

Hammers Hold Winning Streak-Slaton 35-0

Rotan's Hammers swamped Slaton Tigers 35-0 last Friday night at Slaton. Yellowhammers pushed across a pair of touchdowns in the first half, then scored three more in the fourth.

Halfback Donald Goodrum started the scoring for the first of his 3 touchdowns with a 46-yard run around left end. End Joe Garcia hit the placement of the Hammers forged 7-0 ahead.

Goodrum scored his team's second touchdown from four yards out with a drive up the middle with 2:44 left in the second quarter. QB Steve Herron's pass, intended for Garcia was incomplete and the half ended 13-0 for Rotan.

EB David Baugh picked up a third TD for the Hammers with six minutes left in the third stanza. Baugh hit from six yards out and Goodrum added two more points to the score by running for the conversion.

Garcia scored, gathering in Herron's 6-yard aerial for the tally. Garcia's kick was good and the Hammers stood 28-0.

Goodrum drove over from two yards out with 34 seconds left in the game and Garcia place kicked, closing out with 35-0.

The Hammers outplayed Slaton team in every phase of the game. They face their hardest game thus far in the season Friday night when they entertain Hamlin's Pied Pipers, in a non-conference tilt. Hamlin has one of the strongest teams in the area and the Hammers are going to need your support!

Jr. High 30-0 Win Over Hermleigh

Incarnation (Shun) Castillo broke loose with an 80 yard run during first quarter, Wednesday night when they took Hermleigh Cardinals 30-0. Extra points were made by Gary Trim.

Gary Trim then ran 20 yards for touchdown and Castillo made the extra points.

Mike Thornton snared a pass for Rotan's third TD. Eddie Edwards then spins a dashing touchdown making the final 30-0.

Rotan is very proud of their Junior High team and wish them much success during the season.

Booster Club To Have SW Con. Film Monday

The Booster Club has a added feature for Monday night's meeting. Humble's Highlights of 1960 film with Kern Tipps narrating will be shown as well as the Rotan-Hamlin film.

The meeting will be held in high school auditorium at 8 p. m. and everyone is cordially invited to attend. No admission charge.

P & D Secures Fransiscian Line

P & D Jewlery has been named franchised dealer for Fransiscian Ethernware in Rotan.

Mr. Donahoo has a large stock of this popular line and will be happy to show his stock. He carries this in open stock which is an added feature.

See his special offering in this issue.

Grand Opening Of New Store Friday & Saturday

Dee's Shoe Shop & Western Store has the stage set for their Grand Opening at the new location this week. The event will be held Friday and Saturday and they have \$200 in prizes of merchandise to be given. No purchase necessary. just stop by and register.

Mr. and Mrs. Reese have worked several months in preparation for the new store, which covers over 3900 square feet and a large balcony. The building and store is modern in every respect. Kim tile floors give a beautiful effect and the acoustical ceiling is of the latest type. Brilliant florescent lighting covers every part of the store.

The building front was touched off this week when Mr. Reese placed a huge boot in colors on the front awning and two large western hats, these are very attractive and greatly adds to the appearance of main street.

The show window is unique, having the effect of a rope corral, carrying out the Western theme of the business.

The Reeses' have been in business for twelve years in Rotan and have built a large business in their line. The new store is one of the most complete and modern Western stores in the area.

They carry a large stock of Western and Sports wear for every member of the family. The boot and Shoe repairing department is enlarged and is one of the most important phases of their business. The saddle making and repairing in charge of Fred Wholen, who is a master in his trade. In addition to the boot and shoe repairing, Mr. Reese is licensed and trained to fill any doctor's prescription on foot problems. He does much work of this nature.

He does much work of this type. This store is a real asset to Rotan, it draws trade from a large territory and Mr. and Mrs. Reese are always ready to help with any worthwhile movement for the improvement of Rotan.

Local Delegates Attend State HD Convention

Mrs. H. L. Dycus of the Rotan HD Club and Mrs. Dixie Boyd of McCaulley were delegates to the State HD convention. They reported to Hobbs HD Club Sept. 14 in the first meeting since summer vacation in the home of Mrs. Dale Cave.

The report was very interesting and was enjoyed by all. Six members were present.

Next meeting will be Sept. 28 in the home of Mrs. J. E. Gantt.

Mr. and Mrs. R. R. Terry attended Mrs. Claude Spikes' funeral in Lorraine Sunday.

New Postoffice Announcement Made

Plans to build a new post office building in Rotan, were announced today by Postmaster General J. Edward Day.

"The new building," Mr. Day said, "will implement President Kennedy's program to stimulate the economy and at the same time carry out the Post Office Department's objective of more efficient postal service and improved working conditions for postal employees."

"The President's accelerated program," the Postmaster General pointed out, "calls for the construction and modernization of postal facilities throughout the nation, with private industry investing the capital to build new facilities for lease to the Department during this year." "In addition," he said "contingent upon the availability of funds, the Post Office Department is going ahead with the modernization of postal space in Federal buildings."

The building in Rotan will be located at the northwest corner of intersection of Garfield Avenue and Mead Street. The building site is owned by Mrs. John Price of Fort Worth. Preliminary plans call for a site containing approximately 10,500 square feet.

The Postmaster General said the building will be constructed under the Department's Commercial Leasing Program, which utilizes resources and investment funds of private enterprise for needed postal buildings.

The Department's capital investment, Mr. Day said, will be limited substantially to postal equipment. The building will remain under private ownership while leased to the Federal Government and the owner will pay local real estate taxes.

Plans and specifications for the new building, as well as bidding forms and other pertinent data, will be made available to prospective bidders at an early date, at which time the Post Office Department will advertise for bids. The site option will be transferred to the successful bidder, who will purchase the land, construct the building and lease it to the Department on a long term basis.

Whe Back The Hammers!

The students of Rotan High School and the faculty want to invite the public to attend a Pep Rally in the auditorium at 3:20 o'clock Friday evening. We have a fine football team that is going to Beat Hamlin, Friday night and we want to ask the public to help us in backing the Hammer team by attending the Pep Rally and the game which will start at 8:00 o'clock Friday night.

The student body and faculty expressed thanks to all the merchants who have decorated their windows. Attend the Pep Rally and help back our team to VICTORY!

Miss Lucille Smith, who was in the hospital for some time for treatment is now spending several hours each day at her place at D. J. Smith & Co. Her many friends are very happy to see her able to be back on the job.

Friday, Sept. 29
Red beans, French-fried potatoes, vegetable salad, corn bread, butter, collbler, milk.

Mr. and Mrs. Homer Freeman and family, Shirley O'Brian of Irving; Mr. and Mrs. Lynrae Carpenter of Big Spring came to spend the weekend with their parents Mr. and Mrs. Dennis O'Brian and sister and husband, Mr. and Mrs. Kenny Mitchell.

Most Former Residents Suffer Light Damage In Hurricane Area

Most of the former Rotan residents now living in the area on the coast which was damaged by the hurricane last week were fortunate. From information available the F. E. Underhills suffered the greatest loss, as their home was practically destroyed. Lonnie Master home was also damaged considerably.

