# THE ROTAN ADVANCE

Volume 57 Rotan, Fisher County, Texas Thursday, Nov. 14, 1963 No. 41

**Cub Scouts Hold Good Pack Meeting**

The Cub Scouts of Rotan, Pack 75, held their first Pack meeting for the current year last Thursday at the Legion Hall. All thirty-four Cubs of the Pack were present to receive advancements and awards and to participate in Pack activities. At least one parent attended with each Cub, as well as a large number of friends and relatives.

Each of the five dens participated in the program. Den 1 opened the meeting with the pledge to the flag and Den 5 closed with the Cub Scout Promise. Den 2 gave a puppet show on safety, Den 3 sang and led the Pack in songs and Den 4 presented a skit.

Fifteen new Cubs were initiated into the Pack as Bobcats. These boys were, Vick Burk, William Cleveland, Dexter Elrod, David LeBlou, David Markham, Jack McCall, Jack Price, Ken Smith, Frank Thomas, Steve Thomas, Dale Acker, Roy Baker, Kenneth Dean Jones, Jimmy Sparks and David Stevens.

Those Cubs advancing to the rank of Wolf were: Mike Herrno, Norville Kennedy, Jr., Stuart Nowlin, Randy Smith, Steven Wayne Baker, Mike Hicks, Marsh Hill, Bill Leach, Ruple Weems and Morris Womack.

Mickey Early was presented the badge for Bear rank along with a gold arrow point for that rank.

Several of the Cub Scouts had earned and were presented arrow points for achievements in the Wolf rank. Receiving arrow points were, Eugene McKimney, Steve Nowlin, Hank Day, Walter Hargrove, Obie Gene Kelly, Mickey Early, Norville Kennedy, Jr., Craig Roland, Steven Wayne Baker, Bill Leach and Morris Womack.

For refreshments Bill Henderson, Gandy distributor, provided lemonade along with coffee and cookies brought by the mothers of Cubs.

Mr. and Mrs. Doyle McSpadden, Tina and Chip of Uvalde came Monday night. Chip remained with his paternal grandparents, Mr. and Mrs. Herman McSpadden and Mr. and Mrs. Doyle McSpadden and Tina went to Lubbock Tuesday where Tina was scheduled to have a tonsilectomy Wednesday morning and Mrs. McSpadden will have major surgery while there. H. T. Fillingim plans to go to Lubbock to be with them.

Mr. and Mrs. R. D. Shows, Mrs. C. C. Bruce and Joe Roberts recently went to Laredo to see their brother, Ed Roberts who had a light stroke. He is recovering nicely.

Mr. and Mrs. Roger Murff of Abilene visited her mother Mrs. C. C. Roach Sunday.

An 8 lb., 8 oz. girl was born to Mrs. and Mrs. Jimmy Bilbo, 8:10, Nov. 11. She was named Patrendia Merlene.

**Cotton Harvest Entering Final Stage**

Local gins reached 13,710 bales for the season at noon Wednesday. The harvest has been rapid this year, due to dry weather, as very little delay has been caused by light rains.

Most cotton men now estimate the final tabulation at around 17 thousand, while some hold out for 16,000. Many farmers have completed harvest at this time.

**Book Review Club To Have Dallas Speaker**

Miss Helen Corbitt, director of Neiman-Marcus Zodiac Room in Dallas will be the guest speaker for the Book Review Club November 19.

Miss Corbitt is one of the most famous women in the field of foods in the U. S. and is author of many well known "Helen Corbitt Cook Books."

She has been very popular as a speaker for women's clubs and the Rotan Club is very fortunate in securing her as a speaker.

The Club membership is still open to new members.

**WMS Enjoys Oriental Tea**

The WMS of the First Baptist Church and guests were invited to an Oriental Tea in the Primary Department of the Church. The room was resplendent with Japanese lanterns, wind chimes, Japanese water color prints, and souvenirs from Japan. A center of interest table depicted a park scene typical of Tokyo. The low tea table was laid with china and lace. Japanese ladies served from their seats on the floor (Mrs. Neil Wright and Charles Cleveland). Guest were greeted by Mrs. Hub Taggart, also in costume. Mrs. W. P. Curry, chairman of missions and in charge of the program and arrangements, introduced world travelers, Ms. Huron A. Polnac, Mrs. Ewell Jenkins, Mrs. Jonnie Morgan and Mrs. Frankie SoRelle.

