KETRON CHURCH HAS WOMEN'S MISSIONARY SOCIETY

The Ketrion Women's Missionary Society met last Thursday in the home of their pastor Rev. W. J. Knox. The devotional was led by Mrs. R. Davis. A business meeting was held with the president, Mrs. J. W. Adcock in charge. The following officers were elected: Corresponding Secretary—Mrs. J. H. Montgomery.
Superintendent of Social Committee—Mrs. A. Montgomery.
Supt. of Children's Department—Mrs. E. C. Watson.
Program Committee—Mrs. J. A. Lee, Mrs. Munford and Miss Una Vay Adcock. Closing the meeting we gladly received six new members. They were: Mesdames M. L. Middlebrook, R. C. Ketrion, Cody West, L. L. Kuenstler, J. H. Montgomery and W. A. Montgomery. We later enjoyed a delightful social

hour with our hostesses, Mrs. McCray and Mrs. Knoy who served a plate lunch containing sandwiches, potato chips, pickles, ice tea and cake to all that were present.
We will meet Thursday, October the 11th at the church and render our first program. Mrs. M. L. Middlebrooks will lead. We enjoy the other ladies of the community to come and join us.
Our society is young but growing. We are planning some wonderful work for the future. We have the pep and are going to use it.

Mrs. M. C. Forde Dies

Mrs. M. C. Forde mother of Mrs. M. J. Lain of the Midway community was called home Thursday, October the 4th at 3:10 p. m. She was 85 years of age when the end came and had lived a consecrated christian all of her life, being converted when quite a small girl and uniting with the Christian church through which she gave a life of service to her master.
She has been making her home with Mr. and Mrs. Lain a number of years and has made many friends in the Midway community who regret very much her passing. She will be keenly missed by her loved one, but their loss is Heaven's gain and they know full well that some day they can meet this mother and grandmother beyond the river where parting will be no more.
She was the mother of nine children, eight of whom are living. Her husband passed away more than 30 years ago. Funeral services were conducted at the First Christian Church in this

city by Rev. G. R. Forrester at 1 o'clock, Friday afternoon after which her tired body was laid to rest in Willow Cemetery. The many friends of the family give to the bereaved loved ones their deepest sympathy.

CENTER VIEW SUNDAY SCHOOL ELECTS NEW OFFICERS

The Sunday School of the Center View Church elected new officers Sunday morning. They were:
Superintendent—Mr. Calvin.
Assistant Supt.—Mr. Hannsz.
Secretary—Miss Ethel Bland.
Assistant Sec.—Miss Effie Calvin.
Organist—Mrs. Lillian Bland.
Assistant Organist—Ethel Bland.
Choir Leader—Herbert Hannsz.
Assistant Choir Leader—Werner Calvin.
Teacher of Bible Class—Mr. Wright.
Teacher of Class No. 2—Miss Effie Calvin.
Teacher of Class No. 3—Mrs. W. E. Bland.
Teacher of Class No. 4—Ruth Strickland.

Every one is invited to come and bring some one with you and help out in the Sunday school work.

Rev. M. L. Baker of this city and J. A. Jones of Rule are away this week attending the Presbyterian Synod which is held at Lubbock this week. Also E. H. Morrison and Rev. Hinds passed through the city from Graham enroute to Lubbock on the same mission, to attend the Synod.

S. O. Haman of the State Highway Department, with headquarters at Wichita Falls was here Saturday on business and while here took in the fair. Mr. Haman is an Ex-Texas Ranger.

E. H. Denerson, manager of the Central West Texas Poultry Association who lives at Stamford was in the city Friday visiting the fair. He is very much interested in poultry and its development as a resource for the farmers which will pay them the greatest profit of any investment possible to engage. More than \$175,000.00 worth of poultry products have been handled by the Association since its organization last February. This association is just in its infancy, watch it grow for the next 12 months.

E. J. Bodecker of Bunker Hill was here attending the Fair Saturday.

Mr. and Mrs. Jake Bristow of the Sweet Home community across the river west of Rule was here in attendance at the Fair Saturday.

Mr. and Mrs. Ross Hemphill of Graham attended the Fair at Haskell last week and visited relatives and old friends.

M. O. Field and family of Plainview were Fair visitors this week. Mr. Field is a former Haskell citizen and has some children living here and he and his family have many good friends here who are always glad to welcome them back to Haskell county.

L. W. Garrett, a nephew of J. O. Jackson of Rule Route 1, of Coleman who is visiting Mr. Jackson was in the city with his uncle attending the Fair Saturday.

T. D. Austin, Postmaster of O'Brien, Texas was in the city Saturday taking in the Fair and stated that the Fair was a good one this year.

Mr. and Mrs. I. M. Linville of Old Glory were here Saturday evening attending the Fair. Mr. Linville lived near Haskell two years ago and his old friends were glad to see him again.

O. B. Norman and family of Lamesa visited relatives and friends here Friday and Saturday and took in the Haskell County Fair.

Mr. and Mrs. C. D. Grissom and Mr. Clyde Grissom attended the marriage of Miss Anita Grissom and Mr. Earle Guitar in Abilene September the 26th.

TRIP TO CALIFORNIA

By W. M. Free

(Continued from last week)
In our last letter a paragraph was left out which made the account of the little town of Rule, New Mexico, look like it had 10,000 inhabitants. Which should have been Douglas, Arizona which was visited by James Douglas for whom it was named. Also, one thought was left out from the checklist of Rule, Arizona, which had 200 in front of 2,000, not 2,000, as printed in our last issue. We make this correction so our readers know the facts.

