

**Suspended Sentence  
Of Johnnie Baxley  
Revoked By Judge**

Johnnie Baxley, who was convicted in District Court here on May 8, 1925, of forgery and given a 3-year suspended sentence, was brought before District Judge Bruce W. Bryant this week, and the judgment suspending his sentence was revoked.

Shortly after his trial here, Baxley was convicted in Willbarger county on a charge of robbery by assault, and was sentenced to 8 years in the penitentiary. He is now serving this sentence, and the sentence assessed this week by District Judge Bryant will not become effective until Baxley has finished the 8-year term given him in Willbarger county.

Baxley was brought to Haskell from Huntsville several weeks ago by Sheriff Al Cousins, and was held in the county jail to await the passing of sentence under the conviction in 1925.

**BALLOTS FOR GENERAL  
ELECTION ARE PRINTED**

Ballots for the general election to be held November 6th have been printed and are being sent out this week by County Clerk Emory Mendenhall. Over eight thousand ballots were printed, the largest number ever used in any election in the county heretofore. Mr. Mendenhall reports quite a number of requests from voters for ballots this week, who expect to be away from their voting boxes on the day of the election. Absentee voting is allowed until within three days of the election, states Mr. Mendenhall.

**First Time Voters**

All of those who have become of age between January 1, 1928 and the day of election are eligible to vote in next Tuesday's election, even though they have not registered or paid a poll tax.

**Negro Is Wounded  
In Shooting Scrape  
At Rule Sunday**

A negro woman whose name was not learned, was seriously injured Sunday afternoon when she was struck by a shot from a revolver, fired by another negro woman, following an altercation which occurred near the oil mill in that city.

A negro woman, who gave her name as Stella Brown, was arrested by officers in connection with the shooting, and she was brought to Haskell and placed in jail to await the action of the Grand Jury.

**Two Convicted Men  
Taken to Abilene  
Jail Monday Night**

Geo. Calvert, alias Blackie McGowan, who was convicted in District Court here and given a sentence of ten years in the penitentiary, together with J. W. Adamson, who was recently convicted and given two-years sentence on a charge of arson, were carried to the Abilene jail Monday night by Haskell county officers. It is stated that Adamson, who has appealed from the verdict of the Haskell court, faces several charges in Taylor county.

After they had been removed from the county jail, officers noticed where an attempt had been made to saw through the walls of the cell in which Adamson and Calvert had been confined.

W. T. Carr of Tanner Paint community was in the city Saturday and handed us the price of subscription to the Free Press with a smile and said by his actions that he appreciates our efforts in getting out a real county paper.

**Sore Gums Now Curable**

You won't be ashamed to smile again after you use Leto's Pyorrhoea Remedy. This preparation is used and recommended by leading dentists and cannot fail to benefit you. Druggists return money if it fails—Martin's Drug Store.

**STRAYED**—A black Poland-China pig, weight about 65 pounds. Has white spot on head. Finder telephone 306 for reward.

**FOR SALE**—At Reasonable Prices, a few Registered Purebred Jersey Bull and Heifer Calves. Three registered head-bettors, one a first prize winner at County Fair and other two from five gallon dams. Five grade bred heifers and several registered cows, all to freshen in a few months. Also one registered bull ready for service and winner of first prize in his class. My herd sire has won first prize at the

County Fair for the past five years. J. M. Woodson 2 1/2 miles N. E. of Haskell.

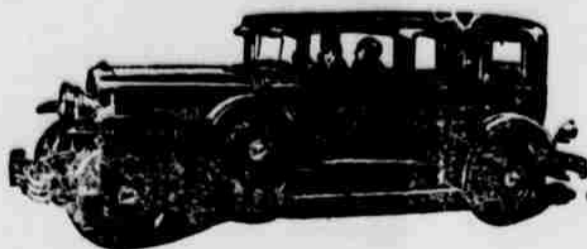

**FOR SALE**—Span of good mules, 8 and 7 years old for cash or will trade for a truck. H. P. Blackstone on the Oats farm near Midway.

**WANTED**—30 women to pick turkeys. Apply in person at Western Produce Co., Haskell Texas.

**FARMERS NOTICE**—I have the famous Galloways Thoroughbred Planting Seed. Get your order in now. Rufus Banks.

**An Unpleasant Subject**  
All of the functions of life are not pleasant to consider. Perhaps this is why some mothers refuse to think that such symptoms as restless sleep, loss of flesh, lack of appetite or itching nose and fingers in their children, can be caused by round or pin worms. Many mothers have proven, however, that a few doses of White's Cream Vermifuge, that sure and harmless worm expellant, will make these symptoms disappear. You can get White's Cream Vermifuge for 35 cents per bottle from Reid's Drug Store or Payne Drug Co.

*The new Buick  
is the new Style*

Men and women on every street-- in every city and town-- are pronouncing the new BUICK with Masterpiece Bodies by Fisher, the most beautiful automobile of the day--

Never before in the history of motor car manufacture have the motorists of America welcomed any new automobile as they are welcoming the Silver Anniversary Buick with new Masterpiece Bodies by Fisher! Sweeping into the market at a time when motor car lines were practically standardized--when imitation was destroying individuality--these epic Buick creations introduced an entirely new mode--

# High School News

## Chapel Exercises

The student body was entertained by another chapel program Wednesday, October 24th.

Mr. Bass announced that there would be no school on Thursday and Friday due to the institute here at that time. The announcement did not receive the applause that it would ordinarily have received due to the fact that most of the students already knew of the holiday.

The students were entertained by an amusing reading by Addie Mae Whitaker and later by some violin solos by Miss Martha Lee Rogers accompanied by her sister, Marjorie.

The program was cut short when the fire truck was heard moving the school building. Both the North Ward and the High School buildings were cleared of students and teachers only to find that we had been victims of a false alarm.

## Senior News

The Seniors of H. H. S. met Tuesday, Oct. 23, at the home of Mrs. W. H. English. After several business sessions, we discussed our plans for the High School Senior Banquet to be held at the Hotel Hamilton on Thursday, Oct. 25. We have had a very successful year and we hope to have a very successful one next year.

## Production News

The production of "The Merchant of Venice" by the Spanish Club was held at the school on Thursday, Oct. 23. The production was very successful and we hope to have a very successful one next year.

## Indians Defeat Moguls 26 0

The Indians carried the ball far into the Mogul's territory. David Smith then tore through the Mogul defense and ran fifteen yards for a touchdown. Raul English then passed to Smith for the extra point. Kimbrough kicked off and the Moguls and Indians were fighting for the pigskin again. The Moguls punted out of their territory, but the Indians would carry it back or else punt it back. Kimbrough's punts took the Indians back into the Mogul's territory, and Smith soon made another touchdown, but the extra point was not made.

During the second half the ball was kept in the Mogul territory because of Kimbrough's excellent punting. Kimbrough made a touchdown and gained the extra point by a pass from English. Kimbrough made another touchdown in the fourth quarter but the extra point was not made.

The Indians came back with doubled efforts, and with the aid of the wind beat down the defense of the Moguls.

October 25 the Haskell Indians defeated the Munday Moguls 26 0. During the first quarter there was no score made. The Moguls kept the ball in the Indian territory. The Indians were crowded the first quarter. The scrum of the Mogul backfield made them strong. Tom Patterson, the big left tackle, went through the line several times but he could not touch the first backfield. John Clifton substituted for Patterson at left tackle.

The Indians came back with doubled efforts, and with the aid of the wind beat down the defense of the Moguls.

**Just Like An Ostrich**

A medical authority says that a person who tries to cover up skin blemishes and pimples with toilet creams and powders is just as foolish as an ostrich that buries its head in the sand to avoid danger. Skin eruptions are nature's warning that constipation is throwing poisons into your blood stream and weakening your whole constitution. Remove the constipated condition and you will strengthen your system against disease and clear up your disfigured skin. The best way to do this is with a course of Herbine, the vegetable medicine that acts naturally and easily, which you can get at Reid's Drug Store or Payne Drug Co.

**Citation on Application for Probate of Will.**

THE STATE OF TEXAS  
 To the Sheriff or any Constable of Haskell Greeting:

You are hereby commanded to cause to be published each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Haskell County, a copy of the following notice:

The State of Texas.  
 To all persons interested in the Estate of Mrs. S. R. Vernon, deceased, O. O. Vernon and Minnie Vernon, have filed in the County Court of Haskell

**Regular Battery Inspection Pays**

Give your battery a chance to give you unfailing service. Bring it here for a few minutes once a month for a thorough examination. This regular attention will increase its life. This longer life lowers its upkeep. Regular battery inspection keeps dollars in your pocket.  
 Be sure your next battery is an Exide.