Mrs. SoRelle gave an illustrated talk on the general impression Japan and its people make on visitors. Her slides showed the country-side, people on the streets, people at work, shrines, etc. Mrs. SoRelle described the people of Jaan as friendly, very literate and proud of their beautiful country.

Following Mrs. SoRelle was Mrs. Ewell Jenkins who spoke on the history of Japan-political and religious. She described a street demonstration by which she and Lennis Polnac innocently become surrounded. They were surprised and alarmed she said, to find that the demonstration was protesting a United States nuclear submarine in the Japanese waters. However they spoke to a few of the nearest demonstrators who expressed a desire to know how we feel; so a small friendly exchange of ideas. Mrs. Jenkins showed several slides of the street demonstration.

Then Mrs. Jonnie Morgan showed slides of Japanese scenes including an excellent view of the demonstration Mrs. Jenkins had mentioned. Mrs. Morgan photographed scenes from train windows, hotel windows and from the streets with her movies.

Concluding the program, Mrs. Polnac told of the great opportunity in Japan for Christian witnessing. The younger generation who have been born into a heritage of Shinto, Buddhaist or a combination of the two, have not actually embraced the faiths of their fathers, but something more. They are eager to listen to those who speak of Christ as a personal savior. She emphasized the fact that the Japanese people are a peace loving people, essentially, and of good moral character. She showed slides of the Baptist work in Japan including a hospital and its Christian personnel. She also mentioned needs missionaries hope to meet within the next year with the help of the Japanese Baptist Convention and the Lot Moon Christmas offering sponsored by the WMS of the Southern Baptist Convention.

Mrs. C. C. Roach, president of WMS, thanked Mrs. Curry and the women who brought the program,

**Boy Scout Fund Drive Is In Progress**

The annual campaign to support the budget of the Chisholm Trail Council, Boy Scouts of America, was kicked off at a breakfast at Ganns Cafe, Tuesday morning.

Joe Burk, chairman, distributed prospect cards to the workers and announced plans to complete the campaign within one week.

Funds from the campaign provide camp facilities, leadership training, badges for boys as they advance, professional help for local leaders, etc.

It was pointed out that only 1-2 percent of the money raised goes to the National Council, Boy Scouts of America, and that the remaining 98-1-2 percent would be used within the Chisholm Trail Council.

Workers present at the breakfast were Joe Burk, Dwight Nowlin, Wendell Morrow, Archie Neeley, Ray Womack, C. D. Herron, Bart Strayhorn, Dick Young, Marshall Hill, Dr. LeBlou, and other workers are W. D. Hariman, Mrs. Tom Collins, Doug Weathersbee, Richard Donahoo, Bill Day, Charles Woods, and Stanley Nowlin.

Cub Scout Pack 75 now has 35 members and had all members present at its last Pack Meeting. Boy Scout Troop 133 now has 28 registered members with several new boys now working on their Tenderfoot requirements getting ready to join. Be sure to read the other story in this paper about our troop at the Chisholm Trail Council Camporee.

**Hammers Lose Dist. Game At Roscoe**

The Yellowhammers lost a one-sided game 43-0, last Friday night to Roscoe at Roscoe.

The Plewboys Larry London, held command during the entire game and scored every touchdown of the game. Clifford Jones scored every extra point made, also.

Roscoe scored in all four quarters.

The Hammers journey to Jim Ned Friday night for the final game of the season.

Door prizes will be given, a nice entertainment and free feed served to guest.

Guests will also be shown the full line of IHC modern equipment.

**Deer Hunters Plan For Opening Saturday**

Several local deer hunting parties plan to open the season in various points of Texas Saturday. The majority hunt in the Hill country and several in Big Bend area.

Most hunters have checked their leases and report good supply of game and most of them say both deer and turkey are in good condition, despite the dry year.

The season in Texas is open until January 1st.

**Pastry Shop To Be Open Wednesdays**

Mr. Ivey, owner of Big Dipper Donut Shop in Sweetwater, who recently bought Rotan Pastry Shop announces the Rotan establishment will be open on Wednesdays as well as Saturday, beginning next week.

They have a good line of pastries and Mr. Ivey says response has been very good for the new business.

**Armistice Day Affair Proves Successful**

Armistice Day was observed Monday with the program in Roby. District Judge Austin McCloud spoke in place of Don Yarborough, who was unable to fill his engagement. The affair was well attended and Judge McCloud brought an inspiring address.