We had arrived at Tucson, Arizona, at 12 o'clock Monday night and spent the remainder of the night in that city. Tucson has a population of 40,000 people, a city of pronounced growth. Its climate makes it a great health resort. The average is around 74.000 feet and there are many months in its year with no rain. The Tucson, Arizona, is in that city and is the headquarters of the Santa Rita Mountains. At Tucson we met M. S. Jones, manager of the El Centro, King's building, who came to be the first white man to see the West. Tucson, Arizona, was founded by Juan Bautista de Anza, who was born in San Antonio, Texas, and who was in the West in 1775.

We left Tucson at 8:20 Tuesday morning for the first stage of our journey to the city of Phoenix. A distance of about 70 miles. Between these two cities are the Grand Canyon district. There are thousands of these grand canyons ranging from a few feet to 30 feet high. The large ones are about 12 miles in diameter. They are very beautiful and very peculiar in appearance.

Soon after we left Tucson we encountered another pink hole, some quarries, and we were very much interested in the landscape. Then we were surprised to find that we were in the Grand Canyon. A number of the canyons are very deep and very peculiar in appearance. The Grand Canyon is the most famous of these canyons. It is about 18 miles long and 4,000 feet deep. It is a very beautiful and very peculiar in appearance.

We arrived at the city of Phoenix, Arizona, at 12 o'clock Tuesday night. The city of Phoenix has a population of 40,000 people. It is a city of pronounced growth. Its climate makes it a great health resort. The average is around 74.000 feet and there are many months in its year with no rain.

Phoenix is the most important city in the Grand Canyon district. It is a beautiful and attractive city. It is a city of pronounced growth. Its climate makes it a great health resort. The average is around 74.000 feet and there are many months in its year with no rain.

found from October to December. We arrived in Phoenix about 3:30 that afternoon and spent about an hour in the city. This city has 30,000 population and is around 1,100 feet elevation. It is a winter resort. It is the capital and Metropolitan of Arizona and is the trade center of the popular Salt River Valley. It has many fine drives and grows many crops and has a great many green fields to see. This great Salt River irrigation plant has nearly a half million acres under its dam. A recent cyclone had visited Phoenix and had demolished and damaged a portion of the city with the loss of a number of lives in the storm. This is a rare occurrence in this section. It seldom freezes here. There are 425 miles of paved road in this valley which is the secret of the success of the valley in marketing their enormous products.

We left Phoenix at 4:30 and headed for the great Arizona desert which we expected to pass through during the night because of the time being. The day time which is from 10:00 to 12:00 is the best time to travel. The elevation is 2,000 feet. The desert is very dry and we had to be careful of our water. We had about 18 miles where the elevation was 2,200 below.

The great Arizona desert which was the menace to the traveler going west has now lost its terror since the days of the automobile and good roads. There are small towns every few miles and plenty of well water all the way across the desert. The only dread with the tourist is the excessive heat in the day time which causes the motorist to over heat and now most of them make their arrangements to cross this 250 mile desert after night fall.

The great desert which has no vegetation except what is known as the Saguaro or cholla cactus, which is very large and very peculiar in appearance. It is a very beautiful and very peculiar in appearance. It is a very beautiful and very peculiar in appearance.

the sun had gone down. The roads are not paved but well graded and gravelled and we had no difficulty making the trip in good time except a blow out on the back casing of the bus before we had gotten very far on our way. A filling station was at hand and our casing was soon changed and we were on our way again. In the heart of the desert at night the thermometer registered about one hundred and ten but we did not suffer from heat while our bus was in motion. We were only a few times out of sight of the lights of some filling station in the entire journey. There is plenty of water, service stations, etc., all along the entire trip from Phoenix to Yuma.

We passed through a number of small towns which were dependent on water sets through the desert and reaching Yuma after midnight. We passed through the city without stopping and evened the Colorado river into California in this city. There is some excitement on the California side and give an inspection station which had us take our grips down from the top of the bus and let the boys look through for pink boll worms. They did not find anything that we could not carry into California. Some of the boys had some Red Turpentine which was also permitted to pass. This did not belong to any of our Haddad boys, for they had

been made before and did not expect to be. Yuma is said by some to be the hottest place in the world, but we were told it was an attractive city of 7,500 population. This is an interesting and progressive city and all kinds of tropical fruits and paper shell pecans are produced in cultivation and production. It was 60 miles from Yuma to El Centro and we crossed the section after midnight. Reaching El Centro at 4:30 a. m. Between Yuma and El Centro the famous park road was made in existence and now the concrete road which takes its play-runs along border.

An Unpleasant Subject
All of the functions of life are not pleasant to consider. Perhaps this is why some mothers refuse to think that such symptoms as restless sleep, loss of flesh, lack of appetite or itching nose and fingers in their children, can be caused by round or pin worms. Many mothers have proven, however, that a few doses of White's Cream Vermifuge, that sure and harmless worm expellant, will make these symptoms disappear. You can get White's Cream Vermifuge for 35 cents per bottle from Reid's Drug Store or Payne Drug Co.

Dangerous Business
Our stomach and digestive systems are lined with membrane which is delicate, sensitive and easily injured. It is dangerous business, then, to use medicines containing harsh drugs, salts or minerals, when we are constipated. In addition to the possibility of injuring the linings of our digestive system, these medicines give only temporary relief and may prove habit forming. The safe way to relieve constipation is with Herbine, the cathartic that is made from herbs, and acts in the way nature intended. You can get Herbine at Reid's Drug Store or Payne Drug Co.