Frank Kennedy  
**Exide BATTERIES**

County, an application for the Probate of the last Will and Testament of said Mrs. S. R. Vernon, deceased, filed with said application, and for Letters Testamentary, which will be heard at the next term of said Court, commencing on the first Monday in November, A. D. 1928, the same being the 5th, day of November, A. D. 1928, at the Court House thereof, in the City of Haskell, Texas, at which time all persons interested in said Estate may appear and contest said application, should they desire to do so.  
 Herein Fail Not but, have you before said Court on the said first day of the next term thereof this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Haskell, Texas, this 18th day of October, A. D. 1928. (Seal) Emory Menefee, Clerk, County Court Haskell County Texas.  
 By Jason W. Smith, Deputy.

**CHEVROLET**

**CONSTANT EXPANSION**  
 —to serve Chevrolet owners better

**SINCE January 1st more than a million new Chevrolets have been delivered to owners—making the Chevrolet Motor Company, for the second consecutive year, the world's largest builder of automobiles!**

This outstanding achievement has been attained not only because of the quality and value of Chevrolet cars—but also because there has been a constant expansion of Chevrolet service facilities.

In order to bring these mammoth facilities of the Chevrolet factories to Chevrolet dealers and owners everywhere, there have been erected 26 huge parts warehouses in the principal centers of distribution. This expansion program is continually going on—for four great additional warehouses will be in operation by January first and seven more by the summer of 1929.

Into the service departments of all Chevrolet dealers, Chevrolet has brought special tools and shop equipment—designed under the supervision of Chevrolet engineers. This equipment definitely assures maximum speed and precision and the lowest possible cost in the performance of every Chevrolet service and repair operation—which are charged for on a flat rate basis.

Furthermore, all of these tremendous facilities have been made available to 15,000 authorized service stations manned by skilled mechanics, over 25,000 of whom have been factory trained to efficiently handle every repair operation on a Chevrolet car. In addition, there are over 4,000 other points where genuine Chevrolet parts may be obtained.

Uniformly efficient, uniformly reliable and within easy reach of everybody everywhere—this great service organization is maintaining at peak efficiency the fine performance for which Chevrolet cars have always been renowned.

We cordially invite you to come in and see how our service facilities reflect the influence of this great national service program.

**QUALITY • AT LOW COST**

**Another Milestone on the highway of Progress**

Ever mindful of the needs of West Texas in its phenomenal growth, and thinking several years ahead of its rapid development, the West Texas Utilities Company has set another milestone on this Highway of Progress.

Where six months ago was the bald prairie five miles northeast of Quanah, now stands the Lake Pauline Generating Station, capable of generating 20,000 horsepower of electricity. When this newest electrical giant of the West Texas Utilities Company was put into operation recently it began doing work in homes, industrial plants, oil fields and on farms and ranches of West Texas which is equivalent to the combined efforts of more than 200,000 men.

This station increased the available generating capacity of the company to approximately 70,000 horsepower, thereby not only insuring this territory unlimited power supply, but providing enough reserve to serve at least half a hundred more communities.

The West Texas Utilities Company is constantly working and planning to meet the future demands of West Texas.

**West Texas Utilities Company**

# Farm News

By W. M. FREE  
Field Editor

We began work on Stamford Route B Monday morning in the Bunker Hill community. We visited the school which began its term that morning. They had gone through with all the formal arrangements and were down to business when we arrived. W. C. McKinzie who has taught this school for seven years is assisted by Misses Vesta Baker and Ada Cox.

P. H. Martin owns and operates one of the best country stores in Haskell county keeping a line of auto supplies in connection with the store. He is very accommodating and has made many friends during his years of service to the people of the Bunker Hill Community. He gave us the cash for a subscription to the Free Press.

J. H. Putman who ran a filling station in Stamford last year has bought a nice farm near Bunker Hill and is farming this year. He has had a hard time with his crop this year because of the dry weather. They are milking 4 cows and they have hogs for their meat and have some nice chickens and turkeys.

W. M. Beene and family were away from home when we called. They are old friends of the writer and Mr. Beene is a successful farmer.

Alfred Rinn had just killed a small hog and Mr. R. Rinn was helping him. Mr. Rinn has lots of hogs owns a fine farm and he has a nice turnip patch in his garden which he has grown by irrigation from his well. He gave us his check for the Free Press for one year.

A. Putman a young farmer was away from home when we called, but Mrs. Putman told us that they have two of the smartest boys in Texas. These boys whose ages are 5 and 6 years have pulled 4050 pounds of cotton the past 3 weeks. The five year old boy pulled 125 pounds one day and the six year old boy pulled 170 pounds one day.

J. K. Kue had just driven up to his barn with a good team of horses hitched to a mow. He has 5 good hogs and 7 shoats 25 fine turkeys and about 100 chickens. The ducks are very destructive to his chickens and turkeys. He takes much of his time in raising hogs. He said that a farmer did not raise his living at home with ducks, hogs and chickens that a dry year like this is very hard on him.

C. F. Teichelman living near Bunker Hill is going to build a new residence which will be a stout room house with

concrete foundation. It will be a frame building, bungalow type.

Mr. Teichelman has a good farm and he has not sold any of his cotton this fall, has six good hogs for his meat, 4 good milk cows and an abundance of feed. Chas. is a fine farmer and is very successful. He paid us for a years subscription to the Free Press.

Frank Boedecker is picking his cotton and not pulling it. He is making plenty of feed for his stock and has three good hogs, lots of Red chickens and his Free Press is paid up until next April. Frank has been reading the paper many years.

G. M. Caudle living near Bunker Hill was heading maize. Mrs. Wofford his daughter says he will make enough maize to feed his horses and mules next year. They have some good cows, turkeys and chickens and do not depend on cotton alone for their money crop and living.

E. W. Fricke a prosperous farmer was very busy with his crop. He owns a good, well improved farm and has lived on this place 20 years. He keeps enough cows, hogs and chickens to help out with the family expenses. Mrs. Fricke likes flowers and she has lots of them in her yard.

R. L. Bates is farming and has no other crop but cotton this year and the crop is very short. They do not have any hogs, chickens or cows. Mr. Bates is a good cotton farmer.

E. I. Chatwell has built a new residence of 9 rooms using his old house. He says that the house did not cost him very much more than a good car would and at this time he says he had rather have the house. That's good logic.

A. A. Becker living on the Joe Hilscher farm was away from home when we called at his place.

E. J. Boedeck one of the Free Press' habitual readers who called at the office last week and renewed for a year in advance, was very busy pulling bolls. He has about 25 head of hogs, lots of chickens and he believes in making a living at home. Mrs. Boedecker and daughter were quilting. She said they quilted one quilt last week. Mr. Boedecker has lived on this good farm 22 years.

Wm. Knippling one of our good friends gave us his check for the Free Press for a year when we arrived at his good farm home. He was picking cotton and his cotton was as good as any in that section. He has lived on this farm 20

years and is well known and appreciated by his neighbors. He is milking 3 cows, has 4 hogs for his meat, 100 or more chickens and a fine flock of turkeys.

Robert Helm was picking cotton near the house. He has some good cotton which he says will make a good turnout at the gin. He has a fine bunch of hens some nice turkeys. He is a good farmer.

C. R. Younce moved to the Bunker Hill community, last year. He came from near Abilene and is a real good farmer. Mrs. Younce says that she is having the worst luck with her chickens she ever did have in her life and she is doing all she knows to make a success with them.

J. J. Wofford was working over his car and he was in the grease good but he took time to make a check to the Free Press for a year and is again on our mailing list. Mr. and Mrs. Wofford have some fine White Leghorn hens and Mr. Wofford says they are real Egg machines. He started with a few baby chicks and now has more than 100 laying hens and they fill the egg basket every week.

### Oct. 23, Stamford Route B.

Rev. E. J. Barb was busy picking his cotton crop. He lives at Plainview school house and he and Mrs. Barb will teach this splendid school again which will begin the term Monday morning October 29th.

J. E. Lovvorn has out 17 bales of cotton and his crop is very good for the year. He has four good hogs and plenty of good feed for next year. He owns the G. W. Coleman farm which is one of the best in the Plainview community. He has his land under terraces which is sure paying a big dividend to Mr. Lovvorn for his effort. Mrs. Lovvorn has 130 White Leghorns and about 50 Red hens, but says she will sell the Reds and keep the Leghorns.

S. K. Cornelius, one of our old time friends was pulling bolls. He did not have any help and is doing the pulling himself. He pulls around 300 each day. He will make enough feed to feed his stock next year. He is living alone and is doing his own cooking and keeping

house. Herman Nauert was in Stamford and his children were pulling bolls. The children reported that their father would make lots of feed, has 12 head of cattle and 4 hogs. He has lived on this farm 11 years. He is well known and has many friends.

