THE ROTAN ADVANCE

Volume 59

Rotan, Fisher County, Texas

Thursday, March 17, 1966

No. 6

Grand Jury Returns Six Felony Bills

Grand Jury for 32nd District Court was in session Monday and Tuesday, returning six felony indictments and took no action on an arson complaint filed against eight Sweetwater youths.

Two indictments were returned against two men still at large. One was indicted for assault with a prohibitive weapon and the other for swindle by worthless check.

A habitual criminal indictment on Dunwood Gartman of Rotan was found. Officials state he is a parolee from New Mexico and was charged with felony driving while intoxicated, with two prior felony convictions. He is reported to be in Sweetwater jail charged with aggravated assault on his wife.

The driving while intoxicated offense allegedly occurred Dec. 3, 1965, on State Highway 92 east of Rotan. Gartman's car was in collision with a car driven by Manuel Ortiz of Rotan. A six-year-old child in the Ortiz car was injured.

Jimmy Daniel, about 19, Rotan Negro, and Andres Caraveo, about 50, former Rotan resident, were indicted for burglary with intent to commit theft. Both are jailed under \$1,000 bond.

Israel Ramon, 18, of Rotan, was indicted for assault to murder with malice aforethought by shooting Tony Ortega with a pistol in Roby Nov. 28, 1965. He is freed on \$10,000 bond.

The grand jury reported to judge Austin McCloud at 5 p. m. Tuesday. Foreman was James Springer.

The arson charges against eight Sweetwater youths were passed by the jury after being investigated for the greater part of the two.

Charged earlier were Norman Curtis Mounce, Larry Douglas, Brannon Ray Rasberry, Greg T. Burwick, Jerry Wayne Bredemeyer, Phillip Ronald Craver and his wife, Lynn. All except the last two have been taken into custody and released on bond.

Judge McCloud adjourned the jury, subject to call, to the second Monday in June.

Local Firms Giving 10 Ramada Inn Weekends

The Ramada Inns of America in cooperation with Rotan Advance and participating business firms in Rotan announce the start of a ten week contest in which local area families may win a fun filled "Ramada Inn Week-end." Winning families may choose from a long list of participating Ramada Inns located in the Southwest, as the site for their free week-end.

The week-end package includes luxury accommodations Friday and Saturday nights. The finest food in the Ramada tradition, starting with breakfast Saturday morning thru Sunday Dinner. Full use of the Ramada Inns facilities such as swimming pools, private club, shuffleboard, and playground area. Winning families to include both parents and up to three un-married children. Transportation is not furnished.

Ramada Inn roadside Hotels have been planned, designed, and constructed to provide a nationwide network of motor hotels offering the guest "luxury for less" accommodations with a maximum of comfort and convenience.

Contemporary with the needs of the great traveling population, Ramada is the pace setter in the flourishing motor hotel industry, dedicated to commercial hospitality. Each Ramada Inn offers a combination of luxurious atmosphere and convenient location designed to meet the needs of the most discriminating traveler, whether on business, vacation, or convention.

You may win a "Ramada Inn Week-End" by simply registering at any of the many participating business firms. A new week-end is given away each week. You may register as often as you please at any of the firms you happen to visit with one registration per visit.

Once each week each participating firm will hold a drawing... the winner of which will be their entry into the main drawing for the Ramada Inn Week-end. These preliminary winners will be announced each week on a special page with each firm listing their entry in their ad space. One of these entries will be eventual winners.

There are no purchases required to register. There will be 10 families from the Rotan area who will be guests of the Ramada Inns for a fun filled week-end. A standardized quality of fine service is maintained throughout the chain, assuring the guest that where he finds the sign of the Ramada Friendly Innkeeper he will be offered complete hotel service by hospitable management.

The Ramada Inns take their name from the Spanish. A literal translation is: "A shady resting place by the side of the road where the travelers may relax and partake of fine food."

Best of luck to you in winning one of these outstanding week-ends. Visit the participating firms and register each week.

Here are the places to register for their free week-end.

White Auto Store; Village Flower Shop; Winn's; Darden Dept. Store; Hogsett Chevrolet Co.; H. L. Davis & Co.; Landes' Furniture Campbell Dept. Store; Morrow Drug and First National Bank.

No store owner or employee, or Advance employees eligible to win and any family may win one trip only. See the ad in this issue for full details.

Visitors Welcome To See New City Hall

Business is being conducted as usual at the new City Hall following a complete renovation of the building. The place is now modern and attractive in every respect.

Everyone is invited to call and see the new place at their convenience as no open house is planned.

Relatives here of Mr. and Mrs. Rufus Thrash of Shoas, Indiana have received word of the death of Harold Ray Tyler, 23, of Shoas, fiance of Katherine Mary Thrash. Tyler and Mark Fester were killed Feb. 17, when struck by an east bound train on the Burlington track near Lockridge, Iowa. The young couple planned to be married July 3.

Fashion Show Draws Big Audience Friday

The benefit fashion show, "Big Country," sponsored by the Calendar Club had capacity crowd at the school gym Friday night.

The affair staged in western setting boosted the Easter Seals campaign by \$265.50, which will go to West Texas Rehabilitation Center in Abilene.

Special guest Shelley Smith, head of the center, was introduced by show commentator Mrs. N. O. Johnson.

Special music was by "The Accents" quartet from Abilene Christian College. Local entertainment featured a square dance number, "Texas Star," by local high school students, with Al Finch as caller.

Fashions for the 60 models in the show were furnished by Rotan merchants.

