Easy to Trace Origin of Names of States

Twenty-one states bear names that are clearly Indian. One other that is not Indian refers to the Indians. That one is Indiana, the name readily conveying the meaning of land of the Indians. Oregon and Wisconsin, whose derivation is not clear or is disputed, may also be Indian, says a writer in the Detroit Free Press.

HASKELL GIRLS LOSE TO O'BRIEN GIRLS

The Haskell basketball girls lost to O'Brien Friday afternoon. One of the fastest games of the season was witnessed by a great number of spectators. The Indian girls gave what they had the first quarter and they were a small score ahead of O'Brien at the end of the quarter.

In the second quarter O'Brien gained the lead and kept it throughout the game. Although the Indians got with in four points of O'Brien's score at one time, they lost by several points.

Senior Party

The Seniors of '29 acted as their own hostesses and entertained themselves with a party last Tuesday, Feb. 26 at the library.

Amusement for the evening was bridge and 42. Green and white color scheme was carried out in decoration and refreshments, which were mint punch, bread and butter sandwiches and mince.

Those present were: Mr. and Mrs. J. O. Dodson, Mr. and Mrs. Bass, Mrs. Ed Sprinkle, Misses Carman, Stephens and Martha Lou Rogers, Christine Ballard, Naomi Postet, G. W. Reynolds, Geneva Golden, Erma Monke, Pauline Frieson, Mildred Simmons, Elsie Bradley, Frances Porter, Verna Gilstrap, Mary E. Alvin, Raul English, O. R. Ratliff, Chesley Cass, Ellis Medley, Jerry Iby, Barton Welsh, Tom Patterson, Walter Green, Clovis Pinkerton, Julian Perrin and Clyde Edwards.

Chapel Program

The girls in the Home Economics classes started the program by displaying dresses. Each had selected the color scheme they liked best, and each told the color scheme and price of her dress. The students, especially the boys, enjoyed the display. This is the second time this year the girls have displayed their dresses, and several boys have said they noticed a decided improvement.

The grammar school had charge of the rest of the program which was a health program. It consisted of posters, songs, and a short play stressing the importance of cleanliness. The whole health program was thoroughly enjoyed because it brought back to us memories of the days when we had to make health posters and study of the importance of good health in everyday life.

The Classical Club

The Classical Club met on the regular meeting day, Thursday. A good program on Roman mythology was given.

Then the motto: "Non Sibe Sed Conditus" was chosen.

The program was as follows: On Mount Olympus—John Oates Jr. Children of Jupiter and Juno—Felicia Segel.

Other Children of Jupiter—Georgia Martin. Minor Deities of Olympus—Clifton Crawford.

Rome—Edith Fouts. Myths Concerning Jupiter—Byron Smith.

"SUPPOSE MR. SPEEDER"

Suppose that your child should leave its own yard

For a romp or in search of a ball. If its mother were busy, or had not the time

To step out and give it a call, suppose that some speeder should race down the street

As though he were taking a dare, and crush the life out of your little child

Mr. Speeder, do you think you would care?

Suppose that your mother were crossing the street

Your mother, now feeble and old, and some reckless driver should knock her aside

Leaving her lifeless and cold, could you find an excuse for this careless car?

Would you really think it were fair? Now, putting yourself in this fellow's place

Mr. Speeder, do you think you would care?

Suppose that a loved one, you hold very dear,

Were the victim of some speeder's game, and he lay in bed, just day after day,

All crippled, and helpless, and lame; Suppose that he never could walk any more

No longer your pleasures could share, just lie there and suffer, day in and day out

Mr. Speeder, do you think you would care?

Oh! How little you think of the other man's pain,

In your lawless pleasure and greed, How little you care what it costs someone else

When you drive at your dare-devil speed, Should this trouble occur in your family some day

For you and your loved ones to share, You'll lessen your speed, and you'll take time to think,

And then, Mr. Speeder, you'll care."

The only place you can find a simple country girl nowadays is in the milkmaid chorus of a musical revue.

You've got to have real ability or a good press agent to succeed these days.

"Everybody should learn to drive a car," says an automobile manufacturer. After watching hundreds of people try it we say amen to that.

Some with a mania for statistics has figured it out that we have 65 per cent of the world's telephones. And darned near all the wrong numbers.

The average man thinks that after he's picked up the sporting section from the floor that he's saved his wife a lot of hard work tidying up the place.

Some girls' ideas about thrift are along the same line as buying a dozen new dance records and using the same needle all week.

See where Henry Ford gave Thomas A. Edison a \$5,000,000 birthday present. Oh, what a pal is Henry!

Doctors Disagree

When children are irritable and peevish, grind their teeth and sleep restlessly, have digestive pains and disturbances, lack of appetite, and have itching eyes, nose and fingers, doctors will not always agree that they are suffering from worms. Many mothers, too, will not believe that their carefully brought up children can have worms. The fact remains that these symptoms will yield, in a great majority of cases, to a few doses of White's Cream Vermifuge, the sure expellant of round and pin worms. If your children has any of these symptoms, try this harmless, old fashioned remedy, which you can get at 35c per bottle from Reid's Drug Store or Payne Drug Company.

HUBB DIGGS COMPANY

Fort Worth, Texas

Ford Motor Co. Dallas, Texas.

February 2nd, 1929
Attention: Mr. W. C. Proctor.

