

Hammers Take Another Win-Wylie 28-0

Rotan's Yellowhammers held their winning streak last Friday night when they defeated Wylie Bulldogs 28-0 on the home gridiron.

David Baugh sparked the Hammer team with three scoring runs.

Baugh, a halfback, scored on runs covering 15, 20 and 9 yards to lead Rotan to a 6-A District victory.

Rotan was held scoreless in the first quarter, but broke into the scoring columns with nine minutes left in the first half when Halfback Donald Goodrum smashed through tackle from nine yards out. End Billy Ashton's kick made it 7-0 and Rotan was on its way.

Only three minutes later Baugh picked up his first TD of the evening. He circled right end from 15 yards out and boosted the Yellowhammers to a 13-0 score. Ashton's attempted kick was no good.

Rotan left the field with a 13-0 lead at intermission.

In the third quarter, with seven minutes remaining, Baugh again hit over tackle and scored from 20 yards out. Goodrum picked up a couple of points by running for the conversion.

Wrapping up the scoring in the game was Baugh's 9-yard scamper with four minutes minutes remaining in the third quarter. Ashton kicked the extra point.

Clear Weather Aids In Cotton Gathering

Pretty weather has enabled farmers to get their cotton harvest well underway this week. Good supply of hand labor is in the country at this time, but many farmers who plan to gather mechanically are waiting for frost or giving defoliation treatment time to complete its job. A heavy rush on the gins is expected within the next two weeks.

Local gins had a total of 2562 bales Wednesday noon.

Man Wanders From Home-Found Safe

T. T. Rector, a long time resident, living south of Rotan, who has been in ill health for some time, became lost last Sunday afternoon and was the object of several hours hunt.

He was found several miles from home, but had suffered no ill effects.

Fire departments from Roby and Rotan, joined officers and friends in locating Mr. Rector.

Carl Martin Brings In 72-Lb. Watermelon

Carl Martin brought the Adance crew several nice watermelons last week, but the prize of the batch was a 72-pounder. This was the largest we have seen in years, although he reports several passing the 100-pound mark grown in his neighborhood.

FB County Con. Here Next Tuesday

The annual convention of the Fisher County Farm Bureau will be held Tues. Oct. 24 at 8:00 p. m. at the American Legion Hall in Rotan, according to L. D. Singley, president.

The farm leader said this will be the most important meeting of the entire year for the local organization. Resolutions incorporating the thinking of the membership on local, state, and national issues will be passed. Those dealing with local matters become the policies of the county Farm Bureau to guide it during the coming year. Resolutions dealing with state and national issues will be forwarded as recommendations to the voting delegates of the state convention to be held November 12-15 in Galveston. They will be acted upon and either accepted, rejected or amended. Those adopted become state Farm Bureau policies for 1962 (on state matters) and recommendations (on national issues) to the voting delegates of the American Farm Bureau Federation convention to be held in December in Chicago.

Boys From Calvary To Ambassador Rally

16 boys and their sponsors from Calvary Baptist Church, Rotan, Texas attended the Regional Texas Baptist Royal Ambassador Rally on Oct. 14, H.S.U.

After attending Leadership Leadership Conferences on the New Royal Ambassador Program, they heard a message on "The Future is in Our Hands", by James Basden

The group then toured the University campus and attended a football game between H-S U and ACC. This meeting was one of four rallies which are expected to attract around 7,000 persons throughout the RA director.

state, said Robert Chapman, state "The whole idea was to get Royal Ambassador boys and men to attend a conference in which they will learn about the new program which began October 1st," Chapman said.

The Royal Ambassador program enlists more than 34,000 Royal Ambassador boys in Texas. They participate in programs of study, fellowship and recreation designed to help mold Christian Character.

DKG Studies Various Problems

"The Challenge to Youth and Special Problems of the Aged" were subjects of the program presented to Gamma Tau Chapter of Delta Kappa Gamma Society Sunday afternoon, Oct. 15. The group met in the home of Janette Marbut and Faye Rhea in Highland with president Empress Day presiding.

