

SOCIETY and Club

Mrs. S. A. Roberts Honors House Given With Pretty Party.

On last Tuesday evening Mrs. Sam Roberts entertained with "84" in honor of her house guest, Mrs. Opal Horn, a cousin from Dallas. The hostess used George Washington motifs in flowers, table cards and favors in enhancing the attractiveness of the living rooms. Mrs. Roberts served a salad plate to Lewis and Madeline; J. Horace Bass, O. E. Patterson, R. J. Paxton, C. M. Connor, W. A. Duncan, Marvin Post, Colman Hunt, Ben Bagwell, R. L. Seaman, J. U. Fields, A. H. Wall, P. A. Winkle, B. M. Whitaker, F. T. Sanders, H. A. Cline and the hostess, Mrs. Opal Horn of Dallas.

Mr. T. G. Cahill Entertains Tuesday Bridge Club.

Mr. T. G. Cahill was at home to the Tuesday Bridge Club last Tuesday afternoon in his home. George Webb, whose tables were used and at the close of a delightful afternoon of bridge the hostess served stuffed cherry salad, vegetable potato chips, olives and hot chocolate. Club members and guests were Madeline, Joe Handrick, H. O. Oates, Marie Wilson, Wayne Koonce, Bert Webb, Clyde Gramson, Clay Smith, an Misses Lois Gramson and Mildred Seok.

The Harmony Club.

Mrs. Marjorie Rogers directed the program last Wednesday at the Harmony Club. The following members discussed given subjects: "A Sketch of the Life of Deems Taylor" by Miss Mildred Simmons; "Story of the Opera 'The King's Henchman'" by Mrs. G. H. Morgan; piano selection, America, Mr. W. H. Post; Easter Morn. by George Chadwick, Miss Martha Lou Rogers. There has been quite a bit of sickness among club members for the past fortnight, the president Mrs. T. A. Parkerton, Mrs. C. L. Lewis and Mrs. Wayne Koonce that the writer knows of.

Mrs. T. C. Rogers Club Entertains.

The Marie Dames were guests of Mrs. T. C. Rogers last Tuesday afternoon from three until six o'clock and the usual diversion, "82" was enjoyed. Pottery plans enhanced the attractive work in the living rooms and before the guests left the hostess served a delicious salad course to Madeline, E. Gramson, Poite, J. L. Southern, A. H. Wall, H. C. Tate, R. G. Cate, C. L. Lewis, D. L. Connor, C. M. Connor, J. U. Fields, H. S. Wason and P. T. Sanders.

Miss Ronald Bailey Hosts Holiday Dinner.

Miss Vaughn Bailey honored the eleventh birthday of her little son Ronald with a six o'clock dinner last Saturday, February 16th. The guests served at five and enjoyed an hour's play before the dinner. The table was centered by the birthday cake with its seven lighted candles. A good and varied dinner, selected and cooked just to suit boys was served by Mrs. Bailey to Thomas and Monte Reid, Elmer and Jim, J. Tommie Lee Gilton, Tommie French of Dallas, and Jimmie Gray, Money and Nika Bailey and the little honoree, Master Ronald Bailey.

Hosts Rugby Circle.

William Rughly, back of the Wesleyan Missionary Society met in the home of Mrs. Boyd Rad last Monday afternoon and the same, leader Mr. J. J. Paxton, discussed the devotion and dispersed with all business. In the presence of the teacher, Mrs. W. H. Post, Mrs. Vaughn Bailey taught the lesson in the mission study book which was completed the 1st chapter in "Rugby" series. Members present were Mr. Rughly, J. W. Martin, R. J. Paxton, H. S. Wason, H. C. Tate, Vaughn Bailey and the hostess, Mrs. Boyd Rad.

COOKING ATTRACTION CREATES INTEREST

Zella, the mastermind of modern mystery and her company of co-workers will open a three day engagement at the Texas Theatre, commencing Monday, February 25, with a big four act play.

an act of standard vaudeville, with a complete change of program at every performance.

In this balling performance Zella tells you by name, tells you where you live, your occupation and many details of your past life then answers questions you write in your own home.

Questions pertaining to business matters, love affairs, investments, health, lost articles, missing relatives. In fact anything you want to know. See the phenomena for yourself. This may be the turning point of your life.

In connection with the appearance at the Texas Theatre of Zella, a member of her troupe will make a blindfold auto drive through the streets of this city, Monday Feb. 25th, thoroughly and completely blindfolded according to their announcement. This drive will be directed through thought transmission by the blindfolded driver. The start is to be made in front of the Texas Theatre at 4 p. m. or as soon thereafter as arrangements can be perfected.

New Ford cars will be used by Zella and a committee will be furnished by the Ford dealers and make a route in advance of the blindfolded driver. This attraction is said to be very mystifying and always attracts large crowds. In some of the larger cities it was necessary to have extra traffic officers to take care of the hundreds of people who turned out to see this drive. It is of course absolutely free to the public and no doubt will be a thing which will attract hundreds.

'GENTLEMEN ONLY' AT LEAGUE SUNDAY NIGHT

The boys got tired of the girls having the best parts of the program, so they will have a "Men Only" service, conducted exclusively by the boys and the girls will be the guests and audience.

Now, these League boys put things over in style, and a really fine service is being prepared. Come and worship with us at 6:30.

Program Theme: "What Price Manhood?"

Leader—Raymond Morgan. Song—"Footsteps of Jesus." Lord's Prayer in unison. Song—"Have Thine Own Way, Lord." Reading—Master Paul Kuenstler. Roll Call—Felix Mullins.

Announcements. Scripture reading, Psalm 100—Bates Thornton.

Male Quartette. Reading—The Two Banners of America—Hubert Watson.

Responsive Reading. Leader: Make a joyful noise unto the Lord. Serve the Lord with gladness.