Gentlemen:

We are mailing you today under separate cover, photograph of the Montgomery Ward car which they are using for testing Riverside Tires. At the time this picture was taken, the car had been 105,000 miles and is still in the best of running condition and appears to be good for more than another 100,000 miles. The morning the picture was made, we washed the car for the first time since delivery; to look at it, drive it and hear the motor run, you would think it had been no more than 15,000 miles.

It was purchased in Mansfield, Ohio, during May, 1928. The driver states that he is using on an average of about two quarts of oil each 500 miles, the car being driven 500 miles each day. It is driven 250 miles during the day by one driver and the same distance at night by another. They are using the second battery however. The manager of these test-cars states the switch was left on over night, which he thinks is possibly the reason for having to purchase a new battery. They are changing oil every 1,000 miles; the same fan belt is being used and doesn't look worn. They have given the car a general greasing every 1750 miles and up to the first 100,000 miles had spent a little less than \$150 on repairs, etc. The rear axle has never been down; they have used two sets of brake linings, one set of pistons and rings, replaced clutch once, and have only used one extra hose connection.

The original speedometer was replaced by us yesterday, as it had registered 109,450 miles. It was reset correctly at the end of 100,000 miles but later began to skip or lose from twenty to twenty-five miles each day. The car has been driven at an average of forty miles an hour. The wheels are still tight and running true, and bearings have never been replaced. We have been unable to secure information as to how many miles the tires have been averaging.

We have permission from the Riverside Tire Company to use the picture and also the above information as an advertising feature, if so desired.

Yours very truly,

SPENT HALF OF HIS LIFE IN SUFFERING

"Money couldn't buy the good the Sargon treatment did me. It overcame troubles I have suffered practically half my life. Ever since I was a boy I have been weak and nervous and frail. I was a constant sufferer from

MACK SPRINKLE
indigestion and constipation and I was greatly under weight. Nervousness made my sleep fitful and broken and in the morning I was always tired and not fit for study.
"I had to live on cereals, milk and soups and even that would disagree with me and my life was miserable with gas bloating and pains. Sometimes I would go days without any appetite and then, at times, I would be ravenous with hunger. Nothing I took did me any good.
"I certainly wish I had been able to get the Sargon treatment long ago because I am just like a new man now. I noticed an improvement the first week. Now, I eat three big meals a day. I've stopped that light diet and eat anything I want but it don't hurt me in the least. Nothing disagrees with me now and I am gaining strength every day. I sleep fine, get up in the morning feeling good and I've already gained six pounds and I have only taken two bottles of Sargon.
"Sargon Soft Mass Pills are wonderful, too. My bowels became regular the first week after I began taking them and their action is so mild and natural that you are not sick or upset in the least."
The above statement was recently made by Mack Sprinkle, 827 East 8th St., Oklahoma City, a law student at the Capital City School of Law.
Sargon may be obtained in Haskell from the Oates Drug Store. (Adv.)

CARD OF THANKS
To the many friends and neighbors who clustered about us, and assisted so lovingly in the fatal illness of our darling baby, we extend our grateful thanks. Also to the attending physician and to those who sent beautiful floral offerings. May God bless each of you and when the dark hours come may His comfort and sustain you, is our fervent prayer.
Mr. and Mrs. Marvin Wheatley, Mr. and Mrs. J. R. Dinmore, Mr. and Mrs. J. D. Wheatley.

Just Like An Ostrich
A medical authority says that a person who tries to cover up skin blemishes and pimples with toilet creams and powders is just as foolish as an ostrich that buries its head in the sand to avoid danger. Skin eruptions are nature's warning that constipation is throwing poisons into your blood stream and weakening your whole constitution. Remove the constipated condition and you will strengthen your system against disease and clear up your disfigured skin. The best way to do this is with a course of Herbine, the vegetable medicine that acts naturally and easily, which you can get at Reid's Drug Store or Payne Drug Co.

A Great Discovery
When Pasteur discovered, in 1852, that the infection of wounds was caused by malignant bacteria, he performed a service of inestimable value to mankind. Since then medical science has been producing better and better antiseptics, to kill these germs that may enter the smallest cut and give us diseases such as typhoid, tuberculosis and lockjaw. Now, all you have to do to be sure that these dreadful germs will not infect a wound, is to wash that wound, however small, thoroughly with Liquid Borozone, the modern antiseptic. You can get Liquid Borozone, in a size to fit your needs and purse, from Reid's Drug Store or Payne Drug Co.

HUBB DIGGS COMPANY Fort Worth, Texas

Ford Motor Co. Dallas, Texas. February 2nd, 1929. Attention: Mr. W. C. Proctor.

Gentlemen:

We are mailing you today under separate cover, photograph of the Montgomery Ward car which they are using for testing Riverside Tires. At the time this picture was taken, the car had been 105,000 miles and is still in the best of running condition and appears to be good for more than another 100,000 miles. The morning the picture was made, we washed the car for the first time since delivery; to look at it, drive it and hear the motor run, you would think it had been no more than 15,000 miles.

It was purchased in Mansfield, Ohio, during May, 1928. The driver states that he is using on an average of about two quarts of oil each 500 miles, the car being driven 500 miles each day. It is driven 250 miles during the day by one driver and the same distance at night by another. They are using the second battery however. The manager of these test-cars states the switch was left on over night, which he thinks is possibly the reason for having to purchase a new battery. They are changing oil every 1,000 miles; the same fan belt is being used and doesn't look worn. They have given the car a general greasing every 1750 miles and up to the first 100,000 miles had spent a little less than \$150 on repairs, etc. The rear axle has never been down; they have used two sets of brake linings, one set of pistons and rings, replaced clutch once, and have only used one extra hose connection.