Seating capacity of the gym was augmented by four tables placed on the gym floor. Candles glowing on each table, furnishing lighting for the show.

Models promaded on a green covered platform, placed on wagon wheels and decorated with lanterns, cacti and tumbleweeds. A rodeo banner above the entrance carried the name "Big Country."

The Calendar Club, an organization of young mothers, will head other fund-raising activities for the current Easter Seals campaign.

Cross Roads Church Revival in Progress

Good plans are being made for the Spring revival at Cross Roads, according to Rev. D. S. (Bud) Moore, pastor.

Wednesday night, March 16, group prayer meetings were held; also group prayer meetings will be held on March 23rd.

Monday, March 28th there will be cottage prayer meetings for all who will come and help pray during revival.

Tuesday, March 29, everyone will meet at the church to go visiting. After everyone has made their visit, meeting will be held at church for reports, prayer and refreshments.

Your prayers and support will be greatly appreciated in making our revival a success.

Bro. J. W. (Dub) Farley of the Trinity Baptist Church of Vernon, Texas will be the evangelist.

Mr. and Mrs. Bobby Gruben will be in charge of the music.

A nursery will be provided. We trust that you will make plans now to attend every service of this spirit led revival.

John Deere Tractor Dem. Friday Mar. 25

Farm Tractor & Service, Inc., local John Deere dealers are announcing a demonstration of their new line of Diesel Tractors. The demonstration will be held at east edge of City Limits in Rotan, Friday, March 25, from 1:30 to 4:30 p. m. They have two entirely new tractors and invite everyone to see and drive them at this time.

Trustees Ballots Are Available

Clay Fowler and E. W. Cade Jr., incumbents are on the ticket opposed by Bobby Smith and Glen Gruben.

Election will be held April 2.

Golf Club To Hold Breakfast Meeting

Rotan Golf Club will meet at the Corral Cafe for breakfast and a business meeting on Tuesday morning, March 22, at 6:30 A. M.

It is very important that each of you interested in golf and the golf course be present so that plans for the year can be made.

Bob Clark of Grandview is here this week visiting with Mr. and Mrs. O. R. Clark and attending business.

Easter Seal Drive To Be Made April 5

The annual Easter Seal Campaign began March 11, in Rotan with the house-to-house drive scheduled on April 5.

Volunteer workers from the area met recently at West Texas Rehabilitation Center in Abilene to make plans for the campaign, which provides a portion of the operating funds for the center.

West Texas Rehabilitation Center, one of the most respected Centers of its type in the nation, has been associated with the Easter Seal Campaign since the Center was organized.

The drive this year is being conducted with a motto of "Stop to Think," urging people of the area to think of the many ways in which their contributions can help the handicapped through treatment, research and education.

At the planning session, Homer Scott, longtime treasurer of the West Texas Rehabilitation Center and chairman of the Easter Seal Campaign stressed the importance of the work being done through the Easter Seal program both locally and on a national scale.

He pointed out that the campaign funds are divided between local agencies working with the handicapped and the national program of research and education.

Attending the annual Easter Seal Workshop-Luncheon from Rotan were Mrs. Howard Ragsdale, Mrs. Meiton Field, Mrs. Jack Cadenhead, Mrs. James A. Goodwin, Mrs. Rex Hall and Mrs. John Gray, members of Calendar Club.

Burleson Donates Book To School Library

Congressman Omar Burleson announced today that he is presenting to the Rotan High School Library a copy of the beautifully bound volume, "Compilation of Works of Art and Other Objects in the United States Capitol."

It contains illustrations and descriptions of the accumulation of the works of art in the United States Capitol. More than 400 illustrations, executed with great skill and craftsmanship, make this volume a potential treasure for art lovers and historians alike.

The work was prepared by the Architect of the Capitol under the direction of Congressman Burleson, as Chairman of the Joint Committee on the Library of Congress and also Chairman of the House Administration Committee. In presenting the compilation, Burleson said, "This volume catalogs the works of art reposing in our best-loved National shrine, the United States Capitol, and adds both luster and dimension to the rich heritage of America."

Copies of the impressive volume are available for public sale from the Superintendent of Documents, Government Printing Office, Washington, D. C. 20402, at \$4.50 per copy.

Mr. and Mrs. Nolen and children and Candy Nolen of Monument, New Mexico, Mr. and Mrs. Bill Todd and children of Abilene, Mrs. Elsie McCutchin of Coshoma, Mrs. Zora McCutchin of Sweetwater, and Mr. and Mrs. Earl Cooper and girls visited over the weekend with Mr. and Mrs. J. O. Cooper.

Statement Issued On Red Cross Fund Drive

In regard to the Red Cross Fund Drive, soon to be made, local officials gave the following statement this week:

"When you make your Red Cross contribution, remember these things: Parents or service men can not make arrangements with the military forces for boys to come home for any purpose except through the Red Cross."

The only way that the Fisher County Red Cross Chapter can pay the telegrams and telephone calls to arrange for the boys to come home is with the contributions made by Fisher County people.

The number of men being called into the service is increasing now, and the demands upon the Red Cross are growing in proportion.

Aside from the work with our servicemen, the National Red Cross after any disaster immediately takes care of the injured people and their homes, as we have lately seen in the dailies. Fisher County helps do that.

The amount of money now in the local Chapter fund is so small that little help could be given in an emergency.

As our boys are doing the fighting our people naturally want to do the giving."

You may send or bring your contribution to John Jackson, Rotan.

City Needs Manager For Swimming Pool

City of Rotan is now taking applications for a swimming pool manager for the 1966 season.

