NEWS
*** County ***
Agricultural Agent
Texas A. & M. College
Extension Service

One screwworm case in each of Fisher and Howard counties was verified at the laboratory of the Southwest Animal Health Foundation at Mission last week.

In less than 48 hours after each was reported, sterile screwworm flies were dropped within a short radius of the pest locations.

The flies were flown in from the laboratory at Mission and dropped by aerial technicians connected with the foundation.

The case in Fisher county was found on the W. T. Martin ranch, about 10 miles west of Roby. Martin sent specimen to Mission for verification.

In the fight to eradicate the pest, foundation officials emphasize that it is important to keep alert to any outbreaks. When a suspected case is found, the foundation asks that 10 specimens be picked up, placed in a small vial or bottle containing alcohol or water and that a telephone call-collect be made to the laboratory at Mission. It is open 24 hours a day. Phone number is JUstice 5-1646 (Mission). No telephone call should be made unless a sample is available.

Vials for collecting and holding the specimens in are available at the local county extension office.

Fisher county wheat producers with less than 15-acre allotments, for the first time may elect to participate or not participate in a national wheat program.

Among the provisions of the proposed 1964 wheat program were those covering the less than 15-acre allotments. Such a producer, if he desire to vote in the May 21 referendum and be eligible for price support and land diversion payment, must declare his intentions at least seven prior to the referendum.

If the small producer files a written intention to participate in the program, thus becoming eligible to vote in the referendum, he obligates himself to participate if two-thirds or more of the nation's growers vote "yes". (All wheat producers, including the 15-acre man, will under acreage allotment provisions.)

On the other hand, if the less than 15-acre producer does not desire to participate in the program, he files no intention and will not be eligible to vote in the referendum. He will not receive certificates, price support or land diversion payments. However, such a producer still will be required to and his wheat must find a sale on plant within his acreage allotment the open market.

And finally, the county agent reminded small growers of the county not to fail to file an intention at least seven days before May 21 if they would like to have the privilege of voting in the referendum.

May 19 will be observed as Rural Life Sunday and it also marks the beginning of Soil Stewardship Week. Traditionally, the fifth Sunday after Easter is the day set aside for emphasizing the spiritual values of rural living.

Two recently released Texas Agricultural Extension Service publications, L-265, "Test Your Soil for Profits" and 1963 "Texas Guide for Controlling Insects or Ornamental Plants" are available from the offices of county agent.

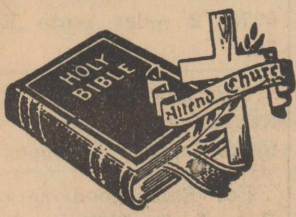

Mr. and Mrs. Don McArthur of John Tarleton, Stephenville visited his parents here last weekend.

"God Speaks Through His Ministers"

C. P. McMaster, First Methodist Church

THE GREAT SIGHTS

Text: And Moses said "I will turn aside and see the great sight, why The bush is not burned". Exodus 3:3.

It is our belief that God speaks to us, He must come in some special and unusual way. Like the burning bush on the hillside, we want to see some unexplainable phenomenon as that we may be sure of the presence of God. Yet I am convinced that although most of us see those burning bushes every day, we are so busy that we do not take time to turn aside and look at them. We need to have our eyes opened to the strange sights about us, then have a willingness to turn aside and ponder them.

Consider for one thing the miracles of the human body. The way the glands operate and the way the nervous system is organized are strange enough to thrill a man for years. The simple act of walking is in itself a most extraordinary accomplishment. Someone said that a mouse is miracle enough to engage a man's attention through all his years.

