County Club Show Delayed Until Today

The annual Fisher County 4-H and FFA Livestock Show which was called off last Saturday due to the cold weather has been rescheduled for Thursday at the Fair Grounds in Roby.

The Fisher County Farmers Union is sponsor.

Officials of the show are listed as follows:

General Superintendent, Foy Mitchell; assistant superintendent, Norris Green; secretary, Janet Guelker; beef calf superintendent, James Cave; assistants, Sandra Herron, Gary Floyd; sheep superintendent, Neil Carter, Richard Allred, Mike Terry; dairy superintendent, J. C. Sheffield; assistants, Don Stuart, Billy Dycus; swine superintendent, Richard Floyd; assistants, Eddie Smith, Davey Meberry, Donald Kiker; poultry superintendent, Earl Hammit.

L. H. Hargrove, professor of agricultural education of Texas Tech, Lubbock, will judge the show.

All animals must be on the grounds no later than 8 a. m.

Judging will start promptly at 8:30 a. m.

Brotherhood To Host Football Squad

The Brotherhood of First Baptist Church will have a special program next Monday night with Yellowhammer football team as guest. A fried chicken supper will be served at 7 p. m. to all members of the team, their coaches and managers, and the men of the church.

Following the meal will be a special music program and a talk by Dr. Bill Beasley of Hardin-Simmons University, Abilene. Dr. Beasley is a vice-president of HS-U and a well known speaker for both after dinner and church occasions.

Laymans Led Meeting At Highland Home

Highland Home Baptist Church will hold a Layman Led Revival the weekend of Jan. 25, 26 and 27. Full announcement will be carried in next issue of the Advance.

Hospital News

Local patients admitted to Callan Hospital Jan. 8, to Jan. 16, were Mrs. Flora Blount, John Burnes, Daniel Ranzey, Tiny Tankersley, Mrs. Ernest Shipp, Mrs. Lee Williams, Carl Price, Bert Whitefield, Mrs. Bill Crite, Mrs. Manuel Pascol, Mrs. Manuel Guzman, Clint Overby, F. A. Jones, Mrs. Stanley Powell, Mrs. A. T. Warren, Mrs. C. N. Denniston, Mrs. W. A. Rives Tony Ortega, Roque Rodriguez, Angelina Quentenella, Mrs. Clay Coggins, Mrs. Emilio Martinez, Ernest Rains, J. R. Helms, Mrs. Hitson Green.

Out of town patients were Mrs. Calvin Neves, Roby; Mrs. G. A. Hudnall, Hermleigh; Mrs. C. W. Till, Clairemont; Mrs. Ernest Nichols, Aspermont; Mrs. Freddie Rasberry, Odessa; Mrs. Joe Hitt, Roby; Mrs. Ida Mae Dix, Hamlin; Mrs. Roy Parsons, Roby; H. M. Jennings, Anson; Mrs. T. T. Ballinger, Roby; Mrs. Odell Harrison, Jayton; Mr. and Mrs. C. P. Yates, Hamlin; Mrs. David Cleveland, Roby; Mrs. L. L. Hill, Aspermont; Mrs. Raymond Driver, Roby; Mrs. B. Williamson; Spur; Mrs. O. B. Hallum, Swenson; Mrs. W. F. Arrp, Roby.

Births:
A 6 lb. 10 oz. boy was born to Mr. and Mrs. Tommy Davis on January 8, 5:30 p. m. He was named Terry Lynn.

A 7 lb. 6 oz. girl was born to Mr. and Mrs. Bill Crite, 2:17 p. m., Jan. 10. She was named Sherrie Lynn.

An 8 lb. 2 oz. girl was born to Mr. and Mrs. Manuel Guzman at 6:02 p. m., Jan. 11. She was named Maria Inez.

A 7 lb. 8 oz. girl was born to Mr. and Mrs. David Cleveland, 4:40 p. m. January 14, 1963. She was named Rosa Lyniece.

An 8 lb. girl was born to Mr. and Mrs. Emilio Martinez, 6:05 a. m. Jan. 15. She was named Nancy Louise.

Poll Tax May Be Paid At City Hall

County Tax Collector, Robert Buck announces that payment of poll taxes may be made at City Hall in Rotan as convenience to citizens.

The Poll Tax plan may be abolished this year, but will be necessary to have voting rights until a change is made. Several local elections are slated and voters are urged to get their receipt during January in order to voice their choice during 1963.

Donations Continue To Columbus Carr Fund

The Columbus Carr fund was swelled this week to \$1039.29 and other contributions are expected. Two members of his family remain in hospital and expenses continue for the family. In the original list published, the name of one of the first and most liberal donors was omitted—L. E. Newton.

Contributors since the first list are, Bud Hughes, W. B. Hardin, Ted McArthur, R. H. Barnes, Lotief D. G. Co., Ed Price, I. T. McArthur, Turner Forrest, M. S. Reynolds, A. A. Aaron, Herman McSpadden, J. J. Ranch (G. W. Springer), R. E. Curlee, Robert Hargrove, Al Sumner, Charlie Joe Helms, Jimmy Mosley, C. W. Parks, Emilio Martinez, Roy Noles, Ed Perkins, Truitt Strickland, Pancho & Conley, Early Hodo, Worth Smith, Ivy Taggart, John D. Mercer, J. A. Nettleton, Bus Rollans, C. O. Rollins, White Auto Store, L. D. Bridges, Rotan Fire Dept., W. J. Coffeman, O. T. Gann, W. R. Noles

Mrs. Buelah Cole Of Roby Dies Saturday

Mrs. Buelah Cole, died Saturday 9:45 a. m. in Hamlin Hospital following an extended illness. She had been living with a daughter, Mrs. Kimmie Terry of Roby, for several years.

Mrs. Cole was born July 18, 1888, in Little Rock, Ark. She came to Fisher County in 1932 from Capitan, N. M.

