See their ad in this issue offering considerable merchandise at 25 to 50 per cent reductions.

Elmer Price was moved by Weathersbee Ambulance to Veterans Hospital in El Paso Sunday. Mrs. Price accompanied him and returned home Monday in the ambulance. Mr. Price's condition was reported as fair Wednesday. He had been in Callan Hospital several weeks, following a car accident near Albany.

Youth Conference Delegates Needed

The Texas Law Enforcement and Youth Development Foundation, sponsors of the Texas Youth Conference have announced that Mr. Wendell Morrow of Rotan will serve as the county representative for delegate selection in Fisher County for 1966 for the 1966 Texas Youth Conference. The Texas Youth Conference will hold its fourth annual meeting on the campus of The University of Texas, August 18-21. As county representative for delegate selection, Mr. Morrow will work with local civic clubs, churches and other organizations and individuals interested in youth to send the allotted from County to this fourth annual meeting.

The Texas Youth Conference in 1966 became a project of the Texas Law Enforcement and Youth Development Foundation in cooperation with the Hogg Foundation for Mental Health and the Sears-Roebuck Foundation as well as a member of other foundations and individuals in Texas.

The program had originally begun as a pilot project of the Attorney General's Office but is no longer associated with that office. Individuals or organizations interested in sponsoring delegates should contact Mr. Wendell Morrow of Rotan as soon as possible for further information.

Cross Roads Revival To Open Sunday

The Cross Roads Baptist Church is looking forward to a grand and glorious revival beginning this Sunday and going through the following Sunday, August 7th.

There will be preaching from the Bible both morning and evening and good old time singing.

The morning services will be at 11:00 A.M. each morning except Sunday and the services will be at the regular time. The evening services will be at 8:00 P.M. each evening during the week and at the regular time on Sunday. Prayer service and booster band will precede the evening services at 7:30 P.M.

The evangelist will be Bro. James Hall, pastor of the East Baptist Church of Cisco, Texas. The song leader will be Mr. James Carter of Rotan and member of the First Baptist Church in Rotan. The pianist will be our own Mrs. Glenn Copeland and the booster band will be led by two of our young people, Miss Sheryl Moore and Miss Judy Byrd.

A nursery will be provided and every one is cordially invited to attend all of the services.

Mr. and Mrs. Earl Holcomb have returned from a visit with her father, R. A. Acker in Pomona, Calif. Mr. and Mrs. Forrest Acker accompanied them and while there, Mr. Acker's 90th birthday was celebrated, and he remains very active.

Mr. and Mrs. Neal Hyer and children of Andrews, have been spending their vacation with her parents Mr. and Mrs. J. D. Kincaid and family and his brother, Gary Hyer and family.

Nazarine Revival Opens August 1st

REV. NEUSCHWANGER

The Rotan Church of the Nazarene begins revival services with Rev. Albert Neuschwanger, Monday, August 1.

Rev. Albert Neuschwanger, of Fort Worth, Texas, an elder in the Church of the Nazarene, is devoting full time to the work of evangelism.

Mr. Neuschwanger began his ministry in 1934 soon after his graduation from Bresee College, Hutchinson, Kansas. He held pastorates in Oregon and Oklahoma. In addition to his preaching ministry Mr. Neuschwanger was active in youth work on his district and served as chairman of the district Church School Board.

He has preached in his local camp meeting. He has held revival meetings in various churches.

Mr. Neuschwanger gives us the gist of his consecration when he states, "I am compelled by the Holy Spirit to give my life to the great task of soul winning. This is my whole life and the consuming passion of my soul."

You will want to hear his timely messages for this fact moving generation.

Services will be held each evening at 7:30 With Sunday morning evangelistic service beginning at 10:45 a.m. Sunday school, 9:45.

This pastor of the local church, Rev. Wm. A. Morris, will be in charge of the music.

CALENDAR CLUB TO HAVE FAMILY PICNIC

The Calendar Club will have a Family Picnic on Saturday, July 30, at 7:30 P.M. in the Snyder Park. Please call Mrs. Doug Weathersbee at WI 7-2317 if unable to attend.

WINN'S HAVE MANY SPECIAL OFFERINGS

Winn's ad in this issue is announcing a Week Long Sale.

They have many items at reduced prices and it will pay you to check their store for the next week.

Ivin Martin is able to be up and about following a narrow escape in a recent butane fire at Hobbs Gin. His recovery was much more rapid than was expected, and we were glad to see him looking so good.

Mrs. Vesta Owen and son, Bobby of Amarillo are here visiting her parents, Mr. and Mrs. Miller Coppedge, also Mr. and Mrs. William Coppedge of Abilene. Mrs. Coppedge is in Callan Hospital for treatment and possible surgery.

Parade Plans Start For Fair-Rodeo

Jake Feagan who heads the parade committee of Fisher County Fair and Rodeo has his plans underway for this years opening parade. He urges all firms and various organizations to enter a contestant in the Queen's Contest, as well as decorated vehicles.

Winners of the local contest will go to a West Texas Fair contest at Abilene, and winner of this will be in the state contest at Dallas New Year's Day. All County winners will be invited to ride in the New Year Day parade in Dallas. Various scholarships will be awarded in the state contest.