Group: Enter into His gates with thanksgiving and into His courts with praise. Leader: Bless the Lord, O my soul. Bless His Holy Name.

Group: I was glad when they said unto me, Let us go into the house of the Lord. Call to Worship—All heads bowed reverently, all hearts lifted to God in silent prayer.

"What Price Manhood?" presented by William Sanders, Riggs Gilstrap, John Oates, Jr., John English, Jerry Ivey, Joe Short, Raymond Morgan, Hubert Watson, Jewell Gentry, Claude Pippert, Buford Cass, Chesley Cass, Tom Patterson, Joe Spurlock, Bates Thornton, Felix Mullins.

All young people are cordially invited to worship with us at 6:30, not a minute later.

Unintentional Suicide

Many people are slowly poisoning themselves just as surely as if they drank indine every morning for breakfast. They are daily absorbing the toxins, or poisons, created by accumulated waste matter in their constipated digestive systems. Sooner or later diseases will conquer their weakened bodies.

If you have dizzy spells, headaches, coated tongue, bad breath, insomnia, no appetite, bilious attacks or pains in the back and limbs, you are probably suffering from self poisoning caused by constipation. CARD OF THANKS

We take this method of thanking our many good friends for their kindness and sympathy extended to us during the illness and death of our dear wife and mother, and for the beautiful floral offerings presented. A HOPI WEDDING

At the little Baptist Mission at Polacca, Arizona, Sunday evening, February 19, at 1:30 p. m. while the sun was shining brightly on the snow-patched and chilled mesas and plains of the Hopi Indian Reservation, which is located on the north rim of the Painted Desert, and while soft strains of music produced by the little Polacca band filled more than two hundred souls with the solemnity of the occasion, two Hopi hearts marched to the altar and were united in marriage by Rev. Forrest Edwin Robinson, Baptist Missionary, Keams Canyon, Arizona.

George Duwakuku, the bridegroom, a stalwart young man of twenty-one, was dressed in a neatly fitting blue serge. Standing by his side was the bride, Angelia Polacca, a pretty maid of seventeen summers. She wore a dress of changeable silk, blending blue and red, draped with a most beautiful dark scarf hanging from her shoulders almost to the floor. In her left hand she held a lovely bouquet of white, cream and pink flowers. Standing to the right and left of the bridegroom and bride, respectively, were the bridesmaid, Lawrence Lomavaya, and the bridesmaid, Juanita Lomavaya.

Besides the large number of Indians that witnessed the little church wedding were the following white persons: Edgar K. Miller, Superintendent of the Hopi Indian Agency; Otho N. Poole, Agency Clerk; Rev. and Mrs. F. E. Robinson and their two children, Miss Bertha Kersky, Missionary; Miss Ceco Wright, assistant matron at the Polacca Day School; Miss Lezzie M. Donnelly,

Field Matron; Mr. John J. Schwarz of the Government Irrigation Service; and Mr. and Mrs. H. M. Stone of the Polacca School. Immediately after the ceremony the relatives of both parties rushed to their homes on the top of the mesa to celebrate the wedding with a noisy and brisk mud-fight. The soft mud was carried in buckets, and it is one occasion when much mud-slinging is a positive of person, clothes and in a most friendly and shivaree, such as always Hopi wedding. And thus it was, "for better or richer or poorer, with them part." By H. M. Stone, Polacca.

QUALITY AT LOW COST

Reduction In Electric Rates

Lower rates for electricity for domestic and commercial purposes have been made voluntarily by the West Texas Utilities Company. The cost per kilowatt-hour has been reduced.

The New Rate for Residences

- 13 Cents net per kilowatt-hour for the first four kilowatt-hours used per room per month.
- 9 Cents net per kilowatt-hour for the next four kilowatt hours used per room per month.
- 6 Cents net per kilowatt-hour for all energy used in excess of the above amount.

Minimum Monthly Bill \$1.50 Per Meter.

Determination of Number of Rooms

The room count is based upon the ordinary real estate rating, and in making the count, alcoves, unfurnished attics, bathrooms, cellars, hallways, laundries, closets, pantries, open porches, garages, barns, and outbuildings will not be included. Premises with less than three rooms, real estate rating will be classed as 3-room premises; those with more than seven rooms will be rated as 7-room premises.

THE NUMBER OF OUTLETS AND APPLIANCES USED DO NOT AFFECT THE RATE.

Table Showing New Net Rate and No. of Kilowatt-Hours. Each Step.

SIZE OF RESIDENCE	First Step 13 Cents Per Kilowatt Hour For First	Second Step 9 Cents Per Kilowatt Hour For Next	Third Step, the New SIX CENT RATE
3 ROOMS OR LESS	12 Kilowatt-hours	12 Kilowatt-hours	For all Kilowatt-hours used each month over total of first and second steps, per kilowatt-hour 6c
4 ROOMS	16 Kilowatt-hours	16 Kilowatt-hours	
5 ROOMS	20 Kilowatt-hours	20 Kilowatt-hours	
6 ROOMS	24 Kilowatt-hours	24 Kilowatt-hours	
7 ROOMS OR MORE	28 Kilowatt-hours	28 Kilowatt-hours	

You will note how few kilowatt-hours per month need be used before you reach the new low SIX CENT price.

COMMERCIAL RATE

- 13 CENTS net per kilowatt-hour for the first 30 hours of maximum demand.
- 10 CENTS net per kilowatt-hour for the next 60 hours use of maximum demand.
- 5 CENTS per kilowatt-hour for all energy used in excess of the above amounts.

The new rate makes liberal use of electricity for all purposes in commercial establishments inexpensive. Minimum monthly bill \$1.50 per meter.

Further explanation of the rates will be given gladly upon request.

These rates were effective in Haskell on the first day of Jan. 1929.