Sore Gums—Pyorrhea
Foul breath, loose teeth or sore gums are disgusting to behold, all will agree. Leto's Pyorrhea Remedy is highly recommended by leading dentists and never disappoints. Druggists return money if it fails.—Martin's Drug Store, South Side of Square.

brate Golden Wedding Anniversary

Mr. and Mrs. F. G. Alexander were at home to 350 guests last Friday evening September the 28th in celebration of their Golden Wedding Anniversary. The lawn was electrically lighted and among potted ferns were tall baskets of the choicest of hot house flowers, which were gifts from friends, many of these were sent from out of town, as far away as San Antonio. Guests were greeted at the pavement by Mesdames R. C. Montgomery and F. T. Sanders who introduced them to members of the receiving line who were: Mr. A. H. Alexander, Mrs. W. L. Hills of Rule, Mr. Fred Alexander of Ft. Worth; Mr. Wallace Alexander of Seymour; Mr. W. C. Bickley of Abilene; Mrs. Wallace Alexander of Seymour; Mr. Marvin Alexander; Mrs. Matthew Alexander of Ft. Worth. Other members of the house party were: Mrs. W. C. Bickley of

MR. AND MRS. F. G. ALEXANDER

Abilene; Mrs. Joe C. Allen of Crowell; Mrs. Henry Alexander, Mrs. Marvin Alexander, Mrs. Ethel Irby of Haskell and Mrs. C. D. Long, Miss Joan Irby of Haskell and Miss Maxine Alexander of Ft. Worth, who presided over the guest book. The color scheme which was ideally carried out in detail was white and gold.

As a prelude to the wedding procession Mrs. Bert Welsh sang, "Loves Old Sweet Song" accompanied at the piano by Mrs. O. E. Patterson and then as the strains of Mendelssohn's Wedding March was played, Mr. and Mrs. F. G. Alexander who have walked by each other's side for a half century began the walk to the improvised altar at the right hand side of the lawn, where their golden wedding anniversary service was performed. They were preceded by Rev. W. B. Vaughn, pastor of the First Methodist Church, Haskell, who was followed by seven little grand daughters of the "bride and groom" Misses Bettie Sue Alexander, Josephine Alexander, Ruth Alexander, Constance Alexander, Wilma Ruth Bickley, Mary Frances Allen and Ethel Irby, who strewed rose petals in their path. As the beautiful and impressive service was being performed by Rev. Vaughn, Master Henry Alexander played, "I Love You Truly" on the violin, accompanied at the piano by Mrs. O. E. Patterson. The first to greet the bride and groom were their children and grand children and these were followed by a long line of guests who wished for them continued happiness and prosperity. This occasion was not alone outstanding because of the long years that this couple have been married but because of their noble characters and the lives they have lived in the business world and in their church. Mr. Alexander has been in the mercantile business ever since he has been in the county and has seen his business prosper from the days when it was housed in a small one story frame building of half a century ago to the modern brick structure that houses his two business concerns in Haskell today. He is a charter member of the local Methodist church and has served continually through the years on the Board of Stewards as Chairman. He has been a subscriber to the Texas Christian Advocate for fifty years. October Mrs. F. G. Alexander likewise is a charter member of the local church and also the Woman's Missionary Society and among her repertoire of their lore of pioneer days in the west is how the women struggled to raise money to build the first church and parsonage in Haskell.

An ice course was served the guests by the older grand daughters who were Misses Maxine Alexander, Mary Ann Alexander, Evelyn Alexander and Thelma Joe Bickley. The out of town guests for the "Alexander Wedding" follow: Mr. and Mrs. C. L. Maves, Mr. and Mrs. P. O. Campbell Munday, Mr. and Mrs. W. C. Bickley and family, Abilene; Mr. and Mrs. H. Wennert, Mr. and Mrs. J. T. Thewanger, Weisert; Mr. and Mrs. Buford Long, Wichita Falls; Mr. and Mrs. Matthew Alexander, Henry Alexander, Maxine Alexander and C. L. Buckner, Ft. Worth; Mr. and Mrs. J. A. Jones, Mr. and Mrs. J. D. Westcott, Mrs. W. L. Hills, Mrs. Lula B. Hills, Mr. and Mrs. Jim Lindsey, Rule; Mr. Bud Morris, Mrs. Morris, Sparr; Mr. and Mrs. W. H. Alexander, Mary Ann Alexander, Ruth and Constance Alexander, Seymour; Mr. Fred Alexander, El Paso; Mrs. Joe C. Allen and children, Crowell. Mr. and Mrs. Alexander's parents were pioneer citizens of Kaufman County settling there before the county was organized and both Mr. and Mrs. F. G. Alexander were born there and only made one move in their lives that was when they married and came to Haskell County before it was an organized county. So they are truly classified as pioneer citizens of the west. The Haskell Free Press joins a wide circle of friends in extending to Mr. and Mrs. Alexander sincerest congratulations and wishing for them every prosperity and happiness for a long future.

Room Heaters

We have the Genuine Humphrey Radiant Fire, claimed by the manufacturers to be the Hottest Gas Stove Burner made, by from 300 to 700 degrees.

That's Worth Looking Into

"One, Two, Three, Four—FIVE"

Unless the Gas Range has a RED WHEEL it is NOT a LORAIN

DIRECT ACTION is the only Gas Range that meets all five "kitchen-tests". Any good modern gas range meets the "store-test" of good appearance, strong construction and cleanable finish—that is not enough.

1. Does it have the Red Wheel of the genuine Lorain?
2. Can you "stretch" the oven-capacity for big bakings?
3. Does it have a gas-saving bottomless oven?
4. Can you bake slowly and broil quickly at the same time?
5. Can you use the broiler without kneeling or stooping.

Tear out this list and bring it with you. Check all five points.

Felicia Siegel spent the week end at Stamford with her relatives.