Services were held Monday at 2 p. m. in Roby Church of Christ. Burial was in Roby Cemetery under direction of Weathersbee Funeral Home. Grandsons served as pallbearers.

Survivors included three sons, Roy Cole of Snyder, Ray Cole of Abilene and V. A. Green of Midland; one step-son, Orbra Cole of Fiona; two daughters, Mrs. Terry of Roby and Mrs. Steve Stevens of Northridge, Calif.; one sister; 20 grandchildren and 12 great-grandchildren.

Posse Returns From Austin Inauguration

Members of Fisher County Sheriff Posse and several friends returned home late Wednesday from the inauguration of Governor Connally in Austin Tuesday.

They report an enjoyable trip by chartered bus and the Posse rode in the parade.

Their horses were carried by truck.

WMU Views Slides Of Alaska Scenes

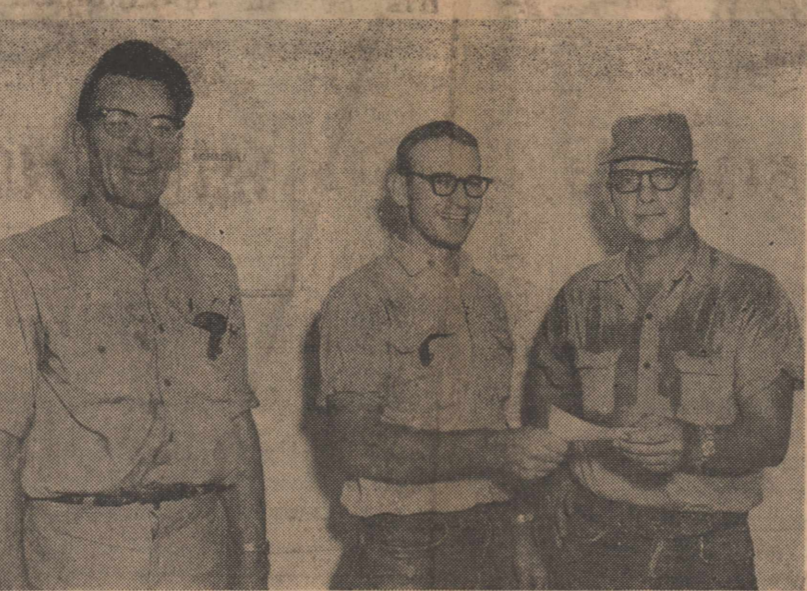

First Baptist Church WMU met Monday afternoon for a Mission Study Program on the Spread of Missions begun by Southern Baptists and now reaching many places.

Mrs. Ewell Jenkins gave a very interesting talk on the church and its work at Kotsibu, Alaska. (She showed slides of Eskimo people and the ways of living in this remote place.)

This meeting was well attended with 36 present.

Those attending funeral of Marvin O'Brian from out of town were from Roby, Sweetwater, Snyder, Hamlin, Abilene, San Angelo, Ft. Worth, Dallas, Irving, Weatherford, Levelland, Stamford, Odessa Midland, Ft. Stockton, Monahans, Hart, Rhome, Knott, Texas and Aztec, N. M.

Gold Bond Idea Award

Cotton Harvest Is Coming To Close

While the extreme cold weather stopped cotton harvest in the area, many farmers were winding up their gathering as the weather struck. Gins caught up with trailers on their lots during the bad weather, and harvest has been resumed the last few days, but the main rush is over for the season.

Several cotton men estimate about 1,000 bales yet to be gathered. The gins reached a total of 16,563 late Wednesday.

January 21-26 Is S-O-S Week In Texas

The Southwest Screwworm Eradication Program is in dire financial straits, Roger Smith, county animal health chairman, has announced and suggests that a good way to prevent the program from having to be stopped because of lack of funds is by supporting the special effort being conducted by the Texas Livestock Auction Association and its member markets this month.

Smith said that the Southwest Animal Health Research Foundation which represents the livestock producers and sportsmen of the Southwest, announced recently that unless the remaining one million dollars toward a three million dollar goal is collected by March 31, the eradication program may have to be stopped.

The Tri-County Auction of Sweetwater is one of the nearly 175 livestock auction markets from throughout the state that will help collect funds for the program during January. The period of January 21-26 has been designated as "SOS" or "Stamp-Out-Screwworms Week" in Texas. During this time many of the livestock auctions will donate part of their commissions from sales to the program. The markets are also assisting in collecting funds from individual farmers and ranchers on the basis of fifty cents per animal unit.

Smith commended all of the livestock auction markets in the area who are participating in this special effort. He recommended that livestock producers should give their support to the auctions during this month since this is an excellent way to raising the funds required to wipe out the screwworm menace in the Southwest. The screwworm costs the southwestern livestock industry an estimated \$100 million annually, Smith pointed out.

Among the out of town relatives and friends attending the funeral of Kevin Bruce Lancaster, infant son of Mr. and Mrs. Tommy Lancaster, Sunday afternoon were Mr. and Mrs. Charles Young and Charles Lancaster of Kyle; Louise Lancaster and John Cox of Temple; Mrs. Virgil Curry, Sweetwater; Mr. and Mrs. Kyle Martin, Anson; Mr. and Mrs. Lewis Fulks, Abilene; Mr. and Mrs. Don Witherspoon, Mr. and Mrs. Murry Holditch, Mr. and Mrs. Truett Mobley, Mr. and Mrs. Ernest Taylor, Miss Oma Lee Bell and Mrs. Floy Bell, all of Sweetwater.

Miss Jewell Davison of Long Beach, Calif., and Mrs. Bernice Stockton spent last week in Lubbock visiting Judge and Mrs. Howard Davison and Mr. and Mrs. Jack Strong and family.

Pictured above is L. D. Bridges and E. R. Burnes presenting Bobby Sparks a check in the amount of \$75.00 for a Gold Bond Idea. It is the custom of National Gypsum to pay any of their employees for worthwhile ideas that is accepted and approved by the Gold Bond Idea Bank.