Many of the former residents lived in sections that suffered heavy loss but they were very fortunate.

Lank Bank Meeting To Be Friday in Roby

The Federal Land Bank Association of Roby is holding the annual Stockholders Meeting Friday in Roby. The Association under management of Ralph C. South serves a large number of farmers and ranchmen of the area. The Association has closed new 55 loans during the past year for a total of \$477,650, with total loans of \$3,310,075.41 in Fisher, Nolan and Taylor counties.

Following the business meeting in the morning, noon meal will be served at cafes in Roby.

Red Cross Hurricane Aid Call Made

Citizens of Fisher County opened their hearts and money in the appeal last week for used clothing, food and money for the relief of the folks who were in the path of hurricane Carla.

The American National Red Cross has been designated by the Federal and State government as the official agency in the rehabilitation work in the various cities that were hit by the hurricane and are making appeal for \$1,000,000 in the state from the towns and cities not affected and has asked Fisher County chapter of the Red Cross for \$424,000, a very small amount and should be easily and quickly raised.

These funds will be used in rebuilding homes and small business for victims needing such assistance due to lack of personal income, insurance or other personal resources.

Citizens of Fisher County are asked to mail contributions to Fisher County Chapter of Red Cross. J. M. Jackson.

WSCS Begins Study Of 'The Edge'

The W. S. C. S. met Monday afternoon in the Church Sanctuary. Opening song, "The Church With One Foundation" was led by Mrs. Lenna Birdsong. The devotional and prayer was given by Mrs. H. F. Grindstaff. Mrs. R. T. Williams taught the first lesson in the study of "The Edge" by Theo Madison.

At the conclusion of the study a very interesting discussion was given by the group. Mrs. Grindstaff gave the dismissal prayer. Present were Mmes. Mark Strickland, Wayne Porter, Parker Kennedy, Roger Smith, R. L. Springer, Nancy White, Joe Kiker, W. A. Rives, A. S. Lawlis, R. T. Williams, Homer Aaron, C. R. Polk, W. A. Shope, Lenna Birdsong, H. F. Grindstaff and Phil J. Malouf.

Mrs. Joe Taggart came home Sunday from Abilene where she had spent several days with her grandson and family, Mr. and Mrs. Jimmy Taggart who have a new baby boy. He was born Sept. 11 and has been named Stevie Lane. The Jimmy Taggarts have three other children, Nancy, Randy and Danny.

Mrs. Wayne Brown of Crane and her sister Mrs. Yole Key of Midland spent last weekend here with their mother Mrs. Hazel Loving, who is in the Rest Home. Mrs. Brown is the former Mabel Loving and Mrs. Key was Wilma Loving. They would appreciate friends visiting their mother.

Clark Taggart is home and recovering from surgery which he recently had at Callan Hospital.

Laverel Gruben of Texas Tech spent last weekend here with his family.

Home of F. E. Underhill's Destroyed By Hurricane

Mr. and Mrs. E. C. Underhill received the following article which appeared last Thursday in Port Lavaca Daily News. It describes the condition of the home of their son and family, the F. E. Underhills:

Port Lavaca-Carla is coming back.

Carla, in this case, is 9 year old Carla Underhill who, with her parents, Mr. and Mrs. F. E. Underhill, is coming back to the Magnolia Beach area near Port Lavaca to rebuild their home.

In the statistics of Hurricane Carla, the Underhills will count only as one home destroyed, one family homeless--if they get counted at all.

To them it is something more than that. On returning from refuge in Victoria, the Underhills discovered their house about 200 yards down the beach from where it belonged. The bay was 50 yards closer than it was before because of the hurricane waters.

"This is the first time a house ever came to visit us," Mrs. Underhill mused.

Their house had been literally rammed by another house. No one knows, because no one was here, but both houses must have been blowing and floating at the same time.

Where do you start when slimy grey mud cakes everything?

Carla's bike came through it," Mrs. Underhill said, lifting a mud-spattered frame out of the yard. "I think that's our butane tank about 300 yards down there," Mr. Underhill speculated.

Of the 400 homes in Magnolia Beach, across the bay from Port Lavaca, only about 30 are still around.

Huge sections of the Underhill's walls are missing, as if an artillery barrage hit with full force.

Some of Carla's dolls survived on a shelf seven feet off the floor. But her prized collection of Christmas dolls--the ones she's saved every Christmas of her life--is missing.

She got irritated before the storm hit because her classmates at school kept saying, "Here comes Hurricane Carla."

Mrs. Underhill's refrigerator is in the bedroom now. She reached over and picked up a slimy, twisted piece of metal. "This is what happened to my silver."

"And this was my kitchen."

She gestured bravely at a muddy mess. The stove is on its side. The venetian blinds are knotted. Its like walking into an indoor pig sty.

"When we came back I didn't really think here was going to be any house," she said with an optimistic, but half-hearted tone.

Little Carla reached into the silt on the floor and came up with a muddy, unrecognizable box. "Look, that's my sewing kit," she said.

The neighbors were able to sort out the plumbing fixtures in the nearby fields because they knew each family had what color fixtures.

Not far from the Underhills, an old fellow, an ex-longshoreman, was standing on a 10x10 foot floor-sweeping.

As he swept, there were no walls, no house. "He doesn't even know if it's his floor," Mr. Underhill said.

What does a family do in a situation like this? Their house and furniture were insured, but there are the irreplaceable items, like their movie film, their personal mementos, the uninsured belongings.

In a closet, the only thing left of Mr. Underhill's clothes and shoes was a bottle of shoe cleaner, left intact.

"What will we do? We'll rebuild right here on this spot. We might move 400 miles inland, but then we might get hit by a tornado," Mr. Underhill said.

Carla wades around in the mud, then, occasionally, walks over and stands in a pail of water to wash off her shoes.

The Underhill home is, or was, 17 feet from the bay. Watermarks show the tide was at least two feet high in their house, which means the tides were 19 feet above normal here.

Cotton Harvest Barely Started

Cotton harvest began to move this week and local gins had a total of 133 bales at noon Wednesday.

Laborers are beginning to come into the area, but cotton is late opening. Most of the cotton being ginned thus far is coming from small patches of early cotton.

Most estimates now give Rotan about 20,000 bales for the season, which is a good crop.

Dr. Edwin Skiles To Speak To Brotherhood

Dr. Edwin Skiles, pastor of the First Baptist Church of Abilene, will present an unusually challenging and interesting message to the First Baptist Brotherhood of Rotan next Tuesday night. Theme of Dr. Skiles message will be "The Challenge of The Orient."

Last year the Southern Baptist Foreign Mission Board sent Dr. Skiles on a ten-week missionary tour of eight countries in the Far East as well as Alaska and Hawaii. He spent one week in Tokyo; two weeks in an evangelistic crusade in Hong Kong, and three weeks of evangelistic preaching in the Philippines. Dr. and Mrs. Skiles also visited Taiwan (Formosa), Thailand, Malaya, Indonesia and Hawaii.

Dr. Skiles is well known in this area, having served as pastor of Abilene's largest church for the past 8 years.

