## Drive To Be Completed On Screwworm Control

A county-wide meeting is set for Thursday night, February 15 at 7:30 p. m. in the district courtroom in Roby, to finish up the drive for funds in the screwworm eradication program, and hear a discussion on how Fisher County may use the new method for Brucellosis recertification, according to James S. Norman, County Agent.

The program will include the presentation of a film, "The Round-Up," which depicted the eradication technique applied by the U. S. Department of Agriculture in eliminating the livestock pest in Florida and other Southwestern states.

The second part of the program will be a discussion led by Dr. R. M. Zirkle, veterinarian with the Animal Health Commission, on how Fisher County livestockmen may use the Market Cattle Testing method for Brucellosis recertification. The county will have to recertify by June 1, 1964 to hold its modified certified status.

Everyone interested in the county's livestock industry and the eradication of the screwworm is invited to attend the Thursday night meeting, Norman said.

## Jaycees 42 Party Good Entertainment

Rotan Jaycees' annual 42 Party was held Friday night in the Nayfa building. A time limit of fifteen minutes per game was held throughout the evening. Each time, taking winners from the different tables to play other winners. Score from each table was recorded on a large board. Scorekeeper and timekeeper was Ray Womack and Billy Green. Mr. and Mrs. Bobby Gruben were winners for the evening. Their prize was a set of ivory dominoes. Booby prize for the looser was a Yoyo, which went to E. J. Crawford and Willie D. Hariman. Free refreshments of coffee and cookies were served by the Jayceettes. Everyone enjoyed the fellowship with their friends and neighbors. The 42 Party is held every year, and as the time comes around, each year we hope that it will be at its very best. We try to improve the event each time by asking that you will take time out from your daily schedule and attend.

New meeting place for the Jaycees is in Kingsfield building next door to First National Bank. Much work has been done inside the new location during the past 3 months; a new paint job, new floor, new doors. We invite members who have not seen the new place to do so Thursday night at 7:30. Club dues should be paid soon. On Sunday afternoon, February 25, 2:00 p. m. we will be host to a Forum for Regional 5. Keep this date in mind and more information will be given on this later.

"There are two seas in Palestine. One is fresh, and fish are in it. Splashes of green adorn its banks. Trees spread their branches over it, and stretch out their thirsty roots to sip of its healing waters. Along its shores the children play, as children played when HE was there. HE loved it. HE could look across its silver surface when HE spoke HIS parables. And on a rolling plain not far away HE fed five thousand people. The river Jordan flows south into another sea.

Here is no splash of fish, no fluttering leaf, no song of birds, no children's laughter. Travelers choose another route, unless on urgent business. The air hangs heavy above its water, and neither man or beast nor fowl will drink.

What makes this mighty difference in these neighbor seas? Not the river Jordan. It empties the same good water into both. Not the soil in which they lie, not the country round about.

THIS is the difference. The Sea of Galilee receives but does not keep the Jordan. For every drop that flows into it, another drop flows out.

The other sea is shrewder, hoarding its income jealously. It will not be tempted into any generous exchange. Every drop it gets, it

## Favorite Recipes of Home Ec Teachers

The Rotan FHA Chapter is conducting their first sale of the new cookbook, "Favorite Recipes of American Home Economics Teachers." This first edition features meat, seafood, and poultry. This new cookbook is offered only to Future Homemakers of America to be sold as a fund raising project. For your copy, see any FHA Member or call Mrs. N. E. Kennedy, sponsor.

Homemakers will find in this book the most complete collection of meat recipes printed. It contains over 2,000 recipes submitted by home economics teachers in every section of the United States. The recipes are very practical and are suitable for everyday meals.

The "Meats Edition" contains a separate section for each of beef, veal, pork, and lamb. Cooking tables and charts, and over 90 actual photographs of meat cuts are included. A meat calorie chart and an herb and spice chart are featured. Ground beef and hamburger recipes are included in a section containing over 300 recipes. The recipes in this section feature many methods - everyday, creative, and gourmet - of preparing ground beef and hamburger.

