Little League Baseball Is Important Project

Little League Baseball is the vehicle by which early training in teamwork, sportsmanship, discipline and character building is instilled and we salute volunteer leaders of Little League Baseball who have made the program an integral part of the American scene.

In Little League Baseball, boys have an opportunity to play the game under the most advantageous conditions, which contribute to the physical and moral welfare of the participants. More than 750 graduates of Little League have joined the ranks of professional baseball players, and thousands more are continuing to play our national game on high school and college teams and sandlots, and to assume positions of leadership in all walks of life.

Little League not only fosters friendships, develops coordination and good health habits in boys, but it breaks down social barriers and makes for a more closely knit community. It knows no national boundaries as leagues have developed in 27 countries and is played with equal enthusiasm everywhere.

Little League also fosters the healthiest kind of father-son relationship. In baseball, a father and son meet on a common ground from which bloom companionship, respect and love.

All parents strive to give their youngsters a happy childhood that will prepare them for the ups and downs of life. The Little League is only one avenue of reaching this goal.

The managers, coaches and other officials of the leagues who devote so much of their time, thought and energy in providing constructive direction for the boys deserve our respect and gratitude.

Hammer Trackmen In Five Regional Events

Yellowhammer track men qualified for the Region I Class A track and field meet at Texas Tech next weekend in five events, through winning or placing second in them enroute to capturing the runner-up spot in the District 6-A meet, April 2.

The sprint relay team, composed of Donnie Powell, Ezequel Rodriguez, Kenneth SoRelle, and Earnest Kiker, with Larry Kelley, alternate, finished second in qualifying; the Hammer mile relay quartet, Ezequel Rodriguez, Donald Gruben, Archie Overby, and Frankie SoRelle, with Larry Kelley, alternate, also took second place; Earnest Kiker won the 100 yard dash; Larry Van Loon led in the shot put; and Frankie SoRelle was runner-up in 880 yard run.

Preliminaries of the regional meet will be held Friday, April 22, with finals on the following day. First and second places in each event earn berths to the giant State Track and Field Meet at Texas University May 5-7.

Spanish I Has Mexican Lunches

The halls of RHS, especially those of the first floor around Miss Josie Baird's Spanish room, have been pungent with the tantalizing odor of delicious Mexican food on certain occasions this semester. Students, as they mill through the halls, build up a stupendous appetite, but only those in Spanish I are able to fulfill their desires and gorge on the food.

"Miss Josie's" classes have, in turn, had a voluntary opportunity to bring Mexican food from home and it as a class, sampling each other's dishes, during the noon hour in the classroom. The food was brought hot from home, at noon, or kept warm in the classroom all morning. Miss Baird said she was pleased with the students' enthusiasm and participation with the lunches.

High School Band To Attend Contest

The high school band will attend concert and sight-reading contest in Vernon Friday or Saturday. Two ratings will be given. In the concert division, the bands are given a single rating for performance of two overtures and a concert march. A sight-reading piece, one which the band has never seen, will be given a second rating.

The two overtures are "Balladair" and "Heart Wounds," in which the woodwind parts are predominant. The brasses carry most of the march, "Blazing Brass." The band has been preparing for the contest since the winter concert.

Victory Bell Gets Permanent Stadium Home

The RHS Victory Bell, acquired last fall from the city of Rotan, will have a new home next football season in Yellowhammer Stadium.

The 400-pound bell proved too unwieldy to transport to out-of-town games, and instead had to generate spirit only at home football contests. Its home was the "Hammer Nest," the area between the high school building, band hall, and science lab during weekdays, and it was transported to the field for games.

The Ag. III boys, under direction of Mr. Ray Womack, will construct a six-foot high base for the bell at the south end of the home stands of the stadium. It will be a permanent fixture and will toll for all touchdowns and Hammer victories from its spot. The elevated position will provide a better tone and louder peal.

According to Womack, a fringe benefit was the valuable shop work experience his students will receive from the project. It will be completed before the end of school and ready to sound out the sound of the first Hammer football victory next September.

Gift, Gown, And Graduation Time Approaching

One more hurdle was cleared Monday, April 7, as the Senior class received their graduation invitations.

The work will really begin now for the Seniors, as they will have to address all of the invitations they ordered. However, for the most part, the seniors don't seem to mind, as all have worked at least twelve long years for this glorious event.

As orders were checked and paid, the Seniors stopped to wonder how 4100 people could be packed into the Rotan High auditorium.