The manager will be hired by the Council on a salary basis and will be paid weekly. A list of the requirements for the manager and the rules by which the pool will be operated are available at the City Hall.

Anyone interested in making application may do so at the office of the City Secretary.

'Wet' Petition At Roby Fails Again

According to available information the petition in Roby to allow for off-premises sale of alcoholic beverages failed to have sufficient number of qualified signatures to go before Commissioners Court Monday. The Court orders elections of this nature when requirements are met.

Young Outlook On Slacks At School

This week I asked students, "When is it appropriate for girls to wear slacks to school? What kind of pants look best?"

Debby Day, junior—"If girls wear the right kind of slacks (cute slacks/suits) to school, it is all right—and if they fit right."

Earnest Kiker, junior—"I think they are appropriate anytime - more so, when it's cold."

Sherry White, senior—"Wool pants are good on cold days, and whenever you want to wear any other kind."

Sharon Dorman, sophomore—"I do not think that it looks very lady-like unless it is freezing weather."

Freddie Ails, senior—"Girls should wear shorts."

Kay Kennedy, sophomore—"I think it is all right to wear pants when it is cold or when you have something special to do after school."

Tommy Thomason, senior—"I think slacks-not blue jeans—are okay on cold days."

Glenn Murphree, junior—"They can wear shorts, for all I care."

In Rotan, we may wear slacks to school; but in many schools, girls may not. It would change custom to ban slacks at school, but most of the students interviewed approve them only for cold weather.

If the first part of your vehicle identification number is here, you might be a winner.

Here's how it works. Look at the first symbols (the prefix) on your vehicle identification slip. Then look at the symbols listed above. If you find yours on the list, you've taken the first step toward being a winner. Now go see your Bulck dealer. He has a list of 72 winners posted in his showroom. If you see your entire vehicle identification number on the poster—the symbols plus the rest of the numbers—\$2332 cash is yours. (If your prefix isn't listed in this ad, don't give up. Your numbers may have been posted during the past few weeks. And every week there are 72 new winners posted on the showroom wall. So watch for next week's list of new symbols in this newspaper.) No slogan to invent, no puzzles to solve. In fact, you don't even have to own a Bulck to have a winning number. While you're in the showroom, get a good look at the Bulck Special. The \$2332.00 happens to be its price. *Manufacturer's suggested retail price for Special V-8, 2-dr. coupe. Price includes Federal Excise Tax and suggested dealer delivery and handling charge.

Contest Rules. Residents of Kansas, Missouri and Nebraska may, if they prefer, send in a postcard to R. L. Polk and Co., P.O. Box 1347, Detroit, Michigan 48231 and receive the weekly list of winning numbers by mail for comparison with their own vehicle identification number. An official entry form will be included. Sweepstakes limited to persons over 21 living in the continental U.S. Not valid in Florida or states where prohibited by law.

