write it down and send it to us.

The Briscoe County Historical Survey Committee is sponsoring, compiling and publishing Volume II of FOOTPRINTS IN TIME IN BRISCOE COUNTY. This book will be unique as it will be written by the people in the county, thus giving emphasis to the importance of family life in our history. If you are presently living in, or have previously lived in Briscoe County, we NEED and WANT your family biography. The history of Briscoe County is for **everyone**, and will only be complete to the extent that we all participate.

In WRITING YOUR FAMILY HISTORY, give the county or state from which your family came, the approximate date they came, and the area of Briscoe County where they settled. Write the story as you would tell it in reminiscence, and then it will be interesting reading for others. IF YOU WERE NOT INCLUDED IN VOLUME I, your family history should be a maximum of 500 words. Each family history of 500 words or less may be accompanied by **one photograph** at no cost. (See BOOK ORDER BLANK for extra words and pictures.)

IF YOUR FAMILY HISTORY WAS INCLUDED IN VOLUME I, please supplement and update (not repeat) it in 250 words or less—you will also be allowed one photograph per family history at no cost. **Count every word and indicate number of words at the end of your story. Sign your name at the close of your story to show who was responsible for submitting it.**

Please help us preserve our heritage by participating in this project. SEND one PHOTOGRAPH (current or historic—no Polaroids). Indicate the date, names of people and caption for the picture on a separate sheet. Do not write with ballpoint pen on backs of pictures. Because the photographs will be handled many times, **send reprints of any valuable or irreplaceable photographs.** Your picture will be returned to you after the book is completed. **However, we cannot be responsible for lost pictures.**

ALL STORIES MUST BE DOUBLE SPACED AND TYPED ON 8½x11 INCH PAPER. If you cannot have it typed, please contact the County Judge's Office for the name of someone who will do it for you at a reasonable cost. Be sure your copy is **completely legible and easy to read** before submitting it for typing.

To Purchase Your Copies . . .

If you wish to purchase a book, use the **BOOK ORDER BLANK** in this brochure. The pre-publication price is \$60 (+ \$4.35 sales tax) and the number of copies printed will depend upon the number of pre-publication sales. **IF** extra books should be available, they will be priced at a much higher rate after they come off the press. To be sure that you can get all of the copies of Volume II that you want for your family, enclose your completed **BOOK ORDER BLANK** and remittance for books with your story. The histories and pictures should be sent in as soon as possible, but **NO LATER THAN JANUARY 15, 1991**. Send your material and check or money order to:

Briscoe County History Book
Box 299
Silverton, TX 79257

There is still so much to tell and this is your **SECOND** chance to record the history of your family for the generations who will follow. If your story was included in Volume I, but you would like to add to it or perhaps expand upon the life of a particular ancestor, now is your chance. If you have never written your family history, don't wait. Make an investment in the future. **SECOND CHANCES DO NOT COME AROUND EVERY DAY!**

Deadline January 15, 1991

Help! Help! Help!

If you know of anyone who needs to be contacted about being included in Volume II of **FOOTPRINTS OF TIME IN BRISCOE COUNTY**, please secure extra brochures for them, or send us their complete name and mailing address **IMMEDIATELY**.

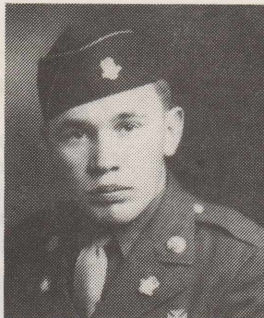

RAMPLEY, O. C.

Second Lieutenant O. C. Rampley, son of Mr. and Mrs. H. P. Rampley, B.S. and M.A. Degrees WTSU, entered United States Marine Corps Aug. 17, 1942. Trained at Parris Island, SC, Quantico, VA and Camp Pendleton, CA. Served in Pacific during WW II as Transport Quartermaster aboard the USS Thomas Jefferson. Married Faye Gene Davis Sept. 16, 1944. Discharged Dec. 28, 1945.

WALKER, ROY MACK

T-5 Roy Mack Walker, son of Mrs. E. C. Newman. Entered service Dec. 1942, trained at Camp Crowder, MO. Served in Signal Corps in Germany.

STRANGE, WILLIAM J.

William J. Strange, son of Mr. and Mrs. Bryan Strange, entered U. S. Army Feb. 15, 1943. Trained at Fort Sill, OK, Camp McCain, MS, Fort Jackson, SC, Fort Benning, GA, Camp McCall, NC. Served as paratrooper in WW II Pacific Theater (Philippines, Okinawa, Japan). Discharged Feb. 15, 1946.

Military Personnel

A special section featuring Briscoe County residents who have served, or are now serving, in the United States Military Service will be included in Volume II of **FOOTPRINTS OF TIME IN BRISCOE COUNTY**. There will be no charge for inclusion in this section, but rules must be closely adhered to.

Please send one picture (bust picture of service personnel alone in military attire if at all possible) with a **brief** (60 words or less) biography of their military service.

