'Farming Frontier' Today

Farm Tractor & Service Inc. are holding "Farming Frontiers" today, starting at 11:30 at Community Center.

Much information on new John Deere farming equipment will be given, and interesting film shown and lunch served at 11:30.

A lucky farmer will draw special gift of one of their new Roll-Gard units.

Tractor accidents, according to national statistics, are one of the leading causes of injury and death on the farm. The National Safety Council has estimated that tractor overturn accidents annually claim approximately 500 lives in the United States.

John Deere engineers pioneered in the research and testing which resulted in such safety protection.

Extensive testing by John Deere Engineers, who deliberwhat happened in such acciand frequently pins the operator underneath.

Former Resident Is Impersanator

Gayle Cayce of Houston, a former resident of Rotan and brother of Mrs. A. D. Turner is gaining quite a reputation as impersanator over South Texas.

At a recent meeting Bellville Lions Club he appeared and the Bellville Times gave the following report on him:

"At the invitation of Lion Gillis Bader, Gayle Cayce of the Rotan Heating and Insulating Co. of Houston, entertained members of the Bellville Lions Club Thursday. It was a hilarious meeting, with the speaker lampooning, in a friendly fashion, many of the individual members.

Mr. Cayce concluded his appearance with an impersonation of Senator Dirksen, the "lion" maned senator from Illinois. His replies to prewritten questions were very much in line with what could be expected from the Illinois statesman, whose wit, erudition and articulation have made him one of the most respected members of the U. S. Congress."

Gayle is very loyal to Rotan which is shown by his choosing the name of his business "Rotan Heating and Insulating Co." of Houston.

We congratulate him on this interesting and intertaining sideline and hope on one of his frequent visits to Rotan he will appear on Lions Club program.

Sil

Teachers Meet The Texas Teachers of Foreign Languages meet on the Texas Tech Campus, Saturday, February 10th. Mrs. Gannelle Kelly (the former Genelle Wilhite) State President presided. Principal speaker for the meeting was Dr. Stanford H. Newell, Professor of French, Converse College, Spartanburg, S. C. who spoke of changing concepts in language teaching. Teachers from Navasota to Spearman, from Laredo to Wichita Falls, from El Paso to Denton and most points between made up the group of more than two hundred and sixty teachers attending. Teachers of eleven foreign languages were present; representing both junior and senior high schools as well as Colleges and Universities over the state Teachers deriving much in-

Language

Teachers deriving much inspiration from the group meetings were problems involving the teachers of their special interest language were discussed. Also several demonstration Operations were shown small groups.

Representatives from several companies gave demonstrations in the uses of new materials, machines, and other teaching aids.

Miss Josie Baird attended from Rotan.

Marshall Hariman in place as soon as possible.

Primary has a very priceless collection of dolls, of which many people have seen but never thought about. The first doll that primary

Argentina Velez

Dolls of the World

Display in Primary

collected was presented in 19-45. It was presented by the PTA and it was from Czecho slovakia.

Each doll came from a different country. There are about forty dolls in the col-lection. The dolls are either ordered or sent from the different countries.

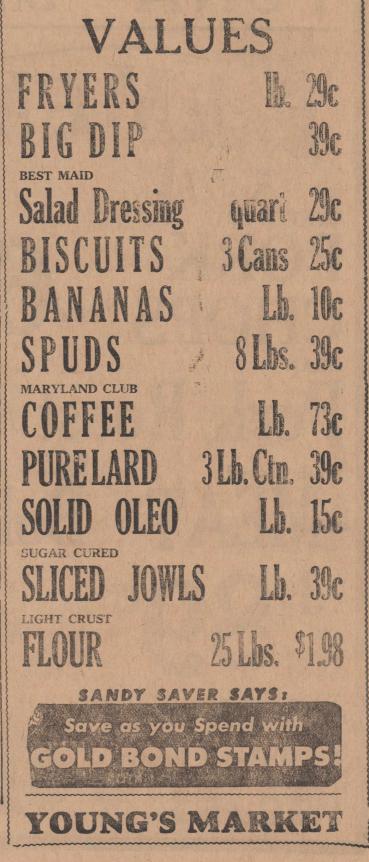

One of the dolls, which is in the principal's office, is from Viet Nam. It was sent by a father, of a student, fighting in Viet Nam. There are also some Japanese dolls which were sent by a father in Japan. These dolls can be seen in