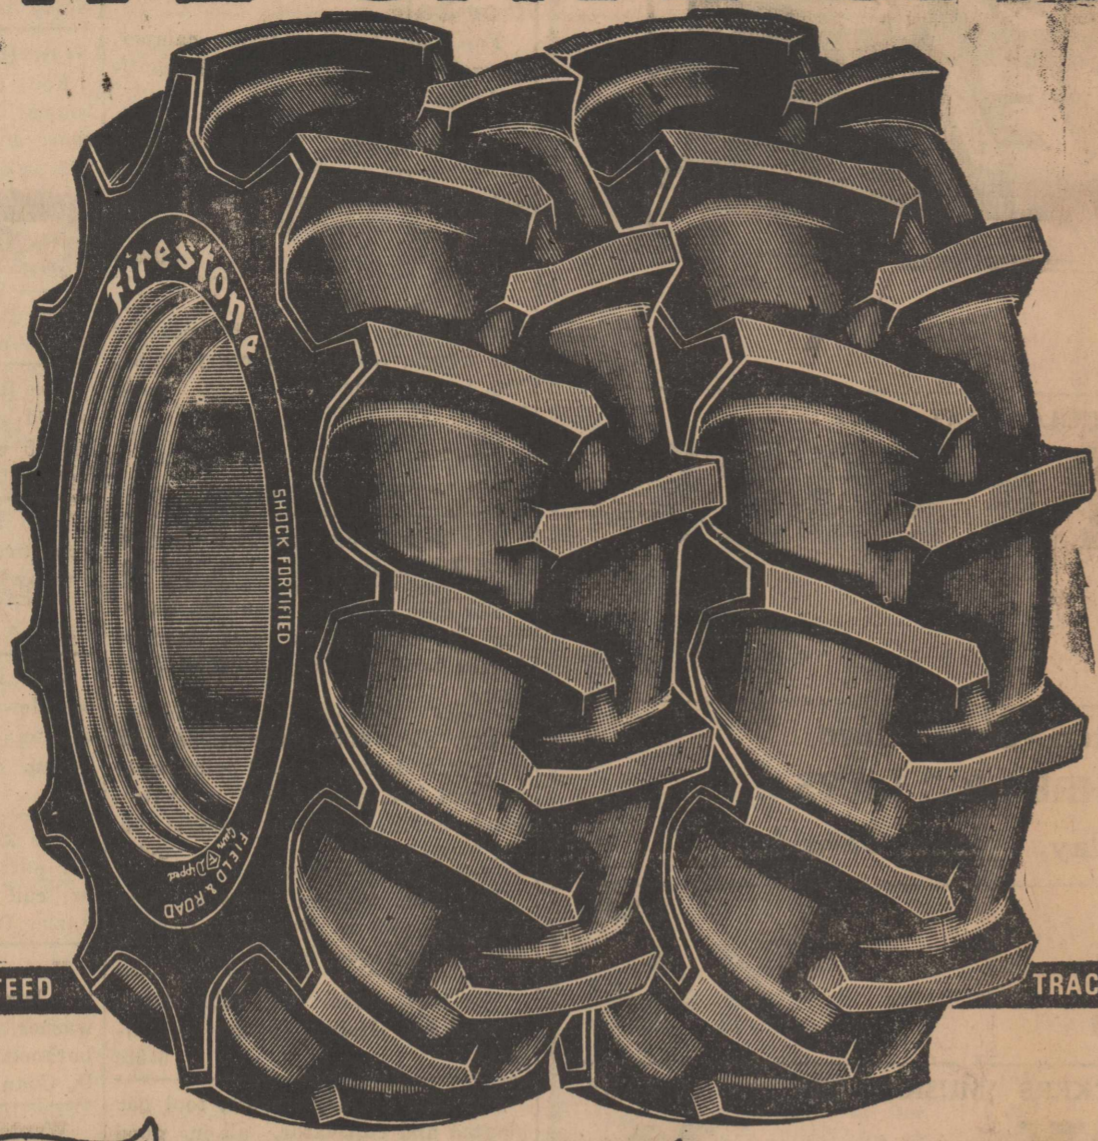

Bulck's \$1,000,000 Sweepstakes.
There's an authorized Bulck dealer near you. See his Double-Checked used cars, too.

Health & Safety Tips From Am. Med. Assn.

With the return of warm spring days, millions of home gardeners once again are getting out to spade beds, plant seed, spread fertilizer, mow grass--and the other countless chores attendant to keeping the lawn neat and attractive.

Your doctor recommends gardening as excellent therapy, for both body and mind. For those who enjoy digging in the dirt, gardening offers good exercise, fresh air and sunshine after a winter of being cooped up indoors.

Your doctor and his American Medical Association also offer a few suggestions on keeping gardening fun and safe:

* Take it easy for the first few sessions. Don't try to work a 10-hour day at hard manual labor on the first warm weekend. Take frequent rest breaks and work at a pace that isn't too tiring. As the season advances, your muscles will be able to do more with less discomfort.

* Cuts, scratches and bruises are the fate of most gardeners. Usually they aren't serious. Clean minor cuts with warm water and soap, and cover with a tight bandage. Tetanus lurks in the soil, and a booster shot of tetanus toxoid is recommended at the onset of the gardening season for all who have not kept their immunization up to date.

* Stop and think briefly about safety before handling garden tools--especially power tools such as lawn mowers. Power tools are great labor-saving devices, properly used. Used carelessly, they can slash off fingers and toes. Always turn off the mower when it is left unattended, even briefly. Always turn it off when adding gasoline to the tank. If the motor is electric, don't use the machine in wet grass. Power tools usually are accompanied by safety instructions. Read them carefully.

* Modern gardening is made possible by the pesticides that dispose of the many varieties of bugs that thrive on growing plants. Careless storage and use of pesticides can cause serious accidents. A cardinal rule is to read the instructions on the package carefully and obey their safety warnings. Pesticides are safe if properly used and kept away from children.

* Poison ivy, poison oak and poison sumac also sprout up in the spring, to the great discomfort of many amateur gardeners. Look for the three-leaf sprigs that mark poison ivy and poison oak. If in doubt, consult a botany handbook or garden encyclopedia. If you find poison ivy in your yard, dig it out--roots and all--being careful not to touch. If you burn poison ivy, avoid the smoke. The poisonous oils vaporize in the smoke and thus expose your whole body, eyes included. If you get a poison ivy rash, your doctor can suggest soothing medications to ease the discomfort while healing progresses.

Many Now Wanting Medicare Benefits

Thousands of people across the country who previously said they did not want the medical benefits under social security, or were undecided, are now electing the coverage that will help pay doctor bills, according to R. R. Tuley, Jr., social security district manager at Abilene.

One reason for the change, Tuley stated, is a recent announcement by a number of insurance companies. They have urged all their policy holders over 65 to enroll for Medicare. They have also announced that they will provide a new policy for those over 65, at reduced rates, replacing those now in effect. The new policies will supplement the coverage provided by Medicare.

"Anyone over 65 who has previously said he did not want or was undecided about this coverage has until March 31 to enroll," Tuley has announced. "A simple card form for enrollment is available at the social security office, Room 2321 Federal Building."

Look Over These Farm and Ranch Bargains. America is making more things than ever before in history, but not one acre of land. If inflation should happen - LAND IS YOUR BEST SECURITY.

STOCK FARM: - 293 Acres, 2 miles North Noodle; SWest Jones County, Texas 76 acres in cultivation, 100 acres recently plowed and cleared of timber, sowed in grasses and sorghum alum. 5 good stock ponds for water--and owner has in 1966 had this farm tested in three places for 4" irrigation water well and has found 3 pays of water depth less than 50 feet -- 2 of these wells would apparently make 4" water wells and enable owner to irrigate grasses. Farm has 8 corals, a double garage, windmill and electric pump. Located 1.4 mile off paved Farm to Market road down a deeded 30 foot gravel lane. Soil is sandy loam. Oil possibilities are good, with production on 2 sides. 1-2 minerals offered. Price \$125 per acre (\$125.) Present owner will give 3 year lease at 6% on investment, per year. This makes a good investment against inflation.