2. Or look around the physical world and consider the spectacular sights which we pass by so easily. Stop and look at the rose climbing over your back fence. Plant some strawberries in a barrel and study them every day, and it will come to you that we are surrounded constantly by the most wonderful of

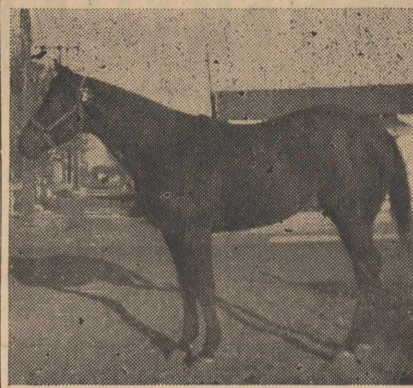

events.
3. Stop and consider the sheer goodness that comes to us in unexpected places and at unexpected times. The law of the jungle is easy enough to understand, but how do you explain the law of love? It is true of course that we are disappointed many times, and many times receive hard blows. Yet the other side of the picture is the great sight of goodness. That is what is most difficult to explain. That men should be kind and helpful when it cost them a great deal is the kind of sight that is marvelous to behold.

4. But the strangest experience of all is the unmistakable awareness of God's presence. He comes in those high moments of inspiration and He appears to us in a strange light such as never is seen through physical eyes alone. He is there in the questions that will demand answers, and in our discontent with the second rate. For gradually it dawns upon us that back of all these miracles and astounding visions, the most amazing experience of all is the revelation of God.

THE BIG BREAKTHROUGH IN ANTENNA DESIGN!

Developed by the Antenna Research Laboratories of the University of Illinois*—Principles Utilized in Air Force Satellite Tracking

If your antenna is more than three years old... if your neighbors get better reception than you do... if your picture is weak or erratic or blemished—now get crisper, clearer reception than you thought possible with your present set—or your money back! The LOG-PERIODIC LPV pairs unprecedented power with unmatched directivity to bring in every picture detail—vivid, vibrant reception, without snow or ghosts—regardless of distance or terrain. Come see us about the LPV—the Big Breakthrough in antenna design.

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D.
Commissioner of Health

The discarded nail was hidden in the tall grass. The mower blade hit it and suddenly it was buried an inch deep alongside the shinbone of the 23-year-old Williamson County secretary.

Accidents of this type will be on the increase now -- this is lawn-mowing time, you know -- until fall weather brings a welcome respite from the weekly chore.

The State Department of Health does not keep statistics on non-fatal accidents, so the extent of injuries from carelessly handled power mowers unknown. But one Central Texas city reports, conservatively, that 15 to 25 serious accidents are reported each year.

Like the man who stopped his car at the curb, intending to say hello to his perspiring neighbor busily mowing the grass. Neighbor wheels up with mower to return the greeting. Man in car -- elbow resting on window -- finds his forearm pinned to bicep with a five inch piece of wire flung at him by the whirling blade.

Power equipment is a tremendous boon to the man who likes to keep his yard neat with a minimum of effort. But it takes constant concentration to do the job safely. Even experience is no substitute for concentration.

A garden club member in a major Texas city used to pride himself on this safe and sane use of power tools that helped him maintain the sharpest yard in the block.

But no more. One afternoon recently, while trimming his driveway with a power trimmer, he reached down to lift a bloom-laden branch of a rose bust out of the way.

When he withdrew his hand two fingers were missing. "I wasn't alert," he wryly explained.

One of the most frequent mower accidents has this sequence:

A stick or wire or rock jams between cutting bar and blade. The operator attempts to clear the jam without going to the trouble of killing the motor. Results: Badly

cut or severed fingers when the surge of power spins the freed blade.

Most power mowers equipped with safety guards. Trouble is that guards are removed by owners for

one reason or another and never replaced.

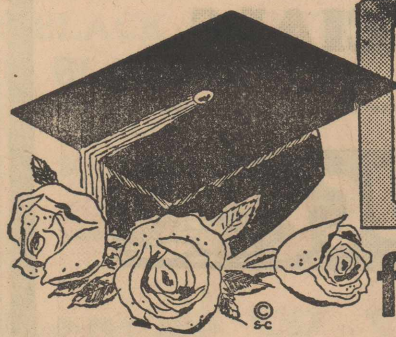

But use one carelessly and you're liable to become a candidate for a quick trip to the emergency ward of a hospital.

Oliver Harris who is in Veterans Hospital in Big Spring recently had a severe heart attack and now has pneumonia. Mr. and Mrs. A. C. Snapp visited him there Friday.