Contestants from freshman thru seniors are eligible. No college or married girls are eligible.

Committee handling this years event in addition to Feagan is, E. G. Perkins, Bus Rollans, Max Stuart, Mrs. Fred Waddell, Mrs. Mayme Shelton, Mrs. Pansey Hale, Mrs. Freddie Stuart, J. P. Davis, Cecil King, Foy Mitchell, Jimmy Waddell and O. R. Clark.

Foursquare Church Special Services

Teen Challenge speakers of Dallas will be at the Rotan Foursquare Gospel Church Sunday, July 31st.

These young men will be speaking and giving their testimony Sunday morning at 11:00 o'clock and at 7:30 p.m.

Narcotics addiction is an increasing problem in the United States. It's victims are held in such bondage that there is no positive, proven, human help or cure except through faith in God according to the local pastor, Rev. Welton Parrish.

The church is located at 8th St. and at Genevieve Ave. Rev. and Mrs. Welton Parrish and their church welcome all to attend the Teen Challenge Sunday morning and Sunday night services.

War-Time Friends Visit Strayhorns

Dr. and Mrs. B. A. Slocum arrived here Sunday to visit Mr. and Mrs. Bartlett Strayhorn and his parents, Mr. and Mrs. J. R. Strayhorn. They are retired Missionaries, now living in Alshambra, Calif.

Dr. and Mrs. Slocum were working in the University of China and did work in rural areas from 1928 to 1948 and because of the War they were evacuated to the Phillipine Islands, where he taught 11 years at Central Phillipono University, Iloilo, and retired in 1959.

Mrs. Slocum was teaching in a Presbyterian Mission, conducted by Dr. and Mrs. F. C. Millikens in Shanghai, China and Bartlett, who was in the Armed Forces there attended the Mission where he met Mrs. Slocum, and this was the beginning of a friendship that has continued through the years by correspondence.

Dr. and Mrs. Slocum of Ohio were sent to China to do missionary work by the American Baptist Convention (northern convention.) He is a native of Wisconsin and Mrs. Slocum was reared in Ohio. They left Tuesday afternoon to visit friends in Dallas they had met in China.

Special Attraction For Fair & Rodeo

County Fair-Rodeo To Be Aug. 25-27

Plans are shaping up nicely for the 21st edition of Fisher County Fair, Rodeo and Livestock Show, scheduled for August 25, 26 and 27th.

The rodeo is expected to draw large crowds as contestants are already inquiring of the event. The Rodeo will be produced by Adrian Parker of St. Jo, who always has good stock, which assures exciting events thru the three nights.

A special feature for each night will be Clint Harlow and his world famous Sheep Dog Act, featuring Poncho and Jane. The monkeys ride their mounts in true cowboy fashion and entertain the crowd with their antics.

The cowboy monkey straddles his "border collie bronco" and takes off on one of the wildest, most amusing rides you ever hope to see. Poncho has been described as a shaggy end-swapping thunderbolt who can, in a flash, pivot and stop, feint, then take off in two directions simultaneously.

Poncho's side-kick Jane can slap leather with the best of them and when this wild-riding twosome teams up to corral sheep you better be ready to double up with laughter. This is one of the hottest acts to hit the rodeo arena, as recognized by Time Magazine, Newsweek, the New York Times, Manchester Guardian, Los Angeles Times, San Francisco Chronicle, Houston Post, and others.

Clinton Harlow was invited to the LBJ Ranch in May, 1963, to put on his act for thirty members of the United Nations. During November, 1964, President Johnson invited Harlow to perform again, this time for President-elect Diaz Ordaz of Mexico.

This is an expensive addition to the Rodeo, and Mr. Harlow appears only at the better shows. We were fortunate to secure his act.

Catalogues explaining the entire event have been delivered and are available at County Agent's office.

Each division of the Fair is being handled by active and able committees which includes, Sheep, Dairy Cattle, Swine, Beef Cattle, Steers, Crop Exhibits.

A new division is the Open Horse Show. This committee is headed by L. H. Hicks. The event is for all horses, and has several divisions. This is expected to be a popular part of the show.

The women's, teen-age and junior divisions have the usual departments and is always a major part of the

Day Completes Tulane Retail Store Course

John W. Day, manager and buyer, H. L. Davis & Co., Rotan, was one of 40 young retail clothing executives awarded certificates for completion of an intensive, five-day institute on retail store management at Tulane University.

Certificates were presented Friday (July 22) at the annual banquet of the institute, sponsored by the Tulane School of Business Administration in cooperation with the National Association of Men's and Boy's Apparel Clubs and the Haggard Manufacturing Co. of Dallas.

Discussion subjects during the institute included merchandise budgeting, retail credit, fashion trends, legal liabilities of the retailer, trends in promotion and display of men's furnishings, managing and promoting the smaller store, the computer role in management, and the business outlook for the remainder of 1966.

Primitive Baptists To Meet in Roby

'As It Looks From Here'

Omar Bursleson, M. C. 17th District, Texas

WASHINGTON, D. C. — The Vice-President of the United States was recently quoted as saying in New Or-

leans that if he lived in conditions as some of those he saw, he would be in revolt, too.