Winnie Thomason and our president, Elizabeth Gilbert, attended the "Detention Service" after school Monday afternoon from 4:00 to 4:45.

Because we did not know a poem assigned for memory, the entire Freshman class had to take a test in Julius Caesar given as a punishment by Miss Stephens.

Jewel Jossilet has been absent from school. We are rather anxious to hear what her object is.

Dramatic Club.

The Dramatic Club met with Mrs. Thomas director Monday afternoon of last week. Every other Monday was decided upon as club days.

Characters were selected by the play committee for two plays. One of these is to be given in the chapel and the other is to be given in public. The proceeds of the plays will be used to buy furniture for the stage.

Members of the club are: Lucia Mask, Kathryn Wingo, Erma Mask, Geneva Golden, Christine Ballard, Lena Bell Kemp, Frances Ratliff, Naomi Peet, Addie Mae Whitaker, G. W. Reynolds, Martha Lou Rogers, Abene Jones, Wilda Pippin, Anita Collier, Winnie Thompson, Madge Mableton, Jamie Lyle Martin, Clara Lamkin, Ruby Pava Thomason, Kate Darnell, Elizabeth Gilbert, Frances Walling, and Felicia Siegel.

Senior News

The hearts of the students of the Haskell High School were made sad this week on hearing of the death of one of the most loved and most respected students, Spencer Watson. Oh, how death tears at one's heart strings, but after all God knows best.

The Seniors held a meeting Tuesday night, September 25, at 7:30. We decided in favor of caps and gowns for the graduation exercises and chose white and gold as our class colors. The shasta daisy was chosen class flower and the president, O. B. Ratliff, appointed a committee to compose a class motto.

Frances Porter visited her home in Brushy during the week end.

Ellis Medley and James Mullins went with the boosters to Rochester, Friday.

Sophomore News.

On Friday evening, September 21, Mrs. Wimlish sponsored the Sophomore class on a moonlight picnic (the moon was served to the group. Several did not shine.) Soda pop and sandwiches of the boss performed acrobatic stunts on pipe between the water tank and the windmill. Three girls suffered from muddy feet. At nine o'clock the party returned, and everybody went to the show.

Freshman News.

Anita Collier and Wilda Pippin went with the band boys to Monday last Friday night as boosters for the Haskell County Fair.

Mrs. Elam Parish, the mother of the Girl Scout's Mascot, Josephine Parish, is giving a party for the Girl Scouts

Junior Notes.

On Friday night, September 22, the Junior Class had a watermelon feast. Games were played and fifteen ice cold watermelons were served. Most of the Junior Class was present and also Miss Garmen, Miss Stephens, Mr. Henry.

We are sorry to learn that our reporter, Ola Belle Kennedy is ill.

The Junior Class was filled with grief and sorrow because of the death of their president, Spencer Watson.

Algebra Two by Nadine Newsom

The problems are hard and it seems I can't get them,
 And my pencil is broken in two,
 I can't see why the teacher assigned them,
 For it is a thing I never could do,
 I've only one problem, and three more to get,
 But there's only one thing I can do,
 I'll never start again if I ever get out
 Of that darned old algebra Book Two.
 There's still on the palm of my hand
 A big stain
 Of the blue-black I have used,
 And on my forehead is a deathly
 sweat.
 That was caused by worry and pain,
 The answers in the back of my book
 are torn out,
 And my knuckles are somewhat enlarged,
 From the hours of toil and labor soon spent
 Over the algebra book I lent,
 Well, nothing is settled, What must I do?
 I'll vow to stay out
 If I ever get out
 Of that darned old algebra Book Two.

How To Preserve a Husband.

Be careful in your selection; do not choose too young and take only such varieties as have been reared in a good moral atmosphere, when once decided upon and settled, let that part remain forever settled, and give your entire thought to preparation for domestic use. Some women insist on keeping them in a pickle, while others are constantly getting them in hot water. Even poor varieties may be made sweet, tender and good by garnishing them with patience sweetened with smiles and flavored with kisses to taste; then wrap well in a mantle of charity, keep warm with a steady fire of devotion and serve with peaches and cream. When thus prepared they will keep for years.

Pyramiding sales records re-affirm **CHRYSLER** the style authority..

WHAT is the true significance of the universal approval of the new Chrysler—'65' and '75'?

Doesn't it simply prove once more that what Chrysler does marks the way for all automobile design?

How else explain that in a few brief weeks these new cars have established sales records in practically every city in the country—records that continued to grow week by week until today there are ten times as many orders for Chrysler-built cars as a year ago?

Doesn't this demonstrate that what Chrysler

builds establishes the vogue of the industry, even more emphatically than did the first Chrysler of four years ago?

Over a Billion Deadly Germs in a Single Drop of Water. Germs are so small that there may be as many as one billion, seven hundred million of them in a drop of water. And just a few of these tiny germs if they get into your blood through a cut in your skin, may make you so sick you will be in bed for weeks—may cause the loss of limb through blood poisoning—may even infect you with that most dreadful and fatal of diseases, lockjaw. Just because you can see no dirt in a cut does not mean that it is clean. You cannot see germs. The only safe and sane thing to do is to wash every cut, no matter how small, with Liquid Borozone, to kill the germs, and then dust it with Borozone powder, to hasten the healing. Borozone costs 20 cents, 40 cents and \$1.50. Borozone Powder, 20 and 60 cents, and can be had at Reid's Drug Store or Payne Drug Store.

the old road for many miles. We spent a short time in bed at El Centro but it was so hot we had to come out and continue our journey toward the great coastal range of the Rockies, a great divide between the Colorado river and the Pacific Ocean. After leaving El Centro about ten miles we came to the lowest elevation which was 230 feet below, and after we began the climb in ten miles we had reached an elevation of 4000 feet, which represented quite a lot of walking for a number of our gang. We just had to unload so the bus could make the grade. By pushing and scotching we made it. This road is an 18 foot concrete, the right-of-way blasted out of the side of the mountain, winding up a canyon of granite rocks and ledges and finally coming out on top. It took more money to build ten miles of this road than it will take to build four roads across Haskell county.

