Adrian Jones Accepts Position With Baptists

Adrian Jones has accepted the position as music, youth, and education director for First Baptist Church. Mr. Jones moved to Rotan last Saturday. He resides at 907 Johnson Street in the home furnished by the church for the one who holds this position.

Mr. Jones is a graduate of North Texas University where he received the BA degree. Last week on January 20, he graduated from Southwestern Baptist Theological Seminary in Fort Worth, Texas, where he received the Masters Degree in Religious Education.

Mr. Jones comes to Rotan from the Shady Groves Baptist Church, Grand Prairie. In the summer of 1963 and 1964 he was an entertainer at Six Flags Over Texas as a folk singer.

Group Attends Young Farmers State Meeting

Mr. and Mrs. Keifer Cauble, Mr. and Mrs. Jimmy Wright, and Mr. and Mrs. Don Waddell attended the annual State Young Homemakers and Young Farmers convention in Austin recently.

The Young Homemakers and Young Farmer met separately for convention activities but got together for a joint luncheon sponsored by the Rural Electric Cooperatives of Texas. This was the scene for Governor John Connally's address and the presentation of State awards to representatives of the top Young Homemakers Chapter of Texas. Lunch was served to 1,154 people.

Young Farmer awards were presented at their awards banquet the last night of the convention. Over 900 attended the banquet. The Fisher County Young Farmer Chapter received a trophy for being the outstanding new chapter in area II for the past year.

Aubrey Nell Cauble and June Wright were the voting delegates for the Fisher County Young Homemakers chapter and Jimmy Wright and Keifer Cauble represented the Fisher County Young Farmers during the convention.

WCSA Continues Study of Book of Acts

Womans Society of Christian Service of Rotan Methodist Church will continue Bible Study of the book of Acts, Monday, 9:30 a. m. in parlor of the church, with Mrs. Marvin Fisher directing the study.

Mrs. Wayne Harris is hostess with Mrs. Betty Jones bringing the worship. Special guest speaker is Rev. Walter White, pastor First Methodist Church of Roby.

Rev. White will speak on "The Church Then and Now," based on Acts and "World Tensions in the Church."

Everyone has a special invitation to attend.

PTA Library Program Is Postponed

The library program sponsored by the three PTAs which was scheduled for tonight, 7:30 has been postponed until a later date because of more bad weather being forecast.

Mrs. E. W. Cade, publicity chairman states new date will be announced as soon as speaker from Texas Library Association can attend.

Hospital News

Local patients admitted to Callan Hospital January 19 to 26 were: Mrs. Homer Aaron, Mrs. T. L. Roa, Pamela Cleveland, Johnny Perales, Marcelina Yanez, Thomas Yanez.

Out of town patients were: Charles Teel, Roby; Mildred Parker, Roby; Mrs. Emma Moore, Roby; Mrs. Jimmy Hayes, Roby; W. M. Paulk, Roby; Mrs. A. E. Rollans, Roby; Ted Freeman, Aspermont; C. D. Rinker, Roby; Joe Dean Ellison, Aspermont; Mrs. E. G. Perkins, Roby.

Births: An 8 lb., 6 oz. boy born to Mr. and Mrs. Emelio Martinez, 8:10 a. m., January 25. He was named Matthew.

THE ROTAN ADVANCE

Volume 59

Rotan, Fisher County, Texas

Thursday, Jan. 27, 1966

No. 51

Burks Are New Owners OF D. J. Smith & Co.

Next Monday one of the pioneer business houses of Rotan changes ownership. D. J. Smith & Company will open Monday morning as J. D. Burk Grocery & Market. Mr. and Mrs. D. J. Smith are selling this business to Mr. and Mrs. J. D. Burk, effective January 31.

Mr. Smith who was reared in Fisher County, son of the late Mr. and Mrs. R. M. Smith, graduated from Rotan High School in 1917. He started his business career with the late J. V. Hellums as bookkeeper and in 1920 became a partner in the business with Mr. Hellums and the late Ollie Bittick. Mr. Hellums and Mr. Bittick both died in 1940 and Mr. Smith operated a partnership with Mrs. Hellums until 1945 when he purchased her interest in the business. In 1921 he and Miss Willie Odell were married, she being music instructor in Rotan High School.

The firm has grown and expanded through the years, continuing progressive operation in both good and bad times, and has enjoyed good patronage from a wide area. Mr. Smith has kept abreast with the times, serving his customers well. His sister Miss Lucille Smith has been with the firm as bookkeeper since 1928, and will continue in that capacity with Mr. and Mrs. Burk.

Mr. Burk has been with the store since Sept. 6, 1946. He had a wide experience in grocery and market business before coming to Rotan and has been a key man in operation of Mr. Smith's business. Mrs. Burk will be active in the business, and she too, has a number of years business experience.

Mr. Burk plans to operate under established policies of the firm, with present personnel and will maintain the usual complete stock of merchandise at reasonable prices.

We join the many friends of the Burks in wishing them well in the store.

Mr. Smith will retire from business, live in Rotan as he says "among the finest people in the world."

Hiway Dept. Helping Hiway Beautification

Austin, Texas -- The Texas Highway Department's 1966-67 Highway Beautification Program, Texas' first major push under the recently-enacted Highway Beautification Act, was tentatively approved today by the Texas Highway Commission.

The \$10.8 million program, which will cover more than 300 projects throughout the state, will now be submitted to the Bureau of Public Roads.

The program, subject to approval by the Bureau, will be submitted over an extended period. Project plans will go to the Bureau as they are completed.

As prepared by the Highway Department, the program represents Texas' first large effort toward compliance with the Highway Beautification Act of 1965 which was passed by Congress and enacted into law last October.

The program proposes work on 321 projects at a total estimated cost of \$10,862,400.

Of these, 122 projects are on the Interstate System and will cost an estimated \$7,486,600.

One hundred and ninety-nine of the projects are the ABC system--federal-aid primary roads, federal-aid secondary roads and urban extensions of federal-aid systems. The ABC projects will cost an estimated \$3,375,800.