In Phoenix, Arizona recently A Mr. John Binkley, Deputy Director for Field Services of the U. S. Civil

Rights Commission, said that the Commission "not only sanctioned civil disobedience, but encouraged it."

He Said That The Commission Responded to pressure and that the squeaking

wheel got the grease. This is a neat summing up of morality surrounding some of the present programs. The implication is clear. What is being said is that conscience or fairness has nothing to do with their activities, but only politics, power, and pressure.

Another Federal Employee Lends His Encouragement to riots and protests by saying, "Nothing ever came about in the Civil Rights movement by being nice. It takes direct and militant action. I have little patience for diplomats."

Remarks By Highest Officials In Our Government would seem to give encouragement and promise to marches, riots and boycotts. They are saying, in substance, that unless the Federal Government continues with its direct handouts, riots and looting can be expected. What is taken to be a suggestion is followed in a great many places.

Even Secretary of Defense McNamara in a recent speech in Canada, which had nothing to do with Defense, suggested that poverty drove people into the arms of the Communists. He suggested that, to head off social upheaval which provides Communism with its entree into undeveloped nations, requires an extensive and far-flung Foreign Aid Program.

This Has Been The Central Theme of our extensive and far-flung Foreign Aid since its inception. The results are not supported by the record. It is a curious fact that some of the poorest countries in the Western Hemisphere have the smallest internal Communist movement. Contrarily, some countries best off, such as

Italy and France, have the largest. According to the logic followed by Mr. McNamara, Buba, the first Latin American nation to go Communist, should also have been the poorest. It was, in fact, the richest.

It Has Been Related Time and Again that there is an "irrefutable relationship" between poverty and social disorder, paving the way to Communism.

From Statistics An Attempt is Constantly Being Made to show that since 1958 almost all the national violence in the world has occurred in the "very poor" nations of the Southern Hemisphere. Statistics neglect, however, to show that these same nations are also areas where the political system has been thrown open to violence by the abrupt withdrawal of Western power in obedience to the Liberal Anti-Colonial concept; where the populace has been relentlessly subjected to the influence of revolutionary leaders, some developed under the very programs we advocate; and the idea that their brand of "democracy should be exactly as our own."

The Record Is More Clear That Communist successes profit but indirectly, if at all, from material causes. Evidence is abundant that the leading modern revolutionaries are not of the poor, but are intellectuals plotting Utopia.

The Core of The Left Wing In Our Own Country is not made up of the poor and downtrodden, but those of considerable intellectual standing and of material means, who would make over our institutions.

Back To The Disturbances In This Country, we can be sure that they are a vehicle for every dissident group and individual, including the Communists. In fact there is evidence that Moscow and other Communist capitols in the world, including Peking, have taken notice of these demonstrations and not only sanctioned them, but join in campaigns to organize world demonstrations. The

Farm Safety Week Is July 24-30

The signing of proclamations by President Lyndon B. Johnson and Governor John Connally designating July 24-30 as Farm Safety Week lends emphasis to the 23rd annual rural safety campaign.

The proclamation urge that all persons recognize and vigorously attack the hazards and unsafe practices that cause farm and rural accidents.

Farm Safety Week in Texas and the nation focuses attention on all farm hazards and places special emphasis on the prevention of highway accidents involving slow-moving farm vehicles. The campaign is sponsored jointly by the National Safety Council, the U.S. Department of Agriculture and the Texas Farm and Ranch Safety Council.

"Today's increasing demand for farm products places world-wide attention and importance on America's farm population," said Howard Pyle, president of the National Safety Council.

"Farm families and rural leaders must make a joint effort to eradicate hazards that could cause death, unnecessary suffering, and

recent "World Peace Council" meeting in Geneva, Switzerland, had this as one of its principal objectives.

If The Theory of the Poor and Downtrodden Going Communist is basically true, maybe there is something to the theory effecting the grasshopper's hearing.

An expert, holding a grasshopper, pulled off one of his legs, set him down and told him to hop, and he hopped. He pulled off a leg on the other side and the grasshopper hopped when commanded to do so. Pulling off all the legs except the last, he told the grasshopper to hop, and he didn't hop. He concluded that removing this many of the grasshopper's legs caused its loss of hearing.

The Rotan Advance Thurs. July 28, 1966 No. 25

loss of time and money." Accidents kill more than 8,000 farm residents each year and an additional 700,000 or more are victims of disabling injuries. Motor vehicle accidents are the leading cause.

Farm Safety Week comes at a time of the year when farm people are actively involved in all phases of farm work. It is an important and ideal time to check the safety of farm equipment and environment.

Farmers who sometimes drive slow-moving vehicles on the highways should know and recognize the SMV emblem. It could prevent your being involved in a rear end collision with slow moving equipment.

The emblem is a fluorescent yellow-orange colored triangle with a dark red reflective border. It is placed on the rear of slow-moving vehicles so it can be seen easily by other drivers, day or night, from a distance of 500 feet or more. It was designed by Ohio State University researchers and first introduced two years ago as a safety device. Since then its use has been made mandatory by law in Ohio and will be required in Nebraska next year. Other states are considering similar legislation.

