It's an Interesting Story. Most people think of it in terms of Premiums and paying Death Claims. But I say that there is more to it. That the Death of the Salary will become the Birth of the Monthly Income. That the Pay Envelope to which the wife is accustomed will be continued to the Widow. That the bridging of the Valley of the Shadow will make it easier for the feet of your children. That we have a Special Policy to suit your needs.

TELLING THE WORLD

Outside and Inside Dope on Haskell County People
As Told By Our Rambling Representative.

Many of our best farmers would not give you ten cents to talk your head off about farm relief. They are looking to that part of it themselves through consistent diversification. The records they have made will bear the truth of this statement.

The opportunity is no greater for one farmer than another in one sense of the word, but the man with means can get into diversification quicker and more extensively, but all could make the efforts and start with what means they have if they would to do so. Diversification does not mean changing from one crop to another in the same proportion, but it really means growing a little of every thing in order to meet the daily demands of living expenses and growing as much of the things we can use in the home as it is possible to do.

As we travel over the country and compare our trips to ten years ago we can see a marked difference in the prosperity and progress of the farmers in the comparison. Almost every farm home has cows, hogs and chickens where a few years ago a big flock of hens was seldom seen. The cows are a much better grade of milkers than the former type. The hogs show the best of breeding even the ones intended for meat. The poultry and turkeys are of the best standard breeds to be found in the nation and the egg production is far in excess of the scrub hens and mixed breeds. This is diversification. With this kind of production pay day comes every week instead of once a year which gives the farmers with the cash the advantage in buying over the long time credit system. Does this mean thrift? Well, we should say it does.

S. A. Moser.
Last Thursday morning after helping the boys in the office mail out the weekly issue of the Haskell Free Press and getting our traps together we started out the Weinert road. We had not gone but a few paces out of the city limits until we came to the suburban home of S. A. Moser. He has recently erected a nice home with plenty of rooms for the family and has built a nice yard fence around the premises which adds to the beauty and convenience. He has a small tract of land which he has under terraces properly put up to hold the water which falls on the land. These terraces have been in operation for the past two years and Mr. Moser has tried them sufficiently to know that terracing is worth while. This tract was a Johnson grass meadow when Mr. Moser began farming it and now there is very little grass on it and in a year or two more the grass will all be killed and the land restored to cultivation without this pest. Mr. Moser plants the best of seed on this farm and cultivates intensively so that the best yield possible might be had. One of these days under his method of operation this will be one of the best little farms in Haskell

county and will be as productive as the valley of the Nile in Egypt. Does it pay to study and put your plans into effect. Ask Mr. Moser.

Weinert.
We made a short stop in the city of Weinert on earth. This city is always an oasis to us, because of the friendly spirit that the business men and citizens possess. They are rejoicing over the fine season and the planting of the crops in the trade territory by the energetic farmers most of whom are reporting good stands of cotton and maize. Weinert is looking forward to a prosperous year and the farmers appreciate this city as a trading point.

J. W. Derr.
We stopped at the home of J. W. Derr in the Pleasant Valley community who has lived on the farm he now owns since the year of 1909. In other words he settled on the farm and built his home in 1908 and moved the family into the new residence in the early part of the year of 1909. Mr. Derr has a tract of land containing 205 1/2 acres. Quite a lot of this land is in a fine state of cultivation. He looks after the farm personally with the help of his son and one tenant farmer. He was through planting cotton and will finish planting feed in the next few days.

They were running two planters putting the maize in the ground. We enjoyed a good dinner with the family at the noon hour and our little daughter Nell who was with us had much to say after we left for home about the good meal served. We join her in expressing our thanks to Mr. and Mrs. Derr for their kindness to us while in their prosperous home. Mrs. Derr is an advocate of the old reliable Barred Plymouth Chickens and says that her chickens are doing nicely this year. She has raised them for a number of years and says that she likes them best of all breeds. They do make good fliers.

A. Mayfield.
We are always glad to visit the home of Mr. and Mrs. A. Mayfield of Cottonwood. They are living happily on the old home place where they have spent many years of their lives in rearing their family. We arrived there about 2 p. m. and Mr. Mayfield was at the house when we got there and when asked about the conditions on the farm stated that they needed more rain in that section. He owns about a section of land on the home place and other farms in that community which he has rented out to tenant farmers. Their daughter Mrs. Martha Pogue of Sul-

phur Springs was with them, also her two little daughters Alfreda and Martha Marie. They were enjoying the visit and the little girls were having a great time with their grandparents.