The original speedometer was replaced by us yesterday, as it had registered 109,450 miles. It was reset correctly at the end of 100,000 miles but later began to skip or lose from twenty to twenty-five miles each day. The car has been driven at an average of forty miles an hour. The wheels are still tight and running true, and bearings have never been replaced. We have been unable to secure information as to how many miles the tires have been averaging.

We have permission from the Riverside Tire Company to use the picture and also the above information as an advertising feature, if so desired.

Yours very truly,
HUBB DIGGS COMPANY

**SPENT HALF OF HIS
 LIFE IN SUFFERING**

"Money couldn't buy the good the
 Sargon treatment did me. It over-
 came troubles I have suffered practi-
 cally half my life. Ever since I was a
 boy I have been weak and nervous and
 frail. I was a constant sufferer from

MACK SPRINKLE
 indigestion and constipation and I was
 greatly under weight. Nervousness
 made my sleep fitful and broken and
 in the morning I was always tired and
 not fit for study.
 "I had to live on cereals, milk and
 soups and even that would disagree
 with me and my life was miserable
 with gas bloating and pains. Some-
 times I would go days without any
 appetite and then, at times, I would
 be ravenous with hunger. Nothing I took
 did me any good.
 "I certainly wish I had been able to
 get the Sargon treatment long ago be-
 cause I am just like a new man now. I
 noticed an improvement the first week.
 Now, I eat three big meals a day. I've
 stopped that light diet and eat anything
 I want but it don't hurt me in the
 least. Nothing disagrees with me now
 and I am gaining strength every day.
 I sleep fine, get up in the morning feel-
 ing good and I've already gained six
 pounds and I have only taken two
 bottles of Sargon.
 "Sargon Soft Mass Pills are wonder-
 ful, too. My bowels became regular
 the first week after I began taking
 them and their action is so mild and
 natural that you are not sick or upset
 in the least."
 The above statement was recently
 made by Mack Sprinkle, 827 East 8th
 St., Oklahoma City, a law student at
 the Capital City School of Law.
 Sargon may be obtained in Haskell
 from the Oates Drug Store. (Adv.)

A Great Discovery
 When Pasteur discovered, in 1852,
 that the infection of wounds was caused
 by malignant bacteria, he performed a
 service of inestimable value to mankind.
 Since then medical science has been
 producing better and better antiseptics,
 to kill these germs that may enter the
 smallest cut and give us diseases such
 as typhoid, tuberculosis and diphtheria.
 Now, all you have to do to insure that
 these dreadful germs will not infect a
 wound, is to wash that wound how-
 ever small, thoroughly with Liquid
 Borozone, the modern antiseptic. You
 can get Liquid Borozone, in a size to
 fit your needs and purse, from Reid's
 Drug Store or Payne Drug Co.

Studebaker's DICTATOR

... champion in comfort
 as in performance

THE DICTATOR ROYAL SEDAN—Six wire wheels and trunk rack standard equipment, \$1395.
 THE DICTATOR REGULAR SEDAN, \$1265. Prices at the factory. Bumpers and spare tires extra.

STUDEBAKER'S Dictator, by its remarkable
 stock-car record of 5000 miles in 4751 minutes,
 has certified the fleetness and staying power you
 can confidently expect from this great Six. Its 28
 records for speed and endurance are not matched
 by any car at its One-Profit price.

The Dictator provides too, that matchless comfort-
 ance pioneered by Studebaker—ball bearing
 king shackles. These, with The Dictator's new
 hydraulic shock absorbers, long, pliant springs
 and deep-sprung cushions, achieve travel ease un-
 known before Studebaker pioneered it.

The low-slung grace characteristic of the new
 Studebakers expresses beautifully The Dictator's
 champion performance. You sense at a glance the
 swiftness, the dauntless spirit of the car. You know
 it is fast, and sure, and capable, for it looks the
 part. And the world knows it too—just as it knows
 the 77-year-old name of Studebaker that stands
 four-square to back your judgment.

SOCIETY and Club

Magazine Club Grounds Being Beautified

Members of the Magazine Club have throughout the year kept the club house in good shape and the grounds well kept. They have this week planted evergreens and shrubbery along the walks and at the base of the house on all sides. They hope to have the grounds in better shape than ever before.

Expression Pupils In School

From the pupils in the school, the following expressions were received: "The Whole Town's Talking" by the pupils of the school, "The League" by the pupils of the school, "The League" by the pupils of the school.

Methodist Women's Missionary Society

The ladies of the Methodist Missionary Society met in the parsonage last Monday afternoon, as the church is under repairs. This was a Missionary Voice program in charge of Mrs. C. L. Lewis. The theme was, "Home Dedication." Opening song was "Blest Be The Tie That Binds." The devotional was in charge of Mrs. F. T. Sanders who discussed, "Home Life in Bible Times." The Lord's prayer was repeated in unison. Leaflet, "Mother and Daughter," was read by Mrs. E. Martin. Mrs. E. Gaston Foote gave a splendid exposition on the double subject, "Ceremony of Life" and "God is Light

and in Heaven is no Darkness at All." Litanies for Fathers and Mothers, by Mrs. J. L. Southern. Dedication of Pictures, Mrs. H. M. Smith. Dedication of Books, Mrs. J. V. Fields. Dedication of Our Garden, Mrs. Ethel Dwy. Dedication of Our Treat, Mrs. Lee Glassier. In conclusion, Mrs. F. L. Lewis gave the benediction.