One section is devoted to casseroles with over 325 meat, seafood, and poultry recipes featured. Other interesting sections include meat recipes for large groups and out-of-door cooking, meat soups and sandwiches, recipes on seafood and poultry, and recipes on ready prepared and convenience food.

The two most interesting sections feature wild game and foreign foods. These alone are worth the \$2.95 price. Cookbooks containing fewer recipes than this book cost much more. Homemakers get a real bargain.

"Favorite Recipes of American Home Economics Teachers" makes an excellent gift for weddings, showers, graduations, etc. For information on how to obtain this book, contact the FHA advisor at the high school.

Arvin White was released from Callan Hospital last week and is recuperating at his home, following a heart attack before Christmas. He is able to be at the store a few minutes each day this week.

## Prizes Offered In Child Photo Contest

The time is almost here for the opening of the big Child Photograph Contest.

In addition to having their pictures printed in this newspaper, the children will be competing for \$20.00 in prizes, which are being offered for the three best photographs made during the day.

Proofs will be shown and from these you may select the picture of your child which you would like to appear in this newspaper. If you wish extra photographs they may be purchased, but no purchase is necessary in order to compete for the prizes. It is entirely up to you whether you buy pictures or not.

There is no age limit on the contest and every child's photograph in this section is wanted so that they may appear in this paper. However, it is necessary that all pictures must be of uniform size, so they must be made by Winston B. Lucas on Friday, Feb. 9 at Hughes Furniture 10 a. m. to 5:30 p. m.

Don't wait until little Mary gets married or baby brother is elected to some political office to see their pictures in the paper--make plans now to have these photographs made on Friday, Feb. 9. Tell your friends and neighbors--the more, the merrier.

## Ashton-Weathers Vows In First Baptist Church

Wedding vows were said by Mary Lou Ashton and Jimmy Wayne Weathers, Hardin-Simmons University students, Jan. 28 in the First Baptist Church.

Rev. Huron Polnac, pastor, read the double ring ceremony.

Daughter of Mr. and Mrs. Ray Ashton, the bride, has been employed by the Southwestern Bell Telephone Co. in Abilene while attending H-SU.

Weathers, a ministerial student at H-SU, is the son of Mr. and Mrs. R. O. Weathers of Big Spring. He is employed by Baird's Bakery in Abilene.

Mrs. Virgil Weems, organist, presented nuptial music. Soloist was Ray Weathers of Trent, H-SU student and brother of the bridegroom.

Music also included duets by the bridal couple.

Ushers were Thomas Lynn of Blackwell and Doyle Brinegar of Midland.

Candlelighters were Bill Ashton, the bride's brother, and Howard Van Leon, the bride's cousin.

The couple was attended by Mrs. Doyle Brinegar of Midland, the bride's sister, and Billy Ray McElreth of Wichita Falls.

Mrs. Brinegar wore a red velvet gown with matching velvet headress. She carried a bouquet of white carnations.

The bride was gowned in hand-clipped chantilly lace and tulle over taffeta. The fitted lace bodice featured a Sabrina neckline of scalloped lace reembroidered with jewels. Jewels outlined scallops of the lace over-skirt. Long, fitted lace sleeves ended in points over the hands.

A scalloped lace cap outlined with jewels held the bride's veil of illusion. Her only jewelry was a heart-shaped diamond pendant, gift from the bridegroom. She carried a bouquet of white roses on a jeweled white Bible.

The reception was in Fellowship Hall of the church.

In the houseparty were Barbara Ledwell of Colorado Springs, Colo.; Nancy Griener of Breckenridge, former roommate of the bride, Wilma Capman of Abilene, Mrs. George McDonald, Mrs. Jud Thompson, Ruby Hammond, Lorna McCright, Burnell Hargrove, Joretta Hargrove, Wanda McKimmey and Retta Head. Janice Thompson was pianist during the reception.

The couple will live at 1759 Dillingham Street, Abilene.