Car Bugged Up.
After leaving Mr. Mayfields we traveled over a fresh graded road for quite a while in an effort to get into the Brushy community and at last we came where a culvert had been taken out and in attempting to go around by way of the bar pit our jitney became stuck in the mud as tight as the legion rabbit was to the tar baby. All efforts proved futile and every trial just sent the wheels down a little deeper in the mire. Here we decided that walking was not all taken up so we hit the trail for help. We came to where T. J. Brittain and his son was planting cotton and when we told him our story he sent the boy with a good team of mules and he soon had us back on dry ground and ready to pursue our journey. Mr. Brittain stopped two double row planters to help us out. That's a friend indeed. We will always thank this good man for this. He helped us and went out of the way to do it. We are praying the Lord will bless him in all his efforts.

We made a short tour through the Brushy community and on back to Haskell. We are under many obligations to our friends on this trip. Uncle John Lowe gave us a good drink of water when we reached his home, thirsty and tired, which is also included in our budget of appreciations. He stated that he was through planting cotton.

More next week.

KEEP YOUR CREDIT GOOD

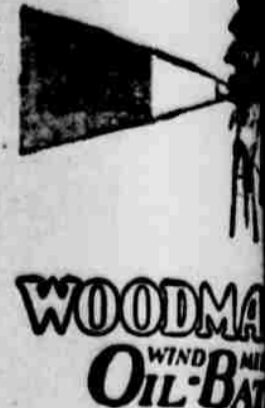

It pays to be upright and fair. Pay all your bills, set on the square. The man who sets the big hog shoot will never with you fairly tote. With credit lost and friends all gone he has little chance of getting on. One way to keep your credit good is to pay your debts as you should. The Farmers State Bank will always plan to go the limit with an honest man.

L. L. Lammom and J. G. Lammom, young business men, are proprietors of the new store. They have purchased the stock of the Haskell Bargain store which was closed several weeks ago. W. M. (PAPA) WOODS PASSES AWAY

W. M. Woods, one of the oldest citizens of Haskell county passed away in the early morning hours Thursday June 1, at the home of Judge and Mrs. S. A. Hughes of this city where he has been making his home for the past several years. This fine old gentleman whose passing has left sadness in so many hearts was born in Georgia June 19, 1840 and when life's golden bow was broken and he was called home was 86 years and 12 days old. He enlisted in the Civil War in the 7th Georgia Regiment at the age of 21 years and served through the entire struggle between the states and was honorably discharged at the close of the war. In the year of 1866 he came to Robertson county Texas and has lived in different parts of Texas since that date, coming to Haskell county more than 30 years ago. In 1872 he was married to Mrs. Judith Hughes, mother of Judge S. A. Hughes of this city who passed away in 1917. Papa Woods as he was familiarly known was loved by all who knew him. He was quiet and inoffensive, loved his friends and was honorable and upright in all his dealings.

The funeral was conducted by Rev. W. B. Vaughn and H. R. Whately at the home of Judge and Mrs. S. A. Hughes at 10 a. m. Wednesday after which his tired body was laid to rest in Haskell's beautiful burial park beneath a bank of lovely flowers of richest hues and sweetest fragrance placed there by loving friends. A large concourse of sorrowing friends were present at the funeral and followed the remains to the grave.

KAMP KENNEDY OPENED FRIDAY

The formal opening of Kamp Kennedy, the most modern tourist camp in this section of the state, was held last Friday evening, when several hundred people were the guests of the new institution.

Music for the occasion was furnished by the Haskell Band, and refreshments were served to all present. Visitors were escorted throughout the grounds and buildings and compliments were heard on every hand regarding the modern arrangement of the new venture.

J. F. Kennedy, proprietor of Kamp Kennedy, is to be commended on his foresight and faith in this section in this addition to the fast growing city, which makes available for the thousands of automobile tourists who pass through Haskell annually every convenience to be found in the tourist camps of the larger cities. A comprehensive description of the new camp will be given in a later issue.

Mrs. Z. V. Smith, formerly of this city but who is now in business at Gilpin, Texas, spent the week end with her brother, W. A. Carlisle and family of this city.

