Upbuilding

Men and women alike have learned to increase their efficiency and shorten their hours of work to secure more time for pleasure, comfort and self improvent. As far as women are concerned there would be little time for pleasure and comfort if it had not been for the manufacturer of House Hold Equipment, Manufacturer of good Bakery Products-Baked day in and day out and ready to serve. These have eliminated the drudgery that marked the old days when women's work was never done.

"Degrees in Sin" 8:00 p. m.

The Bible teaches that there are degrees in sin; that some sins are worse than others: that some sins must be more severely punished than others. If these statements are true, there must also be degrees of punishment in hell. These are some of the thoughts that will be discussed in the Sunday evening service. You are urged to bring your Bible and see that we stay with the Scripture.

The Sunday school attendance hangs around the 400 mark. This should be gradually increased each Sunday. Let's show our appreciation of the goodness of God by being present next Sun-

It Costs Very Little To Recondition a MODEL T FORD

The cost of reconditioning the Model T. Ford is small because of the low cost of Ford parts and the established Ford policy of charging all labor at a standard flat rate.