Along these winding roadways we noticed far in the rocks below the wrecks of many automobiles and they carried their human freight to their death with them. Doubtless this is why they have made fine roads and protected the dangerous curves by fences. But not in all places. There are plenty dangerous curves.

All the way up this range of granite mountains springs of pure water come bursting from the rocks and at Old Jacumba which is an old town on the old trail through the mountains are a number of hot sulphur springs. A beautiful park is there and a bath house. This is said to be one of the greatest resorts for rheumatism and other diseases like that in the world. And it also has a number of cold Artesian springs which furnish a swimming pool and other means of pleasure. There are filling stations and supply houses all the way up the mountains with tow cars available at the different filling stations but we did not have to use any of them for our bus. Doubtless this is the most scenic drive of the entire range. While sitting in the bus and looking forward up this mountain we could not realize that we were going up a hill. In fact it looked down hill to us when we were on the road to go into the highest part of the bus to pull up the grade. This may sound "fishy" but it's the way we saw it. You might see different things in our part of the country. But you could look backward through the window of the bus and you could see that the hills were steep. We did not see water running up hill as some have reported, but it had not rained since last spring and we do not know how the water would run. But it might run up hill.

Doubtless you read in the papers about the forest fires that were raging in California while we were away. We came in contact with some of the fires and learned a little about their plans of fighting them. Forest fires indicated to our mind a heavy timbered country, large trees, etc. But this was not the case in many places. The little shrubbery, cedar and other little growth was the timber that exists where these fires were raging. The grass is very dry and the fires because of the rough country are very hard to check. We noted that a number of homes that had been burned down in the wake of the fires and among the spring branches are large live oak trees which were burned down, if not burned down were killed by the heat of the flames.

The water in the little branches are dammed up and hose is used below these places with gravity flow to put out the fires. Miles of this hose is used. Three or four hundred men were in the forests if you could call them that fighting these devastating fires. Some careless fellow throws a match or cigarette, or cigar from a running car, or a careless camper lets the fire from his camp spread to the forest and the die is cast. Fire is very destructive in that section at this season of the year. Uncle Sam keeps a fire fighting force in the field most of the time.

On these mountains despite their rugged appearance there is some ranching done, sheep and goats are numerous. The Western slope of the mountains and some fine stock cattle are raised is the only place you will find this industry, the eastern slopes are too hot, dry and rugged, and very little soil. About all you can see is granite rocks.

There is a beautiful pine valley on the western slope of the mountain and the timber and grass are much better on the western slope because of the moisture from the Pacific ocean. But in this valley on this great range of mountains there had just past a devastation forest fire which had destroyed much timber and many good homes. The embers were still smoldering as we passed through.

Going down the great mountain on the west side we had to detour and here we got an insight of the dangers of the narrow roads across these mountains. As luck would have it the canyon was on the left of us and it gave us the mountain side of the road and in meeting people coming up it put them on the canyon side which was some times several hundred feet to the road below without any fence to keep them off the rocks below should they make a bad drive. It's dangerous business to drive a car on these narrow roads.

At the foot of the coastal range we found much energy in stock raising. Especially fancy stuff. We came to a race horse ranch that covered many

around the enclosures than we have ever seen at one place in all our life. We made no effort to find out the name of the man who was in the business but his place showed much prosperity by being so nicely kept. It was a beautiful outlay for this business.

We arrived at San Diego at 6 o'clock Wednesday evening Pacific time. Because we had set our watches back an hour at Yuma, Arizona which was a division of time from mountain to Pacific.

Next week we will tell our readers of San Diego and our drive up the Pacific coast of more than 600 miles. Visiting Los Angeles, Long Beach, Catalina Islands, San Francisco, Petaluma, Santa Rosa, etc.

We are going to run a series of articles regarding the poultry raising and dairying business when the Fair is over and its reports are all in. We feel that our county Fair should have first place in our minds and hearts at this time and we should bend every effort to make it a success.

We will give our readers the next week. If interested watch for it.

Haskell County Gets First Producing Oil Well

Moody Corporation Well Comes In Monday Making 60 Barrels

SPENCER WATSON IS LAID TO REST

A genuine wildcat oil strike—one that caught practically every scout in Central West Texas off guard—has within the past two days started an influx of oil men to Haskell. The Reynolds cattle ranch in the southeast part of Haskell county was the scene of West Texas' latest oil discovery, when the Moody Oil Corporation tapped a commercially productive sand Monday afternoon at a depth of 1730 feet after the drill had penetrated eighteen inches into the oil sand.

The well is flowing by heads, at the rate of three barrels per hour, with a daily flow of one million cubic feet of gas. The oil tests 37 degrees gravity.

It is Haskell's first oil well, located on the edge of a rocky canyon, where drillers have been fighting their downward way for several weeks.

Workers were surprised and had no facilities for storage built. W. J. Carden, deputy oil and gas supervisor for this district, had arrived on the lease a few minutes before the discovery and stated that the afternoon shift went on the job at noon and upon the second strike of the drill, the well began to spray oil and shortly afterward was spraying oil nearly to the top of the derrick backed by a gas pressure estimated at a million feet.

Mr. Carden further states that the company had no control head on the lease and that workers were sent immediately to Lueders to get one, while the oil estimated at 60 barrels at that time, was diverted into the slush pit.