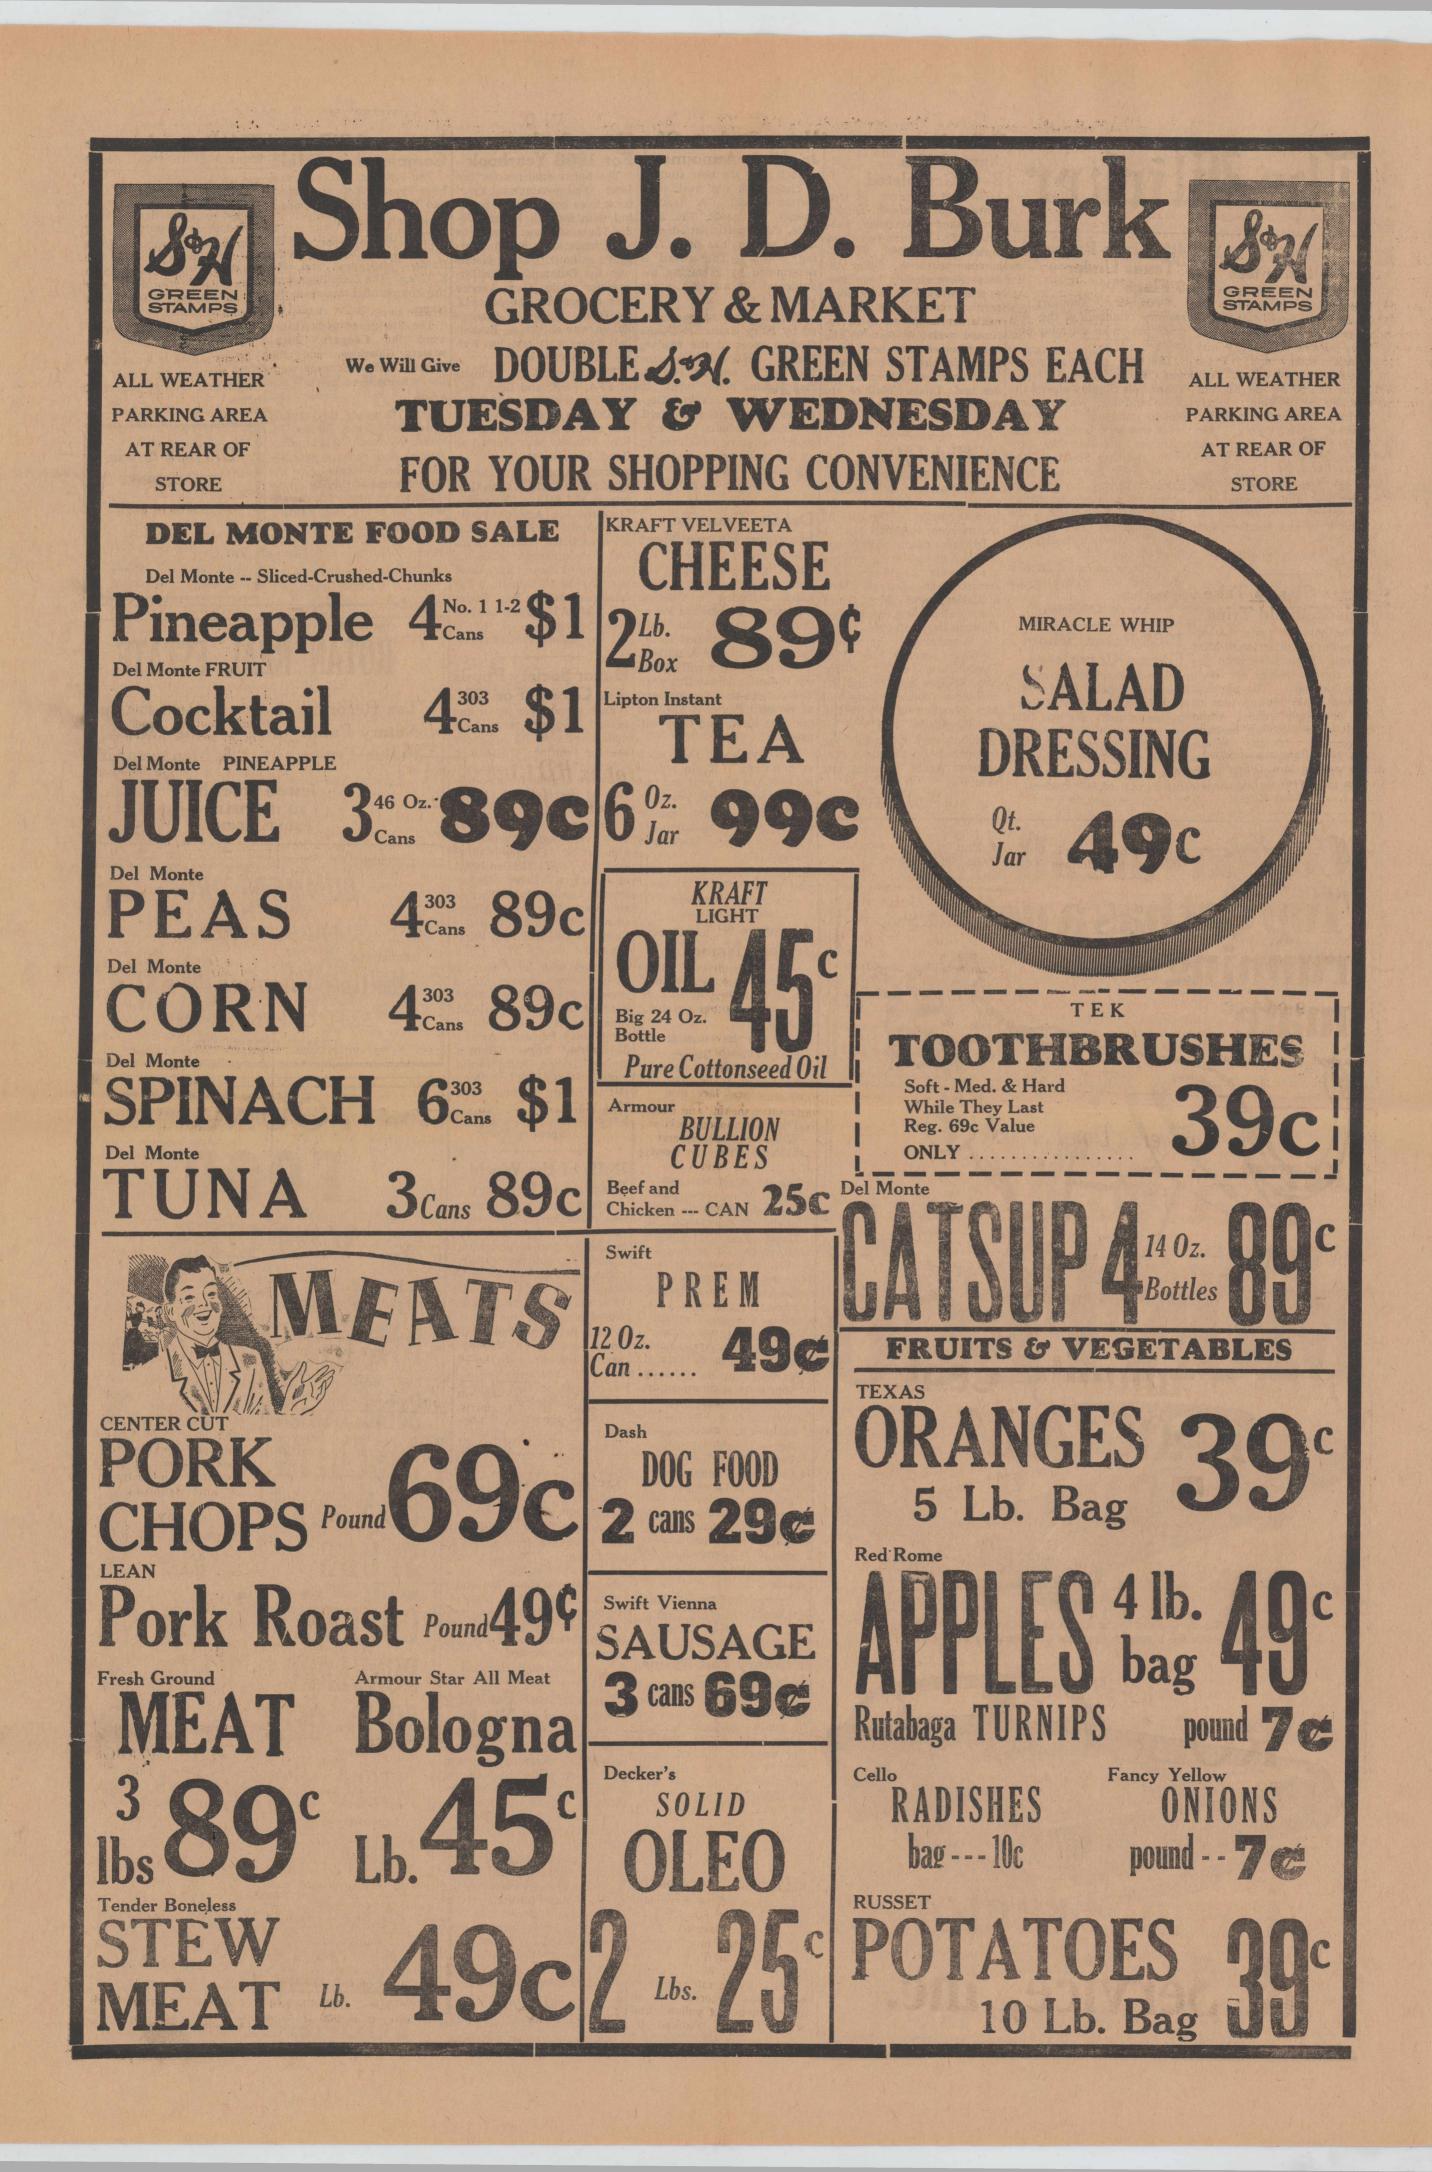

the showcase in the middle of Primary. They are used to help the teachers to teach the students about the country being studied. It is mostly during Christmas that they are used, because that is when Primary takes: "A trip around the world."

NOTICE

Tax Return Dallas — Tere's a word of advise from the Internal Revenue Service: After you prepare your 1967 Federal income tax return, it is a good

idea to set it aside for a day or so and give it a thorough review before you mail it.

District Director of Internal Revenue Ellis Campbell, Jr., said that North Texas taxpayers who heed this advice often find omitted income or deductions, or errors in arithmetic. A review of the return may disclose that the taxpayer failed to provide his address and zip code, omitted his social security number or listed it incorrectly, did not attach all copies of Form W-2, or forgot to sign the return.

This review will be time well spent as it may prevent delays in processing the return and will speed up any refund due, Mr. Campbell said

Mr. Farmer-Mr. Rancher:

The next time you find it necessary to borrow on your farm or ranch land, we would like to have you consider a FEDERAL LAND BANK loan. Loans are made for long terms with a reasonable interest rate.

RALPH C. SOUTH Manager

FEDERAL LAND BANK ASSOCIATION OF ROBY

You say you fell out of a tree

and it'll be eight weeks before you're back in school?

Cheer up. Even Tarzan mis-times a leap now and then.