ALL ELSE FAILED; SARGON BROUGHT BACK HIS HEALTH

"Sargon restored my health at a time when I thought nothing would help me," recently stated Frank Bennett, of 905 Macon St., Fort Worth. His full statement follows:

"My trouble started two years ago when I commenced to suffer with indigestion. I lost my appetite and what

FRANK BENNETT

little I ate caused me lots of misery. I suffered with gas pains around my heart, and could taste my food for hours. I seldom got a good night's sleep and was so nervous at times that I would shake all over. I felt tired, run down and worn out even before the day was half over. My liver was out of order, I was bilious and my vitality was very low. I took lots of medicines and treatments with no lasting benefit.

"Then I tried Sargon, and I know almost at once I had found the right medicine at last. My appetite returned and my strength and energy began to come back with the first bottle. Now, I sleep fine, eat anything I want and everything agrees with me. I am always hungry and enjoy my meals. My nerves are steady as a die, my headaches are gone and I feel like a man made all over again. I have gained nine pounds and just want to go on the go all the time.

"Sargon has built me back up so that I am stronger, and feel better than I have felt in years. I am a well man now, and the Sargon treatment is responsible for it."

Sargon may be obtained in Haskell from the Oates Drug Store. (Adv.)

Largest Hog Ranch In California

By W. M. FREE
Field Editor

The largest Hog Ranch in the state of California is operated under the name of The Pontana Farms Company of Pontana, California about 50 miles east of Los Angeles. The original tract of land under the management of this company was 18,000 acres. But we learned on our visit to this ranch that they had sold to individuals all but 1,000 acres upon which the hog ranch proper is located.

The effort is made to keep around 80,000 head of hogs on the Pontana Ranch. Most of the hogs we saw were of the Duroc Jersey type and they were kept in pens with just a few of the same sows in each pen. They seemed to think they could handle them more systematically this way. They reported keeping about 6,000 brood sows from which they keep the ranch stocked with pigs.

Their method of feeding is the means of profit with hogs on this ranch. These hogs are fed with garbage from Los Angeles which is brought from that city on flat cars and is trucked into the separate pens from the flat cars by a steam shovel which is attached when the cars arrive. There is a road track running through the ranch with hog pens on each side and the steam shovel lifts the garbage from the cars and deposits it in the mangers for the hogs. The cost of this garbage is very little in comparison with high priced grain. This gives to this company a profit in hog raising which could not be obtained otherwise.

J. Fred Mow is representative of the company who showed us through the ranch stating that they sold an average of \$1,000,000 worth of pork each year. Swift and Company of Chicago are the buyers. Mow said that once in a great while they lose a hog from eating pigs in the garbage but otherwise they have very little loss.

There is also one half million White Leghorn hens kept on this ranch by the individual owners to whom the Pontana Farms Company sold their original holdings. The eggs from these hens are marketed through the company and the average price received was around 34 cents per dozen in 1928. In 1927 they sold for 28 cents.

A large acreage of this land is planted to grapes, figs and walnuts. The grapes were mostly wine grapes and will make around six tons of grapes per acre. There is also quite a lot of citrus fruits grown on this ranch. The water for irrigation comes from the snow capped mountains near by and is free from minerals. The charges are

reasonable. The charge for the citrus orchards per year will average about \$16.00 per acre, for grapes and walnuts it will run around \$6.00 per acre. This is for the entire year.

The raw lands in this section when you can find it are valued at around \$800.00 per acre and the improved lands run from \$1,600 up.

The hog raising on this plan of feeding is a money making business, but where you are forced to feed high priced grain we fear there would be very little money in hogs. In the northern states where they have clover and grasses and cheap corn they can raise hogs and make a fancy profit. But we doubt very much the making of a profit in hogs on a big scale in this section and how grain for them. Although we have had a few farmers to tell us since we saw some hogs that they could make money on hogs in this country. This we do not dispute for some men can make a profit where others fail and we are willing to admit there is much to be known here.

But we are sold on the poultry and dairy business and we believe that most farmers will succeed with cows and chickens if they will give them good attention.

HASKELL CITIZEN MOVES TO WICHITA FALLS

E. Sutherlin for many years a resident of Haskell and has been connected with some of our leading business interests of the city moved his family to Wichita Falls Thursday to make their future home. Mr. Sutherlin has been at Wichita Falls for some time where he is connected with the Willis Knight and Overland company which he represented in this city for a number of years. We regret to see Mr. and Mrs. Sutherlin move to other parts, but we hope for them good health, prosperity and happiness in their new home. We trust that at some future time they will return and take up their abode in the city where their friends are numbered with their acquaintances.

Rule Man Dies

S. H. Weatherford, 67, died at his home in Rule, Tuesday morning after a week's illness of pneumonia. Funeral services were held at the Church of Christ in that city Wednesday afternoon at 2:30 o'clock, conducted by Elder Ligon of Rochester. Burial was in Rule cemetery. He had lived in Rule for the past 18 years and is survived by three sons and three daughters.

A Good Woman Called Home

Early Thursday morning February the 11, the spirit of Mrs. J. T. West one of the noblest and gentlest women of the Pinkerton Community left the earthly tabernacle to enter the house of many mansions eternal in the heavens. Mrs. West's health failed a number of years ago and from then on she knew nothing but suffering growing more intense with each succeeding day. For many long days her loved ones and friends kept watchful vigils about the couch of the sufferer, but the summons was unrelenting and she continued to grow weaker and Thursday morning her golden bowl was broken and the happy home was left desolate to husband and daughter who loved her so dearly.

Mrs. West was born in Alabama Feb. 27, 1877 and was married to J. T. West the first Sunday in May 1891. She was converted in the year of 1903 in Navarro County Texas, and united with the Baptist Church at Anson in 1913, when she and her husband and daughter Miss Myrtle were all baptized into the

church at the same time. She was a woman whom to know was to love, for she was gentle kind and sympathetic, possessing all the graces that adorn our southern womanhood. To help others and make others happy was said to be her great delight. Truly this good woman will be missed by neighbors and friends to whose lives her life had meant so much, but we know that her reward in Heaven, and the great suffering she endured while here is ended and her soul is safe with her Savior she loved so much, forever to be in eternal glory around the throne of God.