Barbara Cushing, daughter of Supt. and Mrs. J. B. Cushing of Loraine gave a declamation, "I Am Youth", pointing out the challenge and responsibility facing young people today. Verna Jo Benson daughter of Mr. and Mrs. Joe Benson of Sweetwater delivered an original oration, "Forward A Better World" discussing a number of things every teen-ager can do to insure a better world tomorrow. Viola Benson, program chairman, briefly reviewed the peculiar problems of the age. Her information came from a report prepared by supervisor of Pecan Grove Rest Home, Mrs. Roland, who was unable to attend the meeting. Mrs. Roland emphasized the necessity of our recognizing and understanding these problems if we are to help make the lives of our elder citizens meaningful and happy.

Members of Gamma Tau Chapter decided to participate in the nationwide project "Magazines for Friendship". Purpose of the project is to show people in foreign countries what Americans read and how they live, thereby destroying the false image created by enemy propaganda magazines circulated in those countries as American publications. Each month, after she has read a magazine, each member will mail it directly to an individual in the Philippines.

Mrs. Day gave a report on preparations for the regional meeting to be held in Sweetwater on November 4. Directors for the regional are Miss Lucille Moore and Miss Gladys Parker of Fort Worth. Gamma Tau will be hostess to three neighboring chapters. Meetings will be held in Highland Heights Methodist Church and the affair will close with a luncheon at Holiday Inn.

Rotan members who attended the Highland meeting were Mmes. K. C. McCasland, Jas. B. Day, C. E. Leon, C. J. Dalton, M. T. Hill, Wendell Morrow and Misses Josie Bird, Della Baird and Joe Heathington.

Mr. and Mrs. Bright Newhouse and three children of Miami, Texas, recently visited her parents Mr. and Mrs. Cleo Noles and other relatives.

Baptists Stressing Royal Ambassador Work

REV. V. D. WALTERS

Tuesday night, October 24, will be a special night at the First Baptist Church, as far as the men and boys are concerned. The occasion is the annual Bro'herhood banquet dedicated to the Royal Ambassadors.

The Royal Ambassador organization is the fastest growing organization in the Southern Baptist Convention. Its goal is to train our boys in Christian living, church and denominational obligation and missionary activities. History has also proven that military might will not bring order out of the chaos so widespread in our world today - the only answer is christianity.

In order to meet this challenge and to produce strong, well-informed leaders for the 1970's the Royal Ambassador organization has been completely re-vamped, making it much more attractive and interesting to the boys. At the same time, the councilors are given much more efficient teaching tools.

The honor guest of the evening will be Rev. V. D. Walters, District 17 Royal Ambassador leader. He is well-known in this vicinity, having pastored churches at Pleasant Valley and at Jayton and has held several revivals here. He led the Cross Plains Baptist church in a very progressive program while pastor there and is now pastor of the rapidly growing North Park Baptist Church in Abilene.

During this time Rev. Walters has consistently taken a leading part in Royal Ambassador work and is well qualified to explain the new program to our local leaders. Other Fisher Assn. R. A. leaders or others who are interested in our boys are cordially invited to attend.

Dollars & Sense

By Alice L. Kemp

County Home Demonstration Agent
To Be A Good Manager, Master
These Steps:

1. Decide what you as a family want to accomplish. Choose farm, home, and family goals and purposes.
2. Get together the resources needed to carry out your projects and activities at home, in your business, or on your farm.
3. Make farm, and home plans. Choose the one to be used, organize your resources, and decide how the plan will be carried out.
4. Put the plan into action and carry it through to completion.
5. Accept the consequences of your action - size up the good and weak points of what was done.
6. Get ready to move ahead into other things and develop the habit of analyzing each problem according to this systematic process.

When Making A Grocery List:

1. Write down all foods you intend to buy. Look over menus and check recipes. Check the refrigerator, freezer and storage shelf to see what is on hand and what is needed.
2. Keep a scratch pad and pencil in a convenient place in the kitchen to list staples and other items as your supply runs low between shopping trips.
3. Organize your list so that foods of the same kind are grouped together and in relation to the organization of the store.
4. List the quantity (pounds, can or package size) which you need, considering family size and how you plan to use the food. Include a descriptive information such as sliced or whole, medium or large. Make a note of brands or grades you prefer.
5. Check the food ads in your newspaper on the day you shop for good buys on "in season" food or "weekend specials". Recognize the items that are really good buys.