Graveside Rites Held For Lancaster Baby

Graveside rites for Kevin Bruce Lancaster, week-old son of Mr. and Mrs. Tommy Lancaster of Sweetwater were held Sunday at 3 p. m. in Belview cemetery.

Loy Mitchell, minister of the Church of Christ officiated at the rites and Weathersbee Funeral Home was in charge of arrangements.

The baby was born January 6 at Callan Hospital and died following surgery, Saturday 4 p. m. in Hendrick Memorial Hospital, Abilene.

Mrs. Lancaster is the former Charlotte Callan and Mr. Lancaster is a member of Sweetwater school faculty.

Survivors in addition to the parents are maternal grandparents, Dr. and Mrs. C. U. Callan. Paternal grandparents are Mr. and Mrs. Charles H. Young of Kyle.

Huckabys Host Fire Dept. With Supper

Active and honorary members of Rotan Fire Department were treated to a steak supper last Tuesday night at The Red Barn by Mr. and Mrs. Clem Huckaby.

This splendid gesture was given in appreciation of the good work the department does the year around and for their Christmas Cheer project.

Kolb Finds Unusual Rock At His Farm

Alva Kolb recently found a rock in his field which is classed as petrified palmwood. This apparently is the base of a palm tree and is a very unusual find in this section of the country. Considerable amounts are found in a strip across south Texas into New Mexico and Arizona, but the nearest reported to this vicinity is just under the caprock north of Post. Kolb plans to take his find to rock shows.

Joy Circle Hears Last Of Current Study

The Joy Circle of First Methodist Church met Tuesday, January 15, at 9:30 in Educational building. Mrs. R. T. Williams taught the last lesson of "Three Gospels and a History."

Mrs. Glennon Jamison, hostess served brownies and coffee.

Visitors in the home of Mr. and Mrs. Horace Arrington last week were Mrs. Dalton Arrington and Kevin of Atlanta, Ga.

Mr. and Mrs. Tommy Davis are announcing the birth of a son, Terry Lynn, January 8. He weighed 6 pounds, 10 ounces and grandparents are Mr. and Mrs. Buster Donham and J. F. Davis.

Jack Clegg is receiving treatment in M. D. Anderson Hospital in Houston. He expects to be there several weeks and address is 203 West in care of hospital. Mrs. Clegg is with him.

Low Of 4 Degrees Recorded By Byerly

Real winter weather has prevailed over this section as well as most of the nation during the past week.

Low of 4 degrees degrees above were recorded by Fred Byerly, while reading as low as zero was reported by others. The official weather bureau thermometer which records the lowest point each 24 hours is considered very accurate. The two 4 degree readings were Saturday and Sunday mornings.

Temperature rose Tuesday and Wednesday to a comfortable mark, but more cold is forecast by the weather bureau for the last of the week.

No moisture accompanied the weather and only .02 inch was gauged from last week's snow.

Local Breeders To Show At Fat Stock Show

Among local breeders to show stock in competition at the 1963 Fort Worth Stock Show, January 25 through February 3 will be W. R. Noles with ten sheep and Tarlton Willingham & Son, three Angus steers.

The nation's oldest major livestock show will present approximately 10,000 head of livestock, including 12 breeds of cattle, 10 breeds of sheep and eight of swine. Entries have come from three-fourths of the United States and Mexico.

The horse division of the Fort Worth show, again featuring the largest Quarter Horse show in the world, will see approximately 1,500 entries compete. An Appaloosa sale and classes for Galiceno horses will be new to the show.

Minnie Pearl of "Grand Ole Opry" fame, America's No. 1 country-style comedienne, will be featured at the 1963 Fort Worth Rodeo "all-star spectacular". She'll join the precision-riding Side-Saddle Susans sensational trick riders, The Flying Cimarrons and the leading rodeo comedy act of Ken Boen and the New Gray Mare.

Nearly 400 top cowboys will tackle the roughest stock from three major rodeo producers in bareback and saddle bronc riding, bull riding, calf roping and steer wrestling.

Former Resident Killed In Oilfield Accident

Marvin O'Brian, 31, son of Mr. and Mrs. Clarence C. O'Brian of Roby was killed in an oilfield accident near Monahans late Thursday afternoon while on the job with a Halliburton Co., servicing crew.

O'Brian, a veteran of Korean War, farmed near Roby and Rotan and had worked for National Gypsum plant in Rotan before going into oilfield work. He was a native of Fisher County and member of Sardis Baptist Church.

Funeral was held Saturday, 2 p. m. in First Baptist Church, Rotan. Rev. Marvin Rogers of Snyder and Rev. Paige Patterson conducted the service. Burial was in Belview cemetery, Rotan under direction of Weathersbee Funeral Home.

Survivors are his wife, the former Glynetha Britton of Rotan; his parents; two daughters, Patricia and Paula.

Pallbearers were Gaylor Winkler, Bill Wade and Jack Brown, all of Monahans and Virgil Weems, William Cleveland and W. A. Hancock, of Rotan.

Figuera Infant Dies At Hospital

Emilio Figuera, infant son of Mr. and Mrs. Salvadore Figuera, died Saturday afternoon in Callan Hospital in Rotan. The child was born Dec. 23 and had been ill since birth.

Services were held Sunday at 4 p. m. in St. Joseph's Catholic Church. Rev. Benedict of Rotan officiated. Burial was in Belview Cemetery under direction of Weathersbee Funeral Home.

Joe Roberts was in VA Hospital in Big Spring the week of January 2 for a general checkup, returning home Friday in a pass and returned to the hospital January 16 for further examination.

Final Plans For Water Plan Approved

Final plans for construction of a water line from Snyder to Rotan were approved by the Rotan Water Board last week at a meeting of that group with consulting engineers from Dallas.

Representatives from the Homer Hunter and Asso. Engineering Firm will take the information before the State Water Commission on Feb. 15, according to H.T. Fillingim, water board president.