STOCK FARM: -- Only 15 1/2 acres, 3 1-3 miles SWest Tuxedo, in Jones County, Texas, around 15 acres in cultivation, but over 100 could be. California Creek runs across corner and makes good shelter and water. No house or barns. Land is rather level and good grade II. 1-2 minerals go now and all return to soil in 1990, production now on west end this same section. Priced at only \$110, per acre and will carry a good land loan.

FARM - 5 miles SEast Haskell, (Haskell County) 356 acres, 3-4 mile off F-M Pave 201 in cultivation, 155 in pasture. Has new house in 1963-3 bed room cost over \$10,000 76 1-2 acre cotton allotment, 1-2 of minerals with full leasing rights -- Possession in 1966 through April 1966 -- only \$185. per acre.

FARM, 186 Acres 4 miles SWest Weinert, in Haskell County, Texas (east edge of Old Wild Horse Prairie) 113 acres in cultivation - 70 acre wheat allotment, plus feed grain. ALL MINERALS GO. This land is clear of debt and terms might be arranged Priced at a total of \$32,000. -- 29% down.

RANCH-COLORADO: - Small ranch 1,800 acres, 60 miles SEast of Colorado Springs, 16 miles SEast Rush, Colo. Mail delivery, runs 100 cows (without 550 acres which comes out of soil bank this year) fenced and cross fenced, 2 good windmills and 2 deep ponds. Good barns and out buildings, ranch house 5 rooms and bath plus caretakers 2 room and bath small house, \$55 per acre, with 29% down -- easy terms.

APARTMENT HOUSE, 3 unit, 3 private entrances, total 14 rooms, corner location, paved both sides, garage, fully furnished, will trade for highway property or small farm.

Nice small ranch near Goldwaite. 2 Sections near Big Lake, grass land but very possible irrigation water--now has windmills and good fences. No minerals--\$60. per acre, owner will trade for any good real-estate.

LARGE RANCH, near Van Horn, Texas good grass land, no agriculture. \$18.50 per acre, easy terms can be arranged.

If you know of farms or ranches which might be for sale -- We will appreciate your contacting -- Buie, Ph. PR 3-3636. Realstate, Stamford, Texas.

CARD OF THANKS

We would like to take this means to thank each and everyone who helped in any way during the illness and passing of our loved one, Miss Myrtle Kersh, for the kind words, prayers, and beautiful flowers, the food and those who served it.

We would especially like to thank the staff of the Fisher Co. Nursing Home, the Drs. and nurses at Callan Hospital, Rev. L. L. Trott, Rev. Marvin Fisher and Rev. Billy Hudson for the comforting service, and also to all of those who have cared and helped her through the years. The family of Myrtle Kersh

CARD OF THANKS

We wish to express our sincere thanks to everyone who have made our stay in Rotan so pleasing. The fellowship we have enjoyed from many of our friends, will leave in us a memory, that can never be erased. We had just come from a far away country when we got here to Rotan, and, with a foreign language, Rotan was our first home in the United States for nearly four years. Also special thanks to the Doctors, Nurses and personnel of the hospital. May the Lord continue to bless you all! Our new home address will be: Jerusalem Baptist Church, Box 1193, Ozona, Texas 76943. Rev. and Mrs. Henry Medina

CARD OF THANKS

We would like to express our deepest appreciation for the thoughtfulness and kindness in the loss of our loved one. Especially for the floral offerings and the nice food, and to the doctors and nurses of Callan Hospital. May God bless each of you. Mrs. C. C. Bruce
Mr. and Mrs. Jack Bruce and Jack Jr.
Mr. and Mrs. Roy Stevens and son

THANKS

A note of thanks to express our appreciation to our many friends and family for the prayers, flowers, cards, gifts and visits during my illness. May God richly bless each of you. Opal and Bus Rollans.

1001 Crane St., Sweetwater

Continuing a study of the spiritual versus material concepts of substance, Christian Science churches this week will present a Lesson-Sermon on "Matter."

Jesus' parable of the tares and the wheat (Matt. 13) will be used for the responsive reading. Another of

the Bible references to be considered is from II Timothy: "In a great house there are not only vessels of gold and of silver, but also of wood and of earth; and some to honour, and some to dishonour. If a man therefore purge himself from these, he shall be a vessel unto honour, sanctified, and meet for the master's use, and prepared unto every good work."

A corresponding passage is from

the Christian Science textbook: "The suppositional warfare between truth and error is only the mental conflict between the evidence of the spiritual senses and the testimony of the material senses, and this warfare between the Spirit and flesh will settle all questions through faith in the understanding of divine life" ("Science and Health with Key to the Scriptures" by Mary Baker Eddy).

New Cafeteria Causes Admiration At Open House

The Rotan Public Schools' Open House was held Tuesday night from 7:00 to 8:30.

The classes in high school, junior high, and primary prepared several days in advance for the Open House.

Of special interest was the new cafeteria and the new offices in the new building. The new copy machines caused many comments. Visitors were interested to note that the conference room in the cafeteria building can be used for room parents' meetings.

Band Students Attend Solo-Ensemble Contest

Sixteen entries from the high school band received seven first division ratings at the University Interscholastic League music solo and ensemble contest, Saturday, March 12 at Wichita Falls.

The students entered class I, II, or III in the contest. In each class, students who rated a division I were awarded a medal. Class III medals are bronze with a white ribbon; class II, silver with a red ribbon; class I, gold with a blue ribbon.

In class III, Maxine Phillips received rating I for her clarinet solo. Janet Carver, Connie Byrd, and Debbie Sparks received rating II for a clarinet trio.