"The Whole Town's Talking"

By the way, had you heard that one of the most advanced steps in church work for children is the Junior Commission, which has proved a success in many of our leading churches. Working on the principle that we learn to do by doing, the children are organized into a real branch of their own, with their own plans, their own activities, which are planned, conducted, looked after, and reported on by the children themselves.

Junior III Leaves

"Junior III" leaves for the home of the Junior League. They departed about a month ago, with 12 charter members and now have 22. Last Saturday they had at present and a time program led by Eva Dell Squyers. They meet at 6 p. m. every Sunday and are always on time. "Watch 'Em Grow!"

Help Wanted: The Bureau Sunday School Class

wants help on their pledge on the new annex, now under construction, they guarantee to double your investment if you see the comical farce in three acts, entitled "The Whole Town's Talking," at the High School Auditorium, March 14th. You can enjoy a million dollars worth of laughs all for the small sum of 35c, 25c and 10c.

Getters, under the Captaincy of Claude Pippin had a score of 1700. Here is what we grade on: Present, 60; On Time, 10; Stay for Church, 10; Offering, 10; Weekly Bible Reading, 10. Total 100. A new member counts 100, a visitor counts 25. If you are absent, that counts a 0 for your side. We are working for 100 per cent. League. Now, well-behaved, obedient, just of the time members, but on time, every time, enthusiastic workers who will help make our League the best yet!

A number of the members were absent due to the bad weather and sickness, but we hope more may be able to attend our next meet which will be held on March 6th. We will meet at the home of Mrs. P. J. Jossett. Please remember the date and place and be present.

Resolutions of Sympathy

Where as it has pleased God to call to Mrs. T. J. Lemmon, "Come and dwell in the house of the Lord," be it therefore resolved: That the Women's Missionary Society of the M. E. Church feels a great loss in the going of this dearly-beloved, true and faithful member.

In respect to her memory be it further resolved: that the Women's Missionary Society extend to the family its deepest sympathy and pray the grace of God sustain them in this sad hour.

Be it further resolved: that a copy of these resolutions be spread on the minutes of this society, that a copy be sent to the family and that a copy be sent the Haskell Free Press for publication.

Very respectfully submitted, Mrs. F. G. Alexander, Mrs. W. A. Kinsborough, Mrs. H. M. Smith.

Minstrel To Be at Rule.
Birmingham Alabama Mid-Picture Show Incorporated" has invited to produce their minstrel at the Rule High School on the evening of March the 18th, at 7:45. A change in the personnel have made. Rule characters will be played largely in the place of Has- characters. Mr. Rayford Mustard is represented by Rev. Ball of Mrs. Sally Crouch by Mrs. J. W. S; Sis Cally Flucker by Mrs. Char- wis; Seamore Mashby by Charlie Lawyer Chew by Claud Norman; Peagiar of Bud Peagiar's Barbecue Billiard Parlor, Otis Opri; Miss Sue Washington by Mrs. Jack- ord; buck and wing dancer, Mr. Place, all of Rule. Those of the all cast who have been invited by Rule P. T. A., who is sponsoring now, to assist in the minstrel are Wayne Koonce; Misses Catherine Lillian Kaigler, Louise Kaigler, Mr. Oliver, Vernon Stoker, Joe and Rev. E. Gaston Foote. The High School is one of the best in section with a stage second to fully equipped with splendid- ry; and with two more trained added to the cast, we believe will be one of the best comedy ever produced in Rule. A invitation extends all of the d folks who did not get to see ay when it was produced here and o every body in the rural commu- who want to spend an evening and frolic and feel when it is with that you have got your 's worth.

Ward P. T. A.
Friday afternoon, Feb. 14, was reg- meeting day for North Ward P. Since the program for the day extra long the business meeting elminated. The following pro- on Citizenship was directed by Covey and Mr. Bass.
ing's "If"—Lillian Kaigler.
Shington, the Greatest American es Roberts.
Ideal Citizen—Ruby Maye Grind.
Discovery of America to the tion—Hamby Wimberly.
Era of Strife and Progress— e Edwards.
Immediately following the program ra, members and visitors repair- the dining room, where a program ven commemorating the thirty-

second birthday of the National orga- zation. The dining table was center- ed with a lovely White birthday cake, with red trimmings, on which rested a large red carnle, surrounded by thirty-two tiny white ones. Vases of beautiful cut flowers were also an added attraction. After some intro- ductory remarks by the leader, Mrs. R. C. Couch, a resume of the work done by the local organization, since it came into existence as a "Mothers Club" in 1909 was given by Mrs. White- ker, who mentioned some of the im- portant things accomplished each year. During the first administration trees were planted about the North Ward building, a number of these, still living. A piano was purchased later for the North Ward. There were books and maps bought, payment made on the clock, assistance given the H. E. Department, victrola records and other equipment bought for the grades, walks laid to the front of the high school and across to the ward, a suc- cessful county fair put over, a lyceum course sponsored from year to year plays, and the past year a splendid and with a number of good wholesome plays, and the past year a splendid Chataouqua program. These and many other things have been accomplished for the good of our schools, by these faithful workers. Names of the fol- lowing presidents were mentioned: Mesdames M. Pierson, O. E. Oates and J. F. Posey. While Mr. Minatra was Supt. of our schools the organization became known as the Parent-Teachers Association and was affiliated with the following presidents in line: Mes- dames Clyde F. Elkins, R. V. Robert- son, J. M. Gose, W. A. Kimbrough, Charles Parsons, Date Anderson, B. M. Whiteker and Theodore Jones. We especially appreciate the work of our foster-child, the South Ward P. T. A. a number of these workers being present on this occasion.