The funeral was held at the Pinkerton Baptist Church by her pastor, Rev. J. A. Kinser assisted by Rev. Luther Jenkins a former Pastor and Rev. C. E. Ball of Rule at 2:30 o'clock Friday afternoon, after which her remains were laid to rest in the Rule Cemetery beneath a bank of beautiful flowers placed there by loving friends in token of the high esteem in which she was held. She is survived by her husband, J. T. West and daughter, Miss Myrtle and a little grand daughter and other relatives.

A beautiful life has closed on earth, but its influence will live and its memory will be pure and sweet.

Adults Contract Children's Diseases

Adults can, and do, contract many children's diseases. And usually, they suffer from them much more than children do. For instance, many adults contract worms, an ailment usually associated with children. Sometimes they suffer intensely and take expensive medical treatments, without realizing that worms are the cause of their troubles. Yet, the symptoms are the same as in children, loss of appetite and weight, grinding of teeth and restless sleep, itching of the nose and anus, and abdominal pains. And, the same medicine that surely and harmlessly expels round and pin worms from children will do the same for adults—White's Cream Vermifuge, which you can get at Reid's Drug Store or Payne Drug Co.

Fuel system of the new Ford has been designed for reliability and long service

THE practical value of Ford simplicity of design is especially apparent in the fuel system.

The gasoline tank is built integral with the cowl and is unusually sturdy because it is made of heavy sheet steel,terne plated to prevent rust or corrosion. An additional factor of strength is the fact that it is composed of only two pieces, instead of three or four, and is electrically welded—not soldered.

Because of the location of the tank, the entire flow of gasoline is an even, natural flow—following the natural law of gravity. This is the simplest and most direct way of supplying gasoline to the carburetor without variations in pressure. The gasoline feed pipe of the new Ford is only 18 inches long and is easily accessible all the way.

The gasoline passes from the tank to the carburetor through a filter or sediment bulb mounted on the steel dash which separates the gasoline tank from the engine.

The carburetor is specially designed and has been built to deliver many thousands of miles of good service.

Since all adjustments are fixed except the needle valve and idler, there is practically nothing to get out of order.

The choke rod on the dash acts as a primer and also as a regulator of your gasoline mixture. The new hot spot manifold insures complete vaporization of the gasoline before it enters the combustion chamber of the engine.

As a matter of fact, the fuel system of the new Ford is so simple in design and so carefully made that it requires very little service attention.

The filter or sediment bulb should be cleaned at regular intervals and the carburetor screen removed and washed in gasoline. Occasionally the drain plug at the bottom of the carburetor should be removed and the carburetor drained for a few seconds.

Have your Ford dealer look after these important little details for you when you have the car oiled and greased. A thorough, periodic checking-up costs little, but it has a great deal to do with long life and continuously good performance.

Church and Sunday School
Sunday An Enjoyable Day at The Baptist Church

Large crowds came to the Baptist church both services last Sunday. The weather for the past three weeks affected the Sunday school attendance. There were only 277 present Sunday, but we are looking for our regular attendants the next day. The choir and congregation spent minutes singing the old time songs at the evening service. The spirit of songs and the power with which were sung lifted the people to a new plane of living. No doubt, they went away better prepared to serve God and his community the coming week. Perhaps the one thing that added to the services than any other was the Baptist band. The band has been organized, with Mr. Horace as band master. The people were thrilled when they heard the band play old time hymns. This phase of the church services promises to grow and become an attraction for miles around.

FIRST CHRISTIAN CHURCH TO MAKE COMMUNITY SURVEY

Within the next few days the members of First Christian Church will be a part of a state-wide survey that is being taken by The Texas Christian Missionary Society. It is planned to take this survey the most complete of its kind ever undertaken by a Religious Body anywhere. The members gathered in the local survey will be used in a revival effort to be launched on June 16th this year. Details of the revival have not as yet been announced. First Christian had two great services Sunday with larger attendance than had been noticed since the winter flu and influenza struck. One of the fine features of both services was the marked increase in the number of people attending. That church has announced the following services for next Sunday: Church School—10:00 a. m. Morning Worship—11:00 a. m. Evening Evangelistic Service—7:30 p. m.

At the morning service the pastor will preach on the subject: "What the Holy Spirit does for the Individual." At the evening service he will tell how he rejected the offer of a free education in one of the best Universities in the South and chose instead to wash dishes and serve tables in a large dining hall that he might learn to be a preacher in the Christian church. Everyone is invited to hear the message.

PRESBYTERIAN CHURCH
Feb. 24, 1929
We have just closed a very successful church school of missions in this church. Three classes met Friday and Saturday nights and Sunday afternoon. The children were directed by Mrs. J. Tubbs; Mr. R. E. Sherrill led the young people in their study; and Rev. L. Baker had charge of the adult class. On Sunday night the last chapter in the book, "The Desire of All Nations" which deals with "The Church and Missions" was discussed by the pastor. This is the second study of this kind we have had in this church in the last few months and we feel that they are most profitable and plan to make them a regular part of the church's program every year. The regular worship services will be held here next Sunday. Sunday school opening at 9:45 a. m. and the church service at eleven. The pastor will preach on "The Common Task of the Church and the Home." The Senior Christian Endeavor will meet at 6:30 p. m. and will be followed by the church service at 7:30. The subject for this service will be announced at the morning service.