Of the projects proposed, 147 rest areas are planned; 19 scenic overlooks; landscape plantings for 133 projects; and right of way purchases for 64 projects.

Also, purchase of right of way easements for six projects; 68 way stations; 111 water systems; and lighting on 60 projects.

Mr. and Mrs. Earl Cooper of Stamford and Mrs. J. O. Cooper visited in Andrews with Mr. and Mrs. Weldon Sawyer and family, and in Odessa with Mr. and Mrs. Gene Cooper and family and Mr. and Mrs. Bill Todd and family last Tuesday through Thursday.

Most Snow In Many Years In Past 10 Days

Most of us had about decided that the weatherman was going to fail us this winter with snow and really cold weather, but are again convinced that we always have winter even though it comes in March or April some years.

During the past ten days some 12 to 14 inches of very wet snow has covered the area, and at press time Wednesday afternoon much of the ground remains covered. Official weather observer Fred Byerly give moisture content during the spell of 1.20 inches, and total for January to date as 1.65.

No serious accidents were reported during the 10 days of storm, only a few fenders busted, and highways remained open, but travel dangerous for several days.

Cotton harvest will not be started probably until a week of sunshine, but small grain and rangeland is greatly benefitted by the moisture.

Most SS Beneficiaries Take Medicare

About 3/4 of the Fisher county social security beneficiaries 65 or older who received enrollment cards for the medical insurance part of Medicare through the mail have not yet returned them, R. R. Tuley, social security district manager in Abilene, reported today.

This enrollment card is important. Social security beneficiaries can use it to sign up for medical insurance, which will help pay doctors' bills when Medicare becomes effective next July, he continued.

This card should be filled out and returned to social security as soon as possible. Anyone who has lost the enrollment card can get another by checking with the field representative who visits Rotan regularly, or by writing the Abilene social security office, but he should do it soon.

Social security beneficiaries, along with nearly all other people who will be 65 or over before 1966, will have medical insurance when the plan goes into effect only if they sign up by March 31, Tuley said.

Men and women 65 and over who receive monthly social security or railroad retirement benefits will automatically have hospital insurance, the other part of Medicare. Hospital insurance will help pay hospital bills and related expenses.

Nearly everyone 65 and over can receive Medicare, even if they don't receive social security benefits, or even if they never have worked under social security, he added. But a person will have this protection only if he applies for it.

For more information, get in touch with the Abilene social security district office, located at Room 2321, Federal Building, or talk with a representative of that office when in your neighborhood. All Post Offices have schedules of such visits.

Girl Scout Leaders Meeting Friday

Neighborhood meeting of Girl Scout leaders will be Friday, 1:00 p. m. at Fireman's Hall over Police Station.

Plans will be made for the annual Cookie Sale and full information given leaders. Mrs. Janie Graham and Gloria Zegera will attend.

Leaders are asked to turn in calendar money at this time and turn in card reports.

Sweetwater V. N. To Have Capping Exercises

The Sweetwater School of Vocational Nurses will have their Capping Exercises Friday at 7:30 p. m. in Trinity Baptist Church at 1506 Santa Fe street.

Dr. S. A. Loeb will be guest speaker and the public is invite to attend.

Mrs. Joe Dominey, Debbie, Mark and Brian are visiting here this week with her parents, Mr. and Mrs. Jubon Morrow and other relatives.

Mr. and Mrs. Loys Landes left Sunday to attend the Baptist Evangelist Conference and the first of the week went to furniture market.

Local Gins Pass 23 Thousand Mark

Rotan gins caught up on ginning during the bad weather of the past week. They had total of 23,001 Wednesday afternoon with a few trailer loads on the yards. Hobbs gin had reached total of 9,329 at the same time and had about 220 bales on their yard.

Considerable cotton remains in fields but several days sunshine will be necessary for harvest to be resumed. Most cotton men think very little damage occurred to cotton during the snows and bad weather.

Renal Rosson Enters State Rep. Race

Renal B. Rosson has announced he would seek the Democratic Nomination for candidacy for election to the office of State Representative of the 74th Legislative District of Texas which, under the recent Apportionment Act, is composed of Baylor, Borden, Fisher, Garza, Kent, Knox, Scurry and Stonewall Counties.

Rosson was born at Breckenridge, in Stephens County, Texas, December, 24, 1919, and moved to Scurry County with his parents, Mr. and Mrs. O. C. Rosson in 1928, where he attended public schools and was graduated from Snyder High School in June, 1937. Upon completion of high school, Rosson enrolled in Texas Technological College, Lubbock, Texas. After attending Texas Tech three and one-half years Rosson entered the Army Air Forces for a four-year tour of duty. He served with 15th Air Force in Italy where he participated in 46 missions during World War II, and was awarded the Distinguished Flying Cross, Air Medal with four oak leaf clusters, and Purple Heart. He is now captain in the Air Force Reserves.

After his discharge from military duty in 1945, Rosson again entered Texas Technological College where he received his BBA degree in June, 1946. In September of that year he entered the University of Texas Law School at Austin, Texas, and was graduated with a LLB Law degree in June, 1949.

Upon graduation Rosson and his wife, the former Dorothy Murphree, returned to Snyder and now resides at 2510 - 31st Street. They have one son, Kyle, aged 10. Rosson was in private practice of law until he assumed the duties of the office of District Attorney of the 132nd Judicial District in October, 1952 where he served for two terms. He has been engaged in the active practice of law in Snyder, Texas, for more than 15 years.

He is a Baptist, a member of the Lions Club, a past president of the Scurry County Bar Association, a member of the American Legion, VFW, and is a Farm Bureau member as well as being active in other civic affairs. He was raised on a stock farm and presently has interests in farming and stock raising operations.