O. E. Vogelsang and Ted Morugg are farming on the Morugg old home farm and they have a fair crop for the year. They have lots of feed and some good cows. The boys are doing fine with the farm.

C. H. Miller of near Plainview school house celebrated his 53th wedding anniversary a few days ago. He and Mrs. Miller have lived to a ripe old age, and are still able to get around like young folks. They have lived on the farm they owned for 26 years. He broke out the farm and put it in cultivation and some of his friends advised that he had better leave the sod for grass than to try to farm in this country. But time has told the fact that this is one of the best farming sections in West Texas. The cotton on this farm this year will make a bale to 6 acres. It has been very dry in this section.

C. W. Campbell is so lucky should you throw him in the river he would come up with a fish. He is making a

good crop of feed and cotton. He has some bottom land that never fails. He planted some fetireta in August which is now maturing a fine crop. That seems very late to plant feed but it worked with Mr. Campbell. Mrs. Campbell has a fine bunch of turkeys. Mr. Campbell gave us his check for a years subscription to the Free Press.

Mrs. H. Mueller is living on her farm of 350 acres and one of her boys is farming the place with her this year. Mrs. Mueller has been living on her farm for 23 years. She states that her crop is not so good as of other years.

P. Vogelsang had gone to Stamford. He owns this good farm and Mrs. Vogel-sang said the crop on the farm was very good for the year and his cotton is especially fine. He has lived on this farm 18 years and has a nice home. All their children are married and are keeping house for themselves. Some of the grand children were with Mrs. Vogel-sang when we called. She has 150 White Wyandotte hens and she makes lots of money from her chickens.

J. F. Scott was at the house at the noon hour and we stopped and Mrs. Scott gave us a good dinner. These people have lived in Haskell county 5 years, but last year they moved to the South Plains but only remained there

one year and came back to the same place where they have lived ever since they have been in the county. Mr. Scott thinks he will make enough feed for next year and he has two fine fat hogs which are very large. Two of Mr. Scott's daughters are teachers and will teach this year and the baby girl is going to school at Stamford.

J. R. Tidwell was helping his father J. I. Tidwell head maize. We knew these people in Johnson county more than 15 years ago and we were glad to meet them again. They are farming near old Joe Baily school house or where it used to stand.

Dave Uimer lives on the G. L. Hanson old place and is farming. The dry weather and hot winds were very destructive to his crop this year. He has

quite a lot of Hus to buy his maize. Uimer had fine lot of turkeys, the

Guy F. Bruce hatched the gin. He is Gibson farm and the dry year. He county for 22 years. Mrs. Bruce said with her chickens

T. P. Chitwood the drouth and he crop very badly. place last spring force to gather his

# Mays Dry Goods Company

living with his wife in the home place. He has two good cows and he is selling them.

Living on the old place, he has a good crop of cotton and a few chickens. He has a fine bunch of cows and is making good money. He is putting in a small dairy farm in Stamford where he has some property.

Living on the Medina place, he has a fine bunch of cows and is making good money. He is putting in a small dairy farm in Stamford where he has some property.

Living on the Medina place, he has a fine bunch of cows and is making good money. He is putting in a small dairy farm in Stamford where he has some property.

was very short because of the dry weather and hot winds in the summer. They have hogs for their meat and they are milking some good cows and selling butter.

Sam Hanson a Haskell county farmer and a good farmer is farming where he has lived the past two years near McConnell. He is short on land but he has 6 good hogs, 2 good cows which he sells some cream during the year. Mrs. Hanson raises the Rhode Island Red chickens.

Sam T. Burge lives on the F. J. daughter farm where he has lived the past 7 years and has made good as a tenant farmer. This year the weather conditions have been unfavorable for the farmer and Mr. Burge has not done so well. But he will get by some way. There is always a way made for the man who does his best.

T. J. Rascoe living near McConnell has out 8 bales of cotton and he and his family are pulling the crop. Fred is short but he has hogs for meat and a good cow. They raise chickens and turkeys. Mrs. Rascoe has 20 fine turkeys she raised from four birds.

John W. Bray was reared in Haskell county and has lived near Post and McConnell many years and has been engaged in farming all the while. His crop is short this year but he will get by all O. K. He knows how.

J. A. Dodson formerly of Stamford moved out to McConnell this year and made a crop. But his daughter stated that they would move back to Stamford when he finishes gathering his crop. He was formerly handling the Singer Sewing Machines in Stamford before he moved to the farm.

L. C. Phillips, Commissioner of Precinct Four lives near McConnell. We called at his place but he had to be away from home. He is a reader of the Free Press and has been on the list many years.

E. H. Williams is Section Foreman on the Valley Railroad and lives near McConnell where he has resided for the past 6 years. He is an old and trusted man of the company. Mrs. Williams says she likes to live at McConnell.

Fred Grambsaur and his wife were pulling bolls. Fred is a good farmer but the dry weather cut his crop down very much. He has lived in this place for the past seven years. Mr. Grambsaur has some fine turkeys.

We called at the home of Paul Phillips but found no one at home. We noted some fine turkeys at this home.

We drove home arriving there at sundown and we are glad that we met so many of our old friends and made a number of new acquaintances whom we believe will become habitual readers of the Free Press after they have read a few copies and find that the Free Press is a news paper for the rural people as much as it is for the city folks. The Free Press is a real news paper.

October 25th

Thursday morning we were detained in the office waiting for some new papers to take along. This week we had 2 sections 16 pages each full of good news gathered from all parts of the county by our own force and a large number of reliable news gatherers who help us to make one of the best county papers in Texas.

We drove to Rochester where we met our old friend W. Z. McElroy or O'Brien Route one who would not be contented until we let him have the Free Press for a whole year for \$1.50. We are just too tender hearted to refuse a friend a favor when we can grant it.

We drove to Rule from Rochester and we noted a number of trucks loaded with oil pipe going south. Crops were good along the way and the farmers were busy.

We drove west from Rule to where C. E. Orton was making sorghum from home grown cane. Mr. Orton only planted 8 acres this year but will make five or six hundred gallons of the finest grade sorghum we ever saw.

A. F. McCarty and J. L. Linville experts were attending the pan from which they run about 100 gallons per day. Mr. Linville renewed for the Free Press and Mrs. McCarty gave us \$1.00 for 8 months of the best county paper in West Texas.

We drove to the home of Bert Hatch in the Sweet Home community. He has out 12 bales of cotton and has a large force picking. He will make plenty of feed for next year and Mrs. Hatch has lots of chickens of all ages. Some just the right age to fry real brown with some thick gravy on the side.

C. B. Tribby a prosperous young farmer who is getting along fine. He will make lots of feed, has hogs for his meat, owns a good farm and property in the watch word around this farm.

Ben H. Bristow is a leading young farmer of the Sweet Home community. He owns his farm which he cultivates and makes a bountiful living with some profit. Rev. W. B. Arnold, father of Mrs. Bristow was at the home when we

called. Bro. Arnold is a veteran Baptist minister of Haskell county but he works in Stonefall county most of the time. He had just made a recent trip to Stonefall and he says the crops are fair in the parts of the county he visited, especially in the sand's sections.

Almost every week north and west of Wellington is a Wheat season but in the sand's sections they are just beginning to plant wheat. They are waiting for the weather to get better and they will plant wheat in the sand's sections in the fall.

Married

Mr. H. B. Cummings and Mrs. Mary Norton looked Rochester and announced to marry on Saturday afternoon Oct. 27th. Justice of the Peace R. P. Strickland performed the ceremony at his home in this city. The happy young couple was the best wishes of a host of friends.

U. L. Woods one of our leading members of the Malvern community called last Saturday at the office and set his subscription forward again. That is just one of Mr. Woods' habits to keep his paper paid in advance. We are striving to give our readers a paper which will serve and satisfy, and we appreciate Mr. Woods' approval of our efforts. Thanks.

ELECTORS FOR PRESIDENT AND VICE-PRESIDENTS:				
ELECTORS FOR PRESIDENT AND VICE-PRESIDENTS:				
ELECTORS FOR PRESIDENT AND VICE-PRESIDENTS:				

OFFICES OF THE ATTORNEY GENERAL  
AUSTIN

October 10, 1928

Hon. Alvin Moody,  
Houston, Texas.

Dear Mr. Moody:

We have received your letter of October 4, inclosing a form of ballot to be used in case a voter desires to vote for the Republican presidential electors and at the same time for all the nominees of the Democratic party for state offices.