The health in our community is good this writing. The flu is playing out. Dr. Alvis filled his regular appointment at Rose Sunday and Sunday night. West and family of Benjamin, and his brother and family of Rose Sunday. C. W. Matthews returned home

FARMER GIVES VIEWS ON HOW TO MAKE A SUCCESS

G. W. Bosse of the Ward community near the headquarters of the Colbert Ranch paid us a visit last Monday morning while in the city. Mr. Bosse has been in Haskell county 23 years and has principally reared his family in this county. He has been reading the Free Press since the present management has had charge and always calls to see us once or more each year. He is a good farmer, owns a good farm and has always been as much as possible a diversifier. He keeps plenty of good cows, hogs and chickens for all needs and a surplus to sell. He has mostly holstein cows and likes them fine for all purpose cows. He says they give a large flow of milk and that they are good butter cows. He says the best money he ever made in hogs was selling pigs at weaning time. He further stated he had made some money feeding hogs, but had also lost money

and did not think it a safe business to feed out hogs in large numbers. But he stated that every farmer should raise his own meat regardless of what it cost him. His experience is practical and his judgment is sound.

The Baptist Church Welcomes You!
Another Great Song Service and Musical Program, Sunday at 7:30 P. M.

Several other instruments have been added to the Baptist Band. It seems certain that there will be more than a dozen instruments in the service Sunday night. You can expect a splendid orchestra at both services each Sunday.

Do not let anything keep you away from church. Forget about your clothes if you do not have the best, and come on. Do not come to be seen of men, but to worship God. Think of the Baptist Church as "The People's Church." Do not come expecting something sensational to happen, but come praying that the power of God may be felt.

9:45 a. m.—Sunday School. Let's have 375 in attendance.
11:00 a. m.—Preaching service, subject: "Hurtful Criticism and How to Prevent It."
6:30 p. m.—All B. Y. P. U.'s meet.
7:30 p. m.—Preaching service, subject: "Why God Destroyed the World With Water."

STEAM
That Has Fourteen LIVES!

WHAT a giant of power is the steam locomotive as it thunders up the grade. Yet the roar of its exhaust tells the tale of tons of living steam that go to waste.

... In the generating stations of the West Texas Utilities Company are power giants of another kind—softly humming turbines with the strength of a thousand locomotives on their shafts.

... Not so much as a wisp of steam escapes. Rather, each jet of steam is made to multiply its power fourteen times. Not until the last ounce of its energy is exhausted is it released, and even then its heat is used to warm the water for the boilers.

... Every detail in the operation of this company is planned to yield the utmost in efficiency and economy. That is why the modern electric motor can pull the load of other engines many times its size at but a fraction of their operating cost.

FORTY-THIRD YEAR

FARMERS, BUSINESS PLAN

Net income of American farmers approximately \$140 a year, that of industrial workers the farmers' purchasing power is \$6,000,000,000 more annually. A growth in domestic production of goods than our total imports, B. C. chairman of the Empire State Mortgage Corporation, New York, points out in a letter to chambers of commerce, boards of trade and merchants.

One thing that merchants, businessmen can do for them, as well as the farmer," he states, "is to increase the farmer's purchasing power as it is upon the farmer's goods at home that town merchants must depend.

Production has decreased from \$7,000,000,000 in 1914 to \$5,000,000,000 in 1924. Hundreds of thousands of farmers have lost their lands and farms have been allowed to go to waste.

Repair and replace buildings, farm machinery and equipment on the farms of America in good operating condition will require \$1,000,000,000, Mr. Yoakum estimates. This would result in immense quantities of materials, machinery and

Why the farmers' income is so low, he says, is because of the consumers for seventeen years, the farmers, who received only one cent for their products. All the rest goes for selling, transportation, handling, profits and commissions. Therefore, he contends, establishing a national marketing plan will enable the farmers to get higher prices for their products.

They want their own organization, he suggests. In chambers of commerce, marketing meetings, places, marketing news and making them attractive.

DECISION GIVEN IN SUIT OVER REWARD

Controversy over the division of a reward totaling approximately \$1,800 offered for the arrest and conviction of the persons who killed J. K. Beauchamp, Haskell nightwatchman on the night of Oct. 23, 1926, was settled in District Court here last Saturday. The reward was offered at the time of the slaying by citizens and business men of Haskell, and a year later Walter and Joe King, Chillicothe youths, were tried and sentenced to 99 years in the state penitentiary on the charge of killing Beauchamp.

Six claimants for the reward, including three officers, for the past two years have been in controversy over the division of the reward, and a suit instituted by W. F. Harris, blind man of Rule, a claimant for the reward against W. E. Welsh, et al, was tried before District Judge Bryant in this city last Wednesday. Ten witnesses testified in the case Wednesday, and Judge Bryant rendered his decision Saturday. In making his decision, Judge Bryant stated that he found that all parties claiming the reward had more or less to do with the apprehension of the guilty parties, and proportioned the reward in accordance with the value of the services contributed. The reward was accordingly divided into one-fourteenth, and apportioned as follows:

W. F. Harris, three-fourteenths; Sheriff F. Heard of Throckmorton county one-fourteenth; T. T. Taylor, farmer of Comanche, one-fourteenth; Bennis Conner, deputy sheriff of Comanche, one-fourteenth; Sheriff Gilbreath of Comanche, and City Marshal Jate of Comanche, eight-fourteenths, jointly. This division of the reward applies after all court costs have been paid.

CHEVROLET TO PRODUCE 1,250,000 CARS IN 1929

With the demand for its cars at the highest level in the history of the company, the Chevrolet Motor Company is preparing for the greatest year in its history with its sixteen giant factories now busy on a 1,250,000 car production program for 1929.

This statement was issued today by Harry Bettis local Chevrolet Dealer, who recently returned from Dallas, where he attended the twenty-sixth of a series of 40 nation-wide sales meetings that are being sponsored by the company this winter. O. E. Patterson of this city also attended the Dallas meeting.

Through the medium of these meetings the company hopes to bring the 1929 Chevrolet sales meetings directly to every Chevrolet dealer in the United States. The day's program which embraced a graphic sales presentation in the Showhouse in the afternoon and a banquet in the Adolphus Hotel in the evening was one of the most elaborate ever attempted by an automobile manufacturer.