As a member of the legislature for the past seven years, he has served on many of the important committees in the House of Representatives including the Appropriation Committee. At the present time he is chairman of the Judiciary Committee, and a member of the Livestock and Stock Raising, Insurance, Judicial Districts, and Local and Uncontested Bills committees. He was recently appointed chairman of the Inland Water Pollution Study committee composed of a number of outstanding citizens from different areas of Texas. He is also a member of the Texas Civil Judicial Council which makes studies and recommendations for needed changes in the civil laws of our state.

Rosson states that he has enjoyed the work of this office, and greatly appreciates the opportunity to represent this area of West Texas as a legislature in Austin. He is also deeply appreciative of the cooperation which he has received from the people in the past, and feels that the experience which he has gained by serving in the House of Representatives and his general knowledge and understanding of the area will be beneficial in assisting him in doing a better job in the future in such capacity. He further states

Home Lumber Low Bidder on City Work

Home Lumber Co. was announced as low bidder in the City Hall improvement project at City Council meeting Tuesday night. Two other local bids were submitted.

According to officials a complete remodeling will be done, with ceiling lowered, new floor and complete rearrangements of interior.

Beginning Monday all City business will be transacted at Police Station, the former City Hall until the work can be completed.

The work is expected to take about 3 weeks.

Cross Roads Baptist Men's Day A Success

In spite of ice, snow and cold weather, the Baptist Men's Day at Crossroads was a great success. Several of the men and boys got out of a warm bed and came to the breakfast, and after getting there, everyone had a great time and plenty to eat.

The spirit of the Lord was very strong throughout all the services. Everyone could feel his presence so very much as Robert Carter gave his testimony, as Bobby Gruben sang, "Take Your Burdens to the Lord," and then as Horace Carter spoke from John 14:1-6. It was a wonderful morning worship service for the Lord.

But the evening services were just as wonderful, or the spirit of the Lord led each one who was on the program to do a wonderful job.

Jimmy Gruben and Larry Gruben blessed our hearts as they gave their testimonies. Robert Carter then put everyone into the spirit of worship as he sang "Under His Wing," and then Bobby Gruben left everyone on the mountain top as he spoke on "Planting Seed and Reaping" Psalms 126:5-6; Gal. 6:9.

Odell Rains, our Brotherhood President did a great job in planning the services and everyone at Crossroads is grateful and thankful for the good work, his love for the Lord and for what he means to our church and our community.

Everyone who missed the services missed a great and wonderful blessing, but everytime you miss going to the Lord's house on the Lords day miss untold blessings. So we urge you to come and worship with us; our doors are always open.

Our hearts were also blessed and thrilled as Mr. and Mrs. Ollie McCombs walked in for Sunday School and worship services. Mr. McCombs has not been able to attend services lately, and how it blessed everyone to see his sweet smile and wonderful spirit. It is our prayer that he, and all who have been out because of sickness, will soon be able to be back in every service.

that he will at all times continue to perform the duties of this office to the best of his ability, in the interest of better and sound state government, if you elect him as your State Representative.

Ralph Duncan Speaks To Lions Club

Ralph E. Duncan, staff member of West Texas Chamber of Commerce in Abilene, was guest speaker at the Rotan Lions Club luncheon Tuesday.

Duncan, who heads community services for WTCC, told the club members "Somewhere above a local level must be a voice for business in this community."

Reviewing a portion of the work of WTCC above the local level, Duncan touched briefly on activities in the field of agriculture, business, industry, higher education and tourist trade.

"The WTCC worked with the local chambers and other organizations for promotion of anything that might increase the economy of the area and against anything that might adversely affect that economy."

February State Draft Call Is 1,372 Men

Austin, Texas, Jan. 24 -- State draft boards are scheduled to induct 1,372 men into the armed forces in February, Colonel Morris S. Schwartz, state Selective Service director, said Tuesday.

This compares with a quota of 1,475 in January and 1,523 in December. The February quota of 1,372 is Texas share of a national call for 29,400 men, 26,400 for the Army and 3,000 for the Marine Corps.

Colonel Schwartz also announced that 8,640 men will be forwarded to examining and entrance stations during February to undergo the draft physical and mental examination.

Local board quotas for both induction and examination already have been figured and sent to the state's 137 local boards.

The February quota for induction will be filled with single and childless married men, 19 through 25 years old, and volunteers who have not attained the age of 25.

No married man with children, or an expected child, will be selected to fill the February call.

"Draft boards must have the information about children, of course," Colonel Schwartz said, "and an unborn child must be certified by a physician. Otherwise, a young husband and father may find himself selected."

First Baptists To Study Thru New Testament

First Baptist Church has begun a study through the New Testament during the Wednesday night services. The services began at 7:30 each Wednesday evening. The public is invited to attend this study.

The '69 postponed their paper drive this weekend because of adverse weather, but ask that you save paper for them and they will call for them later. They ask you call 7-3423 or 7-3260.

NO HIGH-PRESSURE HELP NEEDED!

The Glicker-

Hammers Take Out Vengeance On Cow

No one can say now that the Rotan Yellowhammers won't avenge themselves!

Friday, January 14, the basketball bus, driven by Coach John Ross Hale, was returning from the game at Roscoe. The boys were tied with Roscoe at the end of the fourth quarter, but the Plowboys won in the overtime play-off by two points. That was just too bad for the Plowboys!

Between Roby and Sweetwater the bus came up on a herd of cattle and hit a cow. Now that's revenge. Not only did Rotan get revenge on the farmer in general, but the owner of the cow was Roby's "Ag" teacher.

Let this serve as a warning to all opposing teams—If the Hammers don't out-score you one way, then they'll try another!

Oh, by the way, the bus was not hurt; neither were any of the passengers.

—Sharron Puryear.

Primary Tours Texas In Assembly Program

Mrs. Wendell Morrow's second grade class has given an assembly program on "Going to Texas."

The assembly program had a bit of variation, in that it was given as a T. V. program.

As the show began, the children gave some major facts about Texas, such as the capital, the state song, the state tree and flower, and many other informative facts. As the facts were finished, the children told about Texas' most famous cowboy, Pecos Bill.