Quantity Buying May Be A Saving When Buying Food

1. Lower unit price, a savings on separate delivery charges, and the convenience of fewer shopping trips while.
2. Be sure that money needed for other purposes is not tied up in a large supply of single commodity.
3. If quantity buying leads you to "over-buy" in terms of higher quality or greater expense than is appropriate for your use, it may be an extravagance rather than an economy.
4. Compare the true cost and use value to you of various sizes of the same product. Learn to estimate price per ounce or pound. Usually the larger sizes in food products are relatively less expensive than smaller sizes.
5. The amount of storage and refrigerators space and the amount of money that you have will help to determine how large a quantity and how many articles you can buy at one time.

Tips On Buying Meat

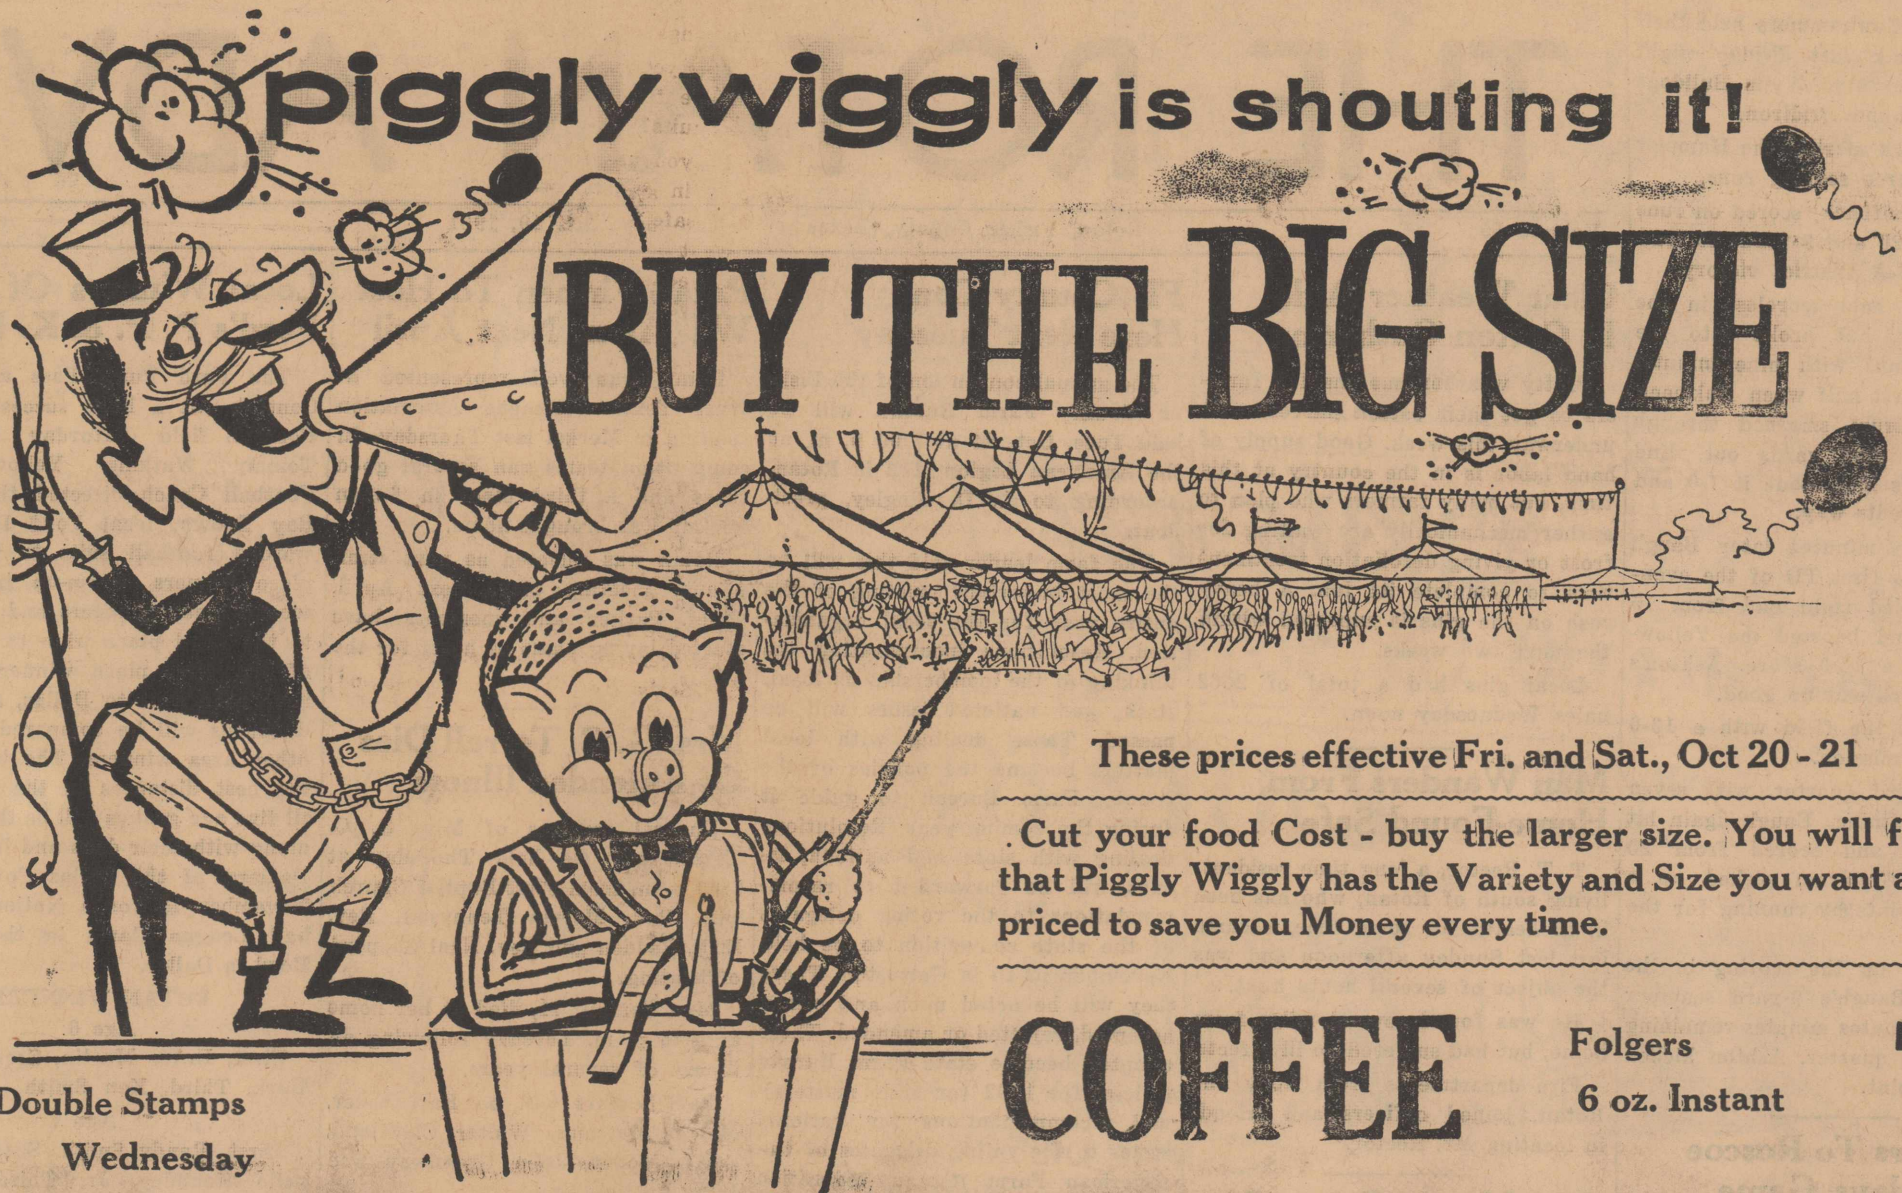

1. Get on speaking terms with the many cheaper cuts of beef, pork, veal and lamb.
2. Price has nothing to do with the nutritive value of meat. The lower priced cuts are usually as tasty and rich in vitamins, protein, and other nutrients as the higher-priced cuts; method of preparation is important.
3. Look for the largest amount of lean meat for your price. Fat and bone are useful, but they can be purchased at a lower price.
4. Improper cooking of meat can offset gains in wise planning and shopping.
5. Buy roasts large enough to serve for two meals. Small roasts dry out in cooking and do not carve well.
6. Purchase canned meat for variety. Canned meat packed with vegetables is not an economical buy.
7. The percentage of waste, when figuring the cost of lean meat, varies from nothing in flank steak and tenderloin to about 11 percent in porterhouse, 16 percent in sirloin, 20 percent in chuck, and about 27 percent in rump with the bone left out.