In class II, John Witherspoon, French horn; Kay Kennedy, clarinet; Starmie Partin, clarinet; and Mary McDonald, flute; received I's for solo performance. Arlin Collins, alto saxophone, received a II; Paula Heathington, also on alto sax, received a III.

Two Clarinet trios received rating II in class II. Cheribeth Crawford, Barbara Neely, and Jodie Helms played one; Connie Hill, Genva Gable, and Sharon Dorman played the other.

A baritone horn quartet, Pam Hardin, Brenda Head, Mike Allen, and Mara Beth Hammit received a III in class II. The French horn quartet, John Witherspoon, Pam Hardin, Rhonda Kelley, and Argentina Velez, received a IV.

Mary McDonald, Lura Wallace, and Debby Loving received a II in class II for a flute trio.

Those receiving a division I in class I will attend the state contest in Austin, June 6 and 7. Sharon Puryear received a I on an alto saxophone solo. A saxophone ensemble, Carroll Patton, Arlin Collins, Mike Thornton, and Sharon Puryear, received a I. Kay Kennedy, Starmie Partin, and Jodie Thompson received a II for a clarinet trio.

The solos and ensembles were accompanied on the piano by Kay Kennedy, Jodie Thompson, Cheribeth Crawford, and Sharon Puryear.

Mrs. Betty Strayhorn, band director, said that she was very pleased with the outcome of the contest.

Parallel Terraces Cause Much Interest in County

The Fisher County Great Plains Conservation Committee, composed of Chairman Milburn Cook, SCS, Rotan; George Dorman, FFA, Rotan and J. W. Landers, Fisher County ASCS Committee Chairman, held its bi-monthly meeting at the new Soil Conservation Service Office in Rotan last week. In addition to regular members, Glen Webb, Chairman of the Upper Clear Fork Board of Supervisors; James Norman, Fisher County Agent; A. Branscum, ASCS County Committee man; and Malcolm C. Pennington, Area Conservationist from Abilene were in attendance.

After a brief business meeting the group traveled to the T. B. Cowell farm where they observed parallel terraces that had been constructed and additional parallel terraces under construction. Committee Chairman Cook pointed out the elimination of point rows where this type of terrace is constructed, the additional spreading of water over the land caused by levelling in between the terraces and other desirable factors such as ease of farming, savings in fuel and savings in wear on equipment.

Cook stated that the present time parallel terraces have been constructed on "Chili" Scott of Sylvester, Kimmet Terry of Roby, Mack Blair, Rotan; Clyde Farrer, Roby; Bill Smith, Rotan and J. F. Dozier, Royston. In addition requests for assistance in installing parallel terraces have been received from D. L. Smith, Rotan; Max Stuart, Roby; A. P. Kennedy, Rotan; Willard Burk, Roby; and Jack Whitworth of Roby. These systems are in various stages of planning.

4-H Members Do Well At San Angelo

Jana Jeffrey, a ten year old McCaulley 4-H member, won the championship in the Junior Angus heifer show at the 33rd annual San Angelo Fat Stock Show last week, according to James S. Norman, County Agent.

Jana's Junior Angus heifer was bred by James Cave of Roby, and she is the daughter of Mr. and Mrs. Billy Jeffrey. Jana also showed a 7th place Angus steer.

Mike Herron, Rotan 4-H, exhibited an eighth place Senior Angus heifer. Cave was also the breeder of Mike's heifer. Donnie Sheffield, Jr. Leaders 4-H member, exhibited two Angus heifers, one place 17th.

The San Angelo Show ended a very successful show season for the Fisher County 4-H Club members.

Students To See Danger of Fire

Students of Rotan High school will have an opportunity to see for themselves how fire can be man's best friend or his worst enemy, by observing a graphic fire demonstration to be presented at 9:00 a. m. on Wednesday, March 23, principal Neal Wright announced today.

The demonstration, in seven parts, will be given under the direction of Joe Smetana, Safety Director of the Texas Farm Bureau.

A variety of demonstration equipment will be placed on tables 16 feet in length to illustrate seven basic points: (1) What fire is; (2) how to control fires; (3) the fact that nothing is fire-proof; (4) kitchen fires and their control; (5) fuel vapors; (6) the power of petroleum products; and (7) household wiring and overloaded electrical circuits.

Smetana will point out that fire is like a three-legged stool - it can't work with one of the legs missing. The "legs" fire depends on are: (1) fuel, (2) heat, and (3) air. Yet, in American homes there three things come together in deadly and destructive combination every 57 seconds - an average of 1,500 home fires every day, according to Smetana.

"That's eight times the number of fires in factories and stores. Worse yet, four out of five of all fire deaths occur in homes, and for every death there are about 100 serious injuries," the TFB Safety Director explained.

As part of a program for fire prevention, the Texas Farm Bureau Safety Department is presenting this demonstration before the high schools of the state. Program is being brought to Rotan under the sponsorship of the Fisher County Farm Bureau. The public is invited to attend.

McCaulley 4-H Placed High In Food Show

The McCaulley 4-H girl and boys placed high in the Fisher County Food Show at Roby March 5.

The boys were eligible because the McCaulley 4-H Club is a community organized club and they are registered in the food projects.

The boys who prepared and exhibited food were: David Hill in Bread and Cereal Group with the highest score of 97.

Andrew Cox, a senior 4-H member, in the meat group tied for high with a score of 92.

Philip Cleveland in vegetable and fruit group was third high with a

Easter Seal Campaign Is Worthy Cause

The annual Easter Seal Campaign is now under way. The Texas Society for Crippled Children and Adults, its 80 affiliates and 63 representatives, have mailed the traditional seals and appeal to nearly a million homes in the state.