Upon approval by the commission, a loan from the Texas Water Development Board in the amount of \$9000,000 will be available.

The state board approved application for the loan several months ago and approval of the commission is expected upon submission of final details.

Rotan voters approved on Aug. 31, 1962 a \$900,000 tax and revenue bond issue to finance construction of the line.

At the same time, voters approved a proposition whereby the city of Rotan would contract to purchase water from local water authority.

A 12-inch water line will be constructed from Snyder to Rotan water farm at Camp Springs, a distance of about 16 miles. It will be tied into Rotan's existing 6-inch line at Camp Springs.

The project also calls for the laying of a 8-inch line from the city farm at Camp Springs to Rotan, which will supplement the existing 6-inch line.

The Rotan Water Authority has a contract with the City of Snyder to buy treated water at the metering point there. Snyder buys water from the Colorado River Municipal Water District and maintains its own treatment plant.

Rotan's water supply has come from wells in the Camp Springs area since 1928. Failure of wells and inability to find new ones caused Rotan city officials to create a water district and seek a new supply.

Service Held For Mrs. Flora Blount

Mrs. Flora Blount, 65, died Friday at 7:45 a. m. in Callan Hospital in Rotan after an illness of several months. Prior to her illness, she served as supervisor of the Rotan school cafeteria.

Funeral was held Sunday at 2 p. m. in the First Baptist Church. Officiating was Rev. C. P. McMasters, Pastor of the First Methodist Church. Burial was in Belview Cemetery under direction of Weathersbee Funeral Home. Nephews served as pallbearers.

Mrs. Blount, the former Flora Deel, was born Aug. 12, 1897, in Fisher County. Her parents were the late Mr. and Mrs. G. W. Deel, pioneer settlers. She married Clyde Blount in Roby Oct. 30, 1919. He died in 1950. She had been a member of the Methodist church since childhood.

Survivors include two sons, Richard and Jimmy, both of Odessa; Mrs. Joe (Patsy) Lawrence of Odessa; two sisters, Mrs. Tom Miller of Jayton and Mrs. Adran Ivison of Snyder; seven brothers, Almy and Bill Deel, both of Hamlin, Jim of Big Spring, Bart of Clyde, Pete of Roby, Orris of Arlington, Henry or Irving; and six grandchildren.

Purple & White Supper To Be In Mitchell Home

The ACC Alumni Purple and White supper which was to be held in the school lunchroom, will be in the home of Mr. and Mrs. Loy Mitchell, 907 McKinley, Friday at 7:00 p. m. Dean Garvin Beauchamp, Abilene Christian College, will be the speaker, and a tape recording of college highlights of 1962 will be played. Any seniors who are interested in ACC are invited to attend.

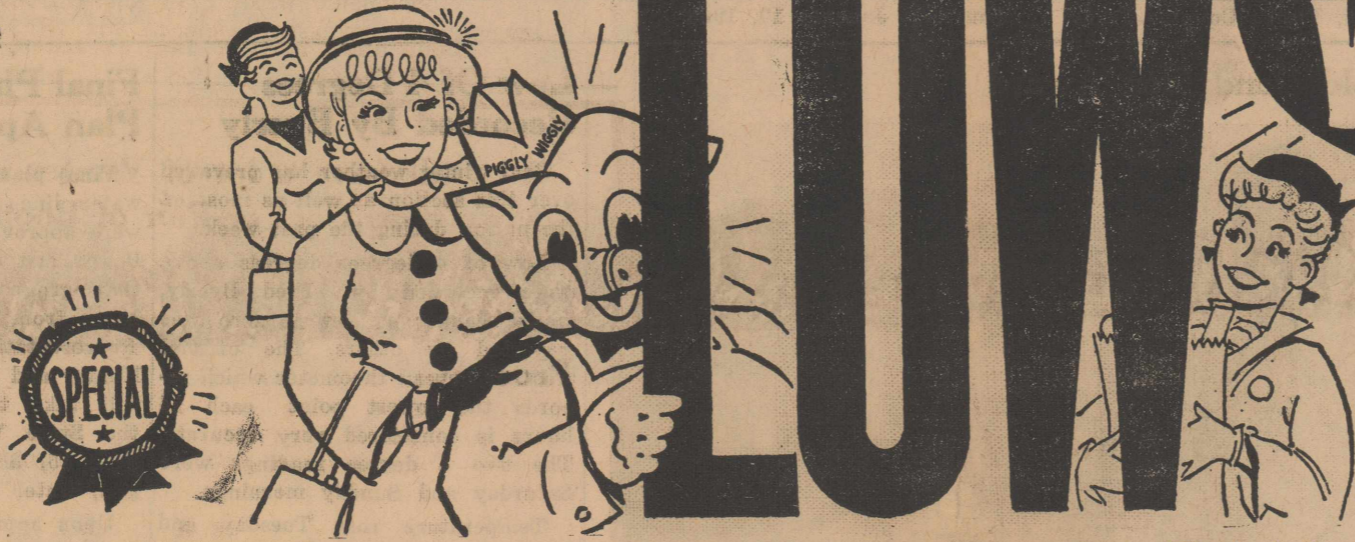

Polio Drive Set For January 31

The annual Polio Drive has been set for Thursday, January 31st. A meeting of workers and other information will be announced next week.

Business Population Up In Fisher County

Today, Mr. A. J. Hemphill, district manager of the Fort Worth office of Dun & Bradstreet, Inc., announced statement requests were mailed to 112 businesses in Fisher County. He said figures obtained from a physical count of the Dun & Bradstreet Reference Book for January, 1963 totaled 112 manufacturers, wholesalers, and retailers in this area as compared with 107 in January, 1962 -- an increase of 5 per cent for the period.

According to Mr. Hemphill, each January business concerns in all parts of the United States are asked by Dun & Bradstreet for copies of their financial statements. This year requests are being sent to approximately three million business concerns -- to the corner grocery store worth a few thousand dollars as well as to businesses worth millions.