The manner of marking a ballot is set forth in Article 2901, of the Revised Civil Statutes of our State, and in this Article is included the provision for voting a mixed ticket. Article 2901 is as follows:

"When a voter desires to vote a ticket straight, he shall run a pencil or pen through all other tickets on the official ballot, making a distinct marked line through such ticket not intended to be voted; and when he shall desire to vote a mixed ticket he shall do so by running a line through the names of such candidates as he shall desire to vote against in the ticket he is voting, and by writing the name of the candidate for whom he desires to vote in the blank column and in the space provided for such office; same to be written with black ink or pencil, unless the names of the candidates for which he desires to vote appear on the ballot, in which event he shall leave the same not scratched."

We have examined the sample ballot submitted by you, and in our opinion, a ballot so marked meets the requirements set forth in the Article quoted above and should be accepted by the election judges and counted as a vote for the Republican electors and at the same time as a vote for all of the state Democratic nominees.

That is to say, if a voter desires to vote for the Republican presidential electors and at the same time vote for all the Democratic nominees for state offices, it is legal for

such a voter to run a line through the presidential electors on the Democratic ticket, leaving the presidential electors on the Republican ticket unmarked; and when he reaches the nominees for state offices, leave some unmarked on the Democratic ticket and run a line through the nominees for state offices on the Republican ticket. This, of course, would necessitate running a line through the entire ticket of any other party appearing on the ballot.

In this connection, we desire to call your attention to the provisions of Article 3009, Revised Civil Statutes, 1925, under which a voter should not carry a marked ballot to the polls with him.

Very truly yours,  
*Claude Pollard*  
Claude Pollard,  
Attorney General

**IMPORTANT**

A Democrat wishing to vote for Hoover should mark his ballot as shown in the marked sample ballot above. This has been approved by Hon. Claude Pollard, Attorney General of Texas, as a legal ballot which must be counted. Read General Pollard's official letter on this page.

Be sure to observe the following:

(1) Mark out ALL TWENTY Smith electors which are those at the head of the "Democratic Party" column. Leave all other names in this column unmarked.

(2) Leave UNMARKED ALL TWENTY of the Hoover electors at the top of the "Republican Party" column. Mark out all names in this column below the electors.

(3) Mark out the whole of the three columns to the right, headed "Communist Party," "Socialist Party," and the blank column.

## HEAVY GAS FLOW IN KOURI TEST

A flow of gas estimated at 1,250,000 cubic feet was encountered at a depth of 310 feet in the Kouri-Shelton well test on the Reynolds-Cath Company ranch southeast of Haskell Thursday morning of last week. It is reported that the gas is coming from a 15-foot sand at 310-325 feet. This test was said by all men to be a bit unusual because of the shallow depth at which the gas was found. The gas was braden-headed off and deeper drilling was begun.

The well is 1 1/4 miles north of a well completed three weeks ago by the Moody Oil Corporation, a producer from a sand at 1700 feet. Initial production was three barrels per hour and with swabbing was made to produce as high as 175 barrels per day. Friday, by natural flow, the well made 97 barrels. It has produced more than 1,100 barrels, which has been stored on the property. A new 1,000 barrel storage tank is now under construction.

## Fire Department Called to Electric Gin Wednesday

The fire department was called to the Electric Gin Wednesday afternoon when a small blaze was discovered in the clearers. The fire trucks made a quick run to the scene, but employees at the gin had the fire extinguished before the apparatus arrived. No damage was reported.

## Santa Fe Starts Extension Across New Mexico Line

Work on an extension of the Lubbock-Seagraves branch of the Pecos Santa Fe line toward the east on the line in the vicinity of Hobbs, N. M., was started yesterday by the Lubbock Journal.

A new route, the newspaper said, will probably be laid out for 20 miles southwest of Seagraves on the new line. The Pecos Oil company has made a location for a deep test in Gaines county, 10 miles south of Seagraves. A rail line between Seagraves and Hobbs would be about 35 miles long.

F. J. Trimmer and family of Jossilet were in the city Saturday shopping.

**PRESBYTERIAN CHURCH**  
November 4, 1928

The regular services will be held here next Sunday as follows:  
Sunday School begins at 9:45 a. m.  
Morning worship at 11:00 a. m. led by the pastor.

The Christian Endeavor will meet at 8:30 p. m.  
The evening church service will begin at 7:30 p. m.

The public is most cordially invited to come and worship with the congregation at this church at every service.

## HASKELL COUNTY FARMER MOVES TO LITTLEFIELD

J. H. Lawson one of our old time citizens who moved his family to Littlefield about two weeks ago to make their future home called around Saturday and set his subscription up for a year in advance so that he and his family can get the news from Haskell their old home each week. We regret very much the going away of this good family but their many friends here wish for them much happiness and prosperity in this new home. We take pleasure in recommending this good family to the people of Littlefield and also to Lamb county and trust they will find new friends and neighbors whom they will appreciate.

## SAYLES SCHOOL STARTED MONDAY

The 1928-29 term of the Sayles school started Monday October 22nd, with a fair attendance. We expect to have a number to start later as some do not have their cotton out yet.

Mr. and Mrs. Clyde Foote are the teachers and are expecting a term of real school work.

## TURKEY GROWERS ASKED TO MEET HERE SATURDAY

A request that all turkey raisers of Haskell county attend a meeting to be held in the Courthouse at Haskell next Saturday at 3 o'clock has been issued by Gen. L. Willis, well known farmer and turkey grower of this section. At this meeting plans for pooling the turkeys for the Thanksgiving market will be discussed, to the end that those selling turkeys may receive the highest possible market price.

# DOLLAR DAYS

## Friday and Saturday, Nov. 2,

Friday and Saturday are Dollar Days at Our Store. We will make ever effort to make this the biggest Dollar Sale we have ever held by giving Still Greater Values than we have ever given before. We are making a Special Effort to Make this a Big Dollar Sale because Friday is the first day of Our Two Weeks Bobolink Contest. This is a Contest in which every High School boy or young lady in Haskell may participate in. All you have to do is Sign Cards furnished you and hand out to your friends who are Prospective Purchasers of Silk Hose. This card signed by you will entitle them to buy Bobolink Silk Hose for \$1.00, America's Greatest Dollar Value. Read instructions below and Call at Our Store for Cards and detailed instructions. This is very simple.

- Pure Silk Hose, silk from top to toe **\$1.00**
- 10 yds. 36 in. heavy Brown Domestic— **\$1.00**
- 8 yds. 36 in. dark and light Outing, good heavy quality **\$1.00**
- 8 yds. good heavy Shirting Chevots **\$1.00**
- Two 18x36 Rag Rugs— **\$1.00**
- 5 Boxes Kotex **\$1.00**
- Extra heavy quality Rayon Bloomers \$1.95 values— **\$1.00**
- Two Baby Blankets assorted colors and designs— **\$1.00**
- Ladies Linen Handkerchiefs, 10 for— **\$1.00**

Contest Begins Friday Nov. 2nd. and Closes Saturday Nov. 19th. High School Girls and Boys Eligible.

A worthwhile competition is being put on by Courtney Hunt & Co. starting Friday, Nov. 2nd. It is in the form of a contest, open to all high school students and will test their ability to sell an idea to those adults with whom they come in contact.

Worthwhile prizes, worthy of any amount of effort, are being offered to the successful ones. The first prize is a \$45 gold wrist or pocket watch of famous make; the second prize, six pairs of silk, guaranteed women's hose; the third prize, four pairs of the same and the fourth prize, two pairs.

Introduction cards are being distributed to all high school students and they, in turn, sign them and give them out to as many prospective buyers of Bobolink Silk Hose as possible. Then these cards bearing their names are turned in at the Bobolink counter at Hunts store by the persons to whom the students gave them. At the end of the two weeks contest, the cards are sorted and the prizes awarded to those who have the greatest number of cards turned in.

**THIS WATCH FREE**

TO THE CONTESTANT GIVING OUT THE GREATEST NUMBER OF CARDS THAT ARE TURNED IN AT OUR HOSIERY COUNTER ON A PAIR OF BOBOLINK SILK HOSE.

The prize watch is now on display in the store window and it is understood to be worth \$45. Here's your opportunity, boys and girls, go to it!

- 1 lot Ladies values \$12.00 \$19.75. One regular price other dress value— **\$1.00**

# COURTNEY HUNT & CO.

## To the 5000 who daily become owners of the new Ford car

**THE** service obligation of the Ford Motor Company and its dealer organization is now growing at the rate of 5000 cars a day. It is to these new car owners that this message is addressed.

The new Ford is a remarkably fine car for one that costs so little. It is simple in design, constructed of the finest materials, and built to unusually close measurements.

These are the reasons it performs so wonderfully. These are also the reasons its service requirements are so few and the up-keep cost so low.

When you receive your new car, the dealer will explain the simple little things that should be attended to at regular intervals to insure the best performance. He will also tell you something of his own facilities for doing this work promptly and at small cost.