In The Public Interest

the following information has been prepared by the Rotan Independent School District to explain the pertinent facts concerning the School Bond election called for August 6, 1966

IS THERE A NEED FOR SCHOOL IMPROVEMENTS?

Definitely YES. This new High School is being proposed for your consideration to replace the existing inadequate facility which is some forty years old. The existing High School has served its usefulness as a building for the teaching of our school children and should be replaced by a new and modern High School.

WHERE WILL THE NEW SCHOOL BE BUILT?

The proposed new High School would be built on the existing school campus and so located that the High School students could use the new Cafeteria and the first through eight grades could use the Auditorium. The existing Band Room building and Shop building would be retained and the new High School building would be conveniently located to those structures.

WHAT ARE THE PROPOSED IMPROVEMENTS?

The successful passage of the proposed bond issue for our School District will furnish the necessary funds for building and equipping a new High School. This new High School will be modern and furnished with equipment that will enhance the education of our children for the present and future years.

The new High School would be planned to accommodate at least 250 students. (the enrollment at the close of 1966 spring term was 212.) The building would be designed so that the capacity could be increased in the future with only the addition of academic classrooms. The auditorium, gymnasium, and Administration offices would be built large enough at this time to accommodate the anticipated future growth possibilities.

The new High School will be air conditioned, adequately lighted and a building that will create an environment conducive to superior learning and teaching capabilities. Excellent school facilities are part of our American way of life and ranks high with the factors that make our country a great nation.

Listed below is a preliminary detailed description of the areas that are anticipated to be included in the new High School Building:

- A. 8 Academic Classrooms
- B. Library
- C. Chemistry and Physics Lab
- D. Lecture Room
- E. Business & Typing Room
- F. 2 Home Economics Rooms
- G. Administrative Offices
- H. Auditorium with a seating capacity of 1,000
- I. Gymnasium with a seating capacity of 750

WHAT ASSURANCE DO WE HAVE THAT WE WILL GET THAT FOR WHICH WE PAY?

- A. Architect's plans and specifications must meet with School Board's approval.
- B. Competitive construction bids will be taken.
- C. Strict and complete supervision of all construction by Architects.
- D. The School Board will make a complete inspection of the facilities before accepting them.
- E. An independent audit will be made which accounts for all expenditures.

WHO HAS ASSISTED THE BOARD OF TRUSTEES IN THE PREPARATION OF THIS IMPROVEMENT PROGRAM?

- A. Architects: Tittle & Luther, Member AIA, Abilene, Texas
- B. Financing: Shearson, Hammill & Co. Municipal Bond Dept., Abilene
- C. Legal Counsel: Dumas, Huguenin & Boothman, Dallas, Texas

WHO MAY VOTE IN THE BOND ELECTION?

Before a person is entitled to vote in the election, he must meet all three of the following requirements:

1. Live in the Rotan Independent School District.
2. Own property (real or personal) in the School District which is carried on the tax rolls.
3. Must be registered or exempt because of age or physical defect.

IF OUR CHILDREN ARE TO GAIN ADMISSION AND COMPETE SUCCESSFULLY IN MODERN INDUSTRY AND COLLEGES, WE MUST PROVIDE SUITABLE BUILDINGS AND NECESSARY EQUIPMENT FOR PROPER TEACHING METHODS.

WE URGE YOUR SUPPORT IN THIS PROPOSED PROJECT

WHAT IS ARTICLE 2784 e-1?

This article simply gives the School Board authority to levy a maintenance tax of not to exceed \$1.50 per \$100.00 of Assessed Valuation and levy a tax sufficient to pay the current principal and interest on the bonds. The majority of School Districts in the State have adopted this provision.

WHAT ARE THE ADVANTAGES OF ADOPTING ARTICLE 2784e-1?

- A. Bonds can be sold at a lower interest rate.
- B. Bonds can be repaid in a shorter length of time--therefore fewer interest payments.
- C. Permit the School District to issue the bonds needed to purchase new school buildings and equipment necessary for the education of our children.

WHAT DOES THE SCHOOL BOARD PROPOSE?

- A. The adoption of Article 2784e-1.
- B. A tax rate to be divided as follows:
\$1.12 for the operating and maintenance costs.
.48 for bond and interest payments.
\$1.60 Total proposed tax rate.

HOW MUCH OF AN INCREASE IS THIS FROM PAST YEARS?

The present tax rate is \$1.30 on the \$100.00 of Assessed Valuation. The proposed tax rate is \$1.60 on the same Assessed Valuation or an increase of only .30c.

HOW WILL THIS PROGRAM AFFECT THE AVERAGE HOME OWNER?

Let's assume a home that has an ACTUAL value of \$10,000.00. This home is on the tax rolls with an Assessed Valuation of \$3000.00.

The plan proposed by the School Board would increase the tax rate by .30c per \$100.00 of Assessed Valuation.