Most of Rotan was open during the day, but a nice array of flags were out.

**Golden Wedding Anniversary**

Mr. and Mrs. Samuel D. Cleveland will celebrate their Golden Anniversary at a reception November 23, 1963 from 3 to 6 p. m.

Relatives and friends are cordially invited to attend.

Mr. and Mrs. R. S. Ragsdale, Mr. and Mrs. H. C. Carr and their mother Mrs. J. J. Polk went to Lubbock Saturday in response to a message that C. M. Polk, son of Mrs. Polk was seriously ill. They were joined there Sunday by Mr. and Mrs. John Ashley and Mrs. Roy Ashley. Mr. Ashley is in West Texas Hospital where he had major surgery two weeks ago and was seriously ill, but is improving now.

Mr. and Mrs. A. R. Ashley of Tucuman, New Mexico, came Tuesday and visited his sister, Mrs. L. E. Latham and Mr. Latham, returning home Saturday.

**Scout Troop Takes Second in Camporee**

Rotan Boy Scout Troop 133, sponsored by the Rotan Jaycees, placed second in the Fourth Annual Chisholm Trail Council Camporee held at Paint Rock, November 9 and 10.

Troop 133 was competing with troops from an 8 county area in this section of Texas. Troops were present from Aspermont, Haskell, Hamlin, Sweetwater, Winters, Coleman, Anson, Albany, Merkel, and Dyess Air Force Base.

The Boy Scout Troops arrived at Paint Rock by 1:30 p. m., Saturday, November 9, and set up their camps. Competition started at 2:00 p. m. with patrols of the Troops competing in 10 different events. The competitive events included Height Judging, a First Aid Relay, Nature Identification, Signaling by Morse Code for Semaphore, Use of silent signals, Use of the compass and distance, Flapjack cooking, Proper use of the Uniform and Insignia, Tripod Building using lashing, and proper raising and lowering of the United States Flag.

Following the competition, troops cooked and ate supper in their own campsites. An evening campfire program was held with all troops participating. Troop 133 represented the Western District in the Campfire Program with a stunt.

Sunday morning, Church Services were held for all Scouts at 8:00 a. m. Following church, the boys visited the painted rocks to see the Indian Pictographs.

A final assembly and retreat was held at 2:00 p. m. for the presentation of Camporee Awards. Troop 2, Abilene, won first place in the competition. Troop 133, Rotan, Second place; and Troop 18, Merkel, Third place.

**PORK FACTS**

For tenderness and appetite appeal, all pork should be cooked well done. Large fresh pork cuts including loin, shodluer and hams, are roasted at 350° F. oven temperature to 185° F. internal temperature; smoked pork cuts-ham, shoulder butt, etc. are roasted at 300° to an internal temperature of 160° F. Pork chops, steaks, patties and frenched tenderloin are best cooked by braising, since this method sets its meat that is well done, tender and juicy. Smoked ham slices, bacon, Canadian style bacon are cooked by broiling, pan-frying or pan-frying.

**NEWS**  
 \*\*\* County \*\*\*  
 Agricultural Agent  
 Texas A. & M. College  
 Extension Service

Most of Texas is dry and much of the state is now faced with the problem of poor grazing, says Uel D. Thompson, animal husbandman with the Texas Agricultural Extension Service.

When this condition exists and the total feed intake of cattle must be supplied, probably the cheapest method is to supply energy by feeding sorghum grain, and limit the animal's intake with salt, explains Thompson. And though roughage is expensive and low in energy, some must be provided for proper ruminant digestion.

There are several alternatives for producers who have no pasture, according to Thompson. They can sell replacements if necessary, wean and sell calves as possible, cull low producers and confine animals to traps or drylots and feed them.

A mixture of 34 percent ground sorghum grain, 33 percent of a 41 percent protein supplement, 31 percent salt, and 2 percent trace mineralized salt, can be self-fed. Cattle will consume about five pounds of this mixture daily depending on the quality and quantity of the roughage they receive.

However, such a mixture is deficient in Vitamin A. Mature cattle need about 40,000 International Units of Vitamin A per head daily and the synthetic form be fed, placed in the drinking water or injected into the animal, advises Thompson. It is not advisable to mix the synthetic form with mineral or high salt feed mixtures and to leave it exposed to air, sunlight and heat.

The amounts of roughage fed daily should be limited, due to their high cost and low energy value, and low quality roughages should be ground. Though grinding costs may be too high on other types of roughages, rice hulls must be ground to prevent intestinal irritations.