Special phases of the work done by the National organization, were stress- ed by different women briefly, as Miss Sue Couch lighted one by one, the candles on the cake.
Mrs. J. M. Gose discussed how the finances of the National Treasury were distributed. The National song, "A Little Child Shall Lead," was sung by Mesdames Morrison and Whiteker. Members of the H. E. Class, served delicious tea, sandwiches and spice cake. Out of town visitors were Mrs. Opal Horn, Dallas and Miss Marjorie Whiteker, Jacksonville.
Joint Meeting of Circles.
On Monday Feb. 18th at 3 p. m. there was a joint meeting of the circles of the Ladies Aid of the First Christian Church at the home of Mrs. Dennis Ratliff. After both new and old busi-

ness were disposed of the meeting was turned into a valentine social. In appreciation of the faithful services of our retiring president and retained sec- retary, the society presented them with pot plants. The hostess assisted by the new president, Mrs. J. M. Glass served a delicious plate lunch to the members after which they adjourned.

Valentine Party For Cradle Roll Department of Christian S. S.

Mrs. R. B. Fields and Mrs. Dennis Ratliff were joint hostesses in the home of the latter last Thursday afternoon, February the 14th for the Cradle Roll babies and their parents in a lovely valentine party. Mrs. J. M. Glass had charge of the babies and kept up a lively flow of games and contests for them while Mrs. Ratliff kept the mothers entertained. Sandwiches, salad and hot chocolate was served and valentines were given as favors to the little tots. Mothers present were: Mesdames Lynn Pace, Marvin Post, Haskell Stone, J. M. Glass, Claud Menefee, G. R. Forrester, Henry King, Ferris Morrison, and the hostesses, Mrs. R. B. Fields and Mrs. Dennis Ratliff. The children present were: Martha and Henry Post, and Dorothy Jane Post; Eula Fay Glass, Marion and Mae Stone, Riley James and Janice Pace; Beverly Gale King; Josephine Parish; Jaquelin and Bessie Bell Morrison, Claud Menefee Jr. Mammie Jene Mene- fee, Dorothy Mae Forrester, Eva Joe and Bennis Fay Ratliff.

A New Residence in South Haskell.

Something like five years ago, Masters, Billy Burt and Thomas Kaigler built a three room, one story house with a basement and here throughout the years they have stored their com- munity toys, played, slept and cooked. A Christmas tree is had each year. On last New Years night just after a feast had been enjoyed by the boys and some friends and all had gone to town, fire from the cook stove caught the "home" on fire and it was destroy- ed, barns and fences adjacent, however were saved by neighbors.
The young owners secured a new lot near by, contracted with the Brazelton Lumber Co. to furnish the material and went to work to build themselves a better and bigger home. It is complete now and has three large rooms, two outside doors, glass windows and a front porch.

South Ward P. T. A.

The South Ward P. T. A. met in its regular meeting last Thursday. The entire school presented the following program:
Hatched Drill—First Grade.
Song, "Playing in Snow"—Members
Washington Reading—Edwin Parsons. of First and Third Grade in Miss Sprows' room.
Washington Playlet—George William Fouts and Thomas Kaigler.
Betty Ross Dialogue—Theda Maples, Crockett English and H. J. Hambleton. Then the president took charge and

had a short business meeting. The ladies voted that they spend some of their play money for some primary chairs, a new victrola, and some new trees.

These ladies have made some wonder- ful plans for the betterment of their school and school ground.

The Baptist Church Welcomes You!

Why You Should Go To Church?

More than a thousand of Haskell's citizens are in church every Sunday. These are the people who hold the moral standard high. You should fall in line with this great group and help them in their worthy task.
You should attend church for the sake of your family. There may be an unsave husband, wife or child in your family. You cannot make too great a sacrifice to show that unsave one the Way of Life.
You should take as much interest in the spiritual development of your family as you do their physical and mental development. This cannot be done without attending religious services. If you are not attending church and Sunday school let the Baptist church help you.
9:45 a. m.—Sunday School, with an increase of 43 in attendance.
11:00 a. m.—Preaching Service, subject: "From Earth to Two Eternities."
6:30 p. m.—All B. Y. P. U.'s meet. 115 expected.
7:30 p. m.—Preaching Service, subject: "A Scriptural Promise That Infidels Are Forced to Believe."

Tires for the new Ford are specially made to give long wear

WHEN the new Ford was de- signed, it was immediately apparent that a new tire would have to be made to match the car's perfor- mance. It was distinctly a new problem, for here was a car with quicker acceleration, greater speed and more working efficiency than any car of similar size or weight.
So that every Ford owner might be assured of maxi- mum tire mileage at the low- est cost, the Ford Motor Company devoted many months to research and experiment in conjunc- tion with the leading tire manufacturers.
As a result, certain defi- nite specifications were de- veloped for tires for the new Ford. These specify cords of certain strength and texture, a large volume of tread and side-wall rubber, sturdy non- skid design, and reinforced sides for protection against bruise breaks—all the strong features of construc- tion formerly considered only the largest tires.
Great care also was taken to secure the best riding qual- ity in connection with the transverse springs and the Houdaille shock absorbers.