And don't give up on your school work. We've made it possible for many shut-in students to attend classes even though they're confined to bed. Our school-to-home service is the answer. It's a two-way communications system that lets the student speak and listen to anyone in the classroom.

It's helped many a bright youngster through some pretty gloomy confinements.

After all, we've had years and years of practice in developing phone arrangements for special problems. We offer phones for hard-of-hearing people, blind people, people who can't use their hands-phones so kids in bed can be in school. We'll be glad to tackle your problem, too. Just call the telephone business office.

"Ye Shall Know The Truth" John 8:32

RELIGIOUS UNITY

Jesus prayed, "Neither pray I for these alone, but for them also which shall believe on me through their word; that they all may be one; as thou, Father, art in me, and I in thee, that they also may be one in us; that the world may believe that thou hast sent me" (John 17:20-21). The Apostle Paul said, "Now I beseech you, brethren, through the name of our Lord Jesus Christ, that ye all speak the same thing and that there be no division among you; but that you be perfected together in the same mind and in the same judgment" (I Corinthians 1:10). The Divine exhortation is "Give diligence to keep the unity of the Spirit in the bond of peace" (Ephesians 4:3). Paul, inspired of God, makes a catalogue of the sins of the flesh and charges that "they that practice such things shall not inherit the kingdom of God" (Galatians 5:19-21). Among those sins is division, and yet we see those who profess to be believers torn asunder by strife and division. Why? Whence cometh this division?

Surely this division is not from God for "God is not the author of confusion" (I Corinthians 14:33). Paul said, "Is Christ divided . . . ?" (I Corinthians 1:13). God does not tell one man one thing and then tell another something contrary to it. Truth is always consistent.

The religious world is divided into many sects, not by DIVINE AUTHORITY, but by HUMAN CHOICE; not by HEAVEN'S DECREE, but because of DIVIDED LOYAL-TIES; not by WHAT THE BIBLE SAYS, but by TEACHING AND PRATICING THAT WHICH IS NOT FOUND IN GOD'S WORD. Until we can learn to love GOD more than self; until we can learn to love TRUTH more than tradition, creed books and personal desires; until we can learn to respect the silence of God's word, religious division will prevail.

Let us speak where the Bible speaks, and be silent where the Bible is silent. Let us practice only those things for which we can find authority in the Word of God and, respecting the silence of that word, forsake those things for which no authority can be found. May our love for truth mpel us to STUDY God's Word diligently (II Timothy 2:15). Unity can be attained only where people make a determined effort to do what the Bible teaches and that alone

Free correspondence courses are available to all who would like to study further from God's word.