With the purchase of your car, you are entitled to Free Inspection Service by your dealer at 500, 1000 and 1500 miles. This service is due you and we urge you to take full advantage of it. Proper care during this breaking-in period means a great deal to the life of your car.

Included in the Free Inspection Service is a check-up of the battery, the generator charging rate, the distributor, the carburetor adjustment, lights, brakes, shock absorbers, tire inflation and steering gear. The engine oil is also changed and chassis lubricated.

No charge whatever is made for labor or materials incidental to this inspection service, except where repairs are necessary because of accident, neglect, or misuse.

The labor of changing the engine oil and lubricating the chassis is also free, although a charge is made for the new oil.

We believe that when you see the good effects of this inspection you will continue to have it done regularly throughout the life of your car.

Wherever you live, you will find the Ford dealer very helpful in keeping your car in good running order for many thousands of miles at a minimum of trouble and expense.

He operates under close factory supervision and has been trained and equipped to do this work promptly, thoroughly and economically.

FORD MOTOR COMPANY

# Rural Community News Items

### Flat Top

Mr. R. P. Busby and family have gone to Waco to pick cotton. We are sorry to say they have none of their own as the hail struck theirs.

Miss Ruby Martin of Haskell was in our town Wednesday seeing relatives and old friends.

Rev. W. M. Knoy of Stamford circuit filled his regular appointment at the M. E. Church Sunday.

Mr. A. R. Couch and family of Haskell have moved to their home here. We

gladly welcome this well known family to our town.

The ladies of the M. E. Society decided to take the fifth Monday evening visiting their pastor W. M. Knoy and family at Stamford.

Mr. and Mrs. Zach Nutt have gone on a vacation to visit his parents at Mt. Vernon.

Mrs. Lee Gibson gave a Halloween party last Friday night. She used the Halloween colors in decorating the rooms. A large crowd attended and had a very nice time playing many games.

The Epworth League has seventy-five members enrolled. The Bible questions are very interesting; special songs and music every Sunday night at 6 p. m. Every one is invited to attend.

Mrs. Charlie Gibson of Aspermont spent Sunday in Sagerton visiting relatives.

### Bunker Hill

The B. Y. P. U. of our church staged a play Sunday night entitled, "Farmer Brown's Conversion to the Doctrine of Stewardship." The seats were all occupied and the play was one that was appreciated by all who heard it.

Bull pulling is the main go in our community.

School started Monday morning October 22 with a small enrollment. However we are expecting a considerable increase within a week. The teachers who have been employed are: W. C. McKenzie principal and manual training instructor; Miss Ada Cox, intermediate and home economics teacher and Miss Vesta Baker, primary and Spanish teacher. We are sure that Bunker Hill will continue to press forward with these capable instructors. Those taking dinner in the J. R. Rice home Sunday were Mr. and Mrs. M. M. Crane and family of near Anson and Velma and Virginia. Each had a birthday Sunday and they enjoyed their nice dinner very much.

The candy free-ling given by Mr. Vic and Pete Hall was well attended and enjoyed by all Saturday night.

Barlo McIntyre who has been working in Arkansas for the past three months came home when he fell on some ricks, broke three ribs and dislocated his collar bone. We hope he will soon recover and be back on the job soon.

### Hutto

Several people from this place attended the funeral of D. W. Hamilton and son, Earle, at Rochester last Friday.

Little Geneva McGregor, daughter of I. D. McGregor is recovering from diphtheria.

Mr. E. E. McGregor and family spent the week-end in Haskell.

Mr. Alva Smith and wife are the proud parents of a ten pound boy born October 24th.

Mrs. Lucy Day visited an old friend Mrs. N. T. Smith of Haskell last Thursday.

Mr. Ogletree of Olton Texas, visited Mr. Roy Day last week.

Sam Carter of this community received the one hundred dollars in gold that was given away at Knox City, Saturday.

### PLAINVIEW SCHOOL OPENS MONDAY

Plainview School opened for work Monday October 29th. The building has been repaired, painted and put in good condition for the year's work. Through the courtesy of the merchants of Stamford the school will soon be in possession of a drop curtain. When this has been hung in place, the stage will be rebuilt and the side and back curtains arranged. The community is looking forward to a good school year full of work and pleasure.

### BUNKER HILL SCHOOL OPENED MONDAY OCT. 22

With fair attendance for the busy season of the year Bunker Hill opened the 1928-29 school term Monday morning October 22.

W. C. McKenzie who has been the principal of this successful school began his seventh term with this school. Miss Vesta Baker who has also taught a number of years in this school is back at her old place and Miss Ada Cox of Ft. Worth is a new teacher in the school who will have charge of the Home Economics class, which expects to make wonderful progress during the term.

This school has been the leading Rural school in the county and they have in a show case on the wall many prizes won in the Inter-scholastic League. I believe they have 16 blue ribbons, 10 second prizes and 8 third prizes and 10 loving cups. One cup was for county championship and one for rural championship.

Prospects are for a continuance of the excellent work of this school this term.

## MONEY TO LOAN

On farms and ranches by the John Hancock Life Insurance Company, at a low rate of interest, annual interest, with option to pay \$100 any multiple of \$250 at end of any year up to 14th with no penalty. No attorney fees, no commission notes and no inspection fee. You get all you borrow. Only one good of trust and one lien, based upon your option is a real one, and has no "strings" tied to it. A simple plain contract that any farmer can understand. A loan that will enable you to gradually get out of debt during your lifetime. Pay on principal in good years and skip principal payment in dry years if you so desire. No loan like it for the farmer. Loan you money to build or improve your house or build you a barn. Come in and let us explain the loan to you. Nothing to talk back.

### CITY LOANS

We make loans on city property on both the monthly payment plan or the annual payment plan, on good terms and low rate of interest.

### FIRE INSURANCE

We write all kinds of Fire Insurance both on City and Farm Property.

# Changing a Nation's Habit . . .

**Plymouth 4-Door Sedan, \$735**

More and more the millions who count the cost of motoring realize how clearly the new Plymouth overshadows in actual dollar value the few other cars in this field.

Non longer is their question, "How low is the price?" Instead, they ask, "How much do I get in size, style, performance and quality for my dollar?"

The answer is easy. Plymouth presents vivid contrasts in size, size, beauty and luxury. New and distinctive design—slender profile radiator, arched windows and "air-wing" fenders.

Road performance tells an even more convincing story—generous power, speed, and starting quiet from the new "Silver-Dome" high-compression engine, using any gasoline. And the safety of internal-expanding hydraulic 4-wheel brakes, positive in all weather.

See and drive the new Plymouth! You will at once know why it is upsetting all buying habits in the lowest-priced group.

## 675

Roadster . . . \$675
Coupe . . . 685
Touring . . . 695
2-Door Sedan . . . 700
De Luxe Coupe . . . 735
4-Door Sedan . . . 735

All prices f. o. b. Detroit. Plymouth dealers are in a position to extend the convenience of these special offers.

# A Trip To California

By W. M. Free

(Continued from last week)

After our visit to the Catalina Islands we came back to Long Beach and spent the night in our same room in a hotel we occupied on the previous night, getting out early next morning and getting on our way up the coast toward San Francisco passing again through Los Angeles, the queen city of the Pacific coast. Our route out of Los Angeles brought us again through Hollywood but of course it was early Sunday morning and there was no stir among the inhabitants. It is a very beautiful drive through Los Angeles and Hollywood. There are very few wooden structures in these two places and the parks and drive ways are among the most prominent in all southern California.

There are many things of interest, yes, enough to write a great book and still many things would be unspoken about this wonderful section of the great state. But we will mention a few things which we believe will interest our readers and leave the other things for you to see for yourselves if you ever visit that wonderful part of the United States.

Just a little ways out of Los Angeles we noticed a little corral in front of a barn and people gathered there who were paying a penny a minute to ride a horse in this corral in a slow walk. This looked silly to us Texans who are used to horseback riding. There were a great crowd of people of all ages anxiously awaiting their turn for a ride. But some of the boys remarked that they had heard ten dollars offered for a fellow who could ride some of our Texas horses one minute. We have different varieties some of these people doubtless had never ridden a horse and it was great sport.

In going to the beach it is quite interesting and to go up into the mountains the road atmosphere would be different. The road is very good and when you descend into the valley you would be surprised to find it so close to the mountains. Most of the kinds of oranges can be found within a few miles in that section.

We will not attempt to describe all the scenes we passed through but will give a few interesting things. We saw some maize growing along the 101 Highway we were traveling and it was so thick that the heads were very small. I believe it would make good maize if they knew how to grow it.

The city of Grand we noted much alfalfa and oranges growing near it and the crops were very fine. They were grown by irrigation and intensive farming. Most of this section is in small tracts of land which are very productive.