Location of the new producer is 2790 feet south and 210 feet east of the north east corner of the Antonio Rodriguez survey and in the J. Fenner survey. It is about 20 miles from Haskell, 30 miles north of the Cook pool and about 25 miles from the closest fields in Shackelford county.

It is understood that storage facilities will be provided as soon as possible in order that the well can be drilled in.

Those familiar with the development state that indications point to a considerable increase in production when the well is drilled further into the sand.

The following is taken from the Abilene Reporter of Wednesday morning:

"Expecting a delegation of at least 200 promoters of Abilene's representation movement at the Haskell County Fair Thursday, 'Abilene Day' were jubilant yesterday with 50 automobiles already signed to make the trip. From 25 to 30 more may be secured.

"A service truck is to accompany the motorcade which is to leave here at 8 o'clock Thursday morning from the federal lawn.

"The McMurry College band is to accompany the fair visitors.

"Boyd M. McKeown, chairman of the Haskell fair committee here, is urging others to join in the movement. 'All who go will have an enjoyable day and a profitable one. There are many people in Abilene who should be members of this party. We want all of them who can to join us,' he said."

DELEGATION FROM ABILENE EXPECTED

Mr. G. W. Balemon and Miss Evelyn Bruce of Abilene were quietly married last Monday at 10 a. m. by Rev. M. L. Baker, pastor of the Presbyterian church. The bride and groom were accompanied by their friends, Mr. and Mrs. Green. After the ceremony this happy couple drove away for their new home.

Dr. Smith Returns From Sanitarium
Dr. J. D. Smith of this city, who for the past six weeks has been confined to his bed in the Stamford Sanitarium following an operation for appendicitis, has returned home and is able to be down town this week.

Dr. Smith states that he will be able to return to his office Saturday of this week, and will be glad to have his friends and customers call on him.

E. E. Duvall, president of the First State Bank of Munday was a business visitor to our city Monday.

DISTRICT COURT HAS BUSY WEEK

The criminal docket was taken up in District Court this week, and four cases were disposed of Monday, which speaks well for the efficiency of our Court officials. Hon. Bruce W. Bryant, District Judge, states Tuesday that if possible, the docket for the week would be cleared Thursday, with no court being held during the balance of the week while the Haskell County Fair is in progress.

J. H. Brawner, charged with the possession of intoxicating liquor for the purpose of sale, was tried Monday morning. The defendant was found guilty and his punishment assessed at one year in the penitentiary.

C. C. Short, charged with violation of the liquor law, was found guilty and given a term of one year in the penitentiary. The defendant employed no counsel and presented his own case to the jury. After the verdict was rendered, the defendant filed a motion for a new trial which was overruled, and he gave notice of appeal.

J. D. Bird, charged with selling liquor, was given a five year suspended sentence after he had entered a plea of guilty.

The testimony in the case of Horace Mull, charged with driving a car while intoxicated, was finished Monday afternoon, and the case given to the jury.

The following divorce cases were disposed of Saturday of last week:

Elsie Hester vs. Shelley Hester, divorce granted.

Leroy Britte vs. Maggie Britte, divorce granted.

Birdie Stockton vs. J. W. Stockton, divorce granted.

Mae Marion vs. W. H. Marion, divorce granted.

The Grand Jury, which was in session six days last week returned four indictments for felony, two of which were for driving automobiles while intoxicated.

BOOSTERS MAKE TRIP TO NEIGHBORING TOWN

The Haskell Boosters headed by the Haskell Band made a trip Friday of a number of towns and gave to all a special invitation to visit the Haskell County Fair, which begins here next Thursday, October 4th.

More than 20 cars, filled with people left the Court house square at 9:30 o'clock going to Weimert where a short hand concert was given and Mayor Cahill made a talk inviting them to come to the Fair which received a lively response.

From Weimert they drove to Knox City and after a few numbers by the band, Rev. G. Forrester pastor of the First Christian church who was a member of the party of boosters made a fine talk extending a hearty invitation to Knox City folks to come and visit our county fair and his words were warmly received by those who had gathered around the band and the group of boosters.

They visited the fair at Rochester spending more than two hours in the city, where the band gave a concert and Mayor Cahill made a brief talk inviting the people of Rochester and the entire community to come and bring their exhibits to the Fair. Rev. J. E. Harrell in response said that Rochester was coming to the Haskell County Fair in squad formation and expected to win some of the best prizes on their exhibit. D. R. Brown, another Rochester citizen made a short talk stating that Rochester was coming.

The boosters arrived home about 3:30, having made a very pleasant trip to our neighboring cities.

Come to the Fair and meet the other folks. They'll all be there.

T. J. Brittain of Weimert was in the city this week doing Jury service.

Rochester Fair Held Last Week Was Big Success

One of the best Fairs we ever saw for a small community was staged at Rochester last Friday and Saturday. Rochester is situated in one of the best farming sections in West Texas and that is what this community specialized on in farm products. They had a complete line of farm exhibits, culinary, livestock and hogs, and also whole communities were taking part and a splendid exhibit of poultry. The they brought in large exhibits and made a creditable showing. The city and the country are cooperating nicely together. The display of cotton, corn, maize and other forage crops were superb. Some of the largest onions we ever saw were in this exhibit. A stalk of tobacco and a fine lot of gourds and some French watermelons which were a golden yellow and very beautiful, but were not very large. Rochester is going to bring their exhibit to the Haskell County Fair and they will doubtless be strong competition in the agricultural line.