Include in your story as many of the following that apply:

COMPLETE NAME, RANK, PARENTS NAMES, DATES OR SERVICE, BRANCH OF SERVICE, NAME OF WAR OR CONFLICT, AWARDS OR DECORATIONS RECEIVED, THEATER OF OPERATIONS.

Pictures should be reproduced ahead of time for this purpose so you can meet our deadline of January 15, 1991. We will **TRY** to return all photographs, but we cannot be responsible if they are lost or damaged due to the number of times they will be handled in the production of Volume II of **FOOTPRINTS OF TIME IN BRISCOE COUNTY**. Be sure to properly identify all pictures and name the person they are to be returned to. They will be printed one column wide, with no exceptions.

This section may be edited (**NOT CHANGED**) if available space demands it, so keep your narration **concise and factual**. The complete history of their life should be submitted in the family history section if they were not included in Volume I. You may want to expand upon war experiences in the family history section.

Items to Consider in Writing Your Family Household History

I. When and why your family came to the county:

1. How old were you (if you weren't born here).
2. Include as many generations as you like.
3. Where did they learn of the county.
4. Where did they settle.
5. Your childhood: health, accidents, playmates, trips, brothers and sisters, unusual happenings, visitors, relatives you remember, factors that influenced your lifestyle.
6. Schooldays: schools attended, teachers, special activities, achievements, humorous situations, who or what influenced you most.
7. Birth, death and marriage dates.

II. Activities

1. Jobs: What your ancestors did for a living.
What your present occupation is.
2. Sports.
3. Transportation in your family.
4. Courtship and marriage: where you met, proposal, wedding parties, honeymoon, meeting your in-laws.
5. Married life: settling down, your new home, housekeeping joys and sorrows.
6. Military service.

III. Avocations:

1. What you do for recreation.
2. Civic and political activities.
3. Church: activities, influences.
4. Hobbies
5. Travels
6. Family landmarks and historical sites.

IV. Remembrance:

1. Special celebrations.
2. Holidays, birthdays, etc.
3. Ancestors: impressions of those you knew and heard about.
4. Hardships.
5. Humorous incidents. Frightening experiences.

V. Writing tips:

1. Tell what is interesting and meaningful to you.
2. You will not be graded. This is not a test!
3. A story that does not embarrass or hurt someone is acceptable.
4. If your story is not included, our Volume II of FOOTPRINTS OF TIME IN BRISCOE COUNTY will not be complete.
5. DO IT NOW!

AFTER YOU HAVE WRITTEN YOUR HISTORY—DO NOT DELAY! SEND IT TO THE ADDRESS SHOWN!

This book about Briscoe County which you as a newcomer or long-time resident are helping to create will be 9x12 inches in size, and will be beautifully bound in a hardback cover to match FOOTPRINTS OF TIME IN BRISCOE COUNTY 1876-1976. What a family heirloom this potential collector's edition makes! Something to be treasured by current and future family members. This history will contain information through 1990 with approximately 600 pages, depending upon the number of biographies received and books ordered. Anticipated delivery will be December of 1991.

As a non-profit organization, our purpose in writing the heritage of Briscoe County is to preserve historical records for the education and enjoyment of future generations. This historical book is available on a pre-sale basis only. We are going to print only the number of books sold in advance. There are no current plans for after-publication sales, but if some are available, the price will be higher. If you purchase a copy, it will add greatly to the success of the book. However, you may order as many copies as you like. The pre-sale price of this limited edition is \$60 + \$4.35 sales tax (7 1/4 %). If you wish your copy mailed, add \$4.00 for postage and handling per book.

All money will be held in escrow for payment to the publisher at a later date. Your check or money order must be made out to Briscoe County History Book and mailed to P. O. Box 299, Silverton, TX 79257.

BOOK ORDER BLANK THE HISTORY OF BRISCOE COUNTY, TEXAS

Footprints in Time!

The Briscoe County History Book
P. O. Box 299
Silverton, TX 79257

Send copies (not originals) of irreplaceable photographs along with attached names of people, date and caption for the picture. Indicate to whom the picture is to be returned after the book is completed. Do not write with ballpoint pen on the photograph. Because the photographs will be handled many times, **we cannot be responsible for lost or damaged pictures.**

Come On — Get Busy Now!

WORD LIMIT

It is necessary to have a 250 word limit UPDATE for each family history included in the original printing of FOOTPRINTS OF TIME IN BRISCOE COUNTY 1876-1976, and a 500 word limit for those who were not, so that we can include as many families as possible in Volume II. If you need more words, you can have them at 15 cents per word over the limit. You may also have extra pictures by paying for them—see BOOK ORDER BLANK for details. This simply pays for additional space taken when extra pages are added to the book. Please list the full names of all family members mentioned in your story on a separate sheet of paper for index purposes.

The new Volume II of FOOTPRINTS OF TIME IN BRISCOE COUNTY will be a companion to the original pictured above and will be matched as closely as possible with materials available at this time.

Extra brochures may be picked up at the Briscoe County Judge's office at no cost. However, if you wish them mailed to you, send a self-addressed envelope and 25 cents for each brochure requested to BRISCOE COUNTY HISTORY BOOK, Box 299, Silverton, TX 79257.