Present Tax Rate	Proposed Tax Rate
\$ 1.30 per \$100.00	\$ 1.60 per \$100.00
\$39.00 present taxes	\$48.00 proposed taxes

THE INCREASE ON THE ABOVE MENTIONED HOME IS ONLY \$9.00 PER YEAR.

WE CAN--

Give our children educational facilities which will permit them to compete successfully in business and college.

WE SHOULD--

Provide our children with buildings arranged and equipped for today's improved teaching methods.

WE MUST--

Provide modern facilities in order to assure us that our schools will remain in our community.

Roby Couple Killed In Car Accident

Funeral services were held at 3 p.m. Sunday at First Baptist Church of Roby for Mr. and Mrs. Finley Thomas Rogers and the Rev. F. E. Healer and Rev. Phillip Goodrum officiating. Burial was in Roby Cemetery with Patterson Funeral Home in charge.

They were killed early Friday in a two-car crash on U.S. Highway 87 and Farm to Market Road 41 about seven miles south of Lubbock. Also killed in the wreck was Ross Allen Woodson, 24, acting editor of the Lamesa Daily Reporter.

Mr. and Mrs. Rogers were enroute to Portales, New Mexico to get her mother, Mrs. Effie Brown when this fatal accident occurred.

Mr. Rogers, 51, was born May 26, 1915 in Eastland County. His wife, 43, was born Pauline Brown, Oct. 2, 1922, in Trent. They were married Nov. 1, 1947 in Memphis.

The couple is survived by a daughter, Brenda Kay, of the home.

Mrs. Rogers' other survivors are her mother, Mrs. Effie Brown of Portales, N.M.; four brothers, Newel Brown of Button Willow, Calif.; Lester of Rotan, W. T. of Cleburne and Milton of Seagoville; five sisters, Mrs. H. G. Barnett of Kingsville, Mrs. O. W. Grimes of Odessa, Mrs. T. E. Skidmore of Trent, Mrs. Chester Barnett of Portales and Mrs. Ernest Arnold of Orange, Calif.

Mr. Rogers is also survived by two brothers, Loyd of Roby and Dell of Dallas; three sisters, Mrs. Lawrence Healer of Brownwood, Mrs. Charles Mason of Sweetwater and Mrs. Neva Baumgardner of China Lake, Calif.

Pall bearers were: Finley Thomas Rogers, L. W. Knox, W. W. Killingsworth, Fred Waddell, J. D. McCormick, Jr., Ardis Stephens, Pete Driver, Pauline Brown Rogers, J. D. Vancecil, J. N. McCoy, Boyce Vanecil, Larry Scherwitz, Phil Skidmore, Jesse Kitchens.

Mr. and Mrs. J. A. McClain attended the funeral of Mrs. McClain's aunt, Mrs. Mattie Lewis of Abilene. Service and burial was in Haskell.

Mr. and Mrs. Ronnie Kingston and children of Lubbock visited with her mother, Mrs. Lester Whitley and family and his grandmother, Mrs. Julie Harris and other relatives several days, recently.

Mr. and Mrs. Lewis Cleveland of Odessa visited his parents, Mr. and Mrs. Sam Cleveland over the weekend. Mr. Cleveland is in Callan Hospital.

Mrs. Larry Wells and sons Kenneth, Joe and Gregory of Corpus Christi are visiting in the home of her brother, Mr. and Mrs. A. L. White and other relatives here. Mr. Wells came Wednesday.

Miss Estelle Lotief of Dallas and her father, C. A. Lotief, who has spent several weeks in Dallas, came Saturday. Miss Lotief returned to Dallas Sunday.

Mrs. Enid Thomas and Michelle returned to Fort Worth after spending several days here visiting her father, Emory Keener. Jessie Lee Keener accompanied her home and visited Sgt. and Mrs. W. A. Keener and daughter and Mrs. June Alread. Lori and Nicole. Mr. Alread is doing construction work in Kansas.

Visiting in the home of Mr. and Mrs. Joe Roberts the past week were Mr. and Mrs. Rex Young of Commerce and Mr. and Mrs. Jack Underhill and son of Phillips, Texas.

Cross Roads Baptist Chicken Fry Supper

Each year preceding the summer revival the Cross Roads Baptist Church has a chicken fry, to start the revival off in a spirit of love, fun, and fellowship, hoping and praying that we can see some brought into the fold of God, and that all will find a closer walk with the Lord.

We are looking forward to a good time together, and all members are urged to be present and to bring a guest.

The chicken fry will start at 7:00 P.M. We are looking forward to having you present.

Mrs. J. E. Deel Dies At Big Spring

Mrs. J. E. Deel, 74, of Big Spring died in a hospital there at 11:35 p.m. Friday following an extended illness. The family lived in Rotan area for many years before moving to Big Spring in 1924.

Services were held Saturday at 2 p.m. in Nalley-Pickle Rosewood Chapel with the Rev. Hober Rich, Big Spring Assembly of God minister, officiating, assisted by the Rev. Claud Graven, Trinity Baptist pastor. Burial was in Trinity Memorial Park.

Born July 28, 1891 at Fort Smith, Ark., she married Jim E. Deel, June 14, 1908 at Rotan. He died Feb. 17, 1966.

