I was firing everything I could. Guys were getting hit all over the place. "A medic got hit — killed."

He continued, "They threw gernades at us, but they were duds....thank God."

They called up two tanks, Elson said. But one was knocked out by enemy guns and one plunged into a bomb

The captain told how the wounded tank driver scrambled atop his flaming tank and fired the 50-caliber ma-

chine gun. When it was over, Delta

Company had four dead. They counted 27 enemy dead.

Landes wasn't with the company when it ran into the ambush

He was with a platoon sent to Trung Lap to bring in two tanks. But they couldn't get them back.

Twice they ran over land mines.

Delta Company rested the day after the ambush, but the pattle went on around their camp.

They had dug foxholes in the sift sand, covered the holes with ponchos and crawled inside to escape the relentless tropical sun.

It was stifling hot. There was no wind except the whirlwind kicked up when the helicopters came in to drop supplies.

And then the heilcopter storms sent air mattresses, ponchos and packs flying over the camp.

That's the way it is in the HoBo Woods

## Many Social Security Change

The changes in the social security law signed by President Johnson on January 2, will mean a benefit increase of at least 13 percent in the social security checks of about 30,500 men, women and children in the 15-county Abilene District.

The Social Security Administration's high speed electronic computers are now figuring the increases and will include the increases in the checks delivered early in March.

Beneficiaries need not take any action to get the increase. It will be sent to them automatically.

Some social security beneficiaries will receive more than 13 percent increase. The minimum benefit for workers retiring at 65 is increased from \$44 to \$55.

The last increase in social security benefits to 7 percent, and was effective January 1965

About 3 out of every 10 beneficiaries receiving an increased check early in March will be someone under 65, many of them the children of working fathers who have died.

The value of social security survivors insurance is often overlooked. Social Security is more than just a retirement system. It is also income protection for the family in case of the breadwinner's death or disability.

With the increased benefit payments provided under the new amendments to the law the face value of social security survivors insurance protection is increased to about \$940 billion. This is just about equivalent to the value of all private life insurance now in force.

Under the amended law, maxmum payments to families now on the social security benefit rolls will go up from currently payable maximum of \$309.20 a month to \$322,40. In the future, the maximum payable monthly to any one family can be as high as \$434.40.

**GUIDELINES SET** State Board of Insurance announced these general guidelines for cancellation of certain insurance policies or company refusal to renew coverage:

Family auto policies and auto coverage should be cancelled only for premium nonpayment or for license suspension or revocation.

Companies should not balk at renewing family auto policies strictly on account of age of insured.

Thirty days' notice of nonrenewal should be given before declaring to renew family auto policies and auto coverage, homeowners policies on

one-family dwellings. Cancellation cannot be ordered on home owner and standard fire policies for onefamily dwellings solely because the company changes underwriting requirements during the policy term.

## DAR Hears Of Communists

The home of Mrs. W. E. Towson was setting for the December meeting of Nancy Harper Chapter of Daughters of the American Revolution. Mrs. Towson and Mrs. Pete Starnes were hostesses.

Mrs. Towson, Chapter Regent presided at the meeting. Mrs. Walter Boothe led in the opening prayer which was followed by the Pledge of Allegience. Mrs. Wilson Barton, Chapter Registrar, read a beautiful Christmas message marry during the coming from the President General of year. A message "A Merry Society of five new members of the chapter. The communist attack against the United States is a moral, an intellectual, and a political struggle Mrs. Kinsey concluded with the statement that we have hardly begun the struggle to give our cause the political, intellectual, and moral strength it will need if we are to survive.

Following the report on National Defense, Mrs. Kinsey presented the two DAR Good Citizens - Nancy Allen of Sweetwater, and Brenda Landes of Rotan. Each year Nancy Harper Chapter presents Good Citizen Awards to a senior girl in each of the two high schools. The girls are chosen by students and faculty on the basis of leadership, service, dependability, and patriotism. Mrs. Kinsey presented each girl with a DAR Good Citizen pin.

Mrs. Towson · presented salso have Pumps, Motors, Mrs. Hubert Barton who discussed two of our Christmas customs — the Christ Card and the Christmas Seal. Mrs. Barton said that the Christmas Card has been in use more than 100 years. The original of the first card is on display in the British Museum in London.