As the group traveled across the state of Texas, they stopped in Rotan. A brief history of the town was given from its beginning to present day was given.

At the close of the program, the children recognized some of Rotan's outstanding citizens. Among these were Miss Josie Baird, Ella Hudson Day, and Sammy Baugh.

—Mike Thornton.

Science Laboratory Gains Window Shades

Rotan High School has received shades for the science laboratory January 17. These shades will darken the science laboratory, so that films pertaining to science may be shown.

These shades were installed this past week-end.

—Mike Thornton.

Title I Loan Furnishes Jr. High Reading Room

Rotan Junior High is conscientiously attempting to solve a basic problem in education: reading speed and comprehension are in sufficient for students to make full use of the abilities.

Through use of funds made available through a Title I loan, and the presence of a spare room in the building, junior high has set up a "reading room", containing latest equipment for helping slow readers to progress.

Mrs. K. C. McCasland and Mrs. Ralph South, junior high reading teachers, periodically aid the children with various textbooks and "Pilot Library" which consists of excerpts from books from third to twelfth grade reading levels. These offer interesting reading which induces students to try harder to understand the material, according to Marshall Hill, principal.

Other equipment which promises to appreciably increase speed are reading accelerators, which may be set at various speeds to gradually cover up reading material, forcing the student to read faster.

Mrs. McCasland and Mrs. South work only with small groups in order to give individual attention. Size of the classes range from three to twelve students.

—Raford Hargrove.

Sandy Herron Wins Betty Crocker Award

Rotan High School's 1966 Betty Crocker Homemaker of Tomorrow is Sandy Herron. She scored highest in a written knowledge and attitude examination taken by senior girls Dec. 7, 1965, and is now eligible for state and national scholarship awards. Sandy has already earned a special award pin from the program's sponsor, General Mills.

Sandy is an active participant in school and community affairs. She is a member of the First Methodist Church; Junior Leaders 4-H Club, through which she raises club calves; and is an active member of FFA. Sandy was a cheerleader this year, on the basketball A-team, and was elected football sweetheart.

Test papers of all school winners in the state are being judged, and a State Homemaker of Tomorrow and runner-up will be selected soon. The State Homemaker of Tomorrow will receive a \$1,500 college scholarship, and her school will be awarded complete set of ENCYCLOPAEDIA BRITANNICA by Encyclopaedia Britannica, Inc. The second-ranking girl in the state will receive a \$500 educational grant.

Next spring, the State Betty Crocker Homemaker of Tomorrow from every state and the District of Columbia, each accompanied by a school advisor, will join in an expense-paid educational tour of Colonial Williamsburg, Va., and Washington, D. C. Then, the 1966 All-American Homemaker of Tomorrow will be announced at a dinner in Washington. Chosen from state winners on the basis of original test

score and personal observation and interviews during the tour, she will have her scholarship increased to \$5,000. Second-, third-, and fourth-ranking Homemakers of Tomorrow in the nation will be awarded \$4,000, \$3,000 and \$2,000 grants, respectively.

The Betty Crocker Search for the American Homemaker of Tomorrow was instituted by General Mills in 1954-55 to emphasize the importance of homemaking as a career. The program has enrolled 4,627,943 senior girls, with total scholarship grants exceeding \$1,261,000. The 570,824 girls and 14,714 schools participating in the 1965-66 Search establish a new record enrollment.

Preparation of the test and selection of Homemakers of Tomorrow is in the hands of Science Research Associates, Chicago Educational Testing and Publishing Company.

—Rebekah Crawford

RHS Girls Denounce Boys' Long Hair

Some American boys have been copying the "popular" singing groups' hair styles which have ranged from moderately long to extremely long hair, some of which require rolling at night.

Asked the question, "What do you think of long boys' hairstyles?" six students gave their comments:

Barbara Hendon, senior—"They look slouchy and unkept."

Debbie Sparks, freshman—"I think they should be cut shorter, and I don't like bangs."

Robert Carter, sophomore—"I like it medium-long, but not just real long. If bangs don't come ov-

Local FFA Enters Area Livestock Shows

The Rotan High F. F. A. chapter was represented in the Sweetwater Livestock Show January 14 and 15 by a large number of entries.

Dairy heifers paced the chapter's entries, with David Hammit placing 2nd, David Hargrove, 3rd, and Sammy McClure and Mickey Counts 3rd and 4th in their respective divisions.

Beef heifers were entered by Kenneth Gruben, who took sixth and seventh in one division, and Mike Rushing, fifth, Gary Strickland, seventh, and Kenneth Gruben, eighth, in the other Angus division. Lanham Ross took eighth with his Hereford.

Mickey Counts' steer took sixth place.

Hogs were entered by Donald Powell, David Hargrove, Charles McCall, and Larry Tunnell, with none placing.

Terry Floyd entered three lambs, and Larry Carver, Richard Alls,

er the eyebrows, they're all right." John Witherspoon, sophomore—"I don't particularly care for them. It's up to the individual."

Carolyn Stewart, junior—"I think they are pretty stupid. If a boy is going to be a girl, he should wear a dress!"

John Burnes, senior—"I don't think anyone has a right to tell anyone else how to wear his hair."

Who knows? The person under the hair drier next to you at the beauty salon may be a man!

—Sharron Puryear.

The Rotan Advance

Thursday, Jan. 27, 1966 No. 51

Jerry Dycus, and Marshall Harman showed two each. None placed in the competition.

The local F. F. A. seems to be a good housekeeper as it took 2nd place in the Chapter Stall Award in both beef and dairy heifer exhibits.

—Raford Hargrove.

Two Teams Move From District 6-A

Coahoma and Roby will not be playing in District 6-A next year. Coahoma has been moved to District 5-A and Roby is now in Class B. Ranger and Abilene High Eagle "B" team were scheduled to replace Coahoma and Baird in completing a ten-game season.