Talks were illustrated in the form of playlets, depicting the proper procedure to be followed in the successful operation of a retail automobile business. More than a carload of scenery, drops and special fixtures were used to stage the afternoon meeting.

D. E. Ralston, assistant general sales manager of the Chevrolet Motor Company directed the day's program. Associated with Mr. Ralston were Felix Doran, Jr., sales manager of the South-west region and R. W. Losey, Dallas Zone sales manager and a large group of officials from the central office of the company in Detroit.

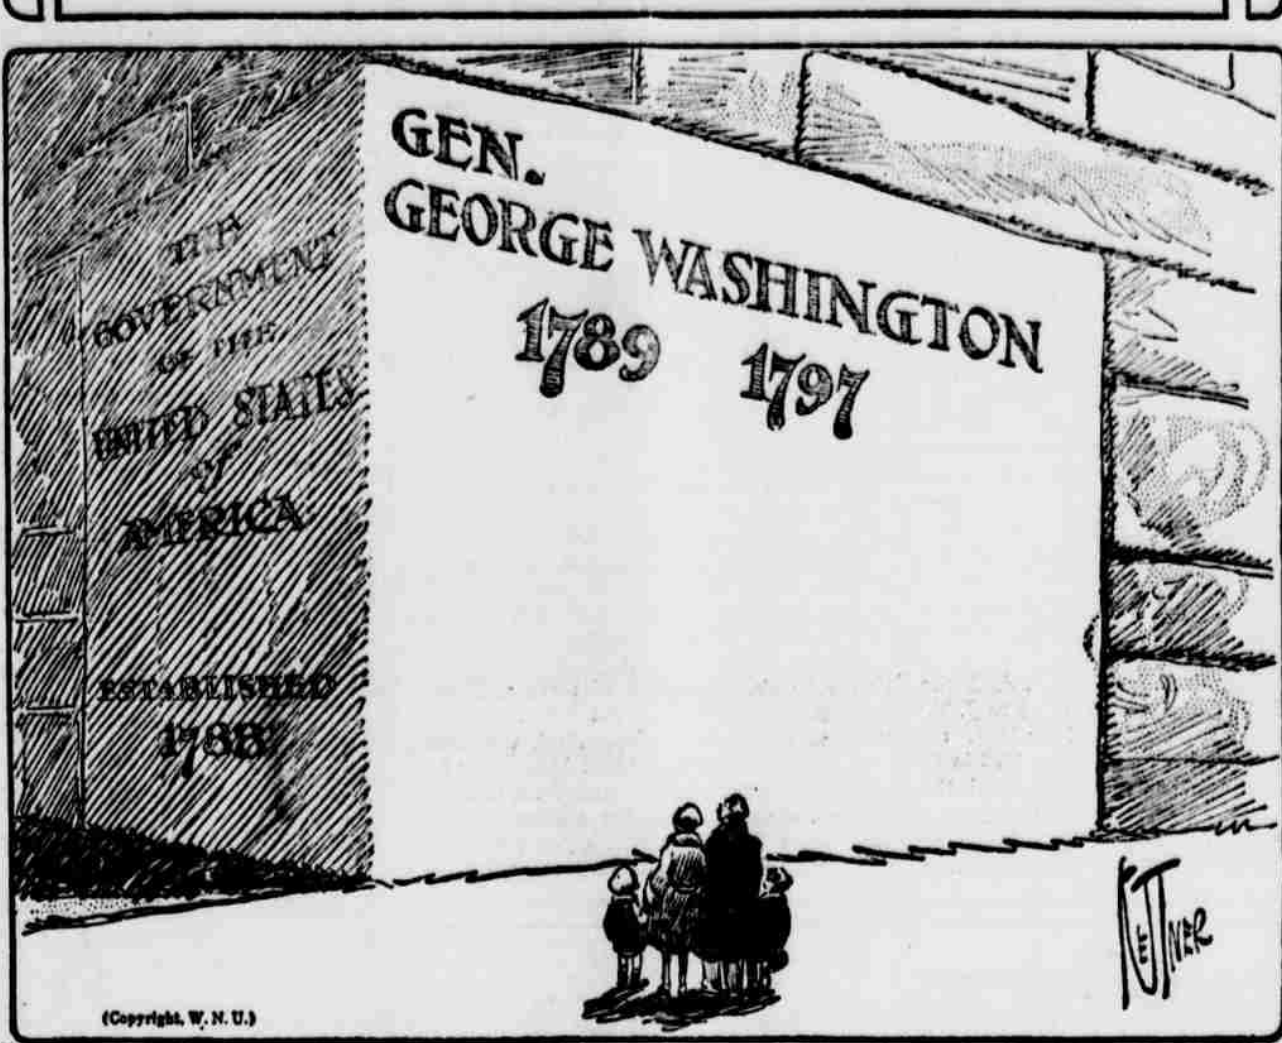

MOSER-EASTLAND

Mr. and Mrs. S. A. Moser announce the marriage of their daughter Miss Effie Moser to Mr. Thomas Holt Eastland, son of Mrs. Sue Eastland of Rule. The ceremony took place Saturday evening, February 9th, at the Christian parsonage, the pastor, Rev. G. R. Forrester officiating. The young couple was accompanied by the bride's sister, Mrs. Gladys Moser. Mr. and Mrs. Eastland went immediately to their home nine miles east of Haskell. The Free Press joins a host of friends in wishing for them happiness and prosperity.

Haskell Loses to O'Brien

Haskell basketballs lost the first game of the county tournament to O'Brien by a score of 21-19. At the end of the first half, which was fought hard, the score was O'Brien 13 and Haskell 7. At the beginning of the second half there was a terrible fight and it continued throughout the game. Although the Indians staged a wonderful comeback, they were not able to overcome the lead.