Dr. Skiles found time to take a large number of pictures throughout the Far East. These are very interesting, beautiful and informative pertaining to a way of life so different to ours.

Since this will be outstanding program that will prove interesting to all who come, a cordial invitation is extended to all Fisher County men. It will be a time well spent.

The program will be Tuesday, Sept. 26, at 7:30 p. m., in the Fellowship Hall of First Baptist Church of Rotan.

Lions Hurricane Relief Project Is Successful

The Hurricane Relief which was sponsored by Rotan Lions was successful, as many citizens cooperated in helping these unfortunate Texans.

Lions Club President Dan Park reported Wednesday that they had shipped 48 packages of food and clothing and \$161.55 in cash to the proper authorities for distribution.

Registration To Close In P. P. & Kick Contest

Rotan area grade school boys have only until Monday (September 25) to register for the national Punt, Pass and Kick Contest, and have the opportunity to test their gridiron skills in competition with young football enthusiasts all over the county.

Boys 6 through 10 may register, without charge, at Rotan Motor Co. Local Ford Dealership, from 8 a. m. to 5 p. m. They must be accompanied by a parent or guardian.

Roy Brown, Owner of Rotan Motor Co. said 30 boys already have registered for the Rotan competition which will be held Saturday, October 14 at the Football Field.

Five winners, one from each age group, will receive football uniforms in the Rotan competition, with runners-up receiving warm-up jackets, and third prize winners receiving footballs.

Scores from all Punt, Pass and Kick competitions held in the area covered by the telecasts of the Dallas Cowboys home football games will be compared, and the top five regional winners will appear in the Cowboys stadium during a November game in the national eliminations.

The top winner in each of the five age groups in the nation will be crowned at the National Football League Championship game, accompanied by their fathers, and also will be received at the White House either just prior to or just after the game.

Mr. and Mrs. Bobby Clark and family of Anson visited Mr. and Mrs. O. R. Clark Sunday.

Fisher Native Pilot On Low Altitude Tests

Capt. William T. Bonner, who spent his boyhood in Fisher County near Claytonville, is one of the Tinker A. R. Force Base pilots participating in the low altitude testing of Air Force B-52 bombers in the Double Mountain area.

Clothing Clues--

Alice L. Kemp, County H. D. Agent Considering new Accessories for Fall?

Have you ever brought home a bargain hat or bag - or shoes of a delightfully "different" color only to find that they didn't go with a thing you had? In that case, they may have been expensive accessories after all.

To get the most for your money, plan carefully before you buy -- remembering the color and design of your basic dresses or suits. Accessories should accent or complement a costume. They can add spice to simple solid color dress or suit, or supply the unifying note with a striking print dress or plaid suit.

Avoid using too many different colors in one costume. The eye jumps from one spot to another, and you lose the effect of unity. A general rule for the use of contrasting color, texture or pattern in accessories is never to repeat more than three times -- generally two are smarter; for examples, shoes, bags and gloves, or shoes, bag and hat, or bag and hat.

Intensity of the color is important. Don't overdo it. The more brilliant or intense the color, the smaller the area it should cover. Unusual colors draw the eye just because they are complex in makeup. Use them with care.

Basic colors in accessories, namely black, brown or navy, are always in good taste and easy to use.

Color in shoes is a fashion to be used with caution. It calls attention to the feet and ankles. Be certain yours can stand the spotlight.

A final suggestion: Look smart but not extreme. Don't overdress. The best dressed women are often the most simply dressed.

Accessories around the clock, a bulletin written by extension clothing specialists, gives lots of ideas and suggestions. Get a copy from your county home demonstration Agent.

"Refreshers" For Tired Felt Hats

If you can't afford a new fall hat, give the old one a new look with careful brushing and cleaning.

Start by careful brushing. This may show up spots and stains that need special treatment.

Try using the sandpaper method first. With a piece of No. 0 sandpaper, begin at center top of crown and gently sand in the same direction around the crown, side crown and the brim.

If this fails, use naphtha or other cleaning fluid. Dip a small brush, as nail brush, in the cleaning fluid, shake out excess liquid and brush hat until the soiled spots disappear. Remember to work outdoors when using cleaning fluids.

White or light colored felt hats may need special treatment. Saturate corn meal with naphtha or other cleaning fluid. Rub the mixture into the felt with a clean stiff brush. When fluid has evaporated, brush out the corn meal and air the hat before storing.

Store Summer Clothes Properly

Right storage will increase the life of your summer clothing and make garments more wearable next season. Take time to sort and store garments carefully as you "take them out of circulation" for a sea-

LUXURIOUS STYLING of Pontiac's 1962 sports coupe models is graphically illustrated by these views of the sparkling new Bonneville. A smaller rear window and a lower roof design give this two-door hardtop the rakish look of a softtop convertible. A divided V-shaped grille of horizontal bars exemplifies the smooth flowing lines and the Bonneville's generous full-length side moulding accentuates the car's long, low and sleek appearance. This same new look in hardtops is found in the Catalina sports coupe.

ATTRACTIVE ADDITION to Pontiac's new Tempest series for 1962 is the superbly styled convertible pictured above with the LeMans option, which includes front bucket seats in beautiful shades of expanded Jewel-tone Morrokide and rich floor carpeting. The Tempest sports coupe with its own distinctive styling is also available with the LeMans interior. The 1962 Tempest has an entirely new grille and new rear end styling.

New Pontiacs To Be Shown By Campbell

"Pontiac intends to continue its leadership of the medium price class in 1962 with an imposing line-up of new cars which are unparalleled in beauty, performance, handling, reliability and riding comfort," said S. E. Knudsen, General Motors vice president and Pontiac Motor Division general manager, as he introduced the new regular size Pontiac line.

Four luxurious Bonneville models, two distinctive Star Chiefs and seven cars in the lower priced Catalina series comprise the new line, he announced.

In detailing the car's new features Knudsen pointed to all new styling, lubrication limits up to 35,000 miles, a Circ-L-Aire heater standard for all series, more rugged suspension and smoother operating Hydra-Matic transmissions.

"Exclusive new styling both inside and out conveys a dramatic prestige look throughout all thirteen new wide track models," Knudsen declared. "A spectacular V-shaped front end, sweeping side sculpturing, an expansive rear end design and new custom roof styling - - resembling convertible top design on sports coupe models - - major contributions to the car's exciting new exterior appearance," he revealed. "Further enhancing car beauty are new Pontiac Magic-Mirror finishes of durable, high gloss acrylic lacquer - - available in fifteen eye-appealing solid colors and a wide assembly of two-tone combinations."

Completely new Pontiac interiors, according to Knudsen, are designed for the ultimate in operator and passenger comfort, safety and convenience. Richly appointed instrument panels feature cushion pads and distinctive ornamentation for each series. Attractive seat coverings of Jewel-tone Morrokides or pattern cloths and genuine leather are color keyed to harmonize with exterior finishes. All include deep loop pile door-to-door carpeting.