The Dun & Bradstreet Reference Book lists those manufacturers, wholesalers, and retailers who seek or grant commercial credit but it does not include some of the service and professional businesses such as beauty and barber shops, security dealers and real estate brokers. Therefore, the figures for total business in the United States would be higher than the three million quoted above.

During the year, Hemphill added, 89 changes were made in the Dun & Bradstreet Reference Book Listings of Fisher County businesses, including 25 names added, 24 names deleted, and 40 changes in the ratings of continuing businesses. The changes occurring in Fisher County are about even with the rest of the country where a change of business significance is counted about every five seconds.

Using the Dun & Bradstreet Reference Book listings as a guide, it is interesting to review what has happened in the principal Fisher County communities the past year: Roby, 1963, 38; 1962, 35; 9 percent.

Rotan, 1963, 66; 1962, 65; 2 percent.

Sylvester, 1963, 4; 1962, 3; 33 percent.

When the owner or officer of a business enterprise, or his accountant, fills in and mails his financial statement to Dun & Bradstreet, it becomes a part of the credit report on his business and a factor in determining the credit rating of his business. Mailing the statement, rather than waiting for the Dun & Bradstreet reporter's call means a concern's important suppliers will quickly have the latest facts on which to make credit and sales decisions. When the Dun & Bradstreet reporter receives a business man's financial statement in advance of his period call, he can make a more detailed analysis of the financial condition of the business and discuss its operation more intelligently.

Back of each listing of a business in the Reference Book is a Dun & Bradstreet credit report. The report includes the following: a history of the business (who owns it, who runs it, and how long it has been operating); a description of what the business does and how it does it; a financial section which usually includes the latest financial statement; and a record of how the business pays its bills.

While credit reports are primarily used by business men who want to evaluate the credit risk of a business before shipping or selling, insurance underwriters also use credit reports to review risks, rates and coverage for fire and other types of insurance.

Christian Science Service Sunday

The Apostle Luke's inspiring account of the raising of the widow's son from the dead will be heard at Christian Science services Sunday. Subject of the Lesson-Sermon is "Life."

The Golden Text is from Matthew (4:4): "It is written, Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God."

Passages to be read from "Science and Health (with Key to the Scriptures)" by Mary Baker Eddy will include this selection (p.547): "The Scriptures are very sacred. Our aim must be to have them understood spiritually, for only by this understanding can truth be gained." And continuing on the same page: "It is this spiritual perception of Scripture, which lifts humanity out of disease and death and inspires faith."

THE STATE OF TEXAS.

COUNTY OF FISHER:
RESOLUTION

Resolution approving and adopting estimates of the cost of improvements, of amounts to be assessed for improvements in the nature of Grading, Laying Curb and Gutter and Paving Portions of Streets, Highways, and Avenues in and Along the Boundaries of the City of Rotan, Texas, fixing the time and place for hearing of the owners of Abutting Property, and other persons interested in said property and directing the City Secretary to Publish Notice on behalf of the Governing Body of the City of Rotan, Texas.

Whereas, the governing body of the City of Rotan has heretofore ordered that portions of the streets, highways and avenues be improved by grading, installing concrete curb and gutter and paving with crushed base and triple asphalt surface together with incidentals and appurtenances and arrangements therefor have been made and entered into by the City of Rotan, Texas, with Pioneer Pavers, Inc., and

Whereas, the governing body of the City of Rotan has caused the City Engineer to prepare and file estimates of the costs of such improvements and estimates of the amounts per front foot to be assessed against abutting property and the owners thereof, and such estimates have been approved and examined;

Therefore, be it Resolved by the Aldermen of the City of Rotan, Texas, by which is meant the governing body of the City, sometimes referred to as the City Council:

Section 1. That estimates prepared by the City Engineer, Lubbock Engineering Company, be and they are hereby adopted and approved.

Section 2. Notice

To the owners of Property Abutting upon the hereinbelow mentioned portions of Streets, Highways, Avenues and/or Alleys and to all others affected.

That governing body of the City of Rotan, Texas, has heretofore ordered that the following portions of streets, highways and avenues in and along the boundaries of the City of Rotan, Texas, be improved by raising, grading and filling and installing concrete curbs and gutters and installation of sewers and drains where necessary on streets, highways and avenues hereinafter designated, and it is hereby found and determined that the costs of improvements on such portions of said streets, avenues and highways are the amounts set out in the respective following paragraphs covering the units therein described, and the amount per front foot in each unit proposed to be assessed for such improvements against the abutting property and the owners thereof on the portions of said streets, avenues and highways for curb and gutter and paving as follows:

- And the arrangements for the making and construction of such improvements with pavement of triple course asphalt surface treatment and a six-inch crushed base has been made and entered into by the City of Rotan, Texas, and rolls and statements showing the proposed amounts to be assessed against the abutting property and owners thereof have been filed with the City, and such rolls and statements showing other matters and things, and have been approved and the City Council of the said City has fixed a time and place for the hearing of owners of property abutting upon said portions of streets, highways and avenues and to all others affected, at which hearing the amounts to be assessed against the respective parcels of abutting land and the owners thereof, for improvements in the units upon which the particular parcels of property, abut, the amounts of benefits to the respective parcels of property by means of the improvements in the unit upon which the particular property abuts, the regularity of the proceedings with reference to such improvements, the apportionment of the cost of such improvements, and other matters and things will be determined and after such hearing, assessments will, by ordinance, be made and levied and such hearing will be had and held by and before the City Council of the City of Rotan, Texas, in the City Hall at the City of Rotan, Texas, on the 23 day of January, 1963, at 7:30. The rolls and statements showing the proposed amounts of such assessments are on file in the office of the City Secretary and open to inspection of any interested parties at any time and of all said matters and things, all such property owners, as well as any others in any wise affected or interested will take due notice.

The Rotan Advance

Thursday, January 17, 1963 No. 50

ments are on file in the office of the City Secretary and open to inspection of any interested parties at any time and of all said matters and things, all such property owners, as well as any others in any wise affected or interested will take due notice.