FIFTH SUNDAY MEETING MET WITH SWEET HOME CHURCH

The Fifth Sunday meeting which was held with the Sweet Home church across the river from Rule was fairly well attended and a splendid program was rendered. Most of the speakers were present and took their places on the program, as announced. The services began Friday night. W. M. Free of Haskell conducted the song services and Rev. Joe English of Knox City conducted the Devotional, John Coates being absent. Rev. J. F. Mason of Knox City preached a sermon on Evangelism which was appreciated very much by the large congregation present.

Saturday morning the services began at 10 a. m. Song service was conducted by Miss Mae Free of Haskell, Devotional by Rev. W. B. Arnold of Stone Wall county, Mrs. Bob Speck being absent. Rev. Whitley of Haskell conducted the round table talk on the part which was given to Mrs. B. M. Whitaker, who was not present. Rev. J. F. Curry of the Sweet Home community spoke on the Stewardship of property and he brought out many good thoughts on this subject. Rev. W. H. Albertson, pastor of the Munday Baptist church preached a great sermon on the preminence of Christ. Before the sermon Miss Mae Free sang a solo: "Jesus Is All I Need."

Dinner was served at the noon hour (not lunch) and the ladies of that community spread a great feast and there were plenty for all and enough put back into the baskets for the evening meal which was another feast.

At 1:30 p. m. the house was called to order by a song led by Rev. C. B. Stovall and the devotional was conducted by Rev. J. C. Parks, Association Missionary for the Haskell Association, after which Rev. Luther Jenkins of Goree made a great talk of the problems of the rural churches. He seemed to have his subject well in hand and he told the problems of both city and country churches before he finished his discourse.

Rev. A. L. Heath the new pastor of the Rochester church made a splendid talk on "Should the Rural Churches Disband and Go To Town." His answer was "NO" and he brought up many illustrations in his talk for the proof of the subject he was discussing.

Saturday evening song services were conducted by W. M. Free, and the devotional by Otis Simpson of the Pinkerton Church, after which Rev. C. B.

HASKELL THEATRE TO SHOW TWICE WEEKLY

Manager Gene Hughes of the Haskell Theatre announces this week that the Haskell Theatre will be opened this week, and will run on Friday and Saturday of each week hereafter.

Mr. Hughes states that a good run of pictures has been booked for the Haskell Theatre, and local theatre fans will have good programs to choose from each week at the Texas and Haskell Theatres.

Jim Lagrone, merchant of Breckenridge, was in the city last week on business.

Joe A. Blake of Rule was doing Jury service here this week in the District Court.

Mr. and Mrs. Guy Southern of Stamford spent the weekend, with their brother and family, Mr. and Mrs. Leo Southern.

Mr. and Mrs. Ed Clifton of Dalhart spent the weekend with Mrs. Clifton's brother and family, Mr. and Mrs. Leo Southern.

Will Harrell of the Foster community was in the city Tuesday on business. He stated that the cotton crop on his farm would make a fair yield and that he would make enough feed to run the farm. One thing Mr. Harrell likes to do and that is to plant enough feed to run his farm and he has never bought feed but one year. He keeps a large flock of White Leghorns and he says they are the best of the Haskell county.

TANNER BAPTIST CHURCH HOLDS FIRST SERVICES IN NEW BUILDING

The new Baptist church at Tanner Paint opened its doors for worship last Sunday when the Sunday school and preaching services were held in the new building Sunday afternoon. This is one of the most progressive rural communities in the county and they were very anxious to have a place to worship they could call their own, and their efforts have been crowned with success. Rev. J. E. Tucker is pastor of this church and has worked very hard for the success of the community.

SHIPS CAR CATTLE TO KANSAS CITY

Mr. Thos. Ballard of Haskell, Texas was on the Kansas City market this week with 116 steers, averaging 544 lbs. at \$12.15 and 54 heifers, averaging 509 lbs. at \$11.00. Mr. Ballard is one of the well-known feeders of this section of the country and has been successful in feeding and grazing cattle. It pays to handle live stock on the farm and market your products by feeding them into cattle and hogs. The above sale was made by Martin Bros. & Lee L. S. Com. Co.

Stovall of Abilene preached a wonderful sermon.

After the Sunday school hour Sunday morning Rev. I. N. Alvis preached at the eleven o'clock hour on the New Testament church, which was reported to have been a wonderful sermon. The B. Y. P. U. of the Munday church was billed for a program in the afternoon, but we have not learned for sure whether they came or not.

Rev. Alamo Starkey preached Sunday evening, which closed the services. Rev. Ollie Dennis, pastor of the Sweet Home church was moderator throughout the meeting.

The Worker's Council, the next meeting will be held at Hood Baptist church not far from Munday the following Monday after the Fourth Sunday in October, which is October the 30th. Beginning at 10 a. m.

A splendid program will be arranged for this occasion.

More Than 150 Entries To Comprise This Years Event

With the largest number of entries of any past year, the mammoth Parade and Pageant which will officially mark the opening of the Fifth Annual Haskell County Fair is all set to start promptly at 10:30 this morning according to Mrs. W. H. Murchison and Miss Lois Earnest, directors of the parade.

Over one hundred and fifty entries including a number of novel features and at least three bands and possibly more, a score of clowns and comic gentry, including impersonators of Al Smith and Herbert Hoover, and the entire cast of characters from the "Our Gang" comedies will provide plenty of merriment for the thousands of spectators who will view this year's event.

Town Presents Gala Appearance

Practically every business house in town presents a gala appearance, with hundreds of flags and decorations presenting a beautiful appearance around the square. Mr. Shirley with his crew of men has been busy all the week with the work of decoration, and it is complimented on the showing he has made.

The Tidwell Shows, with a number of added features, arrived Monday and have their carnival attractions well arranged on the fair grounds, and have been visited by large crowds each night since the opening.