It can be expected that many families will respond as they have in previous years. The fact that this voluntary agency, popularly known as the Easter Seal Society, has been doing its constructive and much-needed work in Texas since 1929, is basis for this optimistic expectation.

As a non-governmental agency, the Easter Seal Society depends entirely on voluntary donations. If it did not sufficiently enjoy the confidence and trust of the public - as expressed year after year in community support of the Easter Seal drive - the Society would not now be around to appeal for funds, or to offer its services to any of our neighbors whose life has been made more difficult by a handicap.

The sooner your contribution is received, the sooner it will be converted into the care, treatment, training, guidance or other service for which some disabled Texas child or adult is looking to the Texas Easter Seal Society right now.

Out of town friends and relatives attending the funeral of Myrtle Kersh were Mrs. Vera McCoy, Amarillo, Mr. and Mrs. Bert O'Neal, Mrs. John Galyean, Mr. and Mrs. Cecil Galyean, Mrs. Ennis Floyd, Snyder; Mrs. Nora Ogle, Roby; Mrs. J. Medicare Blanks Are Available At Post Office

Postmaster Robert Phillips announced today that application blanks for supplemental Medicare benefits are available at the Post Office.

The application blanks are being made available as the Social Security Administration seeks to contact 3.1 million senior citizens before a March 31 deadline imposed by the Medicare law.

President Johnson has proclaimed March as "National Medicare Enrollment Month." He urged all federal agencies and all citizens to cooperate in enrolling senior citizens in the program.

Initially, some two and one-half million application blanks were distributed to nearly 34,000 main post offices throughout the 50 states. Additional forms are available as needed.

Through direct mailings and other means, the Social Security Administration has had contact with 16 to 19.1 million citizens who will be 65 or over on July 1. Of the 16 million who replied, less than one million said they did not want to sign up for the supplemental program.

The supplemental program costs \$3 a month and provides doctor bill and other benefits. Everyone 65 and over is eligible for the basic hospital benefits under Medicare.

Senior citizens who reached 65 before 1966 face a two year delay if they do not sign up by March 31. The application forms are preaddressed to the Social Security Administration in Baltimore, Maryland.

McCaulley 4-H Club Has Good Meeting

The McCaulley Community 4-H Club met March 9, in the McCaulley school with 6 members and 3 leaders present.

Phillip Maberry president presided. Members who will go to District with Method Demonstration gave them.

Annette Cleveland gave a demonstration in Foods-Nutrition Education.

Andrew Cox gave a demonstration on Money Management Education. Phillip Maberry on Public Speaking. His title is "So Let Their Light."

Also going to District will be Sue Smith and David Hill in Foods.

Adult leaders present were: Mrs. Jemmy Maberry, Mr. and Mrs. W. D. Cleveland.

HD Club To Study Traffic Laws

The Rotan HD Club met in the home of Mrs. W. J. Coffman, March 4. The program on Selecting and Using Interfacings were given by Mrs. Coffman and Mrs. Dick Edwards.

Members present were Mrs. C. C. Roach, Mrs. Archie Ragan, Mrs. Barney Bigham, Mrs. Alyne Shell, Mrs. Edwards and Mrs. Coffman. We had one visitor Mrs. Joe Little. We were very glad to have Mrs. Little.

The next meeting will be in the home of Mrs. Viola Hendon, Friday March 18, at 2:30 p. m. The program will be on "Up to Date Traffic Laws and Driving Courtieses." The program will be brought to us by one of our Highway Patrolmen of the county.

Visitors are always welcome.

Approaching Marriage Is Announced

Mr. and Mrs. Buster Donham of Rotan are announcing the engagement and approaching marriage of their daughter, Mary Kay to Charles Wayne Parker of Roby.

Parker is the son of Mr. and Mrs. George Irvin Parker Sr. of Roby.

Mary Kay is a senior in Rotan High School. Parker is a 1962 graduate of Roby High School.

The couple plan a June wedding.

James Norman Guest Of HD Club Here

The Rotan HD Club has had several interesting programs lately.

One very interesting program was given by James Norman, County Agent for Fisher county. He reviewed some of the changes that the county has made in the last thirty years. Each member received a book showing the changes of the County that has been made in the last thirty years. Each one enjoyed it very much.

The Magic Pill

AUSTIN—The "magical pill" can be both a bane and a boon.

If we depend on our modern drugs to the extent that we neglect good hygiene and proper first aid, we are in effect making the pill—or wonder drugs—our bane.

There are several reasons why the prevention of infection, through good personal hygiene and proper first aid, is important. Many kinds of germs and most viruses are not controlled by chemical agents.

The germs of whooping cough, brucellosis, and certain other bacterial diseases respond rather unsatisfactorily to our weapons. Chemical agents other than antitoxins, which we had long ago, do not neutralize the toxins or poisons produced by germs. Therefore, tetanus and botulism, which are associated with toxins, are still dread diseases.

The story is told about a mother of several children who thought she was "building up" her children's resistance against winter colds and infections by giving them regular doses of antibiotics. How mistaken she was.

The increasing resistance of many germs of antibiotics is causing more and more concern. Accordingly, it is advisable to prevent infection and to obtain proper care early, if infection appears.

In case of wounds and burns, however minor they may seem, make sure of proper first aid preliminary to medical care. Wounds and burns usually require sterile dressings after application of other indicated first aid.

Follow hygienic habits to prevent respiratory infection. Pneumonia caused by a resistant germ is the dread disease it always was.