By order of the City Council of the City of Rotan, Texas, this 27 day of December, 1962.

No notice other than hereinbefore provided for shall be necessary but publication of such notice shall be due and sufficient notice to any and all other persons, firms corporations and other parties.

Section 3. That a hearing be given and held by and before the governing body of the City of Rotan, Texas, to all persons owning or claiming any property abutting any part or portion of said streets, highways and avenues described in Section 2 of this resolution as well as owning and claiming any interest in such property. Such hearing shall be given and held on the 23 day of January, 1963 at 7:30 in the City Hall of the City of Rotan, Texas, and the City Secretary is hereby directed to give notice of the time and place of such hearing, and of other matters and facts in accordance with the terms and provisions of the laws of the State of Texas and Article 1105B, Texas Revised Civil Statutes, 1925 as amended. Such notice shall be by advertisement inserted at least three (3) times in the Rotan Advance, a newspaper published in the City of Rotan, Texas, the first publication shall be made at least ten (10) days before the said hearing. The notice shall comply with and be in accordance with the terms and provisions of this resolution and said act as amended.

On motion of Alderman Charles Atwell, seconded by Alderman C. J. Thornton the foregoing resolution was passed on this the 27 day of December 1962, as shown by the following vote.

4 Alderman voting Yea.

No Alderman voting Nay.

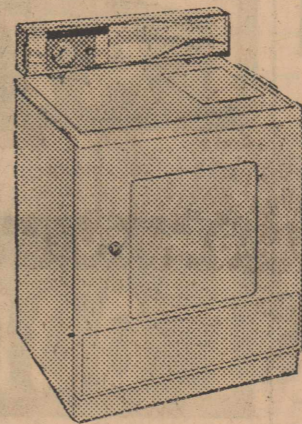

Justin M. Morrow, Mayor, City of Rotan, Texas.

Attest: Thaddie Wilson, City Secretary.

Approved: Noble James, Lubbock Engineering Company.

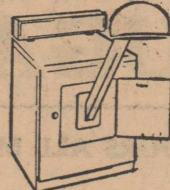

Mr. and Mrs. Jimmy Waddell and children of Post have moved to Rotan and are occupying the Calan apartment.

WSCS Starts New Study Monday

The WSCS met Monday afternoon in Educational building with 10 ladies present.

Mrs. R. T. Williams taught the first lesson of the new study, "The Church's Mission and Persons of Special Need". Mrs. Williams also gave the worship.

The study will be continued next Monday afternoon with Mrs. Williams leading and Mrs. Lenna Birdsong will have charge of the worship period.

Ladies of the church are cordially invited.

Mr. and Mrs. Frank Aaron of Buffalo Gap visited Mrs. Lee Williams in Callan hospital and Mr. and Mrs. Walter Hartsfield Friday.

Visiting Mrs. Alvin Gruben during the weekend were Mr. and Mrs. Preston Uphaw of Hart and Wilbur Gruben and roommate of Texas Tech.

Mrs. Wayne Poer and Lynna Lou visited Mr. and Mrs. Nig Hartsfield and Mr. and Mrs. Chester Hartsfield and Cathy Tuesday.

Johnny Jackson went to Austin for the Inauguration and marched with the Texas Tech Red Raider Band in the Inaugural Parade.

Dr. and Mrs. Maurice Callan are spending this week in Denver, Col., where he is taking post graduate work.

Mr. and Mrs. Lehman Newton and children of Snyder visited in the Ollie McCombs and L. E. Newton homes Sunday.

John Paul Young of Andrews visited his father here Sunday

Third Article On Dental Health

This is the third in a series of questions and answers on dental health published by the Rotan Advance in cooperation with the Seventeenth District Dental Society, Texas Dental Association, in observance of National Children's Health Week February 3 through 9.

Does a decayed tooth ever heal itself?

No, it does not. Once decay has begun in a tooth, the only way the progress of this disease can be stopped is for a dentist to remove the decayed part and place a restoration in the tooth. If the tooth is not restored, the decay process continues until, eventually, the tooth must be removed.

Does flouridated water really reduce tooth decay?

Flouridated water is the most effective public health measure in reducing dental decay, as proven in more than 30 years of research. If your child drinks flouridated water, he will have as much as 60 percent less tooth decay than he would have if he drank fluoride-deficient water.

President Kennedy and his family drink flouridated water. So did the Eisenhowers when they lived in the White House. More than 40 million Americans, in addition to millions of people in England, Germany, The Netherlands, Belgium and many other countries, drink flouridated water. In Ireland, flouridation is required by law. The American Medical Association found flouridation safe and endorsed its widespread use.

The cost of this protection is often as little as a dime a year per person -- less than the price of one ice cream cone. The cost of a single filling equals one person's payment for flouridated water for about 30 years.

Will we have a vaccine against tooth decay some day?

As dental researchers learn more and more about the role of mouth bacteria in causing tooth decay, a vaccine may become a real possibility.

Meanwhile research into the causes and prevention of dental diseases is being carried out on many fronts. Experiments with guinea pigs and hamsters are being conducted at the National Institute of Dental Research in Bethesda, Md. These experiments have led to the establishment of a direct cause and affect between certain bacteria and dental decay in the teeth of these animals. Laboratory tests have

shown that germ-free animals which have been fed a diet that ordinarily causes decay do not develop caries in the absence of bacteria. On the other hand, these animals develop typical tooth decay when exposed to a single strain of bacteria taken from the mouths of animals that do have decayed teeth.

Dr. Seymour J. Kreshover, associate director of the Institute, said this is a "break-through in the fight to conquer caries. We are on the way to more adequate control measures."

Cooper Serving With Seventh Fleet

USSBAUSELL (FHTNC) -- Johnnie P. Cooper, electrician's mate third class, USN, son of Mr. and Mrs. Chester Cooper of 1026 East Seventh st., Rotan, is serving aboard the destroyer USS Bausell, currently in the Western Pacific with the Seventh Fleet.