The family moved to Howard County in 1924 from Fisher County. They lived in the Center Point here where Deel was a farmer until 1934 when they moved into Big Spring.

She was a member of First Baptist Church in Big Spring.

Surviving are two daughters, Mrs. Harley McGangh of Big Spring, Mrs. W. L. Robinson of Garden City; three sons, Avery and Lindsey, both of Big Spring, and Ollie of Abilene; 29 great-grandchildren.

Relatives from this area attending the service were Mrs. Ivan Deel of Rotan; Mr. and Mrs. Pete Deel, Roby and Mr. and Mrs. Woodie Crawford of Abilene.

Mrs. J. H. Chism is visiting her daughter and family, Mr. and Mrs. Dale Cave, while recovering from a fall, she suffered recently.

Mr. and Mrs. A. A. Chapman and Francis of Abilene visited their daughter, Mrs. LeeRov Best and Rev. Best and family over the weekend.

Rev. and Mrs. Marvin Fisher attended the funeral off Miss Lee in Abilene last Thursday. She was a close friend of the Fishers.

Mr. and Mrs. Morris Watson went to Dallas last Friday and were joined there by their son, Morris Watson Jr., of Vienna, Va., for a visit with Mr. and Mrs. Jim Watson and children.

Mr. and Mrs. J. R. Strayhorn attended the funeral of Mrs. A. W. Bouchier, 94, in Post Wednesday afternoon. She was mother-in-law of Mr. Strayhorn's sister, in Post and a long-time friend of Mrs. Strayhorn's family, the late Rev. and Mrs. A. R. Tyson.

THE SAFETY SENTRY
BY JANE DAVIS
Director of Consumer Services
Sentry Insurance

Summer Auto Safety

The "good old summertime" presents delightful opportunities for freedom and play to children, but to drivers summer means added hazards. For safer summer driving, Sentry Insurance makes these recommendations:

- Watch out for children playing on drives and in streets. Last year more than 300 children were struck and killed in their own driveways. In a split second a child running after a ball may become a fatality statistic.
- Drive slow in areas where children are at play. They're concentrating on games, not street traffic.
- Don't let children play in the car. Lock doors, if necessary. When the car is parked, set hand brakes and put the gear in "park" (or reverse, if your car has a standard shift). Never leave keys in the ignition when the car is not in use.
- Before getting into the car, check in front and back to see that the path is clear of children and toys.
- Wear sunglasses while driving during the day, but never after sundown.
- Don't be misled into thinking slick roads are only a winter problem. Oily streets, during and after a rain, can be very slippery.
- Drive defensively. During the summer there are more cars and many more pedestrians on the streets than any other season. Your being in the right won't keep you from having an accident. Expect the worst of other motorists... anticipate trouble... and you'll prevent it.

Medicare Sign-Up To Continue

"Medicare enrollment will be a continuing process from now on," said R. R. Tuley, Jr., social security district manager for the Abilene area. The general enrollment period that ended May 31 was an all-out effort to enroll those persons who were already age 65 or older.

Persons not yet 65 will have 7 months in which to enroll for doctor bill insurance, Tuley continued. The individual's enrollment period for that part of Medicare will run from the third month before his 65th birthday month to the third month after it. Thus a person who will be 65 in October, 1966, may enroll from July 1, 1966, through January 31, 1967.

"There is no special enrollment period for the hospital insurance part," he went on, adding that a person past 65 could sign up for that even, after he becomes an inpatient at a participating hospital. There are no premium payments involved for the hospital insurance half of Medicare.

Whether or not a person has retired or has ever worked under social security has no effect on Medicare coverage, but failure to enroll in the 3 month period before age 65 will result in a delay of from one to three months in acquiring the medical or doctor bill part of Medicare coverage. A higher premium cost will apply for those who do not enroll at their first opportunity but decide to come in during a later October-December period in 1967, 1969, or other odd-numbered years. Persons nearing age 65 are urged to ask their social security office for the free booklet on Medicare, Tuley added.

Tuberculosis still is a serious health problem in the United States.

One hundred thousand Americans are walking the streets today with active infectious tuberculosis who don't know they have it, says Today's Health, the magazine of the American Medical Association.

By the time symptoms appear — fever, weight loss, coughing, and perhaps blood spitting — the disease has reached a point at which control is difficult. Some won't recover; 10,000 victims died from tuberculosis in a recent year, Today's Health reports.

Everyone is susceptible. TB is contacted from someone who has it, mainly by breathing air contaminated with TB germs. These are spread by coughing, sneezing and spitting. Sometimes a person becomes infected when germs enter his mouth from contaminated fingers, food or eating utensils, or from kissing an infected person.

If active tuberculosis is diagnosed, your physician has a choice of a variety of drugs, such as streptomycin and isoniazid, which effectively suppress the germs while the body builds up its own immunity.

Children under five are a "high risk" group because of the frequent and close associations with their parents, relatives, household help and baby sitters, any of

Tax Man Sam Sez:

Each year thousands of students work in summer jobs. Their employers, in accordance with the law, withhold taxes from their wages. A lot of students do not earn enough during the summer to require them to file an income tax return. However, it is important that they file a tax return shortly after January 1 next year, so they can get their refund. If a student does not file a tax return and claim his refund, the Government doesn't know he has a refund coming. In the case of many students, filing a tax return can be a profitable task.