Mrs. H. W. Goolsby visited her sister Miss Vera Cozart and an aunt, Mrs. Lula Duckett of Arlington who was also visiting Miss Cozart in Abilene Thursday and Friday.

Mrs. Alice Corriker recently moved back to her home here after living in Spur about a year.

Mr. and Mrs. W. A. Rives attended church in Colorado City Sunday night and heard their son, The Rev. Weldon Rives preach.

Foy Mitchell Asked To Make Trip To India

The Farmers and World Affairs Organization has asked Mr. and Mrs. Foy Mitchell of McCaulley to be a group of twelve people they are sending to India as participants in an exchange program between India and the United States.

The Farmers and World Affairs Organization is composed of people who are farmers. The Board of Directors is composed of outstanding leaders of the American Farm Bureau Federation, the National Farmers Union and the National Grange. The participants in the farmer to farmer exchange will go to India for three months to learn first-hand about the people of India and their needs, problems and aspirations.

Christian Science Service Sunday

Salvation is attained through spiritual awakening, growth, and progress. This is a theme of the Lesson-Sermon entitled "Probation After Death" which will be presented at Christian Science churches Sunday.

From John (5) will be read these words of Christ Jesus: "Verily, verily, I say unto you, He that heareth my word, and believeth on him that present me, hath everlasting life, and shall not come into condemnation; but is passed from death unto life." One of the citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states:

The Rotan Advance

Thursday, Oct. 19, 1961 No. 36

"Universal salvation rests on probation and probation, and is unattainable without them" (p. 291). The Golden Text is from I Corinthians (6): "God hath both raised up the Lord, and will also raise up us by his own power."

THANKS

These few lines are to thank our dear friends and the doctors and hospital staff and for the nice flowers, cards and the loved one that made it possible for me to make the trip to Galveston hospital. May God bless each and everyone. Ted and Trudie Underhill.

THANK YOU

We want to thank Sheriff Rollans, Deputy Hollobaugh, the Roby and Rotan Firemen, the Sheriff Posse, neighbors and friends and everyone who helped in the search for Mr. T. T. Rector, Sunday afternoon. The Rector family.

THANKS

Words fail us when we try to find the words to express our sincere thanks and appreciation to our friends and neighbors for the many acts of kindness shown me while I've been in Galveston and now in Callan Hospital. We sincerely thank each and everyone of you including the nurses and doctors, for without your prayers, I could not have improved as I have.

To the men who were so thoughtful to cut and shock my feed, we say "Thank You". The family of P. R. Eaton.

Most Fire Injuries Can Be Avoided

Nineteen per cent of the fatalities caused by home accidents are the results of burns, according to Mr. John Leach, Lone Star Gas Company Manager.

Lone Star and the Fire Dept., are co-sponsors of the 1961 Home Safety Program in Rotan.

"Forty-eight per cent of the persons who die from burns," Mr. Leach said, "are either under five years of age or over 64."

"Almost 100 per cent of the common fire hazards responsible for this terrible toll can be eliminated if the homeowner will allot a mere 10 minutes a day of the family's time to the problem."

"A quiz prepared by the National Board of Fire Underwriters offers a room by room, attic to basement checklist by which the safety of the home can be measured. By using this quiz as a safety blueprint and as a training guide, the homeowner will go a long way toward the elimination of home fire hazards. The quiz:

Kitchen and Dining Room

1. Is the gas or electric range clean--the broiler, oven and burners free of grease?
2. Have you hung curtains and towels so they won't blow over burners?
3. Are members of the family forbidden to start fires with kerosene and other flammable liquid?
4. Have you made sure that several electrical appliances, such as the toaster, waffle iron and coffee percolator, are not connected to one outlet?

Living Room, Bedroom and Bath

1. Is there enough space around your television set for proper ventilation?
2. Has a lighting arrestor--preferably one listed by Underwriters' Laboratories, Inc.--been installed on the antenna lead-in?
3. Is your television set UL-labeled?
4. Are worn lamp and extension cords immediately replaced with new ones?
5. Have you removed extension cords strung around the room--under rugs, over nails?
6. If there is a wood-burning fireplace, is it protected by a metal screen?
7. Is the fireplace chimney cleaned and inspected periodically?
8. If a portable heater is in use, is it turned off before you go to

- bed?
9. Is the portable heater placed where it cannot be tripped on or over-turned?
10. If you use portable gas heaters or appliances, are shut-off valves installed in the metal gas pipeline?
11. Do you make it a rule never to smoke in bed?
12. Have you put the radio or any other electrical appliance out of reach of anyone bathing or clutching a water faucet?