The Bausell spent the New Year holiday in Japan.

When not on deployment, the ship operates from San Diego, Calif.

CHEVROLET... the Quality truck!

WALK AROUND IT. SEE THE DIFFERENCES.

Start at the rear of this Fleetside pickup. Grab the tailgate and pull hard. No give. Two wedge latches keep it tight. Now unfasten them and let down the gate. Jump up and down on it. Does it sag? Notice how the chains are wrapped in rubber so they won't rattle or mar paint.

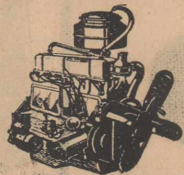

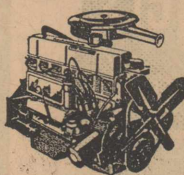

Now look at the lower side panels. Two walls. You might dent the inside one but it won't show through. The floor will never rust. It's select wood, not metal.

Now please sit in the cab a minute. Comfortable? It also is double walled and the roof is insulated. Let's start 'er up and look for a washboard road. Chevrolet coil-spring suspensions fight road shock better than other types, good for the truck, load and the driver.

There are other things. But you can see why this is a truck that does a job without a lot of pampering. It's built right. Which is why it's usually worth more at trade-in. When would you like us to deliver it?

2 NEW 6-CYLINDER ENGINES

New High Torque 230-cu.-in. Six is lighter but more powerful than its predecessor. It is standard in Series C10 through C50 models.

New High Torque 292-cu.-in. Six—most powerful truck 6 Chevrolet has ever built! Standard in Series C60, optional at extra cost in lighter models.

Mr. & Mrs. Citizen of Texas

Do You like Poll Tax or do you dislike it? Regardless of your feeling in the matter it will be submitted this year for vote by the people. Either way you must pay your poll tax in order to vote. Perhaps this will be last chance to retain it or to do away with it. Besides this vital question the Legislature will submit real property tax for repeal of all property tax in this state. Another important elections for this year will be City Election and School Trustee elections, where the most of your tax money is being spent. Be wise and have a real voice in local as well as the state's affairs. Do it now and pay your Poll Tax. This may be your last time to pay your poll tax. Do your part as well as your duty.

Respectfully,
Cecil Lotief.

Rev. Huron Polnac, Rev. and Mrs. Neal Shepherd, Rev. and Mrs. Odis Carruth and Judy, Miss Josie Baird, Mrs. J. C. Parks and George McDonald attended the Evangelistic Conference in Dallas Monday through Wednesday.

Darlene Martin of Lubbock and Mr. and Mrs. Eddie Thomas and family of Abilene visited Mr. and Mrs. A. W. Thomas and Byrdie Sunday.

The following is a statement from the board of trustees of the Southwest Animal Health Research Foundation, which met in Austin January 3, 1963.

The Southwest Screwworm Eradication Program will be stopped March 31, 1963 unless by that date, livestock producers have contributed the remaining \$1,000,000 of their \$3,000,000 goal, it was decided by the Board of Trustees of the Southwest Animal Health Research Foundation today.

The termination could become necessary because the Federal appropriation bill specifies that cost will be shared equally by Federal and non-Federal sources. Necessary State funds requested will not become available until after that date.

Trustees voided a "one shot" contribution policy to ask that producers contribute a second time in order to save the program. An emergency appeal for \$1,000,000 is planned. The original \$3,000,000 goal was based on the expectation that every livestock producer would participate.

The livestock industry has contributed, and will have spent \$2,000,000 on steril fly production and release by March 31. These funds moved the three year eradication program, costing an estimated \$12,000,000, underway a full year ahead of schedule.

The Texas Legislature will be requested to appropriate \$3,000,000 which will be necessary to continue the program after producer funds are exhausted.

Cooperating in the program have been producers and sportsmen of Texas, New Mexico, Oklahoma, Arkansas, Louisiana, the United States Department of Agriculture, and the Texas Animal Health Commission.

The Texas Forest Service is now taking orders for trees for windbreak plantings, until February 10.

These trees will not be sold for ornamental or landscape plantings, but an ample supply is available for windbreak plantings.

Orders forms may be obtained from the local extension service office. Or you may get them by writing to the Director, Texas Forest Service, College Station, Texas.

Trees for windbreak plantings will be shipped from the Forest Service nursery beginning in February, so if you are interested, get your order in right away.

The agricultural outlook for the year ahead indicates relatively small changes in farm product prices, production and marketings, says John McHaney, extension economist. Total net income of farm operators is expected to be near the levels of the past two years. The decline will continue in both farm population and farm numbers. Thus, the average per capita income of farm people from all sources and per farm will continue to rise in 1963, he said.

Tuning-up your gasoline or LP gas tractor can increase its power

by 11 percent and its fuel efficiency by as much as 14 percent, says Henry O'Neal, extension agricultural engineer. The increased power and economy can also mean a savings in time, he adds. Use the Operator's

How Ford spent \$100 million to give you more quality for your money

The Ford Motor Company spent \$100 million in the past two years alone to bring you a combination of quality features found in no other cars. And here's how Ford quality pays off for you... whether you drive the big Super Torque Ford, the middleweight Fairlane, or the fun-filled compact Falcon!

Superior ride and performance. For example, \$10 million was poured into the development of the Super Torque Ford's incredibly smooth new ride. Additional millions went to design 6- and 8-cylinder engines that let you choose sensational performance or sparing gas economy... all with minimum maintenance.

More care-free driving. Millions more were spent to perfect Ford's twice-a-year or 6,000-mile maintenance features... now in all Fords and Falcons*. You save time and money. Example: you roll 36,000 miles between major chassis lube!

Greater safety. Brakes adjust themselves when necessary. Roofs are reinforced. Doors have safety locks.

Added luxury. Richer, longer lasting upholstery. Carpeting that wears up to twice as long as in some cars. Improved insulation insures a quieter ride.