Power for the new line is supplied by Pontiac's renowned Trophy 425 engine. The big 389 cubic inch V-8 is offered in a broad selection of model variations with horsepower ranging from 215 to 348. Standard with synchromesh transmission in Catalina and Star Chief models is an 8.6:1 compression ratio engine equipped with two-barrel carburetor. An 8.6:1 engine with four-barrel carburetion is standard with synchromesh in Bonneville. Both standard engines as well as the 425E economy V-8, a no-extra-cost option with Pontiacs using Hydra-Matic transmissions, can operate on regular fuel.

Additional engine options offer compression ratios up to 10.75:1 and a choice of two, four or triple two-barrel carburetion.

The longer new Pontiacs, with the exceptions of the three Safari station wagons, measure 211.6 inches in the Catalina series and 218.6 inches in the Star Chief and Bonneville series. The Safaris have an overall length of 212.3. Heights range from a low of 54.5 inches with sports coupe models to 56.9 inches. Heights range from a low of 54.5 inches with sports coupe models to 56.9 inches for the Safaris. All new Pontiacs measure 78.6 inches in width.

In the Catalina sedan, hardtop and

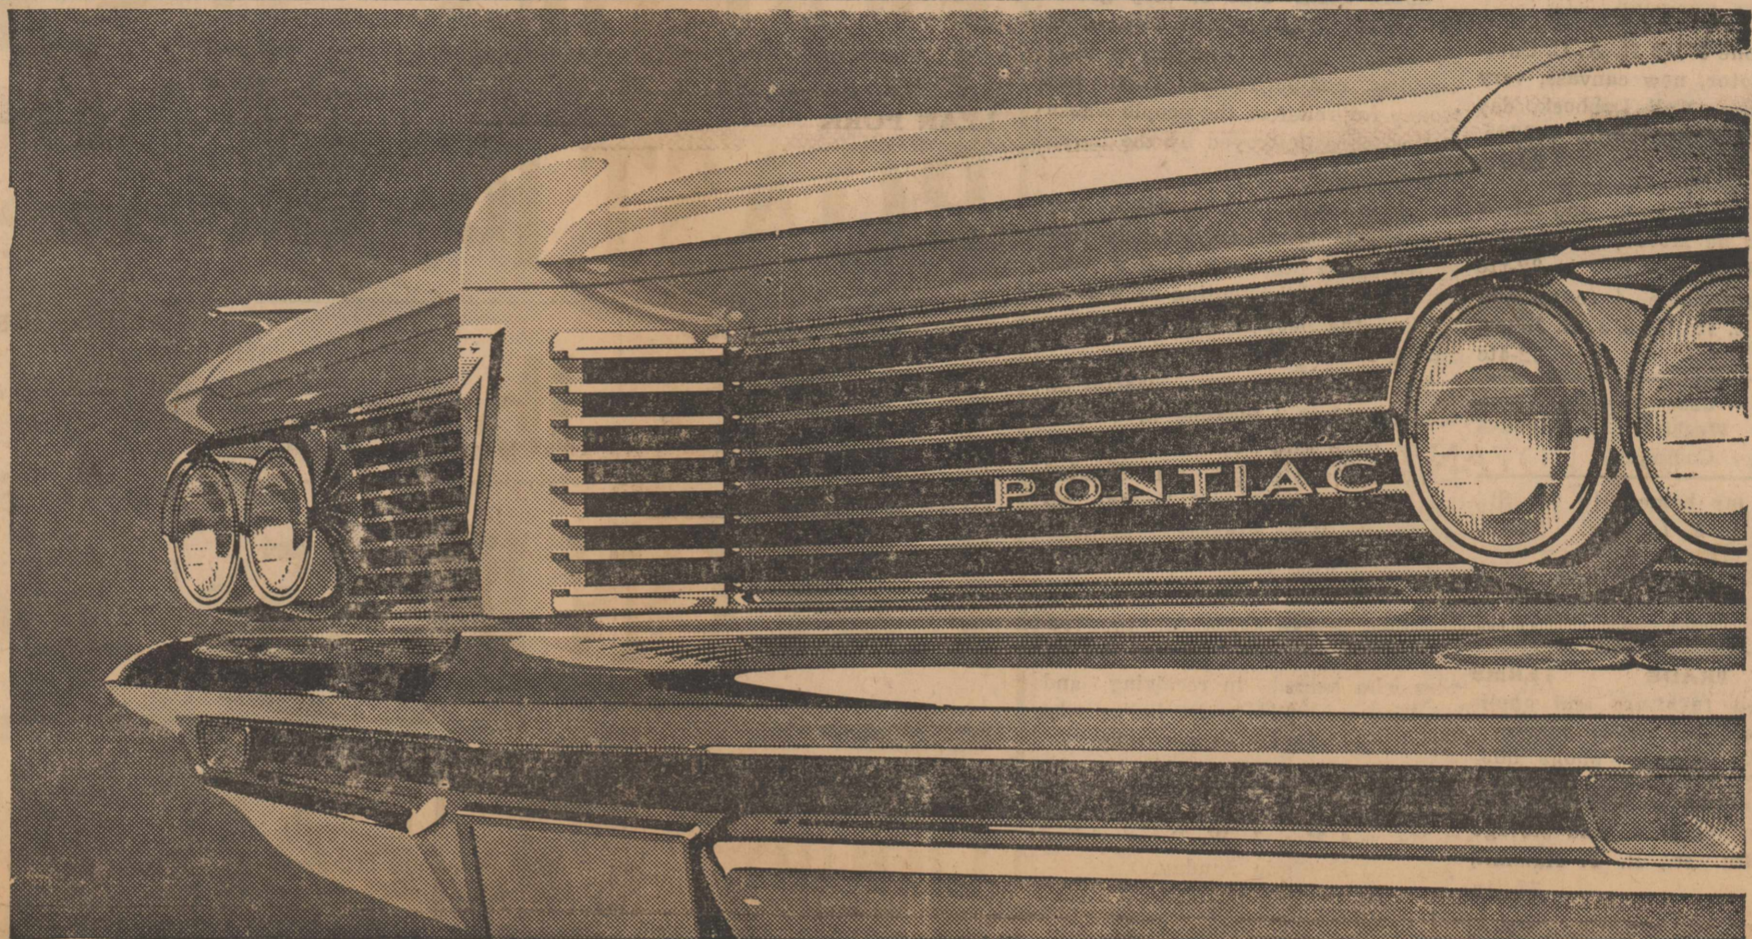

convertible models the wheelbase

Chiefs and all Bonneville, except the Safari, are build on a 123 inch

wheelbase. All Safari wheelbase measure 119 inches.

Isolationism is the idea that you can have great power without responsibility.