The rehearsal dinner was hosted

at the church Thursday evening by Mr. and Mrs. Frankie Owen SoRelle. The couple was assisted by Mrs. Huron Polnac and Mrs. Willie Martin.

Guests in the home of Mr. and Mrs. Hub Taggart Sunday were Mr. and Mrs. H. M. Jones, Lubbock; Mr. and Mrs. Dale Taggart and Dale Jr. of Odessa; Mrs. Clara Moore, Mr. and Mrs. C. D. Albert.

County Agricultural Agent Texas A. & M. College Extension Service

Stockmen and sportsmen of Texas and the Southwestern have been requested by the Southwest Animal Health Research Foundation to "pull all stops" immediately in their drive to control and possibly eliminate the costly screwworm.

Dave Posey, chairman of the Fisher County Screwworm Control Program Committee said he had been advised by the Foundation's Board of Trustees that the long-sought goal of a screwworm-free Southwest would be a possibility for 1962 if full advantage is taken of the hard freeze of two weeks ago which dealt the flesh-eating parasite a very crippling blow.

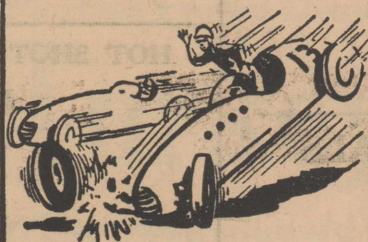

Chairman Posey added that if the \$3 million voluntary contribution goal of the drive is reached within the next two to three weeks, they could expect estimated savings during the next two years of \$200 million from screwworm damage and treatment costs and a reduction of up to 50 percent in the cost of the eradication program.

These savings alone, he said, make a stepped-up effort most worthwhile, but more important -- wouldn't it be a wonderful feeling to know that with the return of warm

weather we wouldn't be spending time and money fighting the age-old battle against our most costly stock and wildlife pest? We are so close now to success that any slow down could set us back indefinitely and lose for us the advantage gained from the hard freeze.

Chairman Posey said the Foundation Trustees are moving forward with their plans to get the male-sterile fly release program underway within the next few days. They have also notified all county chairmen of a statewide kickoff meeting for February 14. The meeting will be held in Austin and representatives from every county will be urged to attend. Details will be announced later but it is hoped the fund drive will be over the top by the date of the meeting.

Reports from 120 counties show that more than half a million dollars is now on deposit at banks in these counties. Organizations are now functioning in 212 counties. Too much is at stake, Chairman Posey said, to slow down now and he urged a redoubling of efforts by all drive participants.

But too often the homeowner may not be fully aware of the hazards he faces—an overloaded circuit, a careless match, or a spark from a neighbor's burning trash, could leave his home in ruins.

A tornado or explosion could wipe out his home and property.

### Adams On Alaskan Winter Maneuver

Fort Richardson, Alaska (AB TNC)—Army Pte. Buiord T. Adams Jr., whose parents live on route 1, Sylvester, Texas, is participating with other personnel from the 80th Transportation Company in Exercise Great Bear, a joint U. S.-Canadian winter maneuver in Alaska, Feb. 12-21.

The exercise will test cold weather military doctrine and the ability of the two allied armies to work together as a fighting team. Exercise Great Bear will be conducted in the vicinity of Tanacross and Eielson Air Force Base, one of the most rugged areas over which an Alaskan maneuver has ever been held. Principle terrain features in the 3,200 square-mile maneuver area are the heavily forested lowlands of the Tanana river valley and the mountains, which range as high as 4,000 feet, converging on both sides of the valley.

A dayer in the company at Fort Richardson, Alaska, Adams entered the Army in June 1957 and was stationed at Fort George G. Meade, Md., before his arrival in Alaska in October 1960 on this tour of duty. The 24-year-old soldier is a graduate of Stamford High School.

Mr. and Mrs. Ornie Nowlin and Mr. and Mrs. A. A. Aaron visited Mrs. Estelle Inzer who is very ill in De Leon hospital, Sunday.