In the wheat section we traversed it is very mountainous and the wheat was grown on the sides of these mountains which looked almost impossible. The evidence was before us. This is dry farming and they only had seven inches of rain during the rainy season in the spring. This was a little light in the usual rainfall.

We passed a large section of country where they grow red pepper. There we saw more pepper growing than in all our lives. It was pepper every way we looked. This red pepper section is about 45 miles north of Los Angeles.

We passed through another large section of the country where they grow beans exclusively. There were many bean farms and they were harvesting and threshing them from winnows with combines.

After passing Camarillo a nice little town we came to a sugar beet section and the crops looked to be very good. They were also harvesting the beets. There was a large acreage planted to this crop and it is reported to be a very profitable crop.

At Santa Clara we crossed a wide river which was as dry as a bone. There was no water in it but it showed that in some time it had been at flood stage.

Ventura called the Pinnacletta city of the world was true to its name for in every garden and field beautiful pinnaclettas were growing in great numbers bowing their tendrils in the gentle breeze which was a beautiful sight to behold. This lasted for a number of miles along the highway. And we noted an old mission erected there in 1772 which is now a museum. But we did not have the time to look it over.

The Cliff Gardens were very beautiful along the side of the mountains where the coastal range and the Pacific Ocean come together and the highway runs along the foot of the mountains with the great waters of the ocean beating against the cliffs. The Pinnacletta field is here and the wells are on the sides of the rocky cliffs of the Coastal range of mountains. This is a peculiar sight to see these tall derricks high on the granite mountain sides and just how they got the material up there to put down a well you will have to find out some other way. It looked impossible to us.

A little place called Summer Land a very beautiful little village where the mountains and the ocean come together again. Here is another oil field with wells high on the mountain sides and also a half mile out in the Pacific ocean. There are quite a lot of wells in the ocean proper and numerous wells on the mountain sides. It's a peculiar sight to see the waves of this great ocean lashing the oil derricks away out

from the shore. We encountered our first Indian trading post near the city of Santa Barbara the home of William G. McAdoo. They had numerous furs, Indian blankets and trinkets for sale.

Santa Barbara is a deep water port and beautiful city and of course like all other cities of California is a city of flowers. In this section along the coast we noticed some beef cattle grazing on the hillside too steep for cultivation. They were a good grade of Hereford cattle.

We had gotten back to the Ocean side along Highway 101 and the drive was very beautiful and entertaining to us. The weather was fine and the blue waters of this great ocean spread out with clear vision until the sea and sky came together many miles from shore. This ocean does not look rolling like the Gulf of Mexico but spreads out its great surface of blue for a long vision into the faraway. It is much more beautiful than the Gulf of Mexico at Galveston. That's the only place I have ever seen it.

A ranch in California is a joke to Texans. They call two or three acres a ranch out there. We saw a turkey ranch where the sign read two full acres. The cattle ranches are only on mountain lands and very small compared to our broad acres of Texas.

Around the city of Los Alamos there is no citrus fruits grown but they have some hereford cattle which looked very good. Here for the first time in many years we found what used to be called a narrow gauge rail road. The rails were only three feet apart. There were a lot of these rail roads east of the Mississippi river in our boy hood days in the iron and coal districts.

### No Jersey Cows

On all the ranches and dairies along our entire trip we did not find any Jersey cattle. They used principally

the Holstein cows for dairying, because of the quantity of milk given. The milk of the Holstein cows of today is a good quality and not like the first of this breed of cattle that was known in the south. A fixed idea in the mind is hard to over come but when the proof is given we should be willing to accept the facts. The Holstein cow of today is a money maker to her owner and that's why they are used in California and have grown in popularity. They deliver the goods both in milk and cream and make their owners more money. No man should hold to a fancy against cold facts. And if he is wise he will not hold out long. It will pay to investigate. It is not a wise thing to keep four cows of poor milking value to get the milk which one good Holstein cow will give. Many of them will give eight and ten gallons of milk daily.

Santa Maria and a number of these small towns have numerous dairies of Holstein cattle. This section shows much prosperity and there is much intensive farming along the highway in all this valley.

Arroyo Grande a garden city in canyon was very beautiful. San Luis Obispo numerous other cities which

came thick and fast until we reached Paso Robles. Here Bert Davis and his brother Terry live and have a nice automobile business. They are sons of Mr. and Mrs. R. H. Davis of this city. We found Bert at his place of business, but Terry had gone to supper and we were in a rush to get along the way. These Haskell Boys are making good money and have a fine patronage.

We ate supper in Paso Robles and drove to King City about 50 miles after night and we have nothing to relate only we were sleepy when we got to bed in King City about 11 o'clock.

Here we will close our article for the week and continue our next weeks letter which will take us through San Francisco and on to Petaluma the home of the White Leghorn hen which is rightfully called the egg basket of the world. We are going to have much to say about Petaluma during the winter when we have more time to read.

Mr. and Mrs. Bert Trice are the proud parents of a little daughter, born Monday, October the 22.

### Over a Billion Deadly Germs in a Single Drop of Water

Germs are so small that there may be as many as one billion, seven hundred million of them in a drop of water. And just a few of these tiny germs if they get into your blood through a cut in your skin, may make you so sick you will be in bed for weeks — may cause the loss of a limb through blood poisoning — may even infect you with that most dreadful and fatal of diseases, lockjaw.

Just because you can see no dirt in a cut does not mean that it is clean. You cannot see germs. The only safe and sane thing to do, is to thoroughly wash every cut, no matter how small, with Liquid Borozone to kill the germs, and then dust it with Borozone Powder, to hasten the healing. Liquid Borozone costs 30 cents, 60 cents, \$1.20 and \$1.50. Borozone Powder, 30 cents and 60 cents, and can be had at Reid's Drug Store or Payne Drug Co.

Mr. E. E. McElroy and family of Bulfenger were here last week visiting relatives and attending the West Texas Utilities celebration.

## Lucky Thirteen Club Enjoys Delightful Halloween Party.

Last Friday night Misses Madeline Hunt and Lewis Manly were at home at the Lucky Thirteen Club in the home of the former. The Hunt home was a rendezvous of black cats, bats and spoons of all descriptions. Bridge was the diversion of the evening and after the games were finished, the hostesses presented the guests with Halloween packages containing fortunes, which each was asked to read aloud. Pumpkin pie topped with whipped cream, coffee and a kettle filled with salted nuts was served to the following guests: Mrs. Jack Cunningham, San Antonio; Mrs. Dodson, Misses Florence and Mildred Shook, members; Misses Agnes Cox, Emma Doughty, Lela Welsh, Helen Hartman, Norma McCallum, Frances Haskell, Elaine Mills, Mrs. Roy Killingsworth, McCourtney Hunt and the hostesses.

## Misses Lucia and Irma Mash, Hostesses Friday Evening.

On last Friday evening Misses Lucia and Irma Mash were hostesses in their home to a delightful party. There was an out of door game which was played for a late hour when coffee, hot chocolate and candy were served. The following were present: Misses Thelma, Anna, Marie, Maud Taylor, Anna, Helen, Wanda, Dippin, Annabel, Ruth, Lela, Ethel, Elaine, Vera, Frances, and the hostesses. The party was a success and the hostesses were complimented on their excellent arrangements.

## Misses Christine F. and Edith, Hostesses Saturday Night.

On last Saturday night Misses Christine F. and Edith were hostesses in their home to a delightful party. There was an out of door game which was played for a late hour when coffee, hot chocolate and candy were served. The following were present: Misses Thelma, Anna, Marie, Maud Taylor, Anna, Helen, Wanda, Dippin, Annabel, Ruth, Lela, Ethel, Elaine, Vera, Frances, and the hostesses. The party was a success and the hostesses were complimented on their excellent arrangements.

compact. Low score was made by Miss Ruby Martin and she was consoled with a perfume itemizer. The hostesses served two delicious courses, a salad course and an ice course, the latter being pumpkin cream molds. The guest list included, Misses Mary Kimbrough, Dollie Louise Chambers, Maurine Shook, Ruby Martin, Marielie and Martha Lou Rogers, Katherine Smith, Melba Biedsoe, Jamie Lyst Martin, Mrs. Rufus Banks and the hostesses.

## Party Given for the Football Team and Pep Squad.

The Pep Squad and Football boys of Anson entertained the Haskell Football team and Pep Squad Friday night after the Anson-Haskell game. The party was given at the home of O. B. Linnay at 7:30 o'clock. About an hour was used for introductions and getting acquainted. After this games and contests were enjoyed. Wornies were then roasted over a large bon fire and served with pickles, buns and lemonade. The Anson boys and hostesses proved to be very entertaining and hospitable. Every person had a jolly good time, and they were somewhat consoled about losing the game.