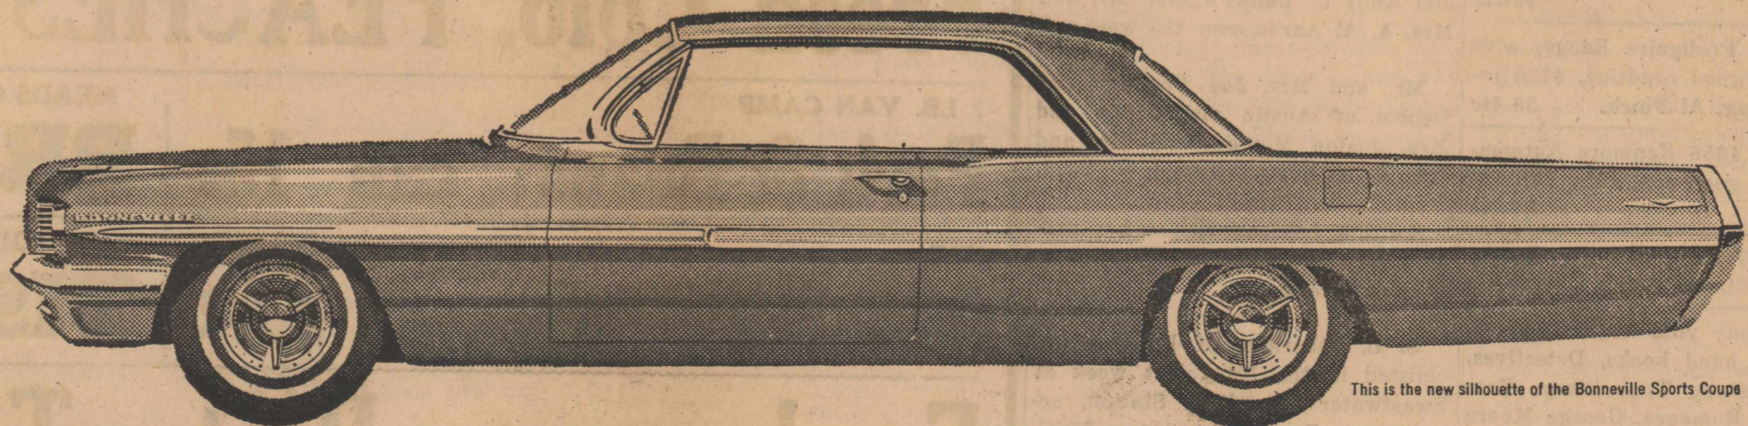

Advance Thursday, Sept. 21, 1961 No. 32

When a car is this beautiful, you know Pontiac built it!

Who else but the builder of those front-running Wide-Track Pontiacs could bring out a car so freshly and finely styled! It's longer, with a crisp, low silhouette. It's distinctly Pontiac, with a new twin-scoop grille you can recognize a block away. Powered by the potent Trophy V-8, with 215 to 348 h.p. Beautifully poised on Pontiac's famous Wide-Track stance. We've even cut the turning radius as much as 3½ feet to make handling easier. The result is a pride-pleasing new version of America's Number One Road Car. Come on in—and let a Pontiac show you its stuff while it's showing you off!

The '62 Wide-Tracks are here!

This is the new silhouette of the Bonneville Sports Coupe

CARD OF THANKS
 We would like to take this means of expressing our sincere thanks to our friends for the many kind deeds, for each gift, flowers and for the many prayers shown us while Clark was in the hospital. Clark, Bonnie and Robert Taggart.

WORD OF THANKS
 Rotan Lions Club is very grateful for the response from citizens of Rotan and area in bringing in used clothing, non-perishable food and money for relief of the people whose homes were destroyed by the hurricane.

This merchandise is now in its way and will be distributed thru the Salvation Army who has done a wonderful job in distributing as well as feeding the people who were uprooted from their homes.

The flood which was a disaster on the coast was a blessing in our vicinity, what rain we received and we know that the people who donated benefitted and blessed by the Almighty in their generosity in helping those who had their homes and furnishings destroyed.

Many thanks again for your response to this appeal and to the ladies who helped in receiving and packing as well as the ladies who helped on the street Saturday.

Rotan Lions Club.
 Mr. and Mrs. J. W. Perry visited relatives in Clyde Sunday.

Mr. and Mrs. Mike Barron visited her mother Mrs. John Price in Fort Worth last weekend.

Mrs. Jud Thompson and Mrs. Wayne Nowlin attended the funeral of an aunt, Mrs. E. F. Collier in Hillsboro Sunday.

Miss Leora Huggins of Odessa visited her sister Mr. and Mrs. Charles Kelly and her mother, Mrs. R. C. Huggins last weekend.

Mrs. C. I. Deel of Abilene spent last weekend here with Mrs. Berry and Mrs. Edd Darden.

Mr. and Mrs. R. D. Shows went to Louisiana Sunday to visit relatives.

Mr. and Mrs. Orvan Bruce of Dallas visited his parents Mr. and Mrs. C. C. Bruce last weekend.

The Calendar Club will meet Tuesday, Sept. 26 at 3:30 p. m. in the home of Mrs. Dwight Nowlin.

Mr. and Mrs. Abner Aaron, Jan and Andy of Dallas visited Mr. and Mrs. A. A. Aaron over the weekend.

Mr. and Mrs. Joe Dominey and Debbie of Austin visited Mr. and Mrs. Juston Morrow and Mr. and Mrs. A. A. Aaron over the weekend.

Cynthia Johnson visited her parents Mr. and Mrs. R. E. Johnson over the weekend.

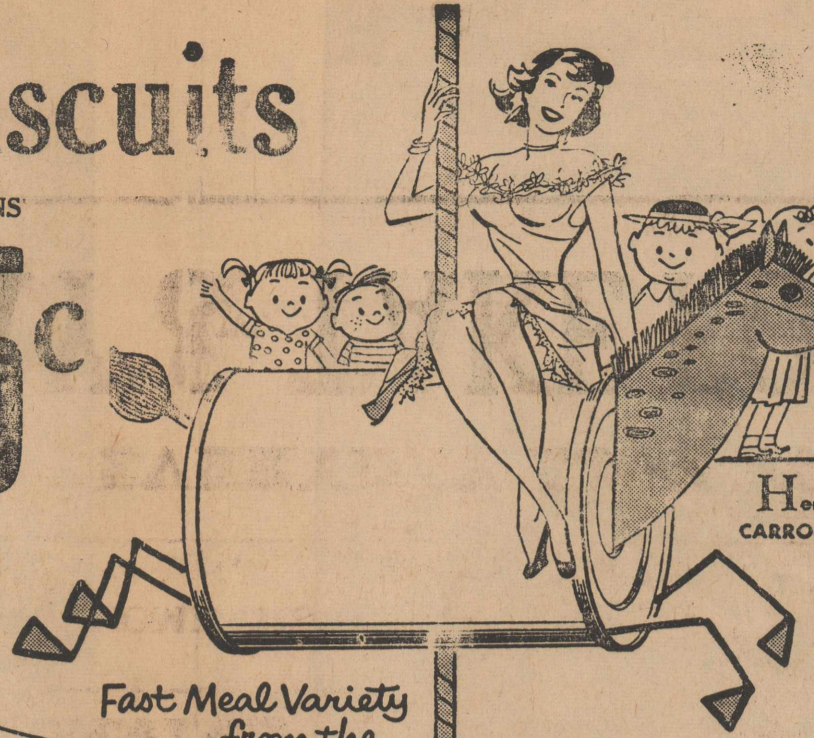

S. L. Etheridge of Rt. 2 Rotan enlisted in the Navy last week at Sweetwater Recruiting Station, according to Roy G. Treadaway, BUC, USN Petty Officer in charge of the Station. Etheridge was sent to San Diego, Calif., for recruit training.

