*I need of a pull...*

It is fun to get out and romp with our children, to share in their joy. Sometimes it is even work to pull them on a sled. Afterwards you may be tired and bones and muscles ache, but you think fondly of the laughter, and squeals of delight and the love that shines in a child's eyes. Then you think it's all worth the effort, for they won't be young forever, and someday you will only have memories.

They won't be young forever and now is the time that they need a pull in the direction toward God. Now is the time that you can lead and share in the joys of their worship. Take your children to Church this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

**Coring Is Started For New Building**

The Trinity Testing Laboratories have begun field work for the new high school. Coring for soil samples will help determine width and depth of foundation, and type of concrete used in the foundation. The cost will be between 700 and 800 dollars. This has to be done before architects "Titte and Luther" can begin work on the new school.  
Chris McCasland.

**Students asked to Give to March of Dimes**

Last week the March of Dimes folders were handed out to all students. There are slots for six dimes on one side and on the other side is the picture of a boy with just one arm. He is Ricky, and is used for the March of Dimes posters, this year.

Students are not required, but asked to donate. The money will apply to the Fisher County quota.  
Chris McCasland.

**Band Using New Instruments**

The Yellowhammer Band is using three new instruments which were recently bought.

These instruments are a baritone saxophone which helps the bass section of the band. Also helping the bass section are a baritone, and contra-bass clarinet. A student, Mary McDonald, is the owner of a piccolo which helps the flute section.  
Floyd Garcia.

**Three Rotan Boys Received Awards**

Showmanship awards were presented at the County Show. Three of the four awards presented were received by Rotan boys.

Showmanship award in Dairy division was given to Mickey Counts; Sheep division, Terry Floyd; Beef division, Kenneth Gruben. Bobby Moore from Roby received the award in the Hog division.  
Awards were provided by Fisher County Young Farmers.  
Earnest Kiker.

**Mrs. Clark Attended State Teacher's Meeting**

Mrs. Whit Clark represented Rotan and school District Seven at a meeting of the State Board of Texas Classroom Teachers Association, January 6 and 7, held at the Commodore Perry Hotel in Austin.

The purpose of the meeting was to make plans for the state convention to be held in San Antonio, March 31 and April 1, make final plans for the automobile insurance to be offered to teachers this month, and to study the proposed constitution.  
Mary McDonald

**School Census Taken for 1967-68 School Year**

Homemaking III  
Class Takes

**Field Trip**

The Homemaking III class is now studying Child Development, and Care. As a part of this study they took a field trip to Primary. There they observed the behavior of the first grade students in various class activities.

Some of these girls had worked with the Pre-Schoolers during the summer. They paid special attention to those students they had worked with. Each girl was then asked to make a report to the class on her observations.  
Iris McDonald.

**Local Pastors Attend First Evangelism Inst.**

Two Baptist pastors attended the first Evangelism Research Institute last week Monday - Friday in Mt. Lebanon near Dallas. They were Rev. M. S. Raymundo pastor of the Mexican Baptist Church and Rev. Harold Churchill pastor of Highland Home Baptist Church and Evangelism Chairman for Fisher County Baptists. The Institute was attended by one-hundred men made up of Association Evangelism Chairmen, Latin-American pastors, and key Laymen from all over Texas.

The Evangelism Research Institute was a new attempt to come to grips with the challenge and opportunities of evangelism in 20th Century society. The old moral patterns, mores, and ideals are changing as they reflect the shifting spiritual values of the contemporary generation. The Institute was an effort to explore new possibilities in the Christian's mandate to relate the saving power of the unchanging Christ to a world in chaotic transition.

Courses of study were offered in the theological and practical approaches to modern evangelism. The classes began each morning at 8:00 and the school day was concluded at 3:30, but this was not all. After supper each evening the one-hundred men were divided into five groups that went to five different places to give testimony and witness of what Christ wants to do for man today. The areas of work were: "Little Mexico" - in Dallas, Love Field - Air Port in Dallas, Tarrant County Jail, Tarrant Baptist Rescue Mission, and the Streets and Liquor stores in Dallas. In these five areas these men were privileged to see the Lord save more than fifty men.

Mr. and Mrs. J. A. McClain visited his father, C. A. McClain in Spur Monday night.

Mrs. C. T. Speed of Snyder visited and attended to business in Rotan Tuesday.

Mr. and Mrs. Kike Beauchamp and Earl Beauchamp visited relatives in Post Sunday.

Mrs. Cecil Parr, Mrs. Jack Worley and two sons of Lubbock spent Sunday here with their aunt, Mrs. Louell Harris.

Mr. and Mrs. Morris Watson visited Mr. and Mrs. Elwood Freeman and children in Lamesa Saturday.

Mr. and Mrs. Bob Clark, Vickie June and J. R. of Grandview spent the weekend here with his parents, Mr. and Mrs. O. R. Clark.

**DKG Hears Committees**

The Gamma Tau Chapter of Delta Kappa Gamma met at Rotan, January the 8th, at the School Cafeteria.

Several committee reports were made.

Mrs. T. E. Knapp discussed the purpose of the scholarships offered by Delta Kappa Gamma, and when and where to make application for one.

Mrs. Herman Phillips, of the State Scholarship Committee, described last year's meeting of the Scholarship Committee at Ft. Worth and announced the February 17-18 meeting of this year. The purpose of this meeting is to present scholarship awards to teachers who have requested them.