Everyone should have an annual check-up in the form of a skin test or chest x-ray. These tests are available free in most areas any time of the year. Local public health officers and the local chapters of the National Tuberculosis Association will direct you to TB detection centers in your area. The skin tests are simple and painless. If one of these indicates TB germs are present, it doesn't necessarily mean the germs are doing damage. It takes an x-ray and sputum test, along with blood and urine studies, to determine accurately whether the bacilli are active.

Former Resident Dies At Mexia

George W. Casey, 83, of Marlin, former Fisher County resident, died Friday in Mexia General Hospital.

Funeral was held at 10 a.m. Monday in Church of Christ with Robert Bankhead, minister of Roby Church of Christ officiating. Burial was in Bellview Cemetery, Weathersbee Funeral Home of Rotan in charge.

Mr. Casey came here in 1913 from Milam County and later lived in Sweetwater and Oklahoma. He married Nellie R. Lambert August 16, 1911, in Lott. She died Sept. 28, 1963, and he moved to Marlin.

He was a member of the Church of Christ.

Pallbearers were L. D. Singley, Arthur Singley, Tom Ramby, Marvin Mann, L. C. Vittitow and Arnold Allen.

Surviving are one daughter, Mrs. Sam McGee of Angleton; a son, Clyde of Seminole; three grandchildren, and four great-grandchildren.

WTCC Using Women's Abilities

Leading West Texas women will appraise and evaluate West Texas Growth Potentials during a meeting on August 5, at the colorful and historical Lambhead Ranch near Albany.

Also to be considered is the formation of a Women's Committee in the West Texas Chamber of Commerce.

The Growth Potentials were developed by experts who participated in twenty-two brainstorming sessions held throughout West Texas. The subjects included tourism, industrialization, public affairs, agriculture and ranching, water, education, petroleum and chemicals, and cultural affairs, all approached from the West Texas angle.

"The viewpoint and participation of women is vital to the future development of the Growth Potentials of West Texas," said John Ben Shepperd, of Odessa, president of the West Texas Chamber of Commerce.

God Bless...

God bless Mommie, Daddie, and all my friends at church...

"Hearken unto the voice of my cry, my King, and my God."

God's word has a great deal to say about prayer, for prayer is our means to communicate with God. Through prayer we can give thanks, petition for our friends, and seek God's wisdom for our daily living.

Make prayer a daily practice in your life.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

signed to travel not more than 25 miles per hour. Purpose of the emblem on the rear of such vehicles is to identify them at distances allowing operators of faster vehicles to slow down in time.

The emblem, made of light-weight aluminum materials, has a solid center triangle of fluorescent orange with a 1 3/4-inch outer border of red reflective material. The orange material has been proven to be highly visible to approaching motorists at distances exceeding one-fifth mile. At night, the reflective border glows brilliantly in the path of oncoming headlights — producing a hollow, red triangle which immediately identifies a slow-moving vehicle. The overall dimensions are 16 inches wide and 14 inches high. It should be mounted at the rear of the vehicle, three to five feet from the ground. The symbol is endorsed by the National Safety Council, American Society of Agricultural Engineers, Automotive Safety Foundation and other groups.

Joe Smeta, Texas Farm Bureau safety director, said the research at Ohio State University revealed that two out of three accidents involving slow-moving vehicles are rear-end collisions. These collisions account for two-thirds of the fatalities and injuries and 70 per cent of the property damage in accidents involving slow and fast moving vehicles.

He pointed out that a majority of the injuries and fatalities occur to the operator of the slow-moving vehicle. Nine out of every 10 of the accidents occur in daylight hours on dry highways, according to the studies.

Boy's Ranch Round Burns Completes Up Halfway to Goal

SAN ANGELO — The annual Round-up for livestock for West Texas Boys Ranch at Tankersley has reached the half-way point in animal units.

This year's round-up started April 18 with a goal of 200 animal units, according to Round-up Chairman, Roddy Peoples of Midland. The total given to the Ranch is so far 100 head, Peoples said.

"With the late summer and fall movement of cattle and sheep still ahead and the heart-warming response West Texas vouchers are showing to the Round-up, 'I'm optimistic that the original goal will be reached' the Round-up Chairman stated.

The livestock so far collected for the Ranch, plus many cash donations, has boosted the funds to \$15,775 this week. According to Peoples, this is a little short of the hoped for amount with this number of livestock, but he pointed out that the livestock prices have weakened since the original goal was set, and therefore the total so far is proportionately reduced.

"West Texas Boys Ranch likes to see a good rain and a strong market just as much as the ranchers out here do," he joked.

Peoples urged ranchers in the sixty-county area served by West Texas Boys Ranch to remember the continuing need for operational funds at the Ranch. Money collected during the drive forms a large portion of day-to-day operating needs such as food and clothing. Any farmer or rancher who would like to contribute livestock may do so by contacting his county Wagon Boss who will make

Burns Completes Pendleton Training

Camp Pendleton, Calif. (FHTNC) July 14 — Marine Private Bill R. Burns, son of Mr. and Mrs. Earl R. Burns of Dorras Route, Rotan, Tex., has completed individual training here.