For more information on feeding of cattle during these times of stress, stop by the local agricultural agent's office and ask for "Emergency Feeding of Livestock," B-218.

Americans can have confidence in the meat they buy in today's marketing specialist at Texas A&M University.

It is examined for wholesomeness by means of an inspection system and has been systematically graded to indicate quality differences, he says. Inspection and grading are the two most important areas in the marketing of livestock and meat in this country.

A new Texas A&M University leaflet, L-585, explains each inspection stamp used in the state and the differences in the U.S. Federal meat grades. The various inspection stamps are examined in detail and the meaning of the lettering on each is explained.

The publication also traces the recent changes which have occurred in the Federal grades for each species. A special section explains the USDA dual grading system which was in effect for a one year trial period, from July 1962 to July 1963. The USDA is presently proposing that the yield grade portion of the dual system be incorporated into the old grading system.

A copy of this leaflet can be obtained from the local extension agent's office.

Over 46 percent of the nation's milk supply is used as fluid milk and cream. Almost all of the remainder is prepared as butter, cheese, ice cream and other frozen dairy foods, evaporated, condensed and non-fat dry milk, and many other dairy products.

Common warts in cattle are caused by a virus and are infectious. The udder of dairy cattle is usually affected and infection takes place by contact of injured skin with infectious material. Normal sanitation measures will prevent the spread of warts and a vaccine is also available for immunization, prevention and treatment of the animals.

## "God Speaks Through His Ministers"

Rev. H. O. Abbott Jr., Pastor First Methodist Church, Roby

### A LIVING FAITH—HOW IT CAN BE MADE REAL

I have never seen an atheist. I doubt that there is one. Everybody believes something. If a person plants a seed he is a believer. He believes in the soil, the sun, the shower and in the mystery of the seed called germination. If a person falls in love and gets married, he is a person of faith. He believes in love, in a person having such character as to be true to the trusts of a lover.

The question is not "do we have faith?" But rather what is the nature of our faith? What character does our faith inspire? What kind of persons do we become because of our faith? Where does our faith have its roots and from what source does it gain its vitality?

The examination of our faith can be made very quickly by asking of it three questions:

Is my faith God-centered?

Is my faith self-centered?

Is my faith things-centered?

We live in a "Things" culture. We Americans are makers of things. We make automobiles and bathtubs, air conditioning and synthetic fabrics, automatic washing machines and post hole diggers. We are in danger of developing a faith in things. To test how much this "Things-faith" has taken hold of our lives, let us ask: Would my faith be shaken if I lost whatever it is I possess? If my faith goes

when I lose my possessions, I am a victim of a things centered faith.

How do I take disappointment?

If I do not get what I want do I become unhappy, resentful, critical? If my desires aren't fulfilled do I lose my enthusiasm for life? If the answer is 'yes' to these questions then the secret is out: I am a victim of a self-centered faith.

How do I react to sorrow? If I love a loved one, or my own health,

if I honestly attempt to serve in some good cause but fail, is my faith shattered? Do I complain that God let me down? If answer 'yes' to these questions again the secret is out: My faith is not God-centered. The God some people believe in has never existed, is not God at all. What some people believe in and call God is really their own happiness, their own health, their own good fortune. If they believed in the God of Jesus, then He would not go when health and good fortune goes.

Our faith in God has vitality that is not lost in any misfortune. The road to such a faith is a daily commitment and practice of God's presence in our lives. We live with the idea that God is the most important fact in our lives any day, any where with any experience. We arise in the morning affirming that God is the great fact any purpose of the day. We remind ourselves during the day that our

### The Rotan Advance

choices and decisions are to be made in the light of our commitment to God and His constant presence. We go to bed at night reflecting upon the day in the light of our commitment. Loving daily with our commitment and with our awareness that God is with us creates for us opportunities of service and witness that we could never have known without a daily walk with God. We live our faith by living close enough to God to keep the love affair between Him and us alive. So long as this love affair between God and ourselves goes on we don't want anything except that which God approves.

A living faith is real, right and strong only as it is God-centered.

### New Stretch Corduroy

Stretchable cotton corduroy should be available at fabric counters soon, according to Fannie Brown Eaton, Extension Service Clothing Specialist at Texas A&M University.