Weather Outlook Promising

With the heavy showers Tuesday and Tuesday night, and clear skies Wednesday, the weather promises to be favorable, and the largest number ever in attendance at the Fair is expected.

Delegations from Stamford, Abilene, Rochester and Rule have signified their intention of coming to the Fair, with large numbers from other neighboring towns assured.

CALHOUN ENTERS CAR FOR RACE

Automobile fans in this section will learn with pleasure that Dick Calhoun West Texas' favorite and most daring driver, will be on hand during the two days racing program at the Fair.

This information was contained in a letter received by Henry Alexander this week from Calhoun, who sent in his entry for the races. It will be remembered that Calhoun set the track record for the first automobile races held on the local track four years ago, and has been a great favorite since. He was entered last year, but an accident prevented him from appearing.

In his letter Calhoun states that he has been unable to drive in competition this year because of an operation the latter part of June, and his entry in the races will be piloted by John R. Boling, who has a reputation as one of the best drivers in the Southwest. In 1920, Boling was entered in the 500-mile Indianapolis race, and although not among the winners, he made an excellent record for the 500 miles. Piloting Calhoun's car, which set a world's record on a dirt track at Cushing last year, Boling will be a strong contender for first place during the meet here.

Rule Farmer Builds New Home

August Buchtein a reader of the Free Press and a good farmer of near Rule is erecting a beautiful home on his farm where he has resided for a number of years. This new building will have six rooms, bath and hall and is a stucco finish with metal storm strips at the windows which will keep out the sand and rain at all times. The building is covered with asbestos shingles which make a beautiful serviceable roof which is also fire proof. The Free Press is very glad to see Mr. and Mrs. Buchtein the possessors of this beautiful and comfortable home. The carpenters will complete the job within the next ten or fifteen days.

STUDEBAKER CARAVAN COMING TO FAIR

The Studebaker Factory Caravan, advertised as Haskell's greatest automobile show, will be in this city all day Saturday of this week, as will be notified from their advertisement in this issue.

This traveling motor show comes direct from the Studebaker factories, and is composed of the new Erskine Six, the Dictator, the Commander and the New President Eight, cars which won 114 official speed and endurance records. The President is the Studebaker model which traveled 50,000 miles in 26:32 minutes elapsed time, a world's record.

In addition to the various models of Studebaker and Erskine automobiles which will be on display, entertainment will also be provided all who visit the exhibition. The caravan carries a complete motion picture show, including a comedy film from Hollywood and a moving picture "trip" through Studebaker's new \$1,000,000 "Fact Farm." Admission to everything is free, and the public is cordially invited to attend the exhibition. An electric calliope furnishes music for the display.

Arrangements have been made to hold the exhibition on the vacant lot across the street from McNeill & Smith Hardware Store, just east of the Farmers State Bank, where the cars will be on display throughout the day.

A parade of Studebaker automobiles will be held at 6 p. m. Saturday, and all Studebaker owners are invited to take part in the parade.

SUNDAY SCHOOL AT SAYLES RE-ORGANIZED

Last Sunday the people of Sayles and Center Point met and re-organized their Sunday School. Sunday School will be at 10:30 and Bro. Parks will preach at Center View Sunday at 11:00 o'clock. Prayer meeting, Wednesday night at 7:30 and B. Y. P. U. at 7:30 Sunday night.

Everybody is invited to attend these services.

Preaching at Curry Chapel

There will be preaching at Curry Chapel Church next Saturday night, Sunday morning and Sunday night by the pastor, Rev. J. F. Curry. Every one is invited to come and enjoy the services.

Pie Supper

There will be a pie supper at Bunker Hill Friday night, October 5, for the benefit of the B. Y. P. U. at that place. Everyone is invited to bring pies. Boys bring money.

J. A. Mapes and J. P. Wheatley returned Tuesday from the south plains where they visited relatives and friends. Mr. Mapes reported the cotton making a poor yield but stated that the maize and corn was good.

Judge S. A. Hughes of this city returned last week from Plainview where he visited his daughter and family Mr. and Mrs. Roy English. Mr. and Mrs. English returned home with him and spent several days with their relatives and friends returning back home Sunday.

J. A. Wilson, cashier of the First National Bank of Knox City was here last week on business.

TRI-COUNTY INSTITUTE TO BE HELD HERE

A Tri-County Teachers Institute, composed of the counties of Stonewall, Knox and Haskell, will be held in this city on Thursday and Friday, October 25th, according to Miss Minnie Ellis County Superintendent.

A good program is being arranged for the occasion and Miss Ellis states that Dr. Wiggins of Simmons University, Abilene, Dr. Wilcox of A. & M. College and Miss Lipscomb of the College of Industrial Arts, Denton, have been secured for the two days. Other members and educators of note will have a part in the program, which will be given in full just as soon as it can be arranged.

SEGEL TO MANAGE SCHWARZ & CO. STORE

Mr. Siegel, former proprietor of the Haskell Bargain Store, and who was in Haskell for several years, has accepted a position as manager of the L. Schwarz & Co. store in this city, entering upon his new duties this week.

This is Haskell's newest dry goods store, opening last week in the new building on the east side of the square, and Mrs. Siegel has had charge of the store until this week. A very liberal patronage has been accorded the establishment, according to Mr. Siegel.

The sales force of the new establishment is composed of: Mrs. Siegel, Buy-Cox, Misses Kathryn Smith and Corinne Shook, all of whom are experienced in the dry goods business.

The many friends of Mr. Siegel in this section will be glad to learn that he is again in position to serve them in his line, and he invites them to pay a visit in the new store.