The 1966-67 Hammer Football Schedule is as follows:

September 9, Hamlin, There
September 16, Spur, There
September 23, Roby, Here
September 30, Abilene "B", Here
October 7, Ranger, Here
October 14, Roscoe, Here
October 21, Aspenmont, There
October 28, Merkel, There
November 4, Wylie, There
November 11, Jim Ned, Here.

"America's Most Asked For Tire"

the
Firestone
"500" NYLON

Speedway Proved for Turnpike Safety

- EXTRA HIGH-SPEED SAFETY**
Named after the famous Indianapolis 500-mile race, this tire, built with exclusive Firestone Safety-Fortified Nylon Cord, will run safely at speeds faster than you'll ever drive!
- EXTRA HEAT RESISTANCE**
Engineered in accordance with exacting race tire construction principles with exclusive Speedway Weld bonding process. Gives maximum protection from heat hour after hour of uninterrupted heavy-pedal driving, even on blistering desert highways.
- EXTRA SHOCK PROTECTION**
Fortified with super strong beads, super tough cord, and the exclusive miracle rubber, Diene, this amazing tire is virtually immune from the torturous punishment of deep chuck holes, bumpy railroad crossings, sharp rocks and curbs.

A GUARANTEE YOU CAN TRUST!

Length of time alone does not determine the value of a tire guarantee... It's the nationwide protection that counts, how far from home your guarantee will be honored. No guarantee—regardless of length—is of any true value unless it can be used when and where you need it!

The Firestone "500" Nylon carries a NATION-WIDE 27-month Road Hazard Guarantee plus a Lifetime Guarantee that is honored by 60,000 Firestone Dealers and Stores throughout the U.S. and Canada—whenever and wherever you need it... And, chances are, with Firestone, you never will!

Firestone DOUBLE GUARANTEE
Is honored by more than 60,000 Firestone dealers and stores from coast to coast wherever you travel

LIFETIME GUARANTEE 2 ROAD HAZARD GUARANTEE
against defects in workmanship and materials for the life of the original tread.

against normal road hazards (except curbs and potholes) encountered in everyday passenger car use for number of months specified.

Replacements provided on tread wear and based on Firestone price current at time of adjustment.

Your Firestone GUARANTEE provides protection against the failure from defects of road hazards like these: Potholes, Curbs, Chalks, Bumps & Ruts

1965 Traffic Accidents Highest in History

Austin—A totally unexpected rash of traffic fatalities in December broke a year-long downward trend in fatal accidents and pushed the 1965 traffic toll to the highest on record, it was reported today by Col. Home Garrison Jr., director of the Texas Department of Public Safety.

Garrison pointed out that 1964 recorded the highest number of fatalities in history with 3,006 deaths, and cited his Statistical Services Bureau preliminary estimate that the 1965 total will be 3,018 deaths.

He emphasized that the 1965 figure is incomplete, due to late reports which have not yet been re-

ceived and deaths which might occur later. He said another preliminary report will be issued February 18 with the final official report on 1965 traffic scheduled for March 15.

As of now, 2,994 traffic fatalities have been officially recorded, only 12 less than the final count for 1964.

December 1965 was the highest death toll month on record, with at least 345 persons killed on the streets and highways in 276 fatal accidents. The highest previous monthly record was in December 1963 when 312 persons were killed in 251 accidents.

"We have already recorded 65 more fatalities for this past December than December a year ago, and it could well be that this two percent of the 1964 year total might have alone wiped out the two

percent decrease we experienced during the first 11 months of the year," Garrison said.

"There is no way to pin-point any single cause for the sharp increase in traffic tragedy in December 1965. However, one factor involved was an increase in multiple fatal accidents—that is, where two or more persons were killed in a single accident.

"For instance, in December 1964, an average of 1.14 persons were killed per fatal accident, whereas the rate in December last year was 1.26 persons per accident. We have no way of telling whether this means increased velocity due to higher speeds, or whether there just happened to be more people in the cars destined for fatal accidents."

Mr. and Mrs. Sam Eitel and girls of Dallas visited Sunday and Monday morning with Mr. and Mrs. J. O. Cooper.

The Voter Should Have A Choice

One of the main founding principles of our Constitution and government is that we the people have a voice in the making of laws and the selection of people to run our government. Men of a common political belief organized themselves into what is now called a political party. While it is true that there may be differences of opinion within that party, for the most part, the thinking and ideas are very nearly alike. Thus to have the widest range of choice concerning politics or politicians, the voter should be able to choose from more than one party.

Texas has suffered all its life by its one party system, because the voters have never had this choice. We have failed to utilize the protection of the "checks and balances" found in the two party system, thus producing a stagnated government often times run by one man or group of men. Competition is an American way of life and it is necessary in politics also. The best way to insure lowest possible grocery prices is to have two grocery stores competing with one another. The best way to have good representative government is to have two parties competing with one another.

The republican party is ready to serve the people and to bring two party politics to Texas. We ask for your help and support, but better still, why don't you join us in making Texas an even better place to live.

C. M. Callan, Fisher County Republican Chairman.

Visiting over the weekend with Mrs. Perry Eaton were Mr. and Mrs. Cleo Noles of Dardanel, Arkansas, Mr. and Mrs. T. O. Yarbrough of Jayton, Mr. and Mrs. J. C. Simmons of Ardmore, Okla. Mr. and Mrs. Noles also visited in Clarington before returning home.

Harris-Baker Vows Said January 8th

Vivian La Rue Harris and Stanley D. Baker, Airman 2nd-Class, were married Saturday, January 8, at 5 p. m. in the home of Mr. and Mrs. C. A. Daniels.

Mr. and Mrs. P. C. Harris, of Hobbs, are parents of the bride. The bridegroom is the son of Mr. and Mrs. T. L. Baker of the Dowell community.

The Rev. Harold Churchill, pastor of Highland Home Baptist Church, read the double ring ceremony. Mrs. Gay Nell Hyer was matron of honor and Johnny Seaton was best man.