Mrs. J. O. Kennedy and her sister Mrs. Roy Duckett of Sweetwater went to Dallas Wednesday of last week and visited Mr. and Mrs. Joe Kennedy and children until Saturday.

The Rotan Advance
Thursday, May 2, 1963 No. 13

Mrs. L. L. Hardan of Littlefield came Wednesday of last week to visit her sister Mrs. (Sheila) Taggart and Mr. Taggart.

Gift Tea For
Mrs. James Mann

A gift tea, hosted in the home of Mrs. George Moore, Saturday, April 27th, honored Mrs. James M. Mann, the former Cora Pryor of Snyder.

The bride is daughter of Mrs. Betty Pryor of Dallas, and of James I. Pryor of Wichita Falls. She is graduate of schools at Paris, Texas, and has been living with an aunt and uncle, Mr. and Mrs. Henry Wenetschleger, in Snyder, while working as a secretary, there.

Mann, son of Mr. and Mrs. Marvin Mann, is graduate of local schools, and attended Tyler Junior College. He served three years in the Army, and is presently employed at National Gypsum Company, here.

The couple were married on April 6th.

Hostesses who assisted Mrs. Moore with the gift affair were: Mmes John Ashley, J. D. Burk, Bruce Campbell, O. R. Clark, W. D. Eades, Willie Fleming, Hugh Huckaby, Mattie Key, Bernard Rodgers, Billy Sparks, Bob Sparks, John Stribling, J. V. Hellums, and Miss Lucile Smith.

Mrs. Moore stood with the receiving group, greeting guests as they arrived. Others receiving with the honoree were her mother and the bride-groom's mother, Mrs. Pryor and Mrs. Mann; the bride's aunt, Mrs. Wenetschleger; the bride-groom's sister, Mrs. Jerry Cahill of Tyler, and his aunt, Mrs. Aud Gerald.

Others in the house party were Mrs. Bill Hardy, Mrs. Billy Frank Hardy, and Mrs. Champ Clark.

Mrs. Billy Sparks and Mrs. Bob Sparks presided at the tea table. Mrs. Billy Frank Hardy registered guests.

Accenting the bride's chosen colors, the tea table was laid with white, cut-work linen cloth over blue, and centered with blue and white daises.

Roses were in the living room, and two gift display rooms.

**Mrs. Williams Speaks
For LVN At Roby**

Mrs. R. T. Williams was guests speaker at April meeting of Division 53 Licensed Vocational Nurses Assn. Mrs. Williams spoke on "Projects and Scholarships of Interest to Women."

Meeting was held in the Willie Wirehand room of IREA building in Roby. Mrs. Evelyn Hamm and May Ruth Noles were co-hostess. They carried out an Easter motif in refreshments.

Meeting was attended by a large group of Nurses from Rotan and Roby. Mrs. Winnie Kingsfield was program chairman.

Engagement Announced

CAROL ANN WALKER

Mr. and Mrs. Jimmy Walker of Rotan are announcing the engagement of their daughter, Carol Ann to Wilber Lee Gruben, son of Mrs. Alvin Gruben and the late Mr. Gruben. The bride elect will be a May graduate of Hobbs High School and the prospective bridegroom is a Sophomore at Texas Tech, where he is majoring in Entomology. Wedding plans for pending.

New BSP Officers Installed Thursday

In a candlelight ceremony, new officers of Chi Kappa Chapter of Beta Sigma Phi were installed last Thursday night in the home of Mrs. Wayne Morrow with Mrs. M. T. Hill as co-hostess. Mrs. Rudy Hamric, a Beta Sigma Phi transfer member was welcomed into the Sorority.

After installation service, the regular business session was conducted with outgoing president, Mrs. L. D. McGrew, presiding. Plans were made concerning the "Miss Fisher County" contest, to be held in June. This contest is sponsored by the Sorority.

Hobbs HD Cub Have Electric Program

Hobbs HD Club met in home of Mrs. Glen Gruben April 25 with seven members and one visitor, Mrs. J. H. Shellburne of Ballinger present.

Jerry Robertson of Midwest Electric and the three 4-H Girls Clubs of Roby presented the program. Demonstrations were on "Cooperative Electricity," "Incinerators" and "Soil Conservation."