RAIL AND WIND STORM STRIKES PLEASANT VIEW

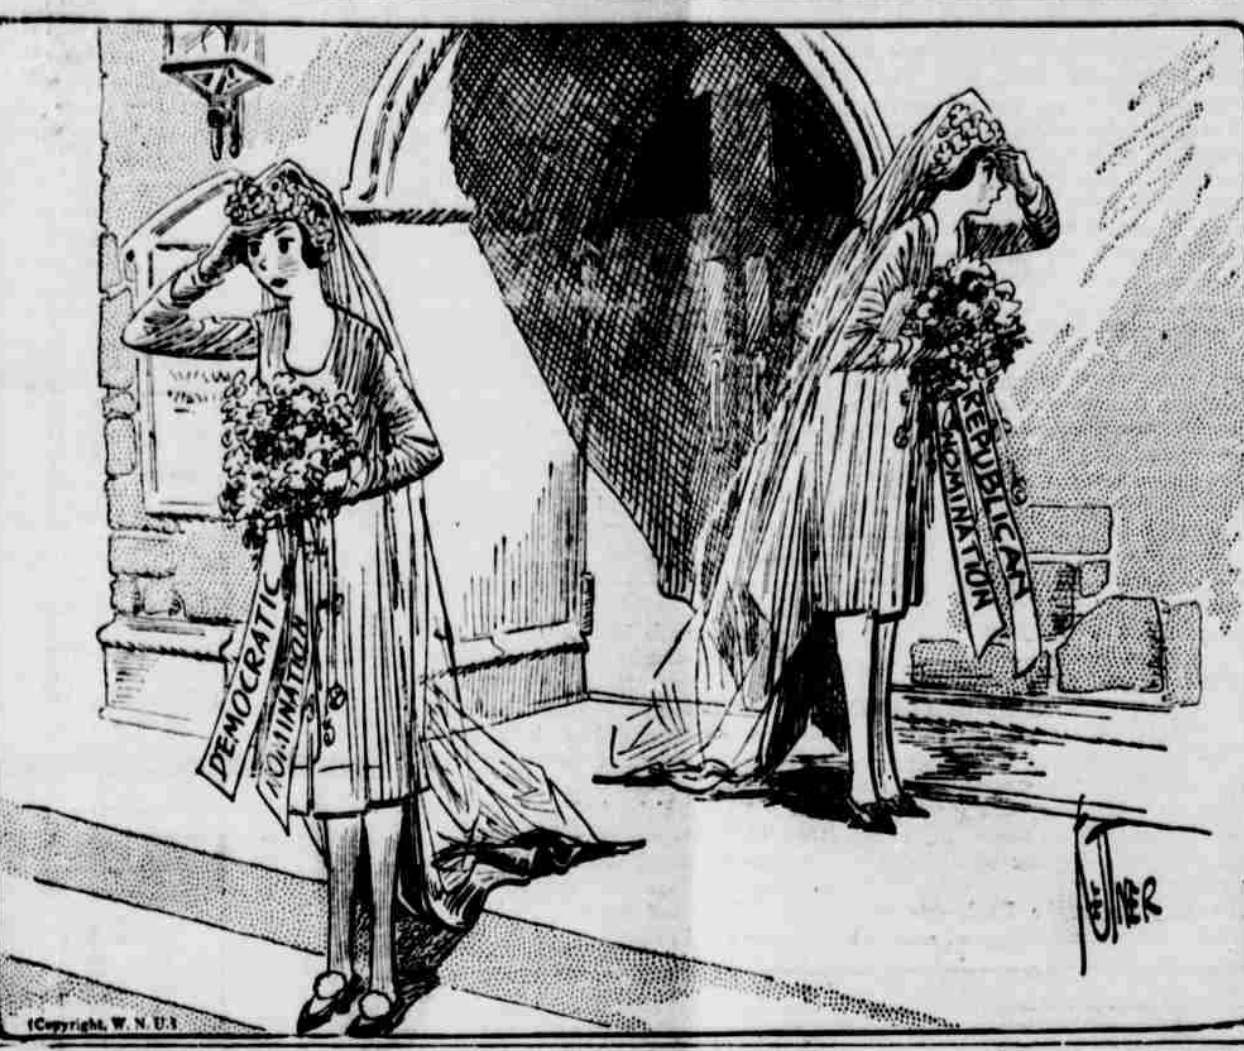

A heavy rain and hailstorm visited this section Sunday evening about seven o'clock. Hail stones larger than hen eggs were reported in some parts of the community which did severe damage to houses and growing crops.

In other parts the rain was light with practically no hail. A high wind from the north followed the storm but no damages are reported from wind.

The farmers were needing rain on their growing crops but some few will have to plant again since the hail beat their crops into the ground.

FLOWERS EVANGELISTIC PARTY TO CONDUCT METHODIST REVIVAL HERE

The Methodists of the city and surrounding community are to begin a revival Sunday. The R. L. Flowers evangelistic party of Dallas, Texas have been secured to hold the meeting. The members of the party are evangelist R. L. Flowers, Mrs. R. L. Flowers his wife and A. J. Flowers brother of the evangelist.

The first week of the revival will be in charge of A. J. Flowers the Sunday school worker of the party who will reach the city Saturday of this week and will speak at the morning and evening services at the Methodist church. His subject Sunday morning will be "Things to expect in the Flowers Revival." Sunday night his subject will be "How to Combine the Ministry of Rescue with Ministry of Conservation." He will also meet with the revival committee Sunday afternoon.

During the coming week a number of meetings of the Sunday school workers and revival committees will be held in preparation for the other members of the evangelistic party who will be in the city Saturday week and preach their first sermons Sunday June 17. The Flowers party are experienced evangelists. They hold meetings in all parts of the county. They are not strangers in this section. They have recently held successful meetings at Stamford, Wellington and they are just closing a revival at Polk Street Church, Amarillo.