Presented in marriage by her father, the bride wore a long white satin gown with fitted bodice and A-line skirt with long sleeved over blouse of white chantilly lace. Her head piece of lace and seed pearls held her elbow length veil of illusion. She carried white mums nestled in net with white satin streamers.

Mrs. Hyer was gowned in ice blue satin with lace over blouse and carried a bouquet of white mums.

A reception followed the ceremony hosted by Mrs. Daniels, sister of the bride. White tapers in silver holders decorated the lace covered nuptial table. Appointments were in silver and crystal. The tiered wedding cake was served by Mrs. Eugene Baker, sister-in-law of the groom. The punch was poured by Mrs. Benny Jack Snap, sister of the bride.

The bride is a 1965 graduate of Hobbs High School.

A 1963 graduate of Rotan High School, the groom received special training in radio and radar maintenance at Keisher Airbase in Biloxi, Mississippi. He returns to the States in December after several months service in Guam and is stationed at Carswell Airbase.

The couple are now at home at 1800 Henderson St., Ft. Worth Texas.

Cotton Classing Office 'Catching Up' on Work

Snow and light rain gave cotton ginner a chance to clear their gin yards last week. Ginners in Colorado City, Big Spring, Snyder, Rotan and surrounding areas are expecting a moderate rush in harvesting as soon as fields and cotton dry enough for machine strippers to get started. Several ginners from the area north and south of Abilene reported ginning their last bales of the season.

B. B. Manly, Jr., at the USDA's classing Office said sample receipts remained high until the last part of the week when most gins caught up. The volume classed dropped due to the loss of two classers; however, 30,200 samples were processed which moves the season total to 444,410 samples. About 6,000 unclassified samples were on hand Friday night.

The most noticeable change in the quality of District 2 cotton was a moderate decline in micronaire readings according to Manly. Twenty-nine percent of the samples miked below 3.3 compared to 15 and 6 for the two preceding weeks. A breakdown of readings looked like this: 1 percent, 2.6 (Wasty), 7 percent, 2.7 through 2.9, 21 percent 3.0 - 3.2, 24 percent 3.3 - 3.5, and 47 percent 3.6 through 4.8. Low micronaire cotton entering the Commodity Credit Corporation loan is discounted about \$15,000 per bale on 2.6 and lower, \$8.25 per bale on 2.7 through 2.9, and \$3.00 per bale on 3.0 through 3.2. No deductions are made on cotton miking 3.3 through 3.5 and about 60 cents per bale premium is paid on cotton that mikes 3.6 through 4.8. Most cotton buyers are discounting low mike cotton the same as does the CCC loan, however, a few also dock 3.3 mikes \$1.25 to \$1.75 per bale.

Grades of District 2 cotton slightly. The amount of white cotton remained at 7 percent of the total, while the percent of light spotted cotton dropped from 34 to 77 and spotted grades increased from 9 to 15 percent. Tinged, Light gray and below grade cotton totaled 1 percent. Samples reduced in grade because of bark totaled 7 percent and reductions because of preparation increased to 1 percent.

Staple lengths were steady at 1 percent 7-8, 22 percent 29-32, 76 percent 15-16, and 1 percent 31-32. Market activity continued slow with prices remaining steady compared to the previous week. Local buyers reported difficulty in making sales and most have a large volume of cotton in stock.

"In the late 1800s families drew lots to see who would wash the dishes. I certainly hope yours doesn't, because there's no need for it. There are so many advantages to the automatic electric dishwasher that I'm sure when you've heard them all you won't be able to argue yourself out of having one. For instance, dishes washed automatically turn out more sanitary than those washed by hand—that's because much hotter water can be used in the machine than on your hands. And the latest dishwashers offer cycles not only for pots and pans but fine china and crystal, also dish breakage is 1/5 that experienced when dishes are done by hand. Best of all, the kitchen stays neat and uncluttered—even after between meal spacks. There are so many advantages to automatic dishwashing, there just isn't room to list them all.

See your electrical appliance dealer and tell your family they can quit drawing lots."

Mr. Bell liked to make things better...

After Alexander Graham Bell invented the telephone in 1876, he did not rest on his laurels. He helped form the National Geographic Society, developed the basic method of making phonograph records on wax discs and pioneered a method of locating icebergs by detecting echoes from them. He made suggestions and contributions that helped give us air conditioning and the iron lung. For 46 years after inventing the telephone, he lived a vigorous and creative life.

Southwestern Bell likes to make things better, too...

Six short years ago, we did not offer the Princess® telephone, Home Interphone, Wide Area Telephone Service, Centrex service, Data-Phone data communications service or Panel Phone. There was no electronic artificial larynx, no automatic dialer and no Speakerphone. Today, these new items help us provide the best telephone service in the world. But we want to make it better. That's our legacy from Mr. Bell.

Southwestern Bell

Trackmen Begin Daily Five-Mile Run

Ten Rotan High athletes, Larry VanLoon, Earnest Kiker, Glenn Murphree, Augustine Garcia, Ezequel Rodriguez, Carlos Ramon, Kevin Wright, Feliz Alamanzo, Freddie Alls, and Eddie Edwards, began training for the track season last Monday. The opening sessions had been delayed several days because of adverse weather conditions.

Eleven more boys, Larry Kelley, Kenneth SoRelle, Frankie SoRelle, Donnie Powell, Larry Helms, Monte McKinney, Marshall Hariman, Charles McCall, Jimmy Gruben, David Hargrove, and Stephen Baugh plan to join the others immediately following the end of basketball season.

The trackmen began a training program which includes weight training in physical education class and running five miles daily over a country road, attempting to cut their time further each day.

Hammers Smash Roby In 2nd Round Opener

The Hammer basketball team entered the second half of District 6A play with a smashing win over arch-rival Roby last Friday night. They defeated three of seven teams in the first round of action, and hope for a better record with return matches on different courts.

Fans who were unable to see Coahoma, Jim Ned, Roscoe, and Merkel in action because of distance will be able to enjoy the return encounters on the Hammers' home court.