At least one textile mill is marketing the new all-cotton stretch corduroy, she explains. It is constructed by the slack mercerization method, and stretches in the filling direction. It is 36 inches wide and is in a pinweave.

Give the new stretchable corduroy the same care you would regular corduroy, she suggests.

While several other stretchable cottons are being used for ready-to-wear, this is one of the first to be available as yard goods, and it comes in a variety of colors, the specialists explain.

The new stretch corduroy will be available in red, teal, the new popular green color, green, black and royal, according to home economists with the National Cotton Council.

Mr. and Mrs. J. D. Burk visited her mother in Breckenridge Sunday.

**What can this modern gas range do that a comparable electric model can't? Plenty!**

Even women who cook on electric ranges admit they don't have the controllability that gas gives you. When you turn the gas flame "on", it's "on" instantly... turn it "off", it's "off" instantly. There's no hangover-heat to cause boil-overs and no pot-shuffling necessary with gas. Another gas exclusive is smokeless broiling—the flame eats up smoke so you can keep the broiler door closed. This means a cooler, smoke-free kitchen—only with gas! How about flame-kissed flavor for steaks and burgers? Only a gas flame does it. But the big plus is economy... natural gas is so inexpensive you can cook four meals for the price of one. See the beautiful new automatic gas ranges now on sale at Gas Appliance Dealers and Lone Star Gas!

### County HD Agents Map Plans For 1964

The County Home Demonstration Agent's Association of Texas will hold its 1964 annual meeting at Texas A&M University next fall, according to Mrs. Madeline Kennedy of Kingsville, new president of the Extension home economists' organization. Professional improvement will receive major emphasis.

The annual meeting next year will coincide with Extension Service annual conference, Mrs. Kennedy explained. Dates are to be announced.

Mrs. Kennedy was elevated to the presidency at the recent meeting of the County Home Demonstration Agent's group in San Antonio. She served as president-elect for the past year, and succeeded Loreta Allen of Abilene as head of the Extension home economists.

New officers who will serve with Mrs. Kennedy during the coming year are Mrs. Marporie Guidry of Nacogdoches, vice president; Mrs. Ann Sonner of Sherman, secretary; and Mrs. Mildred Martin, Cuelo, treasurer.

Directors for the 12 Extension Service districts for 1963-64 include Mrs. Mona Hildreth, Amarillo, District 1; Elinor P. Harvey, Seminole, 2; Alice Lee Kemp, Roby, 3; Mrs. Ann Sooner, 4; Mrs. Sue Ferris, Marshall, 5; Mrs. Dian Reed, Pecos, 6; Mrs. Vyvien Duncan, Brady, 7; Mrs. Lucy Durham, Belton, 8; Mrs. Marjorie Guidry, 9; Mrs. Mildred Martin, 10; Mrs. Selma Harmon, Wharton, 11; and Mrs. Nellie Nichols, Robstown, 12. Officers were named from the board of directors.

Chairmen of six standing committees for the home demonstration agents group also have been announced by Mrs. Kennedy, who explained that committee membership will be completed soon. Assignments to date are: Distinguished Service, Mrs. Nellie Nichols, Chairman; public relations Elinor Harvey, chairman, and Alice Kemp; professional improvement, Mrs. Sue Ferris, chairman; research, Mrs. Selma Harmon; constitution and handbook, Ms. Lucy Lee Durham, chairman, and Mrs. Dian Reed; and recruitment, Mrs. Mona Hildreth, chairman, and Mrs. Vyvien Duncan.

Board members will meet in Fort Worth in March to complete plans for the 1964 meeting. A special feature of each annual meeting is recognition of outstanding home demonstration agents of Texas, including Distinguished Service award winners who are selected by the national association. The 1963 Distinguished

## '64 Jet-smooth Luxury CHEVROLET

Chevrolet Impala 4-Door Sport Sedan

Now how are the high-priced cars going to explain this!

Here are looks, luxury and comfort that you'd expect to get you back plenty—if they came from anybody but the people at Chevrolet.

Fresh-minted styling with clean uncluttered lines that give the '64 Jet-smooth Chevrolet its feeling of new length and lowness. Rich new interiors with supple fabrics. Foam-cushioned front and rear seats and door-to-door carpeting—now standard in all models, including the

modestly priced Biscaynes. And, of course, the niceties of Body by Fisher craftsmanship.

You've got a wealth of power to pick from—engines from a peppery 140-hp 6 to a 425-hp V8\*! And you've got the '64 Jet-smooth ride to cushion you from road noise and vibration.