Though the Ford tires are designated as 30 x 4.50, they have the resiliency and air space of much larger tires because of the drop center rim of the steel-spoke wheels.
For best results, the tires on the new Ford should be kept inflated to an air pressure of 35 pounds and checked regularly to insure this pressure all the time. This is important. Low in- flation breaks down the side- walls of a tire. By causing overheating, it al- so destroys the rubber that acts as an insulation, with consequent separation of the cord.
At the end of each 5000 miles, when you have the front wheels packed with grease, it is a good plan to have the wheel alignment checked. This will prevent premature wear.
When punctures come, as they will with any tire, you will find the Ford dealer particularly well-equipped to make repairs quickly and at small cost. See him, too, for replacements. Then you will be sure of getting tires built specially for the Ford car according to definite Ford specifications.

CLUB ENDORSES TALKING PICTURES

At the last meeting of the Lions Club endorsement was given by the club to the proposition of installing "talking" pictures in the Theatre in this city, announced which was made several weeks ago by Manager Gene Hughes. Hughes states that at the present time the Vitaphone equipment is installed in only the larger theatres of the state, and that his committee, Westex Theatres, Inc., are anxious to make the large expenditure necessary to install this equipment in a town no larger than Haskell. The Vitaphone installation in the Theatre, states Mr. Hughes, cost approximately \$10,000 and places Haskell in the class of Wichita Falls, Ranger and San Diego, these being the only cities in the state having Vitaphone theatres at the present time. Mr. Hughes is in a proposition which he believes will make possible the installation of the Vitaphone equipment in Haskell in the next few days.

The report of a good time and plenty of food was given by the speaker at the meeting of the Association held at Seymour, Monday, Spet.

ROOM SCENE AT BAPTIST CHURCH

A regular monthly meeting of the Council of the Baptist S. S. Club in the basement of the church last evening. As word had gone out that a prominent member of the club was to be on trial at this time a crowd was waiting at the apartment. A court room scene was staged to the visitors with the following cast: Mr. W. M. Freese, prosecuting attorney; Mrs. Theodore Ditcher, judge; and Rev. I. N. Ditcher, defense attorney. The case against the defendant was presented by Mrs. Fouts, charged with inefficiency and insincerity, in the discharge of her duties as intermediate teacher. After careful consideration and questioning of the selected veniremen, the jurors were chosen: T. C. Oliver, Mrs. Ed Sprawls, Mrs. Iola Henshaw, Mrs. R. L. Lamkin, Mrs. C. M. J. M. Crawford, Mrs. Jno. Ellis, J. C. Parks.

The witnesses in favor of the defendant were: Mrs. B. M. Whitaker, John Couch and Mrs. R. J. Many amusing things were out in the testimony, which brought a good deal of merriment in the room, calling into play several offices of the sheriff. After deliberation the jury found the defendant guilty, but asked leniency of the court, which resulted in a suspension. A number of small cakes and hot drinks were served by Mesdames Williams, Jim Fouts and Paul Williams to a hundred or more members.

ALL COUNTY CITIZEN RETURNS FROM DELEON

Always glad when our friends come in the office. Last Thursday our good friend R. L. DeLeon of the Howard Community returned. He had just returned from DeLeon that morning. He owns a farm in Comanche and has been down there looking after his affairs. He says they are having much rain in that section and are praying for dry weather to get their ground for planting. A great peanut producing section.

More than 150 farmers attended the two days terracing demonstration held last Friday and Saturday on the Judge T. S. Henderson farm eight miles south of Haskell. This demonstration was put on by the West Texas Chamber of Commerce and was in charge of B. M. Whitaker, Agricultural Agent of that body. Lunch was served both days at noon by the Haskell Chamber of Commerce and all were heartily fed.

The object of the terracing demonstration, according to Mr. Whitaker, is to cooperate with the vocational training departments of the rural and city schools, in teaching the boys the use of the farm level and how to handle terracing machinery. A number of the boys from the nearby rural schools were present and took an active part in the terracing during the entire two days. Elmer C. Watson, principal of the Post rural school, was on the grounds both days and had his entire class in the field. A number of boys from other schools took an active part in the terracing from the laying out of the terraces to the completion.

C. H. Colvin, Sec. of the Chamber of Commerce of Eastland had charge of the work and directed the entire program. Mr. Colvin made a talk to the men and boys on how to handle and use the farm level Friday morning which was well taken by the entire line-up of workers. His instructions were clear and thorough and any man or boy in gathering, after listening to the instructions, should be able to operate the farm level within a few moments.

A number of companies had their representatives there demonstrating their farm and terracing machinery. These machines were put in operation and complete terraces were built which were brought up to standard requirements. They were about 24 feet wide and of sufficient height to hold the flood water if the rows are run with the terraces. F. E. Jones, salesman of the International Harvester Company, with headquarters at Abilene for this district, was on the ground with a Farm All Tractor which was thoroughly demonstrated in the pulling of the terracing machines.

J. N. Snyder was in the field representing the Owensboro Ditcher & Grader Company, better known in this section as the Martin Ditcher with which he completed a terrace with the machine. This machine is manufactured at Owensboro, Ky.

Gordon Treadaway demonstrated the Coricanna Terracer and Grader, and erected one complete terrace with this machine. R. B. George of Dallas is dealer for this grader.

Representative Alexander of Breckenridge was also on the ground with the Brown Grader and Ditcher, manufactured at Breckenridge, and with this machine built a terrace Saturday morning. All of the County Commissioners were present at some time during the two days and inspected the work of the machines and terraces.

Also a number of prominent business men of this section were present for a short while, including Homer D. Wade, Manager West Texas Chamber of Commerce, who gave his hearty approval of the work.