—Raford Hargrove.

DRUMSTICK DRAMA

The star of this production is a big fat fryer grown plump and delicious. From brooder to buyer, our hero had electricity from the Midwest Electric Cooperative to warm his pen and light his way to proper feeding. When he was ready for his starring role, electric processing machinery and an electric freezer put him in the spotlight. And it took one kilowatt hour to raise him from candling to cooking. So if you find your fried chicken tender, tasty and economical this year, think a kind thought of the Midwest Electric Cooperative. They helped raise this chick to stardom.

OUR APPRECIATION--

Effective January 31st we have sold our business to Mr. and Mrs. J. D. Burk, who will operate along the same line as the store has been carried on in the past, with the same personnel.

To you, our friends and customers for the past 40 odd years we extend our sincere thanks. No one has ever been blessed with finer people as loyal customers than have we. We are thoroughly convinced that the finest people in the world live in the Rotan area.

We ask your continued patronage and support to Mr. and Mrs. Burk and wish them every success in their operation.

Dewey and Willie Smith

NEWS

*** County ***
Agricultural Agent
Texas A. & M. College
Extension Service

More than 900,000 Texans over 65 are eligible for coverage under the Medicare program according to Mrs. Patsy Yates, Texas A&M University Extension family life education specialist. Mrs. Yates states that of this number, more than 55,000 Texans over 65 who are not now receiving social security or on welfare rolls are eligible. All persons concerned with the Medicare program should contact their local Federal Social Security Office now to obtain detailed information.

All senior citizens should know the provisions of the program. If you are 65 years of age or over—and not receiving Federal social security or State old-age assistance—it is important that you visit your Social Security office soon, the specialist says. "This means you, even if you are working full-time or if you are not receiving any social security benefits," Mrs. Yates explains.

The Social Security Administration has advised that such persons are eligible for Medicare. Qualified persons will need to make a decision concerning the program before March 31.

"We are interested in the senior citizens of Texas understanding any program that affects them—the Federal Medicare program is one that is extremely important to them. Because of this, we urge that senior citizens who are not drawing State welfare of Federal social security contact their social security offices to learn the significance of the program to them," Mrs. Yates says.

The local county Extension Service office advises eligible persons who desire detailed information about Medicare to contact their social security officer. He is R. R. Tuley, Jr., who maintains an office at Rotan Police Department on Tuesdays, February 1 and 15 and March 1, 15, and 29 at 10:00 o'clock.

'As It Looks From Here'

Omar Burleson, M. C.
17th District, Texas

Washington, D. C. -- Until the Viet Nam Situation is put into perspective, other legislative matters cannot be properly calculated.

The president has now submitted a request for a supplemental military appropriation of \$12.3 billion, plus \$415 million earmarked to support our efforts in Viet Nam.

Foreign Affairs committee of which I am a member will begin a study and hearings on the request in the next few days. There is little doubt but what the entire amount will be approved by the Committee and soon thereafter by the Congress.

Although requests for military funds must be the first order of business and funds must be supplied for every need in the Viet Nam conflict, the Congress is entitled to question certain assumptions of policy.

The first assumption is that any response by the communists in North Viet Nam to the peace offensive now being waged would indicate an interest by them in an early negotiated settlement of the war. A part of the peace feelers has been the cessation of bombing of North Viet Nam. The Reds recognize the possibility that when and if the bombing is resumed, it will be at an increased level. If signs of interest, without even negotiating, can keep the United States peace efforts alive, the Communists military build-up and a resupply can be accomplished without interference by air strikes by U. S. planes.

Another assumption which needs to be reexamined is whether Hanoi and Red China would agree to a settlement even if the United States withdrew from South Viet Nam. The other side of the coin in this instance could be a desire on the part of the Reds to see the United States become embroiled in a long and endless ground war, which would dissipate our resources.

The other assumption high in consideration in the past has been that Soviet Russia would like a settlement in order to expand her own influence in Southeast Asia and to permit greater attention to containing Red China.

On this latter assumption, it is clear that the great preponderance of the hardware and other resources on which North Viet Nam depends is furnished by the Soviet Union and her Eastern European Satellites. There is now a steady stream of ships playing the 7500-mile water route between Odessa, Russia, and Haiphong, North Viet Nam, carrying everything from machine tools to railroad ties, from dump trucks to missiles, from marine motors to petroleum. The Soviets make no secret of their assistance, it having been reported recently in Pravda that the USSR does its utmost for the deliveries of Soviet military material, arms, engineering facilities, and the necessary ammunition according to schedule. If Russia cut off all supplies, Hanoi would be forced to negotiate or soon be defeated militarily.

For this reason, it is our duty to examine proposals for stepped-up trade between the United States and the Communist nations of Eastern Europe. The Congress should ex-

amine with penetrating depth the action of the British and other nations friendly to us in furnishing supplies to the North Vietnamese. A step further in the examination of policy is why we are helping the British pull their chestnuts out of the fire in Rhodesia. An answer not yet made publicly clear why the United States taxpayers should pay for ferrying oil by air into Tanzania and Zamba, Rhodesia's neighbors who must depend on their supply from Rhodesia's pipelines, unless ferried in from outside sources. After all, the United States at one time had a little trouble with England over independence, and a comparable situation exists in Rhodesia today. It is proper to question why we should join in sanctions against Rhodesia while the British supply Castro's Cuba with military buses and supplies to North Viet Nam.

Mrs. W. F. Wicker, Mr. and Mrs. Tilford Lear and his sister, Mrs. Hardy of Alva, Okla., who has been here several weeks visiting Mr. and Mrs. Lear, attended the funeral of a cousin, Willie Simpson, 72, in Blanket Tuesday.