Been promising yourself luxury like this someday? Your someday is here, as your dealer will gladly show you. \*Optional at extra cost.

### Gift Tea Honors Miss Jamie Miers

A gift tea hosted in the home of Mrs. J. P. Phillips, Thursday, Nov. 7, honored Miss Jamie Miers, bride elect of A2c Rick Clayton.

Mrs. Phillips stood with the receiving group greeting guests as they arrived. Others receiving with the honoree were her mother, Mrs. Joe E. Miers, Mrs. Nash Miers, and Mrs. Walter Miers. Mrs. Gene Shipp registered guests.

Mrs. Mike Porter and Miss Jimmy Kendrick presided at the tea table laid with imported hand-drawn cloth with silver and crystal. Centered with a bride doll on a soft white cloud surrounded with white orchids. A bride's bouquet floated in green punch to carry out the brides chosen colors of green and white. The hostesses presided in gift display rooms. Hostesses who assisted Mrs. Phillips were Mmes. L. E. Hardin, A. O. Dennington, Ed Hawkins, Les McCombs, Dale Cave, Mike Porter, Robert Martinez, S. L. Ethridge, Calvin Phillips, Louis Hayes, J. D. Kincaid, J. E. Gantt, Joe Dismore, J. O. Hudnall and George Maule.

The honoree wore a willow green dress of loop wool and a corsage of white mums. Each member of the house party wore a corsage of mums and received a personal gift, compliments of the bride and her mother.

Miss Miers and Mr. Clayton will be married Dec. 7, 8:00 p. m. at Hobs Baptist Church. The public is invited to attend.

## Fisher County Oil & Gas Roundup

With oil and gas production worth about \$12 million a year, Fisher County citizens have a financial stake in the worldwide demand for energy and the complex economic and political problems involving the petroleum industry, according to statistics released this week by Texas Mid-Continent Oil & Gas Association.

"We have pulled together some figures from the most authoritative sources so residents of Fisher County can see how local pocket-books are affected by some of the issues which involve our industry," said J. Clyde Tomlinson, Association president. "Issues of current concern include the proposals to cut percentage depletion rates, extension of federal controls over prices at which Texas producers sell their gas, and development of laws and production methods that will help Texas compete with other states and nations for markets."

The latest year for which U. S. Bureau of Mines figures are available (1961) shows Fisher County producing more than 3.8 million barrels of crude oil, valued at about \$11.4 million; and 5 billion cubic feet of natural gas, with a value of \$600,000. Fisher ranks 85th among Texas counties in value of oil and gas production. In 1961 there were 951 producing wells in the county, according to the Texas Railroad Commission.

Although its first field was discovered 35 years ago, Fisher County is the scene for the industry's continued search for oil and gas. Some 134 wells were drilled in the county last year, with 18 being wildcat exploratory wells, according to the Oil & Gas Journal. The Association estimated more than \$4.2 million was spent on drilling in the county this past year and that some \$880,000 of this went into dry holes. Close to \$131,000 was spent last year on geophysical crews using seismic devices to probe the underground formations of Fisher County for possible drilling locations.

Leasing adds many thousands of dollars to the county's economy.

Tabulations by the International Oil Scouts Association show major companies in 1961 were paying rentals on about 27,000 undeveloped acres.

Royalty payments to Fisher County farmers, ranchers and other landowners are running at more than \$1.5 million annually, the Association calculated.

Fisher County producers and royalty owners also make a sizable contribution to the support of state government, with production tax payments of \$570,000 a year—some \$528,000 from oil and \$42,000 from gas.

Industry taxes likewise are important to the county government and school districts in the county. For instance 76% of the local property taxes collected for Hobbs Independent School District comes from oil and gas operators and 65% at McCaulley.

A sizable impact on the Fisher County economy has been registered by petroleum industry payrolls. According to figures from the Texas Employment Commission, the industry payroll is almost \$573,000 a year.

Four natural gasoline plants are operated in the county, handling some 13 million cubic feet of gas a day.

Chalmer Patterson of Lubbock visited his cousin Mrs. W. L. Terrell Sunday afternoon as he was going to Abilene to attend to business.