L. S. Coone and W. M. Liggett with the Panther Oil and Grease Company of Fort Worth were in the field for a short while Friday and remained until after lunch.

These two days were very busy days and had it not been for a disagreeable wind which continued to blow all the time many more people would have attended. But it was a success and many terraces will follow this demonstration. With in a few more years 50 per cent of Haskell county farms will be under terraces.

Local Baptists Going From Victory Unto Victory

Above four hundred people studied the Bible at the Baptist Church Sunday. Three hundred and thirty-three of this number took part in the Sunday school services and one hundred attended the B. Y. P. U.'s. For this large number to make an effort to help themselves and others, could not mean anything less than greater moral victories over wrong in the future. The Bible is the seed and if the seed are faithfully sown the principles of growth will insure a great harvest.

Editor Jimmie Smith of the Scurry County Times, Snyder, accompanied by Glenn Sample of that city, were pleasant callers at our office Friday of last week. They were returning to Snyder from Munday, where they attended the basketball tournament held in that city.

It Won't Be Long Now

SIMMONS QUARTET HERE SUNDAY

The Simmons University Male Quartette will be in Haskell Sunday evening and give a thirty minute program at the Methodist Church preceding the sermon. This Quartette is one of the best male quartettes in Texas and we are exceedingly fortunate in having them with us. The manager of the quartette, Mr. Polk Wells of White Deer, Texas, is a close friend of Rev. E. Gaston Foote, local Methodist Pastor. Rev. Foote's former pastorate was at White Deer.

The church was crowded to capacity last Sunday evening. Services start at Seven Seventeen P. M.

ELKS ELECT OFFICERS FOR ENSUING YEAR

Missionary Of Africa Will Speak Here Sunday Morning

Dr. Conway Wharton D. D. for ten years a missionary in the Belgian Congo, will speak Sunday Morning at the Presbyterian Church at eleven o'clock. Dr. Wharton will bring a real message, fresh and vivid of the work that is being done by the Missionaries. He is a splendid speaker, and a man of charming personality. He is a son of Dr. T. A. Wharton D. D. of Sherman, a man well known in Texas. Everyone is invited to hear his message next Sunday. He will only be here for the morning service, and will speak in Throckmorton in the evening. You will miss a real treat if you fail to hear him. All other services will be conducted at the usual hours.

FRITTS CASE GOES TO TRIAL

The case of Will Fritts, charged with the murder of Earl Hamilton, was called for trial in District Court at Anson Wednesday. Work of selecting a jury from the special venire summoned was started Wednesday, and it seemed probable that the jury would be completed some time today (Thursday). District Attorney Clyde Grissom of this city is assisting in the prosecution, and a number of peace officers, as well as a large number of witnesses, are in attendance upon the trial from this county.

THREE ARRESTED FOR ROBBERY STORE

Three men giving their names as Luther Ray, Ray Cravens and Buster Rayburn, have been arrested and are being held in jail in connection with the burglary of the J. L. Jones Dry Goods Store in Rule last Wednesday night. About \$2,500 worth of merchandise, consisting of men's clothing and ladies ready-to-wear was taken from the store.

The men were arrested at Wink, by Sheriff W. T. Sarrels and Deputy Sheriff Clarence Lewellen and City Marshal Henry Townsend of Rule. One arrest in the case was made Saturday evening, and the other two men were arrested Sunday and Monday. According to the officers, about half of the merchandise taken from the Rule store was recovered. A quantity of cigarettes, tobacco and chewing gum, taken from the H. O. Wooten wholesale house in Stamford recently, was also recovered by the officers, who have secured confessions from the three men arrested.

Cravens and Rayburn, according to officers, are residents of Wink, Luther Ray, the third of the trio, had lived in Haskell county for some time, leaving here about three months ago.

Sheriff Sarrels and Deputy Lewellen, as well as Marshal Townsend of Rule, are to be commended for their quick work in apprehending the thieves. Less than three days elapsed from the time of the theft until the officers had made arrests in the case, and this quick work on the part of our officers will prove a deterrent to thieves who try to profit in Haskell county.

Editor Sam A. Roberts left Tuesday for a business trip to Lamesa, O'Donnell and Hartley.

CONTRACT LET FOR METHODIST ANNEX

Contract was let last Monday by the Building Committee of the Methodist Church composed of Fred Sanders, A. H. Wair and O. E. Patterson for the erection of a two-story brick education building on the west side of the present church building. The building will be 42 feet wide and 60 feet long; it will be modern in every respect. The plans call for a church office, beginners, primary, junior, intermediate, senior and young people's department, a kitchen, banquet hall, and boy scout hall and gymnasium. Contract calls for the completion of the building within 60 working days. The successful bidders were Smith and Harrison, local contractors. The total cost of erection will be between nine and ten thousand dollars.

MISS KATHERINE RIKE HAS HIGH HONORS

In an article in the Dallas News of last Friday appeared the name of Miss Katherine Rike, Haskell, listed with fifteen students of Southern Methodist University, who had made an A average in their work this year. The article stated that this was the highest honor that could come to a student as it is attained only by the most serious and diligent students. Only two girls among the list were from Haskell. Miss Katherine Rike was one of these. One of the papers has rung that as we journey through life we leave footprints along the sands of time. Katherine Rike left the sure type of indelible markings all through her grade and high school work in Haskell as that recorded at Southern Methodist University, Dallas.