## BOX SUPPER AT CURRY CHAPEL SATURDAY NIGHT

We are authorized to announce that there will be a box supper at Curry Chapel Saturday night, November 10, at 7:30 o'clock. The purpose of the supper is to raise a fund for the new church building. All are invited to attend.

## CARD OF THANKS

We wish to thank our friends and neighbors for their many kind deeds and loving sympathy in our sad bereavement in the loss of our husband, son and brother. We wish to especially thank those of our friends of Haskell, Abilene, Spur and Lubbock for their beautiful floral offerings, sympathy and presence. Our prayer is that no other mother and children will ever have to suffer a like sorrow, and that Heaven's richest blessings may rest on each of you and happiness be your portion in life.

Mrs. D. W. Hamilton,  
Orville Hamilton,  
Faye Hamilton,  
Allie Hamilton,  
Baby Erwin Hamilton.

## BROTHER OF McCONNELL DEAD

W. G. Shipliff of McConnell was killed in Tyler by wire Tuesday when his brother, R. C. Shipliff, was killed dead in a pasture near his home about 10 miles west of Tyler late Tuesday afternoon. Mr. Shipliff left McConnell for Tyler and after receiving the message he went from him. He has been notified as to how his brother was killed but

press reports state that he had been shot at close range with a shotgun. He was unarmed when he left the house and there is a mystery about the killing.

## McNeill & Smith Hdw. Co.

Halloween Party.

Thursday evening those in the Senior and Intermediate classes of the First Baptist Church prepared elaborately for entertainment of the members of the church. The members of the church were members of the Y. P. U. Halloween motifs were everywhere. A ghost appeared at the door and they passed through a chamber of the Gipsy Fortune Teller's and through many weird places with black cats, witches and... It was indeed an evening of fun. Sandwiches and punch were served a large number of the guests from Mrs. Rev. and Mrs. Charley E. Rogers, Fay McCallless, Hazel Rogers, Mr. A. J. Kelley, Mr. J. R. Lindsey, Era Lee Ball, Odell Thomas, Ethel Warren, Mrs. Rogers, Marcus Perry, Albert Rogers, from E. T. A. O. I. N. S. H. W. D. Norman, J. R. Cole, Jones, Margaret Brooks, Norris, Juanita Castle, Cecil Ball and Fouts.

FORTY-FIRST YEAR

## FRITTS TRIAL FOR HAMILTON MURDER SET FRIDAY

### Drouth Broken; Rainfall Over Two Inches

#### HOW RAINS OF PAST FOUR DAYS INSURE A GOOD SEASON FOR ALL SMALL GRAIN

#### CONFERENCE WELL ATTENDED

Estimated attendance of several hundred and fifty representatives over this section, the annual conference of the West Texas Cotton Producers Company, held in Haskell on Friday of last week, was the most successful ever held from the standpoint of attendance and interest. This was the state-wide annual conference of the West Texas Cotton Producers Company, Saturday.

#### Heavy Rain Is General Over This Section This Week

Rain which is reported general over this section, accompanied by the first cold weather of the season, has broken a several months drouth in Haskell county, and will provide an excellent season for small grain, according to business men and farmers of this city. A total of 2.03 inches of rainfall since Saturday is reported by Judge P. D. Sanders, local Government weather observer, the heaviest rainfall for several months. Cotton picking and maize heading will be impossible for the balance of the week, but farmers are jubilant over the outlook for small grain, much of which has already been dry-planted before the rain. A heavy acreage of grain is forecast for the coming year, with many farmers expecting to plant the largest acreage in several years. No serious damage is expected to result to un-picked cotton from the rain, which fell slowly and was not accompanied by high winds. According to press reports, the rain was general throughout the state, with practically every section of the state reporting heavy rainfall.

#### OPENS WHOLESALE TIRE HOUSE HERE

Bert Welsh of this city has announced the opening of a wholesale tire house, whereby he becomes the dealer for this section for the Michelin line of tires, one of the best-known makes of automobile tires on the market. Through this deal, Mr. Welsh states that he will be able to supply his customers with Michelin tires at the whole sale price, regardless of the number of tires bought. He states that he now has a large stock of tires of all sizes, on which the wholesale prices will apply.

#### FOUTS & MITCHELL SALE WILL START FRIDAY

Announcement of their store-wide Stock Reduction Sale which will start Friday morning November 2nd at 9 o'clock, is made in a two-page advertisement of the paper. Mr. Fouts states that this is the first time that his store has attempted to put on a sale of such magnitude—and in order to make it a success their entire stock of merchandise has been marked at extremely low prices. Everything in the store is included at sale prices, which in some cases are below wholesale cost, according to Mr. Fouts. Read their advertisement in this issue.

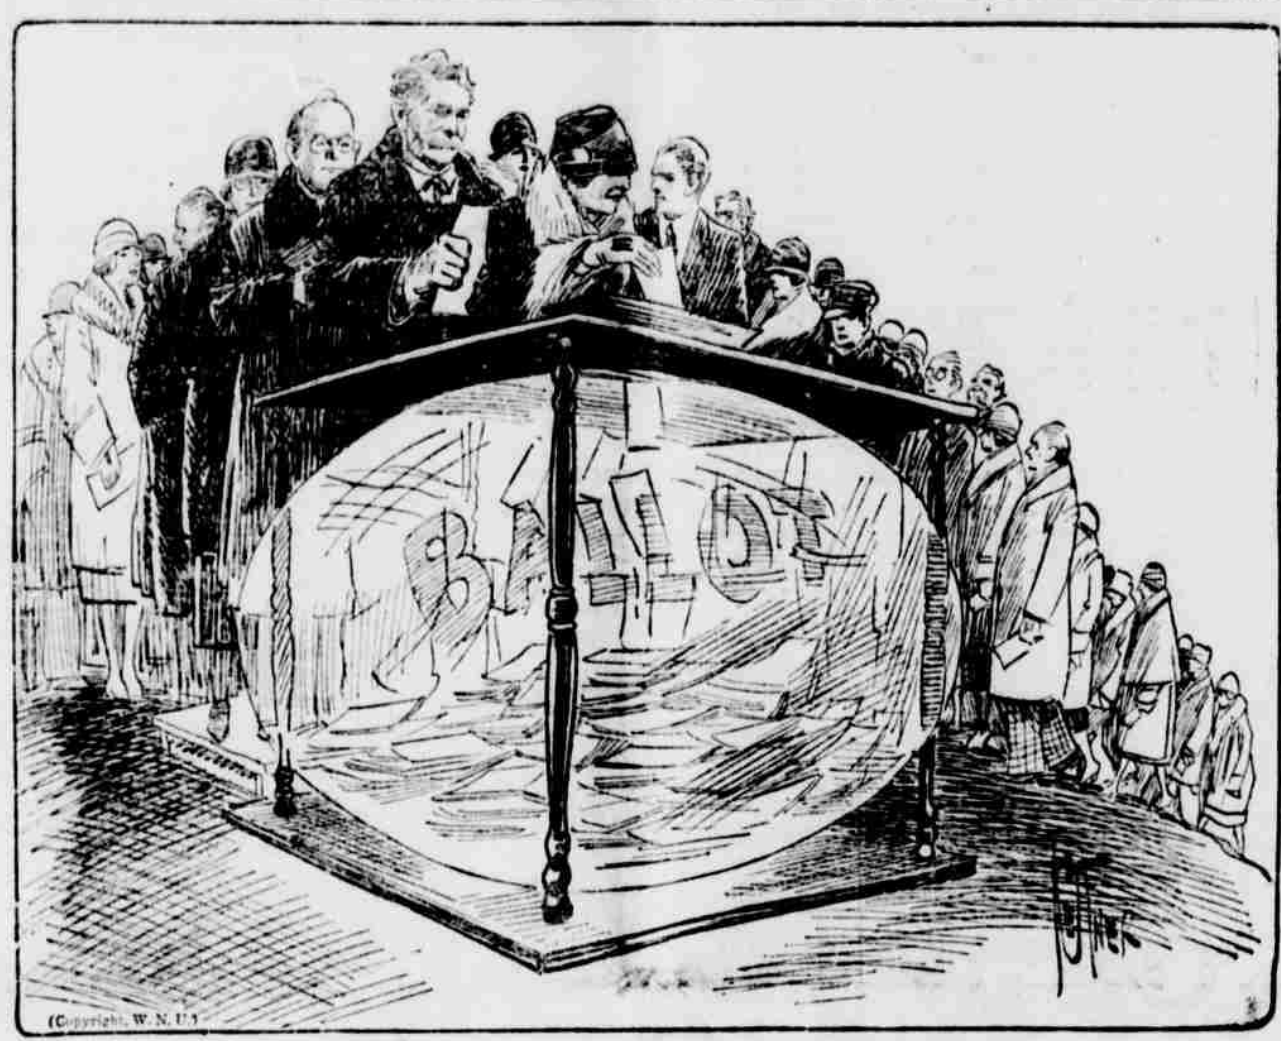

#### CHARGED WITH MURDER BEING TRIED HERE THIS WEEK

Case of the State of Texas vs. Bradley, negro, charged with the murder of Sam Jackson, was called for trial in District Court Wednesday morning. French M. Robertson, local attorney, was appointed by the court to represent the defendant. Prosecution being conducted by District Attorney Clyde Grissom.

and that he feared for his life. Upon cross-examination by Prosecuting Attorney Grissom, the negro gave several versions of the killing at one time stating that "I'm just now telling the truth" when the District Attorney repeated an extract from the defendant's signed statement made shortly after his arrest which did not tally with his testimony on the witness stand. Bradley was badly confused in his testimony several times under the questioning of the District Attorney and Judge Bryant called for order a number of times when the large crowd of spectators in the court broke into amused laughter over the negro's testimony.