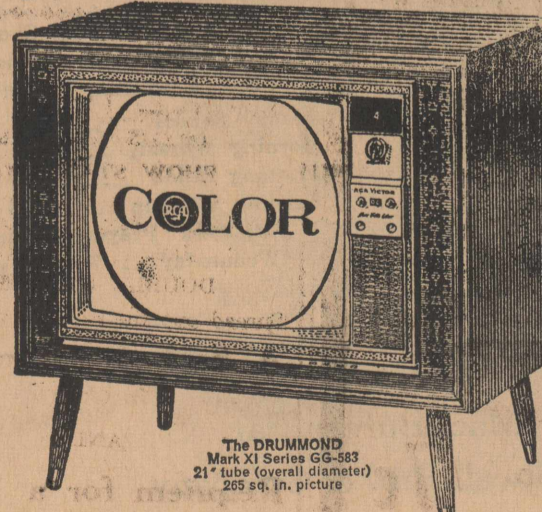

Mrs. Hub Goolsby has been transferred from the Hamlin Hospital to Abilene hospital and reported in serious condition. Cards may be sent to her at Hendrick Memorial Hospital, room A 411, Abilene.

West Texas Boys Ranch Needs Expansion

A few days ago a 12 year old arrived at West Texas Boys Ranch where he will make his new home. The boy had to have a home because his mother was sent to prison for killing his father. This is a tragic case, yet it points out a real need for the existence of West Texas Boys Ranch. With the help of West Texans, Boys Ranch will provide a home and an opportunity for this young man to mold a decent life for himself.

Unfortunately, there are many cases in West Texas of boys who need a home at West Texas Boys Ranch. For the last four years the Ranch has had to turn down over 250 boys a year due to facilities and finances. The Ranch now has the opportunity to expand its services. Recently, a friend of the Ranch made funds available for another 32 boy dormitory. This gift will make it possible for the Ranch to accept additional boys from each of the four areas it serves; San Angelo area, Lubbock area, Midland-Odessa area, and the El Paso area. This will allow the Ranch to serve a total of 96 boys in residence and 20 in placement away from the Ranch.

The Ranch currently has two 32 boy dormitories; one for the younger boys and one for the older boys. The third dormitory will be a "finishing" dormitory. It will require a minimum amount of supervision as it will house the Honor Privilege boys, the high school Juniors and Seniors and boys in special vocational training. When a boy is placed in the new dormitory he will have completed two phases of his basic training. We will receive the third and final phase of training while living in the new dormitory.

The loss of financial backing in recent months due to deaths has placed the Ranch in a special financial strain. Christmas season bring a special need for donations to provide gifts for each boy and help support him through the coming year. The Ranch is making a special appeal during the winter season. Such an appeal is a must if the Ranch is to meet its current obligations and accept the challenge of caring for additional boys in 1966.

Morris H. Craig, Executive Director, pointed out that a new program to coordinate and develop support for the Ranch is upcoming. Citizens of West Texas will be given the opportunity to invest in the future of the boys at the Ranch through memberships. A regular membership donor would not only contribute to the support of the program but would be entitled to guest privileges for events at the Ranch such as the annual rodeo, Sunday open house and to receive the "Ranch Hand," a quarterly publication giving news of boys from various sections of West Texas. Until we are able to develop this program which will take several months, we must depend on the free will generosity of West Texans. Organized in 1947, West Texas Boys Ranch has served more than 700 boys who were in need of an opportunity to become productive citizens. Success of the program may be measured by the fact that eight out of ten boys served by Boys Ranch have made good or excellent adjustments after leaving the Ranch.

Boys between eight and 14 years of age are accepted on the basis of their need for group care in a ranch type setting. The boys remain under the supervision of the Ranch until they finish high school or learn a trade. Some are assisted in completing college educations by a special fund for that purpose.

Good citizenship is one of the goals of the program of the Ranch, and boys have their own system of government, each assigned duties as he grows in maturity and sense of responsibility.

Religion plays a part of the life at the Ranch. Interdenominational Sunday school classes and religious services are conducted at the 200 seat Gibson All-Faith Chapel built in 1962. Priests from San Angelo conduct mass for Catholic boys.

Along with education, citizenship practice and religious emphasis to develop well rounded citizens, work plays an integral part of life at Boys Ranch. Whether it be making a bed or mending a fence, each boy does his share of work at the Ranch. Boys are given vocational training at the Ranch in food service, laundry, general maintenance, painting and farm and ranch work. The Carr Vocational Center at the Ranch offers opportunity to learn leather work, laundry work and further vocational training and barbering,

mechanics and other fields is offered in nearby San Angelo.

Our director from this county is H. L. Davis.

Christian Science Sunday Services

1001 Crane St., Sweetwater

"Father-Mother is the name for Deity, which indicates His tender relationship to His spiritual creation," says Mary Baker Eddy, Discoverer and Founder of Christian Science, in her book "Science and Health with Key to the Scriptures." The passage will be included in all Christian Science services this Sunday as part of the lesson on "Love."

Several Bible stories will be read, among them the conversion of Cornelius and the parable of the Good Samaritan. A correlative reading from Science and Health includes these words: "The rich in spirit help the poor in one grand brotherhood, all having the same Principle, or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good."

Peter's statement -- "Of a truth I perceive that God is no respecter of persons: But in every nation he that feareth him, and worketh righteousness, is accepted with him" -- finds a parallel in this line from Science and Health: "Love is impartial and universal in its adaptation an bestowals."

Mr. and Mrs. Don Malouf of Dallas are announcing the birth of an 8 1/2 pound son last Thursday. The baby was named San Carter. The Maloufs also have a 3 1-2 year old daughter, Blake. Paternal grandparents are Mr. and Mrs. Joe Malouf of Dallas, former residents of Rotan.

O. D. Weathersbee returned home Wednesday morning from Lubbock where he had surgery last Thursday at Methodist Hospital.

A NEW BIBLE...

for
ME!

She really is delighted because her church is presenting her with a new Bible. She understands and appreciates this gift, because in earning it she has committed many verses to memory, and thus learned to value God's word. The churches desire that all would study and learn to love God. Plan to attend church this Sunday and share in this knowledge and joy.