Storage Space

1. Have you cleaned out accumulated rubbish?
2. Have you thrown out those old clothes, toys and magazines you "hate to part with"?
3. Is your heating equipment clean and in repair? Is it inspected each fall?
4. Are you careful never to store paints, turpentine, rubbish, or kindling near your central furnace?
5. Is the inside basement door at the head of the stairs tightly fitted and kept closed at night?
6. Are all stove pipes and chimneys clean and in good repair?
7. Are walls, ceiling and partitions

near boiler, stove, burner and heating pipes protected by non-combustible insulation--or is adequate clearance provided?

Garage and Yard

1. Have you cleaned the garage floor of oil drippings?
2. If the garage is attached to your house, is the door between always kept tightly closed?
4. Have all combustible rubbish, leaves and debris been removed from the garage and yard?
5. Is trash and refuse burned in a suitable outdoor rubbish burner?
6. Is an adult always present when trash and rubbish is being burned out of doors?
7. Have weeds, dried leaves and rubbish been removed from adjoining vacant lots.

Other Precautions

1. Are ash trays kept handy--and are they always used?
2. Do you keep matches out of children's reach?
3. Do you put out all matches, cigarettes and cigar butts before disposing of them?
4. Do you hire a competent electrician to repair or extend electrical wiring when necessary?

5. Do all rooms have enough outlets so as to avoid improper use of multiple attachment plugs?

6. Have you provided special circuits for heavy duty appliances such as washings machines?
7. Do you use fuses of proper amperage for your household lighting circuits?
8. If you use an oil mop, do you keep it in a metal container or in a cool, safe, well-ventilated place where it will not catch fire by a spontaneous ignition?
9. Have you forbidden your family to use gasoline, benzine or other similar flammable fluids for cleaning clothing floors?

Mr. and Mrs. W. T. Eaton and Judy of San Antonio were here recently to see his parents, Mr. and Mrs. Perry Eaton. Mr. Eaton has been in Callan Hospital for treatment since returning from several weeks treatment and surgery in John Sealy Hospital in Galveston and seems to be improving.

Snyder Class of '10 Hosted in Here Sunday

Members of the Class of 1910 High School of Snyder met in their annual reunion Sunday in the J. R. Strayhorn and H. L. Davis homes.

The group arrived about 10 o'clock in the Strayhorn home, visited and talked over old time and were served coffee and banana nut bread. They went to the H. L. Davis home about noon, where a buffet dinner was served. Decoration theme for the Davis home was in gold and white, in observance of their 50th year. The dining table was laid with a white linen cut-work cloth over gold satin. Centerpiece for the table was an arrangement to gold and white mums. The group had their golden anniversary party in the home of Mr. and Mrs. Lance Suits, Petersburg, last summer.

Two class members, Dr. Dee Lee of Little Rock, Ark. and Miss Alice Gramma of Eugene, Ore., were unable to attend. Guests of Mr. and Mrs. Strayhorn and Mr. and Mrs. Davis for the reunion were, Mr. and Mrs. Arthur Yonge, Lubbock and Mr. and Mrs. Lance Suits, Petersburg; Mrs. Mabel Belsher, Mrs. Nellie Mebane, Mrs. Roy Stewart, Mr. and Mrs. Hugh Taylor, Mrs. Austin Erwin, Mr. and Mrs. Bernard Long, botham, all of Snyder. Mrs. Joe Strayhorn and Mrs. Coleman of Snyder are the only mothers of members of the group living, and they were honor guests for the reunion. Mrs. Coleman was unable to come Sunday because of illness.

The afternoon was spent in visiting and pictures of the group that were made at the golden anniversary party last summer were shown. Also Mr. and Mrs. Arthur Young, who recently returned from a tour of Europe showed pictures of interesting places they visited.

Preparing and assisting in serving were Mr. and Mrs. Bartlett Strayhorn, Mr. and Mrs. H. Thompson, Mr. and Mrs. Bill Day, children of Mr. and Mrs. Strayhorn and Mr. and Mrs. Davis.