The four-week course included over 200 hours of instruction under simulated combat conditions, covering squad tactics, guerrilla warfare, day and night combat, patrolling and the use of infantry weapons.

His next stop is four weeks of basic specialist training in his military occupational field. Marines to be assigned to infantry units

arrangements, or merely by designating those livestock to be contributed to the Ranch when they are taken to market. Auction market operators in West Texas for many years have actively supported the Round-up by forwarding the proceeds from the sale of livestock so designated direct to the Ranch.

H. L. Davis is Wagon Boss for Fisher County.

Those wishing to support the ranch with cash contributions may mail a check direct to West Texas Boys Ranch, Box No. 1624, San Angelo, Peoples said.

DPS & FB Urges Marking Slow Moving Vehicles

AUSTIN — (Spl.) — Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, has joined the Texas Farm Bureau in urging operators of "slow-moving vehicles" such as farm tractors, combines and road construction and maintenance equipment to display special luminous "SMV" warning emblems on the rear of the equipment.

Garrison said the emblems, developed as the result of extensive research at the University of Ohio, are available through all county Farm Bureau offices and a number of farm equipment dealers, gins, elevators and warehouses.

He emphasized that the emblem is not designed to replace any other warning devices, such as lighting, which are required by law, but to supplement such devices.

"While this emblem is not required by law in Texas, we feel, as does the Texas Farm Bureau, that it can make an important contribution to the safety of operators of such equipment as well as other motorists sharing the streets and highways," Garrison said.

"We would like to urge all motorists to familiarize themselves with this warning sign and watch for the bright orange emblem with the red border and the triangle shape which identifies slow-moving vehicles."

The DPS Director said that "slow-moving vehicles" are described as those de-

WTU NOTEBOOK—PATTERNS FOR PROGRESS

INDUSTRIAL SITES AND BUILDINGS

...basic for new and expanding industry

Industries' requirements for land and buildings are one of their most important interests when selecting a town in which to operate. Each industry has its own peculiar needs. Therefore, a wide variety of different type industrial sites gives a community increased chances of obtaining new industry as well as helping its existing industry to expand. Planning and zoning by a community is important to the community as well as to industry. Land is now available in West Texas. Wise planning for the future can easily be accomplished.

INDUSTRIAL SITES — range from industrial parks, planned industrial districts, individual sites (with all utilities) to raw land to be developed. Communities desiring new industry should have the following information on firmly committed industrial sites . . .

PLATS — Showing size, shape, location of utilities, access to transportation and topography.

LOCATION — Inside or outside of the city and any zoning restrictions.

PICTURES — Aerial photos tell an excellent story on an industrial site.

INDUSTRIAL BUILDINGS — existing buildings are very important as they are usually available at a lower cost than building new ones. In addition to the above information on sites, a community should have the following information on buildings . . .

FLOOR PLAN — Showing the size and dimensions of building, wall and ceiling heights, floor bearing capacity, office space, whether it has sprinkler system for fire protection and what type heating and air conditioning would be available.

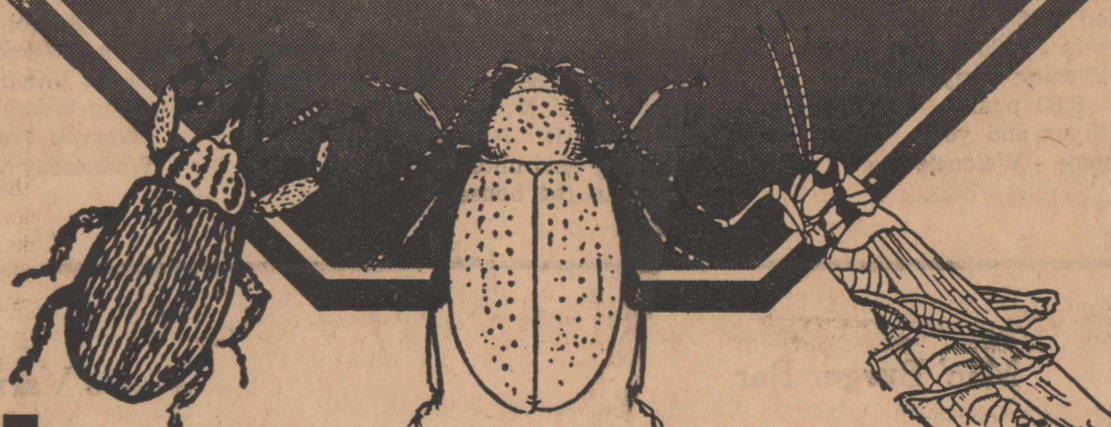

PICTURES — Show the type construction of the building as well as many other items of information that industry would be interested in.

VIP (Very Important Part) — Have firm commitments in writing on all industrial sites and buildings as to sale price and/or lease price, cost of extending utilities or roads and basic construction costs in the area for new facilities.

Ask your WTU local manager for additional information and services available.
