To The Citizens of Rotan:

The City Council of the City of Rotan must purchase a new fire truck in the near future if the City is to maintain its present fire insurance rating. A fire truck will cost about \$15,000 and will be purchased from the General Fund. This will be an unusually heavy financial burden and the City Council must decide whether a fire truck, purchased solely from City taxes should continue to be used to fight fires outside the City Limits. According to the Texas Municipal Leauge, the individual Council members may be held personally liable if a City-owned fire truck is unable to fight a City fire because it is on a fire call outside the City Limits. Other cities have solved this problem by entering into a contract with their respective counties, whereby a monthly or yearly payment is made by the county to the city to help defray the maintenance cost. Cities having such contracts are:

Sweetwater: Nolan County pays \$65 per fire Snyder: Scurry County pays \$1,750 per month Lubbock: Lubbock County pays \$100 per fire within a

10 mile radius and \$15 per additional mile extra Jayton: Kent County pays \$100 per month The City of Rotan has been unable to enter into a con-

tract with Fisher County. TWO THINGS SHOULD BE MADE COMPLETELY CLEAR 1. The City of Rotan is not asking The Commissioner's Court to buy a fire truck. It is asking them to pay a reas-

onable charge for maintenance. 2. The City Council is not asking for a County bond

The following two letters are included in order that the Rotan tax payer might have the facts in this matter. The City Council is seeking only to negotiate a reasonable maintenance contract so that the City tax-payer does not have to bear the entire burden alone.

AFTER ALL, THE CITY TAX-PAYER IS A COUNTY TAX-PAYER, TOO!

The \$600 referred to in the County Judge's letter is paid directly to the Volunteer Fire Department according to an agreement between the Fire Department and the Commissioners' Court and the City of Rotan does not receive any of this money.

> THE ROTAN CITY COUNCIL Juston M. Morrow, Mayor Geo. E. Field, Councilman Willie Fleming, Councilman C. M. Callan, Councilman J. D. Weathersbee, Councilman W. T. Edwards Jr, Councilman

> > May 5, 1964

CITY OF ROTAN Rotan, Texas

Office of the County Judge Fisher County Court House Roby, Texas

Dear Judge Perkins: The city Council of the City of Rotan must now seriously consider the purchase of a new fire truck in order to maintain its current low key rate. In view of the fact that forty per cent of the fire calls answered by our volunteer fire department during 1963 were made outside the City Limits we respectfully request that the County Commissioner's Court make available an annual payment to the City of Rotan to help defray the cost of maintaining this fire-fight-

ing service. The Texas Fire Insurance Commission has furnished us with the proper specifications for a unit which will meet their requirements. Our cost with trade-in should be about \$15,000. Within the next sixty days our City will be considered by this Commission for a reconsideration of the appropriate fire insurance key rate. We must therefore, make some decisions regarding the financing of this new unit in the very immediate future.

The Texas Municipal League advises us that our elected officials may be held personally liable in the event of a fire truck which was purchased solely from the General Fund of a municipality being outside the City Limits at the time a fire occurs within the City Limits. They recommend that some type of joint arrangement between County and City be worked out.

Due to the urgency of this matter we would appreciate your bringing this request before the County Commissioners Court at your earliest opportunity and notifying us of its decision.

Please let me know if the Court would like for me or the Mayor to appear.

Thank you for the courtesies you have shown me in the informal discussions we have had regarding this matter.

Very truly yours, Herb Sitz City Supervisor

COUNTY OF FISHER Roby, Texas

May 12, 1964

Mr. Herb Sitz City Supervisor Rotan, Texas

Your request for county funds to help defray the cost of maintaining your city fire fighting service was discussed at our regular meeting May 11, 1964.

The court ask me to convey in person to you or the mayor our feelings in this matter. As you know I was in your office yesterday afternoon to do this. You were not in and I talked to you by phone.

First, the court feels that we are helping in this matter. We send \$600.00 per year or \$50.00 per county fire to your local fire department. Second, the court knows that you have a problem. Third, the court feels that since a bond issue was voted down in regards to the county buying two county fire trucks there's nothing we should do. Fourth, if in the future you wish to ask the people to vote on this, we will be happy to call an election if presented with the proper petition.

Sincerely, E. G. Perkins

Cross Roads Baptist Highlights

Vacation Bible School is over once again at Cross Roads; but I think many of the little ones would have liked for it to have continued for another week, any way. All of the pupils were real good and we appreciate them so very much. We hope each one of them received much from being in VBS.

Our teachers were just wonderful this year; and done some of the best teaching ever. All of them put forth so much to make our VBS what it was. They all were so coop-vill erative and of course that is what lomakes Bible School so good, and an also what thrills the pastor.

We had 91 enrolled in Bible ot School and an average attendance or of 83; the best ever I believe for Cross Roads, and it blesses our hearts very much.

Our Bible School was AA. All in most as good as it could be; we or could have been a Standard School, rbut we didn't have quite enough his points. We had 936 points in division A of the Standard and 470 points in division B of the Standard which made us an AA school. We are so very grateful for such a good school. Pointing the way

That critical hour when every woman and every man must have counsel will surely come. How important then to have made a path to the Church and to your pastor. Our ministers are serious and their counsel good. They are as near as your telephone. The minister knows how to help women and men know themselves. But better still, he knows the way of access to God. There is no comfort like that which comes from Heaven. Why not visit your church and let your pastor show you the way, in the light and will and gracious assistance of God. Heaven is not far away for the seeking soul. Jesus said, "Seek and ye shall find, knock and it shall be opened unto you."

Rotan will get All "Two-Five"

TELEPHONE NUMBERS IN NOVEMBER!

TARTING next November, you'll dial two letters and five numerals on all Rotan telephone calls, when all numbers here change to the metropolitan "2-5" telephone numbering system.

The new plan, with numbers requiring seven turns of the dial, is needed so that numbers here will conform to a nationwide numbering plan. This plan is designed to increase the speed and efficiency of your Long Distance service and also will permit expansion of Rotan's telephone system with numbers that are easy to remember and easy to dial.

Introducing "WIndsor"

The central office name to be used here is Windsor. For example, one of the new numbers will be Windsor 7-5299. To call that number you will dial W-I-7-5-2-9-9.

The central office name for Rotan comes from a tested list of central office names. With developments such as Long Distance dialing by operators — and by customers in some cities — it is necessary to select central office names which are spelled and pronounced the same in all sections of the country.

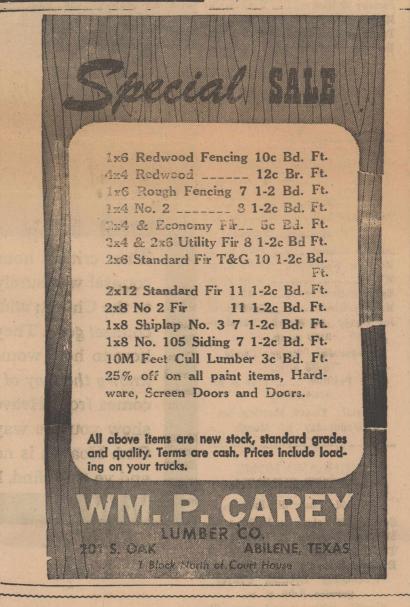

New Telephone Directory

You'll get a new telephone directory before the change, containing all the new "2-5" numbers, including your own new number.

We'll let you know what your new "2-5" telephone number will be as soon as possible. Meanwhile we'll keep you informed as the work progresses.

Harold Johnson, Manager

If you order stationery, cards, or other printed material listing your telephone number, please remember that you'll get a new "2-5" number next November.