Mr. and Mrs. J. E. Upshaw recently returned from a visit with their son and family in Ozark, Arkansas.

WSCS Joins Joy Circle In 'Week of Prayer'

WSCS met in the First Methodist Church Sanctuary Monday afternoon at 8 o'clock. Mrs. W. A. Rives, in absence of president Mrs. Phil J. Malouf, was in charge of a brief business session when she announced that the Monday Circle and Joy Circle would observe the "Week of Prayer and Self Denial" program in a joint meeting in the home of Mrs. R. T. Williams, Tuesday, Oct. 24.

A covered dish luncheon will be served at 12:30 and the Joy Circle will bring the program, using the material prepared by Woman's division of Christian Service. The meeting was opened with a song and Mrs. Clarence Huckaby read the 2nd chapter of First Corinthians for devotional. Mrs. J. W. Porter gave the prayer.

Mrs. R. T. Williams reviewed the last chapter of "The Edge of the Edge". This has been a very interesting study. Attending were Mmes. W. A. Rives, Joe Kiker, A. S. Lawlis, W. A. Shope, C. R. Polk, Nancy White, Lenna Birdsong, Hooper Shelton, J. W. Porter, Clarence Huckaby, R. T. Williams, H. C. Shelton, W. A. McCright, Mark Strickland and Roger Smith.

Judge and Mrs. E. C. Grindstaff of Ballinger visited here Monday with his uncle, Judge and Mrs. H. F. Grindstaff and they all attended the funeral of Mrs. I. S. Grindstaff Sr. in Haskell Monday afternoon.

Gift Tea Honors Mrs. Donnie Potts

A gift tea was given recently in the M. F. Garland home honoring Mrs. Donnie Potts. In the receiving line, Mrs. Garland opened doors and presented Mrs. R. E. Johnson, Mrs. Donnie Potts and Mrs. J. S. Potts and maternal grandmother, Mrs. T. C. Adams Sr.

The rooms were decorated in cut flowers, with table appointments of crystal and silver. Elaine Turner and Celia Reese poured. Mrs. Templer directed guests to the register and Charlene Strickland and Leatece Counts were at the register. Sharon Hale and Sandra Boen showed the gift rooms. Mrs. Turner, Mrs. Boen, Mrs. Hale and Mrs. Counts were in other parts of the party.

Hostesses for the lovely affair were, Mmes. I. N. Templer, A. D. Turner, L. Sparks, Dee Reese, Jesse Boen, Irvin Hale, C. V. Counts, M. F. Garland, Joe Morris, Bill Hughes, Richard Ray, O. D. Knox and Misses Sandra Boen, Sharon Hale, Celia Reese, Leatece Counts, Elaine Turner, Charlene Strickland.

BSP Entertains Rushees Thursday

A model meeting of Beta Sigma Phi was held in the home of Mrs. W. F. Edwards, Jr. Thursday night, October 12th. Rushees were entertained with a style show followed by a comical skit presented by the members.

A short business meeting was conducted by Mrs. Bill Graham.

Mrs. Peggy Jo Underhill and Mrs. Billy Frank Hardy gave the Aims, Purposes, and Scope of Beta Sigma Phi. They also gave a brief resume of the highlights of the history of the Sorority. The chapter's achievements of the past year and their planned projects for the coming year were discussed.

It was announced that the First Lady of the year in the Rotan will be chosen in February. She will be selected by secret nominators - a committee of civic leaders, men and women, who will make the nominations and from this list will vote approval for the Rotan woman who deserves such recognition. This choice will be based on accomplishments in cultural or civic work, home-making, business or other community activity.

Beta Sigma Phi closed their Fall Rushing activity with a referential Tea Sunday afternoon, October 15, in the home of the Sorority director, Mrs. Bob Williams.

Receiving with the hostess was the sorority President, Mrs. Bill Graham. The serving table was centered with a bouquet of yellow roses, the official flower Beta Sigma Phi. Mrs. Eugene Allen poured from the silver coffee service, assisted by Mrs. Fred Schkade. Cake squares, decorated with the Greek letters of the Sorority were served.

New members received into the sorority are Mrs. Chalie Joe Helms, Mrs. J. B. Helms, Mrs. B. A. Ivey, Mrs. Charles Masters and Mrs. Rudy Lotief.