Sam A. Roberts made a business trip to Wichita Falls the first of the week.

BOOTH CASE TRANSFERRED TO THROCKMORTON

The Free Press erred last week in stating that the Booth murder case had been transferred to Seymour for trial. The case was transferred to Throckmorton District Court, and has been set for trial on April 16th.

REDUCTION MADE IN ELECTRICITY RATES

A reduction in rates for electricity, which were effective in Haskell on the first of January, is announced in an advertisement for the West Texas Utilities Company in this issue. The reduction although small, in the aggregate will mean a substantial saving to the many patrons of the company in this section.

Good Attendance At Father and Son Banquet Monday

A very point of enthusiasm was reached at the Father and Son Banquet sponsored by the Lion's Club which was held at the Methodist Church last Monday evening. The Woman's Missionary Society prepared the spread and expected one hundred and fifty guests, but there were between two hundred and fifty and three hundred fathers and sons present. It has been authentically stated that the father who takes time to accompany his son to school, church and athletic affairs and shows the proper interest in him, will not be called upon to rescue that son from a threatened jail sentence. The boy scout organization stands for law and order and it is an undisputed fact, that where ever there is a strong, active organization, will be found a high type of citizenship among both the fathers and sons.

Mr. Emory Menefee was toast master for the evening. There were guests from nearly all of the adjacent rural communities and from Rule. Out of town speakers with their given subjects follow: "Why Boy Scouting" Mr. L. R. Thompson of Merkle; "Inspiration of Boy Scouting," Col. R. L. Penick of Stamford; Co-Operation, Rev. J. H. Hamblen of Stamford; The Organization and Purpose, Mr. James P. Stinson of Abilene; Summary of Boy Scouting, Mr. Ed Shumway, Abilene. Mrs. E. Gaston Foote gave a reading and encore. Then John Oates, Jr., gave a short talk as a representative from the local boy scouts; Crockett English gave a reading. Mr. Herman Henry is the local Scout Master and indications are that everybody concerned is ready to go in for "scouting."

Mr. and Mrs. T. W. Jetton are the proud parents of a 10 lb. girl born Feb. 6. The baby was named Joyce Aliene. Mother and baby are doing fine.

MINSTREL SHOW PROVES BIG HIT

Perhaps it would not be going too far to claim that the Negro Minstrel, Haskell Band Benefit, made the biggest hit of any comedy play ever produced before a Haskell audience. It was given first on the evening of Feb. 7th at the High School auditorium. With weather freezing, the ground covered with snow and sleet and a brisk cold wind blowing, the auditorium was filled with well priced nominal, only 15c for all high school students, the door receipts were \$91.00 and some odd cents. It was stated on that evening that the minstrel would be repeated at the Texas Theatre.

But owing to the fact that an open date could not be had for over two weeks, Judge Bryant, Judge Joe A. Jones and the Commissioners' Court were asked if the district court room could be used. This request was graciously granted and an improvised stage built and the pussennell of The Mid-night Picture Show Incorporated of Birmingham was reproduced at the court house last Thursday evening to a capacity house. Many were turned away because every available seat was taken, and they did not care to stand as dozens of others did.

The Haskell Band feels deeply grateful to the public for this splendid patronage and co-operation. \$93.00 and some odd cents were realized at the court house.

They are also grateful to the court house attaches for their help and loan of chairs and furniture, and offices for dressing rooms, and to the Brazelton Lumber Co. for the loan of lumber for the stage. The fact is it was a co-operative affair. Members of the cast worked hard to put their parts over. Jokes and repertee were taken from many books and magazines, but the play was cut from the story by Octavio Roy Cohen in the Saturday Evening Post arranged and directed by Mrs. C. M. Kaigler.

FIRST FARMING DONE IN THE COUNTY NEAR JUD

The first farming in Haskell county according to F. G. Alexander an old-timer was done at Jud about 1885 or '86. Just how many acres were put in Mr. Alexander could not remember, but he thinks now that 40 or 50 acres were broken out and planted to corn, sorghum, melons, etc. He says that the crop was a success and that George Cook whom he states was the first farmer of Haskell county realized a splendid yield on every thing planted. There was prevailing drouth over Texas in the years of 1886 and '87, but he says that the Rochester, Jud, and Knox City sections did not suffer so severely as other places. They had some rains through this part of the county all through the two years drouth.

The first bale of cotton grown in the county was grown by Dan Mooneyhan in the year of 1887. It was hauled to Abilene to the gin and Mr. Alexander says he went along with the bale. It was grown on the farm owned by C. W. Drusedow north of Haskell.

HASKELL ASSURED TALKING PICTURES

Haskell theatre-goers are assured talking pictures within the very near future, according to Manager Gene Hughes of the Texas Theatre. Mr. Hughes states that definite arrangements have been made for the installation of equipment for sound pictures in the Texas Theatre, and that within a few weeks the theatre will close for installation of the new equipment. At that time the interior of the building will also be re-decorated, making it one of the most beautiful theatres in this section of the state.

When the new equipment is installed, the Texas will be the only theatre between Abilene and Wichita Falls equipped for showing the "talking movies," making it the most modern in this section. Haskell fans will then be afforded the same high class programs available in the larger cities.

Definite announcements of the closing dates for installing the equipment will be made within a few weeks, according to Mr. Hughes.