Adhere to an immunization schedule advised by your physician.

Secure medical care early for infections, but do not insist that your doctor prescribe an antibiotic, because promiscuous use of antibiotics favors development of germs resistant to them.

Modern medical drugs may save your life someday, but why not postpone that day as long as you can by practicing good hygiene and proper first aid.

and County Agricultural Agent Texas A. & M. College Extension Service

National Poison Prevention Week, March 20-26, has been proclaimed by President Lyndon B. Johnson.

The proclamation calls attention to the need for every citizen to be careful with poisons especially when children are involved.

The proclamation says, "It was noted long ago that, 'Poison kills only where there is no antidote.' But no antidote will ever take the place of precaution. For when precaution is used, antidotes become unnecessary."

"Last year more than 600,000 American children were the victims of additional poisoning. Nearly 500 of these children died.

"These poisonings took a variety of forms. Some were from medicines and some were from household products. But all had one thing in common: carelessness. To store drugs and poisons within easy reach of children, or to store them alongside of food, is as foolish as leaving a loaded pistol lying around the house—and as dangerous.

"To alert adults to the dangers of accidental poisoning and to encourage them to take appropriate preventive measures, the Congress, by joint resolution approved September 26, 1961, requested the President to issue annually a proclamation designating the third week in March as National Poison Prevention Week.

"I direct the appropriate agencies of the Federal Government, and I invite state and local governments and organizations, to participate actively in programs designed to promote better protection against accidental poisonings among young children."

Farm and home safety programs for both adults and youth, 4-H Club members, are a part of Extension's educational efforts to prevent accidental poisonings, as well as accidents.

Beautiful home lawns just don't happen. They are the result of good management, including the proper grass, fertilizing, mowing, watering and in some instances, drainage.

Knowing the right time to feed the lawn is as important as knowing what to feed it. Turf requires frequent feedings to remain green and vigorous throughout the growing season. Lawns should receive an application of complete fertilizer in the spring and again in early fall.

The spring application on Bermuda, St. Augustine and zoysia should be made about the time the grass begins to grow. The fall application of a complete fertilizer should be made about 30 days before the average date of the first frost. Generally a fertilizer with a 1-1-1 or a 2-1-1 ratio should be used and applied at the rate of 2 pounds of actual nitrogen per 1,000 square feet.

Bermuda, St. Augustine and zoysia lawns should also receive 1 pound of actual nitrogen per 1,000 square feet every 30 to 40 days during the

Nitrogen is the key element in turf production. It produces vegetative growth and gives the plant a deep green color. Phosphorus stimulates development of a good root system and potassium affects the physiological processes of the plant.

A deficiency of nitrogen causes stunted plant growth. The leaves are relatively small, thin and yellowish green to yellow, resulting in a condition often referred to as "firing. Phosphorus deficiency causes

slow growth of the entire plant and the leaves to be an unhealthy distributed brown patches showing Potassium deficiency causes stunted growth with the entire plant eventually drying up and taking on a brownish color.

ing, reminds Dr. J. W. Dollahite of Texas A&M University's College of Veterinary Medicine. Livestock losses from oak poisoning in Texas have been estimated at \$10 million annually. The young leaves, shoots and buds on oaks are rich in tannic acid compounds, which, when eaten in large quantities, are thought to cause poisoning of cows, sheep, goats and horses. Sand shinnery oak seems to be the worst offender.

Your hatred hurts you.

For every action there is a reaction. If we love we are loved. If we give we are given. When we learn this and believe it we have learned God's plan for us.

No man can live alone. He needs his neighbor. God told us this many times, "Love thy neighbor as thyself." God also told us who our neighbor was . . . everyone, even our enemy.

It is hard for us to accept this unless we realize that our hatred hurts us. Hatred drives out love. That is why God told us to love one another. The more we love the closer we come to God who is perfect love. Truly we are our brother's keeper.

New State Highway Maps Are Available

Austin, Texas, March 14—The

largest single order for the Official State Highway Map of Texas Highway Department is now rolling off the presses.

The initial order for 800,000 of the full-color maps is up 300,000 over the first order for 1965 maps. In past years, substantial reprints have been required to fill the ever-increasing demand from both Texas motorists and out-of-state visitors.

The maps are produced for free distribution by the Travel and Information Division of the Texas Highway Department. They provide tourists and Texans with up-to-date information on highways, mileages, lakes accessible to the public, Safety Rest Areas, city route maps, and and distinguish interstates, U. S. State and farm- and ranch-to-market roads in the state.

The growth of the Interstate Highway network is graphically shown, as the 1966 map shows 521 more miles of divided highways than appeared on the 1965 map. The majority of this increase is the Interstate System.

Over 22,000 miles of farm-to-market roads are shown—some 7,500 more miles of this type road than appeared on the 1965 map.

Safety Rest Areas are again indicated on the map by small green dots along-side the highway. Last year there were 914 green dots. This year there are 934.

The reverse side of the 1966 map is devoted to full-color pictures of various scenic attractions of Texas

with the challenge to "Discover Texas - American's Fun-tier."

Postcards for convenient ordering of the 1966 maps will be available at each Texas county tax assessor-collector's office, and as Texans buy their 1966 auto tags they may pick up free order cards at their tax office.

Free copies of the map are also available at each of the eight Tourists Bureaus operated by the Highway Department at principal highway entrances to Texas in the rotunda of the State Capitol, and at all 25 Highway Department district offices over the state.

Free copies also may be obtained by writing the Texas Highway Department, Travel and Information Division, Austin, Texas 78703.