Smarter styling. Ford's Thunderbird-inspired lines have set the trend that the whole industry now follows!

Greater resale value. From the big, important items like specially galvanized vital underbody parts and long-life batteries... to the "tremendous trifles" such as extended-life light bulbs and stainless steel exterior screws... your Ford or Falcon will stand up better over the years. Will be worth more when time comes to trade.

And don't forget—Ford Dealers are quality dealers! We want to keep you happy after you buy... and this is your finest guarantee of value!

The Role of Food On Life Expectancy

By Alice L. Kemp

Foods are helping to expand the human life span.

Today's life expectancy is 7 years longer than it was in 1940. Our national health has improved tremendously over the past 2 decades due to the many startling advances.

Some of the many life-lengthening contributions have been made by agriculture—in the growing and processing of fresh vegetables and fruit, milk and meat.

Take a look around the shelves of your favorite grocery store. You can buy strawberries in December, pumpkin pie in June, lettuce in January, apples in April. Food products once considered seasonal today can be purchased the year around.

Homemakers can be sure the foodstuffs are more nutritious, have better flavor, are clean and free from insects or harmful disease-carrying filth.

Availability of high quality food the year around is one of the things which has lengthened our average life span from 62 years in 1940 to 69 years in 1960. Others are the wonder drugs and miraculous surgical techniques.

The wise use of agricultural chemicals by growers, farmers and ranchers has resulted in the availability of these foods. Without the use of these vital production tools, we would not enjoy the high standard of plentiful foods, which many of us take for granted.

Strict state and federal laws, efficient enforcement staffs, and quality-conscious food producers and processors make certain that the food you eat is free from any kind of contamination.

Mr. and Mrs. W. W. Wicker, Frances Lee and Jr. of Abilene, Mrs. Franklin Wicker, Thyra and Jr. spent Sunday with Mr. and Mrs. W. F. Wicker.

LEGAL NOTICE

Notice of application for Depository for Fisher County

Notice is hereby given that the Commissioners' Court of Fisher County, Texas, will receive sealed applications for the custody of funds belonging to said County from any banking corporation, Association, or individual banker domiciled in Fisher County, Texas, to be selected and designated as a depository for the demand and time deposits of said County and for trust funds in the hands of the County and District Clerks of said County.

Applications to be designated as the depository shall be delivered to the office of the Clerk of said Court before 10:00 a. m. Monday, February 11, 1963. Said application to be in compliance with Article 2545, Revised Civil Statutes of Texas, 1925, as amended.

This notice is given pursuant to the provisions of Article 2544, Revised Civil Statutes of Texas, 1925, as amended.

The depository selected will be required to enter into a bond, as required by law, and the Commissioners Court reserves the right to reject any and all bids, and to select more than one depository.

Witness my hand and seal of said Court, this 8th day of January, A. D. 1963.

E. G. Perkins, County Judge, Fisher County, Texas.

Lt. Boyd Assigned To Robbins AFB, Ga.

KEESLER AFB, MISS. -- Second Lieutenant Billy E. Boyd of San Angelo, Tex., is being reassigned to Robbins AFB, Ga., following his graduation from the United States Air Force course for communications officers here.

Lieutenant Boyd received training in the operation, maintenance and management of radio, teletype and cryptographic communications equipment and systems.

The lieutenant, son of Mr. and Mrs. Edward J. Boyd of 2846 W. Twohig, San Angelo, received his B.A. degree from Texas Technological College.

He is married to the former Judith F. Morrow of Rotan.

Mr. and Mrs. Marcus Phillips, students at Texas Tech visited her parents Mr. and Mrs. A. C. Snapp Friday, as they were enroute to Tuxedo to attend funeral of his grandmother, Mrs. C. P. Prichard, who died Thursday in Stamford Hospital. Burial was in Fairview cemetery of Tuxedo Saturday afternoon. Mr. and Mrs. A. C. Snapp also attended the funeral.

Mrs. Gene Day and two children who are moving this week from Abilene to Fort Stockton, spent Friday night here with Mrs. Dono Day Sr. Gene has been in Fort Stockton several weeks where he is operating a butane business.

TELEPHONE TALK

And Now It's 1963

Do you ever get the feeling the years are going by faster than they used to? Seems as if I'd hardly become acquainted with 1962 when 1963 came barging in.

Personally, I'll miss 1962. It was a good year, but I know in time I'll get to know 1963 and like it just as well. A new year, like a new pair of shoes, takes some getting used to.

Looking Back

In the telephone business, there's not much time for looking back. There's too much ahead.

Still, I'd like to tell you a few highlights of 1962 as I saw them from my job with Southwestern Bell.

The most spectacular telephone news in 1962 was—you guessed it—Telstar, the world's first active communications satellite. If ever there was a doubt about which nation leads the world in modern communications—Telstar settled the issue with a bang.

Not all telephone progress in 1962 was as dramatic. Many unspectacular—but vitally important—advances were made in providing you with better service.

For example, we worked hard on stormproofing the long distance network by placing more telephone cables underground and using more microwave radio relay. This helps us beat the weather by providing insurance against breaks, leaks and other malfunctions.

Another project was our cable "pressurization" program. Dry air is pumped through telephone cables and helps keep moisture out if a cable develops a leak. Also, the reduced pressure helps us spot the trouble and fix it—usually before it affects your service.

Another big improvement in 1962 was the addition of many tiny voice amplifiers to our telephone lines. These "voice boosters" put new pep in your phone. Whether you telephone across town, across the state, or across the nation, your voice comes through clear and strong.

In Rotan, telephone progress was made in 1962 with the addition of 73 more telephones here. This means you can now reach more people with your telephone—making your service more valuable to you than ever.

One Last Thought . . .

Our never-ending goal is to improve your telephone service and make it more valuable to you. And a happy 1963 to you from all of us at Southwestern Bell!

Call by number. It's twice as fast.