The home of Mrs. P. S. Ragsdale, the sorority sponsor, will be the setting for the formal Pledge Ceremony for the new members to be held November 2nd.

The 1961 cotton harvest is now underway. Cotton harvesting in this area normally reaches its full peak around 10 days to 2 weeks after a killing frost. Looks like as much as 30 to 35 percent of the county's cotton crop will be harvested this year with mechanical strippers. With this much of the cotton crop being harvested with strippers, it is of the utmost importance that farmers keep in mind that it pays to operate the strippers in a good workmanlike manner to preserve the quality of the cotton. The following statements are made as key points to keep in mind throughout the harvesting season:

Do not operate strippers too soon after frost or the use of desiccants. Allow ample time for all the leaves and leaf stalks (leaf petioles) to dry out completely before starting the strippers. Green leaves and leaf petioles will stain the cotton as it goes through the stripper and is loaded onto the trailer. Cotton stained in this manner can easily cost the farmer \$10 per bale in grade. Proper timing of the harvesting operation is important. A drying period of 2 to 3 weeks after is needed to condition properly the cotton plants for stripper harvest. But with further delay plants deteriorate and broken stems and branches are gathered with the stripped cotton, which with weathering lowers quality.

Don't start strippers too early in the morning following heavy dews or showers. Research has shown that harvesting cotton with too high a moisture content cost the farmers \$10 to \$15 a bale in quality. Cotton gins best at a lint moisture content of about 7 1-2 percent. A good rule of thumb is to squeeze a few bales and if the cotton bounces back after being squeezed it is, normally, dry enough to harvest. If the cotton stays in a ball after being squeezed in the hand, it will be too moist for good harvesting and ginning.

Provide ample trailer space for each bale of cotton. The USDA estimates that it take up to 450 cubic feet of space for one bale of machine stripped cotton. To tramp and crush cotton into small a space results in lower grade cotton. Even gins with the most elaborate and expensive systems cannot remove all of the small "pin and pepper" trash that is ground into seed cotton when

it is tramped into the trailer. Use separate devices on strippers such as blowers and green boll boxes. Throw the green bolls out on the turnrow and allow them to dry out and open before carrying them to the gin. Too many green bolls indicate that you are attempting to strip too soon after frost or desiccation. Use wood slatted or wire sided trailers. This will allow leaf and other trash to blow out of the trailer. Keep strippers and traiders clean. Do not over lubricate. Wipe off excess grease and keep the trailer beds free of dirt.

Keep strippers and trailers clean on the row and operating at the proper speed will help eliminate barkly cotton.

Keep a few tarpaulins on hand in case of rain or dust storms.

Scientists of the USDA, Atomic Energy Commission and U. S. Public Health Service have developed a process for removing strontium 90 from milk. They hope it will never have to be used.

It is not too early to begin planning for the 1962 watermelon crop. The Texas Agricultural Extension

Girl Scout Troop 232 Selects Officers

Girl Scout troop No. 232 met Tuesday October 10, in the scout hut. We planned future meetings and elected troop officers. These were:

Service has recently made available a publication on growing watermelons and copies are free for the asking from our office.

Color is the only visual means of determining the quality of a hay. A bright green color is an indicator of high quality, says U. D. Thompson, extension animal husbandman, and should be looked for when hay is purchased.

FLAMELESS
Electric
RANGE...

the most exciting thing that ever happened to cooking

BLUE RIBBON PRIZE WINNER, Mrs. Bob Branch, 818 Glenhaven, Abilene, Texas, has good reason to believe flameless electric cooking is best. The rolls she baked on a flameless electric range won the blue ribbon prize at the 1961 West Texas Fair.

Like so many good cooks - Mrs. Branch has secrets not found in recipe books - and flameless electric cooking is one of them. BE CHOOSY—do as prize-winning cooks do - cook ELECTRICALLY!

REFRIGERATOR ROLLS
Crumble cake of yeast over 1/4 cup sugar. Set aside. Melt 1/4 lb. margarine or butter. Add 1 cup of milk to melted margarine or butter to make lukewarm mixture. Stir sugar and yeast together to make a liquid and add to milk and margarine or butter. Add 2 eggs, beaten. Add 4 cups flour and 1 tsp. salt. Chill 4 hours. Shape into rolls and let rise at room temperature till doubled. Bake 15 minutes at 400°.