Gas cooks cleaner

When you broil on a modern gas range you can keep the broiler door closed... so there's no smoke or spatter to soil your kitchen. And because gas is more controllable it's easier to prevent foods from burning or boiling over. The Burner-with-a-Brain makes all your pans automatic

— and also prevents messy boilovers. Gas makes the big difference because it's clean, cool, fast, safe, efficient, dependable and more economical than you-know-what. So get the modern gas range you've always wanted — on sale now at gas appliance dealers, or Lone Star Gas.

HD Club Program On New Fabrics

The Rotan HD Club met in the home of Mrs. L. B. Harris, April 1st. The program was given by the Fisher County HD Agent, Mrs. Alice Ballenger. On "Sewing Today's Fabrics", included in today's fabrics are kinks, sheers, stretch, laminated or bonded fabrics and laces. Mrs. Ballenger gave some very interesting tips on the proper care for these fabrics, the correct ways to sew these, etc. She said that all knit fabrics should be pre-shrunk before

cutting, except those that are bonded. If these are pre-shrunk before they are cut they will not draw up too small when they are dry cleaned.

Refreshments were served to Mrs. Ballenger, Mrs. Terrell, Mrs. Aaron, Mrs. Roach, Mrs. Ragan, Mrs. Dick Edwards, one visitor, Mrs. Bertie Burrow and the hostess, Mrs. Harris. The next meeting will be Friday, April 15th at 2:30 P. M., in the home of Mrs. Wash Kersh. The program will be given on 4-H demonstrations by the 4-H girls.

Head-Pospiech Vows Said Thursday

Hardin-Simmons University seniors Retta Gene Head and Richard Joseph Pospiech were married Thursday in First Methodist Church.

The bride is the daughter of Mr. and Mrs. Oscar Head, and the bridegroom is the son of Mr. and Mrs. Joseph Pospiech of Syracuse, N. Y. The Rev. B. Hudnall, pastor of First Baptist Church, officiated. Organist was Kay Kennedy and vocalists Rebecca and Chri Beth Crawford.

Georgia Hall of Muleshoe was maid of honor, and Dick Nagy of Syracuse, N. Y., was best man. Ushers were Charles Stanford of Hamlin and Ricky Stanford of Rotan, and candlelighters were Brenda and Linda Head, sisters of the bride.

The bride, given in marriage by her father, wore a satin gown with scoop neckline and chapel train. A queen's crown trimmed in sequins held her veil. She carried carnations and gladioli.

Miss Hall chose a powder blue linen empire dress trimmed in white. She wore a pillbox headdress and carried carnations.

Reception was in Fellowship Hall. The bride was graduated from Rotan High School and will receive a BS degree in business education in May from Hardin-Simmons University. She is a member of Epsilon Eta Phi and TSEA. She is employed in the H-SU admissions office.

Pospiech attended Sacred Heart Academy, Syracuse, and Syracuse University. He will be graduated in August from H-SU. He is employed at Central School.

Parents of the bride were hosts for the rehearsal dinner.

The couple will live in Abilene at 428 Reading.

Navy Has Openings

The Navy has for the past few months been on a limited quota for enlistments and many men that have applied have been turned down due to the fact that the quota's were filled. Due to the decrease in induction quotas, the Navy has increased its enlistment quotas, so that now they have openings for the months of April, May and June.

Those persons who are interested, should contact Marv Baker, the Navy Recruiter in Sweetwater. His office is located in the Post Office in Sweetwater or you may call collect, BE 4-8000 for appointment. Enlistments will be accepted on a first come basis.

PUBLIC NOTICE

The Commissioners Court of Fisher County, Texas, meeting in regular session, on Monday, April 11th, 1966, voted to buy for the use of Commissioner of Precinct No. 3, a new road grader.

Notice is hereby given that the Commissioners will receive bids for the purchase at its regular meeting place in the Courthouse in Roby, Texas, on May the 9th, 1966 at 10:00 A. M.

Said road grader to meet approximately the following specifications:

Weight - 23,000 to 25, pounds
Engine - Six cylinders - Diesel, approximately 500 cubic inch displacement and to develop approximately 115 to 120 Horse power at 2,000 RPM. Engine to be pressure lubricated, dry type air cleaner, 24 volt direct electric system, 25 amp generator, to have fan, water pump, oil pump, and fuel pump.

Clutch - Double disc, oil type
Controls - Power-positive mechanical

Mold board with 14' blade
Blade range - circle 360 degrees, Side shift right or left 36" bank cutting angle 90 degrees - Outside reach 7' - lift to 18 1/2" above ground.