MRS. T. J. LEMMON LAID TO REST SUNDAY

The sad news of the final passing away of Mrs. T. J. Lemmon, spread rapidly over the city of Haskell last Saturday morning and the entire town joined the immediate family in sorrow over the loss of this good woman. Mrs. Lemmon had been in ill health for some time and it had become known that her time on earth was limited and on last Saturday morning the death angel bore to her everlasting rest and reward the spirit of Mrs. Lemmon. Close neighbors and friends of nearly a half century ceased what ever they were doing for the time being and called on the members of the bereaved family or if they were too far away sent telegrams and messages in flowers, these came from Dallas, Ft. Worth, Weatherford, Wichita Falls, Spur, Abilene and Haskell. The floral offering was magnificent. Funeral services were held in the First Methodist Church, of which Mrs. Lemmon was a charter member, by the pastor Rev. E. Gaston Foote assisted by a former pastor, Rev. W. B. Vaughn, now of Spur. Later the body was laid to rest in Willow Cemetery. It is the custom to speak well of the dead and it is well that it is so, but few women have lived the long useful christian life in our midst who have been loved as Mrs. Lemmon. Living her unassuming, Christ like life every day, she seemed to have cultivated a deep desire to do social service work and all kinds of work that alleviates the suffering of mankind. And a very marked and strong characteristic was a dislike for any form of pretense or hypocrisy.

Sarah Rebecca Armstrong was born in Weatherford, Texas, August 13th, 1862 and was married to Mr. T. J. Lemmon the 16th of December in 1882. They lived in Ennis until the death of her mother and on the request of her mother went back to the old home where Mr. and Mrs. Lemmon took care of the old father and four brothers and sisters until the death of the father. Later in the year 1888 Mr. and Mrs. Lemmon came to Haskell where they have resided throughout the years. To this union were born six children, three daughters and three sons, all lived to be grown and the first death occurred a few years ago when Mrs. Jenkins of Tuscola passed to her reward. All of the other children with their families were present. These were: Dr. and Mrs. J. E. Morris of Spur; Mr. A. F. Lemmon, Breckenridge; Mrs. T. J. Arbuckle and Messers, Raleigh Lemmon and T. J. Lemmon Jr. of Haskell. Brothers and sisters of the deceased are: Mr. Ed Armstrong of California; Mr. Frank Armstrong, Paradise, Calif. Mrs. Brown, Port Barton, La., Mrs. G. M. Bowie, Weatherford; Mrs. Mary Kadwell, Weatherford; Mrs. Ann Smith, Weatherford and Mrs. Effie Padgham of Los Angeles, Calif. One by one these old pioneer women and men are passing from our midst and on last Sunday afternoon when hundreds of hearts were bowed down with sorrow this fact was borne in with the keenest poignancy. Active pall bearers were: Messers, Marvin Alexander, Marvin Post, John P. Payne, Marion Shook, J. G. Mulkey, Oscar Oates; honorary pall bearers were: Messers, F. G. Alexander, B. Cox, J. E. Ellis, S. A. Hughes, W. E. Sherrill and W. T. Hudson.

The following out of town people were present for the funeral: Dr. and Mrs. J. E. Morris and children of Spur, Mr. and Mrs. Riter, Mrs. Burt Hight Edwin Morris of Spur; Mr. and Mrs. A. F.

GOOD ROADS TO BE LIONS MAIN PROJECT

One of the most constructive programs of the year was enjoyed by members of the Lions Club at their regular meeting, held at the Tonkawa Coffee Shop last Thursday at noon. Three visitors, Hon. Bruce W. Bryant, Mrs. E. Gaston Foote, and Clinton Lee, were introduced to the assemblage, the visitors responding with impromptu talks. Mrs. Foote delighted all present with two humorous readings which were heartily applauded.

E. Siegel introduced to the club members, Clinton Lee, who recently returned from a Dallas hospital where he was sent through the efforts of the Lions Club. The youth expressed his appreciation in well-chosen words, and his presence at this meeting was visible evidence of the worth of this service organization to our city.

The decision to make the good roads proposition the major feature of the Lions Club for the ensuing year, was the outstanding feature of Thursday's meeting. After a short discussion members present voted practically unanimously in favor of the good roads project, and President Emory Menefee appointed a committee of members to work towards the formation of an active program to be carried out in furtherance of the good roads project.

A talk by B. Cox on the subject of closer co-operation between the business men and the farmers of the community was brief and to the point. Mr. Cox quoting figures from an article by B. P. Yoakum in the Dallas News in stressing the importance of such co-operation. (The article is reprinted in another column of this issue.) At the conclusion of his talk, a number of members expressed their intention of considering the local angles of the problem and working out if possible some plan to bring the business men of this section closer in touch with the problems of our farmers.

The proposition of engaging a Health Nurse for the public schools of the county was discussed and referred to a committee for investigation. It was brought out that several years had elapsed since any work of this nature had been done in the county, and its importance was stressed by several members.

Much enthusiasm was manifested in the attendance contest, with the "Purples," captained by French Robertson well in the lead over E. Siegel's "Golds." Two more meetings will elapse before the end of the contest, and Mr. Siegel is working hard to overcome his opponents' lead before the close of the contest.

The next meeting of the club will be held on Feb. 28th.

DOSS-BELL

Last Wednesday evening February 13, Mr. Bill Doss and Miss Jack Bell were united in marriage by Rev. E. Gaston Foote in the double parlors of the Methodist parsonage of this city. The ceremony was witnessed by a few friends and relatives of the young couple. The bride is the daughter of Mr. and Mrs. J. B. Bell of Rule and the groom is the son of Mr. and Mrs. W. H. Doss of the Pinkerton community. Both bride and groom were reared in Haskell county and have a host of friends who will join the Free Press in wishing for them many years of happiness. They will make their home in the Pinkerton Community where the young man is engaged in farming.

Sing-Song at M. E. Starts At Unusual Hour of 7:17 P. M.

Instead of the proverbial seven or seven-thirty or eight o'clock services the Methodists begin their evening services at 7:17 p. m. The services always start on the minute, beginning with what Rev. E. Gaston Foote, pastor of the Church, calls The Big Sing-Song at Seven Seventeen. This service is led by the Church Orchestra. Next Sunday evening there will be presented a Saxophone Quartette and the Church Male Quartette will also sing a special number. We were informed that the church was packed last Sunday evening by the time the services began. They call their church, "The Church With the Glad Hand," which we think very fitting for any church.