Sunday School Institute
In connection with the revival will be conducted a Sunday School Institute and Enrollment Campaign. This will be in charge of A. J. Flowers the Sunday school worker for the party. He is an experienced Sunday school worker and has a real enrollment program in connection with the revival. The object of this effort is to stimulate interest in the Sunday school work. To find those in the community not in Sunday school and to get them to attend.

Personal Word From the Pastor
The Flowers are not strangers to me. I have known of their work for a number of years. Their methods are some different from most evangelists but they are sane and sound in every way. Rev. Flowers and wife are both good preachers. A. J. Flowers is an expert in Sunday School work and in enlisting people in all the work of the church.

These people are pleasant to work with not only with Methodists but all churches. They often hold union meetings. All Christians are cordially invited to come and join us in these services.

A. J. Flowers will speak at both services Sunday and will lead in the arrangements for the meeting. Rev. Flowers and wife will be here Sunday the 17 when the regular services will begin.

MRS. MARTHA SIMMONS CHAMBERLAIN LAID TO REST

One of the saddest deaths that ever occurred in our midst was that of Mrs. Martha Simmons Chamberlain, wife of Jack Chamberlain and daughter of Mr. and Mrs. Frank Simmons of the Post community. The news spread rapidly over Haskell Tuesday morning and by noon hundreds of loved ones and close life time friends and those made later mourned the going away of this fine young wife and mother. She passed away in the Stamford Sanitarium where she had been for some time. Every possible aid was rendered to save her life but all was of no avail. It is deemed to be the proper thing to speak well of the dead, but the great concourse of friends who knew Martha Simmons Chamberlain think of her as a ray of sunshine. She was that in the home where she was the only daughter and in the school where she was a favorite both with her teachers and school mates and also in her social circle which was large. She was born in the Post community April 2, 1909 and received her education in the Post school and the Haskell ward and High schools. It was in the latter that she knew her husband when they were both students there and they were married July 24, 1927. Funeral services were held in the First Methodist church. Rev. H. R. Whately, pastor of the Baptist church read the scripture lesson and offered the prayer. Rev. W. B. Vaughn pastor of the Methodist church preached the funeral service. The church would not hold all who came to pay their last respects to this much loved young woman. The floral offering was large and of the rarest of plants and cut flowers. The flower girls were close friends of the deceased: Mrs. Ora Pippin, Misses Mamie and Edith Jones, Bessie Isabel, Mary Kimbrough and Mattie Letha Pippin. Also the pall bearers were Haskell High school mates of both Mr. and Mrs. Chamberlain: Ray Eastland, Bruce Bray, Clarence Singleton, Olan Dotson and Vernon Adcock. After the service at the church the remains were laid to rest in Willow cemetery. Mrs. Chamberlain is survived by her husband, and a little daughter only a few hours old, her father and mother and two brothers, Milton and Rob Simmons, a large number of close relatives and a host of friends to mourn her going. The following out of town relatives and friends were present for the funeral: F. F. Seipert and wife, D. R. Wells, Guy Rutherford, W. E. Maddox and wife, O. H. Hollifield and wife, Mrs. Fred Majors of Quanah and Pete Chamberlain, Mrs. M. F. Tyler and son W. B., B. A. Miles, Mr. and Mrs. Jack Simmons and family of San Angelo; Jack Meadon and family of Snyder; Mrs. Marvin Hancock of Abilene; Virginia Whitman, student at Simmons, Abilene; Mrs. D. S. Gregory of Slaton.

Waiver and Thomas Murchison who have been attending State University at Austin are at home with their parents Judge and Mrs. W. H. Murchison.

List of Entries for Motorcycle Races Exceeds Previous Years

The largest list of entries of any racing meet ever held on the local Fair Track is indicated for the Motorcycle Races to be staged on July Fourth, according to Henry Alexander, president of the Fair Association.

Mr. Alexander states that a number of entries have already been received, with additional ones coming in every day. Requests for entry blanks have been received from a number of states, one rider who sent in his entry from Kansas stating that the Haskell track is known among the motorcycle and automobile racing fraternity as one of the fastest dirt tracks in the South and that the coming event would draw practically all of the fastest riders from adjoining states.

Daily Vacation Bible School Now In Progress

The Daily Vacation Bible School being taught at the Baptist church is a grand success. The school began last Monday and will continue for a period of two weeks. The enrollment at present is one hundred and forty-seven with an out-look of many more enrolling at once. The faculty is composed of fifteen well prepared teachers headed by Mrs. I. N. Simmons as principal.

The character of work done is both educational and entertaining. Each morning the students are assembled for a forty minute chapel service. This service is full of interest and helpful information. Following the chapel services the students march to the four different departments for their class work. Every minute is filled with splendid instruction.

Listen for commencement announcements.