Axle front - mechanical leaning - 22" clearance

Wheels - Demountable rims with 13:00 by 24, 8 ply tires

Steering - Hydraulic boosted mechanical

Cab - Steel complete, with heater, defroster, front and rear wipers. The Court expects to trade in on the purchase price of the new grader a used Allis-Chalmers Mfg. Co. Road Grader No. AD 45. The balance of the purchase price will be met by issuing four County Road Warrants the total sum of which will not exceed \$17,000.00 and will mature one each year. The last to mature in 1969. These warrants not to bear over 4 1/2% interest.

Any bidder wishing to inspect the trade in grader may do so by contacting Mr. Wayne Porter, Commissioner of Precinct No. 3 at Rotan, Texas.

The Court reserves the right to reject and all bids and to accept the one they think best for the County.

E. G. Perkins, County Judge, Fisher County, Texas. 10-2tc

Uniform Crop Planting Date Is Proposed

May 23rd was the date set as Uniform planting of cotton in cotton producers meeting held Tuesday night, April 5, at 7:30 p. m. in school cafeteria in Rotan. James Norman, county agent introduced speakers Charles Stenholm of Stamford, executive vice-president of Rolling Plains Cotton Growers Assn. and Emory Boring, area Entomologist, whose Extension Service headquarters are at Vernon. Mr. Boring is in charge of the ten teams of young men to be this area this summer under the insect control program.

Mr. Stenholm explained to the producers that many factors influence the planting of cotton, the rainfall in the area that is a basis for crop planting. Crop tillage practices are another factor also to what extent the control of the boll weevil will have on uniform planting.

He will further discuss this, when he speaks at the Young Farmers meeting Monday, April 18, at 7:30 P. M.

AUSTIN — If the warm spring weather has drawn you out to work in the yard, incited you to start a fertilizing project, or inspired you to plant a garden, and you haven't had a tetanus immunization you are, in fact giving tetanus an open invitation.

Tetanus, alias lockjaw, is no respecter of persons. A long-time gardening enthusiast learned that lesson the hard way. Her flower beds were the prettiest for miles around.

For years she fed her camellias, pruned her roses and weeded the beds just so. Last year the gardens were the prettiest ever. She spread barnyard manure, as well as commercial fertilizer, over the yard. She didn't spare the water, and lovingly cared for the plants herself.

To protect her hands and manicured nails she wore work gloves, and when mosquitos were about she used insect repellent. But she didn't protect herself against the dread invader - tetanus.

This year when gardening time came . . . when tiny sprigs of green began to pop up out of the earth and buds began to appear on the bushes, she wasn't there to tend her plants. You see, she died of tetanus.

Tetanus is a killer. Even when treatment is started almost immediately, about one-third of the victims die anyway.

Fortunately, there is an effective and safe immunization procedure against this disease. But an initial series of tetanus inoculations won't help if given after an injury. A booster will do, if you've had initial protection. Otherwise, only a horse serum, which hazardous itself must be used.

Spores of the bacteria which cause tetanus are almost everywhere. They are found in soil, street dust and animal droppings, particularly in manured soil. A scratch, cut or open sore may allow some of the unseen spores to enter the body.

Once inside the body these tough spores turn into a form of tetanus germs that may secrete a powerful toxin - or poison. One-fourth tea-

spoonful of this toxin is enough to kill 100,000 people. In humans, the toxin causes muscle spasms, convulsions and, frequently, death. The label "lockjaw" refers to a spasm of the jaw muscle which clamps the jaw shut.

Unless you have had a basic tetanus immunization in the armed services or from your family doctor, you must do so before injury to be protected.

The
HARVEST

IT WAS SAID in the long ago that we brought nothing into this world and that we shall take nothing out. That is true for all material goods. It is false in the realm of the spirit. *You and I are writing day by the day the story that must forever be our history.* We are garnering the harvests of the years and storing them in the granaries of heaven. As women and men come to the closing hours of life on the earth, they gather up the "fruit of the spirit." *Love and joy and peace and longsuffering are not material.* They are eternal goods.

HOW RICH ARE WE? When we stand before the heavenly cashier and ask for a statement, what will the little card carry as our record? *Shall we hold in our hands a blank white card, with a dark background?* Will the servant of the Most High say that our account stands at zero? How dreadful, when we discover we have been working and living for naught! But why wait? Most of us can guess what the bank account really is. *Let's face that question now, for tomorrow we must know the final statement.* Shall I make sure of my holdings in the divine treasure house? What is my harvest?

**You In The Church...
The Church In You**
Form a combination for good. We should attend church regularly. Every man, woman and child needs the influence of the CHURCH. Be faithful. Be a Churchman!