Alice Kemp attended the meeting with the 4-H Girls.

Christian Science Service Sunday

The subject at all Christian Science services this Sunday will be "Everlasting Punishment."

Golden Text: "The Lord is our judge, the Lord is our lawgiver, the Lord is our king; he will be featured in the Bible Lesson, which also includes these lines from the Christian Science textbook: "It is error to suffer for aught but your own sins. Christ, or Truth, will destroy all other supposed suffering, and real suffering for your own sins will cease in proportion as the sin ceases" ("Science and Health with Key to the Scriptures" by Mary Baker Eddy, P. 391).

Mr. and Mrs. George Field went to Camp Polk, La., last week for Melton Field who had just completed 6 months training there with the Army. He is now on the job at West Texas Utilities.

Mrs. Ed Dulaney visited Mr. and Mrs. Jack Kennedy Monday.

McQueen's Parents To Observe Anniversary

Mr. and Mrs. Dan McQueen of Houston will observe their Golden Wedding Anniversary, with an open house on Sunday, May 5.

The open house will be at 834 Henke Street in Houston from 2 p. m. until 5 p. m. and will be hosted by their children, Mrs. Earl Selman, Mrs. Alvy Glen Guice, Mrs. Thurman Selman, Mrs. Gordon Spence, all of Houston and Odell McQueen of Rotan. Some of their 14 grandchildren and four great grandchildren will also participate.

Mr. and Mrs. McQueen were born in Houston county and attended school at Ephesus. They were married at Jones School House May 3, 1913 by Rev. Lem Whitehead. They moved to Houston in 1943 where he is now retired.

Mr. and Mrs. John Stribling have moved to Llano, where they will make their home. They have lived in Rotan and vicinity for a number of years, coming here from Llano.

Truett Strickland and Mrs. Dick Edwards visited their uncle, Mr. Will Strickland Sunday, who is in hospital in Snyder. He recently suffered a heart attack.

**NEVER
alone...**

**GOD
is
THERE**

John, the last prophet of the Bible, dreamed of a place where there would be no night. There is such a place. We live in an X-ray world. While we may not be conscious of it, a light is forever falling upon us. God's light falls upon this man. *Brother, your could not make it alone! We must have Him.* How foolish of anyone to try to walk in darkness... to walk alone. Why, you can't do it. *Even the way to church is lighted with His presence when you head that way.* God watches over His children, and doesn't that make you glad? Look at the friendly, ever watchful eye of God pictured on our one dollar bill. He is watching over the destinies of our America. He will guide the steps of His children, if they allow Him... will you?

MULTI-POWER! Shift on-the-go at the flip of a switch!

MOUNTS IN A MINUTE! Mows faster, cleaner with Dyna-Balance Drive **MF 31 MOWER**

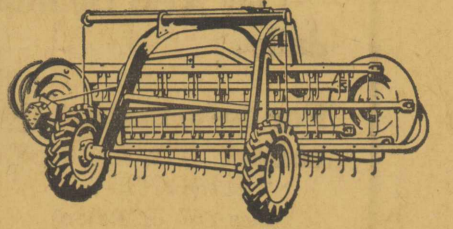

NO DAILY GREASING! You're in the field first and stay out ahead **MF 10 BALER**

MULTI-POWER! Shift on-the-go at the flip of a switch!

HQ
for Hay Tools

Saves more leaves

The MF 36 Pull-Type Side Rake handles hay gently—moves it the shortest distance possible to protect the protein-rich leaves. Available with exclusive 6-bar reel, or with low-cost 4- and 5-bar reels.

See the baler that ends daily greasing

—the MF 10. Check it over. See for yourself how all bearings are factory-lubricated and sealed for life. Only the universals on the PTO shaft need occasional attention!

See

Dyna-Balance Drive on the MF 31 Mower

—see how it permits higher knife speeds with less clogging, noise and vibration. Reason: there's no pitman!

Flip the switch on Multi-Power

—see how it shifts on-the-go on a Multi-Power Tractor with just the flip of a switch. Gives you 12 forward gear speeds on the MF 35, 50 and 65 . . . 16 on the big Super 90!