Mr. and Mrs. O. R. Clark attended the Horse Show at West Texas Fair in Abilene Saturday. Mr. Clark's black, three-year old stallion placed second in his division.

Mr. and Mrs. Kenneth Mitchell of Cheyenne, Wyoming are visiting their parents, Mr. and Mrs. Dennis O' Briant, Mr. and Mrs. Horace Mitchell and other relatives.

ACC Official Warns On Cotton Situation

Memphis, Sept. 9.—The supply situation facing cotton today contains all the elements that led to vast market losses, and a threat to American security, during and after the Korean War, the president of the today.

J. Clyde Wilson, Phoenix, said this points to an increase next year over that established for 1961 in order to avoid the threat of a shortage of American cotton. He said a committee of the Council is meeting with the Secretary of Agriculture Sept. 21 to review the problem.

The Secretary is required by law to set the national acreage allotment by October 15.

The committee, appointed by the Council Board at the close of its meeting last week in Fresno, is headed by Mr. Wilson. In a letter this week to the Council's delegate membership, he said the Board's request for an acreage increase is based on the following facts:

1. The carry-over of old crop upland cotton was down to 6.8 million bales on August 1, and official estimates of the U. S. Department of Agriculture indicate a further reduction this season.

Foreign stocks, in relation to business volume, are around the low point for the entire postwar period and contain nothing to offset a war threat.

2. The USDA's estimates for the current season, indicating only modest reduction in the carry-over by next August 1, are relying on an expert figure of only 5.75 million bales. There are indications of a higher export volume. If the national acreage allotment should turn out to be inadequate, a rush of export orders to build up foreign stocks could be expected. This could exhaust stocks and bring on export limitations, with soaring world prices to foreign suppliers.

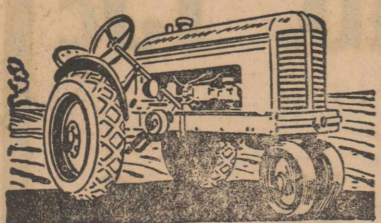

3. If present trends are maintained, the most likely off-take in 1962-63 will be about 15.5 million bales. Considering the relatively tight stock situation, the acreage allotment should be designed to produce at least this many bales.

4. Recent trends in yields per acre and in under-plantings demand that these factors be given full weight in calculating an acreage allotment capable of providing the production needed. This season, for the first time in many years, the estimated crop, is substantially lower than the quota announced last October. Failure to take this into account could be enough in itself to result in a critical under-supply.

Recalling the similar situation during the Korean War period, Mr. Wilson explained there was a critical shortage of American cotton. An embargo was placed on exports and this jumped the price of cotton "sky high," resulting in a "vast increase in competitive production, at home and especially overseas, from which we are still trying to recover."

Mr. and Mrs. Sug Collins and daughters Janet and Marjorie of Sweetwater visited his mother Mrs. Walter Collins last Thursday.

Labor Meeting Held In Roby Last Tuesday

A meeting of the Fisher County Farm Labor Consultant Committee was held in the offices of Judge Dave Posey, Tuesday afternoon August 29 at 2:30 p. m. The meeting was held in the public interest and to comply with consultation provisions of Public Law 78. This law provides that where a shortage of domestic agricultural workers exists, Mexican Nationals and certain other foreign workers may be imported to relieve the shortage.

Committee members met with area representatives of the Texas Employment Commission to review current farm labor forecasts of seasonal worker needs, the estimated supply and shortages and other aspects of the Farm Placement Pro-

gram for the next twelve months. Consultation with members of this committee is regarded as a valuable assistance rendered to the Texas Employment Commission in serving Fisher County farmers and workers.

Members of the Committee for Fisher County for 1961 are L. E. Newton, Robert Hargrove and R. L. Springer, all of Roby and Max Carriker of Roby. County Judge, Dave Posey of Roby, also attended the meeting and the representatives of the Texas Employment Commission in attendance were Treutt L. Hawkins and W. T. Edwards of the Sweetwater office.

Mr. and Mrs. A. A. Odell of Olney visited his sister Mrs. D. J. Smith and Mr. Smith Sunday.

ADVANCE WANT ADS PAY.

Mrs. Empress Day recently received a letter from her daughter, Mrs. C. M. Sheldon, telling of her vacation in London. She and the children, Susan and Miles have been there several weeks. Mrs. Sheldon and Susan will fly to Switzerland Sept. 22 where Susan will attend school again this year, then Mrs. Sheldon will return to her home to put Miles in an American school in Beirut. The Sheldons are having a very interesting life in Beirut.

Mrs. Flora Blount returned home Saturday from Odessa where she visited her children. She went to Hamlin Saturday night in response to a message that her brother Willie Deel had a severe heart attack. He is in the Hamlin Hospital and is improving.

CONSOLIDATION?

A little over a year ago the citizens of this county came close to doing something about part of its school problems. Committees met in orderly fashion and discussed the problems after assembling the facts, but as men always do when they want an excuse to not do something, we found one. There was hardly anyone on the committees involved that disagreed with the idea that consolidation was a major step toward the solution of our schools economic problems, but under the guise of no solution to the problem of location of the proposed high school building, we let the issue with all its great advantages drop. I firmly believe that anyone who would vote against consolidation in the light of the facts presented to these two committees just doesn't want consolidation and are looking for an excuse. We have not reached the point in our thinking where we are willing to sacrifice for better education if the need arises. We are afraid that we might have to do more than our share, or that we might have to go more than half way or that it might hurt our pocketbook a little. We never stop to think how much better our children would be if we would just give in a little and do our part to help improve our schools. Until we want better education bad enough to compromise on such unimportant subjects as location of buildings we still will have a substandard educational program.

C. M. Callan.

Guests in the home of Mr. and Mrs. Dennis O'Briant Sunday were Mr. and Mrs. Homer Freeman and children, Gayland and Sharon and Shipley O'Briant of Irving; Mr. and Mrs. Lynrae Carpenter and daughter, Dennisa of Big Spring; Mr. and Mrs. Kenneth Mitchell of Cheyenne, Wyoming; Mrs. A. P. Fleming, Mrs. W. A. McCright, Mrs. Richard Ray and Tommy of Rotan; Mrs. C. E. Swift and Cathy of Lubbock; Mr. and Mrs. Bob Ray and James, Lovington, N. M.; Mr. and Mrs. Horace Mitchell and Leonard, Mr. and Mrs. C. C. O'Briant, Mrs. J. D. Mitchell and Dora, Mr. and Mrs. Roland Ray, all of Roby.

Visiting in the Danie Gruben home this week were their daughter from Corpus Christi, Mrs. Carol Edwards and Mrs. Mildred Thieme and their children, also Mrs. Lonetta Potter and children of Odessa. Also visiting friends and relatives in Rotan this week is Mrs. Sam Edwards of Corpus Christi.

Mac Weathersbee went to alveston Tuesday in the ambulance to return Perry Eaton and Mrs. Eaton home. Mrs. Eaton has been there several weeks while Mr. Eaton was in John Sealy hospital for cancer treatment.