VARIETY OF GAY FINISHES REVEALED AT THE SEASON'S AUTOMOBILE SHOWS

Predictions that 1929 would bring new color to the automobile industry have been borne out by the variety of gay finishes revealed at the season's automobile shows. A few manufacturers offer a choice of color combinations on the same model. One of the leaders in this development is Studebaker, which announces two color options on several of its new Commander models. The Commander Eight five passenger sedan is available in smart browns and tans. One may be had in Molite Brown and Autumn Brown, which is also used on the wide belt panel and the window reveals. The other Commander Eight state sedan color option is Alhambra Tan with Bombay Brown window facings, fenders and felt moulding and Toledo Orange wire wheels. These two color options are also available on Studebaker's smart new Commander Six broughams. Seating five passengers, these new broughams have won widespread favor from motorists since their introduction early in January.

The new broughams are also offered on The Commander Six chassis. These models are available in lustrous black lacquer of highly polished finish. Wire wheels are finished in Mainak Green or Toledo Orange, the same colors being used for body striping. With their shining finish and many bright touches of gleaming chromium plate The Commander Six broughams are cars of exceptional smartness.

NEPHEW OF ROCHESTER MAN KILLED AT GRADE CROSSING

HASKELL COUPLE ENJOYS A BIRTHDAY DINNER

That men are becoming more feminine in their habits was brought out forcefully this week when our good friend and fellow townsman T. A. Williams refused to tell a reporter of the Free Press his age after being served with a sumptuous birthday dinner last Sunday at the home of his son R. E. (Peck) Williams at Breckenridge. Mr. and Mrs. Williams left Haskell Saturday and spent the night with their son and family and Sunday at noon the feast was spread in honor of the father. The report a great time and many pleasant memories of this happy occasion will follow them through life. But Mr. Williams gave no reason for flatly refusing to tell his age.

LIONS WORKING FOR MILK PLANT HERE

At the last regular meeting of the Lions Club, held in the Testawa Coffee Shop last Thursday, considerable interest was manifested in a proposition to secure a Milk Plant for Haskell, and the wholehearted co-operation of every member of the organization was accorded to work for this project, which will be worth thousands of dollars to this section. Although no definite proposition can be announced at this time, it was announced that Haskell had an excellent chance for securing this industry, and officers and members of the Club are now at work on the proposition.

In the absence of President Emory Menzies, Rev. G. Robt. Forester presided during the meeting. Several matters of business were brought up and the proposition of securing a Health Home for Haskell county schools was postponed until the next term of school, as it would be impossible to carry out this work by starting now before the present school term is ended.

The entertainment program for the meeting was one of the best of the year. Miss Beulah Bryant, accompanied by the piano by Miss Marion Guest, gave two delightful readings which were heartily applauded. Miss Mae Frost, accompanied at the piano by Miss Pauline, rendered a beautiful solo, with both young ladies singing a duet as an encore number. The entire program of readings and singing was heartily enjoyed, with every member looking forward to the occasion when they may have the opportunity of hearing these four talented young ladies again.

Attendance at the meeting was excellent, with only a few members reported absent. Much interest was taken in the check-up on the attendance contest, which closes with the next meeting. Roll call showed that French Robertson's "Purples" was maintaining a slight lead over E. Siegel's "Golds." However, neither side has a "cinch" on winning the contest, and the next meeting will probably see a record attendance figure.

FARMER MAKES SATISFACTORY SALE OF TURKEYS

Clay Kimbrough a reader of the Free Press and a persistent user of our want ad column when he has something to sell, made the statement in the city Friday to one of our reporters that he had sold more than \$100.00 worth of Bronze Turkeys to breeders over this section of the state in the past few weeks and he is delighted with the results both in raising turkeys and marketing them. We appreciate Mr. Kimbrough's efforts in bringing the best of the Bronze Turkey breed into our county and holding the banner of better breeding stock aloof.

SACRED PIANO RECITAL AT BAPTIST CHURCH

The advance piano pupils of Mrs. Geo. H. Morrison of this city will give a Sacred Piano Recital at the First Baptist Church of this city Friday night beginning at 7:30 o'clock. The features of the evening will be a reading by Mrs. E. Gaston Foote, solo by Mrs. Wayne Koonce and the choir boys will sing. Every one is invited.

W. M. Porter of the Brushy community was in the city Tuesday with a number of the best bred turkey hens to be found in this section of Texas. We learned that he sold quite a number of them to our Haskell citizens, Paul Prierson buying 5 nice ones to increase his breeding stock. Mr. Porter has won many prizes at the Haskell and other fairs over the state with these excellent Bronze Turkeys. He is also a breeder of Poland China Hogs and Registered Jersey cattle.

CHURCH AUDITORIUM BEING REDECORATED

Mr. Ed Newton of Vernon and his force of Church decorators have been working for the past two weeks on the redecoration of the Methodist Church auditorium. It will be completed Friday or Saturday of this week. When completed it will be one of the most beautiful decoration jobs in this section. The ceiling has been tinted a light cream with decorations of light green and gold. The walls will have a pearl grey background with a light green and gilded gold stipple effect.

Georgie M. Moore, D. C., attended the meeting in Abilene last week of the Oil Belt Chiropractic Society, recently organized. Dr. Moore was accompanied by Mr. and Mrs. T. L. Donohue and son Tom Jr.

Simmons Quartet to Sing Here

Simmons University Quartette will be in Haskell next Sunday evening and will give a concert at the First Methodist Church. They are from left to right, Boyd Caffey, first tenor; A. D. Whisenant, second tenor; Polk Wells, baritone; and S. M. Morgan, bass.