## Yellowhammer Band Going on Tenth Half-Time

This year the Yellowhammer Band, under the direction of Wendell Gideon, has worked hard to back the football boys and the school. One of their most taxing and time-consuming activities, however, has been the half-time shows at the ball games. Hours of preparation go into every week's show in order to present an entertaining half-time. During the year the band has presented nine different half-time shows consisting of precision drills and exhibiting several band techniques. Friday it will present its tenth and last one for the season. Each week, in order to put on a four or five minute show, the band students practice a minimum of four hours out of school. Many times this year early risers have seen the band marching at seven o'clock in the morning. "Froze toes - and a froze nose" is what band kids have said on a couple of cold nights and cold mornings. However, regardless of weather, the show must go on and on Friday night, when the crowd applauds all the work and discomfort are paid for, and the kids are back out practicing Monday night. This Friday the half-time show will be the contest show which the band will put on at San Angelo Saturday. Although it is work and time-consuming, most of the kids will be sorry to see the end of the football season come, especially those who know this is their last year to march with the RHS Band. However, it has been successful in presenting half-time shows for this season.

## Second Grade Perfect Attendance Record

Those students having perfect attendance in the second grades are Mrs. Morrow's class - Don Aldridge, Terry McCombs, Bobby Rodgers, Louis Yanez, Rosemary Argumapiz, Renee Berry, Susie Garcia, Jeanne Ortega, Juanita Ortiz, Gayle Posey, Suzanna Romero, Kathryn Sepeda, and Brenda Wallace.

Mrs. Henson's class - Edward Acebeda, Ray Carrillo, Linda Dickson, Patricia Donahoo, Erasmo Garcia, Joe Sepeda, Clark Shamblin, Mark Smith, and Catherine Weems.

Mrs. Witherspoon's class - Barry Allen, Mike Cade, Mary Carrillo, Janie Fowler, Johnny Hardin, Cindy Helms, Jaye Niece Hendon, Suzanna Hunsaker, Bruce Jones, Gail Jones, Robert Kerns, Betty Landes, Koen Dee McKimney, Scotty McKimney, Connie Mahaffey, Rosemary Martinez, Rickey Montez, Darrel Neesley, Elaine Rameriz, Adolfo Rodriguez, Kelley Tidwell, Joe Roy Vann, Alan Weathersbee, and Santana Yanez.

To these students the teachers of these three classes would like to say, "We are very proud of you, and let's try and have 100% perfect attendance the next time."

## Goal Has Been Reached For First Thirty Pages

By the time you see this in print, the typists hope to have thirty pages in at the Taylor Publishing Company in Dallas. And, before the Christmas holidays, we are expecting to have forty more pages ready to send off.

Through the month of November, annuals will sell for \$5.00. After November 30, annuals will sell for \$6.00 until they arrive.

The annual staff can no longer send in orders for annuals after November 30, but Mr. Witherspoon always orders several extras for those who wish to purchase one after November 30.

## A Real, Live Teacher!

The physics students enjoyed a real treat last week when they had a teacher for two days! Actually, what happened was the juniors took achievement tests Monday and Tuesday, and since the chemistry class is composed of juniors, Mrs. Kamstra, science teacher, had two free class periods. The physics students taking tryrics under the new programmed method then had two classes of lecture, which were much appreciated. The class was at the time dealing with problems in motion and received lectures on the principles which they were using. The two days were very beneficial as well as being a break in routine.

## Witherspoon Attends State Workshop

On November 2, Mr. Robert Witherspoon attended a workshop for the Texas Business Education Association. The workshop met in the Business Administration Building, Midwestern University, Wichita Falls.

The purpose of the workshop was to discuss the course guides which are being written in typing, shorthand, general business, and bookkeeping. The teachers participating in the workshop made suggestions in small groups during the morning session then met in a general session where all suggestions were pooled, sorted, and final decisions made as to course guide content.

The approved course guides will be submitted to the Texas Education Agency as a guide for Texas high school business teachers to follow.

## Physical Fitness Program In Junior High

The Physical Education course in junior high has recently been revised. The plan now followed is based on President Kennedy's physical fitness program.

Junior high boys spend approximately 45 minutes daily on activities related to physical fitness. Of this period at least 25 minutes are devoted to calisthenics. Laps are also run daily . . . approximately one mile, excluding sports. The remainder of the period is devoted to sports.

A physical fitness test is taken three times yearly . . . in September, at mid-term, and at the end of school. This test consists of the performance of setups, pullups, standing broad jumps, shuttle run, 50-yd. dash, football throw for distance and the 600-yd. run-walk, which is usually run entirely.