Refreshments of cookies and coffee were served to the group of 27 members from Sweetwater, Roscoe, Roby and Rotan.

Mr. and Mrs. O. R. Clark enjoyed a 4 a. m. visit by telephone with their daughter, Mrs. Alvin Nitsch from Tripoli. It was noon there. Mr. Nitsch is with an oil company there and they expect to visit in the State during June. Mrs. Nitsch is teaching twirling in Tripoli and will take a group of twirlers to Rome soon. She has 80 members in her class and says she enjoys her work.

**Look what's happening at Mercury!**

**Untamed elegance!** America's first luxury sports car at a popular price.

This is the day of the Cougar. An entirely new kind of driving machine from Mercury.

Mercury Cougar is a true luxury car. With an ice-cool elegance. With a European flair and thrust to its styling. With a roomy, full-width rear seat! With standard features found, until now, only in expensive cars. Examples:

- Sequential rear turn signals are standard! They flash in three steps (at the rate of 70 times a minute) to point the way you're turning.
- Concealed headlamps are standard! They hide by day and, cat-like, open at night.
- Inside, vinyl-covered bucket seats, cushioned with molded foam, are standard! Wall-to-wall deep-loop carpeting, standard! 3-spoke steering wheel, standard!
- And in a car this luxurious, you'd expect a V-8 engine. Cougar has it. A 289 cu. in. V-8. Compression ratio: 9.3:1. And it uses regular fuel.
- When we say Mercury unleashes Cougar, we mean it. Cougar is a superb sports car. It moves on cat feet. Tracks true. Rides smoother, quieter.
- The price! Less than you'd expect. At previews, people have overgessed by \$1,000! We believe Cougar is the best-equipped luxury sports car for the money.
- And at Cougar's price, you can indulge yourself in such better-idea options as: Styled steel wheels. 4-speed Select-Shift Merc-O-Matic that lets a man run it through the gears... lets his wife leave it in automatic. Also a 4-barrel Marauder 390 GT V-8. Vinyl-covered Oxford Roof. Sports Console.
- Also: Tilt-Away steering wheel. Power disc-brakes up front. A finger-tip speed control mounted on the turn signal lever. But first: See Mercury Cougar. Untamed elegance. At your Mercury Man's, your Mercury dealer's.

Cougar excitement runs through the whole Mercury line. See all 28 models. See your Mercury dealer listed at right.

### Yellowhammer Was Music Inspiration

When Ludwig Van Beethoven was a young man, he was walking in the woods one day and heard a yellowhammer singing in a tree above him. The song began to suggest a tune, so he quickly got out his notebook and began to write what became his famous Fifth Symphony in C Minor. During World War II the opening phrase of this symphony was discovered to spell a "V" in morse code, so this musical phrase became known throughout the world as "V", the symbol of victory.

This information was obtained from "Ludwig Van Beethoven" by Marjorie Gordon for the book Leaders and Heroes.

### Problems Answered By Sister Sue

Today, students are faced with many problems and questions concerning school, teachers, boy-trouble or girl-trouble, matrimony, new hair styles, and other ordinary problems of the day.

The "Flicker" staff has finally found someone capable of answering and solving the problems of the troubled student. She is Sister Sue.

A box has been placed in the hall for her mail.

Remember, Sister Sue has advice for you!

Jeanie Bollinger.

### The Long Forgotten Past of High School

Have you ever stopped to think what used to be taught in your room. The Spanish Room on the first floor used to be a math room when high school was built. It was even used as a banquet room. A wall was put in and typing was taught on one side and bookkeeping on the other side. Since that time the wall has been torn out and Spanish is being taught there.

The other classroom on first floor was an Ag. class. Later it was the principal's office and now it is the home of the Flicker.

Mr. Wright's office was once the superintendent's and principal's office. When the superintendent hired a secretary, the principal's office was moved out into the waiting room.

Biology lab, once housed some primary grades. Industrial art classes were taught there and the band used to practice there. People that were boxing for the Golden Gloves even practiced there.

The band room was in the room used by bookkeeping now and the band director just taught certain sections at a time. The typing room used to be science lab and a Spanish class.

When the high school was on the hill, the football stadium was where the gym is. Primary was in the old city hall and Rotan was one of the only schools in their district without a gym.

In a year or two there will be nothing left of the old high school building, except memories.

Stephen Baugh.

### Rotan Gets Two On Regional Band

Starmie Partin, Kay Kennedy, and Mary McDonald qualifiers for the all district band, represented Rotan at the regional band contest. The band was a non-performing one and try-outs were held for chair placement only.

Out of 47 clarinets that tried out, twenty-four were selected for the band, two of which were representing Rotan. Starmie Partin made the 22nd chair and Kay Kennedy made the 24th chair.

Glen Murphree.

## It's a bigger bargain today than ever before

Your telephone gives you more for your money today than at any time since Mr. Bell invented it.

Pretty big statement. But it's true. There are more telephones in more places today than ever before. Two hundred million in the world; four million of them here in Texas.

On the average, there are more than twice as many telephones in each of our Texas exchanges as there were 20 years ago. So it figures you can reach more people, get more things done by phone than ever before.

And what about Long Distance rates? They've been going down while the cost of almost everything else has been climbing up. There've been 10 Long Distance rate reductions in Texas since World War II.

Another thing. The quality of service has never been better. Today's phone users can talk as though they were four feet apart. Back in the early 1930's, it was 35 feet.

Better service to more places at lower cost. We think that's a winning combination.