Visitors for the weekend in the home of Mr. and Mrs. Richard Ray and Tommy were Mr. and Mrs. Bob Ray and son, Jamie of Hobbs, N. M. and Mr. and Mrs. Gene Swift and Kathy of Lubbock.

B-29 Bombers Making Low Altitude Tests

Air Force B-29 bombers similar to the one in the picture above will make periodic flights over Double Mountains for the purpose of checking out low altitude radar equipment. The mountains are ideal for making such checks.

Guests of Miss Mabel Donnell and her mother, Mrs. Hattie McWhirter, Saturday, were Mr. and Mrs. R. M. Donnell and son Bobby, Mrs. C. M. Forth and Mrs. R. D. Daws of Woodson and Mrs. J. L. Clark of Roby. Mrs. McWhirter, who has been in Cellan Hospital ten weeks for treatment was moved home recently.

Mmes. H. L. Dycus, Dono Darden, Iva McCright, J. W. Porter, Fay Polk, Lydia Mae Goldman, Lon Weems and Maggie Hefner attended the all day meeting of the West Texas Odd Fellows and Rebekah Association in Rule, Monday. Those from here attending the meeting Monday night were Mr. and Mrs. Jack Wiley, Mr. and Mrs. Herron and Lon Weems.

Mr. and Mrs. Glenn Rector of California arrived here Thursday night of last week to visit Mrs. C. E. Whitfield, Mr. and Mrs. Joe Kker, Mrs. J. T. Smart and Mrs. Phil J. Malouf and other relatives and friends. Mrs. Malouf and Mrs. Smart took them to Hamlin to visit until Wednesday when they returned here and Mrs. Malouf and Mrs. Smart took them to Spur for a visit.

Homeowning Can Be Hazardous Too!

No matter how long the bronc-buster has been riding, he can never be sure the next horse won't throw him.

Such is the case with the homeowner. No matter how careful he tries to be, an unnoticed frayed electric cord, overloaded circuit, or smoldering cigarette can leave his home in cinders.

It's too late then to realize his insurance is "too little—and the wrong kind."

Be sure when you insure. Call on your local independent agent for a thorough appraisal of your needs.

About Your HEALTH

A weekly public service feature from the Texas State Department of Health.

HENRY A. HOLLE, D. D.
Commissioner of Health

Austin -- If you have ever been leery about drinking water on interstate trains, planes, buses, or ships -- forget it, the State Department of Health advises.

Unsung men who ride rails and highways, air and sea lanes, and yet other men who stay in their home communities, make it possible for the traveling public to shrug off those apprehensions.

Interstate quarantine regulations say carrier companies can load drinking water only at those points approved by the surgeon general of the Public Health Service. The surgeon general, in turn, bases his approval or disapproval on recommendations made by state health departments.

Engineers of the Texas State Department of Health or local health department personnel working cooperatively with state engineers routinely inspect watering points at bus and train depots and air and sea ports within Texas.

Their partners in this venture of guaranteeing water of safe quality to travelers are Public Health Service water specialists who ride the carriers to inspect on-board plumbing.

Watering - point inspectors are a curious lot. They insist on knowing the type of hydrants and buckets and hoses used to fill water storage tanks of public conveniences. What protective devices are used? How are they handled during loading operations? How are they stored when not in use?

They ask questions about and look into facilities for handling ice used to cool drinking water during long trips aboard carriers. What sort of treatment does the water get and where does it come from? Cross connections with other systems could mean contamination and a load of sick passengers.

The inspectors even get curious about conditions on service platforms, the methods by which conveniences dispose of wastes, and presence or absence of employee sanitary facilities.

Inspectors recommend "favorable", "provisional" or "prohibitive" certification, depending on whether the system is up to par or erring at the time of inspection. Prohibitive

or provisional certification can be erased only by correcting defects to the satisfaction of inspectors.

All this effort is spent toward one objective: To get travelers to their destinations in the distant without getting sick on the water they drink enroute.

Christian Science Service Sunday

christian scitences

A substantial foundation for assured thought and action will be pointed out at Christian Science services Sunday.

Keynoting the Lesson-Sermon on "Reality" is the Golden Text from the Bible (Phil. 4):

"Whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things."

A correlative citation from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (p. 275): "All substance, intelligence, wisdom, being, immortality, cause, and effect belong to God. These are His attributes, the eternal manifestations of the infinite divine Principle, love. (No wisdom is wise

Safest by far for 'round the clock comfort, gas heating systems are engineered to use fresh outside air to make a GAS heating system your safest buy. Enclosed within the heat exchanging unit the gas burner warms -- but does not contact -- the fresh circulating air... the safest type of heating for your family's comfort. "Fresh-Air" gas heating puts fun into winter living. With "Fresh-Air" gas heating, a never-ending flow of fresh outdoor air is warmed and circulated uniformly throughout your home. All smoke and stuffy odors are whisked away. Only the economy of GAS puts this advantage within reason. "Fresh-Air" gas heating cuts colds! With "Fresh-Air" circulation there is no stale air to coddle germs... you enjoy a healthier, happier life. And you can add summer cooling with gas thriftily and easily. "Live modern for less with GAS Heat"

Allen-McLaughlin Wedding Held Saturday

A double ring ceremony united Verbeth Carol Allen and Tommy McLaughlin in marriage Saturday at 4 p. m. in the First Methodist Church in Rotan.

The Rev. Richard L. Payne, pastor of the First Methodist Church in Anson and former Midland pastor, officiated.

Mr. and Mrs. Aaron Voris Allen of Roby are the parents of the bride. The bridegroom is the son of Mr. and Mrs. Tom McLaughlin of Darrouzett.

Given in marriage by her father, the bride wore a gown of reem-broidered alencon lace over satin fashioned with a fitted bodice featuring a scalloped squared neckline.

and long sleeves.

The full skirt was accented with piping and a small bow at the back waistline. The lace over the skirt terminated in scallops at the hem line. Seed pearls and rhinestone were scattered on the gown.

A waist-line veil of net fell from a tiara of petals made of satin over lace. Sequins and seed pearls accented the tiara. She carried a white orchid surrounded by Stephanotis.

Mrs. Richard Kinney of Abilene was matron of honor. Jay Morris of Houston was best man.

Bridesmaids were Wanda White of Cushing, Okla., and Phyllis Gilley of Monohans.

Bridal attendants wore dresses of blue crystalline fashioned with bateau necklines, cummerbunds, bried sleeves and gathered skirts.

Their headresses were large bows of matching blue velvet. They carried colonial nosegays accented with satin streamers.

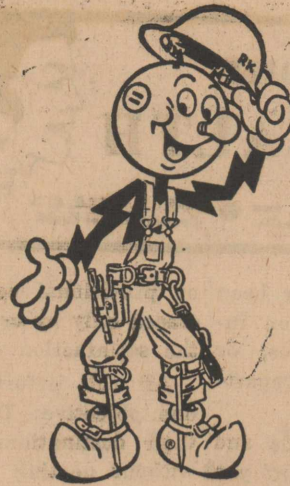

Candlelighters were Jo Lynn John-

son of Hamlin, niece of the bridegroom, and Patricia Jan Allen, cousin of the bride.