Coach Jackson, instructor for the boy's P.E. course, has organized a "sick, lame, and lazy corp" for those boys who for various reasons cannot undergo regular physical activity. Most of these boys are required to present a doctor's note verifying their illness or injury. This "sick, lame, and lazy corp" is responsible for the neat, uncluttered appearance of the junior high school grounds. It is the task of these boys to pick up paper and rocks, thus keeping the grounds neat and orderly.

The junior high girls spend their daily Physical Education period doing calisthenics and corrective exercises which will help the girls to improve their physical fitness test scores, running laps . . . approximately 600 yards daily, and playing games . . . a minimum of three and a maximum of five games yearly.

The girls take a physical fitness test three times yearly just as do the boys, because a physical fitness test is required by the State Education Agency. The girls are graded on these tests according to age.

The results of these tests have been expressed as having produced a "great improvement."

## First Basketball Game Played at Jayton

The high school girls played their first game at Jayton last Thursday night. Bot A and B teams played and were defeated. The A team score was 66-36; B team, 44-33. The high point girls for the A team were Cheryl Hammit with 15 points and Diana Martin with 14. B team night. Both A and B teams played with 23.

Although the girls were defeated, they are looking for a win over Jayton here tonight. Come and support the girls.

## Primary Open House Thoroughly Enjoyed

We hope you enjoyed Open House, because we enjoyed doing it for you very much. Every student and teacher worked very hard to show you what has been happening during the first weeks of school in Primary. For the benefit of those of you who were not able to attend Open House here is a brief summary of what each class had to present.

Mrs. Morrow, Space; Mrs. David Kelly, Texas; Mrs. Edwards, things we see and do in the fall; Mrs. Duncan, visit to a Teepee Village; Mrs. Jack Kelly, Now we are six; Mrs. Henson, Rotan; Mrs. Witherspoon, America, My Country; Mrs. Peeples, the three R's; Miss Gilbert, Communication; Mrs. Polk, Texas; Mrs. Callan, Today; Mrs. McCall, Indians of the United States; Mrs. Reed, to Understand English.

## Happy Birthday To You

Birthday greetings to the following students whose birthdays fall between November 8-14:

Mary Hicks, Debby Day, Brenda Harrison, Nancy Young, Thomas Amanza, Susan Adams, Eva Martinez, Sheretta Joyce Trout, Ricky Barrera, Leon McCombs, Rector Velez, Armando Garcia, Sidney Hariman.

## English Teachers Attend Workshop In Stamford

Saturday morning Mrs. R. L. Yantis and Mrs. Whit Clark, high school English teachers, attended a District 7 workshop and conference in Stamford. The theme for the program was "Logic in Reading, Writing, and Listening". Speeches for the program were made from all levels of English teaching including colleges. The Council of English Teachers recommends that four years of English be required for graduation and college entrance; also, that English teachers' classes be limited to four classes of not more than twenty-five students per day, so they might have more time conferences and personal supervision of students. Midwestern University and McMurry College were the colleges that were represented at the meeting. Both teachers reported a good trip.

## Did You Know . . .

1. This is National Education Week. Have you visited your school?
2. That there is only one more football game left in this season.
3. That the football banquet is to be held on November 23.
4. There are 10 teachers in High School.

## Hamlin Rotary Club Hears Sextet

The RHS Sextet recently made a trip to Pied Piper Land to sing for the Hamlin Rotary Club. The girls were greeted by Mr. Pruitt, the program chairman for the Rotarians, before entering the meeting held on the second floor of the oil mill.

After a warm welcome, the Sextet presented a program that was enjoyed by everyone present, and the warm responsive audience made it a very pleasant experience for the girls themselves.

Immediately following the program, the Sextet was served chicken dinners at Carter's Drive-In, compliments of the Rotarians.

## Senior Play

The Rotan High School senior class is planning to present a play entitled "We Shook the Family Tree." The play, a comedy directed by Mrs. Whit Clark, class sponsor, will be presented some time before Christmas holidays.

You are a small part of a great plan. The more you learn the more you realize the greatness of that plan and find true humility.

Only when you acknowledge the fact that all men are in the image and likeness of God do you understand your relationship to all men, who are equally important parts of that greater plan and vitally necessary to its fulfillment.

The pattern is simple. The evidence is overwhelming. Hate destroys. Love creates. Peace is ours when we abide by the fundamental law of God, which commands, "Love thy neighbor as thyself."