Testimony was completed in the trial late Wednesday afternoon and it was given to the jury Wednesday night, after the prosecution and defense attorneys had presented their arguments at the night session of court.

### The Duty of Every Citizen

## Given Ten Year Sentence For Assault to Murder

#### TRI-COUNTY INSTITUTE BEST EVER HELD

The Tri-County Teachers Institute, which embraced Knox, Stonewall and Haskell counties, which convened in Haskell Thursday and Friday of last week, Oct. 25-26—was declared by those concerned to be the best from many standpoints ever held in the county. Superintendent J. Horace Bass of the Haskell school and Miss Minnie Ellis, County Superintendent, host and hostess for the institute, are deeply grateful to the people of Haskell for their loyal co-operation and hospitality extended the visiting teachers.

#### CHARGED WITH MURDER BEING TRIED HERE THIS WEEK

George C. Calvert, alias Blackie McGowan, was found guilty of assault with intent to murder Edward Smith of San Benito, and his penalty fixed at 10 years in the penitentiary by a jury in District Court last Saturday morning. The jury was out 15 hours. The sentence was accepted, and District Judge Bryant passed sentence on the convicted man Monday.

#### 15,869 BALES COTTON GINNED IN COUNTY

There were 15,869 bales of cotton ginned in Haskell county, counting round bales as half bales, from the crop of 1928, prior to Oct. 18th, 1928, as compared with 19,245 bales ginned prior to October 18th, 1927. This information is furnished by Jas. E. Lindsey of Rule, special agent for Haskell county of the Department of Agriculture.

#### RULE COMPRESS REPORTS 6,992 BALES COMPRESSED

The Rule Cotton Compress reported last week that up to Thursday Oct. 25, they had compressed 6,992 bales of cotton this season. Owners of the compress are confident that they will press as much cotton this season as they did last year, as the cotton crop through that section is a good or better than last year's.

#### Charge 4 Witnesses With Perjury After Testifying in Court

Four Fort Worth men who testified in the case of the State vs. Geo. Calvert charged with assault to murder, were arrested Saturday on a complaint filed in the office of Justice of the Peace R. P. Simmons. All four of the men were charged in the complaints with perjury in connection with their testimony in the trial, in which they swore that the defendant was in Fort Worth on July 28th, the date on which he was charged with shooting Edward Smith on the Haskell and Weinert Highway. Calvert was found guilty and sentenced to ten years in the state penitentiary.

#### FORD TOURING CAR STOLEN SUNDAY NIGHT

A 1925 model Ford touring car belonging to J. E. Leflar of this city was stolen from in front of the First Methodist Church between seven and eight o'clock Sunday night while members of his family were attending the evening services at the church. The theft was reported to officers Sunday night, but up to this date no trace of the stolen car had been found. Mr. Leflar stated that the car was full of gas and oil, and he suspects that the thief would have no trouble in going several hundred miles before he had to stop. A description of the car, and the motor and license numbers were sent to all adjoining towns Monday in an effort to recover the car, and it is hoped that it will soon be found.

## A SPECIAL VENIRE OF ONE HUNDRED MEN SUMMONED TO SELECT JURORS FROM

#### Speedy Trial Expected For Slayer of Two At Rochester

Will Fritts, 36-year old farmer, and well-known character of this section, who has been indicted several times for violation of the liquor laws, will go on trial here Friday charged with the murder of Earle Hamilton, 17-year old youth, who together with his father, D. W. Hamilton was slain last Wednesday night at their home near Rochester. Fritts, who eluded officers and hundreds of citizens of the Rochester section for two days, surrendered Friday to City Marshal Plumroy of Stamford and John Epley, Haskell county farmer, and was carried to the Abilene jail after he had expressed fear of mob violence if he was placed in the jail at Haskell. He was returned to Haskell Tuesday by Sheriff Al Cousins to appear before the Grand Jury, which was re-convened Monday to investigate the dual killing. An indictment followed charging him with the murder of Earle Hamilton, and the trial was set for Friday morning at 9 o'clock. An indictment in connection with the killing of D. W. Hamilton will be returned by the Grand Jury this week, it is stated.

It is reported that the accused man made a statement to District Attorney Grissom and Sheriff Al Cousins in which he admitted the slaying of the Hamiltons, when the officers questioned him in the Abilene jail Saturday. No further details concerning the statement made by Fritts would be given out by Mr. Grissom.

Hamilton and his son were shot to death in front of their home near Rochester late Wednesday night, Oct. 24th. After Mrs. Hamilton had told officers that Fritts had called at their home and asked to talk to her husband and son, Fritts was charged with the dual killing in complaints instituted. Fritts is under indictment in District Court for liquor violations, and the shooting is thought to have followed testimony given by the younger Hamilton to a recent Grand Jury which indicted Fritts.

Widespread interest has been manifested throughout this section over the tragic double slaying, and although feeling has been very tense since the killing, no fear of mob violence is expressed by local officers, due to the fact that every effort is being made by Court officials to insure a speedy trial of the accused man. At least 25 witnesses have been subpoenaed by the State for the trial Friday, with a special venire of one hundred men from which to choose the jury. No information could be secured as to who would represent the defendant when the case was called for trial.

#### FUNERAL SERVICES FOR SLAIN MEN HELD FRIDAY

Funeral services for D. W. Hamilton and his son, William Earle, were held in the city auditorium at Rochester Friday afternoon at 3 o'clock, with over two thousand people attending the last rites of the father and son. The services were conducted by J. S. Ligon, pastor of the Church of Christ, assisted by Rev. J. E. Harrell, pastor of the First Methodist Church and Rev. A. L. Heath, pastor of the First Baptist Church. The services were very impressive, and beautiful floral wreaths were banked about the biers of the father and son in profusion. Interment was in the Rochester cemetery.

#### Grand Jury Called Together Monday To Investigate Slayings

The Grand Jury for the September term of District Court, which had adjourned for the term, was re-convened by District Judge Bruce W. Bryant Monday for the purpose of investigating the killing on last Wednesday night of D. W. Hamilton and his son Earle Hamilton of Rochester.

A number of witnesses appeared before the body Monday and Tuesday, and an indictment charging Fritts with the murder of Earle Hamilton was returned Tuesday, and an indictment in connection with the killing of his father is expected to be filed Thursday, according to court officials.

The Grand Jury is composed of the following: J. U. Fields, Foreman; A. J. Lett, R. W. Cross, J. D. Hughes, I. W. Kirkpatrick, J. W. Cowan, W. H. Overton, G. B. Tanner, E. N. Miller, John Draper, D. T. Dotson and R. H. Crow.

#### Special Venire

A special venire of 100 men has been summoned to appear Friday morning at 9 o'clock, at which time the case of the State of Texas vs. Will Fritts charged with the murder of Earle Hamilton, has been set for trial in District Court. The venire is composed of the following: J. T. Kirby, Henry Alexander, Comer Felton, D. E. Routh, D. F. Nicholson, M. A. Bumpas, W. M. Free, H. M. Conner, W. O. Sargent, E. Mosley, W. L. Arrington, D. T. Dotson, A. M. Reeves, Tobe Griffin, Tull Newcomb, Adolph Ender, J. V. Davis, A. Hager.

#### Special Venire

In the drawing of the special venire, a strange coincidence of late is furnished in the fact that the name of D. W. Hamilton, one of the two men whom Fritts is alleged to have slain, and father of Earle Hamilton, was drawn in the list of veniremen summoned for the trial. Mr. Hamilton had been summoned for petit juror service during the present term of District Court. His name was the nineteenth one drawn on the special venire.

man, Jess Clements, R. A. Bradley, W. J. Jeter, M. E. Carothers, A. L. Gibson, Henry Crow, C. L. Bogard, Elmer McKinney, R. D. Overby, John Doss, O. E. Patterson, C. G. Burnson, J. F.