Groomsmen were Don McLaughlin of Houston, brother of the bridegroom, and Leroy Wegner of Kermit. Ushers included Loyd Booth of Midland and Pat Healy of Midland.

Mrs. Paul Rucker of Midland, organist, and Mrs. Stanley Nowlin, soloist, presented the music.

The reception was held at the home of the bride's cousin. House-party members were Mrs. Barry Allen, Mrs. Eugene Allen, Mrs. Calvin Crow, Mrs. Leonard Kinsey and Mrs. Johnny Johnson.

GROWTH

Keynote of the Center of the Southwest

West Texas Utilities Company's service facilities are growing as the area we serve grows.

This service area is the Center of the Southwest — the very heart of a five-state region that is growing 25 per cent faster than the Nation.

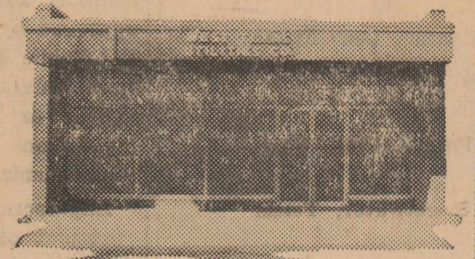

A multi-million-dollar growth program is now under way, and even more expansion is in the planning stages. Major examples are our new generating, transmission and distribution facilities, where much construction is now going on.

Our continuing growth program is seen also at the local level. Pictured here, for example, are three of our local offices which have been remodeled recently.

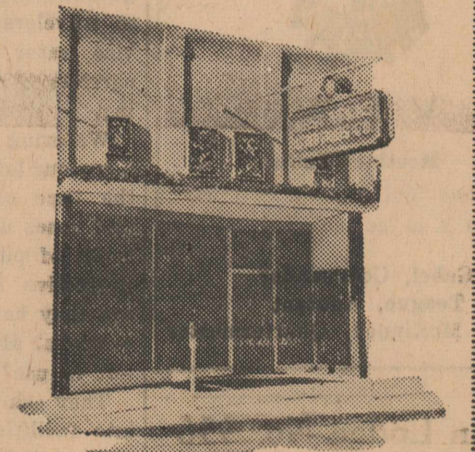

This Company is convinced that we face Growth Unlimited. The money we are spending for expansion today is our INVESTMENT IN THE FUTURE.

Susan Allen, Cathy Allen and Laura Lea Crow presented piano music.

For a trip to New Mexico, the bride wore a rad faille sheath with matching jacket. Her accessories were black.

The bride was graduate from Roby High School. She attended Durham's Business College. Fort Worth. He

was graduated from Pampa High School and Texas Technological College. She is employed by Skelley Oil Co. and he is employed by the TXL Oil Corp. They are both members of the Bachelors and Belles Club.

The couple will be at home at 502 S. "J." Midland, after Sept. 23.

NOW! A NEW WORLD OF WORTH!

NEW FROM DIESEL TO DAZZLE!

'62 CHEVROLET JOBMASTER TRUCKS!

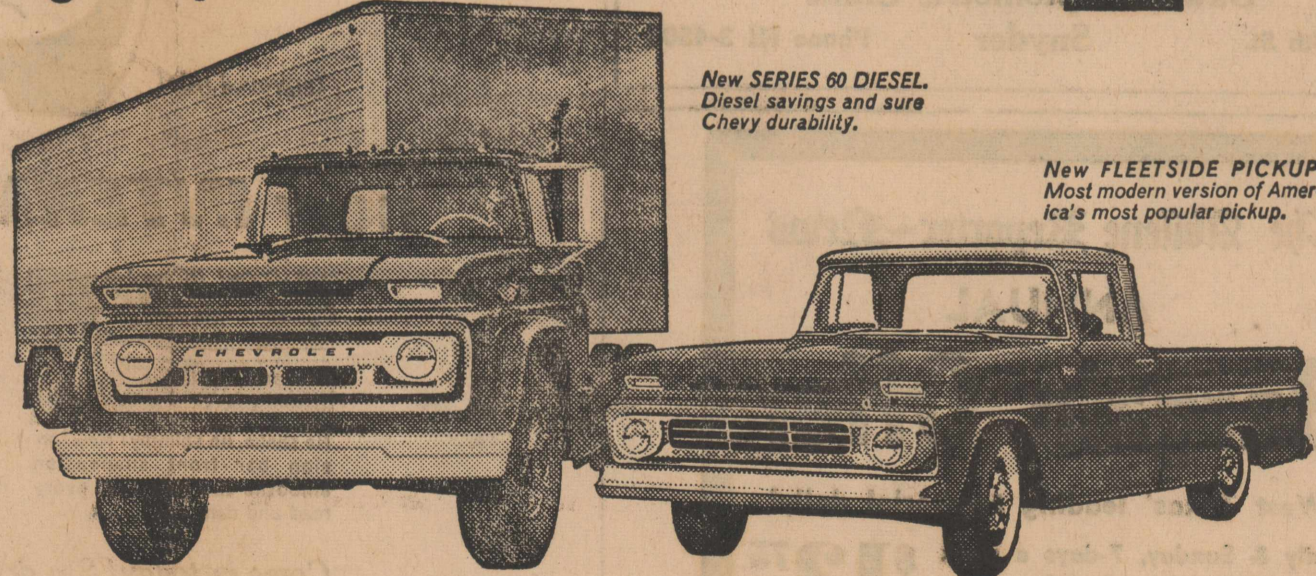

WITH NEW High Torque Power

Here they are—handsome, functional '62 Chevrolet trucks powered to work harder in every weight class. Hefty new V8's with the highest torque in Chevrolet history. New diesel brawn for medium-duty models. And new power to pick from in light-duty models.

There's a wider choice of power, a wider choice of torque, across the board. For heavies, there's the new High Torque 409 V8*, with 16½ per cent more torque than ever before available from Chevrolet. Big news in the middle-weight class is the new Chevy-GM 4-53 Diesel. It's compact, rugged, high in torque, and backed by years of GM Diesel experience. In the light-duty lineup, the High Torque 261 Six* adds new sock, new savings in extra-tough applications. You can pick from nine rarin'-to-work, ready-to-save engines.

Handsome new work-styling includes forward-sloping hoods that allow drivers to see as much as 10½ feet more of the road directly ahead. Chevrolet's famous Independent Front Suspension gives you a smoother riding, easier working, longer lasting truck. New heavier duty, smoother hypoid rear axles for middle-weights. Rugged new I-beam front axles* of 9,000- or 11,000-lb. capacity are available on Series 80 heavyweights. Mufflers are longer lived on all models.

You'll find a total of 198 models in the new '62 Chevy line—including three work-proved, versatile Corvair 95's. Every model is built to out-haul, out-last and out-value any other truck at anywhere near the price. See your Chevrolet dealer! *Optional at extra cost

New SERIES 60 DIESEL. Diesel savings and sure Chevy durability.

New FLEETSIDE PICKUP. Most modern version of America's most popular pickup.
